Prepare To Defend Hong Kong Against Reds

LONDON—Cranes lift tank on to one of the ships bound for Hong Kong to carry supplies for the Royal Tank Regiment Squadron. Radio equipped scout cars, tank-fighting equipment and other arms have been provided for the unit which will reinforce the Hong Kong garrison. With the Chinese Communist armies moving toward Britain's colony, London officials are making sure that reds will think twice before attacking Hong Kong.

Three Local Banks Well Represented At Amarillo Meet

The three Clarendon Banks were well represented at the 44th annual convention of the Panhandle Bankers Association which met in Amarillo last Friday, June 3rd.

Representing the Donley County State Bank were Wesley Knorrp, Mr. and Mrs. F. E. Chamberlain, Mr. and Mrs. J. L. McMurry, Mr. and Mrs. W. Carroll Knorrp, M. R. Allensworth, Mr. and Mrs. Walter B. Knorrp, C. T. McMurry, Misses Mantie Graves, Jane Hillman and Ethel Harvey, Mr. and Mrs. Alfred McMurry and Beaty Hillman. Guests were Mr. and Mrs. Willard Hudson, Misses Grace Harvey and Mona Churchman.

Those representing the Farmers State Bank were Van Kennedy, Mr. and Mrs. Emmett O. Simons, Miss Anna Moores, and Mrs. J. D. Swift.

The First National Bank was represented by Mr. and Mrs. W. H. Patrick and Mrs. Harold D. Bugbee.

MANLY BRYAN TO RECEIVE DEGREE

Mr. and Mrs. Allen Bryan and Gene, accompanied by Mrs. Bryan's sister Mrs. C. Daughtry of Ft. Worth, left this morning for Boulder, Colorado where they will attend the graduating exercises of the University of Colorado. Their son, Manly Bryan, will receive his B. A. Degree which will finish his pre-med course. Manly will return home with them.

Glenn Wallace is visiting relatives at Carlsbad.

Sam Snead Defeats Favorite And Wins Trophy

RICHMOND, VA.—Sam Snead (center) receives the PGA trophy from Joe Novak, (right) President of the PGA as John Palmer (holding Ryder cup at left) looks on.

Donley County ACA Farm News

STRIP CROPPING: If you want to Strip Crop, come to the office and let us give you an approval. The payment for the practice is 50 cents per acre.

PRIOR APPROVALS: We want to remind you that before you carry out a practice, which you intend to get a payment on from this office, be sure you come to the office before you begin the work. It is very important for you to do this because a payment will not be made on the practice if it is done before receiving the PRIOR APPROVAL.

WHEAT LOANS: We have had quite a few producers in the office asking for information on Farm Storage for wheat. The most prominent question is about qualifications for the wheat storage. Commodity Credit Corporation is being very lenient this year, because of the severe shortage in storage room. Below we have listed some of the qualifications and information in regard to the loans:

1. The grainery must be weather proof so it will keep the wheat protected from rain and hail and snow.
2. The grainery may be made of wood or tin with a wood, cement or tin floor. However, if your grainery has a cement floor, it will have to be covered with tarp paper to keep out the moisture.

The loan rate at present is \$1.87. The final rate will be set June 15th, 1949 at 90% of parity. There will be a service fee of \$3.00 or 1/2c per bushel, which ever is the larger, when the producer comes to the office to fix up the loan. If you are interested in fixing up a loan, come to the office and we'll do all we can to help you. Some of the producer's who have been in to see about loans are: Raymond Farr, William Lewis, Doyce Graham, Lloyd Shelton, Leo Smith, Fontayne Elmore, Walter Lowe, John O. Richey, Cap Morris, and Frank Hardin.

ARE YOU A PAYMENT EARNER?

Charlie Hearn, John Bugbee, Charlie McMurry, and G. E. Allen are eliminating mesquite.

M. G. Armstrong, over Alareed way, has constructed a dam.

Lee Shaller, a new farmer in the Naylor Community has done some deep chiseling and seeded some grass.

Don Tomlinson, Pearl Masten, Scottie Tolbert, J. T. Hill, Cecil L. Harris, V. C. Waddell, E. M. Glass, Howard King, Loyd Moreland, and V. T. McPherson are carrying out the Strip Cropping Practice.

If there is a practice you want to carry out and receive payment on, all you have to do is come to the office and tell us. We will do the rest.

R. E. A. Pictures To Be Shown At Ashtola

Monday, June 13th at 8:00 p. m. two pictures will be shown at the Ashtola School Auditorium. Both of the pictures are in color, which makes them much more impressive. "Surprise For Janie" shows the role of the freezer in the home, and presents an interesting plot that is developed as the story progresses. "Freezer Freshness" will assist any homemaker to select, prepare, freeze and cook nearly all types of food; including, vegetables, fruits and meats as well as cooked and uncooked pastries and desserts.

Miss Gladys Wright of the Greenbelt Electric Cooperative will show these films in Ashtola. All R.E.A. members are urged to be present, and all interested people in the community are also invited to attend. The program will last about one hour, but will begin promptly at 8 o'clock. The program is free to the public.

Donley County Leader, \$2.50 year

OIL WELL IS DRY HOLE

According to what information we could learn early this morning, the Humble Oil Co. Jack Roach No. 1 is a dry hole and the only activity around the well site is the hole plugging operation. Exact depth of the hole when granite was encountered was not learned but it was believed to be around 5,200 feet as the reported depth late Tuesday evening was 5,170 and they were drilling in granite wash.

Due to the type of rig that was used, this was the quickest deep hole to be drilled in the county. It looks now like our oil possibilities in the county are getting slimmer and slimmer all the time, although there always remains a good chance of finding oil, for only the big companies doing the drilling know what has actually been found and they put out very little information on a wildcat well. Granite was encountered in this well at a greater depth than any of the wells drilled to the south of it in the county.

Notes from - - -

CITY HALL

Polio — that's the word that strikes terror in the hearts of everyone. It has reached the epidemic stage in San Angelo — Churches, picture shows and all public gatherings are closed down, people are frantically removing all filth from the City. It is still a little hard for us to realize the uneasiness and worry caused by polio, because we have been lucky. Last year we escaped without any cases.

San Antonio has had 55 cases of polio with seven deaths, as compared with 9 cases and one death at this time last year. The City of Clarendon can't hope to sit still, do nothing, and keep on being "Lucky".

With these thoughts in mind and also with the desire to have as clean a City as is possible, the City Commission is embarking on a Clean Up Campaign, which is to be followed by a permanent program for keeping our town free of filth and the flies, disease, etc. that go hand in hand with filth.

To make this program a success, YOU must help. The City needs your full cooperation. June 20th and 21st, Monday and Tuesday, are being set as the days for a city-wide clean-up. Clean up your premises, help clean up vacant premises in your locality, place the refuse where it can be picked up and hauled off.

Following the clean-up, the City will be sprayed with DDT to get rid of disease carrying insects. The City will furnish a garbage and trash hauling service on the weekly basis. This service is to be inaugurated July 1st. The charge is to be 75c per month in the residential area. Whether you subscribe to this service or not, you will be required to see that your trash and garbage is not allowed to accumulate and be a fly breeding place. You will be required to provide garbage and trash receptacles with lids. They should be from 10 to 30 gallons capacity and have handles if you are going to subscribe to the hauling service.

The City urges you to help in any way you can to make this program a success. IT MAY SAVE YOU OR A MEMBER OF YOUR FAMILY FROM THE DREADFUL CRIPPLING DISEASE OF POLIO.

Mrs. Ward Grimsley, Bobby and Jerry of St. Louis have been visiting her parents, Mr. and Mrs. W. C. Scott and other relatives. They left Monday by plane for their home after a very enjoyable visit.

Nancy Ford who has been visiting in the home of Mrs. A. G. Lane and Mrs. Maurice Lane returned to her home in White Deer Wednesday.

More Rain Nets Additional Inch Of Moisture

General rains over the county this week have netted another inch to our yearly total according to the official weather station at the airport. This does not hold true for the entire county as the rain, even though general, was spotted with some sections receiving up around two inches. The grand total for the year to date reported by the weather station is 15.17 inches. This is getting close to the average yearly total with better than six months yet to go.

Again, Donley county has been fortunate in not receiving exceptionally hard rain and hail like they have been receiving all around us. The clouds apparently dumped the majority of their moisture in the vicinity of Quitaque Wednesday with the reported fall measuring in excess of five inches with considerable damage to crops.

Throughout Donley county very little damage has been reported. There is some doubt in regard to newly planted cotton and the major concern is over the wheat crop which will receive considerable damage if the sun doesn't start shining regularly pretty soon. Much of it is so tall that farmers fear that it will fall over if the moisture continues. Some farmers report that the rain was what they were needing for their crops that are already beyond the baby stage.

TO ATTEND CONFERENCE AT COLLEGE STATION

County agent H. M. Breedlove will attend the annual conference of Extension workers in College Station during the coming week. All county agents and Home Demonstration agents will be in College Station for this conference. The conference will include all latest information from the heads of the experiment stations in Texas and latest developments in the year on the experiment farms.

The conference is an annual affair at Texas A&M College and gives county agents information that they can take back to their counties.

LIONS ELECT NEW OFFICERS TUESDAY

Members of the Clarendon Lions Club elected new officers for the ensuing year at their regular luncheon Tuesday. The new officers will take over their duties the first meeting in July.

The new officers will be as follows: J. R. Porter, President; O. D. Lowry, First vice-president; Carroll Knorrp, second vice-president; W. A. Riney Jr., third vice-president; Frank Phelan Jr., Secretary; Rayburn L. Smith, Treasurer; Bowen DuLaney, Lion Tamer; Carl Bennett Jr., Tall Twister; George Schollenbarger and Chester Vaughn, directors.

W. D. PEDIGO RETIRES AS FIELD REPRESENTATIVE FOR SALVATION ARMY

W. D. Pedigo, Texas field representative for The Salvation Army for the past 25 years, has retired at the age of 78.

Pedigo became a familiar figure in Texas, and regularly visited Clarendon on his trips about the state and has many friends here. Before coming to The Salvation Army he had been in the railroad and banking business.

Mr. Pedigo will be succeeded by Major Bernice Lyons, now in charge of The Salvation Army Unit at Pampa. Major Lyons has served 19 years as a Salvation Army officer in Texas.

Mrs. J. C. Heathington was called to Amarillo Tuesday afternoon to be with her grandson, Ronnie, son of Mr. and Mrs. Bill Cleaver of Tulia, who lost a finger in an accident.

CITY CLEAN-UP DRIVE DATES SET FOR JUNE 20th & 21st

HOW FAR CAN A BAKED CHICKEN TRAVEL?

Silly question? Maybe so, but that isn't all there is to it. Early Sunday morning Mrs. W. H. Strawn fixed a chicken to bake in her oven in the usual manner. It cooked right along as any well trained chicken would.

Then when it came time to attend services at the Methodist church, Mrs. Strawn saw that her fowl was following her trained manner of behavior, and would provide one of the main dainties for the Sunday dinner because they are Texans and continue to eat dinner at noon, or thereabouts.

Feature the consternation of Mr. and Mrs. W. H. Strawn of old Donley county when they arrived home from the Methodist church right here in Clarendon and found the chicken had liberated itself from the oven. At least it was not in there when they arrived home. Certainly no one in these parts would commit a felony just for a mere baked chicken. In that case, did the fowl come to life and liberate itself?

The law in Texas specifies a penitentiary sentence for chicken stealing.

Dates for the annual City Clean Up drive have been set for Monday and Tuesday, June 20th and 21st. It was announced this week by the City Commission. The Clarendon Lions Club will be sponsoring the drive again this year and J. W. Murphy has been selected again to head the drive.

It has been surmised that the drive will be handled similar to the drive last year but definite plans will be published in next week's issue of the Leader as Mr. Murphy is out of town and will not return until Friday.

It has been suggested by the city commission that everyone start in and clean up their premises now and be all ready for the trucks when the drive gets into full swing.

Polio has already gone out of bounds in many Texas cities and what we want to do here is to prevent even one case from breaking out at all, Mayor Jones stated.

The city is planning to spray the entire town with DDT immediately after the drive and then take every measure to ensure greater cleanliness throughout the city for the duration of the hot weather and longer.

Remember it will be much easier to start in now than it will be to wait and try to clean up everything while the drive is in full swing and maybe cause delay of the volunteer trucks and helpers.

Let's do everything to protect our families, friends and neighbors against an outbreak of the dreaded polio. In many cases it kills and practically all others it cripples, and we would hate to see that happen to one of our own people here.

"Caprock Round-Up" To Be Held at Claude July 21, 22, 23rd.

At a recent meeting of the Harold Gist Post of the American Legion at Claude, Texas, dates and plans were made for the annual "Caprock Round-Up" to be held there July 21, 22, 23. The Round-Up will consist of three night shows. This is a variation from previous Round-Ups since afternoon shows were also held.

As the Caprock Round-Up has always been, the Rodeo will be an open show, R.C.A. approved. It was agreed that R. L. Pointer of Elgin, Oklahoma will furnish the livestock for a five point show, calf roping, bull dogging, saddle and bare back bronc riding and bull riding.

Leroy Campbell is business manager of the show and as in the past, Cotton Johnson will be secretary.

Several interesting events are being planned for the afternoons of the three day event and everyone is invited to visit Claude on the 21st, 22nd, and 23rd of July and be a part of the exciting and entertaining "Caprock Round-Up".

Mrs. Doc Adamson and Johnie Wayne, Denice, Calif. and Mrs. Forrest Adamson, Culver City, Calif. are visiting their parents, Mr. and Mrs. John Rhodes and other relatives.

Sgt. Melvin Skinner Services To Be Held Sunday Afternoon

Funeral services will be held Sunday afternoon at 4 p. m. at the Lelia Lake Baptist church for S/Sgt. Melvin C. Skinner. The Clarendon V.F.W. Post will be in charge of the military rites.

Sgt. Skinner's body will arrive at 8:34 p. m. Saturday for reburial. He was killed in action in France June 6, 1944. He went overseas December 19, 1943, and was with the 507th Paratroop Inf.

Sgt. Skinner, brother of Miss Inez Skinner, grew up in the Windy Valley community and attended the Lelia Lake schools.

After the arrival here, his body will repose in the Clarendon Funeral Home Chapel until time of service. Burial will be in Citizens Cemetery.

Mr. and Mrs. Harry Blair, Bifbie, Dwight and Delene visited in Amarillo Monday.

Hiss Heads For Court To Fight Perjury Charge

NEW YORK—Former State Department official Alger Hiss, (left) and his lawyer, Lloyd P. Stryker, enter New York City's Federal Court Building as Hiss' perjury trial began. He has been charged with lying when he testified that neither he nor his wife ever had turned over copies of secret State Department documents to an admitted courier for a Communist spy ring. The accusations have been made by ex-Communist Whittaker Chambers.

CITY-COUNTY LIBRARY NOTES

By May L. Frewitt

Last week the Pulitzer prize winning novel was discussed, and incidentally, it has been ordered, but this week it is convenient to state that the 1949 Pulitzer prize for History is "The Distribution of American Democracy" by Franklin Nichols.

A recent purchase is "The Voice of the Coyote" by J. Frank Dobie. We are happy to possess this volume that Mr. Dobie has ridden thousands of miles, and read tens of thousands of pages gathering material for this book during the past 30 years.

coyote, trappers of the coyote, even sheepmen, arch-enemies of the coyote. The book is revealing and fascinating and you will enjoy it regardless of your hate or appreciation of the coyote.

Several books have been gifts for our Junior section - among these are: "Adventure Girls at Happiness House" by Clair Blanks, "Best Ghost Stories of M. R. James," "The Son of the Phantom" by Robertson, "Black Skimmer," and "Denny Nichols" by Joan Clark.

For the younger readers there are quite a few new books, but the difficulty here is to purchase books that those completing first grade can read.

When books are listed for primer and first grade it frequently means within their comprehension. We can never have more than one hundred twenty membership listed including the 48 Pathfinder list.

It is regrettable that more do not take advantage of the Library as it compares favorably with Amarillo, Wichita and others contacted.

MIDWAY

Mrs. John Goldston

Miss Kathern Turner of Wellington spent the past week end with her sister, Mrs. Frank Hardin.

Mr. and Mrs. Hardin returned her to her home Wednesday on their way to Plainview to return their granddaughter to her home after convalescing from an operation in their home.

Mr. and Mrs. Floyd Naylor of Wichita Falls came up this past

week to be with her father, Mr. Hall who was suffering from an injury caused by a fall. The young daughter of Mr. and Mrs. White has been ill this week. Mr. and Mrs. Marvin Jones visited Sunday afternoon in Clarendon with her sister, Mr. and Mrs. Ben Chamberlain of Claude, and two sisters who arrived here by plane the latter part of the week from Los Angeles, Calif.

Mr. and Mrs. J. D. Sisk of Amarillo and Ruth Carter and the two Corder boys spent the week end in the Edith Longan home. The boys will spend the summer. Mr. and Mrs. Sisk and Miss Carter were enroute from Denver, Colo. where they had visited with Mrs. Fred Carpenter, the former Mrs. Elizabeth Evisizer.

Mr. and Mrs. Charles Longan were supper guests in the home of his mother Sunday.

Mrs. Potter was a guest for dinner with Mrs. Longan. Mrs. Longan returned Thursday from Plainview. She had spent Monday, Tuesday and Wed-

nesday with Mrs. Gather and the Gather twins who are grandchildren of Mrs. Longan.

Mrs. Forest Adamson and Mrs. Doc Adamson and son of Los Angeles, Calif. arrived here Sunday by plane.

Mr. and Mrs. Rhodes enjoyed having all their children home Sunday except one.

GOLDSTON

Daphne Roberson

Bill Littlefield, Roy Roberson, Kenneth Littlefield and Pat Roberson went to Amarillo Thursday on business.

Mrs. Al Covington and Mrs. Roy Roberson went to Amarillo Thursday.

Mrs. Roy Stewart visited in the J. F. Jackson home Monday evening.

TRIBUTE

Our Recognized Superiority Is Not Reflected In High Prices

The quiet understanding that comes with long experience - - - the respect to which bereavement is entitled - - - the final tribute to a loved one's memory performed with all the beauty and sincerity you could wish for - - - these are the things on which our reputation stands. It is a reputation which is synonymous with service, quiet efficiency and the ultimate of good taste.

WIN ONE S. S. CLASS

The Win One S. S. Class of the Methodist Church met Monday afternoon in the home of Mrs. J. T. Patman with Mrs. Patman and Mrs. Payne as hostesses. The meeting was opened by a prayer by Mrs. English. Mrs. McMurry gave a scripture reading.

The president, Mrs. Charles McMurry had charge of the business.

Dr. Jenkins gave the class \$10 which was very much appreciated.

The hostesses served punch.

cake squares decorated with pink roses and salted nuts.

Those present were Mrs. English who joined as a social member. Mesdames Charles McMurry, Jim McMurry, Will Johnson, Walter Taylor, Curry Powell, Ralph Porter, McDowell, R. Y. King, Bertha Benson, George Green, Bill Patman, John Blocker, John Goldston, Rhoades, Mays and hostesses, Mrs. Patman and Mrs. Payne.

Mrs. Homer Thomas visited her mother in Ft. Worth last week.

FULL OF IDEAS how 35,000 SMU alumni can spend their money on the University are these pretty Mustang co-eds shown talking with Harry Shuford, alumni president, as the exes are ready to launch their "Living Endowment" plan. Shuford is explaining that the alumni plan to contribute to the growth of their alma mater through establishment of an alumni fund. The association has no dues. Pictured, left to right, are: Elmira Phillips, Tomball, Texas; Shuford; Nell McGrew, Retan, Texas; Evelyn Rayzor, Houston, and Mary Elizabeth Gilmore, Dallas.

CUE AND CURTAIN CLUB

The Cue and Curtain Club finished its social activities Wednesday, June 1st with a chicken barbecue at the Country Club. The members furnished the chicken. The chickens were barbecued by Mr. H. T. Burton, Mrs. Landers and Mrs. Lane furnished the rest of the food. The guests and members enjoying swimming, boat riding and eating were: Mary Ann Landers, Tommye Gattis, Patsy Blair, John Miller Morris, Doris Jean Wallace, Ralph Nichols, Jane Johnson, Lynn Leathers, Alice McCrary, Douglas Shelton, Mae Morris, Inelle Cox, Willetta Riney, Barbara Estlack, Patsy Estlack, Sandra Shelton, Ladell Cox, Elba Jean Ballew, Shirley Wilson, Bill Porter, Frankye Wilson, Wilson Lane, Billie Jo Lane, Sam Patterson, Mr. R. E. Drennan, Don Landers, Tommy Lane, Richard Kelley, Mr. and Mrs. Jolly Johnson, Mr. and Mrs. Bill Lane, Mrs. Alvin Landers and Mr. H. T. Burton.

KAPPA SUB-DEB CLUB

Wednesday night, the Kappa Sub-Deb Club met in Shirley Brumley's back yard for a slumber party and a midnight installation of the incoming officers. The new officers were given small symbols of their offices by the outgoing president, Mae Morris. Following the installation, refreshments of ice tea and pimento cheese sandwiches were served.

Those spending a rather sleepless night were Jo Ann Ritter, Nell Bentley, Fanchon Allred, Jo Ann Sibley, Nancy Bennett, Alice McCrary, Mary Edna Elmore, Mae Morris, Patsy Blair, Ann Thompson, Lois Marie Hommel, Doris Jean Wallace, and Shirley Brumley.

GARDEN CLUB

The Garden Club will meet at 4 p. m. Tuesday in the home of Mrs. Joe Goldston.

Tommy LaGrone is on the sick list this week.

Guests in the G. W. Bradshaw home Saturday night and Sunday were her parents, Mr. and Mrs. B. R. Flowers and sister, Mrs. H. D. Blythe and daughters of Hereford; her uncle, C. L. Flowers, Stockton, Calif.; Mrs. Jim Prough and children and Mrs. Les Flowers of Hobart, Okla.

Mr. and Mrs. Geo. Mac Yates of Ft. Worth are visiting Mr. and Mrs. Bert Smith and family and Mrs. J. F. Smith and children.

W. N. Smith of McLean is visiting his son, Mr. and Mrs. Bert Smith and family.

Dwight McAnear visited his grandparents, Mr. and Mrs. D. T. Smallwood at Brice Saturday night.

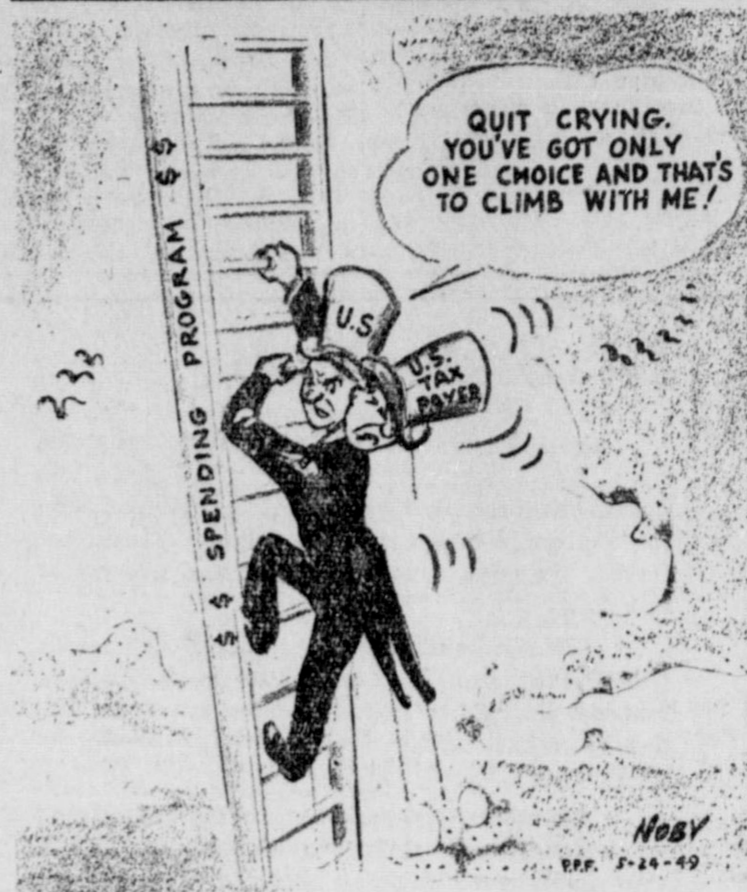

Mr. and Mrs. Luther Nyle Pittman and son, Hale Center, spent Saturday night with his parents, Mr. and Mrs. M. L. Pittman.

Bobby and Harold Holland returned home Sunday after visiting relatives and friends in Amarillo for a few days.

Mr. and Mrs. W. W. Reid of Oakland, Calif. spent the week end in the home of his sister, Mr. and Mrs. Nelson Anderson and family.

Mr. and Mrs. Roscoe Parks and Mrs. Jessie Tompkins of Spearman visited in the home of Mr. and Mrs. W. J. Mathis.

THE INSEPARABLES

Mrs. C. Daughtry, Ft. Worth, arrived Tuesday night to visit in the home of her sister, Mr. and Mrs. Allen Bryan and family.

Mrs. Jim Moore and daughter visited her mother, Mrs. Cowan last week.

Mrs. H. T. Burton is attending the first six weeks of summer school at Baylor University, Waco, Texas.

Beth Hall, Alanreed visited her sister, Jeanne Hall over the week end.

THE NEW Whiting 17

THE GREAT NAME IN FOOD FREEZERS

17 cubic foot capacity
only 27" x 36" x 60"

WHITING 17—Here's the first 17-foot capacity freezer (600 pounds). Compact enough to go through an ordinary home doorway.

SAVES MORE because it holds more

17 cubic foot capacity in space formerly holding only 12

CHECK THESE ADVANTAGES

SANTOCEL—world's most efficient insulation, gives Whiting greater capacity for space occupied. Only Whittings are pressure-packed with Santocel.

SAFETY—Patented pick-proof lock, cannot lock accidentally.

EFFICIENCY—Runs on minimum current. No annoying noise or vibration.

DEPENDABILITY—Backed by Whiting's 66-year record of no product failures.

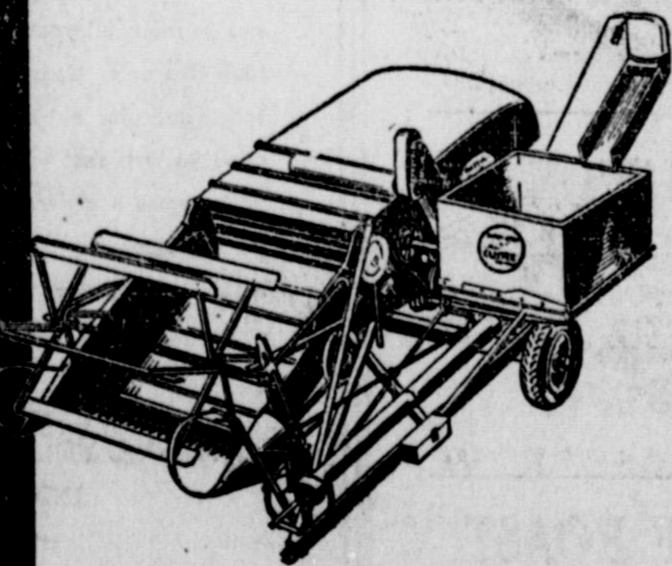

SIMPLICITY—Free from complex controls, lights, bells and other trouble-making gadgets.

ECONOMY—Greater capacity means added saving in food costs—so your Whiting pays for itself quicker.

ONLY WHITING HAS THEM ALL

DONLEY COUNTY CONSUMER FROZEN FOOD LOCKER

STILL THE Leader IN ANY GRAIN HARVEST

MASSEY-HARRIS Clipper Combine

Proved experience in more than 110 different crops... strength to take tough jobs in stride... ability to save down and tangled grain other combines often give up as hopeless—that's the crop insurance you get when you put the Massey-Harris Clipper to work on your farm.

• And that famous Clipper 3-point construction (1) Full six (or seven) foot cut, (2)

5-foot rasp bar cylinder, (3) Full-width straight thru separation all add up to unequalled grain and money-saving advantages... combine efficiency you can rely on to handle your crop with profit-building dependability and speed. Stop in the next time you're in town. Ask us for complete details on the Massey-Harris Clipper.

Jack Brooks attended the wedding of his niece at McLean Sun.

Mrs. Stella Brooks of Mineral Wells visited last week in the home of her son, Jack Brooks.

Jean Newby from Hughes Springs, Texas is visiting Mrs. D. F. Cook.

U. S. Oil Reserves At Record Level

The petroleum industry has built the nation's known oil reserves to the highest level in history, a total of almost twenty-seven billion barrels. During 1948, alone, more than two billion barrels were added to reserves—the biggest yearly increase in almost a dozen years.

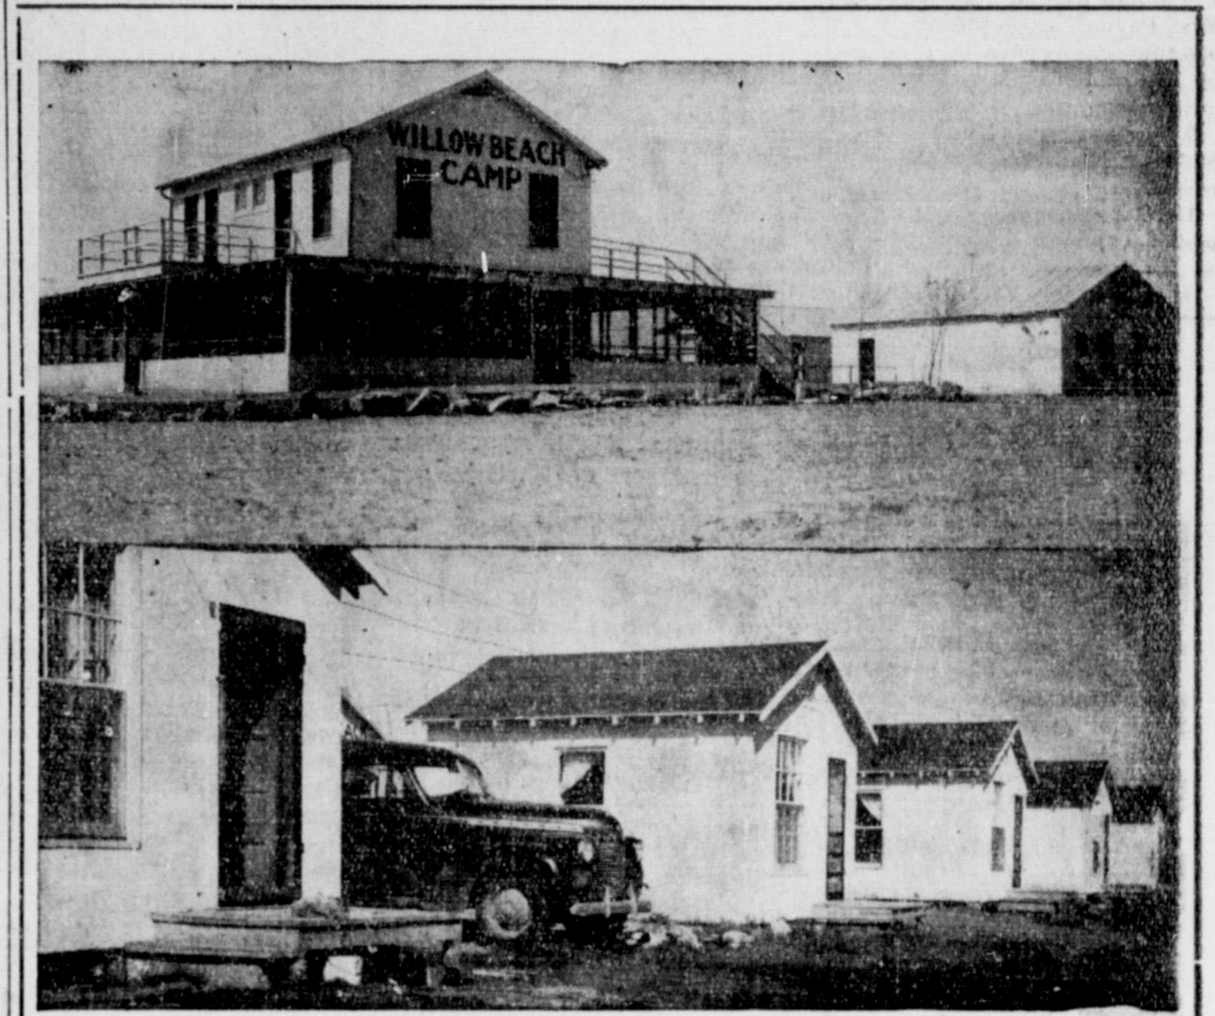

Throughout the history of the U. S. oil industry, reserves have kept ahead of the increasing use of petroleum products. Yet, even in 1849, when a promoter by the name of Samuel Kier peddled his "Rock Oil" in half pint bottles around the countryside as a "wonderful cure-all," he urged buyers to "Hurry before this wonderful product is depleted from Nature's laboratory!"

This cry of "wolf-wolf" has been raised many times since. But known reserves has increased almost constantly. In 1925, for example, proved crude reserves amounted to only 8.5 billion barrels. Oil taken from the ground meanwhile has totaled 28.4 billion barrels, or three times the estimated 1925 reserves—yet today our underground crude oil reserves are just about triple what they were 25 years ago.

Geologists, moreover, believe that oil resources of this country yet to be discovered are at least twice our present known reserves. This would mean more oil than the nation has produced during the past ninety years, or since 1859, the year when commercial production began.

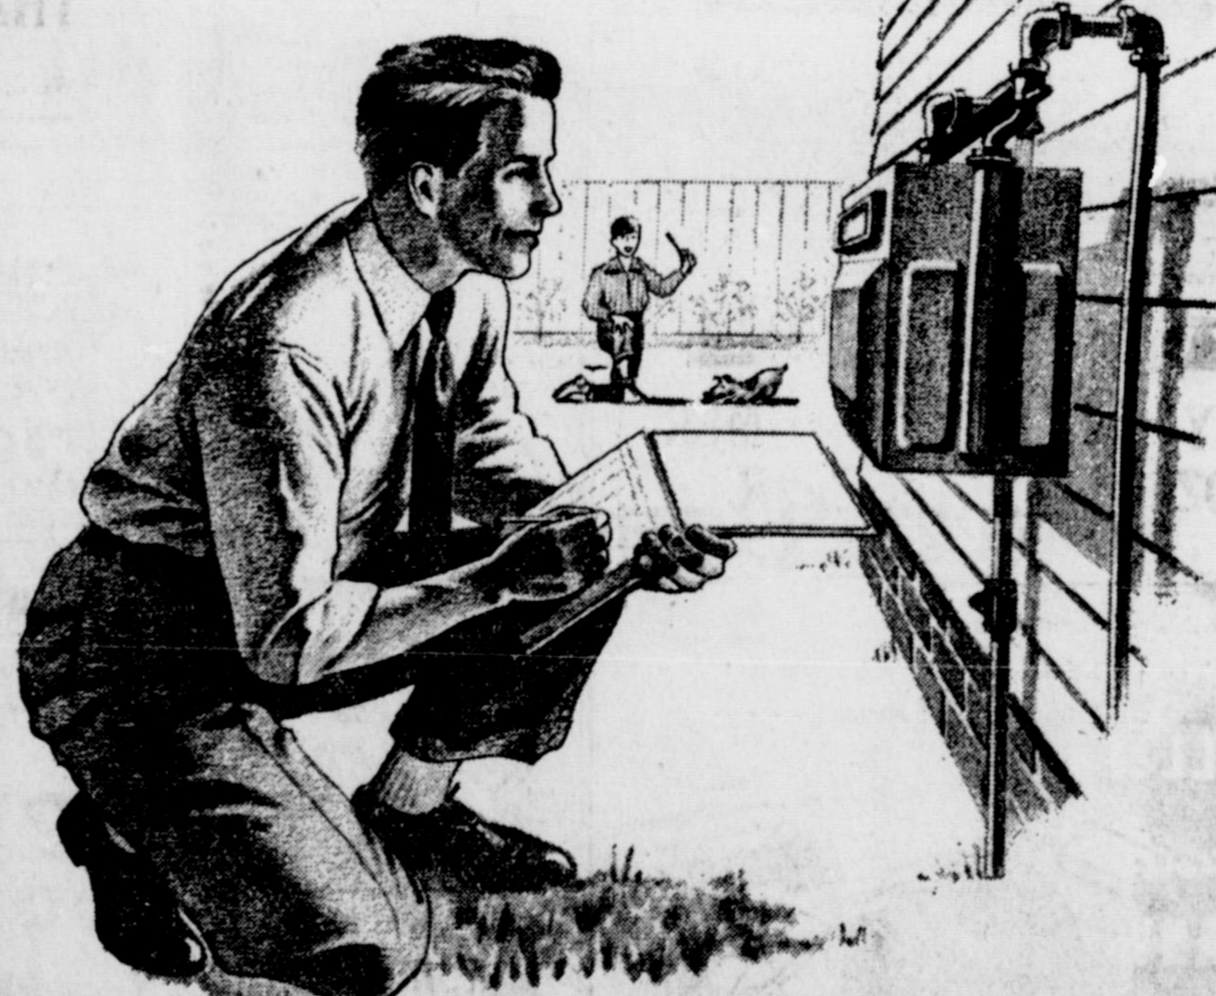

Mr. and Mrs. Joe Goldston attended the Optometrists' Convention in Amarillo Sunday.

Mrs. Omar Reed of Amarillo visited Sunday with her mother, Mrs. Frank Brown.

A MEASURE OF Comfort...

The gas company meter reader is a friendly, familiar visitor in the yards of thousands of homes all over the Gulf South. He knows that a large measure of comfort is provided in the average home by natural gas service, for natural gas does all the big jobs in the home... for pennies.

Installation, maintenance and periodic reading of meters is one of many functions of the companies which make up the natural gas industry... all of which have the ultimate purpose of assuring a continued dependable supply of natural gas to their customers.

Enjoy crisp salads and ice-cold drinks with silent gas refrigeration...

Be assured of abundant hot water for summer's frequent washings with a gas water heater...

Enjoy quiet evenings in the cool of a gas air conditioned home...

Enjoy baking and canning, even in the summer, with a new automatic gas range.

UNITED GAS ...
Serving the Gulf South

 8:00—Mid-week Prayer Service

Mr. and Mrs. Homer Taylor and son, Don, attended the Commencement Exercises of Texas Tech and visited relatives in Lubbock last week.

MARTIN

By Mrs. J. H. Helton
 There was a nice crowd out for Sunday school and church Sunday morning. Bro. Strickland of Vernon preached both morning and evening.

Mr. Fitzgerald of Clarendon ate dinner Saturday in the home of his daughter, Mr. and Mrs. Pete Land.

Bro. Strickland spent Saturday night in the W. D. Higgins home.

Martha Dell Robertson of Pampa visited last week with her grandparents, Mr. and Mrs. W. L. Jordan.

Mr. and Mrs. L. L. Waldrop went to Antelope Sunday and spent the day with Mr. and Mrs. Elmer Sanders.

Mr. and Mrs. Herman Patterson, Nelda and Donald of Lubbock visited over the week end in the Richard Cannon home.

Lyndle Patterson of Fort Sill, Okla. spent last week with his parents, Mr. and Mrs. Pat Patterson.

Mr. and Mrs. Loyde Moreland of Midway spent Sunday in the Geo. Bulman home.

Mrs. Ross Brown attended the shower in Amarillo last Wednesday for her son Leroy and Miss Oakley who will be married this Tuesday.

Mr. Will Barker's daughter of Lubbock visited in the Will Barker home Saturday night and Sunday.

Mr. and Mrs. Ray Robertson and Dudley of Pampa came down Saturday night and spent Sunday in the home of her parents. Mr. Robertson returned home Sunday but Mrs. Robertson and children

are staying this week.

Mrs. Smith of Groom spent through Friday and Saturday in the home of her daughter, Mr. and Mrs. F. C. Crofford.

Mr. and Mrs. F. C. Crofford visited Mr. and Mrs. O. E. Crofford in Amarillo last week. They also visited an uncle in Shamrock and an aunt in Wellington.

Mrs. Robert Davis, Mary Niel and Clyde visited Mrs. Vernon Davis in the Groom hospital Sun.

Laticia Johnson spent Saturday night and Sunday with Otha Dean and Wilma Elliott. Harold Elliott spent Saturday night with J. D. Johnson.

Mr. and Mrs. G. W. Terry and Luther visited in Amarillo Friday.

Bro. Strickland ate Sunday dinner in the Ben Kyser home.

Bob Wills - - What's In A Horse?

"Give a man a horse he can ride, and he's the happiest man on earth."

You can say that of handsome Bob Wills, who brings his famous Texas Playboys to Shamrock on June 23 for an engagement at the New Legion Home.

It's Bob's mellow, tantalizing violin music that has made him a favorite with the nation's music

lovers and dance enthusiasts. But that horse Punkin, played almost an equal art in putting Bob's name in lights as a stage and screen star.

BOB WILLS

Punkin, like Bob Wills, is a natural actor. He has played at scores of big theatres and arenas throughout the country, always standing sedately in the wings until he hears the name "Bob Wills" announced. Then one ear goes down, Punkin braces himself and WHAM — he makes a speedy, dramatic dash for the

center of the stage.

"Only trouble I ever had with him," Bob recalls, "is when we parked him in a big dressing room that housed a drinking fountain. He was eating popcorn for an hour before the matinee, and neatly washing it down from the fountain. He liked this little pastime so well nobody else could get a drink of water."

Punkin is cream colored, with a solid white face and forelegs. The casual observer would say he's a Palomino, but actually he's of noble Arabian ancestry. bred and born in New Mexico. His brother was bought for \$125,000, but Bob Wills wouldn't take that or any price for him.

"Mainly because he's so smart," Bob explains. "Most performing horses have had to be trained for years. Punkin's never had formal schooling. He just naturally knows what to do at the right time—and that's more than a lot of us humans know."

Ardis Patman is visiting home folks for a few days.

CORRECTION

In last week's issue of the Leader, through a typographical error, J. A. Warren's Polio ad was made to read \$500.00 benefits to each insured for treatment of Polio, when it should have read, \$5000.00, as all Standard policies of this kind provide.

THANKS TO THE TEMPLE OF TRUTH EDITOR

As one of the Insurance Fraternity of Clarendon, I want the Temple of Truth to know that I genuinely appreciate his complimentary and sensible remarks in favor of buying your insurance from your local agents. Nothing teaches like experience teaches.

"Fiesta-Cade To Be Held at Ft. Worth July 16-23rd"

FORT WORTH — Fort Worth will celebrate its 100th anniversary with a gigantic "birthday party" July 16 through 23rd. It will be called "Fiesta-Cade." More than 2,000 persons will participate in the outdoor spectacle to be presented each night in Farrington Field, the city school's football stadium. Historical events of the city's first 100 years will be dramatized in Fiesta-cade. The football field will be the stage and over it will roll stage coaches and covered wagons re-enacting pioneer days. There'll be Indians, soldiers, cowboys and other early-day person-

alities, gigantic sets and picturesque costumes. Among Fiesta-cade's thrilling episodes will be the cattle trail era, arrival of the "iron horse," a ball at the old Texas Spring Palace, and a memorable scene from Casa Manana, "The Night Is Young." Fiesta-cade will be produced professionally by the John B. Rogers Company of Fostoria, Ohio, leading national producer of outdoor spectacles. Hundreds of Fort Worth persons already are working on preparations for the civic, non-profit show. Executive Committee planning the eight-day spectacle is headed by R. Wright Armstrong, railway official. "The Fiesta-cade will dramatize the history not only of Fort

Worth but, in a general way, of all Texas," Armstrong said. "We want Texans everywhere to come join in the fun and help us celebrate our birthday." Fiesta-cade offices have been opened at Seventh and Main Streets. Mr. and Mrs. Burwin Baker and Mrs. Waddell Morris and Shirley Ann Morris will leave Thursday (today) for their home in Los Angeles, Calif. after a two weeks visit with relatives here and in Memphis. Mrs. Homer Estlack and children returned home Friday after visiting her sister and family, Mr. and Mrs. Price at Electra and attending the wedding of her nephew.

Gilmer-Aikin Bills To Boost Status Of Texas Schools

AUSTIN, June 6 — Texas will soon be among the top ten states in education. Enactment of the three Gilmer-Aikin bills into law provides the vehicle by which the state will climb from its low rank, it was declared here today by Charles H. Tennyson, public relations director of the Texas State Teachers Association. The organization led the lengthy legislative battle for re-organization of the public school system. "These measures pave the way for more classrooms and more and better teachers, as well as providing for more equitable distribution of the cost and revising the top-level administration," Tennyson declared. "Our children will receive a better education. As a result, our state will benefit." Tennyson pointed out that schools which fail to meet the minimum requirements of teachers' and administrators' salaries will not only fail to receive state aid provided in the new laws other than the per capita apportionment, but will be dropped from the accredited list. There are now 42,500 teachers and 4,000 principals and superintendents in the public school system. "The new laws pave the way for the addition of 1,500 teachers as soon as physical facilities can be made available." "This will relieve much of the classroom congestion which has made for sub-standard education in many of our schools." The new salary scale for teachers and administrators will do two things to provide Texas with a superior educational system, Tennyson also pointed out. "Texas will be much more attractive to outstanding teachers from all parts of the country," he said. "Too, the additional pay teachers can get for holding masters degrees will send thousands of them to school to get the higher degree. The greatest enrollment in many years is expected by most Texas colleges and universities this summer in their graduate divisions." The minimum salary for teachers holding bachelors degrees was increased from \$2,000 to \$2,400 annually. Under the new bills, they get \$54 a year additional for the first twelve years of teaching. That makes a maximum salary of \$3,051. The old ceiling was \$2,655. Teachers holding masters degrees will have a minimum salary of \$2,623. The minimum was \$2,232. Their credit of \$54 a year additional for each year of teaching experience now continues for twenty-six years instead of twelve. That makes a maximum salary of \$4,032. In addition, the law was revised to allow school districts to supplement the salary scale set by law. Under old statutes, districts receiving rural, or equalization aid, were forbidden to add to the specified salaries. Furthermore, districts may employ more teachers than allotted under the law if they desire to do so. Dinner guests in the C. E. Lindsey home Sunday were Mr. and Mrs. Burwin Baker and Mrs. Waddell Morris of Los Angeles, Calif., Mr. and Mrs. C. E. Stillwell, Mr. and Mrs. O. C. Stillwell and Kay, Memphis; Mr. and Mrs. D. S. Smith and Wilma Dee, Mr. and Mrs. E. J. Chenault, Mr. and Mrs. F. E. Caraway, Mr. and Mrs. A. O. Hott and Mrs. Al Covington and children of Clarendon.

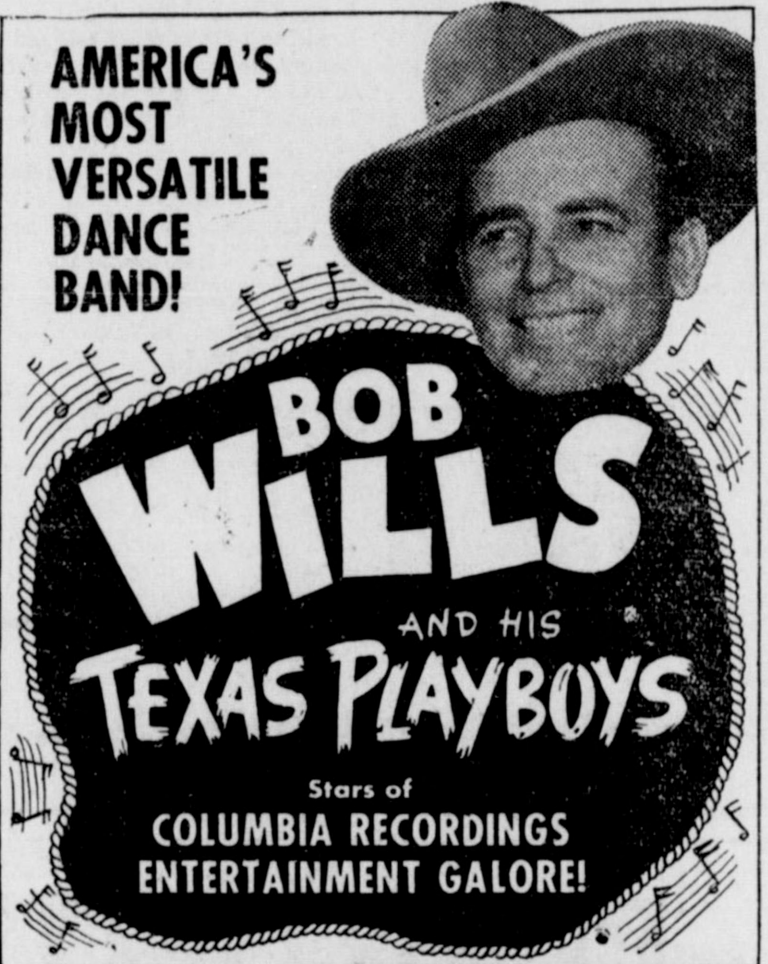

Health Notes

AUSTIN—There is an old slang expression that would make a good slogan for living a longer and more comfortable life, and that is "Be your age". According to the State Health Officer, Dr. Geo. W. Cox, many persons injure their health and endanger their life through indulgence in exercises and vigorous sports unsuited for their age and physical condition. "While a young man in prime physical condition may benefit from a fast game of tennis, older men and women have been known to collapse and suffer serious heart attacks following such a game. The same thing applies to golfing, swimming and other vigorous sports," Dr. Cox said. During the hot summer months, it is of especial importance that you know your physical limitations, and indulge in only such activities as will benefit, and not harm your physical condition. "Persons of middle age should never participate in activities requiring violent physical exertion, and should confine their physical exercise to such bounds as their doctor prescribes," Cox asserted. The State Health Officer suggested that all persons of middle age be examined by their physician, before planning their summer vacation activities. A vacation can easily be more exhausting than refreshing, and in such event, more harm than benefit results from the time thus spent. Fishing, boating, hiking in moderation, and many other light recreations can be engaged in by the older people who must avoid heart strain, and it is a wise precaution to have your doctor advise you as to what sort of vacation you should plan. Mr. and Mrs. Simmons Powell have returned from Blooming Grove, Texas where they attended funeral services for his mother who passed away in a Corsicana hospital last Thursday night. Capt. Kenneth Brown, wife and daughter who were enroute to Dayton, Ohio where he will be stationed, visited here with his mother, Mrs. Frank Brown and other relatives.

John Moree of Shamrock visited Jack Sullivan and Billy James Williams from Saturday till Tuesday. Jack returned home with Jane Wilson, little daughter of Mr. and Mrs. C. R. Wilson of Paducah is visiting her cousin, Patty Lane, daughter of Mr. and Mrs. Walker Lane.

A Common Paper for Common People

Editors Can Help Make America One Big Tree Farm

Washington, D. C. — If all the trees harvested last year to make newsprint were planted in one area they would almost cover the State of Rhode Island, W. F. Jibb, Editorial director, American Forest Products Industries, said at the National Editorial Association meeting in New York on April 23.

"Over five billion cords of wood went into the production of more than five million tons of newsprint," he stated, "and so you can see that forestry is important to your business."

American Forest Products Industries, Washington, D. C., is a non-profit organization supported by the lumber, pulp and paper, and plywood industries of the United States.

"Our primary purpose is to encourage tree growing, forest management, and forest fire prevention in the United States. Also we are interested in developing a public awareness of the importance of our forest resources through the use of educational publicity," Jibb added.

In discussing the broad program of AFPI, he stressed the Eleventh Advertising Proof Book published by his organization. It is an advertising mat service furnished free of charge to editors interested in having the service

sponsored in their community. The book contains 36 advertisements of two, three, and four column size and each is designed to point up a phase of good forestry practice. Each is aimed to encourage sponsorship from banks, merchants, forest industries, and others interested in conservation.

AFPI in its educational program furnished 845,000 pieces of forest literature to 56,000 schools last year. It also supplied pictures from its photo library, forestry facts, and material for publication in newspapers, magazines and on radio stations.

"Because we are vitally interested in tree growing in the United States we are particularly concerned with three programs we sponsor on a national basis," he declared. "They are the American Tree Farm System, Keep America Green, and More Trees for America programs."

The Tree Farm System is designed to encourage woodland owners to practice good forestry management, and to give recognition to those who do. Since it was launched in 1941 the system has spread to 23 states and nearly 18 million acres have been certified as tree farms in the program.

Keep America Green seeks the cooperation of the public to prevent forest fires on our woodland areas. It is a direct approach to people who are responsible for 90 out of 100 of our forest fires, seeking their cooperation in order

to stop the careless fires. Also launched in 1941, this program is now adopted in 25 of our states.

The More Trees for America is the latest of the AFPI programs. It was launched in Alabama on January, 1948, and has since spread to Virginia, New Hampshire, and the State of Washington. This program goes one step farther by not only interesting woodland owners in protecting, managing and harvesting their trees but also in showing them how. It points up the fact that trees can usually be harvested as a profitable yearly cash crop.

"In using the advertising mat service," he emphasized, "the editors of the United States can help to reduce forest fire losses, and help make America one big tree farm, to the end that we will have More Trees for America."

Margaret Nell Hillman, Clarendon, has been graduated from the University of Arizona with the degree master of science. A total of 834 degrees were conferred this spring at the Arizona University.

Jean, Patsy, and Don Ellis of Bivins Station spent the last two weeks with their grandparents, Mr. and Mrs. W. C. Jones.

The self-sealing caps that don't require rubber rings for glass jars save time and energy in the sealing process.

THE TEMPLE OF TRUTH

By the Apostle

When a man knocks his home town he acknowledges that he is a failure in it.

The fellow who thinks himself a "wit", is usually half right.

A man is said to never fall in love with the woman he understands, but with the woman who thinks she understands him.

Some men must have had wonderful memories; they are all along erecting monuments to their memories.

Sign on a truck here Sunday read: "This truck stops for all railroads, blonds and brunettes, and will back up 20 feet for a red-head."

Then there was the old home spun philosopher who stated that "the more you talk about yourself the greater your danger of becoming an ordinary liar."

A waiter is one who sizes you up from tip to tip.

There is an old saying that "the best dressed man usually can afford the least."

CARE Offers New \$5.50 Food Package

NEW YORK — Reductions in wholesale food prices have enabled CARE to offer a new \$5.50 "Thrift" food package for delivery in 11 European countries, Paul Comly French, Executive Director of the non-profit agency, announced today.

CARE will continue to carry its big 22½ lb. \$10 food parcel, which was recently increased in content value, Mr. French stressed. The \$5.50 package, he explained, was devised for Americans who want to continue the help still needed by the people overseas but do not feel they can afford \$10, as well as to provide an additional variety for regular CARE donors.

Orders for the new food package can be placed immediately through CARE headquarters, 20 Broad Street, New York 5, or any CARE outlet throughout the country. Delivery is guaranteed in Austria, Belgium, Czechoslovakia, Finland, France, Great Britain, Greece, the Western Zones of Germany and all Berlin, Italy, the Netherlands and Norway.

The \$5.50 assortment features a 2 lb. pre-cooked ham, skinless and boneless so that there is no waste, and seven ounces of assorted spices, a rarity in Europe since the war. Complete contents are: Two-pound ham; one pound each of rice, cheese, peanut butter and coffee (a half-pound tea will be substituted for the British Isles); 14 ounces of condensed milk; a half-pound of chocolate; one ounce each of pepper and nutmeg; one and a quarter ounces each of cinnamon, ginger, mustard, and paprika; two cakes (six ounces) soap.

"For a long time," Mr. French explained, "CARE has wanted to make available a lower-priced food parcel so that more Americans could afford to participate in

the vital postwar task of helping our neighbors overseas.

"The problem was to find an assortment that could be offered at less money, yet still contain enough nourishing, tasty foods to bring Europeans the things they need and want. Now, through the lower wholesale prices CARE has been able to obtain, we feel we have a package that will bring satisfaction to the Europeans who receive it, as well as the Ameri-

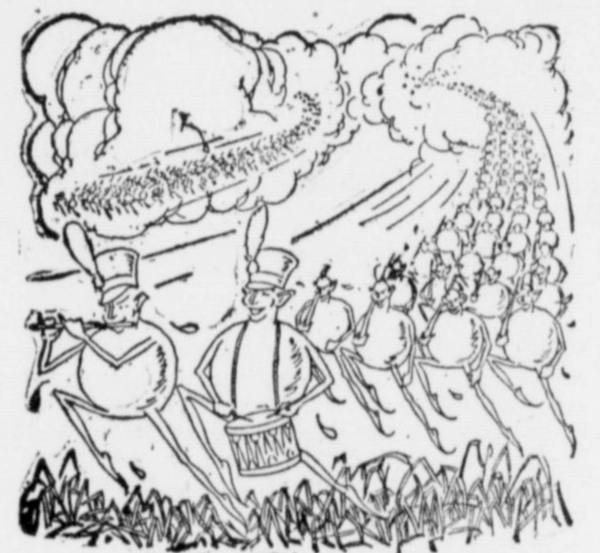

cans who give it."

Like CARE's other food and clothing textile parcels, the \$5.50 food package can be ordered for guaranteed delivery to friends, relatives, or needy families and institutions selected by overseas representatives of CARE's 26 member welfare agencies.

Mrs. I. A. Tipton of near Fort Worth visited with Mrs. W. C. Jones Friday afternoon.

OLD PATHS

By DOYLE WILLIAMS Minister of Christ

Another cause of infidelity is that many try to uphold false teaching by the Bible. As a young man, Robert Ingersoll came in contact with the doctrine of pre-

destination, which doctrine advocates that "by the decree of God, for the manifestation of His glory some men and angels are predestined unto everlasting life and others fore-ordained unto everlasting death. And their number is so certain and definite that it can-not be either increased or diminished." Mr. Ingersoll concluded that if this doctrine be true, that such a God was not a God to be worshipped, but opposed; and that he would spend the balance of his days fighting such a God. But if this theory be true we would have to exclude certain verses from the Bible, such as John 3: 16, which reads as follows: "For God so loved the world, that he gave his only begotten son, that whosoever believeth in him should not perish, but have everlasting life." Also to embrace the theory of predestination, one would have to repudiate the affirmation of Peter who says that God is "not willing that any should perish, but that all should come to repentance." II Peter 2: 9.

One successful cause of infidelity is religious division. No greater and more devilish cause

to promote unbeliefs exists. The fact that there are more than 200 religious bodies in America, each teaching different doctrines, yet all claiming to get them from the same Bible, causes the average man to become confused, and wonder if the Bible is actually true. To him the Bible is a book of conflicting doctrines. He can not conscientiously place his faith in a God that so apparently contradicts Himself. Instead of making an honest investigation for himself, he turns away and rejects it all.

There are those, even clergymen, who would thank God for the many churches in the land, that a man may affiliate himself with one of his choice. But note how much out of harmony that is with the earnest intercessory prayer of Jesus. To the Father, Jesus prayed: "Neither pray I for these alone, but for them also which shall believe on me through their word; That they all may be one; as thou, Father, art in me, and I in thee, that they also may be one in us; that the world may believe that thou hast sent me." John 17: 20-21.

More than 38,000 men recently competed for 2,000 Navy college scholarships in the NROTC program.

Keep Hens Happy—Egg Production Up

COLLEGE STATION—The 5 "S's" of poultry laying house sanitation introduce the new poultry circular recently released by extension poultry husbandmen of Texas A&M College.

Cleaning and disinfecting the poultry house and equipment makes for healthier disease-free birds. And it's one of the first important steps in getting maximum egg production. The five "S's" of laying house sanitation are scrape, sweep, scald, scrub, and spray, say the extension poultry specialists.

The new circular, officially known as C-260, Keep Hens Happy, also has information on disease and parasite control including coccidiosis, fowl pox vaccination, and the reduction of internal parasites by frequently moving the range shelters to clean areas.

Two other points brought out in the new circular are the separation of old hens from the younger pullets and the space needed per bird in the henhouse. Older birds are sometimes disease carriers of roup and range paralysis, and for this reason the old hens should be kept apart from the young pullets.

Each hen needs three to four feet of floor space, eight to ten inches of roosting space, three to four inches of feeder space and one nest for every five hens. And keep them supplied with plenty of clean water and feed, the specialists say.

Texas poultrymen who are interested in this circular may find one available at the county agent's office. Just ask for C-260, Keep Hens Happy.

Grain Storage Space Remains Critical

WACO—The Texas Farm Bureau Federation today continued to press officials in Washington in an effort to acquire ample government approved storage facilities for the 1949 grain crop. "We are still hoping that storage will be made available," J. Walter Hammond, president of the federation stated.

As wheat harvest got underway in Texas this week, elevators declined to accept wheat for government loan on grounds that no storage was available, although wheat was being bought by elevators as low as \$1.55 a bushel.

"If farmers continue to dump wheat on the market it will

steadily depress the price," Hammond said. As an alternative farmers may sign purchase agreements at their PMA offices, which in effect is a contract with Commodity Credit Corporation whereby CCC agrees to purchase wheat at the loan figure with delivery designated for May 1, 1950. The wheat may be placed in any type of storage, even piled on the ground in the open; however, condition of the grain at time of delivery is the full responsibility of the farmer.

"Unless too much damage is incurred this would be better than selling the grain at depressed prices and would have a tendency to maintain the market at a higher level," Hammond said. Later on, after the heavy grain

movement is over, government approved storage may become available and the wheat may be placed in the loan or sold on the market if the farmer does not wish to hold it for May 1 delivery. Signing of a purchase agreement does not obligate the producer in any way. On May 1, he may deliver the agreed amount of wheat to CCC, a portion of it, or he may dispose of all the wheat in some other manner.

This Tastes Good In Texas

RECIPE OF THE WEEK
A La Chicken in Corn Bread Ring

A La Chicken

- 2 cups cooked chicken
- 1/2 cup margarine
- 1/2 cup chopped onion
- 1/2 cup diced celery
- 1/2 cup flour
- 1/4 teaspoon marjoram or thyme
- 1/4 teaspoon Worcestershire sauce
- 1/2 teaspoon salt
- 3/4 cup milk
- 2 cups broth

Melt margarine over low heat; saute onion and celery until lightly browned. Add flour and seasonings, blend until smooth. Add milk and chicken broth, gradually; cook, stirring constantly until sauce is thick and smooth. Add Worcestershire sauce. Add chicken to sauce and heat thoroughly. Pour into baked, cornbread ring. Serve immediately.

Corn Bread Ring

- 1 teaspoon poultry seasoning
- 1 cup corn meal
- 1 cup sifted enriched flour
- 1/2 cup sugar
- 1/2 teaspoon salt
- 4 teaspoons baking powder
- 1 egg
- 1 cup milk
- 1/4 cup shortening (melted)

Sift together dry ingredients into medium-sized bowl. Add egg, milk and shortening. Stir until ingredients are well mixed. Do not beat. Bake in a greased 8-inch ring mold in hot oven (425 degrees F.) 20 to 25 minutes. Turn out onto platter. Fill center of cornbread ring with creamed chicken. Makes 8 servings.

Complete Menu

- Tomato-Roni Soup
- A La Chicken in Corn Bread Ring (A one dish meal)
- Buttered new potatoes
- Relish tray - (pickled peaches (onion rings (green pepper rings
- Fresh Fruit - Oatmeal Cookies
- Milk - Coffee

Timely Tips

1. The addition of poultry seasoning to the cornbread recipe gives it a slightly yellow color and also gives it the flavor of dressing.
2. Serve the a la chicken in cornbread ring on a chop plate—garnish with celery tops or parsley.
3. It isn't necessary to serve more bread—unless the man in the family wants corn meal muffins too.
4. Poultry products are high in Vitamin B content. This is the vitamin which keeps the appetite up to par, prevents nervous tension and helps one have a good disposition.

Are Atoms Active?

Recent experiments at General Electric have shown that silver atoms within a block of silver may move between the grains as fast as one tenth of an inch per week at 500 degrees centigrade. However, if the atoms choose to pass through the grains, a journey of an inch would take 10,000

years—or until about the year 11,949 A. D.!

These lively atoms were traced by a process of "tagging." A radioactive isotope of silver, called "silver-110," was electroplated to the surface of an ordinary silver block. After several hours tissue-thin layers were shaved from the block. A Geiger counter checked each layer for radioactivity to determine how far into the block the tagged atoms had traveled.

General Electric is conducting these studies in order to learn more about the internal structure of metals. It's hoped that in the future, with the behavior of these atoms known, it will be possible to "design" metals, just as bridges are designed now.

PICKUP & DELIVERY

What's so fair on a day in June

White sidewall tires, as illustrated, available at extra cost.

YOUR KEY TO GREATER VALUE

The day is bright and the company good.

Long ribbons of road, smooth and inviting, spread their challenge.

Giant power purrs under a long bonnet. Your wheels—coil springing mounted all around—step lightly over dips and bumps.

Your foot on the throttle controls the silken luxury of Dynaflo Drive—surging, slowing, even halting completely with never a need for clutch work or lever shifting.

Is the breeze a bit strong? A finger-touch runs up the door windows.

Is the seat just right? Another control corrects it as easily.

Does a cloud show? In seconds you can swing up a snug top if it's needed.

So you're free. Free to make the most of fair days and pleasant companions. Free to take it easy, find adventure in thrilling pace or the solid content in loaf-along gait.

Free to have fun!

So what's keeping you out of a Buick Convertible? Is it price? Is it delivery? Or is it just not looking into such things?

Correct the last—by seeing your Buick dealer—and you'll find demonstration yours for the asking, the price easier to manage than you thought and deliveries so prompt you'll quickly get an order in.

BUICK alone has all these features

- Silk-smooth DYNAFLOW DRIVE
- FULL-VIEW VISION from enlarged glass area
- SWING-EASY DOORS and easy access
- "LIVING SPACE" INTERIORS with Deep-Cradle cushions and Buoyant-riding QUADRIFLEX COIL SPRINGING
- Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS
- Cruiser-Line VENTILATORS
- Low-pressure tires on SAFETY-RIDE RIMS
- DUREX BEARINGS, main and connecting rods
- BODY BY FISHER

*Standard on ROADMASTER, optional at extra cost on SUPER models.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

PLOWIN' Out the CORNERS by Uncle Zeb

Received a nice card from another of my school teachers; he said in effect that, and I quote: "You talk in person like an average normal person, but you don't write like one." Reckon what he meant? Anyway, when my old school teachers, and this is the second one to give me a little static, pours it on me I always want to tell them that they taught me all I know and then ask them how they like the result. When I criticize Mama about anything she will ask me if I didn't think that she was about the te-rink-tum when we married and any changes in her disposition or otherwise is probably due

to my care and influence. I can never think of a way out of this entanglement. Thanks, anyway to Mr. G. L. Nickell of Cleburne, who reads my feeble efforts in the Farmer Stockman for his words and I know he meant them for a compliment, and I am proud to have had him for my teacher, and you did try Professor, you did try - - Thanks again.

Had such a nice letter from Tom Henry. I am so proud that he is getting some mail over the article. Hope he gets a whole flock of birthday cards from all of you on his birthday June 25th. Thanks Tom Henry for being a nice fellow.

Dropped in for a little visit the other evening with Ben Chamberlain. We spent the hour or so prowling among some old books that were passed on to him by his forefathers. One was published as far back as 1809. It was interesting fun and I am going to pass on a few of the things we found:

SHE ALWAYS WAS TIRED

There was an old woman who always was tired. She lived in a house where no help was hired; Her last words on earth were: Dear friends, I am going Where sweeping ain't done, nor churning, nor sewing; And everything there will be just to my wishes, For where they don't eat there's no washing of dishes; And though there the anthems are constantly ringing, I, having no voice, will get rid of the singing. Don't mourn for me now, and don't mourn for me never, For I'm going to do nothing, for ever and ever."

The above is a fair sample of some of the writings that we found. (More later.)

Glad to have our old barber friend, Perry Wolf back with us. Perry is the kind of folks that belongs out here with us, and he shouldn't ever move away again. Anyway, Perry sent me some more information on another Ain't Smoking Society. It is call-

ed Nicotine Unlimited with headquarters in Pullman, Washington. The rules to this organization are similar to ours and here is a sample of their poetry which doesn't seem to me to be as good as ours: Tobacco is a filthy weed, 'Tis said the devil sowed the seed. It robs the pockets of the clothes, And makes a chimney of the nose. There call letters are: L.S.M.F.-T. (Less smoking means finer things) Not bad. Thanks again Perry.

Some proverbs we found among Ben's collection:

A hog upon trust, grunts till he is paid for.
An old dog can't alter his way of barking.
A threadbare coat is armour against a beggar.
A wager is a fool's argument.
Better to wear out shoes, than sheets.
He who says what he likes, hears what he doesn't like.
Little boats must keep near shore.
Large vessels may venture

more, Nothing should be done in haste, but catching fleas. Wise men make proverbs and fools repeat them. (That last one takes the cake. More next week).

For Cooler Summers

COLLEGE STATION — You may not be able to do much about the temperature this summer, but you can do something about your house to keep a little cooler.

Inside house temperatures may be from 10 to 15 degrees cooler with insulation than without it, provided the house has enough ventilation, says W. S. Allen, extension agricultural buildings engineer of Texas A&M College.

The insulation itself won't cool the house, but it will keep the heat outside during the day. Along with night ventilation, shading of the windows, awnings and shade trees near the house, insulation helps provide better

cooling. The difference will be enough to make any house more comfortable when the mercury climbs high, Allen says.

Any home exposed to high temperature in the summertime needs insulation, and the higher or lower the temperature, the greater the need for it. Here in Texas it's most beneficial in the summer. Reflective insulation, which comes in metal foil or

sheets, helps keep the sun's heat out of the house during the day, and allows for rapid cooling at night. So it is well adapted to the South, says Allen.

Your house may be cooler this summer by proper use of insulation. And don't forget that the fuel bills will be less next winter, too.

AWARDED THE FASHION ACADEMY GOLD MEDAL AS THE "FASHION CAR OF THE YEAR"

The new home of "Lubri-tection"

AN INVITATION to visit America's newest and most modern motor oil plant

There are going to be "big doings" at Kansas City, Kansas, June 21st and 22nd, when Phillips' great new motor oil plant holds "open house" for American motorists.

You and your family and friends are invited, if you can possibly be there.

There'll be guided tours and refreshments, and you'll get an exciting "eyeful" of what Phillips has done to make possible finer lubricants for today's cars.

You'll see motor oil scientifically packaged by new precision methods. You'll be thrilled by

new high speed conveyors and miraculous new machines that turn out up to 250 cans of oil a minute. You'll see special automatic blenders that maintain exact standards of uniformity and purity.

Come and see this new home of "Lubri-tection", where Phillips blends finer motor oil to give your car lubrication plus engine protection. Remember the dates... June 21st and 22nd... at Kansas City, Kansas. Any Kansas City Phillips 66 Dealer can give you directions for reaching the plant.

P. S. If you can't be in Kansas City June 21st or 22nd, why not pay us a visit the next time you're in our part of the country? You'll always be welcome!

Lubricate for safety every 1,000 miles
