Old Settlers Picnic At Tate Grove Near Hedley Friday, August 5th

Old-timers of Donley County and former residents from near and far will gather at Tate Grove, 7 miles northeast of Hedley, Friday, August 5th (Tomorrow) for the Annual Donley County Old-Settlers reunion. This is an event that is looked upon as the main attraction of the entire year by many pioneer residents. It gives them an opportunity to meet and visit with each other another time, and reminisce the good old days that have passed into history. Everyone who wants to enjoy a day of real enjoyment is invited to attend and take part in the festivities. All you need to do is bring a well-filled picnic basket and be there by 10 a. m. if you want in on the entire program.

County Agent H. M. (Flip) Breedlove, will be master of ceremonies and "Cotton John" Smith, Farm Editor for KGNC-TV, will be the main speaker for the occasion. Mrs. Wayne Latimer, secretary of the association, reports that a well-rounded program has been arranged for a full day of entertainment.

If you have never attended an Old Settler Picnic, it will open your eyes to see the spread of food at the noon hour, about everything edible you can think of, and the warmth of friendship that will prevail among all those attending.

Old Age Assistance Payments Higher In September

Old people in Texas heaved a sigh of relief Thursday as Attorney General John Ben Shepperd ruled that they will begin receiving increased old age assistance benefits in September.

The bill passed by the Legislature provided for the additional \$7 million dollars in assistance to begin in September. But because the bill was passed by a voice vote, it ran into a constitutional snag providing that such bills cannot go into effect until 90 days after the session ends which would be September 6th.

The delay in the effective date raised a question as to whether the additional funds could be made available before October 1. Shepperd ruled that the increased allocations for September could be made September 6. This permits payment of the increase for that month.

This opinion was requested by the State Department of Public Welfare.

Ten Identify Mystery Farm No. 13

Our number of guessers dropped down a bit last week with only ten correctly identifying the Leader Mystery Farm of the Air No. 13. Mrs. Jennie Aten drew out for the free subscription; Mrs. A. F. Sprinkles drew out for the two free movie tickets to the Mulkey Theatre; Mrs. E. P. Hahn, Evelyn Mann and Kenneth Koen each drew out for one free movie ticket.

Others correctly identifying the Mystery farm were Mrs. Carl Barker, Mrs. H. A. Harrison Jr., Mrs. W. F. Barker, W. W. Taylor and Ronnie Noble.

Jaycees To Sell Brooms Friday Night

If you hear a rap on your door Friday night, in all probability it will be a member of the local Jaycees, giving you an opportunity to buy a broom.

The Jaycees will be selling these brooms over town Friday night to raise money for the construction of the playground at the North Ward school. Leveling operations for the playground were started this week. You can receive a good usable article and be helping a good cause at the same time when you purchase one of these brooms, the Jaycees stated.

Dusters To Play Pampa Here Sunday

The Dusters will play their last game of the regular Caprock League schedule here next Sunday afternoon against the Jr. Oilers from Pampa. This could possibly be a crucial game for the Dusters as it may be the deciding factor whether the Dusters will be in the Caprock League play-off. No word has been received here regarding the outcome of the Wheeler-Pampa game last Sunday. If Wheeler won, the Dusters are already in; if Pampa won, then this game would decide whether Clarendon or Pampa would make the number four team.

At any rate, be out at Duster Park Sunday afternoon at 3 o'clock and give them your support as the Jr. Oilers are a tough bunch to beat. The Dusters are the 1954 defending champions of the Caprock League and certainly are looking forward to the opportunity of playing for that honor again in this year.

GI Loans Require 2% Down Payment

Veterans purchasing homes with the aid of GI loans will be required to make a down payment of at least two percent, and the maximum time for repayment of loans will be set at 25 years, Robert W. Sisson, manager, of the VA regional office, Lubbock, Texas announced.

Similarly moderate credit requirements are being placed in effect by the Federal Housing Administration for homes purchased with FHA insured mortgages.

Since April 23, 1953 the VA has had no mandatory down payment requirement and the mortgage repayment period could run as high as 30 years.

Dusters Defeat Groom 9-5

The Dusters moved back on the winning side of the ledger last Sunday afternoon by polishing off the team from Groom 9-5 at Duster Park.

The Dusters scored five runs in the second inning and were never behind the remainder of the game. They added two more in the 4th and two in the seventh. Fate Breedlove was on the mound for the Dusters the first seven innings, being relieved by Weldon Talley. Ritter was on the mound for Groom.

Local Schools To Open August 29th

It was announced by school officials this week that registration would begin in the Clarendon Public Schools on Monday, August 29th in order to straighten out any complications arising in schedules, especially in the high school, prior to Jr. College registration which will start one week later on Monday, Sept. 5th.

OUT OF TOWN RELATIVES ATTENDING ADAMS FUNERAL

Out of town relatives attending funeral services here last Wednesday afternoon for Gordon Adams were: C. R. Adams and son of Weatherford, Mr. and Mrs. E. H. Meek and daughters of Dallas, Mr. and Mrs. W. G. Adams and sons of Lorenzo, Mr. and Mrs. Billy Bob Adams and daughter of Canyon, an aunt, Mrs. N. B. Curtis of Estelline, Mrs. E. R. Orcutt and daughter, Mrs. J. H. Wright, Mr. and Mrs. Weldon Couch and daughter, all of Estelline, Mr. and Mrs. H. R. Curtis of Hart, Mr. and Mrs. J. O. Davidson and Mrs. Pete Howard of Quitaque and Mr. and Mrs. F. H. Curtis and daughter of Vernon.

Donley Fair Dates Set For Sept. 16-17

The dates for the Donley County Fair were set by the board of directors of the fair for September 16th and 17th, just preceding the Amarillo fair which will be held on September 19th through the 24th. H. M. Breedlove, secretary and manager of the fair called the board together in a meeting on the first of August.

The departments of the fair this year will consist of community agriculture exhibits, Home Economics Department, Boys Swine show, Poultry show, Flower show, Sheep show, home-made cake department, Horse show and the merchants and machinery department. All committees will be appointed at a later date for the different departments.

Breedlove stated that groups who want to start to work now on their exhibits can follow last year's catalog until the next catalogs are published. The work on the new catalog for the 1955 county fair is expected to start in the next two weeks. The catalog committee will consist of John Gilliam, Jack Ballew, Bobby Lee, Doyle Messer and H. M. Breedlove.

The Board appointed a barn committee to handle the use of the barn, composed of Jack Ballew, Homer Estlack and J. R. Brandon.

The fair will be held in the new fair building located on the rodeo grounds in Clarendon. The fair will open the morning of the sixteenth at eight o'clock and close on the evening of the 17th at 9:00.

Everyone is urged to start work on their exhibits, and for information can contact any member of the board. The new 1955 catalog is expected to be published not later than the first of September.

Legion Dance Friday Night

The dance scheduled for Saturday night sponsored by the local Legion Post, has been moved up one night to Friday night due to other commitments by the band. Music will be furnished by Emmett Allen and his Sunset Ramblers featuring Don Allen on the steel guitar and vocal renditions. Don has just returned home from the service where he recently completed a tour of entertaining troops overseas. Admission to the dance is \$1.00 per person.

City Voters To Decide Adair Hospital Issue Sat., Aug. 6

Will We Have a City-County Hospital?

(An Editorial)

Will we have a City-County hospital? This is the question which will be answered by the outcome of the City hospital tax election Saturday.

We understand that if this tax issue does not carry, the Adair Hospital board will turn the hospital properties back to the Adair Estate.

There are questions regarding the hospital that can not be answered until the hospital is opened again and operated over a period of time. The fact remains that we do not have a general hospital in the county but should have, and one should have been in operation all along.

A bond issue in Gray county carried in an election last Saturday which will give McLean a hospital and a bonded indebtedness. Our election here involves much less and will cost tax payers only a small amount in comparison with places building new hospitals outright.

After sizing up the entire situation, we believe the voters of Clarendon should take a progressive attitude and vote in favor of this tax issue so that our hospital may be re-opened again. If the hospital does not work out favorably in the eyes of the majority, we can call for another election to remove the tax. It's worth a try and we certainly can't expect to go forward without putting forth a little bit of effort.

If we had had a hospital here all the time, some lives might have been saved. We never know what may happen to us individually - - - and having a well equipped hospital in operation can give us all more security and peace of mind.

July Moisture Total Over Three Inches

The nice rain received here last Wednesday, July 17th in the amount of .91 inch brought our monthly total for July to 3.08 inches. This moisture gave crops another shot in the arm and everything is growing by leaps and bounds. Weather forecasts call for more showers the last of this week, so maybe this will be the crop year we have been waiting to see.

Tommy Saye's weather observing the past week revealed quite a variation in the temperature with a cool high of 77 on the 27th and a low of 63 that night. The hottest day was Sunday with a reading of 96 degrees and the hottest low was 67 Sunday night.

Rites Held Monday For Linda Hester

Funeral services for Linda Diane Hester, infant daughter of Mr. and Mrs. John Hester of Amarillo and formerly of Clarendon, were held Monday afternoon in the Murphy Funeral Chapel with Rev. Ernest Phillips officiating.

Linda Diane was born July 12th and died at 4 p. m. Sunday in an Amarillo hospital.

Survivors include the parents; one brother, Steven Ronald Hester; and the grandparents, Mr. and Mrs. Jean Hester, Clarendon, and Mr. and Mrs. L. T. Banks, Groom.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

MYSTERY FARM NO. 14—Can you identify this farm home? If you think you can and get your guess in to the Leader office by Monday morning you may win a free subscription or free movie ticket. Names of those correctly identifying the Leader Mystery Farm are placed in a box. The first name drawn wins a free subscription for one year to the Leader; the second will receive a movie pass to the Mulkey Theatre good for two people; the next three names will receive a movie ticket for one. Only one subscription will be given per family but you may guess each week and be eligible for the movie tickets. Everyone has an equal chance this way. You do not have to buy anything or be obligated in any manner to participate. Call or come by the Leader office only with your guess any time during office hours.

Qualified voters of Clarendon will have an opportunity to go to the polls Saturday and cast their vote pro or con for the 10 cent tax levy for the operation of a City-County hospital. Much interest is being taken in the election as the voting date nears and a large turnout of voters is expected to cast their ballot. A total of six absentee ballots had been cast up to Wednesday morning. The voting place is the City Hall and voting hours will be from 8 a. m. to 7 p. m. Election judges will be Curtis Mears, Mrs. A. T. Cole and Mrs. Ruth Kennedy.

The important thing regardless of how you stand on the issue, is to go vote if you are a qualified city voter.

We received a couple of letters this week in regard to the hospital question and are publishing both in their entirety below.

We are happy to publish the following letter received from Mr. Al Dever which has reference to his first letter published in the Leader two weeks ago.

Editor
Donley County Leader
Dear Sir:

I know you are running a newspaper and not a correspondence club, but if you can spare me the space and patience, I would like to correct two errors that have stemmed out of the questions I asked. I shall try to be brief.

1st. Some have seemed to gain the impression that I was boasting for Osteopathic doctors and have commented to me about it. Some favorably, some unfavorably. Some thought that I was induced to ask the questions by an O. D. I sought to ask the question from the prospective hospital users viewpoint. I wish that they would read the question again. Unless mental telepathy entered in, an O. D. could not have induced me to ask the questions. I have not talked to one in months. The last medication that I received was from Dr. Humphrey.

2nd. Some do not think that I had enough education to be the author. They suspect that a group of citizens wrote the letter and that I signed my name to it. Please do not suspect anyone. No one approached me with such a proposition. I know of no mysterious sect of "Aginers." I do not brag on my education, nor do I apologize for it. I received a high school education in the local schools several years ago. Since then I have continued to read quite a bit, principally the Bible and the local and daily papers.

Although many terms and words of the Bible are archaic or obsolete, its translators certainly knew their English Language. I derive much good from the Donley County Leader. In it is a refresher course in "English as she is writ"; Active English. I get 52 lessons for \$2.50 plus its news value. Could I ask for more?

There are between 650,000 and 700,000 words in the English language. It seems to me that any person should be able to pick out enough of the very simple ones to ask a few questions.

Questions were invited. I wrote off and sent in a few. The answer was received. That's that so far as I am concerned.

Thank you,
Al Dever.

The Donley County Leader,
The Adair Hospital Board,
Clarendon, Texas.

Gentlemen:
Have read with interest discussions regarding the re-opening of Adair Hospital, which will soon be voted on by the taxpayers of Clarendon.

This Hospital, as stated, was built and endowed by the late Mrs. Adair, and later given to the

people for their use and benefit. For many years I saw this Hospital operate successfully. My family has used it on various occasions, as have many others in this vicinity. We received first class service. We received better attention and care than I have received in Hospitals in large cities.

I believe that it would be difficult to find a county seat town in Texas, especially as old and well supported as is Clarendon and Donley County, without a Hospital. It appears to me that the people of Donley County are, and have shown very little progressiveness in allowing this valuable opportunity to lay idle, while we, the ill, must trudge off to Memphis or Amarillo, generally, for Hospitalization.

Just why must other towns, some no larger than Clarendon, maintain Hospitals for us? If other towns can have Hospitals, why not Clarendon? I just cannot understand it, and have been wondering over this problem for many years. If some one were to tell you that Clarendon is not progressive, not able to do what other towns do, you would resent it. Well, that is exactly what this looks like to me, when we fail to avail ourselves of this wonderful opportunity of operating Adair Hospital, a gift to the people of Donley County and vicinity.

I know nothing about the operation of a Hospital. I know nothing about "open" staff, only I just know what it means. I know nothing about the cost of operation, but I do know other towns operate them, and the taxpayers in those towns seem to be about as well off, financially as we are.

It appears to me that we should vote for the re-opening of this Hospital. I am sure that the Board in control will know what to do and will do the right thing by all concerned. Let's put Donley County on record as being progressive enough to vote for a Hospital, and then see that it is operated for the good of all the people. It will save lots of money for this town and county. It will save a lot of inconveniences. It will be something that we will be proud of. I predict an overwhelming vote for this asset to Clarendon, Donley County and the entire Panhandle.

Very truly yours,
J. A. Warren

Revival Meeting At Calvary Baptist Church

A Revival Meeting will begin Friday evening, August 5th at 8:00 o'clock at the Calvary Baptist Church. Rev. J. C. Koen of Lubbock, Texas will do the preaching. Bro. Koen is one of the best Bible students and preachers that you will get a chance to hear.

Every one is invited to attend these services which will be at 10:30 A. M. and 8:00 P. M.

The Calvary Church has out the Welcome Mat for each and all.

Annual Homecoming Of Goodnight Baptist August 7th

The Annual Homecoming of the Goodnight Baptist Church will be held Sunday, August 7th at the Goodnight church. This includes all former members of the church and ex-students of the old Goodnight Baptist College, and all are urged to attend. A basket lunch will be spread.

The church will be in charge of the morning program and former college students will be in charge of the afternoon program.

Carol Evans is visiting this week with her grandmother

Whitfield at Plaska.

Mr. and Mrs. Fred Mulkey of Hart spent Sunday in the H. S. Mahaffey home.

Mr. and Mrs. J. T. Hill and girls and Mr. and Mrs. J. F. Hill spent Sunday with Mr. and Mrs. J. Hill.

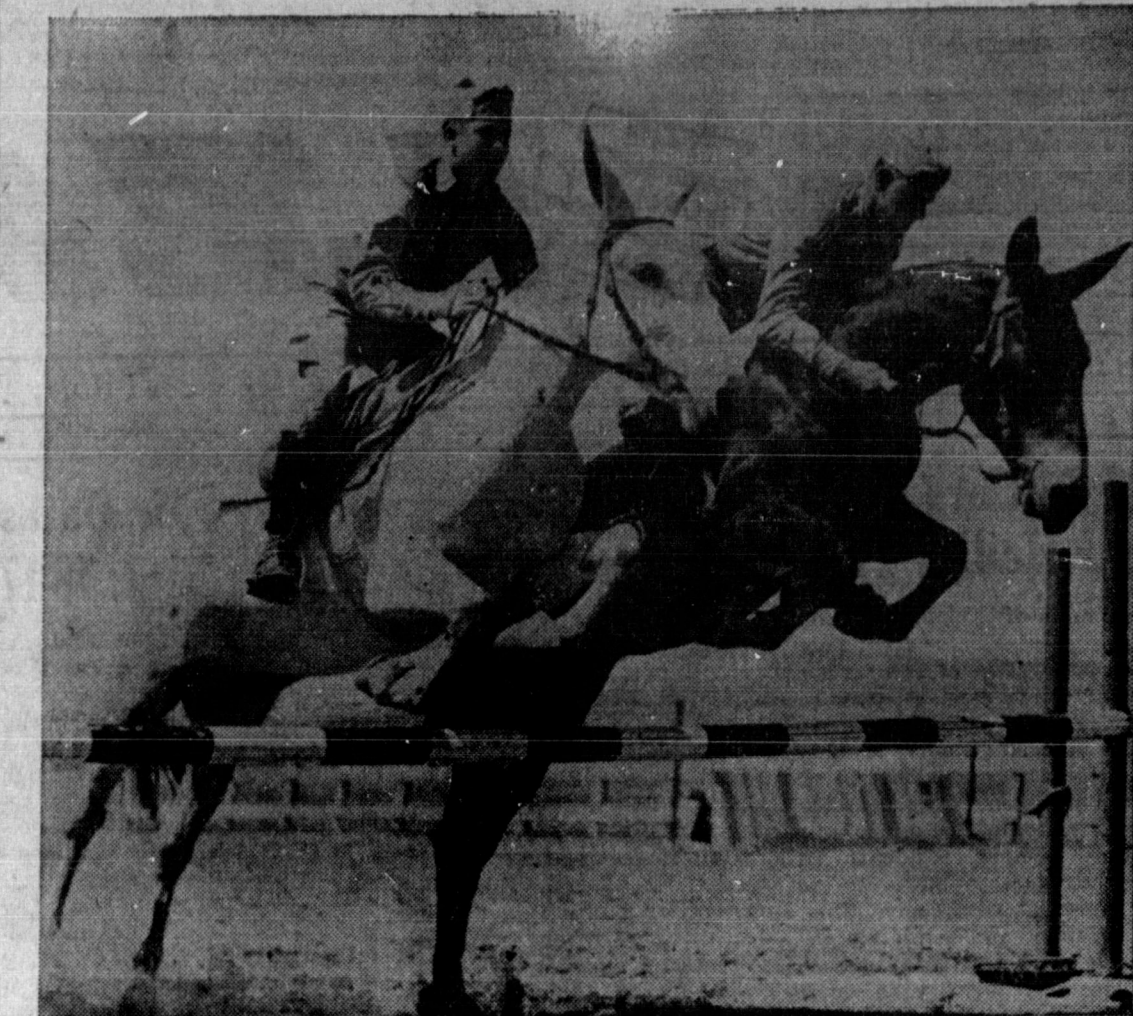

Mr. and Mrs. George Spier and children of Tyler spent Friday night with Mr. and Mrs. J. T. Hill. Mr. and Mrs. Ira Thornton of Phoenix came Monday for a visit with the Grahams.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

It is time for farmers to take stock of their winter cover crop needs and to start planning to meet those needs.

Practically all clean tilled land in the Donley District is subject to blowing in the spring if it does not have a cover on it. In the case of feed land, that cover can consist of stubble and the soil protected by proper crop residue management. But how about that cotton land — especially in the sandier sections of the District? What can you do to stop it from moving out next spring, if, like this spring, it is too dry to plow. One thing certain, we are going to get the conditions to make it blow if the soil isn't properly protected.

Most farmers in the Donley Soil Conservation District will agree that this past fall and spring were on the dry side, and yet a rye cover crop did a good job of holding the soil on a number of places where it was planted early enough to get some growth before the blow season. Of course it would have done a better job had more moisture been available.

LAST FLING—The Army's famed "Hambone," left, a mule who has taken many blue ribbons in the Jumper class at horse shows, has been retired from the hurdles by the veterinarians at Fort Carson, Colo. Here, ridden by Lieutenant Daniel R. Fritchard, Jr., Denver, Colo., she sets pace for "Mitzie," Chief Warrant Officer John C. McKinney, Spindale, N.C., riding. Both mules are Army pack animals.

One example of how rye can help hold the soil was seen on the G. D. Hillis farm northeast of Clarendon. Mr. Hillis drilled a rye cover crop with the District row seeder in his cotton middle in September of 1954. In driving by during one dust storm last spring, it was noted that the rye was not only doing a good job of holding the soil it was growing

on, but was also catching soil blowing from near-by unprotected areas.

The Donley ASC office is offering financial assistance for both a rye cover crop and a legume—or legume, small grain mixture — cover crop this fall. The local SCS office, assisting the Donley District, will give any technical assistance available

in helping to get a cover on the ground to protect our soil. The District also has for rent two, three-row seeders which were purchased for the purpose of drilling a cover crop in cotton before it opens without damaging the cotton.

ternoon with Mrs. Holly Wood. Mr. and Mrs. Bill De Pauw and children of Quail spent Sunday afternoon at Coleman Shields.

NOTICE

BUDGET HEARING CLARENDON SCHOOLS

At a special called meeting of the Board of Trustees of the Clarendon Consolidated Independent School District, held on the 27th day of July, 1955, the following order was passed:

"Be it ordained by the Board of Trustees of the Clarendon Consolidated Independent School District that: A budget hearing be held at the office of the Board, Chamberlain Ins. Building, Clarendon, Texas, Donley County, at Eight O'clock P. M. on the Second Thursday in August, same date being the 11th day of August, 1955, for the purpose of preparing and discussing the budget for the Clarendon Consolidated Independent School District for the 1955-56 school year."

THE PUBLIC IS INVITED AND URGED TO ATTEND SAID BUDGET HEARING ON THE ABOVE DATE.

A copy of this order, signed by the President and Secretary of the Board, shall serve as proper notice of said Budget Hearing in accordance with the law.

IN TESTIMONY WHEREOF, witness the signatures of the President and Secretary of the Board of Trustees of the Clarendon Consolidated Independent School District and the seal thereof hereunto affixed, this, the 29th day of July, 1955.

BLANCHE GROVES CIRCLE

The Blanche Groves Circle of WMU met with Mrs. Grover Heath July 27th. Mrs. Heath, chairman, opened the meeting with a devotional reading, Psalm 119; then prayer by Mrs. Vinson. Mrs. Robert Davis taught a very interesting lesson from the book, "Behind the Barbed Wire Fence in Korea." She was assisted by Mona Churchman.

We were dismissed in prayer by Inez Skinner.
There were 6 present.
Our next meeting will be with Mrs. R. C. Bingham, Aug. 10th.
—Reporter.

PRESBYTERIAN WOMEN OF THE CHURCH

Women of the Presbyterian Church met Wednesday afternoon, July 27, in the home of Mrs. D. F. Wadsworth. Mrs. Bill Montgomery was co-hostess.

In the absence of the president, Mrs. Ed Dishman, vice-president, presided over the short business session. Program leader for the afternoon was Mrs. Thad Rodgers. Eleven members were present.
—Reporter.

AN APPRECIATION

We wish to express our sincerest appreciation to our many friends who remembered us with cards, telegrams, flowers, visits, calls, and prayers during Joel's critical illness. They were very instrumental in sustaining our faith and aiding his recovery.
Mr. and Mrs. Wm. S. Greene and Judy.

Ellie's GOOD! BETTER! BEST! **CHILE**

KIL KARE KNEEDLE KLUB

Mrs. Harry Brumley entertained the Kil Kare Klub Thursday afternoon, July 28 in her home. A very pleasant afternoon was spent visiting and sewing.

A penalty was required of those not bringing needle work by describing in glowing terms all the good qualities of their neighbors, those present to guess "who." Refreshments were served from a white damask covered dining table centered with a large bouquet of "President" red carnas. Mrs. F. L. Goldston presided at the punch bowl. Assorted cakes and hand decorated mints were served.

Enjoying the occasion were guests: Mesdames A. T. Cole, Kirk Doshier, Genoa Doshier, Nova McClure, Joe Goldston, and Miss Geraldine Rampy; also members Mesdames Homer Mulkey, J. R. Bartlett, S. W. Lowe, R. O. Thomas, A. O. Hefner, F. L. Goldston, M. C. Rampy, E. H. Noland, G. C. Heath, and Misses Ida and Etta Harned.
The next meeting will be August 11th in the home of Mrs. J. R. Bartlett.

HUDGINS QUILTING CLUB

The Quilting Club met with Mae Perdue and Mamie Mills as hostesses. Two quilts were finished.

Those present were Floree Webb, Mary Lee Noble, Sadie Wood, Ruby Parker, Pauline Koontz, Pearl Self, Martiel Webb, Belle Smallwood, Ruth Lindley and Roxie Cosper and one guest Mrs. Harvey Shaw; several children and hostesses Mae Perdue and Mamie Mills.

We will not have any meeting through August. The next meeting will be Sept. 2nd with Pauline Koontz and Ruth Lindley as hostesses in the home of Pauline Koontz.

PRE-NUPTIAL COURTESIES HONOR JANE JOHNSON

Pre-nuptial parties were given recently honoring Miss Jane Johnson, fiancée of Lynn Leathers.

Hostesses for a miscellaneous shower that was given Tuesday evening, July 26, in the Patching Club House were Mesdames Billy Phillips, Joe Spann, B. C. Antrobus, L. T. Shelton, C. B. Morris, Alvin Landers, Fontayne Elmore, George Thompson, Lloyd Johnson, Maude Palmer, L. N. Cox, and Miss Ruth Richerson.

The serving table was covered with an imported white linen cut-work cloth and centered with an arrangement of wedding bouquets in green and yellow, the bride-elect's chosen colors. White carnations and yellow sweetheart roses were used in the large colonial bouquet which centered the arrangement. Touches of yellow meline and ribbon streamers formed an archway under which a miniature bride and groom stood. Flanking the bouquets were tall yellow tapers in crystal candelabra footed with small nosegays of the same floral design. Garden flowers were used through the other entertaining rooms.

Receiving the guests were Mrs. B. C. Antrobus and Mrs. Billy Phillips who presented them to Mrs. Jolly Johnson, Miss Jane Johnson and Mrs. Kinch Leathers. At the registration table was Mrs. Johnny Leathers. Assisting in the gift room were Mrs. L. T. Shelton and Miss Jean Ballaw.

A soft background of music was furnished throughout the evening by Miss Janiece Christal. Misses Inelle Cox and Judy Thompson and Mrs. Horton Reed served in the dining room.

Many useful and beautiful gifts were presented to the honoree. Last week Ladelle Dilli, Jean Ballaw, and Naomi Spann entertained Jane with a swimming party and kitchen shower at the Country Club. Following a "dip" in the pool, gifts were opened and admired; then a picnic lunch was enjoyed.

Those present were the honoree, Sandra Shelton, Ira Jean Chilton, Doris Reed, and Inelle Cox.

Donley County Leader, \$2.50 year

LAFF OF THE WEEK.

"But he can't be through already . . . he just started!"

NEEDLE CLUB

The Needle Club met Thursday in the home of Mrs. Amel Carter as hostess.

The evening was spent crocheting, tating and visiting. Lovely refreshments were served to members, Mrs. Ross Darby, Mrs. Oren Hott, Mrs. Gilbert Mann, Mrs. Harvey Shaw, Mrs. Henry Mann, visitors Mrs. Nufford Dill, Ruby Mann and Frances Mann and hostess Mrs. Amel Carter.

Next club meeting will be August 11 in the home of Mrs. Oren Hott as hostess.

Mr. and Mrs. A. R. Walker of Moline, Kansas spent Thursday night with Mr. and Mrs. C. B. Morris. While here they purchased a Registered Galloway bull to add to their herd.

Mr. and Mrs. O. L. Usrey of Lelia Lake were guests in the Roy Crutchfield home Thursday.

Miss Glenna Deal from Tehran, Iran has been spending her vacation with her mother, Mrs. Maggie Deal and sister, Mrs. Frank Arthur and other relatives the past six weeks.

Mrs. Bray Cook and her mother took Drubette to Canyon Sunday for the summer band camp there.

Mr. and Mrs. G. W. Estlack and Jackie and David Patterson were in Canyon Sunday for Jackie to enroll in Band Camp.

CARD OF THANKS

We wish to take this opportunity to express our deepest appreciation and thanks to all our friends for your comfort in the time of our sorrow in the loss of our baby, Linda Diane. May God give His blessing to all of you.
Mr. and Mrs. John Hester, Steven and family.

USDA'S SPECIAL LIVESTOCK LOAN PROGRAM EXTENDED THROUGH JULY 14, 1957

The U. S. Department of Agriculture's special livestock loan program has been extended for two years, through July 14, 1957. Provision for the extension is contained in Public Law 166, which was signed by President Eisenhower July 15.

During the two years this credit service has been available through the Farmers Home Administration, 6,382 loans totaling more than \$54,000,000 have been made to livestock producers. Of this number 1744 loans totaling more than \$18,000,000 were made to Texas livestock producers.

Under the legislation extending the program, initial loans will be made through July 14, 1957. After that date, additional advances may be made for a period of two years to borrowers who require additional time to make necessary credit adjustments and to repay the loans previously received.

Special livestock loans are made to established producers and feeders of cattle, sheep, and goats (except commercial feedlot operators) who are temporarily unable to get from regular sources the credit needed to continue their normal operations.

To be eligible an applicant must have a good, past record of livestock operations and have reasonable prospects for success with the help of the loan.

The loans are made to meet the usual expenses of livestock operations such as the purchase or production of feed, and replacing or repairing of farm machinery. Loans also may be made for the restocking of herds to normal if the applicant can carry his present herd, plus the additional livestock to be purchased, without buying a substantial portion of his feed. Loans are not made to pay existing debts except current incidental bills.

The loans are scheduled for repayment as soon as possible within a maximum period of three years. Other creditors are not asked to subordinate their loans

but are expected to execute a standby agreement and agree that a reasonable part of the applicant's normal income from livestock can be used in repaying the loan.

Applications for special livestock loans may be made at the local county office of the Farmers Home Administration located at the Agricultural Building, Clarendon, Texas.

Those visiting Eugene Auldridge in his home Sunday were Mr. and Mrs. Jarrett David and Karla Sue, Doss Finley, Ray David, Mr. and Mrs. Chet Rhore, Mr. and Mrs. Maburn Trout, Sandra and Freddy of Alarreed; Mr. and Mrs. Geo. VanHuss and family, Mrs. R. L. VanHuss and Doris, and R. L. VanHuss and Rickey Moore of McLean. Eugene returned home Sunday from St. Anthony Hospital after spending eight days there following injuries received when a horse dragged him into a fence on the Roach ranch.

CARD OF THANKS

We want to thank each and everyone who was so good and nice to us in the passing of our beloved brother, Gordon Adams, and may the good Lord's blessings be with you all.

Mr. and Mrs. B. N. Adams and family
Mr. and Mrs. C. R. Adams and family
Mr. and Mrs. E. H. Meek and family.

Visitors Tuesday and Wednesday in the home of Mr. and Mrs. Victor Smith were Mrs. Bell Smith and Mr. and Mrs. E. B. Smith of Fresno, Calif., and Mr. and Mrs. Frank Goforth of Amarillo.

Mrs. Alfred McMurtry and Connie, also Mrs. Johnny Blocker and Jonna Lee were in Canyon Sunday where Connie and Jonna Lee enrolled in the West Texas Music Camp.

Fall in love with your car again...

Remember how proud you were of your new car when you saw it in the showroom? We'd like to do all we can to keep that car as close to new as possible. We know that next to your home, it's your biggest investment and therefore deserves the best care in the world. To us this means more than just keeping it supplied with top-quality gasoline and oil. It means extra service—the kind of service that makes your car a pleasure to drive while you own it, makes it worth more when you trade it in. Making friends with your car is our business; And making that friendship pay off for you is our job in America's competitive and progressive oil industry. So why don't you bring your car in today—and find out for yourself that we mean all we say!

LELIA LAKE NEWS

Mrs. H. R. King

Mr. and Mrs. W. N. Poole and Billie Jean left Wednesday to attend the funeral of Mrs. Poole's sister in Tucumcari, N. Mex.

Mrs. Dub Smith underwent major surgery in Goodall's hospital in Memphis Tuesday.

Mr. and Mrs. Ray Burns of Dallas spent several days here last week with her parents, Mr. and Mrs. Clark Cook.

Carol Stepp is now at home after working in Amarillo several months.

Mr. and Mrs. J. R. Williams had business in Amarillo Tuesday. Mr. and Mrs. Smith of Tell spent the week with their son, Dub Smith and children, while Mrs. Smith was in the hospital.

Mr. and Mrs. Regan Bryan and Miss Ruth Richerson of Clarendon were guests of Mr. and Mrs. J. C. Stepp Friday evening, when they gave a chicken barbecue in their honor.

Rev. and Mrs. Pickens of Spur visited with a number of friends in the Seago home Monday evening.

Mr. and Mrs. Gene Moore of Bethany, Okla. came Wednesday to visit her parents, Mr. and Mrs. Nelson Seago.

Mrs. J. J. Seago, who has been visiting her son, Nelson Seago and family, left Thursday to visit relatives in Shamrock.

Mrs. Clyde Gilbreth and children returned home Saturday after a week spent in the home of her parents of Paducah.

Mr. and Mrs. Arthur Shields of Hedley spent Sunday here with homefolks.

Mr. and Mrs. James Smith visited in Memphis Thursday.

Mr. and Mrs. Van Knox of Ash-tola visited Saturday in the home of his parents and Mr. and Mrs. James Smith.

Mr. J. C. Stepp underwent eye surgery in Amarillo Thursday.

Mrs. J. W. Webb was called to Dimmit Thursday by the illness of her father.

Mr. and Mrs. Bill Mooring and sons David and Donnie visited Sunday with relatives in Amarillo.

Mrs. Bell of Vashti was a week end guest in the home of her niece, Mr. and Mrs. George Johnson.

Mrs. Adkinson of Vernon was a week end guest in the home of her daughter, Mr. and Mrs. Newell Shields.

Mr. and Mrs. Joe Robert Leathers and children spent Sunday in Amarillo with her mother.

Mr. Will Mace visited with friends in McLean Saturday.

Mr. and Mrs. Nolie Simmons spent Sunday afternoon with his brother and Mrs. Simmons of Hedley.

Mr. and Mrs. Harvey Shaw visited Sunday evening with Mr. and Mrs. Simmons.

Misses Charlene and Geanne Grey of Ashtola spent part of the past week visiting Miss Joyce Johnson.

Mr. and Mrs. R. E. Champion of Redwood City, Calif. and Mr. and Mrs. Bob Turner of Tucson, Ariz.

Mr. and Mrs. Wallace Walling of Los Angeles, Calif. arrived Thursday for a visit with relatives.

Mr. and Mrs. Billie Hill are the proud parents of a daughter, born Friday. The young Miss weighed 8 pounds.

Mystic Weavers Club members enjoyed a party Wednesday afternoon in the Simmons home. After games of 42 refreshments were served by the Club to 13 members.

Mr. and Mrs. H. R. King Jr. of Slaton visited homefolks Sunday.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

We have just received a generous donation—a set of "The New Funk and Wagnall's Encyclopedia." There are thirty-nine volumes and dated to 1951. This gift is indeed one we have wished to happen for several years. Our out moded sets have been disappointing if you were seeking knowledge that has been since

World War I. For two years I've tried to think of some plan to secure a set of reference books, but with Library discount the cost would be \$100. We never have that much. This gift and our two new Bibles are quite an asset to acquire within a month.

One friend gave us a dollar, and another gave 50 cents, and a new magazine donor gave us several recent issues of periodicals.

We were happy to have a copy of "Very Truly Yours" by Chester Swor for one of our Junior girls who had just returned from camp where the book was recommended for reading. She walked over to the Devotional shelf and selected it. I inquired how it hap-

pened she knew where to look without asking for assistance. She stated she had noticed this section before. These youngsters certainly are close observers.

We were given two books for children this week. "Fairy Gold" by Edith Kovar, and "The Parade of the Animals" by James Abel Wright. Little Frank Phelan III gave them. They are in large size 10 x 12 inches and colorfully illustrated. They are from the Book Store here. Mr. Price has some attractive books for children, and we have so many young readers at the Library, especially thru the summer.

fertilizer, and terms like "fission," "reactor," and "neutrons" will become household words. Industrial nuclear power points toward the use of atomic energy in much the same way that energy from the burning of coal is utilized in an electric power plant. The difference is that one pound of uranium-235, completely fissioned, yields energy equivalent to that obtained from burning 1500 tons of coal, or 300,000 gallons of gasoline.

The practical means of direct conversion of atomic energy to electricity so far has escaped achievement, although if the promise of the new atomic battery is fulfilled on a large scale, the power plant of tomorrow will need only an atomic generator and direct cables to connect power straight to far-flung communities. Boilers, engines and cumbersome electric generators conceivably could become as obsolete as the candle.

Atomic isotopes, for example, can affect our everyday lives in almost every field of endeavor. They play a major role in diagnosis and treatment for health. They are used in agriculture to increase the bounties of the farms. They can be employed to separate ions in the water treatment, metals recovery, antibiotics, and numerous other phases of industry.

Transportation systems could be revolutionized. The first atomic-powered submarine already has been tested satisfactorily. Atomic-powered ocean liners are seen as a definite possibility for the future. Scientists now are working to find the key to atomic-propelled aircraft.

Atomic energy is so new, so big, so revolutionary and so full of commercial possibilities for the future that many American corporations have been attracted to the field. These companies are engaged in engineering studies, spending their own money in attempts to produce answers to the foremost questions of economical nuclear power.

Nuclear physics is an infant science; the things that are known are as nothing compared to the things unknown. Locked up in the atom is practically all the energy of the universe, an energy in such fantastic quantities that it defies comprehension.

(Next Week: "Amazing Tools of the Trade")

Lyndon Johnson Thanks Friends Pulling For Him

Senator Lyndon B. Johnson, preparing to leave Bethesda Naval Hospital for two or three weeks' rest at his home in Washington before returning to Texas, wants the people of Texas to know he is grateful for all they have done to start him on the road to full recovery from the heart attack he suffered July 2.

Mrs. Johnson, fondly known as Lady Bird to multiplied thousands of Texans, said her husband declared he has a fuller appreciation than ever before of how fortunate he is in his friends. "During those first difficult hours immediately after he suffered the attack, messages started pouring in," Mrs. Johnson said. "They were encouraging, heart-warming messages of confidence and hope, and they gave Lyndon strength when he needed it most."

Mrs. Johnson estimated that some 5,000 letters, telegrams and "Get well" cards have been received by the Senator since he was stricken. A great many of them carried the information that their senders were praying for him. They came from people in all walks of life — from the President of the United States and from a 12-year-old boy in East Texas — from farmers and housewives and working men and business executives and members of Sunday School classes.

"Nothing else has helped Lyndon so much as the knowledge that so many people are pulling for him," Mrs. Johnson declared.

Senator and Mrs. Johnson hope to return to their ranch in Gillespie County by September 1, where the Senator will rest and relax between now and the opening of the next session of Congress in January.

James E. and Miriam A. Ferguson, of Texas, were the first husband and wife to be elected governors of any state.

Corpus Christi, Texas, has the nation's largest naval training station.

Clarendon Resident Celebrates 80th Birthday

R. R. Riley celebrated his 80th birthday Sunday, July 31, with a dinner and family reunion at the Riley home here in Clarendon.

Present for the occasion were Mr. and Mrs. Jim Evans, Loue and Gene, Mr. and Mrs. Fred Riley, Bonnie and Jerry Tom, Mr. and Mrs. Leon Riley, Mr. and Mrs. J. D. Riley, Jimmie, Janice and Vickie, Mr. and Mrs. Fred Riley Jr., Mrs. John Brown and Bobby, Mr. and Mrs. Bill Ownsby and girls, Mr. and Mrs. Gofford Cox and Butch, Mr. and Mrs. Herman Hill and Jim, Judy Riley and Dana, Jim Hill, and Florene Giles all of Amarillo; also Mrs. Monk

Peabody, Bob and Barbara of Indio, Calif.; Mrs. Mary Cox of Brownfield; Miss Rebecca Hernon of Olton, Texas; Arline Moring of Pueblo, Colo.; Mr. and Mrs. Bob Anderson and Mrs. Annie Anderson, Palo Duro, Texas; Mr. and Mrs. Rob Hill and Bill, Mr. and Mrs. Long Waldrop, Mr. and Mrs. Roy Brock, and Miss Sudie Waldrop of Clarendon; and Mr. and Mrs. Raymond Waldrop of Martin.

Mr. and Mrs. Riley have lived in Donley County for thirty years. Mr. Riley engaging in farming. Of the family of twelve children, nine are living. There are seventeen grandchildren, and one great-grandchild. All report a most enjoyable day.

Donley County Leader, \$2.50 year

FARM NEWS

from the County ASC Committee

WHEAT ALLOTMENTS MAY VARY FROM YEAR TO YEAR

"Why is my wheat allotment for 1956 different from my allotment in 1955 when the total national allotment for the 2 years remains the same - 55 million acres?" This is one of the questions most frequently asked by wheat growers.

In explanation, it is that State and county allotments primarily are based on the average wheat acreage in the most recent 10-year period. The 1955 allotments for States and counties were based on the wheat acreage for the period 1944-1953, inclusive; the 1956 allotments on the period 1945-1954 inclusive. If the trend in wheat acreage has been up or down, State and county allotments will move up or down correspondingly since one year is dropped and a more recent year is added in arriving at the 10-year average.

Allotments for individual farms are affected by the State and county trends. However, the allotment for a particular farm is mainly based on the farm's average wheat acreage in the most recent 3-year period with allowance for unfavorable weather. If in that 3-year period the farmer has increased or decreased his wheat acreage, his farm allotment will reflect this shift.

What this means is that the wheat acreage trend in the State and county, and the trend on the individual farm, are factors in the determination of the individual farm allotment. Because of this, it is probable that, even though the wheat acreage on an individual farm has remained the same through the 3-year base period the allotment in 1956 may be higher or lower than in 1955.

WOOL REFERENDUM
The county committee will conduct a referendum for sheep and wool producers between now and August 19th. This referendum is to be held for the purpose of determining producer approval of a promotional agreement between the Secretary of Agriculture and The American Sheep Producers

Council Inc. Voting will be continuous through August 19th, 1955, by person or mail.

Parent - Teacher Talk

The Executive Board of the Sims P.T.A. met Wednesday afternoon, July 26 in the home of Mrs. T. M. Caldwell, Jr. Mrs. Caldwell, president, presided.

Mrs. Caldwell reported that the State Board of Education has requested that in the future all school cafeterias be supervised by the local school board. In accordance with this request the management of the school cafeteria will be turned over to our local school board. The P.T.A. will continue to support the cafeteria in any way it may be needed.

Mrs. Robert C. Moss, vice-president, presented the outline for the new year book, which was accepted unanimously. Many interesting and varied programs have been planned for this year. Every other meeting will be a night meeting, which should be well attended as the fathers will have a chance to become active members of our P.T.A. Our wish is that everyone will actively support our P.T.A. and help make it the biggest and best year in our history.

The regular meetings will be held as usual on the third Thursday of each month. Make plans now to attend the first meeting on September 15th at 3:00.

—Reporter.

INSTRUCTOR OF PIANO AND ORGAN TO ATTEND CHICAGO SCHOOL

Miss Mantie Graves, instructor in piano and organ, and one of her pupils, Dianne Moore, will leave Friday morning by plane to attend classes at the Sherwood School of Music in Chicago. Both will study piano under the tutelage of Leo Podolsky. Miss Graves will also study the Organ with Hugh Price.

The two plan to be away some seventeen days and enroute will visit Miss Graves' nephew, Albert Graves, in Kansas City.

LEADER CLASSIFIEDS GET RESULTS

CLARENDONITES TO RECEIVE DEGREES

CANYON—Four persons from Clarendon are among more than 230 who are candidates for degrees August 19 at summer commencement at West Texas State College.

The summer exercises will be held at 8 p. m. in Buffalo Stadium, according to Dean Walter H. Juniper. Dr. M. C. Cunningham, president of Fort Hays Kansas State College, will be the speaker.

Clarendon candidates are: Master of Education, Nova Cook Mears; Bachelor of Science, Charles J. Sullivan, Daphne Roberson Sullivan, and Erwin Javan Tucker.

Mr. and Mrs. J. H. Helton received a call Saturday afternoon from their son A3/c Frank G. Helton. Frank has been based in England for the past two years and had arrived in New York. He will receive his discharge and arrive in Clarendon soon.

Revival At Calvary Baptist Church

Beginning this Friday night at 8:00 o'clock, a Revival will begin at the Calvary Baptist Church. The pastor will do the preaching until Monday morning when our Evangelist Rev. J. C. Koen of Lubbock, Texas will be here to preach through the week. Bro. Koen is one of the best Bible preachers you will hear any where. He is pastoring one of the Baptist Churches in Lubbock and has a Pastor's heart; in fact Bro. Koen is a Heart Preacher. You will love the way he breaks the Bread of Life and his zeal for lost humanity.

This good Church urges all of the people of Clarendon to take advantage of this opportunity to hear this man of God. There will be "Old fashioned" congregational singing that you will want to take part in. The services will be at 10:30 A. M. and 8:00 P. M.

Telephone, Telegraph, Tell every one about the Revival be-

ginning Friday evening at 8:00 o'clock through August 14th. "GATHER THE PEOPLE TOGETHER, MEN, AND WOMEN, AND CHILDREN, AND THY STRANGER THAT IS WITHIN THY GATES, THAT THEY MAY HEAR, AND THAT THEY MAY LEARN, AND FEAR THE LORD YOUR GOD, AND OBSERVE TO DO ALL THE WORDS OF THIS LAW."—Deut. 31: 12
Let us give God a chance in this meeting.

Calvary Baptist Church
Ernest Phillips, Pastor.

Week end guests in the home of Mr. and Mrs. Victor Smith were Mr. and Mrs. Arnold Nored and sons of Lubbock, Mr. and Mrs. L. L. Neal and children of Long Beach, Calif., Mr. and Mrs. L. C. Glasgow of Amarillo, and Mr. and Mrs. Basil Smith.

Mr. and Mrs. Henry Mann, Ruby and Frances visited in Dumas Wednesday night of last week. Ruby remained to work.

PLOWIN' Out the CORNERS

by Uncle Zeb

The prize for solving the mystery goes to Corethia Brown of Rte 1, Claude, Texas; the mystery that is, of the importance of July 30th; Consolation prize to Becky Ruth Spivey Rte 1, Clarendon, Texas for being on the right track. It was Uncle Zeb's birthday. Now wasn't that a great day in the morning? Anyway, Corethia was 100% correct; not only that but it was important because it was also her birthday, and that of a neighbor Charles Goad. Becky Ruth was on the right track because it was her very own birthday. My, my, wonder how many of our readers have their birthday on July 30th. Maybe we ought to have a picnic sometime, then I could make a speech - - I withdraw that last remark. Anyhow, we are paying off the above with a subscription

to Southwestern Crop & Stock our favorite farm magazine. We could let Granny Gadabout, our competitor as a columnist in Crop & Stock make the above mentioned speech. Surely her speeches are not as terrible as her poetry; the ones about us, we mean.

Uncle Claude and Granny Gadabout, please note the quality of the following poem - - -
Life is just a bowl of cherries;
At least that's what some wise bird said.
But it can get plenty sour-r-r
When my account is in the red.

Rep. Walter Rogers quotes the following remark from one of his preacher friends;

"The cry of a baby in church is much sweeter music than the snoring of a saint."

Someone has said;
"Alcatraz; the pen with a lifetime guarantee."

"Alcohol and Gasoline; the highball of death."

The following is a quote from a nice letter we recently received from our good friend and faithful reader of our column, Mrs. Sam Smith of Moriarty, New Mexico. Quote; "To hold on to

sad thoughts; to always be expecting trouble to come in our lives is to be imprisoned by our thoughts, and it surely isn't for health and happiness and peace of mind. I believe with all my heart that we attract what we think about most. So it behooves us to Look Up and laugh; to love and live—we all have countless blessings."

Thanks Minnie for the above very wonderful thoughts, and also for the kind words you so generously passed along to make us Look Up and Be Happier."

Speaking of our birthday; we could not mention all the letters cards and good wishes. It's so wonderful just to live among grand and fine folks. It makes our life worth living when someone takes time out to think about us. As we pass this milestone, and we ought to quit mentioning them pretty soon, we again with all our heart thank our Lord for every day and every year that we have lived. I don't think any one of His creatures here below could have more to be thankful for than ourselves. Countless and precious have been our blessings.

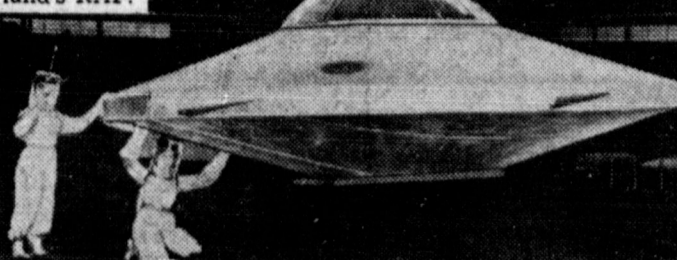

It's been a long time since we have taken a crack at Uncle Jay. We are thinking of his program with the Green Valley Boys that comes on to take up the time between Cotton John and the News

STATE FAIR OF TEXAS

Premiums and awards listed in the Women's Department Premium List for the 1955 State Fair of Texas, Oct. 7-23, will total \$8,363.50, over \$1,000 more than ever before, Mrs. Leah Jarrett, director of the department, announced recently.

Premiums in the traditional Clothing and Textiles Division alone amount to \$3,375. Totals in other divisions are: Art, \$880; Designer-Craftsmen, \$768; Hand-Painted China, \$480; Miscellaneous Arts, \$929; Foods, \$350; Home Frozen Foods, \$300; Antiques, \$440; Hobby Collections, \$405, and Potted House Plants, \$136.50.

Approximately \$300 will be awarded in the Rose Show Sunday, Oct. 16, Mrs. Jarrett said.

The new premium book, lists 728 classifications of competition.

The books are being mailed throughout the U. S. and to South America, Canada and Australia. The list is available on request to the Women's Department of the State Fair.

A new feature this year will be Women's Day, when an award will be presented to the "Woman of the Year," selected for constructive achievement of national importance.

Also new this year will be an all-expense-paid winter resort vacation to be given as the grand prize in the cake-baking contest Thursday, Oct. 20.

Other major special events for the Women's Department include daily free fashion shows in cooperation with Dallas Fashion Arts, Inc., Mexico Day programs Oct. 10 and Garden Club Day Oct. 18. Additional events will be announced later.

Highest point in the U. S. A. is Mt. Whitney, Calif., 14,495 ft.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN—Bascom Giles' own story finally was told last week in the Veteran's Land Program future.

In an expected, but unannounced move, the former land commissioner took the witness stand in his 98th District court trial. He is charged with stealing or aiding the stealing of \$6,800

ATHLETES FOOT GERM HOW TO KILL IT. IN ONE HOUR.

If not pleased, your 40c back. This STRONG fungicide SLOUGHS OFF the outer skin to expose buried fungi. Kills it on contact. Get Greaseless, instant-drying T-4-L at any drug store. Today at

Stocking's Drug Store

from the veterans program he administered.

Giles previously had been tipped to reporters and investigators. He plead his constitutional immunity against testifying in the Senate inquiry.

Firmly and emphatically, Giles denied he ever stole or helped anybody steal the \$6,800.

He placed equal responsibility on the Governor and the Attorney General with himself for administering the program citing they were all members of the Land Board by constitution and by statute.

He denied there were any inaccuracies "to his knowledge" in board minutes as both the Governor and Attorney General have previously claimed.

It conflicts, he said, with the present plan to increase University income by easing restrictions on investment of the permanent fund.

room conversation in which Giles allegedly discussed making a \$250,000 profit on a veterans land deal with Brady land dealer B. R. Sheffield.

State Auditors Report

State Auditor C. H. Cavness suggested last week that Texas use part of its oil and gas income from public lands for current school expenses.

Freeing this money, Cavness said, could ease the strain on the state's general fund, even possibly reduce taxes.

Royalties and lease payments from state lands now are deposited in permanent funds of the public schools and the University of Texas. Only income earned by investment of the funds is available for spending.

Under Cavness' plan only 2 1/2 per cent of royalties would go into the permanent funds, now totaling more than a half billion dollars.

Copies of the proposal went to the governor and Legislature. Execution of the plan would require both a constitutional amendment and revision of statutes.

Criticism came promptly from University President Logan Wilson who compared the plan to "eating seed corn."

It conflicts, he said, with the present plan to increase University income by easing restrictions on investment of the permanent fund.

A constitutional amendment, approved by the recent Legislature and awaiting vote of the people, would allow University officials to invest up to 50 per

cent of the fund in corporate stocks. At present all investment must be in low-interest-bearing government bonds.

Highway Bids Taken

Low bids totaling \$14,197,575 on road and bridge projects were tabulated by the State Highway Department last week.

Two major highway improvements — on US 80 east of Big Spring and on US 83 north of Brownsville — were included in the 402 miles of road work.

A contract was let to build a bridge in Dallas across the Trinity River. It will eventually connect with the Dallas-Fort Worth toll road.

Parr Documents Sought

Attorneys for George Parr have asked to inspect 89 checks and other documents the government will use in its income tax evasion case against the South Texas political boss.

Prosecuting attorneys protested, arguing that the defense was trying to find out what specific evidence the government would introduce.

Federal Judge Ben H. Rice Jr. took the motion under advisement. Trial is set for Sept. 6 in Austin.

Segregation Ruling Studied Atty. Gen. John Ben Shepperd last week withheld comment on an El Paso district judge's ruling that Texas school segregation laws are unconstitutional.

He would have to make a detailed study of the decision first, Shepperd said.

Judgment resulted from a Negro girl's suit for entrance to Texas Western College. University of Texas regents had two weeks previously voted to admit Negroes there.

Board of Regents Chairman Thomas Sealy said he thought the judge's ruling was moot. However, he said he believed any effort by Negro undergraduates to enroll immediately in the main University could and would be successfully resisted.

Predicting Average Fiber Properties of Cotton Before Harvest

AUSTIN—University of Texas researchers have developed tests for predicting average fiber properties of cotton a month to six weeks before harvest.

The tests, based on relationships between weather and fiber properties, should bring better prices to producers and help

lower merchandising costs. Research Scientist Joel Hembree of the University's Cotton Economic Research Division, said.

Use of the technique will give the cotton trade more time to plan and carry out marketing and manufacturing activities which depend on annual crop results. Merchants and manufacturers will know earlier whether cotton with certain properties will be available nearby or hundreds of miles away.

The tests can be used to predict fiber properties of cotton in a general community but not cotton in specific bales or on specific farms, Hembree emphasized.

Scientists long have known that larger amounts of moisture mean decreased fiber strength and coarser fibers, while smaller amounts mean stronger fibers with finer diameters. Research Scientist Bill Crumley of the

Cotton Economic Research Division compiled data which reveal more precisely the nature of those and other environment-fiber property relationships. He based the data on comparisons between weather reports and fiber-properties reports from all parts of Texas for six years.

The University project was supported with funds provided through the Texas Cotton Research Committee, composed of the heads of Texas A&M College, Texas Technological College and the University.

First balloon flight in America was made by Jean Pierre Blanchard, a French pilot in 1793.

HOT SUMMER WEATHER

sure keeps me busy!

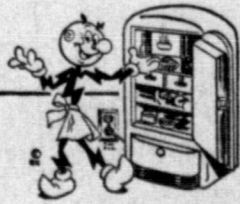

Hot summer weather means longer and longer working hours for me... and added jobs. For when the temperature soars there's much, much more work for me to do in addition to my regular chores... work that I'm glad to do so long as it's helping you.

My hours and wages, as shown on your electric service bill, may be larger during this hot weather, but I believe you'll agree that a few extra pennies a day for the extra hours I've worked is a real bargain in more comfortable summer living.

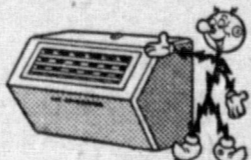

Reddy Kilowatt
Your Electric Servant

P.S. I like to work for you!

West Texas Utilities Company

I started your refrigerator longer hours supplying extra ice cubes, cold drinks, and keeping your food fresh and wholesome.

To keep you cool and comfortable, you've had me on the run operating your room coolers and air conditioners.

To keep food frozen and frozen storage units safe through the hot, hot days, I've worked more hours day and night.

And your fans, big and little, kept me hopping, bringing you cooling breezes 'round the clock.

Because Buick sales are soaring past all records— We're declaring a profit-sharing bonus for you

1. You Profit on the Trade-In Deal —with the biggest allowances in our history.

2. You Profit on the Buy You Make —because in Buick you get the thrill of the year—in style, power, performance, value.

3. You Profit on the Resale —because a Buick always resells high—brings you more money when you trade it in.

This Big Buick SPECIAL

2-Door, 6-Passenger Sedan, Model 48 (Illustrated)

delivers locally for less than some models of the smaller cars.

And the price drops a lot lower with the whopping big allowance we'll make on your present car!

THIS we've never seen before —a sales year that's shattering every record in the Buick book —a soaring success far greater than the one that moved Buick so solidly into the Big 3 of America's best sellers.

So we're going to share profits with you—by stretching our regular big trade-in allowances to practically our break-even point.

That means you can now buy the most wanted Buick ever built—for less than ever before.

That means you can have Buick

style distinction and prestige— Buick room and comfort— Buick size and solidity—for plenty dollars less on the profit-sharing deals we're making now.

And that means you can have, at a terrific buy, the hottest-action Buick in history—with walloping V8 power raised to new highs, and with the spectacular performance of Variable Pitch Dynaflo* — world's first and only transmission using the switch-pitch principle of the modern plane's propeller.

Come in today—tomorrow, for

sure—and see for yourself that you can now make the biggest buy of the year on the car that's far and away the thrill of the year.

*Variable Pitch Dynaflo is the only Dynaflo Buick built today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill of the year is Buick—

Biggest-selling Buick in History!

(So we're trading high, wide—and then some!)

By PRICE DANIEL
U. S. Senator

President Eisenhower is meeting in Geneva, Switzerland with the heads of state of Great Britain, France and Russia to discuss world affairs and the possibilities of world peace. This is the so-called "meeting at the summit." It is to be hoped that some good will come from this conference. So long as discussions are going on instead of physical combat, there is always the possibility of an honorable peaceful

settlement of the differences between nations. However, in this meeting we must always remember with whom we are dealing. It is yet to be proven that we can depend on agreements of the Russian leaders or the heads of any other Communist country. Even the present apparent change in the attitude of Russia toward the United States and the other free countries of the world should not cause our leaders in foreign policy to let their guards down in the slightest degree. Too many times we have seen their solemn agreements violated, and a study of their thinking tells us that to accomplish a purpose they would not hesitate to guarantee almost anything. That is a characteristic of atheistic Communism which demands that we require adequate means to enforce any agreements which may be made.

Foreign Aid

Our recent foreign aid bill will amount to borrowing several billion dollars to give to foreign governments, some of which are operating on a balanced budget

while we are still piling up a greater national debt. I believe in cooperation with our allies and in military aid when necessary, but I could not vote again for the general foreign economic aid contained in this bill at the expense of our children and grandchildren. With a national debt larger than the combined total of the debts of all the other countries in the world and a budget which remains out of balance and therefore requires further deficit spending and the payment of more interest, there is no reason to continue to give away our hard-earned dollars to other countries. If it must be done, it should be financed on a "pay as you go" basis—and not on borrowed money.

If further economic aid is necessary all these years after it was due to terminate, why not send surplus commodities for relief to undernourished peoples in Europe, Asia and the rest of the world, so long as the world market in these products is not disturbed? In this way we would help our farmers and our own government, which has accumulated many surplus products under the farm price support programs. Legislation to expand the program of shipping surplus foods to countries which cannot produce enough for themselves is pending now in the Senate.

Funds for Texas Projects
The Senate last week passed the 1 billion 800 million dollar appropriation bill which includes

The J. A. Warren Insurance Agency

Service Every Day in the Year.
206 Goldston Bldg.
Clarendon, Texas

many river, harbor, and flood control appropriations for Texas. In its final form the bill includes construction funds for the Corpus Christi Bridge in an amount of \$1,500,000, the Dallas Floodway \$2,690,000, the Houston Ship Channel \$500,000, the Port Aransas-Corpus Christi Waterway \$600,000, \$4,500,000 for the Texarkana Reservoir, \$1,500,000 for McGee Bend Dam, and \$340,000 for Canyon Reservoir.

Survey funds are provided for Lake Liberty, Port Mansfield, the San Bernard River, Buffalo Bayou, a flood control project at Ozona, Trinity Bay Soil Conservation District, Richland, Chambers and Cedar Creek, Waco Reservoir, Navarro Mills Reservoir, Guadalupe Channel to Victoria, and San Antonio River channel improvements.

Ferrell's Bridge Dam and Reservoir

The Senate reinstated a \$2,450,000 appropriation for construction of Ferrell's Bridge Dam which had been eliminated in the House because of the failure to complete a contract between the Corps of Engineers and the local water district concerning an addition to the dam to impound water for local use. The Senate recently passed a bill sponsored by Senator Johnson and myself which will eliminate this difficulty.

Also last week it was determined that a bill to provide authority for the construction of the Cooper Dam and Reservoir on the South Sulphur River would be considered by the Senate Committee on Public Works on either July 11 or 12, 1955. We will make every effort to secure prompt passage of this bill both in the Committee and on the floor of the Senate before Congress adjourns. The House passed without a dissenting vote a bill to allow this construction which was sponsored by Congressman Wright Patman.

Donley County Leader, \$2.50 year

The actual formula contains no nitrogen itself. It extracts nitrogen from the air by use of a chemical compound which includes cobalt, a tough, metallic element similar to nickel. The fertilizer is spread over the ground where fertilizer is needed. From there the chemical action begins which attracts the nitrogen to the ground where it is utilized by plant roots.

LONE STAR AGRICULTURE

John White, Commissioner
Texas Dept. of Agriculture

REVOLUTIONARY, LOW-COST FERTILIZER IN PROSPECT FOR TEXAS FARMERS

Texas farmers may soon be growing crops on tired, over-worked soil by using a revolutionary new fertilizer. If the formula proves successful, it could be produced 80 per cent cheaper than present commercial fertilizers.

Now in experimental stages, the fertilizer is said to be unique in its ability to extract nitrogen from the air and place it in the soil. This would enrich soil vitality, since all crops with the exception of legumes extract nitrogen, essential to plant growth, from the soil.

Much of our land has become practically barren through a vicious cycle of planting and replanting of nitrogen-draining crops. Resultant deficient crops then pass on the nitrogen deficiency to animals and humans consuming the plants.

crystals had formed. The chemist explained his formula works somewhat on the reverse principle of the nitrogen bomb. All research on the project is being done in Texas, where experimental stations are being set up in the Panhandle, the Rio Grande Valley, near Houston and in Central, Texas.

Nothing GOES like a Chevrolet V8!

Drive with care... EVERYWHERE!

It's the new winner in stock car competition... and it's winning new, young-minded friends faster than you can say America's hottest V8. Because of its liveliness, its looks, and because it holds the road like it loves it—which it does. Come try it, won't you, if only for the fun of it!

NOTHING (not even the high-priced cars) HAS GOT SO MUCH TO GO WITH!

The most up-to-date V8

That's Chevrolet's "Turbo-Fire V8!" So efficient that it needs only 4 quarts of oil instead of the usual 5. Shortest stroke of any V8 in the industry. Delivers more horsepower per pound than any engine in Chevrolet's field.

Two Sizzling 6's

The most powerful 6's in Chevrolet's field—with all the advantages of Chevrolet's long leadership in valve-in-head engine design.

Powerglide, Overdrive or Synchro-Mesh

A new and finer Synchro-Mesh transmission, or, as extra-cost options, oil-smooth Powerglide automatic transmission or Touch-Down Overdrive.

New engineering advances on steering and suspension
Special ball bearings in the steering gear roll with the turn of the wheel to reduce friction. Glide-Ride front suspension rolls the bumps smooth.

"Round-Up Time" At Top o' Texas In Pampa, Aug. 1-6

It will be "Round-Up Time" at the Top o' Texas in Pampa, August 1-6, when cowboys and cowgirls from five to sixty-five will converge on Pampa for the Eleventh Annual Top o' Texas Rodeo and Kids' Pony Show.

The first two days, August 1 and 2, will be devoted to the Kids' Show, which is a big-time rodeo in miniature. Four age groups for boys and girls will be competing for appropriate prizes—Group I, ages 5, 6, 7; Group II, ages 8, 9, 10; Group III, ages 11, 12, 13; Group IV, ages 14, 15, 16. All boys and girls in the Southwest are extended an invitation to participate. Entries must be made by 2:00 p. m., Monday, August 1.

The Top o' Texas World's Championship Amateur Rodeo will swing into action Wednesday night, August 3, at 8:00 p. m., when Goat Mayo will open the gate for his eleventh straight production in Pampa.

The show will again feature the "Wild Brahma Gold Rush", an act originating and made

popular by the Top o' Texas Show. A fiery, snorting Brahma bull is turned loose in the arena carrying a bag of gold around his neck, and all cowboys entered in the show are invited to help themselves to the loot. This event always brings the audience to their feet—sometimes the cowboys get the money—sometimes they don't—most generally they don't.

The Amarillo Air Force Band will return for the fourth consecutive year to provide music for the entire show and to lead the downtown street parade at 4:00 p. m. on Wednesday, August 3rd. The band will be under the direction of Lt. Milton Stern.

Hollywood's popular TV, radio, movie, and recording star, Jimmy Wakely, will be in Pampa for the entire week and will appear on each night's main show as well as the rodeo dances. Background music for the Wakely act will be provided by Billy Foust and the "Circle Arrow Boys." All dances will be held in the new National Guard Armory on the Rodeo Grounds, Wednesday through Saturday nights.

"The Henry's Specialty Dog Act", which has played practically all the big-time circuits of the nation, has been booked for ap-

pearances on each night of the show. The act consists of twenty highly trained dogs—big dogs, little dogs, middle-sized dogs—doing everything in the books.

The Cutting Horse Contest, which has been so popular at the Top o' Texas Show since its beginning in 1945, is expected to attract an all-time record number of contestants since the purse money has been increased to \$500.00, plus all entry fees of \$50.00 per horse. Judges for this contest will be Sig Faircloth of Eastland and J. D. Craft of Jacksboro, Texas. Both the Cutting Horse judges will also judge all other contests of the show.

Jake Mitchell, popular bull-fighting clown from the home of the XIT in Dalhart, will clown the show.

All the regular rodeo events will be included—calf roping, bareback bronc riding, saddle bronc riding, bull-doggin', bull riding, double muggin', and the Cutting Horse Contest.

The Cowgirls' Contest will again provide glamor for the show, as some forty girls are expected to compete for the beautiful hand-stamped saddle, first prize, silver buckle and belt set, second prize, and a pair of shop-made cowgirl boots, third prize. All entry fees of \$7.50 each will be returned in cash prizes.

Special reserved seats for the big show went on sale in Rodeo Headquarters in Pampa on July 25th. Anyone wishing reserved seats may write Box 1942 or call Rodeo Headquarters.

TO THE PEOPLE OF THE 18TH DISTRICT
By Congressman Walter Rogers

ADJOURNMENT

Here is the picture. Under the Re-organization Act, a session of Congress terminates on July 31st of the year in which it was convened unless there is a national emergency. Since the President has declared an end to the emergency concerned with the Korean situation, the question arises as to whether or not a need will exist for a formal declaration of an emergency before Congress can legally hold over after July 31st. The question was posed on the Floor of the House yesterday by Mr. Hoeven (R-Iowa) to the Majority Leader. Speaker Rayburn immediately came forward and stated that some emergency measures have not expired. He also stated that he had asked the Attorney General of the United States for an opinion on the very point. So far as I know, the Attorney General's opinion has not been made public, but you can bet your bottom dollar that if Speaker Sam Rayburn lets the House stay in session after July 31st, he will know what he is doing and will be on sound, solid parliamentary ground.

The House will stay in session until several "must" measures have been passed or definitely killed. If consideration of these measures requires continuance of the session past August 1st (which seems to be certain) and a formal declaration of an emergency by the President of the United States was held to be necessary, it is my opinion that the President would declare such an emergency. The several highly controversial measures which have been declared essential by the White House include the Reserve Bill, the Housing Bill, and the Federal Highway Bill. In addition to these measures, there are a number of others that many members of both Houses want passed this session, including the highly publicized Natural Gas Bill, which in my humble opinion is a "must" if states' rights in this nation are to be preserved, the School Construction Bill, which will be highly controversial, the

Upper Colorado Development Bill, also controversial, and many others.

The Housing Bill, which seems to be the one that is causing the log-jam, is lodged in the Rules Committee. There are 12 members of the Rules Committee (8 Democrats and 4 Republicans). In order for a bill to clear the Rules Committee, it must receive 7 votes, assuming that all members are voting. All members did vote on the Housing Bill, and the report is that 6 Democrats voted for the bill, while 2 Democrats and 4 Republicans voted against the bill. The tie results in the bill not being reported. Since this is an Eisenhower measure, it is generally felt that on reconsideration, presidential influence could garner one Republican vote to add to the 6 Democrats to bring the bill out. The 2 democratic votes against the bill are those of southern conservatives, whose

prior records would indicate that if any vote is going to be changed, it is not going to be on the democratic side. The fuss on the bill concerns public housing. This means that even if the bill clears the Rules Committee, it is not assured of passage on the Floor of the House. The chances are that it will pass, but only because it has presidential approval. In any event, we expect to be out of here not later than August 10, which was my original prediction as adjournment day. Mrs. Rogers and the children with yours truly will head for Texas immediately thereafter. All motels between Washington and the Panhandle should take notice. We have helped many a motel owner to light up his "No Vacancy" sign. We feel like we are entitled to picnic prices, but haven't yet been successful in obtaining them.

THE SUMMIT MEETINGS
The offer of our President to exchange blue prints and aero-

photographic rights with the Russians was unquestionably a strong and violent blow in behalf of liberty and freedom. It was met here with mixed reactions. Everyone appreciated the purpose, the thought and the philosophy behind this offer because we are all Americans and appreciate freedom. The reactions were in no regard critical of the move by this government; they were in praise of it. But the immediate questions that came in the minds of all in top level positions were, "How would such an exchange be made? Could we trust the Russians to carry out their side of such a bargain?"

Perhaps the Russian minds also wondered if they could trust this country. Certainly you and I know that they could, but it is these suspicions and feelings of insecurity in what the other person is doing, or going to do, that causes the misunderstandings among men and the resulting wars. If we could work out the mechanics of an unconditional exchange of such information, it would go further in the interest of peace than anything else during our time. If carried out by both sides in the spirit in which it was offered by Eisenhower, it would provide the fuel for the moral re-armament so badly

Important thought to keep in mind:

There's no need to worry about stalling in hot-weather traffic; no need to worry about balky hot-engine starting! Just fill up at your Gulf station with New Super-Refined Gulf NO-NOX—the gasoline that's made with evaporation control to prevent vapor-lock. And always protect your engine with New Gulfpride H.D. Select, the motor oil that controls carbon.

New Gulf No-Nox Gasoline delivers not just the highest octane but **full working octane** because it's super-refined to burn clean

NO GASOLINE, no matter how high the octane, will let your engine deliver full power performance—mile after mile—unless it burns clean. That's why it pays to always use new NO-NOX. Gulf NO-NOX is the clean-burning fuel that gives you full working octane day in, day out. In addition, you get . . .

- more complete engine protection
- extra gas mileage in short-trip, stop-and-go driving
- freedom from vapor-lock, engine stumbling and stalling
- no knock, no pre-ignition—even in today's high-compression engines

Now! For the ultimate in working octane performance, always use Gulf's super-refined gas-oil team...New Gulf NoNox Gasoline and **New Gulfpride H.D. Select Motor Oil**

The only motor oil super-refined by the Alchlor Process for modern high-compression engines.

- Controls carbon
- Combats corrosive acids, rust and deposits
- Assures lower oil consumption
- Provides the toughest protective film ever developed in a motor oil

Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30.
