Donley Red Cross Fund Quota Set at \$2,950 This Year

R. E. Drennan, Donley County Red Cross chapter chairman, announced this morning that Clyde Slavik had accepted the job as Campaign Chairman for the present Red Cross Drive in Donley County and that the drive would get underway as soon as Mr. Slavik gets his committees organized.

The quota for Donley County for this drive is \$2,950.00. This is quite a reduction from last year's quota and should be raised fairly easily by the end of the drive which is April 1st.

"Since there has been a delay in getting started on this drive, everyone is requested to be ready with their donations as early as possible and we can do the job right and on time," stated the chairman.

S 1/c WILLIAM S. WHITE RECEIVES DISCHARGE

S 1/c William S. White, son of Mrs. Geo. Shelton of Pampa and former Clarendon resident, arrived home Feb. 22nd after receiving his discharge from the Navy. He has been in the service nearly three years. He has been visiting here with his grandmother, Mrs. M. M. McCracken.

WINTER FISHING TURNS OUT ONLY FAIR

Returning home the last of the week was Bert Smith, who was accompanied by his sons on a trip to Denver, on through the scenic section over the Great Divide. Much snow was encountered, Mr. Smith states, but the journey was continued as far as Pocatello, Idaho.

Some fish were caught along the route, but not in any great quantity, it was stated.

PRICE CONTROL NEWS

By Peppy Blocker

When you write a check—did you ever stop to think that you're actually writing a part of America's future economic history? If you write that check for something you don't need—or to pay a black market price—you're helping bring on a disastrous inflation - - Because if we have inflation even a check made of good old pre-war rubber wouldn't stretch far enough to meet your bills. But, we Americans aren't interested in checks that bounce—or stretch. We want our checks backed up by good, sound American dollars which will buy the things we want at prices we can afford. So, next time you write a check, ask yourself—"How much would this check be worth if we did away with price controls?" Yes—when you write a check you're writing your own and America's future economic history. Let's make it a bright future and do all we can to keep prices down.

WORLD DAY OF PRAYER

World Day of Prayer is tomorrow (Friday, March 8).

Meeting place - At Methodist Church.

Hours—10:30 to 11:30—1 to 2:30
Theme - "The Things That Make for Our Peace."

The offering taken is to be used for home and foreign work. Foreign—the purchase of Christian literature and support of Union Christian Colleges for women; there are eight such colleges. Home—to provide religious directors for our own American Indians, in their schools, and workers among our migrants and sharecroppers.

Let us help to make this the best World Day of Prayer that the people of America have ever had.

Young Stock Raisers Win Places In Amarillo Fat Stock Show

According to the winnings of past years at the Amarillo Fat Stock Show, the local F.F.A. and 4-H club boys were pushed down the line quite a bit this year.

Although they didn't win any of the grand champions, they made a pretty fair showing and let the people know that the Donley county boys were still in the showing. None of the club calves from here placed in the first 10, but places were scored in the lamb and hog divisions.

In the fat fine wool class, Buster Bain took second and fifth places and Jack Clifford won fourth place.

In the Duroc Jersey heavy-weight pig division, Joe Shadle's pig won fifth and Drew Christie's pig won sixth place in the Light Hampshire division.

In the Cross and All Breeds division, Gene Bulman's pig won first in the lightweight, and Nelson Christie won fifth. Gene Bulman also won second place in the best pens of three.

COMBEST RETURNS FROM SERVICE IN INDIA

Seeing the world means a lot to an old country boy, but seeing India for 27 months is really something, so relates Fred D. Combest who returned Saturday after a discharge given him in El Paso.

Fred was stationed for the most within 12 miles of Calcutta and drank in a lot of information about that country. "What is causing the trouble between English and the Nationalists over there now?" Fred was asked. The English promised the Nationalists their national freedom if they would help repel the Jap invasion of India, and have failed to do it, he explained and stated further that the natives would give the English a whole lot of trouble later as sentiment grows.

Mr. and Mrs. Hubert Brown and family attended the Fat Stock Show at Amarillo.

Legion Airs

By Legion Reporter

Rev. Charlie Robinson, who has been unanimously selected as Scoutmaster by the troop committee, and C. J. Douglas gave some excellent reports on the progress of the Boy Scout organization at the Legion meeting Tuesday night. The only delay now is the "red tape," so to speak, that is necessary for the organization. Long forms must be filled out and sent to the district representative and approved before the troop can receive its charter, or affiliation. So therefore, it's just a matter of time until we will have a chartered Scout troop in Clarendon.

Rev. Robinson also named the members of the troop committee and the assistant scoutmasters that this committee selected to assist the scoutmaster in the big task that he has in forming the troop and training it. They are Roy Bulls, Snooks Andis, and Claude Hearn. He also promised that organization would be complete within the next two weeks and that the troop would be in full swing by that time.

A motion was made by Bill Greene that the American Legion sponsor a semi-formal or formal dance in April. An effort to book an orchestra out of Amarillo will be made soon, and if things work out according to plan, it will be something you can't afford to miss, and so far as we know at the present time, the matter will move along as introduced by Mr. Greene. Watch for more about this later on.

EPISCOPAL MINISTER TO ARRIVE SOON

Work in the Clarendon field will be assumed at an early date by Rev. W. Warrin Fry of Philadelphia, Pa. Churches included in this field are located at Shamrock and Childress as well as the local Episcopal church.

Local Fat Stock Show Winners Announced

BOBBY SKELTON BUYS INTEREST IN SKELTON DRUG

Bobby Skelton, local young business man, has purchased half interest in the Skelton Drug and will operate the business under a partnership with his father, L. H. Skelton.

Bobby recently received his discharge from the Navy after serving 44 months in that branch of the service. Most of that time was spent in the Pacific. Before entering the service, young Skelton owned and operated a cafe here.

BRIGHTER OUTLOOK AS MORE MOISTURE FALLS

Local farmers and ranchers have a much brighter outlook for crops and grass this year as our moisture reserve builds up. The blustery spell that blew in late Monday night brought with it 4.2 inch of moisture according to the official weather station at the airport.

Up until the present time we have received 3.13 inches of rain fall this year compared with only .75 inch during the same period in 1945.

RELATIVES VISIT KIN IN CLARENDON

Visiting here at this time is Mrs. F. P. Smith of Bernalillo, N. M., a sister of Mesdames C. E. Lindsey, D. S. Smith, F. E. Caraway. Their nephew, Sam T. Jones and Mrs. Jones of Ft. Worth are also visiting here.

Mr. Jones was recently discharged from the service after spending twenty-eight months in the Pacific area.

Mr. and Mrs. Gene Butler of Pampa spent the weekend visiting relatives.

First Baptist Church Will Be Hosts To Dist. 10 Convention

The District 10 Convention will meet this week with the First Baptist Church here in Clarendon. This district covers the entire Panhandle. Dr. J. Howard Williams who formerly was pastor of the First Baptist Church in Amarillo will be the principal speaker. The meeting will be held Thursday and Friday of this week.

The public is cordially invited to attend.

School Census To Be Completed By March 1st

School officials are at the present time, taking the annual school census which governs our state aid each year, and they wish to remind everyone that this job must be completed by April 1st.

There is always some children of school age that are not reported and each one that is missed means a loss of \$32 which would otherwise come into the local school fund.

Those children to be reported are those who will be 6 years of age before September 1st, 1946, and those who will not reach their 18th birthday before the same date. Any person under 18 that is married should be reported whether they are attending school or not as it will mean another \$32 in state aid.

Anyone wishing to give this information should contact H. T. Burton, R. E. Drennan or D. Lowry and they will see that the proper report is made before the deadline.

Locals To Meet Chillicothe Boxers Here Tuesday, March 12th

A. W. RICHARDSON RECEIVES JAP FLAG FROM TOKYO

A. W. Richardson of Borger received a Jap headquarters flag from a friend in Tokyo recently. It measured 7 feet x 4 feet and the rising sun and stripe were originally all in separate pieces and sewn together by hand. It seemed to be of much better quality material than many of the smaller flags brought back to this country as souvenirs. Mr. Richardson is the husband of the former Helen Morrow of Clarendon and displayed the flag in the Leader office Tuesday afternoon while on a visit here.

Mr. and Mrs. Harold Bugbee were Amarillo visitors Saturday.

Bill Bentley, local boxing coach, announced this week that the boxing team from Chillicothe would be here Tuesday night March 12th for a match with the local boxers.

If everything works out according to previous information, there will be eighteen matched bouts between the two teams and it is understood that the boys from Chillicothe are pretty "air boxers" and will offer plenty of competition.

The event will be held at the Junior High Gym Tuesday March 12th, beginning at 7:30. The admission will be 60 cents for adults and 30 cents for school students.

The Chillicothe team was scheduled to fight in the Invitation tournament here the past weekend but were unable to get here due to previous arrangements.

Donley County F.F.A. and 4-H club boys held their annual spring Fat Stock Show here Friday, March 1st on the vacant lot just south of the Clarendon Hotel.

Mr. Roy Snyder of the Texas A&M College Extension Service was judge of the show. Mr. Snyder has judged many shows of this type and due to his practical experience is a competent judge.

The livestock placed as follows:

Beef Calves:
1st. Jiggs Mann, 2nd Jimmy Dean Howze, 3rd Billy Armstrong. Others placed in numerical order as named. Jack Trussell, Bob Clifford, Dan Owens and Tommy Murphy. First place calf awarded \$25 war bond.

Fat Mutton Class Lambs:
Winners in order named: W. T. Sullivan, Jerry Morgan, Buster Bain, Paul Huckins, W. T. Sullivan, Fred Clifford, Buster Bain, Billy Waddell, Jack Clifford, Jack Clifford, Fred Clifford and Bill Porter.

Hampshires—Light:
Nelson Christie 1st and 2nd.

Hampshires—Heavy:
Mike Smith 1st and 2nd.

Durocs—Light:
Vernon Goldston 1st.

Durocs—Heavy:
Joe Shadle 1st and 2nd; Tommy Hodnett 3rd.

Polands—Light:
Ray Morris 1st; Royce Morris 2nd.

Polands—Heavy:
Ray Morris 1st; Gene Bulman 2nd.

Chester White, Berks and Cross Breeds:
Tommy Hodnett first three places.

Berks—Heavy:
Gene Bulman 1st and 2nd; Geo. Bulman Jr., 3rd.

The grand champion hog of the show was Gene Bulman's heavy Berkshire which won him a \$25 War Bond presented by W. B. Mayfield. The Reserve champion of the show was Ray Morris' Poland. He also received a War Bond given by E. S. Bullew.

Those showing gilts in the Gilt Contest sponsored by the Chamber of Commerce were: Aubrey Rumpy—Duroc; Travis Ivey—Chester White; Gilbert Stewart—Duroc; Ronald Thomas—Hampshire; Kenneth Davis—Duroc.

John R. Gillham will present winner of gilt contest with a \$25 War Bond.

AMUSEMENT HALL BOWLING ALLEY OPENS THIS WEEK

Due to unforeseen construction problems, the Amusement Hall Bowling alley opening was postponed until Wednesday afternoon of this week. It was scheduled to open last Saturday.

Weldon Warren, owner and operator of the new business stated that he was sorry that he was unable to open on schedule but that he wanted everything in tip top shape before he opened for business.

LOCAL BOXERS WIN OWN TOURNAMENT

Slugging their way for a total of 25 points, the Clarendon Bronchos won their own boxing tournament held here at the local gym last Thursday, Friday and Saturday nights. Wellington's Skyrockets trailed by only two points. Lefors was third with 14. Shamrock followed with 13 and Estelline was next with 6.

A large crowd turned out the first two nights for the bouts, and the house was packed for the finals Saturday night. The locals received a team trophy and Bill Bentley was awarded a winning coach's trophy. Other coaches bringing teams were John Lee, Wellington; Scott McCall, Shamrock; John Hosea, Lefors; Ronald Davis, Estelline.

LIBRARY NOTES

By Mrs. C. A. Burton

With all the magnificent spending done by the government during these last years, 42 cents per capita has been spent for libraries.

Again the American Legion Auxiliary is sponsoring a contest open to junior and senior high school students on the subject, "American Citizens: Our Responsibilities, Our Privileges." Prizes are fifty-two sets of the World Book Encyclopedia, with an additional \$100 for the best essay of all.

For his articles on the development of the atomic bomb, William L. Lawrence, science reporter of the New York Times, received the Society of Silurians annual award. The Silurians are composed of active and former newspapermen who have served on New York newspapers for 25 years.

Maud Diver, the British novelist whose stories of India have been so much enjoyed by our

readers died in England recently at 78. She had continued to write books about India.

Five thousand books in Spanish and Portuguese were displayed for public examination at the Pan-American Union in Washington, D. C. from Oct. 12 to Nov. 12th. Two hundred publishers from seventeen Latin American countries and the U. S. cooperated to render this first Pan-American Book Exhibition a notable occasion in hemispheric cultural cooperation.

A trend gratifying to note was indicated by the members of our current books which have gone into Spanish and Portuguese translations. Besides technical and scientific books, a very great number of a purely recreational character are among these—such as books by Van Wyck Mason, Fannie Hurst, Willa Cather, Pearl Buck, Curwood, Peter B. Kyne, James Hilton, Agatha Christie, and many others.

We wonder how many of our readers know who is poet laureate of Texas? Amarillo celebrated National Drama Week by having this Texas poet laureate, David Russell, as guest artist on Feb. 3rd. in the Federation Club rooms. Mr. Russell is a native Texan, taking his B. A. degree from Southern Methodist University in 1926, and returning there in the fall to teach in the speech department, of which he is now assistant professor. In 1928 he made a study of the theaters of England and on the continent, and obtained his Master's degree from Carnegie Institute of Technology in 1931. Mr. Russell has written plays, librettos, book reviews and poetry. "Sing With Me Now."

Solution 100 Will Help Conserve Tractor Tires

Better conservation of farm tires, additional drawbar pull and savings in manhours in farming operations are made possible by filling tractor and farm implement tires 100 per cent with liquid solution instead of air.

Recent development of a new type of pump capable of filling tractor and implement tires 100 per cent with a calcium chloride solution has been announced by The Goodyear Tire & Rubber Co. of Akron, Ohio. This is the first pump of this type to be put on the market.

One of these new pumps has been obtained by Rundell & Estlack at Clarendon, making it possible for farmers in this trading area to have their farm tires filled 100 per cent with the calcium chloride solution.

Previously some farmers in this district had their farm tires filled to the valve level with solution, which added some additional weight to the tractor tires, building up the drawbar pull to some

extent.

Filling tires 100% with solution, however, adds up to as much as 400 more pounds per tire to the larger size tractor tires. For each two pounds of weight added to a tractor tire, agricultural engineers have found that one additional pound of drawbar pull is obtained.

Use of Solution 100, Goodyear's method of filling tractor and implement tires entirely with liquid, has several advantages over air. Solution 100 inflation remains constant without pressure loss. This provides maximum performance because tires remain properly inflated the year around, in storage or in use.

The pressure builds up as the load increases when Solution 100 is used, providing automatically adjusted pressure for varying loads. Longer tire life is obtained as the tread wear is less because of minimum slippage and constant correct pressure.

Less care and attention is needed. Solution 100 eliminates the need to check and inflate tires frequently and to change pressure for various jobs. For tractors, increased drawbar pull of as much as 500 pounds is obtained without using wheel weights.

Use of Solution 100 is particu-

larly suited for farm wagon and trailer tires in addition to tractor tires. Other rubber-tired farm implements for which the liquid solution is recommended include combines, pickup balers, forage harvesters, manure and lime spreaders, stationary machinery such as ensilage cutters and portable elevators.

The new type pump obtained by Rundell & Estlack simplifies the filling operation. Air in the tires may be withdrawn and the solution added in a minimum of time. For a 6.00-16 tire, total time required is about nine minutes.

Implement tires filled with the liquid solution need no special attention in the Spring when the equipment is taken out of Winter storage. Tires filled with air, however, have considerable pressure loss in storage, so should be blocked up while not in use. This is unnecessary for liquid-filled tires. Calcium chloride in addition to adding weight which increases the drawbar pull, also prevents freezing of the liquid solution.

Ex-service men are authorized to reenlist in the Regular Army ninety days after discharge and retain the rank at which they were discharged provided they enlist before June 30, 1946.

Southwestern Life Insurance Co. Passes Half-Billion Mark

With a gain of \$30,983,077 in business, Southwestern Life Insurance Company passed the half-billion mark at the end of the year and now has \$512,701,350 of insurance in force. At the same time, assets increased \$13,418,004 to bring the Company's total to an all-time high of \$122,358,515. The

when-the gain was \$31,709,407.

Mr. O'Donnell voiced keen appreciation for the policyowners of the Company in this area, and for the agency work of the Company's local representation. Southwestern Life is represented here by W. M. Patman.

The forty-third annual report of Southwestern Life indicated that the rate of interest earned by the Company during the past year was 3.3 per cent. The market value of stocks and bonds exceeded the book value by \$5,891,273.

The Company continued its unbroken record of having no default in payment of interest or principal on any bond owned by it.

During the war years, Southwestern Life invested more than \$70,000,000 in United States Government securities. "These funds," the report pointed out, "were invested pursuant to the policy adopted with our nation's entry into World War II, to place all new premium money in such bonds."

The Company was chartered in 1903, and operates only in Texas.

W. M. PATMAN

figures were announced here today in the Company's forty-third annual report to policyowners, released by C. F. O'Donnell of Dallas, president.

The 1945 gain in insurance in force was the second largest in the Company's history, the report indicated. In 1928, the Company's gain in insurance in force exceeded \$28,600,000, and in 1943 it was more than \$28,200,000. The 1945 gain compares with the record production at the close of 1944,

The Regular Army offers three periods of enlistment: three years, two years, and eighteen months. The man who is drafted is retained in Service at the convenience of the Government, which may be any length of time.

If you want to make friends at the right time, make 'em before you need 'em.

WASHINGTON NEWS LETTER

By Cong. Eugene Worley

The average American generally does not have time to keep well informed on what happens in other countries over the world. We are naturally more interested in local, state and national matters than we are international. But in the brief span of a few years we have fought in two World Wars and both wars have come from things that happened overseas.

The greatest effort in history to prevent wars has come with the creation of the United Nations Organization. Senator Tom Connally of Texas, Chairman of the Foreign Relations Committee, and Senator Arthur Vandenberg of Michigan, a Republican, were the

two Delegates from the United States Senate. This week Senator Vandenberg presented to the Senate his reactions from the first meeting of this organization in London which has just concluded. His remarks are particularly important in view of his leadership in the Republican Party and likewise of great importance to every American who wants to stop wars.

Among the highlights of his presentation, the following is quoted from the Congressional Record of February 27, 1946:

"I return with no illusions that automatic peace awaits the world just because the machinery of the United Nations is now in gear. But I return also with - - - a conviction that the world's only hope of peace and security is inseparably linked with the - - - destiny of this United Nations Organization. I return in the belief that it can succeed unless Russia, Britain

and the United States, individually or collectively, make it impossible. The amazing thing is not that at London there were areas of disagreement but that the areas of agreement were so vast and so significant.

" - - - The United Nations must be made to succeed if we are to avoid unspeakable catastrophe in this atomic age when war may be waged in minutes instead of years and when the first casualty list may be the last."

He goes on to say that in 37 days the United Nations turned from a blueprint into a going concern and that the complete machinery for the General Assembly, Security Council, Court of International Justice, and the Social and Economic Council was organized. He states there was healthy rivalry and equally healthy agreement, and in athletic parlance the team was learning to play ball. Fifty-one nations of all races, colors, creeds, languages, and traditions had to concur and they did in nearly all respects.

Later on in his report, he discussed Russia and her intentions in plain language. It is no secret

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritic or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ea Compound, a 2 weeks' supply today. Mix it with a quart of water, add the juice of 4 lemons. It's easy, pleasant and no trouble at all. You need only 3 tablespoonsfuls two times a day. Often within 48 hours - sometimes overnight - splendid results are obtained. If the pains do not quickly leave and if you do not feel better, Ru-Ea will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. in Washington and elsewhere in this country that a large number of people are wondering just what Russia really has in mind. He handled that puzzle as follows:

"I trust I am not unfair in also confessing that it seemed to me the distinguished Soviet Delegate - one of the ablest statesmen I have ever seen in action - seemed to be less interested in helping Lebanon and Syria than he was in baiting France and Britain - less interested in peace at this point than he was in friction. I am certain it posed the same question in all our minds which I am now finding almost every day, in one form or another, in every newspaper I read - 'What is Russia up to now?' It is, of course, the supreme conundrum of our time. We ask it in Manchuria. We ask it in eastern Europe and the Dardanelles. We ask it in Italy where Russia, speaking for Yugoslavia, has already initiated attention to the Polish legions. We ask it in Iran. We ask it in Tripolitania. We ask it in the Baltic and the Balkans. We ask it in Poland. We ask it in Japan. We ask it sometimes even in connection with events in our own United States. 'What is Russia up to now?' It is little wonder that we asked it at London. It is less wonder that the answer - - at London and everywhere else - - has a vital bearing on the destiny of the United Nations. And, Mr. President, it is a question which must be met and answered before it is too late."

★ LET'S TAKE STOCK NOW

Everybody wants goods.

Manufacturers want to make them for you.

Yet months after the war's end, you still find it difficult to get many of the things you want and should have.

So, isn't this the time for all of us to take stock . . . to learn a lesson . . . to find out, if we can, what will cure the troubles we are having and prevent their recurrence?

Let's look ahead and agree on a program that will insure the full production everybody agrees is the real answer to most of our problems.

Let's agree to begin by taking a good look at the roadblocks that are holding us back.

Let's agree to remove these roadblocks by taking a good look at the government's spending.

Let's agree to remove the shackles of price control on manufactured goods.

Let's agree to cut down on government spending now and balancing the Federal budget by the 1947 fiscal year at a level of income and outgo that everybody can stand.

Let's agree to make this program in the coming year.

ceilings limit production - goods just don't get made.

GOVERNMENT SPENDING

Continued huge government spending means continued high taxes. High taxes discourage production, hinder the creation of jobs, and leave you less to spend.

ISN'T THIS THE WAY?

The people, through Congress, can remove these roadblocks in the long-range interests of all . . .

By establishing a labor policy that will treat labor and management exactly alike, and above all be fair to the public;

By removing the shackles of price control on manufactured goods;

By cutting down on government spending now and balancing the Federal budget by the 1947 fiscal year at a level of income and outgo that everybody can stand.

Let's agree to make this program in the coming year.

NOTICE

MEETING OF THE DONLEY COUNTY MEMORIAL COMMITTEEMEN

At a meeting in the Legion Hall, Clarendon, Feb. 25, committeemen from Giles, Goldston, Martin, Ashtola, Lelia Lake, Hedley and Clarendon decided to place before the people of Donley County the proposition of honoring ex-service men by placing a walnut panel in the Court House to contain all the names of the veterans of World War II.

The reason for this change of plans is the fact that the increase in prices in materials and in the number of names to be added would necessitate the raising of some three thousand dollars more funds in order to erect the concrete-marble outdoor monument as originally planned.

The following motion was introduced, seconded and passed unanimously:

"That after thirty days notice in the two County papers that we go on record as favoring an Honor Roll panel to be purchased and placed in the Donley County Court House; if sufficient funds remain after any persons not satisfied with this proposed change have been given a chance to withdraw their money in this effort to honor veterans of World War II."

ALL THEY ASKED WAS AN EVEN BREAK

Building a new country was no easy job. But there were men and women willing to tackle it—to turn their backs on the government managed way of life and their faces toward new frontiers. All they asked was an even break.

Free enterprise is another way of saying "an even break." It's the basic American principle of action and private initiative. Just give an American an even break—a chance to get ahead—and he'll go on from there.

But when government goes into business, in competition with its citizens, the American ideal of an even break is destroyed—for government in business enjoys special privileges that are denied the people.

Take the case of government-owned power plants, for example. They pay no taxes; get money from the U. S. Treasury at little or no interest; make up losses out of the pockets of the taxpayer.

On the other hand, America's business-managed power companies—owned and operated by millions of folks like you—pay their own taxes; get money from the U. S. Treasury at little or no interest; make up losses out of the pockets of the taxpayer.

The same forethought and experience which furnished electric power for a global war will assure America dependable—and cheap—electric service for a post-war world. There are still new frontiers in electric living to be opened. And business men can do the job better than bureaucrats.

COMMON SENSE.
Now that the regular chore is done for the allotted space, may we turn to something more important. American Red Cross Aids Wounded and Able-bodied

Not long ago to a Red Cross field director with an outfit on maneuvers flashed a message that the mother of a man in his unit was critically ill, and the man was needed at home immediately.

With this message from the soldier's Red Cross chapter verifying the illness, the field director called on the commanding officer who arranged an emergency furlough. While a courier sped up the line to fetch the soldier, the Red Cross man was busy arranging transportation.

Within a few hours the boy was at the Red Cross field office where furlough papers and a ticket awaited him. The field director drove him to the airport, and the boy arrived home in time—not to see his mother die, but to save her life with a blood transfusion.

Today, almost seven months after V-J Day, some 17,000 Red Cross workers are still with the GIs at home and abroad. Hundreds of clubs and rest homes overseas are in operation where men meet on leave, get home-cooked food, and that prime American favorite—doughnuts and coffee. Music and entertainment, books, magazines, and home town newspapers, lounge and writing rooms—all are popular. For men staying overnight there are comfortable beds, clean sheets, and hot showers.

More important than Red Cross services to the able-bodied are those for the wounded and ill. In army and navy hospitals the country over, professional and volunteer Red Cross workers serve in many ways.

To the hospitalized a financial or family problem may prey upon the mind and dull the will to recovery. Under guidance of Red Cross medical social workers many a problem is dissolved, and obstacle overcome. Programs directed by recreation workers help patients forget their troubles. Red Cross volunteers supplement these workers with every conceivable service.

For example, there was the blinded soldier whose face was horribly scarred, who was expecting a visit from his wife and five-year-old daughter. It would be the first meeting in two years, he told the Red Cross girl who was teaching him rummy with Braille cards.

"My little girl knows I'm blind and she's planning how she'll do things for me," he said. But what she did not know, what had been kept from him so that it might not retard his readjustment, was the way he was scarred and disfigured.

The Red Cross girl caught her breath. "That's fine," she said. "I'll meet them at the train."

Her heart sank upon seeing the tiny girl. It would be a job to prepare her for the shock, to make sure she did not let her father suspect there was anything wrong.

Gently she told the child about her daddy's face, how it would get better, how much he loved her, and that she mustn't be afraid. Then, with a prayer in her heart, she led mother and child to where the blinded soldier waited.

The crucial moment had come. Now, upon the actions of a little girl, the future of this family would depend. For a moment the tot stood in the doorway, looking at her father across the room. Then, without hesitation, came the patter of little feet, and she threw her arms around her father's neck. "Daddy," she cried, "Daddy, it's me—we're so glad to have you back!"

A simple service, yes. But it determined the happiness of three people. Without the understanding heart, and the many who daily give of their minds and souls, the adjustment of thousands of servicemen might be seriously retarded.

The American Red Cross needs \$100,000,000 to carry on during the next fiscal year.

Because farm families have a big stake in the Red Cross they consistently support the organization. The Red Cross is confident that families in agricultural areas, the backbone of the nation, will generously support the 1946 Fund Campaign.

BEAUX ARTS CLUB

The Beaux Arts Club met Friday afternoon at the home of Mrs. W. W. Taylor. Following the business session, an interesting program was presented by Mrs. C. C. Powell and Mrs. C. T. McMurtry. Mrs. Powell gave a history of the development of dwelling houses, and described the different conventional designs. Mrs. McMurtry's theme was the selection of furniture and other features for ranch homes, all of which she vividly portrayed.

Mrs. A. B. Turner gave the current art news, choosing a noted photographer of the west coast as her subject, and Miss M. H. Howren supplemented the report by exhibiting a number of beautiful photographs by Clarendon's local artist, Mr. Ernest Hunt. These consisted of scenes taken at the lake of the Word ranch headquarters, wide-range views on the J. A. ranch, magnificent mountain scenes taken in New Mexico, and some exquisite portraits of children. Mr. Hunt is outstanding in his work in photography, and Clarendon is proud to own him among her artists.

After the program, refreshments were served to fifteen members and two guests, Mrs. Floyd Benson and her daughter, Mrs. Huey.

PATHFINDER CLUB

The regular meeting of the Pathfinder Club was held in the Clubroom Feb. 22nd.

Mrs. Ernest Hunt gave the magazine article "Holland Rises from War and Water" from the National Geographic magazine.

Mrs. Pete Kunz gave "First in War, Last in Peace" from Atlantic Monthly.

Mrs. C. T. McMurtry presided at the beautifully appointed table. The red and white carnation center piece carried out the Geo. Washington birthday motif. Cherry tarts and coffee were served to the following members:

Mesdames, Pete Kunz, Ernest Hunt, C. A. Burton, C. E. Bairfield, Lee Holland, Paul Shelton, A. T. Cole, J. T. Patman, Hurst, Marguerite Goodner, Lena Antrobus, L. E. Thompson, C. D. McDowell, Ed Dishman, Sella Gentry, J. G. Stewart;

And guests: Mesdames Harold Bugbee, A. E. Chase, Smith, Wilburn from Dallas, Grant Mercer from Ft. Worth, Miss Ladell Cox; and the hostesses, Mrs. W. H. Patrick, Mrs. L. N. Cox and Mrs. J. H. Howze.

MRS. W. A. LAND ENTERTAINS WITH QUILTING

Mrs. W. A. Land entertained with an all day quilting at her home Tuesday. At the noon hour a lovely covered dish luncheon was served to Mesdames Bob Hay, Claud Darden, Eva Draffin, Buel Sanford, L. L. Cornhills, W. D. Kidd, Clarence Piercy, R. R. Dawkins, and Mrs. Tom Kirby of Jericho. The quilt was finished.

CLARENDON H. D. CLUB

The Clarendon H. D. Club met at the home of Mrs. Clude Darden Friday in all day meeting. Mrs. Henry Williams was assisting hostess. Quilt piecing on Club quilt was the main feature of the day.

At the noon hour a delicious covered dish luncheon was served to Mesdames Clyde Butler, A. L. Chase, G. A. Anderson, A. H. Baker, J. C. Estlack, Henry Williams and Darden. Those attending in the afternoon were Mrs. Lea, Mrs. Antrobus and Misses Ida and Etta Harned. The president, Mrs. Estlack presided at the short business session.

The Club adjourned to meet April 5th in all day meeting at the home of Mrs. A. W. Simpson. Quilt piecing will continue the main feature at this meeting. Roll call will be answered by a reading or poem on spring.

MRS. HORACE MCCLELLAN HONORED WITH SHOWER

Mrs. G. E. Harp, assisted by Mrs. Hubert Rhoades were hostesses last Friday afternoon at a lovely miscellaneous shower given in the home of Mrs. Harp south of Ashtola, honoring Mrs. Horace McClellan, a recent bride. Mrs. Hubert Rhoades conducted several interesting contests which were enjoyed by all.

Following the contests, the guests were invited to the dining room where a table, lovely in its bridal decorations of miniature bride, flowers and white tapers, held many gifts for Mrs. McClellan.

—Reporter

Delicious refreshments were served by the hostesses to the following guests: Mrs. Horace McClellan, honoree; and Mesdames Ralph Grady, Sr., Johnson, Lu McClellan, Ronnie Ray, Mary Swinburn, N. L. Jones, Lloyd Shelton, DeBord, Grady Henson, Francis Brown, E. P. Shelton, Millard Word.

Those sending gifts but unable to attend were Mesdames Harry Rhoades, Ben Lovell, S. G. Evans, Poovey, Geo. Graham, Slayton Mahaffey, Joe Bownds, Keith Swinburn.

BIRTHDAY PARTY

Mrs. Guy Wright entertained with a birthday party at her home Sunday, honoring her little daughter, Priscilla Kay, who was four years old. After the little guests arrived many nice gifts were opened and admired by all. After several games were played and some pictures taken, they were called in to admire the candle-lit birthday cake and sang "Happy Birthday" to the honoree.

The cake was cut and served with ice cream to the following: Misses Karilyn and Marilyn Stewart, Jonnie Lee Blocker, Elaine Behrens, Juana De Shazo, Frances Wallace and Frances Wright; Masters Homer Charles Speed, Jr., Jerry Behrens; and Charles Perry Wright. Miss Pat Wilson sent a gift and Miss Lee Ellen Bell called later in the afternoon.

Mrs. D. F. Wadsworth and Mrs. Homer Charles Speed assisted the hostess for the afternoon.

1926 BOOK CLUB

The 1926 Book Club met Tuesday at the Club Room with Mesdames Rayburn Smith, Delene Bagby and Miss Lucile Polk as hostesses. The Clubroom was decorated with sweet peas and some of the first buds of spring.

The meeting was presided over by Mrs. Rolle Brumley, president and Mrs. Bill Bromley acting as secretary. Mrs. J. G. Stewart gave news from the "Federated News." Mrs. J. R. Porter very charmingly reviewed "A Texan In England" by J. Frank Dobie.

Ice cream, cake and beverage was served to the guests Mesdames Alvin Landers, Marguerite Goodner, and O. D. Lowry and members, Mesdames J. R. Porter, Bill Bromley, Rolle Brumley, B. G. Watson, J. G. Stewart, Carl Bennett, J. R. Gillham, C. M. Lowry, E. S. Ballew, Frank Phelan, L. N. Cox, Frank White Jr., Glenn Hoggatt and Fred Buntin.

WIN ONE S. S. CLASS

The Win One Class members of the Methodist Church met in the home of Mrs. T. F. Connally Monday afternoon with Mrs. Eva Rhode, assistant hostess.

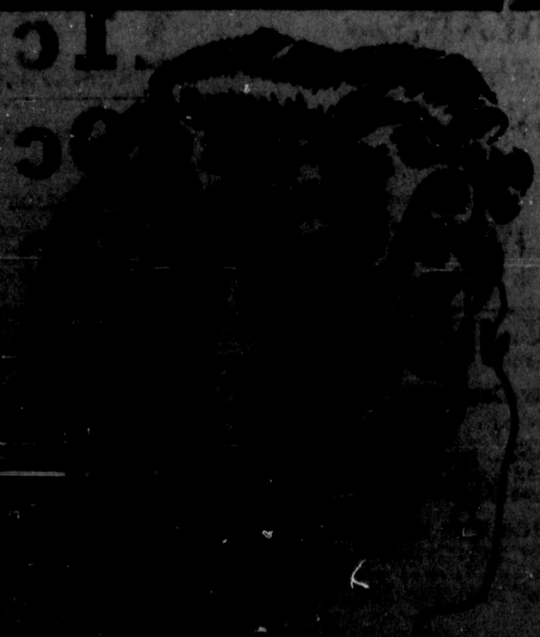

Mrs. R. Y. King directed the devotional and Mrs. John Bass conducted the business discussion, during which reports were read from the various committees.

Refreshments were served during the social hour to Mesdames J. R. Porter, O. S. Miller, John Blocker, John Bass, R. Y. King, J. T. Patman, R. C. Weatherly, Eva Rhode, T. F. Connally.

THANKS

We wish to express our thanks to the many people who attended the opening of our store here Saturday. Your visit and words of welcome made us feel that we had always been a part of your community, and we hope to always merit your welcome by making our store better and better as time goes along. We will always strive to bring to you, our new friends and customers, the quality merchandise you will appreciate.

BELIEVE ME—I'M SAVING MONEY

In the past few weeks, consumers have had ample cause for concern over the prospect of higher food prices. We call upon all wise shoppers to nip this inflation in the bud by being more watchful, less wasteful, in their spending. Free and easy spending will send prices upward. Thrifty buying will hold them down. Don't spend more—save more! We'll cooperate by holding a tight rein on our prices to give you savings you can believe because you can see the extra change in your hands --- and a change for the better in your food budget.

North Texas State Teachers College Receives Luminall Paint Award

The North Texas State Teachers College at Denton has been awarded the \$1,000 Luminall Paint Scholarship to assist that institution in conducting a summer workshop designed to create more healthful schoolrooms, it was announced today (March 7) by Bruno F. Roman, president of the Luminall Paint Division, National Chemical & Manufacturing Company.

The college, in cooperation with the Texas State Department of Health and the Texas Inter-Professional Commission on Child Development, has won wide recognition as an experimental and demonstration center for new techniques in classroom arrangements, such as those which make the best use of natural daylight.

The drive to improve child health through control of classroom environment is being administered by Dr. Darell B. Harmon, director of the Health Department's division of school services. Recent findings of the department reveal that by changing the window, seating and painting arrangements of the average classroom the following beneficial results on children's health can be attained:

- 57.1% reduction in refractive eye problems.
- 90.1% reduction in non-refractive eye problems.
- 44.5% reduction in nutritional problems.
- 30% reduction in signs of chronic infection.

Teachers and other school officials from various parts of the state who attend the summer workshop, will learn the new technique by actually working with glass, seats and paint to obtain first hand understanding of the problems involved.

Mrs. W. D. Van Eaton who is at the St. Anthony hospital at Amarillo is improving and expects to be home soon.

Mrs. W. L. Landers is at home after a visit at Amarillo with her sister, Mrs. Clutler.

Juanita Carpenter of Pampa spent last weekend with Patsy Pittman.

Miss Dorothy Berry of Canyon spent the weekend with Phyllis Littleton.

Miss Norma Riney of Abilene spent the weekend visiting her brother and family, Mr. and Mrs. W. A. Riney.

Mrs. Dorothy Campbell is visiting friends and attending the Fat Stock Show at Amarillo this week.

Mr. and Mrs. Clarence Whitlock of Lubbock and Mrs. Whitlock's mother, Mrs. Odie Barnes of Amarillo spent the week end with his parents, Mr. and Mrs. Frank Whitlock.

Mr. and Mrs. Phil Couch of Ft. Worth are visiting Mr. and Mrs. James Bain this week.

Mrs. Glen White of Shamrock is in the St. Anthony hospital at Amarillo.

Marvin Land from Tucumcari, N. M. visited Thursday and Friday with his parents, Mr. and Mrs. W. A. Land.

SAVINGS

A Great Financial Bulwark
For Our Own and Our Country's Future

One of the brightest facts of the war effort is that many billions of dollars have been saved and are now in possession of the people. Eighty-five million Americans have bought War Bonds and are hanging on to them and have seventy-five million bank accounts, too.

These savings can mean much to the future welfare of our country and ourselves. They will permit us to spend more of our current income once goods become plentiful again. The savings themselves can be used to tide us over emergencies and for such things as new homes. Thus the savings of the war years and the months immediately ahead can contribute to demand for goods, busy factories and jobs later on. Save now while goods are scarce and the threat of rising prices continues. Buy Victory Bonds.

Help the nation's efforts to keep your living costs DOWN, the buying power of your dollar UP.

Top American Saddle Horse Group Given Texas A. & M.

Edgar W. Brown, Jr., Orange, Texas, capitalist, rancher, shipbuilder, presents to the Animal Husbandry Department of the Agricultural and Mechanical College of Texas a group of the finest American saddle horses in the South. Included in his gift were six famous mares from the Pinehurst Stables, among which were "American Model," a winner of championships at the Kentucky State Fair, Chicago Charter Jubilee Show and other top shows; and "Jingle Bells," shown in the fine harness and five-gaited classes, and possessor of an outstanding record of winnings. Also given to the College was the stallion, "Proctor's Red Light," an outstanding show horse who has sired a long string of winners, including "Man of Destiny," one of the outstanding champions of the breed. Shown as the gift is presented are, left to right, F. I. Jahilberg, acting head of the Animal Husbandry Department; Owen Garrigan, college horseman; Brown, and Lt. Col. D. W. Williams, head of the Animal Husbandry Department, who has just returned to the campus.

THE TRUTH ABOUT HOME BUILDING IN 1946

IT'S TIME VETERANS AND ALL CITIZENS WERE TOLD THE TRUTH ABOUT THE HOME BUILDING SITUATION.

The main bottleneck to home construction is production of materials and equipment.

No legislation, Presidential announcement, government control plan, or system can produce a single additional home until production of materials is speeded up.

Lumber Dealers and the Building Industry are eager to build homes for veterans and all citizens who need them. The reason few homes are being built is because materials are not being produced.

WHY?

1. Governed by OPA's war-time pricing formulas, it is still more profitable for lumber mills to make items for export—and the items formerly required for war use, than it is to make lumber usable in Home Construction.
2. OPA's war-time pricing formulas are still keeping thousands of small mills out of production.

3. OPA's enforcement policies have allowed the creation of a large black market in lumber which is moving outside of regular channels of trade.
4. OPA's slowness in adjusting mill ceiling prices on hardwood flooring, siding, millwork and plywood has contributed to the difficulties mills are having in securing necessary manpower.

With 400 brick and tile plants closed, it took 6 months for OPA to adjust prices. Now an additional 125 plants have opened and production is up 35%.

Clay sewer pipe, cast iron soil pipe and Gypsum board manufacturers have experienced a similar OPA delay in the granting of price adjustments to make increased production possible.

No amount of juggling with an insufficient supply will produce a single home more than can be built with material available.

The OPA can hardly hold present price ceilings when it has no control over volume of employment, labor wage rates, cashing of government bonds, and installment or credit expansion—BUT THE OPA CAN ACT AS A BLOCK TO RECONVERSION BY CLINGING TO UNREALISTIC WAR-TIME PRICE CEILINGS.

Unblock the production of materials caused by unrealistic wartime price controls and the building industry will build enough homes for veterans and all Americans!

Any government program that does not FIRST remove the obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.
