**People Happy,
 But Concerned—
 Says Worley**

In an interview this week in Amarillo, Congressman Eugene Worley had the following to say: "Since adjournment of the special session of Congress I have visited most of the 28 counties in the 18th Congressional District. It hasn't been surprising to learn that the people are cheerful and happy, but still concerned - - - concerned about Russia and the possibility of another horrible war; concerned about what may happen to them if there is an

economic crash; concerned about the long-range farm program and what will happen to it should there be a change of Administration. On the last point they are very greatly concerned because this is the first time in years farmers and ranchers have had a chance to eat at the first table. "I have talked with many satisfied and happy people but no hungry ones. I haven't seen any closed banks or heard of any farm or home foreclosures. It may be that some folks can't recall such things now-a-days on a full stomach. But not so long ago those were the real problems and there were countless empty and growling stomachs. "As a member of the Demo-

cratic Party, I am more than glad to do anything possible to prevent soup lines, 10c wheat, 5c cotton, 2c hogs, 5c cattle, sheriff sales, closed banks, and hopeless people adrift everywhere. As Senator Barkley said, "When the Democrats took over 16 years ago, even the spiders were so weak from starvation they could not weave a cobweb."

"The greatest strength of the Democratic Party is its principles. And one of the greatest and most far-reaching principles of the Party has been that of promoting the welfare of all the people—not just a few. It was before my time in Congress, but I can remember back in 1932 when the people of the nation rushed to embrace the Democratic Party because untold suffering and the hopelessness of the vast majority of the people had resulted from a rock-ribbed do-nothing Republican Administration. There isn't an average man or woman in the Texas Panhandle who would want to return to the black days of hopelessness that prevailed not too many years ago.

"Well, the Republican Party has not changed. It remains sectional and the party of the few. During their administration we have always found high tariffs, scarce money and high interest rates, resulting in depressions. It is far better for all of the people to have at least some money and a higher standard of living than for just a few people to have a

corner on all the money. Surely most of us throughout the Southwest realize that the quickest way to get an economic sledge hammer blow squarely between the eyes is to permit another Republican Administration to get into control. "We have an election on November 2, and I hope that every qualified voter will go to the polls. The privilege of voting is the most precious in our democratic form of government. And it is the most important. Democracy can never be hurt, no matter how much the Communists and other "ismites" try to bore in, so long as the people inform themselves and participate fully in public affairs."

QUESTIONS AND ANSWERS

Q—I served in the U. S. Army during World War I. Am I eligible for Government Life Insurance?
 A—As a veteran of World War I, you are eligible to apply for up to \$10,000 of U. S. Government Life Insurance, whether or not you took out such insurance while you were in the service or have let such insurance lapse.

Q—What are the deadlines that apply if I wish to take my training under the provisions of the G-I Bill at a later date?
 A—You may apply for training within four years from July 25, 1947, or within four years from the date of your discharge or separation from the armed services, whichever is later. You must finish your training by July 25, 1956.

Q—I am considering taking on-the-job training but I find the proposed training will necessitate purchase of a great many tools and some equipment. Will Veterans Administration pay for the tools I will need?
 A—Veterans Administration will furnish you with tools and equipment, provided they are required by all other trainees taking the same course.

Q—Will the Government pay funeral expenses for a World War I veteran who dies of a non-service-connected disability?
 A—Funeral expenses, up to \$150, will be paid by the Government in the death of any World War I veteran discharged under condition other than dishonorable.

Q—What are the deadlines that apply if I wish to take my training under the provisions of the G-I Bill at a later date?
 A—You may apply for training within four years from July 25, 1947, or within four years from the date of your discharge or separation from the armed services, whichever is later. You must finish your training by July 25, 1956.

ed head of the VA by President Truman to succeed General Omar Bradley, now Army Chief of Staff.

Gray left the position of Vice President of the Chicago and Northwestern Railway System to come to VA. He has had an active railroad career since his youth in Kansas.

During World War II, Gray served overseas 34 months as Director General, Military Railway Service in North Africa, Italy and Southern France. Later, he became Director General of Military Railway Service in the European Theater of Operations.

Gray, a Major General, commanded approximately 25,000 officers and men and supervised military railway traffic over a system embracing more than 46,000 miles of lines.

The first GI Bill deadline is not far away. Veterans discharged before July 25, 1947, have only until July 25, 1949, to apply for

readjustment allowances for unemployment and self-employment. GI's discharged after the 1947 date have until two years after discharge.

Here's a job tip for veterans scheduled to graduate this year as pharmacists.

VA needs qualified pharmacists who are graduates of accredited colleges of pharmacy and who have registered as pharmacists in one of the states or the District of Columbia.

No experience is necessary for P-1 ratings (\$2,974.80 to \$3,727.20 a year).

THE TEMPLE OF TRUTH

By the Apostle

Most political candidates know that they can't fool all of the people all of the time, so they are content with fooling a majority of the people for a short time.

A local hen-pecked guy excuses himself by saying that he proposed in a garage and she wouldn't let him back out.

And speaking of politics, you

are requested to vote against Amendments 5 and 7 so that you will still have your homestead exemption. Otherwise, you may live in a county that can legally tax your homestead. Read both Amendments carefully.

Another Amendment that is calling for a lot of discussion is No. 8. If this one carries, the higher judges will be retired on a pension at the expense of the taxpayers. Men who ask for these kind of jobs do so that they may earn more than they are earning as lawyers. All the salaries run into the thousands. Why retire the judges on a pension? If this

Amendment is approved, it won't be long until every public official will be yelling for a pension. And in all fairness, if the higher salaried officers are due a pension, certainly those of smaller salaries should have the same right. Imagine an assistant deputy constable drawing down a big pension! Join your neighbor in defeating Amendment No. 8.

World's Record

An 84-year-old bewhiskered Arab, Moussa Majadi, probably holds the world's record for Bible distribution. He has been associated with the American Bible Society for 62 years and over that period has distributed a quarter of a million Scriptures, virtually all of them in Arabic.

Although not as active as formerly, "I'll not stop working till I die," he says.

Dollar Day will be Bargain Day in Clarendon, Nov. 3rd.

Something To Remember

If you want to fatten a chicken, feed it Corn, wheat, Kaffir or Milo, but if you want Eggs, and lots of them, feed Chic-O-Line, or Wes-Tex, 18 or 20% Protein Egg Mash, a Tried and Proven feed that brings results—new low prices that will interest you, and make the old hens cackle.

Why experiment? Feed the feed that has stood the test for years. Just a cold blooded business proposition, and remember we give Green Stamps on all Cash feed sales - - ask for them.

Your feed grinding and mixing appreciated.

Move to Dallas This Week
Dr. Winton Welsh and wife Jackie moved to Dallas this week. Dr. Welsh will be associated with Dr. Robert Lorenz at the 10th and Jefferson Clinic in the Oak Cliff section of Dallas. This clinic is a beautiful modern structure and was established in 1945. Correspondence to him may be directed to 627 Woodbine.

VISITS SISTER HERE

Mrs. C. L. Bellamy who has been a guest for two weeks in the home of her sister, Judge and Mrs. W. J. Williams, left Wednesday for Okla. City to visit another sister before returning to her home in Austin. Mrs. Bellamy's son also visited a short time in the Williams home. Mr. Bellamy who is chief Probation officer of Travis County came up to place a boy at Boys Ranch. Through his work with the Commissioners Court of Travis County, they now have a Juvenile Court and Detention Home apart from the

county court. This is the first home and court for this purpose in Texas.

Mr. and Mrs. Joe Lee Humphrey and baby of Berger and Mr. and Mrs. Sam Bryan of Stinnett visited Thursday with Mrs. Bryan's sister, Mrs. Eva Humphrey.

Joe Tom Smith and Miss Mary Bowers of Springfield, Colo. visited his sister, Joyce Smith who is at the home of her grandmother, Mrs. Monica Harvey, after an operation at Groom last week. They also visited his father, Mr. O. L. Smith Sr. and grandmother, Mrs. Monica Harvey, Wednesday.

Serving In Japan

Sgt. James B. Guy, son of Mr. and Mrs. Walter A. Guy of Clarendon, is now serving with the Saga Military Government Team, Saga, Kyushu, Japan, assigned to the Public Safety Section.

Paul Semrad who is attending college at Lubbock spent the weekend at home.

Mr. and Mrs. Paul Hill and baby Johnny from Dumas spent the weekend with his parents, Mr. and Mrs. H. B. Hill.

Mrs. W. D. Martin returned home Sunday afternoon from a weeks visit with her children at Amarillo, Berger and Shamrock.

Mr. and Mrs. Cap Morris, Mrs. Heckle Stark and Mrs. Chas. Bairfield left Sunday for Ft. Worth where they are attending the Eastern Star convention.

Mrs. Harry Blair visited her mother, Mrs. Mitcham at Memphis Saturday.

Mr. and Mrs. Frank Whitlock visited their children at Amarillo Monday night.

Mr. and Mrs. Geo. McKee visited relatives at Higgins Sunday.

Mr. and Mrs. Harper Scoggins of Berger spent the weekend visiting her parents, Mr. and Mrs. J. R. Bartlett.

Linder Hagains of Amarillo visited his uncle and aunt, Mr. and Mrs. William Payne Tuesday.

Marvin Land of Tucumcari, N. Mex. spent Monday night visiting his father and mother. Mr. and Mrs. W. A. Land. Mr. Land is still confined to his bed and about the same.

Mrs. F. C. Paulk who had a serious operation at the Goodall hospital at Memphis was able to be brought home Monday and is doing nicely.

Mr. and Mrs. Guy Wright and son Harry and Mr. S. A. Pierce returned home Tuesday from a two weeks visit at St. Louis and Bentonville, Arkansas. They attended the annual Fox Hunt while there.

Mr. and Mrs. Geo. McCleskey Jr. of Lubbock spent the weekend visiting his parents, Mr. and Mrs. McCleskey.

Mrs. Irene Mitchell and son, Mr. and Mrs. Marvin Mitchell and small son of Dallas visited Mr. and Mrs. G. A. Anderson Sunday.

Mrs. Sam Hill is at home after being ill in the Groom hospital last week and is improving.

Mr. Charley McCracken of Amarillo visited his mother, Mrs. McCracken and sister, Mrs. Jim Heckman Saturday.

Mr. and Mrs. Everett Johnson and daughter of Okla. City spent the weekend with his mother, Mrs. F. C. Johnson.

Mr. and Mrs. Alex Kay Cooke of Lubbock announce the birth of a son named Thomas Fielding Cooke.

William Ozell Slater, son of Mr. and Mrs. Raymond Ozell Slater of Clarendon, has enlisted in the United States Army for a three year period.

Mr. Mitch Bell has returned to Clarendon after a visit to Okla. City for a medical check-up.

Mrs. Love of Clovis, N. M. came Thursday (today) for a visit with her brother and wife, Mr. and Mrs. H. C. Brumley.

Mr. and Mrs. Joe Goldston are visiting at Little Rock, Arkansas and Hot Springs, Arkansas for two weeks.

Mr. and Mrs. Forrest Adamson left Wednesday for their home at Culver City, Calif. after a two weeks visit with her parents and families, Mr. and Mrs. John Rhodes.

Mr. and Mrs. Pete Kunz had for house guest Friday and Saturday, Mrs. Herbert Emery of Dallas.

Mrs. Ben Chamberlain and children of Claude visited Tuesday with relatives.

Mrs. Mattie Melton moved to Lubbock Sunday and will make her home there.

Mrs. W. A. Knight who has been visiting her daughter in Illinois has returned home.

TWO INJURED IN AUTO-TRUCK COLLISION

D. D. Chewing and Sue Bennett, both of Muleshoe, Texas were injured Tuesday about 1:30 p. m. when the Chewing car collided with a war surplus truck driven by Sam Tomlinson. Deputy Sheriff Truett Behrens stated that the accident occurred about 7 1/2 miles north of Clarendon on the Jericho highway. Tomlinson was turning off the highway onto a side road when Chewing started

to pass him in his 1948 Mercury sedan, Behrens added.

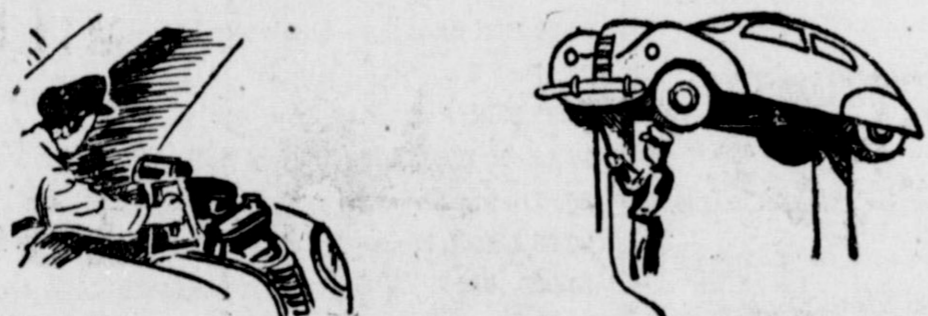

Chewing and Miss Bennett were rushed to the Groom hospital. Miss Bennett received scalp wounds and a shoulder injury and Chewing received a broken leg. Tomlinson was not injured. The Mercury was practically demolished.

It was reported that Chewing was driving Miss Bennett to Pampa when the accident occurred.

Returns to Gilbert Islands

Jack Maier drifted in the Pacific for 32 days in 1944. He was finally rescued by natives of the Gilbert Islands, in the Southwest Pacific. They saved his life. He now wants to use his life to save theirs and is returning as a missionary. He has written the American Bible Society for 500 Bibles in Gilbertese to take with him.

WITH TEXAS PLANTED TO RUST-RESISTANT WHEAT, THE MIGRATORY SPORES WHICH CAUSE THE RUST PROBLEM WILL HAVE NO PLACE TO SPEND THE WINTER.

WORKING ALONE IN FIELDS FOR YEARS, HE CROSSED WILD EMMAERS WITH BREAD WHEATS, FINALLY DEVELOPED HOPE STRAIN— THEN AUSTIN AND OTHERS.

READERS DIGEST AWARDED HIM \$2,500 FOR HIS “EXCEPTIONALLY MERITORIOUS ACHIEVEMENT.” FARM JOURNAL CALLED HIM THE “BUBBANK OF THE WHEAT FIELD.”

HIS RESEARCH HAS INCREASED THE EARNINGS OF AMERICAN FARMERS BY MILLIONS!

A MONUMENT HAS BEEN ERRECTED IN McFADDEN’S HOME TOWN, WEBSTER, ND.

Edgar S. McFadden, agronomist for the United States Department of Agriculture, stationed at the A. and M. College of Texas since 1935, is credited with having done more than any other living man to feed this hungry world. Breeder of the first rust-resistant bread wheat, named “Hope,” he has made it possible to grow wheat on millions of acres throughout the world where it could not be successfully grown before. His discovery is authoritatively credited with having saved American farmers \$400,000,000 a year during the past war and with having furnished bread for 25,000,000 people who would have died of starvation. His “Austin” wheat now grows on more than a million Texas acres and his new “Seabreeze” variety is spreading throughout the Gulf Coast area rapidly.

OVERWHELMING VICTORY BEING PREDICTED FOR AMENDMENT NO. TWO

Regardless of which party wins the November 2nd election, Texas voters will chalk up another first in the state’s political history according to John Ben Shepperd, chairman of the non-political Texas Committee for Redistricting.
“For the first time Texans are being given the opportunity to vote for automatic redistricting,” Shepperd pointed out. “Constitutional Amendment Two, which provides for state-wide redistricting, has been hailed as one of the most important amendments ever submitted to the voters.”
Shepperd predicted overwhelming voter approval for Constitutional Amendment Two which will replace the present antiquated system of apportionment under which many sections of Texas are denied fair representation in the State Legislature.
“Texas has not been redistricted in 27 years,” Shepperd stated. “Although there have been tre-

mendous increases in population in many counties during that time, these areas have no more choice in the operation of our state government than they had in 1921 when the state was last redistricted.”

Under the Constitutional Amendment Two a board is provided to redistrict the state according to population after every Federal census if the Legislature fails to do so.

Shepperd, former national president of the U. S. Junior Chamber of Commerce, is heading the non-partisan Texas Committee for Redistricting organized by more than 1000 prominent Texans from all parties and all areas to urge support for Amendment Two.

Gubernatorial candidates of both the Democratic and Republican parties, six former Texas Governors, labor organizations, the League of Women Voters and numerous civic groups have endorsed Amendment Two, Shepperd stated.

“Amendment Two assures fair representation for all Texans in the Legislature,” Shepperd declared. “Therefore, it deserves the support of every fairminded Texan at the polls on November 2.”

Why Is A Federal Land Bank Loan

Popular with Farmers & Ranchers?

There are Many Reasons

One is the low rate of interest—4% While interest rates are rising, a Federal Land Bank loan closed now is fixed at 4% for the life of the loan.

One-Point Margin Saves Irish In Broncho Game

The famous all-time rival of the Clarendon Bronchos, the Shamrock Irishmen, met unexpected determination on the part of the local gridlers here Friday night when the Irish fought to the gun to maintain a one-point lead over the Clarendon Bronchos. The green and white Irish met a new team of Bronchos—the same players but with new spirit, determination, and strategy. The

score: Shamrock 8, Clarendon 7. According to sports writers for daily papers in this area, it seems that Shamrock pulled one of the most daring gambles in district A football. They entered their second string, according to these writers, against the Bronchos. That is not true. It is true that two or possibly more members of their first string squad were not present. But it was not because Coach McCall thought they were not needed perhaps, but because these boys were recovering from injuries.

Here is a brief resume of the game: Clarendon was threatened in the first quarter when Shamrock fought their way to the

Broncho five yard line. However, they were held and the Bronchos took possession of the pigskin, to kick it back to near center field.

In the second quarter, the Bronchos regained possession of the ball to begin a drive that undoubtedly frightened the Irishmen to desperation and at the same time greatly enhanced the Bronchos' chances of getting the jump on their opponents. Sparked by Rex Bradford's speed and drive, Clarendon drove 65 yards down the gridiron before losing the ball. Bradford still carried his right arm in a cast.

In the second period, the Irish drove the ball steadily back to the Broncho goal. Fullback Willard Harral carried it over from the four to score. A run for conversion was stopped by the Broncho line.

Right after the half time, Jimmy Jenkins was tackled behind the goal line to give Shamrock a safety and two more points, bringing Shamrock's lead 8-0.

Clarendon rallied in the fourth and earned seven points which brought the scoring 8-7. Opening an aerial attack, Jenkins completed a pass to Tommy Heatherly for a gain of about 12 yards to place the ball on the Irish 30 yard line. He completed a second pass to Gene Bulman on the five who ran it over. Jenkin's kick for the conversion was good.

Fighting as they had never fought before, the Bronchos did everything in their power to score again. But it was too late. The gun ended the greatest contest of the season and left the most determined Broncho squad as yet

on the short end of the scoring, by one point. The Bronchos and their coaches are to be highly commended for the clean sportsmanship and high spirited game displayed here last Friday night.

FARM NEWS

We are pretty blue here in the AAA office, because there is no money left in the budget. Maybe we should feel happy rather than sad about the above fact, for it means that farmers in Donley County are truly interested in soil and water conservation and have come to the AAA office for assistance in carrying out good farming practices. We really are happy about that, and so every person in Donley County should be, but more good practices would have been carried out if we had had more money in the AAA Budget so that assistance could have been offered.

Work will be started soon on the Applications for Payment for the practices carried out during the 1948 program year. We will get complete details on procedure for that work (by the time you read this we will have the information) at a meeting in Childress on Monday and Tuesday. Johnnie and Doug will keep the office while the rest of us attend the meeting.

Have you been thinking about committee elections? If not, then do begin to do some thinking along those lines. If you feel that the fellow who is your community committeeman is doing a good job then let him know by re-

electing him with a big vote. Your Community Committeeman doesn't draw a big salary—he is paid at a rate of \$4.00 a day for the time he works and the average salary for the Donley County Committeeman is \$16.00 per year. They work a lot without any pay whatever and spend a lot of time studying information from the State Office and from this Office. Be sure to vote. Watch this column for information.

A lot of farmers have "dry-seeded" their wheat and their winter cover crops. Some of them have had good luck so far, others have not done so well. We all hope it will rain before this goes to press. It is dry all over the state, so our state office officials tell us.

If, by some lucky chance, Donley County gets more AAA money for the 1948 program, we'll start the FARM NEWS with a big HURRAH and those of you who have asked for assistance can come to the office to get your approvals for work you want to do. A lot of our farmers are going right ahead with good soil conservation practices even though they will not receive AAA assistance. That is proof of good, clear thinking and these farmers are to be congratulated.

WHITAKER'S HAVE FAMILY REUNION

Mr. and Mrs. Fred Whitaker had a family reunion at their home one mile south of the College last Sunday. This is an annual affair each year at which time they celebrate Mr. Whitaker's birthday.

All of their seven children and 10 grandchildren and a few friends were present, 27 in all. Mr. and Mrs. Less Whitaker and Mr. and Mrs. Frank Lye of Amarillo were among the guests. All had a wonderful time and the big turkey tom they had for dinner weighed 30 lbs.

Mr. and Mrs. W. B. Smith were Amarillo visitors Wednesday.

CLARENDON, DONLEY COUNTY, TEXAS, OCTOBER 28, 1948

A Common Paper for Common People

Jack Dempsey, former world's heavyweight boxing champion, visited Boy's Ranch recently. The above picture shows Dempsey coming out of the Ranches new church which is non-sectarian. Dempsey spent the night at the Ranch with the boys, boxing and

riding horseback with the boys; also helped the kids brand two calves. The surprising part, was Dempsey's ability as a cowboy. He was very much at home on the horse as well as roping and tying the calves. The former champ was very

high in his praise of the Ranch idea for boys that need a little help. There are 112 boys at the ranch now, all attending school daily. Mrs. Todd from Hedley is one of the teachers, and a good one - very interested in the boys.

Plans Formulated For CROP Drive In Donley County

All of us are interested in preserving and furthering the peace of the world. Can you expect a man to be peaceful and happy if he is hungry and must meet each new day by hearing the cries of his starved, ragged and cold children? When such a condition exists it is only natural that any father, no matter what his race or creed, will turn to that power that will give him food and clothing so that he may quiet his babies and also ease that gnawing in his own stomach. If the Western powers hope to help these people set up and maintain a democratic form of government we must first help them to be a nourished people, both physically and mentally.

During the coming winter months it is estimated that one million people will die of starvation and exposure. If that number could only be reduced to 999,000 it would be worth any effort that we Americans could show.

If you would like to show the spirit of Thanksgiving by increasing the comforts of Europe read and help the Christian Rural Overseas Program, which is to be known as C.R.O.P. You all know the method in which the Freedom Train worked and have heard of the good will and happiness this train created when it reached Europe. C.R.O.P. will work in somewhat the same manner.

In a meeting at the Donley County Agent's office, Mr. Hume of the Extension Service from A&M College, explained to a group of Donley county citizens that C.R.O.P. is not a government organization, nor a plan devised by the armed forces. It is your plan—you the people of Donley county and other counties and

communities all over the United States. C.R.O.P. is being sponsored by the churches, but is non-denominational in its purpose and in its distribution of the food once it reaches Europe. The World Church Service of European countries will distribute the food only to those people who are needy. The products will never go into the hands of any outside agency or government group before distribution. It will go directly to the person needing the product.

C.R.O.P. is new in its organization. This is its first drive in Texas. Help some hungry person in France, Italy, Germany, or some other country of Europe that is struggling to set up a democratic way of life by giving one or more of the following items:

- Grain sorghum
- Seed cotton
- Wheat

Any food canned in tins or any item that could be converted into food.

Watch your paper for announcement of a collection point for your gifts. The items should be brought to these collection points anytime during the week beginning November 17 through November 24. The collection depots will be open from 8 a. m. to 6 p. m. during these days. Your

donation should be labeled with your name and your church preference. If you have no church preference bring your donations anyway.

The following committee for the CROP drive was elected: Rev. Paul Wright, chairman; Rev. Frank Story, vice chairman; Mrs. Joe Ritter, Secretary and Treasurer; Mrs. Craig Johnson, Mrs. Holly Wood, Miss Ruth Richerson, and Mr. H. M. Breedlove, county agent.

Donley County citizens, let us make our part a substantial part of the CROP train of goodwill. Let us fight communism with Christianity.

Amendment 2 Most Desirable Addition To Constitution

When Democrats and Republicans see eye-to-eye on anything during an election year, that's news!

In this case its good news for redistricting according to John Ben Sheppard, state chairman of the non-political Texas Committee For Redistricting. Sheppard has announced that gubernatorial candidates of both parties are urging passage of Constitutional Amendment Two on the general election ballot November 2nd to provide for automatic redistrict-

ing. Governor Beauford H. Jester, Democratic choice for re-election, pointed out to the committee that he has long been a firm advocate for regular redistricting and has included it in his platform each time he ran for governor. "Amendment Two is a most desirable addition to our state constitution," Jester declared. "I recommend its ratification to the people of Texas without reservation."

Republican gubernatorial candidate Alvin H. Lane was equally strong in his support of Amendment Two. "I am heartily in favor of its passage," he stated. "Regular redistricting is most desirable and should win general support."

Passage of Amendment Two has been endorsed by six former chief executives of Texas Sheppard disclosed. They include ex-Governors Allred, O'Daniel, Moody, Neff, Hobby and Ferguson. Both Lt. Governor Alan Shivers, Democratic candidate for re-election, and Taylor Cole, his Republican opponent, are supporting Amendment Two. Sheppard stated in pointing to the non-partisan nature of the measure.

Endorsements have also been received from three former Lt. Governors, seven former Speakers of the House, the League of Women Voters and all regional chambers of commerce throughout the state. A non-political organization, the Texas Committee For Redistricting, composed of more than 1000 prominent Texans is heading the campaign for passage of Amendment Two.

HEAR THE BAPTIST HOUR

Chevrolet... Leader in Value

Your choice for QUALITY on all these counts

...at prices that are lower than those of any other car in its field!

- | | | | |
|---|--|--|---------------------------------------|
| Your No. 1 Choice for RIDING SMOOTHNESS | Your No. 1 Choice for PERFORMANCE with ECONOMY | Your No. 1 Choice for ALL-ROUND SAFETY | Your No. 1 Choice for TASTEFUL BEAUTY |
|---|--|--|---------------------------------------|

Men and women agree that Chevrolet gives a much smoother, steadier ride than other cars in its field. The reason is that Chevrolet alone has the original Unitized Knee-Action Ride, backed by more than 14 years' experience in building Knee-Action units. This feature is found elsewhere only in higher-priced cars.

You'll enjoy much finer performance with economy in Chevrolet. Its world's champion Valve-in-Head engine holds all records for miles served, owners satisfied, and years tested and proved. And Valve-in-Head engine-design, like so many other Big-Car features, is found only in Chevrolet and more costly cars.

You and your family will ride in safety, thanks to Fisher Unisteel Body-Construction—safety plate glass in all windows—the road-steadiness of the Unitized Knee-Action Ride—and the stopping-power of Positive-Action Hydraulic Brakes—fourfold safety-protection exclusive to Chevrolet and costlier cars!

You know—and your friends know—that the emblem, Body by Fisher, is the hallmark of bodies that are better by far. Chevrolet's Bodies by Fisher reveal this finer quality in every detail, including the hardware, upholstery and all appointments. Naturally, these bodies are exclusive to Chevrolet and higher-priced cars.

Political Tradition Will Be Broken, Says Lloyd Wheelock

"Political tradition will be broken in Texas in the General Election next Tuesday when Jack Porter, former Democrat, now a candidate on the Republican ticket, is elected to the U. S. Senate," Lloyd Wheelock, state campaign manager, declared today. "Democrats, Dixiecrats and other Texans who believe in clean government and Honest elections, form the backbone of Jack Porter's strength," said Wheelock.

"Porter's strength is not confined to any one section of Texas or any group of citizens," said Wheelock. "It is statewide and

comes from people in all walks of life. Texans are convinced that Porter is qualified to fill the high office of U. S. Senator and they have serious doubts about the legality of the Democratic nominee. They also know that Porter will be seated when elected."

Wheelock said that the belief of most Texans that fraud had been committed in several South Texas counties was one of the main factors in the swing to Jack Porter. He cited the overwhelming vote cast in Duval County in favor of Lyndon Johnson as one of the big reasons Texans will break party lines and split the ticket.

"The Democrats know that in Duval County, Lyndon Johnson received 4,611 votes and his opponent, Coke Stevenson, 40 votes

in the runoff primary," said Wheelock. "Thus Johnson received more than 99.1 percent of all the votes cast in that county. This is a greater percentage than the communist party receives in Russia."

JACK PORTER

Jack Porter, who was born on a farm in Parker county, is a strong advocate of States' Rights, protecting the Tidelands for the school children of Texas, the Bill of Rights and constitutional government. In his campaign he has stated he will bitterly oppose the F.E.P.C. legislation of both Republicans and Democrats and that he will vote his own convictions and not those of any party.

"My first consideration will be whether it is good for my country and state," said Porter.

Porter, who was a private in World War I, came up the American way from a poor boy to a successful businessman. He has been married 31 years and has one son and two grandchildren. He is a member of the Methodist Church.

If you think you're an optimist, just read what the boys have to say in the seed catalogs.

HOUSTON ATTORNEY EXPLAINS HOW TO VOTE SPLIT TICKET

Lloyd Wheelock, state campaign manager for U. S. Senatorial Candidate Jack Porter of Houston, said that state headquarters in Houston had received thousands of requests for information on voting the split ticket in the general election.

According to Wheelock most of the requests came from Democrats and states' righters who wish to vote for Mr. Porter but also support some candidate on their own ticket.

Wheelock said he had conferred with Steve Pinckney of Houston, prominent Texas attorney, who is active in Porter's campaign, and that Mr. Pinckney

gave him the following information: "It is possible for any citizen of Texas who is qualified to vote in the general election to cast that vote for the candidate of his choice, regardless of party affiliation. Article 2981 of the civil statutes of Texas, which was enacted in 1905, specifically provides for the voting of a split ticket in a general election. To vote for Jack Porter, or any candidate of your choice, it is only necessary to scratch the names of every other candidate on the ballot except those you wish to vote for."

Pinckney went on to say, "The so-called loyalty pledge does not apply to the election which will be held on November 2nd. This election is a general election which is held all over the United

States on the same day. It is not a state or party primary. Our courts and the Attorney General's department of Texas have held this to be so for many years past."

It is difficult for other people to see a man who is wrapped up in himself.

If your John Deere Equipment needs parts replaced, you'll find it pays to replace them with only genuine John Deere Parts.

Why? Because each John Deere Part is the identical twin of the part built into your equipment. It's made from the same high-grade materials... from the same patterns and dies... with the same quality workmanship as was the original part it replaces. Genuine John Deere Parts are made to fit right... to last longer.

Check over your John Deere Equipment now. Get it set to go when the next working season arrives. Place your order with us for genuine replacement parts for your John Deere Equipment the next time you're in town.

UNITED GAS...

Bridge BUILDER

Yes, sometimes United Gas turns "bridge builder" in the process of laying pipe lines to move natural gas from wells to the homes and factories of thousands of users. Underwater lines are generally used to cross rivers or streams, but occasionally it is necessary to take the pipe line over the river to avoid damage from erosion and shifting of the river bed. United has built several overhead crossings, including one of the longest bridges of its kind in the nation, to assure uninterrupted service to its customers.

This is one of many functions of the United Gas organization, all of which have the ultimate purpose of providing a continued dependable supply of natural gas for our customers.

One United Gas bridge has a suspended section 3,200 feet long carrying a 24-inch natural gas pipe line.

Its towers stand the height of a 14-story building, and its footings reach an equal distance below the ground.

Steel cables as thick as a baseball bat stretch 4,000 feet across the river, unspliced. There are eight such cables, weighing over 200 tons.

More than 6,000 tons of concrete went into the caissons of the bridge, more than 900 tons of steel into the superstructure.

WOUNDED VETERANS SEE PRISON RODEO

HUNTSVILLE—Last Wednesday was prisoners' day at the Texas Prison Rodeo held at the Prison stadium, and it also turned out to be Navy-Day, as two bus loads of wounded Naval Vet-

erans pulled up at the big gate just before starting time. The trip was sponsored by the Red Cross committee of Houston, Texas, whose chairman, Mrs. D. A. Simmons, arranged for special accommodations for the men and persuaded Andy Anderson, well-

known sportsman, to accompany the men, and see that everything was in ship-shape. The veterans left Houston in two Navy busses, but arrived here in a Navy bus and a chartered bus. One Navy bus broken down enroute and made it doubt-

ful whether the boys would see the Rodeo at all. "But", smiled Andy Anderson, "a miracle happened."

"I called the bus company and found that a chartered bus would cost \$66.50", he continued, "the only problem being the money to pay for it—then I remembered that there was still a little money left in the treasury of the old War Sports Committee, which has long been inactive. I called the treasurer and learned, believe it or not, that there was exactly \$66.50 left in the treasury. So, here we are."

Many of the sailors had never seen a rodeo before and one of them remarked, after the show, "Wow, and I thought a destroyer was rough. I'd rather take on a

few more Japs than to get astride one of those bulls". That remark tells the story.

Wednesday's rodeo was the wildest affair ever put on here. Accidents were the rule, rather than the exception, as the toughest, hardest outlaws of the Prison system tackled stock that would make many a professional rodeo performer turn pale. Andy Anderson, who has also seen rodeos from coast to coast, told your report that in all of his years of experience as a rodeo fan, he had never before witnessed stock that was so wild and vicious.

Machine Harvested Cotton Gives Better Return Per Bale

COLLEGE STATION—Cotton harvested by machine methods on a typical dry-land farm in the High Plains in 1947 gave a greater net return per bale than cotton harvested by other methods. This conclusion was reached in a study of the economics of cotton harvesting by M. N. Williamson and Ralph H. Rogers, economists for the Texas Agricultural Experiment Station and the U. S. Bureau of Agricultural Economics.

The study of the 1947 season, just released as Station Progress Report 1134, shows that cotton harvested by machine returned \$144.64 net per bale compared with \$134.37 net per bale when harvested by hand. These variations in net return from various types of harvesting have become

very important in the High Plains of Texas since it is estimated that about 3,000 strippers were available for use in the 1947 season.

Williamson and Rogers point out that while machine stripped cotton normally is a lower grade than hand stripped cotton, this results principally from delay in harvesting necessary for mechanical picking. Also hand snapping of cotton costs approximately 6 times more than harvesting exclusively by machine. This offsets a great deal of the price losses suffered through lower grades of machine stripped cotton.

This report is one of a series of studies on cotton harvesting to be carried on for several years ahead in mechanized cotton production in the High Plains. One obstacle to be overcome is to find a practical method of defoliation. Greatly increased facilities for storing seed cotton may become necessary if mechanical harvest-

ing is widely adopted.

Greater use of mechanized harvesting equipment will increase the need for cotton varieties that are better adapted to machine harvesting. And the common use of defoliant and machine strippers will increase the demand for improved machinery through all phases of cotton production, the report predicts.

Thank goodness there are still a few people who can radiate friendship and conversation without running for office.

CITY-COUNTY LIBRARY NOTES
By May L. Prewitt

It is not quite cool enough to enjoy books as fireside companions, but our Library purpose is to make books useful to as many people as possible. In a recent issue of the American Library Association bulletin, Pearl S. Buck has an excellent article on "World Understanding Through Reading." She states that "Taken by and large among literate people, Americans are not great readers. A writer knows that if a half million copies of his books

are read here in the United States, he has achieved more than a seven day wonder. The plain fact is that except for a small percentage of our people, books are not necessities. In times of high prices, books and diamonds show the first falling off. Locked away into books are not only all the facts which the human mind has yet brought together and comprehended, but in books alone are to be found the creative thinking of the finest human minds." These statements are worthy of consideration and may stimulate our desires for more reading. However, time is a factor to enter in, as we are all so busy it is difficult to crowd in a reading period.

The book editions to our Library are checked each week with those reviewed in Amarillo, Fort Worth and Wichita Falls, and those added to the shelves in Wichita's Kemp Library. We possess about 85% of all recent fiction, and fifty percent of the non-fiction, also compare favorably with the childrens list. But the Library has had some exceptional friends for donations in cash and books the past few months.

The past week "Vogue's Book of Etiquette", a complete guide to traditional forms and modern usage, by Millicent Fenwick, was purchased. This is supposed to be a successful rival of Emily Post's edition—at any rate, we have the editions of each. "White Snow, Bright Snow" by Tressault is a gold medal edition for children, but not as appealing as several of our less advertised books. For the juveniles, Will James' "Cowboys North and South" the boys will receive happily, and the girls

have three of Helen Wells' Cherry Ames Nurse stories. The biography of "Jeff Milton" by J. Evetts Haley and drawings by Harold D. Bugbee is just off the press. He aided in the preservation of "Law and Order" for seventy years on the frontiers of Texas, Arizona, Old and New Mexico, so is quite a colorful character. The book is a gift to the Library in memory of Mrs. J. P. Manly.

Our used book shipment of westerns and light romances was lost—There were 19 books and while we get them for 25c each and pay the postage, this small cash loss "pinches"—These books have been shipped to our Library every two months usually and this is the first loss. So many of our readers enjoy the Western book section of the Library, and the books are very worn. Then too, we need other additions to this corner of the Library.

Donley County Leader, \$2.50 year

Troy Moffett, son of Mr. and Mrs. J. W. Moffett of Clarendon, was elected president of the Pain-handle Club of Abilene Christian College. Troy is a senior student majoring in the field of general business.

Mrs. T. J. Jefferies of Childress visited Mrs. J. D. Jefferies and family Sunday.

Mrs. W. C. McDonald and daughter Janice from Plainview visited the weekend with her mother, Mrs. J. D. Jefferies and Mr. and Mrs. A. T. Jefferies.

Any person who starts out working a crossword puzzle in ink is a true optimist, if there ever was one.

Most people favor that which will return them something for nothing or much for little.

From where I sit... by Joe Marsh

Want To Join Our Club?

Newcomers to our town are puzzled when they hear talk of "The Barbecue Club." Want to know who can join, and what the purpose is.

Well, the answer is: any one can join who's neighborly inclined. The purpose is simply to enjoy good food, good beer and ale, good conversation—all towards getting to know one another better.

Every other Saturday, at one farm or another, the pit is dug, and the fire started. And by sundown, neighbors from miles around have come together—the women

contributing cakes, pies, and coffee, the men contributing the meat for barbecuing, and the beer or ale.

From where I sit, it's this simple wholesome side of country life in America—its spirit of good-fellowship—that makes for tolerance and better understanding between neighbors.

As I say, Neighbor, any one can join up! So come along a week from this Saturday.

Joe Marsh

Now the famous Gas Refrigerator that...

FROZEN FOODS-ICE CUBES

BIG FLEXIBLE INTERIOR

NO NOISE. NO WEAR

STAYS SILENT LASTS LONGER
because it freezes with no moving parts

STAYS SILENT... LASTS LONGER

Servel
The GAS Refrigerator

YES, you can get it—right now... the famous Servel Gas Refrigerator that more than 2,000,000 owners say stays silent, lasts longer. In its different, simpler freezing system there are no moving parts. No valves, piston or pump. No machinery that can wear or get noisy. Silently, efficiently, a tiny gas flame does the work.

New and greater, the famous Gas Refrigerator is your best investment in convenience, too. For fresh foods, for frozen foods, for ice cubes, tall bottles—for everything you want to keep in your refrigerator—you've plenty of space.

Come look, come listen. Come see the wonderful new silent Servel Gas Refrigerators now on display!

CHECK FOR YOURSELF

- ✓ Big frozen food compartment
- ✓ Plenty of ice cubes in trigger-release trays
- ✓ Moist cold and dry cold for fresh foods
- ✓ Convenient Servel meat storage tray
- ✓ Dew-action vegetable fresheners
- ✓ Handy egg tray
- ✓ Flexible interior arrangement, with sliding shelves adjustable to eleven different positions
- ✓ Plastic Coating on shelves—keeps them rust-free, scratch-free, easy-to-clean
