Auto Mishaps Injure Two During Holidays

Two local residents were the only casualties reported here over the week end in regard to auto accidents and neither was injured seriously. As far as we can learn, Donley County still has a clean slate with no deaths from auto accidents during 1955 and local officials are keeping their fingers crossed until the new year rolls around next Sunday.

Highway Patrolman S. R. Bain received a bad gash to his right knee, bruises and several minor cuts when his patrol car went into a barr ditch about six miles southeast of Clarendon Saturday night. Bain started a chase with a speeding motorist near Goodnight and the driver turned south at Martin. This lane makes a left hand turn when it reaches the Thornberry ranch and it was on this corner that the speeding car first went into the ditch and Bain's patrol car followed when it hit loose sand. Bain's radio was still in operation allowing him to summon help and Deputy F. A. Fitzgerald was soon on the scene of the accident to pick up Bain and the speeder. Bain was taken to a Memphis hospital for treatment but was released about noon Christmas day. Mr. Wade of Amarillo, driver of the speeding car received a stiff fine in J P court.

George Thompson Jr. was the second casualty. He received a slight concussion and bruises when the car he was driving crashed into the rear of Curtis Mears' car which was parked in front of the Mears home. He was alone and on his way home when the accident occurred about 10 o'clock Monday night. He was taken to a Memphis hospital but was released Wednesday noon. Both cars received considerable damage.

Mr. and Mrs. Bill Bradshaw arrived in Clarendon December 22 to spend the holidays with their parents, Mr. and Mrs. Frank Reid and Mr. and Mrs. G. W. Bradshaw. Bill will leave to return to his base at the U. S. Naval Hospital at San Diego January 3rd. As he is expecting a transfer, Bertha will remain with her parents here until he receives assignment.

Lonnie Walker Receives Promotion To Go To Vernon

Promotion and transfer of Lonnie Walker, local manager, West Texas Utilities Company, was announced here today by Allan Shahan, District manager.

Walker who has served as local manager for the West Texas Utilities Company's Clarendon office since 1952 has been named as the new local manager for the Company's Vernon office. Walker will replace J. C. Randel who was promoted to Manager of the Utilities Company Quana District and is being transferred from Vernon to Quana.

Shahan said that successor to replace Walker as Local Manager here has not yet been named. It is anticipated that the new Local Manager will be selected and arrive here in February.

Walker is a veteran employee of the West Texas Utilities Company with more than 28 years of experience in the electric industry. He was transferred here from Childress in April 1952.

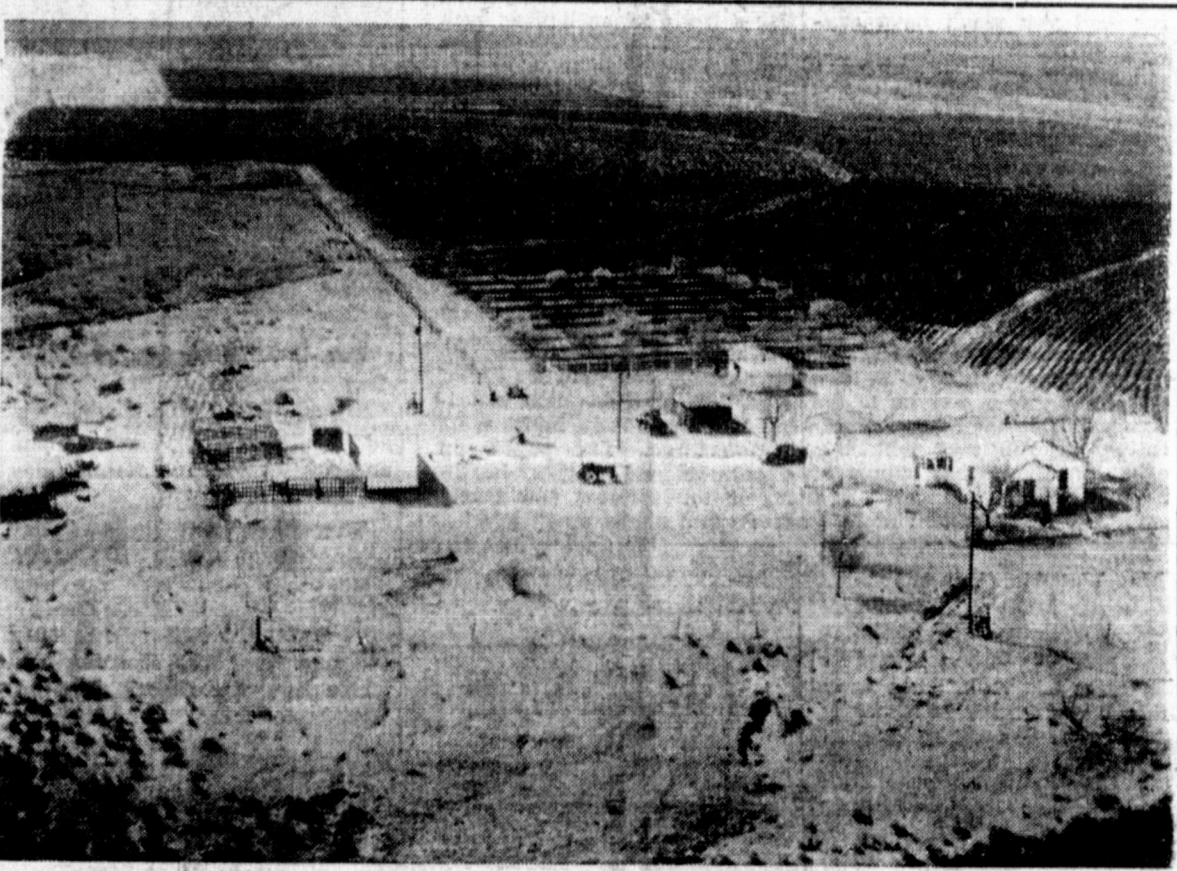

Active in civic work, Walker is a member of the Clarendon Lion's Club. Interested in Boy Scout work, Walker has also served for two years as district secretary. While in Childress he was a member of the Childress Rotary Club and served as secretary of the organization for three years and as President in 1949.

Walker has previously served in Vernon and the Quana District. In 1932 he was named Assistant Chief Clerk in the Quana office and in 1935 was promoted and transferred from Quana to Vernon as Chief Clerk.

Mr. and Mrs. Walker will move to Vernon as soon as replacement secured arrives here.

Patrick Chilton Painfully Injured Saturday Afternoon

One of those freak accidents which could have easily been fatal, occurred about 2:30 Saturday afternoon when Patrick "Pat" Chilton attempted to fill an empty jug at a water hydrant. For some reason not easily explained the neck of the jug became air tight on the hydrant, and the compressed air plus the water pressure caused the jug to explode, hurling the glass into Pat's head and neck. He was cut deeply on one side of the neck and a smaller cut on his forehead. The gash on his neck required six stitches and the tying of a blood vessel. Two stitches closed the head wound. Pat is recuperating nicely at this time. He is the 4 year old son of Mr. and Mrs. Billy Chilton of this city.

Services Today For Mrs. Wilkinson

Funeral services have been set for 2 p. m. this afternoon at the Church of Christ for Mrs. Amanda L. Wilkinson with John Reese, minister of the North Side Church of Christ, Amarillo, officiating.

Mrs. Wilkinson, 79, died Tuesday in an Amarillo hospital. She had been a resident of Clarendon since 1918 and was a member of the Clarendon Church of Christ.

Surviving are two daughters, Mrs. J. Davenport, Burlington, Colo., and Mrs. Mamie Hall of Amarillo; two sons, Oscar Wilkinson of Clarendon and Elton Wilkinson of Los Angeles; two sisters, Mrs. Kenneth Cox, of Kemmitt Square, Pa., and Mrs. Edna Atwood of San Miguel, Calif.; two brothers, Potter Self of California and Raymond Self of Tulla; 14 grandchildren and 33 great-grandchildren.

Burial will be in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Week of Bible Study Announced

The First Baptist Church announces that the church will be in an extensive study each evening from 7:30 to 9:00, January 2nd through 6th. The pastor, Bro. Van, will teach the Bible during this time. The section of the Bible that will be used is the Sermon on the Mount as recorded in Matthew Chapters 5 through 7. For a text book, the recent publication "Teaching of Jesus" by Dr. H. Leo Eddleman will be used. This is a choice book to be sold during the week for sixty cents each copy. Dr. Eddleman is at present the president of Georgetown College, Georgetown, Kentucky. He has served as a foreign missionary at Jerusalem, Tel Aviv and Nazareth. He has also served as pastor and professor. He taught in New Orleans Baptist Theological Seminary as professor of Semitic Languages, and in Southern Baptist Theological Seminary as professor of Old Testament and Hebrew. Bro. Van states that this course of study may be applied upon any of the diplomas of the church workers both in training and teaching. The church invites the public to attend these studies.

Bill Lowe Announces For County Attorney

Bill Lowe informed the Leader this morning that he is announcing his candidacy for County Attorney of Donley County.

Lowe is the first candidate to announce for office in the election to be held in 1956, but candidates for the various offices to be filled appear to be in the making.

Bill, as he is generally known in this County, has been practicing law in the firm of Porter & Lowe since his graduation from law school about seven years ago. According to him, if elected the partnership of Porter & Lowe will continue in the practice of civil law.

Soil Fertility And Irrigation Meeting In Clarendon Set For February 16th

Farmers and Ranchers of Donley County and surrounding area will have a chance to attend a big Soil Fertility and Irrigation meeting in Clarendon, Texas on February 16th from 10:00 A. M. until 4:00 P. M. The meeting could better be called an agriculture clinic and will be held at the Mulkey Theatre. H. M. Breedlove, county agent in charge of the all day meeting, says that the agriculture clinic is being held in cooperation with the Agriculture department of the Fort Worth and Denver Railroad and the Texas A&M College Extension Service. Plans for the all day meeting were formed at a breakfast at the Donley Hotel recently when Mr. Knox Parr, district agent for the Extension Service and Mr. M. K. Orman, agriculture agent for the Fort Worth and Denver met with county agent H. M. Breedlove and a planning committee composed of Mr. Rex Wood, E. S. Ballew, John Head, J. R. Porter, Frank Murray, Henry Moore, and Lonnie Walker. It was decided that information needed by farmers and ranchers would be the economic outlook for next year and Mr. John McHaney, economist of the Extension Service, will present this to the people. Irrigation will be discussed by Dr. John Schunk of Denver, Colorado and Soil and Water Conservation by Mr. Jack Barton, specialist of the Extension Service. The rest of the program will be composed of some specialist yet to be contacted which will deal with commercial fertilizers, legumes adapted to this area and beef cattle.

Donley Farm Bureau Directors Named

At a Farm Bureau directors meeting held recently, the following new directors were named to serve for the coming year: Cap Anderson, Clarence Ayers, Johnny Leathers, L. D. Moot, Oscar Moore, Vernon Patton, Harold White, Holly Wood, Slayton Mahaffey, Flip Breedlove, Glen Williams, Leo Wallace, Pete Land, Roscoe Land, Henry Williams, Dane Perdue, Raymond Waldrop, George Bulman, George Gresham, George Hillis, Lee Shaller and O. L. McBrayer.

The officers, who were elected at a previous meeting are: V. C. Waddell, president; Bill Clay, 1st. vice-president; Henry Moore, 2nd vice-president; Doyle Messer, sec.-treas. February 2nd was the date set for a county-wide meeting which will be a free chili supper. Tentative plans are to hold the meeting at the Lelia Lake school house.

Shampoo As Often As You Like

Don't believe it if someone tells you that frequent washing is bad for the hair. Wash your hair as often as it needs washing, and you won't have anything to worry about. Soap and water are no more harmful to the hair than they are to the skin. If your hair is oily, a twice-a-week shampoo will be required to get rid of the dust and grime that tend to cling to it because of the oil. If the supply of oil is normal, a weekly shampoo should be about right. An unusually dry scalp and hair call for special treatment. Stretch out the shampoo schedule to every ten days or two weeks, and as a prelude to the shampoo give the scalp a lubricating oil rub that will help offset the inadequate supply of natural oil. Pour a small amount of baby oil into a custard cup and heat it in a pan of water. Use cotton balls dipped in the warm oil to apply it all over the scalp area. Use a fresh cotton ball as each becomes soiled. Follow with a vigorous finger-tip massage. Plunge a rough towel into very hot water—as hot as the hands can stand. Wring it out and wrap it around your head. The heat will help the baby oil work its way into the scalp. Leave the towel on until it cools. Then go ahead with your regular shampoo routine. Finish with at least three rinsings in clear water. Whether your hair is oily, dry or normal, you will find that hard, long and frequent brushing will immensely improve its appearance. The payoff on cleanliness and faithful brushing is the softness and lovely sheen that all so much admire.

SOCIAL SECURITY NEWS

"Self-Employed Farmers in the Texas Panhandle District have become increasingly aware of their rights and responsibilities under the 1954 amendments to the Social Security Act" John R. Sanderson, Manager of the Amarillo District Office said today.

Sanderson based his statement on the large number of farm operators that have been contacting the local Social Security Office. "The Social Security District Office has been glad to assist these farmers in obtaining answers to their questions and will continue to do so" Sanderson said.

One of the most frequently asked questions during this past season when crop harvesting was underway dealt with the employer-employee relationship between the farm operator and the harvesting crew.

Sanderson summarized this situation as follows: "Employers are often made available to farmers by a 'labor contractor' or 'crew leader.' Some labor con-

tractors or crew leaders are the employee agents of the farmer; others are acting on their own and thus self-employed in their own right. When the farmer has the right to control and direct the crew leader in his work, the crew leader and members of the crew are employees of the farmer.

All farmers who have had employees during the year 1955 that were paid cash wages of \$100 or more should immediately apply for their agricultural employer identification number. (This is different from their social security number). Forms may be had at the local post office or by writing to your District Social Security Office or Internal Revenue Office.

Sanderson advises farmers wishing more detailed information to get in touch with the Social Security Office. The address of the Amarillo Office is Room 324, New Post Office Bldg., Amarillo, Texas.

A representative from the Social Security Administration office in Amarillo will be in Clarendon, Monday at 9:30 a. m. January 9, at the Court House.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Since the crops have been gathered, there has been a rush to complete a number of permanent type practices in time to receive cost-share assistance from the ACP out of 1955 funds. This has kept the Soil Conservation Service technicians assisting the Donley District busy running terrace and diversion lines, staking tanks and checking to see if the work meets the requirements when completed.

Cooperators with the Donley Soil Conservation District who have recently completed, or are in

the process of constructing permanent type conservation practices are: R. O. Thomas, J. H. Vallance, F. O. Hodge, Lois Putman (Faye Scoggins place) and Guy Sibley—new terrace construction; A. L. Cooke, Guy Sibley, B. F. DeBord, B. T. Spear, T. E. Jones, and Henry Merrick—Diversion terraces; John Knorpp, J. L. McMurry and Graham Brinson—Dams.

Moisture conditions are better than last year and in most cases there is sufficient moisture to allow those practices requiring the movement of earth to be carried out satisfactorily.

Cattle Feeding Experiment

LUBBOCK — A 196-day-long cattle feeding experiment, involving 60 young Hereford steers from the famed Pitchfork Ranch, is underway at Texas Tech.

This year's experiment is being conducted jointly by Tech, the Texas Agricultural Experiment Station and the Texas Cottonseed Crushers Assn., according to Dr. Robert H. Black, head of the animal husbandry department, and Dean W. L. Stangel.

Feeding consists of deferred grain rations, cottonseed meal, hulls, alfalfa hay with and without supplemental additives of molasses, trace minerals, diethylstilbestrol, and ground sorghum grain.

The steers, from nine to ten months old, had an average be-

ginning weight of 531.5 pounds. They will be weighed every 28 days. Divided into six lots to give uniformity of weight to each lot, the different lots will be fed different rations.

Following the 84th day of the test, all steers will get two pounds of grain sorghum per head a day and that will be increased at the rate of a pound per head a week until each steer is getting 10 pounds a day.

Individual weight records, feed given, chemical analysis of the feed, amount of feed refused, and sick or off-feed animals plus weather condition records will be kept.

After 196 days, the steers will be graded on foot, slaughtered, then graded in carcass.

The experiment is scheduled to end in mid-May.

Training For Full - Time Church Work

ABILENE—Almost 30 per cent of Hardin-Simmons University's student body of 1531 students are training for full-time church work, according to statistics compiled this week by Prof. Truett Sheriff, Director of Religious Ac-

tivities on the H-SU campus.

More than 1100 students are Baptist affiliated, Director Sheriff reported. Ministerial students number 212, 66 are mission volunteers, 48 music-educational directors, and 95 others have professed their call to various types of full-time church work.

"Such a group makes it possible for us to offer to the churches of this West Texas area some good youth revival teams," Rev. Sheriff emphasized. "With such splendid student response to the spiritual needs of the area, we can provide students for week-end services, teachers for study courses, religious drama groups, and a special BSU choir program," he concluded.

Organization of the teams for such trips are personally supervised by the director of religious activities at Hardin-Simmons University. "It is hoped," Director Sheriff stressed, "that the churches of West Texas will make use of this service of the university. We would appreciate the opportunity, too, of sending revivalists, teachers, song leaders, and musical groups to sections of New Mexico desiring such youthful spiritual assistance in the Baptist program of that state."

More To Join Public Hunts

AUSTIN — Game and Fish Commission wildlife biologists over-estimated the shooting eye of Texans participating in the public hunts conducted this fall to remove surplus deer on three Wildlife Management Areas.

As a result, according to the Assistant Director of Wildlife Restoration next year more names will have to be taken in the drawings for permits.

Roughly 850 names were drawn for the hunts but the combined harvest fell short by 149 head of the total 361 antlerless deer earmarked for removal.

Each person was allowed one day to try for his deer.

Because of the plentiful supply of fish, crustaceans and plankton in the waters surrounding Antarctica, these waters abound in whales and seals.

Chevrolet's
taught dynamite
good manners!

With its frisky "Turbo-Fire V8," this Chevrolet is pure dynamite, all right. But it's beautifully mannered, too—quiet, well-behaved, instantly obedient to your slightest signal!

Nudge the accelerator and you're aware of the split-second chain reaction of your toe to the "Turbo-Fire"! There's your dynamite—with horsepower ranging up to a high of 205. The car is built for its power, too—with a low, low center of gravity, well distributed weight and wide-apart rear springs. There's your stability, and safer handling! All doors have safety latches—and instrument panel padding and seat belts, with or without shoulder harness, are available at extra cost. Directional signals are standard. Come in and try a new Chevrolet!

Blowing Out the Corners
Uncle Zeb

Lately we have felt like the fellow who reckoned in the following manner; "Here it is Monday morning and tomorrow will be Tuesday and the next day Wednesday—the week half gone and nothing done yet." With ourselves; a little while back was January, seems like only yesterday was July, and here it is December and Christmas and nothing has been done. It happens every year, but as we get older time seems to fly by faster and faster. Is this also your experience?

When you read this, Christmas will be past, but like myself you

will still have many little experiences and pleasant memories living on in our hearts. We didn't see the following until too late for our Christmas issue of the paper but it was so fitting that we included it anyway. Our good friends the A. F. Rutherfords of 812 West 11th St. in Amarillo clipped it from a Ft. Worth paper and sent it to us for which we are grateful. The letter is self-explanatory.

Dear Santa,
 It has been a long time since I have written to you. I have now moved from the old home on Happy Street to a house of loneliness and doubt that stands at the end of Disillusion Avenue.

All of the gloriously bright little baubles that I had in years gone by are now either broken or tarnished and tear-stained. Please bring me a few of those precious toys that I once had—the shining bubbles of joy; the tinkling bells of cheer that rang in my voice; the candles of faith that shone in my eyes; the frankincense and myrrh of steadfast hope that strengthened my soul and the lone star of universal love that gleamed in my heart.

In the years past, I realize I did not appreciate those priceless treasures or care for them as I should have, but now I repent my carelessness and humbly ask you to remember me with another supply this Christmas. I will

hang my empty heart right by the chimney, Santa, and please, this is what I want;

Give me a large basketfull of forgetfulness with which to cover up all bitterness and brooding; a large box of forgiveness for those who robbed me of laughter and filled my eyes with tears. Leave me enough of the cement of hope to mend the shattered fragments of joy. Tuck in a little song of cheer and, please, Santa, leave quite a lot of plain old-fashioned faith, understanding, unselfishness and tolerance that I can share with my neighbors.

Sincerely and Thankfully
 Signed: A GROWN UP CHILD
 You know, it would be wonderful just to know what this grown up child got from Old Santa, but if we were a betting man we would gamble a bit that if he or she wrote the letter in good faith; honestly seeking a renewal of all their hopes and joys, and if they did hang the stocking of an open heart before the chimney that Santa would pass by that, theirs was a joyful Christmas again.

Their problem was one for this Real Santa; the one who never lets us down, and never fails to give us freely all things if we ask, and if we are willing to receive them with the right spirit.

The following little poem for our Scrap Books.
FROM IMPULSE TO ACTION

By Mary Goodman
 I had good intentions,
 But I kept it in my heart;
 And there it died, because it had
 No chance to do its part.

The next impulse for good I had I straightway put to action. It spread a bit of joy around And brought me satisfaction.

We were so sorry to hear about the bad fire at Boys Ranch. Losses running into the thousands of dollars to say nothing of the sentiment involved in the loss of forty odd saddles belonging to the boys.

Anyway, besides touching our heart this brings to mind again a very worthwhile project that is being sponsored by the Firemen of the towns of this area. We were talking with Lloyd McCord of Clarendon and he was telling me about the part of their fire department in this very deserving undertaking; that of buying a fire truck to be given to the ranch as a gift. Help from anyone would be appreciated by both the ranch and the boys in all the neighboring fire departments.

If you wish you may have a part in the gift of a fire truck that could well save any future loss such as the burning of this barn and all the dairy equipment. Not long ago we visited this very modern barn and thrilled as we saw the way the milk was handled. Especially did we get a kick

hearing how the boys milked the cows themselves, two to each cow, one on each side. Anyway, if you wish to have a part send your check either to your local fire department or to Mr. Roy Hill Chief of the Amarillo Fire Department, Amarillo, Texas and tell them to put it in on the new truck for a Boys Ranch Fire Department.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN—One of the most startling events of the past week was the admission by Bascom Giles that he—and he alone—was responsible for the administration of the Veterans Land program.

Giles admitted not once, but four times, during the past week—in two criminal and two civil trials in Crystal City and Austin—that he was solely responsible for the program—under the original policy set up by Board members Beauford Jester, Price Daniel and Giles, in 1949.

Gov. Allan Shivers and Atty. Gen. John Ben Shepperd had staunchly contended that such

was the case, but Giles was silent on this point until this week.

Giles pleaded guilty to two indictments in Crystal City. He drew sentences of six years in prison on each. He did not contest the civil trials for money allegedly paid him as bribes.

A total of \$53,000 in cash already has been paid back to the state by Giles.

Still pending against him are 10 criminal indictments and civil recovery suits totaling \$171,427.

Cheatham Named DA
Wiley Cheatham of Cuero, whose aggressive prosecution of veterans' land scandals made him nationally famous, has won a double promotion.

Governor Shivers promoted Cheatham from county attorney to district attorney, effective Jan. 1. Then Shepperd named him assistant attorney general to serve until Jan. 1. In the latter post he heads the criminal division handling prosecution of veterans' land fraud cases.

Cheatham's appointment as district attorney brought on a flurry of complaints from Victoria, where top Democratic leaders wanted the place to go to City Attorney Weldon B. Mallette.

Said Shivers "There have been more attempts to bring pressure—to prevent the appointment of Wiley Cheatham than I have ever seen as governor."

The appointment led to resignation of State Democratic Executive Committeeman Gene Houchins of Victoria; bitter denunciation of the governor by State Sen. Wm. S. Fly; and editorial criticism by the Victoria Advocate.

In announcing the appointment, Governor Shivers praised the young DeWitt county attorney for his past work. He promised cooperation of state officials in further investigations.

Shivers May Run Again

Back in the limelight as a potential candidate for governor is Allan Shivers. He made it a point to remind newsmen that he is among the "possibles."

Governor Shivers promised to tell his 1956 political plans "about dogwood time." This, he explains, is usually between mid-February and mid-March.

Although Shivers has been expected to step out at the end of his present term, he never has definitely said so.

Meanwhile U. S. Sen. Price Daniel holds fast to his announced intention to tell no political plans until after Jan. 1.

Added signs of life in Ralph Yarborough's law office indicate something developing there soon. The Austin attorney has brought newsman Lyman Jones back from California to work in the 1954 candidate's office.

Short Snorts

One death and one serious illness at El Paso, following administration of rabies vaccine, were not the result of faulty vaccine, reports Dr. Henry A. Holle, state health commissioner, after a quick statewide check.

Texas cut its Safe-Driving Day death toll from the usual 7 to 2;

but followed through on the week-end with 10 traffic deaths in two days.

Texas' supply of Salk polio vaccine may catch up with the demand by next April, says Dr. Henry A. Holle, health commissioner.

New certificates are being mailed to 63,000 Texas teachers, under a law passed by the last legislature. Teachers with five years or more of college work receive "professional" certificates; those with only a bachelor's degree receive "provisional" certificates. Both types are permanent certificates. Of Texas' 65,000 employed teachers, only 2,000 do not have degrees.

Wedding Vows Unite Miss Delores Skieens And Mr. Lloyd Hunt

The Little Church on the Prairie, Tacoma, Washington, was the scene on the afternoon of December 17 for the marriage of Miss Dara Delores Skieens, daughter of Mrs. Lucille Booker, Tacoma, Washington and Mr. Floyd C. Skieens of Roseburg, Oregon to Lt. (junior grade) Ernest Lloyd Hunt, Jr. U.S.N., son of Mr. and Mrs. Ernest L. Hunt of Clarendon, Texas.

Reverend McCormick, pastor, read the double ring service at 4 o'clock. Arrangements of white chrysanthemums flanked by candleabra bearing white tapers against a bank of pine and holly formed the setting.

The church organist played "Always" and "I Love You Truly" as the guest assembled. A college friend of the bride sang "Because" and "The Lord's Prayer". The traditional marches were used for the processional and recessional.

Lighting the candles was Linda Booker, sister of the bride. She wore a green velvet dress fashioned like those of the attendants.

Attending the bride as matron-of-honor was Mrs. Donald O'Dell of Bellingham, Wash. Miss Shirley Ziegler of Deming, Wash., Mrs. Elaine Knudsen, and Miss Lynda Samuelson of Bellingham were bridesmaids. They wore identically styled street-length dresses of emerald green velvet with tight fitted bodices and full skirts. Their colonial bouquets were of white chrysanthemums tied with white and silver ribbon.

Donald O'Dell of Bellingham, Wash., was best man. Serving as ushers were Frank Lariza, Bellingham, and James Skieens and Conley Skieens, brothers of the

bride.

Escorted to the altar and given in marriage by her father, the bride was attired in a gown of white skimmers satin designed with a fitted bodice topped with lace and seed pearls. The sleeves were long and tapered, and the voluminous skirt was shirred at the waistline. Her short veil of white illusion was attached to a pearl coronet. She carried a cascade bouquet of white orchids and stephanotis.

Mrs. Booker, mother of the bride, wore a pink faille dress with black accessories. Her corsage was of pink rosebuds.

The groom's mother, Mrs. Hunt, wore frosty mint shantung satin with beige accessories. She, too, had a corsage of pink rosebuds.

At the reception in the church parlor, the bride's table was centered with a crystal bowl of white chrysanthemums and long-leaf pine. Mrs. Floyd Rathbone of Lynden, Wash., served the cake and Mrs. Frank Young of Tacoma, presided at the punch bowl.

For the wedding trip to San Francisco, the bride traveled in a beige silk dress with a navy blue coat and navy accessories and an orchid corsage. After January 1, the couple is to be at home at 177 Claremont, Long Beach, California.

Mrs. Hunt was graduated from Tacoma High School and attended Western Washington College at Bellingham where she was a senior.

The bridegroom was graduated from Clarendon High School and the University of Texas. He is now a Lt. (j.g.) in the United States Navy, stationed in Long Beach, California.

Mrs. Lena Dilli spent Christmas with her daughter, Dorothy and family at Kingsmill, Texas.

CHRISTMAS DINNER AT RO RANCH

Mr. and Mrs. W. J. Lewis Jr. and Mr. and Mrs. Johnie Rex McClellan entertained with a turkey dinner at the RO Ranch headquarters Christmas day. Those to enjoy the occasion were Mr. and Mrs. H. Lu McClellan, Edinburg; Mr. and Mrs. Bob Boston, Danna and Bobby, Amarillo; Mr. and Mrs. Horace McClellan and Mack; Mr. and Mrs. Bob Trout, Valorie Ann and Wanda, Mr. and Mrs. Eugene H. Noland, Mr. and Mrs. John McClellan, Vanetta and Jackie and Lu McClellan.

FAMILY CHRISTMAS GATHERING

The home of Mrs. W. B. Morgan in Hedley was the scene for a family gathering and Christmas dinner December 25th. Those present were Mr. and Mrs. W. G. Tims and Nelda, Lockney; Mr. and Mrs. Odell Osburn and girls, Clarendon; Mr. and Mrs. J. C. Madlock and Linda, Odessa; Mr. and Mrs. H. L. Morgan, Rhonda and Danny, Hedley; Mr. and Mrs. Wilson Morgan and boys, Hobbs, N. M.; Horace Dunlap and family, Corpus Christi; Lanell Skinner, Grand Prairie; Patsy Skinner, Tioga, and Miss Inez Skinner, Clarendon; Mr. and Mrs. J. W. Tarver and family, Wellington; Mrs. Callie Riley, Amarillo; Mrs. Leonard Baggett, Hedley.

Mr. and Mrs. M. C. Rumpy enjoyed having all of their children and grandchildren with them for Christmas. Here were Mr. and Mrs. C. C. Alexander and children of Silverton, Mr. and Mrs. Max Rumpy and children of Lubbock, Mr. and Mrs. Ray Rumpy and daughter of Lubbock, and Miss Geraldine Rumpy of White Deer. Afternoon visitors were O. B. Rumpy and Harold and Mr. and Mrs. Maurice Risley.

Stunting Insect Growth

John White, Commissioner Texas Dept. of Agriculture

Still another new weapon is being perfected in man's continual war against harmful insects. Texas and U.S.D.A. entomologists are studying effects of chemicals which inhibit the normal development of insects by slowing down their growing processes. This is a new and unique approach which shows early chances of success.

These chemicals, which are proving effective in many instances where insecticides have failed, work in various ways. Some, such as colchicine and aminopterin, prevent cell division and growth. Another, sulfanilamide—one of the wonder drugs—slows down an insect's metabolism.

None of the experimental chemicals act as insecticides, which are almost immediately deadly to insects. But in some instances, the larvae-to-adult development period is being extended so as to prevent maturity. One of the most interesting of these experiments concerns the development of the house fly. Some flies have a resistance to DDT. Against others, the insecticide is still effective.

Experiments have proved that in the cases of the DDT-resistant flies, the growth-stunting chemicals are more effective than with those flies that are non-resistant. Therefore, stunting chemicals pick up where DDT leaves off.

The chemical used in these fly larvae-development tests is piperonyl butoxide, a non-toxic compound which appears to be one of the most promising of all the experimental drugs. By adding this chemical to other insecticides, tests indicate that larvae development can be markedly reduced.

In the case of DDT-resistant flies, only 3 per cent of the resistant flies became fully developed whereas 16 per cent of the normal flies survived.

It was the tiny town of Chireno where oil was first discovered in Texas.

RUSSIAN SHOW PLACES

The Russian people in Moscow look with great pride on several particular projects which they feel they have built and achieved themselves, without any reference to the influence of the czarist regimes. One of these is the USSR Agricultural Exhibition which shows the nation's achievement in socialist agriculture. Another is the University of Moscow and a third is the Metropole or subway system.

USSR Agricultural Exhibition

This exhibition or show place was opened in Moscow on August 1, 1954. It is similar to a large

fair ground in the states—for instance, the State of Texas Fair Grounds at Dallas, Texas. The exhibition occupies an area of 207 hectares, which is approximately 500 acres. It has more than 300 structures with a total volume of over 2 million cubic metres. It has about 35 kilometres of asphalted roads and about the same area of sidewalks. The transportation problem is met by the use of trolley-buses. There are many huge, elaborate and ornate fountains and pools. These reminded me very much of the pictures that you see of the old fair grounds at the 1904 St. Louis World's Fair. There are 76 pavilions in which the exhibits are displayed. Sixteen pavilions are occupied by the Union Republics and 12 are used by the Autonomous Republics of the Russian Federation. These are all located on what is known as Kolkhoz Square, which

is more or less the heart of the entire exhibition. Our limited time permitted us to visit only a few of the exhibits—the Main Pavilion, the Armenian Exhibit, the Machinery Building and the Cattle Building. The displays closely resembled the displays of these same types of products at tractors and automobiles. The

county fairs throughout this country. The machinery exhibit was more interesting to me because they had several types of

tractors were usually caterpillar type and had an enclosure for the operator that was equipped with a heater. This is more of a necessity than a luxury in the severe winters in most of Russia. I was very interested in a combine that had a tremendous contraption of some kind attached to it. The combine was quite a few years behind our present combines. However, the contraption that was attached to it appeared to be very practical. It was a dryer through which the grain passed after it was separated from the head. The interpreter explained to me the need for this apparatus and told me that it had been very successful in their harvesting operations. The cattle exhibit was not very impressive. Of course, the animals looked very strange to me and were a long way from the outstanding exhibits of cattle that we have at our fairs in this country. I saw no beef animals as such. Cattle in Russia seem to be dual purpose cattle. Why they don't raise strictly beef cattle, I do not understand, as they have vast areas of grass. The meat in the markets is extremely high, which indicated somewhat of a shortage.

MOSCOW UNIVERSITY

The University of Moscow is a source of great pride to Russians. It is located on the hill above the Moscow River, which is the highest point around Moscow, and from which you have a complete panoramic view of most of the City. It is the hill on which Napoleon stood during the siege of Moscow. I believe the interpreter told us that there are approximately 18 thousand students in the University and about half of these were day students. All of the operations seem to be confined to one main building which is a tremendous structure. It is approximately 37 stories high and is well equipped and furnished. The Russians wanted to give us an extended tour of the University, but our limited time and the press of official business prevented us from having more than a hasty visit. We did observe several well-equipped gymnasiums, several eating establishments,

and a number of auditoriums. The auditoriums in several instances were designed for particular purposes such as the teaching of dramatics and so forth. The lecture rooms were very similar to the lecture rooms in our universities here. There were several separate library facilities. The building also housed living quarters for the boarding students. We visited these and found them to be very nice. The limited number of students attending the University rather surprised me, because the USSR does not have many universities compared to this country. It had seemed to me that the Moscow University would probably have a great deal more students. The number of students attending Moscow University is comparable to the number of students attend-

ing the University of Texas. Moscow is a city of between 5 and 7 million people and could easily support several universities, if the educational standards there were equal to those in this country.

Those visiting in the home of Mr. and Mrs. Doss Finley through the holidays were Mr. and Mrs. Leroy Holly, Bennie, Marjorie and Richard of Artesia, N. Mex.; Mr. and Mrs. Kenneth Hunt, Herbie, and Patricia of Claude, Texas; Mr. and Mrs. Herb Hunt of Groom; and Mr. and Mrs. Pete Darnell and Barbara of Clarendon.

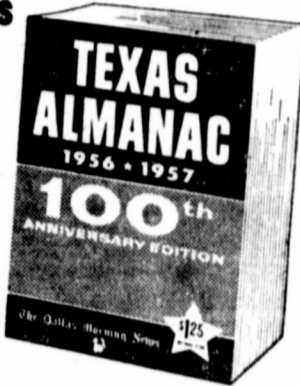

Mr. and Mrs. John Moss of Amarillo were guests Saturday and Sunday in the home of Mr. and Mrs. Geo. Benson.

Odd Weather Delays Fawns

AUSTIN—Late fawns observed in unusually large numbers this fall by deer hunters are just another manifestation of the extreme drought, reported the Director of Wildlife Restoration for the Game and Fish Commission.

He said some parent deer were too weak from lack of nourishment to mate during the regular season but that many of them were bred later when moisture revived ranges. Game Warden Russell Lancaster of Cotulla, said one doe had twins on October 17, about five months late.

The Director said the tragic displacement of the natural timetable would mean a very low survival rate of the off-season fawns because of winter rigors.

Another common consequence of the drought was inability of many buck deer to grow horns due to malnutrition.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

Sears' Club came this week. They are entertaining novels you will enjoy. "Midpoint" is by Isabella Holt. The scene is Meridian, a midwestern city. Here she is writing of the twenties and thirties, and what those decades of revolt and succeeding depression did to the genteel tradition and its heirs. It is a warm and affecting novel. The other club book is "Miss Morissa" by Marie Sandoz. This book is based partly on facts. It is the story of a young woman doctor who has a dramatic struggle on the browling Nebraska frontier of the 1870's. "It is an absorbing and an authentic re-creation of one of America's most colorful eras."

We have a memorial book given in memory of Mr. Charlie McMurry by Mrs. Ruby Bronley. This book is "Texas Trail To Dodge City," by Earl A. Swensinger. The loyal Panhandle settlers will read this with intense interest.

The little Phelan boys gave us two books for Christmas. "The Giraff Who Went To School," and "Mighty Mouse, Santa's Helper." The children will read these eagerly.

There were some cash gifts too. Mr. Alfred Estlack gave us \$5.00. He frequently helps us with a cash donation. The Cap Morris' gave us \$10.00. You who have not had to scheme to keep the children interested here, just can't realize how gratefully received these donations are. The younger children, read and are read to at the rate of at least five books every two weeks.

Our magazines are an attraction for the boys. We have "True," "Argosy," "Adventure," "Popular Mechanics," "Mechanics Illustrated" and "Geographic," occasionally some sport magazines. Our recent permanent purchase for 1956 is "Better Homes & Gardens Home Furnishing Ideas" for our women readers. This type of material is always in use. I take the magazines for adults to various "shots-ins" and pick them up later also distribute books to some convenient to me, in this way.

Newfoundland became Canada's tenth province on March 31, 1949.

FARM NEWS

from the County ASC Committee

RELATED DEVELOPMENTS

The USDA recently purchased 7.6 million of flour and 5.3 million pounds of cornmeal for domestic donation to needy families and persons. This brings the total purchased by USDA under this program to 24.8 million pounds of wheat flour and 16 million pounds of cornmeal.

USDA recently extended for 1 year the designation of 179 Texas counties as an area where the Farmers Home Administration may make emergency loans to eligible farmers and stockmen. At the same time the USDA added two North Carolina counties to the 71 designated in the State as disaster areas in which eligible farmers may take part in emergency feed grain and hay programs.

AGRICULTURAL FILLERS

Irrigation farmers in the High Plains area of Texas have installed approximately 1,822 miles of underground concrete pipe since 1948. These irrigation systems are water conservers and also eliminate many other problems common to ditch irrigation.

Livestock producers annually lose an estimated \$100 million for toleration cattle grubs in their herds. The losses are in the form of damaged hides, lowered meat quality, meat trimmings and reduced production from the dairy herd. Now is the season when grubs can be controlled most effectively. An estimated \$24 billion will be spent by farmers of the nation for electrical appliances and equipment during the period from 1956-1975. This is an average of \$5,300 per farm.

Those to visit in the home of Mrs. Lydia Sims and Cecil during the Christmas holidays were: Mr. and Mrs. Roy Gadbury and children of Visalia, Calif., Mr. and Mrs. Charles Sims and children of Borger, Texas, Mr. and Mrs. Billy Sims and children of Clarendon and Mrs. Kate Vinsor of Clarendon. All were at home but Mrs. Evelyn Swearin of Roswell, N. Mex., and Herman Sims who is in the army, stationed in Okinawa island.

4-H Urges Year-Round Safe Driving

PLEDGING THE NATION'S HALF MILLION 4-H CLUB MEMBERS to make every day Safe Driving Day are these eight winners of \$300 college scholarships in the 1955 National 4-H Safety Program. All West Texas Naval Company Will Be Enlisted In January

The Navy Recruiter from Amarillo announced today that an all West Texas Naval company will be enlisted in January. The Chief of Naval Personnel has granted special permission to enlist this company, to be comprised of men from this state and to be known as the "West Texas Company". They will carry this name until completion of recruit training at San Diego, Calif.

This special enlistment program has proven very popular with Naval recruits in the past. In addition to providing the assurance that "buddies" remain together through training, these companies fare better in competition with other groups at the training station. The last special company enlisted from this area established a new high mark for 1955 in overall proficiency. It is hoped this January company will establish a mark that will stand throughout 1956.

Applications for enlistment in this special company are now be-

ing accepted at all recruiting stations in the West Texas area. Recruiting stations are located in Amarillo, Dalhart, Pampa, and Lubbock, Texas.

United Charities Reports Better Christmas

According to a report from the United Charities, numerous individuals and families had a very enjoyable Christmas through the efforts of this organization, individuals and churches and other organizations.

Special thanks is extended to the Lions Club, Union Thanksgiving Offering and other organizations and individuals for cash donations; the Baptist ladies, F.H.A. girls, P.T.A. and others for their efforts in gathering clothing, food, toys, etc. that were distributed in order that the unfortunate would have a wonderful Christmas. Several lonely individuals were treated to Christmas dinners which were made possible through cash donations.

Bulldogs Lose To Hutchinson

Thursday night the Clarendon College Bulldogs were defeated by the Hutchinson Jr. College Blue Dragons by a score of 93-78.

The first half of the game ended with the Bulldogs on the long end of a 40-37 score. In the second half the Bulldogs were unable to hit the basket and the Blue Dragons pulled ahead by ten points before the Bulldogs scored. Early in the second half the Bulldogs trailed by as much as 18 points but finally found the basket and tied the score at 65-65. At this point Billy White had to leave the game on fouls. A short time later the Bulldogs lost Sherman Cosper, Bob Garton, Gary Kunka and Boyd White by the foul route.

Carroll Stepp saw very little action due to a bad ankle. Every man on the Bulldog squad saw action in the game.

Gary Kunka with 24 points was high point man for the Bulldogs. Billy White had 23, Bob Garton had 11, Boyd White had 10, Sherman Cosper had 5, Jay Wilson had 2, Don Landers 2 and Don Reeves had 1.

The next game for the Bulldogs will be in the local gym on January 9th with the Amarillo Badgers.

NEWS COPY SCARCE

News seems to be on the minus side of the paper this week. We have no way of knowing when you have guests. Spending hours at the telephone each week as your society and personal news editor does, just won't get the job done, for no matter how many calls are made it remains impossible to contact everybody. Do you enjoy reading items of personal and society interest? Have you enjoyed entertaining relatives, friends and guests? Clarendon was filled with visitors thru the holidays. Please call in your news items. Phone 418. Remember, the paper goes to press Wednesday noon as it has for the last several years, and news must be turned in to us in time for the copy to be set on the Linotype.

Mr. and Mrs. Ben Flowers and Vella Kee Skypala of Hereford came Tuesday to visit in the G. W. Bradshaw home.

Calvary Baptist Church To Observe 3rd Anniversary Sunday, Jan. 1st

The Calvary Baptist Church will observe her 3rd anniversary this Sunday, January 1st. We are expecting 100 in Sunday School Sunday morning. We also want to take this opportunity to invite the people of Clarendon to visit with us in the afternoon to share with us the joys and blessings that come from the progress that our God has given to this Church.

In looking back through this year of 1955 we find that there has been fifty (50) additions to the Church; 19 by baptism and 31 by letter. We thank God for this fine progress that He has given. The program for Sunday will be: Sunday School at 10:00 A. M.; then at 11:00 preaching by the pastor; his subject will be "The Church That Jesus Built." Lunch at the Church at 12:00. In the afternoon, singing and fellowship until 2:00, then at that hour, Bro. Van, pastor, First Baptist Church, will bring a message on Missions. At 2:45 Bro. Burns of Lela will bring a message on "Soul-Winning." There will be special music by Mrs. Duane Hearn and Mr. and Mrs. Billy Phillips. We hope that many of you will enjoy the day with us, and especially in the P. M. to hear these fine men preach His glorious Gospel.

The Church With A Friendly Welcome
Ernest Phillips, Pastor.
