Six Candidates Out For School Trustee

Up to the present time petitions have been received at the school tax office to place the names of six local men on the ballot as candidates for trustees of the Clarendon Independent School district. They are: George Thompson and Dale Hill for re-election; Bud Knopp, Alfred McMurtry, G. W. Bradshaw and J. G. McAnear.

The election will be held Saturday, April 1st to elect three men to fill the expiring terms this year. The other board member who is not seeking re-election is J. R. Porter.

It has been brought to our attention that if any other candidates wish to announce they may do so as late as three days before election date, not including election day.

The district has been changed up this year and voters or candidates will participate from the following communities as well as the Clarendon district: Bairfield, Hudgins, Antelope, Heckman, Sunnyview, Midway, Goldston and Jericho.

Go see a good show, and support a worthwhile youth activity. Admission is 50c for adults and 35c for students.

Fire Damage To Simpson Mill Around \$8000

Fire of undetermined origin broke out in the coal warehouse of the Simpson Mill & Feed Store about one A. M. Saturday morning and caused approximately \$8000 worth of damage before the blaze was brought under control through the efforts of the volunteer fire department. The fire had a good start before the alarm was sounded and spread into the main warehouse building. The blaze was difficult to put out due to the sheet iron walls and top. Most of the stock was only water and smoke damaged and the front part of the structure was not destroyed. The feed mill was put back in operation and grinding was in progress by noon Saturday.

A. W. Simpson, owner of the business, stated that he would replace the main structure that was damaged and that he had already for the convenience of his customer received a fresh shipment of feed toms. In order to get repair operations going as soon as possible he is going to hold an auction of all damaged merchandise Saturday so cleanup operations may proceed.

FORMER RANCHER DIES AT AMARILLO

Funeral services were held Tuesday afternoon at Blackburn-Shaw Memorial chapel at Amarillo for L. Clint Perdue with Rev. R. C. Bolton, pastor of Washington Street Christian Church, officiating.

Government Man To Help Eradicate Prairie Dogs

H. M. Breedlove, county agent for Donley County, announced this morning that the Department of Interior in Rodent control work had promised to send a man to Donley County in June to work on prairie dog eradication. The man will be of no expense to the rancher or farmer. The only expense is the cost of the poison grain which will be about fifteen cents per pound. Formula 1080 will be used on the poison grain and this is so poisonous that only a representative of the Dept. of Interior is allowed to use it. It is one hundred per cent effective on prairie dogs and is not dangerous to livestock in the manner in which it is used.

Everyone wishing this service should contact the county agent and get their names on the list so that when the man is available the county agent will have a list for him to follow.

W. T. Hayter left this week to visit his brother in Compton, Calif.

Intramural Boxing Next Tuesday Nite

Plans are progressing nicely for the intramural boxing tournament here at the local gym next Tuesday evening with at least 15 bouts or more already in the making. This is to be an exceptional event with the card open to anyone wishing to fight that is able to get an opponent in the ring with him.

Coach Clinton reported that the committee in charge is making requests for competition for Bert Smith and others that say they will climb in the ring if they have an opponent.

The whole affair will be free or admission by donation. You will be given an opportunity to donate toward the purchase of jackets for the girls and boys basketball teams as your price of admission, or if you desire, you can see the show free, the coach stated. The program will start promptly at 8 p. m. without delay as practically all matches will be completed at an early time and there will be no delay in that department. During the intermission there will be a tag team wrestling match with Beatty Hillman as referee and the participants will be Walter Warner, Vernon Goldston, Sidney Muse and Joe Dill. The coach reports that this event alone will be worth the trouble of coming out.

Some of the matches already made to date are: Fred Molesworth vs Gene Bulman; Jack McWhorter vs Charles Bogard; Bob Clifford vs Nelson Christie; Dwayne Hearn vs Frank Jones; Odell LaGrone vs Jack Trussell and numerous other battles that will be filled with action from start to finish. There will be three one-minute rounds in each bout unless otherwise specified by the fighters. If you want to enter and have an opponent you can go ten rounds if you like, the coach stated.

Don't forget the date, next Tuesday, March 28th at 8 p. m.

Pampa Boxers Defeat Locals 5-4

Local fans witnessed some of the best boxing bouts of the season here Tuesday night in the last invitation meet of the season at the local gym with the Pampa boxers defeating the locals five out of nine bouts. Quite a bit of difficulty was experienced in pairing the boys off but even though the fights got off to a slow start, the ring action made up for the difference. During the intermission four colored boys put on a first class battle royal and then two colored boys went three rounds in the ring slugging it out.

The decisions were as follows with the Clarendon contender being named first:

- 75 lb.—Larry Hiron dec. by Frank Smith.
- 65 lb.—Jack Moore dec. Gary Watt.
- 80 lb.—Don Moore was dec. by Ronnie James.
- 130 lb.—Jerry Moore was tko'ed by Keith Kelly.
- 138 lb.—Doyle Leffew was ko'ed by Homer Gratham.
- 158 lb.—J. P. Carlile dec. Dick Murray.
- 150 lb.—Jack Trussell dec. by Cleo McCart.
- 110 lb.—Chas. Stafford dec. Wayman McPherson.
- 120 lb.—Billy Bob Adams dec. Bobby Wilhelm.

HEDLEY MAN HURT AS CAR OVERTURNS

Grady B. Jones of Hedley received minor injuries about 2 a. m. Tuesday morning when his 1942 Ford overturned on the curve going east out of Lelia Lake. Patrolman K. E. Dale said the accident occurred about 30 minutes after a car driven by Jessie R. McGraw of Amarillo plowed into the Howard Grocery on this side of the curve. He said the Jones car was almost a total wreck.

Mr. and Mrs. Dick Vallance and children and Barbara Faye Estlack visited at Memphis Sunday.

CITY-COUNTY LIBRARY NOTES

By May L. Prewitt

Very few new books have been received this week. Adult readers will desire to read "A Few Flowers for Shiner" by Richard Llewellyn who wrote "How Green Was My Valley," a book that was read and appreciated so extensively. The commentators term this a magnificent novel, mixing his warm love for humanity with great story telling power, giving us an entirely new setting and new ingredients. It is the Italian adventures of Snowy, the Cockney truckdriver, and his truck Rosie. This type of book will be read with a deep sense of participation and will be long remembered.

We received "Flower Arrangement" by Rockwell and Grayson. This is a recent 1949 edition, but there was a first copyright made in 1947. It is quite colorful, and informative with suggestions for Home Decoration and Show Competition. You will begin to exercise your "green thumb" when you see it.

The Shamrock Gas Co. sent a complimentary copy of "Heraldy of the Range"—some Southwestern Brands, by J. Evetts Haley, and H. D. Bugbee illustrated the edition. It is copyrighted by the Panhandle Plains Historical Society. We are delighted with this edition as so many of our readers will thoroughly enjoy it.

Edgar Rice Burroughs, 74, creator of the fictional Tarzan, died at his home in California recently. He was a prolific writer, and has been writing for more than 36 years. The boys have thoroughly enjoyed the stories of the apeman, so the numerous book sale returns and films made him rated as a multi-millionaire. His books sold were estimated as producing \$5,-

000,000 and the Tarzan pictures and royalties from radio serials, cartoon strips, etc. much more. This is the third popular writer to die in the past two months, but they were all past the three score and ten life post. These writers produced books of quite a different style and characterization than so many of the present tense, and will be greatly missed.

Mrs. W. B. Barbee of Montague is visiting her daughter, Mrs. Frank Reid and family. Mrs. Reid is still confined to her bed after an operation 2 weeks ago at the Clarendon Adair Hospital.

Mike McCully attended to business in Amarillo Monday.

Texas To Obtain Needed Wildlife Reinforcements

AUSTIN—How Texas is bartering with other states to obtain needed wildlife reinforcements is described in the March issue of "Texas Game And Fish", departmental magazine. W. C. Glazener, Wildlife Restoration Director, writes that Texas is now working on an exchange program "designed to improve quail hunting and to produce more of certain valuable fur bearing animals."

"After ten years of extensive deer trapping and transplanting in Texas," Glazener's article states, "The pressing need for deer stock on high quality ranges began to decline. In the same period, more active and positive quail management became increasingly urgent. Along with that situation, there was a growing interest in beaver as a water conserving instrument and freshwater muskrats as a source of cash income."

The Wildlife Restoration Director goes on to describe how a shrub like perennial called bicolor lespedeza was planted in strips and hedges and found to be useful in southern states to attract and hold quail. To develop strains adapted to Texas conditions, Game Department biologists have been working on plant selection and experimental planting of this species. Material for this vital work was obtained from Georgia and Florida in a trade involving Texas white-tailed deer.

The Glazener article continues: "Louisiana, in the meantime, became interested in bolstering its declining deer population by stocking Texas deer on selected refuge areas. As exchange items, they offered surplus muskrat and beaver from soil and vegetable

Christ, played by Millard Coody in the Garden of Gethsemane before His death. A scene from "The Prince of Peace," opening at the Mulkey Theatre, Sunday and Monday, March 26-27th. Entirely in cinecolor, the film portrays both a biblical and modern story.

types similar to and relatively near inland creek marshes scattered over East Texas. Our access to the beaver stock was important because surplus West Texas beaver were not numerous enough to fill restocking needs in that part of the state, following drought years when water conservation became a recognized necessity on many stock ranches. At the same time, several East Texas landowners were soliciting fresh water muskrat stock not available." He concludes that mutual advantages in the bartering are obvious.

Guests in the home of Mr. and Mrs. U. T. Devers over the week end were Mr. and Mrs. John Blackman and Patsy and Mrs. Bart Blackman of Littlefield and Mr. and Mrs. Arthur Hudson of Wellington. Dinner guests Sunday were Mrs. Pat Longan and Mrs. Cecil Beach and Mr. and Mrs. Roy Blackman.

Veterans' News

Questions and Answers

Q—My husband, a World War I veteran, gets a pension and does not give me enough money to pay doctor bills. Could I get a part of his pension?

A—Pension may be apportioned only where the veteran and his wife are not living together. If you are living together, you may not be granted a part of his pension.

Q—Is it important for me to show that I have had experience in the line of business in which I am an applicant for a GI business loan?

A—It is important to show such experience because the law explicitly provides: "... that ability and experience of the veteran, and the conditions under which he proposes to pursue such business or occupation are such, that there is a reasonable likelihood he will be successful..."

Q—Will I have to go to VA for advisement and guidance in event I wish to change my educational course under the GI Bill?

A—To avoid possible delays, a veteran seeking to make his first change of course may go to his school for counseling service. If the school has no organized counseling service or if the student seeks to make further changes in his course after the initial change, he must go to VA for advisement and guidance.

Q—I was discharged from the Army four years ago and now wish to enter a course of embalming. What school may I attend and get the benefits provided by the GI Bill?

A—You may enroll in any school of embalming approved by the State in which the school is located, provided it is willing to accept you.

SOCIAL SECURITY NEWS

"Application forms for social security numbers can be obtained at any post office," John R. Sanderson, manager of the Amarillo social security office, stated today.

The post offices provide forms for the following purposes:

1. Applications for original numbers.
2. Applications for duplicate cards where the original has been lost.
3. Applications for change of name on social security cards (when a woman marries, for instance).
4. Applications for employers' numbers by owners of new businesses.

"Many persons write our office for these forms when they could save time and trouble by calling at their local postoffice," Sanderson said.

The completed applications should be mailed to Social Security Administration, Amarillo, where the numbers will be assigned or necessary changes in records will be made.

A representative from this office will be in Clarendon, Tuesday, March 23, at 9:15 in the County Court House.

E. T. BURK FOR CONGRESS

18th Texas District

SCENE: A store in an 18th Congressional District Town. A Farmer comes in for a little shopping.

MERCHANT: "What do you hear about the Congressional race?"

FARMER: "Quite a bit of talk. Hear a lot of people say they're for this man E. T. Burk of Amarillo. He's got a good platform and lots of common sense."

MERCHANT: "I hear the same thing. Looks like Burk's got something on the ball. We need common sense. I'm for Burk."

Why Are So Many Voters Talking About Burk?

Because—

- Burk is a successful businessman.
- Burk knows the farm problem.
- Burk knows the labor problem.
- Burk is not after a paycheck or a political career.
- Burk is paying his own expenses.
- Burk is not shackled. He can represent everybody.
- Burk believes in economical government.
- Burk is for private enterprise; against socialism.
- Burk will fight for world peace.
- Burk is the COMMON SENSE Candidate for everybody.

(Every citizen of the 18th Congressional District is invited to write E. T. Burk, candidate for Congress. Amarillo, for a copy of his platform.)

The completely oven baked meal is only one example of the many savings made possible by the unequalled automatic features of electric cooking. Yes, ladies, electric cooking is thrifty... and it allows you more time for leisure, too!
- Refrigeration Center: The Electric Refrigerator provides ample food storage, and large freezing capacity. Adjacent work surfaces provide space for food preparation.
- Dishwashing Center: Ample work space for stacking used dishes and cooking utensils. The Electric Dishwasher handles not only dishes and silver, but pots and pans as well... washes them shining clean, and dries them without wiping.
- Adequate Wiring: This simply means: 1. Large enough electric wire. 2. Enough circuits. 3. Plenty of outlets and switches.

E. T. Burk, Candidate For Congress, Offers Copy of His Platform To Voters In District

E. T. Burk, candidate for Con-
 gress in the 18th district, offered
 through newspaper advertising to
 send any voter who wanted it, a
 copy of his platform. And the
 mail has poured in.

"It seems to me," he said this
 week, "that the newspapers of
 this district are extremely effec-
 tive. During the remainder of the
 Congressional campaign, I intend
 to use as much newspaper space
 as possible to discuss the prob-
 lems of this district. I intend to
 tell the voters that honest and ef-
 ficient representation is what
 they need. So often I have heard
 people say, in pleading tones, that
 they wish they had public offic-

ials who didn't play selfish poli-
 tics all the time. I am running for
 Congress without thought of pay-
 check or political career. I will
 be in position to represent all the
 people of this district. When I go
 to Congress, there won't be a
 single citizen in this district who
 doesn't have a ready and reliable
 friend in Washington. As often as
 possible, I will use newspaper
 space to tell the truth of the con-
 gressional campaign.

"I appreciate the response I
 have had to my advertising. Hun-
 dreds of citizens have become
 voluntary workers for Burk for
 Congress."
 Burk said that within the next
 few weeks he would visit all parts
 of the 28-county district.

Mr. and Mrs. J. B. Butler and
 children and Mr. and Mrs. J. R.
 Cowan and children of Borger
 were week end guests of their

The Lion's Roar

By O. D. Lowry
The Lions Club met at the club hall Tuesday March 21. There were sixty Lions and six guests present for this meeting. Lion Bill Williams was the Lucky Lion today.

The Civic Improvement Committee will meet Friday at 7:30 at the club hall and attendance may be made up at this time.

The District Convention will be held in Childress April 30 and May 1 and 2nd. The Boss Lion would like to have a large group of Lions from our club attend this convention. Owing to the limited hotel facilities it will be best for our club members to commute daily.

Lion Jay Gould gave a brief report on the progress of the house numbering project.

Lion Drennan presented the program which consisted of talks by Lions concerning the question What Does Our Town Need? Needs presented were more interest in city and county affairs and more unity and cooperation on the part of all Clarendon citizens. One way to show more interest in city affairs will be to go to the polls early in April and have a part in selecting public officials.

At the conclusion of the program the club stood in a moment of silent prayer for the speedy recovery of Lioness J. R. Porter.

Mrs. Geo. McKee and sons Jimmy and Raymond and Jeanie Wilson and Mrs. N. L. Jones spent the week end visiting Mrs. Jones' daughter and family, Mr. and Mrs. John Humphrey at Higgins. Her granddaughter, Mrs. Billie Gibson and baby Sharon of Richmond, Calif. accompanied them home for a visit.

FARM PROGRAM

From the County PMA Committee

COTTON PRE-MEASUREMENT:

Our cotton pre-measurement program is under way. Our first customer was Mr. W. G. Tims of Rt. 1, Clarendon. He signed up Monday morning. If you want your cotton land measured, you have to come to the office, sign a request form, and pay in advance a service charge of \$6.00 per farm, \$1.25 per plot of cotton to be planted, and 3c for each acre in the allotment. Producers wanting this done will have from now until April 20, 1950 to sign up for pre-measurement of their cottonland. We sent a notice to all those having a cotton allotment telling them that the service is available.

COTTON ALLOTMENTS:

Cotton Allotments were mailed out this week for New Growers, Combined, and Sub-divided farms. We still have received no information concerning the new law Congress passed in regard to Cotton Allotments.

LOANS MATURE March 31, 1950

All those producers who have grain sorghum loans might be interested to know that these loans mature March 31, 1950. If, after this date, a producer has not taken up his loan, the grain belongs to Commodity Credit Corporation, and the producer will be notified, by the corporation when and where to deliver his grain. About 75 million bushels of grain sorghums, principally in the Southwest, are under loan programs.

THOSE CARRYING OUT PRACTICES:

T. W. & J. A. McAnear, Curtis Kirkland, Roy Bartlett, Richard Cannon, Jim Tidwell, Nelson Combest, B. J. Leathers, Joe E. Johnston, Alfred B. Spalding, O. D. Koontz, J. L. Baggett, Tracy Davis, W. V. Bain, D. B. Koen, W. B. Proffitt, O. B. Holland, L. C. Selby, B. B. McMillian, Heckle Stark, Melvin Rumpy, and Elmer Vines all have approvals for the construction of terraces.

Walter K. Fraser and Margie Emery have approvals issued to them for managing crop residues on summer fallowed acreage from which no crop is harvested in 1950.

Boyd Rogers, Jess Finley, Ralph Devenport, Archie L. Hill, Roy Clark, and W. C. Thornberry all have approvals for the construction of an Earthen Dam.

Frank Finch has an approval to apply 20% Superphosphate to Alfalfa and Sweet Clover. Kermit Evans has an approval for applying 50% Potash to Austrian Winter Peas. Elmer Dishman also has an approval to apply 20% Superphosphate to Alfalfa.

CLOVER BUILDS SOIL RAPIDLY:

Acres diverted from cash crops can be built up rapidly with clover. In Ohio, research has found that it takes about 8 tons of manure to equal the gains that come from a crop of clover. Those gains indicate how rapidly a crop of clover builds up land in fertility, resistance to erosion and ability to absorb water rapidly. The hay crop, pasture and possible seed are dividends.

AGRICULTURAL SHORTS:

"To-day, more than ever before, we dare not permit anything to jeopardize national prosperity. Farm income has already dropped 22 percent in the past two years."

"Many people consider the price support program as a 'protection against bankruptcy' rather than a program to 'promote equality for agriculture'."

"The best way to stop a fire is to never let it start."

"Almost half of all the money American consumers spend for goods and services goes for products that originate on farms."

Mr. and Mrs. J. R. Bartlett announce the birth of a new grandson, born March 13th to their daughter, Mr. and Mrs. J. W. Goodman. He weighed 7½ lbs. and his name is Michael. They live at Los Cruces, N. M. Mr. and Mrs. Bartlett returned home from a visit with them Monday.

Mr. and Mrs. Leek Goldston returned home Sunday from a 4 weeks visit with their daughter and family, Mr. and Mrs. Frank Frey and son John, and new baby daughter, Margaret Frances at Houston. Grandson John accompanied them home for a visit.

Mrs. Ruth Kennedy and Mrs. Bess Stricklin are at Mineral Wells taking the baths and resting. Mrs. Stricklin will visit at other places.

AMERICAN LEGION NEWS

By Commander Mike McCully
Clark-Brock Post 126,
The American Legion

EDITOR'S NOTE—World War II veterans will be interested in this sixth article by Commander Mike McCully in which he discusses the Hoover Commission contemplated fate of the Loan guarantee features of the G. I. Bill of Rights.

TINKERING WITH G. I. LOANS

The most successful and biggest instrument for good housing and home ownership for war veterans in all world history is the VA-administered and American Legion-sponsored G. I. Bill of Rights. A total of 1,625,329 young veterans has been enabled to purchase their own homes under the loan guaranty provisions of this far-seeing legislation.

No private or other government agency can approach this record. The American home is the real heart of our Democracy. It is around our good homes that our free way of life is built. The

World War II veteran has demonstrated his desire to establish himself as a valuable citizen. He has also demonstrated that he is the lender's best risk when he goes a-building his own fireside. There have been only 1.3 per cent of defaults among the 1,625,329 home-loans approved by the VA. This is a proud record for both the veteran and the Veterans Administration.

This is one function of the Veterans Administration which should be certified for merit in efficiency and in vital contribution to American home life!

But without any logical reason except the over-worked term of "economy" the Hoover Commission

proposes to disrupt this smoothly functioning VA activity and to mess it up like a bull in a china shop!

The commission would lift the home loan functions alone out of the hands of the VA and transfer it to another agency of government! But with its usual acumen for planting booby traps for veterans, the Commission would complicate things by leaving the certification for home loans with the VA!

Red-Taping Home Loans

With the record pleading eloquently against any messing up of this masterpiece of VA performance, the Hoover Commission demands the transfer of the

home loan function only to the Housing and Home Finance Agency!

But in its great wisdom, the Commission ignores the existence of farm and business loan-guarantees for the World War II veteran under the same G. I. Bill. It would transfer only the best third of the loan-guaranty program—the home loan function.

The Commission's failure to make mention of the administration of farm and business loans remains unexplained. The American Legion takes a dim view of this failure. It suspects with good cause there may be further jokers in store for the veteran because here is too good an opportunity

for additional complications. That is to make a further division of veteran loan-guarantees into still other federal agencies to create still more new jobs and paperwork in the holy name of "economy!"

It appears significant that the Commission picks out that part of the loan-guaranty program which has the best record in lending risk! Defaults on farm loans average 2 percent and on business loans 5.7 percent against 1.3 percent for home loans.

The loan-guaranty program under the G. I. Bill was designed to give preferential treatment to veterans. This basic objective can be best fulfilled through administration by an agency primarily interested in the welfare of veterans which is the VA. But the Hoover Commission plans to put it under a federal agency which deals with financial assistance for the general population and has no specific interest in veterans.

Such a move can result only in

inefficiency, delay, red tape, duplication and in the needless harassment of the Nation's best Veterans—the home builders!

My next article will describe how the Hoover Commission plans to destroy veteran preference in government employment and push the veteran out of civil service jobs!

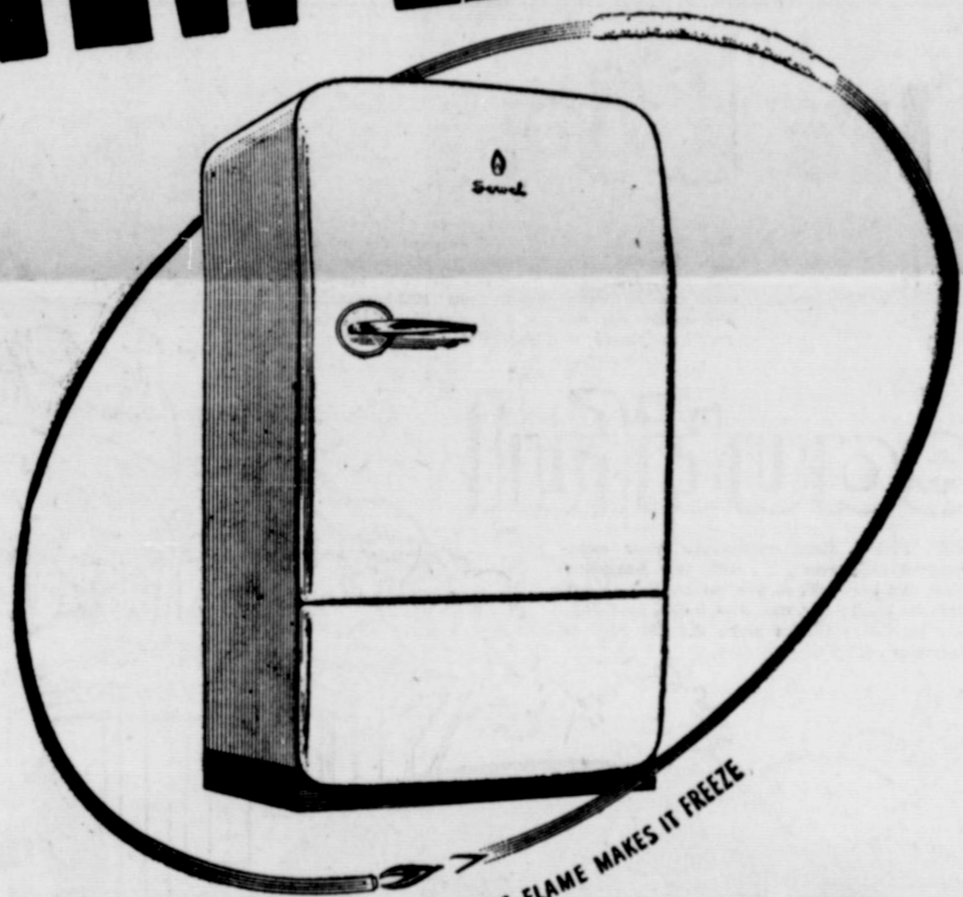

EMPLOYERS PROVIDE FREE COLD TABLETS

To promote the health of employees, a number of business and industrial establishments in the U. S. are providing free tablets of a cold preventive in workrooms.

The employees are instructed how to use the tablets, and a dosage is administered at the first hint of a cold. Employers believe prompt treatment may cut down the half billion colds which impair the health of workers every year.

TELEPHONE TALK and TAXES

Most people consider talking on the telephone to be very much of a regular part of daily life. In spite of its day-in-day-out usefulness, however, the Federal Government insists on taxing telephone service as much as 25%. This is higher than the 20% tax on luxuries.

All long distance calls costing 25c or over are taxed 25%. The Federal tax increases the cost of your local service by 15%. Other forms of telephone service are taxed from 8 to 25%. This excise tax is imposed directly upon you as a telephone user. Your telephone company, at its own expense, acts as a tax collector.

These excise taxes are in addition to corporation income taxes and other taxes which the company pays to the Federal Government either directly or indirectly.

This excise tax was designed as a wartime emergency measure and as such served its purpose. But the war has been over for some time. We are sure that your Senators and Congressmen would welcome your views as a taxpayer on this continued peacetime tax of a necessity.

Names is Names. Then there is Wayne Wagon-seller, representative from the Bowie district with his home at

Alvord. Wayne doesn't "lumber" around either. He has made a record of which he is proud. Now he asks to be stepped up to state senator next election.

CURIOSITY. In my ramblings of the old West, I've seen a large number of hermits, recluses and disgusted folks one to the shack. They prefer to live alone and to be let alone. But what I started to say is that I have never seen one of those old people, man or woman, who was beset with either cancer or rheumatism. Maybe we have over-civilized ourselves.

THAT COW TOWN. Pardon the second reference, but "Cow Town" Ft. Worth is where it is said the folks have eaten so much horse flesh lately that they have quit walking—they trot. When they begin to talk, they whinney until clearing the throat several times.

PENALTIES OF AGE. It is sad to see a woman who has aged to the point that she is said to be charmless. But it is sadder to hear women say that a man is so old that he is harmless.

FAST LIVING. We have heard those 80-mile-an-hour speedsters on the highways described as sportsmen who play the horses.

SUGGESTION. Nothing is opened by mistake more often than the mouth.

EVALUATION. Very often the guy who boasts that he was not born yesterday would be just as intelligent if he

had been.

THE SQUAWKER. A man may fall several times, but he isn't a failure until he begins yelling that somebody pushed him.

It's Big

Everything about a '50 Ford—except the price—says "Big car." You get more hip and shoulder room than any car in Ford's field. You get "big" power from the '50 Ford's new "hushed" 100-horsepower V-8 engine. And you get a big car "feel," too, from Ford's low, level "Mid Ship" Ride.

It's Beautiful

With "Fashion Car" styling—this year more beautiful than ever... with new baked-on colors that are "built to live outdoors"... Ford looks the quality car, too. And, inside, sparkling, new upholstery fabrics make the '50 Ford a decorator's dream.

It's Buyable

Less money than you'd guess will put the keys of a '50 Ford in your pocket. Even with the 100-horsepower V-8, your price tag reads hundreds less than they're asking for most "size 7" cars. And nowhere else—for any price—are you offered Ford's 13-way stronger "Lifeguard" Body... 35% cooler-acting King-Size Brakes and the other great features which add up to the new Ford "feel."

PLOWIN' Out the CORNERS by Uncle Zeb

Mama can't forget her experience in the snow covered ski area of the Sandia Mountains, near Albuquerque. The memory lingers on, as does also the soreness. I couldn't help feeling sorry for her. She was totally uninstructed and unprotected.

Mrs. Olin Lambert says: "I always read your column; I even read about Mama's ski experience but I didn't know whether to believe it or not," end of quote. This worries me; are there other folks that have their doubts about the truthfulness of myself? Have I said things in weak moments that lead folks to think this might not be a serious column? I know we had our "Ornerery" Dept., and occasionally we quoted from Uncle Jay, or some of the editors, but otherwise we meant to be truthful and serious. Even some of the preachers have taken up with me in times past. Have I slipped? Anyway, Mrs. Lambert has been sick lately, and so many of her friends were wishing her well. Seems like everyone that

knows Mrs. Lambert loves her. I wish she believed our column. Newest member to the Ain't Smoking Society is Clyde Slavin of Clarendon. Best wishes Clyde and glad to have you.

From "As A Woman Thinks" by Nellie Witt Spikes: This world that we're a-livin' in is mighty hard to beat; You get a thorn for every rose, But ain't the roses sweet.

Had a swell time with the O'Gormans and the O'Reillys, and the other Irish at the St. Patrick's Day Celebration over Shamrock way—beautiful Colleens, I believe they say in the old country, and the long whiskered big nosed Sons of Erie were a sight for sore eyes.

I stayed with my brother-in-law; the one with the new car, not the one with all the beans. He, the brother-in-law with the new car, is recuperating from an appendectomy (this is not the one with all the beans) and was not doing so well. This was the only sad part of our trip, and the way he felt I don't have the heart to razz him about the way he fed me. Anyway, we didn't have any beans on this trip -- at that I love beans --

ed already? Is it because of Gods eternal decree against him? No; but "because he hath not believed in the name of the only begotten Son of God." Jno. 3:18. Thus the justice of God is vindicated in the punishment of a man. If he is not saved, it will not be because God eternally and unchangeably ordained his destruction; nor will it be because God would not his salvation. Hear him most solemnly deny such an imputation: "If the wicked will turn from all his sins that he hath committed, and keep all my statutes, and do that which is lawful and right, he shall surely live, he shall not die. All his transgressions that he hath committed, they shall not be mentioned unto him. In his righteousness that he hath he shall live. Have I any pleasure at all that the wicked should die? saith the Lord God: and not that he should return from his ways and live." Ezek 18: 21, 23. "For I have no pleasure in the death of him that dieth, saith the Lord God; wherefore turn yourselves and live ye." Ver. 32 and again; "As I live, saith the Lord God, I have no pleasure in the death of the wicked; but that the wicked turn from his way and live." Ezek. 33:11. This is either true or it is untrue. If God, from all eternity, fixed the destiny of all men, and ordained a definite number to dishonor and wrath, and that "According to the unsearchable counsel of His own will, whereby He extendeth or withholdeth mercy as He pleaseth" then we see not how God has no pleasure in the death of the wicked, if He ordained it in the beginning. It would be sheer mockery from God concerning his own decrees. "The Lord is not slack concerning his promises, as some men count slackness; but is longsuffering to us-ward, not

I heard one man almost in tears because some of the brothers in his lodge were celebrating the occasion with an over-dose of the so-called Joy-juice. I feel sorry for folks that are in such physical condition until they can't enjoy themselves until they have drowned their feelings with some kind of dope. All in all the celebration was wonderful and as nice as one hopes to see anymore, and the parade was one of the best. Unusual and different from the average.

We have just passed another birthday in the life of the make-believe character, Uncle Zeb. We are so thankful in our heart for the friends that we have found in these four years. We have tried so hard to make him a better guy than it was possible for us to be. If we have helped this page a little, or this corner of the world a bit, then we are happy in our success. If not, we have failed regardless of all else. Thanks from Mama and me to all of you, including Uncle Bob and Uncle Jay, and Mrs. Lambert.

Jesus said, "He that believeth on the Son hath everlasting life; and he that believeth not the Son shall not see life; but the wrath of God abideth on him." Jno. 3:36. Thus we see that man is denied eternal life, and subjected to the abiding wrath of God, not because of any eternal decree against him personally, but because of his unbelief; hence "He that believeth on him is not condemned; but he that believeth not is condemned already." And why is he condemn-

willing that any should perish, but that all should come to repentance." 2 Pet 3:9. How can this be true, if God fixed the destiny of each one in accordance with the unsearchable counsel of His will before time began? Let him who can, explain.

KEEP THE HUB IN THE Center!

15,374,698 patients were hospitalized in 1943, according to Modern Medicine Magazine. . . . The physician orders the patient into the hospital; the physician prescribes the drugs and treatment; the physician prescribes diagnostic tests, diet and appliances.

Hospital staffs, pharmacists, nurses, dieticians, laboratory and therapy technicians act on the Doctor's orders. Responsibility rests heavily on your Doctor, at the hub and center of health and medical services.

If you have ever driven a vehicle with an "off-center" wheel, you know what havoc that can create. An "off-center" wheel on a locomotive can wreck a train.

Your Doctor belongs in the hub, or center, of medical service. He and his fellow physicians should remain the first and last word on medical education and hospital requirements.

Keep the hub in the center. Keep the hands of amateur "mechanics"—or politicians—off America's health wheel.

Educational Wildlife Exhibit Now On Tour Of Texas Cities

AUSTIN—An educational wildlife exhibit, sponsored by the Texas Game, Fish & Oyster Commission, now is on tour of sports shows in four large cities. The display, comprising more than a dozen cages and tanks, now is on location at the Houston Chronicle Sports Show in the Sam Houston Coliseum.

The exhibit is directed by Robert G. Mauermann, Editor of "Texas Game and Fish," the official monthly conservation publication of the Game Department. Harley Berg, veteran game warden and an experienced hand at wildlife education, has been assigned to explain the exhibits and

to answer questions on game and fish.

After the Houston exposition, the Game Department collection of live species will be shipped to San Antonio for the Sports and Outdoor Show, sponsored by the Express and Evening News, which runs in the Municipal Auditorium from March 31 to April 6 inclusive. Then comes Fort Worth's Texas Sports and Outdoor Show scheduled for April 8 to April 16 in the Will Rogers Memorial Coliseum under the auspices of the Star-Telegram. The last stop for the Game Department exhibit will be the Southwest Sports and Vacation Show, staged by The Dallas News in the Automobile Building of State Fair Park, April 23 through May 7.

A new member of the display

group will be the nutria, the fascinating importation from South America resembling the muskrat, though larger, which has been introduced into several Southern states. Releases of this species have also been made in sections of Eastern Texas. Also added to the Game Department exhibit this year is an ocelot, a spotted, low, underslung cat, denizen of deep South Texas. It will share the animal spotlight with the more common bobcat which is somewhat smaller than the ocelot.

The eight cages allotted for the live animal exhibit will hold other species such as the colored peccary (better known as the javelina), foxes, ringtail, and a porcupine.

The fish display will be particularly elaborate with a cluster of tanks containing many species of game and rough fish. Game Department employees who have been assigned in past years to the winter sports shows agree that the live fish displays draw the greatest interest. The various species of the bass family invariably intrigue the show visitors and provoke many questions about them by anglers as to how to identify them and about their habitat and feeding habits.

A whopper of a large mouth black bass, weighing possibly seven pounds, will be a fish exhibit highlight. The five fish tanks also will contain such other game fish species as white bass, rock bass, spotted bass, crappie, two or three varieties of bream and catfish. The contrast between game and rough fish species will be accentuated by the display of carp and suckers.

Game birds draw great interest, too. The quail pens usually attract many show visitors. This year both blue quail and bobwhite quail will be on display in two pens which will show the type habitat in which they are found. Sixteen species of ducks, most of which are found in various degrees on the Texas coast, also will be included in the exhibit, provided adequate space is available.

Adding atmosphere to the Game Department exhibit will be photos and drawings of many species of Texas wildlife. Some mounted specimen of rare Texas birds which could not be kept alive will also be on display. Motion pictures in color made by the Game Department Staff Photographer will be shown continuously. Back issues of "Texas Game and Fish," monthly magazine of the Game Department, will be given away to visitors.

Hundreds Tell Bob Wills Of Hadacol's Numerous Blessings

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind."

Hundreds have told Wills of the blessed benefits of HADACOL and the following statement by Miss Betty Lou Lobb, 720 College St., Bethany, a well known singer, is a good example.

"I was tired, run down and lost my appetite. I suffered with gastric disturbances. I had tried almost everything but it didn't seem to help me. I had heard about the wonderful results HADACOL had been bringing to so many of my friends. Soon after taking HADACOL I was feeling much better, had no gastric disturbances and had a wonderful appetite. I am no longer nervous. I am sure that HADACOL has helped me a great deal and I recommend it to my friends."

Miss Lobb suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances... Your food will not agree with you... You will have an upset stomach... You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of the lack of the

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWBN, Fort Smith; KGIC, Miami, Oklahoma; KLYN, Amarillo, and KWFT, Wichita Falls.

B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks.

HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

It is easy to understand, therefore, why countless thousands have already been benefited by

Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed.
