American Legion to Sponsor Carnival Next Week

A traveling carnival, the Del E. Norton Shows, will come here Monday, October 8th, and run every night through Saturday, October 15th. The show is sponsored by the American Legion, Aubyn E. Clark Post 126.

Norton Shows is a widely known company. It is a good, clean, troop offering a variety of entertainment and rides.

The American Legion will operate all concessions on the site which is to be on the vacant lot South of Piggly Wiggly. Cold drinks and hot-dogs will be sold by Legionnaires each night, and they will take tickets at the gate.

Everyone is invited to come and enjoy the many pleasures offered by the show. There is fun for everybody, old or young.

CHICAGO MOTHER MEETS SOLDIER SON HERE

A most happy occasion took place here when Mrs. H. B. Sykes of Chicago arrived Friday to visit her sister, Dr. Laura A. Lowell. She was accompanied by Mrs. W. L. Cureton, also of Chicago.

A son of Mrs. Sykes, Lt. Donald Sykes, now stationed at San Antonio, met his mother here. He was accompanied by his co-pilot, Lt. Andrew Staursky who is also stationed at San Antonio. These young lieutenants served through the many battles in the invasion of Germany aboard a transport plane of the C-47 type, and helped to transport the ill-fated paratroopers who landed in Germany in the beginning of the invasion with serious losses.

The lieutenants left Tuesday to report to their base at San Antonio. These two young men served through the war together, flew back to America together, and hope to be discharged at the same time. Each of them gave a concise graphic account of their experiences in Germany for the edification of the members of the Lions Club Tuesday.

Soil Conservation Dist. 'Voted In'

Charles Reed, Donley County Agent, has received preliminary results of various polling boxes indicating that a large majority of landowners voting are in favor of District Conservation Program.

A light vote was polled due to rains, muddy roads, and "special election" for this program.

Only qualified resident farm and ranch landowners were entitled to free vote in this election.

The State Board will notify this office the official status of vote in the near future.

T/4 JAMES F. WHITE AWARDED BRONZE SERVICE STAR

T/4 James F. White, son of Mr. and Mrs. John White of Ashtola, received a Bronze Service Star August 23rd for honorable participation in the Ryukus Campaign at same time between 26 March 1945 and 2 July 1945, inclusive.

This makes the second Bronze Star J. F. has received. His first one was received in January 1945 while he was on Guam. At the present, he is with the 1885th Engineer Aviation Battalion and is on Okinawa and states in a recent letter that he might get to come home the first of next year.

JAMES R. CARATHERS HAS RECEIVED DISCHARGE

S/Sgt. James R. Carathers, son of Mrs. H. L. Matlock of this city, was honorably discharged from the army September 30th.

Carathers went into the army in August 1940 and out of the 5 years he has been in service, he has spent 9 months of that time overseas in France and Germany. He was with a tank and ordnance division. He received the Purple Heart, Good Conduct Medal, Eastern Service Medal and American Defense Medal.

Carathers is well and happy to be home again.

F. A. White returned Sunday from Salt Lake City and Chicago.

Physically Handicapped Week To Be Observed Here October 7 to 13th

Mayor Cap Morris joined Manager Glenn Allen of the Veterans Employment Service today in a joint announcement of plans for the observance here of National Employ the Physically Handicapped Week, October 7 to 13, 1945.

The statement, issued by the Mayor's office, includes a statement by the Mayor calling upon Clarendon employers to give physically handicapped workers "an equal job opportunity."

Mayor Morris said:

"During the war, thousands of handicapped workers performed jobs vital to victory and many other men and women became disabled in the service of their country in the fighting forces. All of these Americans deserve not only our appreciation but an equal job opportunity. It is hoped that all Clarendon employers will cooperate fully with the Veterans Employment Service in its efforts to find satisfactory jobs for the disabled workers of this city."

CPL. JACK MOSS, MEMBER OF LOST BATTALION BACK HOME

Cpl. Jack Moss, 22, son of R. S. Moss of Amarillo and former resident of Clarendon, is back home again after being a prisoner of the Japs for 42 months.

Moss was among the first members of the 131st Field Artillery to be flown out of Siam and the only former Clarendon resident member of the famous "Lost Battalion" to return home.

Liberated on Aug. 29, he was flown to Calcutta, India, and then to New York on Sept. 18. He arrived in Amarillo Sunday night, thus completing a cycle which began there in 1940 at which time he was mobilized with the National Guard in November of that year.

RETURN HOME FROM VISIT

Mr. and Mrs. W. H. Patrick returned home Thursday from a two weeks visit at Ellinwood, Kansas with their daughter and family, Mr. and Mrs. Dick Marsh. They report a wonderful trip, having visited the state fair and museum at Dodge City while away. Clyde Price accompanied them and drove the car. He went on to Denver and Cheyenne on business. He returned home Thursday with Mr. and Mrs. Patrick.

Legion Airs

By Legion Reporter

Due to unfavorable weather conditions, the American Legion Rodeo was called off; however, plans are being made for another to be held later on in the fall. The dances Friday and Saturday were held, however, and everyone who came out had a merry time. A good crowd filled the gymnasium each night.

In a joint meeting Tuesday night of the Clarendon and Hedley Posts, Aubyn E. Clark 126 and Adamson-Lane 287 respectively, a committee of six consisting of three members from each organization presented a written document which it had composed for the acquisition, development, and maintenance of the project which the two posts as a unit plan to carry out; i.e., a memorial to the veterans of World Wars I and II which will be of benefit to them through its recreational facilities.

The document was read and discussed at the meeting, and with a few amendments, was accepted. It is printed in its entirety on page Seven of this issue so that the public might know exactly what it contains.

The time of meeting has been changed from 8:30 p. m. to 7:30 because of the return to Standard Time.

The Finance Committee of the Legion is getting out letters to all Legionnaires, War Dads, and Veterans of WW I and II asking them to be present on Oct. 16, the next scheduled meeting. This meeting will be the "Kick-off" for the drive to let the entire country know we are proud of our veterans.

NOTICE: If the person who took the 3X Beaver Stetson hat by mistake after the dance Friday night will return it to the Leader Office, no questions will be asked.

Church Council To Hold Meeting October 9th

A mistake was made in the announcement last week of the date for this meeting. It will be held on October 9th instead of Oct. 6—and in the Fellowship Room at the Methodist Church at 3:30 on Tuesday afternoon.

The meeting is in the form of a Silver Tea and the offering will go to the Leper fund. There will be a short program of musical numbers, followed by a book review by Mrs. U. J. Boston. The book to be reviewed is "Who Walk Alone"—a human interest story—and it is really of exceptional interest, an unforgettable story. This will be followed by a social hour.

This meeting offers an opportunity for the women of all the churches in Clarendon to meet for one great humanitarian purpose—a purpose which appeals to the heart of every Christian. It is hoped there may be a large attendance from every church and every group in our little city. No one will regret having taken time to hear this book review.

DOCTOR ATTENDS STATE CONVENTION IN DALLAS

Dr. Keith S. Lowell is in attendance on the State Convention of Osteopathic physicians and surgeons in Ft. Worth this week. He was joined by his wife, Dr. Laura A. Lowell there today. She was accompanied from Amarillo to Ft. Worth by plane by Mrs. H. B. Sykes and Mrs. W. L. Cureton, the last named ladies will return to their homes in Chicago by plane from Ft. Worth.

Mr. and Mrs. W. C. Mooney and children are visiting relatives at Gatesville and attending to business at Brownwood.

F. A. WHITE RETIRES AFTER 28½ YEARS RAILROAD SERVICE

F. A. White, Claim Agent for the Ft. Worth & Denver Railroad, has retired from that position as of October 1st. He has 28½ years of service with the Denver Road and states that it gives a man a funny feeling to be loose after being on the job that long. R. M. Finnegan of Ft. Worth, will replace him and will make his home at Amarillo.

Mrs. Victor Smith is with her daughter, Yvonne, at Amarillo who is very ill at the St. Anthony Hospital after a major operation.

When local citizens noted a news item in a Wichita Falls daily of Tuesday wherein Cong. Gossett had secured appropriations for some half dozen federal post office buildings in his district, local interest took a new spurt.

The first man accosted was the Postmaster. He informed the fellow citizen that the matter was going along smoothly, and that we sought to hear something favorably real soon.

Then Tuesday afternoon the following telegram arrives:

Donley County Leader.
Glad to advise Clarendon recommended new Post Office Building cost approximately ninety five thousand dollars subject Congressional appropriation prospects satisfactory at present time.
Gene Worley."

Since Cong. Gene Worley never leaves anything undone to serve his people where the service is needed or requested, the fact that Clarendon will have a federal post office building is practically assured.

It is believed that the building will be provided with space for all local federal agency offices that are operating in the county at the present time.

The American Legion and other civic bodies called a mass meeting of citizens to meet in the City Hall at 3:30 this afternoon to discuss matters in general in connection with the prospect of securing the federal P. O. building.

A number of sites were selected for proposal from which the proper officials might select the most appropriate location to meet the requirements of the Postal Department.

Slow General Rain Soaks County Friday & Sat.

Rain that was general throughout this entire section of the state gave Donley County between one and three-fourths and two inches of moisture Friday and Saturday, September 28 and 29. This was the first general rainfall the area has received in recent months.

Accompanying the rain was the fall's first real cold snap, sending the mercury to the low forties. Moisture at the airport was recorded at 1.71 inches. Farmers in some sections of the county estimated that the rain was heavier in their areas, believing it to be around the 2-inch mark.

Falling slowly through both Friday and Saturday, every bit of the rain that fell soaked into the ground, and a number of farmers and business men declared this rain was worth more to the land than any that fell during the summer.

While a considerable amount of cotton is open over the county, it is generally believed that no damage has resulted from the rain.

Wheat farmers and ranchmen of the section declared the rain invaluable. Some wheat is already coming up. Other growers feel that this moisture will put the ground in just the right condition for sowing.

A light rain that fell yesterday and last night registered 25 inch and was still falling this morning at press time.

CHARLES A. LEVI AT PEARL HARBOR

PEARL HARBOR—Charles A. Levi, chief shipfitter of Giles, Texas, has been serving with the 85th Naval Construction Battalion here, climaxing with the war's end, a long period of duty that began in the Aleutians.

In cold and heat, this battalion of Seabees performed the strenuous, difficult work necessary to victory. It spent 17 months in the Aleutians, from there came to the South Pacific.

RUFUS WHITE TO BE BACK ON BANK JOB SOON

Rufus White has received his discharge from the service and is at home again. He has been in the service for the past two and one half years and has been on leave of absence from his position at the First National Bank during that time.

He will resume his active duties there as Assistant Cashier within a few days, and his many friends will be happy to know he is back on the old job again.

Lefors Pirates Defeat Broncs 6-0

The Clarendon Broncs put up a hard fight in heavy weather here last Friday night and held their opponent, the Lefors Pirates to a very small lead in what was expected to be a much more extended affair than it was. The Pirates were picked to win by at least three touchdowns but barely broke loose the one time for their only 6 points.

The slow rain that fell throughout the day made the field slippery and the weather was very chilling causing both teams much trouble in handling the ball.

Every member of the Broncs squad played hard throughout the game and Bulman was considered outstanding for his work in the backfield and mainly for his tackling ability.

The Lefors team was a group of much heavier boys and offered the light Broncs team plenty of opposition. They are considered along the top of the bracket in the district with Wellington being their main worry.

LIBRARY NOTES

By Mrs. C. A. Burton

Something new is to happen in Dallas—a Book Fair—on November 8, 9, and 10th—the Southwest Book Fair. It will be the first of its kind. There will be morning, afternoon and evening programs and some special children's programs. The sessions will be held at McFarlin Memorial Auditorium and the Fondm Library, both on Southern Methodist University campus. There will be special displays of book-illustration and art work at the Dallas Museum of Fine Arts and the Dallas Historical Society will present a special exhibit of rare Texas items.

Among the writers who are to appear as speakers are Louis Bromfield, Hervey Allen, John Selby, Ben Lucius Burman and many others. Five or six authors will be presented on each program.

The Book Fair is being sponsored by all the Dallas bookstores, both Dallas papers, Dallas schools and libraries—in fact all of Dal-

las. Practically every publishing house of any consequence in the nation will be represented. Many publishers will accompany their authors, chiefly to see if their true what Texans say about Texas.

Among the new fall books are many dealing with the various countries of the world in which we are interested as never before; books on race relations; scientific books. Books about the atomic bomb were begun before the dust had settled, and there are now too many of them to count.

"Skip to My Son" by William M. Camp is "The Grapes of Wrath" for Arkansas instead of Okla.—the story of one family's migration to California, but a very different California, for they are welcomed and put to work—at big wages.

Sinclair Lewis who moved to Duluth last spring, has returned to New York.

In his tour of the States for his "Inside the U.S.A. John Gunther followed a certain routine: Lunch with the C.I.O., dinner with the First National Bank.

Sgt. Marion Hargrove will be a civilian soon.

A movie version of Charles

Dickens' "Great Expectations" is being made in England.

Some short stories by William Saroyan which were taken from him on the border when he was leaving Russia a few years ago have recently been published in Russia and well received. The Soviet government is now returning the manuscripts and the royalties which have accumulated for him. It will be remembered that Saroyan is Armenian.

METHODIST CHURCH
H. W. Hanks, Pastor

Sunday school at 9:45. Preaching at 10:50.

Next Sunday, Oct. 7 is world wide communion Sunday. Each member is asked to make a free will offering for world relief, for our chaplains and for the recreation centers for our many boys who are still in the service. So let each one bring his offering. If for any reason you cannot come, please send your offering. Then on this Sunday we are asked to pray for world peace and good will and to examine our own lives and ask God to help us to be more nearly what He would have us be. Our church, along with other churches, is entering upon a period in which we are to stress with renewed vigor, the matter of a complete consecration to God, and we are to put forth greater effort to reach the unsaved. We are very anxious for all our members who are physically able to attend, at least one service each Sunday. If there ever was a time when the church could take it easy, that time is not now. So many of our boys have given their lives to preserve to us our religious freedom, we certainly can afford to show our appreciation of their sacrifices by doing our best to make the world Christian. This is a man's sized job. We call upon each and every member to come to all our services, to pray for a deepening of your own spiritual life. Pray for your pastor. Pray for your own family and for the

community, and for the nation and for the whole world. The gospel of Jesus Christ is the cure for all the ills of humanity. God is depending upon you and me to tell the old old story of Jesus and His love to the people of our generation. Let us all pray for each other. Let each of us strive to live more Christ-like.

MOOS OF THE MOMENT

BY UNCLE BOB

of the Kraft Dairy Farm Service

This is really a hot subject, a burning question which every dairy farmer needs to warm up to. It is also something which needs cool consideration.

A number of farmers I know are in the habit in the fall of setting fire to the grass in their pastures, with the idea that they are helping next year's pasture.

Instead, Oklahoma tells us burning pastures destroys food in the soil and causes greater soil erosion. A discussion of the injury done by burning is found in Bulletin B-247, Extension Service, Oklahoma A & M College, Stillwater, Okla.*

Tests made in Oklahoma show that when grass is burned, nitrogen is lost and organic matter is destroyed. Four per cent of the water which fell on a burned plot ran off but less than two-tenths of one per cent of the water ran off a plot which had not been burned.

Ten times as much soil was lost from a burned plot as from an unburned plot. One little match can cause a lot of dollars to go up in smoke in a pasture as well as around a barn or haystack, it seems.

A great deal of the material which has appeared in this column has been assembled into a booklet, for ready reference. Lists of bulletins on the many subjects which I've talked about and how to get these bulletins are included. I'm sending these out to all my friends everywhere and wish you'd drop me a note to be sure that your name is on the list. Ask for this "Moos Booklet" at your Kraft plant or send a postcard to Uncle Bob, 500 Peshtigo Court, Chicago 90, Ill. There is no charge.

I'm the kind of a guy who enjoys heartily doing something good by not doing something. Sounds a little like double talk, but one of the best things you can do for next year's permanent pasture is not using it too long this fall.

Grass needs a rest, in order to build itself up for winter. Sturdy

root growth and good growth above ground is required for grass to go safely through the winter.

If you leave your herd on your native pasture too long in the fall, close cropping and trampling of roots may cut down the amount of food which the cows will get out of the grass next spring.

And regardless of whether you are asked to increase your milk production next year or hold your production where it is, the best and cheapest way to produce milk at all times, is by better pastures. Take care of your pastures now and they'll take care of you and your cows next year.

KRAFT FOODS CO.

Most youngsters don't have very much to say about the name they go through life with.

With a business, it's a little different. A company can and should change its name to fit what it makes and sells. That's why your Uncle Bob now comes to you from the "Kraft Foods Company" instead of the "Kraft Cheese Company."

Actually, only one word has been changed, and Kraft will continue to buy, to make and to sell the same fine line of cheese of every variety as it has done in the past. That's our main business and will continue to be, but the new name will cover the many other fine dairy foods, the salad dressings, the mustards, the caramels and the other household and industrial products made and sold by Kraft.

Yes, the name has been changed but you'll still find the same faces at the plant where you sell your milk. The field man will be just as ready to help you with your dairy production problems. And I'll be writin' to you from the same corner of this newspaper.

*NOTE: There usually is a 5c charge for pamphlets mailed to non-residents of a state, but possibly your own state has a free pamphlet on the same subject. Ask your county agent.

OUR PAYROLLS OF MORE THAN FOUR AND A QUARTER MILLION DOLLARS IN TEXAS HELP SPEED NATURAL GAS FOR PEACETIME RECONVERSION.

United Gas payrolls in Texas amounted to more than four and a quarter millions of dollars in 1944 alone. These millions of dollars, being put continuously into circulation in Texas, do this:

- Create still more and larger payrolls—more jobs for more people...
- Bring more and more dollars into circulation, ultimately ringing cash registers, large and small...
- Stimulate business and make for better living!

Yes, our payrolls, scattered over a large area of Texas, work for everybody... And low-cost, efficient, natural gas fuel speeds the day of complete reconversion to peacetime payrolls in Texas.

Ted Tomlinson Writes From Manila

The following letter was received by Mr. and Mrs. D. W. Tomlinson from their son, Ted, who is stationed in the Philippine Islands.

Manila, P. I.
Sept. 9, 1945

Dear Mom and Pop:

The other day we were setting in the tent twiddling our thumbs and heard a yell that would wake the dead and ran out to see who had been shot. To our surprise no one was killed but instead someone had heard that some fresh recruits had just come in from the States. I grabbed my old hat and ran as fast as my G. I. shoes would let me. I got to the beach and sure enough there they were. Good looking American Joes. They were dressed in clean clothes, their skin was white, they

looked happy, just like I did when I arrived here in the Philippines. There I stood, my skin was yellow from taking atabrine, my clothes were dirty and wrinkled because the people charge so many hard earned pesos to wash them and the G.I. laundry has gone out of business because the war is over. I felt ashamed and stood behind a tree to hide myself. I stood there just staring with my mouth wide open because really folks it was a sight that just did my old war torn heart good. I stood behind the tree watching the recruits getting iced pineapple juice and doughnuts. I guess I looked pitiful so one of the Privates called me over and said set down and tell me about the Philippines. Well I didn't know what to do, because I hadn't seen civilization in so long I had forgotten how to act or what to say. I said "Victory Joe" and he laughed. I don't know why he laughed because that is what all of us and the Filipinos say over here. My fear had begun to wear off now so we

began to talk. I said where did you come from Joe and he said, "San Francisco." "That's in Maine" I said. He looked at me and said "Fellow how long have you been in the Philippines." I said going on my third month. He let out a yell and said "Take me home" and jumped in the bay. He came out after realizing that he couldn't swim back and said, "Brother, if that is the way this place makes you I want to go—go just anywhere." I told him of some of the sayings here such as "one pesos Joe", "Cigarette Joe?", "Victory Joe", and some more that I have forgotten. I have forgotten what all he told me but I am going to tell all I can to let you poor fellows that have been over here as long as I have know what to expect when we go back into civilization again.

This is the things he told me. "When you get off the ship in San Francisco, CALIFORNIA, there probably will be a bunch of people there and some of them will be biting metal tubes and things. Don't let this scare you because

they won't hurt you. They are called musical instruments and the noise is called music. They will probably strike up some jive. Jive is fast music that makes you want to jitterbug and dance. No you won't have to dance with the other G.I.'s because there will be some women there. Don't go up and slap them on the back or shake their hands off because you are glad to see them but speak and they will be friendly. When you get down town you will see shiny things that go like lightning. They are cars. Don't get in front of them or they will hit you and knock you down. If by chance you try to drive one be careful and do the following things: Get in by twisting the little shiny piece of metal on the side and the door will open. Get in on the side where the round mechanism is and put both hands on it to see how it feels. Then turn the key on (it is on the panel in front of you) and push with your right foot the little round contraption there on the floor. You will hear a great noise but that is the motor running. To

get this great invention started push on the pedal on the left side with your left foot then take hold of that stick in the center of the floor and pull it down. Let out on the pedal and push on that little pedal on the right and you will start moving. If you are in town watch out for a little box in the middle of the road hanging on a wire up high. When this light is green you can go, if it is red you are supposed to stop. If a man in a uniform blows a whistle at you you are supposed to push on the pedal on the right and the car will stop. No he isn't an Army officer but what is known as a cop. He won't hurt you. If you see a piece of wood or tin hanging on a building and it says Cafe, go in there. I know it will be confusing at first but set down. No you don't remove the pillow out of the seat. That is to set on. Some one will come around and say what do you want. Don't tell them stew because it isn't like it is here. They have some other things to eat. Bacon is in little strips and is sort of brown. Don't be afraid to eat it because it is really good. When you are through eating you don't have to go wash the plate because they will do that. Be sure and don't walk out without paying them. No you don't give them pesos, you use dollars and cents back in that country. If you want to have some fun look for a sign that says skating. Go in there and set down on a stool and someone will ask you what size. They mean what size skate do you want. A skate is a little instrument with four wheels and you put them on your feet and roll around in a circle. If a girl comes up and takes hold of your hand don't knock her down because she is just being friendly. Well, there are many wonders in this country I am talking about as you will see when you get back. Just be careful and don't get hurt. This country is divided up in what is known as States. Texas is the best one and by far, the biggest. It's almost as big as Luzon. You can't go out on the streets in Texas like you go around here. You are supposed to wear some clothes that are called trousers. And for goodness sake don't walk down the street carrying things on your head like you do here. When it gets dark there it is the custom to

go to bed. A bed is composed of two ends and in between is a thing called a spring which is wire coiled up to spring when you hit it. On top of this is a sack stuffed with cotton. You sleep on this, don't throw it off on the floor. There is another little sack that you put under your head. It is called a pillow and don't be afraid to use it."

Well, folks, these are some of the things that this recruit told me and I am writing this to find out if he was telling the truth or is it just another big tale? I can't believe it but I will believe it if you say it is so. He said you all since you were my Mom and Pop probably lived in this wonderland so if you do tell me all about it. What kind of clothes do they wear? If you can write and tell me a lot of things maybe it won't be so hard for us to do right when we go back. I will pass it on to the boys that are isolated here on this Island with me and maybe we will all prosper by it. If you think we are dumb because we don't know about all these things you will feel sorry for us I know. We can't help it because we have been here on this island for so long we just don't know any better. All we know is to eat stew, sleep on a hard cot, work hard

and wash water. Please don't tell your buddies about this letter because they will think you sure have an ignorant son. So please just keep it under your hat.

Me and my buddy have got to go over to tomato tavern and garbage up on stew so I had better stop for now. I will go to the Captain and see if I can send this home and get him to address the package they put letters in.

Love from your forgotten son,
Ted

THE TEMPLE OF TRUTH
By the Apostle

Had a letter recently from Bill Weatherly who is in Japan. Bill was manager of the Shamburger lumber interests for a long time prior to enlisting in the service of Uncle Sam. Wrote him right back and hope he got the low-down on all that's going on here. Bill has a lot of friends in old Donley who will be pleased to see the time come when Bill will get back home.

His hair was falling out. Finally he had but one hair left, which he combed, brushed, massaged and shampooed. One morning he awoke and found that lone hair on his pillow where it, too, had given up the ghost. The old boy got out of bed, rushed to the kitchen where wife was cooking breakfast and yelled out: "My gawd, honey, I'm bald!"

VOLUNTEER SERVICE HOME SERVICE

Mrs. C. A. Burton

Statement was made when Germany capitulated that "The Prisoner of War Bulletin" would be succeeded by the "Far Eastern Prisoners of War Bulletin"—and the first copy of it has arrived—but its news is out of date. Already the men who were prisoners of Japan are arriving by plane and by boat—any way that they

may get home.

The War Department and Red Cross are still urging that families of returning service men do not go to seaports and separating centers to meet them because of the impossibility to secure housing accommodations. But families are still going.

Again let me urge that an emergency leave or furlough must be verified by Red Cross. Much time may be saved by having Home Service send a wire of verification at the same time the family sends a wire.

Lend-lease still gets much attention, and many queries as to whether the U.S. will ever be repaid. Little Holland can't give gold, its cities are piles of rubble, thousands of its people are crowded into makeshift shelters and food and fuel are scarce. But Holland still has tulips, and in a great gesture of appreciation she is sending 110,000 tulip bulbs to beautify the national cemeteries of our country. The bulbs will be set out this fall in cemeteries to bloom next spring, symbols of gratitude from one people to another.

The thought uppermost in the minds of the fathers and mothers as well as the soldiers just now is discharges. So urgent is the need for help in harvesting crops that farmer fathers feel they must get the boys home now that the fighting is over. Our own Home Service is handling many such cases

and from the daily press we learn that congressmen and other officials in Washington are getting literally bushels of mail on this subject.

PRE-NUPTIAL ANNOUNCED

Mr. and Mrs. J. L. McMurtry announce the engagement and approaching marriage of their daughter, June, to S/Sgt. Ray E. Palmer. The bridegroom-elect is the son of Mr. and Mrs. Doss Palmer. The wedding is planned for October 27 at the First Methodist Church.

The bride-elect attended Gulf Park College at Gulfport, Miss. and graduated from the University of Texas, where she was a member of Kappa Alpha Theta sorority. Sgt. Palmer attended Clarendon Junior College and Texas Technological College at Lubbock. He served in the U. S. armed forces in the European Theatre and is now stationed at Camp Cooke, California.

THE 1926 BOOK CLUB

Mrs. Cap Morris and Mrs. Glenn Hoggatt entertained the Book Club at the Home Economics Department Tuesday afternoon. Mrs. Hoggatt presented a Nutrition program which consisted of two movie films on "Food and Nutrition" and "Hidden Hunger." Mrs. Bill Bromley presided at the meeting in the absence of the president, Mrs. Rolle Brumley.

Refreshments were served to

guests, Mesdames Woodrow Bull, Bill Riney, Alvin Landers and Dee Lowry and members, Mesdames, M. R. Allensworth, C. E. Bairfield, E. S. Ballew, Bill Bromley, L. N. Cox, C. M. Lowry, Frank Phelan, J. R. Porter, Joe Ritter, Rayburn Smith, W. C. Thornberry, B. G. Watson, Frank White Jr., Delene Bagby, Walter Clifford, Don Grady and Miss Lucile Polk.

LADIES AUXILIARY

The Ladies Auxiliary of the Presbyterian Church met Wednesday in the home of Mrs. J. H. Howze.

Mrs. Heckle Stark, Mrs. Guy Wright and Mrs. Clifford Davis were co-hostesses.

Mrs. George Green, the president, presided over the business session, after which Mrs. D. F. Wadsworth took charge, as leader of the program.

The program consisted of a devotional by Mrs. Nova Mears; solo, Mrs. Will Word; talk on Rally Day, Mrs. Wadsworth; duet, Mrs. Will Word and Mrs. Howze. The duet was requested by Mrs. W. M. Montgomery. Mrs. Millard Word was at the piano.

At the close of the program the hostesses held a contest, of which Miss Mary Howren and Mrs. Alfred McMurtry were the win-

ners. As a reward, these two ladies were granted the privilege of presenting to Mrs. John Ellis, the pastor's wife, the many lovely gifts with which the auxiliary had honored her.

After the gifts were all opened and admired, Mrs. Wright conducted the ladies to the dining room where Mrs. Stark and Mrs. Davis served them with punch and cake from a colorful table.

The yellow cloth blended with the center piece of bronze and yellow dahlias while the orange punch and devil's food cake gave added color and balance.

In addition to the gifts for the pastor's wife, there was quite a large offering of comforts, blankets, sheets, pillow cases and towels. These were brought at the request of the Inter Church Council and will be sent to ministers in Europe.

Twenty-four members and two guests were in attendance. The guests were Mrs. Whit Carhart and Mrs. Claude Walker.

DRS. LOWELL ENTERTAIN WITH DINNER PARTY

Drs. Keith and Laura Lowell entertained with a lovely dinner party at their home Sunday evening complimentary to her sister, Mrs. H. B. Sykes of Chicago celebrating her silver wedding anniversary and Mrs. Jack E. Cox on her birthday; also Lieut. Donald Sykes and Lieut. Andrew Staurisky, veterans of the Air Corps in the European Theatre.

Two lovely birthday cakes with candles added much to the enjoyment of a delicious dinner.

Mrs. Sykes received a lovely bouquet of Gladiolas and Asters from her husband, Mr. Sykes, at Chicago.

Those present were Mrs. H. B. Sykes and Mrs. W. L. Cureton of Chicago, Lieut. Donald Sykes and Lieut. Andrew Staurisky of the Air Corps; Mr. and Mrs. Dick Allen, Mr. and Mrs. Calvin Merchant, Mr. and Mrs. Claude Hearn, Dr. and Mrs. Jack Cox, Mr. Walter Cox, Mrs. Myra Lowell, and hosts, Drs. Keith and Laura Lowell and sons David and Jack.

42 PARTY

Mr. and Mrs. Chas. Bairfield entertained with a 42 party at the Clubroom Thursday evening. Games were played at 4 tables. At the close of the games, Mr. and Mrs. Bill Bromley received high score prize; Mr. and Mrs. Rayburn Smith received low prize, and Nathan Cox received traveling prize.

A dainty plate refreshment was served to Messrs. and Mesdames Rayburn Smith, Cap Morris, N. L. Cox, Frank White Jr., Rolle Brumley, Bill Bromley, J. R. Porter, Clyde Douglas and hostess, Mr. and Mrs. Bairfield.

CLARENDON H. D. CLUB

The Clarendon H. D. Club will meet in all day meeting with covered dish luncheon Friday, Oct. 5 at the home of Mrs. Claude Darden. The regular meeting will be at 3 p. m.

Rev. and Mrs. J. O. Quattlebaum of Stamford were in Clarendon Tuesday.

Marilyn Maher who is attending school at Lubbock was operated on for appendicitis at Seymour Thursday.

GILES-TALLEY

Miss Betty June Giles, daughter of Mr. and Mrs. Jim Giles, 119 E. 39th Amarillo and Coxswain Chester Talley Jr., son of Mr. and Mrs. Chester Talley of Clarendon were united in marriage in a single ring ceremony at 3 o'clock Sept. 29 at the home of the bride's parents.

The bride wore a medium blue dress with beautifully bound slash pockets ornamented with gold nail heads, and a shoulder bouquet of white carnations.

A reception in the home followed the rites. The brides table was centered with a beautifully decorated wedding cake, topped with a miniature sailor and his bride.

The bride is a graduate of Amarillo High School and until the time of her marriage was employed by the Southwestern Bell Telephone Co.

Cox Talley is on a 30-day leave after spending the past 2 years in the Southwest Pacific area.

Guest for the wedding were Misses Mary and Marie Anderson, close friends of the bride; S 1/c Dewey May, Elizabeth Talley and Mrs. Chester Talley.

1930 NEEDLE CLUB

Mrs. Nora Decker entertained this club at her home Tuesday afternoon. Club plans were discussed at the business meeting.

A delicious salad plate with coffee was served to Mary Wallace, Ona Tatum; Mildred Larimer, Nora Myers, Dollie Wilson, and hostess Nora Decker.

Donley County Leader, 52 a year

MRS. HENRY MILLER

GOLDSTON-MILLER

Miss Betty John Goldston, daughter of Mrs. John Goldston of Clarendon, became the bride of Flight Officer Henry Miller, son of H. Miller of Reddington, Pennsylvania, on Sunday, Sept. 23rd. Full military wedding ceremonies were performed in the Chapel of the Hondo Army Air Field where F. O. Miller had only a few hours before receiving his Wings.

The bride wore a white satin gown with veil of illusion and carried a single white orchid. Her

attendants, all friends made while at Amarillo Army Air Field, wore pastel formals and carried bouquets in harmonizing hues.

Attendants to the groom were his classmates. The traditional processional and recessional marches were used.

Immediately following the ceremony, F. O. and Mrs. Miller left by plane to visit his father in Reddington, Pa., and he will report back to the Hondo Army Air Field to receive orders.

The young couple met when

the bride was employed at the Amarillo Army Air Field and the groom was stationed there taking training. The bride was employed in Military Personnel Department and was recently selected as Amarillo Army Air Field Pin-Up Girl. She was graduated from Clarendon High School and Clarendon Junior College and was one of the most popular members of Clarendon's younger set. F. O. Miller was educated in the Pennsylvania Schools.

For her traveling costume, the bride chose a model of aqua with jet accessories.

Solving Child And Parent Problems

AUSTIN—"What can - do to make junior behave?" — the chronic wail of all mothers from the farm to the penthouse is just one of the hundred of questions on child and parent behavior which Mrs. Virginia Sharborough, parental educator specialist at the University of Texas, has to answer.

In her position as chairman of the Texas branch of the Congress of Parents and Teachers, Mrs. Sharborough acts as counsel and consultant for study groups of Parent Teacher Associations, Federated Clubs, or any other organization interested in solving problems of home and family.

Through lectures, letters, study courses, and personal contacts, Mrs. Sharborough is helping parents all over the state of Texas to understand their children.

"Parents must be taught that the character of the man and the woman is formulated during childhood. If we wait to teach behavior to the high school or college student, it may already be

too late, for their personalities are already molded," the director said.

"Parents can use some improvement, as well as the children," Mrs. Sharborough commented. "There is the case of the dominating mother whose falling was revealed when her child remarked while playing, I want to be the mother, because I want to be boss."

Today's housewife-mother and career-mother are counseled by Mrs. Sharborough. "Take time out for rest. Your child's welfare is too important to be pushed into the background by other duties, and you cannot deal with your children properly if you are physically exhausted.

"Also, each parent should remember that every child in the family should be treated as a distinct personality. One may crave more affection than others in the same family," she said.

Mrs. Sharborough is assisted in her work by University specialists, the Bureau of Visual Instruction, the Extension Loan Library, and 13 chairman in other Texas cities.

Bill Todd is back on his job after an illness the past several days.

A Pretty Co-ed Who Wouldn't Say "Quit"

DENTON, Texas—A pretty co-ed who wouldn't take no for an answer—who sat out on a tree limb and camped in a pup tent on the North Texas State College campus when she couldn't get a room, had a bed of her own this week.

Pretty, brunette Donna Mae Newton from Marshall, freshman co-ed at the college who was "without a college home" for over a week, was given a home by a private citizen of Denton—a whole room, a bed and all the accessories, plus bath.

Heaving a sigh of relief, after "visiting" with classmates for the night, sharing a half-bed, and being "out on a limb and camping out," the young School of Music student unpacked her suitcase this week for the first time since arriving at the college. One of more than a thousand students unable to get accommodations due to the acute housing shortage, the Marshall co-ed was determined to stay and go to school.

Without a bed of her own, the

young co-ed was offered the use of a Boy Scout pup tent Thursday. She moved from her "tree house" where she had been "out on a limb" for a few hours, and camped on the lawn of Marquis hall, girls' dormitory which is filled to capacity. With a toothbrush, towel, washcloth, her suitcase, a pillow and newly issued books, she took to tent life easily.

Two pictures of Miss Newton, one out on the limb of a tree, and the other in her tent, were published with a story on page one of the Denton Record-Chronicle, and Associated Press stories of her situation were carried -- the response was heavy, and a room was promised her.

College officials have issued pleas to all townspeople to open

private homes to the students due to the record enrollment and an acute housing shortage.

Dr. and Mrs. J. Frank Johnson and Mrs. Tom Campbell of Wellington visited the weekend with their aunt, Mr. and Mrs. C. D. McDowell.

Mrs. Lynn Morris who has been in California is now visiting her parents, Mr. and Mrs. W. H. Patrick.

Mrs. Homer Estlack returned home Friday night from Vernon where she has been at the Brown Sanatorium for treatment.

ARTICLE V

The business of the association shall be transacted by a group of twelve directors, one of whom shall be president and another

secretary. These directors shall be ex-service men or women, six elected by Aubyn E. Clark Post No. 126 and six from Adamson-Lane Post 287, and said board shall be organized by electing a president and a secretary from its members. The members shall draw for a tenure of office of one, two and three years each, provided each post above named shall have two members retiring at the end of one, two and three years respectively.

ARTICLE VI

The association shall be a non-profit organization without shares of stock, as provided for by Article 1312 of the Revised Civil Statutes of Texas, and composed of all veterans organizations in Donley County.

ARTICLE VII

Money to buy the land and to construct the memorial shall be obtained by free-will donation and receipts shall be given each donor showing amount and date of donation. A record of same shall be kept by the Secretary of the Association.

ARTICLE VIII

The soldiers memorial building shall always be open to ex-service men and women, and will be rented to the general public only

by the approval of the directors, and of such men and women as are in service.

ARTICLE IX

The association shall always have authority to construct and maintain swimming pools, golf courses, bowling alleys, tennis courts, baseball fields, shooting galleries, or any other facilities needed for any recreation agreed upon by the directors and these recreation facilities shall be open to the general public at such fees as the directors may decide.

ARTICLE X

The directors shall have authority to hire a keeper of the grounds and buildings of the memorial, and one recreation director when advisable, whose salaries shall be paid as much as possible by revenues charged for rents or entries into various games or amusements.

ARTICLE XI

All persons may enter the various forms of amusement and participate in same upon payment of the regular charges as agreed upon by the directors.

ARTICLE XII

The directors shall have authority to construct one or two room cabins to rent on week ends or at such time as such cabins may be desired by visitors.

ARTICLE XIII

The directors shall have the names of all ex-service men and women of Donley County printed, painted, cut or engraved in a conspicuous place in the main Memorial Hall to be better preserved for future references.

memorial Hall to be better preserved for future references.

ARTICLE XIV

In another place shall be typed the names of all persons who have donated to the memorial or who have assisted in making it possible. Any individual contributing \$100.00 or more to the initial cost shall receive special recognition in an appropriate manner agreed upon by the board of directors.

ARTICLE XV

Before entering into any contracts requiring the expenditure of one hundred dollars or more, the veterans organizations having valid interest in the Memorial shall have a right to vote on same.

ARTICLE XVI

Any ex-service man or woman shall have the right to participate in the various amusements without charge if he does not have the money to pay the regular fees, and if a certificate of exemption has been given him by a veteran organization in Donley County.

ARTICLE XVII

The keeper of the memorial shall always have authority to put off the grounds or out of the Memorial Buildings such persons as refuse to abide by the rules of the Association and persons who are intoxicated and generally obnoxious.

ARTICLE XVIII

A register of all visitors and donors shall be kept at all times, showing date of visitation and date and amount of donation.

ARTICLE XIX

Receipts suitable for income tax deductions shall always be given donors of any kind.

ARTICLE XX

Only organizations of veterans with state and national and local charters shall be considered veterans organizations; such organizations are subject to approval of the Directors of this association.

ARTICLE XXI

Any amendment or alteration of these articles may be made by either of the above named posts, with the approval of the other post, by motion and second.

Texans Train For Football In Germany

WITH THE 36th "TEXAS" DIVISION, SEVENTH ARMY, IN GERMANY—"All out for football" is the only phrase that will describe the efforts of the 36th "Texas" Division. Each day they send over half a hundred candidates for the T-Patch eleven out for practice on the green turf at Ulm Stadium near the Danube River.

To a stranger watching the Texans workout the scene is reminiscent of the good old college days. Goal posts gleam whitely at either end of the stadium, footballs fill the air, and the heavy

eating gridders eat at a special training table. The food is served to them by comely DP maidens. Last but not least the old rub-down room is there—complete with trainer Cpl. J. L. Arevalo, a former physio-therapist.

Head coach of the well balanced T-Patch mentor staff is Pfc. Perron Shoemaker, former Alabama All-American end in 1938, and tutor for three years of the University of Chattanooga eleven.

Although Shoemaker is a Pfc., all three of his assistants are officers. To most units this system would be a distinct disadvantage, but in the Texan grid picture Lts. William West, Jack Herrero, and Edward Posipanka have the interest of the team at heart and are content to let Shoemaker run the eleven while they assist. West, who is handling the tackles, is a former Tennessee lineman and Philadelphia Eagle star. Herrero can be remembered as California's sterling guard of a few seasons ago, and Posipanka, six foot, five inch, John Carrol University end, is wingman mentor.

Despite a shortage of experienced men, and insufficient equipment (the latter is being remedied by additional uniforms

each day) Shoemaker states that he will have a good club, and will make it tough for other teams in the Seventh Army League when the season opens Sept. 22nd.

Mrs. Lister and Jaunita Carpenter from Pampa spent the week end in the Henry Tatum home.

Geo. Watson from Canyon was home over the weekend visiting homefolks and seeing the fair.

GOOD? IT OUGHT TO BE GOOD!

Sure, the New Phillips 66 is a swell gasoline

Why Not?

We'd be ashamed of ourselves if it *wasn't!* Since Pearl Harbor we've put every ounce of sweat and energy we possessed into perfecting the finest combat fuels the world has ever seen

Millions of dollars worth of new equipment

...hundreds of thousands of man-hours and brain-hours ... *weren't spent in vain!*

Good gasoline? Man, it *ought* to be good!

And if you're one of those who aren't surprised that Phillips research and Phillips know-how have produced a world-beater of a gasoline, here's a little thought you can tuck in your hatband:

The most important thing about a Phillips 66 Service Station is still the man who runs it. Yes, he can give you fine gasoline. But he'll also give the consistently high standard of thoughtful, courteous service that has always characterized the sign of 66.

We didn't forget how to deliver *that* during the war, either!

Elma L. Brandon Serving Aboard USS Luzon

PEARL HARBOR—Elma Lee Brandon, chief motor machinist's mate, Springdale, Ark., has been serving aboard the USS Luzon, a unit of the repair squadron that Fleet Admiral C. W. Nimitz, Commander-in-Chief, Pacific, once referred to as a "secret weapon."

The Luzon, a floating shipyard capable of repairing and maintaining smaller combatant vessels and all types of amphibious craft, was the first ship of its kind to be sent to the Pacific. It has served in the forward areas since January 1944, putting hundreds of ships in condition to meet operation and invasion schedules. This floating shipyard kept the fleet on the fighting line for the invasions of the Marshall Islands, Saipan, Guam, Iwo Jima and Okinawa.

With millions of dollars in equipment and scores of highly trained personnel, the Luzon could handle a wide range of jobs

—repairing 6,000 horse-power motors, doing all manner of electrical, metalwork and machine shop work, manufacturing necessary spare parts, and maintaining diving equipment for underwater work.

Elma Lee's parents, Mr. and Mrs. J. D. Brandon, and brother J. R. Brandon, live at Ashtola.

Tom Goodner from Lubbock spent the week end with his mother, Mrs. Marguerite Goodner.

Mr. and Mrs. Rolle Brumley were Amarillo visitors Tuesday.

Mr. and Mrs. Dan Keller are at home from a visit with relatives in Calif. Mr. Keller will have his discharge soon.

Mrs. Mary Dollarhide left Monday for her home at Dallas after a visit with her sister, Mrs. Monica Harvey.

Cpl. Bob Allison, son of Mr. and Mrs. Robt. Allison, is helping type discharges for the boys in Madison. Cpl. Allison has gained quite a bit of experience along this line.

Lloyd Martin and wife of Calif. spent the week end with his sister, Mrs. Robt. Allison and family and his father, J. R. Martin. Lloyd is getting a discharge after being at sea for two years. They are returning to Calif. soon to make their home.

Mr. and Mrs. W. A. Land returned home Tuesday from a week's visit with their son and family, Mr. and Mrs. Marvin Land at Tucumcari, N. M.

Mr. and Mrs. Bill Murphy left Sunday for their home in Calif.

FFA Boys Hold Dist. Banquet

"Save your Soil" was the advice given to the Future Farmers of the Greenbelt District by Representative Hubert Lee of Paducah as the chief speaker at the third annual F.F.A. district banquet, held at the Lakeview High School Gymnasium on Sept. 25th. The banquet was prepared by the Lakeview F.H.T. girls, with the F.F.A. boys and their Adviser T. H. Seay as hosts.

The banquet program was opened by the regular F.F.A. opening ceremony, led by the district president, Roy Grundy. Toastmaster was Adviser John Gillham of Clarendon. "The Eyes of Texas" was sung by the entire group. The welcome address was given by Junior Poyner, Lakeview; and the response was by J. B. Knight of Clarendon. Royce Laycock, Samnorwood, gave a talk on "Aims and Purposes of the F.F.A." Marion Baumgardner, Wellington, who has been approved for the American Farmer Degree, spoke on "Are You an Active Member?" Following Hon. Hubert Lee's address the program was closed by the regular closing ceremony. A guest of the Future Farmers was Ray Chappelle, Head Department Agriculture Education, Texas Tech, Lubbock.

There were 212 members and visitors attending the banquet, including F.F.A. Sweethearts from Samnorwood and Childress.

Earlier in the evening the Future Farmers met at the High School to elect officers, formulate plans for a district program of work, and to conduct the annual officers' training school. Officers elected were:

President, Roy Grundy, Quitaque; Vice-Pres., Don Hancock, Lakeview; 2nd Vice-Pres., Lynn Leathers, Clarendon; 3rd Vice-Pres., Don Kutch, Wellington; Secretary, J. W. Sweatt, Estelline; Sentinel, Paul Collins, Childress; Parliamentarian, Wayne Martin, Memphis; Reporter, Donald Bradley, Samnorwood; Treasurer, W. R. Bradshaw, Turkey; Area Officer, Bill Etter, Childress.

The chapters discussed and voted to have a district project livestock show, to be held next spring at one of the schools of the district. A committee was appointed by President Grundy to draw up plans. It was also decided to conduct a judging contest at Clarendon in March. The group voted to go to Childress for the annual encampment and leadership contests in May. After the close of the business session all chapter and district officers attended the various classes of the Officers' Training School.

Mrs. J. D. Browder of Ft. Worth is visiting her mother, Mrs. R. A. Chamberlain.

Mrs. E. D. Landreth is at home from Ballenger where she has been visiting her daughter-in-law, Mrs. Murrel Landreth and babies. She reports the twins doing fine.

Billy Word has his discharge and is visiting his parents, Mr. and Mrs. Bill Word at the J. A. Ranch.

Mr. and Mrs. Sam Lowe visited her cousin, Mrs. W. A. Black at Canyon Sunday. Mrs. Black is ill from a very serious operation.

Mr. and Mrs. Virgil Baker from Phillips spent the weekend with Mrs. Otis Rolla. Mr. Baker has recently received his discharge from the army.

Dr. and Mrs. Jack E. Cox were in Amarillo today where they went to take Dr. Laura A. Lowell, Mrs. H. B. Sykes and Mrs. W. L. Cureton where they could catch a plane to Ft. Worth.

Harold White of Galveston arrived Sunday night for a two weeks visit with relatives and friends.

Mrs. John Blocker was in Amarillo Tuesday.

Miss Fannie McGowan will leave this Friday for Prescott, Arizona, where she will spend the winter.

Over a month after Lee surrendered at Appomattox, the last battle of the Civil War was fought near Brownsville, Texas, May 13, 1865.
