SKYLINE TIDINGS

By Ethel R. Harvey

The Flying Service students had only two days of flying last week, due to the Lion-like weather the first week of March.

The airport is to have another hangar soon. Dr. Lowell has purchased one from James McGregor of Perryton; it will be large enough for three planes.

Pat Slavin's BT-15 has been relicensed and Joe Jones will fly it to Ft. Worth this week for a final inspection.

Mr. and Mrs. M. J. Taylor flew to Shamrock last week and Mrs. Taylor drove their car back to Clarendon.

Two planes were snowed in here Sunday afternoon; a Cessna, and a Cub Super Cruiser that was flying from Roswell to Sayer, Okla.

Old Betsy is in the hangar having her wings recovered. Those who began flying with the Smiths

soon after the airport was opened know Betsy quite well; it was the only plane they had at that time.

J. Fred Smith, Jr. who is dealer for the Luscombe is giving demonstration rides in the all-metal Silvir he flew up from the factory last week.

Betty Gose in the Amarillo NewsGlobe gives the up-to-date description of a small town: "Why that town is so small it doesn't even have an airport!"

Senator Carney has introduced a Bill in the Texas Senate to tax gasoline used in tractors on the farm. To place a road tax on gasoline used in the fields seems unfair. Looks like a case of promoting a tax bill—not because it is fair, but because it hits the other fellow. We should let our Legislators know how we stand on this.

A friend handed me this news item that he clipped from a farm paper: Glenn Butler of Armstrong County reports that a hereford cow on his farm bore triplets, two heifers and a bull, in 1945, and last November gave birth to twins. Butler says the five calves, now living and growing, and born within twelve months, should be some kind of a record. Me too, and how come you newspaper men around here let this one get by?

As to all the reasons going around that they should change the name of Boulder Dam to Hoover Dam, I like the one in which they claim that the Democrats just naturally like to use the two words together. Last week Mr. Hoover made some kind of a report on world wheat conditions and wheat jumped ten cents a bushel in one day. Not many years ago if he had said something the bottom would have fallen out of everything, including Junior's Piggy Bank. Guess "Time changes everything."

One of Mama's favorite sayings is, "If everybody would tend to their own business, everybody would have plenty of business to tend to." I am always leaving myself wide open for this one, and I can't ever think to quote it when she gets in my "back yard."

Saw a man buying some "Vanilla" the other day, and as he was buying several bottles, I asked the clerk after he left, if he ran a bakery. She said he was supposed to be using it to kill out red ant beds. There were no red ants this time of year, but she thought he might be doctoring some bites he had received last summer. What will they think of next?

GOOD LUCK

I usually think my way is right. The other fellow's wrong. His path most always looks so bright. And mine seems dull and long. Looks like Good Luck just stands near by. To hear his beck and call. It never seems to hear my cry, Or come my way at all. Of course he works more than I do. From dawn till late at night. Could be when Good Luck is passing thru I might be sleeping tight.

Mrs. U. J. Boston, Mrs. Simmons Powell and Mrs. Allan Bryan were Amarillo visitors Sat.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends Beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Swing of Southwest Farm Markets

Grain prices spiraled upward, and most other farm markets continued steady to strong last week, according to the Production and Marketing Administration, U. S. Department of Agriculture. Hogs eased back from record prices of recent days.

Heavy shipments of cabbage and citrus fruits continued to move from the Lower Rio Grande Valley, and carrots came into full tide. Cabbage prices weakened, but other vegetables held fairly

firm, and demand for citrus fruits improved. Denver's wholesale market found Texas beets stronger, and early Texas strawberries were quoted at 50 cents per pint. Colorado potatoes gained strength and Louisiana sweet potatoes remained about steady. Local cabbage weakened at New Orleans.

Eggs and poultry found a firm market last week, as demand remained good. Current receipt eggs averaged around 37 to 38 cents per dozen at San Antonio, Fort Worth, Dallas, and Oklahoma City; 35 at Topeka; 36 at Denver; and 39 at New Orleans.

Spot cotton advanced about \$2.25 per bale. Activity increased in the central exchanges but slackened in farmers' markets. Demand weakened, as offerings increased.

Tone of the wool market improved despite higher Commodity Credit Corporation prices. Texas fall mohair jumped up to 65 cents for adult and 85 for choice kid.

Grains made even more spectacular advances last week than the week before. Wheat led the swing upward, soaring 23 cents per bushel in seven days at Fort Worth and Galveston. Other grains followed close in line, as white corn climbed 15 cents; yellow corn 12½; barley 12; and oats 10 to 11. Sorghums jumped 16 to 19 cents per hundred pounds.

Feed prices moved up to sharply higher levels, reflecting the upward surge of grains. Good quality alfalfa hay showed strength, but inferior grades slowed. Weather retarded rice planting, but Louisiana farmers

are ready to begin. Scarce holdings of peanuts sold higher. Sales of shelled No. 1 Spanish were made in the southwest at 16½ cents per pound; and farmers' stock in the Virginia-Carolina area went at 10 to 11½.

Bulk of hog sales at the close of the week went at \$26.50 for medium weight good and choice grades at Fort Worth; and \$28 to \$28.25 at Wichita. The late-week top was \$26 at San Antonio; \$28 at Oklahoma City; and \$28.40 at Denver.

Sheep ruled steady to around 50 cents per hundred higher at most southwest markets. Good and choice slaughter lambs brought \$19.50 to \$21.50 at San Antonio; \$22 to \$23 at Fort Worth; \$23 at Oklahoma City and \$23.50 at Denver.

Cattle advanced to new all-time high levels in practically all classes at Fort Worth, and sold at steady to strong prices at most other terminals. Cows gained at Oklahoma City, but other classes

PEPPARD'S
HYBRID
The Great Corn
for TEXAS

Texas Farmers themselves proved the superiority of Peppard's Funk-G Hybrids to their own and their neighbors' satisfaction. More than a thousand Texas Farmers planted research plots of Peppard's Hybrids in every Texas corn region before a bushel was offered for sale. Now Peppard's Hybrids are Deeply A Part of Texas. Peppard's are hard put to produce enough seed to supply the skyrocketing demand—Don't wait until planting time...

EDITORIAL

That Americans are inclined to be too complacent about the defense strength of our country is an accepted fact. Pearl Harbor was an outstanding example of our carelessness in that regard.

We are a peaceful nation, want nothing in the way of territorial aggrandizement and therefore feel that there is no reason why any other nation should attack us.

We read with mild interest, but no sense of personal concern, of the "iron curtains," the oppression of small nations at the hands of European dictators, the activities of fifth columns, and shrug it off with:

"Oh well, it can't happen here. We'll let's see whether it can or not."

Igor Gouzenko, the former Soviet cipher clerk in the Russian embassy in Ottawa, Canada, whose disclosures of Soviet espionage in an effort to obtain the secret of the atom bomb rocked the world, states the case clearly and succinctly in an article which he wrote for the March issue of Cosmopolitan magazine.

"Most of the Canadians who were working as Russian spies held responsible positions in such government departments as the National Research Council, the Department of External Affairs, and the office of the High Commissioner in Canada for the United Kingdom," Gouzenko states in part.

With such Soviet infiltration into the highest offices of a friendly nation, for the purpose of weakening that nation's defenses, only the bat-blind indeed can shrug it off with "it can't happen here."

Perhaps the best defense for the United States would be the slogan: "Wake up, America. It CAN happen here."

netted losses for the week at that market. Common and medium cows moved at \$10.50 to \$13.50 at Houston; and \$12 to \$14.50 at Wichita. Medium and good kinds turned at \$13 to \$15 at San Antonio; and \$12.50 to \$15 at Fort Worth. Common to good beef cows cashed upward to \$17 at Oklahoma City; and \$12.50 to \$16.50 at Denver.

A total of 28,548 war veterans were admitted to Veterans Administration hospitals in Texas, Louisiana and Mississippi during the calendar year 1946, VA reported this week.

Although comparable statistics for the preceding year are not available for the Southwest, the area's increase in veteran hospitalization probably parallels the national figure of 61.3 per cent.

During the same period, beds available for treatment of veterans in VA hospitals in the tri-state area increased 44 per cent to 7,745 beds at the end of 1946.

QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID
Free Book Tells of Home Treatment that Must Help or It Will Cost You Nothing
Over two million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Upset Stomach, Gasiness, Heartburn, Sleeplessness, etc., due to Excess Acid. Sold on 15 days' trial! Ask for "Willard's Message" which fully explains this treatment—free—at Douglas & Goldston Drug Co.

The number of VA hospitals increased 38 per cent from eight to eleven. Dallas Branch Area hospitals are at Dallas, McKinney, Temple, Amarillo, Legion and Waco, Texas; New Orleans and Alexandria, Louisiana; and Jackson, Gulfport and Biloxi, Mississippi.

The greatest number of veteran patients—about 82 per cent—were general medical and surgical cases. Next were neuropsychiatric patients, amounting to 12 per cent. The smallest group was tuberculosis patients, comprising 6 per cent of the total.

The number of loans guaranteed for veterans in the Southwest increased nearly 13 per cent during February over the preceding month, the Veterans Administration reported this week.

A total of 48,908 loans representing a value of approximately \$250,000,000 has been guaranteed by the Veterans Administration in Texas, Louisiana and Mississippi.

Loans guaranteed to date for Texas veterans number 38,337. Louisiana veterans have received 7,128 guaranteed loans and Mississippi veterans 3,443.

CHEVROLET

Again in 1946...
FIRST
IN SALES!

FIRST IN CAR SALES—FIRST IN TRUCK SALES
FIRST IN COMBINED CAR AND TRUCK SALES!

The final registration figures are in, and again in 1946 America purchased more Chevrolet cars—more Chevrolet trucks—more Chevrolet cars and trucks combined—than any other make, despite the fact that Chevrolet was out of production entirely during the first three months of the year! A magnificent tribute to Chevrolet production efficiency, as well as to the dollar value of Chevrolet products! It's the best

proof you can possibly have that you're wise to choose Chevrolet, the only cars giving BIG-CAR QUALITY AT LOWEST COST, and the only trucks rating as THRIFT-CARRIERS FOR THE NATION! True, there still aren't enough new Chevrolets to go around, but highest popular demand means higher dollar value, just as highest production means quicker delivery of your new car or truck. Place your order—today!

'More Power To American Farmer' Program Announced By G-E

SCHENECTADY, N. Y.—A nation-wide program to meet the farmer's "immediate need for greatly improved production efficiency and better living conditions, which modern electric equipment can provide," is being launched by the General Electric Company, it was announced today by Charles E. Wilson, G-E President.

Pointed at the nation's 3000 major farm trading areas, the program, titled "More Power to the American Farmer," features products designed for farm use,

to be backed by a large-scale service organization trained to know the farmer's requirements, Mr. Wilson said.

The G-E President declared that the farmer is eager to make fuller use of electric equipment, since it will enable him to improve greatly his working conditions, increase his profits, and improve his family's living conditions.

"We should remember that when the farmer prospers, so does the rest of the nation," he said, pointing out that agriculture

is the country's largest industry, and that year after year, it has accounted for about one-seventh of the total national income.

Farm income during the next four years will be at least double the 1940 figure of 13.3 billion dollars, according to forecasts. Farm income in 1946 hit an all-time high, amounting to an estimated 31 billion, with the result that the farmer is in an excellent financial position and seeking ways to improve both his farm factory and home.

"The need for modernization of farm production methods and for improvement in operating efficiency is greater today on the farm than it is in other industries," Mr. Wilson declared. "The average farmer has only \$400 invested in production machinery per worker, compared with \$1100 per man in industry."

"Progress has been made," he said. "It is possible for one farm worker to provide enough food for his family and the families of 5½ workers in other industries today, whereas one farmer could feed families of only 3 workers in 1920. This progress was made because the farmer's production

per man hour has been increased, and costs have been reduced just as in other industries. United States Department of Agriculture surveys show that the average farmer still spends 33 per cent of his working time in and around farm buildings, and in the case of dairy and poultry farms, the time spent working in and around buildings is 80 per cent. Electric equipment can save the farmer many hours on those jobs."

Declaring that products are of little value without proper distribution and service facilities, the G-E President said that the company and its distributors are concentrating on a new type of dealer, the "Farm and Home Dealer." Located "at the grass roots," he may be an already established electrical dealer, lumber or hardware dealer, feed or implement dealer, or other outlet.

Many will be returned veterans setting up new businesses, he predicted. "In all cases, these dealers and their sales and service personnel will be carefully trained to serve the farmer's best interest; they will know how, when and where the farmer can advantageously put electricity to

A SAD SACQUE

Both of these sweaters were laundered the same way in the family washing machine — but the sad sacque being held up for size was not Koloc treated. What is Koloc? Well, it's a milk-like liquid derived from petroleum and coal tar products. When applied to woollens, it reduces shrinkage from the range of 30 to 40 per cent to as little as two or three per cent. In addition, Koloc treated fabrics are said to be approximately 10 per cent stronger and promise longer wear.

G-E and distributors' representatives will work closely with local groups on farm problems and promotional plans, it was explained. There will be increased coverage of the rural areas thru newspapers, farm magazines, and radio programs. Motion pictures and slide films showing farm people how and where electric

equipment can be used to improve farm operations will be used extensively. A full-color sound movie on farm water supply and a color sound slide film on farm wiring, are among the first being released for showings to farm audiences.

From where I sit... by Joe Marsh

Mystery of the Rocking Chair

Ma Hoskins has a favorite rocking chair that's worn and shabby, with a noisy creak. Pa Hoskins has listened to that squeak for thirty years . . . and he decided to do something about it. So he bought a new rocker, and hid the other in the barn.

Ma allowed as how grateful she was . . . but when Pa missed her one afternoon, he heard a familiar sound that led him to the barn. There was Ma rocking happily in her old chair—squeak . . . squeak. No need to tell you how Pa felt.

Quick as a wink he hid the new rocker and then brought Ma's old chair back to the house. Now when he hears that squeak, he looks at the mellow glass of beer he's drinking and says to himself: "She's just as entitled to her small pleasures as I am."

From where I sit, that's one of the reasons the Hoskinses are the happiest, oldest-married, peace-fullest folks in our town.

Joe Marsh

Copyright, 1947, United States Brewers Foundation

"I'll be fired for that fool story!"

The managing editor of the New York Herald took a day off on December 21, 1879. So this headline in his paper hit him without warning.

EDISON'S LIGHT— IT MAKES A LIGHT, WITHOUT GAS OR FLAME!

The public promptly shouted "hoax!" Scientists called Edison crazy. And our shocked, angry editor expected to be fired.

But he wasn't. Eleven days later, Thomas Edison held a unique New Year's party in his laboratory at Menlo Park, New Jersey, and invited the world to see his "flameless light." Thousands came and were convinced. The incandescent lamp was real.

Soon small private companies were bringing the benefits of Edison's newfangled lamp to the people. Engineers and business men poured in their energy and time . . . risked their own savings . . . overcame all kinds of obstacles . . . broadened and improved the service.

Government didn't do the job. Individuals did. And in the process, they created jobs for many thousands of Americans, as well as a great new service for many millions more.

When Edison opened the first power-plant in 1882, electricity cost 25¢ a kilowatt-hour. This year, as we mark the 100th anniversary of the great inventor's birth, the average price of household electricity across the country is only 3½¢ per kilowatt-hour.

Thanks to Edison's imagination and enterprise—thanks to the courage and initiative of many men and women, working under the American business system—this country enjoys the most and the best electric service in the world. And all our lives are richer, safer, more productive.

THE TEMPLE OF TRUTH
By the Apostle

It is often surprising to know the heights one may attain simply by being on the level.

Worry is like a rocking chair. It will give you something to do, but it won't get you anywhere.

Troubles are like babies. The more you nurse them, the bigger they get.

Student lunches are to fade out of the picture all over the nation March 31st because of a lack of funds, we are told. We are also expected to give the Greek king 25 million to tide him over. The

son of the Greek king is engaged to be married to the daughter of the king of England in the spring. Nobility of a marriageable age is scarce these days. The undernourished school tots will have to get by any way they can when the "blue bloods" need our money.

SUNSHINE & HEALTH.
"I think women should abandon slacks in public," writes the lady editor of a column in a farm magazine.

Mrs. Rex Jones returned to her home at Dallas Sunday after a week's visit with her parents, Mr. and Mrs. J. F. Blocker and other relatives. Mr. Blocker accompanied her home and they will attend the Fat Stock Show at Fort Worth.

Church News
FIRST CHRISTIAN CHURCH
Geo. B. Forrester, Minister
The Minister has chosen for the morning sermon the unusual topic "Open the Door Richard" and will discuss incidents which transpired at the conference in Pittsburg, February 18th and 20th under the leadership of The Federal Council of The Churches of Christ in America—as it approached the subject "The Church and Economic Life", and as one news commentator comments, "Protestantism Looks at Capitalism". Most certainly our economic situation must be recognized by the church in this Christian nation. Every businessman and woman, every farmer, stockman, rancher, and every person who labors should take time out for this timely topic.

Come for morning Bible school, 9:45; "Come as You Are" Men's Bible class. Communion at 10:45. Special music. Come early to get a good seat. You will be dismissed at 12 o'clock sharp.

Evening sermon, "Man The Protestant."
Christian Endeavor, 6:30. Worship in song, 7:15.
Mid-week Bible study, Wednesday eve, 7:30.
Choir practice, Friday evening, 7:30.
Community Sing Sunday after-

noon, 2 o'clock.
Lent began February 19th.
Easter April 6th.
Let Clarendon observe 100 percent in all its congregations.

CONSTITIATION
Risky in
BAD COLDS
Retained undigested food becomes putrefactive, causes toxins, which overload the liver and other vital organs of the body, lessening your resistance to colds and other winter illnesses and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxin-laden putrefactive foods and virus-laden mucus, enabling you to more effectively avoid or fight a cold. Nothing acts like good old Calotabs. Use as directed. 10c and 25c at all druggists.

Take CALOTABS

FRIENDSHIP CLUB

The club members of this club met at the home of Mrs. R. O. Thomas, Tuesday afternoon with 5 present. Mrs. C. E. Lindsey, president, presided in the chair. A few hours of pleasant conversation and needle work were en-

joyed. The hostess served a plate lunch to Mesdames H. Tyree, J. W. Morrison, J. Pool, C. E. Lindsey and Mrs. Thomas.

Mrs. Harold Bugbee visited Mrs. C. A. Gatlin at Lubbock Monday and Tuesday.

LARISCH-LEATHERS

The First Baptist church was the scene Tuesday March 4th of the marriage of Annelie Larisch, daughter of Mrs. Elisabeth Larisch to Leroy B. Leathers, son of Mr. and Mrs. B. J. Leathers.

At six o'clock, the double ring service was read by the Rev. Hal Upchurch before a wedding arch of pink carnations and white stock hung with white wedding bells, tied with white satin ribbon. The background was of Palms studded with silver baskets of pink carnations and stock and illuminated with white candles in tapering candelabra flanked with white tall crescent shaped candle holders.

Preceding the ceremony, Robert C. Leathers played Liebestraum by Franz Listz, while Sandra Shelton and Joanne Christal, dressed in floor length gowns of pink taffeta, lighted the candles. Robert also played the professional and recessional; Bridal chorus from Wagner's "Lohengrin" and Mendelsohn's "Wedding March."

Mrs. Earl Alderson was matron of honor. Mrs. Alderson wore a green gown of silk net over faille, and carried a bouquet of florites and pink carnations. Mr. Earl Alderson attended Leroy as best man. Ushers were Lynn Leathers and Douglas Shelton.

Given in marriage by the groom's father, the bride was attired in a Period gown of embroidered satin. Her fitted bodice ended in a point at the back to which was caught the deep train of her full skirt. Her veil was of three-tiered illusion with a head band of orange blossoms. Across her arm lay a floriation of white rose buds and white satin streamers. Mrs. Leathers, mother of the groom wore a formal gown of black crepe; her corsage was of white carnations.

After the ceremony, a reception was held in the church parlor. The brides table was covered with a linen lace cloth, centered with a three tiered wedding cake in white topped with a miniature bride and groom in a white wedding arch.

Mrs. W. W. Beaty and Mrs. M. G. Whitfield presided at the punch bowl while Mrs. C. R. Piercy served cake. Other members of the house party were Mrs. Lloyd Shelton, Mrs. Lee Holland and Mrs. Hal Upchurch.

As the bride had just arrived from Europe on an American Airliner prior to the wedding, none

of her family could attend the wedding ceremony.

Mr. Leathers served overseas in the Armed services and met Miss Larisch while stationed at Heidelberg, Germany. She was an assistant to one of the Dentists at the U. S. General Hospital there.

CARLILE-CONNER

Mr. and Mrs. Stanley Carlile of this city are announcing the marriage of their daughter Lt. (j.g.) Katrina Carlile of the Navy Nurses Corps to Dr. H. H. Conner also of the Navy stationed in Long Beach, Calif.

The scene of the wedding was in St. Anthony's church at 2 p.m. on February 16th in Long Beach. Father Vineyard, the Catholic chaplain of the Naval hospital of Long Beach, performed the ceremony. Lloyd Martin, cousin of the bride, gave her away. Attendants for the couple were Anne Lohon and Dr. Charles Clement, both wore their dress blues.

The bride and groom wore their dress whites. The bride carried a white prayer book. Mrs. O'Brien played the traditional wedding marches for professional and recessional.

The couple honeymooned in Santa Barbara, Calif. They will be at home in Long Beach.

Dr. Conner is the son of Dr. and Mrs. Hilary Conner of Providence, Rhode Island.

Mrs. Cecil Killough left for her home at Amarillo after a few days visit with Mrs. Clyde Martin and family.

GOODNIGHT-GIBBS

Miss Billie Jean Goodnight and Howard Gibbs were united in marriage by Rev. Hal Upchurch in double ring ceremony Saturday at 3:00 p. m. in the home of J. C. Gibbs.

Miss June Gibbs, sister of the groom, acted as bridesmaid. John D. Gray served as best man.

The bride was beautifully attired in a black suit with black patent accessories. She wore a corsage of white carnations.

Mrs. Gibbs is the daughter of Mr. and Mrs. Horace Goodnight of Sunray. She attended college at W.T.S.T.C. and for the past two years has taught in the Stinnett school.

Howard is the son of Mr. and Mrs. J. C. Gibbs of Clarendon. He is a graduate of Clarendon High School and attended Clarendon Junior College. He served three and a half years in the Army Air Forces.

Immediately following the ceremony, the couple left for their new farm home in Melrose, New Mexico.

MARTIN QUILTING CLUB

This club met Thursday, March 6th at the home of Mrs. Sallie Christie with 15 members and 3 visitors present.

Covered dish luncheon was served at the noon hour.

Two quilts were quilted on by visitors: Mrs. Dorothy Morrow and Mrs. Mary Noble of Amarillo and Mrs. Joe Green, and members, Mmes. Margaret Waldrop, Blanche Higgins, Vivian Morrow, Lela

Bulman, Bessie Helton, Ruby Jordan, Tom Sullivan, Willie Marshall, Lois Sibley, Gracie Crofford, Velma Hearne, Noia Hill, Lois Stevenson and the hostess, Sallie Christie.

The next meeting will be with Mrs. Tom Sullivan March 20th. Let's everyone try to be there.

CLARENDON H. D. CLUB

Mrs. Lena Antrobus entertained the club in her home Friday afternoon assisted by Mrs. O. C. Watson. Mrs. G. A. Anderson presided in the chair. After the roll call of current events, a St. Patrick program was enjoyed. At the close of the meeting the club adjourned to meet Friday afternoon, April 4th at the home of Mrs. Clyde Butler.

Delicious refreshments were served to Mesdames G. A. Anderson, Roy Brinson, Clyde Butler, A. L. Chase, Claude Darden, Earl Lea, M. C. Rumpy, C. D. McDowell, and hostesses, Mrs. Antrobus and Mrs. Watson.

BIRTHDAY PARTY

Martha Nichols was given a party on her tenth birthday in the home of her grandmother, Mrs. S. T. Nichols with Mrs. Gene Baxter and Mrs. Ralph Nichols as hostesses.

A number of indoor games were played after which refreshments of sandwiches, mints, cake and punch were served to the following: Lometa Harkness, Don Landers, Vanetta McClellan, Eva Lee Farr, Frank White III, Bill Noblet, Janice Benson, Montye

Smith, Lola Mae and Lorna Dee Underdown, Glenn Wallace, Cleburne Talley, Joan Swink and Martha and Ra Nelle Nichols.

After the many lovely gifts were opened, the guests were presented with balloons as favors.

CHURCH COUNCIL MAKES PLEA

The Church Council has been asked to send supplies to war-torn countries as a special Easter offering.

The need is desperate and immediate, and in many countries is even greater than during the war years. The response must come from the churches, as many relief agencies have ceased to function and there will be no government planned clothing drive.

"Perhaps some individual or organization can spend a little time in making old blankets into comforts," Mrs. H. W. Hanks, President of Church Council stated. "These are badly needed."

"If you have anything suitable for sending to needy people, let me know and I will see that it is sent. Shipment should be made the last week in March," Mrs. Hanks emphasized.

Mrs. Frank Bourland returned home from Austin Tuesday where she has been visiting her daughter and family, Mr. and Mrs. Bob Dillard. Mr. Bourland is confined to his bed with the flu.

Weekly SURPLUS NEWS WAA

Former owners have already bought back 98,138 acres of surplus agricultural land no longer needed as sites for wartime installations. They were purchased through the operation of the Farm Credit Administration. The FCA acts as disposal agency for War Assets Administration in the handling of this type of property. The purchasers paid \$4,955,236 for these properties which had a reported cost to the government of \$7,418,499.

More than 40,000 sleeping bags and water repellent cases have gone on sale at the Grand Prairie regional office of WAA. The property will be sold on sealed bids until 11 a. m., March 21.

Add gold to the list of unusual surplus property handled by WAA. Unlike most other types of surplus, however, WAA gold never reaches the public. It goes into the mouths of veterans. All dental gold in WAA surplus stocks is taken by the Veterans Administration for use in bridges, inlays, fillings and plates. Any remaining gold in WAA stocks is shipped to the United States Mint.

The Grand Prairie regional office of WAA is now offering for sale a variety of products, including hardware, cafeteria equipment, rope, tents and goggles, the whole valued at approximately \$80,000. The property is being sold on a sealed bid basis until March 28. For further information about purchasing, contact the Grand Prairie office, P. O. Box 6030, Dallas 2, Texas.

Airport, airway and seadrome lighting equipment which cost the government nearly \$4,000,000 is being offered for sale currently by WAA on a fixed price, competitive bid basis. In used and unused condition, this equipment consists of runway marker lights, runway marker lenses, marker lamp assemblies, marker top assemblies, cone assemblies, globes, lamp assemblies for floodlights, combat hoods, reflectors, mast assemblies, floodlight assembly

Have You Thought About A Safety Deposit Box?

In case you haven't, it's a pretty good item to think about when considering your valuables. You could very easily lose your valuable papers and other items by fire or theft when they are kept at home or in an office desk --- but if you have them in one of our safety deposit boxes which are placed in one of our big fire-proof vaults you can always rest assured that they are always safe.

We have just received a number of these new boxes and invite you to come by and rent one to keep your valuables in.

Mrs. Lee Leek Dies Wednesday; Services Friday

Funeral services have been set for 3 o'clock Friday afternoon, March 14th at the local Church of Christ for Mrs. Reda Willetta Leek with W. T. Hines, minister, officiating.

Mrs. Leek, age 32, passed away at the family home here at 7 p.m. Wednesday evening following a quite lengthy illness. She had been a resident of Clarendon for the past 28 years, coming here from Childress with her parents. She was a member of the Church

of Christ and a loyal worker with that organization.

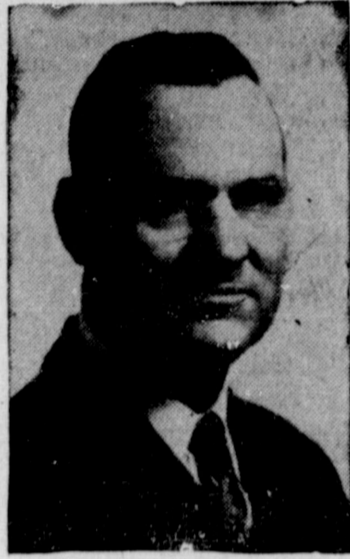

She is survived by her husband Lee Leek; one son Tommy Lee and two daughters, Emma Pearl and Wanda Marie; her parents, Mr. and Mrs. G. F. Lane; four sisters, Mrs. R. H. Hadley, Childress; Mrs. Jesse Crump, Mrs. E. C. Garthwaite and Mrs. Harold Shelton of Amarillo; four brothers, W. A. Lane of Ft. Worth; R. L., G. E. and V. L. Lane of Amarillo.

Pallbearers will be Dick Valance, John Wood, Roy Crutchfield, Thomas M. Roberts, Elmer G. Hayes and Bill Adams.

Burial will be in Citizens Cemetery with the Murphy-Spicer-Buntin Funeral Home in charge of arrangements.

Baptist Revival Starts March 23 At Goodnight

Rev. A. B. Moseley, pastor of the First Baptist Church at Goodnight, announced this week that a Revival meeting would start at

REV. C. B. STOVALL that church March 23rd and would continue through March 30th.

Rev. C. B. Stovall of Lamesa and former pastor at Goodnight will do the preaching, and Miss Inez Blankenship will lead the singing. It was pointed out that there were approximately 27 churches in District 10 which would be holding meetings at this same time.

The time of the services will be: Evening service 7:30; morning service 11 a. m. The public is cordially invited to attend all services.

Sugar Stamp For 10 lbs. Designated

The Office of Temporary Controls announced Monday that spare stamp No. 11 in OPA family ration books will become good April 1 for 10 pounds of sugar.

Validation of the 10-pound stamp will mark OPA's change-over from the five-pound ration procedure for household users. The current stamp, No. 53, good for five pounds, will expire on March 31.

Stamp No. 11 will be good through Sept. 30 but OPA said a second stamp good for 10 pounds will be validated July 1 providing sugar imports meet expectations.

OPA officials said it is possible that still another 10 pounds, bringing the year's total for household users to 35, may be made available Sept. 30.

OPA emphasized that new stamps being validated include sugar for both regular home and canning use. No separate stamps will be issued for canning. Last year household users got 15 pounds of sugar for regular use and 10 for home canning.

Mr. and Mrs. John Knorpp moved to Amarillo last week. Mr. Knorpp is with the Veterans Administration.

Baseball Schedule For Dodgers Announced

The playing schedule for the Red River Valley League was worked out at Childress last week end with the Clarendon Dodgers being scheduled to play their first game with Wellington April 20th at Wellington. The full schedule for Clarendon is as follows: April 20th—Wellington, there April 27th—Kirkland, here May 4th—Quanah, there May 11th—Quail, there May 18th—Memphis, here May 25th—Childress, there June 1st—Mobeetie, here June 15th—Wellington, here June 22nd—Kirkland, there June 29th—Quanah, here July 13th—Quail, here July 20th—Memphis, there July 27th—Childress, here Aug. 3rd—Mobeetie, there.

Next Sunday has been set for the first workout for the local team and all players are urged to be present. The team is also looking for a new field to use which will be larger, and anyone having any ideas or suggestions is requested to contact Bill Adams, manager of the team.

ENLISTMENTS BEING ACCEPTED FOR DISABLED VETS.

Partially disabled combat wounded veterans of World War II can now reenlist in the grade held at time of discharge from last active service provided enlistment is submitted on or before March 31, 1947. Enlisted men who enlist on or after April 1, 1947, but within 20 days from date of discharge can also enlist in grade held at time of discharge. Applicants whose last period of active service in the army was in the status of commissioned officer, warrant officer, or flight officer can enlist in the first grade, if enlistment is submitted on or before March 31, 1947. For complete details see the local Recruiting officer, Legion Hall, Clarendon, Texas.

LOCAL GIRL RECEIVES HONORS AT W.T.S.C.

CANYON, March 7 — Because of their high scholastic standing, 45 freshmen and sophomores of West Texas State College this week became members of Mary E. Hudspeth society, honor organization for students enrolled in the lower division.

Listed on the honor roll, released from the office of the registrar, Dr. D. A. Shirley, none of the initiates had a grade total comprised of less than 3 A's and 2 B's. Mention on the honor roll is the principal requirement for eligibility.

Miss Ruth Patman, daughter of Mr. and Mrs. Wm. Patman of this city, is listed among the group receiving this honor.

ODD FELLOWS GRAND LODGE EXPECTED TO HAVE RECORD CROWDS

Record crowds are expected at Amarillo when the Grand Lodge of Texas convenes Monday, March 17, according to information reported at the meeting of Clarendon Lodge No. 381, Odd Fellows, last Monday night.

All hotel facilities have been reserved and delegates are now

being assigned to Amarillo residences.

Four busy days will be held by the Grand Lodge and Rebekah Assembly, beginning with registrations Saturday morning at 9 o'clock at I.O.O.F. Hall 312 1-2 E. 5th St.

On Monday morning at 8:00 o'clock, a colorful parade, under direction of Borger Lodge will be underway.

A large group from the Clarendon

Lodge will attend, including Representative Sam Dale and Alternate Representative, R. P. Harmon.

Mrs. Maud Bryan of Stinnett and Mrs. Emma Hedgecocke from Ruidoso, N. M. who have been visiting their sister, Mrs. Eva Humphrey, left for their home Thursday (today).
