SOCIAL SECURITY ANNOUNCEMENT

It has come to the attention of the Social Security Administration that some employers are reporting wages for themselves as well as their employees, according to J. R. Sanderson, Manager of the Amarillo Office of the Social Security Administration. "Employers in unincorporated businesses who have reported wages for themselves should file for a refund of the tax which they have paid on their own wages. The application for refund should be filed with the Collector of Internal Revenue before the expiration of four years after the payment to the Collector of the tax," he continued.

"At present, old-age and survivors insurance benefits under the Social Security Act are limited to wage earners. Excluded, therefore, are many persons who work for their living. They are the self-employed - owners of small stores, farmers, insurance agents, and others. The Social Security Administration has recommended that the old-age and survivors insurance system be extended to all self-employed persons," Mr. Sanderson said.

MARINE CORPS HYMN NOW CENTURY OLD

December marks the 100th birthday of the Marine Corps Hymn, Earl G. Hopkins, Marine our loving father, and for the Corps recruiter of the Amarillo station announced.

Mystery shrouds the origin of the official marching song of the Leathernecks, but extensive research indicates that it was first sung in 1847. An unknown Marine is believed to have written the lines "From the Halls of Montezuma To the Shores of Tripoli" shortly after the Marines had stormed the palace of Chapultepec in Mexico City - The Halls of Montezuma, Sgt. Hopkins

Even the origin of the music is doubtful. It is believed to have Emmett Simmons, Mrs. Allen been adapted from an old Span-Bryan, Mrs. Beck, Mrs. Bess ish Folk tune, although the mel-Stricklin, Mrs. Ray Palmer, Mrs. ody also occurs in the French J. L. McMurtry and Misses Anna opera "Genevieve De Brabant" by Jules Offenbach

A limited number of copies of Mr. and Mrs. Earl Butler and the Hymn set for Orchestration baby Kenneth of Borger spent may be obtained by calling at the Marine Corps Recruiting Office, 208 Post Office, Amarillo, Texas.

RELIABLE PRESCRIPTION SERVICE

HY, the way Reddy Kilowatt, your electric servant, jumps to your service when you flip a switch!

How quick is a wink? Well, scientists have clocked it at 1-300th of a second. But electricity arrives at 1-10,000,000th of a second after you make contact. That's speed! That's service!

And it's not only quick service, it's dependable service, too. Day and night, summer and winter, Reddy is ready and waiting. Keeping him constantly ready to serve you takes plenty of planning, plenty of skilled and experienced people. Yes, and it takes plenty of keeping up with the latest technical developments!

That's why today, in spite of rising costs in living, the average family is getting twice as much electricity for its money as it did 20 years ago. That's why electricity is the smallest item in the family
