New Magnolia Station & Dixie Cafe To Hold Opening Saturday

The new Magnolia Service Station-Cafe building is receiving finishing touches this week and will be ready for formal opening of the two businesses housed in the structure, Saturday of this week. F. J. Hommel is owner of the new building which now replaces the one that was damaged by fire a few months ago. Instead of repairing the damage, Mr. Hommel decided to build this completely new building which is certainly a credit to Clarendon. The service station and cafe is of modern design throughout with the latest equipment and conveniences. Bill Allen is operator of the Service Station and will be giving numerous gifts to all visitors all day Saturday. G. A. Lamberth is the owner-operator of the Dixie Cafe and he has announced that free Coffee and Donuts will be served to visitors of the cafe Saturday. More space has been included in the cafe part of the building than the old structure and a large, separate dining room has been added to afford more comfort and pleasure for customers.

It is hard to describe this new building and the way it is designed, so drive by for their official opening Saturday; and for further information regarding each business turn to their advertisements in this issue of the Leader.

Dusters Defeat Groom 16-11

The Clarendon Dusters staged a big comeback Sunday afternoon when they defeated Groom 16-11 at the ball park in Groom. The Dusters led all through the game, widening their lead in the eighth when Cliff Stogner whammed out a homer with two on. This started the fireworks and eight big runs were marked up at the conclusion of the inning. Fate Breedlove relinquished the mound to Wayland Newman after pitching eight innings. At this point the Dusters had tacked in a comfortable lead. Don Ritter started for Groom but gave way to Art Britten in the eighth. The next Caprock League game for the Dusters will be with Pampa at Pampa next Sunday afternoon.

RECITAL GUEST ARTIST Miss Rebecca King, daughter of Mr. and Mrs. R. Y. King and talented violinist, appeared as a guest artist at a recital given by students of Miss Heinman at Amarillo College last Sunday afternoon. Miss Heinman is a piano instructor.

FITTING FOR MAN OR BEAST—The Army's highly-trained dogs are so important in combat that they have their own gas masks to be worn in event of enemy attack. Here a scout dog and his handler participate in a mock gas attack during maneuvers in Germany.

Awards Presented At Graduation Exercises

Special awards were presented at the Senior High School graduating exercises last Friday evening with Miss Lugenia Hubbard and Bill Dale Hill receiving the American Legions annual award. Miss Karen Knorpp and Robert Rhode, students from the lower grades, received the American Legion Auxiliary award. The Wesley Knorpp Cup award went to Glenn Wallace. He will get to keep the cup until next year when it will go to another outstanding student. A new award appearing for the first time this year is the Fighting Heart Award which was given by Bud Knorpp. It is a large beautiful plaque which will remain at the High School building, but the winner will receive a gold key and his name will be engraved on the plaque each year. This award went to Delma Graham.

Farm-To-Market Road Contract To Be Let Soon

A contractors notice of Texas Highway Construction is being published in this issue of the Leader calling for sealed proposals for constructing 5.932 miles of road from US 287 in Clarendon, 6.0 miles southwest which will lead to toward the SA Ranch. The bids will be opened and read on June 14 in Austin. Actual construction will probably start a short time thereafter.

Rev. I. E. Biggs Returned To Local Church

Pastoral, superintendent, missionary and supervisory appointments for Northwest Texas were announced Sunday by the Northwest Texas Methodist Conference at Lubbock. Included in the appointments was the naming of Rev. I. E. Biggs to return as pastor of the local church here; E. E. White as superintendent of the Childress District; Hedley-R. N. Huckabee; Lelia Lake-Alanreed—Harold Raney.

POT LUCK SUPPER TUESDAY, JUNE 7th The Odd Fellow and Rebekah Lodges will feature another Pot Luck supper, open to the public, at the lodge hall next Tuesday evening at 6:30. The supper will be 50c per plate.

MYSTERY FARM NO. 5—Can you identify this farm home? If you think you can and get your guess in to the Leader office by Monday morning you may win a free subscription or free movie ticket. Names of those correctly identifying the Leader Mystery Farm are placed in a box. The first name drawn wins a free subscription for one year to the Leader; the second will receive a movie pass to the Mulkey Theatre good for two people; the next three names will receive a movie ticket for one. Only one subscription will be given per family but you may guess each week and be eligible for the movie tickets. Everyone has an equal chance this way. You do not have to buy anything or be obligated in any manner to participate. Call or come by the Leader office only with your guess any time during office hours.

Vacation Bible School At Calvary Baptist Church Starts June 6

The Calvary Baptist Church wishes to invite all children between the ages of 5 and 16 to the Vacation Bible School beginning next Monday, June 6th at 2 o'clock P. M. and will be held daily from 2 to 5 p. m. "We have an excellent group of workers for this school, and we are looking forward to the best school that we have had," stated Ernest Phillips, pastor. "Mrs. Jordan will be our Superintendent with the following faculty," he added. Mrs. Mary Myers and Mrs. Geo. Self with the Intermediates; Mrs. McBrayer and Mrs. J. B. Lane with the Juniors; Mrs. Earl Eastling and Miss Della Mae Jackson with the Primaries; Mrs. Roy Jackson and Mrs. Connie Drumgoole with the Beginners.

Girls Handwork, Mrs. Ernest Phillips, and Mrs. Alton Webb; Boys Craft, Winfred Self, Music, Mrs. Harmon; Song leader Mrs. Lamar Aten. Serving Committee: Mrs. Velma Hearn and Mrs. Alvin Mays and Mrs. Aten and Mrs. Jess Ivey; Mrs. A. P. Todd will act as Secretary of the School. The Church urges the parents to see to it that their children attend the School. Bro. Phillips stated, "The Bible will be taught, and the children will be trained by these fine workers; and I think we have the finest group of workers that we have ever had. The children will meet at the Church Saturday, 3 p. m. for Registration. There is a BIG welcome waiting everyone of you," he added.

Twenty Identify Mystery Farm No. 4

There was a total of twenty persons who correctly identified the Leader Mystery Farm of the Air No. 4 last week. Dick Cannon drew out for the free subscription; Mrs. J. B. McDaniel drew out for the two free movie tickets to the Mulkey Theatre and each of the following will receive one free movie ticket each: Mrs. Woodrow Ashcraft, Mrs. C. M. Meyer and Mrs. J. H. Helton. Others correctly identifying the farm were Mrs. R. C. Bingham, John Short, Mrs. H. A. Harrison Jr., Mrs. J. C. Butler, Mrs. Carl Barker, Kenneth Koen, L. L. Wood, Mrs. E. P. Hahn, Mrs. Vance Gray, Mrs. L. L. Wood, Mrs. Bill Land, Mrs. Doug Smith, Dennis Bradshaw, Buford Marshall and Mrs. Olace Hicks.

Storm Warning Reminder!

Local officials and the Volunteer Fire Department want to remind all residents of this area again in regard to the storm warning signal. This is two blasts from the fire siren. When you hear these two blasts, DO NOT CALL THE TELEPHONE OPERATOR as she will be busy handling connections with the source of information, local officers and the fire department. A deluge of lights on the operator's panel would only help confusion. INSTEAD, TURN ON YOUR RADIO and listen for further information which will be given by the Amarillo weather station. When storm conditions are picked up by the Amarillo weather bureau in this area, local officials will be notified by the highway Patrol department in Amarillo, and the information will be relayed to the fire station. Sheriff Truett Behrens reported that close check has been made on each storm condition approaching this area. The storm that did so much damage in Oklahoma last week was first sighted by local officials and information was relayed to other officials along the line.

Dance At Legion Hall Sat. Nite

The Legion Dance Chairman, Bill Mears, is announcing another dance Saturday night at the Legion Hall. Music will be furnished by Emmett Allen and His Sunset Ramblers. This will be a public dance and the admission price will be \$1.00 per person. The dance will begin at 9 o'clock.

ATTENDING 4-H CLUB ENCAMPMENT

County agent H. M. Breedlove and three 4-H Club boys from Donley County are attending the district 4-H Club encampment at the Don Harrington Camp west of Amarillo this Wednesday thru Friday. The boys with the county agent at the camp are Jimmy Waddell of Hedley and Troy Harrison of Hedley and Ted Shaller from Clarendon. Boys who have completed at least one year of club work are eligible to attend. The quota from the county to the district camp is three boys. The program will consist of agriculture and livestock projects and recreation. A big time is in store for the group representing Donley County to this district camp.

Moisture Total Here Exceeds 8 Inches

The moisture total here in town passed the eight inch mark for the month of May with an official 8.38 reported by Mrs. Carl Saye who is subbing in for Tommy while he and his family are visiting in Colorado City this week. The storm Monday night netted a total of 1.51 in the official government gage.

Willard Knox reported .84 for Monday night and .18 Tuesday afternoon for Lelia Lake. This gives them a grand total of 10.09 which is about two inches short of the total rainfall for 1954. Knox also reported that some hail fell between Clarendon and Lelia Lake Tuesday afternoon. Ben Lovell reported .96 for Ashtola Monday night with other gages in the area measuring as much as 1.50 inch. This gives Ashtola a total of 9.26 inches for the month of May. D. B. Koen reported an inch Monday night for the Chamberlain community with a grand total of 10.35. Summing it all up, Donley County has had an average of eight to 14 inches during this past month. Pasture land is really getting pretty and some farmers have some cotton up and some will probably have some scratching to do or will be planting over. Most farmers had only a part of their crop planted and some were still waiting to plant. The high wind in the Monday night storm did some damage around the area but nothing very serious. Some outbuildings were blown down along with TV aerials and tree limbs.

FORMER RESIDENT BURIED HERE SUNDAY

Funeral services were held Sunday afternoon at the Murphy Funeral Chapel for Mrs. Oma Baggett with Bert Wells officiating.

Mrs. Baggett, 94, died in Lynnwood, Calif. last Thursday morning. She had been a resident of the Lelia Lake Community and Donley County a long number of years prior to moving to California about four years ago. She was a member of the Church of Christ.

Mrs. Baggett is survived by a daughter, Mrs. Julie Roberson of Lynnwood and one son, H. C. Baggett of Ft. Worth. Grandsons served as pallbearers. Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements. Donley County Leader, \$2.50 year

LIONS CLUB BARBECUE AND DANCE—TUESDAY, JUNE 7th

June Speed Control Program Opened

Mayor H. T. Burton today officially opened the June speed control program which the Texas Highway Dept. and the National Safety Council are conducting this month. "Slow down and live," is the watchword of the program. "One of the greatest traffic hazards of the present day is the impatient driver who refuses to drive at a speed that is safe for conditions," Mayor Burton said. "Such a driver not only endangers his own life, he's a menace to everyone he meets." Mayor Burton pointed out that the only intelligent way to drive is to let conditions of weather, traffic, road, the mechanical condition of your car and your own physical and mental condition determine your speed. "Posted speed limits are maximum limits," he said. "They are safe only when all conditions are favorable."

The mayor gave drivers the following six-point check list as a guide in determining safe speeds:

1. Drive at a speed that will enable you to stop in assured clear distance ahead.
2. Slow down before you get to curves and intersections.
3. At night, drive at the speed which will let you stop within your headlight range.
4. Drive with traffic. You are probably going too fast if you are passing many cars—too slow if many cars are passing you.
5. Where children are playing, be able to stop in a car length or less.
6. When you're tired or inattentive, stop.

Rev. J. E. Byers Resigns Pastorate of First Baptist Church

Rev. J. E. Byers has resigned as pastor of the First Baptist Church here, effective June 1st, and has accepted the pastorate of the First Baptist Church of Shamrock. "Rev. Byers has done a wonderful work here during his short ministry with this Church," a member stated. "He has only been here some 18 months, but he is recognized as a consecrated pastor, and a real organizer in all phases of the church program. The Church regrets very much the loss of him and his fine family."

RECEIVES DISCHARGE

Billy C. Scott, son of Mr. and Mrs. W. C. Scott, arrived home Saturday having received his discharge from the U. S. Army. He has spent the past two years in service and has been based at Ft. Lewis, Washington.

Boss Lion Mike McCully reported yesterday that "What first was scheduled to be just an inner-club barbecue between the local Lions Club and the Carlisle Club, had turned into what is now termed a Little 2T-1 Barbecue as Clubs from all over the district have made indications that they will have representatives or big delegations here for the big feed and dance. The Carlisle 680 Club, located on the outskirts of Lubbock, is co-sponsoring this event and plan to be here 100 percent.

The barbecue will be held at the Country Club, weather permitting, Tuesday evening of June 7th with the chow line forming at 7 o'clock. If the weather is bad, the barbecue will be held at the new County Fair building at the Rodeo Grounds. Flip Breedlove and W. W. Sandifer will be in charge of the barbecuing and cooking details. A dance will be held at the Legion Hall following the barbecue. Music will be furnished by Ed Armstrongs six piece orchestra of Amarillo featuring an attractive blonde singer.

This barbecue is open to all Lions club members and all the guests they wish to bring; also it is open to anyone else in the immediate Clarendon area who wish to enjoy a first class barbecue and dance for the one price of \$1.50 per person. Children's tickets are \$1.00. Take the entire family, McCully stated. Saturday will be the deadline for purchasing tickets so the cooking committee will know how many to prepare for. Tickets may be obtained from Mike McCully or Rayburn Smith. We want everyone to know they are welcome to buy as many tickets as they wish and attend, McCully added.

H. W. Truitt Resigns As Supt. of Local Public Schools

Mr. H. W. Truitt, who has served as President of the Clarendon Jr. College and Superintendent of the Clarendon Public Schools for the past two years has tendered his resignation to the Clarendon Board of Education, effective July 1, 1955.

Mr. Truitt came to Clarendon two years ago from Canadian, Texas. Since that time the Public Schools and Jr. College in Clarendon have undergone a rapid development and advancement. Mrs. Truitt has served as Counselor for the Donley County Schools for the past year. It is with regret that the Clarendon School System is losing such a fine and efficient administrator. We wish them much success and happiness in their new home.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Clyde Gilbert, who recently purchased the northwest quarter of the George Allen place, 4 miles west of Clarendon, became a new cooperator of the Donley Soil Conservation District last week.

the conservation work that is needed. A trip over the place with Carman Rhode, Conservationist with the Soil Conservation Service assigned to the District, resulted in a detailed conservation program for the farm.

While Gilbert does not expect to put all of this plan into effect this year, he does plan to begin next week on several practices.

His over-all plan includes a combination of diversion terraces and erosion control dams to protect some valuable sub-irrigated bottom land areas from damage from erosion and siltation.

In becoming a district cooperator, Gilbert the same as more than 600 other farmers and ranchers in the district, signed a Farmer-District Cooperative Agreement with the District.

In this agreement the District agreed to assist Gilbert in carrying out a complete conservation plan on his place. Gilbert agreed to use his land within its capabilities and to treat it in keeping with its needs.

Having this place leased for a number of years prior to buying it, Gilbert already knew most of

it can be irrigated out of spring fed holes along the creek.

Gilbert seemed to get the most satisfaction of all in telling about his plans for making his fish pond. This will involve deepening a spring-fed hole and damming it to prevent it from being contaminated with the wrong kind of fish when the creek is on a rise.

Gilbert is just one of the many Donley District Cooperators who is interested in soil conservation and is doing something about it.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

Friday, the last day of school, has been "rush day" at the library. So many children desire to read. They appear with books to trade for membership, and also twenty "funnies" so they can read for just one month.

We received the autumn 1954 Readers Digest selections that contains "The High & Mighty" by Ernest K. Gann, and "The Doll Maker" by Harriet Arnow. Each of these books has been sought here, but I didn't have them.

We have Mildred Walker's "The Curlew's Cry." With vivid detail this book depicts the American town's cycle of growth from pioneer days to the era of dude ranching in recent times.

In the recent issue of "Southwestern Crop & Stock" Uncle Zeb quotes from Dale Evans Roger's "Spiritual Diary" in his "Plowin' Out the Corners." All of Dale Evans Roger's books are worth your time.

Mrs. Donald Ballew paid a three months membership at the Library for each of her twenty-five pupils. She does this each year as a parting gift to them. The Library appreciates their

memberships, and the children assume an important attitude when they possess an individual Library card. They usually keep up their reading each year.

Television has not influenced the children's reading habits as it has the adults—this is likely due to the fact that children have more leisure.

FIRE NOTICE!

An extensive effort is being made by the local Volunteer Fire Department to acquaint local residents with the greatest problem confronting the firemen when an alarm is sounded. That problem is "Parking and Crowding Around Where a Fire is in Progress."

Local firemen are asking all the curious, thrill seekers and those actually interested, to park their automobiles at least two (2) blocks away from a fire and leave all streets and intersections clear in the fire area. Upon numerous occasions in the past, firemen have been unable to string hose or have been delayed due to the public gathering in too close. In addition to the possible loss of time, you or a fireman may be injured on account of this one thing. Firemen are expected to put out a fire and just as quickly as possible—and with your cooperation they certainly can do a better job.

There are laws governing racing to a fire, parking in a fire area, etc. Local officers will be cooperating to see that the above request is observed. The firemen don't want anyone fined - all they want is your cooperation so they will have a chance to protect the property of the citizens of Clarendon and do the best job they can.

**THE 1954 TEXAS TRAFFIC SCORE**  
Texas Dept. of Public Safety

AUSTIN—Of the 2,017 Texas fatal traffic accidents in 1954, 1,539 (76%) occurred on highways outside of cities and towns above 2,500 population. 1,916 (78.8%) of the 2,431 people killed in Texas traffic died in accidents that occurred on these rural highways. It is evident that the biggest job in traffic control is on rural highways. The Texas Highway Patrol has 470 Patrolmen and approximately 300 Patrol units to supervise 3 1/2 million vehicles on 50,000 miles of Texas highway system. Each of two Texas cities has more officers than are in the Highway Patrol. Three Texas cities combined have more traffic officers than the total personnel of the Texas Highway Patrol.

Slaughtering and emat packing is the most important industry of Illinois.

## TSPM Association Meets Here

The Tri-State Milk Producers Association held a district meeting in the county court house here recently.

Manager J. G. Anderson from Canyon was the speaker for this meeting.

The hearing on the proposed milk marketing order was discussed along with changes in hauling rates and election of directors.

A member and two associates were elected to the board of directors. H. A. Harrison Jr. was elected member and Vance Gray and Mr. Bimm from Wellington as associates.

The annual meeting of the T.S.M.P.A. will be held June 3rd at 11 a. m. in Thompson Park in Amarillo. This will be a family affair with everyone taking a picnic lunch.

The next district meeting will be June 29th in the county fair barn. A marketing expert from Texas A&M will be here to discuss the proposed Federal Milk Marketing Order.

The French Embassy in Austin, Texas, is the only building ever constructed on American soil by a foreign government.

By PRICE DANIEL  
U. S. Senator

The Senate Judiciary Committee, by a vote of 10 to 3, has approved and reported to the Senate our constitutional amendment which would change the present electoral college method of selecting the President and Vice President. Now called the Daniel-Walter amendment, this proposal is better known as the former Gossett-Lodge amendment, and is worded exactly as the Gossett-Lodge amendment passed the Senate in 1950.

This year the amendment was introduced in the Senate by the writer and in the House by Congressman Francis Walter of Pennsylvania. Its support in the Senate is indicated by the co-signers of the resolution who include Senators Byrd of Virginia, Humphrey of Minnesota, McClellan of Arkansas, Wiley of Wisconsin, Dirksen of Illinois, Kefauver and Gore of Tennessee, Jenner of Indiana, Ives of New York, An-

derson and Chavez of New Mexico, Neely of West Virginia, Murray and Mansfield of Montana, Sparkman and Hill of Alabama, Stennis of Mississippi, Williams of Delaware, and Neuberger of Oregon.

This list of co-sponsors include Democrats and Republicans, liberals and conservatives. The amendment received the necessary two-thirds vote in the Senate in 1905, but was defeated in the House. Congressman Ed Gossett of Texas has long been a chief proponent of this constitutional change, and it is hoped that the Senate will repeat its action this year and that the House will look with more favor on the proposal this time.

**Abolish the Electoral College**  
The amendment would abolish the archaic and outmoded electoral college. Each state's total electoral vote toward the selection of a President would remain the same, but it would be counted without intervention of "dummy" electors, and it would be credited to the candidates for President and Vice President in proportion to the direct popular vote cast in each state. In other words, if a candidate receives three-fourths of the popular vote in a state, he would receive three-fourths of the electoral vote of that state instead of the entire electoral vote as under the present system.

Under the present system the candidate who receives only a one-vote majority in New York would receive the entire 45 electoral votes of that state. Under

our proposed amendment, these 45 electoral votes would be divided in accordance with the popular vote, each candidate receiving approximately one-half of the 45 electoral votes. The votes would be counted as they are cast. Each voter would have his vote reflected in the final electoral vote of the state.

So long as the present electoral college method exists, each political party will continue to concentrate its campaign in the heavily populated states of the North and East. Each party will continue to out-promise the other in appealing to minority and pressure groups which might hold the balance necessary to win the majority popular vote and therefore the entire electoral vote in the pivotal states. If the proposed change is made, a vote in Texas will be worth as much as a vote in New York, and the same will be true of individual votes in every state. Presidential candidates would campaign in the South and West in the future instead of concentrating most of their efforts in the densely populated states.

**National Spelling Bee**  
The Twenty-Eighth Annual National Spelling Bee was held in Washington last week. Of the 62 girls and boys representing cities and districts throughout the entire country, 8 were from Texas. They were John Glenn, Jr. of Canadian, Thomas Stone of Pharr, Suzanne Payne of El Paso, Areve Brachman of Fort Worth, Barbara Grevesky of Houston, Sandra Buster of Lubbock, Ted Pinson, Jr. of San Antonio, and James Park of Wichita Falls. The contest is sponsored by sixty daily and Sunday newspapers.

**Air Force Academy**  
Selections have been made of cadets to be enrolled in the first class of the United States Air Force Academy. Out of the 230 boys nominated by Texas Senators and Representatives, 12 were selected as principals and 12 as alternates. The Air Force picked Winfield Ulmer, Jr. of Houston as the writer's principal appointment and Gerald Brooks of El Paso as alternate. The distinction of being a part of the establishment of a new service school goes to these young men and we wish them every success.

**FARM NEWS**

from the County ASC Committee

**1956 WHEAT ALLOTMENTS**  
The 1956 Wheat Allotment for Donley County has been received and notices of the 1956 Wheat Allotment for each farm will be mailed out to the producers in the near future. The number of acres allotted to Donley County for 1956 is 19,006. This is a reduction of 2,259 acres for the county from the 1955 Wheat Allotment which was 21,265 acres.

**1956 WIND EMERGENCY**  
Applications for payment on listing and chiseling that was carried out under the 1956 Wind Emergency Program are being submitted to the State Office each day, so the checks should be coming back to the producers within the next two weeks. If your check is a little slow in reaching you, bear in mind that the State Office is receiving many applications each day, not only from Donley County, but from many other counties, and that they are getting the checks out just as fast as possible.

**DROUGHT EMERGENCY FEED**

Application for drought emergency feeds may be made through June 15th, 1955 at the Farmer's Home Administration Office. These applications are for a feed supply to last through June 30, 1955.

The good rains which have fallen over the county during the month of May have caused many smiles on the faces of farmers, in particular, who have come to the office recently. We are very grateful for all the rain and also those broad smiles.

**CARD OF THANKS**  
To all of my friends I would like to express my thanks and appreciation for the lovely cards and flowers sent during my illness. Your kindness and thoughtfulness will long be cherished and remembered.

Mrs. C. W. Martin  
Mr. and Mrs. Doyle Martin of Amarillo visited in the home of Mr. and Mrs. C. W. Martin Sun.

**Amendments To TUC Act Can Save Small Business Men Millions of Dollars**

AUSTIN—Amendments to the Texas Unemployment Compensation Act passed by the 55th Legislature can save Texas small business men as much as eight and a half million dollars.

Governor Allan Shivers, when signing the legislation, estimated this sum as the probably difference between taxes which would have been paid under a Federal statute effective January 1, 1956, and those which will be collected under state control.

The bill was authored by Representative George Berry of Lubbock, sponsored in the Senate by Senators Wardlaw Lane of Center and Ottis Lock of Lufkin and favored by both business and labor organizations.

Need for the legislation came with amendment of the federal unemployment compensation tax act to include employers of four or more persons (instead of the present eight or more) effective in 1956. This act, however, provided that states could amend their unemployment tax laws to include these four-to-seven employers and make these new taxpayers eligible for "experience rates" — lower taxes based on each employer's record.

Thus the state will collect all except three-tenths of one percent of the new tax (that amount is turned over to the federal government for administration expenses). Under state jurisdiction a newly covered employer may become eligible for an experience rate and a low tax potential of four-tenths of one percent, including the federal administrative portion.

Some 48 per cent of Texas employers now have this rating. The state-wide average is .75 of one percent, one of the lowest tax rates in the nation.

The Berry-authored legislation also cut the "experience period" from three and a half years to one and a half, making Texas employers eligible for lower tax rates two years earlier than under the old law.

**Roping Club To Give Away Saddle & Hat July 4th**

The Clarendon Roping Club has announced that this organization will give away a fine saddle and a good Stetson hat at the evening performance of the July 4th Rodeo celebration. Tickets on both items may be obtained from any member of the club. The saddle and hat will be on display in a local window within the near future.

The club wishes to extend their thanks to those of this area for their help and donations in getting the Roping Club going again. They are also extending an invitation to everyone to come out and watch their practice sessions, free of charge, that are held each Sunday afternoon at 4 o'clock and at 8 o'clock on Thursday evenings. You will have an opportunity to see some good calf roping and other excitement as time progresses.

**Several Places Open For Summer Tour West Coast & Canada**

CANYON—Several places are still open for the annual summer tour of the West Coast and Canada, sponsored by West Texas State College, according to Dr. Murry B. Measamer, head of the geography department. The tour, primarily for pleasure and entertainment, and for non-college credit, opens July 18.

Reservations for the chartered bus trip, should be sent to Dr. Measamer before July 1, with payment for the tour to be made July 1. Cost of the tour will be \$250, which includes transportation and lodging and scheduled sight-seeing trips.

The tour will take the group from El Paso through Arizona, California, Oregon, Washington, Alberta, Canada, Montana, Wyoming, and Colorado. Among the attractions to be seen are Hollywood, Los Angeles, San Francisco, Yosemite National Park, Redwood Highway, Crater Lake, Willamette Valley, Victoria, B. C. Cascade Mountains, Grand Coulee Dam and Irrigation Basin, Grand Tetons, and Yellowstone National Park.

A ride on a snowmobile in August will be featured, when the tourists visit the famed Columbia Ice Field, and the beauty of the Canadian Rockies will be reflected in beautiful Lake Louise.

Dr. Measamer has planned to issue each tourist all available information for entertainment in all stops listed for the tour.

Programs of entertainment are arranged for each night at the various national parks to be visited.

EMC and Mrs. Johnny Watkins and son visited last week in the home of Mr. and Mrs. C. W. Martin. EMC Watkins has just returned to the States from Japan and is now stationed at Waukegan, Ill.

Mr. and Mrs. H. D. Blythe and daughters, and Mrs. Ed Skypala and children, all of Hereford were week end guests in the home of Mr. and Mrs. G. W. Bradshaw and sons.

We read where a leading deodorant soap company claims that their product will take care of your bath problems for three days; as far as your neighbors

objections are concerned. If someone could perfect one just a little better folks could go back to the old Saturday night days. Oh me, seriously we doubt if anyone but the small fry would rejoice at going back to the "Good ole' days" in this respect anyway.

Kindness always pays off, but it pays best when we don't do it with any thought of pay. A funny thing about kind deeds is that so many times it is the little everyday more or less unexpected things folks do for us that we really appreciate the most in life. Maybe, a little visit to the hos-

pital just at the right time or a letter that happens to arrive just when we need a little perk' up. We have always wished and hoped that we could have a talent or knack of knowing when and where to do or say the right thing. Some folks have this knack and its a wonderful trait. But us, we stand there looking on when folks have trouble; our heart all full too, but try as we can we do not seem to find the proper words to say. Oh well, I guess all that can be asked of any of us is to do the best we can with what we have and maybe if we do the Good Lord will add to us another talent after we have proved ourselves good stewards of what we already have.

Someone has said that the "Broad-minded person is apt to be the one who has been flattened out by experience."

The following poem and little Bits of Wisdom were sent to us by a member of our little shut-in club, Mrs. Mary Lutz 1609 Madison St., Amarillo, Texas. The poem was written by one of

Mary's friends who has passed on. It is called;

MY LITTLE CALVARY  
By Vera Marie Tracy  
Lord, how trivial seems my Calvary

When I consider Thine,  
For only Simon helped Thee lift Thy cross  
But many carry mine.  
I am not scorned or scourged or ridiculed  
And all along the way  
Are many sweet Veronicas  
To wipe my tears away.

There are no cruel nail wounds in my hands  
No thorns upon my brow,  
And ministering angels walk with me  
To smooth the way—But Thou;  
How dare I think of it; call it Calvary

This sheltered life of mine,  
O broken, beaten, bleeding Lord my God  
When I consider Thine.

"I am bigger than anything that can happen to me; all things, sorrow, misfortune, suffering, are all outside my door. I am on the inside of the house and I have

the key."—Anon. The above is certainly true when we dwell in this house with God as our ever present helper and companion.

"The darkest night the world has ever known did not put out the stars."

### Rise Stevens, Opera Star, To Appear In Oldsmobile's Musical

Rise Stevens, the Metropolitan Opera's most glamorous star, has been signed by The Oldsmobile Dealers of America for the new Max Liebman production of "The Chocolate Soldier" on NBC-TV Saturday night, June 4, from 9 to 10:30 EDT.

Miss Stevens will have as her co-star Eddie Albert, who recently scored a personal triumph in the Oldsmobile presentation of "A Connecticut Yankee", and Akim Tamiroff will play a major

supporting role.

It will be remembered that Miss Stevens made one of her greatest motion picture hits in the film version of "The Chocolate Soldier" some years ago. The romantic musical comedy has one of Oscar Strauss' most famous

scores, and the story is based on the great George Bernard Shaw stage hit, "Arms and the Man."

Lee Bowman will serve as host for The Oldsmobile Dealers and "The Chocolate Soldier" will be telecast in both black and white and compatible color.

# Highlights and Sidelights FROM Your State CAPITOL

AUSTIN — It's amazing how quickly pennies can grow into millions of dollars.

But, it is with pennies that Texas is solving its financial problem.

Big discussion of the week has been the proposed two cent increase in gasoline taxes. Right behind that big topic has been the 1c increase in cigarette taxes and the hike to 1c per bottle (\$1.30 per barrel) in beer taxes.

With these topics before them, the Legislators came back almost to where they started — namely Gov. Allan Shivers' original tax recommendations. Tossed out by the Senators, after many hearings on numerous phases of taxation, were virtually all other tax proposals.

When the tax bill bogged down

in the Senate, Governor Shivers threw in a surprise strategy move.

By message, he told the House and Senate—now working without pay—that if they wanted to end this session, he would call them back in a special session when they could be paid \$25 a day.

Lt. Gov. Ben Ramsey and Speaker Jim Lindsey at once responded that the session could complete the tax chore, unblock the billion and a half dollar appropriation bill, and finish its job.

**Filibuster Record Busted**  
For the third time during the 1955 Legislative session, a new talkathon mark was established by a member of the usually sedate Senate.

This time the speaker was Sen. Kilmer Corbin of Lubbock who took 28 hours, 25 minutes against a state water project financing plan.

Previous holder of the record was Sen. Wayne Wagoner of Bowie. Before that it was Sen. Jimmie Phillips of Angleton.

Corbin was opposing a committee report on Sen. Dorsey Hardean's proposed constitutional amendment to the \$100,000,000 water program. He was objecting to the three-cent ad valorem levy.

Governor Shivers had advocated the plan as a key part of his water conservation legislation. The proposal would set up a six-man board, to be appointed by the Governor. Corbin also contended that the board should be elected, rather than appointed. In objecting to the method of taxation, Corbin said that it would cause dry land farmers to bear the burden of water projects in other districts.

Like the other "billibusters", it was fruitless.

**Rain Steals the Show**  
General rains throughout the state stole the spotlight from the Legislators the past week. It was NEWS—BIG news. Even where there were floods, there were smiles of gratitude for the moisture.

As for the capital city, weathermen here report that Austin already has received more rain this year than it did throughout 1954.

Recent almost statewide rains have changed Texas' crop outlook from "dismal failure" to "fairly good" according to Agricultural Commissioner John C. White. Rain came too late to help the wheat and oats, says White, but benefits to pasturelands were rated "excellent". He pointed out the need for a normal amount of moisture the rest of the year.

**Probe in Senate**  
Lack of information prompted them to approve veterans land deals as a matter of routine. So said two state officials testifying in the Senate phase of the Land Office investigations.

State Comptroller Robert S. Calvert and State Auditor C. H. Cavness were the witnesses.

Cavness showed a form used by Giles to request funds for loans. Bearing the seal of the land board, the form carried no signature other than Giles'.

"Nothing came to us to cause us to have any suspicions," Cavness said, adding that he had assumed the deals had been approved by a majority of the three-

member board. Governor Shivers and Atty. Gen. John Ben Shepperd recently have made affidavits to the effect that they were absent from board meetings on certain dates when the minutes cited that they were present.

From San Antonio, the district attorney's office announced it was demanding the maximum 10-year prison term for Giles, in a scheduled trial on charges of accepting a \$30,000 bribe. Also that C. V. Wynn and Arthur McKenzie of San Antonio, charged with offering the bribe, would "turn state's evidence" against Giles.

Week-end discussion of a further postponement of the trial was based on the reported employment of an unnamed member of the Legislature as counsel. This is automatic grounds for continuance until 30 days after adjournment of the Legislature.

## New Chemical Spray May Help Prevent Wind Erosion

AUSTIN — The University of Texas Bureau of Business Research predicts Texas farmers will benefit greatly from a new chemical spray that forms a hard, thin crust from loose soil particles, preventing wind erosion and allowing water to percolate through the crust.

Another year of laboratory work and field testing is planned for the spray, developed by Dowell, Inc., of Tulsa, a subsidiary of Dow Chemical Company. Initial tests in April reveal that a spray job needs a curing period of about three days. A one-and-one-half inch rain that fell 12 hours after one test application did not damage the chemical, and

the rain water permeated the crust without difficulty.

Farmers now combat wind erosion by deep-plowing their land. This costs about \$10 an acre and there is no assurance it will work for more than a month or so, the Bureau points out.

The chemical spray also will cost \$10 an acre, but present indications are that it will be effective at least from one plowing to the next. The spray also could be applied in mixture with fertilizers and weed-killers.

The Bureau of Business Research reported Texas farmers' cash income rose 5 per cent, or \$17.3 million, in first-quarter comparisons between 1954 (\$328.6 million) and 1955 (\$345.9 million). Largest gains were in revenue from wheat, up 55 per cent; sheep and lambs, 35 per cent; corn, 34 per cent, and oats, 29 per cent.

SOMETIMES IT'S THE LITTLE THINGS THAT ARE MOST IMPORTANT... AND WE HEED THE SMALLEST DETAIL IN YOUR SERVICE.

### TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

#### THE BIG FOUR MEETINGS

The general feeling around Washington concerning the anticipated Big Four meeting indicates high encouragement as to the possible results thereof. Frankly, I do not think that people should become too encouraged as to the possible results of a four-power meeting, because it is not difficult to permit your de-

sires to get the best of you and sometimes expect more than will be forthcoming. It is my opinion that a top level meeting between the four powers is a realistic approach to the solution of international problems and should have been held some time ago. It must be realized that the failure to have such a meeting was not our fault, but the fault of Russia. Russia may have had good reasons for not wanting to meet, but in any event no meetings were held. Now that they are possible, it seems to me, as it does to a number of other individuals on Capitol Hill, that the situation should be faced with cold real-

ism. There is no reason why there cannot be a meeting of the minds among reasonable men that will prevent conflicts between man. It will certainly furnish a basis from which we can evaluate the burning question of whether or not Russian policy has changed.

#### SALK VACCINE

The Salk vaccine argument, of course, continues. We hope to have it settled in time to make the safe inoculation of many children in this nation possible before the polio season sets in. The Interstate and Foreign Commerce Committee of the House, of which I am a member, is considering a bill that will implement the President's suggestion that this vaccine should be made available to all children regardless of their economic status. As I told you in a previous newsletter, the Congress has kept a vigilant eye on the distribution

of this vaccine and will not tolerate the exploitation of the American people through such a medium. Frankly, I had hoped that the entire program could be handled without the exercise of any jurisdiction over the subject matter by the Federal Government as such. However, the situations that have arisen have required that the Congress step in to the picture and keep a tight rein on the handling of the program. It was recently pointed out by a member of the United States Senate that this Salk vaccine is the result of research paid for in a large degree by the dimes of children contributed in the annual March of Dimes campaigns. Certainly these children and their parents should be protected from exploitation at the hands of any unconscionable individual or group of individuals. Our committee hopes to coordinate the forces that should be instrumental in getting this vaccine to the public with the greatest possible speed and to avoid unnecessary red tape and political backbiting of pressure groups.

The remark that Mrs. Hobby was charged with having made to a Senate Committee to the effect that no one could have

forseen the public demand for the Salk vaccine was most unfortunate. I cannot believe that Mrs. Hobby intended the meaning that has been placed on her remarks. It would seem to me that the remarks, whatever the exact words might have been, have been taken out of context and blown up completely out of proportion. This is not a new practice in this country, but the fact that it has been employed before does not, in my opinion, detract from the unfairness of it. Neither does such a questionable practice add anything in accomplishing the result to be attained, to wit, the early and full distribution of a medicine that may relieve great mental and physical suffering among mankind.

#### VISITORS

Washington greeted the Panhandle entry in the 28th annual National Spelling Bee. He was John D. Glenn, Jr., of Canadian, who was sent to Washington by the Amarillo Globe-News. He was accompanied by his father and mother and his aunt, Miss Maud Glenn, of Amarillo. John D. didn't win the top honors, but he made an excellent showing against tough competition and is entitled to much acclaim from our section. These boys and girls are

under a terrific strain and we should all be very proud of them and the fine work they do.

Miss Louise Evans, that very able writer with the Amarillo News and Globe-Times, was the representative of the Amarillo papers in escorting the spelling champion to Washington.

We also had a nice visit with Boys' Ranch's number 1 wrangler, our old friend Cal Farley. Cal was with an old war buddy of his Horace S. Dennis, from Bridgeport, Connecticut. We had the pleasure of meeting Mr. Dennis several years ago in the company of Cal. Needless to say, Cal was talking Boys' Ranch from the time he hit Washington until he departed. With this kind of work going on, Boys' Ranch is assured of great things in the future.

### THE 1954 TEXAS TRAFFIC SCORE

Texas Dept. of Public Safety

AUSTIN — There were 1,539 fatal traffic accidents on Texas rural highways in 1954. In 61% of these fatal accidents only one driver was involved. In 34% of these accidents the single driver did not even hit anything. He simply lost control of his vehicle and turned over in the roadway or ran off the roadway.

Araname College at Goliad, Texas, closed its doors when the entire student body enlisted in the Confederate army.

**MYSTERY FARM NO. 4**—H. A. Harrison Sr. was in to make positive identification of his dairy farm pictured above last Thursday and receive his free glossy picture.

Mr. Harrison's Dairy farm is located 6 miles southeast of Clarendon in the Chamberlain com-

munity. He purchased this place in 1924 from Lake Watson and moved on the place in 1925 where he has made his home since. At the present time he has 338 acres in his farm of which 438 is in cultivation. His principal crop is cotton and grain sorghums.

In addition to his farming oper-

ations, Mr. Harrison operates a dairy farm, which is a full time job itself. At present they are milking around 40 head of Holstein and Jerseys. His associates in the dairy business are a son Dennis and son-in-law, J. D. Jones. They are members of the National Dairy Association, Tri-State Milk Producers Association and Farmers Union.

Mr. Harrison married Corinne Patterson in 1919 at McAlester, Okla. Six children were born to this union. They are: June Dol-

man, Odessa; H. A. Harrison Jr., Chamberlain community; Eugene deceased; Nelda Lee Jones, Chamberlain community; Mary Cannon, Martin community and Dennis Harrison, Chamberlain. They are members of the First Baptist Church.

**Texas Participating In "Slow Down And Live" Safety Program**

Governor Allan Shivers has joined with the governors of 47 other states, the Commonwealth of Puerto Rico and the Commissioners of the District of Columbia in declaring Memorial Day to Labor Day, 1955, as the period for a "Slow Down and Live" highway safety campaign. The objective of this nationwide program is to reduce death, injury and property damage on the streets and highways of the nation during the peak period of summer travel.

The "Slow Down and Live" program, sponsored by the National Conference of State Safety Coordinators, was introduced in the northeast in 1953, and in 1954, operating in 24 states from Maine to Texas, provided the first "across the Board" reduction in traffic casualties reported by any group of states since World War

II. A total of 601 lives were saved in the 24-state area and noteworthy decreases were effected in personal injury and property damage accidents.

J. O. Musick, General Manager of the Texas Safety Association and State Safety Coordinator for Texas, of the "Slow Down and Live" project, points out that "9,511 persons were killed on the highways of the nation between Memorial Day and Labor Day 1954. With the prediction that 50 million Americans will travel to vacation destinations by motor vehicle this year, we have a tremendous challenge to reduce the death and injury toll in summer driving."

"Slow Down and Live" concentrates on the violations associated with speed—the violations typical of the driver who is perpetually "in a hurry" and throws caution and courtesy in driving to the winds. According to Musick, "Slow Down and Live" is not a gigantic speed trap. Excessive speed, speed to fast for conditions, improper passing, following too closely and failing to yield right-of-way are the violations which constitute the largest single factor in traffic accident causation. We have a solemn obligation to protect those using the highways this summer for business and recreational purposes

from the 'Hurry Bugs' who try to get there first and fastest."

State and municipal governments, business and industrial leaders, civic and service organizations and safety groups throughout the nation have joined together for the promotion of "Slow Down and Live". William M. Greene of Connecticut, Chairman of the national Coordinator group has pointed out that "a 1955 campaign result as good as

that of the 24 states last year will mean a saving of over 1,100 lives."

The 1954 traffic fatality record for Texas covering the period from 12:01 a. m. Friday May 28 to midnight on Monday, September 6 was 663 deaths. "We are determined to improve that record this year", said Musick in announcing completion of the plans for the participation of Texas in the program.

*for this wide-open beauty*

It's the new kind of hardtop—  
**The 4-Door Riviera!**

**T**HERE seems to be some confusion about what a hardtop really is, and we'd like to set the matter straight.

A hardtop is a car that looks like a Convertible with the top up—but has a solid steel roof overhead—and *no center posts in the side window areas.*

Up until just recently, it could be built in volume only with two doors—not more—because it would take wholly new structural principles to hinge another set of doors without floor-to-roof center posts.

But Buick came up with those new structural principles and is now building—in volume—hardtops with *four doors.*

You see one pictured here. It's the 4-Door Riviera. And it's taking the country by storm...

*Because here, at long last, is an automobile with the sleek and sporty styling of a true hardtop—but with separate doors for rear-seat passengers, plus the added room of a full-size Buick Sedan.*

On top of that, this beauty is *all Buick*—with the buoyant ride of Buick's all-coil springing—the walloping might of Buick's record-high V8 power—the whip-quick

getaway and sizable gas savings of Buick's spectacular Variable Pitch Dynaflo.\*

And it's available in Buick's two lowest-priced Series—the budget-tagged 188-hp SPECIAL, and the high-performance 236-hp CENTURY, illustrated here.

Come visit us for a first-hand meeting with the 4-Door Riviera—and see how quickly and how easily the last word in automobiles can be yours.

\*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.
