A Common Paper for Common People

Highway To Brice Canyon Museum Open To Traffic

The new highway route to Brice is now open to traffic all the way and the part of the road which lies inside Donley County has been hard surfaced from the county line back this way to meet the old paving. This leaves approximately three miles on into Brice which is not paved and this stretch of road lies in Hall County.

The all weather road is considered quite an asset to the residents of Brice, Antelope and other surrounding communities as it gives them another good road outlet to the north.

Residents of Clarendon are very proud of the road also as it will give their friends from that section more inducement to come up this way for more frequent visits and the old-timers down that way can come back and renew old acquaintances.

The business men of Clarendon are ready to welcome trade from that area and will do their utmost to treat everyone as they like to be treated. A good cotton market has been built up here with several individual buyers in addition to the Gins.

Another item concerning this road is the notification here of the Highway Department to prepare for the changing of the road number which will do away with the Texas 18 and instead be a continuance of Texas Highway No. 70 which joins 18 at Spur. This will give a direct highway number from the south and cause less conflict for motorists when the entire road is completed.

Bronchos To Play McLean Tigers Friday Night

The Clarendon Bronchos will meet another conference foe Friday night when they journey to McLean to tangle with the McLean Tigers.

This is expected to be another hard game for the Bronchos as the Tigers seem to have gained quite a bit of strength this year. They defeated the Memphis Cyclones three touchdown two weeks ago and last week defeated the Groom team. They are considered along the same bracket with the Lefors Pirates, and the Bronchos will have to do some real hustling if they stay in the game, and since the locals have several crippled up it will be a greater problem to stay up with the Tigers.

Coach McKnight has been putting the boys through another strenuous week, emphasizing more on tackling and blocking and trying new material in backfield positions.

According to the coach there will be quite a bit of switching around in both the line and backfield with Heckman, Bulman, Bradford and LaGrone filling the backfield slots. LaGrone has been showing up very good in practice this week and will probably account for himself very well in the game Friday night. Lowe will probably be back in the starting line-up this week after a three weeks rest as a result of a badly sprained ankle. He will start at a line position due to the injury as there would be more probability of re-injury in the backfield.

The game will be played on the McLean high school field and will start at 8 p. m. A large crowd is expected to follow the team again this week to help boost them up into the winning bracket again. The road across to Jericho is expected to follow the team again this week to help boost them up into the winning bracket again. The road across to Jericho is expected to follow the team again this week to help boost them up into the winning bracket again.

BISHOP QUARTERMAN TO BE AT EPISCOPAL CHURCH SUNDAY, OCTOBER 19

The Rt. Rev. George H. Quarterman, will be the preacher this Sunday, at The Episcopal Church. The service will be Morning Prayer. Everyone is invited to come and hear his message.

Bishop Quarterman was consecrated Bishop on December 3rd of last year, filling a vacancy due to the resigning of The Rt. Rev. Cecil Seaman who most of the people in Clarendon were acquainted with. Anyone interested are asked to attend the 11 a. m. service.

Long Awaited Rain Finally Arrives

That rain that everyone has been waiting for finally arrived Tuesday night, and when it finally got here, it came in a real downpour. The local weather station at the Depot reported 1.71 inches fell here in Clarendon and those living several blocks from the main street could tell that amount fell by the way the streets had washed.

The moisture was certainly welcomed by the wheat growers as it means that they can finally plant their prospective crop for the year 1948. There was still quite a bit of time for them to do their planting but every day that it did not rain, it meant that many less days that they could figure on grazing the wheat and still yet, they may not get very much grazing even after the wheat comes up.

The moisture will slow down the cotton pulling which is in full swing but not for long unless it keeps on raining. The ground was so dry that it quickly sapped up the long awaited moisture. The heaviest fall in the county was reported here in Clarendon with the west side of the county getting the lightest fall and then tapering off again to the east side of the county with Memphis receiving .32 inch.

Even though the cotton farmer did not welcome the rain as far as his cotton crop was concerned, he still appreciated the moisture as it will help prevent his land from blowing and have it in better shape for the coming year.

Broncho Colts To Play Memphis Whirlwinds

The Jr. High Colts have a game scheduled with the Memphis Whirlwinds or little Cyclones here Monday night at 7:30.

The young boys have no idea what will be in store for them in the way of opposition as they have not met the boys from Memphis before. It is expected to be a tough game and the Colts, under the guidance of Raymond Adams, are really preparing for them, and it is expected to be a very close and interesting game.

Tuesday night the Colts and the Lefors Juniors played to a scoreless tie in a downpour of rain, something which is very unusual for this year. It was a hard fought game and the locals showed their ability very well and did very little fumbling with a wet slippery ball.

Their present schedule is: Memphis here Oct. 20th; Memphis here Oct. 27th, and Shamrock here Nov. 4th.

If you haven't seen these young boys play, you have really missed something. Come out for their next game. The admission is 10 and 25 cents.

Canyon Museum Fund Drive Started

CANYON, Oct. 14—All directors of the Panhandle-Plains Historical Society have been mailed a new bulletin by Boone McClure, director of the Museum. The bulletin was written by H. C. Pipkin, Amarillo, chairman of the building committee, which sponsors the campaign for \$50,000 in order to complete the second unit of the museum.

According to information received by Dr. L. F. Sheffy, secretary of the Historical Society, the campaign for funds will get underway in all of the 26 counties of the Panhandle at once. It is hoped that funds will be raised rapidly, and that the bulk of the money will be in by Dec. 1.

The campaign will be open to every citizen of Donley county. While many citizens have made contributions in the past, this drive is for additional money in order that the second unit of the building may be completed. Harold D. Bugbee, J. C. Estlack, W. H. Patrick and Ralph Porter are members of the Board of Directors and will receive contributions in Clarendon.

When the second unit of the museum is ready for use, it will mark the completion of a project that was begun in 1932, when the museum was first erected. This unit of the museum is enclosed but no work has been done to complete the finishing on the inside. Plastering, floors, installation of lights and heat are needed to complete the unit.

During the summer months attendance soared to an all time high, with 5,113 persons visiting in July and 6,336 in August. This brought the total of visitors since the museum opened to 480,160. The total for the year is 35,000.

UNITED COUNCIL OF CHURCH WOMEN START DRIVE FOR FOREIGN RELIEF

The United Council of Church Women has begun its drive for articles of clothing and bedding to be sent abroad for foreign relief.

"We are urging everyone to cooperate with us in this project," stated Mrs. Millard Word, Publicity Chairman. "Please leave your contributions at the Christian Church from Oct. 14 to Nov. 4th or call Mrs. Frank White Sr."

"Your discarded garments may mean protection and comfort to someone less fortunate than you. Let us all make an extra effort to give extra help to the unfortunate."

Father And Son Place High With Hogs at State Fair

Mr. E. S. Ballew and son Jack have certainly let the nation know that Donley county has good Hampshire hogs. These two local registered breeders took nineteen head of their registered hogs to the State Fair of Texas and won ribbons all the way from seventh place to Grand Champion pen of three barrows of the entire show. Every hog that the Ballews took to the show placed in the money. Hogs from all over the United States were shown in competition at this show and it was declared by the State fair of Texas to be the largest and keenest in competition in years.

Jack Ballew showed the three fat barrows that were judged Grand Champion group of three of the entire show. H. M. Breedlove, county agent, stated that the Ballew registered Hampshire hogs are certainly one of the best registered herds in the Nation. This has been proven by the fact that they have shown against the best of them and in many cases came out first.

Mr. Ballew and his son Jack are the type of breeders that are constantly trying to improve the quality of their herd and even though it is one of the best, they still will be improving. These men have done much to bring Donley county to the front in the Registered Hampshire business.

RAIN CAUSES DAMAGE TO WALL AROUND BALL PARK

The heavy rain which fell here Tuesday night caused considerable damage as well as doing much good. The ball park was the place to suffer as approximately 100 feet of the northeast wall caved in due to the heavy moisture. We don't know whether it was the sudden change from dry to wet that caused the damage or whether it was due to a clogged up drainage system. Anyway the moisture seemed to seep under the wall, causing it to crumble.

It was estimated that it would take several hundred dollars to replace the broken wall as the rock will all have to be cleaned of mortar before being replaced and that will take much more time than putting up the wall in the beginning. This is the second time the wall has been destroyed in part. The first time being when the Cyclone struck in 1941 and the entire east wall was destroyed.

Winston Wood was down visiting homefolks over the weekend.

P.-T. A. Hallowe'en Carnival Thursday, October 30th

RECEIVES WORD OF BROTHER'S DEATH

A message was received by Henry Williams, telling of the death of his brother, Albert J. Williams at his home in Vevay, Indiana at 9:30 A. M. Sunday, October 12. A. J. Williams celebrated his 77th birthday quietly October 7th. The family will be remembered by some of the older citizens, they having lived here from the fall of 1904 until January, 1915. He was associated with his brother Henry in the grocery business a few years. They later bought an interest in the Clarendon Mercantile Co.

In 1915 the family moved to Aberdeen, S. D., but after a couple of years there, they moved to Vevay, where Mr. Williams bought a furniture business which he owned until a year ago when he was forced to retire because of failing health. While living here he served on the Board of Stewards of the Methodist Church, also the college board and other civic organizations.

Besides his wife, he is survived by a daughter, Mrs. Chester Collis and one granddaughter, Patsy Collis also of Vevay; one brother, Henry Williams of this city; two sisters, Mrs. Emily Dillehay and Mrs. Luther Puyear, both of Jacksonville, Texas; and a number of nieces and nephews.

BOWLING REVUE

The first and second weeks results in the City Bowling Tournament were as follows with number of points given after each team:

Rundell & Estlack Machinery Co., 4 points; Whitsell Drug, 0; Foxworth Galbraith Lumber Co., 3; Whitlock Barber Shop, 1. Coca Cola Bottling Co., 4; Thompson Bros. Hardware Co., 0.

Palmer Implement Co., 3; Mulkey & Pastime Theatre, 1.

Texas Hi Way Dept., 3; Bryan Clothing Co., 1.

The Foxworth Galbraith Lumber Co. rolled the high total score for the week with 2660 pins and J. B. Melton of this team rolled 191, 204, 212 for the individual high of the week.

Second Week Results

Rundell & Estlack Machinery Co., 3 points; Mulkey & Pastime Theatre, 1. Coca-Cola Bottling Co., 3; Palmer Implement Co., 1.

Bryan Clothing Co., 2; Whitlock Barber Shop, 2.

Texas Hi Way Dept., 4; Foxworth Galbraith Lumber Co., 0. Thompson Bros. Hardware Co., 3; Whitsell Drug, 1.

The Whitlock Barber Shop went on a wild spree and chalked up 2741 pins for the high of the week. Homer Taylor used his shot gun and rolled scores of 217, 242, 205 for this team.

The Thompson Hardware keglers were runners up with 2669 with Geo. Thompson leading his team with scores of 256, 255, 193.

Last but not least of the grand stand players for the week were: Gene Bell with 238, 228, 167; Allen Bryan with 155, 222, 255, and J. B. Melton with 194, 206 and 201.

DORIS' CAFE TO OPEN SATURDAY

Clifford Osburn, owner of the Doris' Cafe, is announcing in this issue of the Leader the opening of the new cafe business this Saturday, October 18th.

The cafe building has been completely remodeled and has all new equipment with plenty of booth space. Mr. Osburn stated. The new cafe is located on the highway five blocks west of main street and will feature plenty of parking space along with the serving of tasty foods of all kinds.

POSTAL RECEIPTS SHOW STEADY INCREASE

A gain of \$118.67 in postal receipts of the Clarendon postoffice was announced this week by postmaster J. C. Estlack for the month of September, as compared with the same month last year. Letter-writing week, October 12th to the 18th, to be observed nationally, will show a decided increase in local postal receipts, it is believed.

With the air mail rate at only five cents an ounce, those who make use of the quicker method of conveying a message by letter by air, is steadily increasing. The extra two cents is but a mere trifle, and the time saved is counted in days.

An air mail letter mailed here for a California destination, will arrive there three days sooner if sent by air mail, Estlack stated. The proportionate saving in time applies to any letter when directed to a postoffice more than 200 miles distant from Clarendon.

Auto Crash Near Hedley Involves Five Vehicles

Five persons were injured, none seriously, in two collisions involving four cars and a truck on US Highway 287 near the bridge just east of the Luttrell farm 2 miles west of Hedley Tuesday night.

Investigating officers of the Highway patrol said the first crash occurred about 9 o'clock when L. T. Lee of Wichita Falls apparently lost control of his car in a blinding rain storm and collided almost head on with an east-bound auto driven by T. F. Ward of Lawton, Okla.

The second crash occurred as highway patrolmen, assisted by Sheriff Guy Wright, worked in the driving rain to flag down traffic until the wrecked cars could be removed. A truck operated by A. Howard Wiener of Dallas collided with a car driven by Dr. Snodgrass of Amarillo and pushed it into another parked car. Patrolmen estimated damage to the five vehicles as approximately \$2,500.

Wiener was filed on here Wednesday and charged with reckless driving as every means was being used to stop oncoming traffic from both ways, Sheriff Wright stated.

PANHANDLE HISTORIAN IS LIONS GUEST

Early Panhandle history soon after the building of the Rock Island railroad in 1903 was the theme of a talk made the Lions at their Tuesday luncheon by Miss Laura V. Hamner of Amarillo. She also made a strong appeal to the men to do something to stop, what she believes to be an impending world-wide conflict.

Miss Hamner is heard over KGNC each Sunday morning, and has been for years. Few ladies, if any, of northwest Texas are better known or have more friends than Miss Hamner.

She and her father published the newspaper at Claude in the 90's. She was county superintendent of schools in Potter county for years, and later had charge of the WPA writer's project for that section.

Miss Hamner is in Clarendon for the purpose of gathering data relative to historical events of Clarendon of the long ago.

Mrs. C. A. "Aunt Gable" Burton was also a guest of the Club. Mrs. Burton had charge of the social side of the Red Cross work here during the war and endeavored herself to hundreds of new friends in addition to those made through the long tenure of residence in Clarendon.

Maybe you have been thinking that the nibbling in your woodwork was caused by mice. You were wrong. That was Malcolm. That creak in the floor after the lights are out was Malcolm, too. Malcolm has also been rattling a few window panes. In fact Malcolm has been very busy for several days now.

Malcolm, if you are among those who do not know, happens to be a gossipy ghost. He likes to keep all his spook and goblin chums and his ghoulish friends informed on things that are happening around town. When he got wind of the P.-T. A. Carnival which is to be held at the Elizabeth Stevens' building Thursday evening, October 30, Malcolm had all his sheets pressed and started making the rounds to arrange a gala get-together of ghosts that pre-Hallowe'en evening.

Malcolm had quite a few enticing items which he used to sell his ghoulish friends on the fun they would have. He told of the games that would be pleasing to young or old, Bingo, grab bags, guessing games, cake walks, even a moving picture show. All this and food, too!

Coronation of the Carnival Queen will climax the evening, Malcolm told his chums. Candidates have been chosen from each grade to compete for this honor.

Incidentally, Malcolm is very democratic. Everyone is invited to share the fun which will start at 6 o'clock Thursday, October 30, at the Elizabeth Stevens building. Proceeds from the Carnival will go to the P.-T. A. nat.

There will be a parade featuring Queen candidates, the High School Band, and floats, on Saturday before Hallowe'en.

T. L. Benedict, Former Citizen Passes Away

T. L. Benedict, 79 years old and a well known former Clarendon citizen, died at his home in Carthage, Missouri, October 11th. Death was due to a heart attack.

Mr. Benedict came to Clarendon in 1907 when he purchased the local telephone exchange and established in a short time one of the finest telephone exchanges in the Panhandle. Prior to that he was superintendent of the telegraph division of the Colorado & Southern Railway.

Born on a farm near Toledo, Ohio July 18, 1868, Mr. Benedict became interested in telegraph and other lines of communication. He worked with the telegraphic division of the Missouri Pacific in St. Louis as a youth, but later entered Cornell University where he was graduated in law with the Cornell University class of 1886. While a student at Cornell, Benedict established a very high scholastic rating and at graduation was awarded an honorary life scholarship. He was a founding member of the Delta Chi national law fraternity.

T. L. Benedict was a leader in lodge, church and social activities in this city for 20 years. He was interested in the city schools and educated his family in the high school and college, and contributed much to the moral support of the community. He was a member of the Masonic Lodge, the Methodist Church; other orders of distinction including a membership in the organization of the Telephone Pioneers of America.

He is survived by his widow, two daughters, Miss Myrtle Benedict, member of the Press News, Carthage, Mo.; Mrs. R. Lee Hunter of Ponca City and a son, William Russell Benedict, also of Carthage, Mo.

Mrs. John Gordon visited with Cleta Fern and Mrs. Hunt Mon.

BUBBLE GUM CONTEST at the State Fair of Texas waxed hot as Jo Ann Smith comes close to the championship title, cheered on by a well-wisher. A total of 23,249 youngsters and their adult escorts visited the Fair on a single day last week. Attendance at the "world's biggest fair" promises to hit an all-time high by closing date, October 19.

GOVERNOR LEE KNOUS OF COLORADO MAY RUN AS MATE WITH PRES. TRUMAN

Rep. J. Blake Timmons of Amarillo seems to have started something when he suggested that Gov. Wm. Lee Knous of Colorado would be a good running-mate for President Truman on an all-Western Democratic ticket for 1948.

Timmons' suggestion was made public in Denver by Gov. Knous' secretary—and the boom was immediately endorsed by Colorado's lone Democratic U. S. Senator, Edwin C. Johnson.

The Panhandle legislator proposed Gov. Knous on the theory

that the Democrats will need strong Western as well as Southern support to defeat the northeastern Republicans, Taft or Dewey. He pointed out that the Colorado Democrat has an enviable record as a progressive governor since his election in a normally Republican state in 1946, when Republicans swept the country including Colorado with a light off-election year vote.

Timmons adds that the South

and West may well rally behind the Democrats in upholding the fight of Georgia's ex-Gov. Arnall and the U. S. Supreme Court in the decision to out-law freight rate discrimination favoring the Northeast. Northeastern Republicans tried to legislate around the court's antitrust ruling at the recent session of congress.

Gov. Knous' rise on the political horizon has been steady. He was Mayor of Montrose near the

Utah border, State Representative, State Senator and then President pro tem when the Democrats took Colorado over after the long Hoover drought. He served 10 years as a Colorado Supreme Court justice before becoming Governor.

Mrs. Lewis Underdown, Lois Underdown and Joyce Smith were in Amarillo Monday shopping.

Mystery of the Missing Farms

Yep, the number of farms in America is shrinking (by a quarter-million in the last five years!). What's happened to the missing farms? The land has been taken in by other farms, increasing the average size by twenty acres!

Does this growth mean farming's no longer a family enterprise? Just the opposite! More families own farms today than ever—only with labor-saving equipment they can handle more land, more work.

That's as it should be. The family farm is a fortress of democracy—

where our free, American life is secure. Where every member cooperates and shares the work... living together in temperance and tolerance—temperance that prefers a moderate beverage like beer, and tolerance for a taste that may be different from one's own.

From where I sit, our Family Farms (and they're 96% of all farms) are something that this country can be proud of!

It's to your interest to know about this proposed feather-bedding!

For sheer feather-bedding, this mock work proposal takes the cake. But it is only one of 44 "rules" demands filed by the leaders of the operating unions. If all these demands were granted, they would cost the railroads an added BILLION DOLLARS A YEAR.

Increased Wages, Too
On top of these "rules" changes, the leaders of the operating unions have filed an additional demand for a wage increase of over 30 per cent. If granted, this would be an added cost to the railroads of \$400,000,000 a year.

\$468,000,000 To Non-Operating Employees
In addition to this, an Arbitration Board has just granted a wage increase of 15 1/2 cents an hour to the million employees represented by the 17 non-operating unions. This will cost the railroads \$468,000,000 a year.

Where Will The Money Come From?
Where will all the money come from to pay these increases? They total several times as much as the railroads made in 1946 or will make in 1947.

In July, the railroads filed an application for increased freight rates to close the gap which then existed between wage and material costs, and railroad revenues. Since then it has been necessary, because of further increases in wages and material costs, to supplement that petition and to ask for an additional freight rate increase. No other course is open.

Railroads Do Not Run For Employees Alone
Railroads are operated for the benefit of not one, but several groups—shippers, passengers, employes, stockholders, and the general public. The interest of all must be served—and that cannot be done unless the railroads can operate efficiently and economically, and unless they are allowed to earn sufficient revenue to provide the kind of transportation service this country MUST HAVE.

Annual Stockholders Meeting Of Donley County National Farm Loan Association

The Annual Stockholders meeting of The Donley County National Farm Loan Association was held at the Mulkey Theatre in Clarendon on Wednesday, October 8th, according to an announcement by Rayburn L. Smith, Secretary-Treasurer of the organization.

Refreshments were served to members and visitors in the lobby by Mrs. Emma A. Powell, Mrs. H. M. Breedlove and Mrs. Rayburn L. Smith.

Stockholders in attendance received a dividend check in the amount of 5% of their capital stock. Other members not present will receive their check by mail within the next few days. This payment brings the total of dividends paid this year to 10%; which, in effect, reduces the average cost of money to Federal Land Bank borrowers to only 3 43/100%.

County Agent, H. M. Breedlove made an interesting talk on the relation of land ownership and soil conservation. He mentioned progress being made in the county through use of sprays for the eradication of noxious weeds and grasses, also some good results obtained by livestock men from

spraying against flies. His talk was timely and was appreciated by all in attendance.

Mr. C. B. Morris and Mr. W. H. Moss were elected to serve as directors for a term of three years. Mr. Morris was re-elected, having been a valuable member of the board for a number of years. Mr. Moss, the newly elected director, lives in Hedley community and replaces Mr. J. B. Masterson. Mr. Masterson asked to be relieved from further service. He was a director of the old Hedley N.F.L.A. for many years and when the two associations, Clarendon and Hedley, were consolidated in 1943 he was elected to serve on the common board of the new Donley County N.F.L.A. For the past two years he has been president and can be given credit for much of the fine accomplishments during these years.

Other members of the board of directors are Alva T. Simmons, F. J. Hommel and Van S. Knox. These gentlemen will always be found anxious to explain the advantages of this farmer-rancher owned source of credit for purchasing and improving land and carrying on agricultural projects.

Mr. and Mrs. J. R. Thomas Jr. and daughter Jolene visited her parents in Amarillo over the weekend.

MIDWAY

Mrs. John Goldston

Mr. and Mrs. Clarence Davis went to Amarillo Friday and purchased a new car, a Chevrolet Club Coupe.

Mr. and Mrs. Bill Moreland were Sunday guests in the Loyd Moreland home.

Mrs. Harley Longan and son returned Friday from Dallas where they had been visiting her parents.

Mrs. Edith Longan spent Saturday night with Mrs. Potter in Clarendon. They accompanied Miss Margery Harlan to Hedley Sat. night to hear the Stamps quartet sing.

Mrs. Dora Franklin from Tenn. who is visiting her niece at Groom visited with Mrs. Edith Longan Thursday. Mrs. Franklin lived in Midway 20 years ago. She was surprised at the progress of Clarendon during the 20 years.

Mrs. LeRoy Luttrell went back to Claremore Sat. to be with her father who is ill.

Mrs. Edwin Eanes has returned to her home at San Antonio after a visit in the home of her parents, Mr. and Mrs. W. M. Pickering. Mr. Eanes flew up from San Antonio and they drove a new car back, purchasing it here.

Mrs. Loyd Moreland visited with Mrs. Nelson Riley Thursday. Mrs. Riley has been ill for some time but is up now.

Mrs. Thomas, Mrs. Judge Williams, Mrs. Edith Longan and Mrs. John Goldston visited with Mrs. Will Chamberlain Wednesday afternoon and helped finish a quilt. Mrs. Chamberlain served delic-

ious refreshments during the afternoon.

Mr. and Mrs. Hawley have sold their dairy to Wayne Morrow of Martin.

Mrs. Sam Lowe and Mrs. Roy Bartlett of Clarendon visited with

Mrs. Marvin Jones Tuesday.

Mr. and Mrs. Marvin Jones visited with Mr. and Mrs. W. K. Hardin Sunday afternoon.

John Just was in Amarillo on business Monday.

NOW -make a date to OIL-PLATE!

It's a lot easier to feel friendly toward a car with an OIL-PLATED engine.

So why not drive in today; let us drain out worn and dirty summer oil and change to fresh Conoco N# winter oil!

Conoco N# Motor Oil (patented) includes an added ingredient which fastens an extra film of lubricant so closely to metal surfaces that cylinder walls are actually OIL-PLATED!

This extra OIL-PLATING resists gravity... won't all drain down even overnight! So, you're extra-protected from metal-etching, combustion acids... from "dry-friction" starts... from carbon and sludge due to wear!

For extra power, extra protection when you're first starting up, or when you're running hot... make a date to OIL-PLATE your engine today!

LIBRARY NOTES

By Mrs. C. A. Burton

National Bible Week will be observed October 20-26, 1947.

A Rare Book Room with a specially trained administrative staff and a capacity of 30,000 volumes has been opened in the University of Pennsylvania Library in Philadelphia.

A member of the Italian Parliament recently charged that Columbus, by discovery America, had deflected the axis of world trade from Mediterranean countries to the West.

Five regional library meetings will be held in Texas during October and November. The Panhandle group will meet on Saturday, Nov. 15th.

Gladys Schmitt, author of

"David The King," will present a new book soon, "Alexandra." My opinion has not been asked, but I do not like "David the King."

Marcia Davenport, whose "Valley of Decision" was so popular as a book and a movie, will soon bring out "East Side, West Side," a provocative novel of postwar New York.

I think Hervey Allan will always be "Anthony Adverse" to me, but he has written a popular historical series, beginning with "The Forest and the Fort." His new book, soon to be published is "The City in the Dawn," to be published in March, 1948, and concerns the beginning of city life in America.

The late General Patton's Memoirs will be published in the late fall or early spring, but coming soon is Col. Robert S. Allen's "Lucky Forward," the hard hit-

ting history of Patton's Third Army.

Somerset Maugham is the author of 25 novels, 20 plays and innumerable short stories. His latest book, "Creatures of Circumstance," is a current best seller, but Maugham has announced that he is ready to call it a day after half a century of work, and he has retired to his Riviera villa at Cap Forrat in Italy. He is tired of what he has written—did not even recognize a part "Of Human Bondage" when it was read to him and advises young people not to write unless they have some other source of income. Funny from Maugham, isn't it?

The Congressional Library Bulletin mentions the fact that recent visitors to the library were Dr. A. Sanhoury Pasha, Egypt's Minister of Education, and Dr. Helena Wieckowska, Director of the Department of Printed Books of the National Library of Poland. Many distinguished librarians from many countries were in attendance at the A.L.A. at San Francisco.

After a cursade of many years, our neighbor, Shamrock, has adequate library space. A citizen has offered the Library Board a building at nominal rent which the City Council has agreed to pay. The library has been moved from its crowded space in the City Hall.

Cornelia Otis Skinner has been reappointed March of Dimes chairman of Women's activities for 1948. At present she is touring as the star of "Lady Windemere's Fan." She is not only an author but an actress, a monologist and radio star.

Our two new books this week are a gift from the Book Club—"High Time" and "Suds In Your

Eye", by Mary Laswell—both humorous—and our purchase is "Years of the Locust", the \$10,000 prize novel by Loula Grace Ardman, teacher of creative writing at W.T.S.C. at Canyon.

James Hilton, author of the book which was so enjoyed on the screen, "Random Harvest," and later "So Well Remembered" has another book coming out this month, "Nothing So Strange." It is a Literary Guild selection. Hilton's character interpretation makes him most unusual.

John Dos Passos is still in England.

Lin Yutang has completed "The Gay Genius"—his first try at biography, and Pearl Buck is completing a book of short stories.

AMARILLO CHALKS UP 726 CRIMINAL ARRESTS

Report on activities of the Amarillo Police department for September show that 2,436 calls were made, with 726 criminal arrests.

Included in this number were 37 offenders for gaming, 452

drunks, 31 holdovers for the health department, 142 vagrants, 11 for thefts, 5 for assaults, 5 for burglary, 3 for indecent exposure, 1 for abusive language, 2 for destroying property, 1 for murder, 3 for carrying concealed weapons and 1 for hot checking.

Total amount of fines collected was \$10,701 for 1,295 criminal and traffic cases. Fines collected on 437 criminal cases amounted to \$7,015 and for 858 traffic cases, \$3,686.

Traffic violations for the month included 88 speeding, 64 reckless driving, 23 running signal lights and 54 running stop signs, no state drivers license 47, improper

brakes 5, leaving scene of accident 5, and overtime parking issued by officers.

SERVEL HOLDS A BUSHEL OF FROZEN FOODS

Every meal will be more exciting—when you have one of the new 1947 Servel Gas Refrigerators. For its big clear-across Frozen Food Locker holds a bushel of frozen foods—to provide you such out-of-season delicacies as strawberries, asparagus, spring chickens, all year round.

For fresh foods, the new Servel has both moist-cold and dry-cold protection. Two dew-action fresheners actually crisp up garden vegetables, keep fruits fresh and appetizing.

And the big Servel meat keeper protects meat tenderness for days. Shelves give extra roomness because they adjust to eleven different positions.

Famous for silence, the Servel Gas Refrigerator is the only refrigerator with no moving parts in its freezing system. Instead, a tiny gas flame does the work. More than two million happy owners have proved Servel stays silent, lasts longer. Come see the new Servels on display today.

... to build a better land

Ask almost any Texas farmer. He'll tell you his planning and plowing, his crop rotation and cultivation, are all designed to maintain productivity, to build a better land.

Yes, Texas farmers are natural conservationists. They conserve the soil, just as every Texas citizen, in one way or another, helps to conserve our land, our resources, our heritage of free enterprise.

United Gas has worked for years to conserve the state's natural gas resources. Like the farmer's soil, or the

physician's skill, natural gas is of little value to anyone unless it can be used. United is making it available for use by constructing pipe lines to link wells with homes, businesses and industries throughout the area it serves. In this way, United is making a valuable, marketable commodity of gas that might otherwise remain worthless in the ground. That is practical conservation, for it gives value to this finest of fuels, stimulates industrial development, creates jobs, and benefits all the families in Texas.

It's the finish that counts. The dessert is remembered long after the soup is forgotten.

HELPING HIM ALONG.
A ministerial friend tells this one:

A little boy late, and hurrying to Sunday school, kept saying: "Please God, don't let me be late." Suddenly he stumbled and fell. He got up, dusted himself off and muttered: "Alright, you

needn't shove me!"

HUDGINS
Mrs. S. M. Harp

There was the usual crowd out for Sunday school and church. Bro. Issack of Lubbock preached both morning and night services.

Mr. and Mrs. Iran Stout and Mr. and Mrs. Dan Tims of the South Plains spent part of this week in this community.

Mr. and Mrs. Carl Barker left the first of the week for a visit with their daughter, Mr. and Mrs. Dick Noble of Shreveport, La.

Mr. and Mrs. O. D. Meador of Hedley spent Sunday with Mr. and Mrs. Leon Foster and family. There were only a few for the quilting Wednesday with Mrs. Ben Talley. The ladies present were Mrs. John Perdue, Mrs. Geo. Self, Mrs. Koontz, and Mrs. Talley.

Those to visit in the L. C. Tims home Friday were Mr. and Mrs. Oran Stout, Mr. and Mrs. Dan Tims, Mr. and Mrs. D. B. Perdue, Aunt Lucy Tims of Hedley, Mr. and Mrs. John Perdue, Nell and

Jerry, Imogene Elliott and Mr. and Mrs. Dane Perdue.

Mr. and Mrs. Koontz and girls spent Sunday with his sister, Mr. and Mrs. Reynolds.

Mr. and Mrs. D. B. Perdue spent Friday night in Amarillo.

SKYLINE TIDINGS
By DODO (the flightless bird)

My muscles are sore—my bones are stiff—all from riding the infamous road from Clarendon to the airport to secure this week's news.

Come one — Come all — who which to fly! Frank Cazier, the District Inspector for the CAA, arrived Monday and gave approval for the Commercial and Flight Instructor's School.

Mr. and Mrs. Willard Knox finally completed their trip to Borger Monday. They tried to go Friday but were forced to return because of rain.

The heavens have opened again to Max Rampy and Johnny Ryan who have resumed flying under the G. I. Bill.

Another young man who at present is walking - ? floating - ? flying - ? (at least one of these) on air, is Bobby Tom Parker who flew his plane all alone Monday morning.

The Clarendon A&E Service had a charter trip Thursday from Shamrock to Friona, and another one Friday night from Clarendon to Wichita Falls.

Sunday was a busy day—Planes were buzzing around like bees and hearts were thrilling and tingling as youths like Kay Schollenbarger took their first plane flight. And weaving in and out among the local traffic were planes dropping in from cross country flights to visit or just gas up - -

Never a dull moment at the airport! And especially will this be true since the Range Station opens Monday. That will mean that more and more planes will be aware that Clarendon has an airport capable of giving weather information and radio aids.

MARTIN
By Mrs. J. H. Helton

There was a nice crowd out for Sunday School and Church Sunday. Mr. and Mrs. Ben Kyser and Mr. and Mrs. J. E. Hollingsworth attended the Texas Oklahoma singing convention at Quanah and visited relatives in Childress Sunday.

Mr. and Mrs. Fred Helton and girls Linda Kay and Corolyn visited in the J. H. Helton home Sunday. Mr. Walter Morrow put in a new Butain system last Thursday.

We were glad to have Mrs. Crawford back to Sunday School Sunday. Mr. and Mrs. Lavell Phillips and boys visited Friday night until bed time in the J. H. Helton home.

Mr. and Mrs. Burdett Hill visited her parents Mr. and Mrs. Charley Hearn.

Thoes to attend the stork and Bridal shower for Mrs. Geraldine Jordan Norton in the home of Mrs. George Bulman last Friday afternoon were Mrs. Lois Sibley, Barker, Marshall, Christie, Shadle, Hill, Stevenson, Williams, Higgins, Juanel Stevenson, Helton, Waldrop, Land, Jordan, Barbee, Miss Della Wood and Mrs. Welda Fay Gray, Mrs. Gibbs, Mrs. Sibley, Thomas, and Woods of Clarendon. Mrs. Sam Cook, Robertson and Marthe Robertson of Pampa, the honoree and hostess Mrs. Norton and Mrs. Bulman. Thoes sending gifts were Mrs. Buck Roberts and Jovela, Miss Hazel Bingham, Buth Ritcherson, Lucille

Polk, Mary Howern, Martha Reade, Mrs. Goodner, Davis, Mrs. Walter Morrow, Mrs. Wayne Morrow, Minnie Cannon, Gracie Crofford, Mrs. Rampy. Delicious refreshments of cake and cocoa were served by the hos.es.

PATHFINDER CLUB

Mesdames Lee Holland, Fred Buntin, Paul Shelton, Oscar Thomas and R. Y. King were hostesses to members of the Pathfinder Club and their guests, Friday, October 10th at 4:00 o'clock, at the Methodist Church.

Mrs. C. B. Morris reviewed the book, "Hope of Earth" by Margaret Lee Runbeck. The story this book presents is one to be ap-

preciated, as well as enjoyed, and Mrs. Morris gave it in a splendid manner.

After the president, Mrs. L. E. Thompson, had called the meeting to order, and the Club Collect had been repeated in unison, Mrs. Millard Word gave a beautiful piano selection, "Liebesleid"—Kreisler.

Floor baskets and vases of dahlias were placed at vantage

points about the room. Center of interest was the lace covered table, centered with a crystal punch bowl around which were placed pink carnations and fern; these carrying out the club colors. Mrs. L. E. Thompson and Mrs. Carl Allmond served punch to approximately 75 members and guests.

OUTSTANDING PAGEANT PRESENTED BY PUPILS AT P. T. A. MEETING

Rev. Hayne spoke on the subject, Knowledge is Power Only when transferred into Personality through Love and Understanding of Teachers and Parents.

Mrs. Geo. Thompson, vice president, conducted the business meeting.

Mrs. Geo. Thompson, vice president, conducted the business meeting.

MISCELLANEOUS SHOWER

A miscellaneous shower was given Saturday, October 4th, honoring Mrs. Richard Maxey, in the home of Mrs. Bert Smith Sr., with Mrs. W. D. Kidd, Mrs. A. W. Simpson, Mrs. V. L. Smith and Mrs. G. C. Heath as co-hostesses.

The rooms were decorated with flowers in the bride's chosen colors of pink and white. The table was lovely with lace cloth and large mirror base for the punch bowl banked with carnations and fern.

Many friends called during the afternoon and many more sent gifts.

Mrs. Basil Smith presided at the bride's book. Misses Nita Heath and Ira Jean Estlack served punch and pink and white mints to the guests. Arvazene Smith furnished the music throughout the afternoon.

GARDEN CLUB

The Garden Club held its last meeting of the year Tuesday, October 14th at the home of Mrs. U. J. Boston.

During the business session, a motion was made and carried that a concrete bench be made and put in our local park, this being the Garden Club's contribution toward civic beauty.

Mrs. O. C. Watson gave a report on the flowers sent each month to the Veterans Hospital in Amarillo. The club voted to continue sending flowers from our yards as long as they were available.

Mrs. Phelan, as chairman of the nominating committee, gave the following reports for officers for the next year: Vice Pres., Mrs. Lee Holland; Sec-Treas., Mrs. H. T. Warner; Reporter, Mrs. Pete Kunz.

The program was opened by a poem on "October" read by Mrs. Brooks.

Mrs. Kunz, program leader for the afternoon, gave a very interesting report on the Rose Festival held each year in Tyler. A topic on Roses, taken from the Saturday Evening Post was also discussed by Mrs. Kunz.

Mrs. Rolle Brumley discussed "The Log of The Month" from the Sept. and Oct. House Beautiful magazine.

Mrs. Boston, and co-hostess, Mrs. Brooks, served angel pudding and coffee to twenty-four members and two guests.

Mr. and Mrs. J. H. Howze were Amarillo visitors Monday.

BIRTHDAY DINNER

Miss Lou Ella White was honored last Tuesday evening with a surprise birthday in the home of Mr. and Mrs. Earl Myers. After a delicious dinner was served, the honoree was presented with many nice gifts. Games of rummy were enjoyed by the guests.

The guest list included: Mr. and Mrs. J. E. White, Mr. and Mrs. Earl Fox, Mr. and Mrs. Frank Wolford, Mr. and Mrs. Nelson Seago, Mr. and Mrs. Bill Pool, Lester Myers, the honoree Miss White, the hosts, Mr. and Mrs. Earl Myers.

HARMONY CLASS

The Harmony Sunday School Class of the Methodist Church met Thursday afternoon in their regular monthly business and social at the home of Mrs. Barcus Antrobous, Mrs. C. W. Bennett as co-hostess.

Mrs. Antrobous, the president, presided over the business. An interesting devotional was given by Mrs. O. D. Lowry.

Games were played during the social hour. The hostesses served delicious refreshments to 20 members and guests.

CELEBRATES THIRD BIRTHDAY WITH PARTY

Mrs. E. J. McKnight entertained with a birthday party Tuesday, October 14, honoring her son, Joey, on his third birthday, from 3 to 5:30.

The boys and girls played games, indoors and outdoors. Gifts were opened by Joey. The birth-

day cake was lighted and Joey blew out the candles. The Hallowe'en theme was carried out through use of place favors which were Hallowe'en poppers and masks.

A refreshment plate of chicken sandwiches, potato chips, pickles, celery curls, birthday cake, and ice cream was served to: Mrs. Glen Hoggatt, Glynell and Terry; Mrs. Lloyd McCord, Margaret Sue, Mary Louise, and Lloyd Lynn; Mrs. Otho Fitzgerald and Kathryn of Memphis; Mrs. Dick Shelton and Stevie of Memphis; Mrs. Harold Gatlin and Sandra Lee of Lakeview, Mrs. Clyd Barnett and Jo Marie of Lakeview; Mrs. Leon Robertson and Karen Sue of Lakeview; Mrs. J. B. Dur-en and Sharon of Lakeview; Mrs. Herbert Payne and David of Lakeview; and Joey's grandmother, Mrs. O. E. Bevers of Lakeview and aunt, Mrs. C. C. Meacham of Memphis.

Roger Babson Points to Fact That Newspaper Advertising Is Stronger In Selling Power to Radio Programs

By Roger W. Babson

BABSON PARK, Mass., Sept. 4.—A recent survey shows that a majority at the consumers feel that advertising in general, is better than it was five years ago. They also agree that higher sales through advertising can result in lower prices.

From this survey, it seems clear that the public fully believes in displaying the product but often dislikes the way in which it is presented. Over 50 percent think good taste frequently feel it worth their time to listen to radio commercials.

Commercial Overdone
Even a high broadcasting official has admitted that radio broadcasters had permitted "advertising excesses." The radio station which put on over 2,200 "commercials" in one week (of nineteen-hour days) is an unusual example. It shows, however, why a public might well become "fed up" with the trend.

Sometimes consumers distaste is relieved in the purchase of some gadget, such as I read about not too long ago. By pressing one or two buttons on a remote-control switch it will eliminate all sound from your radio for a portion of a minute a minute or thereabouts. Just long enough to avoid the commercial. It is said that more than 900 of these were sold the first week they were on the market!

Public Demands Protection
Sometimes the representatives of the people have to go to work to protect them. Federal Trade Commission decisions are usually upheld by the United States Circuit Court of Appeals to protect the public from products and services which are not what they seem from advertising.

Some people think that the Federal Communications Commission should become active in improving the quality of radio programs. Others feel that a product's radio commercial might be changed for the better by sort of boycott on refusal to buy on the part of large women's clubs or organized groups of businesswomen. Unpleasant publicity from a group representing the largest buyers of home commodities might bring drastic action.

Newspaper Superior
I am not an expert on advertising but I do know something about statistics. My studies lead me to believe that the pulling power of radio advertising is overestimated. Personally, I had rather invest in the stock of almost any newspaper than in the stock of most broadcasting companies. Naturally, I would prefer a company which both owned a good newspaper and a good broadcasting station.

Weekly Pulling Power

A newspaper advertisement is available all of several days to the family reader. On the other hand, the radio "spot" must be caught on the fly at a certain station or be lost forever. In order to compare the amount of time available to the public in the two fields we might take as example a weekly newspaper with a circulation of 5,000. Multiply the number of minutes which the advertising is available to its readers (say ten hours a day for a seven day week) by the 5,000 circulation and you get 21,000,000 minutes. Along the same line of reasoning, a one minute radio commercial would need to have a possible audience of 21,000,000 persons to equal the pulling power of the little weekly of only 5,000 circulation. Yet a good-size radio network may claim no more than a maximum potential listening audience of 10,000,000.

Visual teaching is more effective than auditory. At least, this seems to me a movie industry claim. Newspapers have the visual appeal. They are especially good for presenting "name" trademark products. One suggestion I would make is that advertisers use larger type and fewer words.

For the last three months a "buyers' market" has been developing. More advertising and better advertising again are becoming necessary to interest the customer. But when a United States population increase amounting to more than nine million since 1940, business also has an enormous new market to sell. It should be able to meet the challenge of good old American competition with bounce and with pleasure provided the newspaper, both large and small are fully utilized.

Thirty lots of consumers goods will go on the high bid block October 20, 21 and 22 at the Grand Prairie War Assets Administration's sales warehouse. Metal materials such as aluminum and magnesium coils, tubing and sheeting will comprise a good share of the offering. Also included will be warehouse trailers, hand tools, auto parts and miscellaneous construction equipment. Goods will be open to public inspection and bidding from 9 a. m. to 4 p. m. October 20 and 21, and until noon October 22. Announcement of awards will begin at one p. m. October 22.

WEEKLY SWING OF SOUTHWEST FARM MARKETS

Spots of strength and weakness checked southwest farm markets last week in very uneven trends, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Wheat and oats registered rather sharp advances for the week. Corn hardly recovered early losses as continued favorable weather aided crop prospects. Sorghums fluctuated widely but closed Friday unchanged from a week earlier, at around \$3.45 per hundredweight. Wheat stood at \$3.02 1/2 per bushel, base grade. Slight advances in rough rice prices reflected more active foreign demand for milled rice. Millfeeds and oilseed meals declined during the week, as most other feeds gained. Hay moved more freely at slightly higher prices for good quality. Peanuts found slow demand, as harvesting became more general. Fine Texas wool was getting scarce, but average staple 1946 lots sold at \$1.18 to \$1.20 clean basis. Spot cotton sales increase during the week, as harvesting went forward at full pace. Prices scored net advances of \$2 to \$3 per bale.

KNOXVILLE, TENNESSEE

Edge continued to sell at firm prices last week, while poultry showed slight weakness at some places. Most heavy hens brought 22 to 24 cent per pound at Fort Worth, 28 at Dallas, 22 to 26 at Deser, and 31 to 33 at New Orleans. Fort Worth and Dallas paid around 55 cents per dozen for best candled eggs, and New Orleans gave 56 for No. 3 Extras. Denver took best current receipts at 43 to 47.

Cauliflower wakened at Colorado shipping points during the period, but potatoes and onions sold steady to firm. Some fall vegetables gained strength as frost season drew near. Cabbage, carrots, cucumbers and onions sold higher at St. Louis and Kansas City. Many products took on a firmer tone at Fort Worth. Demand slackened for sweet potatoes, but prices changed little in Louisiana.

Cattle varied some during the week but closed mostly steady to strong, with Texas cows and calves the principal exceptions. Medium and good cows sold generally from \$14 to \$16 at Texas markets, where common and medium kinds ranged largely from \$12 to \$14, and canners and cutters from \$8.50 to \$11. Other southwest terminals paid around

\$13.50 to \$18 for common to good cows. Canner and cutter cows brought \$9.20 to \$12.50 at Oklahoma City and Wichita, and \$11 to \$13.50 at Denver.

Slight daily ups and downs left hog prices largely steady to 50 cents higher for the week. San Antonio set a new all time high of \$28.50 but closed a little below the peak. Closing top prices on butcher hogs ranged from \$29 to \$29.50 at other southwest markets. Sows brought mostly \$25 to \$27, and pigs \$20 to \$26.

Slaughter lambs suffered losses of 50 cents to \$1 at most southwest terminals, but San Antonio remained steady to strong. Other classes held mostly steady. Medium and good fat lambs brought \$18.50 to \$19 at San Antonio, and \$18.50 to \$20 at Fort Worth. Good and choice kinds sold around \$21 to \$22.50 elsewhere.

Mr. and Mrs. Leck Goldston left Friday for a weeks visit with her mother, Mrs. Clark Webb at Kaufman, also visited the Fair at Dallas.

Mr. and Mrs. Ralph Decker and daughter visited her sister, Mrs. Scoggins at Claude Sunday.

Mr. and Mrs. C. Huffman, her niece, Mrs. Chas. Anderson and Mrs. Bert Smith and daughter Harlene attended the football game at Canyon Saturday. They were joined by their son Colie from ElPaso for a visit.

Mrs. V. Littlefield visited with Mrs. J. E. Hunt and Clea Fern Phillips Thursday evening.

Mr. and Mrs. J. E. Hunt and Clea Fern went to the Bugbee home Sunday afternoon and viewed the many beautiful paintings and relics of Harold Bugbee.

Mr. and Mrs. Joe Humphrey and children and Mr. and Mrs. Joe Lee Humphrey of Borger visited the weekend with relatives.

Walter Bownds from Lakeview visited his sister, Mrs. H. B. Hill Monday.

Mrs. Roy Crutchfield and daughters Joyce and Peggy were in Amarillo for dental work Sat.

If the cost of electricity had increased the same as the cost of living, your electric service bill would be almost twice what it is today.

Actually, the average price of a kilowatt hour of electric service to residential users is down 32.6 per cent since 1933.

A wife owes her husband the responsibility of maintaining a home, even when she is taken out of life's picture.

First Lady

YES, SIR, in Mother's language she's the "first lady." And Mother had her in mind, as well as Dad, that day she took out a Southwestern Life Insurance policy on her own life. Mother calls it "Wife Insurance;" it's her plan to make sure that Dad won't be head-over-heels in debt, if she should be taken away.

You see, she knows about wives who suffered lingering illnesses, and incurred big medical, and hospital, and other bills, and then were taken away. She knows what a struggle the husbands had trying to hold the family together and carry on, because they had no ready cash to pay those bills. She knows about them having to go in debt, and how many, many months it took some of them to get "back on their feet" financially. And since Mother wants Dad to be able to carry on, and to give her little "first lady" all the things they've planned together to give her, Mother has a Southwestern Life Insurance policy on her own life that will give Dad the cash he'd need in such an emergency.

How about *your* wife? Would you have the ready cash to pay the doctor, the hospital, the druggist—to settle all the bills you'd have to settle, if she were called away? Or would you have to "go in debt?" With Southwestern "Wife Insurance," you can avoid the long, tedious, financial set-back that such misfortune brings. You can have the ready cash when you'll need it most. Now, while she is in good health, is the time to put *your* wife's plan in effect. Let's talk it over.

PLOWIN' Out the CORNERS by Uncle Zeb

All these suggestions coming out of Washington has me confused; it seems we should have plenty of hogs on hand the latter part of 1948, and we should talk our old Hens into laying good this winter, but in no case should we feed them any grain. I guess we are just supposed to promise them a good feed next year, but it is a funny thing about animals, they won't deliver the goods unless you feed them right now. (That's the truth Mr. Secretary, and Mr. Director) Now with Voters, that's different. You can promise them something in 1948, or in 1952 even and sometimes they will go along with you. Now I know I want to be patriotic, and I know I don't want the Communists to get us, but honestly Mr. Adviser, I'm caught in the middle, "Between a rock and a hard place," so to speak. My livestock just don't understand.

A Reader writes that "Right now Bradbury" is an Old Time Saying in his locality. How many of you have heard it? My brother-in-law tells me that if he lives to be a hundred he will never forget his Grandmother quoting the old saying to them, "A dog that will bring a bone, will carry one away." As you remember, it is referring to a "gossiper," and it is surely true.

Lived by a man one time that was supposed to be a little on the "Tight" side. Anyway, one day his daughter told him that in as much as she was about old enough for the boys to begin calling on Sunday, she needed a new dress and coat, shoes and hat, etc. He gave her a Ten Dollar bill and told her that was the least he had and for her to just bring him back the change. I don't know how many clothes she bought in those days for Ten dollars, but if she was to come out today dressed in what she could buy for that amount of money, she would be arrested.

At the ball game, the other night, a young fellow was selling sandwiches and pop; I overheard him tell a customer, "I'm not so much interested in keeping your friendship, as I am in getting your money." Of course, the customer was another student and they were only kidding, but I couldn't help thinking that may be because of the way us grown-ups treat each other sometimes it had caused him to think of such a frank statement. Anyway, I couldn't get it off of my mind.

Mama is always trying to get me to clean up the yard; telling me "Reckon what the neighbors will think." Sometimes I think it would be easier to get the neighbors together and agree not to think about each others yard.

I sure enjoyed all the nice letters the Editor of the Farmer-Stockman received about our "Column," and I wish I deserved all the nice things some of you had to say. Anyway, thanks.

Rockets Defeat Broncs, 34-0

A crippled and half-strength Broncho team received their second defeat of the season last Friday night by the Wellington Sky-rockets at Wellington.

The Bronchos were outclassed from start to finish as the Wellington team was at its peak and had plenty of reserves who played at different times throughout the game whereas the Broncs started the game with only half their first string in the line-up and did mighty well to hold their own as well as they did.

The Rocket eleven are to be complimented on their blocking ability and their running attack. It showed that every boy had had several years of training in order to handle themselves so well. Wellington scored five touchdowns during the game with three coming in the first half and the Broncs slowing them down to two in the last half.

The Bronchos were never in scoring position at any time throughout the game and only made one first down in the game. It looked as though the Clarendon boys were not doing their best but whether they were or not can partially be explained by the opposition, for a weaker team can look pretty bad when they run up against a good team.

Bulman did a fine job of tackling all through the game as the line let the runners get clear through the line. Goats Christie came up with some fine tackles and Jordan seemed to be vacationing from his usual heads-up playing as did some of the other boys in the line.

A large number of Clarendon fans made the trip to let the boys

know they were behind them and a number seem to think that someone was let down.

Borer Trouble?

Here's your regular horticultural tip from H. M. Breedlove, Extension County Agent for Donley County - - and this time he's talking about an insect that eats Texas fruit growers out of plenty of dollars every year. The borer is the insect, and what it takes to kill it, is really a mouthful - - paradichlorobenzene or ethlene dichloride.

November treatment for the borer will kill him out before the real damage is done, says Breedlove. First you'll want to check to see if you've got borer trouble—and this consists of taking a look at two or three pieces of wax which comes out of the tree down near the ground line. If tiny sawdust particles are mixed in the wax, you can start treating, because you've got borers.

To apply the paradichlorobenzene, you first want to take a hoe and pull the soil back from the tree, down to the crown of the root system. Scrape off all gum and loose bark. Then pull your soil back up around the tree, to a height of about six to eight inches and smooth off the top of the mound. Then apply your material—one ounce of paradichlorobenzene for a tree that's over three years of age. Pour it in a circle, about two or three inches from the tree. Don't let it contact the tree or burning may occur. Then cover the material with a half-inch of soil and the job is done.

If you use the other material—ethylene dichloride—you can pour it around the body of the tree without preparing a mound of soil to hold the gas. The usual treatment is from one-half to one pint of the material per tree, depending on the age and size of each.

Both of these materials can ordinarily be bought at your local drug or seed store. At a cost of a few cents a tree, borer damage can be eliminated.

STUDENT OLD COLLEGE DIES RECENTLY

John W. Callaway, former student and graduate of old Clarendon College in the early 20's, died September 19th in St. Francis hospital in Pearl Harbor.

He had been connected with a civil service board there for the past four years.

He was formerly county superintendent of Clay County schools several years, and later taught in the Henrietta schools.

His parents, Mr. and Mrs. Lawrence W. Callaway reside at 2114 Broad Street, Wichita Falls.

Surviving are the widow and three sons and a daughter.

Funeral services and interment will be held at Wichita Falls upon arrival of the body this week.

DR. LOWELL TO ATTEND MEETING IN CALIF.

Dr. Keith S. Lowell is due to leave by plane Saturday afternoon for Los Angeles, California where he will be an official delegate at the 1947 annual convention of American Osteopathic Surgeons to be held in that city, October 20th thru the 24th. Dr. Lowell plans to return home around the 23rd.

Weekend guests of Rev. and Mrs. W. E. Hamilton were his sisters, Mrs. E. M. Stroud from Ordway, Colo., Mrs. J. S. Anglin from Pueblo, Colo., and Mr. and Mrs. W. H. Stroud, and their sons Mr. and Mrs. Robert Hamilton and two children and Dalton Hamilton and Mr. and Mrs. B. M. Kuse, all from Lubbock.

Ruby Lee Morrison of Amarillo spent the weekend visiting her father, Lee Morrison.

Mr. and Mrs. Elmer Hayes and daughter Leona visited with their son and wife, Mr. and Mrs. Joe Hayes at Ft. Worth and their son Jack and wife and children at Duncanville until Monday when they returned home. Mrs. Hayes sister, Mrs. J. P. Dawson of Dallas accompanied her home for a weeks visit.

Mr. and Mrs. D. C. Herrington of Childress visited Sunday with his cousin, Miss Lee Patton.
