Highway 70 - 256 Dedication Will Be Held This Afternoon With Old-Fashioned Basket Picnic

Residents from the Clarendon, Memphis, Silverton, Turkey areas and other interested points will gather at the Schott Cap Roadside park at 6 o'clock this afternoon (Thursday) to celebrate the completion of gaps in Highway 70 and 256. The gathering will be in the form of an old-fashioned picnic lunch where everyone will bring an assortment of foods, more than they can eat, and spread it all together for a festive affair.

Dignitaries scheduled to be present are State Highway Commissioners, Marshall Formby, and Herbert Petry; State Highway Engineer, D. C. Greer; Fred Wemple of Midland, former highway commissioner and Robt. Lee Bobbitt, former commissioner at the time when highway 18 was changed to No. 70.

A large delegation from Clarendon is expected at the dedication. Folks here will gather at the court house and be ready to leave in a caravan at 5:15 this afternoon. Bring a well-filled basket and a folding table if you have such. The Memphis delegation is scheduled to have plenty of ice water to quench your thirst.

The roadside park where the meeting will be held, is located up on top of the cap on the road to Silverton. If you haven't been over this scenic route, this will give you a good opportunity to go and enjoy it.

Remember, everyone is welcome and encouraged to attend this long-awaited event. The completion of these two paved routes will mean a lot to Clarendon in future years and involved lots of hard work and planning the past several years.

CITY HALL NOTES

This is to call attention to the fact that there is a city ordinance against shooting air-guns, B.B. guns, and nigger-shooters within the city limits. The penalty is a fine not to exceed \$25.00.

Our attention has been called to the fact that a number of window-lights have been shot out in one of our churches. Also a number of street lights have been shot out.

SCOUTS ON BICYCLE TOUR ENJOY LOCAL HOSPITALITY

Around 75 scouts of the Adobe Walls council, spent Wednesday night here as guests of the local Lions Club.

The Scouts were on a six day bicycle tour which began and will end in Pampa. The tour consists of riding over 200 miles. Everything each scout has used on the trip has been carried on his own bicycle. The group left Pampa Sunday morning going to Wheeler; Monday their tour took them to Shamrock; Tuesday they stopped at Wellington; Wednesday they arrived in Clarendon and left for White Deer today. They will wind up their tour Friday at Pampa with a victory dinner.

Dusters Defeat Claude 13-8

Trailing by one run at the beginning of the ninth, the Clarendon Dusters mustered a rally that netted 6 runs to win over the Claude ball club 13-8. Cliff Stogner who homered in the second and seventh innings, started the rally with a double that gave the Dusters the spark they needed to go out ahead.

Fate Breedlove relinquished the mound to Weldon Talley at the end of six but came back to the mound in the eighth to finish up a good pitching job. Breedlove whammed out the first homer for the Dusters in the 2nd. Stogner was the next man up and put his over the fence also.

The Dusters scored two runs in the 2nd; one in the 3rd; 3 in the 6th; one in the 7th and 6 in the 9th. Claude scored one in the 2nd; two in the 5th; one in the 7th and 4 in the 8th.

In other games of the Caprock League, Wheeler defeated Amarillo and Hedley defeated Groom.

The Dusters will be idle next Sunday unless they are able to schedule a practice game. Their next Caprock League game will be with Amarillo at Amarillo July 24th. At the present time the Dusters are in fourth place in League standing.

Man Held At Las Cruces, New Mexico Charged In Beating Case

Sheriff Truett Behrens reported Wednesday morning that charges of assault with intent to murder had been filed here against Richard Edward Wasson, address unknown, in connection with the almost fatal beating of Mrs. Bessie Wagner. Wasson is being held by Las Cruces, N. M. officers, accused of car theft.

Mrs. Wagner, age 53, is under treatment in the Groom Osteopathic hospital for severe injuries she received last week. She was found unconscious a short distance south of Highway 66 in Donley County, near Boydston Switch.

Wasson was picked up by Las Cruces officers Sunday night on suspicion of driving a stolen vehicle. Inspection of the car revealed clothing belonging to Mrs. Wagner and blood stains on the bumper. Mrs. Wagner was able to give Sheriff Behrens a description of her attacker Monday night and the description fit that of Wasson. Sheriff Behrens is awaiting word from the FBI whether the suspect will be released to local officials first before he is tried on the Federal count.

Mrs. Wagner's home is in Iowa. She was picked up near Amarillo by the man who beat her, Sheriff Behrens stated.

Local Infantry Medics Leave For Camp

Approximately 40 members of the Medical Company of the 142nd Infantry Regiment, Texas National Guard, Wellington, Texas, left this past week end for two weeks annual camp at North Fort Hood. Part of their training will be under simulated combat conditions, according to Major Dale V. Watkins, company commander.

Among those from this area attending are Sergeants James Brooks and Winfred Pitts of Hedley; Corporals Bill Alexander and Harold Gerner of Clarendon; Corporals Albert King and Calvin Webb of Lelia Lake.

The first week will be given over to tactical training, ending with a division parade. A bivouac is planned for the second week, when the company will take over the medical services and cooking arrangements for the 36th Division, of which it is a unit.

FACULTY MEMBERS ATTEND SUMMER SESSION AT WTSC

Several faculty members of the Clarendon Public Schools have been attending summer sessions at West Texas State College in Canyon in accordance with requirements set up by the local school board. Each teacher is asked to complete six hours of work over a three year period. This may be completed through night work during the winter sessions, summer sessions, or correspondence. For some teachers the work will be applied toward a Masters degree, others have already completed their Masters work and these hours will be applied toward a doctorate or as extra work in their line of study.

Among faculty members attending the first summer session were Ebert Ashby, Mrs. Bill Todd, Mrs. W. W. Sandifer, Mrs. Dewey Hendrix, Miss Edgar Mae Mongole, Mr. and Mrs. C. R. Brown, Mrs. Anna B. Ballew, Mrs. Glenn Hoggatt, and C. W. Martin. Others attending were Mrs. Frank White, Jr., Mrs. Curtis Mears, Miss Juanelle Stevenson, Bobby Smith, Robert Naylor, Buster Bain and Floyd Henson.

The first summer semester was completed July 8. Several have decided to attend the two semesters and are continuing their work.

North Ward School Playground Is New Jaycee Project

The Clarendon Jaycees have started a new project in the form of building a playground at the North Ward School and are asking for a bit of help and cooperation.

The Jaycees will manage all the work but are asking for donations of pipe of any description. If you have any old pipe of any size or length that they could use, please phone No. 8 or 405-R, and the Jaycees will pick it up.

Mr. and Mrs. Dan Keller and sons left Wednesday morning for their home in San Diego, Calif. after a two weeks visit with her mother, Mrs. John Goldston and sister, Mrs. Gene Chamberlain at Memphis and brother, LaVern Goldston at McLean.

VERNON GOLDSTON

Lt. (jg) Vernon Dennis Goldston, son of Mrs. John Goldston of Clarendon received his commission and coveted "Wings of Gold" of the Naval Aviator in exercises at the U. S. Naval Air Station at Hutchinson, Kansas, June 30, graduating with high honors and scoring the highest grade in the class of twenty lieutenants and 15 cadets.

He has specialized in multi-engine land based patrol bombers and is being transferred to the NABT at Pensacola, Florida, where he will be an instructor for the coming two years.

Lt. (jg) Goldston is a graduate of Clarendon High School and Junior College, and Texas Tech at Lubbock where he majored in Agriculture Education and Animal Husbandry. He was selected as a candidate for Officers Training School and sent to Newport, Rhode Island being commissioned as an Ensign there. Following his commission he was sent to Pensacola, Florida and while training there married the former Miss June E. Stokes. The class just graduating is said to be the first, last, and only class to finish the course of study in such a short period of time, military regulations being changed.

Lt. and Mrs. Goldston spent three days in Clarendon with his mother enroute to Florida.

Work In Progress On Farm To Market Road 2162

Construction work is in progress at the present time on the new Farm to Market Road No. 2162 that extends southwest of Clarendon. The contract for the construction of the road was awarded to Ivan Dement, Inc. of Amarillo. The new paved strip will be 5.9 miles long, and the low bid was \$72,375.28.

Resident Engineer C. B. Hudson will be in charge of the project for the Highway Department, and it is estimated that the work will take 100 days to complete.

Farmers Warned To Keep Watch For Insects

County agent H. M. Breedlove warns cotton farmers that now is the time to keep your eye on the crop for insects. Flea hoppers are already present in cotton fields and that is the small insects that sting the small square and you lose some cotton without actually seeing the damage being done.

For flea hoppers, Breedlove suggests using 3-5-40, toxaphene, toxaphene and DDT mix or aldrin. Leaf worms and boll worms will make their appearance later and then use toxaphene and DDT mix, BHC, 3-5-40 mix or aldrin. Any of the above poisons are also good for the garden web worm that is now showing up in some cotton fields.

The county agent warns all cotton farmers to keep a close eye on the crop for insects and if you need help be sure to call him. Breedlove says that when insects start to appear in the crops, then early control will save you a lot of crop loss. They are easier to kill in the early stages and it will also help to hold down the infestation for the coming year.

Breedlove urges that any one needing help to control cotton insects to be sure to call him at once.

Donley County Leader, \$2.50 year

An election notice is being published in this issue of the Leader by the City of Clarendon concerning the proposed City-County hospital. This action of City officials followed receipt of a petition presented recently, signed by a sufficient number of qualified voters, to call an election to determine, the question of whether the voters of such City desire, the City of Clarendon to levy and collect a tax, not to exceed ten (10) cents per one hundred dollar valuation on the property subject to taxes within the City of Clarendon for the purpose of establishing, erecting, equipping, maintaining, and operating a hospital as is provided by law in the State of Texas.

This election has been called for Saturday, August 6, 1955 at the City Hall in Clarendon, Texas.

The questions to be submitted to the voters of this city are:

For Levying and collecting a tax, not to exceed Ten Cents per one hundred dollar valuation on property subject to taxes within the city limits of the City of Clarendon, for the purpose of jointly establishing, erecting, equipping, maintaining, and operating a joint-County-City hospital.

The other question is against the above paragraph.

If the voters of Clarendon vote in favor of the above, a Board of Managers will be set up. The County Commissioners court will appoint three members to the board and the City Commission will appoint 3 members. The two acting jointly will appoint one member which will complete the seven member board. This board will have the power to set the policy of the hospital, whether open or closed staff, and govern the operation of the hospital.

MATCHED ROPING AT SILVERTON

The Clarendon Roping Club will go to Silverton this coming Sunday for a matched roping with the Silverton Club. For those who are interested, the club reported Leland Lewis as the winner of the new saddle and Fred Riley Jr. as winner of the hat which were given away by the club recently.

MAN-MADE RIVER—An Army engineer sits on top of a model of Gavin's Point Dam on the Missouri River to make notes on the effectiveness of the design of a spillway and stilling basin now under construction in South Dakota. From such accurately scaled models at the Vicksburg Waterways Experiment Station engineers study and test proposed construction to improve rivers and harbors.

ROOM AT THE TOP—A soldier-mountaineer at the Army's Mountain and Cold Weather Training Command, Fort Carson, Colo., makes his way down the face of a mountain in a seat woven from mountaineering rope. The 120-foot length of rope is payed out from above by another climber who controls the rate of descent.

THE 1954 TEXAS TRAFFIC SCORE

Texas Dept. of Public Safety

AUSTIN — Tuesday was the safest day for travel on Texas

rural highways in 1954. Saturday was the most dangerous. The number of fatal accidents by day: Sunday—319; Monday—168; Tuesday—147; Wednesday—188; Thursday—174; Friday—218; and Saturday—325. According to these

figures, traveling on rural highways on Saturdays or Sundays was more than twice as hazardous as traveling on Tuesday.

The average man can't understand why others can't see him as he sees himself.

Giving advice is easy—the difficulty is to find people with faith enough to use it.

Reid - Bradshaw Nuptials Read In Naval Chapel

Miss Bertha Mae Reid, daughter of Mr. and Mrs. Frank Reid of Clarendon, Texas, became the bride of William R. Bradshaw, son of Mr. and Mrs. G. W. Bradshaw, Clarendon, in a ceremony Friday evening, July 8, at the U. S. Naval Hospital Chapel, San Diego, Calif.

Chaplain, Lt. Wayne Nelson Detrick, CHC, USN read the double-ring service before an altar marked with floor baskets of white daisies and cathedral tapers in wrought iron candelabra. Organist, Clair W. Brown, San Diego, Calif. played a nuptial prelude including "I Love You Truly," "O Promise Me," "Because" and the traditional wedding marches. The Lord's Prayer was repeated in unison as a benediction.

Mrs. Ray Flemming of San Diego, Calif. attended the bride as matron of honor. She wore a beige dress accented by brown accessories and a corsage of white feathered carnations. Ted J. Ondracek of Vertegree, Nebraska was best man. Both he and the bridegroom wore full military dress.

The bride was escorted to the altar and given in marriage by her father. For her wedding she chose a dress of pale pink, Japanese silk. Her accessories were white, and she carried a white Bible topped with a bouquet of a white orchid and white carnations with white satin streamers and love knots.

Mrs. Reid, mother of the bride, wore a navy dress and white accessories. Her corsage was of white carnations. The bridegroom's mother wore a dress of teal blue, black accessories, and a

corsage of red rosebuds. Mrs. Bradshaw is a graduate of Clarendon High School and attended Clarendon Junior College. Prior to her marriage she was employed at the General Telephone Office. Mr. Bradshaw also attended Clarendon High School and Clarendon Junior College and before his enlistment was a member of the Naval Reserve. He is now serving with the Medical Corps in the U. S. Navy and is based at the U. S. Naval Hospital in San Diego. The couple will make their home there.

Attending the wedding were Mr. and Mrs. J. A. Huffstutler and Mr. and Mrs. Roy Ringness of San Bernardino, Calif.; Mr. and Mrs. G. W. C. Boone McClure Lauds Old-Timers In July 4th Talk

EDITORS NOTE—For the benefit of old-timers and other residents who were unable to be present to hear C. Boone McClure's talk to the Old Settlers' group here July 4th, we are publishing his speech in its entirety. Due to the length of the talk, it will be published in three installments.

PART I

It's always a pleasure to come to Clarendon, for it's a town of character. Time was when Old Tascosa and Old Mobeetie ridiculed Clarendon, or "Saint's Roost," as they chose to call it. Those towns are now but historic sites marked on the maps so that tourists may detour from the highways in order to see where they once stood. On the other hand, Clarendon, built on the solid foundation of cultural dignity and religious conduct, still stands—more to be honored now in its mature dignity. Clarendon commands the respect of the entire region.

Lockney, Canadian, Panhandle, Plainview, Amarillo, Goodnight, and Clarendon answered the challenge for institutions of higher learning long before Texas saw fit to place a state-supported college in this region. All of those communities except Clarendon gave up under the financial burden so imposed, closed their colleges, and relegated their buildings to other purposes. Not so Clarendon. When the regional support through denominational cooperation was no longer available, the people of this community took upon itself the additional burden of providing for the needs

of Clarendon College. In so doing, they have proven themselves worthy of those who came before.

We have here today assembled ourselves to observe the one hundred and seventy-ninth anniversary of the signing of the American Declaration of Independence, and at the same time to pay our respects to the pioneers of this Texas Panhandle region. That the two observances are incorporated into one program requires neither apology nor license, for nowhere in all history of mankind has the way of life embraced in that document been so completely translated into definite action as it was by those whom we would honor here today. The sacred reverence we hold for the Declaration of Independence complements the dignified esteem with which we regard these pioneers. This occasion then, though possessing good humor and merriment, is primarily one in which we with dignity and reverence re-dedicate ourselves to the responsibility of preserving and perpetuating the precepts of that document for posterity, even as they did.

The outstanding concepts of the Declaration of Independence, to my mind, are the right of liberty and the right of democracy. The dignity of man is predicated upon his freedom and liberty. The right to achieve all that he may in honor and honesty is a priceless heritage, a heritage that he should not surrender in exchange for a guaranteed economic security. Our national trend in that direction is indicative of decadence, and certainly is not the way of life bequeathed to us by these pioneers whom we honor here today. Let us not fail them.

Perhaps we feel that in our complex society, with push-button controls of automatic gadgets, that we have attained the most perfect state of society that this world has witnessed to date. But I wonder if all this prosperity has not been too much for us. I wonder if we have been equal to the challenge of prosperity, or have we lost vigor and hardihood through their disuse. In other words, to use slang for which I apologize, "We never had it so good." But is that good? Moral fibers, like sinews, are built by hard use, and the pioneer men and women built character as they built homes and cities. (Continued next week)

Mr. and Mrs. Beaty Hillman and family, Misses Margaret and Jane Hillman, Mrs. J. R. Hillman, Mrs. J. A. Sowell and Mrs. W. W. Holbrook and Ann visited the week end with relatives at Stephenville.

Mr. and Mrs. Buster Wilson of Silverton and Mr. and Mrs. Bob Hutson and family of Borger were July 4th visitors in the J. I. Spurgeon home.

Mr. and Mrs. Virgil Pond, Mr. and Mrs. J. W. Toler, and Mrs. Norma Bearden, all of Amarillo visited Saturday evening with their mother, Mrs. N. S. Percival. Mrs. Percival has been on the sick list but is reported improving at this time.

Mr. and Mrs. Glen Hall announce the arrival of a son, Glen Evens, June 30th at a Memphis hospital. He weighed 7 lbs., 11 oz. The proud grandparents are Mr. and Mrs. Joe Hall of Clarendon and Mr. and Mrs. J. A. Stephens of Antelope Flat.

Mrs. H. C. Smith of this city accompanied Mr. and Mrs. Walter Bible and Nancy Ann of Borger to Gunnison, Colo. over the week end to visit Mr. and Mrs. John Smith and Clifton John.

Mr. and Mrs. Edwin J. R. Cox and children, James Robert and Elizabeth Ann of Hawthorne, New Jersey are visiting his mother, Mrs. J. R. Cox.

THE LION'S TALE

By Carl Allmond

Well it didn't work. Last week we told you that we would not be seeing you anymore; this week we are saying "hello there."

Bill gave us one of his best pleadings Tuesday. Since we lacked jurors and judge, and since our "back was against the wall," we said "yes". Writing this column is just like owing a note at the bank—Tuesday is here before you are ready.

It has happened—there will be a city election Aug. 6th, to determine whether or not the hospital will be opened. That's what we read in the Amarillo paper. Higginson has reopened their hospital. McLean is making a desperate effort to obtain an annex to the Pampa hospital, to be located in McLean. So Clarendon's objective is comparatively simple; a good building and good doctors are here. Your vote will determine the outcome.

George Weatherall was appointed as a director to fill a vacancy—we don't know whose.

Boss Lion Lowe stressed the importance of attending a picnic to take place on top of the Caprock, Thursday 6 p. m., July 14th. The picnic will be a basket supper affair, and will celebrate the completion of highway 70. All State Highway Commissioners will be present, and delegations from Turkey, Memphis, Silverton, and Clarendon. This is a beautiful drive; it will be the shortest trip to Colorado you ever took. Those going should be at the court house at 5 o'clock, with enough food for two extra people.

Frank Phelan Jr. advised the club that approximately 75 to 100 Boy Scouts from over the State will be bicycling into town Wednesday afternoon to spend the night. The Lion's Club and the American Legion will furnish three meals for the boys. Pete Kunz will use his pick-up to take their supplies to White Deer.

Mayor Burton was in charge of the program, and announced that,

through the courtesy of the Mulkey Theatre, we were invited to come there for two short films. The first film concerned the National Safety Council's program of 101 days of safe driving—from Memorial Day through Labor Day. The second picture was sponsored by the United Nations which is called U.N.I.C.E.F. This organization takes care of children all over the world. Thanks to Lee and Mrs. Mulkey! Tuesdays visitors were Frank Schimpf, Amarillo, Frank White III, and Allen Homer Estlack of Clarendon.

Now & Tomorrow With The Atom

By BILL JURY General Electric News Bureau Hanford Atomic Plant

(The following is the first of a series of seven articles disclosing the highlights and sidelights which have accompanied the nation's development of atomic energy. Prepared at the Hanford atomic energy plant, the series will deal with the human things which followed in the wake of the first historic announcement that man had harnessed the atom. It will touch upon the things which lie ahead.)

Seldom in American history have three neighboring villages seen such violent change as Hanford, White Bluffs and Richland in southeastern Washington during the infancy of the Atomic Age.

One of the tiny communities billowed almost overnight into a sprawling boom town and quickly faded away and was lost to the desert wind and sand.

The second village was swallowed up, its value as a potential orchard center overshadowed by the need for an atomic energy plant site.

The third outlived the roaring boom period and since has grown into an unincorporated city of 27,000 persons, its future secure as a business and residential area

for atomic plant personnel. Deep inside the barricaded boundaries of the Hanford atomic energy project today lies the remnants of the town which once was given great promise of becoming a leading producer of orchard crops. The town was White Bluffs.

Once a small orchard community on the banks of the majestic Columbia, it since has been absorbed by the sprawling, bustling Hanford project. Now it is a crossroad in the center of a 600-square mile government reservation where General Electric company operates the Hanford plutonium plant for the Atomic Energy Commission.

The town which gave its name to the Hanford project also was a quiet community of 300 persons before its selection as a site for the huge atomic energy plant turned it into one of the biggest boom towns the West has ever known.

More than 50,000 persons, comprising workers and their families, moved into the area early in 1943 to help construct giant plant facilities. They were people from all over the country, recruited from wartime labor markets to build the original Hanford works. When their job was completed, most of them moved on. Those who stayed behind to operate the atomic energy plant moved to little Richland village, some 25 miles away from the nearest plant area.

Today, the town of Hanford is a ghost town, its blacktopped streets and windswept wooden frame skeletons offering only slight evidence of its brawling past.

Richland, village of 250 persons which stood 30 miles downriver from Hanford and White Bluffs, survived its sister communities and the fickle prosperity of the era. It expanded and absorbed its new people until today it is one of the largest cities in Eastern Washington.

Because of the almost complete absence of facilities for caring for its increased population in the early days of the Hanford project, the responsibility of pro-

viding the necessities of a big town was placed with the plant contractor, in those days, E. I. duPont de Nemours, prime contractor to the Army Engineers.

The essential activities of a municipality — police and fire protection, supplying the necessary utilities and recreational facilities—are now provided by the Community Services Section of GE. This group covers all normal departments of most cities in the nation; everything from public works and safety, to parks and library boards. In addition, it manages most of the town real estate rentals and operates the plant administrative area.

The communities of Hanford and White Bluffs now are chapters in American history, but Richland—a child of the Atomic Age—is making history as this nation's first atomic city. (Next week: "Desert Miracle")

Mr. and Mrs. Beaty Hillman and family of Ridgecrest, Calif. and Miss Margaret Hillman of China Lake, Calif. are spending a ten day vacation with their mother, Mrs. J. R. Hillman and other relatives. The Beaty Hillmans have also visited her parents, Mr. and Mrs. J. R. Allen and family.

Mr. and Mrs. Frank Reid returned home Monday night from California where they visited a sister, Mrs. J. A. Huffstutler and family at San Bernardino and attended the wedding of their daughter, Bertha, and Bill Bradshaw, at San Diego, Calif. Mr. and Mrs. G. W. Bradshaw also attended the wedding and accompanied the Reids home.

Mrs. W. W. Holbrook and daughter, Ann, have returned to their home at Mansfield, Ark. after a visit in the home of Mrs. J. R. Hillman and other relatives.

Mr. and Mrs. Basil Smith of Clarendon and her parents, Mr. and Mrs. C. W. Bain of Borger, returned home Saturday from a visit at Lawrence, Kansas with Rev. and Mrs. Bill J. Smith.

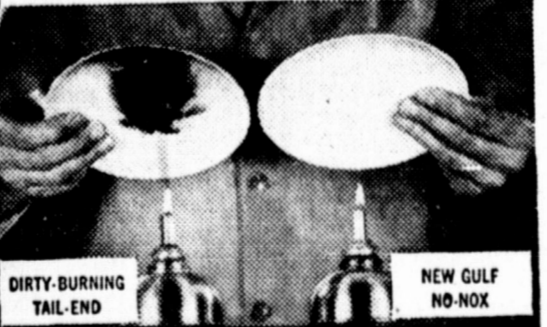

Important thought to keep in mind:

There's no need to worry about stalling in hot-weather traffic; no need to worry about balky, hot-engine starting! GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

For two years our readers have desired "By Valour & Arms" by James Street. There has been a reprint and we have a copy now. This book has some of the Dabney characters of several of his other books. Our book from the Sears Club is "The Forest Lord," by Noel B. Gerson. It is a romantic adventure of the "Colonies" in Africa. I have not read any of this writer's books.

We received an elegant gift this week—a Bible from the De Vore Foundation at Wichita, Kansas. This would sell for \$30.00 or quite a bit more. It is beautifully illustrated and arranged for reference work. The type is large, the paper thin and the binding very attractive.

Library notes are a form of advertising as each state has a central library that sends clipping notes to publishers who mail some wonderful gifts. I receive about six or seven free books per year that are historical or spiritual in a way. They are often faith

explanations as "What the Jews Believe, and 'Why I'm a Mormon,'" etc.

The Library is dusty and the shelves need rearranging, but there will not be time to do this until fall. These school children are avid readers. We have an enormous amount of reading material, but are limited in our reference books.

Neither Rain Nor Hail ... Nor Broken Boxes!

Red Fowler, local R.F.D. mailman, got an English car—with a right-hand drive so he can stuff mailboxes from behind the wheel.

"It's great!" Red reports. "But it would work a lot better if all box holders would follow regulations. A mailbox should be 40 inches high, on the right of the road... within reaching distance from a car window. If one is knocked down, the owner should make repairs pronto."

Come to think of it, Red is pretty good about his obligations—delivering packages, supplying

stamps, cashing money orders—saving us trips to the Post Office. Let's fix up those boxes so he can get his chores done fast.

From where I sit, obligations always work both ways. For instance, I figure that I'm obliged to respect your right to enjoy your favorite beverage—be it coffee, tea, beer, buttermilk or whatever. Why? Because I'd expect you to do the same for me. The Golden Rule should be followed "to the letter" by everyone.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Conservation jobs being done in the Donley Soil Conservation District have been somewhat fewer recently than usual—probably because most of the farmers have been busy putting in and working their crops. However some jobs have been completed, or are in the construction stage.

Among these is the repair work being done on the spillway of Mrs. Sinclair Armstrong's dam across Rock Creek. The recent rains caused considerable damage to the spillway, which, if not corrected, would have meant the loss of the spring-fed lake backed up by the dam. This would have meant not only the loss of a very good recreational area, but serious erosion damage. Technicians of the Soil Conservation Service,

assisting the District, which Mrs. Armstrong has a Cooperative Agreement with, laid off the work required to properly safeguard the dam, and Mrs. Armstrong contracted for the job to be done. All of the earth moving and leveling has been completed and checked, but to make the work more permanent, seeding the spillway to grass and rip rapping the end of the dam with rock will be done. To protect the seedling grass from grazing and also to prevent stock trails, which tend to concentrate water and cause gullies, the spillway area will be fenced.

Other current conservation jobs on which the Donley District has given or is giving assistance are: Virginia Rogers, Frank White Jr., and Luther Petty—repair and enlarging dams for stockwater or erosion control; Clyde Gilbert, Harrison Hall, W. O. Hommel, and Wes Sullivan—Diversion and waterways.

Damage from the recent heavy rains pointed out the need for these diversions and waterways, and it is likely that more work along this line will be done after the press of making a crop gives the farmers time to consider and do something about their individual erosion problems.

FARM NEWS

from the County ASC Committee

1956 WHEAT ALLOTMENT PROGRAM:

You are advised that July 15, 1955 is the final date for making application for a "New Grower" Wheat allotment. The mere fact you may have told the office Personnel that you wish to make application does not comply with regulations, you must have signed a written request for the allotment.

COTTON MEASUREMENT

Our Reporters are in full swing measuring cotton farms. It is very important that you, the producers, go with the Reporter and assist him in measuring all of your cotton. We know you are busy, but it will be to your interest if you will assist the Reporter as he will be sure then he has measured all cotton and deducted all deductible areas. If you have seeded cotton on any acreage and it has been destroyed and you did not replant on the same acreage please inform the Reporter as you will be given credit for it on your allotment for history purposes.

Our planimeter operators are measuring cotton in the office as fast as possible. Your notice of acreage will be mailed to you as soon as possible after being planimetered.

EMERGENCY FEED PROGRAM

While no purchase orders may be issued after June 30, under the extended 1954 EFP Program, Farmers may purchase and receive delivery of feed through July 31, 1955.

ESS ACP

Funds are still available for carrying out Practices under the regular ACP Program. Study the needs on your farm and build your land by taking advantage of these practices. Be sure to file your applications in this office before you Start your Practices, as we cannot make payment on practice with out prior approval.

POME TIME;
Editors are a funny lot,
Most anyway you take them.
They'll publish most any Tom-
my-Rot—
*Specially, if you make them.

This week we received another nice letter from our friend and regular reader from over Silver-ton way, Mrs. Earl Porter. Mrs. Porter is also a member of our club for those who are sort of

shut-in or handicapped. If you want to receive a beautiful, encouraging and inspiring letter from a very wonderful mother, be sure and write to this lady and tell her that we introduced you. Anyhow, she included a couple of poems that we want to use. The first by Hal Chadwick is called *Gone To Pot*, and don't ask me why I wanted to use it; "The day a man begins to state He really needs to watch his weight; You'll find he has one thing in view — And rather prominently, too."

The other by Stephen Schlitzer is called *Not Ready To Go Yet*. All the men folks will enjoy this one I know. "She can't find her earrings, her Gloves or her purse— My impatience is far from repressible.

As I fidget and wait, and wonder why fate— Makes accessories so inaccessible."

Someone has said; "An optimist is a fellow who takes the cold water thrown on his ideas, heats it with enthusiasm, makes steam and pushes ahead."

We missed our barbecue and our visit this year with the folks at Clarendon on the 4th of July. It was our fault, as we were invited dozens of times. Maybe, it really wasn't our fault, perhaps it was just fate. We just couldn't make it. Our appetite was willing, our heart was in the matter, but circumstances framed up on us. But we hear how wonderful it was and next year we promise to frame up on circumstances ahead of time. We always feel welcome down that way.

Speaking of barbecues maybe we can wait until the American Legion of Claude and the Old Settlers combine their interests

along with the Lions Club and anyone else who will help to put on the Annual Caprock Round-up and Old Settlers Day in Claude on the 28th, 29th, and 30th of this month. The 30th is a very important day to some people. To the first person writing in and telling us for whom and for what we will give a free subscription to our favorite farm magazine as a little prize. It is a hard question, but who'll be the first to guess? Anyway, everyone is Welcome when Armstrong has its one big day each year again this year. We'll welcome you each personally.

Not long ago we spoke of taking one of our young boys up to make his home with Cal Farley and the boys at Boys Ranch. We came home after the several trips when Armstrong has its one big day each year again this year. We hope that God will bless this work done through the hands of this ex-wrestler and tire salesman, who for these many last several years has turned his ability as a super-salesman to that of selling the future of boys

to more and more people. When you feel inclined send them some help; just a few dollars sort of regular is the REAL help. If you wish to send a gift through this column we will be glad to send it for you and we will mention you on our Honor Roll here in this column. We feel the work so close to our heart that we can't resist giving it a BOOST. Would you like to do it that way through this column???

Wildlife Surge Noted In Texas

AUSTIN — Timely rains have brought promise of a bountiful wildlife crop, according to the Director of Wildlife Restoration for the Texas Game and Fish Commission.

He said the moisture came at a crucial period in the reproduction routine and in most places practically assures adequate food and cover well into the summer. The Director said there have been some negative reports from the field, mainly in connection with heavy rains that flooded fields and ruined bird nests and concerning spotted hail storms that caused some damage to quail, mourning doves and wild turkey. He added that high winds accompanying the turbulent conditions wrecked dove nests in some areas.

He pointed out that quail persistently re-nest if their first one is lost and that mourning doves likewise build new nests and characteristically lay practically

The Director of Wildlife Restoration said he had no reports of heavy hail losses but he pointed out that wild turkey are vulnerable. He noted news accounts of hail so severe that deer were killed outright, but explained that, in the case of wild deer, they do not panic like domestic animals and stampede in a huddle, but rather seek cover, such as crawling under brush and overhanging bluffs. He said wild turkey also use this strong natural instinct of survival to protect themselves where there is any substantial cover but that they are more likely to sustain losses from flood and hail than are deer.

The Director said all reports indicate that the Texas wild turkey outlook "is the best in many years." The state's wild turkey stock, largest in the nation, has slumped in recent years like most wildlife species affected by the record drought.

He said "generally favorable reports have been received about quail" but noted an observation by E. G. Marsh, resident biologist at Gus Engeling Wildlife Management Area in Anderson county, that quail had a bad winter

in that vicinity. "The recent rains have come as a blessing," said the Director. "We have had some disaster reports but they have mainly come from isolated areas. The rains mean food and cover and also mean the moisture necessary to assure hatching success."

LEGION THANKS PEOPLE

To all of the people of Clarendon who helped with the preparation and serving of the Barbecue on the 4th of July.

For myself and all of the Members of Clark-Brock Post No. 126 American Legion, we want to thank you for your time and efforts. It was through you and others that we were able to stage a free Barbecue that brought thousands of people together to Celebrate the Birthday of our Great Nation.

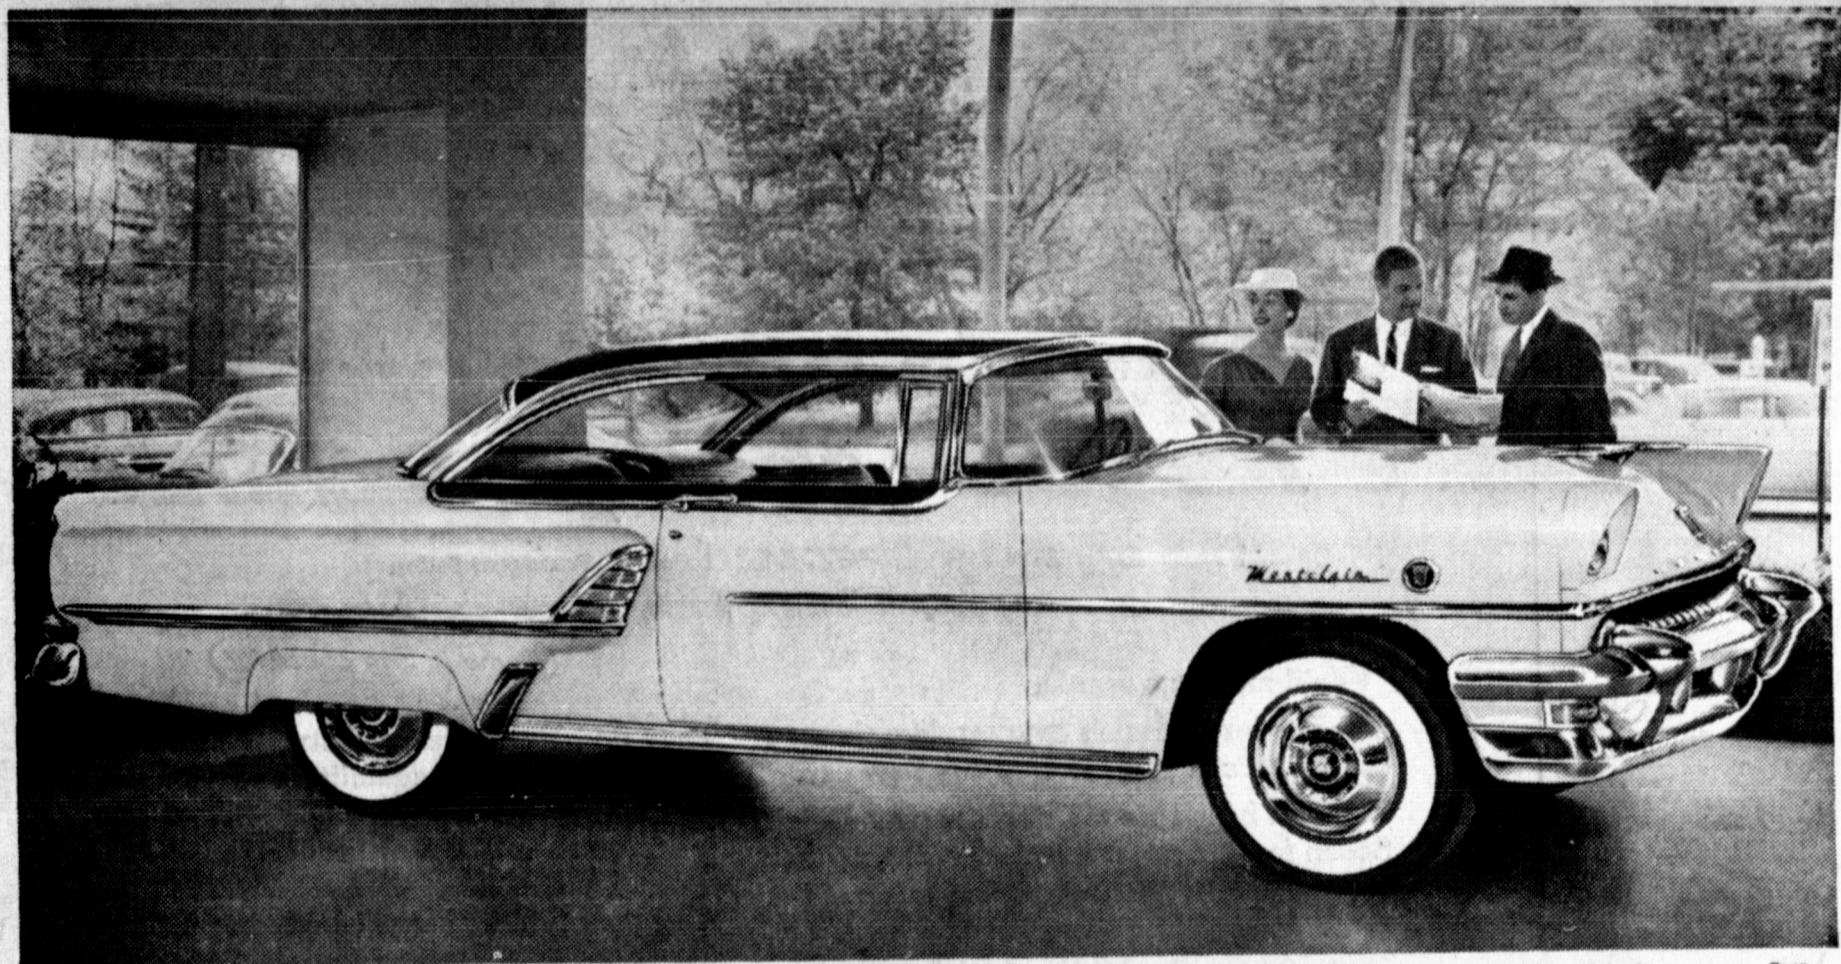

Again I want to thank you. Sincerely yours,

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

INTERNATIONAL BLACKMAIL

"Blackmail" is a bad word and is no doubt deeply frowned upon in diplomatic circles. However, if we are to follow the logic that was advanced in arguing for passage of the foreign aid bill to the tune of 3 thousand million dollars (\$20 from every man, woman and child in the U. S.), we must reach the inevitable conclusion that Uncle Sam is being taken.

The bill provides for expenditures of 3 1/2 billion dollars to be advanced in existence for a number of years. In fact, the foreign aid program was supposed to be temporary. The only thing temporary has been the name. The name of the program and the name of the agency handling it have been changed several times,

but the expenditures go on and on. It was repeatedly argued that the measure was a defense measure and could not be justified on any other ground; that it was a defense measure against Russia and communism, and that if it was not for the threat of communism, the expenditures could not, under any circumstances, be justified. In other words, the proponents were saying that so long as Russia was a threat to this country, we should continue to pay money to the several countries mentioned in the foreign aid bill. It would logically follow that if Russia ceased to be a threat to this country, then these payments should cease. As all of you know, Nehru, of India, has frequently expressed contempt for our government and has recently completed a visit to Moscow and Belgrade. Tito, dictator of Yugoslavia, openly and flagrantly brags that he has a communist country that is more communist than Russia. He, too, has recently completed some visits to Moscow. Both India and Yugoslavia were

included in the foreign aid bill for sizable sums. Many of the Members called the attention of the House to the actions of both Nehru and Tito. The proponents of the bill did not defend either of them, but took the position that we had to give them money to help keep them from joining up with Russia. If this logic is correct, then it must follow that it would be to the best interests of Nehru and Tito to perpetuate a fuss and cold war between the Soviet and the United States, simply because any settlement of the differences would mean an end to the millions of dollars flowing to India and Yugoslavia out of the pockets of the taxpayers of this country. The same logic would lead us to the conclusion that we are paying tribute to these two governments because of the threat that they will go communist if we fail to pay up. This might not be international blackmail, but it comes pretty close to it. It simply means that the grand old phrase "Millions for defense, but not one cent for tribute", that has long thrilled the crowd at the 4th of July

gatherings, seems to be passe. **ADJOURNMENT**
The guesses about adjournment are all the way from July 15th to the guess that Congress will never adjourn. Neither appear to be correct. The present consensus is that August 10th will see Congress out of session. I sincerely hope so. It would be good for Congress and the country.

SOCIAL SECURITY NEWS

In Donley County at the end of last year 92 retired workers were receiving \$4,131 in monthly social security payments, according to figures just released by John R. Sanderson, District Manager of the Social Security Office in Amarillo.

In addition to the retired workers themselves, 87 people were receiving \$2,606 a month as dependents of the retired workers or as survivors of deceased workers.

- Although this is a considerable increase as compared with payments a year ago, it is certain that more people will receive larger payments in years to come because of changes in the Social Security Law in 1954, Sanderson says. Among the major changes were the following:
1. Computation of payments after "dropping out" up to 5 years of lowest social security covered earnings.
 2. Extension of social security coverage to more farm workers and to self-employed farmers, as well as many other kinds of work.
 3. Increasing of the maximum wages creditable toward benefits from \$3600 to \$4200.
 4. Allowing disabled workers to "freeze" their social security wage records while disabled.
 5. Increasing the amount of earnings which a retired worker can receive and still get all or a

part of his retirement-payments. (There is no restriction on earnings after a worker is 72 years old)

Persons with social security questions are invited to contact the Amarillo Social Security Office, or contact a representative who will be in Clarendon at the Courthouse on the 2nd and 4th Mondays of each month at 9:30 A. M. on a regular visit.

This Big Buick SPECIAL 2-Door, 6-Passenger Sedan delivers locally at a small-car price (Come in and check it!)

We'll mince no words. You can buy a Buick SPECIAL like the one shown here if you can buy any new car. You can boss this big and brawny Buick Sedan for just about the price of the smaller cars—even for less than some models of the three most well-known smaller cars. The price tag we'll show you proves that. But you can't get anywhere else for the money what you get in this Buick, or any other new Buick—and that's something you really ought to look into. For Buick sales are soaring to all-time best-seller highs this year just because more and more people are discovering how much more automobile their dollars buy in a Buick than the same dollars buy elsewhere. They find Buick a bigger package of sheer automobile for the money—bigger in power thrill, in stretch-out comfort, in ride steadiness, in structural solidity.

They find Buick size and styling an added prestige—Buick roadability and handling ease an added pleasure—Buick brawn and precision an added reassurance. And they find Buick performance a thrill without peer—for where else can you get the whip-quick response and bettered gas mileage of Variable Pitch Dynaflo? Maybe you'd better drop in and see how much real automobile and fun and deep-down satisfaction your money buys in Buick. Whether you want the low-priced SPECIAL, the high-powered CENTURY, the extra-roomy SUPER, or the custom-built ROADMASTER—you'll find the price more than right and the trade-in deal terrific. Can you make it today?

**Variable Pitch Dynaflo is the only Dynaflo Buick build today. It is standard on ROADMASTER, optional at modest extra cost on other Series.*

Reddy Kilowatt

West Texas Utilities Company

By PRICE DANIEL U. S. Senator

The late Amon G. Carter, Publisher of the Fort Worth Star-Telegram and known variously

as "Mr. Fort Worth" and "Mr. Texas", had many friends in Washington. We were grieved last week to learn of his death, and appropriate tributes were paid both in the House and the Senate.

In the passing of Amon G. Carter, Texas and the nation have lost one of the most able and patriotic citizens of our generation. Amon G. Carter's patriotism and good citizenship began with his home town of Fort Worth. No man ever loved his city more. Few men have ever accomplished more for their city and its people than did Amon G. Carter.

Fort Worth. He helped promote Boys' Week, during which Fort Worth boys were elected to and served in every city and county office. My first view of public service was as Boys' Week city manager. Mr. Carter gave a banquet for us at the Fort Worth Club and encouraged us to take a keen interest in the processes of self-government. Later I served as a string reporter on his Fort Worth Star-Telegram. Throughout the years he inspired boys and girls to love their city and led men and women to work for it.

A Great American

Typical of men with love and loyalty for their home town, I first knew Mr. Carter when I was a high school student in Amon G. Carter had the same

love and patriotic zeal for his state and nation. He was generous with his time and money in many efforts to promote better government and a stronger national security.

The earthly life of this great American is ended, but his memory will continue to remind others of the opportunities which this country affords and the responsibilities which we owe to our communities, our country, and our fellowmen.

Independent Indian Tribes

The Alabama-Coushatta Indian tribes have been granted their independence from Federal supervision in accordance with legislation passed by Congress last year. All that remained was for Secretary of Interior Douglas McKay to issue his proclamation, and that terminated the supervision formerly exercised by the Bureau of Indian Affairs and transferred trusteeship of 3100 acres of lands belonging to the tribes.

For the first time since 1909, the bureau said, full independence from Federal supervision thus is being extended to an Indian tribal group. In that year, two Wisconsin tribes, the Stockbridge Munsee group, received fee patents for all their land

holdings. Later they accepted the Indian Reorganization Act of 1934, which reinstated certain tribal relations with the Federal Government.

Tribute to Texas Tribes

This decision by the Secretary of the Interior is something of which the Texas Indian tribes near Livingston can be proud. Such independence will be granted only to those tribes which have made progress along the road to self-sufficiency.

When Texas came into the United States, it bought 1,100 acres in Polk County and had it deeded to the Indians in perpetuity. The tribes still own this land. In the late 1920's, the United States bought about 3,100 acres adjacent to the Indian-owned land and took title in trust for the Indian group. A quitclaim deed to this Federal trust land accompanied the proclamation.

Texas Bills

We had good fortune on two bills vital to Texas last week. First, the Senate passed the Texas City Disaster bill sponsored by Senator Johnson and myself in the Senate and Congressman Clark Thompson in the House. Then, on the same day, the Senate Interstate and Foreign Commerce Committee, of which I am a member, approved the Fulbright bill correcting the Phillips decision in the natural

gas case by a vote of 11 to 4.

If enacted by Congress, this would exempt independent gas producers from utility rate pricing by the Federal Power Commission. It means much to Texas producers, to State tax revenues and conservation laws, and even more to gas consumers, who will receive a greater supply of natural gas at reasonable rates. We hope that the bill will be passed before Congress adjourns.

AUSTIN—School age children of Texas will be given a second round of polio inoculations before the month ends.

Assurance has been given State Health Officer Henry A. Holle, by the National Foundation for Infantile Paralysis, that manufacturers of the vaccine will have completed production and safety testing of enough vaccine to permit another round of inoculations and booster shots by the end of July.

Fifty five new cases of polio were reported for the latest reporting period, which ended June 25. It brought the state total to 509.

Austin has had 12 cases to date.

Draft Evader Sentenced
Two years in the federal penitentiary face Fred D. Jackson of Comanche.

He was sentenced by Federal Judge Ben H. Rice, Jr., when convicted of draft evasion. Jackson handled his own defense.

Asst. U. S. Dist. Atty. Lonny Zweiner, said that the Jehovah Witness minister refused to work in the Austin State Hospital when ordered to by his draft board—in lieu of military service. Yet he admitted working in a Fort Worth plant that manufactured military aircraft.

Adrian Case Delayed
Federal Judge Ben H. Rice, Jr., has postponed until next January a hearing to determine if 75-year old John Cass Adrian of Austin is "mentally incompetent."

Adrian is a retired Austin mail carrier and Spanish American War veteran.

He is charged with writing a threatening letter to former Land Commissioner Bascom Giles on May 13, and attempting to extort \$800,000 from Giles.

Parr Appeals
George B. Parr, "Boss of Duval County", has asked the US 5th Circuit Court of Appeals for permission to file two writs in his fight against charges of income tax evasion.

Parr wants the higher court to vacate an order setting his trial for July 18, and to stop proceedings until the Appeals Court reaches a decision.

Also, he wants the case heard in Laredo. Originally it was scheduled for Corpus Christi, then moved to Austin.

Parr has denied the government's charges that he failed to pay \$85,000 in income taxes for the years 1949, 1950 and 1951.

Career Ends

Rep. George S. Berry of Lubbock, whose career in public office began 30 years ago, died in Austin last Friday. He was injured in an automobile accident on May 20.

Berry, who was 56, was serving his second term as a member of the Legislature. His first public office was as county attorney of Young County. Later he became assistant district attorney, and for a short time was assistant attorney general.

He was born in Granbury and moved to Lubbock in 1929.

School Squabble

A 1000-name petition was presented to Dr. J. W. Edgar, State Commissioner of Education, urging him to cancel certificates of the 110 teachers who struck in the recent school row in Irving.

Filing the petition were Clifford J. Moore and Donald O. Starrett, president and director, respectively, of the Council of Public Affairs at Irving.

They were advised by Dr. Ed-

gar to have an attorney file a brief, supporting their contention, and if he decides he has jurisdiction, then each of the teachers involved will be granted individual public hearings.

Irving teachers struck in protest against the firing of Dr. John L. Beard as superintendent of the old Irving school board. When the district was abolished, and a new one created, the new board rehired Beard.

Dr. Edgar ruled earlier that the Irving school board did not have proper cause for canceling Dr. Beard's contract as superintendent.

Scouts Expand Program

Plans are being made for a 40 per cent expansion of the Boy Scout movement in Texas.

Over 100 Scout officials met here to outline a fund drive to be launched Oct. 25. Howard W. Tellepsen of Houston directed the meeting. He is executive vice president of the steering committee.

Just look what you're missing!

Smartest car on the road—bar none! The Custom Royal Lancer by Dodge.

Not long ago, you had to figure on spending a lot of money if you wanted to step up to a big luxury car. Then along came this new Dodge—and things happened!

People who were used to paying a thousand dollars more found that Dodge offered all they could desire—at a sensible price.

Owners of medium-priced cars discovered that for the same amount of money, or less, the new Dodge provided much more roominess, comfort, and more pride.

More, small-car owners found that several models of this big new Dodge even cost less than a tricked-up "lightweight."

Right off the bat, Dodge sales doubled! And we're taking advantage of skyrocketing sales to make you a "Drive It Home" deal you can't turn down. Come in today!
