## Clarendon F.F.A. Youths Show Two Champion Pigs at Dallas

Members of the Clarendon Future Farmer Chapter exhibited two of the five champions in the swine division of the Texas State Fair at Dallas for 4-H and F.F.A. youths from over the entire state. Ray Morris exhibited the 1st and 2nd light weight berkshire barrows and champion berkshire barrow. Garth Carter exhibited the first place lightweight hamshire and first place heavyweight hamshire. His heavyweight barrow was champion hamshire of the entire show. Doyl Ray Littlefield exhibited the 2nd place lightweight hamshire.

The six pigs were all that were exhibited by the local chapter and the pigs placed as high as they possibly could in their classes. The boys were able to show the pigs at Dallas through the cooperation of C. L. and Floyd Lewis. C. L. Lewis allowed the youths to haul the pigs to Dallas with a load of his cattle, and Floyd looked after the pigs at Dallas from Monday through Friday. The Clarendon Future Farmers are grateful to these men for these favors.

Mr. and Mrs. Glenn Hoggatt and Mr. and Mrs. G. W. Estlack attended the State Fair at Dallas over the weekend and took in the SMU-Texas Tech football game.

Mrs. Frank Hourland is visiting her daughter and family, Mr. and Mrs. Bob Dillard at Austin.

### ONLY 16 DAYS LEFT TO RENEW SUB BEFORE NEW RATE GOES INTO EFFECT

Subscribers of the Leader are reminded again that they have only 16 days left in which to renew their subscriptions at the old rate of \$2 locally or \$2.50 going out of the county. After October 26th the Leader local rate will be \$2.50 and those going out of the county will be \$3.00.

This increase in price was necessary due to the increase in price of newsprint and increased production cost.

If your subscription expires any time within a year from October 26, you now have the opportunity to renew it at the old rate, but you are limited to paying up for only one year ahead at this rate. Check the date on your paper by looking at the figures to the right of your name. The first figure denotes the month and the second figure the year. Those whose date is behind 10-46 should renew right away as their names will be taken from our lists as they are past due now.

### APPOINTED MANAGER

Lexington, Mo.—Carl Bennett, son of Mr. and Mrs. C. W. Bennett, Jr., Clarendon, Texas, has been appointed manager of the college varsity team at Wentworth Military Academy here, Capt. E. P. (Chink) Coleman, director of athletics, revealed.

### ATTENDS VETERANS SALE AT CAMP HOOD

Fort Worth—William O. Butler a Clarendon veteran, was listed among the successful purchasers at a two day sale of surplus used motor vehicles conducted by War Assets Administration at Camp Hood.

Butler bought a 1942, Chevrolet tractor truck for \$736.

The sale, which was exclusively for ex-servicemen who held certificates from WAA for motor vehicles, resulted in the disposal of 369 vehicles recently declared surplus to the needs of the army at Camp Hood.

## Nation Calls For More Scrap Iron

There is definitely a shortage of scrap iron and steel in the United States, and the United States Department of Agriculture has requested that all farmers in the country take all of their scrap iron to town and sell it to a local dealer so that it can go to the steel and iron centers.

Recent reports show that many iron centers have only a two weeks supply on hand at this time. Iron and steel are vital to the production of farm machinery and a big drive is necessary so that machinery can be manufactured and more put on the market for farmers and ranchers.

H. M. Breedlove is requesting that all farmers look around the place before coming to town and bring in any scrap iron and sell it to a local dealer.

Jerome Price, local scrap iron king for Donley County is on the job and will buy or receive any donations of scrap iron from all persons in the county. This is vital to the production of farm machinery and should be given immediate attention by all persons in town and in the country.

### Tragedy Fails To Stop Young Texan

A pig that places eighth in the great State Fair of Texas junior livestock exposition doesn't usually deserve a story all to itself. But in the case of the Poland China barrow of 15-year-old Eugene Duke of Bexar County it is that and more, too. For his story is one that doesn't happen often, a rare combination of drama, tragedy—and courage.

Young Duke lives on a farm ten miles southeast of San Antonio. On the night of Thursday, Sept. 26, the worst flood in San Antonio's history overflowed Chipideras Creek near his house. The water swirled against the Duke house, crumpled it. Gene and his sister escaped by clinging to a floating tree. But his mother and brother weren't so lucky. Their bodies were found the next day, unbreathing.

Gene had been grooming three pigs for the State Fair. After the flood one was found dead. Another is still missing. The third was recovered last week at a farm farther down the river, lame, bruised and ill.

Gene had his heart set on exhibiting those pigs. When the water subsided, he worked with his one surviving pig—long and hard. He didn't expect to win any prizes. But the pig finished eighth.

For that it brought him \$3, and a strange light to his eyes. It's not what he can buy with the money, he says. It's the thought.

It's the thought of what went into raising that pig and the great determination that carried him through.

And just wait till next year's State Fair, he says. I'll be back.

Mr. and Mrs. R. T. Brown were Amarillo shoppers last Thursday.

## John L. McCarty To Be Speaker for Pathfinder Club

John L. McCarty, author of the new book, "Maverick Town" will be the guest speaker at the Pathfinder Club meeting, Friday, October 11th which will be held in the Methodist Church.

Mr. McCarty is assistant publisher of the Amarillo Globe and News. He is a native Texan and has been studying and writing about the history of the Panhandle country for more than twenty years. The setting of this new book is Old Tascosa, and Mr. McCarty has covered every rod of the country thereabouts, sometimes in company of actual eyewitnesses of or participants in events which he describes.

JOHN L. MCCARTY

Our own artist, Mr. Harold D. Bugbee, "the artist who more nearly depicts the old West than anyone else since Remington and Russell," has drawn the chapter-head decorations for "Maverick Town." Some of Mr. Bugbee's drawings will be on display for this meeting.

The members of the Pathfinder Club and their guests will be highly entertained.

### THREE LOCAL BANKS SHOW INCREASE IN DEPOSITS & LOANS

According to the financial statements of the three local banks, conditions in Clarendon and surrounding territory are somewhat better than when the statements were printed the first of July.

At the close of business September 30, the three local banks showed a total of \$4,357,682.91 in deposits compared with a total of \$4,291,638.01 at the close of business June 29. The total loans at the present time total \$999,681.29 compared with the June 29 total of \$974,450.66.

The deposit total is due to swell considerably during the next three months as the busiest season of the year is now at hand, and will blossom into full force just as soon as the weather clears so crops can be gathered.

## Broncs To Meet Skyrockets Here This Friday Night

### P. T. A. HAS SUCCESSFUL MEMBERSHIP DRIVE

The Sims P.T.A. sponsored a very successful membership drive from September 26th thru September 30th in the Elizabeth Stevens school. The proceeds came to over \$100. Show tickets were given to the two pupils in each room bringing in the greatest number of members. Gene Alderson of Mrs. J. H. Headrick's second grade led the entire school with a credit of 29 members. The organization wishes to extend to everyone who joined through these students a cordial invitation to become active members.

The P.T.A. also wishes to call to your attention that you may make your plans now to expend your Halloween frolic at the Carnival at the Elizabeth Stevens school October 31st, sponsored by the Sims P.T.A.

### RETURN HOME FROM EXTENDED TRIP

Mr. and Mrs. Tom Connolly, Mr. and Mrs. Tom Coke Connolly and Mrs. H. E. Westmoreland returned home this week from an extended trip through the Northwest. Mr. Connolly reported a very enjoyable trip and stated that it was his first in 25 years and the first over that particular route. They traveled 5,310 miles and their trip included visits to Denver, Yellowstone Park, Spokane, Washington, Seattle, Portland, Oregon, along the Pacific coast to San Francisco, the famous Red Wood forest, the Grand Canyon and the Petrified forest. Mr. Connolly stated the Grand Canyon was about the biggest gully he had ever seen.

### CARROLL BRUMLEY PLAYING ON WENTWORTH FIRST STRING SQUAD

Carroll Brumley, son of Mr. and Mrs. Rolle Brumley, is playing with the Wentworth Military Academy first string football team and was near home last week end when the team met the New Mexico Military Institute at Roswell and defeated them 20-6. Carroll saw action as a backfielder in three quarters of the game.

Mr. and Mrs. Brumley and daughter Shirley and Mrs. H. C. Brumley journeyed to Roswell to see the game, and Carroll came home with them to spend the weekend.

The Clarendon Broncho eleven, still digging the mud out from last weeks game, will meet the strong Wellington Skyrockets on the local gridiron Friday night at 8 o'clock. This will be the third District 3-A conference game for the local team.

This is expected to be the hardest and most crucial game of the season as the Rockets have always been able and are still able again this year to put some, mighty fine material on the field to push the pigskin around. To date the Rockets have only lost one game and that was to the Childress AA team 18-0. Even though the Rockets are a tough bunch to handle, the Broncs are prepared to give them plenty to think about and might even hand them an unexpected defeat. At least, the locals will be determined that the Rockets will not return home with a very big margin.

The Broncs have been practicing on muddy ground this week in preparation for another session such as was encountered last week end if the weather decides to continue as it is at the present time. The players are all in mighty good condition with the exception of some lime burns received last Friday night, but these are expected to clear up pretty good by tomorrow night. If the weather permits, the largest crowd of the season is expected to see this game Friday night, and every local fan will be there backing the Broncs toward another victory.

## Score Ends 0-0 Tie As Broncs Slog It Out With Lefors Pirates

The Clarendon Broncs put out their greatest efforts of the season last Friday night when they met the Lefors Pirates on the latter's home field in a lake of water and mud, and an almost continuous rain throughout the game.

The downpour started just as the game began, and both teams had much difficulty in handling the ball. The majority of the game was played in a see-saw fashion with neither team showing much progress until late in the game when the Broncs drove to the one foot line.

The Bronc line showed itself well and broke through the Pirate line on most every play and completely tied Stracener down to where he couldn't do anything at all. The Bronc backfield did as well as any backfield could under the conditions as the ball was so slippery and muddy that it was almost impossible to hold onto it at all, and this accounted for the fumbling that was experienced by both teams all through the game.

If you saw the game, you know what the word rain means. If you didn't, well it just literally poured in torrents to where you could scarcely see the players on the field at times, and those boys are certainly due a lot of praise for sticking it out and receiving that undue punishment.

It could be plainly seen that the Broncs would have won by two or three touchdowns if the weather had been pretty.

The only casualties received by the Broncs in the game were two or three black eyes caused by a wandering fish or something, and some lime burns which were caused by the lines which marked the field.

A number of the Broncs have expressed their appreciation for the backing they received and the good crowd that journeyed over and took the drenching to watch them play.

According to this writer's statistics, the Broncs had two penetrations and their opponents had two, and the Broncs made 7 first downs to Lefors 4.

**BLIND VETERAN NOW A PIANO TUNER**—If all of the "sour" notes emitting from pianos is a true criterion, Francis Chambers (right), New York, should enjoy a lucrative business after completing training as a piano tuner. A Technical Sergeant with the 79th Division at the time he was wounded, Chambers—a clerk before the war—is training under Public Law 16, which provides for the vocational rehabilitation of disabled veterans.

## Wettest Fall Since 1923

According to those who remember back to the fall of 1923, this is the wettest spell recorded since that time. Crop gathering is at a standstill and cotton and feed growers feel the need for clear weather is urgent. Back in 1923 the old timers say that even the cotton seed in the boll sprouted. We hope this doesn't happen this time as very little cotton has been pulled to date, and there is lots of feed that would go ahead and mature if the sun would shine for a few days.

As far as the rain was concerned, it was a dandy. The ground is soaked up for a long ways down and this can be verified by those who have ventured off the main roads with their autos and bogged them down to the axel. Lakes have sprung up all over the

country and most stock tanks are full and running over.

The total moisture falling since last Friday through last night was 5.68 inches according to the weather station at the airport. The precipitation recorded by days was as follows: Oct. 4th .63, Oct. 5th .83, Oct. 6th 3.24, Oct. 7th .64, Oct. 8th a trace and Oct. 9th .34.

That is a lot of moisture to fall as it did in such a short period of time. In fact it is approximately a third of the total amount of moisture received during the previous months of the year.

Wheat and alfalfa growers as well as stockmen, report that nothing could be better but it sure is rough on the farmers with cotton and feed.

## Local Business Houses To Close For Football Rally Friday Afternoon

Mr. and Mrs. Victor Smith had for week guests, his mother, Mrs. Bell Smith from Fresno, Calif. and sister and husband, Mr. and Mrs. Frank Goforth of Los Angeles and Bess Bowen of Wellington came Wednesday.

According to information received at the Leader office, all Clarendon business firms will close between 3 and 3:30 Friday afternoon to take part in a football rally to be held on the main street of our little city. The Rally is a fore runner of the big game that will be played here Friday night between the Broncs and the Wellington Skyrockets.

### F.F.A. Members Attend State Fair

A bus load of Clarendon Future Farmers attended the Texas State Fair Saturday and Sunday. The local youths left Clarendon Friday night and arrived in Dallas Saturday morning. They participated in the state rural youth day at the fair, exhibited their pigs, took in all of the rides, exhibits, and the football game between SMU and Tech Saturday night. They left Dallas for Clarendon Sunday morning.

The youths were accompanied by F.F.A. Adviser J. R. Gillham, J. F. White and Jim Lovell. They were special guests of the state fair at a barbecue lunch Saturday at which over 17,000 pounds of barbecue was served to several thousand Texas Rural Youth.

Captain George Bulman and co-captain Jiggs Mann will each make a speech during the rally and the band and pep-squad will take part in the affair.

The afternoon rally is to take the place of the usual pep-rally held every Thursday night before an oncoming game and this being one of the most important games of the season called for an extra bit of rallying as the Broncs have only one thought in mind, and that is to send the Skyrockets back home, a defeated team.

Take a part in the rally and let the boys know you are behind them.

Mr. and Mrs. T. F. Luinstra announce the birth of a 7 lb., 12 oz. boy who arrived Sunday, Oct. 6 at the Goodall hospital at Memphis.

### VETS TURN BOOTMAKERS, WESTERN STYLE

Two Lubbock, Texas, brothers, both veterans of World War II, soon will play an active part in "keeping 'em riding" in the Great Southwest. For Vincent and J. B. Thompson are seen here working in the boot shop of a Texas leather company where they are learning the art of making western boots under the G. I. Bill educational program.

author. Published just 40 years ago, it was the sixth book he wrote—but his latest book, "A World to Win," is his seventy-sixth.

The French publishing business, released from the repercussions of war, is engaged in feverish activity, reports the European representative of Houghton Mifflin Co. He estimates there are now 1,300 going publishing houses in France, representing a 30 per cent increase over 1939.

Not often do we stop to think how many of our favorite 'shows' are taken from popular books such as "Thirty Seconds Over Tokyo," "Meet Me in St. Louis," "National Velvet," "Valley of Decision," "Son of Lassie," "The Harvey Girls," "Our Vines Have Tender Grapes"—but MGM has given the information that "Boys Ranch" is drawing larger crowds than these.

Lillian Smith, author of "Strange Fruit," has been studying famine conditions in India. The first 200,000 words of John Gunther's new book, "Inside U. S. A." will go to press at once.

There are thirteen copies of the Gutenberg Bible in existence, two of which I have seen—one in the Congressional Library at Washington and one in the Treasurer's Room of the University of Oklahoma library. This library contains eight books printed before 1500 A. D.

Stanley Vestal, University of Oklahoma professor, has a new book about which John McCarty has written a flattering review. It is "Jim Bridger, Mountain Man"—a pioneer story, but not fiction—and it sounds wonderfully interesting. Stanley Vestal has become known for books of his type, only one of which we have "Revolt on the Border."

From where I sit... by Joe Marsh. Are Returning Veterans, "Different"? During the war you heard a lot about how hard it was going to be for returning veterans to get adjusted to civilian life... how they'd be "different." Well, plenty of them have returned to our town, and a finer, sturdier bunch you couldn't ask for. Most of them are back at the same jobs... going with the same nice home-town girls (getting married, some of them, and setting up families)... renewing the same old friendships. Even their amusements are the same. Nothing more exciting than fishing Seward's creek or pitching horseshoes... enjoying an outdoor barbecue with friendly wholesome beer and pleasant talk. If they've changed at all it's in the direction of maturity and tolerance... tolerance for everything except dictators, and those who would destroy our democratic principles of live and let live. And from where I sit, that's another reason to be proud of them. Joe Marsh

**MILLENIUM AT HAND.**  
What has been feared for some time is now shaping up. It will soon be here, so says Miss Ruth Matson of Spokane, Washington. She has started out to organize the housewives on a 40-hour basis. "The only real difficulty," she admitted "is that we can never have no equality as long as women have the babies." It looks like loafing is going to have to

stop. Games will be curtailed if not altogether broken up. That isn't the worst of it. Just imagine reading that Mr. John Jones or some other guy you know, is laid up in the maternity ward of the hospital!!

### BRIDE-ELECT HONORED WITH SHOWER

Honoring Miss Nelda Sue Burton, bride-elect of Mr. John Louis Norris, Mrs. E. P. Shelton entertained in her home on College Hill, with a miscellaneous shower, on Saturday afternoon, October 5th. She was assisted as hostesses by her daughter, Miss Edith Shelton, Mrs. L. E. Thompson, Mrs. J. R. Porter and Mrs. C. B. Morris.

The guests were greeted at the door by Mrs. Shelton who presented them to the honoree and her mother, Mrs. H. T. Burton. The entertaining rooms were decorated with flowers in the bride's chosen colors of pink and white. White dahlias and roses adorned the table where Mrs. W. A. Riney, sister of the groom, presided over the bride's book. Pink dahlias in crystal bowls topped the bookcases and pink roses were on the piano.

The guests were invited into the dining room by Mesdames Thompson and Porter. At a candle-light, rose bedecked table Miss Jean Porter and Mrs. Horace Green served punch and cake the first hour and Mrs. Billy Thornberry and Mrs. Redell Henson the second hour, while Mrs. Max Rhea pinned a pink rose on each guest. Mrs. C. B. Morris presided in the gift room which proved very interesting to all.

During the afternoon the guests were favored with two vocal solos by Mrs. Basil Hurst, "Till We Meet Again," and "Always." She was accompanied by Mrs. L. E. Thompson. Mrs. Joe Goldston delighted all with her readings by Edgar A. Guest.

The flowers throughout the house were arranged by Mrs. Crockett W. Taylor. About seventy-five guests called.

### WOMENS SOCIETY OF CHRISTIAN SERVICE

Circle No. 1 of Womens Society of Christian Service met in the home of Mrs. Barrett Wednesday afternoon. Mrs. Allensworth gave a lesson on India. The hostess served lovely refreshments to 13 members.

### MISCELLANEOUS SHOWER FOR RECENT BRIDE

Mrs. Basil Smith, recent bride, was honored at a miscellaneous shower Thursday afternoon at the home of Mrs. Lee Holland. Mesdames H. T. Warner, Will Johnson and Curtis Mears were co-hostesses.

Autumnal flowers were used as decorations for the entertaining rooms. The beautifully appointed lace covered table was centered gold flowers and three tiered crystal candelabra bearing blue candles, featuring the honoree's chosen colors of blue and gold. Mrs. Dwight Blair and Miss Hazel Bingham presided at the punch bowl. Guests were registered by Miss Anita Bain of Hedley. Mrs. Curtis Mears read "In the Usual Way." Miss Ladelle Cox presented "The Wedding at the Boarding School" and Miss Arvazene Smith sang "To Each His Own."

In attendance were Mesdames Johnnie Johnson, C. M. Johnson, J. I. Spurgeon, Forest McCrary, Mable Daniels, Dwight L. Blair, Victor Smith, W. C. **Infantile Paralysis Aid Goes to Many State Chapters**

Mrs. Johnnie Blocker, Chairman of the Donley County Chapter of the National Foundation for Infantile Paralysis, disclosed today that \$2,492,281 in supplementary aid has been sent so far this year by the National Foundation to its chapters in 36 states.

This financial assistance was necessary to replenish chapter treasuries depleted in providing treatment and care of infantile paralysis patients stricken this summer, and in aiding victims of prior outbreaks.

This disclosure was made following receipt of a statement from Basail O'Connor, President of the National Foundation, which reemphasized the fundamental policy followed by the Foundation and its chapters in providing for care and treatment of infantile paralysis victims.

Mr. O'Connor's statement said: "The National Foundation for Infantile Paralysis has accepted a public trust through the annual March of Dimes. The voluntary contributions of the American people to this annual appeal in January is their insurance that no infantile paralysis patient need go without the best medical care and treatment, regardless of

age, race, creed or color.

"It has always been the policy of the National Foundation to aid any person stricken by this disease, where the financial burden would otherwise lower his or his family's standard of living.

"Such aid covers transportation of the patient to and from hospitals and clinics; payment of hospitalization, medical care and treatment until maximum recovery is achieved; the defraying of nursing and physical therapy charges, and costs of orthopedic surgery, as well as provision of such special appliances as may be indicated.

"Resources necessary for this tremendous task are available. They were donated by some 50,000,000 Americans who realized that costs involved in the care and treatment of this disease, one of the most expensive known to medicine, are far beyond average family means.

"Through pooling dime, the nation has established a voluntary, non-profit organization to take care of anyone stricken by polio. I want to assure every family in this country that if polio should strike, local chapters of the National Foundation for Infantile Paralysis serving every county in the nation are ready and able to provide every possible facility until maximum recovery is assured."

Ben R. Lacy, Jr.

Dr. Ben R. Lacy, Jr., president of Union Theological Seminary, Richmond, Virginia, will be the speaker on the Presbyterian Hour next Sunday morning, October 13, at 7:30 A. M., over an independent network of southeastern radio stations.

A North Carolinian by birth, Dr. Lacy graduated from Davidson College. Following his graduation from Davidson College he was awarded a Rhodes' scholarship and spent three years at the English University of Oxford, where he received a B. A. degree in 1910. He took his theological training at Union Theological Seminary, in Richmond and was awarded the Hoge Fellowship upon his graduation in 1913. After serving two churches in North Carolina, Dr. Lacy became a chaplain in the United States army in 1917 and served with distinction in France throughout the war. After a pastorate of seven years in the Central Presbyterian Church, Atlanta, Georgia, he was called to be president and professor of homiletics in Union Theological Seminary in 1926. Duke University awarded him the degree of Doctor of Divinity, and Hampden-Sydney College gave him the degree of Doctor of Laws. Dr. Lacy is the author of "Revival in the Midst of the Years." The subject of his address next Sunday morning will be "Growing a Life."

This radio broadcast can be heard in Clarendon over radio station KGNC, Amarillo.

**REDDY KILOWATT'S** five year war record stands out as one of the great industrial achievements of all time. During this period, more than eleven million kilowatts of generating machinery were installed and \$3,000,000,000 was spent for power stations, transmission lines and other facilities.

A total of 300,000,000 kilowatt hours of electric power was generated for war purposes, of which the business-managed, tax-paying electric companies supplied 83 1/3 per cent.

Revenue from the sale of power generated for war purposes amounted to \$2,350,000,000 and almost the same amount, \$2,194,000,000 was paid in direct federal taxes.

Oh, yes! During this five year period, price of electric services by business-managed electric companies was reduced by 11 per cent.

That's freedom of enterprise at work when all the cards are down.

Says this about our gasoline,  
"Well rustle my bustle,  
"It sure has got hustle,  
"And it's smoother than  
peaches and cream!"

For Smooth Driving...

Get Phillips 66 Gasoline

It takes different kinds of gasoline to do the best job in different seasons of the year. Phillips 66 Gasoline is controlled to meet climatic conditions. As the weather gets colder Phillips draws on its vast reserves of high-volatility natural gasoline to give you a "higher test" fuel... to give you quick, instant starts. See what this controlled volatility can do for year-round driving pleasure. Stop at the Orange-and-Black "66" sign!

AS THE SEASONAL TEMPERATURE GOES DOWN... PHILLIPS 66 VOLATILITY GOES UP!

For good service... Phillips 66!

**ASHTOLA**  
We had a little shower last week!

Sgt. Ted Tomlinson is visiting with friends here at present. He will get his discharge soon. That shower that started last week caught up with us again and is going strong. Mr. and Mrs. Ray Brenson returned home Saturday from Temple, Texas where Mrs. Brin-

son went for medical care. The ocean is not the only wet place—so is Ashtola. Mrs. Harp and Mrs. Leo Wallace were hostesses to the Ashtola needle club last Thursday at the clubroom with twelve members present. Mrs. Swearingen and family who were living in the teacherage are canoeing to higher land. (She would like to find dryer land, but where?) She says she has always been a dry land terrapin and not a deep sea turtle. Mr. and Mrs. Odis Naylor of Amarillo swam down to spend the day with the H. S. Mahaffey

family Sunday. Wash tubs have become a boon since canoeing has become so popular around here. Anyone wishing to buy a "brand new" 1946 Ford can probably trade Mr. and Mrs. W. A. Poovey a good canoe for their new Ford. Residents on the South side of this city have resorted to stilts as a way of conveyance. Slayton Mahaffey donned his stilts Monday A. M. to go milk old Bessie and lost his footing and fell over into his storage tank and didn't know until an hour later that he had fallen in the tank. He thought he was in the lake that had formed around his place from no where. The weather is getting damper here! Mrs. J. R. Brandon who teaches the Primary folks here at Ashtola has quit teaching reading, spelling and arithmetic and is teaching swimming. This is a "must" because it is the only way to go and from the school house. Slim Hinders is enjoying the rain. He says he doesn't have to wash his teeth now. He just hangs them out on the line and lets the weather do the job.

Imagine Mrs. Ben Lovell's surprise Monday morning when she was walking down main street on her stilts and stepped over what she thought was a log cruising down the street and later learned it was a Ft. Worth & Denver freight train going down the track. The home of Van Knox was a scene of happy reunion last Sunday when Staff Sgt. George Simmons, a veteran of the Bataan death march and a prisoner of the Japs for over 3 years arrived with his bride of a few months, and was met by a host of relatives. Those who enjoyed visiting with George and wife were Mr. and Mrs. C. G. Knox, Mr. and Mrs. Willard Knox, Mr. and Mrs. Bonner Howard and daughter, Mr. and Mrs. J. P. Reynolds and children, all of Lelia Lake; Mr. and Mrs. Cecil Dodson and Faye of Clovis, N. M. and the host and hostess and girls. George is the son of John A. Simmons formerly of Hedley and he is enroute to Long Beach, Calif., from Brooks hospital, San Antonio where he still reports for medical care. I think it's going to rain!

**Weekly SURPLUS NEWS WAA**

Farmers of this region who certify, through the Department of Agriculture, that their production is impaired by a shortage of farm equipment and supplies will be given assistance to obtain available property from government surplus, Hamilton Morton, WAA regional director announced this week. Morton appointed Duncan D. Myers in the Fort Worth War Assets Administration office to handle agriculture and major farm organizations. It is generally provided that surplus property needed to prevent impairment shall be disposed of to farm organizations, cooperative associations and farmers and orders have been issued to expedite action on such certificates of impairment issued by the Department of Agriculture. This will be of immediate benefit to all farmers in this part of Texas. As part of its program to relieve the veterans' housing shortage, the FPHA has purchased

from War Assets Administration \$3,270 worth of valves and fittings for gas and water mains. With many of the items selling for as low as two and three cents each, this adds up to a huge quantity of valves and fittings. Believe it or not, there need be no shortage of shaving brushes. WAA in Fort Worth has 161,000 brushes for sale. In addition, WAA has many cases of famous brands of after shave lotion on hand, acquired, of all places, from the army. Toothpaste and tooth-powder, shaving cream and antiseptic powder are other items offered for sale. Much in demand prior to the war, double-deck wooden bunks are now being offered for sale by War Assets in Fort Worth. Ideal for families with two or more children, WAA has 41,502 of these beds which are suitable for painting any color. The sale will continue until all are sold and that many more children made happy.

back from services in the army or navy and seeking to again equip their offices will find many items of essential equipment available to them through the veteran's division of the Fort Worth WAA offices in the T&P building. Much of the equipment needed by doctors and dentists is "set aside" and will be sold exclusively to returned ex-servicemen.
