Council Organized To Boost Athletics Here

Some thirty men who are interested in seeing athletics promoted in Clarendon for citizens of all ages met at the Court House last Thursday night for organization and to launch a program to boost sports in Clarendon and create more interest in same among the general public in this town. For years and years Clarendon has been on a standstill where fun for everybody was concerned. Other towns, and many not too far away from our own, are so far ahead of us in this sort of thing that we should be ashamed. The group that met last Thursday night have become ashamed of the fact and are now organized to do something about it.

However, they merely started the thing. Of course they intend to go on with it, but more and more will be joining the ranks down the line. Already the council has had membership cards printed and are already selling them to business firms and individuals who would like to see the movement become a success and really promote sports and athletics for the pleasure of everybody in town who enjoys any fun at all.

The group that organized the council elected Mike Thornberry as president of the organization. He in turn chose a committee of three, Homer Estlack, O. W. Elliott and Clyde Wilson, to assist him and to work with him in close cooperation with H. T. Burton, R. E. Drennon, and Athletic Coach E. J. McKnight, all three of whom attended the meeting.

This movement, as we shall call it, can be a great thing, and a valuable asset to this community. The council doesn't intend to spend all its efforts toward the enhancement of interest in any one phase of athletics, but has vowed to help build them all—football, basketball, baseball, boxing, track, etc. They are resolved to create a better opportunity for recreational sports and build up local interest in them, and a group of men is at the head of this thing that can do it.

Dodgers Defeat Samnorwood

The Clarendon Dodgers baseball club defeated the Samnorwood team last Sunday by a score of 15-14. As is indicated by the close score, the game was a close one, especially in the last few innings.

The local team states that it is headed for the upper brackets in the Red River Valley league.

Bill Meador pitched a good game and the boys did some good hitting.

There is no game scheduled for this coming Sunday, but Bill Adams is trying to organize a game on our home field for that open date.

Mrs. Deskins Wells Succumbs Monday

Death claimed Mrs. Marian Wells, wife of Publisher Deskins Wells of The Wellington Leader, early Monday morning after a very brief illness. Mrs. Wells, one of the state's outstanding newspaper women, passed away at St. Joseph's Hospital in Wellington at 2:40 a. m. She was 37 years old.

Mrs. Wells became ill Sunday evening while preparing supper. She was rushed to the hospital, and showed improvement at 11 o'clock that same evening, but at 2 o'clock the following morning, her condition became critical, and she died quite suddenly forty minutes later. Acute indigestion was determined as the cause of her death.

Mrs. Wells was a daughter of Mr. and Mrs. Temple Atkins, Sr. of Shamrock. She attended high school in Amarillo and college at Canyon. She was married to Mr. Wells in 1927. She went to work immediately on her husband's paper and became business manager and society editor.

She was active in the civic life of Wellington, serving on many committees. She was a booster for everything that was good for Wellington, Collingsworth County, and the Panhandle. She was a member and worker in the Methodist church, a member of the 1924 Study Club, and many other organizations. She also took an active part in the Panhandle Press Association and the Texas Press Association, of which her husband is secretary.

She is survived by her husband; a daughter, Diane, 14 years old, who was attending a girl's camp at Kerrville at the time of her mother's death; her parents, Mr. and Mrs. Temple Atkins, Sr.; and a brother, Temple Atkins, Jr., all of Shamrock.

Funeral services were conducted at 3:30 o'clock Tuesday afternoon in the First Methodist Church in Wellington. Rev. J. Edmund Kirby of Abilene, former pastor of that church, and Rev. C. C. Armstrong, pastor, officiated.

Burial was in Wellington cemetery.

PRICE CONTROL NEWS

By Peppy Blocker

Until there is a substantial balance between supply and demand it would be utter folly to assume that the abolition of price controls would result in anything short of increased inflation.

Citing men's suits as an example: prior to the war, America consumed 25,000,000 men's suits yearly. Production is not back to that level yet, but at least 40,000,000 are being demanded.

Production of such sought-after items as automobiles, shirts, men's wear, lumber and home appliances could not possibly increase greatly enough to satisfy demand, and therefore, stabilize prices by the end of this year.

Although large quantities of scarce items in the low-price levels will show up on the market this summer, they cannot be expected to go very far in meeting a national unquenchable demand. Nevertheless, there will be a steady increase in production and everyone will see more and more goods for sale on merchants' shelves.

Although the production of most important commodities—except in the reconversion field—is running well above 1941 levels, demand has increased so much since then as a result of much higher incomes and accumulated wartime backlogs, that to remove controls on most of these products now would almost certainly result in sharp and cumulative increases in prices and business costs. It is most difficult to imagine what would happen to the price of most farm products, coal, house furnishings, wool and rayon fabrics, bus and truck tires and most of the basic industrial materials if controls on these products were removed suddenly. To avert the grave consequences and the irreparable harm of inflation here in this country we must hold prices to our present average. Decontrol of items before there is a substantial balance between supply and demand will result only in unprecedented hardships and calamity for millions of wage-earners who will be forced to pay outrageous prices merely to exist.

CATTLE SPRAYING DEMONSTRATION HELD SATURDAY

A cattle spraying demonstration using DDT was held on the Joe McMurtry ranch Saturday, June 8th. One hundred and twenty-eight head of cattle were sprayed in approximately forty minutes. The mixture of DDT was 19 of one percent solution, after being mixed with water. One gallon of DDT mixed with 100 gallons of water should spray 100 head of cattle if the cattle are handled correctly and put thru the spray without delay, stated county agent H. M. Breedlove. This will kill lice and keep horn flies off the cattle from 20 to 30 days before another spraying is necessary.

Mr. Edons was the principal speaker for the demonstration, being a specialist in the handling of DDT. County agent H. M. Breedlove arranged for the demonstration and anyone wishing information on the spraying of cattle can call by his office for additional information.

FISHING TRIP ENDS IN GAY FISH-FRY

A few days ago, Mr. and Mrs. Snooks Andis and children, and Clint Nikle ventured to Lake Brownwood for a good week's fishing. Upon their return home, they reported as having the very best of luck, and brought the fish home to prove it.

When they reached home, they planned a little family fish fry, but it turned out to be quite an affair. By the time the night of June 3rd was turning into a night of the past, twenty-six persons had indulged in those fish.

Those taking part in the feast were Mr. and Mrs. Ben Andis, Mr. and Mrs. Ralph Andis and son Billy Ralph, and Mr. and Mrs. Larry Albright of Amarillo; Mr. and Mrs. J. R. Dougherty came all the way from Denver City; Mr. and Mrs. D. F. Wadsworth of Clarendon; Rev. and Mrs. Bedford Smith and children, Mr. and Mrs. Harry Dodson, Mr. and Mrs. R. P. Wilson, all of Clarendon.

And in winding this thing up, it's only appropriate that we add - "A good time was had by all."

First Car of Wheat Loaded Here Wednesday

The first car load of 1946 wheat grown in Donley county was loaded here Wednesday by the Clarendon Grain Co. and was shipped to the Coffee Davis Grain Co. at Amarillo.

J. F. Blocker, owner of the Clarendon Grain Co., stated that the wheat tested 62 on an average which is considered very good for the first wheat brought in, but the dry hot weather is responsible for the low moisture content which brings the average up.

The wheat that has been cut so far has been averaging between eight and twenty-eight bushels to the acre, and it has been estimated that more than double the acreage harvested in 1945 is being or will be harvested this year.

The car load shipped yesterday contained 90,000 pounds of wheat or 15,000 bushels.

Harvest hands and combines are moving into the county by numbers and also up on the plains just above the cap where some harvesting is in progress this week and will be going full force within a weeks time.

Two special events for the roping clubs of the Panhandle and a bulldogging event have been added to the other regular scheduled events for the annual rodeo and celebration here July 3rd and 4th, according to J. R. Gillham, Rodeo Director.

Two special premiums of \$100 each will be offered the roping clubs of this section. Any roping club entering as many as five men in the regular calf roping event each day will be eligible to receive a \$100 premium to be given to the club whose five entries have the highest average time on their calves. A special premium of \$100 will be given to the roping club whose two designated ropers have the best average time on one calf each at each performance. These calves will be roped in a special event and will not be a regular part of the calf roping event. No entry fee will be charged for these events. Invitations have been mailed to all roping clubs in this entire section. This is the first instance in which a rodeo event has paid special attention to roping clubs and offered special awards for the same.

Calf roping, team tying, bronc and bull riding, a flag or barrel race for women, and several special events will make up the entire program which will be given at each of the four rodeo performances.

Detailed announcements as to officials for the rodeo and special events will be announced next week.

Stricklin - Brooke Wedding Solemnized Monday Evening

A wedding of much interest throughout the state was solemnized here Monday evening at the First Baptist Church when Miss Beverly Gray Stricklin, daughter of Mrs. Calvin Guy Stricklin and the late Dr. Stricklin of this city, became the bride of Mr. Duard Courtney Brooke, son of Mr. and Mrs. Grady Brooke of Lubbock.

The double ring ceremony was read by the Rev. E. D. Landreth before an altar beautifully banked with greenery and a profusion of white flowers. White tapers in wrought iron candelabra lighted the altar and marked the aisle for the wedding party. John A. Koch IV of Greenville, cousin of the bride, and Dickie Kennedy were acolytes.

Preceding the ceremony, Mrs. Simmons Powell gave a group of piano numbers and accompanied Miss Mary Lewis Rothermel of Houston, who sang "The Lord's Prayer" and "Because." Mrs. Powell played the traditional wedding marches.

Miss Edith McCrary was maid of honor. Bridesmaids were Misses Bobbie Barber of Marshall, Virginia Vetrano of Houston, Johnnie Johnson and Cora Lee Muse of this city. They wore identical dresses of white point d'esprit with sweetheart necklines and bouffant skirts and matching gloves. They carried fan shaped bouquets of white stock and delphinium.

The bride's gown was of nylon point d'esprit with the neckline outlined with pearl encrustation in a flower design; her billowing

skirt fell in a short train.

Her veil was made of hand-made Belgian lace with cascades of illusion and formed a long, graceful train. Her coronet was fashioned of the lace. The bride's only ornament was a string of pearls, the gift of the bridegroom. She carried a bouquet of gardenias. Mr. Elery Watson gave the bride in marriage.

Mr. Grady Brooke, Jr., of Lubbock, brother of the groom was best man. Ushers were Clyde Benton Douglas, Jack Ballew, Carroll Brumley of this city, Richard Grady and Godfrey Brooke of Lubbock.

After a reception for members of the family and the wedding party at the Stricklin home, the couple left for Lubbock.

The bride is a member of one of the Panhandle's outstanding pioneer families. She is the granddaughter of Mrs. William Gray and the late Dr. Gray of Clarendon. She graduated from Clarendon High School and attended Hockaday School in Dallas. Mr. Brooke was a lieutenant in the Air Corps until recently and has resumed his studies at Texas Tech.

The bride's traveling suit was a Hattie Carnegie model of sand colored gabardine and brown satin. The jacket of the satin was bound in the gabardine and was made with a rippling peplum. A brown hat, brown lizard shoes and bag and a corsage of Tallisman rosebuds completed her costume.

The couple will reside in Lubbock while Mr. Brooke completes his studies.

Douglas Wadsworth left Wednesday for Clovis, N. M. to visit his sister, Mrs. John B. King.

Mrs. Crofford is a graduate of Clarendon High School. Mr. Crofford graduated from Lelia Lake High School in 1942 and attended Clarendon Junior College until his entrance into the Army, April 24, 1944. He received his discharge April 15, 1946, after serving eighteen months in the European Theater with the 102nd Infantry Division.

The couple will make their home in Clarendon for the time being.

As each guest entered, she signed her name in a register presided over by Miss Shirley Harrell from Claude. The guests enjoyed viewing the numerous and lovely gifts spread in the sun-room, and then passed into the beautifully decorated dining room, where they were served bride's-cake and iced punch by Mrs. Pat Slavin, Miss Jo Word, and Mrs. Bill Weatherly.

LIBRARY NOTES

By Mrs. C. A. Burton

A few books which you will enjoy. These first three are for the smaller people: "The Forgetful Elephant" by Jean Greene—Max was a circus elephant, and one day he forgot—but never again; "The House in the Tree" by Fredrica Shumway Smith is a story in charming verse of everyday things—it is beautifully illustrated and "The Little Fellow" by Marguerite Henry, is a charming horse story, with such lovely pictures of horses, particularly little horses, drawn by Diana Thorne.

The next three are boys' stories. "Career Coach" by Earl Schenck Miers will bring a thrill to every boy who loves football. "The Scrapper at Camp Blazing Rock" by Leland Silliman is bound to appeal to any boy. It is written by a Navy man, who entered his first field and track meet at the advanced age of eight years. "Spike of Swift River"—boys need only be told that it was written by Jack O'Brien, author of the Silver Chief stories. Jack O'Brien was a surveyor for the Byrd Antarctic Expedition, and is one of those soldiers of fortune to whom adventure, hardships, danger, and romance are the spice of life. He has crammed the essence of all these in his books. Two other books, "Sunny Australia," and "Gusta" are for the younger

readers, while "Jess" and "Polly Kent Rides West" will appeal especially to our girls. A new copy of "Lassie Come Home" had become a necessity—it is a story we all love.

Then a few "grown-ups": "Low Man on a Totem Pole" by H. Allen Smith; "Canney Row" by Steinbeck; "A Leaf in a Storm" by the Chinese writer, Lin Yutang. This is the fourth one of his books we have; "Bride in the Solomons" by Osa Johnson is full of the appeal to adventure in all her books. "Ridin' the Rainbow" by Taylor is another good book. W. Somerset Maugham, who re-

cently presented the original manuscript of his novel, "Of Human Bondage" to the Library of Congress, is at work on what he states will be his last book. The seventy-two-year old novelist admits to "being a little tired," after forty-nine years of continuous writing, in which he produced twenty-one novels, twenty-four plays, ninety short stories, six volumes of essays, and one book of autobiography.

Partners?

Partners? Sure, **Pat** and **Bill** are partners! They've been partners since that very first day at the hospital, when **Pat** smiled up from his crib at his big, broad-shouldered dad—and wiggled his toes. Right then was when **Bill** promised himself that he'd see to it that **Pat** had the very best chance in life that **Bill** could provide.

And **Bill** kept his promise. Regardless of the future, **Pat** will get to go through high school—**Pat**, too. More than that—little **Pat** has a "nest-egg" to start in business, or to enter the profession of his choice. And **Bill** has seen to it that nothing can alter those plans for **Pat**, because he's built them all through Southwestern Life Insurance.

What **Bill** has done for little **Pat**, you can do for your son . . . or for your daughter . . . through Southwestern Life Insurance. It's the safe, sound, thrifty way to assure them a chance in the world of tomorrow. Get an outline of the plan today. Its flexibility will please you.
