#### ENGLAND WAILS.

Again the cry comes from England for five billions of the American Plan mentioned above. We gave them outright four billions of dollars in 1944. They used most of it to buy railroads, coal mines and utility companies so they could "ge socialistic". The radical idea has failed. They want some more billions to try to make it work. Does America want socialism? If not, why try to spread it in England? We see a failure of socialist ideas in America every day. When people have access to a free affair, it is the most abused thing in existence, and that ranges from a rest room to a post office. So long as people pay for what they get, there is little or no discontent. Maybe the pioneer

had the best system after all—he depended upon himself alone—no one else, and his plan was a howling success.

#### THE KILLERS.

Branded as the No. 1 American killer is heart trouble. Millions are to be spent, and much has already been spent, to discover a remedy. My trusted physician friends inform me, and so have others of his profession, that the so-called "pain killers" on the market are the principal cause. So-called nerve tonics and nostrums that may be had most any place in any town of any size. Why not stop the cause, and the trouble will take of itself? Any physician will tell us that if a "pain killer" is necessary, the victim should consult a competent

physician first to find out what is causing the pain. Or shall people continue to die that a few may make a big profit?

#### BEFUDDLED AMERICA.

Millions of bushels of grain have been shipped across the Atlantic the past few months to rehabilitate and feed hungry Europeans. Most of it was taken over by distillery interests and the product shipped back to America where people are able to pay an extortionate price for top grade products. Why not let the Red Cross handle the starving question? Some seem to think that if the profits were taken out of donations, there would be very little donating done, except through the Red Cross.

#### IRISH QUESTION.

Under the so-called Marshall Plan (that is being termed the "American Plan" of late for effect), Ireland is to get five hundred million dollars to keep the Irish Catholics from going communists. Can you feature a Catholic becoming a communist?

a corporal. Four years of my life given to my country. I do believe that is worth a little. At least it is to me.

The veterans of World War I received a bonus. I don't see why they don't want the veterans of World War II to have one.

The government has spent billions of dollars for aid to foreign countries. It looks to me like it should have enough to give the boys who Fought, Bled and Died for their country, a bonus.

Why don't all of us GI's stick together and get a little something to start on. Write your Senator or Congressman today. Then write two of your buddies in another state. Let's work together and get this bonus across. "Election year is here boys," remember that.

### WHAT IS YOUR T. L. Q. ?

A safety check may save your neck! That was the terse advice offered today by W. J. Elliott, Chief of the Texas Highway Patrol, in urging motorists to keep the

safety equipment of their cars in tip top-shape.

"We are cooperating with safety authorities throughout the nation in a "Learn and Obey Traffic Laws" program during February," Chief Elliott said. "The law requires that your car have certain equipment for safety, and it's there when the manufacturer delivers the car. But it is up to the driver to keep it working properly."

He said National Safety Council figures show that 18 per cent of all vehicles involved in fatal accidents are defective. A recent nationwide police check-up showed one out of three cars defective, and one out of seven with bad brakes.

The major safety equipment was listed as brakes, lights, mirror, windshield wiper, horn and safety glass. Many of these items wear out or become damaged with use, and the motorist must see that they are maintained in good condition.

"Periodic inspection by trained mechanics is the answer," Captain Polk Ivy of the Amarillo District said. "Professional drivers, such as truck drivers, inspect their vehicles before every trip. That's a good idea for every driver, and it would save a lot of lives."

#### Attend Dinner in Amarillo

Mr. and Mrs. John Semrad and family attended a dinner in Amarillo Sunday given in honor of Mr. and Mrs. B. F. Dorman at the home of Mr. and Mrs. Calvin Dorman. Mrs. B. F. Dorman is the former Pauline Semrad. Also attending were Robert Semrad of San Diego, Calif., daughter of

Lubbock and Mrs. J. W. Hall of Mr. and Mrs. J. W. Semrad, and Mr. and Mrs. Jack Semrad.

W. T. Hayter spent the last week in Archer and Baylor county where he visited his mother Mrs. J. M. Hayter. He reported that they had received plenty of moisture in that section.

The following should be considered the opinion of the writer, in no matter reflecting on the editorial policies of the newspaper).

#### A LETTER FROM A VETERAN:

In regard to the letters on bonuses published in several newspapers in the Panhandle.

I am a veteran, married and have one child. When I went into the service I was living in Wisconsin. The saying then was "Nothing too good for the boys." Now that the war is over and the peace is won, what has become of that saying? I and 11 million other boys would like to know. People have told me I was a sucker for joining the army. If all of us Ex GI's, and the present ones, would have stayed out, what would have become of the country you and I love so much?

When I was discharged I received \$200.00. (I was one of those that did not have the opportunity to go over seas). \$200.00 was just like a drop of water in a bucket then, with the rent and groceries as high as they were then, and are now. That wasn't much to start out on.

I was in the army four years as

### Free Ride For You—on the Freedom Train!

We had a real thrill in our town just the other day—when the Freedom Train stopped by!

You've heard about it, of course—an actual train that's touring the country to remind us again what true Democracy means. It carries such Americana as the Declaration of Independence, the Bill of Rights, and other immortal documents that guarantee every citizen his liberty.

A great idea! And from where I sit, we're all riding along with that Freedom Train—right now—by living in a country that protects our individual liberties—whether they apply to our right to vote, to choose our church, to speak our minds, or enjoy a glass of beer with friends.

Only thing is—we've got to prove ourselves worthy of the ride... by guarding zealously against whatever forces of intolerance encroach upon our American concepts of live-and-let-live, in a free and strong Democracy!

Mrs. Roy Robertson was in Amarillo one day last week for medical aid.  
**COLD WEATHER**  
It was very cold at Tulia in Swisher County on this day in 1899. In fact, it was the lowest temperature ever recorded in Texas—24 degrees below zero.  
The next lowest temperature was recorded at Seminole in Gaines County on Feb. 8, 1933, when the mercury dropped to the unpleasant mark of 23 degrees below.  
The winter of 1899 was the most severe in the modern history of Texas. Snowfall up to 20 feet was recorded at several points in the state and the loss of livestock was of staggering proportions.

**Be Quick To Treat Bronchitis**

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.  
Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.  
No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

**Only Chevrolet Is First!**

Men and women everywhere agree: Only one is No. 1—only Chevrolet is first—in all-round value as in popularity. Consequently, more people drive Chevrolets than any other make, according to official nationwide registrations; and more people want Chevrolets than any other make, according to seven independent nationwide surveys. Here, in the new 1948 Chevrolet, is record value. For new and even more luxurious styling, colors and appointments have been added to all of Chevrolet's other advantages of BIG-CAR QUALITY AT LOWEST COST!

Meet the new standard of Big-Car beauty! It's here, in Chevrolet's Bodies by Fisher—finest bodies made—available only on Chevrolet and higher-priced cars.

You'll enjoy Big-Car performance, too, when you own a Chevrolet; for it brings you Valve-in-Head engine performance, found elsewhere only in more expensive cars.

You'll find Chevrolet rides more smoothly on all types of roads due to the famous Knee-Action Ride; and, of course, Knee-Action is found only on Chevrolet and costlier cars.

Keep your present car in good running condition by bringing it to us for skilled service, now and at regular intervals, pending delivery of your new Chevrolet.

 It's an expensive and slow process, but perhaps Maj. William G. Ivey, senior at Texas Christian University, has hit upon a new method of getting "A" grades from the Profs. A baby girl which joined the Ivey family a few weeks ago has been named, "Martine," for Dr. Martine Emert, who teaches history and geography. Mrs. Ivey, however, insists that she chose the name because she liked it, and not with any thought of her husband's standing in Dr. Emert's class. ## SMITH—MOORE

Mr. and Mrs. Reed Smith announce the recent marriage of their daughter Sue, to Mr. Joe Moore. Vows were exchanged in the chapel of the St. John the Baptist Episcopal church with the Rev. Warren Fry officiating, Thursday evening, Feb. 12. Mrs. Kent Stewart attended the bride as matron of honor. Mr. Walter G. Moxey and Mr. O. B. Cockrell were in attendance.

Mrs. Moore, a graduate of Clarendon High School, was in her second year at Clarendon Junior College. She is a past president of Kappa Kappa Sorority.

Mr. Moore is the son of Mrs. H. R. Smith, Cleburne, Texas. He is a graduate of Texas University and is Geologist for the Honolulu Oil Company.

At the completion of the oil well now being drilled near Clarendon, the couple will have a short vacation in South Texas, after which they will be at home at 800 S. Weatherford St., Midland, Texas.

## ENTERTAIN WITH DINNER

The members of the Gamma Kappa of the Delta Kappa Gamma Clarendon entertained with a dinner at the Donley Hotel Saturday, entertaining the club members of Childress, Hall and Collingsworth Counties. The Valentine motif was used. A book review—a work at our schools, was given by Miss Mary Foreman of Memphis.

## WESLEY SERVICE GUILD

The Wesley Service Guild of the Methodist Church met at the home of Miss Lucile Polk Monday afternoon. Mrs. Joe Ritter and Mrs. Halverson were co-hostesses with Miss Polk. Program—the Week of Prayer. Teacher—Mrs. Nathan Cox. Eighteen members and guests were served a lovely refreshment by the hostesses.

## SEMRAD—DORMAN

Miss Pauline Semrad, daughter of Mr. and Mrs. John W. Semrad of Clarendon, became the bride of B. F. Dorman, son of Mr. and Mrs. Dave Dorman of Shamrock on Saturday evening at 7:30 on Feb. 14.

Rev. Francis Smyer read the single ring service in the parsonage of Sacred Heart Cathedral in Amarillo.

The bride was attired in a becoming light blue wool suit with matching accessories and wore a corsage of pink carnations.

Attending the bride as matron of honor was Mrs. Calvin Dorman, sister of the bride. She wore a navy blue suit with matching accessories and a corsage of white carnations.

Paul Semrad, twin brother of the bride, served as best man.

The bride is a graduate of Clarendon High School. She also attended St. Mary's Academy at Okla. City 2 years. She is employed in the Advertising department of Graham-Hoeme in Amarillo. The groom attended school in Shamrock and served the army 2 years over seas. He is employed by the American Warehouse Co. The couple will make their home in Amarillo.

Following the ceremony a reception was given at the home of Mr. and Mrs. Jack Semrad at 2605 Taylor, Amarillo.

## New Styles Merely Onslaught On U.S. Purse, Author Declares

Fashion changes which have brought the radically new styles to the United States are merely another onslaught by foreign designers on the American pocketbook in the opinion of Philip Wylie, noted author, and observer of the contemporary American scene.

And just as long as American women submit to these foreign dictators they can't afford to look down their noses at Ubangi women for inserting a plate in their lip, he declares.

"For modern fashion has become a big business, controlled not by milady's real desire for novelty, her good taste and proper love of ornament, but by a mere commercial greed of the most cynical and exploitative variety," Wylie says in an article in the November issue of Cosmopolitan magazine.

"The world of fashion has one purpose; to make as much money at it can, as fast as possible, from Mrs. and Miss America. Thus, the changing fashions no longer follow cultural tendencies, but, if anything, precipitate such tendencies.

"Designer" is a very good name for those who promote the fraud; they have designs on one thing; America's pocketbook."

Fashion designers who have designs on the American pocketbook have one tried and true formula, according to Wylie, who asserts: "Each new style has been one that has made milady's extant wardrobe obsolete. Fashion's aim has become to shame American women into constant buying without any real need at all. The technique of mass panic has been

mercilessly employed, through advertising and high-pressure public relations, to keep the ladies afraid that what they have in the way of clothes is forever too long, short, wide, narrow, plain or ornate.

"Today it is impossible for a woman to be dressed 'correctly' for more than a few months without new clothes."

American women should be bright enough, in Wylie's opinion, to apply the brakes on an exploitation of themselves which periodically makes them look absurd, often injures their health, and constantly sabotages their bank accounts.

"A few new attitudes are needed," he asserts. "First would be a general appreciation of the fact that any dress or garment which is beautiful to wear is always beautiful, faddish or not. Next should come the simple admission that anything which restricts natural functions is both criminal and hideous. Finally the public should perceive that women who sedulously follow fashion today, are, one and all, prize suckers on history's greatest sucker's list."

Mrs. W. H. Patrick and Mr. John Bugbee were in Amarillo on business Wednesday.

Mrs. U. T. Fowler and son J. M. are visiting relatives in Amarillo this week.

Mr. and Mrs. Roy Beverly and son R. A. Jr. and daughter Marjorie Beverly Bell attended the funeral service for Mr. Gaston Wiley, brother of Mrs. Beverly, at Clayton, N. Mex.

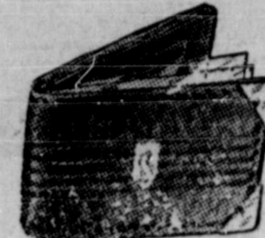

Mr. and Mrs. Dalton Ford and children Charles and Nancy of White Deer visited her parents, Mr. and Mrs. A. G. Lane Sunday.

Duglas Lowe who is working at Claude visited home folks the week end.

Those attending the Baptist Workers meeting at Estelline Tuesday were Rev. and Mrs. L. A. Sartain, Mrs. Lola Barnes, Mrs. A. P. Todd, Mrs. Hubert Heatherly, Mrs. Sibley, Mr. A. H. Moore, Mrs. Dwight Blair and baby, Mrs. A. W. Simpson, Mr. and Mrs. R. W. Moore and Ben Hughes from Snyder, Okla., who is teaching the training union book "How to Bring Men to Christ" every night this week at the church.

### Veterans News

More than a half-million World War II veterans in 1947 bought homes of their own with the aid of Government-guaranteed loans under the GI Bill, the Veterans Administration reports.

VA said 540,000 GI home loans were made to veterans during the year compared with 410,000 in 1946. This brings the total number of GI home loans approved since the program started late in 1944 to 1,056,771.

VA found that the average home bought by veterans in 1947 carried a price tag of \$7,200. Four of every 10 veteran-purchasers paid over \$8,000, and one in 20 upwards of \$12,000 for the home they chose.

Of 490,000 first-mortgage loans guaranteed during the year, 290,000 were for the purchase of existing homes at an average price of \$6,700. About 160,000 were for newly-constructed houses averaging \$8,200 each.

Eligible veterans, estimated to number more than 14,000,000, still have nearly 10 years in which to exercise their loan guarantee rights under the GI Bill. Real estate loans carry a Government guarantee of 50 percent of the amount of the loan, up to a maximum guarantee of \$4,000.

One in every three World War II veterans has taken some form of education or training under the GI Bill or Public Law 16 since both laws went into effect, VA said.

Almost three-quarters of a million educational institutions and on-job training establishments have been approved by state approving agencies and VA to offer training to veterans under the GI Bill and Public Law 16.

Although farm management training under the GI Bill ordinarily is limited to one veteran on a single farm, the Veterans Administration this week announced three conditions under which two veterans may take this training on the same farm.

- They are:
- (1) The approved training institution and VA must find that conditions on the farm will assure successful training and subsequent self-employment on the same farm for both veterans.
  - (2) The training of both veterans must meet all requirements specified in Public Law 377 which established the institutional on-farm training programs.
  - (3) The two veterans must furnish

documentary evidence that they have formed a bona-fide partnership, with equal authority in the management and operation of the farm.

Under no circumstances will VA permit a veteran to enter training as an employee-trainee on the farm of another veteran enrolled for farm management training.

Almost 87 percent of the 203,000 World War II veterans enrolled for institutional on-farm training under the GI Bill are training on farms under their control. The remainder are training as employee-trainees on farms approved by the training institution.

Nearly 2,500,000 able-bodied veterans were in schools and on-the-job training establishments under the GI Bill near the close of 1947, the Veterans Administration has revealed. All but a half-million were in educational institutions.

Twenty-five national veterans' and welfare organizations are serving Veterans Administration hospitals on a voluntary basis as member agencies of the VA Voluntary Service National Advisory Committee.

AT INDEPENDENCE, Kan., Senator Martin of Pennsylvania made a Lincoln Day speech yesterday.

One of our alert Scripps-Howard writers picked it up and passed this quotation along under the caption, "A Spoon-Fed Abe" - - - "Lincoln's early struggles and the hardships he endured give emphasis to the words attributed to your former governor, Henry J. Allen:

"Had Abraham Lincoln been living today the Rotary Club would supply him with a set of books. The Lions Club with a good reading lamp. The Cosmopolitan Club with writing equipment. The Kiwanis Club with a wooden floor for the cabin. He would have the protection of the child labor law and government old-age assistance. A kindly philanthropist would send him to college with a scholarship. Incidentally, a case worker would see that his father received a monthly check from the county. The OPA would reduce his rent by 50 per cent. He would receive a subsidy for rail spitting; another for raising some crop he was going to raise anyway; and another for not raising a crop he had no intention of raising.

'Result: There would have been no Abraham Lincoln.'

"Once we strained our muscles for liberty. Today we seem willing to surrender a share of freedom for a handout from Washington."—Ft. Worth Press.

### Weekly SURPLUS NEWS

All remaining buildings for offsite use at Camp Bowie, near Brownwood, will go to high bidders at a WAA location sale March 2, 3 and 4. The "Windup" clearance is so included 418 buildings, many of them easily portable hutments, but including mess halls, repair and maintenance shops, libraries, stable a blacksmith shop and other special structures. Anyone is eligible to buy and title will be transferred the same day of purchase. The public is invited to make inspection of the buildings at the camp site from February 19 through March 1.

When 7,000 metal folding chairs went on sale in a recent war surplus offering, so many offers of purchase were received at the War Assets office at Grand Prairie, that award officials had to resort to drawings to determine successful purchasers. As a result 70 veterans, many from the North Texas area, took the entire amount, each being allotted 100 of the chairs. Federal agencies, including several veterans hospitals, got some of the other items, including textiles, footwear, and hardware goods stored at Fort Worth and Oklahoma depots.

Atabrine, that drug used by the armed services in the treatment and prevention of malaria, appeared as a headline item this week among War surplus merchandise. Some three million bottles of the atabrine, in both tablet and ampule form, are on government shelves in the Grand Prairie and other War Assets regions. By means of a nationwide sale, and newly reduced prices on the drug, WAA hopes to clear its shelves of atabrine by March 2. Interested purchasers can obtain full details on the sale through the Grand Prairie Customer Service Center.

A Brownwood church congregation which recently had its house of worship destroyed by fire expressed gratitude for speedy WAA action this week. Within 15 minutes after Rev. W. A. Record, pastor of the Brownwood Methodist Avenue Church of Christ, arrived at the Grand Prairie office, he had assurance of acquiring a surplus army chapel from nearby Camp Bowie. By means of a quick call to the army's chief of supplies, the WAA was able to bypass the customary formalities and make the award at once.

Mr. Tolbert is gradually improving after being down since August.

Mrs. Laura Taylor of Lelia Lake and Mrs. Henry Tatum made a business trip to Hollis, Okla., Shamrock and McLean Wednesday.

Mr. and Mrs. J. A. Sowell, their daughter, Mrs. P. O. Thompson and three children, Geo., Catherine and Jimmy visited in the A. T. Tolbert home Sunday evening.

### WEATHER GOES FROM ONE EXTREME TO ANOTHER

The weather can do all kinds of things, especially here in the Panhandle, and it has showed us what it can really do the past week. Wednesday a week ago, the mercury dropped to a low of 6 degrees with blowing snow. Yesterday there was quite a contrast to that cold disagreeable weather—it was a balmy 72.9 degrees. This morning we seem to have plenty of blowing matter in the air and it sure isn't snow. Many business firms closed

their doors last Thursday afternoon and Friday morning to help conserve gas. After the thaw started, there were many residents reporting bursted pipes and the City had plenty of work on their hands thawing out and replacing bursted pipes. During the week end there were several lead-in pipes from the main line that bursted and the water finally worked its way to the surface and ran like small artesian wells.

Mrs. Tolbert's father, Mr. Hollis is improving. He had a stroke Jan. 4th.

### IT'S A SHORT JUMP FROM NOW TO SPRING

Does Your Farm Equipment Need Repair?

Some morning soon you'll sniff the air and know it's spring... plowing time!

The question is: Will you be ready? Does your tractor or implements need repair? How about a motor tune-up, overhaul, complete rebuilding, welding, adjusting?

Now is the time to check over your equipment and let our mechanics give you an expert repair job. Our men are trained to give you factory-approved service. Think of the time you'll save when time really counts.

Put your job at the head of the list by bringing it in early, or schedule it by phone.

**VA Approves Osteopaths' Treatments**

WASHINGTON, Feb. 9 — For the first time, war veterans will be afforded out-patient treatment by osteopathic physicians under an order issued Monday by Dr. Paul B. Magnuson, chief medical director of the Veterans Administration.

Although osteopathic treatments have been available for sometime in Veterans Administration hospitals, there has been no previous authorization for direct treatments for veterans with service-connected disabilities at or near homes.

In announcing the new authorization, Dr. Magnuson said: "Within the limits of practice of the healing art imposed by their respective states licenses, osteopathic physicians, when their services are requested by veterans, may be designated to provide out-patient treatment, on a fee basis, for service-connected disabilities under the same rules and regulations as govern such services by doctors of medicine."

Under Texas law, osteopathic physicians are licensed just as doctors of medicine.

VA officials cautioned, however, that veterans should secure the usual approval of the administration before seeking out-patient care.

## A FEED for Every NEED

Since 1929

We now carry two lines of Mixed Feeds—The old reliable Chic-O-Line Feeds which has been improved and now being offered at radically reduced prices, and The New Wes-Tex line of mixed feeds. A trial will convince you. These feeds are different to other brands.

It pays to feed the best. We have a full, and complete line of home grown grain and have mixed feeds of all kinds. We are still asking to do your feed chopping and mixing. Grind all of your feed and make your dollars have more cents.

Just unloaded a car of Fancy Colorado Lump Coal. Bring us your empty feed sacks before the mice destroy them. Put them in the bank.

**CITY-COUNTY LIBRARY NOTES**

By May L. Prewitt

A recent Library publication stated that the New York Public Library felt the impact of the city's largest snow storm three days after it happened, for well over 10,000 people were in the main building at Fifth Avenue and Forty Second St. The library was so crowded in the afternoon that SRO signs (Standing Room Only) went up in many reading rooms. The reason for this was that readers and researchers who regularly study there could not reach the Library for several days.

The two days we were closed for gas shortage, resulted in two of the following days being the busiest afternoons of the year. People seem to be interested in personal advancement in business, books on psychology, salesmanship, science and trade magazines, as well as fiction, and others of the entertainment field. The reference books we have on the shelves are not sufficient for the demand at present, but this is likely due to the fact that courses now offered at the college cover a vast range of vocations. Many of these require technical information in which the present library is lacking in material. One library report states that many of the interests shown in that library are by young married couples just beginning to establish their homes, and are trying to draw from the experience of the experts, and others on the best way to proceed.

On the list of "Fifty Notable Books of 1947" prepared by the American Library Association, this library has almost half of the list, and there will be several more added to this list when our present orders are received.

Some appreciated books, both fiction and non-fiction have been received as gifts to the library this month. Mrs. Cap Morris gave two, Mr. Clyde Price contributed several, Mrs. Frank Thomas was quite generous with her pocket editions, and little Royce Long gave an attractive children's book. Then the American Legion Auxiliary dedicated to the memory of Mrs. Louie Thompson, "Women Tell The Story of The Southwest" by Mattie Loyd Wooten. This book is attractively

bound, and contains many fascinating accounts, of the experiences of women in two or three of our Southwest states. Many of these women are Texans of near and at Austin, and in the Panhandle in the early history of our state. The Charlie Speed family gave a book in memory of Mr. Brooks Chesshir which the Library has desired for several months, namely, "Peace of Mine," by Joshua Lath Liebman. These

gifts are greatly appreciated by the library, and others concerned.

Friends of Mr. and Mrs. L. E. Douglas of Arlington, Va. have received announcement of the arrival of a son, Nicholas Albert, born on Jan. 31. Mrs. Douglas will be remembered as Margaret Lee Williams, daughter of the late Dr. and Mrs. N. F. Williams, who resided in Clarendon for many years.

**RADIO?** No comedians, news, symphonies, dance bands, no "Hour of Charm," no radio—without electricity.

**MOVIES?** Electricity screens 'em, keeps 'em moving, makes 'em talk, and even keeps the customers cool!

**X-RAY?** The X-ray itself is actually a special kind of electricity—and that's no rib!

**TELEPHONE?** Electricity carries your voice along the wires and rings the bell of the other end.

**HOME APPLIANCES?** Electricity makes 'em work—heats, cools, freezes, lights, cleans, entertains—and then some!

**How many of these need electricity?**

You're right. All these—and many other good things of modern life. In a recent Gallup poll, Americans named electric service as one of the most important inventions of all time.

Dependable electric service is available to customers of the West Texas Utilities Company at bargain rates... rates which, to residential consumers, are 17% less than they were ten years ago.

**West Texas Utilities Company**

Last week I received the following letter from our City Secretary; evidently he didn't ap-

preciate the fact that little boys were getting us mixed up. Anyway, he expresses some good ideas in his letter, so I am passing it on to all of you.

Dear Uncle Zeb: Now, now, Uncle Zeb, remember that being mistaken for you was just as upsetting to me as it was to you, if not more so. I've been looking at your picture and I just can't get over it. At first I reasoned that the best thing I could do was stay home; but on second thought the boy didn't say

you were homely, or that I was homely. After all, it is only natural for one good looking person to be mistaken for another. I know we may have a hard time getting away with this line of reasoning, but it may be our only way out. And if you really want to see this thing through together you could make it more convincing by using my picture instead of that horrible one of you. Anyway "Pretty is, as pretty does." Maybe if we get busy acting real nice, they won't pay much attention to our physiognomy (Any-way yours).

Now, about that "Seven Man Truth Board" of yours. I can't say for sure yet, but it looks like I am going to be agin' it. First, people don't much like to hear the truth; it hurts too bad. Second, we might only get one side of it, and now we get two or three, maybe more. Then, I doubt

if seven men could ever agree on what was the truth, and we would always have the danger of winding up with a Propaganda Minister. Yeah, it looks like I am going to be agin' it. I know you didn't ask for my opinion, but anyway you got it.

Uncle Zeb; you may not look so hot, but your little column is habit formin'; it's good, I like it, and keep it up. Also, if I am going to be mistaken for you, for goodness sakes, watch your step.

Toots. Thanks Mr. Secretary, for the letter, and I did ask for it, and want it. However, I wouldn't want to run the risk of using your picture, but I do appreciate the offer. You are the only reader so far to come to my board, and I am afraid you are right. I guess I will have to drop it unless I get more encouragement. I thought it sounded good, but just forget it. Please don't anyone mention it

again. Anyway, I enjoyed all the letter except the word Physiognomy. You hit me below the belt with that one, but I hope it is something good, at least, not illegal to use in print, and thanks, and thanks.

The recent price crash caused me to feel poetic again. Forgive me this once. The Farmer sure will feel the pinch.

Of any downward trend. He'll get it first, that is a cinch. And also, in the end.

(Reprint from last summer) I saw a Farmer looking sore I said, "Hey Bud, what's Cookin'?"

He said, "I sold my wheat before The economists started lookin'."

Last week I met another: I saw a Farmer looking blue, I said, "What's happened to you?"

He said, "I held my wheat clear thru' Till the prices went ka-bloo-ey."

This week we give a special invitation to the folks around Claude to write in.

The second week in March is Uncle Zeb's Birthday. Please don't send anything expensive—just a card or a letter.

**SEDATIVE FATAL TO AUSTIN CHILD**

AUSTIN, Feb. 16 — An Austin child died suddenly Monday, victim of an unusual reaction to an ordinary sedative.

The 2½ year old child, Lynn Kerr, daughter of Rev. and Mrs. Walter Kerr, choked as she took half an aspirin dissolved in water.

A pediatrician attributed death to a possible combination of strangulation, allergy and heart failure.

**KENNEDY DAVIS WRITES BOOK REVIEWS FOR BROADCAST**

Friends of Kennedy Davis can receive some wonderful listening pleasure by tuning in to KAMQ, Amarillo broadcasting station, at 2 p. m. each Sunday and hear them present book reviews written by Kennedy.

The past Sunday his reviews were "Prince of Foxes" and "Come a Cavalier". This next Sunday his reviews will be a Study of History by Arnold J. Toynbee and God and Men.

Kennedy has devoted much of his time to study and reading for several years and has developed a keen knowledge of books, current events and national affairs. His program on the radio is sponsored by Russell Stationery of Amarillo.
