It is said to be possible to bleed to death without suffering any pain. Just thought this might be some comfort to the taxpayers. Hawaii is strongly Republican, and should it become a state it would add two senators to that side, by the same token Alaska is Democrat by tradition. It is said that each party is watching to see that the other doesn't slip in

any adopted children on them. However, I can't believe our statesmen would be unstatesman about something like this.

Just heard about an eighty-year-old lady that had quilted fifty odd quilts so far this year, and had promised to make 16 more for one family, if her health held out, and I bet it does. How wonderful it must be to be that active at that age and to still be doing such important work in the world. What courage, and grit, and stickability she must have. I guess the main reason are so many wonderful people in West Texas is the fact that we have had so many wonderful grandmothers out here. I kinda believe this.

Another old saying: "A whistling woman and a crowing hen, always come to some bad end."

Send in your grandmothers favorite saying.

Lucky we are in Texas that we don't depend very much on coal for heat during this strike. We have some wood, lots of gas, and if the worst comes to the worst there is that old fashioned "cow-chip." I remember burning them during the other war, and if I remember right, Mama's biscuits tasted plenty good, or was it supposed to make any difference?

Supt. L. A. Woods in addressing the Teachers convention advocated school twelve months in the year. First hand, just don't seem like it would be a good idea to me. I always got a lot of pleasure looking forward to school being out. Anyway if I had been there I would rather have heard him explain why Texas ranks thirty-third in education, instead of about fifth or sixth. Looks like we ought to move up in line with the other boys our size, before we try to out jump them.

Congressman Gene Worley tells this story: A southern Senator was running for re-election, and he heard about a man upstate, that was working for his opponent who was supposed to be working for him. So he went up to see him about it. "Didn't I keep you from losing your home two years ago," said the senator, "and didn't I get your son out of trouble last year." "Yeah," said the voter, "but you haven't done anything for me lately." I kinda thought politics was like that - - the reason I stuck with farming.

Farmers are supposed to have two dollars and fifty cents, or its equivalent for every one dollar they owe now. In 1939 they owed two dollars for each one dollar or its equivalent that they owned.

Too many people get into public office by making a lot of promises, and try to stay in by trying to keep off of everybody's toes.

Mrs. J. T. Warren of Amarillo visited Mrs. Lola Barns Sunday.

THE TEMPLE OF TRUTH
By the Apostle

PERSONAL.
Ima Fizzle says that of all the selfish animals that she has met, met take the cake. "Man thinks only of himself when his wife dies," she says, and proves her statement by his expression of "how can I do without her," which is his principal comment.

HISTORICAL.
Samson is said to be the first man to be trimmed by a woman, when Delilah cut his hair. Has-ton Yazzie announces that the custom still is going on.

PIONEER STUFF.
In the old days when the old

man bought the family flour supply in a barrel, he could always tell when it was time to get another barrel by finding splinters in the biscuits.

POLITICAL.
It was none other than Grover Cleveland who stated that: "Some men grow when elected to office, others merely swell."

DEFINED.
"wolf" is said to be an animal who picks up your chick instead of your check.

RADIO PESTS.
Paper is used in a radio broadcast to imitate storms and lightning crackling. However, that creaking sound you sometimes hear as if some one had opened a rusty barn door that needs a dash of oil, is merely an indica-

tion of the age of the jokes being used.

OLD HUMANITY.
A man is measured by the size of the thing that it takes to get his goat.

BIOLOGICAL.
The Stork is smarter than the Owl. The Owl asks: "Who, who?" The Stork knows who.

MRS. JAMES DOUGLAS RILEY HONORED WITH SHOWER

Mrs. James Douglas Riley, the former Mary Ann Bromley, was honored with a miscellaneous shower on Saturday, Nov. 23, at the home of Mrs. Rayburn Smith with Mrs. Carl M. Bennett, Mrs. Walter Clifford, Mrs. Clyde Douglas, Mrs. Bill Ray and Mrs. Rolle Brumley, co-hostesses.

Silver and white was carried out in the dining room. The table was laid with a white linen cloth. A spray of silver magnolia leaves with silver cones were interwoven as the center piece. White cakes and white mints covered in silver tinsel were served. Silver leaves tied with white satin ribbon were used as favors.

Coffee was poured by Ruth Patman the first hour and by Elise Norwood the second hour. Edith Jo Beckett, Judy Riley and June Atteberry helped with the serving.

Receiving the guests with the hostess and Mrs. Riley were Mrs. Bill C. Bromley, mother of the bride, Mrs. R. R. Riley, mother of the groom, Mrs. M. W. Mosley and Mrs. Edd Bromley, grandmothers of the bride. The bride wore her bridal suit, aqua wool with a white mum corsage.

Mrs. Millard Word played traditional wedding songs and music during the first hour followed by two readings by Mrs. Carl Bennett, the first humorous and the second a beautiful prayer to the bride. For the second hour, Sybil Head played popular love songs and Mrs. Joe Ritter gave an original reading written for the

bride. About seventy five guests registered in the bride's book, a gift from Mrs. Clifford and about as many more sent gifts who were unable to attend.

Mrs. Elba Ballew, reviewer for the afternoon, first gave a short sketch of the life of Maryvne Bauer, author of "Behold Your King" and then beautifully reviewed the book. KAPPA SUB DEBS

The Kappas have voted to have two meetings a month. The first one on the first Wednesday, which is an afternoon meeting and the second one on the last Wednesday of the month, which is a party night. This arrangement has succeeded as the girls enjoy one special meeting a month.

The Kappas met for their monthly party night in the home of Sybil Head with Layma Tatum as co-hostess. The program was presented by Ardith Warren. She read from the book "A Treasury of Stephen Foster." His many beautiful compositions were played softly on the piano by Nita Heath, which provided an atmosphere which held all the girls' attention.

A delicious salad course was served to the following members: Nita Heath, Sybil Head, Layma Tatum, Dorothy Tatum, Jean Porter, Betty Rhodes, Jo Ann Blackwell, Lovey Stanley, Sue Smith, Lucy Brown, Jo Hoggatt, Louva Hunt, Elise Norwood, Ruby Jo Kidd, Jaunita Carpenter, Portia Hay, Patsy Pittman, Ardith Warren, Louise Underdown, and sponsor, Mrs. Rufus White.

Weekly SURPLUS NEWS WAA

McLEAN, Texas (Special)—The former Prisoner of War Camp here will be the scene of tremendous activity in alleviating the current shortage of housing for World War II veterans starting December 16 when War

Assets Administration opens a sale of \$300,000 worth of lumber, plus untold quantities of plumbing, heating, electrical wiring and 20,000 feet of critically short supply pipe.

John M. McGee, field director of WAA in charge of the McLean sale, announced that only holders of HH priority certificates, issued by the NHA or the CPA would be eligible to purchase for the first five days of the sale, December 16 through 20.

McGee stated that purchases

would be limited to veterans seeking to obtain materials to erect or to complete one five room individual dwelling, or to contractors seeking to obtain such materials to build a 5-room home for sale to a veteran.

HH priority certificates may be applied for by veterans at the nearest Federal Housing Agency office to their homes, and farmers seeking certification for erection of farm buildings should make application to the Agricultural Extension Service.

Immediate application, should be made by those interested in securing the required HH priority certificate to insure having it by the opening date of the sale, December 16th.

More than 300 buildings at McLean POW Camp have now been taken down and the materials stockpiled in preparation of the opening of this huge WAA sale.

Searchlights of the McLean Prisoner of War Camp are going on sale through the War Assets

Administration as surplus property in excess of the current or anticipated needs of the armed forces December 5 to 20.

Priority claimants, including veterans of World War II, RFC buying for small business, state and local governments, non-profit institutions and commercial buyers are invited by WAA to submit orders concurrently, orders to be filled in the priority sequence.

There are 32 lot offerings containing searchlights of various

types, prices ranging from \$110 to \$258.49. One lot of 11 electric storage batteries is also being offered at \$83.71. The sale closes December 20, following which awards will be made.

To date about 200 chapels located on military installations have been declared surplus and War Assets Administration expects to have between 500 and 600 declared surplus and available for disposal. Eleven chapels at Camp Howze and two at Camp

Fannin are among 30 thus far disposed. WAA is seeking to effect equitable distribution and all inquiries regarding acquiring a surplus chapel should be addressed to WAA, T&P Bldg., Fort Worth.

NEW GRANDSON

Robert Wayne Eastlake is the new son born to Mr. and Mrs. Phifer I. Eastlake at Denison, Nov. 27, 1946. He weighed 7 lbs., 6 ounces. He is the grandson of Mr. and Mrs. J. C. Estlack.

Are You Interested? - - - - We Are!

This page is sponsored and prepared by the fifty-three G.I.'s attending Clarendon Junior College and Clarendon High School, a portion of whom were awarded the purple heart and a large percentage of whom were combat veterans. A number of these G.I.'s are married and have children who will be entering public schools in the near future.

Which Do You Choose?

TO VOTE FOR THE INCREASE IN SCHOOL TAX WHICH MEANS:

1. To keep and enlarge the present Junior College and to give us an opportunity to secure the education to which we feel we are entitled.
2. To keep the present high standard of instruction in our college and public schools by being able to pay teachers a wage comparable to that paid in other junior colleges and public school systems, and ability to compete with other systems for services of well qualified instructors.
3. Ability to move and erect the gymnasium awarded to the local school board by the U. S. government at a small portion of its value and thus to provide proper facilities for Physical Education as required by law, for interscholastic basketball and boxing, and all other activities for which a gymnasium is a requirement.
4. The maintaining of the present high ranking of the high school and junior college and ability of students to transfer their credits from either of the schools to all accredited high schools and colleges in the entire south.
5. Prevention of drop in aluation of property due to lack of a college and inadequate public school system.
6. Maintaining of facilities for all students in this locality to secure at least two years of college work regardless of their financial standing.
7. Ability to do needed repairs and upkeep of school properties and to secure additional equipment as needed.
8. Maintaining reputation as an educational center in the Panhandle of Texas.
9. Additional college facilities to help hold the present college students and to attract other students to the college.

TO VOTE AGAINST THE INCREASE IN SCHOOL TAX WHICH MEANS:

1. The end of the Clarendon Junior College and the end of our opportunity to secure a college education. Most of us can stay at home and secure enough education that with our additional training under the G.I. Bill we can obtain four years of college work.
2. Sub-standard or no teachers at all in the Clarendon Public schools.
3. No Gymnasium, no sports program for college students, and consequent failure to comply with the state requirement for physical education.
4. Inadequate facilities for interscholastic basketball and boxing.
5. Loss of reputation by the town as an educational center.
6. A big drop in property valuations due to loss of college and a lower evaluated public school system.
7. Loss of opportunity for hundreds of Donley County boys and girls to secure a college education.
8. Loss of opportunity of students to secure education at a high school with rating similar to Amarillo, Borger, Shamrock, Quanah, Hereford, Perryton, Dalhart and other school districts that have voted the tax increase.

Every individual or firm doing business in Clarendon, and every public official was given an opportunity to sign the following statement without charge. The following list chose to do so:

We, the undersigned firms and individuals appreciate the facilities of the Clarendon Junior College and the Clarendon Public School System, and we pledge that we will vote for and support the tax increase and will do all in our power to maintain the Clarendon Junior College and Public School System at the highest level possible to improve the same if we are capable of doing so.

How to Stop Worrying

I guess folks in our town do about as much worrying as in yours—over housing and prices, and crops, and jobs—and the little domestic problems that are always coming up.

Dad Hopkins, who's lived to the happy age of eighty, has a simple formula for stopping worry. About every problem, he asks himself: Is there anything I can do about it? If there is, he never postpones making a decision, or taking necessary action.

If there isn't anything he can do about it, he sets aside a "worrying

hour" after dinner, and gets his worrying over in one concentrated period. When that's over, he relaxes over a friendly glass of beer with Ma Hopkins—and they talk about pleasant things together, until bedtime.

From where I sit, that's as workable a formula as you could find... right down to the mellow glass of beer that seems to wink away your worries.

LIBRARY NOTES

By Mrs. C. A. Burton

As you plan your Christmas giving, remember the library. Books you have read and enjoyed would add to the pleasure of some one else. Many of our splendid books have been gifts. Will you add to them?

Mrs. Arther Dayis recently brought us an armful of books

including one mystery, one book for boys, one book of poems by Texas writers, compiled by John L. McCarty, and a book by A. J. Cronin, "The Stars Look Down." Mrs. Roy Beverly sent us another armful of Mother Beverly's books including some volumes of George Elliott and other standard authors, and a volume each of "Life of Moody" and "Life of Sam Jones."

Arthur Morrison Wood fought on Bataan and Corregidor and

died in a Japanese prison camp in July 1942. While there he wrote a book and it was shipped by chance in a soldier's footlocker on one of the last transports to leave Corregidor. By devious route it finally reached Crowell Publishing Co. and has just been printed—"The Devil Is a Lonely Man". It is not a war story, but a novel of California.

The Library of Congress has just acquired copies of the first editions of John Bunyan's "The Pilgrim's Progress," printed in London in 1678. This classic stands unrivaled as the most popular and most frequently translated book originally written in English—and written while Bunyan was in jail.

New needles which make the use of talking book machines 1,500 easier will be distributed to 25,000 blind users in this country.

The Hebrew Bible has been prepared in Braille by the Jewish Braille Institute of America.

George Sandborg, author of "Opportunity in Alaska," has just been appointed General Manager of the Alaska Development Board. He did much of the preparatory work for the recent vote taken in the Territory on the question of statehood for Alaska.

Helen Hayes played for three years in New York in "Victoria Regina"—which we have on our shelves.

Ilsa Chase, 38 years old author, actress and lecturer, plans to marry Dr. Norton S. Brown, New York City physician and wartime Navy Commander. She is the author of "Past Imperfect," "In Bed We Cry," and many other semi-humorous stories.

Forty-six nations now have approved Louis Dolivet's book, "The United Nations."

As soon as he recovers from a recent fall George Bernard Shaw will return to Ireland with Gab-

riel Pascal to help set up a film industry near Dublin. It will be remembered that Shaw was 90 years old not long ago.

Thornton Wilder is finishing a book at his Connecticut home, and then will complete the first of his new plays, which Arthur Hopkins will direct.

Margaret Mitchell, author of "Gone With the Wind," headed the line of buyers for Governor Arnall's new book, "The Shore Dimly Seen," when it went on sale in Atlanta, Ga. recently—and purchased the first copy.

We are often reminded that the Bible is the best seller in the world—and now the Gospel of St. John has just been published in Ancash Quechua—the first publication of any kind in that language. There are 300,000 people who speak this language in northern Peru.

The Gospel of John has also been recently reprinted in Maya, in Yucatan, Mexico. This translation had been printed some years ago, but had been lost. This is a new translation.

Charles Jackson, author of "Lost Week-end" and "Fall of Valor" has completed the first part of his next novel, which he calls "A Murder Story."

Although British book publishers have refused to buy the British rights to Elliott Roosevelt's book, "As He Saw It," it will be syndicated in the press there by Reynolds. The book now is published in 14 languages.

Ralph Ingersoll, whose post-war book created quite a sensation, has started a lecture tour after which he plans to return to his Connecticut farm and write a series of novels.

We do not vouch for this, but it may be true—"The U. S. Army has purchased 2,000 copies of David Stern's fantasy, "Francis," the story of the talking army

mule that advised a young lieutenant on how to behave.

Mrs. Fred Chamberlain brot us "The World, the Flesh and Father Smith" by Bruce Marshall, which we have long wanted.

SOCIAL SECURITY NEWS

In August, 1946, the Social Security Act was amended to provide for payments, in some cases, to survivors of deceased World War II veterans. This legislation simply provided that if a veteran died within 3 years of the date of his discharge, his survivors would be entitled to Old-Age and Survivors Insurance payments if they were not receiving, or not entitled to receive, Veterans Administration payments.

To illustrate the nature and importance of these payments, the following example is stated. The veteran in this case was never engaged in employment covered by the Social Security Act, having worked as a farmer before his military service. After his discharge he went into business for himself, and was accidentally killed some months afterward. Upon filing application recently, his widow qualified for monthly payments for herself of \$24.18, with monthly payments for a 4 year old child of \$16.12, and the same for a 2 year old child. The total payments in this case, retroactive to the month of the veteran's death, amount to \$56.42 a month, and will be payable until the oldest child is 18 years of age.

For the next two years the payments to the widow and younger child will amount to \$40.40 per month, with the widow entitled to a monthly payment of \$24.18 from age 65 to death unless she remarries. Total payments in this case, exclusively of payments to the widow after she is 65, will amount to approximately \$10,500.

J. R. Sanderson, manager of the Amarillo Social Security Field Office, urges the survivors of deceased World War II veterans to contact his office if they believe payments under the new legislation may be possible. He points out, particularly, that prompt inquiries should be made because after February 10, 1947, these payments cannot be retroactive for more than the usual 3 months. Before that date payments are retroactive for more than the usual 3 months. Before that date payments are retroactive to the date of death, even if death occurred as far back as the latter part of 1940.

Veterans Administration is operating 24 former Army and Navy hospitals to meet the growing need for hospital space.

Signs Ignored

America apparently doesn't believe in signs, because 37 per cent of the 1945 motor vehicle-grade crossing accidents were at crossings protected by gates, lights, bells or watchman. Deaths from motor vehicle grade crossing accidents totaled 1739 in 1945, an increase of 4 per cent over 1944, the National Safety Council reports.

The trains were traveling less than 30 miles an hour or standing still in 53 per cent of the accidents.

December is one of the two deadliest months of the year for accidental deaths, the National Safety Council says. Peak traffic deaths, burns and asphyxiations swell the toll.
