New York Yankees To Stage Try-Out Camp At Memphis June 10th

MEMPHIS, Texas—All ambitious young ball players between the ages of 16 and 22 are invited to display their talents before the New York Yankee Scouts here beginning June 10 and continuing three days.

Burleigh Grimes and his try-out camp unit of Wattie Holm and Tom Greenwade will open the area Yankee try-out camp at the City Ball Grounds. The Yanks' wide spread system of try-out programs has provided the opportunity for many youngsters to launch themselves on a successful career as a professional ball player.

Grimes has announced his training will begin at 10 o'clock the morning of June 10 and the session would consist of running, throwing, infield work-outs and batting practice routines as well as actual games in order to best judge reaction under competitive situations.

Players must pay their own expense to the camp and provide for their own uniform, glove and shoes. However, those players signed to a contract will have such expenses reimbursed.

Ernest "Dutch" Lorbeer, famed Yankee scout who has produced many diamond heroes, will be here to sign up any potential,

Speeding through the night, the driver of this car was momentarily blinded by approaching headlights. Because he was going too fast to control his car instantly, he swerved off the highway and crashed into a telegraph pole with such force that the car was almost broken in two. He was dead when help arrived. National Conservation Bureau advises night-drivers to keep their eyes focused on the side of the road, never to look directly into headlights and—most important of all—to drive at moderate speed.

.56 Inch Moisture In Flash Rain Tuesday Night

A flash rain which brought .56 inch of moisture to Clarendon in only a very few minutes fell here Tuesday afternoon. The fall was heavier to the western edge of the county with an estimated 2 inches in spots. It got lighter farther east and some communities reported only a sprinkle.

The rain did quite a bit of damage to freshly planted crops. In fact, where the fall was the heaviest, everything will have to be planted over again and some farmers say that they have just now been able to get in their fields without sticking from the previous rains and now with this additional moisture it will throw them terribly late with their planting. Some damage was reported by wheat growers and those fellows are certainly holding their breath, for it is only a matter of three to five weeks, if the sun shines, until they will have their crop tucked away. In some spots the grain is getting ready mighty quick with the Memphis area reporting their first load of wheat June 4th.

Noted Eye, Ear, Nose, Throat Specialist To Be At Clinical Adair Hospital Sat. June 14

Dr. L. S. Larimore of Kansas City, Mo. will be at Clarendon Clinical Hospital Saturday, June 14 for consultation or surgery on special Eye, Ear, Nose, and Throat cases. Dr. Larimore will be remembered as consultant in this department over a period of several years. His reputation in this field is of national scope. He is past President of The International Society of Eye, Nose, and Throat Surgeons. He carries an extensive practice in Kansas City, Mo., and has for years served on faculty of Kansas City College of Osteopathy and Surgeons.

S. T. Nichols Services Held Wednesday

Funeral services were held Wednesday afternoon at the First Baptist Church for S. T. Nichols with Rev. J. Perry King officiating, assisted by Rev. Hal Upchurch.

Mr. Nichols, age 65, prominent local business man, passed away Monday night after a short illness. He suffered a heart attack several days ago, but was improving nicely until he suffered another attack.

Mr. Nichols had been a resident of Donley County for the past 36 years. He had been a member of the First Baptist Church since 1911, joining that organization at Martin. He was a member of the Masonic Lodge also, the latter being in charge of graveside services at the cemetery.

He is survived by his wife, four sons, Ruel Nichols, Amarillo; Ralph of Clarendon; Robert and Raymond of Dallas; two daughters, Mrs. Reba Baxter of Clarendon and Mrs. Ruth Newton of Cameron; also two brothers, John L. Nichols of Socorro, N. M., and Will Nichols of Etowah, Tenn.

Funeral services were held at the Citizens Cemetery with the Womack Funeral Home in charge of arrangements.

MRS. W. T. LOWE FAMILY HOLD REUNION AT WICHITA FALLS

The children of Mrs. W. T. Lowe of Clarendon enjoyed a family reunion at the home of a daughter, Mr. and Mrs. Roy Broadway, in Wichita Falls Sunday, June 1st.

All of her children were present which included Mr. and Mrs. J. D. Farrar, Melrose, N. M.; Mr. and Mrs. J. D. Thomason, Jackson, Tenn.; Mr. and Mrs. W. O. Bower, Fayetteville, Ark.; Mr. Fred Lowe, New Orleans, La.; Sam Lowe and son Billy, Walter Lowe and small daughter, Mr. and Mrs. Hubert Brown and daughter, all from Clarendon; Mr. and Mrs. Jesse Lowe and two daughters and son of Childress; Mr. and Mrs. T. E. Griffin of Pasadena, Texas; Mrs. Bob Drago and son, Beaumont; Mr. and Mrs. Bob Wylie, Lubbock and the hosts, Mr. and Mrs. Roy Broadway, son and daughter, Wichita Falls.

Grandmother Lowe reported the occasion a grand one, with more than fifty present. She stated that it was one of the happiest occasions in her lifetime, as this was the first time that all had been together in many years.

One of the outstanding features of the day was the devotional given by W. O. Bower, followed by singing and piano music of grand old hymns of yesteryears. Grandmother Lowe is nearing her eightieth birthday, yet she lives very closely with modern events, being a patient listener of radio news and present day happenings. She still has a gleam in her eyes and loves, to recall her school days when she was queen of the "spelling bees."

LIONS CLUB ELECTS NEW OFFICERS

At their regular meeting Tuesday of this week, the members of the local Lions club elected new officers for 1947-48. The new officers will be sworn in the first meeting in July.

LOCAL AVIATION CLUB SPONSORING BREAKFAST SUNDAY MORNING

The Donley County Aviation Club is sponsoring a flyers Sunday morning breakfast this Sunday morning at the local Airport at 8 o'clock. The breakfast will be served chow line style and there will be plenty of bacon, eggs, etc. The price per person will be 50c.

Everyone locally is invited to come out and have breakfast with those that are air-minded and watch the large number of planes come in from other localities, as all surrounding towns within a radius of 200 miles have been invited, and a large crowd is expected, especially if the flying weather is good.

A large number of people are not familiar with this type of breakfast, but the idea has been in practice for quite some time with different towns playing host for such occasions. Two weeks ago there was a good number from Clarendon that flew over to Shamrock for a grand time.

TWO LOCAL DOCTORS ATTEND NEW MEXICO OSTEOPATHIC MEETING

Dr. Keith Lowell and Dr. Laura Lowell of the Clarendon Clinical Adair Hospital were among 200 doctors present at the thirteenth annual Raton Convention of the New Mexico association of Osteopathic Physicians and Surgeons Thursday, Friday, and Saturday.

Dr. Edwin F. Peters, psychiatrist and president of the Des Moines Still College of Osteopathy and Surgery told the group that at least three of the major colleges for Osteopathic Surgeons and Physicians now require four and one-half years of academic work after three years of college preparatory before graduation.

Hosts to the convention were Dr. and Mrs. Harold E. Donovan, the Donovan hospital staff and the Raton Chamber of Commerce.

BUMPER TO BUMPER CAFE UNDER NEW MANAGEMENT

The Rives Brothers, Travis and Bill, of Shamrock, have purchased the interests of Dan Price in the Bumper to Bumper Cafe and took over the management of the business May 31st.

The Rives brothers are natives of Shamrock and have both been associated with the cafe business for a number of years.

DODGERS STILL HOLDING UP THE LIST

The Clarendon Dodgers are still holding up the list of participating teams in the Red River Valley League, but feel pretty good after holding the top ranking team, Mobeetie, down to only 6 runs to their 0 in their game here Sunday afternoon.

They will play their next game next Sunday at Quail. In the meantime, they are urging all players to report for practice around 6 p. m. each evening.

Mrs. Vernon Hiden and her daughter from Denison, Iowa are visiting Mrs. Earl Lea.

PRESBYTERIAN FAMILY CONFERENCE BEING HELD AT CETA CANYON

The Presbyterian Family Conference for Dallas Presbytery is being held at Ceta Canyon this week.

Rev. Paul D. Wright, Clarendon pastor, is the director. Mr. Wright, together with Professor Rollin Monfort Rolfe of Sherman and Miss Mabel Mongole of Clarendon, accompanied 14 young people from Clarendon to the Conference Monday morning.

Mr. Rolfe who is professor of Dramatics at Austin College will have charge of dramatics at the camp. Miss Mongole will act in her capacity as president of District 5.

Mrs. W. B. Smith and Mrs. J. Fred Smith drove over for the day and will return later to assist in bringing the group home. Other ladies plan to go on different days during the week.

The young people spending the week are: Juanelle Stevenson, Jimmie Howze, Paul D. Hanna, Doris Knorpp, Doris Louise Smith, Guy Alden Wright, Wesley Mc Stewart, Montgomery Smith, Jo Ann Montgomery, Grady Montgomery, Genivieve Smith, Bobbie Smith, Biffie Blair and Annette Thomas.

Local Farm Bureau Deplores Action House Appropriations Committee

J. Holly Wood, President of Donley County Farm Bureau, has wired Congressman Eugene Worley, Senators Connally and O'Daniel, Hon. Clifford Hope, chairman Agricultural Committee, deploring the drastic slash in the appropriations for the U. S. Department of Agriculture.

"Hoover's economy movement was a picnic for the farmers compared with what will eventually happen if Congress now cuts the hert out of our department," Mr. J. Walter Hammond, president of Texas Farm Bureau, said.

"The economy would cripple the P.H.A., the R.E.A., the school lunch program, the Extension Service; crop insurance, Research and marketing, and kill the FSA tenant purchase program."

President J. Holly Wood has wired our Congressman our protest and we are supporting the Texas Farm Bureau Federation and the American Farm Bureau Federation in this fight for the maintenance of these essential funds for the Department of Agriculture.

The second victim of a car-bus collision near Lelia Lake Tuesday night died Wednesday night near midnight at the local hospital from injuries received in the accident. Homer Simmons Sr., Canyon, Texas was killed instantly and his son Homer Jr. was so badly crushed that he lived only a little over 24 hours after the accident. His sister, Charlene, 17 yrs. old was not seriously injured. The bodies of both father and son have been taken to Childress for burial and funeral arrangements are pending at this time.

The accident occurred late Tuesday night near Lelia Lake and only a few feet from the scene of the school bus-car accident of several weeks ago when a Dallas man was killed.

State highway patrolmen who investigated the accident said a Continental Trailways Bus, driven by Conrad Kunkel of Wichita Falls, skidded sideways when the driver applied the brakes in an effort to avoid striking a car in front of it. The pavement was wet and slick following the hard downpour of rain a short time before.

The Simmons car, approaching from the east, crashed into the side of the bus, the officers said. Mr. Simmons and his two children were en route to Canyon from Childress, where they had attended funeral services for Mrs. S. T. Cheatham, mother of Mrs. Simmons, who with other children had remained in Childress. Mr. Simmons, a former Canyon carpenter, operated a farm 5 miles west of Canyon.

Survivors are the wife, Mrs. Mary S. Simmons; three daughters, Louise, Charlene and Beverly, and one son Eugene Simmons, all of Canyon.

In the accident, the car was demolished and the bus was badly damaged. A number of bus passengers were shaken up and hospitalized for check-ups, being released Wednesday. Another bus from Amarillo picked up the passengers and continued the run.

JIMMIE DEAN HOWZE AWARDED \$10 IN "BEST TEACHER" CONTEST

Jimmie Dean Howze, 16, son of Mr. and Mrs. J. H. Howze of this City has been awarded \$10 in the national "Best Teacher" contest sponsored by the Quiz Kids radio program.

His letter on the subject "The Teacher Who Has Helped Me Most" was judged one of the 100 best letters out of 33,000 entries. Besides the \$10 in cash he will receive a gold plated Quiz Kid key making him an honorary Quiz Kid.

Mrs. M. C. Goodner, teacher in the Clarendon High School is the teacher he recommended in his letter.

The driver of one of these cars was in the act of passing another motorist just as he neared the crest of a hill. He collided head-on with a driver coming over the brow of the hill, and with the terrific impact the lighter car was crushed under the heavy one. The lawbreaker in this accident was killed—so was the other driver, and a passenger was seriously injured. Passing on blind curves and on hills is simply gambling with death. Improper passing accounted for more than 35,000 highway deaths and injuries in 1946, according to the National Conservation Bureau.

THE TEMPLE OF TRUTH

By the Apostle

High prices will do more to wreck the economy of private initiative than all of the Communists in the United States.

A dental supply house advertises a dental chair that will permit the operator to sit down in front of you. Then when he pulls you up, he can shove you back down into the chair with his feet. Ain't brains grand when they do come out for air?

It is almost as difficult to live within your income today as it was to live without an income during the depression.

Why spend money in a foreign land "to stop Communism" when they have been petted and pampered and given key positions in Washington and elsewhere? I just thought maybe some one had a reason to offer.

Folks who had money to burn during the boom war days, are now sifting the ashes.

Things are not always what they seem. Many a true word has been spoken through false teeth.

Yes, there are a few things worse than death, but they don't last as long.

Old age is that period in life when a fellow would rather not have a "good time" than to have to get over it.

Life is a continuous process of getting used to it, getting tired of it, and finally quitting cold.

People who boast of the "good old days," would hate to read this stuff by candle light.

HENSON—HILL

In a double-ring ceremony, Wilma Henson, daughter of Mr. and Mrs. G. B. Henson of Clarendon, became the bride of Francis Wallace Hill, son of Mr. and Mrs. W. W. Hill, on Sunday, June 1, in the home of the bride's parents.

Rev. H. W. Hanks, pastor of the local Methodist Church, read the service. Mrs. A. R. Henson of Clarendon, sister-in-law of the bride, was matron-of-honor and Forrest Hill of Amarillo, brother of the bridegroom, was best man.

Following the ceremony, the couple was complimented at a wedding reception. The lace-draped serving table was centered with an arrangement of pink rosebuds flanked by white tapers. Mrs. Jason Luck presided at the punch bowl and Mrs. Charles Hill served the wedding cake.

The couple is to be at home in Hereford, where Mr. Hill is associated with his father in farming. Mrs. Hill is a graduate of Clarendon High School and West Texas State College, Canyon. She has taught in the Stinnett and Hereford Junior High Schools. Mr. Hill is a graduate of Hereford High School.

RHOADES—GREEN

Miss Ila Kay Rhoades, daughter of Mr. and Mrs. Austin Rhoades, became the bride of William Harold Green, son of Mr. and Mrs. Walter Green, in a ceremony performed here Thursday evening, May 29, by Rev. Hal Upchurch.

The couple was attended by L. B. Mauldin and Helen Rhoades.

The bride is a graduate of Clarendon High School. The bridegroom completed his freshman year at Clarendon Junior College this spring.

PRESBYTERIAN AUXILIARY

The Womens Presbyterian Auxiliary meeting met Wednesday, May 28th at the lovely home of Mrs. Park Chamberlain with the executive committee as co-hostess.

The meeting was called to order by president, Mrs. Ruth Kennedy who led the group in prayer.

The program title, "Brothers or Bombs" was discussed by Mrs. J. G. Stewart. Devotional by Mrs. D. F. Wadsworth.

A special program celebrating the Auxiliary's 25th anniversary of its organization was rendered. Mrs. Heckle Stark gave the history of the Auxiliary.

Special musical number by Mrs. J. H. Howze accompanied by Miss Mary Howren.

Refreshments were served from a lovely lace covered table with two crystal candle holders holding four lighted candles. An anniversary cake decorated with pink and white rosettes sitting upon a mirror reflector formed the beautiful center piece.

Mrs. Ruth Kennedy cut and served the cake.

Mrs. Lee Bell presided at the crystal punch bowl which was beautifully decorated with a frozen fruit ice center piece floating in the punch bowl. Each glass contained ice cubes with frozen red cherries. Favors of mints and nuts were served.

The following members were present:

Mmes. Charles Blackburn, Merlin Achor, J. H. Howze, Paul Wright, Tom Potts, J. G. Stewart, D. F. Wadsworth, Evalee Reed, W. B. ATTENTION VETERANS

Veterans should keep in mind that August 1, 1947 is the deadline for reinstatement of their National Service Life Insurance without a Physical Examination. Veterans who have let their insurance lapse may reinstate this insurance by paying ONLY TWO MONTHLY PREMIUMS without a physical examination if reinstated before August 1st.

National Service Insurance policies may now be paid off at maturity by death in any one of the four Optional modes: (1) One Lump Sum (2) In 36 to 240 monthly payments in multiples of 12; (3) For 120 monthly payments certain or for the life of the first beneficiary; and (4) As a refund life income with the face value of the policy guaranteed. Too, any GI insurance policy carries with it, premium waiver provisions: If a veteran becomes totally disabled and will continue to pay his premiums for six months he is then entitled to a waiver of his insurance premiums as long as he is totally disabled. He may also make application for a refund on the premiums that he paid for the first six months.

Veterans wishing to reinstate or convert their National Service Life Insurance may see Luther T. Nance, Contact Representative for the Veterans Administration who is in Clarendon, Texas at the City Hall each 1st and 3rd Wednesday from 9:30 a. m. to 3:30 p. m. Veterans or their dependents wishing information concerning any benefit which Congress has passed for the benefit of Veterans and dependents of veterans may see Mr. Nance for information and assistance which will be gladly given.

Weekly SURPLUS NEWS WAA

Paint in large quantities was "tight" in the Dallas region and was moving slowly in Spokane, Washington. As the result of the cooperation through the Customer Service Center between WAA regions, 70,000 gallons of the paint at Spokane was sold to a Dallas dealer. Items scarce in one region are some times more plentiful in others. The regions are cooperating through the Customer Service Centers to make merchandise available to purchasers over the nation.

Unused nylon marquisette netting and nylon tricot netting which cost the government \$3,000,000 will be offered for sale by the War Assets Administration in a nationwide sale now in progress and which will close June 23rd. Samples of the netting may be seen at the Customers Service Center of the Grand Prairie regional office of WAA. The surplus netting is being offered at fixed prices of 15 cents a yard for the marquisette and 12 cents a yard for the tricot respectively.

An extremely attractive seasonal offering by War Assets Administration is a lot of cotton summer dresses designed for WAC's wear. The apparel will be sold on a sealed bid basis with bids being accepted by Customers Service Center at the Grand Prairie WAA regional office until 11 a. m., June 13.

FIRST CHRISTIAN CHURCH

Geo. B. Forrester, Minister

First Christian Church under the leadership of their new minister, Geo. B. Forrester, who came to them from Montana, in February, is experiencing new life, the building completely renovated, lawn and shrubbery put in order. Expecting the installing of the Chimes given to them by Mr. W. T. Hayter, in memory of his wife, and with the chimes will come a public address system, which will be made use of in a regular morning broadcast of Bible readings.

hymns, and music, this being a feature that will be enjoyed and appreciated by every one, and on Saturday evening at 9:30 there will be an Evensong of thirty minutes program, essays, sermons, hymns and music.

Last Sunday morning, Elders Rufus S. White, and Jolly Johnson, and Deacons, Harry Dodson and H. D. Toland, were appointed and will be active in service henceforth.

Mrs. H. D. Toland was elected teacher of the Young Peoples Class and Miss Ollie B. Sullivan as teacher of the Primary Class.

Mrs. Pete Kunz has been chosen sponsor of Christian Endeavor and young peoples activities, and has already assumed her duties

and with encouraging enthusiasm on the part of the young people. This fine group meet each Sunday evening at 7 o'clock during the summer months. All young people, regardless of church affiliation who are not taking part in other activities, are most cordially invited to come and take part in this very fine program.

The annual Conference at Elk Mountain Oklahoma for young people of ages 13 to 23 will be one of the important activities for July 21st to 26th, and it is hoped every boy and girl will avail themselves of this privilege. This is not a "picnic"—it is not an outing just for a good time—it is a consecrated, dedicated service for the better preparation for the

Texas Butane Dealers Associational Convention at Galveston June 9-11

A program designed to meet the challenge of a rapidly expanding and progressive industry, will be the theme of the Second Annual Convention and Trade Show of the Texas Butane Dealers Association.

The Convention will be held in Galveston on June 9, 10, and 11, with headquarters at the Buccaneer Hotel.

Butane dealers over the State will meet together at this time to improve methods of better serving their ever-growing list of fuel consumers, more adequately, more quickly and more efficiently. Only in this way can the dealers in this infant industry, which has grown by leaps and bounds within the last few years, hope to keep pace with its gigantic growth and keep its business within their own trade sphere.

Advance Convention registration will be held on Sunday, June 8, and also on that day will be the President's Reception and Friendship Hour.

One of the speakers Monday morning will be S. C. McIntosh,

Director, Gas Utilities Division, Texas Railroad Commission, Austin, whose address will concern "Rules and Regulations of Texas Railroad Commission As They Apply to LP Gas Industry."

Also on that day a luncheon will be held in the Hotel Galvez, and a coffee will be given for the ladies attending the convention. The Trade Show will open at 2 p. m. Tuesday, with booths to be located on the Mezzanine Floor of the Buccaneer Hotel.

Clarendon Man to Speak
Among the speakers on the Tuesday program will be Ray Noblitt, Noblitt Sales Company, Clarendon, on "Decency and Courtesy in the Industry."

Norman Brock of San Antonio will address Texas butane dealers at their luncheon on Tuesday, and that evening the Annual Banquet will be held.

At the Wednesday morning meeting, Voyle Tipton and Carl Bewick, University of Texas Extension Division, Austin, will make a report on the Associa-

tion's Safety Training Schools, presently being held over the State.

LOCAL INSURANCE MAN TO ATTEND CONVENTION

The first agency convention of Southwestern Life Insurance Co. to be held since Pearl Harbor will convene in Dallas, Texas, June 18, 19, 20 and 21. A program headed by some of the nation's leading authorities on life insurance will be presented and agents and their wives will be guests of

RETURN FROM FISHING TRIP

Five fishermen with broad smiles and a report of a swell time and a fair catch of fish, returned home Wednesday afternoon after spending several days at Possum-Kingdom lake.

Those making up the party were Lee Bell and son Bobby, Homer Taylor and son Don and Clyde Price Jr. The trip was planned for the benefit of the younger members of the party and each one had good luck with the finny tribe.

No wonder we wheat farmers are a little nervous. A lot of work and a lot of money, and a year's income is wrapped up in those little stalks of wheat. One little cloud full of hail can wipe it all out in just a few minutes. When a cloud begins to gather, or a few hailstones start hitting the roof, it makes you feel about as nervous as a "Mouse in a Cat Shop." One fellow suggested that if we that were not hailed out would divide up with the fellows that were, our churches would be filled to capacity the next Sunday. I don't know. Anyway, it's nice to have such thoughts and even though we don't go so far as to actually get our hands in our pocketbook, it is a good sign that our folks really think about each other.

I need some help too, in another way. How about a lot of letters from the Readers to help out with the column this Summer. I wonder if we could have a prize or something for the best letter - - - maybe even a year's subscription to the paper. How about it Editors? Would you do it? Please sign your name to the letter, and tell us whether you want us to use your name if we should reprint the letter. Sounds like it would be a lot of fun, so what do you say Editors and what do you say Readers?

EDITORS NOTE—Let 'em come, folks! Send your letter to Uncle Zeb in care of the Leader and we will see that he gets it. Yes, we will throw in a year's subscription to the Leader. As to who wins - - - we will leave that to Uncle Zeb. Come on folks—knock the cob webs loose and start the letters rollin'!

Texas is planning on spending Twenty-five Million more than it will take in for each of the next

two years. This looks like bad business to me. It won't work in our own business and it won't work for the State. You can't "Eat your Cake and have it too", and you can't "Dance without Paying the Fiddler". Either the money should not have been promised, or someone should have been willing to risk their job by advocating a new tax to pay the bill. By the time they have made enough promises to get elected, they are obligated to so many people that it is impossible to do a good job. If someone runs for office and his only promise is that he will try to be hon-

est, and will promise to do what he thinks is right, I am going to vote for him, whether he has a platform or not.

I always liked this story: It seemed that back in the old days Preachers would travel thru the country, staying all night with the brethren, and preaching along the way. This was the case with the Joneses, and when Mrs. Jones had prepared breakfast the next morning, she was surprised to find that the Preacher wouldn't eat a bite. His reason was that he could preach better if he didn't eat before hand. As he was com-

ing back for dinner she stayed at home that morning to fix a good dinner, knowing that they would all be hungry. And when they returned she liked a little having it ready, so the husband came in to help her out. Having him away from the preacher, she asked him how the good brother made out that morning. "I tell ya Ma," said Mr. Jones, "he jest as well et".

Mr. and Mrs. Walter B. Knorrp have returned home after a pleasant vacation in northern Arizona where they visited the Grand Canyon and other points of interest.

American Iron & Steel Institute To Promote Better Understanding Of Steel Industry In Rural Areas

NEW YORK — An extended public relations program to promote better understanding of the steel industry among people in rural areas as well as those in plant communities, was announced today by Edward L. Ryerson, chairman of the Public Relations Committee of the American Iron and Steel Institute.

The program will include an expenditure of approximately \$800,000 for a series of advertisements in 1400 weeklies in rural areas and more than 245 newspapers in steel plant communities. Mr. Ryerson, chairman, Inland Steel Company, described the program in an address delivered before the general meeting of Institute members at the Waldorf-Astoria in New York City.

The program which was unanimously approved by the Institute's Board of Directors in April, will employ all the principal public relations techniques. In addition to newspaper advertising there will be community activities by individual companies, booklets, radio, posters and periodicals.

The bulk of the program will be directed to those who live in rural communities and in the 175 American steel plant cities where the Institute's member companies are located, Mr. Ryerson said. "Opinion polls show that peo-

PEOPLE OF TEXAS want to conserve natural resources. But resources are like water in a river... they have no value unless they can be made to perform a service. True conservation, therefore, is in putting natural resources to use for the benefit of all mankind.

Take the situation in the Conroe field, in Montgomery County, where United Gas, back in 1934, built a 1600-horsepower compressor station to take low-pressure

casinghead gas produced in conjunction with oil, compress it and deliver it to a market where it could be put to use.

United Gas gave value to this natural resource, provided royalties to leaseholders, provided tax revenues for the State, and provided another source of dependable service for United Gas customers.

This is only one example of many in which United Gas seeks to conserve Texas gas by making it available for use.

ple in steel plant communities and steel company employees are sorely lacking in understanding of the industry.

"Many of them think steel profits are 25 cents on the sales dollar. They think 15 cents would be fair. Actually, in 1946, one of the best peace-time production years on record, the industry made only 5 1/2 cents on the dollar," Mr. Ryerson said.

"Similarly both the public and employees think that working in the steel industry is the most hazardous industrial job. Instead, as the National Safety Council figures show, steel is the safest of all heavy industries, and the steelworker is far safer on the job than when riding in his own car.

"We must convince two different kinds of people—those who are honestly unaware of the facts and those that have been deliberately inoculated with false ideas."

The newspaper advertising part of the program is confined chiefly to newspapers in steel plant communities and weeklies in farm districts.

Mr. Ryerson explained that the purposes of the advertising were:

1. To give continuity to the general program and to keep the steel message alive in the steel

communities and rural areas;

2. To inspire companies to use local advertising to tell in their own individual way the story of what steel means to the community;

3. To insure that the industry's message is told as simply and understandably as possible.

Veterans News

Almost 230,000 disabled veterans of World War II now are in training under the provisions of the Vocational Rehabilitation Act (Public Law 16), the Veterans Administration has announced.

As of May 1, approximately 56 percent of those in training—or 128,877—were enrolled in recognized colleges, universities, and other educational institutions.

The remaining 44 per cent—or 100,769—were taking on-the-job training in business and industrial establishments. To date, approximately 169,000 such establishments have been approved for this type of training.

Since the inception of the vocational rehabilitation program in March, 1943, upwards of 8,500 disabled veterans have been declared rehabilitated, VA said.

Disabled veterans in training by states included: Texas, 14,306;

Louisiana, 3,248; and Mississippi, 3,987.

The Veterans Administration estimates that the number of living veterans and members of their families will reach a peak of 43 per cent of the nation's population within the next five years and decline in percentage thereafter.

VA defines a veteran's family as a family unit, living together and headed by a veteran. On the basis of this definition, VA computes the following estimates of the number of veterans and members of their families for 1947, 1952, and 1957:

Jan. 1, 1947—46,000,000.
Jan. 1, 1952—62,300,000.
Jan. 1, 1957—62,500,000.

The veteran-family population is expected to show a rapid growth in the next five years, compared to the total population, and then to level off between 1952 and 1957 while the total population continues to rise.

VA made the projections to study the importance of their implications to various VA programs during the next 10 years.

SENATE JOINT RESOLUTION NO. 4
 proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 7, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations or militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; and the Legislature may reduce the tax rate hereinabove levied.

"Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued

for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 5 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"Funds raised from said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

"Not later than June 1st of the beginning year of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate, to the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5c) Cent ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose."

"Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars, and the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

"Said Boards are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of The University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes. "All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

"For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five Cent reduction of the maximum allowable

state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

"Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state. Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated, to pay the expenses of such publication and election.

LIBRARY NOTES

By Mrs. C. A. Burton

I am sure that many of you will remember that before the war we collected canceled stamps and sent them to England to help in a children's hospital. Then the plan was given up because of lack of space on ships. Now comes another opportunity to use them to do good. A tubercular sanatorium in Denver asks for them—says they often realize as much as \$150 a month from them—this is something we can all do. They prefer that they be sent in large quantities—cut out from used letters with a little space around them. If you will bring them to me I shall be so glad to send them as I did before.

Do you remember that I said I was putting the Book Club's \$10 into horse stories. I did and eight of them have arrived. I shall not take the space to name them—but they look "good." Come and see. So many of our boys and girls as well as our small people are enjoying the library since the school libraries are closed. How they love them and how I love to check them out to them—the world of books that open up such new worlds to all of us.

Miss Ruth Donnell brought us boxes of books this past week, many of which had been read and loved by Grandfather Donnell in the long ago—religious books of

great value. I even found two volumes of "Josephus" among them—which I needed not long ago, and didn't have, and there are quite a few present day, modern books.

You all know about John Gunther's "Inside" books — "Inside Europe," "Inside Asia," "Inside Latin America" — and now we can proudly show you "Inside U.S.A." Did you see what the Amarillo paper said about it? Gunther spent a few hours in Amarillo—and then he said some nice things and some un-nice things—which showed quite quite an ignorance of the situation. But you will be interested in what he did say. The answer in the Tulsa

paper was the essence of sarcasm. The meeting of the American Library Association at San Francisco this month promises to be most interesting.

The \$750 award of the Friends of American Writers, given annually to a mid-western author, has been presented Walter Havighurst for his "Land of Promise: The Story of the Northwest Territory."

The death of the American novelist and politician, Winston Churchill, at Winter Park Florida at the age of 75, took one of the best known historical writers of the country. He became known first by his "Richard Carvel" at the age of 28. His most popular novel was "The Crisis," a Civil War story, which sold more than a million copies.

Have You Thought About A Safety Deposit Box?

In case you haven't, it's a pretty good item to think about when considering your valuables. You could very easily lose your valuable papers and other items by fire or theft when they are kept at home or in an office desk - - - but if you have them in one of our safety deposit boxes which are placed in one of our big fire-proof vaults you can always rest assured that they are always safe. We have just received a number of these new boxes and invite you to come by and rent one to keep your valuables in.

Veterans' News

(Continued from last week) One of the purposes of decentralization was to give managers in the field authority to handle their local problems promptly.

Central Office retained only the responsibility for determining policy and for supervising the program through deputy administrators. In general, this practice has achieved the gains we sought from it. However, I am still concerned with the failure of some employees to exercise their full authority in meeting local problems.

Sometimes this may have been due to confused instructions from Central Office, to complicated directions and befuddled language. In still other instances this is due to unwarranted timidity on the part of officials themselves. There are still too many people who would rather pass the buck than make their own decisions.

Muddy language is not confined to policies alone. Each of you has seen replies to simple questions in which the meaning was lost through hopelessly obscure wording. When a person writes to the Veterans Administration, he is entitled to an easily-under-

stood, frank and courteous reply. If your replies cannot be understood, they are not only not worth writing, but they simply create additional work.

During the period of expansion when we were forced to add more than 150,000 new employees to the Veterans Administration, we suffered from understandably low worker-production. Now that these employees have been trained in their tasks, we must expect greater and more efficient output.

There is no room in the Veterans Administration for negligent or incompetent employees.

In an activity as vast as the Veterans Administration, we are cursed with the problems of bigness. In view of the number of employees required to supervise the work of others, in view of the overhead required to keep our machinery in order, there is the danger that we may become so involved in the tools and crafts of administration that not enough of our effort is expended directly in aid to the veteran.

When I came to the Veterans Administration, I said that we wanted men and women who would keep their eyes on the human needs of the veteran. I am told that some employees have drifted away from this objective, that they have permitted red-tape to blind their vision and obstruct their judgment.

This rigidity, this unyielding attitude on the part of some employees who put their methods before results, who employ the letter of regulations without applying their common sense, is at the root of many problems that leap up to confront us.

There is likewise an unfortunate tendency on the part of some employees to look on their jobs with almost divine right. The Veterans Administration is not a proprietary bureaucracy. It belongs to the people, not to the employees. We are simply servants of the public, ordained to represent their wishes through administration of the laws of Congress.

I am making this letter public not only because it marks a new phase in our work, but because any matter of vital concern to this program is also a matter of vital concern to the American people. They have ordered this program and they will be paying the bill. They have a right to know what their money is buying.

It is as important that we represent the American people in the administration of this program, as it is that Congress represent the American people in the enactment of its laws.

Many of you have probably been reading in the newspapers that I am tired and discouraged and want to quit. I am no more tired than many of you. Certainly I am not discouraged. I mean to do my best and shall not quit of my own accord until my job is finished.

Sincerely, /s/ Omar N. Bradley OMAR N. BRADLEY General, U. S. Army Administrator

SKYLINE TIDINGS

The Donley County Aviation Club will be host to the Panhandle flyers at a breakfast Sunday, June 8, at the airport. There will be eggs and bacon, hash brown

potatoes and coffee, served ranch style, for all the flyers and potential flyers of the area.

Amarillo pilots will be host Sunday, June 15. The breakfast will be served in the main hangar at Tradewind airport.

Paul Hood of Claude landed his Stinson at the airport last Wednesday, after his first flight to Pierre, South Dakota. The Capitol City is located near the center of the State, and almost directly north of Clarendon. The flight was made in 6 hours flying time at a cost of \$20.00.

Mr. and Mrs. M. J. Taylor and small son, and dog, flew to Vega Friday to visit his mother who was ill.

Drs. Keith and Laura Lowell attended a Doctors Convention at Rotan, N. M. last week. Their two sons and Mrs. Peck, Dr. Laura's mother, accompanied them on the flight.

Ray Rumpy flew the Luscombe to Higgins Saturday morning and in landing he overshot the field and damaged the plane. Fred Smith flew it back Sunday morning and hopes to have it repaired in a few days.

The week of June 22-28 is National Air Tour week. Panhandle pilots are requested to write to Hangar Gas, in care of the Amarillo Globe-News, if they wish to join the tour, telling the kind of plane they will be flying and the number in their party. According to tentative plans, Panhandle pilots will land at Amarillo at noon Friday, go to Lubbock for the night, Big Spring for lunch Saturday and San Angelo Saturday night for a reception and party.

From where I sit... by Joe Marsh

How to Go to Sleep

We were sitting around Bill Webster's parlor Friday evening and the talk turned to the best way of overcoming sleeplessness...like breathing real slow and deep, imagining that you weigh a ton, or simply throwing away the pillow.

The consensus favored counting sheep. But right away was the question: what kind of sheep? There were some votes for countin' Merinos, Shropshires, Oxfords and Dorsets. Ed Mapes said he had best luck counting crossbreeds.

Finally, Bert Childers spoke up

with his formula: A light snack and a mellow glass of beer at bedtime. Sort of puts you in the mood for quiet thoughts and peace of mind. Lets you relax... and "ho hum," off to pleasant dreams!

From where I sit, there's nothing like a temperate glass of beer to smooth away the creases of the day, relax a body, and pave the way for a good night's sleep. Try it, and see if I'm not right.

WEEKLY SWING OF SOUTHWEST FARM MARKETS

(USDA)—Southwest farm markets remained mostly steady to strong last week, except for occasional easiness on some types of livestock, poultry, feeds, fruits and vegetables according to Production and Marketing Administration, U. S. Department of Agriculture.

Wheat and corn prices continued to climb last week, and closed Thursday 6 to 9 cents higher on corn and four cents on wheat. Barley recorded no changes, and sorghums fluctuated only mildly. Texas red oats came on the market at a cent or two above the dollar mark, and held about steady, closing Thursday at \$1.01 per bushel in bulk carlots at Fort Worth and Galveston. Wheat closed \$2.91, and white corn \$2.13. Demand for scarce rice supplies continued active, both from domestic and foreign sources.

Rains delayed late planting. Feed demand slackened, as green feeds became plentiful. Millfeeds halted from recent rises. Light offerings of hay found sharply reduced demand. Peanut planting reached its peak in North Texas, under favorable soil and weather conditions. Sizable quantities of fine and 1/2 blood wools sold this week.

Light offerings of spot cotton and demand for only certain qualities held trading to a small volume. Late rallies overcame early-week losses to the extent that Thursday close showed a net gain of 75 cents per bale, at some markets to a loss of \$1.75.

Heavy rains and some hail damaged crops and seriously interfered with harvesting in the Lower Rio Grande Valley early last week. Tomatoes resumed volume movement Wednesday at \$3.50 to \$4 per lug box of green wrapped 6x6 and larger sizes. Corn sold a little higher at mostly \$2.25 per bushel sack for white, and \$1.40 to \$1.75 per half bushel for Bantam. Some watermelons and cantaloupes began to ripen. Grapefruit loadings declined rapidly in a weak market. Denver and New Orleans saw fair trading.

Eggs and poultry held fairly steady at most southwest points last week. Fryers remained firm, but hens and roosters weakened at Denver. Heavy hens brought 24 to 26 cents per pound at Fort Worth, 26 at Dallas, and 26 to 30 at Denver. Fryers sold generally around 32 to 36 cents. Most areas bought eggs at 37 to 38 cents per dozen.

Most cattle remained steady to strong last week, but some classes of cows lost ground; and calves weakened at Oklahoma City. Medium cows brought \$14.50 to \$16 at San Antonio. Medium to good kinds turned at \$14.50 to \$17.50 at Fort Worth, and \$14 to \$17.50 at Oklahoma City. Wichita bought common to medium cows

at \$13.50 to \$16, while Denver took most common to good kinds at \$15 to \$18.

Hogs gained mostly 25 to 75 cents last week. Most good and choice butcher hogs sold from \$24 to \$24.75, but Denver paid up to \$25.50. San Antonio bought sows at \$21 to \$22; but other southwest terminals paid only \$18 to \$19.

Sheep and lambs lost 25 cents to \$1.00 at San Antonio, and aged sheep fell 50 cents to \$1.00 at Fort Worth last week. Other southwest sheep and lambs gained mostly 25 cents to \$1.00. Common to medium shorn lambs brought \$11 to \$15 at San Antonio; medium to good kinds \$13.50 to \$15.50 at Fort Worth; and good and choice \$22.25 at Denver.

Weekly SURPLUS NEWS WAA

Continual replenishing of furniture articles on sale as set aside items to veterans will afford a wide selection for purchasers until June 25, according to officials of the Grand Prairie office of War Assets Administration. Sales will continue to be made daily, Monday through Friday, to World War II veterans on presentation of discharges or other service proof. Each veteran may buy one each of desks, chairs, file cabinets and other items of office equipment on a fixed price basis. Hundreds of veterans in attendance at the opening day of the furniture sale expressed warm approval of a new registration plan by which veterans are enabled to buy during successive days of the sale. The attending veterans are given registration numbers by which they are able to determine their own order of purchase. Sales are rationed at the rate of 150 a day. Leroy Young, veteran of Foreign Wars representative of Grand Prairie who supervised a drawing to set up the first day's registration, said the plan seemed to be the fairest method possible for the large number of veterans in the region.

Dental equipment will be offered by WAA at Grand Prairie through its Customers Service Center until June 10. Included in the offering are operating chairs, diathermy apparatus, cabinets and x-ray units. All items are to be sold on a fixed price basis.
