A COUNTY-WIDE PUBLICATION, SERVING DONLEY COUNTY and ITS TRADE TERRITORY

1950

New Series—Volume 21 Number 17

CLARENDON, DONLEY COUNTY, TEXAS, JUNE 8, 1950

A Common Paper for Common People

**MINIATURE SIGNAL CORPS EQUIPMENT**—The sub-miniature radio tube (left) and a crystal rectifier (right) are two of numerous components which the Army Signal Corps is employing to provide small, light weight communication equipment which can be easier carried by men, withstand weather extremes, and also afford effective communication networks for combat troops. The match in the center of the palm offers a size comparison. The sub-miniature tube takes only about 1.5 percent of the space of its older counterpart. (Official Department of Defense photo.)

**TO SPONSOR CAKE WALK SATURDAY AFTERNOON**

The Youth Center will sponsor a Cake Walk Saturday afternoon, beginning at 3 p. m. Make your plans now to attend and get your cake for that Sunday lunch. "We'll be looking for you," one of the officials stated.

**Claude Mothers Club To Present Home Talent Show**

The Claude Mother's Club will present Uncle Ezry's Hayloft Jamboree at the Claude High School Auditorium for the benefit of the school cafeteria, Monday and Tuesday, June 12th and 13th under the direction of Miss Jessie James. This fast moving stage show uses all local talent who impersonate popular radio stars on barn dance program broadcasts. The show is rounded out by amateurs of all kinds who win ribbons and cash prizes. The audience vote for their favorite performer by ticket stubs — the advance tickets are good for two votes; those purchased at the door good for only one vote.

There is also a baby contest for children under 6 years of age. A trophy is presented to high boy and high girl the second night of the show. Help your favorite child win a trophy—a penny a vote.

The main characters are Joe Kelly, the master of ceremonies; Uncle Ezry, Hiram Hicks, Lulu-belle, and Scottie. There will also be Square dancing, together with Quiz Kids who are asked questions used on the programs broadcast over the National hook-up.

Try-outs for the amateurs will be held at the Claude High School Auditorium Wednesday and Thursday night, June 7th and 8th at 8 p. m. All who wish to take part should report at that time.

**Vacation Bible School To Begin June 12 at First Baptist Church**

The First Baptist Church will conduct its regular Vacation Bible School for this summer from June 12 to June 23 with classes Monday through Friday from 8:30 to 11:30 for boys and girls between the ages of 4 and 16. "Each year these schools are held in our church, but to keep them from becoming a matter of fact to the boys and girls who attend, we hope to create a greater interest among our adults in order that they will see the good results from a school of this type and urge more of the youngsters of our town to attend," stated Marvin Hillis, educational director.

A competent faculty has been chosen to work in each department, and an interesting program of work has been planned. Each age group will study daily about characters portrayed in the Bible, will learn memory work as outlined for each department, and take part in a project of hand-craft for boys and girls separately.

Saturday, June 10, at 9 o'clock those who wish to be enrolled in the school will meet at the First Baptist Church. "We ask that those who have a bicycle or horse will bring it for the parade which will begin at 10 o'clock," Mr. Hillis said. "The parade will traverse the main business district first; then all will parade through the residential areas in automobiles. We want every boy and girl in Clarendon to attend Vacation Bible School in some church this summer."

**SINGING SCHOOL TO CLOSE FRIDAY NITE**  
The singing school at Martin will close Friday night June 9th with an interesting program and singing. Everyone is invited to come out and take part.

**Local Folks Attend Annual Reunion**

There is nothing that appeals to Donley County folks more than a family reunion down in the hog belt of north central and east Texas. Several families from this section have been down that way within the past two months.

The fact that they can see the folks in great gobs when they get down that way is the prime motive for going, but the folks down there really have the 'eats' in a quantity that satisfies. Postmaster J. C. Estlack still is crowing about the excellent boiled ham, pies and dozens of other good things he and Mrs. Estlack found at the family reunion of her relatives about midway between Bellevue and Bowie last Sunday.

The reunion was held at the spacious ranch home of Mr. and Mrs. Beetle Cantrell where the large oaks afford plenty of shade, though shade was the last thing being looked for during the cool weather of the past week. Mr. and Mrs. Charley Joplin, parents of Mrs. Cantrell also assisted much in making preparations for the big event. They reside near the Cantrell home.

The Estlacks were accompanied by two granddaughters, Jacqueline Marie and Barbara Faye Estlack who made a side trip with their grandfather down into Jack county. This trip included a visit to Jim Ned "mountain" as it has always been termed. It was there that many whites were murdered by Indians back in the 60's. Snap shots were taken of the location where the chimney made of native stone was about all that was left of the historic edifice that once afforded shelter for more than one family and a number of friends on frequent occasions. The chimney stands erect and shows little erosion for the long years it has been there. It is quite ornamental and was built by an expert stone mason of native stone.

The Postmaster was the eldest man left to attend these gatherings, and Mrs. Annie Wadsworth of Vashiti is the oldest woman to attend. No older relatives are now living. The reunion is an annual affair and has been held annually for many years.

Baseball games, kodaking and other pastime was indulged in until the afternoon when hymn books were brought into play and how those folks down that way can sing! They really work at it. The George Manning family from Shamrock was also in attendance from the high country. By unanimous vote, the assemblage pledged to be present at the same place next June for the annual affair.

**H. M. BREEDLOVE TO ATTEND STATE CONFERENCE OF COUNTY AGENTS**

County Agent H. M. Breedlove will attend the state conference of county agents and Extension workers at the Texas A&M College in College Station next week. The purpose of the meeting is to bring county agents the latest information from the Experiment stations on new farming and ranching methods and conservation methods. The conference will last for one week and will be attended by all Extension workers of the Texas A&M College over the state of Texas.

**Lion Members Elect New Officers Tues.**

The annual election of new officers for the Clarendon Lions Club was held Tuesday of this week at the regular noon luncheon.

O. D. Lowry was elected President for the 1950-51 term; Carroll Knorpp, 1st Vice president; W. A. Riney Jr., 2nd Vice; M. M. McCully, 3rd Vice; Sam Lowry, Secretary; Rayburn L. Smith, treasurer; Howard Stewart, Lion Tamer; Loyd Johnson, Tail twister; Rufus White and William Lowe, directors.

J. R. Porter is the retiring president of the club. The installation of the new officers will be held soon after the first of July.

**General Rain Bolsters Crop Outlook**

The crop outlook in Donley County is much brighter at the present time after receiving 1.36 inches of moisture since we went to press last Thursday. The showers varied considerably in all communities but most every section received approximately the same amount or more during the week end rain period. The Brice section received a cloudburst last Saturday that did considerable damage to crops and prepared fields. Otherwise the rain fell slow and nice with little or no run-off. Most farmers over the county have their cotton up and unless an awful hard rain falls within the next few days they should be able to really get going without having to plant over several times. Range land is beginning to show up much greener and a good grass growth will be highly appreciated by the ranchers and stock farmers. Previous rains have helped considerably but the showers this past week have seemed to put on the finishing touch with water standing in the rows for several hours after the rain had stopped.

Here is the tabulation by days according to information released by the official weather station at the airport, June 1st, .95 inches; June 2nd, .07; June 3rd, trace; June 4th, .29; June 5th, .05. This gives a total for the week of 1.36 and a grand total for the year at 3.84.

**Fifteen Youths At Scout Camp**

Fifteen young Boy Scouts from Clarendon are attending the Boy Scout encampment this week at Camp Ki-O-wah near Lake Marvin in Canadian. The group left Sunday afternoon and will arrive back home this Saturday afternoon. Lee Bell, local Scout Master, stayed with the boys until Wednesday at which time Conner Wester went over to stay until Saturday. George Thompson, Homer Estlack, G. W. Bradshaw and Cap Morris were the other men that accompanied the boys over there last Sunday.

The boys attending the camp this week are: Buddy Bobbitt, Wesley Stewart, Tommie Mecaskey, Wayne Garmon, John Payne, Charles Anderson, Billy Bradshaw, George Thompson, Lloyd Risley, Allen Homer Estlack, Navara Bain, Spud Edens, Billie Carter, Tommy Lane, Larry Hiron. John Payne showed up with the mumps Wednesday morning and was brought back home by Mr. Bell.

There are two hundred boys in the camp this year, the largest ever held. The local boys are camped with a group from Bever, Okla.

**BURREL RHEA GRADUATED FROM UNIVERSITY OF TEXAS**

Burrel N. Rhea, son of Mr. and Mrs. John Rhea, received his bachelor of science degree from the University of Texas last week.

Rhea majored in pharmacy and maintained a high average in his pharmacy and chemistry courses. He will take the state board examination June 12. This examination has to be taken and passed before any pharmacist can practice in Texas.

Before going to the University, Rhea attended Clarendon Junior College. He served in the Navy and Marines for four years and was in the South Pacific for twenty-eight months.

Mr. and Mrs. Willard Skelton and family and Mr. and Mrs. L. H. Skelton and family left today for San Antonio to attend a family reunion of the Skelton clan. This will be the first time the Skeltons here have joined the group in this happy occasion.

Mr. and Mrs. J. R. Cowan and two daughters of Borger are visiting homefolks this week.

**Game Meeting Held Here Monday Nite**

Approximately forty sportsmen and landowners met with several members of the State Game, Fish & Oyster Commission here at the court house Monday night to discuss the hunting and fishing problems facing this area. It was pointed out at the meeting that it was the intention of the commission to close the quail season in the top 28 Panhandle counties unless such meetings as the one held here Monday night showed good reason and enough protest to prevent such a ruling.

In all probability the season will remain the same but the bag limit will be dropped to 10 birds a day. The game officials stated also that there probably would be an open season on deer and turkey in most of the Panhandle counties.

In discussing the dove hunting it was believed that the season would remain the same and one of the game officials stated that many were of the opinion that the out of town game hunter was responsible for shooting quail during the dove season; this he disagreed with and stated that the department had found that it was the local nimrods who were doing most of the damage. The official stated further that the number of quail ran in cycles and that it had been found that it did not help the increase of birds to close the season. He pointed out several other reasons why there was a shortage of birds due to other causes. In regard to the question of out of town hunters over-running the county during any hunting season he stated that all the land owner had to do was turn the trespassers over to local authorities and they would be prosecuted unless they had written permission to enter upon such premises.

The commission will probably give their final decisions regarding the 28 Panhandle counties within the next 30 days. They now have the power to close all seasons on hunting or fishing or regulate however they wish in the top 28 counties of the Panhandle.

**BALL GAME RAINED OUT HERE LAST SUNDAY**

The baseball game between Goldston and McLean was rained out in the second inning last Sunday afternoon. The field became so muddy at that time that it looked more like a comedy act, with all the players slipping around, than it did a baseball game. The game will be re-played sometime in August.

The next game for the locals will be with Washburn next Sunday.

**Country Club Work Progressing Nicely**

A report coming out of the directors meeting Tuesday night of the officials of the Country Club revealed that it wouldn't be too long until the club pool would be ready for use. The pool has been completed except for the painting. The contractors were due to fill in with dirt and finish the piping today, and next week the pool will be painted and walks run from the club house to the pool and around the pool.

The grounds committee has planted flowers, new ground has been staked off for new chuck boxes and tables. Repair work is being done on the club house with much improvement in the two dressing rooms.

The two water wells are working fine and the new well has been tested with an even flow of water and no let up, pumping around 40 gallons per minute.

It was reported that an announcement would be made within the near future in regard to the grand opening. The officials are planning on a big barbecue and other entertainment for this grand occasion. There are 88 paid members at the present time and several other persons have made pledges to join.

Donley County Leader, \$2.50 year

**PROBE AMERASIA CASE**

WASHINGTON, D. C.—Senate loyalty investigators resume their secret sessions on the Amerasia stolen document case. Here, Sen. Millard Tydings, committee chairman, (right), examines records with Lou Nichols, (left), assistant to FBI director J. Edgar Hoover, and D. Milton Ladd, (center), FBI agent who worked on the case in 1945.

**Red River Bridge Is Completed**

Traffic was officially turned over the new Salt Fork of Red River bridge 5 miles north of town this week after both approaches to the bridge had been black topped. Traffic had moved over the new bridge for the past two weeks after the road bed had been changed but not permanently until the asphalt had been applied this week. The new bridge is quite an improvement over the old structure with ample space for two cars to pass and plenty high enough to remain above the water during flood stage.

The old bridge is being torn down and all usable material is being salvaged and stored in the county warehouse.

**New Legion Officers Elected Tues. Nite**

Members of the Clark-Brock Post of the American Legion met in regular session Tuesday night and elected the following to lead the organization for the next year:

Commander, Jack Gray; 1st vice commander, W. W. Sandifer; 2nd vice commander, R. M. Chunn; 3rd vice commander, Rayburn Smith; Adjutant, Robt. L. Hutson; Chaplain, A. R. Casey; Historian, H. T. Burton; Service officer, B. C. Antrobus; Sgt. at Arms, H. H. Thompson; Executive committee, L. E. Thompson, J. R. Porter, H. M. Breedlove.

M. M. McCully is the retiring commander of the local post.

The installation of officers will be held June 20th at 7 o'clock at the Legion Hall and at the present time Carroll Deahl, zone commander of Hedley, has been contacted to perform the installation ceremony. The Legion will hold its annual big feed following the ceremony and every Legionnaire is urged to be present.

**Soil Conservation Tour Slated For June 28th**

June 28th will be the day for the spring tour of the Donley County Soil Conservation District. H. M. Breedlove, county agent, will be in charge of the tour and every one is invited to go on this tour and look over grass plantings, winter legumes, terracing and other conservation measures. The tour will start at nine o'clock in the morning from the office of the county agent and will end around noon.

The stops on the tour are being worked out at this time and at each stop a short discussion will be held of the conservation measure being visited. Those present on the tour will be Quentin Williams, district supervisor of the SCS, James Gouley of the Farm Home Administration; Carman Rhode, local SCS supervisor; Mrs. Ritter, of the PMA and county committee and the board of supervisors of the Soil Conservation district.

Breedlove is urging that farmers, ranchers and business men all attend this tour and look over conservation and soil building practices being carried on by your neighbors. This is strictly an educational tour and every one is invited and urged to attend.

**33.44 Percent Of Bond Drive Raised**

The Savings Bonds Division of the Treasury department announced this week that Donley County had attained 33.44 percent of its quota in the Independence Bond Drive of Series E. Savings Bonds. The quota set for Donley was \$18,000 and thru the second week of the drive the Federal Reserve Bank at Dallas credited the county with E bond sales amounting to \$6,018.75.

**JAP REDS ATTACK U. S. TROOPS**

TOKYO, JAPAN—Two U. S. soldiers were assaulted during a communist Memorial Day rally near the imperial palace. They suffered injuries before reinforcements arrived to break up the riot. Later, eight of the rioters were convicted by U. S. military court.

**MAUNA LOA SPOUTS LAVA**

HONOLULU, T. H.—Mauna Loa, 13,680 foot volcano, belches smoke and flame as rivers of molten lava flow westward to the sea in the greatest eruption in Hawaii's history. The main lava stream is a mile wide and 25 miles long, covering hundreds of acres.

THE TEMPLE OF TRUTH
By the Apostle
One can repay the loan of mere money, but one is forever in debt to those who are kind.
Did you ever notice that there is always a flat tire at most every blowout?
Heathens are people who never fuss or fight over their religion.
The modern woman's fondest wish is to be weighed and found wanting.
After being reminded of four requisites for a short story by their English teacher, the pupils

were instructed to include brevity, a reverence for religion, some association with royalty and an illustration of modesty. Thirty minutes was the time limit to write a story. In about five minutes Sandy threw his hand into the air with gusto and enthusiasm.

"That is fine, Sandy," the teacher complimented, "and now read your story to the class."

Sandy read: "My Gawd, said the dutchess, take your hand off my knee."

Some mothers are of the opinion that it is only natural for children to tell little fibs. On the other hand, mama is often shocked when little Johnny tells the truth at the wrong time before company.

Gabie Betts Burton Library Notes

By May L. Prewitt

The children have been eager to try their reading skill since school closed; therefore, the Library has been a very busy place. But perhaps now we are adjusted to conditions. The shelves are disorderly and dusty as the issuing of books has occupied every minute of time for two weeks.

There are a few new books to report. For the primary grades a Big Golden Book—"The Big Elephant, Teen age shelf has added "Toby On the Sheep Drive" by Margaret Phelps. This edition has been recently purchased by our neighboring libraries also. The New York Times Book Review and Saturday Review of Literature discuss its value to the Jr. reading list. Striker's "Lone Ranger and Tonto" is among our Lone Ranger Series now. We have ordered the list complete. However, nothing seems so fascinating to this group as the Hardy Boys series.

The book purchased\* for the adult readers is "Phantom Fortresses" by Bruce Lancaster. Against a setting of moss hung cypress in the mist-shrouded swamps of the Santee emerges the fascinating and enigmatic personality of Frances Marion, known to history as "The Swamp Fox." Mr. Lancaster with characteristic respect for historical accuracy, draws vivid portraits of Gen. Nathaniel Greene and Light Horse Harry Lee as he traces the pattern of this savagely fought phase of the American Revolution. It is a novel of exciting interest, published in March, 1950.

"The Diplomat" by James Aldridge, since the most important man in the world today is the Diplomat—the publishers in Feb. 1950 considered this novel the

most important book concerning this important man in the world today. "Jubilee Trail" by Gwen Briston is a title probably familiar to all my readers as it has been so greatly advertised. The Jubilee Trail extended from California to Santa Fe, but this trader went to New York to purchase goods to take to California. He took a wife too, and this story will fascinate you with its vivid history of California in the era of the great ranchos—when California was still under Mexican rule, but was also looked upon as one of the Russian Czar's out posts of history. Last we have "The Sea Eagles" by John Jennings. It is the re-created naval side of the American Revolution. It is an action-packed story of the sea—a story that captures brilliantly the flaming spirit of the time.

It is possible I have omitted listing some of our recent editions. We have quite a few for adults.

Mr. and Mrs. Luke Skelton left Monday for Temple. Biffie Blair accompanied them and went to Austin to visit her brother, Mr. and Mrs. Dwight Blair.

Kenneth Davis of the Marines is visiting relatives in Clarendon.

ASHTOLA

Mrs. Doyce Graham

Mr. and Mrs. Wayburn Wilson of Amarillo and Mr. and Mrs. E. O. Wilson of Clarendon spent Sunday with Mr. and Mrs. W. H. Wilson.

Mr. and Mrs. Ben Lovell and Mrs. Leo Wallace and Patsy attended the graduation exercises at SMU Saturday in which Joe Tom Lovell received his B.B.A. Degree.

The Willard Cooks and Earl Butler of Borger and the John Dials of Channing visited Sunday in the W. A. Poovey home.

Henry Wilson Jr. is now employed in Amarillo by M & L Transfer Co., and Joe Tom Lovell is working at Southwestern Investment Co. there.

Mr. and Mrs. W. G. Barker and family have moved to Claude.

Mrs. Millard Word entertained her Sunday school class with a party at her home Wednesday night.

Mrs. Hubert Rhoades entertained Sunday with a birthday dinner honoring Mrs. Eileen Brown.

The next meeting of the Quilting Club will be June 14 with

Mrs. Harold Graham, hostess. Mr. and Mrs. Homer Smith visited Mr. and Mrs. Virgil Adams of Tulia Sunday. Mr. and Mrs. R. E. Anderson and two children have moved to the S. J. Ranch.

BRICE

Mr. and Mrs. J. C. Johnson and children visited Sunday at Eli with Mr. and Mrs. W. C. Rexrode.

Mrs. Anna Dickson of Memphis was guest in the C. V. Murff home Sunday.

Mrs. Buck Johnson and children returned home Friday from Wickburg, Ariz. where they visited relatives.

Mrs. Herlie Moreman was an Amarillo business visitor Wed.

Mr. and Mrs. Harry Hartzog of Lubbock visited Sunday with his sister, Mrs. J. C. Johnson and family.

The U. D. C. Chapter of Memphis enjoyed a luncheon Tuesday in the home of Mrs. Herlie Moreman with Mrs. J. D. Browder of Mineral Wells as co-hostess.

Mr. and Mrs. Coy Elkins of Tulia visited Sunday in the Merle Lemons home.

Linda Campbell of Phoenix, Ariz. is visiting her father Perry Campbell.

MR. AND MRS. BILLY CHILTON

Photo by Tommy Saye

### Ira Jean Estlack Becomes Bride of Billy Chilton

Miss Ira Jean Estlack, daughter of Mr. and Mrs. Alfred Estlack, became the bride of Billy Eugene Chilton, son of Mr. and Mrs. James L. Chilton in a double ring ceremony at the First Baptist Church at 6 p. m., June 1st. Rev. Hal Upchurch, pastor of the Central Baptist Church of Pampa, read the service. Mrs. Allen J. Bryan, organist, played "Thine Alone" and "I Love You Truly" as the nuptial prelude, and the traditional wedding marches.

The wedding vows were exchanged before an arch formed of greenery, decorated with white wedding bells and streamers of pink and blue satin ribbon. Basket arrangements of white gladiolas and pink roses flanked the arch and completed the setting.

Ushers were Tommy Lane and Allen Homer Estlack. The maid of honor, Miss Schar-lean Pyeatt, wore a pink organdy dress fashioned identically to that of the brides with a headress and wrist band of pink rose buds. James Eldridge Chilton of Vernon, Texas was his brother's best man.

The bride, given in marriage by her father, was attired in a ballerina length dress of Chantilly lace over white satin fashioned with a fitted bodice and full gathered skirt. Her shoulder

length nylon illusion veil fell from a white satin head band trimmed with white stephanotis and white sweet peas. She carried a white Bible topped with a white orchid showered with streamers of white satin knotted with stephanotis and white sweet peas. The bride wore the traditional something old, something new, something borrowed and something blue and a penny in her shoe.

The brides mother chose a navy and pink linen dress with navy accessories and a corsage of baby blue "Mums" for her daughter's wedding, and Mrs. Chilton, mother of the groom, wore a navy sheer dress with navy and white accessories and a corsage of pink roses.

A reception was held after the ceremony in the church parlor. The parlor was decorated with bowls of pink roses and blue delphiniums. The serving table, laid with a white maderia cloth, bore a bowl of pink roses and the three-tiered wedding cake which was topped with a miniature bride and groom.

Those assisting in serving at the reception were Misses Doris Knorpp, Inelle Cox, Mary Ann Landers and Patricia Estlack.

For her traveling costume the bride chose an aqua gabardine suit with white accessories and a white orchid corsage.

The bride attended Clarendon schools and was graduated with the class of '50 from Clarendon Jr. College.

# Society

Mrs. J. C. Estlack, Society Editor  
Phone 455

The groom was graduated from Clarendon High School in '47 and has since been employed on the Hip O Ranch.

After a short honeymoon the young couple will make their home at Romero, where he is associated with the J J Ranch.

Mr. and Mrs. C. W. Lane entertained the wedding party with an informal dinner after rehearsal Wednesday evening. Dinner was served to fifteen.

### Laura Ann Thompson & Chauncey Hommel United In Candlelight Ceremony

Pink tapers lighted the bridal aisle for the twilight ceremony uniting in marriage Laura Ann Thompson and William Chauncey Hommel in the First Baptist Church, Friday evening, June 2. The bride is the daughter of Mr. and Mrs. George M. Thompson of Clarendon; and Mr. and Mrs. Frank Hommel, also of Clarendon, are parents of the groom.

Rev. L. A. Sartain officiated during the double ring ceremony.

Pink gladiola before a background of jade and fern and branched candelabra flanked the bridal arch which was entwined with salal and gypsophalia.

Preceding the exchange of vows, Mrs. Allen Bryan, organist, played "One Alone" by Rhombert, "Always" by Irving Berlin, and "I Love You, Truly" by Bond.

Candles were lighted by George and Judy Thompson, brother and sister of the bride. Judy's dress was pink dotted swiss over taffeta. Marvin Hillis sang "Because" by Hardelet during the ceremony and the "Lord's Prayer" as the benediction. The traditional wedding marches were used for the processional and recessional.

Given in marriage by her father, the bride was attired in a white sheer net gown over taffeta. The bodice was fitted, the yoke was framed with ruffles, and the three tiered bouffant skirt was scattered with baby satin bows. Her shoulder length veil fell from a shirred illusion headress. She wore net mitts and carried a colonial bouquet of white roses and gypsophalia. Her only jewelry was a single strand of pearls, a gift of the groom. The bride carried out the tradition of something old, something new, something borrowed, and something blue, and a penny in her shoe.

Wearing a lavender net dress fashioned identically to the bridal gown, Betty Thompson served her sister as maid of honor. Her colonial bouquet and headress were of pink pinocchio roses.

Gene Bryan served as best man, and ushers were June Day and Dick Kennedy.

Mrs. Thompson chose for her daughter's wedding a white eyelet redingote worn over a black crepe slip dress. Her corsage was of vanda orchids. The groom's mother was attired in a sky blue crepe dress and her corsage was of pink rosebuds.

Immediately following the ceremony a reception was held in the home of Mr. and Mrs. Allen Bryan. The table was covered

with a hand-made linen cloth and centered with a crystal bowl of pink roses and gypsophalia. A three tiered wedding cake topped with a miniature bride and groom completed the decoration.

Mrs. Byron Baldwin of Memphis, aunt of the bride, served the cake; and Mrs. A. R. Henson, sister of the groom, presided at the punch bowl. Mary Ann Landers, Jane Johnson, and Sue Dudley of Anson assisted in the dining room. At the guest book was Mrs. Harold Thomas of Amarillo, aunt of the bride.

For traveling Mrs. Hommel chose a navy balero gabardine suit with matching accessories. Her going away corsage was of red carnations.

Mrs. Hommel is a graduate of Clarendon High School and attended Clarendon Jr. College. The groom is a graduate of Clarendon High School and Clarendon Jr. College. The couple will make their home in Clarendon where Mr. Hommel is associated with his father in ranching and as a wholesale Magnolia distributor. Out of town guests were: Mrs. Byron Baldwin, Mrs. E. P.

MR. AND MRS. CHAUNCEY HOMMEL

Photo by Tommy Saye

Thompson and Edwin Thompson of Memphis; Mr. and Mrs. Ollie Hommel and daughter, Patsy, and Mr. and Mrs. Lester Camp-

bell and daughter, Chris, of McLean; Miss Alice Hommel of Dallas; Mr. and Mrs. Ted Dudley, Sue Dudley, and Pat Baxter, of

REHEARSAL SUPPER  
Immediately following the rehearsal Thursday evening, Mr. and Mrs. Frank Hommel entertained in their home with a buffet supper. The serving table was centered with a miniature bride and groom.

Attending were Mr. and Mrs. Marvin Hillis, Rev. L. A. Sartain, Mrs. Jolly Johnson, June Day, Dick Kennedy, Gene Bryan, Mr. and Mrs. A. R. Henson, Sharon and Wesley, Mr. and Mrs. George M. Thompson, Betty, Judy and George, Geraldine Hommel, and the honorees.

TANKERSLEY-IPSON  
Mr. and Mrs. Sam Tankersley announce the marriage of their daughter, Sammy Jean, to Hyrum B. Ipson, a son of Mr. and Mrs. Parley Ipson of Panguitch, Utah.

The ceremony was solemnized in the Manti Temple of Manti, Utah May 31, 1950.

The bride's sister, Ladell, and brother-in-law, Mr. Carl Danielson, attended the marriage ceremony along with the bride-groom's parents.

The bride wore a traditional white satin gown with a veil, finger tip length, edged with wide lace and caught to a beaded tiara.

The young couple will make their home in Cedar City, Utah where the groom will resume his college education.

**ASHTOLA NEEDLE CLUB**

The Ashtola Needle Club met at 2:30 June 1st with Dora Brandon as hostess and Hazel Brandon as co-hostess. During the business session, it was voted that at each meeting we have a cake with a dime in it selling for five cents per slice. The one getting the piece with the dime bakes the next cake. The proceeds from the sale of the cake will go to the club funds. Sue Rhoades bakes the first cake June 15. We urge that all members be present as on that day we will reveal polyanthas and draw names for the coming next 6 months. The program was on Pastry Making. Roll call was answered with "my method of making pastry." There was an exchange of recipes and hints on cooking. Delicious refreshments were served by the hostesses to 6 members and one visitor.

—Reporter

**GOLDSTON QUILTING CLUB**

The Goldston Quilting Club met Wednesday, May 31 with Sarah Peggram. A nice covered dish lunch was served at the noon hour. Three quilts were finished.

Guests present were Mrs. Walter Goldston and Mrs. Doc Ford from Claude.

Members present were: Blanch Gray, Nina Dale, Nora Jackson, Ola McBrayer, Charlene Reynolds, Ruth Littlefield, Carolyn McBrayer, Mott Phillely, May Pearl McDonald, Edith Jackson, Lucille Dale, Oddie Moss, Joy Roberson, Sally Hatley, Patsy Jackson, Geraldine Jackson, Janet Peggram, and the hostess Sarah Peggram.

Those who had received polyantha gifts were Sally Hatley and Ola McBrayer.

**BAPTIST YOUNG PEOPLE ENTERTAINED**

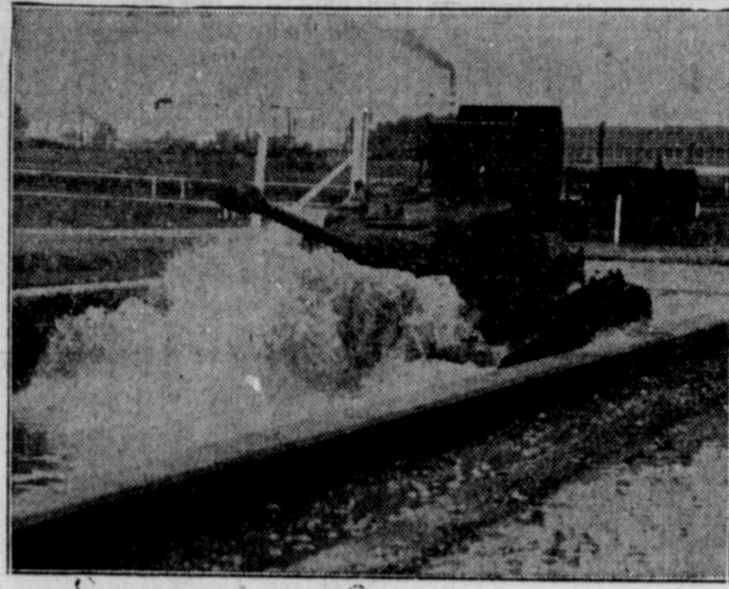

Mr. and Mrs. S. J. Furrow, assisted by Mr. and Mrs. Dale Hill, entertained the Baptist Young Peoples' Union with an ice cream supper on Friday evening, June 2nd, at their farm home.

After a very active evening, ice cream and angel food cake were served to a very tired, but happy group. Those present were: Eugene Bell, Ardith Butler, Louveta Cowan, Junior Davis, Jessie Green, Jim Guy, Nita Heath, Mrs. Hershel Heath, Mr. and Mrs. Marvin Hillis, Carolyn McBrayer, Lavon McBrayer, Nelda Morgan, Charlie Reynolds, Mr. and Mrs. Hill, Phyllis and Bill, Mr. and Mrs. Furrow and Darline, Durwood, Charles, Ray and Janice Ann.

**GARDEN CLUB**

The Garden Club will meet with Mrs. Barcus Antrobus Tuesday, June 13th at 4 p. m.

Whales cannot breathe under water.

**SATURDAY NIGHT FOR THIS TANK**—At the Army's Aberdeen Proving Ground this M-26 (Patton Tank) gets a thorough bath to test the waterproofing of engines and the sealing of hatches to hold out water. It plunges in with its fording device, demonstrating how deep streams may be crossed. (Department of Defense photo).

**Health Notes**

**AUSTIN**—Heart disease is the number one killer in Texas and last year there were 18,003 deaths from diseases of the heart, said Dr. Geo. W. Cox, State Health Officer.

What kind of a heart have you? The periodic check-up with your physician will tell you. The Tuberculosis Survey in the state conducted by the Texas State Department of Health has brought to light many non-tuberculosis abnormalities, some of these have been heart conditions.

The three present major forms of heart trouble are: rheumatic heart disease, high blood pressure and coronary heart disease. Rheumatic heart disease, the most common type of early life, occurs as the result of one or more attacks of rheumatic fever. It is a public health problem for which very little has been done, yet with early diagnosis and proper medical care during the acute and convalescent stages, children who develop rheumatic fever can be largely spared from rheumatic heart disease in later life.

Another major cause of heart trouble is high blood pressure or hypertension. This is the most common heart disease of middle age. There is a great deal that is not known about this disease, but we do know that it is most common in people who are overweight, and that it is associated with long, continuous nervous strain, high tension and constant worry. Treatment of high blood pressure is fairly successful in the majority of cases.

Coronary heart disease is a disease of the arteries which supply the heart muscle itself with blood. A majority of persons survive the first attack, and with good medical care, rest and common sense precautions, may even live a normal life span. Syphilitic heart disease can be prevented by early and adequate care of the systemic disease, a problem which has been simplified by the use of penicillin.

Research in the medical sciences is constantly improving the outlook for the cardiac patient, yet each individual must assume the responsibility for obtaining the benefits of this knowledge from his physician for himself and family.

Mrs. L. L. Wood who has been quite ill is reported some improved.

Mrs. E. A. Rammy and daughter of White Deer, a brother Delbert Reese of Morton visited in the home of their sister, Mrs. V. H. Hardy this past Sunday.

Mr. and Mrs. Frank White Jr. left Tuesday for Moberge, S. D. where Mr. White will see after his business interests there.

Mr. and Mrs. J. D. Swift and Miss Anna Moores left Tuesday on a vacation trip in Okla., East Texas and parts of Arkansas.

J. C. Estlack and granddaughters Jackie and Barbara Estlack visited his son, Mr. and Mrs. Phifer Eastlake and sons Bobbie and Dannie Sunday night at Denton, Texas.

Mrs. I. J. Self visited relatives at Quail one day last week.

**WORLD CRISIS CONDITIONS MAY PREVAIL INDEFINITELY TEXAS EDUCATOR DECLARES**

LUBBOCK—World conditions which cause a series of crises may extend beyond the lives of the present generation, Pres. D. M. Wiggins of Texas Technological college has declared.

Dr. Wiggins said living "in time of crisis" demands that educators redouble their efforts to

prepare young people for intellectual stability in chaotic times.

"I do not think the present situation will necessarily develop into a shooting war—I would be surprised if it did—but the accompanying strain and nervous tension may be with us for a long, long time," Dr. Wiggins said.

He said it would be logical for America to look to its institutions of higher learning for an anchor during the times of stress. These conditions may last throughout the lives of this year's group of college graduates, he said.

Mr. and Mrs. J. P. Hill and son John from Dumas spent Saturday night and Sunday with his parents, Mr. and Mrs. H. B. Hill.

Lloyd Hefner of Amarillo and Mr. and Mrs. Frank Johnston of Borger visited with Mr. and Mrs. Hefner Sunday afternoon.

### FARM NEWS

From the County PMA Committee

#### COTTON MEASUREMENT SCHOOL:

On Tuesday, June 6, 1950, a school was held for all persons planning to work for PMA as Reporters during our cotton measuring program. Those attending were: Enos M. Glass, W. Houston McDonald, C. P. Hamilton, Doyce Graham, Leo Wallace, Edward Sawyer, Willis Thomas, Fred Watt, Roy Beyers, Vernon Goldston, George Watson, A. M. Walker, and Billy Phillips. The school was conducted by Mrs. Ritter, our Administrative Officer and Alan R. Sanders, district Performance Supervisor. The

crews plan to start measuring in about two weeks, if the cotton is up high enough.

#### NEW GROWER WHEAT ALLOTMENTS:

If there is any producer in the county who didn't receive a wheat allotment last year, and wants one for 1951, he must make an application, here at the PMA office, not later than June 26, 1950 in order to be eligible for a 1951 wheat allotment.

#### WORK MUST BE COMPLETED:

We want to remind everyone having an approval for the various practices to try to have them completed, if it is at all possible, by June 30th and the approval turned in to this office. Don't forget — All Practices, Especially Mechanical Practices, need to be completed by June 30th.

AT U. S. NAVAL ACADEMY—Outstanding servicemen—soldiers, sailors, airmen and marines—visiting Annapolis on the first tour provided for them by the Department of Defense, are shown the famous Iwo Jima statue in the U. S. Naval Museum. Left to right, S/Sgt. J. M. Russell, Albemarle, N. C.; Aviation Boatswain Mate 1st Class D. J. Sailors, Commerce, Ga.; M/Sgt. T. R. Mitchell, Lubbock, Tex.; Sgt. 1st Class Robert R. Sharp, Burkesville, Ky.; T/Sgt. R. E. Graef, Richmond Hill, N. Y., and M/Sgt. J. E. Langley, Monroe, La.

#### BRING BACK THOSE CHAINS:

If you have a chain and you aren't using it, please bring it back to the office and pick up your deposit. We need our chains to measure this cotton land.

Doug Lowe, our Senior Field Officer, is in Northwest Texas Hospital this week. He had an appendectomy the first part of the week, but at the present time he is doing fine.

It seems that most everyone except the farmer knows how to get rich by farming.

Don't forget — The Independ-

ence Bond Drive started May 15 and will end July 4. The purchase of these bonds is a sure way to save.

We aren't having very many practices carried out at the present time because our budget is very low. Only the practices that take a small amount of money are being carried out. We are hoping to get an additional allocation before September—however this is not for certain.

Most of those who are most vocal in their criticism of the farm-support program are themselves recipients of some form of Government subsidies.

Mr. and Mrs. Walker Lane were in Pampa Sunday.

#### MRS. MATILDA UPTON PASSES AWAY

Mr. J. L. Upton of Shamrock, Texas received word of the death of his sister-in-law, Mrs. Matilda Upton of Dallas, Texas. Mrs. Upton, aged 72, passed away after an illness of six weeks. She is survived by her husband, W. E. Upton of the home, 2 sisters, Mrs. J. A. Johnson and Mrs. Betty Downing of Clay Center, Kansas; 3 brothers, J. M. and A. R. Christensen of Clay Center, and C. A. Christensen of Waukarusa, Kan. Those attending the funeral were A. R. Christensen and Mrs. Downing of Clay Center, Kansas, Mrs. Luetta Rippey, Mr. and Mrs. Ernest Upton, Oklahoma City, J. L. Upton, Shamrock, Texas; Mrs. Ray Couch, Mrs. W. H. Hill-

iard and son Billy of Fort Worth. Mr. and Mrs. Upton lived in Clarendon a number of years ago where Mr. Upton assisted his brother J. L. in his shoe shop.

Wilson Jones of San Antonio is visiting his grandparents, Mr. and Mrs. Melvin Cook. Mrs. Mears went to San Antonio last Thursday to bring him up for a visit.

#### Range Riders Rodeo To Be Held July 1-4 At Amarillo

Featuring nationally known attractions, the Range Riders Rodeo will be held at Tri-State Fair Grounds in Amarillo July 1st through July 4th, it has been announced by Delbert Dalby, president of the Will Rogers Range Riders.

Invitations have been extended to all out of town riding clubs to participate in the parade to be held at 4 p. m. on July 1, Mr. Dalby said, and local riders and owners of Western rigs will be welcome to join. Commercial vehicles may also participate. The parade will form at 1st and Polk Streets.

Stores will be asked to feature Western motif decorations during the rodeo, and everyone will be encouraged to "go Western" for the occasion.

According to George Pulley, chairman of the Range Riders Rodeo Committee, the show will be a fast-moving entertainment, with many novelty and comedy acts in addition to regular rodeo attractions. Produced by Beutler Brothers of Elk City, Oklahoma, the show will present 160 head of rodeo stock, including famous bucking horses and bulls. Jack Knapp, a midget clown bull-fighter who formerly appeared with Gene Autry, will co-star with his acrobatic wife, Bobby. Arthur Allen's Sheep Dog Act and the Kitchenettes Trampoline Act will be special attractions. Ruby Nance and his nationally known rodeo band will play, and Monte Reger will serve as announcer.

Performances will be held at 8 p. m. on Saturday July 1, at 2 p. m. on Sunday July 2, at 8 p. m. on Monday July 3, and at both 2 p. m. and 8 p. m. on the 4th.

Miss Chloe Darden who is working at Pampa spent the week end with homefolks.

Mrs. Maurine Lacky has gone to Lubbock to attend school this summer.

Mrs. G. A. Anderson visited relatives in Okla. over last week end.

CLARENDON, DONLEY COUNTY, TEXAS, JUNE 8, 1950

A Common Paper for Common People

## PLOWIN' Out the CORNERS by Uncle Zeb

Contrary to the way we may feel sometimes; there are more good folks in the world than there are bad, and there is more good in the hearts of most people than there is bad.

Am mailing membership cards to the following: C. M. Jones who has been quit several months, and Wendell Smith who hasn't smoked in over a month. Both are be-

ginning to worry about their weight. Don't worry boys until you pass two hundred, and then don't give up. Best wishes, anyway to you both.

Would you like a little book on Christian growth; how to best apply the teachings of Jesus to our own special problems; how to enjoy our life more as we go about its daily routine? Anyway, in my opinion, the little book called Applied Christianity by Dr. William H. Clark seems to be that kind of a book. Unless we are deceived the little book does not attempt to promote a denominational doctrine, and we would not want to recommend it if we thought it did because we so much want to try hard to look for good in all peoples and not be partial or prejudice toward any group. The books can be secured

direct from the author at thirty five cents apiece, or we will contact him for you. His address is: Dr. William H. Clark, Lindsborg, Kansas.

A young farmer was being introduced the other day to a group of Lions. The one introducing the introduced says, "Fello Lions, I now introduce to you my guest, who is a successful wheat planter." I guess this could be called Dry Weather Humor. Anyhow, it brought a good laugh, and there must have been no wheat raisers present. Doing the paying was Lion Lloyd Nelson, and the planter was James Gunter. Remember boys, there is always that proverbial next year.

Last week I had a little item about Foreyth the Sowder, and it seems I can't spell his name correctly. His brand on those yearlings that were two hundred percent profit counting what the boy that fed them was worth on the open market was 4E. He pronounced the name Four-E, and regardless of how complicated I tried to make it sound he spells it Foree. Well, what do you know, it's the easy ones that trip us up.

We were talking with the Floyd Massie's again, and we were discussing the frequency in which just as some men and women seem ready to enjoy life. Just as they finish a new home or

get a good sum of money laid for all the rainy days something happens to one of them and the grim reaper takes them on. And all the security and happiness that had seemed only a ways down the road disappears down into the forever. Of course it doesn't always happen but most of us have noticed it time again. Anyway, Mrs. Floyd is almost as sharp with humor as she is with her short-cake and Mama's strawberries. She says "Don't believe that I will tempt fate; rather be just a little miserable and uncomfortable and have a long time to enjoy it in." Now if that wouldn't singe your eyebrows, for you.

### "Hobby Shops Can Be Profitable" Leaflet Now Available

Running a hobby shop can be an interesting combination of pleasure and business—but only when sound financial and retailing practices are adhered to, according to Ray L. Miller, Regional Director of the Dallas Office, U. S. Department of Commerce. An outline of the diversified requirements for successful operation of such a shop is provided in a new leaflet prepared by the Department and issued as part of a series of "Small Business Aids" designed to help small businessmen improve their management

methods. The Commerce Department leaflet points out that interest in hobbies is now country-wide, and growing, and that hobby clubs have sprung up in almost every area. This means that there are enthusiastic groups of ready-made customers for hobby shops. It also means, said Miller, that the proprietor of such a shop should himself be an ardent "hobbyist," and so be capable of entering into the enthusiasm of those who visit his place of business.

Other practical aspects of hobby shop operation taken up in the leaflet include the capital and equipment necessary to open a hobby shop, choice of location, advertising, store displays and arrangement of merchandise, and types of hobby materials to be stocked. Sources of additional information are also listed. Single copies of the leaflet, "Hobby Shops Can Be Profitable" (Small Business Aid No. 504), may be obtained on request

### SOCIAL SECURITY NEWS

Are you one of the many students who will work during the summer vacation? If so, you will need a social security card, and here are facts the Social Security Administration would like for you to know.

If you go to work for wages in private business or industry, you must show your social security card to your employer promptly. If you have never had a social security card and are going to need one soon, or if you have lost your social security card, you

should go to the local post office and get an application. Fill it out and mail it to the Social Security Administration, Amarillo, Texas. You will receive your card in just a few days.

Be sure you always have just one social security number. See that your employer copies your name and number from the card each new place you go to work. Then when you or your family apply for payments based on your social security account there will be no delay. Do not apply for a card unless you are fairly sure to need it. Then get one promptly.

### CARD OF THANKS

### OLD PATHS

By DOYLE WILLIAMS  
Minister  
Church of Christ

There is a law of exclusion in the New Testament, and it was also respected in the Old Testament by the faithful of God. When God at any time commanded something to be done, and stated the means that were to be used in obeying his command it excluded all other means. God commanded Noah to build an ark, and told him the kind of material that was to be used in

building it; he was to use Gopher wood, and that excluded every other kind of wood from being used in the ark. God did not command Noah not to use Pine, Oak, Ash or some other kind of wood, but Noah under stood the law of exclusion, and only used Gopher wood. I believe with all of my heart had Noah used any other kind of wood he would have been punished for his disobedience. Neither was any other kind of wood a necessary inference to the building of the ark, even though, God did not command some other kind not to be used, but he stated the kind of wood that was to be used, and that excluded all others. This is no denial of the wishes, the likes and dislikes of any one, possibly Noah would have liked to use a piece of white pine, or perhaps he could have thought that a piece of oak would have aided in strengthen-

ing the gopher wood, but the building of the ark was not purposed upon the likes and dislikes of Noah or any other man, but upon the ways and means that God had given; thus it excluded the likes or the distaste of man.

Num. 21: 4-9. The Israelites murmured against God and against Moses. They were dissatisfied with their food. "And Jehovah sent fiery serpents among the people, and they bit the people; and much people of Israel died." The people confessed their sins and asked Moses to pray for them. This he did; but, instead of removing the serpents, God provided a remedy. "Make thee a fiery serpent, and set it upon a standard; and it shall come to pass, that every one that is bitten, when he seeth it, shall live." Moses obeyed: "And it came to pass, that if a serpent had bitten any man, when he looked upon the serpent of brass, he lived." For the people there was no other way of escape. God could have chosen another way. But his plan having been chosen and announced, left the people with out any choice, but to disobey and die, or obey and live. No substitute on their part would do, and they offered none.

If you will notice: God said, "Make thee a fiery serpent, and set it upon a standard; and it shall come to pass that every one that is bitten, when he seeth it, shall live." He told Moses what to make, and where to place it. He did not tell Moses not to use a lizard, or a rat or some other kind of animal, but he told him what to use, and that excluded

every thing else. God did not tell him to not put the serpent in a tree top, but he told him where to put it, and that excluded every other place. If God had not pointed out to Moses the place to put the serpent, but just commanded it to be hung up, then Moses could have been governed by the law of expedience as to the most convenient place, but when God designated the place, it ceased to be a matter of choice with Moses.

### Boating Tragedies Stir Safety Note

AUSTIN—An unusual number of 1950 boating fatalities has prompted safety experts to appeal to fishermen and other aquatic devotees for greater caution. The Executive Secretary of the Game, Fish and Oyster Commission said reports to Austin headquarters indicated that only greater safeguards will avert even more tragedies.

The high rate of water fatalities apparently is caused by a record surge of new boat operators to Texas waters. Several individual accidents have cost more than one life. One of the worst to date was the drowning of four persons when a boat overturned recently in Lake Worth.

The Executive Secretary said

reports from fieldmen indicated the high loss of life is primarily due to overloading and to unfamiliarity with new motors now available for the first time in unlimited variety and quantity.

He explained that too many people are fooled by so-called generous seating space in a small boat and that the average 12-foot or 14-foot boat has a full load when it has three adults aboard. Life preservers should be standard equipment. They may come in the form of a buoyant cushion or life jacket. A paddle is indispensable.

Emphasis was made that persons thrown into the water by an overturning boat should stay with the boat and resist the inevitable impulse to try to swim to shore.

The motor age, which has made oars unfashionable, has increased hazards. Some boaters put more power at the stern than their boat is built to handle, causing threats of assorted disasters, including swamping the craft.

The Executive Secretary said boats should be buoyant enough at all times to lift easily to oncoming waves instead of plunging into them. Watercraft should never be loaded to the point where they lose their "life," becoming top-heavy, loggy and un-

stable or hard to steer. Improper loading courts disaster as much as overloading. Oftentimes carelessly operated motorboats endanger swimmers. Boats frequently are turned, backed up or started away from docks without regard to the safety of persons in the water. Growth of surf-boarding and surf-skiing has added to the general perils.

Evergreen trees lose a crop of leaves each year but not all at once like the deciduous trees.

There is something fascinating in the study of trees. The development of a tiny seed, which you may hold lightly in your hand, into a structure weighing several, perhaps many, tons and rearing itself seventy to one hundred feet into the air would be regarded as a miracle were it not of such common occurrence.

Cells, usually assumed to be short-lived, have been found still living in the heartwood of Redwood trees a century old.

# 1949 The Bluebird 1950

Vol. 1 No. 31 LELIA LAKE SCHOOL NEWS June 8, 1950

## EDITORIAL OF THANKS

(Bobbie Seago)  
At the first of the school year everyone was wondering what our new English teacher would be like. Would she be tall and skinny, or would she be gruff, or just what? Well, she wasn't like we had imagined. She not only had a good outward appearance, but after a few weeks, we found that she had a very good disposition to go with it.  
When she called all the high school pupils together for a press meeting, no one knew exactly what she meant when she explained that she wanted to organize a school paper, but everyone agreed to co-operate as best

they could. She explained that the first thing for us to do was to appoint editors. This was done, and now it was time for us to name our paper. We decided to call our paper, "The Bluebird," the name of our basketball teams.  
This was only the beginning of the many things she has done for the betterment of our school. We wish to thank her from the bottom of our hearts for the hard work and time she has contributed in order that we might tell other people of the activities that happen in the Lelia Lake school. Many years before this, good things have been done around this school, but not until this year have we had the opportunity to

tell others about it. We want to not only thank Mrs. Bill Lowe, but also everyone who has had a hand in our newspaper work. We wish to thank the Leader for printing our page for us and being so patient.

We are looking forward to next year for another season of working and planning for and with Mrs. Lowe.

## STUDENTS LEAVE ON ANNUAL SCHOOL TRIP

The 1950 Juniors and Seniors of Lelia Lake left on their annual trip June 3rd.  
Some of the places they will visit are Seven Falls, Royal Gorge, Manitou Cliff Dwellings, Colorado Springs and all the fine museums and the many other interesting places near there.  
They left at 5 o'clock, the morning of the third.  
Bobbie Nell Seago went to Leslie Saturday night with Shirley Aten and her mother.

## SIX SENIORS GRADUATE

The 1950 seniors had their graduation exercises Friday night, June 2nd at 8 p. m.

The professional was played by Mrs. Billy Christal; Invocation by Rev. H. M. Vardeman; Chorus, "Whiffenpoof Song" and "My Rosary"; Salutatory Address, Bobby Hill; Valedictory Address, T. J. Carter; Address, Mr. Joe Black; Awarding of Diplomas, Mr. James Smith; Presentation of awards, Craig Johnson; Chorus, "Among My Souvenirs"; Benediction, Rev. V. H. Smith; and the Recessional, Mrs. Billy Christal.

The graduating seniors are Billy Jean Poole, Billy Royce Hill, Bobby Doyce Hill, T. J. Carter, Billy Raymond White, and Lee Roy Jackson.

Marilyn Butler went to Amarillo on business Saturday.

Ralph Ayers stayed all night with Benny Darnell Tuesday and

Friday night.

Romaine Anderson and Shirley Aten had business in Amarillo Saturday.

Keith Reed stayed all night with Kenneth Wilkinson Friday night.

Mrs. Bill Lowe and her sister, Mrs. Burrel Rhea, had business in Amarillo Saturday.

Shirley Aten stayed all night with Bobbie Nell Seago Monday night.

Romaine Anderson spent Monday night with Billie Jean Pool.

Shirley Aten spent Tuesday night with Romaine Anderson.

T. J. Carter went to Amarillo Thursday on business. He also went to Borger Saturday.

## SHOP CLASS TOURS HEDLEY VETERANS SCHOOL

Members of the shop class here at Lelia Lake were taken to the Donley County Veteran's School at Hedley Wednesday, May 31, by their instructor, Craig Johnson.

Bill Christal, teacher of the course, demonstrated the use of all the tools and gave a lecture on classroom work and actual work. He also gave detailed instructions on house carpentry work as this is what the boys have been working on recently.

## ALL SIX GRADUATES TO ATTEND COLLEGE

The graduating class of 1950 of the Lelia Lake High School all plan to attend college.

Billy Hill, Bobby Hill, Billy White, Ardath Monk, and Billie Jean Pool plan to go to college at Clarendon.

Lee Roy Jackson plans to go to college at Amarillo.

T. J. Carter plans to go to college at Canyon.

## THREE TEACHERS ATTEND WEST TEXAS STATE

Three of the Lelia Lake school teachers will attend West Texas State College at Canyon, Texas, this summer.

These teachers are: Mrs. J. R. Batson, who is working on her masters; Mrs. Nelson Seago is finishing her B. S., and Mrs. Lester Myers is working on her B. S.

## MANY VACATIONS PLANNED FOR SUMMER

Many of the students of Lelia Lake High School plan to take a vacation some time this summer. Here are only a few of the many trips that have been planned.

Kenneth Wilkinson plans a fishing trip with his family to Lake Bridgeport of Kiamick River in Oklahoma.

Bobbie Seago and Shirley Aten plan to leave for Dallas about the twelfth of June, to attend the Stamps singing school. This school will last for three weeks. The girls plan to take voice and piano.

Ralph Ayers and family may leave August first to make a long trip to California.

Romaine Anderson is going to Groom to visit Jerlene Holland for a few days this summer. After she returns from Groom she is going to Vernon, to visit relatives and friends.

Jerrie Faye King is going to spend the summer in Amarillo with her sister, Mrs. Elmer Woods.

Gaynell and Billy Scott will

spend two weeks in Amarillo visiting sisters, Mrs. John F. Harland, and Mrs. Ray Hefner, and brother, Chester Lee Scott and family.

T. J. Carter plans to work in Borger for the summer. Billie Jean Poole is spending some time in Tyler, Texas.

Woodie Vardeman is planning to work as a plaster's helper in Belton, Texas this summer.

Marilyn Butler, Bobbie Seago, and family are planning a trip to Old Mexico.

Carolyn Alexander is planning to spend the summer with her father, Everette Alexander in Houston.

Sue Seago and Bobbie Richie plan to attend the Methodist Camp at Ceta Glen for a week.

A section of giant California redwood, presented by the California delegation of the American Legion to the soldiers of France, was, according to the number of rings, 1,995 years old when the tree fell in 1915.

## Dollar for Dollar - you can't beat a

# PONTIAC

### A Wonderful Performer

— at a Wonderful Price!

Almost everybody has a good word for the immensely popular Pontiac. The most enthusiastic spokesmen are those who own this great car. The facts behind this admiration of Pontiac are very simple—

Pontiac is America's lowest-priced Straight Eight. Pontiac is the lowest-priced car with GM Hydra-Matic Drive. Pontiac is the

most beautiful thing on wheels. And Pontiac is famed everywhere for its dependability and economy.

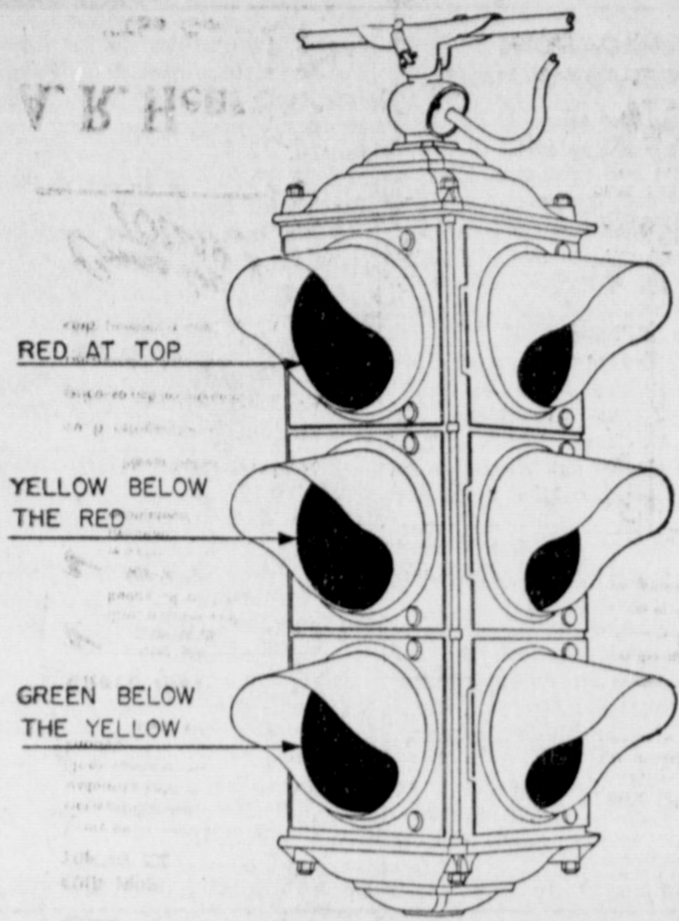

Those are the facts, and they are impressive. But they are a lot more impressive to the person behind the wheel of a Pontiac. He knows for sure that dollar for dollar, you can't beat a Pontiac!

COME IN AND SEE FOR YOURSELF!

JOE A. HOLLAND PONTIAC

Highway 287

Clarendon, Texas

STANDARD TRAFFIC SIGNALS

STANDARD VERTICAL ARRANGEMENT OF SIGNAL LENSES SKETCH E

FIXED-TIME (STOP AND GO) HIGHWAY TRAFFIC SIGNALS

What do you know about highway traffic signals? If your knowledge is limited to the fact that you go when the signal shows green and stop when it shows red, you can make the problem of traffic control an easier one for your public officials by knowing more about traffic signals.

You can help bring about uniformity of traffic signals by learning to identify the standard traffic signal and then encourage your officials to use only standard types when they install new signals or replace existing non-standard signals. Wouldn't it be much easier for you to understand the indications given by traffic signals if they were all of

the same design in every town and state? In fact, standardization of traffic control signals is considered so desirable and important that the Fiftieth Texas Legislature specified that all highway traffic signals installed in Texas after 1947 shall conform to National standards.

The sketch will help you identify the most common type of a standard fixed-time (stop and go) signal for suspension over the center of the highway. To be standard each face must have at least three lenses, with red at the top, yellow below the red, and green below the yellow. Additional lenses, showing arrows and walk-wait, may be added at complicated intersections to provide for special movements of traffic. The standard position of

the lenses is not only helpful to every motorist, but it is especially helpful to the color blind who can tell whether to stop or go by the difference in brightness of the lenses when they cannot distinguish colors.

The yellow signal, which follows green only, plays a very important role. It warns traffic in motion that the signal indication will change; it provides a clearance time for traffic already in the intersection and for traffic approaching so closely that to stop would be hazardous; and it permits operation of yellow as a flashing caution signal when the signal is not being operated as a stop and go signal.

There are a large number of traffic signals in-use today that were installed before the present standards were adopted, and they do not conform to present standards. Unfortunately there are some local units of government who still buy non-standard signals without the yellow lenses. Some of these two-section signals show both red and green at the time they are changing color, which is not only confusing but also hazardous.

You can also help with the problem of traffic control by understanding the functions of traffic signals and their limitations.

A well designed and operated traffic signal installed on the basis of factual studies of the number of vehicles and pedestrians, accidents, speeds, delays, and physical conditions of the location can render invaluable service in the smooth and safe flow of traffic. On the other hand, an unjustified, ill designed, ineffective

placed, improperly operated, poorly maintained signal is not only a waste of public funds, but it causes unnecessary delays to traffic, disobedience of signal indications, use of alternate routes, and often, an increase in accidents.

After years of study and experience, National authorities have set out the conditions that will justify the installation of a traffic signal. Unfortunately, too many traffic signals have been installed on the basis of opinion rather than facts, and upon the mistaken idea that they are a cure-all for all traffic problems. The result has been a hindrance to traffic rather than a help. How

many times have you, as a law abiding citizen, been forced to stop at some insignificant cross street and wait for a signal to change to green when there was not a car or pedestrian in sight? Did this unnecessary delay improve your disposition and your respect for traffic signals? Another common fallacy is that a single stop and go signal can control speed, and this belief has resulted in a number of unjustified signals. The signal may slow down the speed demon or even stop him while the signal is red, but while the signal is showing green, it only offers a challenge for this speed demon to go faster to get by it before it does turn red.

Traffic signals cannot write tickets for traffic violations—you still need traffic officers to enforce traffic rules and regulations.

Remember these things about traffic signals and do your part in the problem of traffic control by insisting that your local officials install only standard signals in the future and that they be installed only after a factual study has been made by a competent engineer to determine whether or not they will be a help or a hindrance to traffic.

What couldn't the Farm Bureau do if it had 100% membership? (Adv.)

A stump of a giant cypress tree grown during the glacial area was uncovered by subway workmen August 6, 1931 in Philadelphia. It was found 38 feet below the surface of the street and 10 feet below sea level. The stump measured 17 feet in circumference.

Japan has close to 2,000,000 acres of forests embracing some 353,000 separate forest areas specifically designated to prevent denudation of soil and occurrence of floods.

Mexican jumping beans jump because of the larva of a moth which is inside.

"Enjoy brighter, lighter, easier summer meals"

with Borden's cottage cheese

If you are tired of cooking over a hot stove in this summer heat take note, here's welcome relief! You can prepare brighter, lighter, easier and cooler summer meals with Borden's famous Cottage Cheese. And there are dozens of delightful, appetizing ways to prepare Cottage Cheese for nourishing summer dishes... as a main dish... in cooling salads... in sandwiches. For relief from the heat with easy, quick, cool, tasty meals, ask for Borden's Cottage Cheese... today.

IT'S THRIFTY, TOO!

IF IT'S Borden's IT'S GOT TO BE GOOD!

FAMILY TREAT. They'll all have fun in this roomy 4-door Sedan with generous luggage space for trips. Shown here is the SPECIAL. Same body type available also in the SUPER series.

Look at the FUN you're missing!

SURE, we know—a car is a "necessity" these days. A modern family "couldn't get along without one." Or so you tell yourself.

Come, come, sir! We know, and so do you, the real reason you got the new-car fever—and the kind of car you are hankering for.

You want a car with some fun in it, don't you?

A car you'll get a big bang out of every time you see it parked in front of your house—every time you slip into its front seat—every sweet and easy mile you travel in it.

Well, come see what this beauty does for you.

How the doors swing open in warm welcome at a thumb touch on a button. How the broad seats invite you to take it easy. How the big straight-eight under the

bonnet snaps into purring life at your toe-touch.

And then note—

How smoothly you slip away from the curb—especially when Dynaflo\* is handling the power transmission.

How firm and steady the whole car feels. How it holds on curves, free of "heel-over" and sway. How each coil-sprung wheel quicksteps over bumps and rough spots that mean jounce and jiggle on most cars—how buoyantly road-free a Buick is.

\* Dynaflo Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Fun? You bet it's fun—too much fun to miss.

And there's no reason to miss it, really, for this strapping traveler is priced under many sixes. Starts at figures just an easy step above the so-called Lowest Price cars.

What's keeping you from trying one, when the nearest Buick dealer is ready to demonstrate without obligation any time you want to call on him.

Only Buick has Dynaflo—and with it goes:

- HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.)
NEW-PATTERN STYLING, with MULTI-GUARD front-end, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.
