## Womanless Wedding To Be Presented March 28th

If you would like to see local talent displayed in all its glory and pomp, you will have the opportunity next Thursday, March 28th, at 7:45 p. m. Just be on hand at the College Auditorium for the "Womanless Wedding" on that date and see if you can identify these beauties.

According to the director, Mrs. Charley Bairfield, you will really miss some good acting if you fail to see this play. Laughs galore are in store for you. If you are wondering why these business men have decided to use some of their hidden acting talents, here's why: it is to raise money for our band. More suits, music and instruments are needed. Come on and have a good time and help your band as well. Said band will play several numbers before curtain time. You don't want to miss it. Laughs and fun for all!

**Don't forget: Date—March 28th; Place—College Auditorium. Time—Band music, 7:45—Curtain time, 8:15. Price—School children, 15c—Adults, 35c. Be there! Back your band!**

### BONER HOWARD EMPLOYED AT FARMERS EXCHANGE

Boner Howard, former employee of the Piggly Wiggly, who recently received his discharge from the service after spending forty months in Lubbock and California is back home again and is now employed at the Farmers Exchange.

Boner states that he is happy to be peddling prunes again and is glad to be back in Clarendon with his old friends.

Mr. and Mrs. John Burton King from Clovis, N. M. visited her parents, Mr. and Mrs. Douglas Wadsworth the weekend.

### Altus Man Buys Smith Cleaners Recently

O. W. Brock of Altus, Okla. recently purchased the Smith Cleaners firm here and will operate the business under the name of Brock Cleaners. Mr. Brock has been in this type of business for the past 18 years and comes to Clarendon highly recommended for his ability in this line of business.

The business has been modernized by the addition of some new equipment such as a dress finishing unit and hat blocking equipment.

Mr. and Mrs. Brock have also purchased the residence of John Henry Crawford and Mrs. Brock and their son and daughter will move here the first of next month. Mr. Brock has been living here and operating the business for the past few weeks.

### RED CROSS DRIVE GOES INTO FULL SWING THIS WEEK

The Red Cross Drive in Donley County got off to a fine start the first of this week with members of the Lions club making a solicitation of the business district Monday and Tuesday. A scattered report from various workers revealed that the donations were coming in pretty good but that there was a long way to go yet before the quota of \$2,950 was reached.

Workers are active in all communities and a more definite report is promised by next week. All you have to do in the meantime is to be sure that your donation is in and if some worker fails to contact you, don't wait for someone else to come by—just

### BOXING TOURNAMENT AT WELLINGTON THIS WEEK END

Coach Bill Bentley stated Wednesday that he expected to have approximately 10 boys ready to make the trip to Wellington for the boxing tournament there this week end. A large number of the local boys have been hampered by injuries and the flu and there will be some of them that will not get to make the trip.

The Wellington tournament starts Friday and goes through Saturday night. Over 100 boys are expected to enter the tournament from various towns.

### R. L. COOKSEY TO HOLD REVIVAL AT NAYLOR SCHOOL HOUSE

R. L. Cooksey, pastor of the First Baptist Church at Lelia Lake, announced yesterday that he would hold a revival meeting in the Naylor school house beginning Sunday, March 24, at 8 p. m. The meeting will be held each night during the following week ending the next Sunday afternoon, March 31st. Everyone is cordially invited to attend these services.

### PRICE CONTROL NEWS

Shake hands with Private Jones! His right hand is just a "nub", but go ahead and grasp it. If he can stand it, you can!

The war is over, you know. Or is it?

A man who lost a hand in battle will go on making payments on Victory for the rest of his life. You'll meet him on the street soon in civilian clothes, and he'll meet you or anyone else on even terms. No favors asked.

But give him a break! He's been fighting, not making money. You can outbid him on the goods that are scarce now, but don't do that. You'll simply force prices up so that you won't get your moneys worth and he won't get the things he really needs. Ask and pay only legal prices.

Safeguard him against further devastation brought on by inflation—lost value for the money and bonds he's saved, a lost home of which he has dreamed, and the peace and security to be found in the knowledge that he has a decent job. Yes, Pvt. Jones has a right to these things, but inflation can rob him.

Make what you have do awhile longer. Put your money in Victory Bonds, to come back to you in ten years with interest, with far greater purchasing power than it has now.

### RED CROSS DRIVE GOES INTO FULL SWING THIS WEEK

take your donation to any of the banks, the Mulkey Theatre or to Clyde Slavin and they will see that the money is turned in.

Everyone knows or should know the importance of the Red Cross drive and should give freely; at least half of what you gave last year and we are bound to go over the top again this year if you do. The Red Cross, as always, still has a big job to do and without the help of everyone in a big or small way, cannot continue to do their helpful work.

The drive is scheduled to end the last of this month and we can end it sooner than that if you get your donation in right away.

### OLD TIMER LOOKS OVER CLARENDON

More than forty years ago Frank Loper was a top cowhand in these parts. For the past thirty or more years he has been making his headquarters at Tulia and Amarillo, where he is contractor and builder.

He stopped in Clarendon a few hours Tuesday to visit old friends on his way from Dallas to Amarillo. He had been visiting a daughter and her family down state.

Floyd N. Haudashell Coxswain, son of Mr. and Mrs. W. T. Haudashell is home on a furlough after spending the past 19 months in the New Hebrides Islands in the South Pacific. He will report to the U. S. Naval Air Station at Dallas, April 1st.

### Clarendon Lions Club

By Edith McCrary

The regular weekly meeting of the Clarendon Lions Club was held in the Anpro Hotel, Tuesday, March 19, 1946. Roll call was followed by reading and approval of the minutes of last week's meeting. Fifty-nine members were recorded as present, making a percent rating of seventy-two.

Two guests were present for the meeting; they were Mr. Robertson of Amarillo and Mr. Otis Owen of Hedley.

Lion J. R. Gillham made a report to the club concerning the road meeting held in Memphis last week. According to his statements, good results were obtained by the commissioners. On recommendation of the participants of the meeting he has written to the Highway Commission requesting a hearing for the highway project. Lion Gillham told the club members that the hearing would be held during the Highway Commission meeting in April.

Boss Lion Lowell appointed the rodeo committee with Charles Lowry as temporary chairman and instructed him to call a meeting of the group to begin immediate work on the project. He also called to the attention of the club the observance of Army Day which will be held April 6th and told the members that work on the plans for the occasion is making good progress.

Concerning the Red Cross drive, Lion Drennan remarked that donations were coming in readily but urged the Lions to continue their support of the campaign. When asked who one might give their donations to, he stated that it could be given to Clyde Slavin, Lee Bell, Van Kennedy, Bud Knorpp or Katherine Bugbee.

Lion Clifford Davis announced a meeting to be held to undertake a Boy Scout program and urged all Lions interested in securing such an organization to be present. It was held Tuesday evening, 7:30, at the Legion Hall. He also suggested that the Lions club consider sponsoring a Senior Scout program as the American Legion is developing the other enterprise.

A presentation of awards was made by Lion Cap Morris. The awards were received by Lions Rayburn Smith and Homer Estlack for their faithful work as members of the club.

Several short talks were made by different Lions. "What Lionism Means" was discussed by Lion J. R. Porter and Lion W. B. Smith. Lions Jimmie Watters and Winston Wood spoke on "Why I Became a Lion."

At the conclusion of the hour, the members adjourned after singing "America" while facing the flag.

### Legion Airmen

By Legion Reporter

The regular meeting time of the American Legion Post here Tuesday evening was donated entirely to Hugo Olsen of Pampa, Scout Executive in the Adobe Walls Council. Approximately 125 persons came to the meeting to hear him speak about Boy Scout work and to see his interesting slides projected on a screen.

Forty-three boys have signed up to become scouts, and already eight of them have passed their initial test, that of the tenderfoot. This shows that the movement has created keen interest, simply because of the fact that it is one of the most worthwhile things a boy could ever be a part of.

The boys will meet on each Thursday evening in the old dormitory building across the street from the High School and College from now on.

Mr. Olsen presented scouting from its origin down to the present time. He pointed out that the Boy Scouts were created by Lord Baden Powell in England and brought to America by W. D. Boyce. He explained the national significance of the movement and the phases of its organization from the congressional authorization established by our national government down through the councils, districts, and the troops themselves. He emphasized the dividends scouting pays in stating that eighty percent of high ranking army officers were, in their boyhood, high ranking scouts; and that seventy-five percent of the personnel which form our Federal Bureau of Investigation were once high ranking scouts.

The boys' enlistments and the forms which the troop committee and scout officers were required to fill out were given to Mr. Olsen who will issue the charter to the troop as soon as these papers are approved. This should take about three or four weeks; then he and other scout executives of the Adobe Walls Council will come back here and formally issue the charter.

In reference to Legion activity—the next 18th district meeting will be held at the Legion Hall at Claude Tuesday evening at 7:30, March 26th. Every member of the local post is urged to attend. Lew Fields, district commander, will preside at the meeting.

### Soil Conservation Board Meets

County agent H. M. Breedlove stated this morning that the board of Supervisors of the Donley County soil conservation board met in his office on Thursday, March 14th and compiled data on the county to be submitted to Washington for the completion of the soil conservation district. Mr. J. R. Porter, chairman of the board presided and Charles Bairfield, secretary read the previous minutes of meetings and material was turned in to Mr. Bairfield to be submitted when it is completed.

Those attending the meeting were J. R. Porter, chairman; Chas. Bairfield, secretary; J. A. Tollett, W. P. Doherty, H. T. Burton, Miss Ruth Richerson and county agent H. M. Breedlove.

Mr. Porter set the next meeting of the board on Thurs., March 28.

Mr. and Mrs. Marian Cox of Panhandle spent the weekend with her mother, Mrs. A. H. Baker. Mrs. Baker accompanied them home for a visit.

Mr. Mitch Bell has returned from a trip to Clovis, N. M., Farwell and Amarillo.

### BOYS CLUB OF WICHITA FALLS IN DUAL MATCH HERE APRIL 12

Boxing Coach Bill Bentley received word this week that the Boys Club boxing team of Wichita Falls would be here April 12th for a dual match with the Bronchos. They stated that they could match 18 bouts.

The boys from Wichita are reported to be pretty good and made a mighty good showing for themselves at the Golden Gloves at Ft. Worth.

More particulars on the match will be released at a later date, according to Bentley, but he just wanted to let all boxing fans know ahead of time so arrangements can be made to attend.

### CLARENDON CLINIC-ADAIR HOSPITAL

The National Osteopathic Hospital Inspector, Dr. Orel F. Martin, of Boston, Mass., made an inspection of our hospital March 14, and was very much pleased with our institution and the type of service that is available to the people of this community.

Dismissals from the hospital since our last writing have been:

Major Surgical: Mrs. George Johnson, Hedley; Billy Neil McKee, Hedley; Mrs. Fleeta Howerton, Hedley.

Minor Surgical: Mrs. Hubert Heatherly, Clarendon; Mrs. V. E. Earl, Clarendon; Mrs. T. J. Talley, Clarendon; Mr. Harry Blair, Clarendon.

Medical Cases: Mr. F. E. Hamm, Brice; Mrs. John C. Smith, Vance City, Okla.; and Mr. L. D. Cravey, Brice.

Surgical Cases confined to the hospital at this time are: Miss Earnestine White, Clarendon; Miss Earline Johnson, Claude; Miss Sue Banister, Clarendon; and Mrs. Howard Price, Claude.

Medical patients include: Mr. Clyde Gilbert, Clarendon; Mrs. W. E. Grimsley, Hedley; Mrs. Joe Horn, Clarendon; and Garland Roy Peabody, Clarendon.

### WASHINGTON RELATIVES VISIT CLARENDON

Mr. and Mrs. Thos. J. Bones of Vancouver, Wash. are visiting relatives in Clarendon at this time. Mr. Bones has been engaged in ship yard work to help in the war cause. Photography is his profession.

Leaving here in 1916, Mr. Bones has resided mostly on the west coast and this is his first visit back here in twenty-four years.

### WILLARD HUDSON RECEIVES DISCHARGE

Willard Hudson, part owner of the Hudson & Taylor Paint Store, arrived home the past week after receiving his discharge from the Navy. Willard states that he is glad to be back home again where he can take an active part in the business here.

### W. D. SCOTT HOME TO STAY

Sgt. W. D. Scott, son of Mrs. Velma Scott and husband of Mrs. Geneva Scott, both of Clarendon, came home Tuesday with his discharge from the Army after about 30 months service in the European Theatre of war. He landed in the United States at an eastern seaport some two weeks ago, and received his discharge at a separation center in Arkansas a few days later. His wife and young son have lived here during his absence.

### VOCATION DIRECTORS VISIT CLARENDON

Spending Sunday here with Postmaster J. C. Estlack were two men who have done a wonderful job over the state in helping others to help themselves.

J. J. Brown, director of vocation rehabilitation and his assistant, L. T. Johnson, make their headquarters in Austin. Many are those who have been helped through these good men and funds of the state and federal government.

They visited some ladies here whom they had directed to this form of preparation some years ago. The schooling is designed to help the physically handicapped young and old of the state.

### INFANT SON OF MIKE McCULLY'S BURIED THURSDAY

Michael Maury McCully 3rd, son of Mr. and Mrs. M. M. (Mike) McCully of this city, was laid to rest in the I.O.O.F. Cemetery Friday, March 14th. He is survived by his parents and one sister, Mary Frances McCully. Also his grandparents here, Mr. and Mrs. Odos Caraway.

Burial was under the direction of the Womack Funeral Home.

### Car Tag Sales Very Slow Now; Rush In Sight

The County Tax Assessor-Collector's office is making another appeal to vehicle owners to come in and buy their 1946 tags now before the deadline March 31st.

Up to the present time, approximately 875 tags have been purchased. This is about 1,000 short of the amount that was purchased last year and means only one thing and that is a mad rush the last few days before the first of April.

You are asked to bring along your Certificate of Title and registration receipt for last year as both are necessary to get your new tags and the certificate of title must be in good order showing proper title before the new tag is issued.

After April 1st, a penalty will be added when tags are bought and if you are caught driving with old tags you are subject to a fine.

### APRIL 6 HAS BEEN DESIGNATED AS ARMY DAY BY PRESIDENT

### BAPTIST S. S. CLASSES MAKING CLOTHING DRIVE

The Sunday School classes of the Baptist Church are making a clothing drive for Chinese relief.

Anything clean and in good repair is acceptable and will be appreciated. You are asked to leave any clothing you might have for this purpose at the O&S Grocery which is the main collection location.

### REVIVAL AT ASSEMBLY OF GOD CHURCH

A revival will begin at the Assembly of God Church next Sunday evening with Rev. Scott Mitchell of Littlefield doing the preaching each evening. "Rev. Mitchell sings well and plays several instruments, and singing and music will be a special feature of the services," stated Rev. A. W. Harris, local pastor. He invites your attendance. The services will begin at 7:30.

Of major interest to representatives of Hedley, Clarendon and Donley County at the Highways 18-256 Road Association meeting at Memphis last Friday, was the announcement by Palmer Massey, Ass't District Highway Engineer from Childress that the gap between the paving south of Clarendon on highway 18 and the paving west of Memphis on 256 was in the approved 1946-1947 State Highway Road program and paving would in all probability be completed in that period. With the contract on the Hedley to Collingsworth County line paving to be let at an early date, and the stretch north on Highway 18 to Jericho already in the 1946-1947 approved program, indications are that all highways in Donley County will be paved by July 1, 1947.

The Memphis meeting, which was called by J. R. Gillham, local chamber of commerce secretary, was attended by delegates from Dimmitt, Antelope Flat, Quitaque, Silvertown, Turkey, Childress, Lakeview, Hedley, Memphis, and Clarendon.

Delegates to the meeting re-elected Woodson Coffee, Jr., of Silvertown president of the association and Frank Foxhall as vice-president. Gillham was elected secretary.

The group instructed the secretary to ask for a hearing with the state highway commission at their regular April monthly meeting, and delegates from Castro, Briscoe, Hall, Donley, Gray, Roberts, and Ochiltree counties will meet with them at the time and ask for further construction on Highways 18 and 256.

L. E. Thompson, Marvin Hall, J. R. Bulls, J. A. Tollet, H. S. Mahaffey, C. B. Morris, Tom Roberts, R. L. Smith, C. M. Lowry, Tom Connally, Clyde Wilson, R. E. Drennan, Leon Reeves, J. W. Noel, and J. R. Gillham represented Hedley, Clarendon and Donley County at the meeting.

### KINDERGARTEN CLASS TO BE OPENED SOON

Mrs. Francis Brown is making arrangements at this time to start a Kindergarten class at her home for those children who are not of school age. All those who have children that are of pre-school age and who would like for them to enter this class should contact Mrs. Brown right away at her home (formerly the Ruth Kennedy place) or call 198.

The following is a portion of a letter received by Andrew Jay, local Commander of the American Legion, from Lt. Col. Robert L. Hardy of Lubbock, regarding the designation of Army Day:

"President Truman, by proclamation, has designated April 6th of each year as Army Day. The Army, for the first time since 1941, will be able to give its full attention to the celebration; and it is hoped that the members of your organization and the people of every community will help to make this a memorable day of recognition and homage to those men and women who have so faithfully served in the United States Army and to those who, realizing the necessity and importance of a post war Army, have continued to serve until the job is done."

According to Mr. Jay and other members of the local organization, a program will be prepared for Clarendon and further announcement to this effect will be in the next issue of the Leader.

LIBRARY NOTES

By Mrs. C. A. Burton

Between sessions of the Caprock Library Association at Amarillo Friday, I picked up a few reprints, some of them replacements, all of the light, easy-to-read type which is usually called "escape reading." They are: "Rebecca," Daphne du Maurier; "The Pastures of Heaven," John Steinbeck; "Professional Love," Maysie Greig; "The Chinese Orange Mystery," Ellery Queen; "Gideon Planish," Sinclair Lewis; "Dragonwyck," Anya Seton; "Fourways," Alice Ross Colver.

In 1934 Randon House issued their first trade catalogue, headed by Eugene O'Neill's "Ah Wilderness," and "Days Without End." This fall, after an interval of 12 years, they are bringing out two new plays by Eugene O'Neill—"The Iceman Cometh," and "A Touch of the Poet." Mr. O'Neill is the only playwright in America who ever hit the best-seller lists: his "Strange Interlude" sold more than 125,000 copies; "Mourning Becomes Electra," 80,000. Both of these are on our shelves. The publishers have had a script of "The Iceman Cometh" locked in their safe for many months. Not even employees have been allowed to see it.

Erich Moria Remarque, author of the present day best-seller, "Arch of Triumph," had a varied career in depression-ridden Ger-

many in the years following the first World War. He toured the country with a "Gypsy caravan." He was a test driver for a Berlin tire company. His first writing job, doing dramatic reviews, ended when he was beaten up by a group of dissatisfied actors. But his "All Quiet on the Western Front," and "The Road Back"—which we have—gave him his place as a writer.

The H. W. Wilson company in their catalogue of reprints state that Grace Livingston Hill has more books in print than any other author, living or dead. 64 of her titles are in reprints; Zane Grey comes second with 42; Scott is third with 36, and Dickens has 33. Grace Livingston Hill is still writing—a new one, "Bright Arrows," is to be published this month.

A new series of pocket size 25c reprints is to be known as Bantam Books. This series is made up of full length unabridged books. They started off with 20 titles, including such notables as Steinbeck's "Grapes of Wrath," Nathaniel's "One More Spring," Fitzgerald's "The Great Gatsby," Sabatine's "Scaramonce," Rawling's "South Moon Under," Tarkington's "Seventeen," Twain's "Life on the Mississippi," Hobart's "Oil for the Lamps of China." All of these are on our shelves. Others are being added constantly to this series.

suppose YOU found Gas on your land

Twenty years ago you would have been disappointed if drilling on your land had produced only natural gas. "No oil... might as well be a dry hole!" Even today, if your land is far

from a pipe line, a gas well would be a disappointment, for **GAS IS WORTH NOTHING UNLESS SOLD!** That's what it means to have a pipe line near your land; a *market* for your gas—new wealth for your own family and hundreds of other families in the area. Last year the United Gas Corporation and its associated companies, Union Producing and United Gas Pipe Line, had 278,000 acres of Texas land under lease or owned in fee. United Gas is marketing gas for thousands of land-owners and royalty-owners through its 12,000 miles of main and distribution lines. This is only one of the ways the United Gas companies are helping to build prosperity, creating payrolls and jobs, benefiting every resident of Texas in one way or another.

## Regular Army Recruits Offered Ratings Commensurate With Training And Experience

Lieut. Colonel Robert L. Hardy, West Texas Army Recruiting Officer, has announced that grades commensurate with their training and experience are now being offered men with prior military service in certain specified categories. Eligible men may enlist in these grades regardless of the time which has elapsed since their discharge.

"The new regulation is a splendid example of the streamlined thinking of the new Regular Army," Major General H. H. Gilbert, USA, Director, Military Personnel Procurement Service, an activity of the Adjutant General's Office, said. "It is a further demonstration of the fact that the Army is seeking to enlist men of the highest type of technical skill and training, and is giving them positions of responsibility comparable to those which they could demand in civilian life. In this era of extreme mechanization it is of the utmost importance that the men who handle and service the finest equipment in the world be handpicked with the same care as the machines themselves. To that end we are offering to men with prior service and training in the military occupational specialties of which the Army is in need, the ratings to which we believe they are entitled and the opportunity to do a job of which they and their country can be proud."

Such Army jobs and ratings will be available in some 400 classifications. These have been broken down among the three major forces, with 20 each listed by the Army Ground Forces, Army Air Forces, and Army Service Forces respectively. A complete list of the first 60 with the Military Occupational Specialty number of each may be obtained at any Army Recruiting Office in

West Texas District. These Recruiting Offices are located in Amarillo, Abilene, Big Spring, San Angelo and Lubbock, Texas. Men who have been discharged will find their Military Occupational Specialty number listed under item 21 on the reverse side of their honorable discharge certificate. Any honorably discharged veteran whose prior service was in one of the Military Occupational Specialty needed will be eligible for enlistment in a grade commensurate with his skill, up to and including the grade which he held at the time of discharge, provided his discharge was effected on or after 12 May 1945. Those with less than six months service in their Military Occupational Specialty number will be enlisted in the grade of Private. After July 1, 1946, these specialists may be enlisted in the grades to which their Military Occupational Specialty numbers entitle them provided their enlistment is accomplished within three months from the date of their discharge.

The number of formally educated people in the U. S. has doubled in the past 15 years—12 million receiving high school diplomas and two million graduating from college.

# Silver Star Given Posthumously To Lt. Comdr. Joseph Bourland

The Silver Star Medal has been awarded posthumously to Lieut. Comdr. Joseph Hunt Bourland, son of W. M. Bourland of Quail, who has been missing since June, 1943.

The medal was presented in mid-February to the officer's five-year-old son, Larry, who is living with his mother at Bremerton, Wash. Mrs. Bourland last visited here with her husband's family at Thanksgiving, 1944. Lt. Comdr. Bourland was rear-

ed on the Bourland ranch at Quail and at Clarendon, where he graduated from high school.

He was one of five brothers to serve in World War II. One brother, Lt. Lacy Bourland died while serving in California.

An account of the presentation which appeared in The Bremerton (Wash.) Sun, follows:

The Silver Star Medal awarded posthumously to his father has been presented to five-year-old Larry Bourland by Rear Admiral

Ralph W. Christie, U.S.N., commandant of the Bremerton Naval Base.

Larry lives with his mother, Mrs. Gertrude Bourland, hostess at the commissioned officers' mess here since July, 1945.

His father, Lt. Comdr. Joseph Hunt Bourland, U.S.N., and all others aboard the submarine USS Runner have been reported missing since June, 1943. They are now presumed dead. The submarine headed for the Japanese islands in the Kurile chain and failed to return from the first mission on which Comdr. Bourland was in command.

The Silver Star medal was presented for one of the three previous war patrols made by the officer. The accompanying citation, signed by the secretary of the Navy James Forrestal, reads:

"For conspicuous gallantry and intrepidity in action as assistant approach officer on board the USS Runner during the first war patrol of that vessel against enemy Japanese surface forces in the Togeig Lunging passage, Palau, from January 18 to March 7, 1943. Skilled and courageous in the performance of duty, Lt. Comdr.

Bourland rendered, invaluable service during the execution of a daylight submerged attack in restricted waters, contributing materially to the achievement of the Runner in sinking three Japanese freighters totaling 19,815 tons and the damaging of two additional ships totaling 14,189 tons and to her success in evading severe enemy counter measures. Lt. Comdr. Bourland's heroic conduct throughout was in keeping with the highest traditions of the United States naval service."

Comdr. Bourland had been in submarine service since 1935. At the U. S. Naval Academy, from which he was graduated two years earlier, he was regimental commander, the highest cadet honor. He attended Texas Agricultural and Mechanical College before receiving his appointment to the academy.

Adm. Christie, formerly commander of submarines in the southwest Pacific, said:

"Commander Bourland was formerly under my command. He was well known, well liked and respected by all submariners and was one of the finest young men in the force. I had the honor to command."

A brother, Comdr. Wilson George Bourland, supply corps, U.S.N., now on duty in Washington, D. C., is a 1938 graduate of the academy.

Three other brothers served in the armed forces during the war. Their father, William M. Bourland, lives in Quail, Texas.

Mrs. Bourland's three-year-old daughter, Joanne Ray, is with the latter's grandparents, Mr. and Mrs. Marcus R. Peppard, New York City.

# LET'S WORK FOR INDUSTRIAL PEACE

Men want to work.

Management wants to produce.

The public wants to buy.

The country wants prosperity.

Yet good times have been held up by an agony of strikes.

Strikes breed bitterness... hunger... and economic stagnation.

For the sake of our country, let's change this! Change it fast. Time is running out!

Let's work out a way to get — and keep — industrial peace and prosperity.

### THE FIRST STEP

Let's demand national labor policy... that breaks strikes and manages our economy... the first step

1. Make employers and unions equal in responsibility under the law.

2. Let Congress set the rules for genuine collective bargaining, free from coercion and violence, and then let government enforce these rules with strict impartiality.

3. Provide safeguards for the public against strikes or boycotts arising from disputes between unions.

4. Insure against strikes until all orderly procedures for settling disputes have been exhausted.

Your representatives in Congress have the power to establish this pattern for an enduring and a fair labor peace. Let them know how you feel about it. Urge them to act promptly on legislation to include these four points.

Time alone won't bring industrial peace. Doing nothing won't bring it. Positive action is the only way. For your own sake and for the future of our country, let your voice be heard!

### More Return To Civilian Life

More than 6,000,000 men have returned to civilian life from the ranks of the United States Army during the past nine months, the War Department announced today. This is nearly 2,000,000 more than the estimated number for demobilization last September.

The February schedule called for the discharge of 500,000 men, and during the first week alone a total of 220,000 soldiers passed through Army separation centers. This indicated, Army officials said, that February's estimates also may be exceeded.

Under the separation criteria announced by General Eisenhower it was estimated that 2,200,000 men will be released from active service between January 1 and

April 30 under lowered point and service scores.

Of this number some 1,158,000 already have been discharged, according to reports compiled by the War Department. This meant the half-way mark for the eligible group under the present score has been passed well in advance of expectations.

Preliminary figures show that

the present strength of the Army is approximately 3,000,000. Nine months ago it reached its peak strength of 8,300,000.

Lieut. Colonel Hardy, District Recruiting Officer for West Texas, advises us that since January 1, 1946, there have been 1184 veterans in West Texas District who have reenlisted in the Regular Army.

**OLD STUFF.**  
Back in the 'good old days,' the folks on the ranches in this section went to bed early and got up the same way. When an easterner came on the job, he staid up late and when he was called out of the hay about 3 to 4 a. m., he really thought the cause of industry had been abused. Finally, a fellow from Alabama was on the job and he asked the boss one night the last question before he was fired. He asked: "Say boss, please let me stay in bed long enough for the lamp chimney to get cool!"

**CATTY STUFF.**  
Then there was the fat woman who got on the crowded bus and sat down by scrouging beside a very thin woman. The thin woman turned to the lady behind and remarked that "they ought to charge fare on these torture machines according to weight." Then it was time for the fat woman to open up, and she said: "Well if

### KIRK-SHELLEY

Mr. and Mrs. Guy Shelley Sr., Lubbock, Texas, former residents of Clarendon, announce the marriage of their son Corporal Guy Shelley Jr., to Miss Ellen Kirk of Los Angeles, Calif., who were married March 5th in the First Christian Church at El Centro, Calif. Their attendants were Mr. and Mrs. Carl Cook, an uncle of the groom.

The groom has just returned from the Pacific and received his discharge. He spent 18 months overseas with the 5th Marine Div., and is a veteran of Iwo Jima. They will be at home at 1903 10th St., Lubbock, Texas.

### JUNIOR BEAUX ART CLUB

The Junior Beaux Art Club met Thursday afternoon, March 14, at the home of Faye Kidd, with Sammy Tankersley as co-hostess.

After a short business meeting, Edith McCrary played a beautiful piano solo. Mrs. Ralph Porter gave an excellent book review of J. Frank Dobie's "A Texan In England." The book itself is very interesting and Mrs. Porter's review of it made it even more so.

At the conclusion of the program, lovely refreshments were served to the following: Miss Howren, sponsor, Mrs. Porter, guest, Mary Christie, Melba Ruth and Kathleen Grady, Mary Nell Hanks, Johnnie Johnson, Billie Jean Knox, Edna Mahaffey, Edith McCrary, Cora Lee Muse, Elise Norwood, Ruth Patman, Helen Rhoades, Dorothy Tatum, Mary Ann Bromley, Klyda Wilson, Sammy Tankersley, and Faye Kidd.

### BUSY WOMENS S. S. CLASS

Mrs. W. H. Strawn was hostess to members of the Busy Womens Sunday School Class Friday in an all day meeting. One quilt was quilted.

At the noon hour a covered dish luncheon was served to the following members: Mesdames A. L. Thornberry, R. F. Brown, J. H. Howard, C. E. Griggs, Will Jones, W. A. Davis and the hostess, Mrs. W. H. Strawn.

### INVITED TO SOCIAL

All members of Mrs. John Bass' Sunday School class are invited to a social meeting Thursday night at 7:30 in the home of Mr. and Mrs. Johnnie Blocker.

### JUNIOR H. D. CLUB

The Junior H. D. Club met for their regular meeting at the Clubroom March 14th with Edna Russell and Ruby Blackman as co-hostesses.

The meeting was called to order by the vice-president, Edna Russell and roll call was answered with a "monthly report" by 12 members. In the business meeting Mrs. Hazel Jones was voted on to fill a vacancy of the roll and a few other items were discussed.

After the meeting adjourned the social hour was spent in two small intelligent test games and needle work, the usual social conversation. Alyne Bain won prize on game about "flowers"; Marie Bell on one of "old sayings." Marie Bell also drew a Polyanthus gift in honor of her anniversary.

Lovely refreshments of ice cream topped with cherry and angel food cake were served to Nina Armstrong, Alyne Bain, Marie Bell, Nora Decker, Glynn Kirby, Mildred Larimer, Ona Tatum, Dollie Wilson, Mosele Wright, Hattie Palmer and the hostesses Edna Russell and Ruby Blackman.

The next meeting will be March 28th with Nora Decker and Ellen Bryan as hostesses.

### 1926 BOOK CLUB

The 1926 Book Club met Tuesday evening at the Club room with Mesdames C. E. Bairfield and J. R. Porter as hostesses.

The meeting opened by the club members singing "Texas Our Texas" with the business meeting following. Reports on the Federation meeting which was held in Amarillo were given by Mrs. B. G. Watson and Mrs. Rolle Brumley, delegates to the meeting. Mrs. A. B. Turner very pleasingly reviewed "Great Son" by Edna Ferber.

A tea course was served by the hostesses to the guest, Mesdames O. D. Lowry, Ben Prewitt, Chester Brooks, Oliver Elliott and Yeaman of Claude and the members, Mesdames E. S. Sunday school at 9:45. Let each one be in his place. Let each one bring someone. Remember our goal for Easter is 300 in S. S. and church. This can be reached and we can go beyond. But it will not come about by accident. We will all have to work. Preaching at 10:55. Intermediates meet at 6:45. Preaching at 7:30.

I wish to thank everyone for your loyalty in our campaign for the Crusade for Christ. Our quota was two thousand and forty dollars. We pledged two thousand five hundred and forty dollars. We have paid two thousand five hundred and forty four dollars. Thanks to everyone who made this good record possible.

Our goal in membership for the year is 80. Forty by profession of faith, the others by letter. There is someone you can reach. Do not fail them.

### Mechanical Einstein Works For Army

A new type calculating machine, nicknamed the "Mechanical Einstein" and reported to be the fastest ever invented, was announced recently by the War Department. Experts say the robot machine, operated by electronics, may possibly open the mathematical way to better living for every man.

They foresee improved industrial products, better communication and transportation, superior weather forecasting and general advantages in science and engineering may be possible. The calculator was developed for the Army by the University of Pennsylvania's Moore School of Electrical Engineering.

It was described as being 1,000 times faster than the most advanced types of calculating machines. The electronic mechanism makes possible the quick computation of mathematical problems that ordinarily would take years to solve. Now such answers may be found in a matter of hours.

The machine is called the "ENIAC," short for "electronic numerical intergrator and computer." It adds, subtracts, multiplies, divides, computes square roots and does the most complex calculations, and according to Lt. Col. Robert L. Hardy, Commander of the West Texas Recruiting District, is typical of the challenge facing the soldier in the New Regular Army. He must be a trained technician and specialist in order to use and service such equipment.

Mrs. J. R. Morris of Thalia, Texas is visiting relatives here.

Men enlisting in the Regular Army for a period of three years may choose the branch of Army service in which they wish to serve.

In the present day world of nuclear physics and revolutionary scientific developments, the U. S. must have more men with college and specialized training—now available through service in the Regular Army.

## Victory March Toward Security

America's largest army is its Army of War Bondholders—85 million strong. From our farms and factories, from our cities and towns, from our armed forces they come, again and again, to invest in America.

This great savings crusade, born of war, is one of our great hopes for peacetime prosperity. And marching within the ranks of these 85 million bond-buyers are the Americans who also maintain more than 75 million bank accounts.

A great arsenal for peacetime prosperity—bank savings, War Bonds, Victory Bonds!

Together, wisely managed, they can help forge the weapons of peace:—jobs, industry, fair prices, stability, family security.

Keep on marching toward security! Today, while goods are still scarce and the threat of rising prices continues, plan to spend wisely. Plan to save regularly. Save, by buying more of your country's Bonds and holding them. Save, by building up your bank account. You and your family will reap the harvest of your sacrifice and thrift.

—wanting another OIL-PLATED engine

and remember another big step ...

Motorists' Lesson I from World War II is that cars with OIL-PLATED engines don't quit easy. Though some are being traded for style's sake now, you can safely figure that the owners are repeating on OIL-PLATED engines! They make sure to get them—the same as you can do—by using Conoco Nth motor oil, with its added OIL-PLATING ingredient. This acts magnet-like, forcing engine parts to attract and hold a close-bonded surfacing of lubricant. And that's protective OIL-PLATING—the wear-fighter!

Like a shield over the finished inner surfaces that you want preserved, OIL-PLATING is in position against wear ... in position to discourage carbon, gum, and sludge—to encourage oil and gasoline economy. You want all that, and it's yours for the asking. Just ask for Conoco Nth oil in any car. In the case of an older car, you certainly need a Spring oil change now, so this is exactly your time to OIL-PLATE. Pay just a bit more for it! See Your Conoco Mileage Merchant. ### WASHINGTON NEWS LETTER

By Cong. Eugene Worley

The big question-mark in Washington overshadowing even our most acute domestic problems continues to be "What does Russia have in mind?"

A few days ago Senator Tom Connally of Texas, Chairman of the powerful Senate Foreign Relations Committee made his report to the Senate and the nation. His remarks were perhaps a little more temperate than the statements made previously by Senator Vandenberg, Republican of Michigan, who addressed the Senate several weeks back.

I quote below the highlights of the Senator's address:

"At the outset, Mr. President, I want to make my position unequivocally clear. In my opinion the General Assembly was an outstanding success. In my opinion, the United Nations machinery demonstrated undeniably its usefulness and the great influence it may exert in behalf of world peace. In my opinion, the Charter remains the best hope of mankind - - -

"With all the organizational problems properly disposed of, the General Assembly might have adjourned with its task well done. However, it proceeded to demonstrate its vitality by passing resolutions relating to a wide array of substantive matters, including UNRRA, war criminals, the colonial areas of the world, war refugees, and food, to mention only a few - - -

"As Senators know, the resolution makes ample provisions for adequate security safeguards. Neither the United States nor any other country will be asked to give up any atomic energy secrets until security devices have been established to protect humankind against the terrific blasting power of the atomic bomb - - -

"I would not be frank, Mr. President, if I were to imply that all was light without heat in London. Just as there are evidences of party politics, sectionalism and pressure-group activities in our own Congress, so there were evidences of nationalism, power politics, and lobbying in London - - -

"Even so, disappointment has been expressed in some quarters because the Soviet Union voted against the United States on a number of occasions. We differed with them in respect to the postponement of the Security Council elections. We differed with them on the refugee problem and the World Federation of Trade Unions. We differed with them on other fundamental issues - - -

"Slowly and painfully the 51 United Nations, through the instrumentality of the General Assembly, are learning to cooperate on a peacetime basis. We must not be impatient with the progress made. We cannot expect a child to run before he has first learned to walk - - -

"It is possible, too, that the frank and open statements in the Council may be ushering the world into a new era in diplomacy, when statesmen will speak to the people in a language they can understand. They may be the beginning of a reversion to shirt-sleeve diplomacy in the best American tradition - - -

"Much has recently been said in addresses and the press respecting the conduct of the Soviet Union and its future course toward the United Nations.

"My contacts at San Francisco and London convince me that Russia does not want another war. When one contemplates the devastation of territories stretching to the gates of Leningrad and Moscow by armies of the enemy; when one remembers the carnage and destruction that left Stalingrad a pile of ruins; when the graves where sleep hundreds of thousands of gallant Russians cry for peace for future generations, it can be understood why Russia does not want another war.

"Russia can have peace by supporting and cooperating with the United Nations. Her responsibility is great, because her power is great.

"So long as Russia, Great Britain, and the United States are loyal to the obligations of the Charter and adjust differences as they arise, there will be peace. Those who want peace must not commit acts that tend to provoke war - - -

"It is my belief that our proper course is to meet each issue in the Security Council or the Assembly or in diplomatic conduct as it arises, and to take our stand firmly upon our rights under the Charter, under treaties and under international law, and hold to that position with firmness and insistence. The consequences that follow would establish our honorable and just course in our dealings with foreign nations and with the issues of peace. Let us say to Russia, 'We want your

friendship. We want to cooperate. We shared your comradeship in the bloody chapters of the most tremendous war of all time. We want your comradeship in the peace. Our countries have been traditional friends. Let that traditional friendship be cemented and strengthened and buttressed by mutual labors in behalf of world peace."

### NOTICE

#### MEETING OF THE DONLEY COUNTY MEMORIAL COMMITTEEMEN

At a meeting in the Legion Hall, Clarendon, Feb. 25, committeemen from Giles, Goldston, Martin, Ashtola, Lelia Lake, Hedley and Clarendon decided to place before the people of Donley County the proposition of honoring ex-service men by placing a walnut panel in the Court House to contain all the names of the veterans of World War II.

The reason for this change of plans is the fact that the increase in prices in materials and in the number of names to be added would necessitate the raising of some three thousand dollars more funds in order to erect the concrete-marble outdoor monument as originally planned. The following motion was in-

troduced, seconded and passed unanimously:

"That after thirty days notice in the two County papers that we go on record as favoring an Honor Roll panel to be purchased and placed in the Donley County Court House; if sufficient funds remain after any persons not satisfied with this proposed change have been given a chance to withdraw their money in this effort to honor veterans of World War II."

SIGNED:

Ruth M. Richerson, Lu McClellan, J. R. Brandon, J. C. Gibbs, John White, G. G. Henson, Roy Jewell, J. W. Noel, E. M. Glass, W. C. Higdon, Rayburn L. Smith, C. B. Morris, Quinn Aten, Leon Reeves, Chas. Raines, C. L. Johnson, W. W. Flatt, Chester O. Hill, H. T. Burton.

Anyone who contributed to this fund and is not satisfied with the above plans may receive a refund of his money if called for on or before April 1, 1946. Those wishing their money refunded may

call upon Mr. Clifford Johnson, Hedley, or Mr. Rayburn Smith at Clarendon.

# Where is Your New Home Now!

Right now the home you want to build is in the tree, the iron ore pits, the clay banks and the quarry.

Legislation, HH priorities, allocations, preference ratings, will not build a home. Neither will such legal juggling of a meagre supply of materials produce building materials. An HH priority may mean little more than a license to hunt home-building materials.

Lumber and building material dealers and contractors can build all the homes America needs—if building materials are available. But unless production of materials is unblocked, no one can build homes. Whether a house is labeled "Public Housing" or "Prefabricated Housing" or a "Privately Built Home"—all are bidding for the same supply of materials.

Here are the materials that must be produced. These are the materials in short supply which are subject to distribution controls through priorities:

- |                      |              |
|----------------------|--------------|
| Lumber               | Millwork     |
| Concrete Block       | Common Brick |
| Clay Sewer Pipe      | Face Brick   |
| Structural Clay Tile | Gypsum Board |
| Cast Iron Soil Pipe  | Gypsum Lath  |
| Cast Iron Radiation  | Bath Tubs    |

Any government program that does not FIRST remove the obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.

Thomas M. Roberts Leroy Butler Glenn Churchman

**Shamburger Lumber Company**

Bill Weatherly C. W. Martin Oscar Thomas

What has happened that all these essential building materials are lacking? Have we exhausted raw material supply? Or plant production?

NO! But the irresistible force of industry has run into an immovable body!

In the case of Brick and Tile, for example! It took the OPA six months to grant a price adjustment that allowed 125 of 400 closed plants to reopen. This action resulted in a 35% increase in production within the following three months.

Similarly, OPA's unrealistic pricing policies blocked adequate production of Gypsum board and lath, cast iron soil pipe, and clay sewer pipe for months.

Although price adjustments have been granted in the above-mentioned fields, lumber production still remains under wartime pricing formulas.

It is still more profitable for the lumber mill to cut items for export to foreign countries, or to cut logs into sizes used by industry than it is to manufacture lumber for home construction. Premium prices for industrial items have been granted in some instances during the war, but now that peace has come, price adjustments encouraging home construction lumber have not been made by OPA.

Price adjustments are needed to obtain maximum production of hardwood flooring, millwork, ceiling, siding, and plywood.

Recommendations have been made to the OPA repeatedly, but action is not forthcoming.

The Building Industry stands ready to build the homes Americans need. But until the production and flow of materials is unblocked by OPA, thousands upon thousands of homes for Americans and veterans will go unbuild!

### Special Attractions For Khiva Temple Ceremonial On May 17-18 Are Assured

Mr. O. W. Elliott, Aide to the Potentate of Khiva Temple, A.A. O.N.M.S., said one of the best parades ever put on by Khiva Temple, will be held on Saturday, May 18, at 3:30 p. m., starting from Fifth and Fillmore, Amarillo, Texas. Oriental pageantry by the officers, uniformed units of Khiva Temple in all their color, beauty, retinue, glory, pomp and splendor, combined with drill formations, floats, good music,

novice antics will make this a parade worth seeing. A full form ceremonial will be held, good entertainment for everybody. Nobles are requested to bring in their reports on cases of crippled children within their counties who need the services offered by the Shriners Hospitals for Crippled Children. Camel Herders will hold a reunion on Friday, May 17, to which all Nobles and candidates are invited.

### Laying Hens Need Proper Minerals

Hens cannot lay eggs with proper shells on them unless the poultryman supplies his hens with sufficient minerals in the diet, says H. M. Breedlove, County Agent. Calcium is most important, but phosphorous and manganese also are needed. By withdrawing calcium from their own bones, hens may keep turning out good shells for a short time even when they are not getting it in their feed. But by the time they use up about a fourth of the calcium in their bones, they begin laying thin-shelled eggs, and finally stop laying altogether. Usually the laying hen has about twice as much calcium in her blood as is found in the blood of roosters and immature pullets. But even so, that amount and reserves in other parts of the body are soon used up without proper calcium in the feed.

The diets Mr. Breedlove recommends for laying hens contain about two and one-fourth per cent calcium and three-quarters of one per cent phosphorous. Those for growing chickens contain about one per cent calcium and two-thirds of one per cent phosphorous. Such feeds as bone meal, meat meal, alfalfa meal and milk by-products may supply as much as one-half the calcium needed by laying hens. But those feeds need to be supplemented with extra calcium in such forms as crushed limestone and oystershell.
