Fat Stock Show Friday, March 3rd

Friday, March 3rd is the big day for the Donley County Fat Stock Show. 4-H and FFA club boys from all over Donley County will compete for high honors in beef calves, swine and sheep.

H. M. Breedlove, county agent and secretary and manager of the show says that Mr. J. A. Scofield, district agent for the Texas A&M College Extension Service will be the judge.

The show judging will start promptly at ten o'clock in the morning and will be over by noon. All livestock is required to be in the show buildings by eight thirty in the morning of the show and must remain in the show buildings until four thirty in the afternoon at which time they will be loaded out for the Amarillo Livestock exposition. The Donley County club boys will compete with other club boys from all over Texas, Oklahoma and Colorado at the Amarillo Show.

DR. T. C. GARDNER

Dr. T. C. Gardner To Speak Sunday At First Baptist Church

Dr. T. C. Gardner, state director of the Baptist Training Union department, will be the speaker at the morning services of the First Baptist Church, February 19.

Dr. Gardner will be in the city for the beginning of the Training Union Revival which will be held the week of February 19-24. In connection with the beginning of the revival in this area, he will also speak in the First Baptist Church of Memphis at 2:30 in the afternoon of February 19 at the associational "kick-off" rally. In addition to the message of Dr. Gardner, departmental conferences will be conducted by approved workers of the Baptist Training Union department.

P. T. A. Completes Several Projects

Mrs. Johnnie Blocker, president of the Clarendon Parent-Teacher Association, announced this week that the project of preparing a room for relaxation of teachers and care of sick or injured children had now been completed.

The small room on the first floor, formerly used for a store room and the telephone, has been cleaned and painted and new furniture and curtains installed. A cot with all facilities for caring for a sick or injured child is available. An additional water fountain has also been installed on the first floor.

The movie projector and screen, another P. T. A. project, has arrived and is now in use almost daily, helping to further the child's visual education.

Plans are now being made to include a Fathers Night in the Annual P. T. A. program, the first of which will be held the night of March 16th. This meeting will not only be for fathers and mothers but grandparents and anyone interested in P.T.A. work. Watch for further announcements concerning this program.

The P.T.A. is to be congratulated on the completion of these projects. It is through your help that this has been made possible.

Jerry LaGrone from Dallas spent the weekend with home-folks.

Youth Center To Sponsor Game Night February 28th

The public is invited to Game Night sponsored by the youths of the Youth Center Tuesday night, February 28th at the Youth Center. Games such as Canasta, "42", etc., will be played with the players paying a small fee. The proceeds from the games will be paid on the debt of the Youth Center. Free refreshments will be served at the close of the games.

Make your plans now to attend, and let's help the young people be free of debt and at the same time have fun while doing so.

CENSUS ENUMERATORS BEING SOUGHT

Crew leaders and census enumerators are being sought by the Texas Employment Commission for Donley County. E. G. Travis, Manager of the Childress Office, said this week.

Any person with a high school education or its equivalent, and physically fit to perform the duties of the work, may apply in Childress at the office of the Texas Employment Commission located at 221 Avenue B, NW. Actual work will begin in March but persons wishing the work are urged to make applications as soon as possible.

Applicants will be required to own or have access to an automobile, and have in their possession a valid drivers license, Travis added.

In a letter from Walter S. Shaller, District Supervisor at Amarillo, Mr. Shaller stated that he would be in Clarendon at the District Court room in the courthouse from two until four p. m. on Thursday, February 23rd to interview applicants for the one Crew Leader's job in this county and also stated that Enumerators may also apply at this time.

Notes from - - - CITY HALL

For the last several weeks we have not written the notes, but now we have several items that have been in the process of forming, so please give this your attention.

The election coming up April 4th is going to be important to everyone of you. At that time we are going to vote on whether we make our trash and garbage a city service to be rendered to all households at a charge of 50c per residence.

We are also going to have the question brought up on selling the city property across the street from DuLaney's Farm Supply. If you vote to sell this property we will use the proceeds to build a city machine shed and warehouse on our property where the city pumps are located East of Colorado Courts. We feel that the above issues are for the betterment of Clarendon. So please give some serious thought on these subjects. We your City Commissioners, Claude Moore and Bob Head, and your Mayor Joe Jones will be very glad to discuss the above issues with you at any time. We are still progressing very nicely on getting streets graded. If any of you are interested the cost is \$10.00 for a fifty foot front.

Mr. S. J. Farrow, local director of the Training Union, urges that every person that can attend every session of the Study Course Revival.

The Lion's Roar

By O. D. Lowry

The Lions Club held its regular meeting Tuesday February 14 in the club hall. Mr. Bruner of Amarillo was a guest at this meeting. Lions our attendance is falling off more than it should for this season of the year.

The minutes of the Board of Directors meeting were read and approved.

Lion Howard Stewart was the Lucky Lion today.

Lion Seay and Arlis Mooring appeared on the program. Lion Seay told of the Houston Fat Stock Show and Arlis gave his talk that is to be given at the district F.F.A. meeting.

At the conclusion of the program the club faced the flag, sang one verse of America, and adjourned.

TRUCK ENDS UP IN CHICKEN YARD AFTER DRIVER BLACKS OUT

Billy Phillips, local representative for Your Laundry & Dry Cleaners of Pampa, escaped with very little injury to himself or his truck yesterday morning when he apparently blacked out and his laundry truck ran wild and ended up in J. I. Spurgeon's chicken yard. It was reported that Phillips was recovering from the flu which caused his temporary blackout. He was carried to the local hospital for treatment.

Hospital Notes

Patients admitted: Billy Phillips, Jack Killough, Mrs. Kathleen Yankee, Mrs. Mary Hardy.

Patients dismissed: Mrs. C. T. Morgan and son, Mrs. Glen Sloan and daughter, R. W. Cornelius, Mrs. W. P. Webb, Mr. and Mrs. L. M. Craven and sons, Johnny and Jerry.

G. W. TERRY ANNOUNCES PURCHASE OF JIMMIE'S CAFE

G. W. Terry, a man who has thirty years experience in the Cafe business, is announcing in this issue of the Leader, the purchase of the interests of Jimmie Coin in Jimmie's Cafe which is located 1st door east of the Donley County State Bank Building. Mr. Terry, who has been a resident here for the past seven years, reported that he had remodeled throughout and would offer the people of this area a first class cafe service in every respect. For further particulars, turn to his advertisement in this issue of the Leader.

Moisture Of Past Week Most Welcome

Even though the moisture that fell over the week end was less than what most everyone would like to have seen fall, it was most welcome anyway as the ground was getting very crusty on top and the wheat needed something to help carry it along. According to various informants there is quite a bit of sub moisture but this slow rain made it join up and the chiseling operations now going on will be much easier.

The local weather station at the airport reported a total of .29 inch for the entire spell and a grand total for the year at .55 inch. Some sections of the county received considerable more than here in Clarendon. Hedley reported an estimated .75 over the week end and the fall was reported heavier on eastward.

Many old timers seem to think that we will receive our most severe weather during the month of March since the weather has been on the balmy side the majority of time so far this winter. It needs to start in right away or the trees will all be budding out, and some of them are getting pretty close right now. Tulips and other plants of this type have already started coming up and fleahoppers and grasshoppers show up on the warmer days. We need a good wet freeze to at least kill the insects.

World Day of Prayer February 24th

(By Special Reporter)

The United Council of Church Women will meet at the Presbyterian Church at 2 p. m. on February 24th.

Once again we are nearing the time of the observance of one of the outstanding days of the year in the life of Christian women—the World Day of Prayer.

Because it will be observed by groups of women meeting together in prayer in over eighty-six countries it becomes the greatest ecumenical demonstration in the world today. It is the expression of Christian unity on the part of thousands upon thousands, yes millions of laywomen; it becomes for over forty-four hours a visible expression of the family of God in the whole world participating in this great service.

The theme for our program this year is "Faith for our Time." God could have made a perfect world peopled with perfect human beings. He limited himself when He gave to each individual the power of choice and ability to help in this creation. But it takes action as well as faith. James puts it very clearly when he says, "My brother, what is the use of anyone declaring that he has faith if he has no deeds to show?"

If World Peace is to be achieved it demands not only our faith that peace is possible but our intelligent awareness of world affairs and our combined strength in every act that leads towards peace. This means World Missions becomes a Christian imperative demanding our greatest interest and support.

Yes, the time draws near for another World Day of Prayer. Let us make careful prayerful preparation for this day.

Each council member is asked to invite two friends who have not been attending our council meetings. Let us fill the Presbyterian Church to overflowing, on February 24th, Friday at 2 p. m.

The next boxing event to be held here at the local gym will be with the team from Lefors next Friday night, February 24th. The locals have a match away from home tonight with the boys at Wellington and a number of fans are planning to make the trip to see what the outcome will be over there.

The match with Lefors is expected to be above the average for Lefors has always had a good bunch of boxers and the score over the past three years shows that there has only been one fight difference between the two teams any time they have met. Lefors beat Pampa 8 to 4 last week which indicated they will bring along some fair leather slingers.

We will probably have 12 or more bouts and probably some other side attraction on the program, coach Moore stated.

Advance ticket sales will be handled for this fight with the reserved and ringside ducats going on sale next Tuesday morning at the Donley Hotel. Charlie Murphy is in charge of the sales and announced the ringside and reserved tickets will sell for \$1 each. The general admission will be 50c and 35 cents.

Ag Instructor And Students Have Narrow Escape

T. H. Seay, local Ag instructor, and four members of a judging team were returning home Monday night from a judging event at Pampa when they encountered four horses on the highway near the farm home of Forrest Sawyer. Mr. Seay saw that he would be unable to miss the horses and told the boys to brace themselves for a collision. The car struck one of the horses along the right front headlight and flipped it back over the top of the vehicle doing considerable damage to both the horse and the car. Another horse sideswiped the car on the left side. The damage to Seay's new Kaiser was estimated at over \$500. The horse that did the grand flip had to be shot. The horses belonged to Jim Morgan and had strayed away from home.

Those accompanying Mr. Seay were Claude Moffett, Dwayne Hearn, Drew Christie and Arlis Mooring. None of the occupants of the car were even scratched.

The many friends of Mrs. A. W. Simpson will be glad to hear that she is doing fine after a major operation at the Northwest Texas Hospital at Amarillo last week. She hopes to be at home very soon.

Canadian Spuds Flood U. S. Market

WASHINGTON, D. C.—Senate agriculture committee member Guy M. Gillette of Iowa, left, and committee chairman Elmer Thomas of Oklahoma, center, question Washington produce dealer George W. Davis about Canadian potatoes which have invaded the U. S. market, while millions of bushels of "surplus" home-grown tubers rot on the ground at high cost to the American taxpayer. Wholesalers report the Canadian potatoes sell for 20 cents less per hundred pounds than do the same grade of Maine potatoes.

GILLHAM JERSEY BULL

QUALIFIED AS TESTED SIRE

COLUMBUS, O.—The registered Jersey bull, Hallmark Royal Design, owned by J. R. Gillham of Greenbelt Dairy, Clarendon, Texas, is announced by The American Jersey Cattle Club, as having qualified as a Tested Sire. Ten tested daughters of Hallmark Royal Design produced an average of 12,231 pounds of milk, testing 5.1 per cent butterfat and averaging 624 pounds fat each, which is more than three times the production of the average dairy cow in the United States. All records were made under official supervision of The American Jersey Cattle Club.

Hallmark Royal Design has been officially classified for type by the Club with a rating of Very Good, equivalent to a score of 85 to 89 per cent when compared to the breed's type score card allotting 100 points to a perfect animal.

This Sire was bred by Hallmark Farm of Kansas City, Mo., was purchased as a calf in 1942 by C. A. Thomas & Son of Weinert, Texas. Vern Underhill of Rotan, Texas bought the animal in 1943 and sold him to his present owner in 1945.

Income Tax Deputy Collector

To Be Here February 27th

The preparation of individual income tax returns for the year 1949 usually presents some problem to the average citizen with which assistance is desired. For this reason a Deputy Collector of Internal Revenue will visit Clarendon to assist its citizens with their income tax problems.

"Existing laws do not impose this duty upon us or our employees," the Treasury Department stated, "but we desire to assist wherever possible, to the extent permitted by available personnel. The Deputy Collector's advice and assistance is extended purely as a courtesy and without cost to any citizen."

Deputy Collector S. Baker Mallett will be at the Court House in Clarendon on February 27, 1950 from 8:30 a. m. to 5:00 p. m. to render assistance with income tax problems, to any who desire it. This will be the only visit that can be made to Clarendon for this purpose before March 15, 1950.

Mrs. A. W. Simpson is a patient in Northwest Texas Hospital in Amarillo where she is recovering from an operation. According to last reports she is doing nicely.

THE TEMPLE OF TRUTH
By the Apostle
CHANGEABLE.

New York City residents continue to suffer from high blood pressure and low flood pressure.

COMPENSATION.
There is one good thing about being bald-headed—the old bean looks neat.

ADVICE.
Then there was the old man who admonished his son that, "Son, if you start walking in the moonlight with an armful, you're liable to wind up walking the floor with an arm full."

SATISFACTION.
I know an old fellow who tells me that the greatest joy he has in visiting his old home section is in seeing how tacky and rundown and old his former sweethearts

are now. (And he probably does not look so hot to them either.)

NOT A VARMINT.
The sheriff of Howard county is Bob Wolf. He has a reputation for smelling devilmint, and is an expert at trailing criminals.

SUGGESTION.
Steak soaked in sour buttermilk for thirty minutes before frying has a much better flavor. A pioneer lady thought up that one. Try it and see how much real merit the idea has. You will not be disappointed.

INVENTORY.
Also, happiness isn't so much a matter of position, as disposition.

MOUTH GARBAGE.
If folks watched their words as carefully as they do their money there would be a lot more happy people in the world.

DISCOURAGING.
Then the old man advised his

boy that "son if you can't profit from your mistakes, why keep on making them?"

EXPLANATION.
Glasses have an amazing effect upon vision, especially when they have been emptied and filled several times.

ATTEBERRY-NANNEY

Nuptial vows were solemnized at 10 o'clock Saturday morning, Feb. 11th, for Miss June Atteberry, daughter of Mrs. Eva Atteberry, of Clarendon, and John Wyman Nanney, of Lubbock, son of Mrs. Eula Lowe, of Lelia Lake.

Rev. Warrin W. Fry performed the double ring ceremony in the St. John the Baptist Episcopal Church, in Clarendon.

Mrs. Rayburn Smith, organist, played nuptial selections as the guests assembled. "Oh Perfect Love", by Joseph Barnby was played as the processional.

The altar was flanked with Easter Lilies arranged against a setting of Cathedral Candelabra.

Attending her sister as matron-of-honor was Mrs. Worth Hembree, of Amarillo. Mrs. Hembree wore a grey suit complemented by navy accessories. Her corsage was Pinocchio Roses.

Paul Semrad of Lubbock, served as best man.

For her wedding the bride chose a navy suit worn with a

white hat and navy accessories. She carried her bouquet of white Jo Hannah Roses atop a white Prayer Book.

Mrs. Nanney was graduated from Clarendon High School and attended Clarendon Jr. College. For the past year she has been employed with the telephone Co. here.

Mr. Nanney was graduated from Lelia Lake High School and also a graduate of the Clarendon Jr. College. After serving two years in the Naval Air Force he attended Texas Technological College, Lubbock. He is now associated with the Whitney Appraising Co. in Lubbock.

The couple will be home at 1901 thirty-third St., Lubbock, after a short wedding trip.

Only relatives and a few close friends attended the wedding.

Out of town relatives attending included: Mr. and Mrs. A. C. Hallmark and Bruce Hallmark of Daltart; C. G. Atteberry, Tucumcari, N. M.; Mrs. Eula Lowe and Mildred Lowe and M. O. Evans, all of Lelia Lake; Mr. and Mrs.

Horace Baker, Zoleta Baker and Joy Mathews all of Claude, Texas.

KITCHEN SHOWER

The Win One Sunday School Class gave a kitchen shower for Mrs. Marguerite Goodner on the afternoon of February 6th at the home of Mrs. Rayburn Smith. She received a number of lovely and useful gifts for her new home.

The hostesses, Mrs. Smith and Mrs. Mayes served a delicious Valentine plate to Miss Howren and Mrs. Clyde Hudson, guests, and to members, Mesdames J. T. Patman, C. C. Powell, W. W. Taylor, Bertha Benson, Will Johnson, R. Y. King, John Goldston, R. C. Weatherly, J. F. Cook, Wm. MOTHERS STUDY CLUB

Members of the Mothers Club entertained their husbands with a 42 party Tuesday night at the Patching Club Home. Hostesses were Mesdames Bill Weatherly, T. H. Seay, Dale Hill and Frank Hommel.

A delicious covered dish dinner was served before the games. The table was covered with a beautiful linen, cut-work, cloth, and centered with a bouquet of red carnations flanked with red tapers.

After the meal games of 42 were played with high prize going to Dale Hill and low to Mrs. Everet Johnson.

Those present were Messrs. and Mesdames Nelson Anderson, Mike McCully, Barcus Antrobus, Everet Johnson, Bill Weatherly, Dale Hill, T. H. Seay, G. W. Estlack, and Mesdames Dalton Swinney and Frank Hommel.

PATHFINDER CLUB

Mrs. J. W. Murphy and Mrs. Fred Buntin were hostesses to the Pathfinder Club Friday afternoon at the Patching Club House. The entertaining rooms featured Valentine floral arrangements.

During the business session, announcement was made of the covered dish dinner to be held at the club house on the evening of March 6. Each member of the Pathfinder Club is requested to bring a salad and bread. All club women of the city and their husbands are invited to this dinner, and a free will offering will be taken to help in the club house improvement plan.

Mrs. C. E. Bairfield gave a very interesting and humorous review of the "Autobiography of Will Rogers", edited by Donald Day.

The hostesses served a dessert plate to sixteen members and one guest.

The next meeting of the club will be a program on the United Nations. This program will be presented by Mr. H. T. Burton and Dr. J. A. Hill of Canyon who has recently returned from observing sessions of the United Nations. Each member is urged to be present for this important meeting.

NEEDLE CLUB

The Needle Club met Feb. 9 in the home of Mrs. A. O. Hott. The afternoon was spent crocheting and making stencils to be used for patterns in textile painting. Lovely refreshments were served by the hostess, Mrs. A. O. Hott. Five members were present and one visitor.

The next meeting will be with Mrs. Harvey Shaw, March 9th.

"Here's the tire I want!"

GOOD YEAR SUPER-SURE-GRIP TRACTOR TIRE

First choice for 2 reasons!

1. Deeper soil penetration — greater pull. Goodyear's open center tread has straight deep-biting lugs. They cut cleanly into the soil, penetrate full depth, full length. Straight bars closer together at the shoulders wedge the soil for firmer grip — don't "plow out" soil at the sides.
2. Balanced straight lug tread design — longer wear. Goodyear open center lugs are all straight, all equal in size and spacing. That's why every lug works equally, pulls fully, wears more evenly.

Goodyear Super-Sure-Grips don't cost a penny more. Get them for your tractor.

AMERICAN LEGION NEWS

EDITOR'S NOTE — Herewith is
 presented the first of a series of
 articles by the commander of the
 local American Legion post ex-
 plaining his organization's views
 on that part of the Report of the
 Hoover Commission dealing with
 the affairs of veterans. The
 American Legion supports most
 of the Hoover Report but it dif-
 fers with the Commission on its
 recommendation on veteran af-
 fairs because Legionnaires do not
 believe that dismemberment of
 the Veterans Administration will
 result in economy but on the con-
 trary lead to chaos for 19,000,000
 veterans and to waste for the tax-
 payer.

**ONE-STOP VET AGENCY
 VITAL**
 By
 Commander Mike McCully
 Clark-Brock Post 126,
 The American Legion

The veteran is no different
 from the average American in
 hating government red tape and
 run-around. Only he hates with
 more intensity. He has had his
 share of gruff top sergeants and
 officious second lookies. He re-
 solved to be done forever with
 bureaucratic autocracy when he
 kissed compulsory saluting good-
 bye. His idea of civilian life is no
 more lining up for anything and
 no more pushing around by any-
 body!

World War II veterans have
 fared better than those of World
 War I. The lining up and the run-
 around ended for them when they
 shed their uniform. They have a
 one-stop service agency for their
 needs as veterans in the present
 Veterans Administration.

But the veterans of World War
 I were not so fortunate. Back in
 1919 and 1920 there was a laby-
 rinth of government agencies go-
 ing through the motions of trying
 to serve them. For his various
 hard-earned rights, the veteran of
 the first World War was pushed
 around from the Pension Bureau
 to the Public Health Service, to

the War Risk Insurance Bureau,
 to the Federal Board for Voca-
 tional Education and back again.
 It was a well-greased shuttle. The
 veteran skidded from the door of
 one bureaucrat to that of another.
 He got a lot of experience and
 more wear and tear. But he got
 precious little relief. For the sick
 or disabled veteran it was a round
 of continued despair and frustra-
 tion—and there were only 4,000-
 000 veterans in those days.

Legion Brought Order
 Correction of this bungled
 handling of veteran affairs was
 the first big undertaking of The
 American Legion in its early
 cradle days. It went to Washing-
 ton to present the evidence of the
 mismanagement of veteran af-
 fairs. It presented photographic
 proof of how men wounded in
 battle were lodged in poor-houses,
 asylums and even county jails be-
 cause there were no hospital beds
 while government agencies were
 wrangling over which bureau was
 top dog in handling veteran af-
 fairs.

President Harding was shocked.
 He named a committee of 10
 prominent Americans headed by
 Brig. Gen. Charles G. Dawes as
 chairman, to study the deplorable
 situation. The American Legion
 was the chief witness before this
 committee. The Dawes Committee
 recommended that all services to
 veterans be consolidated in one
 agency. Out of that recommenda-
 tion grew the Veterans Bureau,
 established by law, late in 1921.

In 1929 President Herbert
 Hoover himself, recommended a
 further improvement. The Presi-
 dent declared that in the interest
 of efficiency, economy and more
 uniform administration the Pen-
 sion Bureau and the National
 Home for Volunteer Soldiers
 should also be amalgamated with
 the Veterans Bureau. Thus was
 created the Veterans Administra-
 tion, a streamlined agency deal-
 ing exclusively with all veteran
 affairs.

Today the VA is a one-stop ser-
 vice station for 19,000,000 veter-
 ans. It handles all their needs in
 disability and death compensa-
 tion, disability and death pen-
 sions, medical and hospital ser-
 vices, domiciliary care, govern-
 ment life insurance, vocational

training and education, guaranty
 of loans for homes, farms or busi-
 ness and unemployment allow-
 ances without any run-around.

Under the watchful eye of The
 American Legion, the VA has
 been developed and so operated
 that, in spite of some existing im-
 perfections, it stands alone today
 among all large governmental
 agencies as the one NOT subject
 to political pressure and free
 from pork barrel raids.

To dismember the VA as pro-
 posed by the Hoover Plan into
 five separate experimental bu-
 reaus would bring chaos again in
 the handling of veteran affairs
 and result in waste. So The A-
 merican Legion is firm in its
 stand "HANDS OFF THE VA!"

FARM NEWS
From the County PMA Committee

PRIOR APPROVALS:

At the present time this office cannot issue any more prior approvals to producers in the county needing assistance in carrying out practices. This is due to the fact that we are low on funds in the county budget. However, we have set March 1, 1950 as a deadline for all subsoiling practices to be completed, and we expect to get some money back from producers who failed to meet the qualifications. If you want to carry out a practice, it would be a good idea to come to the office and let us take your name and all the details about the practice you want to carry out. Then, if and when, we can give you financial assistance, we will be happy to do so.

HERE IT IS AGAIN:

We hate to keep reminding you, but March 1, 1950 is the final date in which to get your subsoiling practice completed and the prior approval turned in to this office. Also, don't forget that it has to be spot checked by your Community Committeeman at the time you are carrying out the actual work to see if you are going the required depth. The qualifications also state that the acres turned in on the final report must be measured and not estimated acreage.

CHANGES IN THE OFFICE:

We have changed the arrangement of the office once more. We think that this time it will be much better, and too, it will help us to serve the farmer more efficiently. Under the new arrangement, there is only one entrance to the office instead of two. The large part of the office has been

THE DONLEY COUNTY LEADER

closed off so that only the clerks have access to it. This also brings about more efficiency. The small office is now our counter room. There will always be one or more clerks at the desk waiting to serve you. We like our new system, and we think you will too!

WHEAT MEASUREMENT:

Community H, which is over Alanreed way, came in second on this wheat measuring job. Remember, we told you about "B" being the first community to finish measuring? C. P. Hamilton, Community Committeeman from Community H, and his crew finished the first of this week.

FIELD SPOT CHECKS:

Mr. Allan R. Saunders, District Performance Supervisor, was in Donley County this week spot checking all the wheat that has been measured to date. He also gave our office files a check to see that all records are being kept according to State Office standards.

NEW GROWER ALLOTMENTS:

If you want a cotton allotment for 1950 and have not yet been to the office to sign up for same, we thought you might like to know that March 1, 1950 is the last day you are permitted to sign up for a "New Grower Allotment."

AGRICULTURAL SHORTS:

"Conservation is a continuous fight against the forces which destroy the productivity of the land."

"The buying power of what the farmer has to sell is lower than it has been since 1942."

"More than 450 tank cars of crude cottonseed oil are being concentrated in Houston for export shipment to Germany under the E.C.A. program."

"Six billion dollars worth of lime, phosphorus, potash, and nitrogen is lost from the country's soils each year. Less than one-sixth is replaced in fertilizer."

Texas' Public School System Costing Only One-Twelfth More Than 10 Years Ago

AUSTIN—Texas' rapidly growing public school system is costing only one-twelfth more of every tax PENNY than the total expended ten years ago.

The surprisingly small increase in apportionment of the total tax dollar in the decade starting with the 1939-40 school year is due to several factors, Charles H. Tennyson, Director of Public Relations of the Texas State Teachers Association, pointed out here today.

The total government cost for all purposes has increased tremendously in the decade. Tennyson noted, but said that the percentage of total government expense for public schools jumped only from 30.31 percent in 1939-40 to 30.43 percent for the present school year.

Public schools this year will cost an estimated total of \$155,213,552 in revenue derived from state and federal funds. The total cost of all governmental services, including education is estimated at \$510,000,000.

During 1939-40, which was the last normal year prior to World War II, Texas had 1,073,847 children attending school. This year there are, preliminary reports show, 1,181,103, an increase of 107,256 pupils.

"That huge added enrollment, plus better school facilities and more capable teachers, account for a great part of the added cost of operating our schools," Tennyson said. "In addition the dollar value of today has a 1939 purchasing value of 59 cents."

"Texans indicated their desire for better schools when they ap-

proved the Gilmer-Alkin bills which re-organized our school system and set higher standards, but I am pleased that the increased cost takes so little more of the total tax dollar than it did ten years ago.

"The most important factors in this seem to be, our statistical reports disclose, first, that the number of pupils attending school and the number of teachers declined from 1939-40 to 1947-48. As a result, the total cost of public schools did not increase as rapidly as other government services.

"Secondly, the state has expanded services of other kinds to its citizens more rapidly than the public school program has been expanded.

"By 1948-49 the pupil attendance and the number of teachers had passed the pre-war level of 1939-40, yet the proportionate part of total government expense was not going to the schools. In fact, the position of the schools on the tax dollar scale declined from 30.31 percent to 27.49 percent.

"But to sum it up, Texas now has a vastly improved school system, which makes for better citizens and a more prosperous state, at a total increase in cost of only a little more than one mill, a twelfth part of every tax penny. That amounts to a twelfth part of the cost of the average cigarette."

Mr. and Mrs. Bob Whatley of Amarillo visited Mr. and Mrs. Herschel Heath and other relatives here Sunday.

Mr. and Mrs. Norris Spurgeon were in Groom Sunday visiting her mother, Mrs. Charley Brown in the hospital.

Mr. and Mrs. Bill Todd attended the Hardware convention at Amarillo Monday night.

PIG IN A POKE?

The American taxpayer has a right to be interested in the recommendations of The Hoover Commission on Organization of the Executive Branch of the Government. They propose economies in the cost of operating our federal government.

The Hoover Commission has prepared a complete "economy package". It covers a variety of vital government functions—personal management, budgeting and accounting operations, foreign affairs, the Post Office, the national security organization, the Departments of Treasury, Labor, Commerce, Interior, Agriculture, social security, education and last, but by no means least, veteran affairs. In almost every state there have now been organized committees of leading citizens to sell this "economy package" to American voters.

Perhaps no other section of the Hoover Commission Report affects so many citizens in every community as the part dealing with veterans. It directly involves the welfare of 19,000,000 American veterans and their families. These are the men and women for whom "nothing was too good" when our Nation depended upon their fighting valor for survival in two world wars.

It is appropriate, therefore, that the reaction of our veterans to the Hoover Proposals should be considered. They have earned that much consideration. Foremost spokesman for our veterans is The American Legion. It is undoubtedly the best informed group today on veteran affairs. It must come somewhat as a surprise to note that The American Legion, the greatest expert on rehabilitation of veterans, was NOT even consulted by the Hoover Task Force which made the study of veteran affairs!

The American Legion charges that the Hoover Proposals on veteran affairs will NOT result in economy but in chaos and in waste. This is a charge that should not be idly dismissed.

This newspaper believes that The American Legion is on sound ground when it urges the American people to carefully examine all the contents of the "Hoover economy package" before accepting it in its entirety. We agree that no sensible American wants to buy a pig in a poke, sight unseen!

In the interest of public service, this newspaper will publish a series of articles presenting The American Legion case for veterans. This is only fair play.

PLOWIN' Out the CORNERS in Uncle Zeb

New Members to the Ain't Smoking Right Now Society are: Howard Stewart of Clarendon, Texas and S. E. Copeland of Gunterville, Alabama. Howard has been quit for about a year but had never reported for membership; he was turned in or recommended by Riley Ray of Claude and Clarendon. S. E. Copeland Ain't Never Smoked. He is 74 yrs. young and says he won't consider himself old

enough until he reaches 99. Anyway, I sent him an honorary membership, and thinking that he was a preacher I added the word Elder. It was more or less unusual that I sent him a membership, but it so happened that he was qualified on all counts except the Elder part. Anyhow, according to Brother Copeland he belongs and I quote: "To the old original" church, and judging from the way he expounds the doctrine I don't see how they failed to ordain him. Anyway, he says his church is referred to by others as the "Hardshells", and he even quotes Webster to prove that even this name is complimentary. Thanks again to both of you for "Jining Up" in the Society. Hope that I can meet you both sometime.

I enjoyed and appreciated the privilege of attending the Work-

ers Conference at Groom last Friday night. The fellowship and the friendship of the folks over there was wonderful. We could but wonder how on earth they could feed such a crowd. I wasn't a total stranger as I recognized two of the ladies serving as two of my old schoolmates. Maybe they are trying to live it down so I won't give their full names. Anyway, hats off to Jessie Faye and Natali and all the folks at Groom for the swell time. Hats off to them again for the beautiful church they have just built, and not only to these Baptists but also to the Methodists. Such beautiful church buildings to be added to already such a beautiful little town. I wish I had seen the other churches so that I could have said something good about them but I was in a hurry; afraid that I would

miss the feed. Actually, I was afraid that I would miss the sermon by Dr. Jackson, and I am so glad that we didn't. I feel a kind of a special feeling for Dr. Jackson. Some months ago I was "Stuck in the mud", so to speak, in my life - - He came my way, gave me a helping hand, and life has been fuller, sweeter, and happier since then. Thanks to Dr. Jackson, thanks to the folks at Groom, and thanks be to God for all these blessings. Without God, of course, we could neither have nor enjoy any of these things.

Unless I get "Cold Feet", by the time you read this I could say that last night we visited with the Lions Club of Goodnight. I know that I will or did enjoy their neighborliness and good food but if they do or did call on me to

talk a few minutes I may, or might faint, or may have fainted. I can say most anything to people over my typewriter, but to their face it is, or was a different story. Anyway, best wishes to these fine people of Goodnight in banding themselves together into a club to do bigger and better things for their community and for their fellow-man. I hope if I did attend that I didn't faint. Best Wishes to all of Goodnight, either way.

By the way, I didn't see Editor Kunkel while in Groom the other evening. If you see him tell him for me what a wonderful little paper he is building up. Actually, the front page looks big-time like the dailies and the inside is full of "Goodies" too. Best wishes Carl, and please extend my paper accordingly. Anyway, I did mean it every word.

By the way, have you noticed in some of the magazines some of

the pictures that are known as Modern Art. Actually, they would expel you from the little country school that I went to for drawing such things on buildings much less in magazines. No wonder man is about to "Blow his top" with the Hydrogen Bomb.

90% of the front page of a leading Panhandle Daily Paper had to do with a local murder. The rain barely made Front page, as did an old boy who fell out of a plane. This was on Sunday. No wonder Man is about to "Blow his top."

ATTENTION WHEAT FARMERS

There will be a meeting of the wheat growers of this vicinity, at the Fair Building on the Brice Highway in Clarendon, at seven P. M. Friday, February 17, 1950. In regard to the proposed tax of a quarter a cent per bushel for research purposes.

Mr. Carl Kuper of Dalhart will be the principal speaker. Mr. Kuper is a prominent wheat grower and elevator man of the North Panhandle, and is instrumental in the organization of the Great Plains Wheat Producers Association. He has devoted considerable time, at his own expense in search of a solution to our critical wheat surplus.

This is your meeting, for your benefit.

Please plan to attend. Mr. Holly Wood, president of the Donley County Farm Bureau is calling this meeting. If you are a wheat grower please be present. Lee Shaller, Vice Pres.

An All Electric Kitchen saves you time, money and work

When a Kitchen is
Practical and Pretty
of Course, It's Electric!

When all of your appliances are electric it costs less to use them than when you have a combination of services. That's because each time you take another step towards an all-electric kitchen you also step down the cost of each unit of electric service. The more you use the lower the rate. Yes, an all-electric kitchen is easier, cleaner, cooler, and costs less!

AN ALL ELECTRIC KITCHEN INCLUDES:

- Cooking Center:** The Electric Range automatically provides the exact cooking temperature needed. Surrounding work surfaces and storage cabinets keep cooking utensils and food supplies within arm's reach.
- Dishwashing Center:** Ample work space for stacking used dishes and cooking utensils. The Electric Dishwasher handles not only dishes and silver, but pots and pans as well—washes them shining clean, and dries them without wiping.
- Refrigeration Center:** The Electric Refrigerator provides ample food storage, and large freezing capacity. Adjacent work surfaces provide space for food preparation.
- Adequate Wiring:** This simply means: 1. Large enough electric wire. 2. Enough circuits. 3. Plenty of outlets and switches.

THE ANNUAL ADDRESS

The President of the American Farm Bureau Federation

ALLAN B. KLINE

Before the 31st Annual Convention of the American Farm Bureau Federation Chicago, Illinois

December 13, 1949

EDITORS NOTE — Due to its length, the following address by Allan B. Kline, President of the American Farm Bureau Federation, will be run in serial form until the address has been published in its entirety.

(Continued from last week)

In the current issue of the Atlantic Monthly, I find an article by Dr. Sumner Slichter of Harvard, who looks just 30 years in the future. He points out that if anyone in 1900 had said that we would increase consumption of goods per man in 50 years by 2½ times, and at the same time re-

duce the work week from 58 to 40 hours, and fight two great wars such as those we have just finished, he would have been called crazy. Yet, that is in the record. Dr. Slichter states that the present income of approximately \$247,000,000,000 per year will, just in the course of events, barring some great war or some internal disaster, or some interference with the natural process which are going on in America now, increase to some place between 416 and 570 billion dollars annually of present value. The former figure merely continues the rate of 2% increase in productivity per year which has been the rule for several years past. The latter is based on 3% increase per year which Dr. Slichter finds "well within the range of possibility." The only question is whether we are going to deny the principles on which it has been based.

My own view is that we can certainly continue to progress and to retain these principles. Dr. Slichter says it can be done with greatly improving standards as far as men and women are concerned. In fact, he says that it would be the natural thing to have this increase and to have at the end of 1950, a 30-hour

week. We shall do it not by reducing social services but by reducing the need for them while we actually step up social services available to those who do need them. Not by specialized and expensive food subsidies to all the population with ensuing cost of bigger government, but by a real attempt to get adequate diet for the needy. And we can have a lot less needy. Parenthetically, that two-thirds, three-fourths, four-fifths, or whatever percent it is of us at any time, who can afford to pay what food is worth, will be well-advised to buy ours in our well-stocked grocery store without benefit of subsidies from our own tax dollars. A dollar never gets to Washington and back home whole. That is a costly journey.

In summary, we have raised the question of what we should like to have as an organization of farmers. Prosperity? Yes. But even more, what prosperity makes possible. Better opportunities for rural folks everywhere. This just average farm family can be among the best of God's creation and man's achievement. How? By an extension of the present American way, the protection of liberty and freedom, with private initiative and just rewards. The goal—an expanding economy, a sound program based on our own experience and judgment.

In our special farm price programs for the present, let us try the one we have. Insist on efficient administration, keep the ideals of a truly great agriculture

in our thinking; stress research, education, freedom, and all the things which make it possible for us to be thoroughly efficient in producing for society the things which society needs from farmers, and in getting society to pay what they are worth.

As an organization, we need to have both strength and courage as never before. If farmers are to be free, they must write programs consistent with their progress and the general welfare. We may have to be hard-headed at times. We are going to have to listen to the siren song, but we can still go about the business of making America what we should like to have it, if we will. How is the twentieth century to be identified fifty years from now—the warring century — perhaps—or—the

century when America saw the promised land from the vantage point of 1950 but turned her back,—said, after all, the politicians promise a lot right here with perfect security. Perhaps.

But this is what I hope and think. It will be known as the century when a God-fearing America, building on faith in men themselves, just ordinary folks like you and me, expanded their philosophy of peace and progress at home and abroad, not without struggle, but because of it. And to what end? Better men and better women. A better America, and a better world.

(This concludes a very timely and important address. We hope you have read the address from the start and have given it much thought.—The Editor)

50,000 Miles - No Wear!

1. Driven "Twice Around the World!" For 50,000 killing miles, six brand-new cars raced over the hot desert along the Mexican border . . . testing the wear-fighting qualities of amazing Conoco Super Motor Oil. At the end of 50,000 miles of continuous driving, engines showed no wear of any consequence . . . in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts. Startling proof—factory finishing marks were still visible on piston rings!

2. New-Car Mileage for 5 Years! This punishing road test—equal to 5 years' normal mileage—proved, as nothing else could, that Conoco Super Motor Oil, with proper crankcase drains and regular care, can keep your new car new! Gasoline mileage for the last 5,000 miles of the test was as good as for the first 5,000 miles . . . actually there was an average difference for the fleet of only 4/100 of a mile per gallon!

3. New-Car Power! Quicker Starts! Yes—the extra protection of Conoco Super Motor Oil keeps that factory flash . . . that showroom smoothness . . . year after year after year! Conoco Super Motor Oil's exclusive ability to OIL-PLATE metal surfaces makes your engine last longer, perform better, use less gasoline and oil! Conoco Super Motor Oil virtually stops wear before it starts . . . keeps your engine new and clean. Conoco Super Motor Oil has proved itself to be the great new modern wear-fighter!

Vol. 1 No. 15 LELIA LAKE SCHOOL NEWS Feb. 16, 1950

BUFFET DINNER GIVEN BASKETBALL MEMBERS

The 1949 and 1950 basketball players were honored with a basketball dinner given by Mr. and Mrs. J. L. Butler.

A buffet-style dinner was served from a table decorated in blue and white.

Numerous games were played by the following: Mary Dodson, Gaynell Scott, Jerrie King, Margie Tims, Billy Scott, Clarence Armstrong, Terry Monk, Woody Vardeman, Wilcey White, Roymaine Anderson, Joanne Christal,

Harold Gerner, Patsy Carter, Carolyn Alexander, Shirley Aten, Ralph Ayers, Benny Darnell, Kenneth Wilkinson, Bobbie Seago, T. J. Carter, Billy White, Bobby Hill, Billy Hill, Marilyn Butler, Mr. and Mrs. Bill Lowe and Coach and Mrs. Craig Johnson.

WELLINGTON BEATS GIRLS BY TWO POINTS

The Lelia Lake girls' basketball team was defeated by the Wellington girls February 9. The game was very close all the way

through. The final score was 44-38 in Wellington's favor.

With only three minutes to play, Wellington made 8 points. Lelia Lake was unable to catch them. Bobbie Seago led the scoring for Lelia Lake with 20 points. Hatchins took the Wellington high scoring honors with 21 points.

BLUEBIRDS DOUBLE SCORE ON HEDLEY

The Lelia Lake Bluebirds defeated the Hedley boys Tuesday night, Feb. 9, at Lelia Lake with a score of 33 to 15.

Hedley's lineup was Baker, Peters, Harres, Crawford, Duckworth, Baily, Quesenberry, Hightower, Wynn, and Rennick.

Lelia Lake's lineup was Ayers, Billy Hill, Bobby Hill, White, Wilkinson, Monk, Gerner, Shields, and Scott.

Lelia Lake's high point man was Wilkinson with 12 points. Billy Hill had 11 points. Hedley's high point man was Harris with 11 points.

GIRLS TAKE SECOND PLACE IN COUNTY

The Lelia Lake girls' basketball team was defeated 28 to 24 by the Hedley girls February 7th. This eliminated the girls from first place in the county, but they won second place by beating Clarendon.

The Lelia Lake girls led the game the first half, but lost the game the last half.

Bobbie Seago led the scoring for Lelia Lake with 12 points. Carolyn Reeves took the Hedley honors with 14 points.

EXAMS GIVEN TO HIGH SCHOOL STUDENTS

Mid-term tests were given Thursday and Saturday to the high school students in Lelia Lake.

Tests were not given on Friday because of the basketball games with Wellington Thursday night.

Mary Lou Bain spent Tuesday night with Mr. and Mrs. Vernon Bain and family.

Janiece and Joanne Christal, Shirley Aten, Keith Reed, Woody Vardeman, and Ardath Monk went to Memphis last Monday night to an evangelistic meeting at the First Baptist Church.

Marilyn Butler and Bobbie Seago went to their music in Amarillo Monday night.

Joanne Christal spent Sunday

night with Shirley Aten.

Billy and Gaynell Scott visited relatives in Amarillo Sunday and stayed until Monday evening.

Carolyn Alexander spent Sunday with Bobbie Seago and Sunday afternoon. They went to Hedley to the Donley County Singing Convention.

Benny Hill spent Monday night with Eddie Floyd.

LAST HOME GAME BRINGS BIG VICTORY

The Lelia Lake boys played their last home game Thursday night, February 9, against Wellington. When the final whistle blew the score was 40-22 with Lelia Lake ahead.

The "B" string started playing right after the half. A big surprise came to the audience when Billy White, who has been out because of injuries, came out on the court.

High point man was Kenneth Wilkinson, with 16 points. Billy White was right behind with 12 points.

NOTICE TO ALL CITY TAXPAYERS

We have a chance to build a barn to keep all the City machinery in. In order to do this we want to sell the two lots Nos. 23 & 24 in Blk. 8, or for a better description the lots across from DuLaney's Farm Supply. We have a party that is willing to pay a good price for above mentioned property, in fact enough to build a 40' x 60' building on the property that we now own by the pump station across from the Coronado Courts. This building will adequately house all of our city materials and machinery. We the City Commission feel that this will be a good thing for several reasons; namely we will be able to get some of our expensive machinery in out of the weather.

DOYLE WILLIAMS
Minister
Church

Aaron and his sons were not only elected, but consecrated and anointed priests of God, and officiated in that most sacred office

for themselves and the people. In the eighth chapter of Leviticus may be found an account of the grand and sublime ceremony with which they were inducted into that holy office. Thus the male portion of the family were elected and inducted into the priesthood; and what became of them? The Lord said: "Aaron shall be gathered unto his people, for he shall not enter into the land which I have given unto the children of Israel, because he rebelled against my word at the water of Meribah. Take Aaron and Eleazar his son, and bring them unto Mount Hor; and strip

Aaron of his garments, and put them on Eleazar his son, and Aaron shall be gathered unto his people and shall die there. And Moses did as the Lord commanded; and they went up unto Mount Hor in sight of all the congregation. And Moses stripped Aaron of his garments and put them on Eleazar his son; and Aaron died there in the top of the mount." Num 20: 24, 28. "Nadab and Abihu, the sons of Aaron, took either of them his censer, and put fire therein, and put incense thereon, and offered strange fire before the Lord, which he commanded them not. And there went out fire from the Lord and devoured them, and they died before the Lord." Lev 10: 1, 2. Now, if the doctrine of eternal unconditional election and reprobation be true, to which class did Nadab and Abihu belong? The destiny of all being unalterably fixed before time began, it follows that these were of the eternal elect, or of the eternal reprobate. Did God elect them of the non-elect, or eternally reprobate, and anoint them priest to officiate in the tabernacle, having previously determined upon their destruction, and unchangeably ordained the wickedness for which He intended to kill them? Or were they of the eternally elect, and their interest made sure before "the foundation of the world," and God killed them for wickedness which he had unchangeably fore-ordained they should do, that he might take them home to glory? Is it not more rational to conclude that God elected them, anointed and consecrated them priests, intending to be with and bless them as long as they were faithful to him, and punish them when they

forsook him; and that their unhappy end was a result of their own voluntary rebellion against the law of the Lord?

God has always elected certain Nations and people to carry out his divine purpose, but they were never unconditionally elected, but their election depended upon their faithfulness to that election, and their obedience to the conditions that were included in their election. God's elect has always been His chosen, that will do the things in that realm of the chosen plan for them to do. The non-elect has been those that rejected that plan, and were or became reprobates to that plan. (Continued).

FARMERS are giving more and more consideration to the problem of health, and provision of good medical care for their families.

Modern scientific aids to correct diagnosis and treatment, such as the X-Ray, Metabolism tester, Electro-cardiograph and many others, being more available in cities, tempt the young Doctor to settle there.

While most cases of sickness can be diagnosed and treated, by experienced physicians, from office and handbag, major illnesses require the utmost help of modern scientific aids.

For many years, the entire Medical profession has recognized the desirability that the best that modern medicine has to offer be available to all, and Doctors are working to that end.

Communities over the country are speeding up such work, by co-operative planning. Some already have fully equipped hospitals and medical service, worked out on a voluntary, prepaid basis with individuals and families of the community as members of the plan... If your community is interested in such plans, write or contact your local or state Medical Society.
