VETERANS URGED TO PLAN VOCATIONAL COURSES

Most veterans of World War II plan at one time or another to take advantage of some of the benefits offered under the GI Bill. The time limit on these benefits started recently with the declaring of the end of the emergency by the president. The Donley County Vocational School offers many of the benefits set up under the GI Bill. The school offers the courses explained below in the veteran's home community. Any veteran who fulfills the requirements for the various courses may enroll.

It is exceedingly difficult to secure trained and qualified instructors and it is necessary that each veteran file notice of his intentions with the vocational school office for quite some period in advance of the time he wishes to enroll in order that the instructors may be secured. Every veteran who feels that he may care at any future date to take advantage of any of the courses offered by the local vocational school should contact the local office at his earliest convenience and fill out the necessary forms so that he may be qualified to start when he so desires.

Agriculture:
Any veteran of World War II who is actively engaged in farming for himself, on land he owns, leases, rents, or is living with his parents, provided he has a definite agreement that shows he receives a certain amount of income from the agricultural enterprise, may enroll in the agricultural school. This school meets two nights and one-half of one day per week, a total of 10 1/2 hours per week or 42 hours per month. The veteran receives a subsistence of \$65 per month for single men without dependents, \$90 per month for a veteran with one or more dependents, and a larger subsistence is allowed disabled veterans.

Distributive Education:
This course consists of salesmanship, typing, bookkeeping, display work, supervising of various types of business establishments, and other similar work. Any veteran who is employed by an individual who sells products or service either on a wholesale or retail basis is eligible to enroll in this course, as is any owner operator of a business. The subsistence is the same as for agriculture or any other course.

Trades and Industries:
This school shall consist of some particular industry such as welding, radio repair, cabinet making and carpentry, blacksmithing, auto or tractor mechanics, electric wiring and repairing, and any number of other courses provided a given number of veterans desire any one particular line of training. A fully equipped modern shop, a qualified instructor, and other necessary facilities will be provided. Any veteran may enroll in this type of work regardless of kind of employment or as to whether or not he is employed. Full time shop courses require 25 hours per week attendance and pays the veteran full subsistence. A part time shop course uses 12 1/2 hours per week, uses up the veterans' eligibility at the rate of only one week for each two weeks in the course and pays the veteran only one-half subsistence.

Any non-disabled veteran is entitled to training equal to one year plus the length of military service, provided a minimum of three months was served. Any disabled veteran is entitled to a minimum of 36 months of training.

The Donley County Vocational School is operated by the Donley County School Board as an agency of the State Board of Vocational Education and is a public institution set up to bring the veteran the advantages of the GI Bill to his own home and community.

"Don't forget to let us know your plans and wishes concerning this program," stated J. R. Gill-

ham, Coordinator. "We have a few vacancies in a distributive education class at Clarendon, but all of the agricultural classes are full at this time, except we could enroll approximately four disabled veterans due to a priority rating."

BORGER WOMAN KILLED IN COLLISION NEAR GOODNIGHT SUNDAY

Mrs. Pearl Mary Pattillo of Borger was killed and her three children narrowly escaped serious injury in an automobile collision about 1 o'clock Sunday morning about 4 miles east of Goodnight.

William Edwards of Puyallup, Washington and Otha Lee Dickie of Vernon suffered minor bruises and lacerations and were picked up at the Clarendon jail, where they were brought by Sheriff Wright, Sunday by Sheriff J. W. Moore and are being held at Claude in connection with the accident. Sheriff Wright stated that the Ford driven by Edwards was carrying intoxicants and was also a stolen vehicle.

Charges of murder without malice were filed at Claude Wednesday against William Edwards, driver of the vehicle which crashed head-on into the car driven by Mrs. Pattillo. Lee Dickey, Edwards companion was fined \$50 and court costs on a charge of driving while intoxicated.

Mrs. Pattillo's three children were released from the Groom hospital Sunday after emergency treatment for minor injuries.

Investigation officers of the highway patrol said the accident occurred as Mrs. Pattillo's car was traveling west when it encountered the 1935 Ford driven by Edwards. From the position of the wrecked vehicles, officers said, the Edwards car apparently had swerved abruptly to the left side of the highway and met the Pattillo car "almost head-on."

Mrs. Pattillo and the children were rushed to the Groom hospital by a Murphy-Spicer-Buntin ambulance but hospital attendants found Mrs. Pattillo dead on arrival.

Besides the three young children, survivors include another son and two daughters.

Burial was at Wilson, Okla. with Murphy-Spicer-Buntin Funeral Home in charge of funeral arrangements.

SNODGRASS REUNION HELD AT LAKE McCLELLAN

One hundred and ten relatives and friends attended the annual Snodgrass Reunion held at Lake McClellan Monday, July 21. Most of the relatives met at the home of Mrs. E. R. and Ann Reeves of Jericho.

All drove to picnic grounds for supper, later to Recreation Hall for dancing. Music was furnished by string orchestra of Amarillo.

It was decided by unanimous vote to hold reunion again next year.

PLANS PROGRESSING FOR OLD SETTLERS PICNIC

According to M. W. Mosley, the planning program for the Old Settlers picnic at Tate Grove is coming along fine at the present time with plenty of entertainment in prospect for the event.

The incomplete program at the present lists Uncle Bill Rains to give the Welcome Address. There will be an old fashioned square dance in the afternoon. A fat man's race, Old fiddlers contest, etc. Watch for the complete program in next week's issue of your Leader as Mr. Mosley stated they would have everything arranged by that time.

Mr. Mosley stated that the picnic will take place August 22nd, starting at 10 a. m. and everybody is invited. Be sure to come and bring a well filled picnic basket. There will be plenty of free coffee and ice water for everyone.

PLOWIN' OUT THE CORNERS

We can build a House with our hands, but a Home is built with our hearts. I can't help thinking of a building that was built by men, and it served its purpose for man and was left to decay. Then other men put their Hearts into it and it began to grow until now it is a monument to our whole Plains country. Of course, we are thinking of "Boys Ranch." There are times when these men need our help all the more, our prayers, our thoughts, and our money, and I know that that time is now. Anyway, hurry up, Mr. Farley and send us some of the little articles that you promised us.

Open Letter To Uncle Jay
Dear Uncle Jay,
We have listened to you, Lo, these many years. We have given you a permanent place in our hearts. We have made you an honorary member of the family. (See PLOWIN' OUT, Page 8)

DDT SPRAYING OF CATTLE SHOWING GOOD RESULTS

Good results from the spraying of cattle with DDT has been reported by all farmers and ranchers in Donley county. H. M. Breedlove, local county agent, has sprayed over ten thousand head of cattle since his office has had the use of a big power spray. There are now fifteen power sprays in the county to our knowledge and several ranchers have been trying to buy one as they become available.

Reports from ranchers show that after spraying the cattle are free from flies for five or six weeks. It seems that the hot sunshine will weaken the DDT more than rain that falls on the cattle.

The sprayer in the county agent's office is also used for spraying bind weed and over fifty acres have been sprayed. The results are good and it takes about three applications to get the bind weed under control, this depending a great deal on the weather and also whether they have gone to seed. Spraying has become a big demonstration in Donley county and it has been proved by the ranchers and dairymen of the county that their cattle put on more pounds and the dairy cattle gave more milk when free from flies.

COTTON LICE REPORTED IN SOME FIELDS

Several farmers in the county have reported to county agent H. M. Breedlove that aphids or cotton lice have been hurting their cotton. Several surveys have been made by Breedlove and lice were found on some of the cotton fields in the county. The cotton leaves will curl up and during the heat of the day the lice are found on the under side of the leaves. Honey dew will be found on the leaves which is also a sign of lice. Cool weather is a help to the lice but hot winds and rain will tend to retard the lice.

Treatment for controlling cotton lice is to use six pounds of commercial nicotine sulphate to 100 pounds of calcium arsenate. This mixture should be dusted on the cotton at the rate of seven pounds per acre. Breedlove suggested that anyone dusting cotton for lice to also add four pounds of dusting sulphur to the above mixture and control cotton flea hoppers with the same application. Breedlove asks that everyone wishing additional information on this subject to call by his office.

Raymond, Doris and Jimmy McKee left Friday for a vacation trip to Carlsbad Caverns in New Mexico. They returned this week.

Revival To Begin At Martin Sunday August 10th

This Sunday, August 10th, the Baptist Revival begins at the Martin school house with Rev. Jewell M. Sibley of Beaumont, Texas, doing the preaching.

The people of the community might be interested to know that Rev. Sibley is beginning his second quarter of a century in the

J. M. SIBLEY, B. A., Th. M.

ministry at the church where he surrendered to the call. It was during a revival meeting conducted by J. L. King in August, 1922 that he surrendered. Rev. J. A. Smith was pastor at Clarendon and also at Martin. Rev. Sibley entered Hardin Simmons University that fall and received his degree in 1926, and later received his degree from Southwestern Baptist Seminary in 1929. He has held outstanding pastorates since that time and at the present time is pastor of the Calvary Baptist Church at Beaumont, Texas. Last Sunday, August 3rd, his church commemorated his third anniversary there with an appropriate program for the day's services.

The little church at Martin never grows too small for a big man like Rev. Sibley. He always loves to return and mix and mingle with the kind of folks he loves and knows best. His mother, Mrs. A. J. Sibley, resides in Clarendon.

BAPTIST REVIVAL STARTS AT HUDGINS AUG. 10

The Leader office received a long distance phone call late yesterday afternoon from V. A. Hansard of Amarillo stating that a Baptist Revival would start this Sunday, August 10th at the Hudgins community with the Rev. Hansard doing the preaching at both evening and morning services. Rev. W. W. Williams is the pastor of the church.

The public is cordially invited to attend all services.

MASONIC LODGE INSTALLS AIR CONDITIONING UNIT

The installation of a large air conditioning unit in the Clarendon Masonic Lodge hall was completed this week and will add greatly to the comfort of the meetings throughout the summer months. All Masons are urged to attend the stated meeting at 8 p. m. Friday, August 8th.

MCCRARY BUYS RUSSELL'S INTEREST IN GROCERY BUSINESS

Forrest McCrary announced the first of this week that he had purchased the interests of Fred Russell in the McCrary & Russell Grocery and was starting in a week with a new policy of strictly cash, believing that he could give his customers more benefits under the new set-up. The business will be known in the future as the McCrary Grocery.

Mrs. Sam Lowe and son Billy, Mrs. Ralph Keys and daughter, Mrs. Mary Nell Johnson and Helen Porter returned home from Dallas (today) Thursday from a business trip.

Red River Valley Sees Last Game In 1947 Season

The Red River Valley League ended its league schedule Sunday with the four top teams soundly trouncing the four bottom teams.

At Quanah the first place Cats beat Kirkland 13-0. Childress took Quail 9 to 2.

Memphis visited Wellington and beat the home team 9-5 behind the pitching of H. C. McKnight.

Mobeetie had a field day at home against Clarendon in winning 24-6. It was the most runs scored by a team in a single game this year.

Mobeetie slammed out 21 hits including a homer by Glen Elmore and extra base hits by Emmett Fulenwider, Green and Gregory.

Milton Deason pitched for Mobeetie with Clarendon using Lee Head, Cope Burfield, W. B. Howerton and Bill Meador in a vain effort to slow down the Mobeetie attack.

Sunday's Results
Childress 9, Quail 3.
Quanah 13, Kirkland 0.
Wellington 5, Memphis 9.
Mobeetie 24, Clarendon 6.

FINAL STANDING

Teams	W.	L.	Pct.
Quanah	12	2	.857
Mobeetie	11	3	.786
Childress	9	5	.643
Memphis	9	5	.643
Quail	5	9	.357
Kirkland	4	10	.286
Wellington	4	10	.286
Clarendon	2	12	.143

The locals will venture to Hedley this Sunday to play the boys down there, and from all indications this is due to be a hot and fast game. The game time is 3 p. m.

LEE'S CONFECTIONERY TO HOLD OPENING SATURDAY

Lee Muse, owner of Lee's Confectionery, announced the first of the week that he would hold the official opening of his new business Saturday of this week. The new business is located on the corner of the lot with his tourist cabins. The building is 16 x 24 feet and carries all new equipment of the latest modern design.

The main feature of the new business will be pit barbecue. Mr. Muse stated, and added that every piece of barbecued meat put out will be cooked with seasoned hickory wood in his specially built barbecue pit which is also of the latest design. He will also feature fountain service and other types of food eats. He is inviting the public to visit his place on the opening date for a free cup of coffee.

GYM FIRE CAUSES VERY LITTLE DAMAGE

The fire which broke out in the southeast corner of the new gym building late Friday afternoon caused only about \$100 worth of damage to the structure due to the quick action of the local fire department. One window casing and three joice were damaged by the fire, but there was plenty of insurance coverage whereby no actual loss was suffered. The cause of the fire was undetermined.

MCCLENNY CORN PATCH TRIMMED OVER WEEKEND

C. T. McClenny, resident of southeast Clarendon, inspected his corn patch early in the week to find that, what looked to be a very good crop of corn for canning, had been stripped of practically all the corn sometime over the weekend. He said the job looked like it might have been done by someone with a truck as there was too much corn for a bunch of kids to destroy.

Mr. and Mrs. Paul Russ and daughter Paula Rose of Panhandle visited her sister, Mrs. Clyde Martin Sunday.

TWO DONKEY BASEBALL GAMES SCHEDULED FOR WEEK END

AUSTIN—The Texas Veterans' Land Program, authorized by a constitutional amendment adopted by the people last November, has been delayed two years thru failure of enabling legislation to receive Senate floor recognition, some 10,000 veteran applicants were advised today by Bascom Giles, Commissioner of the General Land Office of Texas. The same information was given to all American Legion and VFW posts.

Giles explained that he is notifying the veterans of the status of the bill because he is continuing to receive a large volume of mail daily from veterans lauding the program as one of the best offered in the nation and expressing a desire to participate.

"Many of them apparently believed the amendment adopted by the voters last November was self-enacting and cannot understand why they have not already been permitted to buy a small farm or ranch home from the State," he said.

"I am explaining to them that while the necessary enabling legislation was passed in the House by a vote of 124 to 9, it failed to receive recognition for Senate consideration. Despite every effort to get it up for passage in the Senate, where we had been assured of a majority [favorable vote, its supporters were unable to do so, even with the intercession of the largest veterans' organizations in its behalf."

As written, the bill would have permitted any World War II veteran to select his own land for purchase by the Veterans' Land Board and resale to him with ten per cent down and the balance to be paid in forty years at four per cent interest.

SERVICES FOR DICK BONNET HELD MONDAY

Funeral services were held Monday afternoon at Amarillo for Otto "Dick" Bonnet with Rev. Roy Snodgrass officiating.

Mr. Bonnet, age 45, passed away Saturday afternoon in the Veterans hospital at Amarillo. He has been a resident of Clarendon for the past three years and has been associated with the Noblitt Sales Co. here. Prior to coming to Clarendon he had lived in Amarillo a number of years. He was a member of the Christian Church, a Mason and an American Legionnaire.

Surviving relatives are the widow, Mrs. Opal Bonnet and the mother, Mrs. Minnie Bonnet of Clarendon.

Pallbearers were Wendell Harrison, Armand Doche, J. G. Eckles, W. B. Smith, Jess Womack and Charlie Speed.

Burial was in the Bartlesville Cemetery at Bartlesville, Okla.

TIME TO VACCINATE SCHOOL CHILDREN NOW

O. D. Lowry, principal of Jr. High School, is reminding all parents of children who will be entering school for the first time that it is compulsory for each child to be vaccinated for smallpox before they can enter the first grade. If vaccinated now, the vaccination place will have time to heal before school begins. It is also compulsory for any new students in higher grades to be vaccinated before entering the schools here.

He also pointed out that all children six years old must present a birth certificate before they can enter school, and this matter should be in proper order before the first day of school so the child will not miss any time.

The Clarendon V.F.W. Post 8917 is sponsoring two Donkey Baseball games to be played Friday and Saturday nights of this week—August 8th and 9th. The starting time for the games is 8 p. m. and the place will be the College Park where there will be plenty of sitting and parking space for the large number of spectators expected out for the event.

The game on Friday night will be between the Clarendon Lions Club and the V.F.W., and Oh Boy! it will be really a sight to see some of those Lions try to hit a ball—much less try to ride one of the famous braying family.

Saturday night at the same hour the V.F.W. will tangle with the Clarendon Roping Club at the same hour. Some of those roping club guys might be able to ride a horse occasionally, but wait until they try one of the better riding animals used in the baseball game.

The combination of punishment for the players and plenty of thrills for the onlookers is too much for anyone to miss, so be sure and get there early for a good seat. The admission is only 25 and 5 cents, and who could see a better entertainment for less?

SERVICES FOR HEDLEY RESIDENT FRIDAY

Funeral services will be held Friday afternoon at 3 p. m. at the Hedley Baptist church for James William Parker who passed away Wednesday morning at a short illness.

Mr. Parker, age 72, had been a resident of Hedley since 1929. Prior to that time he had lived in Amarillo since the turn of the century. He was a retired farmer and a member of the First Baptist church.

He is survived by his wife, two sons, John and Marion Parker of Quail and five daughters; Mrs. Ray Thomas, Hedley; Mrs. Roberta Witt, Amarillo; Mrs. Sam Sanders and Mrs. Utah Sanders, Hedley, and Mrs. T. L. Mobbs, Springdale, Arkansas. Also one brother and two sisters.

Burial will be in Rowe Cemetery at Hedley with funeral arrangements under the direction of Womack Funeral Home.

STOLEN SADDLES RECOVERED AT MEMPHIS & PAMPA

Early Tuesday morning two reports of stolen saddles came in to the Sheriff's office. Joe McMurtry reported two stolen and a Mr. Long on the J. A. Ranch reported one.

Sheriff Wright started to work on the case and found where the thief had sold two of the saddles at Memphis and these were returned to the owners Wednesday morning. Sheriff Wright and Sheriff Moore of Claude joined together on the hunt and located the guilty party at Pampa late Wednesday night, and at the time of apprehension had 11 saddles, which were believed to be stolen, in his possession. The name of the guilty party was not released pending further investigation of the case as it is believed that a number of such robberies of this nature will be solved when this particular case is cleared up, Sheriff Wright stated.

CERTIFICATES OF TITLE NEEDED FOR HOUSE TRAILERS

The county tax office reported this week that a new ruling regarding house trailers went into effect recently requiring certificates of titles for the vehicles before they can be registered in the future. The tax office has the necessary forms to fill out on those trailers which have no manufacturers numbers or other identifiers and are urging all owners to get their titles now so they will be in proper form when they are needed for registration.

Tell your fortune?

"Such a lucky lady—with a pretty house, nice husband and children—lots and lots of servants!"

"You're wrong about the servants. I live in a 6-room house, and balance a budget!"

"But, Madam, you have servants to help you in every room! And you pay them very little, indeed. You have a servant to assist with your laundry. Another to help cook your meals. A third to protect your food. A fourth to clean. More to heat and light your home, and entertain you when you're bored. You have electrical servants. Madam—the most willing and dependable servants in the world!"

"Of course, I have electricity, but I never thought—"

"This army of domestic help costs you less than a bottle of milk a day! So you see electric service is not only high in efficiency, it's low in cost! Twenty years ago the average family got only half as much electric service for the money as it gets today. And think how many more jobs electricity does around the house in 1947! Yes, Madam, yours is a very good fortune, indeed!"

IN MEMORY OF LEE ROY BUTLER

His life is now over,
He has departed from this earth
His haven is now heaven
Where Christ made him his berth.

His life has been ended,
But ne'er will he be
Forgotten by those he be-
friended
And never by me.

His life ended too soon,
He had not yet lived his span,
Yet he had been born
And lived near the age of a man.

WEEKLY SWING OF SOUTHWEST FARM MARKETS

Except for cotton, most farm products found steady to strong markets last week, according to the Production and Marketing Administration, U. S. Department of Agriculture. However some minor easiness developed in livestock and vegetables.

Active demand for a wide range of cotton qualities failed to stem the downward trend. Prices sagged steadily most of the week, and netted losses of around \$7.50. Grain prices dipped lower toward

midweek but then recovered later on. Corn soared toward new high marks and closed Friday at \$2.98 for No. 2 white and \$2.41 for yellow in bulk carlots at Fort Worth and Galveston. Barley gained 8 cents.

Harvesting of the large rice crop started in Louisiana last week. Milled rice prices remained firm. Most tied markets continued strong. Hot wether increased demand for alfalfa hay, and prairie hay held steady. Peanuts from this year's crop will be supported at \$201 per ton for base grade southwest Spanish. Manufacturers show new interests in fall Texas wools to substitute for scarce South Africa types.

With hotter weather last week, demand improved for liberal supplies of watermelons which earlier had found dull markets. Black diamonds and Citrex brought mostly 75 cents to \$1.25 at Fort Worth. Cantalops, tomatoes and corn tended lower most of the week. Peach movement had not yet reached full volume in the southwest, and prices held about steady. Colorado peas and cauliflower weakened, but potatoes stayed about even. Colorado mixed vegetables found good demand at Kansas City.

Eggs and young chickens continued to sell at firm prices last week, as demand remained good. Mature poultry held about steady in most places. Low grade and current receipt eggs ranged generally from 30 to 35 cents per dozen, while medium grade candled eggs brought around 40 to 45, and top grade 45 to 50, some higher.

Slaughter cattle showed a great deal of easiness on southwest markets last week, while most replacement classes sold at steady to higher levels. Houston took common to medium stocker steers and yearlings at \$13.50 to \$16.50, and calves at \$11 to \$12.50. San Antonio bought medium to good stocker calves at \$16 to \$20, and yearlings at \$15 to

\$19. Fort Worth paid \$17 to \$21.50 for medium to good stocker and feeder steers and yearlings, and Oklahoma City gave \$17.50 to 21 for yearlings. Medium to good stocker steers and yearlings brought \$17 to \$20 at Wichita.

Most hog markets closed the week 25 to 50 cents or more higher but Fort Worth and Oklahoma City netted slight losses on butcher classes. Closing top was \$26.50 at San Antonio and Fort Worth; \$27.50 at Oklahoma City; and \$28 at Wichita. Sheep and lambs sold steady to a little higher than a week earlier. Medium spring lambs brought \$15 to \$19 at San Antonio, and medium to good kinds \$19 to \$22 at Fort Worth. Good and choice native spring lambs closed around \$23 at Wichita, and \$25.25 to \$26 at Denver. Oklahoma City paid up to \$22.50. Lamb crop for 1947 was announced at 22,369,000 head, 9 percent below 1946 22,369,000 head, 9 percent below 1946, and 26 percent below average.

A test devised by the American Standards Association has found that since 1941 merely twice as much energy has been packed into Eveready flashlight batteries.

Several thousand visitors to the annual Safety Convention and Exposition were tested by the Drive-o-meter and it was found that men averaged a quicker response to impending danger than women did.

Cotton's Competitors

COLLEGE STATION—The Production of synthetic fibers, as opposed to the "natural" fibers—cotton, wool, mohair, silk, and flax—is showing a big increase.

Up until around 1935, according to the USDA Southern Regional Research Laboratory at New Orleans, rayon was the only manufactured fiber in commercial production in the United States. It is made of cellulose. After a couple of false starts rayon production got under way in 1911 and has increased so rapidly that today it runs second only to cotton as a textile fiber. Production in still climbing: 482 million pounds in 1940 to 875 million in 1946.

Before 1940 the consumption of synthetic fibers other than rayon was very small, and even in 1940 totaled only 4.5 million pounds; by 1946 the figure had increased to 53.3 million pounds and outranked silk and flax.

Some of the man-made fibers that are coming up fast in the synthetic field are:

Glass fiber; commercial production began in 1936 but the output was very limited during the first three or four years.

Vinyon, a fiber made of synthetic resin, first made in 1938. Production is very small.

Nylon; commercial production began in 1939, after a short period of experimental operations. Aralac and saran, casein fibers were introduced commercially around 1940.

And a synthetic fiber made of soybeans is coming up.

Mr. and Mrs. Ryron Baldwin of Memphis visited Mr. and Mrs. L. E. Thompson Monday.

Miss Elizabeth Stevens is home from Pampa where she had been visiting her niece.

Mr. and Mrs. Joe Gordon and Mr. and Mrs. George Taylor of Panhandle are visiting his parents, Mr. and Mrs. L. L. Taylor.

Three London scientists, F. C. Hyman, G. A. Campbell and H. F. West, have developed a remarkable insecticide soap containing DDT. They have tested this soap on all kinds of dogs and find that it not only kills the vermin immediately, but prevents the dog from becoming reinfested even after being exposed to the other lice-ridden dogs.

LELIA LAKE
 The pastor of the First Baptist Church of Lelia Lake is conducting a two weeks revival at Lamesa and will be away again this Sunday, August 10th. Both Sunday and mid-week services are being taken care of by our able laymen within the church.
 The schedule to be followed will be interesting and helpful to everyone; and we urge your attendance at these services.

Mr. Kinch Leathers and Mr. Dennis Reid, two of our deacons will bring the morning message on Sunday, Aug. 10th.

Mr. James Smith and Mr. Lamar ten who are also Deacons of our Church will conduct the evening service on Aug. 10th.

We invite everyone to hear these men speak. We believe it will inspire and encourage your hearts. We have a fine group of laymen in our church who are gifted in leadership and are willing to give of their time to the cause of Christ.

Weekly SURPLUS NEWS WAA

It happened at Camp Bowie, near Brownwood, Texas, where Uncle Sam's star salesman, the War Assets Administration, was conducting an emergency site clearance sale of surplus government property which had originally cost \$283,886.32. The sale resulted in complete clearance of all surplus personal property as 220 bidders claimed the 106 lots offered in a space of two hours.

In its first Texas venture of "over the counter" sales of surplus real estate, the War Assets Administration disposed of 92 Delhart Army Air Field buildings recently at the rate of one every three minutes. Many of the structures will be converted into grain storage warehouses, barns and bins. The buildings were sold by the "spot bid" method instead of the usual formal, sealed bid procedure. One Delhart grain elevator operator, bought a large warehouse for the purpose of storing 35,000 bushels of wheat.

Starting August 4, general hardware items, including tools, dishes, ice refrigerators and kitchen equipment, will be for sale through the Customer Service Center of the Grand Prairie WAA office. All buyers may participate, it was said.

Plowin' Out-

(Continued from Front page)

We have "Spanked" the children to make them be quiet so we could listen to you. So now we are begging of you not to let us down, don't forsake us at this hour. Remember you have your obligations, and your reputation to think about. Don't ever be persuaded to try it again. Putting it in a few words; don't let any Ex-Professor, with his "Drummed up" letters induce you to play anymore of that "Long-haired", if that is what it is, music. If you

value your old friends and want to stay on the "Good side" of us Farmers, and don't want to be put in the class with Ex-professors and Newspaper columnists, don't do it.

Helping you keep the faith, Uncle Zeb.

I always thought that all a Congressman had to do after election was to "Hunt and Fish"; hunt for some new laws to pass, and fish out some old ones to repeal. But after reading that article in the papers last week, I apologize and I feel sorry for them, and I do hope they have their

vacation this year.

A few weeks ago we printed a letter from A Gentleman From Town, that had been working in the harvest. Here is an answer to it from a Boy that evidently spent some of his life on the Farm, but has probably chosen some profession, and forsaken his first love. Anyway, I agree with him too, and I do appreciate the kind things he has to say about us.

August 1, 1947

Dear Uncle Zeb, I wish to comment on a letter that appeared in your column a few weeks ago that was written by "A Gentleman From Town." I later heard the same letter read over KGNC by Uncle Jay and again I heard him make the statement that a farmer or a farmer's wife wanted a copy of it. I don't know whether Uncle Jay ever lived on a farm or not, however, aside from his comment, I heard a few more from some of the readers of your column. I really think it caused a few farmers to wish they had chosen some other occupation. I agree with the author that there are a lot of disappointments and some discouraging days on the farm but this is true with every occupation. I sincerely believe that anyone who has ever lived on the farm has a secret longing to re-live many the happy days spent there. However, I doubt if we would have any farmers if every day was spent at combining, but even that holds a certain amount of excitement for the true farmer. It is the climax of the years work. It means new machinery and new improvements for the farm. The duration was short and the returns were great this year. It is true that the farmer fights for what he gets but the farmer who has a goal and directs his efforts and his in-

vestments toward that goal will someday reap his reward. I am not writing about the windshield farmer - he missed his calling; he probably should have been a traveling salesman. The acquaintances I have among them are men with leadership and a sizeable income. But back to the farmer, what offers to a man a greater sense or feeling of well being than a horseback ride at the break of dawn? What offers more contentment than the smell of fresh turned soil? It is not always dusty, not even on the plains of the Panhandle. The reward is as great as the farmer's interest, the effort he puts forth, the sacrifices he makes and the love he has for the farm. If you don't feel this way, I am afraid you have chosen the wrong occupation. On the farm, your interest in your work is the only spur or alarm clock that you need. And your interests are as varied as your imagination. I was visiting a farm on the plains the other day and the fellow, or farmer I should say, had a sizeable strawberry patch AND IT PRODUCED STRAWBERRIES. Mr. Farmer, your occupation is honorable and worthwhile. No nation is richer than its Agricultural Resources. Mr. Farmer your station in life is what you desire it to be. Uncle Zeb, I hope you appreciate my interest in farm people.

Goodbye, A Reader.
