A Common Paper for Common People

**PREPARING FOR ATOMIC WARFARE**—The advent of the atomic bomb has presented many problems for all types of warfare. One solution is being developed by the Marine Corps by the use of transport helicopters for moving a landing force from ship to shore. Based on ships widely dispersed off-shore, helicopters can load assault troops, flying from different directions, circumventing powerful beach defenses and land accurately in any desired position. Above, landing party disembarks. Below, troops deploy while helicopters return to ships. Range, speed and mechanical limitations of helicopters are expected to be overcome by technical improvements.

## Texas' New School Laws Are Providing Better Education

AUSTIN, July 3—Texas' new school laws, in force one year, have had the desired effect of providing better education and of bringing more children into the classroom.

Average enrollment skyrocketed more than 100,000, L. P. Sturgeon, state associate commissioner of education, said here today. "A renewed interest among educators in getting children into the schools, plus more attractive programs offered the pupils have had the desired effect," Sturgeon said.

"The spotlight of publicity thrown upon the schools while new education laws were being studied by the public and enacted by the last legislature has caused Texans to take more interest in their schools than ever before.

"An illustration of this is the fact that in some districts members of civic clubs designated themselves as attendance officers. They have been extremely helpful to the school administrators in urging attendance so that Texas children can have a better education."

Every district in the state has waged intensive campaigns to get children in school and keep them there, Sturgeon said.

Schools have expanded or instituted classes in shop work to interest older children.

Classes for handicapped children have increased 50 per cent. They, like many other special school services, were made possible by allocation of state funds under Gilmer-Aikin school laws.

Visual aid facilities have been augmented, Sturgeon said, increasing the interest of children in school work.

School terms of six weeks to two months during the summer

are popular in many sections of the state, according to Sturgeon. These make it possible for students to complete their annual scholastic work and yet allow schools to be dismissed during cotton picking time.

Sturgeon also reported that inroads are being made on the problem of regular attendance of Latin-American and Negro pupils. Itinerant workers are prone to leave their children in school only two or three months of the year, at most, Sturgeon pointed out.

Some districts which have heavy Latin-American and Negro populations reported gains in attendance of 15 per cent and more during the last school year as compared with less than 5 per cent state-wide gain.

But even with the increase in attendance, there are still approximately 150,000 children of school age in Texas who are not enrolled, Sturgeon said. These are children whose parents are starting them in school a year late or older children who do not enter high school.

One of the most serious problems confronting school districts is lack of classroom facilities, according to Charles H. Tennyson, executive secretary of the Texas State Teachers Association.

Surveys by that organization and state school officials show that 50 per cent of the school districts this year increased their classroom facilities. Many others will add classrooms during 1950 and '51, Tennyson said.

"These necessary additional facilities will be made available due to increased revenue obtained by the schools through the new and equitable laws which produce more funds, from both state and local taxes," Tennyson said.

Donley County Leader \$2.50 yr. in County.

## Nightly Rains Bring Moisture Total Up For Year

Rains which have been falling practically every night for the past week have brought our moisture total up to over eight inches for the year. According to Joe Goldston's rain gauge we received .67 last Saturday night; .06 Sunday night; .65 Monday night and .90 Tuesday night. This brings the yearly total to 8.15 here in Clarendon. Each of these rains have varied over the county with some sections receiving more one night and less the next but more or less balancing the budget all the way around.

The rains are very beneficial at this time as they have been general all over the Panhandle area. The Lubbock area received a good rain Tuesday night which will mean a lot as it has been awfully dry on the south plains and we have already experienced some of the hot wind that has come from that direction.

Slow rain started falling again early this morning but no measurement had been made at press time. The weather station at Amarillo forecast more showers for the week end.

Locally farmers need some good sunshine for a few days to try and catch up with the weeds but they are happy to see every drop of rain fall and drive the moisture down deep. Only last week it was hard to dig a post hole very deep without hitting a hard pan.

Crops are looking very pretty everywhere and most farmers state that they have the best stands in general than in several years. Very few have had to do much planting over.

A big difference can be seen in the growth of grass the past week and pasture land is very pretty at this time and building broader smiles on our ranchers faces.

## Quiet Fourth Reported Here

Sheriff Guy Wright reported one of the quietest Fourths here in several years. One slight squirmish between a new Mercury and a Model A Ford near Lella Lake was the only car accident of any nature and no one was hurt. The sheriff also reported fewer drunks than usual and just a much quieter Fourth than had been anticipated.

### WHAT? WHERE? WHEN?

A candidate rally at Ashtola school house Wednesday night at 7:30 p. m., July 12th. "We ladies of the Ashtola Needle Club invite you to the candidate rally. Come and join us in an evening of public interest and entertainment. There will be speeches, singing, ice cream and cake for all and an opportunity for a county wide get together. We invite you one and all to join us in this rally."

## FARM PROGRAMS

From the County PMA Committee

**COTTON MEASUREMENT:**  
The crews in the field are still "pluggin' along" with our cotton measurement program. They are working as fast as they can to get the job done. We, here in the office, are also trying to keep up with our work. We realize that every farmer in the county is very anxious to find out if he is over planted on his cotton allotment. Try not to be impatient with us, and we'll do our best to help you all we can.

**WHEAT ALLOTMENTS:**  
A lot of the wheat producers in the county have been coming to the office to see if we have received the county allotment. To date we don't have any news about what our allotment will be, but we will let you know as soon as we get word.

### 1951 WHEAT MARKETING QUOTA:

Secretary of Agriculture Charles F. Brannan made the announcement that wheat marketing quota regulations would not be effective on the 1951 wheat crop. This means that although marketing quotas are not in effect, wheat farmers in order to be eligible for participation in the 1951 price support program for wheat, must not overseed his acreage allotment.

### 1949 ACP CHECKS:

Are you still worried because you haven't received your check yet? We have received some notices, and about 300 of the checks have come in. If you haven't received your check don't worry. The State Office is very busy at this time of the year, especially so since cotton and wheat allotments, and we know that they are making every effort to get your check to you as soon as possible.

### ODDS AND ENDS:

Clyde Neel, Administrative Officer of the Crowell PMA office, and one of our ex-hands, was in the office the first part of the week. We always enjoy a visit from an old hand.

"Farm prices have fallen 23 percent since January 1948. In one year following May 1920, they fell more than 50 percent."

"In Argentina, canned fish is a luxury item. There is an abundance of locally produced food. Beef is excellent, plentiful and cheap, being subsidized by the local government. The dollar shortage makes it impossible to import canned fish at this time. The demand for canned fishery products is being met by increased local production of mackerel, which is packed as tuna, salmon, albacore, and "caballa," (the local name for this fish). Fresh beef of good quality retails from 14 cents to 25 cents per pound, and canned mackerel of poor to fair quality, from 50 cents to over \$1.30 per pound, depending on type of pack."

### POLITICAL RALLY AND PIE SUPPER AT MARTIN JULY 14

Everyone is invited to the Martin School on Friday night, July 14 at 8:00 o'clock. Funds raised will be used for needed equipment for pupils of the school.

A short program of music will begin the night's program. Borden's brick ice cream will also be on hand.

Auctioneer will be Mr. M. L. Putman.

### LOCAL MAN RECEIVES P. O. W. CHECK FOR \$767

Don C. Tomlinson of Clarendon was the first in this vicinity to receive a Prisoner of War check for the time he spent as a prisoner during World War II. Don was captured during the African campaign and was placed in the P. O. W. camp in Germany where he spent 767 days before being released.

Don received the check Monday of this week and it figured a dollar a day to make a grand total of \$767.

## Queen Candidate

ALICE MCCRARY

Miss Alice McCrary has been chosen to represent the Midway Community in the Queen Contest, sponsored by the Donley County Farm Bureau.

Alice, daughter of Mr. and Mrs. Forrest McCrary, was born October 31, 1933, at Memphis, Texas. The McCrarys have two daughters, Mrs. W. H. Cooke III, and Alice. They lived in Memphis for 16 years, where Mr. McCrary was engaged in trucking and the grocery business. For twelve years Mrs. McCrary taught in the rural schools of Hall and Donley Counties. In 1939 the McCrarys moved to Clarendon, where they lived until January 15, 1950, when they moved to the Midway Community.

Alice was a student of Clarendon public schools. During the coming term she will be a senior in high school; she will also complete courses as a Freshman in the Clarendon Junior College this next term. Alice plans to major in Speech and Drama.

When she graduated from Junior High, she was salutatorian of her class. In her Freshman year, she was a member of the Girl Scouts and the Sweet Sixteen Club, and she was vice-president of her class. Courses in band and choral, gave her musical training, and she also took private music lessons. Alice plays the flute, saxophone, and piano.

She was a member of the Future Homemakers of America, the secretary of the Kappa-Sub-Debs, and the vice-president of the Cue and Curtain Club. In her speech work, Alice appeared in various plays and attended the Speech Festival at Canyon for two years where she was rated as "Excellent and Superior," which placed her among the top three in her division.

Alice is interested in all sports especially basketball, horseback riding, and tennis.

The McCrary family are members of the First Baptist Church in Clarendon. Alice participates in the youth activities of the church; she has held the offices of song leader and social chairman, and is missionary chairman.

This contest was won by Miss Naoma Mooring of Midway Community last year. She also won the bi-district championship, which included a trip to Dallas, to the State Farm Bureau Convention.

The Midway Community is proud to present Alice as their Queen. "We feel sure her qualifications will make plenty of competition," a Farm Bureau member stated.

### MRS. PAGE HARMON TO TEACH MUSIC

For the benefit of those who will be looking forward to giving their children piano lessons at the beginning of the fall term of school in September, Mrs. Harmon will be conveniently situated to give lessons during school hours, having her music studio where Mrs. Allen Bryan has formerly been teaching.

Mrs. Harmon says she is looking forward to a splendid class.

Two theory courses will be given to beginners and more advanced students.

Those wishing to enroll early are asked to get in touch with Mrs. Harmon by phone or by calling at her home.

## U. S. Flyers Battle Korean Reds

ITAZUKE AIR FORCE BASE, JAPAN—U. S. Air Force ground crewmen are shown arming and fueling an F-80 jet plane of the 9th Fighter Squadron which is flying daily over Korea, covering for bombers and conducting strafing missions against the red troops of North Korea.

### FORMER RESIDENT BURIED HERE SATURDAY

Graveside services were held at Citizens Cemetery here for Willis L. Richards with Rev. L. A. Sartain officiating.

Mr. Richards, 80 years old of Las Vegas, N. M., was a former Donley County resident. He lived here from 1912 to 1923 at which time he moved to Amarillo. Mr. Richards passed away June 28 at Las Vegas. He was a retired farmer and stockman.

He is survived by his wife Mrs. Ona Richards, Clovis, N. M. Six daughters and one son.

Burial was in Citizens Cemetery with the Burns-Bain Funeral Home in charge of arrangements.

### BYARS FAMILY REUNION

A family reunion was held at the home of Mr. and Mrs. Luther Byars at Clarendon Sunday, July 2nd. Basket lunches were brought and served buffet style.

Those present were: Mr. and Mrs. Cody Taylor and children of Los Angeles, Calif.; Mrs. Betty Kennard of Los Angeles; Mr. and Mrs. E. E. White of Denver, Colo.; Mr. and Mrs. Chas. Penninson and daughter of Denver; Mr. W. R. Byars of Grandview, Texas; Mr. Philip Bynum of Pampa; Mr. and Mrs. M. M. Kennard of Lesley, Texas; Mr. and Mrs. E. S. Byars and children of Lesley; Mr. and Mrs. V. G. Byars and Kent of Lesley; Mrs. Troy Davis and daughters of Lesley; Mr. and Mrs. M. D. Kennard and children of Lesley; Mrs. Foy Young and daughters of Memphis; Mrs. Kate Byars of Memphis; Mr. and Mrs. J. B. Byars and family of Lakeview; Mr. and Mrs. Lloyd Byars and daughters of Amarillo; Mr. and Mrs. Frank Berry and Jean of Pampa; Mr. and Mrs. Fern Berry of Pampa; Mr. and Mrs. Jimmie McKee and family of Amarillo; Mr. and Mrs. Frank Babcock and family of Groom; Rev. and Mrs. Young Tucker of Lesley; Mr. Wyatt Byars of Memphis. Sixty-one relatives spent a joyous Sabbath day.

### Large Crowd Attends Chicken Barbecue At Country Club

An estimated crowd of between six and seven hundred attended the opening celebration at the Clarendon Country Club Tuesday, July 4th. The gathering was highlighted with the opening of the new swimming pool and the chicken barbecue in the evening.

The new pool was enjoyed from early 'til late. Many people who had other plans for the afternoon and night, came out early and went swimming in the morning, and during the afternoon the pool was full practically all the time.

Flip Breedlove and his barbecue crew did an exceptional job of barbecuing a total of around 600 chicken halves. There were so many chickens that two cookings had to be made with the first coming off at 3 o'clock and the second at 6.

The club officials asked the Leader to express their appreciations to everyone who assisted in any way to make the opening celebration a grand success.

### HEDLEY LEGION TO INSTALL OFFICERS JULY 11

The Hedley Adamson-Lane Post 287 of the American Legion will hold their installation of new officers at the Hedley Legion Hall Tuesday night, July 11th. M. M. McCully of Clarendon will install the new officers. The Hedley post also announced that they would have a big feed the same night and urged all members to be present.

The new officers to be installed are: Tom Hunnicutt, Commander; Jerman Kirkpatrick, 1st vice-commander; Marion Shaw, 2nd vice-commander; Roy Bevers, 3rd vice-commander; Clifford Johnson, Adjutant; Lionel Blankenship, Chaplain; Bruce Stewart, service officer; Olen Anderson, Child Welfare Chm.; Obe Holland, Sgt. at Arms.

Miss Eulane Ellis of Pampa spent the week end with her cousin Mary Ann Landers.

## British Admiral Visits Israel

HAIFA, ISRAEL—Admiral Sir John Edleston, commander-in-chief of the British Mediterranean fleet, is shown inspecting the Israeli guard of honor as he paid a courtesy visit to the government of Israel. Admiral Edleston arrived aboard the HMS Surprise.

## SCOUTS ATTEND JAMBOREE

VALLEY FORGE, PA.—Photo shows President Truman on dias addressing the second national jamboree of the Boy Scouts which was attended by 47,000 scouts from all over the U. S. and from 19 foreign nations.

**THE MAN WHO SAVED  
DONLEY COUNTY**

**GOLDSTON**  
Carolyn McDonald

Mr. and Mrs. Neely Hudson, Mrs. Mattie Hudson and Miss Mavis Hudson all visited with Mr. and Mrs. Dick Eichelberger Sunday.

Mr. and Mrs. Sam Dale visited her mother, Mrs. R. A. Brame in Clarendon Sunday.

Mr. and Mrs. H. C. Smith were called to Borger Saturday morning to their son, Billy, who was in a car wreck Friday night. We do not know the extent of his injuries at the time.

Mrs. Jossie Jackson visited Mrs. M. W. Hatley Wednesday evening.

Bobby Moss and Weldon Talley visited with Harbald McDonald Saturday night.

Mr. and Mrs. Eddie Reynolds spent Sunday with Mr. and Mrs. George McCracken at Alarreed.

Cpl. R. V. Ralliff visited over the weekend with Mr. and Mrs.

V. Littlefield.

Mrs. J. D. Moss and Wanda Lou of Borger spent Tuesday night in the C. F. Moss home.

Mr. and Mrs. E. W. Talley visited Mr. and Mrs. Edgar Talley Thursday evening.

Mr. and Mrs. V. Littlefield visited Mr. and Mrs. Clay Inman of Groom Sunday.

Mrs. J. F. Jackson and family visited in Memphis Sunday.

Mr. and Mrs. W. H. McDonald and family visited Sunday with Mr. and Mrs. J. E. Morgan at Palo Duro.

Mr. and Mrs. Jeff Talley visited Sunday night with Mr. and Mrs. Edgar Talley and family.

Eva Lee Farr spent Friday with Carolyn McDonald.

Mr. and Mrs. E. B. Allen of Amarillo and Mr. R. L. Moss of Clarendon visited Mr. and Mrs. C. F. Moss and family last week.

Carolyn McDonald spent Sunday night with Mr. and Mrs. J. E. Morgan at Palo Duro.

Mr. and Mrs. Frank Jackson of Amarillo visited over the weekend in the J. F. Jackson home.

Mr. and Mrs. R. O. Reynolds visited in the Clarence Reynolds home Sunday.

Mr. and Mrs. Jack Eddings and Joyce visited Mr. and Mrs. C. F. Moss and family Saturday night.

Mr. and Mrs. Henslee and boys of Amarillo visited Mr. and Mrs. V. Littlefield Sunday.

Mrs. W. H. McDonald and Carolyn visited awhile Wednesday with Mrs. C. F. Moss and Irene.

Mrs. C. F. Moss and Mrs. E. B. Allen visited Mrs. Jack Eddings of Clarendon Saturday afternoon.

Mr. and Mrs. Edgar Talley and family spent Sunday with Mr. and Mrs. John Perdue of Hudgins.

Mr. and Mrs. Pegram and Janet and Mr. R. O. Reynolds visited Mr. and Mrs. Walter Goldston Sunday.

Mr. and Mrs. Price Webb and family of Hudgins visited Mr. and Mrs. Clarence Reynolds Sunday.

Mrs. Walter Goldston visited Mrs. Hatley Tuesday evening.

Mr. and Mrs. Wilson Gray spent Sunday in Amarillo with

her brother, Mr. Lucian Bones.

Mrs. McBrayer and Lyvon and Mrs. Cleo Farr and children visited with the McDonalds' Friday afternoon.

Duane Littlefield is visiting in Colorado this week.

Mrs. W. H. McDonald visited with Mrs. John Wood of Clarendon Monday afternoon.

Those attending the candidate rally and box supper from Martin were Mr. and Mrs. George Bulman, Mr. and Mrs. Raymond Waldrop and boys, Mr. and Mrs. W. D. Higgins, Mr. and Mrs. Richard Cannon.

visit with Ben Chamberlain who is in the hospital there.

Mr. and Mrs. Will Chamberlain visited with him on Monday.

Mr. and Mrs. Shaller made a trip to Canadian last week.

Mrs. Shaller has an aunt as house guest this week.

Mr. and Mrs. Will Chamberlain visited Sunday eve with Mr. and Mrs. McCrary.

corner are "Why The Bear Has A Short Tail," "The Race Between The Monkey and The Duck," "The Little Train that Won a Medal," "How Big," "Bugs Bunny," "Five Little Firemen," "Two Little Miners," "Alis' Elephant," and "Little Appaloosa" by Berta and Elmer Hader who wrote "The Big Snow" which has been so popular with the children and was a Gold Medal book. Then we purchased "Golden Arrow" by Bill & Bernard Martin that is another book for children that is exceedingly attractive. These lovely books will attract the older brothers and sisters. These writers gave us "Lightning, A Cowboy's Colt" and "Silver Stallion." It was a bit extravagant to invest for these children's books, but they are such ardent readers that we are anxious to appease their hunger for "another book, please," and "O I'll rush home and read this at once!" Such exclamations are frequent.

If you haven't read "Fun Fare" edited by the Readers' Digest—a friend gave us a copy.

shall last week.

Brodas Spivey and Jimmie Garland are at Baptist Encampment near Wellington.

Mr. and Mrs. Fowler White and children of Mullin are visiting her parents, Mr. and Mrs. W. A. Marshall.

Albert Russell and son of Ft. Worth spent the first part of the week with Mrs. Mary Allen.

Mrs. H. E. Tolleson spent Tuesday in Amarillo with her daughter, Mrs. Cleve Ingram.

Visiting Mrs. Mary Allen Sunday were Mesdames Sam Allen, Glenn Duckworth and Ted Allen, all of Amarillo.

Come everyone to the Candidate Rally July 12 at Ashtola School house. Refreshments will be served.

**Gabie Betts Burton**  
**Library Notes**  
By May L. Prewitt

The report for this week is very interesting—numerous current issues of the best magazines—ten June 1950 issues. "The Antiques Book" edited by Alice Winchester and the staff of the magazine "Antiques" was placed here in memory of Mrs. Cleo Cleek by the Mike McCullys. It is a book of fascinating information that is placed in the section pertaining to artistic home interests. Another book for adults is the "Pink House" a novel by Nella Gardner White whose last book was "No Trumpet Before Him." "The Pink House family is a drama of warring personalities, of selfishness and greed, of courage and faith, set against a background of the familiar every day life of a large family. You will think it very worth while for summer reading.

The teen age girls shelf has added "The Clue of the Stone Lantern"—a Judy Bolton series, and "Beverly Gray's Fortune" of the Beverly Gray series.

**College Officials**  
**Say 16 Jalopies Are Junk-Pile Bound**

LUBBOCK—Sixteen over-age autos, ranging from jalopies to fairly respectable models, are creating a campus parking problem at Texas Tech. No one will claim them, and for one reason or another they won't run.

Marshall Pennington, college comptroller, said that unless owners of the vehicles have them removed from the campus soon, the cars will be impounded by police officials and turned over to the Lubbock junk yard.

Some of the models represent varying degrees of artistic interpretation. Several have designs which hark back to the 1920s, although one has lines which mark it as a limousine model of the early 1930s.

**MARTIN QUILTING CLUB**  
The Martin Quilting Club met with Mrs. Maybelle Phillips June 22nd. A delicious covered dish lunch was served at the noon hour. Two quilts were completed. Members present were Mrs. Gracie Crofford, Margaret Waldrop, Annie Waldrop, Lois Sibley, Ruby Jordan, Alleen Talley, Lela Bulman, Lois Stevenson, Bessie Helton, Fannie Wilson, Melba Ritsley and hostess Maybelle Phillips. Visitors were Mrs. Vanna Smith and Pauline Thomas. It was decided we wouldn't meet thru July and August. The next quilting will be Sept. 7th with Mrs. Yvonne Barker. —Reporter

**ENTERTAINS WITH BRIDGE PARTY**  
On Wednesday afternoon, June 28, 1950, Mrs. Allen J. Bryan entertained with a bridge party

honoring Miss Joanne Lotz of Orlando, Florida. Miss Lotz has been visiting Manly Bryan here this past week. The house was decorated with bouquets of summer flowers. High score was won by Mrs. Claude Moore. Attending were Mesdames W. H. Skelton, J. L. McMurtry, C. T. McMurtry, Claude Moore, Pat Slavin, W. J. Lewis, Jr., Simmons Powell, C. L. Benson, Jr., Ray Palmer, Misses Anna Moores, Ann Buntin, the honoree, Miss Lotz, and the hostess, Mrs. Allen J. Bryan.

**NORTHSIDE BIBLE CLASS**  
The Northside Bible Class met Thursday, June 29th in the home of Mrs. Virgil Pool. Members present were Mesdames Paul Moore, Doyle Phillips, G. W. Wood, W. L. Leffew, Virgil Pool, Kenneth Morrow. Visitors were Mrs. Pete Whatley of Douglas,

Ariz., Mrs. Geo. Whatley of Groom and Mrs. W. J. Williams of Clarendon.

**WIN ONE S. S. CLASS**  
The Win One S. S. Class of the Methodist Church met Monday in the home of Mrs. Goodner. Mrs. John English being co-hostess. Mrs. A. A. Mayes gave the devotional. The president, Mrs. Rhode presided over the business. A social hour was enjoyed. A lovely refreshment plate was served to guest, Mrs. Hamilton and members, Mesdames W. W. Taylor, C. C. Powell, Greene, Benson, Smith, Mayes, Bourland and hostess, Mrs. Goodner and co-hostess, Mrs. English. —Reporter

**MOTHERS CIRCLE**  
The Mothers Circle held its regular monthly meeting at the Methodist Church Wednesday, June 28. The meeting was opened with the group singing, "My Faith Looks Up To Thee." Mrs. Bill Ray from Circle II gave the devotional and Mrs. Bob Moss brought the mission topic. Mrs. M. R. Allensworth discussed the question, "Are We Wide Awake Christians?" and Mrs. Bill Thornberry talked on how to "Make Something Happen Inside." Both Mrs. Allensworth and Mrs.

Thornberry were guest speakers from Circle I.

At the short business meeting which preceded the program, Mrs. Sam Lowry was elected our new secretary and Mrs. Moss, the treasurer. Mrs. T. M. Caldwell, Jr. invited the group to meet in her home at the next meeting, July 26.

Refreshments and a social hour following the meeting were enjoyed by guests, Mrs. Bill Ray, Mrs. M. R. Allensworth, Mrs. Bill Thornberry, Mrs. Homer Estlack, Mrs. L. L. Wallace, Mrs. H. M. Breedlove and by members, Mrs. Frank Phelan Sr., Mrs. Bob Moss, Mrs. Horace Green, Mrs. Sam Lowry, Mrs. Earnest Eudy, Mrs. Homer Bones and Mrs. T. M. Caldwell, Jr. —Reporter

**SUNRISE BREAKFAST**  
A breakfast at 5:30 a. m. started the day of July 4th out right for the members of the Baptist Young Peoples' Training Union. Bacon, eggs, toast and coffee was the menu. All those who could stay awake long enough, helped with the cooking. With all due respect to our fire built with wood, our portable gas stove received the credit for our meal. Fifteen was the number of attendance. We feel that the absence of the other members can be blamed on alarm clocks or the rain that we had about 5:00 a. m. Those attending were: Keith Bain, Eugene Bell, Ardith Butler, Louveta Cowan, Junior Davis, Wendell Davis, Adell Fox, Jim

Guy, Nita Heath, Hershel and Pauline Heath, Bill and Dale Hill, Billie Hillis, and Charlsie Reynolds. —Reporter

**BRIDAL SHOWER**  
The home of Mrs. T. C. D'Spain was the scene of a bridal shower honoring Mrs. Bobby Gene Trout, the former Cula Joe McClellan, Thursday, June 22nd. Mrs. Joe Leonard and Mrs. S. S. Carpenter assisted as hostesses.

The floral effect was carried out in pink, white and yellow. Dorothea Back, Barbara Barrett and Mary Ann Back presented the gifts.

Those registering as guests were Mesdames J. R. McClellan, M. B. Trout, C. B. Harp, M. L. Putman, C. D. Davidson, Buck Glass, E. H. Noland, W. J. Lewis Jr., Albert Yake, J. W. Burch, C. P. Hamilton, A. P. Word, Chas. Weaver, Skeet Brown, Donald Harlan, Avis Rhodes, J. H. Spier Jr., Frank Hambright, George Preston, Bob Williams, Dusty Rhodes, W. H. Blankey, Jesse Grogan, A. H. Mooreman, Roy Blackman, Frank Crisp, Cicero Turpen, Cullen Taylor.

Misses Lillie Williams, Billie Mae McClellan, Jo Dean Trout, Davie Burch, Jo Ann Grigsby, Sue Young, Effie Lou Carpenter, Carsalee Windom, Gloria Stewart, Marie and Norma Rhodes, Glenda Preston, Dixie Ann Turpen, Betty McClellan. A number unable to be present sent gifts.

**BRICE**  
Mrs. Flora Johnson

### Health Notes

**AUSTIN** — Death rates from diabetes is three times as high in diabetics whose condition was not discovered until after complications developed than for patients whose illness was recognized and brought under treatment before advanced symptoms appeared.

Based on recently completed national studies, this was revealed Thursday by State Health Officer Geo. W. Cox.

"Diabetes has not always been a public health problem," the health officer declared. "It became one when we found that the death rate is much greater when the condition is discovered late."

"Public education makes for lower diabetes death rates, and public education in such matters is a health department job."

Dr. Cox told this story about diabetes:

It used to be that many diabetic patients sought treatment only after having developed serious complications. A considerable number of all diabetics examined at autopsy showed active pulmonary tuberculosis.

The discovery of insulin gave physicians a specific treatment for prolonging patients' lives, even before it was entirely clear what the disease was and what its effects were. Thus, event after event took place with insulin therapy, eventually leading to the realization that early discovery means longer life.

### OFFICER DEVOTES RETIREMENT TO WRITING ARMY HISTORY

Col. Henry Hossfeld in 1950

Lt. Henry Hossfeld in 1902

An Army Officer who since his retirement four years ago has voluntarily contributed his time to compiling a history about the first World War saw his work brought to the stage of a published book today. The officer is Colonel Henry Hossfeld, 74, twice retired, and a veteran of the Philippine Insurrection and the two World Wars. The book is the third volume of the Army's Order of Battle of the U. S. Land Forces in the World War.

Still mentally vigorous, Colonel Hossfeld continues to show up daily at the office of the Army's Historical Division in the Pentagon where he has put in half a day's work regularly for the past four years. At the present time he is working on the Order of Battle for the second World War.

Always active in academic studies, Colonel Hossfeld's interest in history dates back to the days when, as Intelligence officer with the American Forces in Germany in 1923, he wrote the last installment of the history covering the American occupation. Since then he has written numerous studies for the Army. In conjunction with his studies in military history, he developed an extensive collection of classical and military books, which he recently donated to the Historical Division.

One of the interesting tidbits of information unearthed by Colonel Hossfeld and the staff at the Historical Section concerns the dim-

ishing cost of getting soldiers into the Army since Civil War days. During the Civil War the cost to get each man under the Enrollment Act was \$227.71, which included payment of a bounty. During World War I, the per capita cost of each man inducted and accepted at camp was \$11.34. Colonel Hossfeld states that he expects to receive requests for similar information about the cost of inductions during World War II as soon as the present book reaches the public.

Colonel Hossfeld, who will observe his 75th birthday on May 7th, was enlisted in the Army as a private in 1898 by Daniel Corman who later as colonel became the fifteenth commander of the 7th Infantry. Hossfeld, himself, subsequently assumed command as the thirtieth colonel of the same regiment, and at that time was joined by George C. Marshall, who became his brigade commander. Hossfeld and Marshall had been commissioned second lieutenants at about the same time and served together with the 30th Infantry, then stationed in the Philippines. They did not meet again, however, until Marshall was a General.

Colonel Hossfeld returned to active duty during World War II and had 45 years of service to his credit when finally retired at the age of 71 in 1946. He and Mrs. Hossfeld have made their home in Washington, D. C., at 3665 Upton St. N. W., since his original retirement in 1939.

Mr. and Mrs. L. T. Whitlock and son Larry of Amarillo were visitors here the Fourth.

Donley County Leader

### New Fishing Law Explained Again

**AUSTIN**—Reported misunderstanding of the statewide fishing law prompted the Executive Secretary of the Game, Fish and Oyster Commission to restate some of the principal provisions Saturday.

The law, passed by the last regular legislative session to replace many conflicting local statutes, permits persons to fish without a license in their home counties and to fish in streams separating the county of their residence and adjacent counties unless they use artificial bait. Fresh water fishermen who use artificial bait are required to have a license regardless of where they fish.

The act also permits Texans to fish in counties adjoining their home counties without a license unless they use artificial bait or use live bait. Licenses are re-

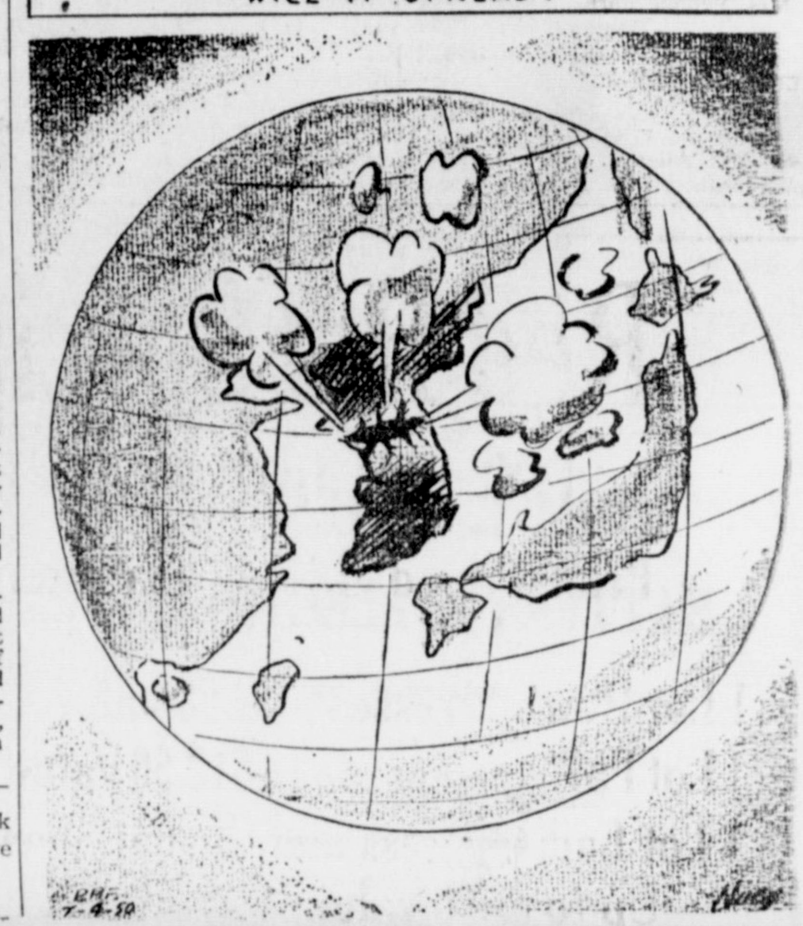

quired of persons fishing for commercial purposes regardless of where they fish.

There also has been some misunderstanding about the trespassing law which was amended by the last regular legislative session. The new changes, according to the Executive Secretary, stipulates that game wardens now have the authority to make arrests for trespassing, and also provides for an increased penalty for violations.

No change has been made in the primary provision of the original trespass law. Persons still need the permission of owners to enter property that is enclosed, when they desire to hunt or to fish. Land that is not enclosed is available to sportsmen without the permission of the owner.

For the benefit of persons living in counties adjoining their home counties planning to visit that area, no license is required for fishing in salt water.

### WILL IT SPREAD?

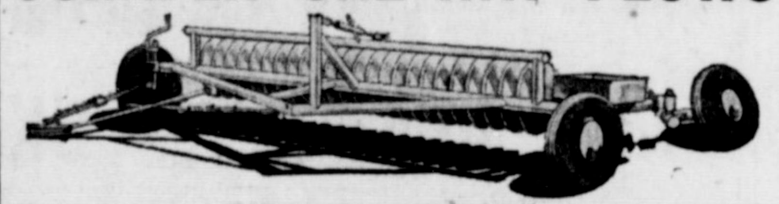

"Diabetes Mellitus"—called sugar diabetes by some people—is a condition in which the body cannot properly process the sugar it needs. The result is chronic thirst, hunger, and weakness. Eventually, without insulin, the patient will literally starve to death. Insulin injections will correct the faulty body processes.

"In 1949, there were 739 diabetes deaths in Texas," Dr. Cox said. "By comparison, that same year there were only 189 poli-

deaths. "It's the family physician who is in the best position to discover diabetes or a pre-diabetic condition. That's just one more point in favor of regular medical check-ups," the doctor concluded.

Mr. and Mrs. John Knorpp of Amarillo spent the Fourth with homefolks and attended the Country Club opening.

### SCHAFFER ONE-WAY PLOWS

THE EASIEST PULLING PLOWS EVER BUILT!

NOW WITH HYDRAULIC LIFT

 rop and boys, Mr. and Mrs. Geo.  
 Bulman, Mr. and Mrs. W. D. Hig-  
 gins, Clyde Davis attended the  
 candidate rally at Goldston Fri-  
 day night.

The Herman Pattersons of Lub-  
 bock visited the Richard Cannons  
 over the week end.

Mrs. A. A. Mayes returned this  
 past week after a three months  
 visit with a brother at Houston.

Miss Patsy Hefner of Amarillo  
 is visiting her grandparents, Mr.  
 and Mrs. A. O. Hefner.

**CECIL STOREY**

Cecil Storey, Longview, Texas,  
 who has filed as a candidate in  
 the Democratic primaries for  
 judge of the Court of Criminal  
 Appeals, for many years as a  
 member of the Legislature help-  
 ed in the drafting of many im-  
 portant laws. He is familiar with  
 the criminal code of Texas and  
 on the bench will be an experi-  
 enced administrator of them.

Storey has been a state repre-  
 sentative for eight terms, four  
 terms from West Texas and four  
 terms from East Texas. He is not  
 serving as chairman of the item  
 committee to revise the state  
 criminal codes. Storey was au-  
 thor of the five bills unanimo-  
 usly passed by the last special  
 session of the Legislature seeking  
 to stamp out sex crimes. This same  
 committee will make further  
 recommendations to the next  
 legislature for improving the  
 criminal laws.

In his long service in the Texas  
 legislature Storey helped to pass  
 many important laws, including  
 the Gilmer-Aiken bill to improve  
 the school system, and permit-  
 ting the commissioners courts to  
 raise salaries of county and pre-  
 cinct officers under certain re-  
 strictions. He also served as  
 chairman of the all important oil  
 and gas committee of the House,  
 and as chairman of the State Af-  
 fairs Committee.

Storey is a native Texan and a  
 law graduate of the University of  
 Texas in 1909. His grandfather,

Captain J. W. Storey, settled in  
 Freestone County in 1851 and  
 commanded a company in the  
 war between the States. Storey's  
 father, the late W. F. Storey, was  
 among the first graduates of  
 A&M College. The candidate first  
 practiced law at Vernon in 1909  
 and in 1932 removed to Long-  
 view. It was while in that section  
 he helped write the oil proration  
 laws. Storey's experiences have  
 all been for the progress welfare  
 and upbuilding of Texas.

Bob Clifford who has been em-  
 ployed at San Angelo for some  
 time came home for the holidays.  
 Mr. and Mrs. Virgil C. Morris, his  
 aunt, accompanied him home for  
 a holiday visit.

Donley County Leader \$2.50 yr. in County.

**Visit Here Over Week End**

Visiting in the homes of Mrs.  
 Genoa Doshier and the Walter  
 Loves over the week end were  
 Mr. and Mrs. Lanas Doshier of  
 Okla. City, Okla.; Mr. and Mrs.  
 Zed Doshier Sr., Mr. and Mrs.  
 Earl Bishop, Bruce and Steve,  
 Mr. and Mrs. F. B. Doshier and  
 Miss Beulah Doshier all from  
 Amarillo; Mr. and Mrs. Geo.  
 Doshier and Diana from Vega;  
 Mr. and Mrs. James H. Gunter  
 and Brooks from Claude; Mr. and  
 Mrs. Doug Doshier from Child-  
 ress; Mr. and Mrs. Kirk Doshier  
 and Mr. Mitch Bell of Clarendon.

Mr. and Mrs. A. O. Hefner,  
 Judge and Mrs. Williams and  
 Mrs. John Goldston were Amar-  
 illo visitors Friday.

**M-SYSTEM**

### Ben Guill Reports To The People

The Bill H. R. 8969 reported today by the House Committee on

Agriculture pertains mostly to cotton. However, there are two sections of it relating to wheat and these, of course, are of interest to wheat growers in the Panhandle area. I am going to make two reports on this bill which I

will send to both cotton and wheat growing counties for the information of those who will be vitally interested.

To the cotton growers the following report is given:

It looks as if the cotton acreage allotment for 1951 will be the same as it was for 1950. I make this statement because of a reported estimate from the Department of Agriculture. The estimated carry-over as of August 1, 1950 will be seven million bales and the estimated harvest is 10 million bales. This total of 17 million bales is within the estimated marketing quota of 17 million. To give you some idea of how they arrived at this figure I quote the following figures: By using the domestic and export consumption and adding 30% of this total the Department arrives at the marketing quota figure.

The Bill H. R. 8969 is not a perfect bill, nor did the sub-committee on cotton report it as such, but after six months of conference, discussion, arguments, and sometimes heatedly, the sub-committee reported this bill to the full committee on June 28th and it was unanimously approved. I personally attended several of the sub-committee meetings and listened to the many pro's and con's and on every problem, and even though I was not a member of the sub-committee nor a member of the Agriculture Committee at that time, I was allowed to ask some questions and present some of the problems of my District. My main suggestion was that I felt that the State Committeemen and the County Committeemen should have unlimited discretion within their respective States and the Counties. This bill gives to the State and the County more home rule than any cotton bill

**WAC RESERVISTS STUDY TRAFFIC REGULATION**—On this Training Supply ship on a weekend cruise the 334th Transportation Traffic Regulation Group held life boat and fire drills, put "ducks" over the side for landing experience and attended lectures. The group in Washington, D. C., composed of officers and enlisted men and women, is training in traffic regulation matter for all forms of transportation regarding the movement of personnel and materiel.

ever written has given.

The State Committee is allowed to retain as much as 10% of the total acreage in the State for adjustments in County allotments for trends, for abnormal conditions, for incomplete or inaccurate basic county cotton data, and, upon proper showing by the county committee, that they have inequitable county allotments, and for new farms, small farms, and for farms adversely affected by abnormal conditions affecting plantings, (for example, drought), and for adjustments by the county committees who do not have enough reserve to sufficiently provide for equitable farm allotments.

The County Committee can withhold 15% of their County allotment for distribution for the same reason as given to the State and I repeat this, they can obtain from the State additional acreage if their 15% reserve is insufficient to provide equitable farm allotments. Now this bill sets up a three year temporary program for the years 1951, 1952, and 1953. At the end of the three years cotton allotment will start on a straight history basis. This is fundamentally the rules of the Cotton Bill and today I am sending out to all of the P.M.A. County Committeemen copies of H. R. 8969 for their study.

Texas, as well as the other states, will get her proportionate share of the National allotment and as I have stated, it will probably be the same allotment that we got in 1950. It is up to the State Committee and the County Committee to iron out their own local problems and I think it a wonderful idea to deal with these problems at home rather than be told what to do from the Capital at Washington, D. C. You must bear this in mind, with the State allotment and with the reserves withheld by the State and the County Committeemen, that if cotton acreage is given to one it must be taken away from someone else, but I feel that we at home can iron out our difficulties practicing the Golden Rule and be much better off rather than be dictated to by bureaucrats in Washington.

**Wheat Acreage, Allotments**  
The bill H. R. 8969 reported today by the House Committee on Agriculture pertains mostly to cotton. However, there are two sections of it relating to wheat and these, of course, are of interest to the wheat growers in the Panhandle area.

The first provision, which is Section VI of the bill, relates to wheat acreage allotments and provides that the 1951 wheat acreage allotments for any county shall not be reduced below the 1950 allotments for the county by more than the percentage by which the national acreage allotment for 1951 is reduced, plus five percent. Whatever extra acreage may be necessary to provide this minimum county allotment is to be in addition to the national acreage allotment. It is expected that this provision will apply principally in the newer wheat growing sections in the

el above quotas when marketing quotas are in effect. This provision has been in the law for years but was inadvertently eliminated in the Agricultural Act of 1949. This merely restores the old provision.

This penalty will not be in effect for the years 1950 and 1951, because there have been no marketing quotas announced, however, in future years, if marketing quotas are fixed the penalty becomes the rule.

#### FRANK WHITE JR. WINS NEW BUICK

The Clark-Brock Post of the American Legion climaxed one part of their building fund drive here Monday night at 11 p. m. when the new Buick was awarded to Frank White Jr. of Clarendon. A large crowd was on hand when the lucky ticket was drawn and the winner announced.

Legion officials stated that they did fairly well with the drive and would probably be able to get something started on their new Legion building within the near future.

#### Portable Quick Freezer May Soon Be On Market

AUSTIN—Texas farmers, ranchers, and urban garden owners may soon quick-freeze their own fruits and vegetables by one of the best commercial methods.

A compact, portable quick-freezer for homes and small locker plants will be perfected this summer by University of Texas Engineering Dean W. R. Woolrich.

The unit will have approximately the same proportions as a five-gallon ice cream freezer. Home quick-freezing of fruits and vegetables in two to 10 minutes will be a reality.

"It's true that small locker plants have been processing

fruits and vegetables after a fashion, in standard quick-freezing equipment," Dean Woolrich said. "However, that type of operation doesn't preserve vegetable-fruit flavor and body like the commercial job done on specially packaged products for grocery stores. The new model will do a 'commercial job' at home."

Woolrich has designed his new machine in a vertical, bucket-like shape. It may be operated only when needed and is easily cleaned.

Mr. and Mrs. Claude Hearn and son of Amarillo were here Wednesday visiting relatives and friends.

Mr. and Mrs. Bill Weatherly and family spent the Fourth in Amarillo.

**PLOWIN' Out the CORNERS**  
by Uncle Zeb  
Said the Insurance Salesman: "If you want some insurance and have a couple of minutes to spare I'll fix you up. If you don't want any insurance and have a couple of minutes to spare I'll make you want it." And some of them can do just that.

A man that is stuck on himself usually don't get very far.

If a speaker is ignorant of his subject before he tackles it; the crowd is usually be-fuddled afterward.

Had a letter this week from Mrs. Altavene Clark, in which she refers to my column as "Sweepin' Out The Corncrib." Anyway, she is the leading woman candidate in the race for congress. She is opposed by five leading men, that is, three whose names appear on the ticket besides the Mr. Guill who will get some votes in the general election, and Lewis Nordyke and Uncle Zeb who are possible write-in possibilities in case you can't decide on either one of the two. Thanks in advance for the other votes that Uncle Zeb rated. I always knew Mama believed in him.

Anyhow Mama was worrying about the short crop, and I told her not to worry too much that things could be worse. If we had made a lot of money I would have had to take her shopping more often to some neighboring large town, and that in all the traffic we might have gotten our

car smashed into, and maybe she would have been injured, to say nothing of the salesmen that would have called on us. Anyway, it didn't seem to cheer Mama up a great lot --- No imagination.

My sisterinlaw, wife of the one who grows the beans writes that she is a little nettled about my reference to her husband as the bean man. She reminds me that they live in the Enchanting State of Colorful New Mexico; that this itself should be enough to identify them by. On top of that they grow a fine quality of alfalfa hay, etc. I'll think it over Sis, and if I feel the least bit sorry, I will apologize later.

A friend was telling me about a speaker that he had listened to recently; he gave his subject, read his text, then admitted that he knew nothing about it. He proceeded to prove his point; not his subject; not his text, but the

fact that he knew nothing about it.

Anyway, I received just about the nicest letter from down Hedley way signed, A Reader. She also refers to herself as "Just A Farmers Wife, with about a million things to do." Anyhow, I had just about talked myself into quitting writing the column every week, maybe just once in awhile or something. But this letter was so nice that I couldn't quit this week, probably not for another week or two at least. In fact it would take several unfavorable letters to offset the effect of this one on my morale. This Reader says all the nice things that I could possibly like to hear even to the point of asking me to go ahead and get "Preachy" anytime that I wish. Thanks so much to this Reader for the kind words. It is unbelievable what an effect a few kind words honestly spoken can do to a fellow man. I keep asking myself why I am so stingy

with kind words when they do so much good and cost so little.

## LELIA LAKE

Mrs. H. R. King

Mr. and Mrs. Nelson Seago left Saturday morning to attend the last program of the Stamps-Baxter School of Music in Dallas. They were accompanied home by their daughter Bobbie, who attended the school.

Mr. and Mrs. W. B. Ayers spent Sunday in Pampa with their daughter; and husband, Mr. and Mrs. Emory Morris.

Mrs. Doyce Graham and sons of Ashtola spent Friday with Mr. and Mrs. Bill Mooring.

Bunny Lowe returned Friday from a weeks stay at the Methodist Encampment in Ceta Canyon.

Mrs. David Hudgins and sons of Lesley and Mrs. Z. N. Hudgins of Fort Worth visited Mr. and Mrs. Quinn Aten Saturday afternoon.

Joe and Ralph Ayers spent last week end in Amarillo with their sister, Mrs. George Moore.

Mr. and Mrs. H. R. King Jr. of Canyon spent the weekend with his parents here.

Mr. and Mrs. Don Tomlinson and daughter spent Sunday in Amarillo with relatives.

W. N. Poole had business in Amarillo last Wednesday.

Mrs. Sam Power of Estelline spent Sunday here with friends. The Mystic Weaver's Club entertained their families with a chicken barbecue at the school house Thursday evening. After the delicious meal, games of forty-two were enjoyed by the members and their husbands, while the children skated.

Mr. and Mrs. Dewey spent Sunday with relatives in Borger. A small granddaughter who had spent the past two weeks here returned home.

Mr. and Mrs. Will Mace returned Sunday from a few days visit with relatives at Farwell.

Mr. and Mrs. Bo Noble of Dumas visited Mr. and Mrs. Nelson Seago Sunday.

Mr. and Mrs. Dick Noble of Lubbock visited relatives here Sunday.

QUALITY BUILDING MATERIALS OF ALL KINDS  
Oscar Thomas, Mgr. Phone 20

assigned to shapes and colors of a sign as added assurance of your glance recognition? Wouldn't knowledge of both be added insurance for your safety?

From the shape and color of the sign, it is possible for you to tell whether it is a REGULATORY sign intended to inform you of a law or regulation enacted to promote safety and convenience upon the streets and highways, whether it is a WARNING sign erected to tell you of a hazardous condition either on or beside the road, or whether it is a GUIDE or DIRECTIONAL sign to lead you to your destination.

This is the second in a series of four articles designed to make Mr. and Mrs. Average Driver more familiar with traffic control signs, which when properly understood and obeyed, make our highways a safer place to be. This is the story of the WARNING sign.

You noted above that the WARNING sign is erected for the purpose of informing you of a hazardous condition either on or beside the highway. It may warn of a Stop sign ahead, a narrow bridge, a curve, a crossroad, or some condition that requires the special attention of the motorist, if not a reduction in speed.

This sign is a diamond shape, and it has black letters or a symbol on a yellow background. Either the message, symbol, or the background is reflectorized if the condition of which warning is given exists at night.

The WARNING sign will be located on the shoulder of the highway at a point 300 to 500 feet in advance of the condition of which it warns.

Remember, when you see the yellow diamond shaped sign beside the highway, you are approaching something which requires you to be alert or else take the chance of becoming a traffic statistic.

**Oil Discoveries Out-Pace Consumption Prof. Says**

LUBBOCK — The discovery of new oil fields is exceeding the consumer demand for petroleum and brightening the nation's long-range supply outlook, a Texas Tech petroleum engineering expert has declared.

Prof. W. L. Ducker, head of Tech's department of petroleum engineering, said that about two years ago the nation appeared to have a 12-year supply of oil. He said the new discoveries, particularly the Scurry field in Texas,

have caused a revision of the estimate. Known reserves would carry the load of consumption into 1963, according to latest estimates.

"We have about 25 billion barrels of known reserves, and about 175 trillion cubic feet of natural gas reserves," he said. "It seems that petroleum's outlook is better than the natural gas one because natural gas demands are rapidly multiplying."

The Tech professor said that in 1947 the natural gas reserves were expected to last until 1984.

The increased demand has dimmed the outlook to the present estimate of a reserve which will be depleted in 1973. New discoveries of natural gas have not been as productive as those of petroleum.

"The figures represent no occasion for alarm," Professor Ducker added. "Estimates during the last three decades have been as low as seven years, and yet new discoveries have successfully kept ahead of demands."

**Flood "Drills" Oil Well In Cellar**  
Scientists generally need complicated instruments to find petroleum deposits, but in Indiana recently a Wabash River flood pushed crude oil up through the basement of a home. Experts theorize that the house stands on an oil reef, a porous rock formation which holds petroleum, and that pressure of the flood waters forced the oil out of the ground.

Women who retain their maiden names after marriage are called Lucy Stoners.

Wallabys are baby kangaroos.

**DO YOU KNOW YOUR HIGHWAY TRAFFIC SIGNS?**

The shape and color of a highway sign should have a meaning for you, Mr. and Mrs. Motorist, even though there is no message or symbol on it. You have only a split second at high speeds to read a written message or grasp the meaning of a symbol on a traffic sign. If you fail, you may be courting disaster. Is it not logical then that meaning should be

First of the Fine Cars in Value

**The Car that puts your Best Foot forward**

WE think you'll agree that the whole story of an automobile isn't told in its power, its room, its styling, even in its ride.

There is the all-important point about what a car does to you—and that's where ROADMASTER really shines.

For you can't slip into this bonny beauty's broad seats without feeling like somebody pretty special.

When you take its neat wheel in your hand—when you cut loose, with a toe-touch, the rich baritone of its big Fireball straight-

eight power plant—when you feel the smooth surge of its Dynaflo-cushioned take-off—

Man, then you know you've got a real automobile!

And don't overlook this:

That graceful sweep of chrome along the fender—found on no other car made today—is a mighty eye-catching note of distinction.

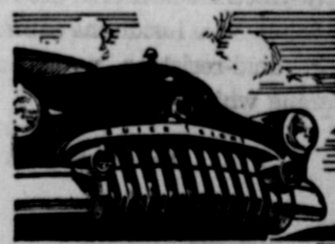

Those four Ventiports, too; cause many a head to turn—they mark you unmistakably as the owner of the biggest and best Buick built—a car as fine and rich as any man has need for.

There are a lot of good, solid,

dollars-and-cents reasons for making ROADMASTER your choice over any other car:

Its size. The commanding performance of its 152-hp Fireball valve-in-head straight-eight engine. Dynaflo Drive standard. A ride that's quite matchless in its gentle softness. Distinguished styling from bold, protective front end to gleaming "double bubble" taillight.

But if you're ready for a car that's more than just an automobile—if you want one that puts your best foot forward in any company—that's the real reason for seeing your Buick dealer quickly—to talk turkey about a ROADMASTER.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

### "Home Rule" Powers Being Threatened By Labor Groups

Texas mayors, county judges and school board members were alerted today to the threat of their "home rule" powers being turned over to labor groups and the diversion of more than \$30,000,000 of public tax monies from the State Highway Department building program.

General Ike Ashburn, executive director of the Texas Good Roads' Association, in a statement released from the Association's headquarters in Austin compared the threat to Texas in the El Paso Wage Rate Case to be on a parity with the Tidelands Case.

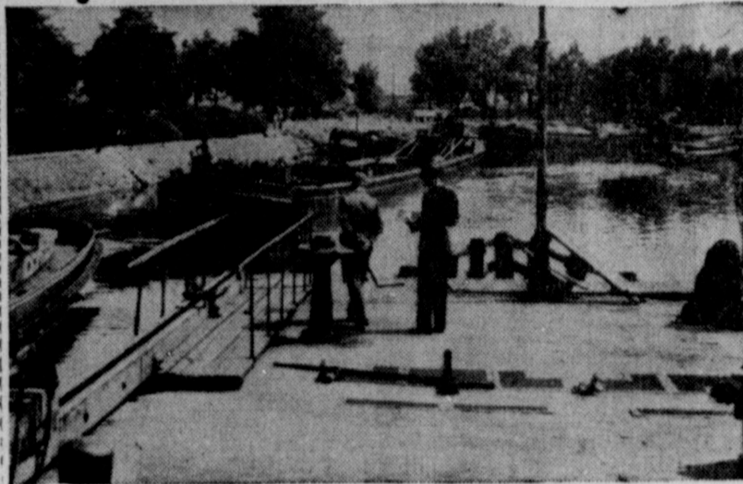

The Texas Supreme Court is scheduled early in July to receive the El Paso Wage Rate Case. The issue is whether organizations,

like the American Federation of Labor in the El Paso case, will dictate the policy of wage contracts for the state highway department or whether that department will do so.

Many years ago, General Ashburn cited, the state legislature delegated to the highway department, with its many specialists and engineers, the right and responsibility to determine the prevailing wage rate in the areas where state highway contracts are to be let. Each succeeding legislature has left this right intact. The responsibility to determine the prevailing wage rate by this same law was placed upon various agencies who are responsible for the administration of many state, city and county functions.

"If the thinking of the labor group in El Paso is correct," General Ashburn's statement said, "it

### POLICE STOP GERMAN BARGES

BERLIN, GERMANY—These east zone barges guarded by police were halted at the West Berlin locks for lacking necessary clearance papers. The action was a counter measure for the trouble encountered by west German barges seeking passage through east zone locks.

will mean that the legislature all these years has been in error and that the state highway department and the county judges and commissioners of Texas are no longer capable of determining what the proper wage scale is in Texas counties. It will mean that some other group of business agents like the union labor group at El Paso will be allocated this authority and the legislature, the state highway department, the county judges and the county commissioners' in Texas will be by-passed."

The Good Roads executive warned that if "the present group or any other group get their foot in the door and win in this case, we can expect to see a breakdown of our present home rule of

municipal, county and school board units. We don't believe our Texas mayors, county judges, commissioners and school boards want, or need, any outside group to pass on their prerogatives and hand these rights over to labor or any other groups," he concluded.

Alexander Hamilton was the first secretary of the treasury.

Pocahontas married John Rolfe.

Rhode Island, smallest state in the union, has the longest name.

"The Jazz Singer" starring Al Jolson was the first talking picture.

Donley County Leader, \$2.50 year

### Bass Fry Output Hard Hit By Cold

AUSTIN—A sharp reduction in bass fry production and distribution this year was indicated Saturday by reports from seven of the state's twelve hatcheries to the Director of Hatcheries for the Game, Fish and Oyster Commission.

Indicative of the curtailment, mainly because of unseasonable cold in March, was the San Marcos Hatchery statement that an estimated 75 per cent of normal production was lost. Contrasting conspicuously with the dismal picture was the laconic report from Luke Proctor, Superintendent of the Brownsville Hatchery, that his distribution of 2,172,950 black bass represented "average hatch, average luck."

On the face of the survey, the bass fry crop will fall far short of the expected 20,000,000 total for the State.

In his gloomy appraisal, Hatchery Chief Harmon Henderson at San Antonio, wrote: "Due to late cold weather in March after having a mild February which caused our bass to spawn early, I estimate we lost about 75 per cent of the bass eggs. Our brood bass were all in fine condition and were full when we put them into the hatching ponds. We had several bass on nests in ponds that we could watch and three different times all the spawns were ruined in these ponds by a sudden drop in temperature or high wind."

Henderson's 340,000 fry distribution contrasts with the expected 1,400,000 from that hatchery alone. Superintendent D. C. Harper at Medina Hatchery at Devine, reported his production held to 297,000, partly from cold snaps. Bill White of the Lake Dallas Hatchery, distributed 483,500. Superintendent Ben Stone of the

big Eagle Mountain Hatchery at Fort Worth wrote that his distribution of 826,500 represented a 50 percent cut because of a late freeze. Hatchery Superintendent B. T. McRoberts of Huntsville reported a small harvest of 34,550 bass. Hatchery Chief Grady Walker at Ingram reported distribution of only 3,000 bass primarily because of a worm infestation that destroyed both eggs and fry.

### High-Speed Knitter May Create New Cotton Demand

LUBBOCK—Four Texas Technological college coeds in the home economics division will model the new cotton tricotton knitted fabrics at the Cotton Research Congress in Dallas, July 27th.

The showing will be the first practical demonstration of fabrics made by the high-speed knitting project at Tech. The project is sponsored by the Cotton

Research Committee and is under the direction of Dr. L. E. Hessler. Tricot knitters are used in knitting synthetic fabrics. Adaptation of cotton for the knitter may open up a new phase of the cotton textile industry, Dr. Hessler said.

"These cotton fabrics don't shrink like other knitted goods because they are closely knit—there isn't any room for shrinkage," he said.

Dr. Hessler added that results of the research at Tech have been so encouraging that a transmission to speed the knitter up to 500 courses a minute is being installed.

The cotton research committee also has other projects in progress at the University of Texas and Texas A&M. The three state-supported schools are sponsoring the Dallas congress.

Ronald Amundsen discovered the South Pole.

## REMEMBER WHEN

## ... three meals took all day

It took a lot of work, wood and worry to keep the old-fashioned kitchen stove at proper cooking temperature. But today, hundreds of thousands of Gulf South housewives get instant, controllable heat from natural gas. They may even spend the afternoon away from home while supper cooks in a modern, automatic, gas range. This is

See the Modern, Automatic GAS Ranges now on display wherever gas appliances are sold. There's nothing as smart, as economical or as convenient—as GAS.

but one of the many household tasks that are made easier and more pleasant through natural gas service.

The companies which make up the natural gas industry take pride in their contributions toward better business and more convenient living for their customers. Their payrolls, royalties and dividend checks, along with many purchases of supplies and equipment from local concerns, place millions of dollars in circulation for all to share. This is private enterprise at work—for the benefit of people in all walks of life.

## Palmer Motor Co. Launches Ford Truck Economy Run

This week the Ford Motor Company and Ford Dealers of America are launching the nationwide Ford Truck Economy Run, a comprehensive truck operating study that will cover a six-month period ending December 31, 1950, according to Ray E. Palmer of Palmer Motor Co.

The Ford Economy Run, Palmer stated, will include thousands of Ford Truck owners all over America who will keep complete day-to-day records of their actual truck operations, including every mile travelled, every load hauled, every gallon of gas and oil consumed and total repairs and maintenance.

J. Alfred McMurtry will be Clarendon's entrant in the Ford Truck Economy Run, Palmer announced. McMurtry's truck, a Ford F-1 Pickup, can be identified by the orange and black shields which are mounted on all trucks throughout the nation that are participating in the Run.

Every Ford Truck model, from 95-horsepower Pickups to 145-horsepower Big Jobs, and every truck-using vocation will be represented in the Ford Truck Economy Run in sufficient numbers,

## BIDAULT CABINET FALLS

PARIS, FRANCE—The government headed by Premier Bidault was retired after losing a vote of confidence by 352 to 230. Shown here are, left to right, Rene Ploviva, defense minister, who is the likeliest choice to form a new cabinet; Henri Quouilla, second choice; and Georges Bidault, now defeated, who was premier since last November.

Palmer declared, so that results are expected to demonstrate not only the economy of Ford Truck operation, but to establish a realistic "yardstick" of truck operating economy for all truck-using industries as well.

It is possible that the study will reveal interesting facts and figures as to what models and equipment items are best suited to specific types of duty, Palmer added, and perhaps may indicate the need for additional new truck models, such as the Ford Parcel Delivery Truck, which was recently introduced in the multi-stop delivery field and which doubles the load area of conventional panel trucks without increasing wheelbase length.

Among a combined group of 300 of Task Force 86 First Midshipmen Summer Cruise, who recently visited the Headquarters of the United Nations at Lake Success was Jack G. Johnson of Clarendon.

Washington's estate at Mt. Vernon comprised 2700 acres.

## SOCIAL SECURITY NEWS

"Working on a job without showing your social security card to the employer is as big a gamble as putting money in a bank without giving your name," says J. R. Sanderson, manager of the Amarillo social security office. "Your wages can't be posted to your Old-Age and Survivors Insurance account without your social security number."

"Every three months," Sanderson says, "your employer must report your wages to the Social Security Administration to be posted to your Old-Age and Survivors Insurance account. During this month he will make his quarterly report of wages paid during April, May and June. He must show the number of your account on the same line with your name and the amount of wages he had paid to you. The number on your

social security card is the number of your insurance account. If you don't show your card to your employer, he can't have your account number on his report. And you can't get credit for your wages."

"You want to be certain that all of your wages are posted to your account," Sanderson said, "because the retirement or survivors benefits that you and your family will collect is a percentage of the wages that have been entered into your account. The way to assure that all of your wages will be posted is to show your social security card to each employer at the time that he puts your name on his payroll."

A representative from the Amarillo office will be in Clarendon Tuesday, July 11, at 9:15 a. m. in the County Court House.
