MARINE, 17, RE-ENLISTS—Many Marines have enlisted at the age of 17, but rarely does a boy come up for re-enlistment so early in his youth. This distinction belongs to Pvt. Robert James Swanson of Hampton, Virginia. He left high school to join up in November, 1948. He was only 16 and used his deceased brother's birth certificate to authenticate his application. It was five months before his record was so good that he was given an honorable discharge and a letter stating that the Corps would be glad to have him back on his 17th birthday if his mother, Mrs. Ethel Dixon Swanson, were willing. When the day came, Bob reported at the Norfolk recruiting office and re-enlisted for three years. He wears the Medal of Honor.

**Low Pay Keeps Texas
 Mental Hospitals
 Understaffed**

AUSTIN—Low pay for long hours of hard, distasteful work keeps Texas mental hospitals seriously understaffed.

Texas newspapermen, on their recent tour of the mental institutions, got figures to this effect from hospital officials. They saw the facts for themselves.

The newsmen visited a 913-patient ward in San Antonio, cared for by one attending physician.

They saw women attendants doing the work of registered nurses for \$80 a month. The same work, performed in private hospitals, would bring \$175 a month.

The newsmen talked to men attendants who work 72 hours a week for the same \$80 wage.

"How on earth can we attract anyone when other hospitals pay three times as much," exclaimed Dr. A. T. Hanretta, superintendent of the Austin State Hospital.

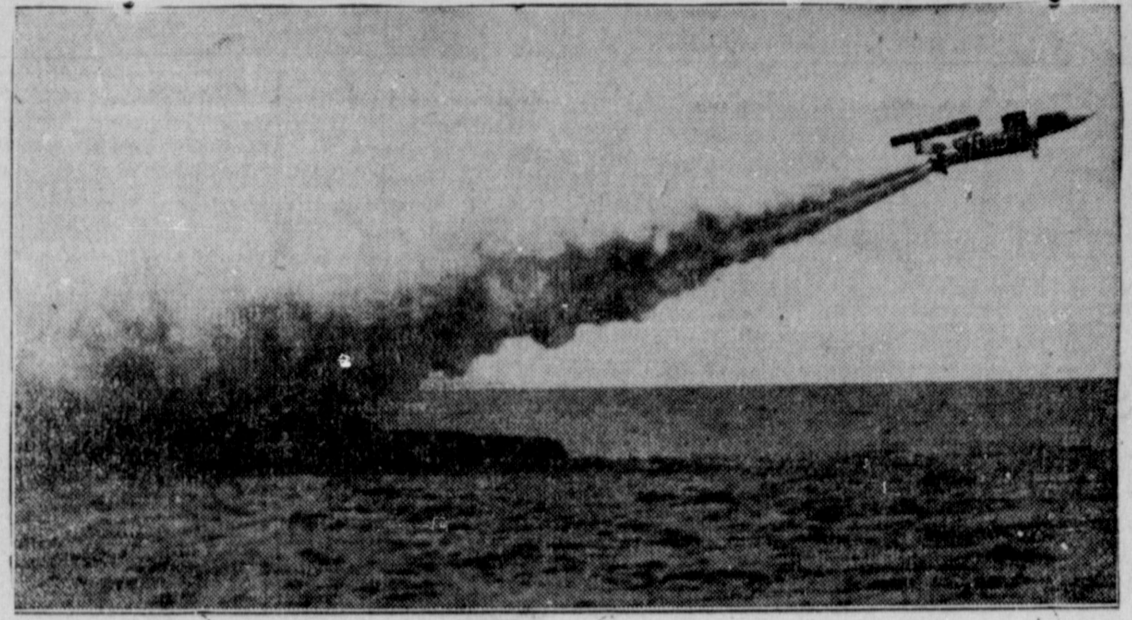

Most doctors in the State system are paid \$425 a month. Some receive as low as \$325, and the top salary is \$500.

The Austin hospital houses 3,200 patients. According to minimum standards of the American Psychiatric Association, the institution should have 30 doctors and 133 registered nurses. It has 10 doctors and 4 nurses.

The shortage of doctors and nurses was prevalent in every institution the tour covered.

Dr. R. C. Rowell, superintendent of the Abilene hospital for epileptics, says he needs 8 doctors instead of 4, 12 nurses instead of 2.

Dr. A. D. Patillo's 2,000 patients at Terrell have no registered nurses and only 3 doctors. The State allows the hospital 5 more

doctors, but no more will agree to work for the salaries the State offers.

Rusk State Hospital's superintendent, Dr. C. L. Jackson, gave the newspapermen a different angle.

"I could hire some more doctors, but I just can't accept most of the ones our kind of salary attracts," he said.

Mental hospital work, he explained, requires active, vigorous physicians with psychiatric training.

"We're losing one of our youngest and best doctors," Dr. Jackson added. "He's going into town and practice on his own."

The newspapermen learned that maintenance (food and quarters) is the only advantage work in State hospitals offers. This advantage, they found, is blotted out by the type of quarters the in-

stitutions have to offer.

Some attendants are living in the wards with their patients, others in "sweat box" rooms above the hospitals' bakeries and laundries. For other attendants there are not even these kinds of accommodations, and they are given \$12 monthly to "pay" for room and groceries outside.

Dr. Paul Rease, of the Rusk hospital staff, emphasized that overworked doctors are unable to devote enough time to patients who could be sent back to society.

"The main thing in the rehabilitation of mental cases is to do the right thing at the right time. Unless this is done, a hopeful case may become perpetuated."

This point again will be emphasized when hospital representatives carry their needs before the special January session of the Legislature. The hospital-

men will be asking for "decent" wages and living quarters for hospital employees.

They will point to the San Antonio State Hospital which hired 300 new employees last year and lost 286 of them before the year ended.

As a pretty, middle-aged attendant at San Antonio put it: "There's just some intangible something about helping these people that keeps me working here."

Fortunes Spotting of Nation's Road Plight Hailed As Public Service

After the biggest road building surge in the nation's history—a record-breaking \$1.7 billion in new construction during 1949—the United States has a highway system equal to its needs 16 years ago.

That fact, emphasized in Fortune magazine's November cover article, "Enter the Road Builders," led Charles M. Upham, engineer-director of American Road Builders' Association, to urge Americans to act now in preventing further defects in the battle with traffic. He pointed out that the 1933 highway adequacy cited by Fortune was for 23,876,000 cars, trucks and buses, whereas total vehicle registrations today stand at 43 million.

"It is little wonder that the United States faces a staggering picture of traffic deaths and injuries when nearly 20 million more vehicles are running on the

highway 'track' provided for automotive transportation than that track was designed to carry," Mr. Upham declared. "Therein lies the failure of our all-out safety efforts, and until that situation is corrected, that failure will continue."

Commending Fortune for its public service in calling the deterioration of the highway network forcefully to the country's attention, Mr. Upham concurred in the magazine's declaration that America must soon choose between "a high-cost, modern road system, or a crushingly costly obsolete one." He lauded the article's description of the nation's "highway plant" as being "just about good as investment as the U. S. ever made," an investment of \$35 billion generating an annual income in excess of \$30 billion.

Warning that the "highway plant needs renewal and enlargement," Fortune says the bill for the work will "run into billions—relatively cheap billions, considering what is at stake."

"One-seventh of U.S. business lives off the highway, and all U.S.

business sells to that seventh. Road conditions enter into all business costs through their effect on freight charges, and mobility of labor and customers.

"To bring the system up to date, road-building investment must run well beyond the 1949 rate for years to come. The system as a whole is nowhere near adequate to the demands now being made upon it. As it stands, the highway plant represents the U.S. taxpayer's heaviest capital investment.

"Nowhere in government or in the vast complex of industries directly dependent on the highway is any responsible person asking for foolproof, weather-proof or congestionproof roads. There are no such things, or more precisely, there is not enough money in the U.S. to buy them. When the designers talk about roads that will reduce congestion, they are primarily concerned with the day light constipation of traffic at the centers of towns and cities (sometimes more acute, block for block, in small places than in big), with the twice-a-day rush hour impasse throughout

Vic Vet says

urban areas, and with the ordinary clogging that can occur any time of day almost anywhere in the U.S. when trucks and cars of all vintages are trying to travel the same direction on rolling, narrow, curving roads.

"Some motorists are now spending three or four times as much per mile for insurance as they do for the track they drive on. In the long run, bad roads are the most expensive kind."

CLARENDON STYLE SHOW

The homemaking I and III classes gave a style review and tea, Friday afternoon, January 20. The eighth grade girls, their mothers, and the ninth grade mothers were invited as special guests.

Those modeling garments they had made were Shirley Barker, Biffie Blair, Norma Bobbit, Inelle Cox, Doris Crawford, Glenda Sue Davis, Geraldine Durham, Patsy Estlack, Frances Helton, Jo Ann Hermesmeier, Charline Johnson, Mary Ann Landers, Allene Mays, Eva Lane, Nadine Moffet, Shirley Ann Morris, Sandra Shelton, JoAnn Swink, Annette Thomas, Betty Thompson and Marie Koen, all first year students; Evone Holland and Clara Hahn were the only third year students that modeled. Evone Holland announced the girls and described the points of interest in their skirts.

Lovely refreshments of spiced tea and sand tarts were served to about seventy-five guests. Red roses decorated the serving table and buffet.

MILBURN—MOSLEY

Miss Patsy Ann Milburn and Bobby Jiggs Mosley were united in marriage at Clayton, New Mexico, January 12th at 1:30 p. m.

The ceremony was performed in the Methodist Church parsonage by Rev. Hively. During the ceremony "Because" was played softly by Mrs. Hively.

Mrs. Mosley is the daughter of Mrs. Bud Allred of Dalhart, Texas. Mr. Mosley is the son of Mr. and Mrs. R. H. Mosley of Guyton, Okla., and grandson of Mr. and Mrs. M. W. Mosley of Hedley and Mrs. H. L. Riley of Clarendon. Their only attendants were Mr. and Mrs. Monte Thomas of Goodwell.

Mrs. Mosley was attired in a gray tailored suit with wine accessories and her corsage was of a gold matched set, pin and earrings belonging to her mother, Mrs. Allred. For something borrowed she carried a white linen handkerchief belonging to Mrs. Thomas. For something blue she wore a blue garter and carried a lucky penny in her shoe. After a short wedding trip to

New Mexico the couple will be at home in Goodwell where they both attend school.

BRIDAL SHOWER

Mrs. James L. Ashcraft was honored with a bridal shower given by Mrs. O. L. McBrayer, Carolyn and Mrs. Roy Stewart at the home of Mrs. O. L. McBrayer.

Refreshments were served to the following guests: Mrs. Houston McDonald, Mrs. E. E. Moore, Mrs. Etta Reynolds, Mrs. Eddy Reynolds, Mrs. Roy Roberson, Mrs. Billy Ashcraft, Mrs. J. H. Ashcraft and Emma, Mrs. F. D. Adkins, Mrs. Connie Talley, Mrs. Ruth Littlefield, Mrs. Frances Ford, Mrs. L. M. Putman and Yvonne, Mrs. Blanche Gray, Mrs. Mazie Eichelberger, Mrs. Edna Hudson, Mrs. Gola Guinn, Mrs. Cleo Farr, Mrs. Sam Dale, Nora Edith and Geraldine Jackson, Miss Hattie Ray, and the hostesses, Mrs. McBrayer, Carolyn and Mrs. Roy Stewart.

A number unable to attend sent gifts.

KAPPA MEETING

RaNele Nichols, Mary Lou Barker, and Doris Louise Smith were hostesses to the Kappa Sub-Club Wednesday evening at the home of Mrs. S. T. Nichols.

During the business meeting, the members voted to give \$5.00 to the March of Dimes campaign. The program was an interesting description of Hyde Park Memorial given by Patsy Blair.

A lovely salad course was served to the following members: Fanchon Allred, June Star Allred, Jean Ballew, Mary Lou Barker, Nell Bentley, Sandra Bownds Patsy Blair, Shirley Brumley, Mary Edna Elmore, Lois Marie Hommel, Dorris Knorpp, Mae Morris, RaNele Nichols, Jo Ann Ritter, Jo Anne Sibley, Doris Louise Smith, Ann Thompson, Doris Jean Wallace, and Mrs. Rufus White.

CLARENDON H. D. CLUB

The Home Demonstration Club met at the home of Mrs. Emmett Bryson for their regular monthly meeting Friday, Dec. 20th. The meeting was opened with a short business session and short program. A lovely plate luncheon with coffee and coca was served to members. Those to enjoy the occasion were Mesdames C. D. McDowell, M. G. Cottingham, O. C. Watson, H. B. Hill, William Payne, Lena Antrobus, Bertha Benson, A. L. Chase, M. C. Rampp, G. A. Anderson and the hostess, Mrs. E. Bryson.

About forty Clarendon people attended the concert tour at Wellington Monday night. It was really a great treat.

ASHTOLA NEEDLE CLUB

The Ashtola Needle Club met Jan. 19 at 2:30 in the Club room with Viola Graham presiding. Meeting opened with prayer by Ivan Tolleson. Minutes read and approved as read. Roll call was answered with "My Favorite Recreation."

Viola Graham acted as hostess and leader on a program on Recreation, with Sue Rhoades analyzing Recreation. Vena Hudson talked on Picnic Pointer and gave demonstrations on preparing and serving picnic lunches.

Johanne Poovey talked on Every Day Living showing in your face. Delena Beverly talked on Relaxing. Florence Evans discussed Recreation Possibilities.

Dora Brandon discussed The Radio and its benefits in regard to relaxation.

One project of the Club is making quilts for Boys Ranch.

Refreshments were served by the hostess to 14 members with 3 new members.

On Feb. 2nd Mary Belle DeBord will be hostess and program leader on the subject of "Poultry".

We welcome new members and urge all members to be present at the next meeting.

CUE AND CURTAIN CLUB

The Cue and Curtain Club met in the home of Sandra Shelton Monday, Jan. 23, 1950 at 8 o'clock.

After a short business meeting the members decided upon club sweaters which were ordered immediately.

The program consisted of a very cute reading by Nancy Bennett titled, "I Fell Down in the Mud."

The hostess and her mother served lovely refreshments to the following: Sam Patterson, Alice McCrary, Patsy Estlack, Doris Wallace, Ladelle Cox, Joe Dilli, Inelle Cox, Willetta Riney, Geraldine Durham, Joane Swink, Ramona Rhea, Bob Clifford, Nancy Bennett, Mary Ann Landers, Mae Morris, Mrs. Johnson, and Mary Elmore.

MOTHERS STUDY CLUB

The Mothers Study Club met in the club home January 24 with Mesdames Evert Johnson and Dalton Swinney as hostesses.

Members present were Mesdames Nelson Anderson, Hershel Heath, Bill Weatherly, Evert Johnson, Dalton Swinney, and one visitor, Miss Wanda Gilliland.

The new officers for the coming year were voted in. They were as follows: President, Mrs. Bill Weatherly; Vice president, Mrs. Hershel Heath; Sec. Treas., Mrs. Dalton Swinney; Reporter, Mrs. Mike McCully; Parliamentarian, Mrs. Maurice Hart; Librarian, Mrs. T. H. Seay.

Mrs. Lester Hammon and children and Mrs. James Cox and son of Muleshoe are visiting their aunt and family, Mr. and Mrs. G. W. Bradshaw.

Mrs. Genoah Doshier who has been real sick with a cold is able to be up and improving.

Mrs. Morena Lucky has return-teaching after a visit with her mother to Post to resume her school mother, Mrs. Mullens.

Clarendon Boxers Tie Shamrock

By Vernon Goldston

The Clarendon boxing squad, under the coaching of Ray Moore, made a splendid showing Friday night by tying Shamrock 6-6. A near capacity crowd witnessed this event with great enthusiasm. Individual bouts are as follows with the Clarendon boy named first:

Jack Moore vs Bobby Trimble
60 lbs.—In this first match of the evening Jack Moore out-punched stylish little Bobby Trimble to win by a decision. This same boy had defeated young Moore at Shamrock.

Don Moore vs Forrest Thompson
75 lbs.—This was a fast moving bout with hard fighting throughout all three rounds. It resulted in a decision for Thompson. The crowd didn't see it that way and objected most heartedly.

Bill Durham vs Gilbert Fowler
60 lbs.—For a little guy Bill Durham is quite a slugger. He proved this by outpunching a favored Shamrock lad to win by a unanimous decision.

Larry Don Hiron vs Johnny Hawley
80 lbs.—Larry Don lost this bout in a close decision to a more offensive Shamrock boy.

Travis Mullanax vs Jim Pennington
150 lbs.—This was a bloody bout in which Travis had his opponent dazed from start to finish. However, a very objectionable decision went to Pennington.

Carl Morgan vs Carol Trimble
85 lbs.—Carl made this a quick decision for Clarendon by thoroughly beating his opponent to a TKO in the first few seconds of the fight.

Battle Royal
Immediately following intermission a battle royal was performed by four local colored lads. Each was blindfolded and wore

RESPECTS TO A HERO

only one glove. Quite a mix-up resulted and the battle ended with much applause and a shower of coins from the audience.

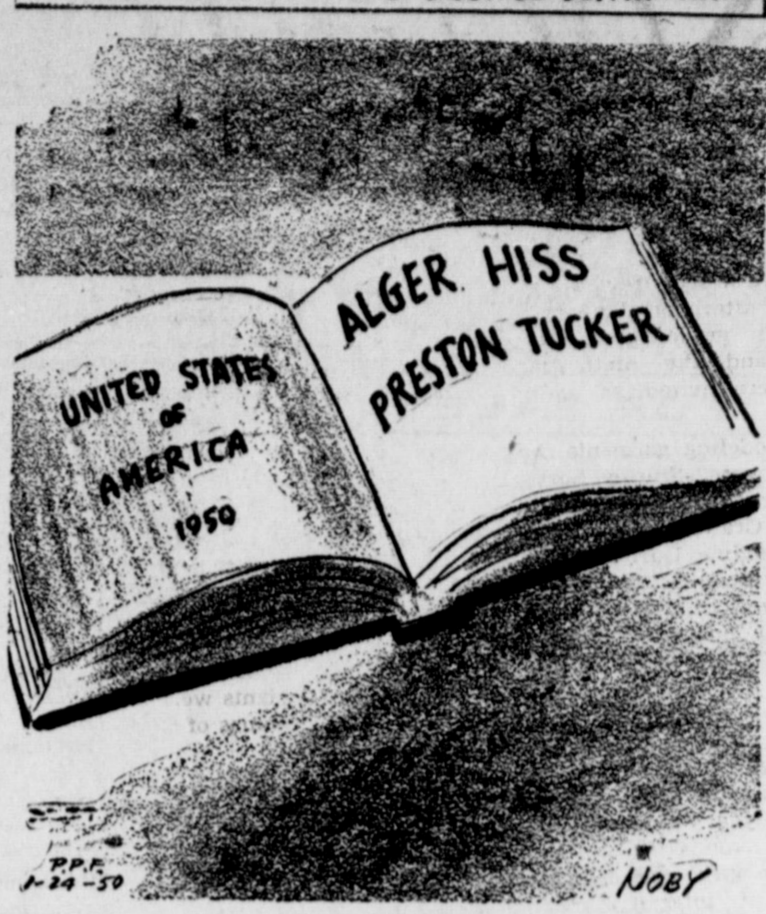

Glenn Sanders vs Billy Campbell
126 lbs.—This was a good bout with smart punching from both boys. Glenn held his own very well until Campbell broke thru to floor him in the second and then knock him out in the first 24 seconds of the third round.

Gordon Moore vs Paul Hall
85 lbs.—This fight was the fourth victory for Clarendon when Gordon beat his taller opponent by simply outpunching him throughout all three rounds.

Gerald Mullanax vs Kenneth Woods
110 lbs.—Gerald won a unanimous decision over a stylish and more experienced boxer. This same lad had beaten Gerald at Shamrock.

Jerry Moore vs Edward Carver
135 lbs.—Hard punching and smooth boxing were the highlights of this bout. Jerry won by

Veterans News

Veterans who receive National Service Life Insurance Dividend Checks from which previous overpayments by the Veterans Administration have been deducted, were advised by Robert W. Sisson, manager of the Lubbock regional office of the Veterans Administration, that the finance division of the Regional office whose jurisdiction the Veterans account is maintained, would refund any overdue deduction.

In a few cases, cash payments made by the Veteran and deductions previously made by the VA, plus the amount deducted from the dividend, exceed the indebtedness of the Veteran to the government.

The refund of these overdeductions will be made automatically as soon as advice regarding the amounts deducted from each such individual dividend check is received by the Lubbock Regional office from Washington, D.C. In view of the necessity for full information being supplied to the regional office by Washington, Veterans are urged not to contact the local VA office, since the accounts will be adjusted automatically as soon as the information is received, Mr. Sisson stated.

Mrs. Victor Smith, Mrs. H. T. Warner and son Walter and Mrs. Bob Hutson attended the concert at Wellington Monday evening.

Mrs. W. A. Land returned home Sunday from a few days visit with her son Marvin Land and son Tommy at Tucumcari, N. M.

CITY-COUNTY LIBRARY NOTES

By May L. Prewitt

The generosity of the Co-City Library friends is greater than you can imagine. The past week the Library has received more than two hundred fifty books from three "contributors." Some are of recent dating and others are not, but all are useful. An out of town friend gave us the purchase price of Dr. Bolton's "Coronado"—it has been ordered.

The following books have been purchased and received: "Flower Craft" by Patricia Roberts, "A Sort of Saga" by Bill Mauldin, and "Where the Corps Banners Fly" by Grace W. McCovran.

It will require about two weeks to catalogue these, as there are various duties connected with

Library work that prevents getting these books ready for the public to use. It is unusual to receive such a number of books as a gift and so few are duplicates. Most of these are westerns, and romances, but the type that a majority of our readers enjoy.

Books are read so rapidly that it would require a fortune to keep all supplied. Our magazine section for children and adults is constantly in circulation. One of our young readers has contributed generously of her periodicals, and a dozen or more children enjoy this magazine table for little people as thoroughly as they do the books. The cooperation of these friends has contributed to enjoyment, and profitable recreation for many readers.

Mr. and Mrs. Doyce Flowers and family returned home Tuesday morning from Carlsbad, New Mexico where they visited the Carlsbad Caverns.

CARD OF THANKS

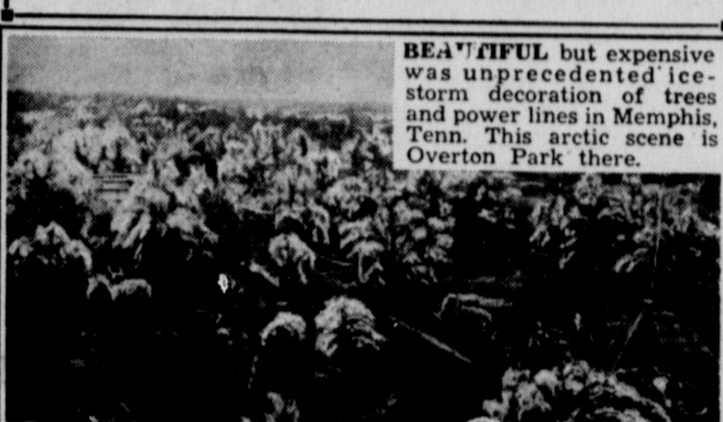

We wish to thank each and every one who in any way helped us through the long illness and death of our father, by their presence, floral offerings, cards and the preparation of the meals. For all these things, we are deeply grateful and will never forget.
The Pittman children.

Mrs. Lena Antrobus returned home Wednesday from a visit with her daughter and husband, Mr. and Mrs. Maedgen at Lubbock. She also visited her daughter and husband, Mr. and Mrs. Grant Mercer at Ft. Worth while she was there.

Mr. and Mrs. Vernon Reid and baby and Mrs. Nell Fronabarger of Lubbock visited in the home of Mr. and Mrs. H. M. Reid Sunday.

Mrs. J. R. Porter is in the Northwest Texas Hospital at Amarillo for medical treatment.

New Type Plowing Renews Soil In Donley County

By Vernon Goldston

A new process of renewing the fertility of the soil on sandy land farms in Donley County has been practiced this last week. Mr. R. A. Beverly has purchased a new Towner Plow and put it to work by plowing under the course top soil and bringing to the surface the rich new soil.

This giant plow, made by the Towner Plow Company of Santa Anna, California, enables the farmer to plow his land as deep as 36 inches. The four giant 48 inch discs cut five feet of land a round and are capable of turning over 1 to 1½ acres of land per hour. This deep plowing brings rich new soil to the surface and buried all weed and grass seed so deep that they can never sprout.

The tremendous 16,000 pound plow is operated by hydraulic power and is pulled by a D-8 Diesel Caterpillar. It was purchased at an initial cost of \$8911.00 and will soon pay for itself at a charge of \$10 an acre for the operation. Government aid can be secured to lower the cost of such plowing for the farmer.

Mr. Beverly has had the plow in operation for several days now and has already plowed nearly 300 acres. He stated that the farmers were quick to realize the value of such an operation and that much more plowing had already been contracted.

Mr. and Mrs. C. B. Haney of Pampa visited her parents, Mr. and Mrs. W. O. Butler Sunday.

It costs Uncle Sam about one cent to make a dollar bill.

Shamrock Cagers Beat Clarendon Boys and Girls

The Clarendon Bronchos met their second defeat by Shamrock Thursday night on the Irish court. The local team scored only three points in the first quarter. Johnny English scored the first point on a free toss and later Wilson Lane broke under to score with a crib shot. In the second quarter the Bronchos speeded up the scoring with Jenkins laying in a crib shot for 2 points and a charity toss for 1 point. Lane then scored with a free throw and English layed in a beautiful field goal. Jenkins then broke away from the Irish to dash down court and score with a love-chased lay-in. Arlis Mooring made the final score of the second quarter with a long, one-hand shot. At the half the Bronchos trailed by a score of 13-19. After the half Jenkins and Lane each laid in a crib shot. Jimmy then sank a free toss and started a scoring spree which only ended after he had sank 3 crib shots and one hook shot to bring the score up to 26-28. English then tied the score with a long one hand shot. Soon afterwards he scored again with a crib shot. Jimmy Jenkins then completed the final scoring for the local team with a long shot and a crib. The final bell rang with the local team trailing 13 points with a score of 45-32. Jimmy Jenkins was high scoring ace with 20 points. Johnny English followed with 7 and Wilson Lane totaled 5.

The Clarendon girls received a bad defeat by a score of 7-30. The first quarter ended with only one point credited to the local team. Margie Phillips scored this on a charity throw. In the second quarter Juanelle Davis scored with a beautiful field goal and a free throw. The half ended with a score of 4-18. In the third quarter Margie Phillips scored the only tally with a field goal, and the lone score in the final quarter was made by Nelle Jon Heathington on a free throw. The game ended with a score of 7-30. Margie Phillips and Juanelle Davis tied in scoring with 3 points each. Four usual starters were missing from the team.

Clarendon Splits Basketball Wins With Wellington

The Clarendon girls made perhaps their best showing of the season Tuesday night against the Wellington girls. Margie Phillips began the scoring with a long field goal only to be followed by the same type long shot by Juanelle Davis. Margie then sank another long shot to put Clarendon ahead 6-4. Nelle Jon Heathington scored with a long shot and then Juanelle Davis broke under for a crib shot to complete the locals scoring for the first quarter. The local's scoring in the second quarter was divided between Nelle Jon and Juanelle with a field goal and charity toss to each one's credit. Wellington then forged ahead to lead by a score of 30-18 at the half. In the third quarter Margie sank another long shot and Nelle Jon dashed under to score with a crib. These were the last scores for the Bronchettes, and the final whistle rang on a score of 40-22 in favor of Wellington. Nelle Jon Heathington led the scoring with 9 points. Juanelle Davis scored 7 points while Margie Phillips was credited with 6 points. Jinx Adkins, Joyce Hall, and Jo Ellen McGowan were the defensive players who held the much taller Wellington girls to the low score.

In the boy's game Jimmy Jenkins led his Broncho team to a easy victory over the Wellington Skyrockets. Cornell knocked the tip-off to Lane who in turn popped it over his head to Jenkins who began the scoring with a crib shot. Johnny English struck the second blood with a crib to be followed by a lay-in by Wilson Lane. Jim Jenkins then scored with a beautiful hook shot and a charity toss. Later English broke away to dash down court to score on a crib shot. Jenkins then ended the first quarter scoring with a long overhead goal. The second quarter got off to a good start with a short shot by Lane and a free shot and lay-in by Jenkins. Mooring sank a beautiful one hand shot and Lane completed the scoring with a free shot. By the half Clarendon's lead had been decreased by a score of 21-17. After the half Clarendon began a rapid scoring spree led by Wilson Lane who broke under to

score with 2 crib shots. Jim Jenkins scored with a one-hand shot and sank a long hook shot from the corner. Johnny English dropped in a one hand shot and Bill Jack Cornell scored with a beautiful jump shot. By the end of the third quarter Clarendon lead by 10 points. In the fourth quarter the Bronchos started a "freeze" which resulted in three goals by Johnny English, a long shot by Arlis Mooring, and a crib by Jim Jenkins. This ended the game with a score of 31-43 in favor of the Bronchos. Jim Jenkins led the scoring with 16 points. He was followed by English with 12 points, and Lane with 9 points.

FARM NEWS-

(Continued from Front page)

year was a good one but we want to make 1950 much better. Every producer in the county is entitled to earn a payment of \$500.00 and we'd like to see that everyone does just this. We have a practice suited to every type of land in the county. It pays to keep your land in top condition, so come by the office and let us help you plan a program for your farm.

POTATOES:

We still have potatoes available to livestock producers in the county. One car consists of 360 sacks and it only costs \$90.00 per car freight prepaid from Colorado. If you want to buy some of these potatoes, come by the office and let us order them.

COUNTY & COMMUNITY COMMITTEEMEN MEET:

Last Friday, January 20, the county committeemen and community committeemen held a meeting here at the office with Mrs. Ritter to discuss our 1950 program and how they could be of better service to the producers in their respective communities.

They also went over all the process of cotton allotments and how they are computed so that each committeeman could better understand the problems of each producer in the communities and answer their questions in regard to allotments. Those attending were: Roy C. Jewell, William M. Pickering, Pink M. Marshall, Melvin Rumpy, Harvey Shaw, Bill Mooring, Doyce Graham, Frank Jones, Bill Maddox, Henry Moore, Lionel Blankenship, Herbert Guill, E. M. Glass, Jim Hermesmyer, Oscar Winkinson, Houston McDonald, Leo Wallace, Pete Land, C. P. Hamilton, Tommy Bain, Don Tomlinson, and Mrs. Ritter.

ODDS AND ENDS:

Doug Lowe, our Senior Field Officer is in Dallas this week. Don't forget, you must have a prior approval before you carry out a practice in order to earn a payment.

"Do your office farming now!" By this we mean, now would be a good time to come to the office for an approval to do some chiseling and deep plowing, grass seeding, terracing, or ditch work.

Mrs. Ritter was out of the office this week with a bad cold. But she is better now.

COTTONSEED:

By the time you read this, our cottonseed at Hedley will be on its way to Memphis to the oil mill. We received word to move it the first part of this week. Guess this means that our Cottonseed Program is going to come to a halt.

Mrs. W. O. Butler who is ill and confined to her bed is better and improving.

Mr. and Mrs. Bill Sullivan of Pampa visited Mrs. Hodges Monday night.

A Common Paper for Common People

PLOWIN' Out the CORNERS
by Uncle Zeb

I stopped in at one of the stores in Goodnight, the other day, and a lady in the community was almost in tears. It was Friday, and almost four o'clock in the afternoon and she still hadn't caught up with her paper. It seemed that one of the children had misplaced her favorite Weekly, including her favorite column. Write me enclosing a penny postcard and I will give you the name of her favorite column.

Will wonders never cease; after making fun of my poetry the Claude News Editor tried to slip one of his own over on my readers. Bet he didn't fool a single one. They can tell the genuine from a substitute.

Not long ago I was talking with Ralph Bagwell, and he reminded me of the quotation that: "It rains on the just and the unjust." Anyway, someone had suggested to him that if it would only rain on the unjust they could soon take a bucket and water the just. Probably this is more truth than poetry.

Received the cutest announcement of arrival from one of my brothers in law. Just before I passed out I re-read the card and found that the arrival was a 1950 Chevrolet. Anyway, Sunday they drove a hundred miles to show it off, and to put me farther behind on my grocery bill. Wonder if a new car helps ones appetite.

It is rumored that Gene Worley is not going to run for Congress this year; wonder who would be a likely candidate for this important post? Write in your suggestions and we will see if we can persuade the people's choice to run. Names that have been mentioned so far are: Uncle Jay, Lewis Nordyke, and Mrs. Alta-vene Clark. How about hearing from Lelia Lake's Mr. Gerner.

The other day I was working, a friend came up and made out like he couldn't believe it. Threatened to go get his kodak and take a picture to show as proof. It is things like this that make one want to be a hermit. Did I say that he was a friend? I use the term loosely.

If we meet a person and pass the time of day and pass on, we should ask ourselves whether we made the person feel better for having talked with us. If we failed, then we have failed as a friend to this person. We merely "Passed by on the other side" of the road on which he lay wounded.

FORT WORTH FAT STOCK SHOW OPENS—IT IS "BEST EVER"

FORT WORTH — It's Stock Show time in Fort Worth! Beginning with the colorful, traditional Western parade on Friday afternoon and the opening performance of the rodeo that night with Gov. Allan Shivers present, the Southwestern Exposition and Fat Stock Show will be in progress through Sunday,

February 5. There will be rodeo performances at 2 p. m. and 8 p. m. daily; and a big, free attraction—the Southwestern Square Dance Championship Contest, open to teams from anywhere, no entry fee, \$1,000 in prizes, each afternoon at 4:30.

Another free attraction will be the West Texas Art Show, presenting the paintings of leading artists.

Fifty-three cities—the greatest number in the Show's history—will have special "days," bringing their bands and Cowgirl Sweet-

hearts. Future Farmer and Future Homemaker Day is Saturday, Jan. 28; Oklahoma Day, Sunday, Jan. 29; 4-H Club Day, Monday, January 30; Veterans and American Legion Day, Wednesday, Feb. 1.

The rodeo, besides presenting the greatest cowboy contestants and the wildest stock, will offer the greatest horse show the Southwest has ever seen and six spectacular specialty acts.

Entries of cattle, sheep, swine, poultry, turkeys and rabbits are the heaviest the Show has ever known and cash awards offered are the largest in the exposition's

54 years. So every sign points to the most successful season ever.

The word salary comes from "salarium" meaning salt money, since Roman soldiers received a part of their pay in salt.

Wedding rings are placed on the third finger of the left hand because of an old Egyptian belief that a nerve ran from that finger to the heart.

THE ANNUAL ADDRESS

The President of the American Farm Bureau Federation

ALLAN B. KLINE

Before the 51st Annual Convention of the American Farm Bureau Federation Chicago, Illinois

December 13, 1949

EDITORS NOTE - Due to its length, the following address by Allan B. Kline, President of the American Farm Bureau Federation, will be run in serial form until the address has been published in its entirety.

(Continued from last week) As the bill was finally passed, it has both these major changes and one other in it. The definition of parity was modernized in the 1948 Act. The same definition still applies. However, in the last days of the Conference Committee work, a provision was added that commodities use whichever parity was higher during a four-year period, that is, either the

modernized 10-year moving average or the old definition of parity. This provision was never agreed to by the Farm Bureau, since our position was clearly in support of the 10-year moving average. In addition, it was recognized that a very considerable handicap might be wrought by the dual parity against the commodities whose support prices were raised thereby by getting their prices out of line with other commodities and preventing their use.

In this connection, it is well to note what the level of price supports currently being proposed in the Act of 1949 is compared with pre-war. Pre-war price supports were at a level of from 52 to 75 percent of parity. These start at 75 and go up to 90. In other words, the bottom level of the price support range in the present bill is the same as the top of the range in pre-war legislation. In addition, price supports on a considerable number of additional commodities are now mandatory and price supports are permissible on all commodities, with only certain limitations.

Again, it is interesting to make a comparison between the level of price supports provided in this Act as compared with the actual farm prices for the average of the 10-year period 1939-1948. You will all remember that this was

a high price decade. The minimum price guaranteed under the Act for wheat in the next crop year is 15 cents above the actual average 10-year market price and the maximum is 45 cents above. In other words, the range of guaranteed prices starts 15 cents above the actual average cash price for the past 10 years and goes up to 45 cents above. In the case of cotton, it ranges from 1 cent above the past 10-year average to 5 cents above the past 10-year average. In the case of corn, the support price ranges from approximately the 10-year average price to 22 cents above the 10-year average price. I quote these figures merely to emphasize the fact that a great deal of difficulty may be expected in the administration of this Act and that farmers are going to have to take a very realistic look, indeed, at this problem of having real freedom for individual farmers actually to become better producers and to earn higher and higher incomes as time goes on.

The Act of 1949 has good points from the standpoint of Farm Bureau policy. It is bi-partisan. The major provisions were worked out by the statesmanlike effort of some of the best authorities on agriculture in both parties. It will be a sorry day for agriculture and for America when a long-term, economically sound agricultural program must come second to strictly partisan politics. We firmly believe that agricultural policies should be decided on a basis far above that level of thinking. The principle of flexible supports is included, although delayed.

The modernized parity is in the

law, although its full application, too, is delayed. As I have noted, the level of supports is higher and more inflexible than the Farm Bureau resolutions have indicated desirable.

The question is raised as to what seems now to be the wise thing to do. First, it seems to me we should try this bill. Let's not start hearings on a "long-range" farm bill next January or February. Rather, we should co-operate in every way to operate successfully under this Act. In the meantime, let's work for effective administration.

At the same time, let us follow sound policies as farmers. Let us study marketing and outlook material; let us produce better, sell better diets on their merits, at home and abroad. Let us remember that the program is not going to make us prosperous unless we ourselves do the things essential to prosperity.

SPECIAL SESSION OF STATE LEGISLATURE TO CONSIDER NEEDED APPROPRIATIONS

AUSTIN - Figures that bring home the significance of the special legislative session to each county were released today by the State Board for Hospitals and Special Schools.

Commenting on them, Claud Gilmer of Rocksprings, chairman of the board, said, "The problem is not an abstract one." He added: "It concerns every citizen: No one can say when tragedy can strike or what Texan will be the next to enter one of our institutions."

tion. "I call your attention to the accompanying figures, and I suggest that you may want to familiarize yourself further with the situation by discussing it with your state senator or representative."

According to the board's current records, there are 23 patients from Donley County in the state hospitals and special schools, distributed as follows:

Mental hospitals 15; Epileptic hospitals, 3; Mentally deficient hospitals, 2; Tuberculosis hospitals, 1; Orphans women's home, 2.

The cost of caring for these patients for the current year is \$17,848.

Appropriations for the institutions will be the business of the state legislature, to be called in special session by Governor Allan Shivers. The last legislature's ap-

propriation for the operation of the hospitals and schools during the next fiscal year was vetoed by the late Governor Beauford H. Jester when it became apparent that revenues to provide for it were not available.

At the time, Governor Jester indicated that a special legislative session would be required to provide the necessary money for operation of the institutions during the second year of the current biennium.

Also to be considered by the legislature is an appropriation to expand the hospitals and schools,

which are now, according to several surveys, overcrowded and inadequately staffed.

How Much DOES A WATER SYSTEM COST?

It's Easy to Figure in Dollars and Cents, BUT...

The important questions to ask yourself are—How many hours of needless drudgery will it save? How much more time will I have for profitable work? How much will it actually increase my farm production?

We can answer these questions. Let us show you how a Dempster Water System pays for itself, then begins paying you. Come in today for details about a dependable Dempster system to fit your needs.

ALL SET... for Sleep Comfort

Westinghouse Electric Comforter
with the Automatic Watchman Control
The last word in Sleep Luxury

Just set the Automatic Watchman Control and you're all set to sleep in mellow warmth the whole night through. One lightweight, Westinghouse Electric Comforter is all you'll ever need on the coldest nights. The bedside control, dainty as a powder box, will automatically maintain the selected degree of warmth regardless of changes in room temperature.

The lush rayon satin cover is available in three rich, gorgeous colors: Rose, Blue or Green. It is easily dry-cleaned and the inner warming sheet can be removed for laundering.

The mothproof Comforter, 72" x 86", allows for ample tuck-in. Ask for a demonstration of this wonderful Electric Comforter at the West Texas Utilities Company or at your local electric appliance dealer.

The dainty "powder box" control automatically compensates for changes in room temperature.

Comforter won't slip off the bed. The underside of spun rayon faillie anchors the Comforter to the bed.

Makes bedmaking easy... fast! There's only one bed-covering! So colorful, no spread is ever needed.

Rayon satin shell slips off for dry cleaning. Inner warming sheet easily washed, if necessary.

DOYLE WILLIAMS
Minister Church of Christ

By the mouth of his prophet, the Lord said (Jer- 18: 7, 10): "At what instant I shall speak concerning a nation, and concerning a kingdom, to pluck them up, and to pull down, and to destroy it; if that nation against whom I have pronounced, turn from their evil, I will repent of the evil that I thought to do unto them. And at what instant I shall speak concerning a nation, and concerning a kingdom, to build and to plant it; if it do evil in my sight, and it obey not my voice, then I will repent of the good, wherewith I

said I would benefit them." Here we see the same law obtains as to nations that we have seen applied to cities and individuals. If they, having done evil, turn from the evil, then the Lord proposes to turn from the evil which He proposes doing to them; on the contrary, if they persist in disobedience, they will suffer the consequences, even to extermination. Hence circumstances have never varied in God's dealings with man.

Again: "God saw that the wickedness of man was great in the earth, and that every imagination of the thought of his heart was only evil continually. And it repented the Lord that he had made man on the earth, and it grieved him at his heart." Gen. 6: 5, 6. Now if the Lord fore-ordained every thing that comes to pass, He foreordained every thing the antediluvians did; why, then, should he grieve over their wickedness, when every act was but the consummation of his own immutable and eternal decree? Real-

ly it would seem that God was grieving over his own folly.

The Lord said that the children of Judah had "built again the high places of Tophet, which is in the valley of the son of hinnom, to burn their sons and their daughters in the fire; which I commanded them not, neither came it into my heart." Jer. 7:31. "They have built also the high places of Baal, to burn their son with fire for burnt offerings to Baal, which I commanded not, nor spake it, neither came it into my mind." Jer. 19: 5. If God fore-ordained every thing, he fore-ordained these things, for they came to pass; yet he says he did not command them, nor speak them, neither came they into his mind. Will the advocates of the doctrine please to enlighten the world as to how God fore-ordained things which never entered his mind? But we will not press the argument further. If the doctrine be true, the whole theory of sin, accountability, rewards, and punishments, in harmony with justice and mercy, is to us utterly incomprehensible. Every act of man is but carrying out the immutable purposes of Jehovah; and when he gives a man a law, He does it expressly that he may violate it, so as to furnish a pretext for the punishment previously ordained for him. Take the sin of Adam as an example: God made him and placed him under law. It came to pass that he violated this law. He ate of the fruit whereof God commanded him not to eat. If God

fore-ordained whatsoever comes to pass, then of course he fore-ordained that he should eat. Hence Adam was in a strait between the law and the unchangeable decree of God. The Law said he should not eat. One or the other must be broken. He must eat and violate the law; or not eat and change God's unchangeable decree. This was impossible: hence to eat and violate the law was a necessity; and yet God would punish him for it!!! Surely, such a theory is at war with the Bible—with all reason and common sense—as well as a reproach on the character of our Heavenly Father.

"Injured Man Fights for His Life," reads the newspaper headline. The "piece" in the paper goes on to say that this fellow was wounded during a battle with the police, and was taken to a hospital after being wounded. Most patients in a hospital are advised by the attending surgeon to "remain as quiet as possible." Where does this "fighting for life" come in?

Donley County People Invest \$214,187.50 In U. S. Savings Bonds During 1949

The people of Donley County invested \$214,187.50 in U. S. Savings Bonds during 1949, according to the annual sales report received today by Judge J. R. Porter, county Savings Bonds chairman, from Nathan Adams of Dallas, state chairman. This compares with sales of \$212,037.50 for 1948. Of the 1949 total, Series E, the so-called "people's bond" accounted for \$172,387.50, as compared with \$203,847.50 E bonds sales in 1948. Series F and G sales were \$41,800.00 as compared with \$8,190.00 in 1948. Total sales for the entire state were \$191,499,089, as compared with \$196,448,280 in 1948, Mr. Adams' report said.

Mr. Adams said that the people of Texas today hold more than \$1.5 billion in Savings Bonds, a substantial share of which are owned by citizens of this county. These savings, he added, give the community, as well as the individual owners, a high degree of financial stability.

Mrs. O. C. Watson returned home Wednesday from Ft. Worth where she had been down for a medical checkup.
