Program Announced For Observance Of Public Education Week March 7-12

All plans are complete for the observance of Public Education Week March 7-12 in the schools of this area. This observance is being sponsored by the Masonic Lodges of Texas. Governor Allan Shivers has proclaimed the above date as Public Education Week, and Lee Bell is chairman of the local committee in charge of arrangements.

Mr. Bell reported that Prof. Lewis Cooper, professor of Sociology and Education at Texas Tech, will be the speaker for a chapel program at the high school Tuesday morning March 8th at 11 a. m. Supt. H. W. Truitt is extending an invitation to the public to visit school on that date and hear Mr. Cooper. It is understood that Mr. Cooper was formerly associated with Clarendon College.

Tuesday noon, Mr. Cooper will be on the program at the regular Lions Club luncheon. All Lions are urged to be present to hear Mr. Cooper also.

The local Parent Teachers Association under the direction of Mrs. T. M. Caldwell Jr., is cooperating also with plans to present for a contest between the different rooms at school having the most parents visiting school during the week, prizes awarded to the rooms having the largest total of visitors. Complete details will be announced next week.

The Ministerial Alliance will be helping with the observance also. They plan to have posters displayed in each church and make announcements from their pulpits urging parents and others to visit the schools.

Badges will be given to each child in school Monday, March 7th which they will wear to remind their parents to visit school.

Lelia Lake schools will carry out the same plans as outlined above except the chapel program will be Wednesday afternoon, March 9th at 2 p. m. and Mr. J. R. Porter will be the speaker for the occasion. The Lelia Lake PTA will announce their plans in next weeks Leader.

Remember the date, March 7-12 and visit your school and see "Democracy In Action" and show the school officials and teachers you are interested in our public schools.

Household Supply Team Wins First In Invitational Tourney

It was a rough and rugged road to travel but the Household Supply independent basketball team came out victorious in the invitational tournament held here last week sponsored by the Jaycees. Memphis won second place, Claude third and Juniors Food Market fourth.

In the final games Saturday night, the Claude team defeated Juniors 81-80 in the first game and Household Supply won over Memphis 80-76. Both games were fast and neck and neck all the way through. In the Household-Memphis game, Don Loyd was high point man with 28 and Billy White, also a member of the Household Supply team, was high point man for the entire tournament with a total of 77 points.

LOCAL MEN ATTEND SPECIAL TV COURSE

J. G. McAnear and C. T. Turner have returned home from Oklahoma City where they attended a special course for color television technicians, conducted by Oklahoma City University and Dulaney's.

Field engineers of the Radio Corporation of America taught the course and both men report unusual interest and large attendance among television technicians.

McAnear and Turner both received certificates from Oklahoma University, for having completed this course which qualifies them to properly service the new RCA Victor color sets.

Jr. High Colts Win Over McLean

Both the Jr. High Colts and the girls basketball teams won over McLean here Tuesday night. The Colts won their game 28-19 and the girls won theirs 53-18.

In the Lakeview tournament last week end, the girls lost to Claude 39-38, their first loss of the season; they beat Turkey 55-10 and Dodson 53-9, finishing with the consolation win.

The Colts A&B teams played in the Lakeview tournament and Lela tournament last weekend. The B team won over Claude 38-26 and lost to Turkey 26-21 in the Lakeview tournament. In the Lela tournament the A team beat Pampa B 29-16; beat Shamrock 23-22 and were defeated by the Pampa A team 27-25; they finished up in second place in the tournament.

The boys will play in the Quail tournament this week end with their first opponent being the winner of the Samnorwood-Alanreed game Friday morning. Their game will be at 1 o'clock.

Next Tuesday evening both teams will go to Alanreed for their last conference games of the season. At the present both are in first place in the district play.

College Girls Leave Saturday For National A.A.U. Basketball Tournament

The Clarendon College girls basketball team will leave here Saturday morning for St. Joseph, Missouri where they will play in the National A.A.U. Girls basketball tournament which will begin Sunday, Feb. 27th. The local team will draw their first opponent and playing time after they arrive there.

There are thirty-two teams entered in the tournament and the defending champions are the Wayland Flying Queens of Plainview. From what we can learn the local team has a good chance to make a good showing at the tournament and Clarendon basketball fans are wishing them the best of luck.

Girls planning to make the trip at present are: Louise Short, Mary Ann Garner, La Trell Riddle, Jean Farmer, Dianne Templeton, Peggy Tate, Wanda Kenard, Janis Oldham, Wanda Buckingham, Ruella McGowan and Rita Dye. Taking cars for the trip will be the coach C. R. Brown, John Payne and Lynn Payne.

Mrs. Clyde Butler and son, Earl Butler of Borger went to Oklahoma City Sunday where Earl received medical treatment. They returned home Monday night.

LEE BELL

Lee Bell Heads Home Service Branch Of American Red Cross

This is the time of the year when one hears and reads more about Red Cross than any other time of the year because it is fund raising time. One hears about it on the radio and television and reads about it in the newspapers as workers are asking for funds. However, lots of people do not know about the services. The chairman of our local chapter, Mrs. W. J. Adams, decided that now would be a good time to inform the public about home service of the Red Cross.

Lee Bell is Home Service Chairman. He is a voluntary worker and receives no compensation for his services. He has one assistant, Curtis Mears, who acts when Mr. Bell can not be reached.

Most of Home Service since the beginning of World War II, has been for the serviceman, his family, and the military, and will continue to be as long as we have men in service. That is Home Service's main job, but there are many other services.

Help with personal problems is one service. Have you a problem you find too difficult to handle alone? Home service will talk it over with you in strict confidence and suggest ways in which it may be solved. Often just talking it over helps.

Communications is a service. If you need to get word to your serviceman quickly and don't know the best way, Home Service will advise you. Maybe you haven't heard from your serviceman for so long that you are worried about him. Home Service

PUBLIC SCHOOLS WEEK

(An Editorial)

The need for the public school never changes, but times and conditions may change or require to be changed methods and practices of public education. This is inherent with anything that grows, for growth is the result of change.

Our Texas public schools were created 101 years ago. In 1854 the first law passed establishing the public school.

It is a healthy thing in our democratic way of life to have an intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problems of citizenship in the years ahead.

Yes, "bring me men to match my mountains." That is the need of our times and must come from the public schools—schools that are strong in the virtues required for building strong men and women.

We can be assured of this and do our part in understanding and helping the public schools to fulfill their great obligation to our times by being a participant in the annual Public Schools Week, March 7 through 12. Schools will hold open house; accept their hospitality, and you will enjoy the experience of going back to school—if but for a day.

may be able to send a message for you.

Emergency leave is a service. If you want your serviceman home because of serious illness or other family emergency, Home Service will prepare and send to military authorities a report of the verified facts to help them decide whether your serviceman can be granted emergency leave.

Government benefits are a service. As a serviceman's dependent are you receiving all the government benefits to which you are entitled? Home Service can help you make application for these benefits.

Financial help is a service. Perhaps you need money to tide you over until your first government allotment check comes, or your regular allotment is delayed for some reason. Home Service can help. The Red Cross will also try to help you find a way to meet other emergencies.

Other types of help are a service. You may request a service the Red Cross cannot provide. If this proves the case, when you and the home service worker have discussed your problem, the worker will find out whether the help you seek is available elsewhere in the community and will arrange an appointment for you if you wish.

Mr. Bell says to remember only the military can grant emergency leave, grant a hardship discharge, or issue casualty reports. The Red Cross can help you and your serviceman with these and many of your problems and emergency needs. You can count on Home Service to listen sympathetically to any problems you have and will give help.

Local Rifle Team Wins 3rd At Pampa

A local rifle team, composed of members of Explorer Scout Post No. 37, were entered in the second annual Jr. Rifle tournament at Pampa last Sunday afternoon and placed third in the tournament with Clovis, N. M. placing first and Pampa second. Members of the local team were Robert Mills, Jimmy Carter, Eddie Joe (cross fire) Baten and Owen Johnson. These boys were coached by Frank Phelan Jr., assisted by J. Gould.

Robert Mills placed first in the individual shooting with 173 out of a possible 200. Shooting positions were prone, sitting, kneeling and standing. The tournament was held at the Pampa indoor range and was sponsored by the Pampa rifle and pistol club.

College Girls And Household Supply To Play Dumas All Stars Tonight

BILLY R. PHILLIPS

In a double header affair tonight (Thursday), the Clarendon College girls will play the Dumas all star girls team and the Household Supply Independents will play a Dumas all-star independent team at the college gym. The girls game will start at 7:30 o'clock. The second game will start immediately following the girls game.

The Clarendon girls are playing this game in preparation for the National Tournament which is to be held in St. Joseph, Missouri, February 27th to March 4th. The girls will leave for St. Joseph February 26th.

If you want to see basketball at its best, then be on hand for these two games tonight at the college gym. There will be two games and plenty of excitement.

Red Cross Campaign To Start March 1st

Billy R. Phillips, chairman of the American Red Cross fundraising committee for 1955, announces the campaign will start March 1st.

Mr. Phillips stresses that the main objective of the campaign this year is for a hundred per cent membership from Donley County. A membership is one dollar.

Hommel to Build New Magnolia Station

F. J. Hommel, local Magnolia dealer, announced this week that a completely new building would be built to replace the one that was damaged a few weeks ago by fire. Wrecking operations on the old station-cafe building was started last Friday with Claude Hinton of McLean as the contractor.

The new Magnolia station and cafe will be of modern design with more and better arranged space. The service station with all modern facilities will be located in the east part of the building with the cafe to the west side. The cafe will be off-set eight feet from the north front of the station and will be enlarged with an additional dining room located to the rear of the building. More kitchen space, storage space and rest rooms have been included in the plans. The main dining room will be 24 x 24 feet which will give about twice the space as the old building. The cafe will continue to be operated by G. A. Lamberth as the Dixie Cafe. Bill Allen will continue as operator of the new station.

The building will be of Haydite block construction with Roman brick used for the north and west fronts. "We hope to have the building completed and each business back in operation between two and three months from now," Mr. Hommel stated.

SERVICES AT MISSIONARY BAPTIST CHURCH FEBRUARY 25-27

The regular week-end services will be held at the Missionary Baptist Church.

The services, which begin Friday night and continue through Sunday night, Feb. 25-27, will be at 7:30 p. m. and 10:30 a. m.

The public is cordially invited to come and hear the pastor, John W. Reynolds, on such subjects as "God's Free Salvation At Great Cost", "The Trail of Blood or The History of God's People Called Baptists", "Can a Saved Soul Ever Be Lost?", "The Certainty of God's Redemption in Christ Jesus."

Donley County Leader, \$2.50 year

Services Held Tues. For Mrs. Lola Barns

Funeral services were held Tuesday morning at the First Baptist Church for Mrs. Lola Ray Barns with Rev. Ed Byers officiating.

Mrs. Barns, 65, died Saturday morning in the home of a sister, Mrs. A. M. Black at Abilene, Texas, where she had been visiting. She was the widow of Edwin O. Barns, who died about 25 years ago. She had been a resident of Clarendon for fifty years. She was an active member of the First Baptist Church.

Survivors include five daughters: "Kathryn" Smith, Denver; Mrs. Lola Furman, Albuquerque; Mrs. Delia Carter, Stockdale; Mrs. Jewel Kolb, Raton, N. M.; six sons, Roy D. Barns of Denver; Bert Barns, Albuquerque; Ned Barns, Shreveport, La.; Edwin O. Barns, and Joe A. Barns, Amarillo, and R. L. Barns, El Paso; a sister, Mrs. A. M. Black, Abilene; a brother, Gussie Ratcliff, Quemado, Texas; a half-sister, Mrs. C. D. Groves, Brady; a half-brother, E. L. Ratcliff, Houston; 15 grandchildren and three great-grandchildren.

Pallbearers were Barney Horton, Hubert Heatherly, Basil Smith, Willard O'Neal, H. E. Sibley, and Doc Scivalley.

Interment was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

New Equipment Installed At George's Cleaners

George Schollenbarger, owner of George's Cleaners, is announcing in this issue of the Leader, the installation of new, automatic dry cleaning equipment in his plant here and also that the new equipment is now in operation.

The new equipment is known as the Stand-O-Matic two bath system. It has two separate tanks, one used for soap-charged naphtha and the other for a rinse naphtha. The cleaning fluid, after each cleaning operation, passes through large filter tanks before being used again. This new machine is completely automatic and each cleaning process takes 31 minutes and after all the naphtha is forced from the clothes they are placed in a new drying machine of the same make.

Mr. Schollenbarger has operated his cleaning plant here over eight years and is proud to make the announcement of this new equipment.

SERVICES AT EPISCOPAL CHURCH SUNDAY, FEB. 27

At 11 a. m. on Sunday, February 27, The Rt. Rev. George H. Quarterman will celebrate Holy Communion and preach in the Episcopal Church of St. John the Baptist here. After services, a buffet luncheon will be served in the Mission Hall. The public is invited to join in the worship service and luncheon.

SMILE OF TRIUMPH

A RADIANT SMILE OF TRIUMPH spreads across the happy face of Manuel Greigo as he tries out his new artificial limbs at the Texas Scottish Rite Hospital for Crippled Children at Dallas. The 13-year-old San Antonio boy lost both legs in a rock quarry accident last year and doctors were dubious whether Manuel could wear artificial limbs, since the amputations were almost at the hip line. Another great triumph was scored last week at the hospital when the homeless boy found he could walk again. At the left, Manuel is shown as he entered the Masonic-sponsored hospital last September and being received by Mrs. Alma Power, superintendent. At the right he wears a proud smile for John McKee, president, and Asher Mintz, secretary of the Scottish Rite Hospital.

Drivers Urged To Accept Code Of The Road Pledge

The Code of the Road traffic courtesy program, encouraging each Texas driver to make a "pact" with himself agreeing to adhere to the basic rules of driving courtesy, is now in its second week, and although much headway has been made, there still is work to do, Mr. R. B. Roaper, of Houston, Chief Safety Engineer, Humble Oil & Refining Company and President of the Texas Safety Association, Inc. said.

"It is vitally important for drivers to accept the Code of the Road pledge—and live up to it," Mr. Roaper said. "It will make

motoring safer for everyone, because discourtesy certainly is a major factor in the traffic accident picture."

"Statistics don't show any breakdown of discourteous acts in traffic accidents," he said, "but the figures do show that violations of the law by one or more drivers are reported in 8 out of 10 fatal traffic accidents. These law violations," he explained, "often can be the result of discourtesy on the part of drivers." "When a driver develops the habit of rudeness in traffic, he also forms an attitude of contempt for traffic rules and regulations," Mr. Roaper said.

"Laws are passed for everyone's protection and have their roots in the principles of courteous behavior," he said. "Viola-

tions of the law usually involves common discourtesy, and discourtesy very often results in breaking the law."

That is why the police department is solidly behind the current Code of the Road program, and is urging all drivers to cooperate.

The month-long program, which is sparked by the slogan "Make Courtesy Your Code of the Road," is being sponsored by the Texas Safety Association, The Texas Department of Public Safety, the National Safety Council and the Inter-Industry Highway Safety Committee.

MRS. WILSON LANE COMPLIMENTED WITH SHOWER

Mrs. Wilson Lane, who before her recent marriage was Miss Shirley Aten of Lelia Lake and Clarendon, was honored with a lovely miscellaneous shower at the Patching Club Rooms, Monday evening, from 7 until 9 o'clock.

Mrs. Ed Dishman greeted the guests at the door and then presented them to the receiving line which was composed of Mrs. Dick Vallance, the bride, Mrs. Wilson Lane, her mother, Mrs. Quinn Aten, the groom's mother Mrs. C. W. Lane.

Miss Betty Maddux and Mrs. Lois Marie Moore presided at the guest registrar.

The serving table was covered with a white linen cover. The centerpiece was an arrangement of pink Aristocrat roses centered with a large heart made of pink meline sprayed with silver sparkle glass and topped with miniature snow bells. The heart formed a miniature bride and groom. The sweetheart theme was carried out with small hearts in the center of the double candelabra, bearing pink tapers. Pink satin streamers descended from the hearts which were also topped with miniature snow bells.

Miss Joan Sibley ladeled pink punch the first hour and Miss Evelyn Jean Wood served the lovely miniature brides cake, each topped with miniature pink flowers. Mrs. Ann Reid of Amarillo ladeled punch the second hour and Mrs. Scharlean Smith of Amarillo served the second hour. Mrs. Barbara Cosper and Miss Joan Hermesmyer served in the gift room.

Miss Janiece Christal of Lelia Lake and Mrs. Lois Marie Moore provided lovely background music at the piano during the evening.

ning. About 70 guests registered with a large number sending gifts who were unable to attend.

PIANO STUDENTS HAVE VALENTINE PARTY

Piano students of Mrs. Page Harmon enjoyed a musical Valentine party at the music studio. The life of America's greatest song writer, "Stephen Foster," was given by Shirley Mann, who had just completed her book on his life.

Special piano solos were given by Helen Bennett and Mike Spier of the pre-school groups; and Pauline Mills, Shirley Mann, Beth Johnson, Mary Louise McCord, Marvin Nall, Georgia Bell Harmon, Ann Allen, Lynn Douglas and Billy Neal Spier, who are star pupils of Mrs. Harmon. Suzanne Sandifer also a star pupil was unable to be present.

Later musical games were enjoyed after which candy chocolate Valentines and cookies were served to all present.

BUFFET SUPPER

Jackie Estlack entertained members of the Junior Class with a buffet supper in her home Tuesday evening following the final staging of the class play, "The Funny Brats." The meal was served from the dining table which was laid with a linen cloth and ornamented with a miniature cherry tree and figurines of George and Martha Washington.

The group enjoyed TV, recordings, and games. Twenty-one class members and their sponsors, Miss June Christian and Tom Seay attended.

GARDEN CLUB

Mrs. Lena Antrobus with Mrs. O. C. Watson as co-hostess entertained members of the Garden Club in the Antrobus home Thursday afternoon, February 17.

Table decoration was the theme of the program. Mrs. Frank Phelan, Jr. spoke on ways of setting a table and decorations for many occasions, giving illustrations. Drift wood and dried flowers were suggested decorations. She stressed the fact that cloth and china should be used in harmony with flowers. Several kinds of fabrics were pointed out as suitable for cloths, mats, etc. She also stressed that elaborated arrangements should never be used for centerpieces but should be placed at the end or side of the table, keeping in mind that the arrangement should never be too high.

Mrs. Carroll Knorpp illustrated tables for breakfast, buffet, and dinner. The breakfast table was laid with a red and white check cloth with miniature figurines and geranium. The buffet table was set with a backing of drift wood, a creation of gladioli and nandina foliage. The dinner table was spread with a lovely white cloth and featured a low vase of yellow Acacia and Jonquils with white figurines.

Following the program, the hostesses served refreshments of apricot balls, cookies, tea and coffee. Attending were Mesdames Seldon Bagby, guest, and members Lloyd Benson, John Goldston, Bill Greene, Lee Holland, J. H. Howze, Carroll Knorpp, Pete Kunz, C. D. McDowell, Joe McMurtry, Frank Phelan, Jr., M. C. Rumpy, W. W. Taylor, John Head, John Potts, Floyd Lumpkin, and the hostesses, Mrs. Lena Antrobus and Mrs. O. C. Watson.

SEVENTH ENGLISH CLUB

The 7th English Club met at 10 o'clock Monday morning in Mrs. White's English class room. The president, Betty Parker, called the meeting to order. New officers were elected as follows: President, Judy Johnson; Vice President, Jacquie Bell; Secretary, Glenda Koontz; Reporter, Barbara Hewett. The program chairman, Betty Parker, took charge of the Dr. I. Q. Program. The class enjoyed taking part.

ENJOY CALIFORNIA TRIP

Mr. and Mrs. Ed Hodges returned home Sunday night after having been away for the past six weeks. Four weeks were spent at Truth or Consequences, N. Mex., and the last two weeks in California.

While in California, they visited in the home of Mr. and Mrs. Chester Hodges at Riverside, and with Mr. and Mrs. Rufus Pool at Aljoun. They enjoyed sight-seeing around San Bernardino, Arrow Head and other points of interest and report fine weather, beautiful flowers, greenery throughout California.

CARD OF THANKS

I would like to express my appreciation to my friends in Clarendon for all their kindness to me at the time of my illness. We appreciated the visits, calls, flowers and letters since we have been in Calif. This is a nice warm sunshiny place to be. We are much improved and hope to be home sometime in March. We miss our Sunday school and church. Mrs. W. H. Strawn, 521 4th Pl., Manhattan Beach, Calif.

CARD OF THANKS

We wish to thank friends and neighbors for the many deeds of kindness, all the many cards of sympathy, and the beautiful floral offering in the death of our beloved father, W. B. Franklin of Lubbock, Texas. God bless each of you.

Mr. and Mrs. Bill Adams and all the Franklin family.

Mr. and Mrs. Howard Stewart and family visited Sunday with Mr. and Mrs. Wayne McElroy and children at Hereford.

Mr. and Mrs. Ivey Holman will receive gift tickets to the Mulkey Theatre at the Leader Office.

**Notice!
To The Public**

It has been brought to our attention that a lot of people are not familiar with some of the laws governing taxation. Some people are under the impression that they are to list only the items suggested by the assessor. The assessor merely makes these suggestions as an aid in making your rendition. It is the duty of the taxpayer to list all of his or her real and personal property. Personal property consists of goods and merchandise of every description, shop equipment, cafe equipment, office equipment, automobiles, trucks, jeeps, or any other motor vehicle, trailers, irrigation pumps, tractors, and all other farming equipment, horses, cattle, sheep, and hogs. Persons owning only an automobile are required to list same for taxation.

The law requires the taxpayer to render his property for taxation by listing the same, making oath thereto, and delivering the same to the assessor, whose duty it is to enter the said property on the tax rolls. If a property owner fails to render property to the assessor, the assessor has the authority to assess the property at what he considers to be the true and full value and place the same on the unrendered roll.

Back assessments of property which has not been assessed or rendered for taxation may be made for any previous year. Therefore, we feel that it is to the advantage of the taxpayer to know his or her duty in regard to rendering property for taxation.

If you fail to render your property for current year taxes, the Board of Equalization are allowed to raise or increase the valuation without having to notify you. If your property is rendered,

**Select Nursery
Stock Carefully**

John White, Commissioner
Texas Dept. of Agriculture

There is no such thing as "bargain basement" nursery stock. A healthy plant or good quality seed commands its own fair price but it pays off with good growth.

This does not mean that when a reputable nurseryman holds a "sale" he is passing off inferior merchandise. Rather, it is a warning against the type of itinerant peddler of stock who operates without license and makes promises instead of guarantees.

Planting of trees and shrubs is vital to the welfare of Texas. For this reason, the "Plant Texas" movement is being sponsored by the nursery industry of the state and it is endorsed by the Texas Department of Agriculture. But it is important to know your nurseryman and not risk buying stock from off a truck by the roadside which is operating outside the law.

A dealer in nursery stock is required by law to be licensed by the Texas Department of Agriculture. This is a type of protection offered to the buyer. Purchasing from an unlicensed salesman encourages trade in inferior plants.

A healthy plant provides many benefits. In our cities, trees and shrubs can filter dust, absorb noise, temper climate, provide better and more natural living conditions. In the country, plants save the soil from erosion and

conserves and utilizes the rainfall.

The TDA compiles a list and keeps an inspection record of nurserymen in Texas. This list is available to the public and should serve as a guide to licensed dealers. Irregularities in plant stock sales should be reported to the proper authorities.

Information and booklets on licensed dealers can be obtained from one of the six regional offices of the Department. Address your request to the office nearest your home. The offices and officers-in-charge are as follows:

Lubbock, Room 116 Agricultural Bldg., Texas Tech, Darwin Metcalf; Arlington, Box 217 State College, Mearl Taylor; Tyler, 211 Tyler State Bank, Ray Cure; Houston, Room 111 Livestock Exchange Bldg., 4905 Calhoun Road, Travis Edwards; Pharr, 126 East Park, Nick Doffing; Austin, Texas Department of Agriculture, Capitol Station, John White.

Mr. and Mrs. Chester Scott, Glenda and Connie, Mr. and Mrs. John F. Harlan and Latrice, and Miss Gaynell Scott, all of Amarillo visited in the home of their parents Sunday, Mr. and Mrs. W. C. Scott.

Mr. and Mrs. Lloyd Risley and family visited in the Tom Shadle home Sunday.

The local chapter of the American Red Cross is one of over 3,700 chapters throughout the United States serving people in time of need.

DONLEY COUNTY CONSUMER FROZEN FOOD LOCKER

Phone 122 Clarendon, Texas

By PRICE DANIEL
U. S. Senator

If the Texas viewpoint is not expressed sufficiently in Washington in 1955, it will be the fault of our own citizens and native sons. They hold the highest places in government today.

President Dwight D. Eisenhower, a native of Denison, Texas, heads the executive branch of the government.

In the Congress, Speaker Sam Rayburn of Bonham holds top place in the House of Representatives, and Lyndon Johnson of Johnson City is majority leader of the Senate.

We have not been able to find another period in American history when one State furnished all three of these top officials.

Real Texas Co-operation

Although the President and the two Congressional leaders are of opposite political parties, they have been good friends for many years. There will be occasional political differences from time to time, but on the big issues you can look for real bipartisan co-operation between these Texans for the best interests of our country.

Popular in Both Parties

An unusual thing about each of these three Texans is his popularity in the opposing political camp. Despite the normal political sniping, it is doubtful if any Republican President has enjoyed higher personal popularity among members of the Democratic Party. On the other hand, Speaker Sam Rayburn, a loyal two-fisted Democrat, has scores of personal friends and admirers on the Republican side of the aisle. You should have heard the great ovation when President Eisenhower interrupted his State of the Union speech to congratulate Speaker Rayburn on his seventy-third birthday. Senator Johnson has the same type of understanding and respect from

Republicans in the Senate. Believing in unity for the best interests of the nation, he is slow to raise partisan issues.

Of course, there are many other Texans with important jobs in Washington. One or more of them will be mentioned in this column each week, because Texas' contribution to the national scene may be measured largely by these individuals and their work.

Senator Becomes Columnist

This week your junior Senator joins the ranks of other members of the Senate who write columns for their weekly newspapers. After two years here in Washington, it has been decided that this is the best means of reporting matters of interest to a large segment of the people. All one has to do to be sold on the importance of his weekly newspaper is to hear its virtues extolled by nearly 20 Senators who write for these hometown papers.

One Senator recently expressed it this way: "My column to weekly newspapers is read more than anything else I write, because these papers stay in the home all week. They do not vanish with the turn of a dial and are not thrown away until all members of the family have read each issue. In their local communities weekly newspapers are still the best news and advertising mediums in America."

Cotton Allotments

The 1955 cotton acreage allotments are working severe hardships in many sections of the State. Over 16,000 Texas farms have been allotted less than 5 acres. Cotton-State Senators have been demanding more administrative relief for hardship cases. We have introduced bills to redistribute estimated unplanted acreage to care for hardship cases, especially on family-size farms and in drought areas. Something must be done if we are to prevent further discouragement to farm families and further exodus of young people from agricultural pursuits.

The Formosa Question

Most of the mail from home approves the firm hand the President and the Congress are using with Red China in the Formosa controversy.

Pray that it is not overconfidence, but the sentiment in Washington is that we will have no large-scale war over Formosa.

Most people here think Red China is bluffing and not ready for a contest with the United States. At least the Communists seem to respect us more when we are firm, and perhaps that is the best way to an ultimate honorable peace.

To Learn More About Weather Effects On Animals

AUSTIN—Success of ranchmen in breeding livestock that thrive in warmer climates should spur scientists to learn more about weather effects on animals, a University of Texas zoologist said.

Scientists already have found atmospheric conditions to be the greatest single factor—other than heredity—in determining how an animal develops, Dr. W. Frank Blair declared.

Small, short-lived animals offer clues to how weather differences change animals, he said.

Dr. Blair cited as an example the amazing drought resistance of kangaroo rats which have come to thrive in the arid Southwest while apparently drinking no water at all. The little animals evidently conserve and utilize water taken as part of their food.

"What could breeders do if they knew more about how that drought resistance developed?" Dr. Blair asked.

University of Texas studies show a leopard frog from a warmer climate often produces an abnormal offspring when bred to exactly the same species from a colder climate. That would indicate atmospheric conditions have varied the frogs' physical constitutions in a relatively short time, Dr. Blair pointed out.

Such investigations offer an economical and rapid method of gathering fundamental information about breeding principles.

New Game Bird To Make Appearance In Childress Area

AUSTIN—According to a release from the Office of State Senator Andy Rogers, sportsmen in Childress and surrounding counties will get the first crack at the newest—and potentially one of the best—game bird in Texas. But hold your fire! The shooting won't start for maybe three or four years, until the new bird gets acclimated and starts toward a healthy increase.

A close relative of good old Bob White, the fowl being introduced by the State Fish and Game Commission is a native of the rough, dry areas of Spain. It is called the Spanish Redlegged Partridge and it holds great promise as a Texas game bird, according to W. G. Glazener, director of Wildlife Restoration for the department.

"It is a bigger and harder bird than the bobwhite quail," Glazener said, "and observers in Spain say the Redleg flourishes in hot, dry, rough areas where almost no other game will." He said the first 70 birds will be delivered this week. They will be released by agreement with landowners north and southwest of Childress. Landowners will agree in contracts to protect the Redlegs while they remain on their land. Other legal protection of the birds will also be offered until it is assured that yearly increase will keep pace of sportsmen's bags.

FARM NEWS

from the County ASC Committee

CLOSING DATE FOR COTTON PRE-MEASUREMENT

Anyone interested in having their cotton acreage measured before planting time must make his application at the County ASC office before April 15, 1955 since this is the closing date set by the County Committee.

PETERSON STRESSES CONSERVATION PROGRESS

The \$250 million available in 1955 for Agricultural Conservation Program payments is an important support for the Nation's total conservation effort, Ervin L. Peterson, Assistant Secretary of Agriculture, told a meeting of soil conservation supporters recently.

The purpose of this program according to Assistant Secretary, "is to obtain the most enduring farming practice possible under the circumstances prevailing at the time the most sharing is authorized." The program, with national guidance, he explained, is administered through State and county ASC committees, bringing it close to the people affected and responsive to local needs.

MISCELLANEOUS INFORMATION

Take a Tip (Farmer and Rancher) Have you ever noticed that good fences usually are associated with good farms?

Failure to identify properly the farm tractor when used on the highway is a chief cause of automobile-tractor wrecks. Use flags during the day and proper lights at night to mark the tractor. Be sure it can be seen and identified.

Farm machinery must be protected—it's time to think about what to do with all this farm machinery around to protect it from the weather.

Those to visit in the J. S. Short home over the week end were A/3c Wendell L. Short and A/3c James Mills of Kirtland AFB, Albuquerque, and Johnny Wayne Short and Dean Wallace of Plainview, Mr. and Mrs. Cecil Short of Amarillo.

SHAMROCK'S DONEGAL CLUB was increased last Friday when Dave Rubinoff, center, world-famous violinist, became an honorary member of the bewhiskered organization, whose purpose is to publicize this city's annual St. Patrick's Celebration. Wearing a false donegal, high-top green hat and a green shoe string tie, and holding his treasured Stradivarius violin, which is insured for \$10,000.00, Rubinoff is pictured with Shirley Draper, left, Chief Fuzzer of the Donegal Club, and Harry Frye, president of the Lions Club, which sponsored the talented musician's appearance in Shamrock. The picture was taken at a joint meeting of the Rotary and Lions Club at noon Friday.

THE LION'S TALE

By Carl Allmond

The Clarendon Lions Club met again Tuesday, as they have been doing for the past 30-odd years.

The main topic of discussion was Boss Lion McCully's plan for the entire club to visit the Downtown Amarillo Club, for luncheon Tuesday, March 15th. This will be our regular meeting, and those not going will be counted absent. This will be an opportunity for us to keep Clarendon on the map, and should be attended by every Lion. Members and their guests will leave town about 10:30, the morning of March 15th, with a highway patrol escort to Amarillo; then down Polk Street, and to the Herring Hotel. This idea has advanced too far to stop now. We must go! If Bob Moss can take

off for three hours, every member of the Club should be able to do the same. So be ready boys, you will never regret it! When a show of hands was asked, the majority of Lions present, promised to make the trip.

All committee chairmen were asked to meet Tuesday night at 7:30, for a discussion of their respective projects outlined in previous committee meetings. You know how many chairmen showed up? Four out of 15 or 20—that's encouraging to a president of any organization! H. W. Truitt, chairman of the Queen's contest, was present and gave his plans. He is preparing a good program which will be held in connection with the contest. The queen will be selected from our schools, and from the looks of the girls, the contest will be highly competitive. Further plans will be announced later.

As guests Tuesday the "Bills" had it. Attending were Bill Cross, Bill Rice, and Bill Reardon. Overlooked getting their home bases. We hadn't planned to discourage Drennan last week, but evidently we did. So he brought about half the college this time. Miss Lugenia Hubbard gave an interesting paper, commemorating Washington's birthday. Three vocal numbers were presented by a girls' sextette, composed of Misses Floy Sutton, Doris Newberry, Genella Mooring, Jerlene Holland, Eva Lee Farr and Joyce Offutt. Harold Clampitt accompanied the girls.

Mrs. Nova McClure and Mrs. Ed Dishman visited in the home of Mrs. C. W. Kinslow in Memphis thru the week end, also visiting with Mr. and Mrs. R. D. Williams of Bay City.

Local P.T.A. Honors Past Presidents

The Sims P.T.A. held their regular meeting in the Junior High School Auditorium Thursday, February 17, 1955. The meeting was called to order by Mrs. T. M. Caldwell Jr., president.

The children of the fifth grades presented the program. This program showed some of the important birthdays of the month of February ending with a Happy Birthday wish for the P.T.A.s of the world. We certainly enjoyed this program and thank teachers and pupils for the work they did on this program.

Mr. N. J. Richardson gave the invocation and a welcome to all the Past Presidents that were present.

Mrs. Caldwell read some notes of Miss Elizabeth Stevens that had been written about the start of the Sims P.T.A. After the reading of these notes, R. E. Drennan, Dean of the Junior College, introduced the Past Presidents. He had been here twenty-six of the thirty years of the Sims P.T.A.

Past Presidents present were: Mesdames Eva Rhode, C. C. Powell, Bill Greene Sr., John Goldston, Walter Clifford, Ella McDowell, R. S. Brumley, Cap

Morris, Elba Ballew, Frank White Jr., Johnnie Blocker, G. W. Bradshaw, Lawrence Neece, Bill Weatherly Bill Lowe, and Misses Nettie Sims, Elizabeth Stevens.

Mrs. Henry Foster then read a paper on P.T.A. for the last fifty-eight years.

Mrs. John Smith told the meaning of Founders Day and the use of the free will offering.

A very beautiful table was arranged in the School Cafeteria and a very enjoyable social hour was held.

Thanks to all that came to the meeting and hope that you will return again. —Reporter.

College Girls Lose To Wayland College

Last Friday night the Clarendon College girls were defeated by the Wayland Flying Queens 60-28 at Plainview.

The Clarendon girls got off to a very slow start and were behind 20-4 at the end of the first quarter. At the half the Flying Queens led by a score of 41-11.

The Clarendon team was playing with three new girls and were unable to get started during the first half. As the score indicates, the second half was very well and evenly played. The Wayland girls played one of their

best games of the year as three of the girls were playing their last home game for the college.

Girls making the trip to Plainview and playing in the game were Louise Short, Mary Garner, La Trell Riddle, Jean Farmer, Dianne Templeton, Peggy Tate, Janis Oldham, Wanda Buckingham, Rita Dye and Ruella McGowan.

Leading the scoring for Clarendon was La Trell Riddle with 8 points, Jean Farmer had 6, Louise Short 4, Mary Garner 3, Janis Oldham 1, Ruella McGowan 2, Rita Dye 2 and Peggy Tate had 2.

The Clarendon girls play the Dumas All-Stars in the Clarendon College gym Thursday night, (tonight), Feb. 24th.

A company which makes the habit of sending out letters of appreciation to its customers for the courtesy shown their salesmen included the following in a letter to a friend of mine; "That man who has lost his faith in God, has little to live for and less to die for." This quote from William Gladstone sent out in this form by business concern seems so much more appropriate than much of the so-called silly prat-

tle put out as advertising in many letters. "Help a person out of trouble—and when he gets in again he will remember you." "It is better to follow one good example than to set a dozen bad ones." "A good statesman has something to say — a poor statesman has to say something."

The thousands of honest salesmen will not object to the following advice; The other day a friend came by asking our advice. She had just paid out a tidy sum of money to a hospital insurance salesman about which she knew absolutely nothing. The policy was on a company that she had even less knowledge about. All she had was a cash receipt signed by a man whom she had never heard of before he begged to come into

her home that day. As soon as he left she became worried and rightly so. Folks don't do it. Don't pay out your money to anyone you do not know for anything that you do not know about; even more especially this type of insurance. We have begged you not to do this before. There are dozens of companies peddling this type thing that neither the company nor the peddler are of any or much value. Many are under fire from the government and some of them are large companies. They promise much in big print in their policy and take it all away in the fine print. Don't pay your cash to a stranger and take his receipt. Just ask yourself if this is good judgment. Remember the following three rules before you buy any type of insurance. Clip out these simple rules and keep them to be read while you listen to his sales talk:

- 1. Don't buy, unless you know the salesman to be reliable.
2. Don't buy, unless you know the company to be sound.
3. Don't buy, until you read or have some one read the fine print.
If you forget these rules do not buy until you ask your doctor or hospital about the company and policy. Don't listen. Until you investigate.

YOUR 1954 Income Tax Reduced Tax Rate for 'Head of Household' and Surviving Widow or Widower

The law provides a special tax rate for any individual who qualifies as a "Head of Household". To qualify, you must be unmarried or legally separated at the end of your taxable year. In addition, you must have furnished over half the cost of maintaining as your home a household. The home must have been occupied for the entire year by you and another person for whom you are entitled to a deduction for exemption unless the deduction arises from a multiple support agreement or by your unmarried child, grandchild, or stepchild, even though such child is not a dependent.

You may also qualify as "Head of Household" if you pay more than one-half the cost of maintaining a household (not necessarily your home) which is the home of your father or mother and either qualifies as your dependent.

If you are married to a non-resident alien at any time during your taxable year but otherwise meet the foregoing tests, you are

considered a "Head of Household" since you are not permitted to file a joint return.

The cost of maintaining a household includes expenditures for such items as:

- 1. Maintenance of the dwelling and premises. For example, rent (or if you own your own home, real estate taxes and interest on the mortgage), insurance on the dwelling and premises, repairs and upkeep.
2. Utilities such as gas, telephone, electricity and water.
3. Food consumed in the home.

The value of personal services performed by a member of the household is not considered. It should be noted that these expenditures are to be used only in determining if you are entitled to use of the head of household tax-rate. Do not claim them as deductions on your return unless they are otherwise allowable.

If you qualify as a surviving widow or widower as described below, as well as a head of household, it will be to your advantage

to compute your tax as a surviving widow or widower.

Surviving Widow or Widower Subject to certain conditions, if your husband or wife died during your two preceding taxable years, you may compute your tax using only your income and deductions but otherwise computing the tax as if a joint return were filed.

The conditions are that (1) you must not have remarried and (2) you must maintain as your home a household which is also the

home of your child or step-child for whom you are entitled to claim a deduction for exemption and (3) you must have been entitled to file a joint return with your deceased husband or wife in the year of death.

Mr. and Mrs. Tom Shadle will receive gift tickets to the Mulkey Theatre this week.

WD-45 THE TRACTOR WITH PROFIT-MAKING PUNCH

Here comes the bright Peasian orange WD-45 Tractor that's showing farmers everywhere how much big tractor power has been improved. The Allis-Chalmers tractor weighs in at several hundred pounds less than others in its class. It replaces dead weight with aggressive power, new punch and staying power. Round after round... no matter how tough the soil conditions, the WD-45 transfers rear-mounted implement weight automatically with Traction Booster to the rear wheels where it counts most. Try the Allis-Chalmers WD-45... you owe it to yourself to learn how different your farming can be with the new 3-plow champion.

Shamrock's NEW CLOUD MASTER

Try a tank full of Shamrock's new Cloud Master for 1955. You'll recognize a smooth, new power the first time you press the accelerator. And no wonder. The same aviation alkylate that raises the octane of aviation gasoline is now used to raise the octane of Shamrock's new Cloud Master. This means fewer deposits and high, high octane. In fact, no matter what car you drive, Shamrock's new Cloud Master gasoline exceeds the octane requirements. For new, quick power from your car, stop at the green and white Shamrock soon.

AUSTIN—Investigation of veterans' land sales is spreading. Twenty new witnesses were called in for testimony by the House investigating committee the past week. All were former employees of the General Land Office.

More will testify this week—the third week of interrogation by the House committee.

Two additional months of investigation will be undertaken by the Senate committee by order of the upper house. Investigation by the Senate committee has

been going on since late in December.

A parade of witnesses will continue for several days.

Latest suit brought by the attorney general boosts the total recovery sought by the state to \$1,113,800. Named among the defendants were J. Paul Little and H. R. Stallings of Crystal City.

Atty. Gen. John Ben Shepperd said the land was purportedly owned by A. B. Abbott, "a fictitious person—an assumed name used by the defendant J. Paul Little."

Shepperd has charged that Veterans Land Board files were

rified and records removed, after the investigation started before Christmas.

Regulating Labor Unions

A determined effort is being made to draft more stringent labor laws. It stems from the Port Arthur strikes.

Labor unions on the other hand are actively expressing their opposition.

A Senate committee delayed action on Sen. George Parkhouse's bill. It prohibits picketing by non-employees and strikes by other than the majority group of employees.

In the House, the labor committee heard a bill written by the State Federation of Labor. According to Rep. Maury Maverick Jr., co-sponsor, it would have prevented the multiple-strike situation in Port Arthur.

Under the Maverick-Berlin bill, the state labor commissioner would be required to call an election to determine whether the union represented a majority of the employees. A strike or picketing until that was determined would be prohibited. Also, if the union lost the election, it

would be prohibited from picketing.

This bill also creates a full-time Industrial Commission to review disputes and invoke public opinion. But it would have no enforcement powers to settle labor fuses.

Nobody opposed the bill. It was sent to a sub-committee for a week's study.

Roy Harrington, secretary of the Texas Council of the CIO, said his group reluctantly accepted the bill. "We are about convinced," he said, "we are going to be hit over the head with a stick at this session. We're trying to pick out the smallest stick, the one that will hurt the least."

Some industrial leaders call the union's bill a little Wagner Act. They say it forces arbitration by a state commission, collective bargaining, and production of books and records.

Crime and Comics

Rep. Joe R. Pool has introduced a bill to outlaw crime, horror and sex comic books.

Another to prohibit all sorts of lewd and scandalous publications has been presented by Rep. Grainger McIlhenny.

A House committee heard 16 witnesses, 14 in favor of the two bills. Authors passed out samples of the publications. Committee members got so busy examining the exhibits they missed much of the four hour testimony.

Lower Bus Taxes

The Legislature's tax program took a short backward roll down hill—as the House voted to cut \$250,000 a year from present registration fees of motor busses.

Rep. Rouglas E. Bergman's amendment to increase auto license fees by one-third was

modified to exempt commercial vehicles, then reported favorably to the House.

After six weeks of legislating, the lawmakers have shown little inclination to increase taxes.

Cigarette Smuggling

Cigarette smuggling cost Texas \$1,200,000 in badly needed revenue last year. So says J. G. Pope of the cigarette and amusement tax division of the state comptroller's office.

An all-out enforcement campaign has been ordered to stop the flow of bootleg cigarettes. They are coming in from Missouri and Colorado where there is no state tax.

Free gift tickets to the Mulkey Theatre may be picked up at the Leader office this week by Mr. and Mrs. J. B. Melton.

COME IN FOR A DEMONSTRATION

Guess what it costs to put this in your driveway!

CHANCES are, you'll be way over if you guess at the local delivered price of a 1955 Buick. Most people are.

And that's easy to understand when you look at a Buick. It's big, broad, roomy—powered for thrilling action. In prestige alone, it would seem to carry a high price tag.

But when you check into things, you discover this surprising fact: Buick is in the nation's top three when it comes to sales volume—and when it comes to low prices that make such huge popularity possible.

The price tag we'll show you is one proof of that. And an even bigger one is the soaring success of the 1955 Buick—hottest car in all Buick sales history.

So why miss out on Buick style and power and room and ride when you can have it all if you can afford any new car?

Why do yourself out of the fun and pride and deep satisfaction of bossing a big and brawny beauty like the one pictured here, when the dollars you pay for this Buick buy you so much more sheer automobile?

And why pay extra for things like direction signals, oil-bath air cleaner, full-flow oil filter, automatic lighting in the glove compartment—when such things, and more, are yours in every new Buick as standard equipment at no extra cost?

Drop in for a visit this week and start checking things.

We believe that when you look into this great car—when you see what you get for the low price you pay—and when you discover what happens when you nudge that gas pedal—you'll say it's gospel that Buick's the thrill and the buy of the year, hands down.

Thrill of the year is Buick

A MIX-UP IN THE MAILS

For some unknown reason, it seems that some of the mail sent to me recently did not reach its destination. An immediate investigation was commenced to determine what had happened to these particular letters, but to date we have found no trace of them. Of course, we get lots and lots of mail and there were only a few pieces that failed to arrive. It so happened that the matters referred to in the missing letters were handled by telephone and no great damage was done. However, I think it is highly important that everyone should understand that when a letter is written to this office, it will be answered as promptly as possible. Should you write a letter and not receive a reply within a reasonable time, you may be sure that something has gone wrong. In such event, I would deeply appreciate it if you would write me another letter concerning the matter. If it is urgent, I would appreciate a wire or telephone call.

This same type of situation arose at our residence here. However, in that case the letters did reach the house, but we don't know what happened to them after that. It seems that the eight year-old took them from the postman when he arrived home after school. He put them in his pocket and went off to play cowboys and Indians. Our last account of the letters was from a neighbor who told him (Robert) to take them home immediately. What happened after that, is a complete mystery; so, if any of you wrote to any of the Rogers family at 5535 Nevada Avenue, Northwest, in Washington, and didn't receive an answer, please let me know, as your letter may be in the hands of some of the cowboys or Indians of Robert's travels that afternoon.

Quite a furor broke loose here last week over the action of the President in cancelling an airline route to Hawaii. The story here was that the Civil Aeronautics Board (a five-man board) had unanimously approved granting a certificate to Northwest Airlines, who would operate the route without a subsidy. After this action by the CAB, the President ordered the CAB to certify Pan-American World Airways to continue the Seattle-Honolulu service and to cancel Northwest Airlines' authority to compete over that route. The story also had it that Pan-Am was to receive subsidy. This action really stirred up a tempest of no small proportions in the Capital City. Northwest Airlines had pioneered this route in the beginning

information that was made available in such a short time. Air travel in this country is progressing by leaps and bounds, and it is estimated that by 1960, airplanes will be carrying passengers the same number of passenger miles as railroads. Last year the railroads carried passengers approximately 32 billion miles. The air passenger miles amounted to about 15 billion. The CAA was set up to encourage and foster the development of civil aeronautics and air commerce in the United States and abroad, and other purposes. Among these was the control of safety factors, which are of such great importance to the individual and the industry. The many safety requirements and the constant vigilance of the CAA makes one wonder why there is ever an air-accident.

and Pan-Am had been granted a certificate to compete with them. This situation had progressed without repercussions until the recent conflicting actions of the President and the CAB. Northwest Airlines also had its main offices in the district of a Member of Congress who has been one of the staunchest supporters of the President.

The result was that the White House reversed itself, and both Northwest and Pan-Am were ordered certified for operation over the Portland-Seattle-Honolulu route. A reversal of this sort is highly unusual. It is entirely probable that somebody went to the wood shed for failing to give the President all the facts in the first instance.
