Spiritual Life Crusade Begins Friday At First Methodist Church

Rev. Ivey E. Biggs, pastor of the First Methodist Church announces that plans are about complete for the Spiritual Life Crusade which begins Friday evening, April 29th and will continue thru May 8th.

The Evangelist for this Crusade will be Dr. Frank L. Turner, General Evangelist of the Methodist Church. Dr. Turner has been serving as evangelist since he resigned as president of McMurry College, Abilene, Texas, in 1942. Mrs. Bob Moss, director of music in the local church will direct the singing during this series of services.

Services Held Wednesday For C. H. Holland

Funeral services were held Wednesday afternoon at the First Methodist Church for Clem Harrison Holland with Rev. I. E. Biggs and Rev. Tommy Beck officiating.

Mr. Holland, 80, died Monday afternoon in his home in Lelia Lake following a lengthy illness. He had been a resident of Donley County since 1918.

He was married to Mary Schroeder in 1899 in Okla. He was a member of the Methodist Church and of the Masonic Lodge.

He is survived by his wife; five daughters, Mrs. Hessie Simmons, Porum, Okla., Mrs. Cordia Rade- tich, Los Angeles, Mrs. Addie Goodner and Mrs. Faye Neuhauer, both of Amarillo, and Mrs. Sid Pointer, Lelia Lake; three sons, Ray Holland, Clarendon, Chester Holland, Porum; Addis L. Holland, Gruver; a brother, W. W. Holland, Amarillo; 16 grandchildren; five half-sisters and two half-brothers.

Pallbearers were J. B. Master- son, Ellis Chenault, C. C. Carter, Quinn Aten, W. E. Hodges, and Frank Hardin.

Burial was in Citizens Ceme- tery with the Murphy Funeral Home in charge of arrangements.

Lelia Lake F. F. A. Teams Win Top Honors In Dist. Meet Here Saturday

In competition with teams representing the schools of the Greenbelt F.F.A. District here last Saturday, the Lelia Lake F.F.A. Chapter won top honors by winning first place in the dairy cattle and dairy products contests and placing third in the crops judging event. Carey won the poultry contest and Samnorwood was top team in the crop judging event. The Greenbelt District is composed of Childress, Paducah, Carey, Wellington, Memphis, Estelline, Turkey, Lakeview, Quail, Samnorwood, Hedley, Lelia Lake, and Clarendon. Approximately 200 boys representing these schools participated in the contests. The winning teams will compete in the Area F.F.A. Contests at Lub- bock, April 30th.

In the dairy products contest, Lelia Lake was first, Clarendon second, and Hedley was third. Don Rumpy and Roddy Seago of Lelia Lake were first and second high point men and John Payne of Clarendon was third high individual. Lelia Lake was high team in judging both milk and cream; Clarendon was second in judging milk and third in judg- ing cream; Hedley was third in

182 First & Second Graders Receive Polio Shots

182 out of 195 first and second grade students in all the schools of Donley County received their first Salk Polio vaccinations Wed- nesday, April 20th. The second inoculation will be given free to the pupils who received their first shot, Wednesday, May 4th.

The third shot which will be the booster shot will not be fur- nished free by the National Foundation for Infantile Paraly- sis. This shot will be given on, or about Nov. 4th. It will be ad- ministered by the physician of your choice and the charge will be made accordingly.

Dr. Ben K. Humphrey, county health officer, and Dr. Evelyn Martindale, city health officer, gave the shots. Mrs. Johnnie Blocker placed the band aids on arms and passed out the lolly- pops. Except for argument as to who would get the first shot, everyone enjoyed the experience.

Hospital Proposition In Brewing Stage

Lots of discussion, planning, etc., has taken place since last week in regard to the re-opening of the Adair Hospital, but no definite action has been taken at this time. Various angles regard- ing the proposition have to be worked out before anything definite can be suggested or offered to the residents of the county and city.

Drop a card or letter to the Leader office and let us know what you think, pro or con, in re- gard to the hospital and whether you want it or not.

RICHARDSON RESIGNS AS PRINCIPAL OF JR. HIGH

N. J. Richardson, principal of Clarendon Jr. High, tendered his resignation this past week effective at the end of the current school term. Mr. Richardson with his family, plans to move to California this summer to make their home.

"I wish to take this opportunity to thank the teachers, administra- tion, school board and parents of this community for their friendli- ness, and support during the three years I have been associated with them. I have enjoyed the time I have worked for, and with you. The experience has enriched my life," Richardson stated.

High School Band In Interscholastic League Contests Friday

The Clarendon High School Band under the direction of J. H. Gain will be in Canyon, Friday, April 29, where they will take part in the Interscholastic League Regional Contests. This is the first time in several years that students from this school have entered the contest which is one of the highlights of the years work.

Clarendon is placed in Class A competition and will be competing with bands from Dimmitt, McLean, Memphis, White Deer, Panhandle, Wellington, Lefors, and Canadian. The local band will be entered in three fields of competition — Concert, Sight Reading, and Marching.

For any people from this area who are able to attend all or part of the program the following time has been given for these en- trees: Concert will be at 10:20 A. M. in the West Texas State Auditorium, followed by Sight Reading at 10:40 A. M. in the Band Room of the Band Building. Students will then be free until they march at 8:33 P. M. at the Football Stadium. Awards will be made at the close of the march- ing program.

Buses will leave the High School here at 7:30 A. M. All students are urged to be on time and ready to leave, for there will barely be time to reach Canyon, tune and warm up instruments before the concert hour. Buses will leave Canyon at 10 P. M. for the return trip to Clarendon, reaching home around midnight. There will be a sponsor for each bus.

Martin Vacation Bible School To Start June 6th

Plans are well underway for the Martin Vacation Bible School to start June 6th, with the ses- sions set for 2 to 5 p. m. daily, Monday through Friday for two weeks.

Leaders to serve are T. H. Har- monson as principal; Department superintendents are: Beginners, Mrs. Frank Cannon; Primary, Mrs. T. H. Harmonson; Junior, Mrs. J. T. Hill; Intermediate, Mrs. Raymond Waldrop. The secre- tary is Miss Doratha Bennett and the refreshment committee will be Mrs. Geo. Bulman and Mrs. Pete Land.

All children, ages 3 thru 16 are urged to make plans now to at- tend this school and transporta- tion will be provided for those who need it, stated T. H. Harmon- son, pastor of the Martin Baptist Church.

Girls To Tryout For College Basketball April 28-30th

Clarendon Jr. College will hold girls basketball tryouts for the college team on April 28-29 and 30th at the college gym.

Girls from near and far are ex- pected here for the tryouts and have asked to be considered for the Clarendon team.

The public is invited to the tryouts. If possible, a game will be played Friday afternoon, April 29th.

Frank White III Wins 440 Dash at Lubbock

Frank White III, a member of the Clarendon High School track team, qualified to go to the state meet at Austin May 6-7, by win- ning first place in the 440 yard dash at the regional meet at Lub- bock last Saturday. His time for the 440, amid swirling dust, was 54.9 seconds. The severe dust storm which was in progress at the same time of the track meet, hampered competitors in every event.

H. R. Cowan and family visited in the Gilbert Mann home Sat.

SENIOR PLAY TONIGHT

In the College auditorium April 28th at 8:00 p. m. and Fri- day night at 8:15 p. m. the High School senior class will present a three-act comedy, "You're Telling Me," directed by Miss Naomi Allison, speech teacher of high school and college.

The plot centers around the Andrews family, their friends, and the many complications in which they can become entan- gled. Frank White very skillfully portrays the part of Professor Andrews, the father, who is a brilliant scientist interested in the field of astronomy, but is woefully absent-minded and never seems to know what his own family is doing.

Lucy Richardson plays the role of Jerry Andrews, the elder daughter of 18, who is her father's efficient assistant. She as- sumes that she has no interest other than science, but deep in her heart she longs for love and romance.

Bill Dale Hill enacts the part of Bill Andrews, the typical young brother whose only inter- est is in playing baseball. He falls the victim to some of his younger sister's schemes, but through his own ingenuity manages to escape.

Tookie McClellan, the kid sister, is Donna Andrews, and her chum Beth Robinson is played by Glenna Dingler. These two are constantly thinking up ways by which they might play Dan Cupid. Usually their ideas get both them and others involved into trouble.

Don Landers has been cast as Dick Malton, the small town boy who became famous as a Big League baseball player. Plenty of complications arise as he returns home with his fiancée, a movie actress.

Ruth Ann King is none other than Joan Mayberry, the movie actress friend of Dick. She has a violent temper and whenever she appears, look out for action— Bobby Johnson, playing the part of Joe Alcott, the business manager for Dick, has worries galore as he endeavors to solve all of the hero's problems.

Carol Lane keeps the household running smoothly in her role of Isabella, the housekeeper, though she does grumble about it and continually reminds the family that she could have found better jobs elsewhere.

An evening of fun awaits all. Come! Enjoy the performance and help the seniors.

Services Held Saturday For Mrs. J. M. Ray

Funeral services were held Saturday afternoon at the Mur- phy Funeral Chapel for Mrs. Easter Elizabeth Ray with Rev. Ed Byers officiating.

Mrs. Ray, 69, died at her home here last Friday afternoon follow- ing a lengthy illness. She was a member of the First Baptist Church.

Mrs. Ray was born Dec. 28, 1885 in McClellan County, Texas. She married J. M. Ray on Nov. 23, 1902 in Clarendon. She had been a resident of Clarendon since 1892.

Survivors include her husband J. M. Ray; one son, W. E. Ray, Clarendon; one sister, Mrs. K. M. Sloan and a number of nieces and nephews.

Pallbearers were Glenn Sloan, W. T. Willie, Joe Goldston, V. W. Carpenter, Homer Parsons and Alvin Landers.

Burial was in Citizens Ceme- tery with the Murphy Funeral Home in charge of arrangements.

POT LUCK SUPPER TUES., MAY 3

Tuesday, May 3rd, at 6:15 will be Pot Luck Supper time again. This monthly affair is sponsored by the local Rebekah and Odd Fellows. Bring your entire family to the L.O.O.F. hall and enjoy good home cooked food for only 50c per person.

Raymond Ramirez Wins West Zone Junior College Tennis Singles

Raymond Ramirez, Clarendon Jr. College student, will repre- sent the local college at the State Tennis meet at A&M, May 2-3rd, as a result of winning the Jr. College West Zone Tennis Sing- les at Plainview last Wednesday. Raymond will also be defending the championship honors brought back to Clarendon last year by Melade DeGaiash. Coach Don Loyd will make the trip to College Station with Ramirez.

In the matches at Plainview, Ramirez defeated Bob Ford, Amarillo 6-2; 6-3 in the first match; Ronnie New, Odessa, 3-6; 7-5; 6-2 in the second and Leo McFarland, Odessa, 6-4; 6-3; 4-6 and 6-4 in the finals.

Odessa won the meet in both the men's and women's divisions and Clarendon placed second in the men's division.

Others taking part in the meet from Clarendon but losing their first matches were Rayford Hutcherson, Jack Williamson, Joe Howard, Peggy Tate and LaTrell Riddle.

Dusters Lose Opener To Wheeler, 19-13

The Clarendon Dusters got off to a slow start last Sunday after- noon in their opener with Wheel- er and dropped the game 19-13 to the visitors. The locals had trouble in their pitching depart- ment until the fifth inning when Fate Breedlove took over on the mound. At the end of the fourth the Dusters were 15 runs behind and Breedlove only allowed 4 more runs after entering the game. Deneter started on the mound and pitched 2 innings and Bob Garton took over for two. B. F. Dorman, pitching for Wheeler this year, was the win- ning pitcher.

Gene Bulman homered for the Dusters in the fifth with two on and Wheeler slammed out two homers. Errors accounted for a large number of the Wheeler runs.

The Dusters wish to acknowl- edge a couple of donations last week which were applied on their note at the bank. The contribu- tors were Dr. J. Gordon Stewart and John Gillham. Anyone else desiring to help rub out this note may contact G. W. Bradshaw or Billy Roy Blackman.

The Dusters will have a game next Sunday but the snarls in the schedule have not been worked out and will not be released until Saturday of this week.

HOMEMAKING STUDENTS PLAN TEA AND STYLE SHOW

Homemaking Students under the supervision of Miss June Christian plan a tea and style show for the afternoon of Wed- nesday, May 4th. First, second, and third year girls will model garments they have made. First year girls will be hostesses at the tea.

The public is invited to attend the Style Show to be staged in the College Auditorium at 4 p. m. Wednesday afternoon. The tea, set for 3:00 p. m. in the Home- making Department, will be for Eighth grade girls, their mothers, and High School Homemaking girls and their mothers.

You are extended a cordial in- vitation to attend the Style Show and view the latest in styles and fabrics. Again, the hour is 4:00 p. m. Wednesday, May 4th.

REV. DOWLER TO PREACH AT PRESBYTERIAN CHURCH

Rev. Burdette Dowler, Director of Religious Education and as- sistant Pastor of The First Pres- byterian Church, Amarillo, will conduct the morning Worship service at the Presbyterian Church here Sunday morning, May 1st. Rev. Dowler preached here several weeks ago and all members are urged to be present Sunday and visitors are welcome.

Donley County Makes Big Showing At District Lions Meet At Lubbock

Lions Queen

JANIECE CHRISTAL

Donley County Lions, which in- cludes Hedley and Clarendon clubs, took honors in practically every department at the District 2T-1 Lions Convention at Lub- bock the first of this week.

Miss Janiece Christal, daugh- ter of Mr. and Mrs. Billy Christal, Lelia Lake, was named queen of the district convention, compet- ing against 51 other beauties. Miss Christal was sponsored by the Hedley Lions Club. She re- ceived a complete wardrobe and a \$50 silver loving cup. Miss Iva Jean McAnear, Clarendon's queen entry, daughter of Mr. and Mrs. J. G. McAnear, was still in the race when it was narrowed down to only eight, which was a mighty good showing.

Dub Nelson of Childress won out as governor of District 2T-1 of which Clarendon is very proud, for the local club co- sponsored Nelson for the post.

Organizational Meet For Rifle-Pistol Club Set For May 3rd

The organizational meeting for a Rifle and Pistol Club in Clarendon will be held Tuesday evening, May 3rd at 7:30 in the of- fice of the County Agent.

All men over 18 years of age who are interested in joining a shooting club are urged to attend. Officers will be elected and the rules for the operation of a club under the direction of the Nation- al Rifle Association will be ex- plained and discussed.

The initiation fee has been set at \$10.00. Monthly dues, will be discussed and set at the meeting Tuesday.

LEGION AUXILIARY ANNOUNCES SCHEDULE OF MEETINGS

A new schedule of meeting has been set up for the American Legion Auxiliary, meetings to be held twice each month, the first and third Tuesdays, at 8:00 p. m. in the Auxiliary Room of the new Legion building.

Mrs. Clyde Putman, president, stated that all meetings were open to the public and visitors would be welcome at any time. A number of questions have been asked regarding eligibility for membership and to answer this question, all women are eligible whose husbands are members of the American Legion.

The next regular meeting will be held Tuesday, May 3, at 8 p. m. in the Auxiliary room of the Legion Hall.

CLERGE HOBO DAY NEXT WEDNESDAY

Clarendon Jr. College students have set next Wednesday, May 4th as Hobo Day at which time they will do odd jobs about town to raise money for their college banquet.

The boys will be available for yard work, car washing or any other type of odd jobs and the girls will be available for house work, etc. If you wish to give these college students a job, call 194-M, Wednesday, May 4th.

FORMER RESIDENT DIES IN CALIFORNIA

Word was received here this week by Mrs. W. C. Beverly that Mrs. J. M. Peters, former resident of the J. A. Ranch, passed away April 9th in Laguna Beach, Calif. Her remains will be sent back here for burial at a later date. Her husband was buried here about three years ago.

Donley Fair And Livestock Building Going Up Fast Says County Agent

The Donley County Fair and livestock building is going up fast says county agent H. M. Breed- love. John Jones, contractor for the building, says that the build- ing will be completed some time around the middle of May if the weather permits. The new build- ing located in the southeast part of the rodeo grounds, will be a big boost to the county fair and livestock shows in the county. Everyone is invited to drive out and look over the building even while it is under construction.

Mr. E. S. Ballew, finance chair- man of the fair board says that the money is still coming in and that any one who has not made a donation toward the new build- ing can contact him or Curtis Mears and get their names on the donation list. Curtis Mears, Treasurer of the fair, will start collecting all pledges this week, so any of you who have made pledges toward the building can save Mr. Mears a lot of walking if you will mail your checks to him and he will mark you paid on the books. It is planned to have all money in by the first of May. All checks should be made

out to the "Donley County Fair Building Fund."

The building committee head- ed by John Head as chairman with J. R. Brandon and Homer Estlack as members are working closely with John Jones and re- port that the building will be a credit to any county to have for all activity in agriculture, ranch- ing and boys club work.

The approximate cost of the of the building with all the floor, lighting and pens and extras that will be needed for shows will be around ten thousand. Mr. Ballew says that to date we have pledges of around nine thousand. Communities from all over the county have donation sheets in the hands of persons assisting and they are taking up dona- tions for the communities.

This is your building and the support has been wonderful and we want it to be a big help to agriculture and ranching and the youth of our county and to help serve the surrounding territory of other counties as well as our own. The building is 140 feet long and thirty six feet wide; this is inside measurements.

From where I sit ... by Joe Marsh

Red Finds a "Sweet Solution"

Red Jackson found a slick way to get his cows to eat what's good for them. Seems they were passing up the tall green grass—full of minerals and vitamins—and eating the short grass, which is naturally sweeter.

Red solved the problem by spraying a solution of corn syrup over the grass that was going begging. The cows sure went at it. Red says it's lucky for him—and the cows—that every one of them has a "sweet tooth."

Next week, according to Red, he's going to have his cows clean

up all the weedy grass along his fences—after he sprays them with more corn syrup, of course.

From where I sit, some folks, like Red, are always trying out new tricks—and others stick with the old tried and true methods. Just a question of preference, I guess. Like the way you may enjoy coffee with meals, while I prefer a cold glass of beer. So let's not allow any bad feelings to "crop up" by thinking ours is the only choice.

THE LION'S TALE

By Carl Allmond

"While the cat (McCully) was away, the mice played," Tuesday. Nine Lions were in Lubbock for the District convention. Drennan was over there, so we continued our discussion of the hospital. Porter was again in charge of the program, and opened a pro and con discussion, relative to the re-opening of our present hospital.

The Judge explained to the club that the present commissioners' court had nothing to do with the tax money that was voted to furnish funds for the operation of the hospital. He also stated that he believes the present court will be cooperative on any decision the public makes. If we implied, in our previous article, any misappropriation of hospital funds on the part of the present commissioners' court, it was unintentional.

Sid Stewart stated that a conservative estimate would be around \$4800.00 per month going out of town for medical care and hospitalization. This doesn't include those people who go in their cars.

Mrs. Bill Williams returned from Lubbock in time to give a short report on the convention. Janiece Christal, daughter of Mr. and Mrs. Billy Christal of Lelia Lake, won the queen's contest, for the Hedley Club. Miss Jean McAnear, daughter of Mr. and Mrs. J. G. McAnear, was our queen, and placed in the first eight out of 52 contestants. The Clarendon Lions Club was presented a plaque from the international office, in recognition of our winning the district membership drive. Also, the club was presented a lighted podium from the district, as the No. 1 all-round

club in 2T-1. Dub Nelson of Childress was elected our District Governor.

The official ballot was presented to the club for their consideration in the coming election. The nominations were as follows:

President, William J. Lowe; 1st Vice President, J. H. Spier, Jr.; 2nd Vice President, Frank Phelan Jr.; 3rd Vice President, Rayburn L. Smith, Van Kennedy, W. W. Sandifer; Directors, Robert C. Moss, L. L. Wallace, Wallace Raney, Ben H. Williams; Treasurer, E. J. Chenault; Secretary, P. C. Messer; Tailor, Joe Spann; Lion Tamer, Bill Todd.

Bill Reardon of Amarillo was a guest Tuesday.

Mr. and Mrs. W. C. Scott, Miss Minnie and Ava Naylor visited in Wellington Friday evening.

Mr. and Mrs. Wayne Ewing and girls of Phillips visited relatives here Sunday.

Wildlife Conservation

By Donavon Houdashell

Game Management

Game management is the improvement of "waste" land to be used by wildlife as a means for suitable food and shelter. The average landowner can make this "waste" land into a "productive" land by practicing proper game management; providing game cover, planting for wildlife, providing winter feeding, and establishing feeding stations. If we are to maintain the supply of game, we must have the cooperation of every farmer and rancher so that game will at least have a chance to multiply for the benefit of future generations.

Wild animals, living creatures that bring pleasure to us in one form or another, cannot exist without suitable shelter, such as shrubs, hedges, and shelterbelts. Those plants used to prevent soil erosion can be beneficial to wildlife as a means of food and shelter; brown sedge, dewberries, and blackberries are such plants. During the winter wild game in the South has an abundance of food; however, wild game in the North is affected by deep snows which covers the food that is necessary for survival. When this happens, it is time for conservationists to provide food for the wild game.

Shocked corn is the most desirable food that can be held wild game to survive; it can be placed along the borders of cultivated fields, adjoining hedgerows, swales, or marshes. Other plants that provide natural food are wheat, rye, barley, sorghum, sunflowers, and soybeans. Feeding stations should also be placed throughout the fields so as to provide emergency food for wild game.

Remember, we are the sole protectors of wild game; it is our duty as conservationists to protect and conserve the wild game of our nation.

Notice To All Notary Public Aspirants

Secretary of State A. M. Muldrow has announced that he will reappoint all persons who now hold Notary Public Commissions and that all such persons must qualify by filing an oath and bond with the County Clerk of their residence between June 1, 1955 and June 10, 1955. The law specifically requires County Clerks to approve Notary bonds and individuals should not send money or requests for commissions direct to the Secretary of State. All Notary matters can only be received by the Secretary of State after the County Clerk acts thereon.

Any person who has not heretofore been a Notary Public should apply to his County Clerk between May 1, 1955 and May 23, 1955, if he desires to have this application given prompt attention in the State Department, as the rush of reappointing all old Notaries may slow up the ordinary process of making new appointments and issuing commissions.

Secretary of State Muldrow said, "Each person applying for a commission as a Notary Public must be at least 21 years of age and a resident of the County for which he is appointed; exact names and permanent addresses should be given to the County Clerk in applying for a commission, as location of the Notary may be necessary long after he has notarized a particular instrument."

Agricultural Work of The 54th Legislature

John White, Commissioner Texas Dept. of Agriculture

This is the third session of the Legislature which I have observed in action as Commissioner of Agriculture. And in some ways, it is the most unique and rewarding from my standpoint.

The session now in progress at Austin has been criticized for the slowness of its work. The critics base their opinion on the number of bills which have NOT been passed.

This is an extremely poor way to judge the work of any group. A lot of bills SHOULD NOT pass. It is the kind of bills, not the number, that will determine whether this Legislature is good or bad.

From my point of observation, this 54th session is the hardest working of the last three. The committees of both the House and Senate are receiving better attendance from its members. The legislators seem well informed on state problems and they ask good questions.

I speak primarily for the House and Senate Agriculture committees. In my dealings with them this year, I have come in contact with some outstanding workers.

Rep. Elbert Reeves of Matador is chairman of the House Agriculture Committee. He shows excellent knowledge of farm problems and leads the group accordingly. He is backed by such men as Harold Parish of Taft who is making a record for himself this session. Parish informs himself well on every bill, his questions indicate a great deal of interest and knowledge and his criticism is constructive. He has closed up several loopholes in bills that the Department of Agriculture is concerned with.

A. J. Bishop of Winters is a second term man who is carrying a heavy load and doing a good job of it. Typical of the new men is Alonzo Jamison, Jr., of Sanger who has demonstrated much effectiveness in his discussions of various farm bills.

In the Senate, the Agriculture Committee is headed by Sen. George Moffett of Chillicothe, an old-timer from the standpoint of legislative experience and one who turns in a top-notch performance on state farming matters. Sen. Andy Rogers of Childress is second in command on the committee.

Sen. Frank Owens is a first-timer from El Paso but he speaks with the voice of a seasoned veteran within the committee. Balancing the group are such people as Sen. Carlos Ashley of Llano, Mrs. Neveville Colson of Navasota, David Ratliff of Stamford and others.

Just because I mention only these few, I do not mean to minimize the efforts of the other members—all of whom are doing extremely good work. Their working methods are a marked improvement over other years.

In previous sessions, an agency could present a bill and if no outside forces opposed it, then it was a routine assumption that the bill would be reported out of the committee. This year it is different.

The members want to know what the bill does; what it means and who it affects. Is it good or bad for the majority and really in the interest of the people. As a result, it is not an easy matter to get a bill through committee. And this is a good thing — good for the people of Texas.

Too often a special interest group or an agency will be trying to pass a piece of legislation for their own benefit—often at the expense of the entire population. This is not the rule this year.

I believe the farm people of

Texas are fortunate in having such conscientious and hard working members on the agricultural committees this session.

"JIM BO" IT SWIMS

JIM BO—the most sensational invention in the history of fishing—the artificial minnow that swims. No more live bait to buy. This is the lure sensation of the 20th century. IT SWIMS—no springs, uses no fuel; it swims as long as you leave it in the water. Swims by unique process of balance and gravity. Fish any desired depth—in lake, stream, gulf, bay. Any fish that will strike a minnow will strike JIM BO. This is no gadget. Looks and swims like a live minnow. This is the lure of all lures—beautiful silver leaf plastic. Buy one for your friends also. Satisfaction guaranteed. Send \$1.00 only, for each lure. Send check or cash. We pay postage. Sold by mail only. J. & R. TACKLE CO. P. O. Box 741. Largo, Fla.

LAFF OF THE WEEK

"I'm Afraid You're a Trifle Pale and Overdrawn This Morning, Mrs. Stanley."

"Wolf A Range Dog" is by that both boys and girls will read. Thomas Hinkle. This is a book Hinkle's dog stories are as fasci-

nating as his horse stories. Kathleen Norris continues to write her readable novels. This one is "Miss Harriet Townsend." The setting is old San Francisco in the era of the elegant boarding house and the great Spanish ranches.

We were given a Texas Almanac today. Mrs. Bess Stricklin heard our plaintive call for one, and sent this one. There are so many calls for one here, and we just didn't find money convenient to purchase it.

Mrs. Clyde Hudson gave us a copy of "Ramona" today. She knew we had a copy and thought we could use another, which is quite true. "Ramona" is such a beautiful story.

We can use your news paper and magazine clippings on such subjects as penicillin, polio, photography and all diseases in the research field. I have some material on cancer, but not enough for a theme. Our reference material is lacking and our encyclopedias are too ancient to be of much help.

"The Prayers of Peter Marshall" by Catherine Marshall was given in memory of Mrs. J. M. Ray by Mr. and Mrs. Frank Phelan and Sue. They also gave in addition to this, three replacements of books to the girls' shelf in memory of Mrs. Ray. The girls read so much that their books wear past mending in two years. So these gifts are appreciated by the family in whose memory they are given for, and by those who use the Library so often.

We have some interesting magazines that come regularly from gift subscriptions and regular donations.

and visited their son, James Reed, in the hospital at Dumas. He had minor surgery.

Mr. and Mrs. Burl Henry of Kellerville were Saturday night visitors in the Lester Harrelson home.

1955 May Decide Fate of Quail

AUSTIN—The Director of Wildlife Restoration for the Texas Game and Fish Commission said the fate of bobwhite quail may rest on the outcome of this summer's weather plus efforts of landowners and hunters to begin growing food and cover.

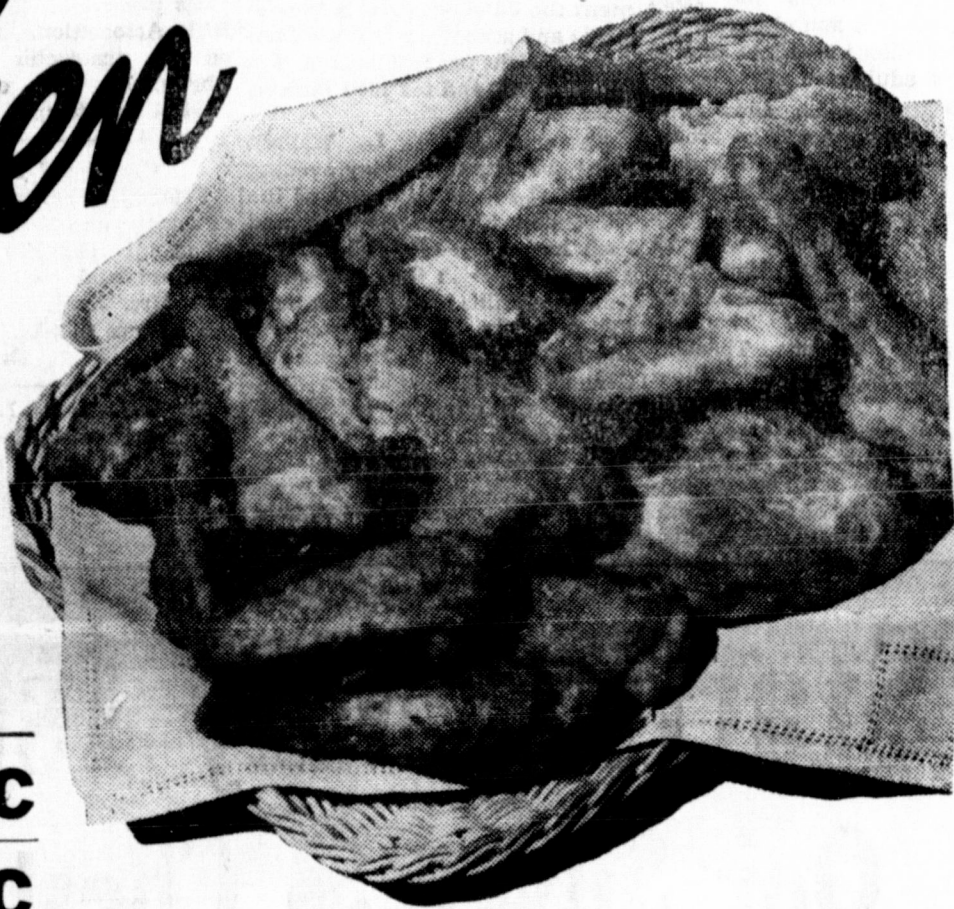

He qualified his observation by noting that the outlook may not be as dark "as it sounds" since Commission technicians report that the quail population definitely increased in some areas of Texas last year.

The Director said that an actual break in the severe dry weather pattern is absolutely necessary if quail populations are to recover from their present plight. "This is the year that will largely determine whether or not the bobwhite can make it all the way back," he added.

The Director stressed that landowners and hunters have created "considerable momentum" in rehabilitating quail habitat, by getting together on treatment of areas determined to be suitable for quail management.

He pointed out, however, that favorable weather would be necessary to produce ample growth of food and cover plants which are essential to good quail habitat and high population levels.

FARM NEWS

from the County ABC Committee

Applications for Drought Emergency Feed may be made through April 29, 1955 at the FHA office for a feed supply to last through May 15, 1955. If you need the feed don't forget to make application before 5:00 P. M. on the 29th of April, 1955.

Any producer who has a cotton allotment and who does not intend to seed any cotton in 1955, should make a temporary release of his allotment so that the acreage may be re-apportioned and Donley County will not lose the acreage. Any producer who releases his cotton acreage for 1955 will not be hurt on his cotton

history, since he will get credit for his full allotment. The last day for release of cotton acreage to the county committee is May 20, 1955, so if you have a cotton allotment and do not intend to plant any cotton be sure to come to this office and release the acreage.

If you have completed the listing or chiseling for which you had an approval under the Emergency Wind Erosion Control Practice be sure to bring your approval to the office and report it, so that we may begin transmitting Applications for Payment to the State Office and you may receive your payment.

Mrs. Charles Villyard and children, Denise, Jennifer, and Sam of Irving spent last week with Mrs. Villyard's mother, Mrs. Olean B. Leggett.

West Texas State College To Present First Festival of The Arts

West Texas State College will present their first Festival of the Arts on the college campus April 30th - May 6th through the combined work of the departments of Art, Speech, and Music. The public is invited to attend any or all of the events scheduled.

A dinner in the cafeteria featuring Dr. E. William Doty, dean of the College of Fine Arts, University of Texas, as speaker will open the program Saturday evening, May 30. Reservations at \$1.50 may be made thru Miss Isabel Robinson of the Art Department, WTSC.

A faculty recital is scheduled for 4 p. m. Sunday in the Administration Building auditorium followed by a reception at 5 p. m. in the Library, honoring festival guests. At the same time Art exhibits will open in the library, museum, and college cafeteria.

Third day of the festival will feature student solos and ensembles at 4:30 p. m. and a joint concert by the WT A Cappella Choir directed by Dr. Houston Bright and the Concert Band under the direction of M. J. Newman.

At 8:15 p. m., May 3, 4, and 5th Oscar Wilde's "The Importance of Being Earnest", a comedy of manners, directed by William A. Moore will be staged in the Branding Iron Theatre. Admission will be 25 cents for High School students and children, 50 cents for college students, and 75 cents for adults.

An original radio show and television program will be broadcast over Amarillo stations during the week and a script written, produced and directed by Henry Eason of Wildorado will be broadcast over KFDA. The Amarillo Center drama class will televise over KFDA-TV "Implications of the Modern Theatre" based on a discussion by William A. Moore.

A special invitation is extended to everyone in this area who is interested in one or all of the Arts to attend any part of the program or the entire schedule of events.

LEADER RECEIVES SPECIAL EDITION AWARD

At the recent meeting of the Panhandle Press Association, your Donley County Leader placed third in the Special Edition awards and also received honorable mention in the Commercial Job Printing contest. The special edition award was for the July 4th edition last summer. The Leader was competing against all the weekly papers in the Panhandle area which includes part of Oklahoma and New Mexico.

NATIONAL SQUARE DANCE JAMBOREE ATTRACTS MANY

The National Square Dance Jamboree was held thru the week end at Oklahoma City in the Municipal Auditorium. There were 10,000 registered for the event with some 800 callers, and a number of bands alternating to provide music throughout the event. Three floors; the main Auditorium, the Zebra Room and the mirror room provided ample space for the dancers. Two large balconies overlooking the main auditorium were filled to capacity with spectators.

The program was mapped out so that dancers could choose their callers, their favorite bands or watch exhibition dancing. Among the exhibition dancers were the Square Wheelers from Amarillo. They are a group who though confined to their wheel chairs find a great deal of pleasure in Square Dancing.

As well as providing entertainment the Jamboree also serves as clinic and school for callers. Convention sight for 1956 will be San Diego, Calif. and for 1958 Denver, Colo.

Mr. and Mrs. L. L. Wallace went over for the Friday evening session. L. L. is president of the Clarendon Square Dancers and both he and Mrs. Wallace expressed the wish that all Square Dancers in this area could attend. Mr. and Mrs. C. L. Benson and Mr. and Mrs. Glenn Hoggatt and Glynell visited relatives and friends and attended the Saturday sessions.

Mr. and Mrs. Hal Riley of Amarillo visited in the Gilbert Mann home Sunday morning.

Local Rifle Club Competes At Clovis Meet

The Explorer Post No. 37 Junior Rifle Club team participated in the National Junior Rifle Team Match shooting at Clovis, N. Mex. on Saturday, April 23.

The Clarendon team composed of Jimmy Carter, Captain, Eddie Joe Baten, Robert Mills, and Richard Vallance, with Carl Evans as alternate, placed 7th in competition with forty-six other teams from West Texas and New Mexico.

In the team competition each member fired ten shots prone and ten shots standing. Jimmy Carter was high scorer in the team with 157 out of 200. The team score was 527 out of 800. The American Legion team from Childress won first place in the meet with a score of 639/800.

During the competition, each individual also fired ten shots prone and ten standing to compete against each other entrant in the match. On completion of the Clovis shooting each score was forwarded to the National Rifle Association of America and will be entered in the competition with all other scores fired in the United States during last Saturday's match. As soon as these results are tabulated an individual national winner will be announced as well as the national team winner.

This match was held under the direction of the Clovis Rifle & Pistol Club with all shooting rules prescribed by the National Rifle Association. Jay Gould acted as instructor and Frank Phelan Jr. was coach of the Post No. 37 team.

DELTA KAPPA GAMMA STATE CONVENTION

The twenty-sixth annual convention of the Delta Kappa Gamma national society for women teachers met in Mineral Wells April 22 and 23, 1955 with headquarters in the Baker and Crazy Hotels. The theme for this convention was Our New Frontiers. Decorations indicative of this motif were carried out in luncheon and banquet table decorations.

Before adjourning, the convention named Mrs. Doris Thompson of Waco as the new president.

Miss Zady Belle Walker of Memphis, Texas and Gamma Kappa president took part in the president's march. Mrs. Velma Weaver, local music chairman, sang in the chorus selected for the march at the founder's dinner. Miss Lucile Polk, local chairman for pioneer women teachers also served on this committee on the state level. Biographies of pioneer women teachers in Texas are being collected and are to be placed on file in the new headquarters building in Austin when completed. The next state convention will meet in San Antonio, Texas in April, 1956.

Look Out For 'Hoppers Warns County Agent

Now is the time to be on the look out for those small grasshoppers says county agent H. M. Breedlove. Some farmers have already reported hatches along the fence rows and in low places. Where there is any foliage for the small hoppers to feed on, they should be poisoned at once before they get big enough to migrate.

Toxaphene and chlordane, aldrin are all good poisons to use on green foliage as a spray for control of the hoppers.

Breedlove adds that if there is no green foliage then bran mixed with the above poisons with water added is sure a good poison. The main idea is to get the hoppers while they are small and bunched on the hatch ground before they become large enough to migrate.

The department of entomology has advised us that we could have a severe outbreak of grasshoppers this spring if everything works out right for the eggs to hatch. Breedlove says that the egg survey in the Panhandle showed that several counties in this vicinity will have to keep a close watch on the hoppers. The county agent urges any one who needs additional help to call on him and he will be glad to give them assistance.

down state and who is editor of a church paper sent me the following recently saying that it so many times was like his day. As we read it we were ashamed that we too, had these same smudges all over our days. It is called: A CLEAN DAY ADULTERATED Here is Your day back again, God, The beautiful day You lent me this morning when I awoke; That clear unblemished day that

was mine alone, to use as I wished. And I'm ashamed as I hand it back to you, God, It is not beautiful anymore. That smudge I made this morning I was hurried and harried And I let my children go to school, without a smile or a cheerful word, that might have helped them, all because I had so much to do. And that smeary place a little before noon— That was the salesman at the door.

The one we try so hard to love— Well, the gossip I had of her was so much fun to tell— At least I thought it would be fun, But after I told it I was ashamed. I wish that I could call back the words because the gossip will spread now— And I'm not even sure that it is true. Does it make that streak a little less black because I was ashamed afterwards, God? There's another place with a dark blot on it. That was when my husband came home from work, but I was tired, too. And so, I didn't show him that I was glad to see him, when that was what he needed. And then the quarrel followed. It so easily could have been prevented— I could have passed off that remark of his with a laugh, and that would have been the end of it. But I didn't. There are a few clean places in my day, God— A few that I made a little brighter. Tonight, for instance, when I heard the children's prayers and we all felt so close to-

Livestock Market Projects Threatened

John White, Commissioner Texas Dept. of Agriculture

The Texas livestock industry is faced with the prospect of losing three important market information centers because the Texas Department of Agriculture may not have adequate funds to maintain them next year. Market news services at Amarillo, Houston and San Antonio are the critical points. They represent three points which service at least three-fifths of the state. The TDA requested an appropriation of \$15,000 from the Legislature to maintain a price reporting system in these cities. The federal government considered the projects of such importance that it was willing to contribute an equal amount annually provided Texas furnished the initial funds. After first consideration by the Legislature, the appropriation was defeated and only a slim possibility remains that the money will be reinstated in a subsequent bill. This means that cattlemen bringing their livestock to any of the three cities for sale may not have adequate information on

the worth of their stock. The market reporting system, which previously recorded daily transactions and furnished up-to-the-minute national prices, might be a thing of the past by Sept. 1st. The loss will be keenly felt in the industry. The volume of livestock moving through the Amarillo auction in the past five years has increased to the extent that it has attracted nation-wide attention. In Houston, the amount of calves going through the market makes it the fourth largest calf market center in the nation. San Antonio has been a trade center for South, Central and West Texas cattle for many years. Marketing information is aimed at attracting new business and assuring the cattlemen of a good basis for trade. The seller needs to know what his cattle is worth that day. He is seriously handicapped if he has to use guesswork. It is hoped that the Legislature will see fit to restore these funds before the present session is ended. A "key", geographically speaking, is a low island or a reef. The four precious stones are the diamond, emerald, sapphire and ruby.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

DEMOCRACY, WHERE ART THOU?

In a newsletter sometime ago I pointed out in some detail the reasons why a democratic government did not just happen, but was the result of long and tireless effort and planning in the establishment of basic principles, the violation of which could destroy the very thing sought to be attained. One of the basic principles upon which a democratic government must rest is the separation of powers between the

three branches of government, to-wit, the legislative, the executive and the judicial. These three branches form the tripod upon which a government by the people must depend in its original formation and in its continued existence. If at any time the people permit two of these legs of the tripod to become joined together, the balance provided by the tripod is lost. Once that balance is lost, the democratic form of government has fallen. This can happen without violence and without the people even realizing the transition that takes place until there has been a complete change. The awakening is then very sad, because it comes in the form of a realization by the people that their voice in government affairs, if heard, is not

heeded. I call this to your attention because of the alarm with which I view the legal gymnastics of the Supreme Court in the segregation cases now being considered. You will recall that the Supreme Court formerly held that laws providing for separate educational facilities for negroes and whites were unconstitutional, but withheld any formal declaration in the form of a judgment until arguments could be heard on behalf of a plan of integration to be announced by the Supreme Court. The procedure that has been followed by the Supreme Court in this instance is a classic example of the fusing of two legs of the government tripod and the probability of fusing these two with the third. This would mean that the separation of powers and the independence of the three branches of government became a

myth and the Supreme Court stepped in as an "all-powerful tribunal. Whether you believe in segregation or integration is not the question. The question is democratic government. If the laws under consideration by the Supreme Court were unconstitutional when written, they were unconstitutional when the Supreme Court so declared them, and are for all purposes null and void. I disagree with the Supreme Court as to the constitutionality of these laws, but I do not have the same power of enforcement of my opinion as does the Supreme Court. When the Supreme Court stated in effect that these unconstitutional laws will be held in abeyance until a social program could be worked out for integration, in my opinion they committed an act as unconstitutional as they declared the segregation law to be. They invaded the legislative branch of the government, and if they continue to follow this procedure, must of necessity violate the powers of the executive branch. They also invaded the rights of the states

in the same manner. As one southern senator so ably put it, "they discarded their judicial robes and donned the robes of social engineers." This generation will have the choice of whether or not we re-establish a democratic form of government and rededicate ourselves to the basic principles upon which it stands, or capitulate to the demands of those who want something for nothing and who are willing to base their arguments on appeals to the emotions rather than to common sense.

The Gas Hearings

The gas hearings continue, and I continue to be more amazed each day at the testimony of groups who have screamed "free enterprise" from the rooftops and condemned federal controls and branded everyone a socialist who didn't agree with them. Many of these groups are testifying that gas should be put under

federal control, that solemn contract obligations should be wiped out and the price at which gas is sold should be fixed by the Federal Power Commission. This is advocating centralized government in the worst degree and if such a philosophy was followed, it would be the beginning of the end of states' rights and a new era of centralized federal control of the lives of every individual in this country. In my opinion it is another attempt to take a natural resource away from the Southwest without paying a fair price therefor. As an example, the testimony shows that gas purchased for seven cents per MCF in Texas is being sold today in New York for \$2.89 per MCF—over 40 times the price of the gas at the wellhead. Yet the con-

sumers in the metropolitan areas are being told that gas producers in Texas are robbing them. What do you think?

HOTTEST-SELLING BUICK IN HISTORY
No wonder you see so many '55 Buicks on the highways — they're rolling up bigger sales than ever before in history — topping the popularity that has already made Buick one of the "Big Three" of America's best sellers.

Less than some models of the well-known smaller cars!

UNLESS we miss our guess, a lot of surprised people are going to do some new back-of-an-envelope arithmetic when they see the low delivered price of the Buick shown here...

Because we know that many folks still don't realize how little a Buick really costs—that the dollar difference between this big Buick SPECIAL and the leading smaller cars has virtually disappeared.

Buick Sales Are Soaring As Never Before

But more and more of them are finding it out. And that's a major reason why Buick production and Buick sales are soaring to all-time highs today—and why Buick again is outselling all other cars, regardless of price range, except two of the well-known smaller cars.

Big reason, too, for this soaring popularity is Buick's full line of automobiles, giving you a choice in any price class—the rock-bottom-priced SPECIAL, the high-powered CENTURY, the supremely spacious SUPER, and the custom-built ROADMASTER.

But above all, more and more people are discovering that the price you pay for a Buick buys more sheer automobile than the same money buys elsewhere.

More advanced styling, more deep-down comfort, more pure power thrill, more ride steadiness and handling ease and solidity of structure.

More spectacular performance, too, from the modest extra cost of Buick's automatic transmission.

For here you get Variable Pitch Dynaflo† — the new wonder drive born of modern aeronautics to give you instant full-power getaway and acceleration when needed—and far better gas mileage when cruising.

Why not come see us this week, for sure? We'll be happy to have you test-pilot a new Buick, just for the sheer thrill of it—and show you quite clearly that if you can afford any new car, you can afford a Buick.

†Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

AUSTIN—Tax plans tailspinned in the House before adjournment last week-end.

A tight-running team carried the Stanton Stone "fleas to uranium" omnibus tax compromise.

But they threw the ball over the head of the receiver. Net result: The House refused to pass the bill at second reading. It had to be revived for further action.

Some members rebelled because they weren't in on the play. New compromises, with more

players and a less taut rein, however, promised an ultimate tax bill. Members have been talking about "\$100 million new taxes", and that was just about what the new compromise plan embraced. It would involve face saving all around.

The four-point plan included: Acceptance of the Stone cut of the gasoline tax to one cent, from two, as originally asked by Governor Allan Shivers. At the same time, one-fourth of its revenue—eight million a year—would be given to cities and counties to buy rights-of-way.

One-cent increase on cigarette tax was kept.

Cut-down levies on beer dealers' licenses voted by the House was accepted, but, in deference to strong group demands, \$1 a barrel tax on beer was added.

Natural gas production tax would be frozen at its present 9-cent level. By present law, it would drop to 8 cents in September and 7 cents after Sept. 1, 1956.

As the bill stood when the House refused passage, it would raise forty and one-half million dollars a year. Various changes proposed in the second compromise would push it up to \$50 million a year, thus reaching the "100 million" about which members talked.

There still is talk of a special session, should the regular session not be able to iron out differ-

ences on where and how to raise the needed revenue.

Other Bills Pass

While the House walked around the tax issue, a number of non-controversial bills were passed.

Voted by the House was concurrence in Senate amendments to a bill banning "lewd and depraved" comic books.

Also voted was a Senate amendment shortening the "cooling off" period in divorce cases. The House has passed a bill setting the time at 90 days. The Senate made it 60.

Two Senate bills calling for mandatory jail sentences in sex offense convictions involving children were approved by the House.

Final passage was given a bill increasing the length limit of trucks from 45 to 50 feet.

In the Senate, 43 local and uncontested bills were passed.

Probe To Continue

Veterans land investigations will proceed in the Senate, despite bitter objection of some members.

Senate Jimmy Phillips said it would be wrong to stop it because "all parties responsible for the gigantic fraud have not been exposed and named."

Senators Dorsey B. Hardeman and Rudolph A. Weinert contended that the probe has established the pattern of fraud and the time has come for trial of persons indicted.

Voting was 19 to 12 to carry the inquiry through May 10.

Last week was the first in a long time when no new criminal charges or indictments or civil forfeiture suits were filed, involving veterans land.

Submission of additional land

bonds has been voted by the Veterans Land Board two-to-one with Attorney General John Ben Shepperd voting no. Hearing has been posted in the Senate on Sen. George Moffett's \$100 million bond plan. A \$200 million resolution was waiting in the House.

Water Bill Passes

Finally passed by the House was a measure creating the Trinity River Authority.

Water conservation, flood control, and irrigation projects are authorized by the bill which specifically forbids construction of a barge canal between the Gulf of Mexico and the Fort-Worth-Dallas area.

Failure was the destiny in the House of a proposed constitutional amendment to finance dams and other water projects.

Voting favored the resolution 78 to 61, but 100 votes are required to submit a constitutional amendment.

Under the defeated proposal, a State Water Commission, with increased authority, would supplant the State Board of Water Engineers.

Tidelands Again

More trouble looms between the federal government and Texas over the tidelands.

Attorney General Shepperd said he had discovered that the U. S. Interior Department and the Department of Justice will oppose Texas' sale of tidelands oil and gas leases May 3.

Congress restored ownership of the tidelands, out to the 10 1/2

Martha Manning

ILLUSION HALF-SIZE DRESSES

Yes, she has her own way of winding Father Time around her finger!
 She knows that the slender lines of a Martha Manning dress have a way of belying the years. She loves a Martha Manning for its flattery and gentle detailing. She'll love any one of these sheer cottons by Martha Manning for their style, their soft and lovely prints, their airy coolness.
