Question reports about 60-Ton Russian Tanks

KOREA—Answering reports that 60-ton Russian tanks are operating with the Korean Communists, Army officials said that they cannot confirm the report. Army officials believe a 50-ton tank, the Joseph Stalin III, (above) is Russia's largest.

LARGE VOTE EXPECTED IN FIRST PRIMARY HERE SATURDAY

Saturday will be an important date for a number of candidates over the state and especially here in Donley County as all county races will be decided in this election since there are not over two candidates for any one office. The Sheriff's race is creating more interest here than any other race and should pull a good county vote. There should be a total vote of around 1,900 if everyone goes to the polls and casts their ballot. This is one thing that every qualified voter should do as it is one thing that no other person can do for you. Your vote may decide whether your favorite will go into office or not.

Very little is being discussed in connection with the state races although the campaigners have been in and out of the county like a swarm of bees during the past two weeks.

County Democratic Chairman W. M. Patman announced yesterday that all voting places would be the same as in previous elections with the exception of the following boxes: The Naylor box will be held in the W. C. Scott residence; the Rowe box will be held at the O. J. Rackley residence and the Wilson box at the Mrs. Edith Longan residence.

There are seven candidates for Governor: Casp March, Gene S. Porter, Charles B. Hutchison, Allan Shivers, Wellington Abbey, Jr., J. M. Wren, Mrs. Benita Louise Marek. Twelve candidates are seeking the Lt. Governor position: Preston E. Smith, R. B. McAshan, Roger Q. Evans, W. O. Reed, Fred Red Harris, Kyle

County Candidates are:
 County Judge, W. J. Williams; County Attorney, R. Y. King;

Officially notified Husband Missing in action

SAN BERNARDINO, Calif.—Official notification was received by Mrs. Ruby Peeler that her husband, Cpl. Ernie Peeler, is missing in action in Korea. Peeler, a correspondent for Stars and Stripes, was reported killed with INS correspondent Ray Richards. Photo shows Mrs. Peeler with her twin children, La Myone (left) and Mickey, 7 years old.

W. S. G. Fetes European Family

Members of the Wesleyan Service Guild of the Methodist Church were hostesses at a social and shower Monday night at Fellowship Hall for the displaced persons family, Mr. and Mrs. Andre Nemeth and baby who arrived here Saturday evening from Munich, Germany. Their expenses were paid by the Methodist Church.

Mr. Nemeth reported their 35 hours in the air and a forced landing in New Foundland quite an experience. The Nemeth's were confined to a concentration camp when the Russians invaded Hungary and lost all their possessions. After the war they made their home in an American Displaced Persons Camp. They said it seemed like an act of God when Mrs. Nemeth started corresponding with Mrs. J. R. Bulls and was later informed that the local church here was bringing them to the U. S. A.

The Nemeth's have received most of the essentials for house keeping from the good people of Clarendon. They will make their home at the John Gillham Dairy and work for Mr. Gillham. They visited in the home of Mr. and Mrs. J. R. Bulls from Saturday until Tuesday when their home was ready for them to move in. Neither of the Nemeth's can speak English and it will be quite trying for them for some time. Mr. Nemeth is 48 years old and his wife is 38. The baby is 10 months old. They lost another daughter while in the concentration camp in Germany.

C. Reed Smith Dies Sunday

Funeral services were held here Monday morning at the Murphy-Spicer Funeral chapel for C. Reed Smith with Bro. J. B. Tidmore officiating. Another service was held at 3 p. m. Monday afternoon at the Church of Christ at Vernon with John Reese of Vernon officiating. Burial was in the Vernon Cemetery.

Mr. Smith, age 63 years, died Sunday afternoon at his home here after suffering a heart attack. He had been a resident of Clarendon for the past six years and owned and operated the Smith Cleaners. He was a member of the Church of Christ.

Surviving relatives include his wife, Mrs. Erin Smith; three daughters, Mrs. Mark E. Wood, Vineland, N.J., Mrs. D. Bennett, Paducah, and Mrs. Joe L. Moore, Midland; a son, Reed Smith, Jr., Vernon; three brothers, J. E. Smith, Fort Worth, T. M. Smith, Houston, and W. A. Smith, Bastrop; and a sister, Mrs. Nell Conberry, San Antonio.

Also surviving are 11 grandchildren and 1 great-grandchild. Funeral arrangements were under the direction of the Murphy-Spicer Funeral Home.

REVIVAL DATE SET FOR LELIA LAKE FIRST BAPTIST CHURCH

H. M. Vardeman, pastor of the First Baptist Church of Lelia Lake announced yesterday that a revival would begin at his church Friday July 28 with Rev. Tommy Allen, a former Lelia Lake boy doing the preaching. Services will be held daily at 10 a. m. and 8 p. m. Marvin Hillis of Clarendon will be in charge of the music. The public is cordially invited.

Sheriff, Assessor-Collector, Bert Smith and Guy Wright; County & District Clerk, Walker Lane; County Treasurer, Mrs. Tom Crabtree and Mrs. A. G. Lane; Commissioner Precinct No. 1, Richard Cannon; Precinct No. 2, Neal Bogard and J. R. Bulls; Justice of Peace Precinct 2, G. A. Anderson; Constable Precinct No. 2, C. Huffman and Erskine Butler; Commissioner Precinct 3, F. M. Murray; Justice of Peace Precinct 3, Frank Kendall; Commissioner Precinct 4, Geo. Preston; County Democratic Chairman, W. M. Patman.
 Be sure to Go Vote.

FARM PROGRAM FROM THE COUNTY PMA COMMITTEE

RATE OF COTTON MARKETING QUOTA PENALTY FOR 1950:

If you are knowingly overplanted on cotton and do not plow up the excess acreage, the penalty rate is 15.5c per pound. This rate will be multiplied by the amount of lint pounds on the excess acreage. The pounds of lint per acre will be determined by the County Committee and the producer. Until the penalty on the farm marketing excess is paid, all cotton produced is subject to the penalty and a lien on the entire crop will be in effect in favor of the United States. If knowingly overplanted on any farm in 1950, the producer will not be eligible for any payments under the Agricultural Conservation Program.

COTTON MEASURING:

Cotton measuring is completed in "A" Community both in the field and in the office. There are only a few more to be measured in "B" Community. Work is progressing much faster since the reporters are beginning to "catch on."

Miss Johnnie Johnson, our senior clerk, is on vacation this week.

Mr. Allan R. Sanders, State Performance Supervisor, was in the office last week. While here he spot checked some of the farms that have been measured.

AGRICULTURAL SHORTS:

Any Texas farmer who has a field of good variety of grass or legume seed should plan now to harvest some seed from it.

The primary purpose of soil and water conservation is continued abundant production and the fact that the farmers have increased production of many farm commodities is a testimony to the effectiveness of their conservation efforts.

The current wheat crop is estimated at 845 million bushels.

Poison Bait Available For 'Hoppers

Grasshoppers in Donley County have been spotted in the various communities and their outbreak is heavy in some parts of the county and in others they are less than in past years.

H. M. Breedlove, local county agent, has plenty of poison bait on hand that is available to farmers and ranchers. The poison bait will not be effective in this wet weather but when the weather turns off dry and grass gets tough then the hoppers will move into fields seeking tender plants; then is the time to start the poison bran.

Sprays are very effective at the present time on green tender grass and Breedlove recommends chlordane or toxaphene sprays on fence rows and areas where the hatch is heavy. The instructions on the amount of mixture of these chemicals are on the container but if additional information is needed be sure to call by the county agents office.

Wet Weather May Bring Cotton Lice

If wet weather continues there is a good chance that lice will show up in cotton. H. M. Breedlove, county agent, says that when you notice honey-dew on the cotton leaves that is the sign of the cotton lice.

The best control method is using a 3-5-40 dust at the rate of fifteen pounds per acre. This dust will also control cotton flea hoppers as well as the cotton lice. There are several dusters in the county and Breedlove can help you get the necessary equipment for the dusting.

Breedlove is urging that any one needing help on control of cotton insects to call by his office.

This weather is ideal for cotton insects, so be sure and be on the look out for them at all times.

Election Party To Be Held At Rexall Drug

Bob Moss and Frank Blair, operators of the Rexall Drug, announced this week that the Election Party this year would be held at the above mentioned drug concern. A large board with all the candidates names and all precincts will be installed whereby all interested persons can watch the votes as they come in from each voting box in the county. Mr. Moss stated that they would continue operation of the board until all boxes had been reported or at a reasonable hour.

"We know it is no easy job to operate the board and tabulate the votes coming in but we will be happy to provide this information for the public as we know everyone is interested in some contested race and will want to know how their favorite is running before they go to bed Saturday night," Mr. Moss stated.

REV. J. PERRY KING TO SPEAK AT FIRST BAPTIST CHURCH

Next Sunday, July 23, Bro. J. Perry King who was for seven years pastor of the First Baptist Church here, will preach. Bro. King, who is known by most people of Clarendon and who now lives at Amarillo, is well loved by all of us stated Rev. L. A. Sartin, local pastor. "It is a joy to have him in our church and community. Everyone is invited to attend and hear him."

LAMASTER CAMPAIGNS HERE FRIDAY

LeRoy "Pete" LaMaster of Perryton was here Friday visiting Donley County folks in the interest of his campaign for congressman for the 18th Congressional District.

LaMaster stated that he was making a valiant effort to see everyone before election day next Saturday and felt quite confident that he would pull a very good vote in Donley County.

CHILDRESS NEGRO CAUGHT HAULING INTOXICANTS

The sheriff's department hauled in another load of intoxicants late last Thursday evening when they picked up Billy Morrison (colored) of Childress. Sheriff Wright stated that Morrison had 11 cases of beer, gin and whiskey. He was fined \$222.40.

MORE INTOXICANTS ADDED TO COUNTY VAULT

About 5 a. m. July 10th Constable C. Huffman experienced a hundred mile an hour race with an 88 Olds and was the winner with his machine of the same make. A Mr. Love of Spur, Texas gave up the race about 1 mile east of town and also gave up 12 cases of whiskey and beer along with his fine of \$169.40.

SOCIETY EDITOR REMAINS SERIOUSLY ILL

Mrs. J. C. Estlack who has been seriously ill for the past two weeks is reported still about the same. She is at the local hospital and doctors are requesting no visitors at the present time. Her many friends are wishing her a speedy recovery.

Mrs. Estlack has been society editor of the Leader since it was established in March 1929. Since she is unable to take your society items and local news, it will be appreciated if you will call your items to Mrs. G. W. Estlack at 418 until further notice. It will be appreciated if you will call your items in just as soon as possible after the item is created.

Mrs. Doyle Walls and baby daughter of Floydada are visiting her parents, Mr. and Mrs. A. H. Moore.

Carl Morris and daughter Nancy of Wichita Falls and Mrs. J. M. Jackson of Thalia, Texas were house guests in the Cap Morris home the past week end.

HAIL STRIKES OVER WIDE AREA SUNDAY; CROP DAMAGE HEAVY

Queen Candidate

Miss Jo Ann Ritter, daughter of Mr. and Mrs. Joe Ritter, is to be Clarendon's representative in the coming Farm Bureau Queen Contest. Sixteen year old Jo Ann is a Senior in Clarendon High School. She was born in Farwell, Texas at the home of her grandparents, Mr. and Mrs. I. M. McCuan, and has lived at Sandy Camp on the JA Ranch all of her life. Her hobbies are collecting miniature horses and riding horseback. She helps her dad in the summers by cooking for him and the "extras" who come to Sandy Camp. Jo Ann was sweetheart of the local FFA Chapter last year and selected as sweetheart for this district. She has been a member of the Kappa Sub-Debs for the last two years and sings in the Choral Club and Girls Sextet at High School. Her parents are members of the Farm Bureau.

4-H CLUB WILL MEET FRIDAY NIGHT

The Clarendon 4-H Club will meet at the fair ground buildings in Clarendon this Friday night at eight o'clock. H. M. Breedlove, county agent, is urging that all members be present. The boys will get a chance to see a picture show on feeding and should get some good information. Breedlove says that every one is invited.

Plans will also be made for the 4-H Club fishing trip, so be sure to be present and get all the information on this trip.

Roy Hodges of Wichita Falls visited his sister, Mrs. J. C. Estlack, who is critically ill, for a short while Sunday morning.

Farmers living south and southeast of Clarendon suffered their heaviest loss to hail and excess rain Sunday in several years. The heavy hail cloud blew in about mid afternoon and wiped out crops over a wide area which extended from out on the JA and then northeast and southeast toward Lelia Lake. The hardest hit areas were Chamberlain and Hudgins where cotton and feed were literally stripped and fields were leveled in spots and gullies washed in others. Some farmers in the area believe there is a possibility of some of the cotton coming out and a better chance for the feed. Others are making plans to plant grain just as soon as they can get in their fields. No estimate of the damage in dollars has been made but it will run into the thousands of dollars. Damage to washed fields will be felt for several years to come. The rainfall in this area, not including the heavy carpet of hail, ranged from 3 1/2 inches on the JA to around 8 inches in the main storm area southeast of town. The hail bordered the southeast part of Clarendon starting along the cemetery. The Brice and Lakeview area received hail and rain of the same proportions and damage was reported extremely heavy in every phase down there.

The moisture total came up considerably here in town this past week. .13 inch fell last Thursday, 1.25 inch fell Sunday and another 1.25 fell Tuesday afternoon. The total for the week is 2.63 and the total for the year is approximately 11.91 inches. Practically every bit of this amount has fallen since the first of May.

NOBLITT SALES COMPANY LOCATED IN NEW BLDG.

Ray J. Noblitt, owner of the Noblitt Sales Co., is announcing in the Leader this week that the business is now located in their new building three blocks west of the stop light on main street. He stated that everything had just about been completed and he would be able to display his complete line of merchandise by the end of this week. He is planning a grand opening party within the near future which will be announced in the Leader prior to the date.

"We have added a new line to our business which we should be able to display within the near future also, as we have secured the Studebaker Dealership and we now have our first shipment of cars and trucks enroute to Clarendon," he added.

Russian present at London World Conference

LONDON, England—Russia was represented at the Fourth World Power Conference held at London's Institute of Civil Engineers. Shown discussing the program are Russian interpreter Mrs. Kozlova (left); head of the Russian delegation, V. A. Golubtsov (center), and an unidentified member of the conference committee (right). The theme of the conference, being attended by delegates from all over the world, is "World Energy Resources and Their Production of Power."

Library Notes
By May L. Prewitt

The gifts to the Library this week consisted of some readable periodicals, a new school dictionary, and a nicely bound volume of Bible Symbols when the verse has symbols substituted for words, and the pictures in keeping with that period.

The purchased books were two for children, "Trumper," a Walt Disney book based on the motion

picture character created for his picture "Bambi." Then we have "Donkey-Donkey" by Roger D. which is unusually clever in story and illustrations.

Those who remember to bring us their current periodicals have been a great help in supplying reading material to the adult readers, as our cash has been

used for children's books. The Clarendon children and a number of adults have remained "reading conscious" all summer. The funds do not supply material for the demand, but we usually find a substitute for what the reader desired.

The fall production will be very interesting — judging from

the advanced catalogues. We are eager to purchase "Texans With Guns" by Farber, as his "Those Texans" has been read by quite a few patrons. There are so many books to be out in the early fall that we shall have a sufficient number to entertain our patrons.

ASHTOLA

Mrs. Doyce Graham

Despite a downpour of rain in the late afternoon, our candidate rally was a success. Only a few people ventured out, but the treats in store made it well worth while for those who came. The college boys quartet, consisting of Gene White, Jerry English, Dewey Foster and Sidney Muse, opened the program with three numbers very harmoniously rendered, among which was that old favorite, "Gospel Boogie". These boys are really good; well trained, and enthusiastic about their work.

Then Mrs. Mildred Ritter in her inimitable manner gave a humorous reading. For her encore she told a delightful story. Next the Clarendon Stamps quartet, including Arce Gibson, Howard Stewart, Clyde Hudson and Bill Williams sang several gospel songs which everyone thoroughly enjoyed. They were followed by

some beautiful piano selections by Mrs. Bill Williams.

Next the candidates present made interesting bids for votes. Clyde Hudson very ably auctioned the pies. The ugliest man contest aroused the most interest with Burk DeBord, John White, Clyde Hudson and R. Y. King in a close race. Clyde was the winner and received a big coconut cake. The pies sold from \$2.75 to \$5.00 each, netting the needle club around \$150.00. Thank you, everyone, who had a part.

Harold Elliott will preach here Sunday 23rd.

10 a. m. Services Daily 8 p. m.

TOMMIE ALLEN

Formerly a Home Boy will do the Preaching.
Marvin Hillis will be in charge of the music.
H. M. Vardeman, Pastor

To the Voters of Precinct 2, Donley County:

I have been your constable for the past 18½ months and have strived to enforce the law in the best manner possible. I am again asking for this office. Whether I am entitled to have it again I will let you be the judge. I am running on my past record. Everyone knows me and I will try to give you some of the things I have done in part. Since there is no other constable's office in the county I will use the Sheriff's office in comparison. During 1949 the constable's office caught 15 liquor violators and the Sheriff's office caught four according to the county records. If this type of law enforcement meets with your approval I would like to be your constable for the next two years. I will appreciate your vote and influence.

C. HUFFMAN

**NEW
COMPACT
DEPENDABLE
DISTRIBUTOR**

The picture shows ALL there is to the new WICO XB Distributor — no adapter bracket, no outside gear box, no outside coil. All these are built into the new WICO XB Distributor for farm equipment. Built specifically for farm use, this new distributor is made to tough magneto standards by the world's pioneer mass-producer of magnetos specifically for farm implements. Far easier to install than other flange-type distributors, and economical in both first cost and maintenance.

Farm Cash Income For April Shows High Level

AUSTIN—Farm cash income in Texas totaled \$226,689,000 in April, a 37-per-cent increase over the March total and a 3-per-cent

increase over April 1949, the University of Texas Bureau of Business Research reported.

Cattle was the greatest source of income in April, bringing Texas farmers \$37,676,000. Income from milk products totaled \$9,645,000; fruits and vegetables, \$4,480,000; and eggs, \$3,034,000.

Farmers in the Northern High Plains district turned in the largest dollar income in April—\$39,063,000. Black and Grand Prairies, with \$27,300,000, and Coastal Prairies, with \$25,480,000, ranked second and third.

With the exception of Northern High Plains, down 6 per cent, all crop-reporting districts shared in the March-to-April upturn in farm cash income.

After adjustment for seasonal

variation, the Bureau's index of farm cash income stood at 213 per cent of the 1935-39 base period in April as compared with 200 for March and 212 per cent for April 1949.

Ben Guill Reports To The People

No single event since I came to Washington—not even the notorious Tidelands Decision nor the Communist' invasion of South Korea—brought so much correspondence to my desk as did the strike of the AFL Switchmen's Union against the Rock Island Railroad.

Since the President had the au-

thority to intervene, I was asked to plead the case of the Panhandle businessman, the Panhandle farmer and the Panhandle worker. I phoned the White House and asked for an appointment with the President. I wanted to see if something couldn't be done quickly to help the thousands of people in the Panhandle who were suffering because of the strike, and who were merely innocent bystanders with no interest and no part in the controversy between the railroad and the

union. I also put in long distance calls to Chicago and spoke to Arthur J. Glover and E. C. McDaniel, of the Switchmen's Union, and Mr. Farrington, one of the top executives of the railroad.

In substance, I told them this: I am not entering into this without any preconceived ideas about who is right and who is wrong. I certainly recognize the right of a man to bargain collectively. That's an American right. But I do know that perfectly innocent

by-standers in my District are being hurt—that hundreds of people are being threatened with unemployment—and that there is need of immediate compromise and settlement.

I suggested that I gather together a group of Congressmen whose Districts were most affected by the strike and fly with them to Chicago so we could sit down with representatives of both sides of the controversy and work out a solution whereby the railroad could be operated while discussions were taking place.

Both sides were considering this plan seriously and favorably when the White House called to say that the President had just ordered seizure of the Rock Island and that the Army would take over operation until a settlement could be reached.

The President's actin ended all necessity for further talk. But, the question still remains: what can be done in the future to protect the innocent bystander in a dispute between management and labor?

Senator Donnell of Missouri has introduced a Bill which would make arbitration compulsory in a railroad strike. This Bill may come up for a vote during this session. The idea of compulsory arbitration is not a good one. I am opposed to forced labor. Neither the officials of the Rock Island nor those of the union thought the Donnell Bill would be advisable, since both sides think they would be at the mercy of the political ideology of the arbitrators and have no means of recourse against a discriminatory decision.

But, it still may be that the Donnell Bill is the only way to protect the innocent bystander from being caught in the middle. I would like to hear what you people back home think about this. I admit I don't know the answer and I don't think anyone in Washington is certain of the answer.

I have one suggestion which may point toward an answer. Perhaps we could solve the problem by passing a bill which would place the big labor unions under the same anti-trust laws which govern other big businesses. This law would amend certain sections of the Norris-LaGuardia Act, the Sherman Anti-Trust Laws and the Clayton Act so as to eliminate the possibility of one union, or one union boss, endangering the economic health of the entire country.

After all, if all the doctors, or all the farmers, or all the steel-makers in the country decided to quit operating all at once, the Government, quite rightly, would step in immediately. I fail to see why a nation-wide union of highly specialized and valuable workers does not fall into the same category. In our highly organized civilization, every job is an important cog in the machinery of existence. When all the cogs of one type stop working, the machinery grinds to a shuddering stop and thousands of people are hurt.

It is obvious that something must be done to clear up the present situation. The innocent bystander must be protected. I would very much appreciate it if you would send your views to Ben Guill, Room 104, House Office Building, Washington, D. C.

Mrs. Ermine Blair and Biffie and Mrs. Grady Tyler were Memphis visitors Tuesday night.

Smaller Public Schools Now Have Available Many Special Services

AUSTIN—The smaller public schools of Texas now have available many special services which have raised the standards of education and improved the health of the children.

Until enactment by the last legislature of the Gilmer-Aikin school laws, only the larger and richer school districts could afford the numerous services now being utilized throughout the state, Miss Waurine Walker, president of the Texas State Teachers Association, declared here today.

Increased state funds for districts, after they have met state requirements as to financing on the local level has made available teacher supervisors, student counselors, librarians, visiting teachers, nurses, physicians, itinerant teachers, more vocational teachers, home economics and trades and industries courses, distributive education, and more training of exceptional, or handicapped children, Miss Walker pointed out.

"The time is past when children in rural areas cannot have an education as good and in as many fields of endeavor as students in the centers of population," Miss Walker commented.

State aid to schools is offered on a variety of bases.

Schools are allowed funds for a supervisor or counselor on the basis of one to every forty classroom teachers. Supervisors work with the teachers to improve education. Counselors devote their time to guiding and advising children.

Librarians, health nurses, doctors and visiting and itinerant teachers are provided for on the basis of the school districts having their choice of one of those for each twenty classroom teachers.

Visiting teachers work with parents to overcome conditions with prevent children's regular attendance of school. Itinerant teachers are those specializing in such subjects as art, music or physical education who give in-

struction in several schools in the same district daily or several times a week.

School districts in the same county can combine teacher totals to be eligible for more of these specialists.

Vocational education departments increased during the last school year by more than 500, making a total of 2,087 in the 2,492 school districts in the state.

State aid has enabled these high schools, when they have enrollments of sixty or more pupils, to hire instructors in vocational agriculture, trades and industries and home economics.

There has also been a big demand for more distributive education and it is being met. In these courses high school students devote half of their school time to classroom work and the other half to gaining actual experience in their chosen field, whether it is in mechanics, printing, selling, farming, merchandizing or work as beauty operators.

Classes for handicapped children increased 50 per cent through out the state for the last school year. Another such increase is anticipated during the 1950-51 school year as more teachers trained in this highly specialized work become available.

Smaller school districts can also combine to establish joint classes for these handicapped children. Miss Walker expects that practice to be expanded.

"Handicapped children benefit greatly under specially trained teachers, but outside the larger centers of population there are so few in many school districts it is not feasible from an economic standpoint to hire instructors. Two or more districts generally have a sufficient number of children to make possible this badly needed service," the state association president declared.

Mr. and Mrs. T. G. Wiley and boys visited relatives in Lakeview for the weekend. They were on hand for the rain storm Sunday night and were unable to return home until Monday morning.

Mrs. Rex Jones of Dallas is visiting her parents, Mr. and Mrs. John Blocker Sr. and brother and family.

PLOWIN' Out the CORNERS

Uncle Zeb

Gaines Maness of the Soil Conservation Service in Claude takes me to task about the name of my column. He says: "I have seen more 'Washes' started by plowing out the corners than by any other thing." Seems like there was something cutting about his remarks. Could there be any

comparison between my feeble efforts and a "Wash". It always seemed to me that "Plowin' Out the Corners" was something to look forward to when plowing; you had finished a field; lacked only the corners. Kinda like "Layin' by your crop", or something like that. Anyway we are glad to be thought about at all.

Have you heard the song "If you don't stop telling lies on me I am going to tell the truth on you"? What a horrible picture. Some of these modern day songs just about take the cake anyhow. I was listening to one the other day that went something like this: "My hair is still curly and my eyes are still blue, so why don't you love me like you used

to do"? I think I will get a copy of this one and give to Mama; wonder if I could get the words changed a little bit. For instance we could say, "My hair ain't curly and my eyes ain't blue, but remember what you promised when you said, I Do"? My Gosh, anyway.

For loan: One slightly used chicken coop; Suitable for hauling fryers. Rental: leave one fryer coop when returned. The only other restriction is that you please don't tell the guy that I borrowed it from about the "Racket" that I am conducting.

It seems such a shame that we had to go into Korea so half trained and "half-cooked". Boys that supposed they were in a peace time army shoved almost over night against heavy tanks and mud and swamps. Maybe it couldn't be helped, maybe it couldn't.

Doubt of God and Fear of Man are full sisters, and each of them named their first child Worry.

More Thoughts sent in by the readers:

"The great evil and peril of sin is that those who are under its curse don't want to be out."

"If we would grow in knowledge we must first recognize our ignorance."

"It is better to not speak at all than to speak falsely or wickedly."

Thanks to the readers for the above help.

Anyway, by the time you read this Claude will be celebrating the sixty years that Armstrong county has been organized. Even Uncle Zeb will be working. What a thought. The Old Settlers will be on hand to discuss the "Ole Days". Congratulations to the folks that are willing to work and

plan and get others to help and put over this occasion. It was quite a job just to give Uncle Zeb enough of a pep talk that he would want to help.

It does take a lot of effort to put over anything, and a lot of times we fail to help out as we should, especially with our time. Most of us will give a dollar if the folks will go on and leave us alone, but many times raising the money is the simplest task.

Anyhow, let's all shake hands

again; stop from our busy lives and think back over our many wonderful memories together, and be thankful for all our many blessings. To me the greatest blessing that we have is each other. Money is important. Health is important, and many many other things, but what would any of them add up to if it were not for friends and loved ones to work with and for. Anyhow, we'll see you there.

Will the "Doubting Uncle Jay's" please check this one; newest member to the Ain't Smoking Right Now Society is J. W. Stockman of Rt. 2 Claude. He has just recently quit smoking after years with the habit. A brand new member; in fact he hasn't been quit any longer than it would take a certain guy to tell what he thinks Graham-Hoerac, probably not as long. Anyhow this is one that the doubters can check.

WSCS Planning First Conference - Wide School of Missions

The Northwest Texas Conference Woman's Society of Christian Service of the Methodist Church is planning its first Conference-wide School of Missions to be held at Texas Tech at Lubbock July 31 through August 4. The purpose of the school is to bring to the women of the conference in a condensed form information concerning the total program of the Society for the year. Clinics will be held each day under the direction of the corresponding Conference officer in the following lines of work:

President, Secretaries of Missionary Education and Service, Christian Social Relations, Missionary Personnel, Literature and Publications, Spiritual Life, Student Work, and Wesleyan Service Guild.
Mrs. T. W. Whigham, Conference Secretary of Missionary Education has been elected Dean of the School. Other members of the School committee are the following Conference officers: Committee Chairman, Mrs. M. D. Hillburn, Lubbock; Vice-chairman, Mrs. U. D. Crosby, Lubbock; Registrar, Mrs. C. C. Coffee, Lubbock; Secretary, Mrs. Sam B. Cook, Pampa; Treasurer, Mrs. Paige Gollihar, Spur; Literature Chairman, Mrs. J. R. Moore,

Amarillo; Devotional Chairman, Mrs. J. E. Peters, Post; Music Chairman, Mrs. George Robertson, Childress; Librarian, Mrs. George Turnley, Amarillo.
Special emphasis is being placed on the courses of study to be presented during the year and each member of the school will be allowed to take one study and receive credit on it during the two fifty-minute periods of class instruction offered each day. The studies and the persons who will direct them are as follows: "The Near East", Miss Dorothy McConnell of New York, editor of World Outlook and Miss Charlie Holland of Lufkin, Texas, a returned missionary from Japan; "Cooperation for Christian Community", Miss Estelle McIntosh of Clyde, Texas, a deaconess in Rural Work in Arkansas and Mrs. J. B. Davis of Amarillo, formerly a teacher in Panama Public Schools; "Corporate Worship", Mrs. C. A. Bickley of Lubbock, Jurisdiction Secretary of Spiritual Life and Miss Lucile Hester of Big Spring, Director of Christian Education; "A Christian's Vocation", Mrs. G. W. Dameron of Pineville, La., Jurisdiction Secretary of Missionary Education and Mrs. Cecil Matthews of Lubbock, Wesleyan Foundation Counselor, Texas Tech.

"Vocation" will be held each day under the direction of Mrs. Dameron, Mrs. Whigham and Mrs. Luther Kirk, Perryton, Conference Secretary of Missionary Personnel.

Membership is open to any member of the Woman's Society or Wesleyan Service Guild, but anyone desiring to attend is urged to register immediately by writing Mrs. C. C. Coffee, 3419 21st St., Lubbock and sending the \$3.00 enrollment fee. A few dormitory rooms are yet available and persons registering should indicate if they desire a reservation. Dormitory residence is not required for attendance at the school but the payment of the enrollment fee is necessary for attending any of the classes, workshops or clinics.

Each society should send as many delegates as possible. Local and District officers are especially urged to attend.

Oil Adds to Car's Lifetime

The American Flag was first used at Couth's Bridge during the Revolutionary War.

ROBERT S. CALVERT

Robert S. Calvert, a native Texan, was born in McLennan County near McGregor, Texas, and at an early age moved with his family to Brownwood, where he attended the public schools and Howard Payne College.

At the age of twenty Bob moved to Sweetwater, where he was employed first by the Santa Fe Railroad as clerk, warehouse foreman and cashier; then by the West Texas Electric Company as chief clerk; and later by the First National Bank as assistant cashier.

In 1917 Bob enlisted in the United States Army. Following basic training at San Antonio and technical training at Cornell University, Ithica, N. Y., he served with the Air Forces in France and in Germany. After the war he returned to Sweetwater and to his bank position.

Among Bob Calvert's many friends in Sweetwater was George H. Sheppard, who became State Comptroller in 1930. Mr. Sheppard appointed Calvert to the position of financial statistician the same year. As head of the central accounting division for 14 years, Calvert gained first-hand knowledge of state financing. In 1944 he was made chief clerk, the position next in line and authority to the Comptroller's.

Following the death of Mr. Sheppard on January 18, 1949, Governor Beauford H. Jester gave recognition to a career worker who had advanced through the ranks, by appointing Calvert State Comptroller.

AFTER SERVING A YEAR AND A HALF AS COMPTROLLER, CALVERT NOW SEEKS HIS FIRST ELECTIVE TERM.

Mrs. Calvert is the former Josie Moody of Sweetwater. They have one daughter, Josephine.

Bob Calvert is a member of the Austin Lions Club, the American

Legion and the Ben Hur Temple of the Shrine. He is an elder and Chairman of the Board of the Central Christian Church, Austin, Texas.

Robert S. Calvert solicits your vote and influence in the July primary election. (Pd. Pol.)

WARDEN IMPOSTOR FLEECES MERCHANT

AUSTIN—The Director of Law Enforcement of the Texas Game, Fish and Oyster Commission has alerted field men about a man who falsely represented himself as a game warden as a means of cashing a worthless check.

The spurious agent recently presented a warden's badge and identified himself as a "district supervisor" for the Commission at Wharton, Texas. This enabled him to cash a fake check drawn on an Austin bank, that cost a merchant \$150. He is described as 35 years of age, six feet two inches tall, 210 pound weight with black hair and dark eyes.

"Wildcats" Have Record Year
The petroleum industry drilled an estimated 6,680 "wildcat" wells in 1949, the largest number in any year since the discovery of oil in 1859. "Wildcats" are exploratory wells drilled in unproved territory. Since only one in five is a success, they involve great financial risk.

In this case FEELING IS BELIEVING

No, the eye does not tell everything—not in this instance.

True, it tells you ROADMASTER is smart. It tells you it's big. It shows, if you watch closely, that this brawny beauty rides level and unperturbed even when road-roughness has its wheels fairly dancing.

A glance may even indicate how much lolling comfort there is here—what wide-open freedom passengers and driver know in this gay traveler.

But how can the eye tell you how you feel touching off the great power that's under this broad bonnet?

How can it reveal the silken, swift-mounting surge of oil-cushioned take-off—smooth, silky, un-

broken, as Dynaflo Drive works its magic?

Even when you watch a ROADMASTER settle down to a long steep pull and crest the top going away, how can it tell you what thrill your spirits get from such ability?

And what can it say of the lift that's yours traveling in a beauty that catches all eyes, swivels passing heads, marks you by its very lines as traveling in as fine a car as any man can ask for?

No, these things you have to feel

for yourself, and we're delighted to help you do so.

Your Buick dealer wants you to know about ROADMASTER firsthand—wants you to drive it, try it, feel it out.

It doesn't cost a cent to arrange such a trial. It can do a lot toward opening your eyes to the day's highest standard of fine-car feel and fine-car action—not to mention "why pay more?" prices.

How about seeing your dealer right away?

Only BUICK has Dynaflo Drive* and with it goes!

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "folding horns," (4) makes parking and garaging easier.
