CLARENDON BAND COMMENDED FOR CONCERT AT AMARILLO

The Clarendon High School Band, under the able direction of J. G. Stanley, was highly commended Tuesday in a letter from Mrs. T. V. Reeves, Director of the Bureau of Public Service at West Texas State College for its concert at Amarillo February 2nd. The band furnished the program for a meeting of superintendents and principals in the Panhandle area. The letter reads as follows:

Dear Mr. Stanley:

I want you and the Clarendon Band to know that the music which you furnished for the meeting of the Panhandle Administrator's Association was much appreciated. I was especially impressed with the appropriate selections which the band played. They were things that could be enjoyed indoors. It was pleasing, too, to see that the members of the band paid close attention to the director and seemed to be taking intelligent pride in doing something worthwhile. Congratulations to you and to them for the work that is being done.

If you think it alright to do so, share this letter with the boys and girls.

Sincerely yours,
Mrs. T. V. Reeves, Director
Bureau of Public Service

CPL. HASKELL PHELPS TO RECEIVE DISCHARGE

PEARL HARBOR — Cpl. Haskell Phelps, son of Mrs. Eva Phelps of Clarendon, is one of 1067 Army veterans returning to the States for discharge aboard the U.S.S. Banner, an attack transport of the "Magic Carpet" fleet. This ship left Saipan, January 20, and is scheduled to arrive in Seattle February 6. The U.S.S. Banner is one of hundreds of Navy auxiliary transport and cargo ships now engaged in the peacetime task of returning service veterans from the Pacific for discharge.

JOE GOLDSTON ATTENDING OPTICAL SCHOOL AT FT. WORTH

Dr. Joe Goldston, local optometrist, is attending the Southwest Congress being held at Fort Worth this week. The Southwest Congress is held for the study and interpretation of visual skills and the application of visual training. The Congress is strictly educational enabling the optometrists to learn the advanced procedures optometry has developed.

Mr. Goldston was accompanied by his wife.

Wanted: Farms For Veterans

In face of a sharp increase in the number of veterans seeking farms in Donley County, Farm Security Administration Supervisor Clifford L. Davis this week issued an urgent plea to local citizens to give him a hand in locating farms for sale or rent.

New loans for livestock and operating goods have been made by FSA in this county to 10 returned servicemen since V-J Day. An additional 5 applications are on file in the FSA office at Clarendon.

Besides these, more than 50 veterans have made applications or inquiries for 40-year land purchase loans, but lack of available farms at reasonable prices has greatly hindered this program.

"Already a few patriotic citizens, who want to do more for the returning servicemen than just wish them well, have offered to sell at reasonable prices land for family-sized farms," Mr. Davis declared. "But we need much more such assistance, as we have only been able to purchase land for 5 returned veterans."

Congress has provided through FSA the funds for the two types of loans mentioned above—land purchase loans and operating loans—to assist veterans. The supervisor indicated, however, that unless and until the veterans can find the farms they want to buy or operate, these loans mean nothing.

"Anyone who has a tract of land which he is willing to sell or lease a veteran, please contact the FSA office," concluded Mr. Davis.

FORMER OLD CLARENDON RESIDENT DIES AT PANHANDLE

Edward Elmer Carhart, 82 years old, who moved to Old Clarendon in 1878 and was one of the first settlers in Panhandle, died at his home there Saturday, February 2nd.

Funeral services were held Monday, Feb. 4, at the Methodist Church at Panhandle.

His passing ended one of the outstanding careers in the Panhandle of Texas as a cowboy, printer and publisher, merchant, druggist, postmaster, county treasurer, automobile dealer and banker.

Mr. Carhart came to old Clarendon in 1878 to help his uncle, Rev. L. H. Carhart, establish a newspaper, The Panhandle News. The equipment was hauled overland from Gainesville. He was only 15 years old and soon was in the midst of being a printer and publisher. He also worked as a cowboy on the Circle Heart Ranch. He moved to Panhandle, Texas in 1887.

Clarendon Lions Club

By Edith McCrary

The members of the local Lions Club met in the Antro Hotel for their regular weekly meeting, Feb. 12, 1946. There was an attendance of fifty-five members which gave a per cent of seventy-two. The minutes of the Board of Directors' meeting on February 10, 1946 were read and approved. The Directors announced their plan of securing funds for the outfitting of the hall; the first step in the task of remodeling will be the painting of the meeting hall. Lion Secretary O. D. Lowry read the minutes of the last regular meeting of the Lions, and the approval of the club was given to them.

At the meeting seven guests were present. They were Barcus Antrobus, Marl Landreth, John Burton King, M. F. Stone, Ozro Stevens, Mary Kidd, Cpl. Billie Kidd.

Six applications for membership were made to the club and accepted by it. These applications included those of William S. Drene, William Paine, Elmo Dromgoole, M. F. Stone, James Drew Coin, Barcus Antrobus.

With the conclusion of the Melvin Jones Birthday membership drive, the standings of the teams were announced. Lion Charlie Lowry's team, Air Corps, proved victorious, having brought ten new members into the club. The Army and Navy teams, headed by Lions Beck and Elliott, secured six new members.

The occasion being Lincoln's birthday, the program was planned accordingly. Miss Billie Jean Knox read Lincoln's "Gettysburg Address" and gave the poem "O Captain, My Captain" by Walt Whitman.

A committee report, concerning the lunch room project, was made announcing that the proper officials had been contacted. Lion Drennan reminded the Lions of the boxing tournament which is to be held February 28, March 1-2; he made several favorable comments on the band's performance in Amarillo for the Administrator's meeting.

A discussion concerning the project of Highway 18 was opened by Lion Patrick. Stressing the importance of the work, he urged support of the Chamber of Commerce in their efforts to promote the work. Lion Gillham told of the progress that had been made in the past year concerning the project; he said all deeds in Donley County had been made and splendid co-operation had been given by the Commissioners' Court. After Lion Connally remarked that it was Memphis who was delaying action, several suggestions to remedy the situation were made by other Lions. The sending of committees from the American Legion, Chamber of Commerce, and Lions Club was suggested by Lion Robinson, while Lion Douglas favored sending a larger body of men as representatives of the endeavor. Boss Lion Lowell pointed out that little progress had been made despite the meetings held in Hedley, Lakeview and Memphis. Up to date work in the project has been channeled through Amarillo; since Memphis lies within the Childress district, he suggested the method of procedure be changed to go along that line.

At the conclusion of the discussion, the members sang one verse of "America" while facing the flag, and the meeting was adjourned.

Mr. and Mrs. W. A. Land have returned home from a weeks visit with their son Marvin Land and family at Tucumcari, N. M.

Miss Naomi Allison of Amarillo spent the weekend with her mother, Mrs. J. L. Allison.

PRICE CONTROL NEWS

By Peppy Blocker

During this period of America's reconversion cost absorption is essential in maintaining price controls.

Cost absorption is nothing new. All during the war it has been possible for most industries and trades to absorb most of their cost increases because, while some costs are going up, other costs were going down. Big volume production and big volume sales decreased a lot of costs. By balancing these lower costs against the costs that went up, cost absorption enabled OPA to stabilize the prices of most items.

Only when added costs are absorbed by the manufacturers, wholesalers and retailers, in proportion to their profits, will it be possible to keep retail prices steady and avoid inflation. Since there is a big backlog of demand for most goods right now, production volume and sales volume will both be high during the months ahead. The same big volume savings that made cost absorption possible during the war will keep it possible during these months.

In maintaining the OPA policy of cost absorption, and by keeping the prices consumers pay near their peace-time level, no one will suffer from a disastrous inflation and deflation which followed the first World War.

Every citizen of Donley County has a stake in this cost absorption policy. It means full production, full employment, and goods at prices we can all afford to pay.

CLARENDON BAND REPRESENTED AT WACO BAND CLINIC

A delegation of four consisting of band members Lee Shelley, Jean Porter, and Manly Bryan, and the director, Mr. J. G. Stanley, attended a State Band Clinic at Waco last week. High School musicians picked from bands all over Texas met there and were organized into two large bands termed the "Red" and the "Blue" bands. Two of the musicians from Clarendon took first chair positions in their respective sections. This is an honorable tribute to the work these students have been doing here at home.

The representatives of the Clarendon band were also highly complimented upon their behavior and the example they set for their fellow members here at home. They were also highly complimented for their uniforms, which were among the most attractive in attendance.

The students who attended the clinic along with Mr. Stanley himself are to be highly congratulated and praised for their excellent efforts and achievements.

SHOW AT LOCAL IMPLEMENT DEALERS ATTRACTS NICE CROWD

The free show "Made in America" sponsored by Hudson Bros. Machinery Co. Tuesday afternoon was well attended by farmers and others from this community, and was acclaimed a very worthwhile and colorful attraction.

Clyde and Major Hudson are the local dealers here for the Minneapolis-Moline farm equipment and were happy to present this feature to their friends.

CLOTHING DRIVE IS SUCCESSFUL

Mrs. Millard Word, past president of the United Council of church women, wishes to thank all, who in any way, contributed in making the recent clothing drive the success it proved to be. Especially did she appreciate the efforts and cooperation of all church women, high school and college young people and others interested outside of the council.

Capt. Thomas J. Latson has just arrived from the Pacific and is visiting his parents, Mr. and Mrs. O. W. Latson. Later he will visit with his wife and baby at Memphis.

RECORD CROWD SEES NEW SHOW OPENING

Despite adverse weather conditions, the New Mulkey Theatre experienced a very hearty welcome in this area Wednesday when approximately 1,000 persons attended the first showing in the new theatre.

Mrs. Homer Mulkey and Lee Bell were highly complimented by most everyone that attended, and for those who had never peeped inside during the construction, it was really a treat to see the beautiful interior of the Theatre.

Both lobbies were lined with baskets of beautiful flowers that were sent along with congratulations by local business firms, out of town theatres and film firms. Other congratulations came in the form of telegrams from film stars such as Dorothy Lamour, Bob Hope, Betty Hutton, Ray Milland, Bing Crosby and film executives Charles Larned, Fred Larned and the Paramount Dallas office.

The new Theatre is modern in every respect and is a place that the people of this community can really be proud of.

Dairymen Announce Dates For Dairy Tour & Show

Members of the show committee of the Donley county Dairymen's Association will recommend to the agricultural committee of the Chamber of Commerce that the annual dairy tour and show be held on May 31st and June 1st according to J. R. Gillham, secretary of the association. The group will sponsor a junior dairy show in connection with the adult show and will award a number of purebred heifer and bull calves to interested boys who with their parents approval will agree to properly feed and care for the calf for one year and show the calf in the succeeding show. The calves will be given at the time of the show and the title will pass to the boys after they have properly demonstrated proper care.

The dairy group appointed a feed and grievance committee that will cooperatively purchase quantities of feed for the mem-

bers and will pass on values of bundles, hay, and other feeds offered to any member of the group. The committee will report to the committee from time to time on any unsatisfactory dealings of the members with feed and cattle traders.

Tentative plans were set up by the group for the purchase of 8 to 12 purebred bulls with high production records to assist in building up the dairy industry in the county. Six outstanding animals have already been purchased by the members.

LIBRARY NOTES

By Mrs. C. A. Burton
The Book Club gave the library \$10 last week for which we extend sincere thanks. It will mean several new books.

And another thing—our friends have brought us stacks of good magazines for distribution to any one who cares for them. Come and get them.

Types and styles of books change rapidly. In 1911, "The Rosary" and "The Winning of Barbara Worth" were the leading best sellers. In 1913 the best sellers were Churchill's "The Inside of the Cup" and Eleanor Porter's "Pollyanna," the latter a best seller for three years.

Rose" leads; "The King's General by Daphne DuMaurier stays near the top, as does "Forever Amber"—the latter getting most attention. I wish I had kept account of the number of calls for it I have had—but I do not have it—a matter of choice.

The Abingdon-Cokesbury Press has established what is to be an annual award of \$7,500 for a distinguished book manuscript in the broad field of evangelical Christianity. The first award will be announced on July 1, 1947. It is open to writers of every nationality, race and creed.

"The Letters and Private Papers of William Makepeace Thackeray" have recently been published, more than 80 years after his death, from material furnished by his granddaughter, Mrs. Fuller. The first volume of Dickens' life appeared within two years after

his death. Scott's life appeared five years after his death. Thackeray did not write his letters for publication, but now they are being given to the world, and their publication is a literary event of first magnitude.

Josephine Pinckney, author of "Three O'clock Dinner" is to receive the Southern Author's Award, given for the most distinguished book of the year by a southern author on a southern subject.

Drew Pearson is writing a book for fall publication to be called "The Washington Merry-Go-Round Goes Round Again."

Robert Briffault, the author of "Europa", who was sent to a concentration camp by the Nazis, emerged alive and now is enroute to America with his wife. They will live in Connecticut.

"Green Dolphin Street" by Elizabeth Goudge has sold 1,100,000 copies already.

Clyde Price has given us the pleasure of keeping in the library for a few days his framed copy of two pages from the original King James version of the Bible, published in 1611—and which is said to have "fixed the standard of English in America."

Miss Dorothy Anne Kennedy Becomes Bride of Elmer Truman Bagwell, February 9th

Miss Dorothy Anne Kennedy, daughter of Mr. and Mrs. Van Kennedy, and Elmer Truman Bagwell, son of Mr. E. T. Bagwell, were united in marriage at six-thirty, Saturday evening, February ninth, at the First Baptist Church in Clarendon, Texas.

The double ring ceremony was solemnized by the Rev. Hal Upchurch before a beautiful arch of green ferns. The arch was flanked by stately white candelabra holding blue candles. Tall baskets filled with white gladioli graced the altar. The aisles were lighted by individual white tapers. Dick Kennedy, brother of the bride, and Rex Bagwell, nephew of the groom, lighted the candles.

Mrs. E. D. Landreth, accompanied by Mrs. Allen Bryan, sang "I Love You Truly" and "Because." Mrs. Bryan played the traditional wedding music.

Given in marriage by her father, the bride wore a long sleeved white slipper satin wedding gown. The yoke of the bodice was of white tulle bordered with applied bows of white satin. Her imported finger tip veil of bridal illusion fell from a jeweled

gold sequins. Her corsage was a sea green orchid fringed with lime net.

Mrs. W. L. Sasser Jr., dressed in blue net, presided at the bride's book. Mrs. John M. Bass Jr., wearing black chiffon, cut the three tiered wedding cake, and Mrs. J. M. Justiss, in blue all-over lace, poured the punch.

The bride's going-away dress was a three piece gray suit with black accessories. Her corsage was a white orchid from her bridal bouquet. The couple left for New Orleans. They will be at home in Claude, Texas.

State's Youths Offered Awards

Texas town and country boys and girls are entering competition for college scholarships in a nationwide contest of the National Junior Vegetable Growers Association, Chesley Hines, Mississippi State College extension horticultural specialist, announces.

Outlining the sixth annual vegetable production and marketing project in which awards of \$6,000 have been made available by A&P Food Stores, Hines said: "Working with the soil is an education in itself, and the contest is designed to give awards as an incentive to efficient gardening and marketing. Size of project is not a factor, since contestants are scored on efficiency, improvements in methods, leadership in community and school activities, and scores attained in a study course."

Scholarships to be awarded in 1946 include \$500 to the national champion, a \$200 scholarship for each of the four regional winners, \$100 checks to 33 sectional winners and the remainder of the award money in lesser awards within each state. The contest is open to all boys and girls between 12 and 21 years of age.

Complete details and entry blanks can be obtained from county agricultural agents, F.F.A. leaders, 4-H Club agents, vocational agriculture instructors, or by writing to Prof. Grant B. Snyder, 103 French Hall, Massachusetts State College, Amherst, Mass.

A description and mat illustrating the Honorable Discharge Emblem for the U. S. Maritime Service has been received from the Chief Information Officer of the U. S. Maritime Service. The emblem will be issued under regulations established by the Commandant to officers, administrative personnel and trainees who have seen service between December 7, 1941 and the termination of hostilities, and who are separated from the Maritime Service under honorable conditions. The U. S. Maritime Service Discharge Emblem is issued upon request to Headquarters, National Theatre Building Washington 25, D. C. A description of the emblem follows:

Shall consist of a gold-filled wreath of a size to be inscribed within a circle 1/2 inch in diameter. A spread eagle with wing tips 3/4 inch across and length of body such that the top of the head is level with the innermost leaves at the top of the wreath. On the left wing the gold-filled letters U. S. and on the right wing the gold-filled letters M. S. shall be superimposed. On the body of the eagle a gold-filled anchor 3/8 inch in height is superimposed.

Copy of the explanation is as follows:

"Official honorable discharge pin for the men of the United States Maritime Service. These men were trained to 'deliver the goods' in America's mighty Merchant Marine. Their service helped to make victory possible."

It is hoped as much publicity as possible will be given the new emblem so that everyone will learn to recognize it and understand its significance.

Miss Bobbie Moore from Wichita Falls is visiting her sister, Mrs. Johnny Beard. She is going from here to Albuquerque, N. Mex.

J. A. Howard has his discharge and is at home.

Fat Stock Show At Fort Worth March 8-17th

Bridging the gap between the trail driving days and 1946, the Southwestern Exposition and Fat Stock Show will observe its 50th anniversary in Fort Worth, March 8-17.

Ten million loaghorns were driven over the winding cattle trails from Texas to the northern railheads between 1865 and 1890. Then came the railroads to Texas, and the trails were no more. Early day cattlemen began importing purebred cattle in the eighties.

By 1896 the Texas cattlemen were so sure of their progress in developing improved herds that they decided to hold a stock show. Four leaders held their first show, the first in the Southwest, on what is now the site of two mighty packing industries in North Fort Worth.

The new management of the Fat Stock Show, headed by Edgar Deen as general manager, is making elaborate plans for the 50th anniversary, which will denote half a century of progress in the livestock industry.

It will be the third consecutive year for the exposition in its new location, the Will Rogers Memorial Coliseum, and the first show season for Deen, who last April succeeded John B. Davis who retired after 19 years as secretary-manager.

Deen, a salesman by profession and mayor pro tem of Fort Worth, has opened a few pages of the official program to reveal plans which indicate the 1946 show will be new and different, the best ever held in Fort Worth.

Top billing on the stock show program will go to the Gene Autry Rodeo, which will be produced by the popular singing star of western movies, and his associates. Everett E. Colborn of Dublin, Texas, will be managing director.

Losst Nazi Victims Traced By UNRRA Daily Broadcasts

UNRRA's daily half-hour radio program in Germany has more than a million fans in the displaced persons' assembly centers. Broadcast over the American Military Government network, the program is simply a list of names of displaced persons who are being sought by anxious relatives in one of the Allied countries. The broadcasts are presented in different languages on different days of the week and beamed to the camps where the language predominates.

Any hint or clue of the missing person's whereabouts is welcome: where last seen, heard from or mentioned. All information produced is compiled by UNRRA workers at the Central Tracing Bureau and immediately followed up or used as another piece to be fitted into the jig-saw puzzle of information comprising each dossier.

Recently, the broadcasts also yielded nine witnesses sought by the Allied War Crimes Commission for the Nuremberg trials. Officials presented UNRRA with a list of 21 names of witnesses being sought. As a result of the broadcast, seven were found and two additional persons came forward with valuable information.

Texas Farm Homes Being Designed To Fit Climate

AUSTIN—Believing that farm homes in Texas and the Southwest should be designed with special attention to Texas climate, and to the demands of the family, Walter T. Rolfe, chairman of the department of architecture at the University of Texas has sketched his plans for such a home in the February issue of Country Gentleman.

The kitchen and utility room—which provides for laundry, sewing, canning, home freezing, and food preparation—are located so as to permit the housewife a full view of the out-of-doors, as well as well-lighted, cheerful, work rooms.

Living room and bedrooms open out on a garden, which is well-removed from the dust of the driveway. A large service porch can be used for a variety of purposes. A fireplace in the living room has a double function with a cupboard above it for storage.

The house has many windows—particularly necessary for the heat of Texas summers—and has a flexible heating plan for either oil or gas, and also a provision for attic fans.

A special attraction for the housewife are the washroom in the garage, and an arrangement to by-pass traffic to the barn and corral by means of an outer drive.

"Hidden Children" In Germany Found And Helped By UNRRA

All over Germany, "hidden" children are being brought to light by UNRRA. These are the children of various United Nations citizens who were torn from their families during the war and disappeared into the German population. The parents in many

cases were slave laborers or concentration camp victims.

Military directives now require German citizens to report all such children, many of whom have received Nazi training for years. UNRRA either reunites them with their parents or relatives, for whom they comb the country, or places them in one of its five special centers for "unaccompanied" children.

DONLEY COUNTY BANK

Former Donley GI Gives Views To Draft Board

EDITORS NOTE—The following letter was written by T/5 Willard Cook, former Donley County boy, who is serving with the occupation army in Germany. Cook was reared and educated in and around Clarendon.

Dear Sirs:

I feel sure you are reading and hearing daily discussions on the very unbalanced situation which the G.I.'s are witnessing at this time. Many who hold authority today have very badly misunderstood the G.I.'s idea of trying to get something done.

The ones who claim to be giving pep talks, or persuasive write ups. Seems to bare on the point, "the soldiers do not know what they are saying, or understand how essential they are today." A more broad minded way of look-

ing at the deal, it seems. The regular soldier who walked, fighting and dodging his way across the beaten down country, should really know more about it than he would have if he had been as follows. The one who sat behind the line, only hearing of what was going on or coming up later to view what the regular guy had walked into and taken over. And he really should know more about the conditions than one who stayed behind the desk over in the States, and not coming over to give orders or advice till long after the danger was over.

The boys do not insist on going home because they feel the duty is completely ceased. They certainly know what is here.

They do not want to walk out and leave the loose reins ginging around.

I honestly believe the average soldiers know there are more men available for this duty than the few thousand here in the T.T.O. If there are more, why can't there be some sort of level deal set up in which each American can serve his country more equally. Why do the boys who served in the army fighting or working day and night, praying and longing for those Liberty bells to ring, have to stay in the army of occupation, six, eight, or ten months, more especially this long boring twelve months after the fighting is over. So many will answer that by saying, "You boys are essential, mostly because there are no one to replace you." There is the point and the very point, which is sticking so deep

T. C. U. Ranch Week Queen

Miss Jerita Foley, Fort Worth, will reign over the annual Ranch Week festivities at TCU, following her election by the students as "Queen" of the event. Western regalia is worn by all students during the celebration, this year scheduled for Feb. 7, 8 and 9

in so many boys this very day. Because men who have not seen foreign duty, less than a years service, below 45 points, with ranking relatives, and ball players, being discharged because they are surplus.

How can it be called justice, men in the States being discharged with 35, 40 and 45 points, and still others who hold authority say, "Men with 50 to 54 points can serve in the Army of Occupation."

Being over here seventeen months I do personally know a large number who are wondering why they are not relieved after serving in battle, days of any amount and ten months of the Army of Occupation.

The one big soldier question is "why can't there be a determination on how long a fellow has to stay over here." All pep talks or rough orders can not change the question. Sixteen or eighteen

months over seas should be considered by all, and not just the ones who have to tough it out.

Yours truly,

Burlington Lines' Overnight Sleepers Will Be Restored

After a wartime absence of seven months, Burlington Lines' overnight sleeping car service between Dallas-Fort Worth and Amarillo will be restored from both ends of the run Friday evening, February 15th, it was announced today by Robt. L. Hoyt, general passenger agent, Fort Worth and Denver City Railway Company, Fort Worth.

The cars formerly in this service were removed from regular daily operation on July 15, 1945, and placed in a pool of Pullman

equipment which was established under Office of Defense Transportation General Order ODT 53 to speed up troop movements. Presently, the homeward movement of men from overseas has progressed sufficiently for the return of a portion of this pool of sleeping car equipment to the use of the traveling public.

Northward from Dallas-Fort Worth to Amarillo this sleeping car service will operate out of Dallas at 9:30 p. m. and Fort Worth at 10:45 p. m., with a morning arrival in Amarillo. Southward the cars will be placed for occupancy in Amarillo at 9:30 p. m. and moved on the Texas Zephyr which leaves at 12:25 a. m. arriving in Fort Worth and Dallas the same morning.

Mr. and Mrs. Frank Decker of Childress spent the week end with Mr. and Mrs. Roy Bartlett.

Misses Marjorie Harlan, Ada Sue Smith and Dot Kemp spent Sunday and Monday in Lawton, Okla. visiting Dot's mother, Mary B. Kemp.

Lon Rundell attended the Hdw. Convention in Amarillo Monday.

Ah—a capitalist!
Now—it's just a penny in a piggy bank. But soon his piggy will be full. Then the pennies will be taken to a real savings bank.
The bank will put his pennies to work. Some of these pennies almost certainly will be invested in electric utility securities. Financial institutions, including insurance companies, prefer such securities because sound, thrifty business management has made them a steady, dependable investment—as dependable as electric service itself.
So, the little boy has a personal stake in the electric service industry. Practically every American has—millions of people as direct stockholders, other millions of citizens as savings depositors and life insurance owners.
This is the American private initiative economic system. It's called capitalism. It's a good system. It helped make America great. It produced to save the world. It had more electric power in service than all sources of electric power of all enemy countries combined. And it will continue to open doors of opportunity for all little boys and girls with piggy banks.
