**Notice To Bidders**

The City Commission of the City of Amarillo, Texas, will receive sealed competitive bids on the following list of buildings located at the site of the former Amarillo Army Air Field. Bids must be submitted to the office of the City Secretary in the North Wing of the City Auditorium at 5th and Buchanan Streets not later than 3:00 o'clock, P. M., July 25, 1950.

Each bid submitted must be accompanied by a certified or cashier's check in an amount of not less than 10% of the Bid, and made payable to the City of Amarillo as a guarantee that if

an award is made, the Bidder will complete the transaction by completing the payment therefor and removing the building from the premises within the allotted time. Payment must be completed at the time the award is made. Buildings may be inspected at the site approximately nine miles east of the City of Amarillo on Highway 60, between the hours of 10:00 o'clock A. M. and 3:00 o'clock P. M. on any week day beginning Wednesday, July 12, through Monday, July 24. Purchasers will be allowed not more than ninety (90) days from the date of the award to remove the buildings from the premises. The list of buildings eligible for

sale, and their numbers follows: Bldg. No. T-2301, 2302, 2306, 2307, 2308, 2309, 2310: 7 civilian barracks dormitories 20' x 100' with attached porch. Composition roof and siding, frame structure, each dormitory cut into 5 apartments. Interior composition and plywood. Bldg. No. T-2313: Used as camouflage classroom 20' x 100', barrack construction, unpartitioned. Bldg. No. & 507: Dental clinic 25' x 112', asbestos shingle frame construction. Bldg. No. T-515: Hospital quarters 30' x 110', asbestos shingle, frame construction. Partially damaged by fire. Bldg. No. T-500: Hospital administration 77' x 120' constructed U shape, asbestos shingle, frame construction. Bldg. No. T-522: Clinic Laboratory 25' x 160' (has Carrier Corp Air Conditioner Mdl No. H41B2-304, Ser. No. H41b2450 complete). Asbestos shingle, frame construction. Flooring part wood, part cement. Bldg. No. T-523: X-Ray and medical clinic, 25' x 152'. Has carrier air conditioner same as T-522 but air compressor has been removed. Asbestos shingle, frame construction. Wooden floor except baths. Bldg. No. T-524 and T-531:

Standard ward 25' x 150'. Asbestos shingle frame construction. Bldg. No. T-537, 538, 539, 540: Combination ward 25' x 151'. Asbestos shingle frame construction. T-537 has outside side type air conditioner. Booster pump house Bldg. No. T-541 is attached. Bldg. No. T-563, 564, 565, 566, 567, 568, 570, 571, 572, 573: 20' x 100' composition siding and roof barracks. Most units have hot air type furnaces. Bldg. No. T-574: Mess Hall 25' x 156', asbestos shingle frame construction, has one 10-door refrigerator, bake oven, stove hood. Bldg. No. T-580: Temporary storehouse 25' x 126' asbestos shingle frame construction, has quartermaster corp. Bldg. No. T-581, 583, 584, 585: Hospital storehouse 20' x 160' composition side and roof with hot air type furnaces. Bldg. No. 439, 1835: Barracks 20' x 100' frame composition construction. Bldg. No. 612: Mess Hall, 154' x 160', composition frame with concrete floor, 1 bake oven, 2 walk-in refrigerators, 1 boiler assembly. (This building is in lieu of T-1421 which was originally assigned to City but later sold to Mountain Home Schools, Ringling, Oklahoma.)

Bldg No. T-1426: Dental Clinic, 29' x 110', 2-story asbestos shingle frame construction. Building partitioned into offices, has one air conditioner. Bldg No. T-947: Lavatory Bldg 25' x 57', composition side and roof, with some latrine plumbing. The City of Amarillo reserves the right to reject any or all bids submitted if, in its opinion the fair value of the properties to be sold will not be received. Any inquiries regarding the proposed sale should be directed to the office of the City Manager, City of Amarillo, Texas. N. V. MOSS, City Manager (22-c)

The giant tortoise has been known to live as long as 300 years

The average cost of trapping 183 raccoons taken at the same place was \$329.81 or \$1.80 each. A rational farm program in East Texas includes the growing of timber for home use. There may be a surplus for sale. On many farms timber brings in a substantial part of the income.

I don't think that I ever received so many nice letters as I have in the last few days; the trouble is the letters are from would be office holders and in all probability I will never hear from most of them again. I was surprised to learn that our friendship in some cases had progressed to the common stage and to the point where you sign only your first name. I get a bang out of hearing from Carolyn, you know, Carolyn Davis the lady that writes us when our Readers Digest is expired. Her heart seems so grieved when she doesn't hear

from us by return mail. Maybe, I shouldn't speak lightly, perhaps they do think more of us than we give them credit.

There are two kinds of advice and information; the good kind and the kind that you can get.

Newest member to the ASRNS is Oscar Grumke of Claude; he has been off the weed for two months and has already put on a few pounds. Watch your weight Son; don't let this thing that happened to me, happen to you. One so-called friend suggested that I start another club called the Two Hundred Or Pop Club. I didn't appreciate the implications.

To me there is one consolation in the whole terrible thought about the next war and the use of the atomic bomb; maybe it will wake us up as a world; perhaps the ones who are left in the world will be unanimous in their desire for peace. Taking the whole world in general it seems that

the old picture of a few hundred thousand young men dead, plus a few hundred thousand crippled for life, plus a few hundred thousand power mad and rich civilians didn't seem to disturb the tendency of the nations to fight again. Perhaps if their cities are blown to the skies, and their capitol melted into the rocks. If all the civilians have to face death the same as the brave warriors maybe, just maybe, the whole world will say "It is enough". What a horrible picture to try and look for hope in, or is there any hope for man in this world?? Sometimes we can only wonder.

Thoughts for our Serious department; sent in by our readers; "A guilty conscience needs no accuser or tormentor but itself."

"The great design of religion is to bring people home to God, and in this story he is tempted to loiter. It is a book of special interest to Cub Scouts. By this

If we spend too much time in the so-called job of making a living we will not have enough time left to make a life.

Art thou lonely, O my brother? - Share thy little with another - Stretch a hand to one unfriended, And thy loneliness is ended.

The above is from Poems That Touch The Heart by A. L. Alexander.

**Gabie Betts Burton Library Notes**

By May L. Prewitt

The children's shelf has added "Bixxy the Secret Message" by Louis Slobodkin. Bixxy is a carrier pigeon who carries important messages even in peace time, and in this story he is tempted to loiter. It is a book of special interest to Cub Scouts. By this

writer we have "Timothy Has Ideas", "Little Jonathan" and "A Pony Called Lightning." These have each been read eagerly. A few of the Golden Book series have been added to our reading shelf too. "The Little Fat Policeman", "The Marvelous Merry-Go-Round", "Big Brown Bear", "Johnny Appleseed", "Once Upon A Winter-time" are the recently purchased ones.

For the adult readers we have only one new book, "Covtown Columnist" by Boyce House. This little volume contains some enjoyable entertainment. We only wish it were possible to provide material for the enjoyment of each reader, but I'm always "in terror" concerning the bills for the Junior section. These youngsters really use the Library. The 6th of July I issued 103 books, the 7th 63 and the 8th 138, so you can realize how necessary it is to supply the demand for the interest of these readers to be maintained. Once they are not supplied they do not return for material, regu-

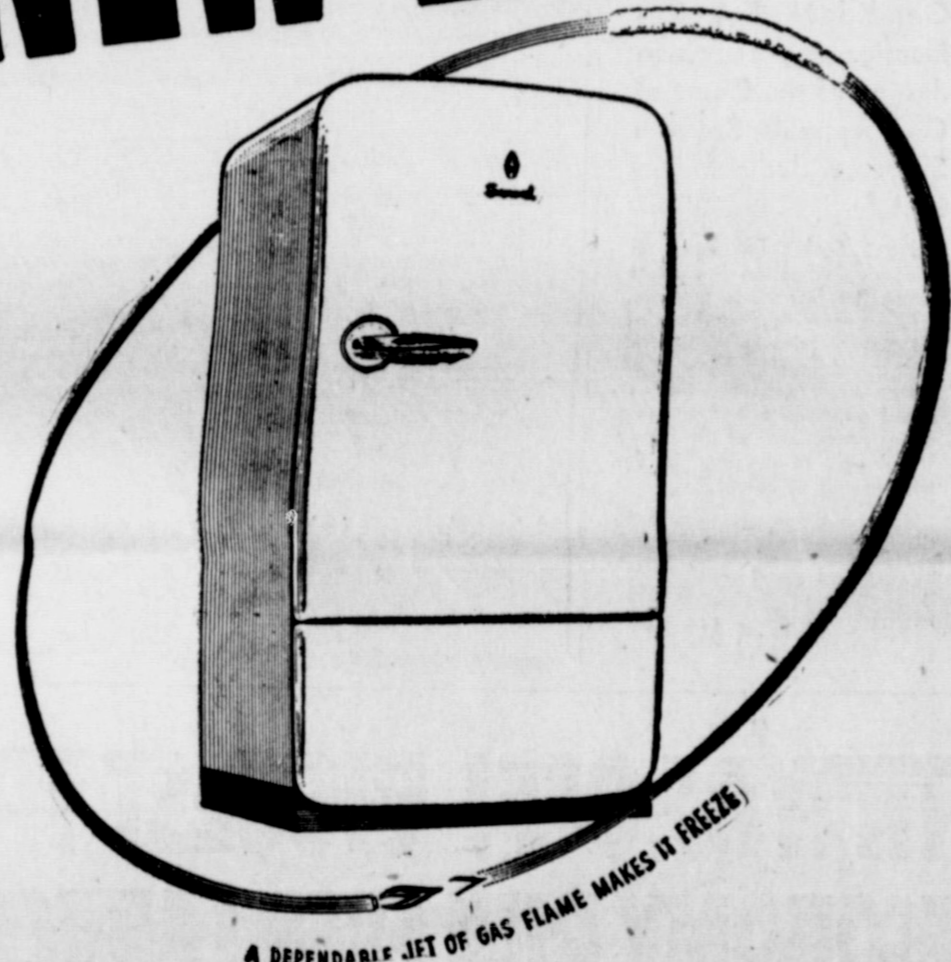

larly as they should, so you can understand how we have the responsibility of always being on the alert for their interest.

Donley County Leader, \$2.50 year

Forests, unlike many natural resources, can be used and grown forever. Continuous production of trees on lands suited for the purpose is the basis of forestry.

**JAMES—WOOD**

Miss Juanita James, daughter of Mr. and Mrs. C. U. James of Lubbock and Mr. Charles W. Wood, son of Mrs. J. D. Wood of Clarendon, were united in marriage Sunday, June 17, 1950 in the First Baptist Church at Roswell. Rev. A. A. Dulaney performed the double ring ceremony.

The couple was attended by Mr. and Mrs. R. C. Middlebrook, a sister of the bride, of Lubbock. Mrs. Wood is a graduate of New Deal high school and attended business school in Lubbock. She is employed by the city of Lubbock.

Mr. Wood is a graduate of Clarendon High School, Clarendon Junior College and West Texas State. He is principal of the Roosevelt High School in Lubbock County.

The couple spent their honeymoon touring the west coast states and are now making their home at 3320-R, 20th St. in Lubbock.

**T. E. L. CLASS**

The T. E. L. Sunday School Class of the First Baptist Church met in the home of Mrs. W. S. Carlile Tuesday, July 11. One quilt was quilted and one pieced.

A lovely covered dish luncheon was served at the noon hour. Those visiting were Mesdames Joe Terry, Clyde Butler, John Thomas, and R. W. Moore of Amarillo.

Members were Mesdames Williams, Owens, Naylor, Ray, Allison, Rattan, Barten, Bingham and hostess, Mrs. Carlile.

Mr. and Mrs. Carrol Lewis and Mr. and Mrs. Lester McKinney of Amarillo returned this week from a trip to Salt Lake City and other points in Utah, Arizona and Colorado.

**GIRL SCOUTS**

The Girl Scouts of Troop No. 4 met Monday, July 10 at 4 o'clock at the home of Harlene Smith where a very enjoyable time was spent swimming.

After the swim, a picnic lunch was spread for Janice Benson, Wanda Sibley, Wanda Lewis, Della Allen, Ruth Ann and Rebecca King, Janice Bullock, Mable Dean Brock, Glenna Lane, Harlene Smith, Paula Skelton, and Marianne Longan.

Sponsors attending were Mrs. R. Y. King, Mrs. Basil Smith, Mrs. Bert Smith and Mrs. Helen Lowe, life guard.

A short business meeting was held and plans for their annual trip were discussed. Marianne Longan was elected secretary to fill a vacancy.

The next meeting will be July 17th at the Canteen at 4 p. m.

**LELIA LAKE W.S.C.S. HAS MEETING**

The Woman's Society of Christian Service of Lelia Lake met for general business and pledge service, at the Methodist Church, Monday, July 10th.

The service opened with the group singing, "Blest Be The Tie" led by Mrs. J. W. Webb and Mrs. W. W. Jones. Those present were Mesdames Virgil Smith, Earl Fox, Earl Myers, Earnest White, George Johnson, John Gilleon, Z. C. Carnell, J. W. Webb, W. W. Jones.

The W.S.C.S. meets each Monday at 3 p. m. All ladies are invited.

Mr. and Mrs. Harold Green of Borger visited relatives here the week end.

Mr. and Mrs. Dalton Ford of White Deer visited her mother, Mrs. A. G. Lane and other relatives here Sunday.

**BRIDE-ELECT COMPLIMENTED**

Miss Patsy Blair, bride-elect of John Miller Morris, was entertained with delightful party and miscellaneous shower in the home of Mrs. Joe Goldston Saturday afternoon.

Co-hostesses were Mesdames Bill Ray, Nathan Cox, Rolfe Brumley, Victor Smith and O. D. Lowry.

In the receiving line were Miss Blair, the honoree, and her mother, Mrs. Frank Blair, and the groom-elect's mother, Mrs. C. B. Morris.

The entertaining rooms were decorated with arrangements of Shasta daisies.

The refreshment table was laid with a white Chinese hand-embroidered linen cloth and ornamented with a miniature bridal couple in white bell, outlined in blue maline and gypsophila. Completing the setting were blue crystal holders containing blue candles and a blue crystal punch bowl.

The individual cakes were decorated with white bells and the napkins were imprinted with bells.

Miss Florence Blair of Phillips, aunt of the honoree and Miss Mae Morris, sister of the groom-elect, presided at the punch bowl. Assisting with the serving were Mrs. Sam Lowry and Miss Laddelle Cox.

Names for the guest register were secured by Mrs. Horace Green and Miss Shirley Brumley. Approximately 60 guests called.

**ANNOUNCE ENGAGEMENT AND APPROACHING MARRIAGE**

Mr. and Mrs. D. B. Koen announce the engagement and approaching marriage of their daughter Marie to Sgt. Charles E. Seets of Ft. Riley, Kansas, son of Mr. Edgar Seets, Memphis.

The wedding will take place August 6th.

Mr. and Mrs. G. A. Anderson went to Weatherford, Okla. Sunday to attend the funeral for his brother and nephew, Alec Anderson and son who were killed in an auto wreck in New Mexico last week.

**GOLDSTON QUILTING CLUB**

The Goldston Quilting Club met with Charlene Reynolds June 23rd. A covered dish lunch was served at the noon hour. The guest were Mrs. Owens, Tina Eddings, Lucille Dale, Cleo Farr, Erma Lee Phillips, Sally Mason, and Martiel Webb.

Members were Edna Hudson, Ola McBrayer, Blanch Gray, Nina Dale, Joy Roberson, Etta Reynolds, Billie Ashcraft, Flossie Reynolds, Oddie Moss, Sarah Peggram, Ruth Littlefield, Edith Jackson and Mae Pearl McDonald. Two quilts were quilted and a top pieced. The Club has discontinued for awhile.

—Reporter

**GARDEN CLUB**

The Clarendon Garden Club met Tuesday afternoon in the home of Mrs. H. T. Warner with Mrs. Will Johnson assistant hostesses.

Mrs. J. H. Howze was in charge of the business. The leader, Mrs. Frank White Jr. discussed the topic "What to do in the garden in the month of July."

"The Origin of Plant Names" presented by Mrs. Jack Brooks was interesting, instructive and also amusing.

A very interesting story was given by Mrs. Rolfe Brumley, "The Flower Lady of the Middle West." It revealed many of the interesting things concerning the life of Helen Field Fischer who was an artist in landscaping and also a sponsor of a radio program for 25 years, on which she gave helps for landscaping.

**W. S. C. S. FORMED BY LELIA LAKE GROUP**

Mrs. Rufus Dodgen Secretary of Organization and Promotion of the Clarendon District W.S.C.S. of Shamrock, Mrs. J. R. Benson, Secretary of Supplies, Mrs. Cecil Reavis, Secretary of Missionary Education, Mrs. S. M. Dunnam also of Shamrock and Mrs. W. E. Hamilton of Clarendon were invited to Lelia Lake June 23rd to organize a Woman's Society of Christian Service.

The meeting was opened by the Pastor Rev. Virgil H. Smith with a hymn, "The Church Is One Foundation." The society was organized with fifteen present and refreshments were served by Mrs. Virgil H. Smith at the close of meeting.

Mrs. Rufus Dodgen was in charge of the installation service. Those elected for offices were President, Mrs. J. W. Webb; Vice-President, Mrs. J. L. Butler; Pro-

motional Secretary, Mrs. W. W. Jones; Recording Secretary, Mrs. Bonnie Mooring; Treasurer, Mrs. Earl Fox; Secretary of Social Service and Local Activities, Mrs. Tom Anderson; Secretary of Student Work, Mrs. Nelson Seago; Secretary of Youth Work, Mrs. L. C. Myers, Secretary of Children Work, Mrs. George Johnson; Secretary of Status of Women, Mrs. J. B. McDarfel; Secretary of Supply Work, Mrs. J. E. White; Secretary of Literature and Publication, Mrs. John Gilleon.

The Society met again at the Church Monday July 3rd, from 3 to 4 p. m. for a business meeting; they will also meet each Monday at the same time. All ladies of the community are cordially invited to attend these meetings.

**PINK AND BLUE SHOWER**

A pink and blue shower was given Mrs. Walter Bible of Borger by Mrs. Roy Roberson and Mrs. Charlie Sullivan of Amarillo, the 23rd of June at the Goldston school house.

Games, punch and cookies were enjoyed and the lovely gifts admired by Mesdames V. Littlefield, Doss Finley, R. O. Reynolds, W. H. Gray, Dick Eichelberger, Sam Dale, W. H. McDonald, H. C. Reynolds, Mode Hatley, Bill Littlefield, Eddie Reynolds, Ernest Moore, H. C. Smith, C. F. Moss, Mrs. Davis; and Misses Nora, Edith, Geraldine and Patsy Jackson, Lucille Dale, Carolyn McDonald, Irene Moss and the honoree, Mrs. Walter Bible and the hostesses, Mrs. Roy Roberson and Mrs. Charlie Sullivan.

**ENTERTAINS WITH KITCHEN SHOWER**

Saturday evening, Mrs. Bob Moss entertained at her home with a kitchen shower honoring Patsy Blair, bride-elect of John Miller Morris. The guests, school friends of the bride-elect, were entertained with games of Bingo. Prizes consisted of kitchen gadgets and were given to those that "bingoed." Many lovely and useful gifts were received by the honoree. Lovely refreshments of strawberry shortcake and punch were served.

Those attending or sending gifts were Ann Hommel, Mary Edna Elmore, Inelle Cox, Ladelle Cox, Bobby Lowry, Shirley Brumley, Doris Wallace, Mae Morris, Jo Ann Swink, Mary Ann Landers, Fanchon Allred, Nell Bentley, Jo Ann Ritter, and Doris Smith.

Rose Anna Duckett of Plainview is spending this week with Bertha Mae Reid.

**NEW COMPACT DEPENDABLE DISTRIBUTOR for Farm Implements**

The picture shows ALL there is to the new WICO XB Distributor — no adapter bracket, no outside gear box, no outside coil. All these are built into the new WICO XB Distributor for farm equipment. Built specifically for farm use, this new distributor is made to tough magneto standards by the world's pioneer mass-producer of magnetos specifically for farm implements. Far easier to install than other flange-type distributors, and economical in both first cost and maintenance.

# MARINE AIR RESERVE MOBILIZATION \* 1950

41 U. S. MARINE AIR RESERVE SQUADRONS, based at 25 U. S. Naval Air Stations throughout the nation, are poised to make the two largest coast-to-coast mass air movements ever planned for American reserve air fighter units in peacetime. 21 Western squadrons will leave home stations (black arrows) simultaneously, July 8th, 1950, for maneuvers lasting to July 22nd at Cherry Point, N. C. 20 squadrons at bases east of the Mississippi (white arrows) will leave simultaneously August 5th, 1950, for maneuvers lasting to August 19th at El Toro (Santa Ana), California. Fast moving Marine mobile radar equipment will be set up in radar networks in the field to direct interception of "attacking" planes.

## FARM NEWS

From the County PMA Committee

### REPORT ON COTTON MEASUREMENT:

To date we have completed measuring around 200 farms, that have cotton planted on them. Considering the weather, the mistakes made, the fact that most of our reporters have never done this sort of work before, and several other stumbling blocks, we think we have done pretty good. We are trying to hurry because we realize how important this is to you to know how you stand. The cotton producers in Community H around Alanreed will be happy to know that we now have someone measuring cotton land in their particular community. Our Senior Field Officer has been spot checking the work of the reporters, and has found it very satisfactory.

### ODDS AND ENDS:

We have checked our Strip Cropping approvals at this time, and we thought you might be interested in knowing the results. Fourteen farmers in Donley County had approvals to strip crop. Of these fourteen Community D, which is north east of Clarendon, had six producers to strip crop. Community E, around Lelia Lake, and Community C, around Clarendon each had two producers to strip crop. Community B, around Martin, Community F, north of Hedley, Community G, around Hedley, and Community H, around Alanreed, had one producer each to do some strip cropping.

Since our budget has been rather low, we haven't had too many producers carrying out practices. However, John Tate has an approval for construction of a diversion terrace, and three producers in the county have controlled sage brush by spraying. They are Forrest Sawyer, Frank Hommel, and Jim McMurtry. Nelson Combest has an approval for controlling sagebrush by mechanical means. Don Tomlinson has his application in for elimination of mesquite and the construction of an earthen tank Jack Doherty and L. Roy Widener have their application in for wells for livestock watering purposes. W. R. Kelly, Simmons Powell, Dr. H. R. Beck, A. R. Childers, Hee Hoggard, C. E. Bairfield, and Hugo Riemer all have their applications in for Earthen Dams. Of course we don't know when we will be able to help them, because of our money situation, but we are hoping for an extra allocation.

Since last week's article we have added two new employees to our payroll. Lloyd Hunt is working out in the county measuring cotton, and Adell Fox is working in the office as a planimeter operator.

Mr. Ward Taylor, our district Field Officer, was in the office the first of the week. Mr. Taylor came to check the work of our field reporters and planimeter operators, and to help us with our office problems.

### WHEAT ALLOTMENTS:

We still haven't received the county wheat allotment for Donley County, but we expect it any day. As soon as we receive it, we will notify all those concerned, and compute the individual allotments as quickly as possible.

### LOAN RATE ON WHEAT:

If there is anyone in the county who made enough wheat to put it in the loan, we have the loan rate. The loan rate for Donley County is \$1.96. To date we haven't made a single wheat loan, and this time last year we had made around 100 loans. Perhaps next year our wheat producers will have better luck.

### 1949 ACP CHECKS:

Our checks for last year are beginning to come in pretty regular now. Just this last week we received notice that 100 additional checks had been sent out. This brings our total of checks to 494 checks sent to Donley County producers.

### 1950 COTTON ALLOTMENTS:

We have had several inquiries of the final number of acres of cotton Donley County got for 1950. We think it would be interesting for everyone in the county to know, so here it is: the final cotton acreage for Donley County for 1950 is 31,324 acres. This cotton acreage was allotted to some 797 farms in Donley County.

Rickey Kelly spent the weekend in Amarillo with his mother, Mrs. Dorothea Kelly.

Mr. and Mrs. Casey Moore and daughter Marilyn of Napa, Calif. visited Tuesday night with Mr. and Mrs. Bill Lane and sons.

## Texas Business At High Level

AUSTIN—The level of Texas business for the first four months of 1950 has been unusually stable at an extremely high level. Dr. John R. Stockton, director of the University of Texas Bureau of Business Research stated.

The Bureau's index of business activity, after adjustment for seasonal variation, averaged 201

per cent of the 1935-39 base period for the first four months of 1950. The April index was slightly below 202, slipping fractionally from the March level.

Five of the seven components of the index of business activity registered decreases from March. The largest decrease was in crude oil runs to stills, which reflected the effect of the refinery strike in Port Arthur. Urban building permits adjusted for price changes

## U. S. ARMY CAPTAIN BRINGS JAPANESE MUSIC TO AMERICA

CAPT. STEWART

When Captain Kermit G. Stewart, an infantry officer, returned from years of combat duty in the Southwest Pacific and the Orient he brought a briefcase full of contemporary Japanese piano music, and is playing it in non-professional recitals for the benefit of American audiences. Much of this music has never before been heard in America. Among the first to land in Japan in September 1945, Captain Stewart began the study of Japanese music

and the Japanese language. In his more than three years of duty in Japan he devoted his spare time to presenting programs of American music to Japanese audiences.

At the invitation of the president of the Ueno Academy of Music, Japan's outstanding conservatoire, he lectured to the faculty on American public school music methods. In the spring of 1947 he conducted the Toho Symphony Orchestra in a series of four Gershwin Memorial concerts at the Imperial Theater in Tokyo, thus becoming the first American to conduct a major Japanese symphonic organization since the war—and one of the few foreign conductors to conduct rehearsals in the Japanese language. He also participated in numerous joint recitals of American music with the well-known Japanese soprano, Miss Akiko Asakura.

One of Japan's foremost music critics, Mr. Takatoshi Kyogoku, recently wrote to Captain Stewart, "I believe your recitals including Japanese works have progressed cultural relations between Japan and America and have helped toward an understanding of Japan by the American people."

Captain Stewart, now on duty with the Office of Military History in Washington, served in New Guinea and the Philippines early in the war and earned the Silver and Bronze Stars for conduct under fire. Prior to the war he had been a public school supervisor of music in Nebraska (his native state), New York and New Jersey.

continued to boom, and the Bureau's index of the value of permits issued stood at more than seven times the level of 1935-39. Despite the high cost of building, it appears that people are going ahead with their plans to buy homes. There is a general feeling that since prices have failed to decline as expected, there is no good reason to continue waiting. Every indication points to 1950 as a record year for building in Texas.

## Workshops Enhance Wildlife Education

AUSTIN—The record number of 1950 summer school workshops on conservation education has produced a heavy response for teachers' literature, according to the Game, Fish and Oyster Commission.

Several score teachers attending the wildlife classes at various Texas higher education institutions have written to the Commission headquarters in Austin for literature.

This is primarily because of

the appearance at the summer schools of the Supervisor of wildlife Conservation Education for the Commission. He is spending most of his time now briefing the workshop classes in methods of teaching wildlife conservation in the various public school grades.

Extra momentum for the increased interest in conservation education recently was stimulated when Texas, through its Game, Fish and Oyster Commission, was cited nationally for its aggressive and thorough program.

Teachers writing to the Commission headquarters in Austin for the standard material are provided with a packet of data. Typical items in this assortment is a pamphlet with suggested procedures for teaching conservation of natural resources in the public schools, a description of a wildlife conservation unit using the Cardinal as an approach to the primary level, a brief chronology of wildlife in Texas, a list of conservation education literature, a two-act play "Mr. Farmer Learns a Lesson," a digest of the State Game and Fish Laws, a de-

scription of major Texas lakes, and individual pages describing animal and bird species and showing their range in color on maps of the state.

One direct result of the increased interest in wildlife conservation according to the Game, Fish and Oyster Commission, will be a surge of classroom emphasis when Texas youngsters return to school looking for new scholastic fields to conquer.

## Tidelands Weather Bureau

Oil well drillers operating on steel platforms a score of miles out in the Gulf of Mexico receive weather reports pinpointing conditions around their little "islands." Thanks to oil industry experiments, the new service saves lives, time and money by accurate, up-to-the-minute warnings of local squalls and storms. This oilman's weather bureau stresses wave heights and wind velocity, in contrast to government reports which emphasize rain and temperature changes.

If you had flea-power you could jump over a 90 story building.

## Through The Years

A memory that will stand the test of time - - through the years a warm and lasting memory of those passed on - - a fitting tribute of your love for them should be realized in a simple, beautiful funeral service.

The Buntin Burial Association provides complete protection at low cost for all ages.

**Murphy-Spicer Funeral Directors**  
Phone 160  
FUNERALS OF CHARACTER AND ECONOMY

declined 4 per cent; miscellaneous freight carloadings, 2 per cent; and retail sales after adjustment for price change and electric power consumption were down fractionally.

The level of consumer spending in Texas continued in April at a level much higher than the average of 1949 and higher than the peak reached in 1948. Sales of nondurable goods stores continued below the 1949 average and still farther below the average of 1948. Sales of durable goods stores, on the other hand, continued to exceed the level of

1949, although there was a 3 per cent decline between March and April. Sales of automotive dealers were farther above the pre-war level than any other type of retail store, with lumber, building material, and hardware stores a close second.

Industrial activity in Texas continued to operate during April at the high level of the first three months. Total employment in manufacturing industries were estimated at 331,300 in April as compared to 331,900 in March and an average of 331,100 in 1949. Building construction in Texas

**Junior Growers To Visit New Orleans For Annual Meeting**

COLLEGE STATION — Selection of New Orleans as the site for this year's convention of the National Junior Vegetable Growers Association was announced here today by John Hutchinson, Department of Horticulture, Texas A&M College. More than 500 of the nation's farm youths are expected to attend this sixteenth annual meeting, which is scheduled from December 10 through 14.

In making the announcement, Hutchinson reminded Texas farm youths that there is still time to enroll in the NJVGA's production-marketing contest and to compete for \$6,000 in agricultural scholarships and awards A&P Food Stores provides for this event each year. "Texas hopes to

have a large delegation at the convention, and any Lone Star State boy or girl who wants to attend should enroll in the NJVGA as soon as possible," he said.

The four-day meeting will climax a record-breaking year for the NJVGA's program, in which thousands of farm youths throughout the country are participating. An educational and entertaining program has been prepared for their New Orleans stay. Inspection trips into the famed tide-water farm lands of the Gulf of Mexico, visits to the city's many historic landmarks, a cruise up the Mississippi, and many other interesting features are included.

Highlight of the convention will be a formal banquet concluding the year's activities. Principal interest at this traditional banquet centers around naming of the national junior vegetable growing champion, four regional champions, 33 sec-

**GENERAL BRADLEY ON SUBMARINE**—The Chairman of the Joint Chiefs of Staff, General Omar N. Bradley (center), discusses underwater voyage with Admiral E. T. Woolridge (right) and Commander E. L. cash prizes to top national winners, are awarded by the W. Atlee Burpee Seed Company.

Youths interested in joining the NJVGA should contact local 4-H Club leaders, county agents, instructors in vocational agriculture, extension workers of the U.S.D.A. and youth leaders of National Grange chapters. All are cooperating with the association in enrolling members. Youths may also join by writing directly to Hutchinson.

**Allan Shivers Gets Views Of Texas Citizens**

Texas has a Governor who gets out and sees the people.

Gov. Allan Shivers has traveled approximately 14,465 miles in Texas during the last four months to be present at various community functions and to meet and talk with Texans.

"I know of no better way to find out what the people want and expect from their State Government than to talk with them—and especially to listen to

them," Shivers says. "It is important for any man representing the people in government to know what they stand for."

During the four months Governor Shivers made some 60 public appearances in Texas towns other than Austin. Most of his traveling—none of which was at State expense—was done by plane. This made it possible for him so to arrange his schedule that of the 104 days during the four-month period that he was in Texas, he spent at least part of 90 days at his office in Austin.

The figure of 14,465 miles does not include personal trips the Governor made to his homes in Mission or Woodville or travel inside Texas when he was on his way out of the State. The Governor made three out-of-state trips during the four months, one a vacation trip, one to attend a funeral and one to the National Governors' Conference in West Virginia.

Shivers, who succeeded to the Governorship a year ago, is a candidate in the July 22 Democratic primary for a term of his own as Governor. In his travels

over the State he has not made political speeches but instead has confined himself to discussions of various public problems and to giving the people reports on the State Government.

Two Austin fishermen were arrested in a wholesale fowling. The warden who handled the case said they were using an illegal net to seine illegal bait for apparent use on an illegal line.

The arrest was made in Lake Austin at the mouth of Bull Creek. The warden reported the men were using a seine twice the size of the 20-foot limit on minnow seines of quarter inch mesh, that their catch comprised bass and crappie protected by law and that the game fishes apparently were being used to bait a 48-hook trotline in waters having a two-hook limit. Court action is pending.

The real tragedy of a million acres of poorly stocked forest land in East Texas is to be found in the lives of the people whose source of living has been impaired.

tional champions, and more than 150 state winners in the production-marketing contest. Commenting on this contest, Hutchinson pointed out that it is essentially an educational program which helps spread knowledge of latest scientific agricultural developments. "Any farm

youth taking part in the NJVGA's activities should certainly benefit from becoming familiar with these new methods," he said. Another highspot will be the national demonstration contest finals. Competing will be winners of state contests, whose expenses to the convention, plus

From where I sit... by Joe Marsh

**There it Was—Right in The Middle!**

Easy Roberts mowed his lawn early last Saturday. Then he sat on the porch, and watched Handy Peterson cutting his grass.

The Roberts' property and the Peterson's border each other—with no hedge or fence between them. So, when Easy notices Handy had left about a four-foot strip unmowed along the boundary, he walks over and asks why.

"That's your land," says Handy. "Mine ends here. See, it lines up with that oak tree across the road!" Easy didn't think so, so they went up and down looking for

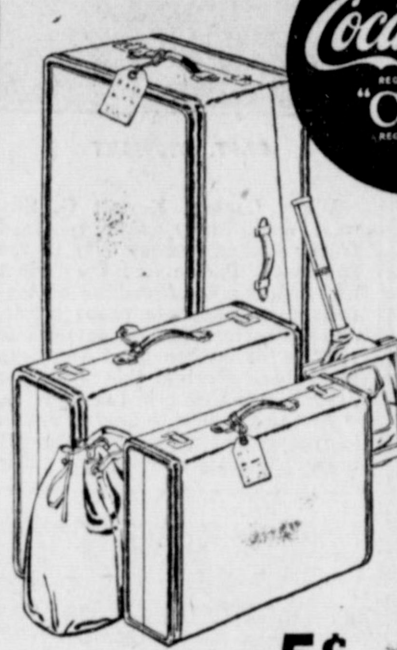

the surveyor's marker. Where did they find it? Right in the middle of their "no man's land!"

Well, they both grin and take turns finishing the job and then retreat to Easy's for a friendly glass of beer together. From where I sit, a little searching around for the truth of the matter often shows that the other fellow is as much right as you are—at which point the whole thing doesn't seem as important anyway.

**Business Employers Asked To Help Strengthen Defense**

AUSTIN—Business and industrial employers of Texas are being urged to allow employees who are members of civilian components of the Army short leaves of absence for summer training according to information released today by Colonel Oscar B. Ab-

bott, Chief of Texas Military District.

"Last June I appealed to the employers of Texas," Colonel Abbott pointed out, "to assist in the building of our team for national defense by adopting liberal policies relative to granting leaves of absence to employee members of the various civilian components of the Army. I heartily commend the many of them who cooperated so willingly and

made possible the success of summer training plans.

"Again this year I urge that all employers take favorable action on requests of their employees for military leaves of absence in order to increase the strength of our national defense and the security of our country," Colonel Abbott added.

"This year it is even more important," Colonel Abbott said, "That we place maximum em-

phasis on the training of our reserve and national guard units to augment our regular forces in the event of national emergency.

"While it is an economy to train reservists on a part-time basis, instead of as regulars on a full-time basis, yet such training must attain prescribed standards, and these volunteers must be maintained in constant readiness to accept their responsibilities. It is also their right to be able to be adequately prepared when they are called.

"As members of local reserve and national guard activities, many of the employees of business and industry have been diligently devoting their spare time to various training programs, with and without pay. But in order to achieve maximum effectiveness of such programs, short annual periods of active

training duty in contact with the regular forces are very necessary.

"It is sincerely hoped that business and industrial employers, as well as the municipal and other local governmental agencies, will make it possible for these men and women to participate in the regular annual periods of training duty for reserve and national guard units by granting necessary military leaves of absence this summer."

**Transportation Miracle!**

Scientific distribution methods developed by the oil industry make it possible to move a gallon of oil (which weighs about seven pounds) from Texas to Boston cheaper than a postal card can be mailed the same distance.

Bamboo is a grass which grows to a height of 50 or 60 feet.

**Commission Faces Heavy July Agenda**

AUSTIN—Vital phases of the fall hunting season will occupy the attention of the Game, Fish and Oyster Commission at its July meeting in Austin this Friday.

Subjects to be considered include:

Setting up a season on antelope in West Texas;

Prescribing hunting and fishing regulations in the new regulatory area in the Panhandle;

Establishing boat quotas and license fees for the Gulf Coast fishing industry;

Setting seasons and dates for mule deer and quail in the regulatory area West of the Pecos.

Dates and other provisions of the general big game season in the remainder of the state are set by law.

The dove and migratory waterfowl season dates, shooting hours and bag limits are set jointly by Federal authorities and the state.

The Commission, at its last meeting, adopted a resolution recommending that the Federal authorities place Texas in two zones for the coming waterfowl season. Under this plan, the Panhandle region which is framed by Oklahoma and New Mexico would have an earlier season in keeping with the surrounding area in the

adjacent states.

The Commission recommended as a companion plan that the state at large have a straight shooting season for migratory waterfowl beginning not earlier than November 10, instead of the split season authorized last year. The Commission also recommended a limit of eight ducks per day and eight in possession. They were four and eight in 1949.

Lake Whitney, on the Brazos River about 38 miles northwest of Waco, has received its first stock of fish. The dam is not complete but the water has backed up in the river channel about ten miles and is about twenty feet deep at the dam. Fifty thousand black crappie from the Dallas state fish hatchery comprised the first planting. More crappie plus black bass and channel cat will be released later.

Maintenance of timber stands must depend mainly upon natural reproduction. Reforestation of the poorly stocked and denuded forest land in the South would require a hundred years at the present rate of planting.

**for Mileage You'll Brag About!**

There'll be a smile in every mile... when you OIL-PLATE your engine with new Conoco Super Motor Oil!

Proved by 50,000-Mile Road Test! In a 50,000-mile road test, engines lubricated with Conoco Super Motor Oil showed an amazing economy of operation. Average gasoline mileage for the last 5,000 miles of the test-run was actually 99.77% as good as for the first 5,000. This means that new Conoco Super Motor Oil — with proper crankcase drains and regular care — can keep new-car gasoline mileage... new-car power and performance... year after year!

Come in and let me tell you about "50,000 miles no wear!"

**OLDSMOBILE ROCKETS TO VICTORY IN GRUELING MEXICAN ENDURANCE RUN!**

STOCK CAR OUTPERFORMS 131 OTHER CARS IN 2178-MILE PAN-AMERICAN ROAD TEST!

The "Rocket 88" proves it's really great! Oldsmobile's spectacular action star sweeps first place honors in one of the longest, most hazardous durability tests on record—2,178 miles over the new Pan-American Highway! Here's undisputed evidence—unmistakable proof—of the peak performance and remarkable endurance built into the "Rocket" Oldsmobile. Try the thrilling "Rocket" ride yourself—make your date with a "Rocket 8" today!

Hershel McGriff, Portland, Oregon, flashes a winning smile after piloting his "88" to victory! 132 American and foreign cars entered, but only 53 finished the rugged run. And three of the first ten and six of the first twenty were Oldsmobiles!

REGULATORY SIGNS  
WARNING SIGNS  
GUIDE SIGNS  
SKETCH G  
DO YOU KNOW YOUR  
HIGHWAY TRAFFIC SIGNS?

The shape and color of a highway sign should have meaning for you, Mr. and Mrs. Motorist, even though there is no message or symbol on it. You have only a split second at high speeds to read a written message or grasp the meaning of a symbol on a traffic sign. If you fail, you may be courting disaster. Is it not logical then that meaning should be assigned to shapes and colors of a sign as added assurance of your glance recognition? Wouldn't knowledge of both be added in-

urance for your safety? From the shape and color of the sign, it is possible for you to tell whether it is a REGULATORY sign intended to inform you of a law or regulation enacted to promote safety and convenience upon the streets and highways, whether it is a WARNING sign erected to tell you of a hazardous condition either on or beside the road, or whether it is a GUIDE or DIRECTIONAL sign to lead you to your destination. This is the third in a series of our articles designed to make Mr. and Mrs. Average Driver more familiar with traffic control signs, which when properly understood and obeyed, make our highways a safer place to be. This is the story of the GUIDE sign. Although GUIDE signs are not as important to the motorist from the standpoint of safety as the REGULATORY and WARNING signs, they are certainly invaluable in guiding him to his destination on roads he has never traveled before. They also serve other functions for the motorist such as: (1) informing him of intersecting routes; (2) identifying rivers, streams, parks, forests, and historical sites; and (3) giving him such information as will help him along his way in the most simple, direct method possible. GUIDE signs are divided into three major groups: (1) Route

Markers, (2) Destination and Distance signs, and (3) Information signs. All three groups have black letters and borders on a white background, and they are always reflectorized to improve their visibility at night. Route Markers are either U. S. or State. U. S. Route Markers are used only on the U. S. numbered highway system or the approaches thereto, and they can be identified easily by their shield shape. State Route Markers are used only on State numbered routes and their approaches. There are instances in which a State route follows a U. S. Route, and State Route Markers are mounted on the same post under the U. S. Route Marker. Each State picks the shape of its own State Route Markers, and Texas has selected the square shaped marked for the reason that it gives the greatest space for large numbers and letters. Route Markers are erected: (1) in advance of intersections where the marked route is intersected or joined by another marked route, (2) as confirmation markers just beyond any intersection where there is any possibility that the motorist might lose his route, and (3) as reassurance markers at intervals of two miles in rural areas and at whatever intervals are necessary to properly guide the motorist in urban areas. In rural areas the Route Junction Marker is usually erected 300 to 500 feet in advance of the intersection, while in urban areas the Route Junction Marker

is erected midway of the block preceding the intersection. Destination signs carry the name of a city, town, or other objective and a directional arrow. It is usually located at the intersection to which it applies. Distance signs are located a short distance outside each city or town, and they show the distance to the center of the business district of the next town and the next county seat or town over 2,500 population. Where the next town is the county seat, the distance to the following county seat or important town on the route is shown on the lower line. When the name of a town is once placed on a Destination sign, it appears on all subsequent Destination signs until the town is reached.

Information signs show such things as the names of rivers, state lines, parks, city limits, and other things of interest to the motorist. These signs are usually located at the point to which the sign message applies. Remember that U. S. Route Markers are always the shape of a shield; Texas Route Markers are square; and Destination, Distance, and Information signs are rectangles with the long dimension horizontal. The standard colors for all these GUIDE signs are black letters and borders on a white background. Why throw money away? Make the woodlands produce annual timber crops.

**Cash Prizes Offered At 14th Annual XIT Reunion Parade**

DALHART — Cash prizes of \$895.00 are already offered in the 14th Annual XIT Reunion parade Friday, July 28, at 11 a. m. The parade will open the two-day reunion, except for the Thursday night prefatory memorial service, honoring all pioneers.

The top high school band will get \$100. Second and third prizes are \$65 and \$35. Prizes are also offered in six float divisions—commercial, civic social and miscellaneous, Home Demonstration clubs, 4-H Clubs, Boy Scouts, Girl Scouts. Other prizes will go to the best dressed girl and boy riders under 15; amateur clowns; the men and women best dressed in western clothes, and riding the best outfitted horses.

**SAVE FEED HOW?**

Lockers permit you to have that Poultry, Calf, or Pig killed when it is fed to the peak of perfection. You needn't continue to feed it up to the time of "butchering weather".

First of the Fine Cars in Value

**This one Telescopes your Timetable**

Of course you recognize it. Who doesn't know that those four Ventiports, that graceful sweep of fender-chrome, mark ROADMASTER—best of all the Buicks, unquestioned "big buy" of the fine-car field? But have you tried it? Have you matched this sweet-stepping bonny against the tall hills, and the call of the straight-away? Ever toiled it across town—and seen how Dynaflo's quick surge and smooth take-off slip you through traffic with minimum of foot-motion and maximum of timesaving? Ever known the good feel of a light and easy wheel, swinging almost at a finger's touch—the soul-satisfying lift in a big 152-hp Fireball engine just waiting for the release your toe-pressure gives it? There's no reason, really, to wait longer for such satisfying experience. There's a Buick dealer near you. He delights in showing off ROADMASTER. He'll arrange—unless all his demonstration cars have been snatched away from him by eager buyers—to put you behind a ROADMASTER wheel. Why not see him now—to find out what's finest in today's fine cars, and how little it takes to buy one?

Only BUICK has **Dynaflo\*** and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steady-ing torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

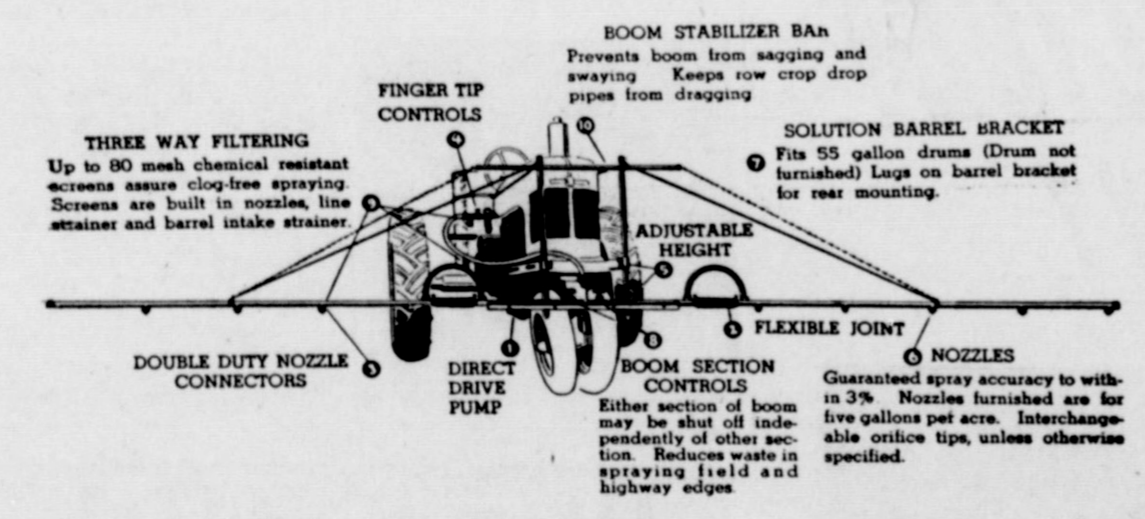

\*Standard on ROADMASTER, optional on other Buick models.

**FOUR-WAY FOREFRONT**

This rugged front and (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

BUICK SALES & SERVICE

The new, improved "GO" Spray System Model 50 is the answer to every farmer's spraying problem. It's versatile... it's efficient... it's economical... It meets all requirements in controlling weeds and insect pests.

The "GO" Spray System is delivered complete, (less barrel) ready to mount on any tractor, front and rear mounts both included. Initial installation requires less than 45 minutes... one man can do it! One man can operate it, as all controls are within driver's reach. When tractor is needed for other jobs, or when storing the sprayer unit, there is no need in spending valuable time in dismantling the sprayer. When boom is mounted on solution barrel brackets, the entire unit can be removed (or re-installed) in a matter of a few minutes by simply removing hose, pump and three connecting pins holding the solution barrel bracket.

All parts through which the liquids pass are chemical resistant. The boom is very durable, yet light in weight, and is constructed of 1/2-inch aluminum pipe. All brackets are made of heavy duty steel.

The "GO" Spray System is not just a "one-job" sprayer... it has many year 'round uses on the farm. Besides weed control, it is unsurpassed for control of grasshoppers and corn borer. When used with a "GO" Hand Sprayer, it is an efficient system for spraying livestock, fruit trees, etc. The pumping unit, a Tuffill needle bearing, gear type pump, requires no lubrication, direct drive, no belts or pulleys and is guaranteed. May also be used for fire protection, filling tires with solution, or washing barn, dairy and garage floors.

The "GO" Spray System is the result of four years of field experimenting and has led sales in the Rio Grande Valley continually since its introduction. The six row, thirteen nozzle, spray system is now available to you, direct from the manufacturer at \$130.00 F.O.B. Pharr, Texas, and the eight row machine at \$150.00 F.O.B. Pharr, Texas.

Note: When ordering, please specify make and model number of tractor and the row width desired, so that proper attachments may be furnished.
