Federal Milk Marketing Orders

H. M. Breedlove, county agent, was in charge of a meeting of dairymen on June 29th at the court house in Clarendon. A group of dairymen from Donley and Carson Counties attended the meeting and heard Mr. Joe Murphy, agent in dairy marketing for the Texas A&M College Extension Service explain the new federal milk order. Mr. Murphy explained the bad and the good points of the order and then left it up to the dairyman as to whether he wants it or not. This will be handled through the organization of dairymen in this milk shed. Listed below are some of the things that a milk order will do and some of the things it will not do.

What They Do

- 1. A fair butterfat test.
 - 2. Accurate weights for his milk.
 - 3. That his milk will be paid for according to the manner in which producers' milk is used under a classified pricing system.
 - 4. That he will receive at least the minimum price for his milk determined by a previously adopted formula (dependent upon the utilization made of the milk).
 - 5. That (under many orders) excess milk from other areas will not displace local base milk for fluid use.
 - 6. That he, through a bargaining association, will have a voice in any changes made in the pricing methods and formulas.
- They assure the distributor:
- 1. That all milk in the market will be purchased under the order. This places all plants in the same competitive position for a supply.
 - 2. That his weights and fat tests will be checked by an impartial agency.
- What They Won't Do
- 1. They do not guarantee the producer a market for his milk.
 - 2. No plant is forced to purchase any milk that it does not want to buy.
 - 3. The price that a plant may charge for the milk it sells is left entirely to the plant management.
 - 4. The area in which a plant may make sales is not regulated.
 - 5. The area in which a plant may purchase milk, either from producers or other plants is not regulated.
 - 6. Federal orders have no effect on local health regulations. All milk must meet the terms of all applicable health laws.
 - 7. Orders do not depend on appropriated money for financing. All funds come from assessments made in the market, and paid by both, producers and handlers.

Training Union Revival At Martin

The Martin Baptist Church is to be engaged in a Training Union Revival July 10 to 15th. Rev. and Mrs. Lee C. Perry of Dallas, who are State Approved Workers from the Training Union Department will be in the community for the week to direct the School. Bro. Perry who has had five or six years of constant work in this field is a man of wide experience and promises to be an efficient leader. He will fill the pulpit Sunday morning at 11 a. m. and will be leading the Revival effort as well as teaching a course to the adults on Training Union Methods.

Mrs. Perry, who is experienced in children's work, will be working with the Primary, Beginner and Nursery children as well as worker's.

Mrs. Nolan Barrow will teach a course during the week to Juniors. Mr. B. T. Spear will teach the course to the Intermediates and Young People.

Not only the Church Family is invited to take part in this school, but the public is invited, stated the pastor, T. H. Harmonson.

Services Held Saturday For Mrs. Bart Russell

Funeral services were held Saturday afternoon at the Murphy Funeral Chapel for Mrs. Maggie Russell with Rev. T. H. Harmonson officiating.

Mrs. Russell, age 72, died Friday in a Memphis hospital where she had been a patient nine days. She had been a resident of Donley County for a long number of years.

She is survived by her husband; four sons, Houston and Henry Russell both of Clarendon; Jim F. Russell, Amarillo; H. F. Russell, White Deer; four daughters, Mrs. J. A. Fisher, Texas City; Mrs. Frank Collins, West Yellowstone, Mont.; Mrs. Alice Shumaker, San Bernardino, Calif.; Miss Bobby Russell, Clarendon; 14 grandchildren and two great-grandchildren.

Palbearers were Clarence Reynolds, Raymond Waldrop, George Bulman, Pete Land, L. O. Christie and James Tolbert.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

De Alton Holder of Amarillo visited the W. H. Strawn's Sun.

Neighbors Gather At Garlands For Cleanup Job

Between twenty and thirty neighbors and friends of the Ashtola and Goodnight area gathered at the A. J. Garland farm Tuesday for a mass clean-up job. The men busied themselves tearing down damaged buildings, pulling nails and general rounding up in preparation for rebuilding the various buildings and the Garland home. While this was progressing, it was reported the ladies prepared lunch for the men at the Goodnight community house. The Garlands have expressed their appreciation for the fine neighborly spirit which has prevailed since their place was struck by a tornado June 16th.

REV. W. F. VANDERBURG TO FILL PULPIT SUNDAY AT FIRST BAPTIST CHURCH

Rev. W. F. Vanderburg, pastor of the Hobart Street Baptist Church of Pampa, Texas, will supply the pulpit of the First Baptist Church of Clarendon, at the eleven o'clock preaching hour next Sunday, July 10th. Rev. Vanderburg is coming by invitation of the pulpit committee. The membership of the church is urged to be in this service.

FIRST LOCAL WHEAT RECEIVED HERE WEDNESDAY

The first load of local wheat was received here by the Clarendon Grain Co. Wednesday morning. The wheat came from the F. J. Hommel farm northwest of Clarendon. It averaged 15 bushels to the acre after receiving hail damage. Mr. Hommel received \$1.96 per bushel for the wheat.

City Financial Report In This Issue

A financial report of the City of Clarendon is being published in this issue of the Leader for the convenience of the citizens to see how their money is being spent. The report shows an improvement in the financial condition of the City over previous reports. Look the statement over and learn a little more about the conditions confronting our city officials.

Mrs. George Bass of Memphis is a guest in the home of her brother and wife, Mr. and Mrs. John Bass.

Free Movie, "Devil Take Us," Tues., July 12th

As a community service, the Mulkey Theatre, in cooperation with the National Safety Council's 101 Day Safety Campaign from Memorial Day through Labor Day, with State Highway Departments of the 48 states co-operating, is putting on a picture entitled "Devil Take Us". It is a picture of actual highway accidents in California. This picture will start at 12:30 o'clock Tuesday, July 12th. This is the Lions Club's program for that date. Any parents who have children 14 years old or older are invited to attend and bring those children of the ages mentioned above.

Human nature being as it is, no one ever feels that a highway accident will ever occur to him; yet we are having them at the rate of one every eleven seconds.

H. T. Burton, Mayor.

REV. PAUL D. WRIGHT TO BE INSTALLED AS PASTOR PRESBYTERIAN CHURCH SUNDAY

Installation Service of Paul D. Wright, pastor elect of the First Presbyterian Church, will be held at 7:30 p. m. Sunday, July 10th. The commission to install, appointed by the Presbytery of Dallas, are: Rev. C. B. Yeargan, Happy, Texas, who will preside and propound the constitutional questions; Rev. Cecil Lang, Executive secretary of the Presbytery of Dallas, who will preach the service; Rev. Clarence Dodge, Amarillo, who will charge the pastor; and Elder Selvin Allen, Amarillo, who will charge the congregation. Elder Lee Shaller, of the local church, will complete the commission.

The women of the church will serve ice cream and cake following the service. All families and friends of the church are cordially invited to attend.

Dusters Travel To Claude Sunday

The Clarendon Dusters will journey to Claude next Sunday afternoon for their next Caprock League game. Game time will be at 3 p. m.

Several of the Dusters played in the all-star game at Pampa last Sunday. The south team composed of Pampa, Wheeler, Claude and Hedley defeated the north composed of Amarillo, Groom and Clarendon, 9 to 8.

THOUSANDS ATTEND ANNUAL CELEBRATION HERE JULY 4th

Margaret Cushing 1955 Rodeo Queen

Miss Margaret Cushing, daughter of Mr. and Mrs. Bill Cushing, was crowned Queen of the 1955 Clarendon Rodeo Monday night. Miss Jeanie McAneer, daughter of Mr. and Mrs. J. G. McAneer, placed second in the contest and Miss Tookie McClellan, daughter of Mr. and Mrs. John McClellan, placed third. All three were announced at the rodeo performance Friday night.

Miss Cushing was sponsored in the contest by Palmer Motor Co.; she received a total of 14,878 votes. Miss McAneer was sponsored by the Household Supply Co. and received 11,705 votes, and Miss McClellan, sponsored by Bagby Motel, received 5,952 votes.

The next seven young ladies in the order of the voting was as follows: Linda Lamberth 5,144; Joan Hermesmeier, 4,085; Glenna Dingler, 2,762; Tan McCully, 1,406; Jackie Estlack, 1,348; Joyce Eddings, 1,229 and Carolyn McAbee, 1,227.

Over 150 Old Timers Register Here

Mrs. Katherine Bugbee, who was in charge of the Old Settlers get-together here the Fourth, reported between 150 and 175 registering at the Legion Hall during the morning. C. Boone McClure of Canyon paid tribute to the old-timers and Clarendon in his speech to the group.

Flowers were presented to Mrs. M. L. Putman for having the largest family present; Crockett Taylor received the honor for living in the county the longest, since 1882; Arthur Letts registered from the farthest distance; Mitch Bell, another old-timer was honored as was Mrs. Sella Gentry who was a resident of Old Clarendon.

The group enjoyed Miss Ethel Harvey's Old Clarendon College display and hours of pleasant visiting and reminiscing. They expressed appreciation for the use of the New Legion Hall as a meeting place.

LOCALS TO ATTEND FIREMAN'S SCHOOL

Geo. L. Green, City Fire Marshall and Earnest Woods, the truck driver of the Clarendon Volunteer Fire Dept., will leave Sunday for College Station, where they will attend the Fireman's Training School. The attendance of these two men at the School will give a credit on our Insurance rates.

Clarendon was filled to the brim again Monday, July 4th, when visitors from all parts of the Panhandle and distant points gathered here for the annual celebration.

The celebration started off with the rodeo performance Friday night, followed by another performance Saturday night and two more on Monday. The Saturday night and Monday night performances were well attended with almost overflowing crowds and a large number soaked in the sun and enjoyed the afternoon performance Monday. The overall attendance at the rodeos was much larger than previous years.

Everyone could tell the crowd was here when the time came for the serving of the free barbecue. It was estimated that over 5,000 were served in the short time of about 45 minutes. Fourteen serving lines took care of the crowd in less time than usual.

Flip Breedlove and his barbecue crew did an excellent job on the barbecuing and it was described as even better than last year. The barbecuing was done at the Country Club and the fellows doing the job certainly enjoyed the club pool at intervals throughout the afternoon and night. The main trimmings, beans and fruit, were prepared by W. W. Sandifer and his committee. The entire barbecuing and cooking crews are to be commended for their efforts. They put in a long number of hours and many of them were up all night while doing their job.

W. W. Noblet, secretary of the Association, stated that a financial report at this time was not available as a number of bills had not been turned in. "If you have a bill against the Outdoor Entertainment Association, please get it to us immediately so we can balance our books and pay everyone off," he added.

L. T. Shelton, president of the Association, commended his chairmen and all workers highly for their untiring efforts and the many hours of hard work. "It was the cooperation of everyone that made this celebration a success," he added.

All the way around, the celebration was a great success and everyone can start looking forward to another enjoyable affair next year.

MATCHED ROPING HERE NEXT SUNDAY

The Clarendon Roping Club will have a matched roping with the Pampa club here next Sunday afternoon at 3 o'clock. There will be ten ropers for each side and also a Jack-pot roping. Candy and Cokes will be available.

"Who Says I Can't Make The Team?"

"JUST WAIT AND SEE!"—Tiny Timmie Lee Brashear, three-week-old patient at the Texas Scottish Rite Hospital for Crippled Children at Dallas, looks confident he will be on the "first string." The son of Mr. and Mrs. Billie Ray Brashear of Sadler, Texas, he was born with congenital club feet but the crippling condition will soon be corrected and he will be able to lead a normal boy's life. Holding him above is Mrs. Lucille Covington, a nurse's aid at the hospital. Timmie, like thousands of other Texas children, will be a member of the Scottish Rite Hospital until he is 15 years old and will be eligible for treatment until that time.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

The donated books this week that we have not had previously are: "A Quiet Neighborhood" by Anne Goodwin Winslow, "Murder Up My Sleeve" by Erle Stanley Gardner, "Limbo Tower" by William L. Gresham, "The End of the Affair" by Graham Greene, and several good pocket book editions. We purchased "The Bridges at Tokio ri" by James A. Michener and you recall we have his "Tales of the South Pacific."

Five replacement books for the girls have been given us by Mr. and Mrs. Cap Morris in memory of "Mother Lowe." These are Margaret Sutton and Carolyn Keene books. The girls are avid readers and wear their books "pageless" after seventy-five or one hundred girls use them.

There is a "Read It Yourself" series for little people — about high first level. We have "Texas Pete, Little Cowboy." It is quite cleverly arranged. "Not As a Stranger" by Morton Thompson, is on our fiction shelf. This has been here as a condensation for sometime, but several asked for the book in full, so when it was offered by the Sears Book Club, I ordered it.

We can use your reading fee and you can supplement your TV programs with a book sometime.

Mooring - Eads

In an informal ceremony at the Calvary Baptist Church Friday evening, July 1, Miss Genella Mooring became the bride of Jack Eads. Miss Mooring is the daughter of Mr. and Mrs. Edd Mooring of Clarendon. The groom's parents are Mr. and Mrs. W. A. Eads of Wellington, Texas. Rev. Ernest Phillips read the double ring service.

Attending the couple were Mr. and Mrs. Charlie Johnson of Amarillo.

For her wedding the bride chose a navy blue suit complemented by blue and white accessories and a corsage of white rosebuds.

Mrs. Eads attended Clarendon High School and Junior College where she was active in many school affairs. She is also a member of the Sub Debs. Mr. Eads graduated from Wellington High School. They will be at home in Clarendon where the groom is employed by the City.

THE LION'S TALE

By Carl Allmond

Boss Lion McCully presided at his last meeting Tuesday. McCully expressed his appreciation for the fine cooperation the membership had given him the past year.

Judge Porter was invited, by McCully, to install the new officers. Porter praised McCully's administration as being the most successful year in the history of the local club. The members agreed with Porter's statement by their applause.

New officers installed by Lion Porter were: Bill Lowe, President; Junior Spier, 1st Vice Pres.; Frank Phelan Jr., 2nd Vice Pres.; W. W. Sandifer, 3rd Vice Pres.; P. C. Messer, Secretary; Rayburn Smith, Treasurer; Bill Todd, Lion Tamer; and Joe Spann, Tail Twister. The directors are: Ben Williams, Bob Moss, and Kenneth Vaughn. Porter presented the President's pin to Lowe, and the Past President's pin to McCully.

The following clipping expresses our thought on how not to have a good club. We hope each member will cut this out and read it at least once a month.

10 WAYS . . .

1. Always have something else to do when a meeting is called.
2. If you attend a meeting, be sure to find fault with the officers and fellow members.
3. Decline to hold office, as it is easier to criticize than to be criticized.
4. Get sore if you aren't put on a committee.
5. If you are put on a committee, fail to serve.
6. If the chairman asks for

opinions, keep silent — but tell others later what should have been done.

7. When a few people roll up their sleeves to help things along, always grumble that a clique is running the organization.

8. Stick to telling what you've done in the past for the association; never look to the future.

9. Put off paying your dues as long as possible.

10. Never bother about getting new members.

After the installation, Bill gave his response by giving some highlights of the International Convention, from which he returned last week. Boss Lion Lowe reminded the club of its slogan "We Serve", by remarking that 166,000 individual activities the past year proved the fact that our slogan is not just words. Lowe asked the club for our continued cooperation and support during the coming year. He also stated that the year 1954-55 was the greatest year in Lions International history. He said that 844 new clubs were organized in eleven months. Clubs were organized in 44 new countries, making a total of 67 Countries lions are operating in. Lions lead the 2nd civic organization by 3044 clubs, and the third organization by 7600.

Bill also had a newspaper printed in Atlantic City with his name spread over half the page. The bottom half had Jane Russell and a couple of other gals in their swim suits. We don't know the low-down on this; we haven't seen Helen yet. He did bring back our pennant for winning fifth place in the membership drive—so we know he attended the convention.

Visitors Tuesday were: L. O. Morris (Cap's brother), Berkeley, Calif., J. R. Reeves, Grand Junction, Colo.; Joe Khoury, Boston,

Mass.; Glenn Wallace, and Allen Homer Estlack of Clarendon.

P. S. We have enjoyed giving Clarendon the news of their local Lions Club. It has been fun giving the facts, sometimes overstated, sometimes understated, sometimes correctly stated, but always sincerely stated.

This ends our year, too, and we would kinda like to believe we helped "Ole Mike". We tried!

Let's Talk Tires!

THIS AD MAY HELP YOU SAVE MONEY!

How many times have you asked yourself, "What tires should I buy and how much should I pay?" The tires for you, of course, are Goodyears, because they're first in every important respect—quality, safety and value. That's why more people ride on Goodyear Tires than on any other kind, and that's why you should insist upon nothing less than the finest—Goodyears.

"But", you ask, "Why should I trade my tires now, while they're still in good condition?"

Our answer is that you don't lose by trading now. We'll buy every mile left in your present tires—you can't lose a penny, but you can gain a lot of safety and mileage when you trade for Goodyears.

Remember—every Goodyear Tire is a top value and priced right. For example, you can get a popular Pathfinder by Goodyear for as low as \$10.95 plus tax and your recappable tire. Or you can trade to your advantage for the finest tires made—3-T All Nylon Cord Double Eagles. Be sure to see us today for the best tire deal in town!

STATE FAIR OF TEXAS

A total of \$54,137 in cash premiums for beef and dairy cattle has been posted in the Pan-American Livestock Exposition and the Junior Livestock Show at the 1955 State Fair of Texas in Dallas, Oct. 7-23, Ray W. Wilson, the fair's livestock manager, has announced.

Premiums in the Pan-American Exposition, Oct. 8-16, total \$44,350, with \$23,000 set aside for beef cattle exhibitors, \$20,750 for dairy cattle and \$600 for special herdsman awards," Mr. Wilson said.
 Junior Show cash premiums amount to \$9,787, of which \$6,067 will go to fat and market steer exhibitors, \$3,370 to dairy cattle and the remaining \$350 to first place herdsman."

Beef cattle shows in the Pan-American Exposition will include five breeds, with premiums and judging dates as follows: Aberdeen-Angus, \$4,500, Oct. 10; Brahman, \$6,000, Oct. 13; Hereford, \$7,500, Oct. 11; Santa Gertrude, \$2,000, Oct. 12, and Shorthorn, \$3,000, Oct. 12.
 Pan-American dairy cattle shows will feature five breeds: Ayrshire, \$2,700, Oct. 12; Guernsey, \$4,000, Oct. 13; Holstein, Friesian, \$5,300, Oct. 11; Jersey, \$5,000, Oct. 10, and Milking Shorthorn, \$3,750, Oct. 13.
 "Champions of all beef and dairy breeds in the fair's open shows will have places of honor in the Pan-American Livestock Exposition's Parade of Champions at 8 p. m., Oct. 13, in the Livestock Pavilion," Mr. Wilson continued.

THE 1954 TEXAS TRAFFIC SCORE
 Texas Dept. of Public Safety
AUSTIN—The "Big Five" factors present in fatal traffic accidents on Texas rural highways in 1954 were: Exceeding Safe or Legal Speed Limit—56%; DWI—41%; Wrong Side of Road—10%; Disregarding Warning or Stop Sign—6%; and Improper Passing—4%. In non-fatal accidents Speeding was 35% and DWI was 16%. The next two factors were 9% and 5% very little difference from fatals. Improper Passing was 8%, double its frequency in fatals. These figures point up Speeding and Drinking as the major factors that determine severity of accidents.

Chevron Macaroni Casserole (Makes 4-6 servings)
 1 tablespoon salt
 3 quarts boiling water
 2 cups elbow macaroni (8 ounces)
 1 10½-ounce can condensed cream of mushroom soup
 1 cup milk
 1 cup grated processed Cheddar cheese (about ¼ pound)
 1 teaspoon Worcestershire sauce
 Freshly ground pepper
 1 12-ounce can luncheon meat, cut in ¼-inch strips
 Add 1 tablespoon salt to rapidly boiling water. Gradually add macaroni so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander.
 Combine soup, milk, cheese, Worcestershire sauce and pepper; place over low heat and cook, stirring occasionally, until cheese is melted. Add macaroni and luncheon meat, reserving 6 strips luncheon meat for garnish. Turn into a greased 1½ quart casserole and place meat strips on top of casserole to form chevrons. Place under broiler about 3 inches from heat for 10 minutes, or until lightly browned and sauce is bubbly.

Committee Heads In Methodist Church Stewardship Campaign

J. R. GILLHAM

FRANK PHELAN, Jr.

HOMER ESTLACK

JACK BALLEW

MRS. FRED BUNTIN

Members of the First Methodist Church are entering into a six week intensive stewardship campaign program this week. J. R. Gillham, chairman of the official board of the local church and general chairman of the stewardship organization stated that the purpose of the stewardship program is to acquaint the membership with the overall program of the church, the overall needs of the church, the overall budget of the church and the meaning of each item in the budget, and to give every member an opportunity to participate in this educational program and to share in the support of the church program.

Over twenty committees composed of one-hundred members of the church will participate in the campaign organization. Frank Phelan, Jr., Homer Estlack, Jack Ballew, and Mrs. Fred Buntin will serve as heads of the four major committees in charge of the program. Phelan is chairman of the solicitation group; Estlack is head of the program and mechanical division; Jack Ballew is chairman of the educational group, and Mrs. Fred Buntin will serve as head of the important ladies' committee in charge of office help, telephone, and food committees.

The entire committee membership will meet at the church at

7 P. M., Monday, July 11th, to complete details of the planning for the overall campaign. The committee membership was selected at a meeting of the steering committee at the church Tuesday night, July 5th. Mrs. Ebert Ashby, educational assistant of the First Methodist Church is serving as office director for the campaign, and is acting as contact officer to work with the heads of the various committees in the campaign.

COUNTRY CLUB POOL TO BE DRAINED MONDAY

It has been announced that the Clarendon Country Club swimming pool will be drained and cleaned next Monday, July 11th. It will be Wednesday night before the pool will have enough water to swim in and it will not be completely full then.

Mr. and Mrs. Clyde Davis and Cynthia Ann of Ft. Worth visited with homefolks thru July 4th.

Mr. and Mrs. R. C. Rogers of Amarillo visited Mrs. Robert Davis Monday afternoon.

FARM NEWS

from the County ASC Committee

COTTON MEASUREMENT

Our reporters are in the field now measuring the 1955 cotton acreages, so chances are they will be around to your farm sometime in the near future. It is very important that you go with them to assist them in measuring all the cotton in which you have an interest. Even though it may take an hour or so of your time it will probably mean money in your pocket later on if you see to it that the reporter measures all the cotton that you have and also he might fail to deduct some turnrow or washed out spot if you are not with him to point out all such spots. Also if you have any place that was once seeded to cotton and for some reason you had to re-plant in another spot, be sure to call this to the attention of the reporter so that he may measure the acreage and give you credit for history purposes.

25 PER CENT UNDERPLANTING '56 WILL NOT REDUCE WHEAT ALLOTMENTS

Wheat growers whose 1956 wheat acreage is as much as 25 per cent below their farm wheat

acreage allotment will get credit for full allotment acreage in calculating future farm allotments.

In other words, Chairman Ross Springer of the Donley County ASC Committee explains, if the farm's wheat acreage for next year's harvest is only 75 per cent of the farm allotment, the future wheat acreage allotments established for the farm will be figured as though the full allotments had been planted. Heretofore reduction of more than 10 per cent were considered in calculating future allotments.

Each year's farm allotment, is based primarily on the farm's wheat acreage for the previous 3 years. Under the new ruling, even if the wheat acreage is as much as one-fourth less than the farm allotment, future allotments will be calculated as though the full allotment had been harvested.

Mr. and Mrs. W. E. Goodgion and family of Plainview visited last week end with Mr. and Mrs. L. M. Putman, Mr. and Mrs. Jack Gray and other relatives.

Mr. and Mrs. Kenneth Sams and children from Union School near Brownfield, spent the week end here with her parents, Mr. and Mrs. A. D. Estlack and other relatives.

PLOWIN' Out the CORNERS
By Uncle Zeb

When this time of the year rolls around we sort of start yearnin' for the streams and the fishin' holes; for the blue mountains and the green valleys and the cool shades. Along this line of thought we liked the following little poem called;

FISHIN'

I jes' set here a-dreamin' A-dreamin' every day, Of the sunshine that's a gleamin' On the rivers—fur away.

And I kinder fall to wishin' I was where the waters swish, For if the Lord made fishin' Why, a feller orter fish . . .

While I'm studyin' or a-writin', In the dusty, rusty town, I kin feel the fish a-bitin'— See the cork a-go'in' down.

So I nod and fall to wishin' I was where the waters swish, For if the Lord made fishin' Why, a feller orter fish . . .

—:—

Fresh on our minds is the

thoughts of the Fourth of July, and of the Independence that we say we have. And I guess it is a fact that we have more of that substance left than any other people in the world. We can still worship as we see fit. We can still cast our ballot in secret and for whom we wish and these two things add up to being worth a lot. But in some ways we are just about the most dependent, in all the world. If the electricity should go off we could scarcely cook a meal. We would like come to work without a shave. If the government should fail to support our pet vegetable we would sure be in a pickle. If it wasn't for Social Security we would wind up in the po'house. Are we independent or, I keep asking myself over and over.

all his feed. Another poisoned his hoppers and the weeds took over his crop. Another fellow said that he run over his ground so much doing both that his feed gave up and died. Some guy did away with the snakes and the rats and mice became a problem. A little cloud formed over the Rockies and took off some 500 miles for a sun-scorched valley; Dr. Kwikus flew up with some dry ice and a pop-corn popper and milked all the water right out in a jiffy, so the man in the valley sued the man in the mountain for obstructing justice.

The One in the Sky made a lot of atoms and things like that. Some of the atoms were put together in the form of the dust of the earth and some into other things. Some of the atoms of the dust of the earth were gathered together by the One in the Sky and created into a thing called man. Man got along pretty well until he decided to bust up the atoms that the man in the sky had created and see what made them "Tick."

Yeh, it's a funny thing about life anyway. If the man on the earth don't watch out he may start the whole thing to unraveling and BINGO. No Atom, No man left either.

DUCK BOAT . . . "Jimmy," Philadelphia zoo hippo, ferries mama and baby mallard ducks across zoo pond, while other ducklings swim about him.

mit "ain't right."

In order to assist stock farmers and ranchers to defer a part of their pastures, the County Committee of the Donley County A.S.C. office has set up a Deferred Grazing Practice which allows 60 cents an acre payment for a full year's deferment, 30 cents for 5 consecutive months deferment, and 15 cents per acre for 3 consecutive months deferment. Few ranchers can likely avail themselves of the year's deferment, but as little as three months deferment starting early in July should aid a great deal in obtaining pasture improvement.

Applications are now being taken at the A.S.C. office if payment for Deferment is desired. Technicians of the Soil Conservation Service assisting the Donley Conservation District will be glad to give technical assistance in obtaining pasture improvement, as well as in other phases of soil conservation work.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Since the first of May rainfall has been unusually favorable for grass growth and for grass seedlings to establish themselves. Although there have been some hard washing rains, most of the rain received in the Donley District has fallen slow enough that a good part of it went into the soil instead of running off. Because of the series of dry years we have had, near yall pastures have been grazed heavier than normal, which in combination with the drought has resulted in the death of many grass plants—and a state of low-vigor in the remainder. With this rather bare condition of the pastures, hard fast rains would have done little good because most of it would have run off and left little stored

in the soil for use by the grass. This moisture in the soil will give many stock farmers and ranchers an opportunity to greatly improve their pastures. It is important that the choice grasses preferred by livestock, that normally predominate in the pastures, are given an even break with the poor quality grass so that they can recoupy the bare areas instead of low quality grasses and weeds. In order to do this, complete deferment during at least a part of the growing season is very important. Without this deferment, cattle selecting the choice plants to graze and leaving the poor grass has the same effect as a farmer mowing his crop and leaving his weeds—which any good farmer will ad-

as Deputy Secretary of Defense was a shock and surprise to most of us here in Washington. Bob Anderson has distinguished himself as one of the most able men of this Administration. He first served as Secretary of the Navy and was later promoted to the position he will now leave. The amount of work and knowledge necessary to hold down these responsible positions is apparent from the fact that the biggest part of our tax dollar goes to the defense establishment. Anderson's resignation is a great loss to both the Administration and the country.

By PRICE DANIEL
U. S. Senator

The pending resignation of Robert B. Anderson from his post

These views are shared by Democrats and Republicans alike.

President Eisenhower once said to me that he considered Bob Anderson one of his best appointments, and it was generally believed that Anderson would be promoted to the post of Secretary of Defense in due time. Even before this is printed, some of the reasons for this resignation may be known to the public. Whatever they are, his shoes will be hard to fill.

Senate Majority Leader
Senator Lyndon B. Johnson is receiving praise throughout the country for his excellent job as majority leader of the Senate. Newspapers, magazines, columnists and commentators agree that he is having greater success than any other majority leader in modern times. Whether they agree with him or not on the various issues presented, most members of the Senate also pay tribute to his ability to get the work done. Mention has been made of one day when the Senate passed 90 bills, confirmed an Ambassador and a Federal Trade Commissioner, and then recessed because it was temporarily out of pending business.

For the first time in many years, the Senate is ahead of the House in its legislative program. Usually the House is ready to adjourn far ahead of the Senate. It is pretty certain that Speaker Sam Rayburn is not going to be outdone. He will see that the House catches up on its work before August 1. That is the date the leaders predict Congress will adjourn.

fore August 1. That is the date the leaders predict Congress will adjourn.

Atoms for Peace Conference
In Geneva, Switzerland, August 10-20, there will be a world-wide conference on peaceful uses of atomic energy. As a member of the Senate Interstate and Foreign Commerce Committee, I have been invited to attend this conference and am now making plans to do so. In the future it is anticipated that we will be dealing more and more with nuclear energy as a source of power. The major nations of the world, including Russia, will present in Geneva exhibits and reports showing the latest information on possible uses of atomic energy for constructive rather than destructive uses.

Originally devised as a destructive weapon, atomic energy may yet play a most important role in bringing about peaceful relations among the nations of the world. The time has about arrived when military men of all countries realize that atomic warfare could mean destruction of civilization. There are so many atomic bombs available on both sides of the world-wide conflict that all may be forced to the conclusion that war cannot be used as a method of settling differences in the future. Cooperation toward peaceful uses of atomic energy may help in preventing its destructive uses.

fighting wars in the future, there will be victories to be won in peaceful pursuits. The Communists will continue their propaganda of political and social revolution. It will be up to us who believe in Christianity and Democracy to reach the minds, hearts and souls of men and women and boys and girls throughout the world. We have principles, ideals, and ideas which are far more appealing than atheistic Communism. The only trouble is that we are not doing as much as the Communists toward selling our principles and philosophy to people of other nations. If they knew more about us, they would understand us and know that our way of life with all of its moral and spiritual ideals is far better than the materialistic preachments of the Communists.

would be a 'steal' if the government were to permit the Idaho Power Company, an investor-owned public utility, to build three small dams on the Snake River that would generate about the same amount of power.

"Well, let's see who would be stealing from whom"

"The estimated cost of the government dam, including transmission facilities and interest during construction, is \$465,470,000.

"How much of this would be collected from Texas taxpayers? The Council of State Chambers of Commerce has provided the answer — \$15, 174,322. This is based on the fact that Texans pay 3.26% (The 1955 World Alma-

na, Page 760) of taxes collected by the Federal Government.

"Does it make sense that Texans should be compelled to contribute more than 15 million dollars to generate cheap electricity for the Northwest? We think not. On the contrary, taxpayers of Texas and the rest of the states would benefit if the private company were permitted to build the facilities and help ease the tax burden on everyone."

Who's Stealing From Whom?

EDITORS NOTE—The following editorial was taken from the Cleveland (Ohio) Plain Dealer. In order to make it interesting from a local angle, we have substituted Texas for Ohio as well as the figures relative thereto.

"The public power brigade in Congress is trying to get a bill passed that would commit the federal government to build a high power dam at Hell's Canyon on the Snake River between Idaho and Oregon. Led by Senator Wayne Morse, they have raised the old familiar cry that it

188-hp Buick SPECIAL 6-Passenger, 4-Door RIVIERA, Model 43

This 4-Door Beauty is the Newest Hit in Hardtops

You certainly ought to come in and see for yourself why this new kind of hardtop is headed for the best-seller list. It's a Buick Riviera, of course. Which means the low and rakish look of a Convertible — a solid steel roof overhead — and no center posts in the side window areas to obstruct your view.

But that's only the beginning. Here you get *two extra doors*. They open to the rear compartment. So no one in the front has to move when someone gets into or out of the rear.

Here you get massive *half-pillars* on either side on which the front doors latch and the rear doors hinge. (That's why you see no center posts above the door line.)

Here, too, you get wholly new principles in body design and strength that give the extra safety of rock-firm solidity at the top, sides and bottom.

And here—bless those Buick engineers!—you get a lot more room in the rear compartment.

Thrill of the year is Buick

For the 4-Door Riviera gives you over 9 inches more hiproom and 5 inches more legroom — yet with *no* increase in wheelbase or over-all car length.

So we repeat—you certainly ought to come in and see this stunning new kind of hardtop. It's the very last word in beauty, comfort, convenience. It's available in Buick's two lowest-priced Series — the SPECIAL and the CENTURY. And it's *all* Buick — with Buick power, Buick ride, Buick handling—and the spectacular performance of Buick's Variable Pitch Dynaflo.*

Drop in today—tomorrow at the latest—and learn what Buick's all time record sales year can mean to you in the way of a whopping-big trade-in deal.

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

NOW - Biggest Trade-in Deals ever on the Biggest-Selling Buicks in History! Come in and see!

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

THE MEETING AT THE "SUMMIT"

The thinking as to the advisability of the proposed "summit" meeting is decidedly divided. The thinking as to the results that will flow from such meeting is decidedly divided. In other words, there are two distinct schools of thought. One is that communists cannot be trusted and that it

would be simply folly to enter into negotiations with such a group. These people argue that experience shows that in past meetings with communists, the entire game was fixed in advance. That is, the communists had no qualms or quibbles about the promises they made because they didn't intend to keep them anyway. Their purpose was to drive as hard a bargain as possible, but to get their objectives regardless of price, also to gather together as much propaganda material as possible.

The second school of thought is subscribed to by people of this country who are just as patriotic as the first group, but who be-

lieve that the interest of peace would be best served if we give the communists an opportunity to meet at the conference table and to carefully and searchingly examine the entire world picture to the end that the peace objectives of all people may be attained.

This second school of thought is very noble in purpose and exemplifies the thinking of Americans if they are dealing with each other or with other countries whose word and commitment can be honored.

Personally, I am inclined toward, and shall support, the first school of thought unless and until I am firmly convinced that an international meeting at which Russia, or any other communist nation is a party, is governed and controlled by effective and enforceable rules of conduct and ethics—enforceable not only at the meeting itself, but as to the conclusions arrived at in such meeting.

THE GAS BILL

The fight on the gas bill continues at increased tempo. The very close vote (16 to 15) by which the bill cleared the committee seemed to give new life to much of the opposition. Propaganda was immediately spread that the gas bill was dead for this session. Some of the staunchest supporters against federal control

of gas were caught off base by this unfair propaganda and made public statements to the effect that the gas bill was in serious trouble. The truth is that the gas bill is not in any more trouble now than it was before. If there are as many Members of Congress for free enterprise and against federal bureaucracy as advertise themselves to be, the gas bill will pass by an overwhelming vote. There is no better time to bring this bill to the Floor than right now. The bill is in keeping with the recommendations of President Eisenhower's Advisory Council. This Council was appointed by the President to gather the facts and give him the truth about the whole problem. I feel sure that the President had confidence in these men or he would not have appointed them. Since he did appoint them and since they came forward with a recommendation, I think it behooves the President to come out specifically and publicly and stand behind his own appointees. If he will do this, the bill abolishing federal bureaucratic control over the production and gathering of gas will be passed by the great majority that it deserves.

Whether it passes the Congress or not, it should be brought to the Floor of the House and the Floor of the Senate and voted on at the earliest possible moment. The

entire record should be made available to all the people of this country concerning this legislation, and especially the misrepresentations that have been made to the consumer groups in the cities. No battle was ever won by retreating. The battle on the gas bill in this session of Congress is the best opportunity that has been presented in the last ten years to separate the sheep from the goats on the question of who is or who is not for centralized government and bureaucratic control. It is time to stand up and be counted, and we should not miss the opportunity or the occasion.

No-Car Ban Hits Freshmen At UT Campus

AUSTIN—University of Texas freshmen, except Travis county residents and the physically disabled, are forbidden to own or operate automobiles here beginning next Sept. 1st.

Beginning Sept. 1, 1956, sophomores also come under the no-car ban, ordered by the Board of Regents for the Main University where 17,500 or more students are expected for the 1955-56 long session.

Tom Sealy of Midland, regent chairman, said the Board's action was on recommendation of the administration and faculty committees, and was "occasioned by the dearth of parking space and the extremely crowded traffic conditions and congestion now existing at the campus of the Main University."

University President Logan Wilson said the regulation not only will help alleviate the parking situation, but is "considered by the faculty and staff to be a

desirable move from an academic point of view."

The office of the dean of student life, the administrative council and other University groups endorsed the idea, Dr. Wilson explained.

"It should be pointed out," he said, "that many leading institutions in the country have had to come to this and even more restrictive measures. I believe the reasoning behind this regulation will be widely understood and accepted by students as well as parents."

Veterans training under the Korean GI Bill may not draw GI unemployment and GI training pay at the same time, since simultaneous use of the two GI benefits is illegal, Veterans Administration said today in answer to numerous queries.

Even though a veteran is not working while taking Korean GI Bill training he still would not

be eligible for the unemployment allowances.

Unemployment payments are limited to Korea veterans actively looking for work, who are not receiving GI training benefits.

A veteran who, for any reason, does draw both payments at once would be required to return his unemployment allowance to the State from which he received it. Also, under the law, he may be liable of a fine of up to \$1,000, or imprisonment of up to one year, or both.

Unemployment pay—administered by the U. S. Department of Labor through the States—may range up to \$26 a week for a maximum of 26 weeks.

GI training allowances—handled by VA—range from \$110 to \$160 a month, for veterans in school full-time. Lower monthly rates are paid to part-time trainees, and to veterans training on-the-job or on-the-farm.

Important thought to keep in mind:
 If you want to keep the new engine under the hood clean as it is today, use that great new Super-Refined Gulf NO-NOX—the clean-burning gasoline . . . and its super-refined teammate, new Gulfpride H.D. Select Motor Oil.

New Gulf No-Nox Gasoline delivers not just the highest octane but full working octane because it's super-refined to burn clean

See what a difference Gulf super-refining makes. Gulf takes out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new clean-burning Gulf NO-NOX.

- more complete engine protection
 - extra gas mileage in short-trip, stop-and-go driving
 - freedom from vapor-lock and engine stalling
 - no knock, no pre-ignition—even in today's high-compression engines
- NO GASOLINE, no matter how high the octane, will let your engine deliver full power performance—mile after mile—unless it burns clean. That's why it pays to always use new NO-NOX. Gulf NO-NOX is the clean-burning fuel that gives you full working octane day in, day out. In addition, you get . . .

Now! For the ultimate in working octane performance, always use Gulf's super-refined gas-oil team... New Gulf No-Nox Gasoline and **New Gulfpride H.D. Select Motor Oil**

The only motor oil super-refined by the Alchlor Process for modern high-compression engines.

- Controls carbon
- Combats corrosive acids, rust and deposits
- Assures lower oil consumption
- Provides the toughest protective film ever developed in a motor oil

CERTIFICATE: We hereby certify that we have examined the accounts of the City of Clarendon, Texas, for the fiscal year ended March 31, 1955, in so far as such accounts related to cash receipts and disbursements. We did not make a detailed audit of all transactions recorded during the year. We did, however, make comprehensive test checks of transactions and secured verification of cash on deposit and securities on hand at March 31, 1955. In our opinion, subject to the above limitations and to the comments contained in our report under date of June 20, 1955, the accompanying combined balance sheet and statement of receipts and disbursements for all funds fairly present the financial position of the City of Clarendon at March 31, 1955, and summary record of receipts and disbursements during the year then ended.

AUSTIN—Selection of a successor to Wright Morrow, Democratic National Committeeman from Texas, is imminent. Because he voted for Eisenhower for President in 1952, Morrow was barred from serving on the Democratic National Committee.

But, Gov. Allan Shivers doubts that anyone can be found to fill the prescription laid down by Democratic National Chairman Paul Butler.

It must be someone, Butler told Shivers in his now famous Washington "kitchen conference," who never bolted the party. It must be someone who worked for Adlai Stevenson's election. And it must be someone who can be approved by Shivers, House Speaker Sam Rayburn, and Senator Lyndon Johnson.

Possibility of replacing Morrow

became a by-product of activity by top-level Democratic and Republican figures in the preliminary skirmish toward Texas' role as a battlefield in the 1956 presidential contest.

Chairman Butler spent six days in Texas, mostly under the guiding hand of the "Democratic Advisory Council," a group of liber-

al-loyalists appointed to take over Morrow's duties.

Butler declined an invitation by Governor Shivers to visit the executive mansion; Shivers did not accept Butler's invitation to come to some of his meetings.

Republican National Committeeman Jack Porter followed Butler promptly with a state workers' rally in Austin. He announced he was extending "not only an invitation, but a challenge" to the conservative Democrats who carried Texas for Eisenhower, to join up formally with the Republicans.

Porter predicted that President Eisenhower will be renominated, will carry Texas, Florida, Virginia and Tennessee again—and win in 1956.

"The Conservative Democrats," he said, "were invited by Butler to quit their party. They know they will have no more say in selecting a nominee next year than in 1952 or 1948."

Porter believes the Democratic party split is permanent.

Anderson Talked for Governor

Resignation of Deputy Secretary of Defense Robert L. Anderson of Vernon started speculation whether he might figure in next year's governor's race as the conservative's choice. Or possibly be in line for a place on the national Democratic ticket. This despite his service in a Republican administration.

Another name that crops up when conservatives are mentioned as likely candidates in the governor's race is that of Sen. Otis Lock, of Lufkin. He already has been referred to as the "jet age candidate" since his talk to the Jacksonville Rotary Club last week.

Senator Lock pointed out the need for streamlining state administrative agencies; urged improvement in spending methods; and "a sound, fair code protecting each person from excessive taxation."

With its population increasing and its economy expanding Texas can not meet its jet age governmental needs with a Model-T vehicle, he stated.

Johnson For President

There has been a remarkable array of national comment, in such publications as the Wall Street Journal, Newsweek, and

the Washington Star, about Senate Majority Leader Lyndon Johnson's success and his "availability" as the Democratic standardbearer for President.

Governor Shivers himself came back from Washington recently praising Johnson, a loyalist.

A speech early in the week by Governor Shivers, before the New York Sales Executives Club, is another in the national network of his appearances in which he restates the basic doctrine of the dissident Dixie and conservative Democrats.

Governor Shivers had pointed suggestions for Texas schools, faced with the US Supreme Court desegregation decision.

"I do not think it necessary at

this time for any district to take any step its board does not want to take, beyond studying the problems and its solution," he said.

He will name a statewide committee, to study problems of the desegregation ruling, and recommended that school districts appoint their own committees.

According to the Governor, the decision leaves a large measure of control to local districts, "where the problems should be worked out."

Get out of the ordinary
... get into an OLDS!

You never have to look twice to know... it's Oldsmobile! That "flying color" flair is unmistakable anywhere! And you don't have to touch that gas pedal more than once to know: there's a "Rocket" under the hood! Everybody knows what that means... smooth, surging action, split-second response! These are the reasons Oldsmobile looks different... feels different... is different! See us for a ride in the most popular Oldsmobile ever built! Remember—there's a "Rocket" for every pocket!
