## Truman Marches With War Buddies

ST. LOUIS, MO.—President Truman is shown waving his hat as he marches with his comrades of the 35th division at their reunion. Left to right: P. S. Mirvalle, Sec. of Defense Louis Johnson, Pres. Truman, Mayor J. M. Darst, and Gov. Forrest Smith.

## Girl Scout Movement Depicted In Film Coming To Mulkey Theatre

The multiple activities of the Girl Scout organization is the subject of "Women of Tomorrow," which will be the added attraction on the Mulkey Theatre screen Friday, June 23rd only. Among the topics covered are the programs for Brownie, Intermediate Senior, Mariner and Wing Scouts, the International Girl Scout Camp Meeting at Cooperstown, New York, which was held as part of the Scout's plan to create good will among the peoples of different nations, and many others.

This two reel added feature is being sponsored here by Girl Scout troop No. 4 and the young ladies started selling tickets for the attraction this week. The admission charge will be 9 and 35 cents. The main feature picture to be shown at the same time is "Red Hot and Blue" featuring Betty Hutton and Victor Mature. "Women of Tomorrow," the Print by Technicolor two-reeler was produced by Warner Bros. in cooperation with the Girl Scouts of the United States of America. The film was supervised by Gordon Hollingshead and narrated by Art Gilmore from a script written by Owen Crump.

## RECOVERY OF \$23,689 SOUGHT IN COURT SUIT

The Texas State Pharmaceutical Association sought recovery of \$23,689 in a suit filed in 93rd District Court Thursday against Robert Garing Dillard and the United States Fidelity and Guaranty Company.

Dillard is a former executive secretary of the association. The suit seeks recovery of \$10,000 from Dillard and the guaranty company and the remaining \$13,689 from Dillard individually.

## McCarthy Accuses Amerasia Editor

MILWAUKEE, WISC.—San. Joseph Mc Carthy of Wisconsin produced the above photo which he stated was taken in 1937 at communist headquarters in Yenan, China. The caption identifies T. A. Bisson, left, Philip Jaffe, editor of Amerasia magazine, center, and Owen Lattimore, Far Eastern expert, right. The two women are unidentified. (Jaffe was fined \$2500 in 1946 for conspiracy in obtaining and publishing supposedly secret documents from state dept. files.)

## Fifty-Two Relatives Attend W. T. Lowe Family Reunion

Fifty-two children, grandchildren and great-grandchildren of Mrs. W. T. Lowe gathered in Clarendon June 10 and 11 and paid honor to their mother and grandmother.

Coming from as far as Jackson, Tenn., the family began to converge on Clarendon last Thursday and by Saturday afternoon forty of the relatives had arrived. Punch was served to the group at the home of Mrs. S. W. Lowe during the afternoon.

Saturday evening a fried chicken supper was had at the home of Mr. and Mrs. Walter Lowe. After supper movies were shown of the reunion held last summer at Portales, N. Mex.

Following family custom, a devotional was held Sunday morning at the S. W. Lowe home. Hymns were sung, poems read and a few reminiscent songs were remembered. Fred Lowe of Dallas gave the devotional, "God's Autobiography." Then the family attended the First Baptist Church where Mrs. Lowe's brother, the Rev. P. B. Langley, preached.

Sunday dinner was served at the S. W. Lowe home to fifty-three persons. Movie pictures were taken later to be shown at next year's reunion.

The children and their families attending this celebration were Mr. and Mrs. J. D. Farrar, Mr. and Mrs. Monroe Foster, and Mr. and Mrs. Emmitt Clayton, all of Portales; Mr. and Mrs. Ernest Hunsaker and Ernest Junior of Toyahvale; Mrs. T. D. Thomson and Dorothy Ann Hicks of Jackson, Tenn.; Mr. and Mrs. Sam Lowe, Mr. and Mrs. Wm. J. Lowe, Mr. and Mrs. Walter Lowe and Douglas, Wayne, and Jane, all of Clarendon; Mr. and Mrs. W. O. Bower, Mr. W. F. Spiegel Jr. and Mr. and Mrs. Jack Bower and Jo Elizabeth all of Port Arthur; Mr. and Mrs. R. E. Drago and Corky of Beaumont; Mr. and Mrs. Fred Lowe of Dallas; Mr. and Mrs. Bob Wylie and Ken Lou and Linda Kay of Lubbock; Mr. and Mrs. Roy Broadway and Marilyn of Wichita Falls; Mr. and Mrs. Jesse H. Lowe of Lubbock; Mr. and Mrs. Harold Anderson, Jerry and Ronnie of Childress; Jimmy and Joyce Lowe of Childress; and Mr. and Mrs. Hubert Brown and Ida Mae of Wildorado.

Also attending the reunion was Mrs. Lowe's brother, the Rev. Mr. Langley of Fort Smith, Ark., and Mrs. Genoa Doshier of Clarendon.

## CAA Station Closed Last Midnight

Midnight last night was the end of the local C.A.A. Station at the airport, or at least is the end at the present time and the possibilities for reopening are very slim. It has been understood that a crew will dismantle the equipment and move it out this week end. Clarendon regrets the closing of the station here and will certainly miss the fine folks that formed the personnel of the station. An attempt is being made at the present time to retain the weather observation station here but nothing definite could be learned in this regard before press time. The City will continue to keep the lights at the field for an indefinite period and the range west of town will continue to operate its beam but with no voice.

The personnel of the station have received their transfers and will be sent to scattered points away from Clarendon. Chief B. L. Hurst will go to Texarkana; M. C. Powell will go to Bryan; T. J. Morris will go to Tucumcari, N. M.; Martin Weiss and Bill Hightower will go to Longview.

Mr. and Mrs. Lee Landers and daughter, Mrs. Ruby Lee Dooley of Amarillo visited relatives and friends here Wednesday. Mr. Landers has regained his health which will be source of satisfaction to his many friends here.

## Varied Weather This Past Week

The weather over the past week has been everything but predictable. The wind has blown unusually strong throughout most of the week and Saturday afternoon and night a southwest whizzer blew in and brought along 95 inch of moisture. Most of Donley County was quite lucky in not receiving a cloud burst like some neighboring sections which received three and four inches. The Brice section was hard hit again with the wind doing most of the damage. Farmers in that section had just finished replanting from their previous flood.

Since the rain, the temperature has begun to soar and has been keeping company with the 100 degree mark and the forecast is for continued high temperature and no moisture. Pasture land is beginning to green up nicely and cattlemen are beginning to wear a broader smile. Row crops in general are looking exceptionally good and our farmer friends are really putting in those long hours to catch up with the weeds and finish planting.

## MUMPS SLOW DOWN LOCAL YOUTH ON WESTERN JAUNT

Bill Noblet, son of Mr. and Mrs. W. W. Noblet, is suffering with a case of the mumps a long way off from his parents, according to a phone call Tuesday night from his great aunt in Roseburg, Oregon.

Bill's western trip started Sunday a week ago when Mrs. Noblet and Bill joined her aunt, Mrs. J. P. Willis of Kansas City, Mo. on a trip to El Centro, Calif. where they visited Mrs. Noblet's sister, Mrs. H. Y. Hillis. Mrs. Noblet returned home Tuesday, and Bill went on with his great aunt for the tour of the Northwestern states. Mrs. Willis stated that Bill was getting along fine and the Dr. reported that he could possibly continue the journey in three or four days. If you have ever been around 3,000 miles from home you can imagine how Bill feels up there sick and away from his parents.

## Hospital Notes

**Medical:** Mrs. W. H. Martin, Mrs. F. H. Hardy.

**Medical Dismissed:** Mrs. Jeff Harris and son, Mrs. J. B. Jordan and daughter, Mrs. Billie Roy Blackman and son, Mrs. Ryan Moore and son, Donald Eugene Elliott, Mrs. Opal Johnson, Mrs. Edna Bertelson, Freddy Dennis.

**Surgical:** Mrs. Lee Leek, Mrs. D. L. Hickey.

**Surgical Dismissed:** Mrs. Aida Hudson, Tommie Gene Gibson, Peggie Usrey, Jerry Usrey.

## Deadline For Candidates This Saturday

Candidates or county and precinct offices must file their applications for a place on the Democratic ballots before Saturday night. The county Executive Committee will meet next Monday afternoon at 2 o'clock at the J. T. Patman & Son Insurance office for the purpose of drawing for places on the primary ballots; for selecting judges and for setting the fees of the candidates for places on the primary ballots.

To date all county races will be decided in the July primary as there are only two candidates running in each contested race. Several are running without opposition.

Candidates have until June 24 to pay their fee to the County Executive Committee for the expense of the primaries. Local candidates must file their first expense account with the county clerk between the dates of June 22 and June 26.

Donley County Leader \$2.50 yr. in County.

## Allen Harp Makes Envious Record

During the first five months of his tenure of office as district attorney, Hon. Allen Harp has made a new record for law enforcement in this district composed of the counties of Donley, Childress, Collingsworth, Hall and Carson counties.

Convictions had in Donley county are W. E. McFarrin, two charges of forgery with a 2-year prison term in each case. A. J. Isbell, 2 years; Lewis P. Smith, charged with burglary was given 2 years in prison. Arthur Montenes and Roy Quinton, Jr., each charged with burglary, were given 5-year suspended terms.

In Childress county the charges included DWI, rape, burglary, assault to murder, murder, felony theft, forgery and cattle theft. Nineteen cases were tried in which Mr. Harp secured convictions ranging from two to twelve years. Eight were given prison terms. Eleven were given suspended sentences by the juries trying the cases.

In Collingsworth convictions were had in three cases in which the prison terms ranged from 2 to 25 years. A murder charge called for 25 years, forgery 2 years and burglary 3 years.

In Hall county three cases were tried in which a forgery charge drew a 5-year suspended sentence, burglary 8 years and felony theft 7 years in prison.

Twelve convictions were had in Carson county, five of which were suspended. The charges consisted of burglary, forgery, felony theft and the sentences ranged from 2 to 6 years.

It is the duty of the district attorney to represent the people when charges are made against an individual. It is his duty to prosecute the case when sufficient evidence warrants such action. It is up to the jury to decide whether an accused shall serve a prison sentence or be turned loose with the sentence suspended under certain conditions.

The people of Donley county believe in law enforcement. They appreciate what our new district attorney has accomplished the first five months of his administration. As a citizen of many years here stated Wednesday, "the law enforcement in any section depends greatly upon the cooperation of the jury with the peace officers."

## DRIVE TO BEGIN SOON FOR NEW CHURCH

A drive for funds will begin in the very near future for a new United Pentecostal church building. The former church property has been sold and ground is being readied for the new building at the present time. The new church will be located at Faker and Montgomery streets.

The pastor, James L. Gilbert, announced that services are now being conducted in the gym at the Elizabeth Stevens Ward. The public is invited.

## H. M. Reid Family Hold Reunion

Mr. and Mrs. H. M. Reid of Clarendon enjoyed a family reunion Sunday, June 11 in the home of Mr. and Mrs. Fred Reid at Plainview.

Those present at this pleasant occasion other than the father and mother were Mr. and Mrs. Fred Reid of Plainview; Mr. and Mrs. Huffstutler and Jonnie and Imogene of San Bernardino, Calif.; Mr. and Mrs. Lloyd Reid of Clarendon; Mr. and Mrs. John Aduddell and children Marilyn and Marsha of Bula, Texas; Mr. and Mrs. Frank Reid and children Glenn and Bertha Mae of Clarendon; Mr. and Mrs. Vernon Reid, and son Gerald of Bula; Mr. and Mrs. J. B. Duckett and children Rose Ann, Kenneth and Donna B. of Plainview; Mrs. James Lengo and children Lee and Sue of San Bernardino; Mr. and Mrs. J. F. White of Clarendon; Mr. and Mrs. Dwight Tiller of Bula; Mr. and Mrs. Jack Aduddell of Bula; Miss Patsy Jackson of Clarendon.

# Donley Complimented On Highway Progress

## Tom Harrell Named Head Football Coach

Tom Harrell, 1947 All-Rocky Mountain Conference footballer at Colorado Western State, Gunnison, Colo. has been named by the local school board as the new head coach here.

Harrell replaces Beryl Clinton who resigned his post to accept a similar position in Horace Mann Junior High School in Amarillo.

The new mentor comes to the Clarendon school system from Granville High School where he completed a successful athletic season last year.

A graduate of Colorado Western, Harrell has had a varied collegiate career—as a result of the Navy Training Program.

He entered the Navy under the V-12 program in 1942 and completed for Southern Methodist University and Southwestern University at Georgetown, Texas, before being transferred to the University of Oklahoma in 1943.

Between 1944 and 1946, he continued his education at Oklahoma City University and the University of Texas, then transferred to Colorado Western where he made the All-Conference football squad in 1947.

Harrell should feel right at home in the Class A High Texas schoolboy circuit, since his brother, Joe, is assistant to Coach Gene Sunderman of the Dalhart Wolves.

## Former Resident Dies In Amarillo

Funeral services for J. E. Duckett were held Wednesday afternoon at the First Baptist Church in Amarillo with the pastor, Carl Bates, officiating. Burial was in Memorial Park Cemetery.

Mr. Duckett, age 37 years, died in Veterans hospital Monday morning after several months illness. He was a resident of Clarendon for a number of years prior to moving to Amarillo in 1939. He was shop foreman for the Borden Company. He was a veteran of World War II and a member of the First Baptist Church.

Surviving relatives include the wife, Mrs. Donella Duckett of Amarillo; two sons, Jay Don Duckett and Joe Bob Duckett; two daughters, Gwenn Renee Duckett and Susanne Duckett; the parents, Mr. and Mrs. J. H. Duckett of Memphis; a brother, J. B. Duckett of Plainview; and five sisters, Mrs. Crystal Standiford of Hot Springs, Ark., Mrs. Jewell Short of Memphis, Mrs. Ruby Tidwell of Klamath Falls, Ore., Mrs. Pearl Wallace of Spring Hill, La., and Mrs. Opal Darnell of Amarillo.

Donley County Leader \$2.50 yr. in County.

## CAIN FILIBUSTERS RENT BILL

WASHINGTON, D. C.—Photo shows senate page boys napping during the 12-hour long filibuster by Sen. Cain of Washington against voting on the rent control bill. Cain announced he would resume his talk, if necessary, to block senate action until the house has voted on their rent control measure.

THE TEMPLE OF TRUTH

By the Apostle

PREDICAMENT.

The "power behind the drone" is the woman who has a healthy invalid for a husband and can't push him into work after she finds the kind of a job he has always been craving.

HOT ROD DAYS.

The world is moving so rapidly that the man who says it can't be done is generally interrupted by someone doing it.

DISCOVERY.

When scientists in Egypt dug up a stone image of a man with his foot in his mouth were puzzled until a writer informed them that the "find" had been a newspaper editor.

INQUISITIVE.

An old geezer stopped at the Wichita Falls hospital a few days ago and inquired if an inmate had escaped. Some fellow had run off with his wife.

EXPLANATION.

A man being tried for burglary in Dallas last week explained his deed by saying he had to because he had lost his health. The judge gave him a room in the state prison for 8 years where he was instructed to rest and get well.

OUR WEAKLY POME.

The bachelor is a wretched man Homeless and unharried, He has no one to share the cares He'd have if he were married.

DEFINITION.

Those who claim to have an open mind should investigate it The mind may be just vacant.

TROUBLESOME.

Then there was the woman who went to her doctor complaining of being tired all the time. She was indignant when the first thing the doctor asked her was to "stick out her tongue."

REWARD. Nothing but a set of whiskers will come to the man who waits.

CONDEMNATION. Worry kills more men than work because more men just worry.

PAPPY'S DAY. Next Sunday is Father's Day. He won't have to work as another did on her day preparing for the crowd that usually gathers in. Otherwise they are pretty much the same thing.

And an insurance company wants to pay a former resident of old Donley a sum of money. Or pay his heirs if he can't be found. The name is Benjamin Franklin Smith.

Mr. and Mrs. Charles Condon and daughter Patricia Lon left Friday night for their home in Burbank, Calif. after a two weeks visit with her parents, Mr. and Mrs. R. T. Brown.

It takes from 50 to 100 years to produce a tree large enough for lumber.

**Gabie Betts Burton**  
Library Notes  
By May L. Prewitt

The boys and girls are devoting a noticeable period of their vacation to reading. Our recent editions to the Junior shelves are a completion of the Lone Ranger Series. These new editions are "The Lone Ranger and the Silver Bullet," "The Lone Ranger Rides Again," "The Lone Ranger and the Mystery Ranch," and the "Lone Ranger and the Outlaw Stronghold." The series are written by Fran Striker who is a personal friend of some of the youngsters.

For the little people we have "Brer Rabbit Rides the Fox"—Walt Disney, and also his "Come Play With Mickey Mouse." Then "A Surprise for Mrs. Bunny" by Steiner, and "Little Gray Colt" by Hawkins.

There is a movement on foot among our writers, both negroes and white authors, to put in circulation literature pertaining to the interests and environments of the negro race. This is the only way to establish an incentive for unrequired reading in their school courses. They are not too personally interested in the heroes who are all a white race. Our book review publications are revealing numerous literary characters of fame from the negro race at present. "A book is by nature a Fragment of Life-Itself."

The Jarrah tree, a species of Eucalyptus of Australia, sometimes sends its roots down 120 feet to obtain its water supply.

**IT'S A FACT**  
"He calls me his MONEY-SAVIN' HONEY!"

"And no wonder! I've cut my food bill 20% and we eat better than ever before!"

"He's just as enthusiastic about our Deepfreeze farm home freezer as I am. We eat better, live better in so many money-saving ways!"

**Our Deepfreeze Farm Home Freezer is A Money-Savin' Honey!**

"I buy way ahead when price and quality are right. And there's no food-waste at our house, no leftovers because those good cooked foods can be frozen and stored for future use. You'd be astonished how much money I've cut from our food bills. Why, our Deepfreeze farm home freezer is paying for itself!"

**Pays For Itself in Many Ways**

"Confidentially, it pays for itself with the work that it saves! I can cook and bake ahead in quantity and shop less often. This saves so much time, too. And speaking of time, I shop just once or twice a month and keep the food in my big, beautiful, wonderful Deepfreeze farm home freezer!"

"See why he calls me his money savin' honey?"

## Wilma Dee Smith Becomes Bride of Woodley Richerson In Double Ring Ceremony Sunday

The double ring ceremony uniting Wilma Dee Smith, daughter of Mr. and Mrs. D. S. Smith of Clarendon, Texas to C. Woodley Richerson, son of Mr. and Mrs. S. C. Richerson of Hedley, Texas, was performed at the home of the bride's parents, Sunday, June 11, at 3 o'clock P. M.

Tommy McDonald, Minister of the Church of Christ of Pampa officiated during the ceremony.

Baskets of white gladioli and yellow mums formed the beautiful background under a canopy of white satin for the wedding couple whose attendants were Miss Loyd Richerson, sister of the groom, wearing a powder blue suit with navy blue accessories. Her corsage was Talisman Roses.

Connie Nicholson of Phillips served as best man.

The bride was beautifully attired in a sheer navy net dress, ballerina length, trimmed in navy taffeta. The bodice fitted neatly to a long waist line. The skirt was full having brocaded flowers of the same taffeta trim entwining the side front.

One single strand of pearls, something borrowed, was the only jewelry worn by the bride. She wore a navy net picture hat and her bouquet was yellow roses.

Mrs. Smith, mother of the bride wore a teal blue dress. Mrs. Richerson, mother of the groom chose navy. The corsages for both mothers were pink glameias.

The reception followed immediately after the ceremony at the home.

The serving table was covered with a beautiful lace table cloth. The three tiered wedding cake, topped with a miniature bride and groom completed the decor-

ation. Mrs. Owen Moore presided at the coffee service.

For traveling the bride chose a red linen dress with white accessories.

Mrs. Richerson is a graduate of Clarendon High School, Clarendon Junior College, and Abilene Christian College. She was employed as a teacher in the Clarendon High School and Junior College at the time of her marriage.

The bridegroom graduated from Hedley High School and has been employed with Phillips Petroleum Company of Phillips, Texas for several years. He served four years in the U. S. Army, spending that time in the European Theater.

After a short wedding trip the couple will be in their home at Phillips, Texas.

### MARTIN QUILTING CLUB

The Martin Quilting Club met with Mrs. Annie Waldrop Thursday, June 8th. A delicious covered dish luncheon was served at the noon hour. Two quilts were completed.

Members present were Mrs. Grace Crofford, Margaret Waldrop, Lois Sibley, Ruby Jordan, Blanche Higgins, Aileen Talley, Lela Bulman, Lois Stevenson, Bessie Helton, Della Barker, Montie Kidd, Maybelle Phillips, Rhena Roberson, Yvonne Barker, Eunice Land, Ruthie Gray, Emma Davis, Lizzie Morrow, and hostess Annie Waldrop. Visitors were Mmes Clyde Butler, Joe Terry, A. Pittman, J. H. Easterling, Ben Kyser, B. J. Land.

The next quilting will be Thursday, June 22nd with Mrs. Maybelle Phillips.

### H. D. CLUB

The Home Demonstration Club will meet in the home of Mrs. J. C. Estlack Friday, June 16 with a covered dish luncheon and all day meeting.

Planet means wanderer.

**SOPHOMORE BEAUTIES**—Favorites elected by the student body at TCU from among the girls of the sophomore class are, left to right, Miss Amelia Douglas, Electra; Miss Ann Guest, Fort Worth; and Miss Ann Bettis, Olney. Three girls and three boys were selected from each of the four classes and announced in the 1950 Horned Frog University yearbook.

### 1926 BOOK CLUB

The members of the 1926 Book Club and their husbands and guests enjoyed a picnic supper on the lawn of the B. C. Antrobus home Tuesday evening, June 6.

Those who enjoyed this delightful occasion were: Mr. and Mrs. E. S. Ballew, Mr. and Mrs. C. E. Bairfield, Mr. and Mrs. R. S. Brumley, Mr. and Mrs. W. E. Clifford, Mr. and Mrs. C. W. Bennett, Mr. and Mrs. L. N. Cox, Mr. and Mrs. Jolly Johnson, Mr. and Mrs. Alvin Landers, Mr. and Mrs. C. M. Lowry, Mr. and Mrs. C. B. Morris, Mr. and Mrs. Frank Phelan Sr., Mr. and Mrs. Bill Riney, Mr. and Mrs. Bill Ray, Mr. and Mrs. L. T. Shelton, Mrs. Homer Bones, Mrs. Sam Darden, Mrs. Fred Buntin, Mrs. O. D. Lowry, Mrs. W. C. Thornberry, Mrs. M. C. Goodner, Miss Lucile Polk, Miss Loyd Richerson, Miss Ruth Richerson, Miss Marjorie Harlan, Mr. J. R. Porter and Mr. and Mrs. B. C. Antrobus and Sarah Ann.

Mrs. W. E. Clifford, Miss Lucile Polk and Mrs. B. C. Antrobus were hostesses.

Delicious refreshments were served to Mesdames Willie Hott, Vivian Allen, Ola Williams, Mary Mann, Ruby Blackman, June Dolman, Susie Blackman, Emma Jeanne Harrison, Velma Heathington and Corinne Harrison.

Susie Blackman received a gift from her Pollyanna.

### CHAMBERLAIN CLUB

The Chamberlain Club met with Mrs. Mary Myers Thursday, June 1st. The afternoon was spent in needle work. Plans were made for our monthly "42" party at the school house Friday night, June 16th. Bring tables and dominoes.

Delicious refreshments were served to Mesdames Willie Hott, Vivian Allen, Ola Williams, Mary Mann, Ruby Blackman, June Dolman, Susie Blackman, Emma Jeanne Harrison, Velma Heathington and Corinne Harrison.

Susie Blackman received a gift from her Pollyanna.

### BIRTHDAY DINNER

Mrs. Henry Mann surprised her husband Friday evening, June 2 with a birthday dinner. After the dinner games of 42 were enjoyed by all.

Those attending were: Messrs. and Mesdames Ross Darby, Gilbert Mann, Ira Self, Harvey Shaw, Oren Hott, and Mr. and Mrs. Carl Parker and Mary Lou, Mr. and Mrs. Amel Carter and son Jimmie Carter.

Mr. and Mrs. Henry Williams spent the week end at Amarillo with their son.

**TO PROVIDE FOR FLYING SAFETY**—This strange looking machine is a rocket-propelled sled developed for the U. S. Air Force in an effort to obtain data for reducing injuries in aircraft crashes. Experiments are being conducted at Edwards Air Force Base at Muroc, California.

### LES BEAUX ARTS CLUB

Les Beaux Arts Club held its annual family picnic at the City Park on Friday evening, June 9.

Art club members take especial pride and pleasure in the park since its construction and beautification was planned and sponsored by this club.

Members and guests present were Mr. and Mrs. M. R. Allensworth, Mr. and Mrs. Carl Allmond, Mr. and Mrs. Lloyd Benson and Bernie, Mrs. John Blocker and Jonnalee, Mr. and Mrs. Bill Greene Jr. and Judy, Mrs. Ruth Kennedy, Mr. and Mrs. W. J. Lewis, Jr., Mrs. C. T. McMurry, Mr. and Mrs. Frank Phelan, Jr., Mr. and Mrs. C. C. Powell,

Mr. and Mrs. Emmett Simmons, Mr. and Mrs. Joe Jones, Mrs. Bill Thornberry, Mr. and Mrs. W. W. Taylor, Mr. and Mrs. Frank Bourland, Miss Mary Howren, Mr. and Mrs. Walker Lane and Patti, Mrs. W. H. Patrick and Miss Kitty Carroll, Mrs. Homer Glascoe, Mrs. Marguerite Goodner and Marilyn and Karilyn Stewart.

Mrs. John Blocker and Mrs. Sam Darden, were Memphis visitors last Thursday.

Mrs. Johnny Blocker Jr. and daughter returned home Thursday from a visit with relatives at Mineral Wells, Fort Worth and Dallas.

## Directory of Texas Manufacturers

**AUSTIN**—What company in Texas manufactures barn paint? In what Texas cities are children's clothing factories located? What is made in Texas, and how can we find out just where it is manufactured? So that an accurate and up-to-date listing of Texas manufacturers will be available, the University of Texas Bureau of Business Research is compiling a new edition of its Directory of Texas Manufacturers.

The 1950 Directory, the seventh edition since 1933, is expected to be completed during this fall. It will chart the many changes and

## ONE Look

Yes, a look will show you why it's Ford for Fashion, again for '50! Once again Ford's modern styling earned it the Fashion Academy's coveted medal as "Fashion Car of the Year." No other car at any price has received such an honor 2 years in a row.

## ONE Listen

You can hardly hear the '50 Ford's powerful V-8, or its companion in quality, the 95-h.p. Six—both are "hushed" to a whisper. Your ride is quiet, too, because "sound-conditioning" throughout Ford's roomy and sturdy "Lifeguard" Body keeps noise out!

## ONE Ride

One "Test Drive" and you'll know the luxury comfort of Ford's "Mid Ship" Ride... the safety of its "Lifeguard" Body and King-Side Brakes... its big car roadability. Then check Ford's low first cost, great mileage, low upkeep and high resale value. You'll agree—Ford's the "Big Economy Package" of the low-price field.

expansions in Texas manufacturing that have taken place since the publication of the 1947 Directory.

The new Directory will include manufacturers only. It will classify the factories by cities and by products. The name of the executive officer of each firm, the date of establishment, street address, products manufactured including trade names, territory served, and the number of employees will be shown.

Questionnaires to be used in obtaining the information have been mailed to individual manufacturing plants, to chambers of commerce, and to postmasters in towns listed in the 1947 Directory. Texas manufacturers seeking new outlets for their products are urged to return their completed questionnaires to the Bureau or to the local chamber of commerce so that the name of their firm will appear in the new buyers' guide for Texas.

Miss Ann Hill returned last week from attending her brother's wedding, in Lancaster, Calif. She plans to attend summer school in San Antonio.

Donley County Leader, \$2.50 year

## "RED" BAND HAS NO POLITICAL TIE-UP

**LUBBOCK**—Prof. D. O. Wiley gave out with a calm assurance today that the "red" band at Texas Tech's 17th annual summer band school has no political connections whatsoever.

Wiley says he has divided three bands playing during the six-weeks summer course into the "red," "blue" and "concert" bands for convenience. More than 300 college students and 250 pupils of pre-college age are enrolled in the course.

A faculty of 20 is offering instruction, including Dr. A. A. Harding, director of the University of Illinois bands for the past 44 years. Dr. Harding will be in Lubbock from June 28 to July 12.

## U. S. Produces 63% Of World's Oil

The U. S. oil industry has produced 63 per cent of all the world's petroleum. Global output from 1859 through 1949 totaled 61.6 billion barrels. Of this, the domestic industry has produced 38.9 billion barrels.

When a rifle is aimed, the barrel is above the line of the target.

**What was the RIGHT thing for this Driver to do?**

Suppose you were driving the car in front. The driver behind wants to pass, and you see that he may run into a car coming from the opposite direction. If you are wise you will put out your hand and signal him not to pass. But, if he comes abreast of you too fast, keep to the right to provide clearance.

**Drive RIGHT with Phillips 66**

Phillips 66 Gasoline provides the fast, smooth response you want whenever you may be faced with a "ticklish" driving situation. Thanks to improved refining methods, this great motor fuel now gives smoother anti-knock performance, faster acceleration and greater power than it ever did before! It's right for safe, pleasurable driving.

You can get new, improved Phillips 66 Gasoline now, at your Phillips 66 Dealer's.

P. A. Powell, pastor.

**Altavene Clark Expresses Keen Disappointment Over Tideland Decision**

Mrs. Altavene Clark, Candidate for Congress, expressed keen disappointment over the Tideland decision of the Supreme Court.

"In view of the 4-3 decision of the Court", Mrs. Clark said, "legislation by the Congress is necessary to preserve for Texas its interest in the minerals and tidelands, as contemplated at the time of the admission of the Republic of Texas into the United States."

"The situation in Texas," continued Mrs. Clark, "is different than in any other state, because of the treaty under which we gave up our sovereignty as an independent Republic to become part of the United States. You may be sure that as the Panhandle Congressman I would do everything possible to see that proper legislation is enacted to preserve for Texas that which has always been considered our own."

Ruby Mann visited last week at Dumas.

**Through The Years**

The Buntin Burial Association provides complete protection at low cost for all ages.

A memory that will stand the test of time - through the years a warm and lasting memory of those passed on - a fitting tribute of your love for them should be realized in a simple, beautiful funeral service.

# FARM NEWS

From the County PMA Committee

## WHEAT ALLOTMENTS:

Any producer who received a "new grower" wheat allotment in 1950 and did not plant any wheat must come in and apply for a "new grower" wheat allotment if he wants a wheat allotment in 1951; otherwise, they will be left off the 1951 wheat listing sheet. The application must be filed in this office by June 26, 1950.

## COTTON MEASUREMENT:

Way back in the spring of '49, when we were signing up the 532-C's for every farm in the county, we thought we'd never find a job any harder to do. Well, we have one now, and it's cotton

measurement. This is a big job, and a hard one. We are going to need the co-operation of every farmer in the county to complete it. At the present time we can only have one chain man to each reporter. We know that this is a busy time of the year, but we do need your help. We would appreciate it a lot if you will take the time to help the reporter when he comes to your farm. Be sure of what you have planned, for your farm, so that you can work quickly and correctly with the reporter. **Don't forget, there will be a charge of \$2.00 per farm, or a \$1.00 per plot, whichever is larger, if the reporter has to return to your farm for a re-measurement.** There will be times when you, the producer, will be called on to help, and we do need

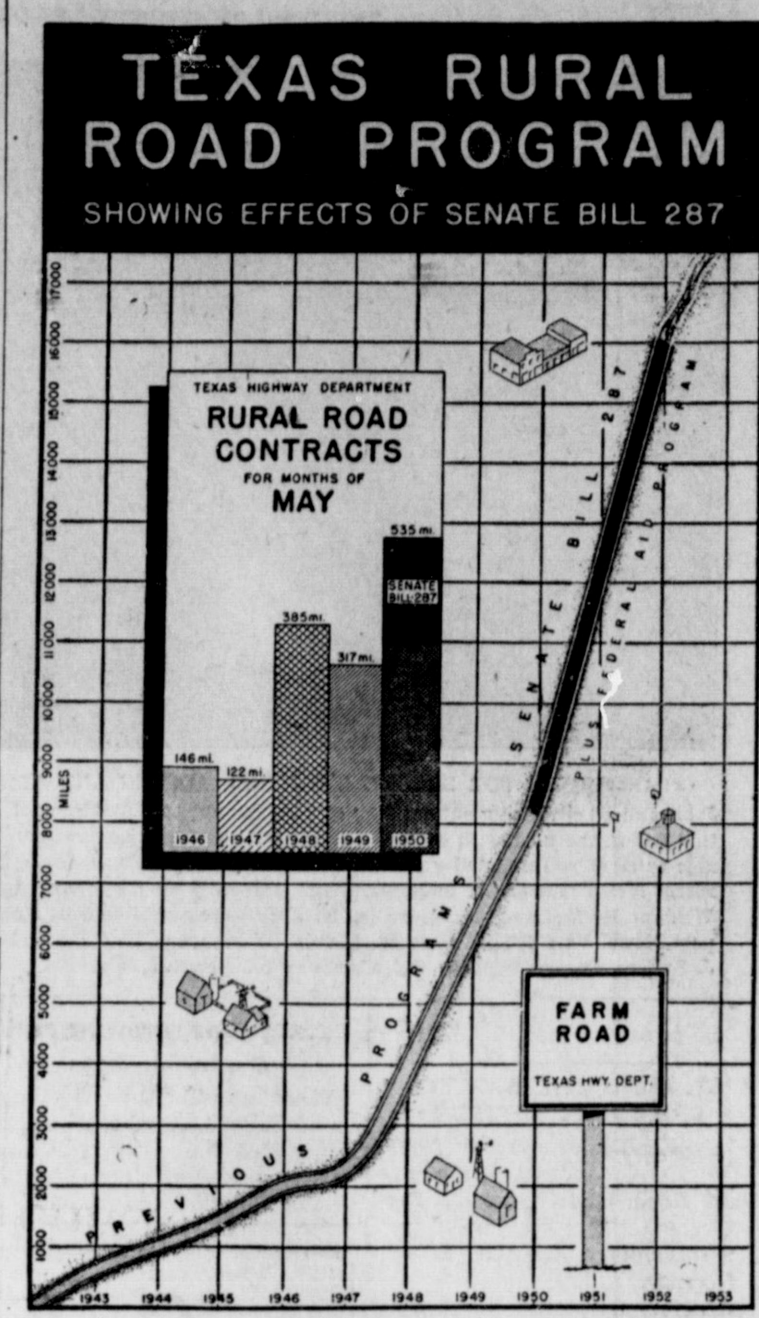

that help. **ODDS AND ENDS:** Billie Bulman, one of our clerks, is home this week with a good case of the mumps. "It never rains, but what it pours," as the old saying goes. Doug Lowe hasn't come back to work yet, but he is home from the hospital and feeling much better. Our crews, measuring cotton in the field, have about six farms completed. However, it will take some time before the office work will be completed on them. We will not be able to take the time to do each farm report as it comes in from the field. Each farm will be completed as quickly as possible, and the producer notified by mail.

Mrs. Ritter, our Administrative Officer, was in Childress the first part of this week attending a two day meeting with reference to the 1951 ACP program. Dr. R. H. Montgomery also gave a talk on the general agricultural situation. Don't forget to return your chains, that you have from the office, if you aren't using them. We do need them.

According to U.S.D.A., Texas wheat growers will produce only one-fourth as much wheat in 1950 as they produced in 1949.

If you're concerned about what to do with land that you can't plant to cotton and aren't going to plant to feed, come to the office and let us help you pick out a practice that is applicable to your farm. We give assistance on summer legumes, and grass seedings, crop residue management, and mechanical practices.

We received a Payment Voucher from the State Office this week notifying us that 126 checks have been sent to producers in this county. Don't give up hope, you'll get your 1949 ACP check

Visitors in the Van Knox home Monday evening were Mr. John A. Simmons, Mr. and Mrs. Vernon Simmons and two daughters, Mr. and Mrs. Othell Simmons, Mr. and Mrs. Ralph Simmons, Carl Simmons and J. C. Henderson, all of Dimmitt. Miss Floy Bell of Lovington, N. M., Mr. and Mrs. Lon Simmons and daughters of Portales, N. M. These were all relatives of Mrs. Betty Bell who was buried at Hedley Monday afternoon.

Paul Ledbetter and family spent Monday night with his aunt and uncle, Mr. and Mrs. Dewey Goodman. Paul had been stationed in Munich, Germany. He will be stationed at Camp Hood, Texas here in the states.

Mrs. W. H. Price and daughter of Astoria, Ill. are visiting her parents, Mr. and Mrs. J. T. Patman. Mrs. Price will visit two weeks and her daughter will remain for the summer.

Patricia Ann Knox left Tuesday afternoon for an extended visit with relatives at Clovis, Portales and Floyd, N. M.

Judge and Mrs. W. J. Williams attended the old settlers reunion at Alanreed Sunday.

Mr. and Mrs. Frank Henderson of Dimmitt spent the night with Mr. and Mrs. Van Knox Tuesday night.

Mrs. Joe Tom Smith and daughter visited their grandmother, Mrs. Monica Harvey and Joyce Smith Saturday night. Her home is at Springfield, Colo.

- Timken Roller Bearing throughout. Protected from dirt and dust with permanent seals.
- 26" disc blades, high alloy steel.
- 4" concavity discs.
- Made in the following sizes: 4 ft., 6 ft., 8 ft., 9 ft., 12 ft., 14 ft. and 18 ft.
- No rear or side levers. Raise disc out of ground with a screw system. A 10-year-old child can easily raise a 14 ft. plow.
- All electric welding frame. Made from drill stem . . . strongest pipe for weight there is.
- Can be converted to hydraulic or electric lift in place of screw.
- Easily set to plow in all kinds of ground.
- Easy to set for any cut within plow range.
- Plows any depth from 0" to 10".
- Easily adjustable for road travel.
- Lubricate disc and wheel bearings but once a season.

A Common Paper for Common People

**PLOWIN' Out the CORNERS**  
By Uncle Zeb

The following poem is the one used by Dr. J. W. Marshall in his talk a few weeks back. This copy was handed me by Bro. J. D. McDaniel. Anyway, it teaches a good lesson and is a clever version of a somewhat old story.

Two gay young frogs from Inland Bogs, Had spent the night in drinking. When morning broke and they awoke—While yet their eyes were blinking. The farmer's pail came to the swale, And caught them quick as winkin'.

Ere they could gather scattered

senses, Or breathe a prayer for past offenses. The farmer grave; That guiltless man, Had dumped them in the milk mans can. The can filled up the cover down, Soon they were hurried off to town.

The luckless frogs began to quake. And sober up on cold milk-shake. They see that life will quickly stop, Unless they can swim upon the top. They kick and swim and kick and swim, Until their weary eyes grow dim.

Say old Top says one poor sport, It's mighty hard to die so young; I've no more kicks, no more I'll try, I was not raised on a milk diet. Tut, Tut, the other cries, a frog ain't dead until he dies.

Keep on kickin' that's my plan, We may yet see outside this can. No use, no use, the faint heart replied, Turned up his toes and gently died. The other frog undaunted still, Kept on kickin' with a right good will. Until with

joy too great to utter, he found he'd churned a pound of butter. And climbing on that bit of grease, he floated to town with the greatest of ease. When times are hard, and you would frown—Don't get discouraged and go down. Just struggle on no murmur utter, For one more kick may bring the butter.

—:—  
"Our attitude determines the altitude we will reach in our Christian growth."

Had a nice letter from the Scotchman himself; Uncle Bob. He says that a Scotchman could very well wear rubber heel shoes because all that they gave when you stepped on them they would take back as soon as you raised your foot. You just can't get ahead of him. Anyway, he says that the clouds we have been having are Scotch; not the giving kind. Anyhow, if all that Scotland ever gave us was a few good citizens like Uncle Bob, I would feel kindly toward them for all time to come. They are the "Salt of The Earth", and there isn't anyone any saltier than the Scotch unless it would be the Irish; the O'Zebbs and the O'Mallerey's, and the O'Gormans, and the O'Toole's. I wouldn't want to ever have a contest to try to see who was the saltiest. I would rather just keep on arguing about it. Thanks Uncle Bob for your friendship.

Did you ever stop to think how complicated our lives have become? This kind of a meeting to-night and that kind of another to-morrow night. We are rushing from our work to some kind of a social or civic responsibility. We are longing for the banks of some creek or the quiet of some walk through the canyons. The American people are tied up and tied down with red tape and organizations. Every time a fellow gets an idea for a club he tries to get the whole world in it. If it mentions the higher being in its by-laws he sells it to the churches and they start promoting it. If the idea is a little lower than the angels he sells it to the politicians or the bureaucrats. I get so disgusted sometimes I almost think I will refuse to be the Supreme Agitator of the Ain't Smoking Right Now Society or the Department of Truth either. But think how many organizations there are in Texas and these

are the only two that I have started. Don't look like that I would be over doing the thing. OH Me, Anyway . . .

## Turkey Hens Prefer Do Not Disturb Signs

AUSTIN—Cooperatoin of Texans in protecting wild turkey hens, their eggs and their brood was solicited today by the Game, Fish and Oyster Commission. Emphasis was placed on not molesting the big birds in areas recently restocked, particularly heavily populated parts of north central, northeastern and eastern Texas.

The Assistant Director of Wildlife Restoration explained that persons in areas unfamiliar with wild turkeys, might innocently cause costly damage. He said the range of house cats and of dogs which suck eggs should be restricted.

Newly-stocked birds were not

GORDON STEWART, D. O.

Office Phone 238  
Residence Phone 253

so evident to the populace before the mating and nesting period because they had been in flocks generally in wooded areas. But when the breeding period begins, the birds scatter widely and are found in fields, open pastures, and meadows.

"Folks noticing the turkeys are naturally curious," said the Assistant Director. "If they will restrain their curiosity during this crucial period, many benefits will accrue. Turkey hens are very sensitive to human contact. They don't have to see persons peering into their nests and approaching their young. They can scent them. The hens, being wild, oftentimes abandon nests or young in their inherent fear of human beings."

"Touching the eggs is certain to prove disastrous, even though they are left in the nest. Persons placing eggs from 'abandoned'

nests under setting hens or under tame turkey hens are just wasting time. If the eggs hatch, the young usually perish from starvation or common poultry ailments to which they are very susceptible, or run away to become the easy prey of predators."

"Needle-Eye" Wells For Oil?

Some "wildcatters" are experimenting with coring holes one and one-half inches in diameter. An adaptation of mining methods, the technique may reduce the cost of corings for rock samples. It also is considered possible that such "needlepoint" holes may be completed as producing wells. For ten years the oil industry has been drilling "narrow" wells, but these usually are large enough to take four-inch pipe.

Toboggan sleds were invented by American Indians.

## PLANTING SEED of all Kinds

Texas State Certified Seed - the seed acclimated to these parts. The best is cheapest in the long run. Hybrid seed Corn No. 8, either white or yellow. You can haul more loads . . .  
more miles . . . for less . . .  
with Chevrolet Trucks

Take time out to talk to some Chevrolet truck users. You'll find it revealing. You'll discover that Chevrolet trucks pay their way by hauling more loads—more miles—for less! And you'll find that this extra measure of value is even more apparent in the new Chevrolet models. Definitely, they're America's first-choice trucks. Heavy-duty units feature a brand-new 105-h.p. Valve-in-Head engine with the power to pull heavy loads and conquer steep grades. They offer new Power-Jet carburetion for smoother, quicker operation. They bring you the fast, safe shifting of Chevrolet's 4-speed Synchro-Mesh transmission. But whatever your hauling requirements, Chevrolet trucks are your best bet. See them in our showroom. You'll agree.

ADVANCE-DESIGN TRUCKS

Clarendon Motor Company

CLARENDON, TEXAS

It's the best—

Electric Cooking  
has advantages for all!

### Better for you

**FAST . . .** electric "speed-units" now cook faster than any other method. They bring food to cooking temperature with unbelievable speed, and cook it at just the right temperature for the most flavorful and nutritious results.

**COOL . . .** the heat goes directly into the food and not into the air and kitchen. The days of hot, stuffy kitchens are over when you use flameless, clean electric cooking.

**SIMPLE . . .** as turning on your kitchen light. A flick of the switch and you're ready to cook. Baking, broiling, roasting, surface, deep-well, and pressure cooking are all equally simple.

**AUTOMATIC . . .** you've got a thrill coming when you can take the afternoon off, and have your supper ready for serving when you return. Electric cooking's automatic timing will "chef" for you, turning your oven on and off at just the right time, while you are enjoying a game of Bridge or Canasta.

### Better for your home

**CLEAN . . .** you have freedom from combustion. No smoke, soot, fumes, or odors can come out of an electric coil to make your kitchen walls dark and dingy. This clean, flameless heat helps keep pots and pans bright, too.

**CONVENIENT . . .** once you cook electrically, you'll wonder why you stayed so long with horse-and-buggy methods, as old-fashioned as flame lamps.

**MODERN . . .** electricity is as dependable a servant for cooking as it is for lighting your home. Yes, today, the modern way to cook is the "electric way."

**LONG LIFE . . .** your electric range is built to be a permanent part of your home. You have a right to expect—and you will get—many, many long years of cooking pleasure.

### Better for your family

**SAFE . . .** no matches, no fire, no fumes to bring hazards into your kitchen. Since electric cooking is flameless, no oxygen is removed and the air is not over charged with nitrogen to sweat up the walls.

**HEALTHFUL . . .** less water is used when cooking electrically; foods cook in their own juices, retain garden-fresh flavor and food values which are so often lost and carried off with the fumes of combustion in other methods of cooking.

**ECONOMICAL . . .** there's no wasted heat with electricity. Faster than ever, electric cooking gets the job done quicker and low-cost electric cooking rates bring operating costs way down.

**MORE FREEDOM . . .** your electric range requires less attention from you in the kitchen; its automatic features free you to devote more time to your family, more time to the pleasures of life. Its gleaming porcelain is so easy to keep clean...you'll be out of your kitchen in a jiffy after mealtime.

### Deer Feed Regardless Of Moon's Position

AUSTIN—Some popular theories about movement and feeding habit of deer have been challenged in findings by Game, Fish and Oyster Commission trapping crews.

For example, the old deer hunters' observations that deer feed during certain positions of the moon were not borne out by the studies, according to the Director of Wildlife Restoration. If weather conditions were to their liking, the deer fed regardless of the moon.

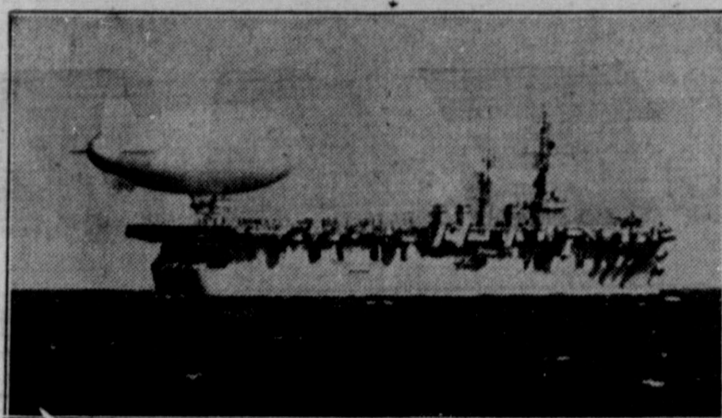

The trappers reported that mule deer moved around or fed very little during short periods of wet cold winds, high winds, and during rain or snow storms. It appeared that the deer congregated in arroyos, headers or on

the lee side of hills and remained there until the weather changed. Low temperatures alone did not seem to keep them from feeding. If the wind blew hot or cold for several hours and slacked up for only a short period, the deer became very active.

In the mule deer trapping routine, it was learned that deer were attracted to the traps in several types of terrain. When inclement weather prevailed, traps located near the foot hills were visited more often than those in the valleys. The deer did not object to traps out in the open but seemed to prefer those near trees. A trap near a public road was used very little and never regularly. Traps near watering places did not seem to have an advantage. After rains and during freezing weather, the traps up near the foothills gained in popularity and several of the

traps near water were abandoned by deer after one deer was taken. Unwanted species enlivened trapping procedure. In one experiment, crews found that the deer were not attracted to the traps by mistletoe and apples. But kangaroo rats and rabbits responded quickly to the fruit diet. The curious types caused considerable annoyance. One set of traps netted a cow, two calves and several raccoons as well as deer. Raccoons drew a General Nuisance rating because four traps in one set were thrown by the pesky night prowler.

Other undesirable animals attracted by cottonseed cake bait include peccary, turkey, hogs, pack rats and even ants. As winter progressed and native food declined, the disturbance in traps became serious. On occasions, one-third to one-half of all traps set were thrown by raccoons alone. Collared peccary or javelinas became a serious pest and at times no less than one-fourth

**HUNTER-KILLER TEAM TO DESTROY SUBMARINES**—With the advent of post-war improvements, such as the snorkel underwater breathing device, the submarine has become an increasingly difficult target. In recognizing the seriousness of this problem the U. S. Navy is improving anti-submarine warfare weapons and tactics. Aircraft, including blimps, may operate from carriers of an anti-submarine task force. Airships fly around the clock, landing on deck of the carrier twice daily to shift combat crews, refuel and replenish stores. (Official Department of Defense Photo)

rom injuring themselves or other deer while in transit and also to spare them from becoming a target of hunters immediately after release. By the time the buck gets on legal hunting ground with a new set of antlers, the scientists will be ready to record how far he traveled from the original releasing place, how long he lived, and other data vital to planned wildlife management.

### Radio Station KFDX To Carry Program For Farm Women

A Texas radio station has been added to the 11-state network now airing a unique farm program.

Wichita Falls radio station KFDX has completed arrangements to carry a program for farm women that is broadcast directly from the kitchen of an Iowa farm wife.

The program is called The Edith Hansen Kitchen Club. It's a quarter-hour homemaking pro-

gram to help busy women find the answers to the endless problems of raising children, chickens and husbands.

It's heard daily, Monday thru Friday, at 10:45 a. m.

Edith Hansen, born and raised on the farm, knows these problems first hand and has worked out a chatty, informal radio program or other women on the farm.

A public service feature of the Kitchen Club is the question and answer department. Women write Edith Hansen from all over the country, seeking answers to their homemaking problems. Most of them are answered by mail and the more interesting ones are answered on the air.

The program has been on the air in eleven states of nine years --- and it was a success from the start. Carried on KFDX (990) and 22 other stations, it originates in Edith Hansen's kitchen near Shenandoah, Iowa.

Wichita Falls radio station KFDX is the program's first outlet in the Southwest.

of all traps set were thrown by these animals.

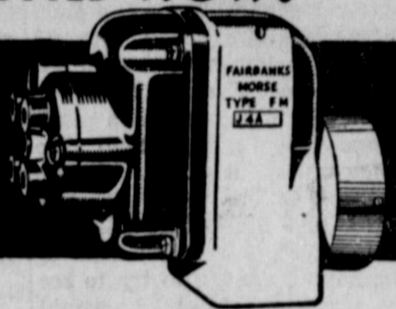

The portable traps used to catch deer for transplanting are made of aluminum with plywood doors at each end of the single compartment which slide up and down in channels like windows. When the deer step on a buried box-like device in the center of

the enclosure, a spring is released pulling wires that drop the sliding doors.

All deer are tagged in the ear with a metal numbered tag. The tag bears a notation that hunters bagging the game should notify the Game Commission. Trappers cut off the bucks' horns for the dual purpose of preventing them

**OLD PATHS**

By **DOYLE WILLIAMS**  
Minister  
Church  
of Christ

Jno. 9. This man was born blind. Jesus, "Spat on the ground, and made clay of the spittle, and annointed his eyes with the clay, and said unto him, Go, wash in the pool of Siloam." Surely this was an unheard of procedure, and so far as the record informs us, Jesus did not indicate what the result would be, or whether there would be any. He left him with the command to go and wash. If Jesus so much as furnished him with a guide, the record is silent. "He went away therefore, and washed, and came seeing." The Lord could have just as easily told the man to go brush his eyes, he could have told him many things, but he just simply told or commanded him to go wash. This was no water cure, nor clay cure, yet there was water and clay in the obedience which brought the cure. When God commanded him to wash it excluded every other way of affecting a cure. The man was not saved by something that God did not tell him to do, but was saved by his obedience to the command

to wash when we talk of man's part in the cleansing. He was also saved or received his sight by means of clay. He was also cleansed by spittle; then we could say as the blind man said, "He opened my eyes." But he was not saved by something that God did not tell him to do, not one.

We show our confidence in our physician by following the directions or commands, and not by something that he did not tell us to do or take. When we decide to set aside some of his directions as unnecessary and follow only those that suit us, we show more confidence in our self than in the physician, and by such a course take our case in our own hands. This is true in our treatment of what God says. No good soldier acts on the supposition that some of his commander's orders are essential and some are not, nor does he substitute. He does not act upon something the commander did not command, but upon the things he did command. The soldier shows his confidence in his leader by unquestioning obedience.

Our obedience does not rest upon the things that God did not tell us to do: it does not rest upon the means that he did not tell us to use, but obeying his commands as he has commanded, and use the means that he has revealed in obeying his commands. God has told all Gospel preachers to preach, and has commanded the means that are to be used: "The Gospel, The Word" Beyond this no teacher in religion has the

**MEET DEPUTY DEFENSE CHIEF**—Greeting visitors among outstanding servicemen at the Pentagon, Deputy Secretary of Defense Stephen E. Early proudly displays daughter's photograph. Left to right, Navy Engineman 1st Class Horace A. Payne, S/Sgt. June B. Comer, Airforce; Mr. Early, and M/Sgt. Thomas R. Mitchell of the Marines.

right to go.

To teach something that God has not commanded, or that he has excluded by revealing His means, is pure presumption on man's part. We should be very careful in obeying the commands that God has revealed, and use the means that God has revealed in obeying those commands. He has commanded us to "Sing" and

has revealed the means that are to be used in obeying the command to "Sing." That is, "With the spirit, and with the understanding." When he gave us the command to praise him, and revealed the means that are to be used, it excludes every other means in praising him.

Donley County Leader, \$2.50 year

**Some Ducks Enjoy Texas Hospitality**

AUSTIN—Even the ducks are catching on to the desirability of making Texas their permanent home. At least, a few species are rearing their families here while the bulk of the wintering flocks continue their routine of flying northward in the spring to nest.

This extreme in utilizing Lone Star State hospitality was spotlighted the other day when an Austin resident called the Game Department about an apparent new trend in the Friendly City's attractiveness.

The Director of Wildlife Restoration said the principal beneficiary of the Capital City's famed lakeland area are coots or mud hens. These black, clumsy waterfowl which fly like they might have to ditch any moment, particularly seem to like Lake Austin and the immediate Colorado River area.

For residents of the lake area and for persons visiting those regions by boats, here's the official description if and when a white beaked bird struggles off the water, seems to skip along on top and then plops itself down with an awkward splash: "Rather large, duck-like bird; toes furnished with membraneous lobes; bill and frontal shield as ingallinules but dead white instead of highly colored. Dive quickly but rise from the water with difficulty; fly with feet trailing behind."

The Director of Wildlife Restoration emphasized that rare cases have been noted wherein even ducks which usually nest as far north as the Yukon have been known to stay in Texas for the entire summer and hatch a brood of ducklings. A Game Depart-

ment coastal crew reported last summer that a Blue Bill or Lesser Scaup had nested on the Texas Coast and had hatched a good sized brood. Some cases of Blue Wing Teal nesting in Texas also have been observed.

The Director of Wildlife Restoration said these rare instances probably involved stragglers or ducks that were crippled or sick when migration time came and then remained to mate and produce their normal brood.

The fairly large representation of nesting ducks is found along the coastal prairies from Louisiana to Mexico. They include the mottled duck, a sub-specie of the mallard duck but smaller and the Wood Duck, which also resides in limited summertime numbers along the heavily wooded river bottoms, particularly in the Eastern half of the state. They nest in hollow trees and are keen for old woodpecker openings, sometimes 20 to 30 feet off the ground. This species has considerable company from the Tree Ducks. The black-bellied tree duck is usually found from Corpus Christi down into Mexico. And there is the Fulvous tree duck which ranges from Corpus on into Louisiana and as far inland as Eagle Lake.

There seems little hope for the Jayman to observe these Texas visitors during the hot summer months immediately ahead, since the birds begin nesting before

long and will do a rather thorough job of hiding from humans as well as from predators.

One way to save the effort of trying to find the ducks while they are secretly propagating would be to visit the San Antonio Zoo. A great variety of wild water fowl, with a wing clipped to prevent escape, have been provided nesting grounds there.

**Vacationists "Stepping Out" This Year**

The average American on vacation this year will travel a greater distance and spend more money for gasoline, oil and food than ever before, according to a magazine survey. Mr. Tourist is expected to spend an average of \$279 and travel 1630 miles. That is \$66 and 381 miles above the figures for 1949. Since most vacationists travel by automobile, the oil industry will play a big part in meeting record demands of pleasure-bound Americans.

**Cut Corrosion Costs**

Formaldehyde is now used in America's oil fields to counteract hydrogen sulfide corrosion. The manufacturer says the new technique results in a saving of \$29 on equipment replacements for every \$1 invested in the chemical.

It is possible to seat five people at a table in 120 different combinations.

**BETTER BREAD!**  
It's Fresher-ized

AT YOUR FAVORITE GROCER

From where I sit... by Joe Marsh

**Oh—My Aching Feet!**

Other night just as I was settling down with a book and a mellow glass of beer, the wife calls down, "Joe—I almost forgot—you and I are going over to the High School and take dancing lessons!"

Now, I can waltz with the best of them, so I put up a quiet struggle against going but it was no use. Turns out it was the class in square dancing. And from the look on some of the other men I judged I wasn't the only one there who had been taken by surprise!

Miss Williams and Curly Lawson taught us what to do with our feet, and before it was over, darn if I wasn't actually enjoying myself. Going back next week, too!

From where I sit, we sometimes get an idea into our head for or against something and then hang onto it for dear life. Whether it's square dancing, or the right to enjoy temperate beer or ale now and then, we owe it to ourselves as Americans to take an open-minded attitude—that's even after we make up our minds about it!

Joe Marsh

STANDARD FLASHING BEACON SKETCH F

HIGHWAY TRAFFIC SIGNALS FLASHING BEACONS

Do you know the meaning of a flashing red or flashing yellow beacon and the purpose for which they are used? If you do not know, you are not in a class by yourself. There are many motorists in this "don't-know-class" who should graduate to a higher knowledge of flashing beacons. By so doing, they could help to insure their own safety, as well

as the safety of others. They could perhaps save themselves the sad experience of some day having to explain a traffic violation to the judge.

The flashing red beacon means TOP and then proceed when it is safe to do so in the same manner as you would after stopping for a STOP sign. If you run through a flashing red beacon without coming to a full stop, you are just as guilty of a traffic vio-

lation as you would be if you ran the red light of a stop and go signal. The flashing red beacon is generally used instead of or in conjunction with a STOP sign where it is especially desirable to emphasize the need for stopping, and for important intersections where the traffic conditions will not justify the installation of a stop and go signal.

The flashing yellow beacon means CAUTION. Drivers of vehicles may proceed through the intersection or past such signal only with CAUTION. Flashing yellow beacons are most frequently used to mark a physical obstruction existing in the roadway, an important intersection hidden by an obstruction or sharp curve in the highway, or a sudden change from rural conditions, where relatively high speeds are safe, to those of an urban district where speed must be reduced.

Flashing beacons have an important part in the scheme of traffic control, and a better understanding by motorists of the purpose for which these signals are erected would increase their

effectiveness many times. At the lighter traffic intersections which will not justify the more rigid control of a stop and go signal, the flashing beacon marks the existence of an intersection of more than average importance by either emphasizing the need for

stopping with flashing red or proceeding with caution with flashing yellow. When the beacon shows flashing red, be ready to stop; when it shows flashing yellow, be alert and ready for any emergency that might confront you.

Cong. Ben Guill Makes Statement On Tidelands Decision

Republican Congressman Ben Guill, Pampa, of the 18th Texas Congressional district, has issued the following statement on last week's U. S. Supreme Court ruling in the tidelands case:

"The Fair Deal of President Truman's so-called Democratic party can now be officially labeled the raw deal. The decision of the Supreme Court has 'legalized' the cold-blooded theft of an estimated one billion dollars by a vicious and totalitarian administration which falsely calls itself Democratic.

"This administration has now stooped so low as to pick the pockets of our Texas school children and to break the most solemn word of the U. S. government. This decision following the veto of the Kerr Bill is another step of the Truman administration against the state of Texas.

As long as Texans continue to support in office their worst enemies, the Socialists who call themselves Democrats, they can expect to be stabbed in the back repeatedly as a reward for their misplaced loyalty."

Pressure Boosts Crude Yield

An advanced method for producing crude oil may result in recovery of up to 90 per cent of the oil in a given pool. Hydrocarbon gas mixtures are injected into wells at high pressures to achieve this result. This method is still in the experimental stage however, and field tests are being made later this year.

## How SMOOTH can a ride be?

THAT'S a question well worth answering before you settle on your next automobile.

For what fun is there—what thrill—in a car that is prisoner to the city streets, slowed down by roads a Buick is built to take in stride?

So we'd like to show you just

how much smoothness your money can buy. How levelly you float over cobbles and car tracks—over rutty gravel and wavy black-top—in this stunning traveler.

The car will be any Buick you prefer—SPECIAL, SUPER or ROADMASTER. You can name the place—pick a spot or a

stretch you know so that you can measure Buick's smoothness against your own experience—and we'll promise you a new sensation in riding comfort.

The time can be any time you want to arrange with your Buick dealer—who is ready to show with actual figures that "if you can afford a new car you can afford a Buick."

See him, will you, and treat yourself to some real comfort?

Only Buick has Dynaflo<sup>®</sup> and with it goes:

- HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.)
- NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights
- WIDE-ANGLE VISIBILITY, close-up road view both forward and back
- TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius
- EXTRA-WIDE SEATS cradled between the axles
- SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube
- WIDE ARRAY OF MODELS with Body by Fisher.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

YOUR KEY TO GREATER VALUE

#### FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

## It's Super

### for Stretched-Out Mileage!

Friends, it's amazing how gasoline mileage can s-t-r-e-t-c-h o-u-t... when you OIL-PLATE your engine with new Conoco Super Motor Oil!

Proved by 50,000-Mile Road Test! In a punishing 50,000-mile road test, engines lubricated with new Conoco Super Motor Oil showed amazing economy of operation. Gasoline mileage for the last 5,000 miles of the test-run was actually 99.77% as good as for the first 5,000 miles. Proving that Conoco Super Motor Oil—with proper crankcase drains and regular care—can really s-t-r-e-t-c-h o-u-t gasoline mileage!

Come in and let me tell you about "50,000 miles no wear!"
