Those Interested In Golf Invited To Meeting Fri. Nite

Golf players, both active and prospective, will have an opportunity to join in discussions and plans aimed at reviving the game in the Clarendon area, at an open meeting to be held Friday night, Feb. 4th at 7:30 p. m. at the Moose Lodge Hall, 2 doors south of the City Drug.

Dr. Charles E. Deyhle and Maurice Hart, who have taken the lead in preliminary arrangements, have interviewed a considerable number of people who formerly played the game and several who now occasionally drive to other towns to play. They have found that with few exceptions, the people contacted are enthusiastic about prospects for a new course in or near Clarendon. Neither Mr. Hart or Dr. Deyhle has had time to personally contact all people whom they felt will be interested, but hope to see them at the scheduled meeting. Both men and women are invited. Refreshments will be served.

College Girls Win One And Lose One

The Clarendon Junior College girls defeated the Texarkana College girls here Friday night 46-23. Three new girls were in the Clarendon line-up for the first time. These newcomers to the team are Louise Short of Gallatin, Texas, La Trell Riddle of Lipan, Texas and Mary Ann Garner of Rockdale, Texas. All three, along with other members of the team, played a good game.

Louise Short led in points with 22. Jean Farmer had 15, Dianne Templeton had 4, Mary Ann Garner had 2 and La Trell Riddle had 2. Other girls seeing action were Shirley Hodges, Janis Oldham, Wanda Kennard, Rebecca King, and Peggy Tate.

Monday night the girls lost to Wayland College in Duncanville, Texas by a score of 56-28. In this game, Louise Short, Dianne Templeton and Jean Farmer each had 8 points; Peggy Tate had 2 and Mary Ann Garner had 2. Other girls making the trip and playing in the game were Shirley Hodges, La Trell Riddle and Wanda Kennard.

School officials expressed their appreciation for the fine turn-out Friday night and want everyone to know their support is certainly appreciated.

Bulldogs Drop Two Conference Games

Clarendon College dropped two conference games last week, a heartbreaker to Odessa 79-78 in the last two seconds of the game Friday night and an easy victory to Howard County of Big Spring 93-69. High point man for Clarendon against Odessa was Bob Garton with 21 points. Jasper Peoples hit 20 in the Howard County game.

The Bulldogs hit the road this week end with a game at Big Spring with Howard County Friday night and Odessa Saturday night. Their next home game will be with Amarillo Friday, February 11th.

Complete Results Of Donley County Fat Stock Show

One of the best county shows in years was registered here last Wednesday when Donley County 4-H and F.F.A. members exhibited their club projects prior to taking the animals to other shows in the state.

Flip Breedlove stated that this show was the preliminary to bigger and better shows in the future. Breedlove was general manager of the show and was assisted by vocational agriculture teachers, John Gillham of Lelia Lake, Tom Seay of Clarendon and Doyle Messer of Hedley. J. P. Smith of Pantex Farms, judged the show.

Explorer Scouts Enjoy Ski Trip

Six Clarendon Explorer Scouts and their leader were part of a group of 46 scouts and around twelve adult leaders that left Pampa last Friday morning for a week end outing at the Tres Ritos Ski Run in New Mexico. Those making the trip from here were J. Gould, leader, Jimmy Carter, Herald Stogner, Keith Pittman, Keith Hudson, Kenneth Evans and Frank White III. Other towns represented were Pampa, Borger, White Deer and Wellington.

Paul Buchanan of White Deer was in charge of the trip and had been making plans for the outing since early fall. The trip was made via Tucumcari, Las Vegas and Taos. Skis and equipment were the biggest problem and some traveling in cars went by Santa Fe to pick up enough skis to have enough to go around. The group stayed in a new Ski lodge near the ski run. Gould reported most of the boys were handling their skis pretty well at the end of the two day stay at the Ski run but practically all had a few bruises as evidence of their efforts. The group returned home about 3:30 a. m. Monday.

Dance At Moose Hall Saturday Night

The Legion of the Moose are featuring a dance at the Moose Lodge Hall Saturday night, 9 til 12, which is open to the public. Admission will be \$1 per person. The Moose Hall is located two doors south of the City Drug.

The Tom Dunham Orchestra of Pampa will furnish the music and from all accounts, this orchestra features the type of music all dancers will enjoy. Members of the Legion of the Moose are inviting everyone to come out and enjoy this dance with them.

It's Time To Pay Up If You See Red

If you find a red check mark in the little box at the top of this page it is our usual reminder that your subscription to the Leader is due again or the subscription has expired. Please take notice of this reminder and let us have your renewal promptly as we do not want to remove your name from our mailing list if you desire to continue receiving the Leader. The first figure to the right of your name stamped on the paper designates the month and the last figure the year, so you can tell exactly when your subscription runs out. The subscription price is \$2.50 for those receiving their Leader inside Donley County and \$3.00 per year for those receiving it outside the county. Your prompt renewal will be appreciated.

1070 Poll Taxes Issued Here

Mrs. Hazel Guy, deputy tax collector, reported a total of 1070 poll tax receipts and 9 exemptions issued at the close of business at midnight January 31st. This total was considerably lower than the off-year sales two years ago but is much better than it was a week ago when it began to look like seven or eight hundred would be a good figure.

Mrs. Guy reported that 242 paid their poll tax on the last day with over forty of that number paying after five o'clock. The tax office remained open until midnight to accommodate everyone.

HEART FUNDS FROM THE HEART — Pretty little Lana Goodwin, 7-year old Waco heart disease victim, empties a year's savings from her treasure chest savings into the hands of Dr. W. R. White, Baylor University president and chairman of the 1955 Texas Heart Fund, to become the state's first contributor to the February-long campaign to raise funds to combat heart disease. Little Lana, daughter of Mrs. Lois Goodwin and youngest child in a widowed family of four girls and two boys, first learned she had rheumatic heart disease when physicians made a health check of her first-grade class in Waco's Sul Ross School. Since then, she regularly receives treatment at Waco's Heart Clinic. The \$2.58 Lana emptied from the treasure chest into Dr. White's hands for the 1955 Heart Fund represented her "special savings" since the close of last year's Heart Fund drive.

Post Office Dept. Cooperating In Heart Fund Drive

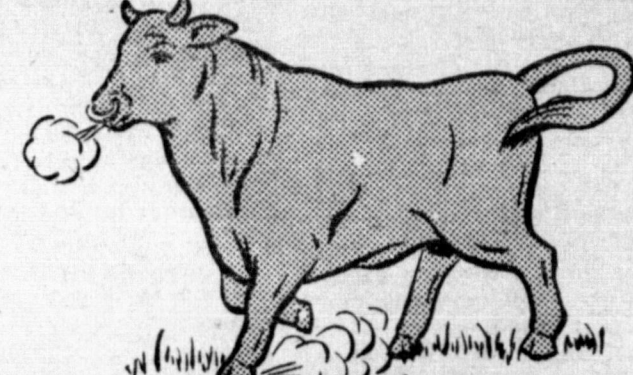

WACO—Dr. W. R. White, president of Baylor University and chairman of the 1955 Heart Fund of the Texas Heart Association, has announced that the Post Office Department is cooperating with the Heart Association and its affiliates throughout Texas in

accepting contributions to the 1955 month-long fund-raising campaign, which opened Feb. 1.

Contributions for the 1955 Heart Fund may be addressed to "HEART," care of any local Post Office, Dr. White reported. He explained that contributions received in post offices anywhere in Texas will be channeled by the postmasters to a central accounting office, which then will remit them to authorized representatives of the Texas Heart Association.

"This is the fifth consecutive year that the Post Office Department has cooperated in this manner with the Heart Fund, which makes possible the research, education and community service programs of the Heart Association," Dr. White declared.

Need For Increased 1955 Cotton Allotments

John White, Commissioner Texas Dept. of Agriculture

Texas cotton farmers will be allowed to plant 7,612,779 acres of cotton this season.

The question now arises: Has the pendulum swung too far in favor of controlled production?

In Texas, agriculture has been hard-hit by a four-year drouth. In many areas, the few acres allowed for cotton under the allotment program failed to produce at all. This brought economic hardship where cotton is the main cash crop.

This year, the cotton farmer needs to make money on his crop. However, price alone, guaranteed by a parity program based on reduced acreage, does not insure farm prosperity. It is price times volume that will determine profits in 1955.

After all, it is what remains in the farmer's pocket after the bills are paid—his net income—that measures whether he has had a good year or a bad one.

Deeper crop cutbacks are ordinarily used as a basis to support the parity program. They act as a temporary restraining force to prevent a burdensome surplus that would break the market price. This has been the practice in former years and in many cases has worked to good advantage.

But these days in Texas, due to the drouth, are not ordinary in any sense of the word.

The Texas farmer will need to plant more cotton this year and still be assured of a good price. Instead, present plans call for cutting last year's acreage back by an additional 16 percent.

At the very minimum, Texas should have at least as much acreage as it had last year, if not more. Now that our farmers are under economic stress, it is no time to bolster the price of cot-

ton by further reducing the acreage. This year, the farmer needs price, plus volume.

PATHFINDER

The Pathfinder Club met at Patching Club House January twenty-eighth at 12 o'clock to celebrate their forty-fourth anniversary. The tables were laid with white hand-made linen cloths and centered with pink carnations and fern. Mrs. Lee Holland called the meeting to order and Mrs. R. Y. King gave the invocation.

The W.S.C.S. from the Lelia Lake Methodist Church served a bountiful, delicious plate luncheon. These women are famous for their fine foods and their gracious way of serving them. Your reporter has been sort of following them around. Mrs. Frank Phelan Jr. honored us with three beautiful vocal selections: Kashmiri Song by Laurence Hope, Vigueur by Noel Coward, and the encore, The Stuttering Lovers by Herbert Hughes. Mrs. Simmons Powell accompanied her on the piano.

Mrs. C. T. McMurtry brought us a very interesting report from the State meeting of Federated Clubs at the Baker Hotel in Dallas. Mrs. Holland read a very appropriate poem "If" by Rudyard Kipling.

The hostesses for this delightful occasion were Mrs. Fred Buntin, Mrs. John Bass and Mrs. R. Y. King.

The members present were Madams Carl Allmond, C. E. Bairfield, George Benson, Fred Buntin, T. M. Caldwell Jr., L. N. Cox, Ed Dishman, Bill Greene, Lee Holland, J. H. Howze, R. Y. King, Pete Kunz, William J.

Lowe, C. T. McMurtry, C. B. Morris, J. T. Patman, Frank Phelan Jr., Simmons Powell, Heckle Stark, J. Gordon Stewart, Forest Sawyer, Duane Naylor, Olean Leggett, John Bass, Lena Antrobus, A. T. Cole, Van Kennedy, S. W. Lowe, Fred Patching and Misses Mable Mongole and Betty Maddux.

The next meeting will be at Patching Club House February eleventh. —Reporter.

JR. H. D. CLUB

The Jr. H. D. Club met Thursday afternoon, January 27, in the home of Gladys Hommel. Emma Ayers was co-hostess.

Roll call was answered with individual "Pet Peeves." This proved interesting. Kyda Blackman, president, presided over the business session. The club voted to give \$5 to the March of Dimes.

Everyone enjoyed visiting thru the social hour. Present were members Gladys Blackburn, Kyda Blackman, Nora Decker, Clara Finley, Leona Henson, Helen Land, Noma Lewis, Polly Schull, Wilma Spier, Ona Tatum, Cula Trout, Mary Belle DeBord, Eddith Spivey, and the hostesses, Gladys Hommel and Emma Ayers. —Reporter.

Refreshments were served to fourteen members and three guests.

Dr. Martindale spoke on the subject, "Your Child and Mine." A question and discussion period followed on the subject, and everyone enjoyed this very informative program.

A short business meeting followed. Mrs. Bill Lowe closed the meeting with prayer. —Reporter.

LAFF OF THE WEEK

"... And he promised me the moon on a silver platter and I didn't get that either!"

MRS. MORRIS HOSTESS TO BETA SIGMA PHI

Members of Mu Gamma Chapter of Beta Sigma Phi met in the home of Mrs. C. B. Morris on January 27th.

After a short business meeting the program was turned over to Dee Williams who introduced the guest speaker, Mrs. E. S. Ballew. Mrs. Ballew reviewed the book "Doctor of the Islands" by Dr. Tom and Lydia Davis. Everyone enjoyed the delightful review.

The members appreciate Mrs. Ballew giving her time to bring such an enjoyable book to us.

Refreshments were served by the co-hostess, Ann Reeves, to the following guests: Mrs. E. S. Ballew, Ann Bennett, Hazel Monroe, Sandra Mooring, Kay Bain and Mrs. Agnes Hibbets. Members: Jennie Aten, Jane Bownds, Mary Gain, Bert Garland, Frieda Gray, Mae Naylor, Juanita Phelps, Lois

Schollenbarger, Dee Williams, Frankie Henson, Carolyn Ballew and the hostesses Mrs. Morris and Ann Reeves. —Reporter.

GOODNIGHT HOMEMAKERS' CLUB SPONSORS FAMILY-NIGHT SOCIAL

The Goodnight Homemakers' Club sponsored a family-night social in the school building. The men and women of the entire community worked all week in order that the hall would be ready for the evening.

Everyone brought their supper and a gracious spread was enjoyed by all. After the supper, games of progressive forty-two were played. Fifty-two people were present.

The hosts and hostesses for the evening were Mr. and Mrs. Clyde Hudson and Mr. and Mrs. Don Harlan. —Reporter.

1928 BOOK CLUB

The 1928 Book Club met in regular session Tuesday, February 1st, at 4 o'clock, at Patching Club House.

Mrs. J. R. Porter and Mrs. R. C. Bryan were hostesses and refreshments of cherry tarts and coffee or tea were served as guests arrived.

Mrs. M. C. Goodner was program leader, and presented Miss Linda Lamberth, high school student, who read two poems written by Miss Mary Howren, "Texas Night," and "De World Done Turned All Inside Out."

The girls quartet of Clarendon College, composed of Misses Jane Mosley, Ruby Mann, Sonja Atkinson, and Mrs. Shirley Bulman, sang "A Medley of Patriotic Airs," accompanied by Mrs. Marilyn Hill. Mrs. Hill also played "Liebestraum" by Liszt as a solo number.

Miss Doris Newberry read her original composition "I am Martha Washington."

As the concluding number the group, joined by club members, sang "God Bless America."

Following the program, Mrs. Clyde Hudson, president, directed the business session.

Members present were: Mesdames B. C. Antrobus, E. S. Ballew, C. E. Bairfield, L. N. Cox, M. C. Goodner, Clyde Hudson, Lloyd Johnson, Alvin Landers, W. J. Lewis, Jr.; C. B. Morris, Frank Phelan, J. R. POLIO AFTERMATH

VICTIMS NEEDING AID AT START OF EACH YEAR

JOIN THE MARCH OF DIMES JAN. 3 TO 31

Each year sees an increased number of polio patients from previous epidemics who can be helped by long-term care paid for by the March of Dimes. As the proportion of deaths decreases, the cost of mending lives for the thousands who survive steadily increases.

Dave Ridge of Odessa visited Sunday in the home of Mr. and Mrs. Carl Pittman and family.

Polio Hit Hardest In Small Counties

In recent years citizens of small counties have been stricken by polio more often than their big-county cousins, according to data released by the National Foundation for Infantile Paralysis.

Statistics just compiled for the five-year period 1948-52 show the average annual polio attack rate in counties with a population of under 50,000 to be 27.4 cases per 100,000 people, while the average annual rate in counties of 50,000 or larger was 24.0 cases per 100,000 population.

Final incidence figures for 1954 show the average annual attack rate for the entire United States was 22.3 cases per 100,000 population. They also show unusually high attack rates in many small counties. Here are examples of high incidence counties in the 3,500 to 38,000 population range. (Figure following the county is the number of times its attack rate exceeded the national average): Golden Valley, N. D., 13; Washington, Va., 8; Polk, Wis., 8; Avery, N. C., 8; Pope, Minn., 7; Schuyler, N. Y., 7; Del Norte, Calif., 5; and Richland, Va., 4. No one knows just why this pattern exists, the National

Foundation reports. Scientists are analyzing data on case rates among different population groups, but have not come up with any answers as yet. Among "guesstimates" advanced is that improvements in sanitation among rural communities may have reduced "silent" infections in infancy, which are believed to give natural long-term immunity.

Whatever the cause, more and more small communities are seeing at first hand how their March of Dimes contributions aid polio patients. This may be one reason why such areas lead the honor roll in per capita giving to the March of Dimes.

Some of the records set in 1954 by counties with a population under 15,000 were Alpine, Calif., where residents gave an average of \$4.16 per person; Pulaski, Mo., where citizens averaged \$3.16 each; Mineral, Nev., with \$2.32 per capita, and Jeff Davis, Tex., with \$2.22 per person.

Make A "Pact" For Courtesy

Now's the time to stand up and be counted!

During the month of February, the Texas Safety Association and the Texas Department of Public Safety are urging adherence to a courteous driving pledge, "The Code of the Road," and by the end of the month they hope to have the cooperation of every registered driver in Texas.

In agreeing to the pledge, a driver promises to live up to seven basic rules of driving courtesy.

Courteous driving programs are not new, but the idea of measuring the success of such programs is. It was started in Midland, Michigan, last October when the National Safety Council and the Inter-Industry Highway Safety Committee cooperated with the Midland Traffic Safety Commission and the American Association of University Women in conducting a pilot Operation Safety program along these lines. In the month-long effort 10,000 drivers—virtually 100 per cent of the Midland Area's registered drivers—cooperated by signing "Code of the Road" pledges. During February numerous communities throughout the nation are conducting similar Operation Safety programs using Midland's record as their goal.

In Texas, the Texas Safety Association and Department of Public Safety are not asking motorists to sign written pledges, but Mr. R. B. Roaper of Houston, Chief Safety Engineer, Humble Oil & Refining Company and President of the Texas Safety Association, Inc., and Col. Homer Garrison, Jr., Director of the Department of Public Safety have issued a joint appeal for each driver in the state to make a "Pact" with himself agreeing to adhere to the basic rules of driving courtesy.

But let us not forget that it's not the pacts themselves, that are important. It's the thinking behind the agreements that counts. Each agreement represents a driver who is convinced that courtesy on the road is a must and who believes it so strongly that he pledges himself to live up to the rules of courtesy at all times.

The objective of the program is to get 100 per cent of our drivers thinking this way. That would follow naturally if every driver realized two important facts. The first is that the line between discourtesy and traffic law violation is a thin one, and it is often difficult to tell when it is crossed. The second is that there is a very definite relationship between traffic law violations and traffic accidents. Just how definite this is can be shown statistically. In 1953, 62 per cent of drivers in fatal accidents were violating a traffic law at the time of the accident.

Realizing that his own safety and the safety of all he meets in traffic depends to a great extent on his courteous conduct, no driver should have any difficulty in living up to his pledge of courteous driving.

Mrs. L. L. Taylor enjoyed having her children for the weekend and a turkey dinner Sunday. Present were Mr. and Mrs. L. L. Taylor, Jr. and Julia Mae of El Paso, and Mr. and Mrs. George Taylor of Pampa.

the surplus-water area of East Texas, by gravity canals or pipelines, to the more arid regions of the State," he points out.

He is a Grimes County native and Navasota High School graduate, served in the Navy during World War II and has a Bachelor of Arts degree from the University of Texas. His water resources study was made as part of the requirements for a Master of Arts degree in economics.

Annual Short Course Texas Garden Clubs At Lubbock, April 13

LUBBOCK—The third annual short course sponsored by District I, Texas Garden Clubs Inc., has been scheduled for April 13 on the Texas Tech campus.

Announcement of the site and date, plus a tentative program, followed a visit to Tech earlier this week by the District I short course planning committee.

The short course, which is expected to attract garden club members from 64 Panhandle and South Plains counties, will include four lecture-demonstration sessions and a question and answer period.

Lectures on turf grasses, color planning, garden lighting and creative arranging are being scheduled.

Elo J. Urbanovsky, head of Tech's horticulture and park management programs, assisted the planning committee in map-

ping out this year's short course.

It's easier for a man to swallow his pride than to digest it.

GABE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

This has been a very successful month financially. The Pathfinder Club gave us forty-seven dollars this week and a friend gave us a dollar. We shall purchase some reading material for each children's group, teen agers, and adults. This last group is likely enjoying TV as their membership enrollment denotes a considerable decline from last year. The children and juniors are my most numerous patrons.

Did you read Philip Wylie's article in "Good Housekeeping" where he discusses the books of Mike Spillane? It is surprising how many adults read all he writes.

The Journal says the busiest Library in the world is at 42nd St. and Fifth Ave., New York. It is not city supported—depends on private donations! Eighty miles of shelves, holding 3,500,000 books, any one of which you can get in nine minutes, a main catalogue of 7,000,000 cards. Excellent service for your questioning.

We need reference books. Ours are of 1925 dating, but it is impossible to secure them with our present income. We have numerous representatives for these who call to sell us. The College has this recent material so those in serious need can patronize that

Library.

We are grateful for the financial assistance given us the past two or three months.

The All-New TUBELESS SUPER-CUSHION by GOODYEAR

Costs you no more than a standard tire and tube!

- Goodyear's exclusive 3-T triple-tempered cord body makes the new Tubeless Super-Cushion one of the strongest, safest tires made.
- 3-T triple-tempered process and bonded construction keeps air pressure in its place. When it comes to holding air—no other tire can compare.
- Better puncture protection... triple tempered 3-T Cord plus exclusive Grip-Seal construction give a double line of defense against punctures.
- Better blowout protection... this great new tire has no tube to chafe, pinch or blow out.
- More mileage... the new Tubeless Super-Cushion gives up to 12% more mileage than even the sensational Super-Cushion of 1953—more traction too.
- New "Safety Silencers" muffle annoying squeal on turns and hum on the straightway.

Bring your car up-to-date! Trade for Tubeless Tires today— one tire, a pair, or a set—our allowances are tops.

FARM NEWS

from the County ASC Committee

OLD COTTON GROWERS:

Operators who do not expect to plant cotton this year may release their cotton acreage allotment to the county committee and be given credit for seeding this allotment in 1955. The release may be given for one year or permanently if you desire. The committee may then reapportion this acreage to other growers in the county. In this manner the county will not lose any of its cotton allotment. 1955 ACP:

The budget for the month of February is \$7,000.00. Producers who wish to carry out a practice during the month of February may make an application any time prior to the starting date provided that funds are available. It is urgent that the producer have a PRIOR approval before work is begun. Arrangements should be made with the person who is to do the work and an approximate starting date should be set before a request for cost-sharing is filed.

1954 WHEAT AND GRAIN SORGHUM LOANS:

January 31, 1955 was the final date for putting 1954 wheat or grain sorghums in the loan. On the closing date a total of 101 wheat loans had been made amounting to \$143,001.59 and 215 grain sorghum loans amounting to \$215,285.15. The maturity date on the above mentioned loans is March 31, 1955.

SCOUTS OBSERVE 45th BIRTHDAY

OFFICIAL BOY SCOUT WEEK POSTER

Boy Scout Week, Feb. 6 to 12, marking the 45th anniversary of the Boy Scouts of America, will be observed throughout the nation by more than 3,660,000 boys and adult leaders. Since 1910, more than 22,750,000 boys and men have been members. "Building for a Better Tomorrow" is the birthday theme. Members of 95,000 Units, through demonstrations and exhibits, will dramatize the purpose of Scout-

ing and the rich heritage it has in this country. Boy Scout Week marks the completion of the National Conservation Good Turn the organization has undertaken at the request of President Eisenhower. Units which have qualified will receive National Conservation Good Turn Certificates of Merit awarded jointly by the Secretaries of Agriculture and the Interior, Ezra Taft Benson and Douglas McKay, respectively.

CREATIVE HOBBIES CLASS ORGANIZED HERE

The organizational meeting of Creative Hobbies (Art 222) was held in the College auditorium Thursday evening January 27th with Mr. Emilio Caballero, instructor, present to explain the course. The class will meet hereafter at 7 p. m. at the shop build-

ing of the Clarendon High School. Two more weeks will be allowed for anyone to register for the course. If interested, please be present for the next class meeting stated Ruth Richerson, County Supt. of Schools. Anyone wishing further information may contact Miss Richerson.

ENTERS NAVAL TRAINING

Bill Bradshaw, son of Mr. and Mrs. G. W. Bradshaw, left Wednesday of last week to enter Naval Training. He reported for physical check-up at Albuquerque and was transferred to San Francisco. He is now based at Treasure Island.
 Another Clarendon youth, Jerry Price, son of Mr. and Mrs. Clyde I. Price, is also based at Treasure Island, having left Clarendon a week prior to Bradshaw's leaving.

Mr. and Mrs. F. A. Fitzgerald and Gary and Mr. and Mrs. Pete Land met Mr. and Mrs. Wayland Fitzgerald of Silverton at Burson Lake Sunday afternoon and enjoyed visiting.

David McBrayer and Lynn Jenkins visited Monday night with Gary Fitzgerald.

Jr. High Boys & Girls Win Over Shamrock

The Clarendon Jr. High girls basketball team defeated the Shamrock girls 47-12 and the boys won their game 36-26 in a double-header here last Thursday night, upholding both teams undefeated record for the season.

The starting line-up for the girls team were Virginia Taylor, Ola Putman and JoAnn Bennett as forwards and guards, were Suzanne Sandifer, Barbara McBrayer and Beth Lambeth. Others seeing action were Jackie Richey, Pat Spurgeon, Judy Johnson, Jo Ann Wood, Ollie Leek, Elaine Behrens, Patsy O'Neal, Jackie Bell and Ona Mae Moffett.

At the end of the first quarter in the boys game, the Colts had squeezed out a one point lead on a free throw by Schollenberger and at the half they were leading by four points. Coach Christians half-time talk pepped the boys up and they came back to win by ten points.

Both teams are entered in the Alanreed tournament this week end. The boys first opponent will be Groom at 11:15 a. m. Friday and the girls first game will also be against Groom, and this game will begin at 10 a. m. Friday morning. Championship games of the tournament will be played at 7:30 Saturday evening.

Frank Whitlock is a patient in Northwest Texas Hospital where he was taken last week for treatment of his arm. At last report, doctors had not decided the cause for the painfulness.

Mr. and Mrs. Grady Tyler and children and Mrs. Buster Campbell visited relatives in Amarillo Sunday.

Broncs Lose Close Game To Memphis

The Bronchos lost a hard fought, close game to Memphis there Tuesday night 43-44. Clarendon played heads-up ball but the Cyclones maneuvered a successful stall in the last minute of the game to cinch the win. The Broncs led at the end of each of the first three quarter marks, 14-9; 22-18 and 34-32, but the Cyclones rallied right at the end of the game. High point man for Clarendon was Don Landers with 14; James Moss was high for the Cyclones with 14.

In the "B" game Clarendon won 28-25. Eddie Baten and Richard Vallance shared high scoring honors with 8 points each. Monzingo, Cranse and Dougherty shared point honors for Memphis with 6 each.

With the exception of the 43-44 loss, the Broncs have a clean sweep of all other games played with Memphis this season. They beat both the A & B football teams, and beat Memphis in their previous basketball game 52-47.

The Clarendon boys and girls teams play Lefors here Friday night. These games will determine which two teams will represent the Southern Zone of District 1-A in the district tournament to be held at White Deer on February 10, 11 & 12. A win over the Lefors boys would put the Bronchos in the district tournament.

Mr. and Mrs. Elzie Kennedy of Memphis and Mr. and Mrs. Sonny Byars of Lakeview were guests Sunday in the home of Mr. and Mrs. G. W. Bradshaw and family.

Miss Alice Tyler entered an Amarillo hospital Thursday for medical treatment.

Health Notes

AUSTIN—If you have not had an audit made recently of your physical assets and liabilities, go to your doctor now and have it done in the advice of Dr. Henry A. Holle, State Health Officer, to all grown-ups in Texas. "It is quite as important," Dr. Holle said, "to check up on your physical resources as it is to look into the state of your financial possessions. By regular care under your physician's direction, you can conserve your physical assets and avoid the accumulation of destructive liabilities."

"Each of us starts with a certain amount of physical capital. Merely as a business proposition, it is worthwhile to conserve it to the best of our ability. In infancy and childhood our physical resources, as a rule, are safeguarded for us. As we grow older, the responsibility for doing so rest upon the individual. The critical period may come in middle life with the sudden realization that the physical capital is yielding diminishing returns in the way of physical well being. A large number of the deaths reported each year in Texas is due to the degenerative diseases of middle age."

"Nearly all of these diseases have slow beginnings, and their onset can often be recognized in the course of a thorough physical examination before they have gained serious headway. In the majority, early detection of menacing conditions with a readjustment of physical expenditures and a better budgeting of activities, under the physician's direction, will help to shift the balance from unfavorable to the favorable side of the ledger."

PLOWIN' Out the CORNERS

by Uncle Zeb

Scott Hogg, formerly from these parts, now has a body shop in Colorado Springs, Colorado. The following is his slogan: "Hogg enough to want all your business, and Man enough to appreciate it." Because of this very unusual slogan he was awarded a prize by some contest.

The Joneses Furniture of Shamrock recently had the following sign on their truck: "Keep up with the Joneses if you will, but never try to pass one on a hill."

Do you know of an unusual slogan of this kind? Tell us and

we will pass it along.

The President's message was optimistic from an economic standpoint. We would like to include a short quote from Rep. Walter Rogers' news letter which seems to bear out the thinking of a lot of people these days: "There is no reason why it (The President's Message) should not be as realistic as it was optimistic. This civilization has the know-how to prevent a depression, or even a serious recession. The responsibility of applying this know-how lies with whatever administration might be in power." End of quote from Mr. Rogers. What do you think? We, like most of you, grew up under the teaching that "What goes up has to come down," that, "If we dance we have to pay the fiddler," that, "If we borrow money it has to be paid back," that, "Willful wasting makes woeful wanting," "A penny saved is a penny earned" and on and on. But in the last 25 years this theory has crept in or

COTTON MAID . . . Adorned with cotton crown and cotton candy scepters, De Lols Faulkner, 20, of Sallisaw, Okla., won title "1955 Maid of Cotton" over 21 finalists and will make international tour.

has been used. If business slumps, or jobs get scarce, give the economy a charge of government help, even if it has to be borrowed. Then, that the pump will be pumping again, and by the time the government gets through taking the taxes out the budget will not be hurt and a depression will be checked. It has come so near working that it has many conservatives sort of scratching their head. The only thing seems to be the large debt. Anyway, it's something to think about. Can we outsmart a depression?

Have you visited Boys Ranch lately? If not, or if so, you will get a thrill from doing so again. It is growing, it is fixing to boom, and if its Papa, the well known Cal Farley, can have his way, and I'll bet he does, the place will be busting out all over those sand dunes before his days are done. They tell me that even when he sleeps that one eye is left open watching the plans for modern new buildings to replace the makeshifts in which they have operated since its beginning. Old buildings donated by

CC Camps; Army bases and even to the old original one room school house that belonged to the old school district of Tascosa.

Anyway, this week we attended as sort of an honorary guest at a meeting of the United Peace Officers of America. This is an organization that means to be nationwide, and was organized for the sole purpose of helping Boys Ranch. As a first project they are taking on the building of a complete new school building. Now school is being held in everything from the above mentioned old one room school house to the halls of the dormitories. You should have seen the eyes of the young fellows, some of which had met officers before, bug out as these uniformed fellows with pearl handled pistols mingled with them for a day. It was a great sight. Honestly, if you didn't have on a sixshooter you were a mister nobody. Most of the young fellows dug up one from last Christmas. I wish every person could have seen this sight.

Anyhow here's the pay-off and we will have more to write from time to time. Any peace officer can become a member for any donation from \$1.00 up. Any citizen, that believes in the movement, that wants to help, can be an honorary member on the same basis. If you are interested we will help you become a member. Even though they have nearly 300 boys the state will not build a school building, because it is not a public school. Let us know if you think this a worthwhile project.

Official Memorandum

By
ALLAN SHIVERS
Governor of Texas
Austin, Texas

GREETINGS:

The greatest source of assurance for the future of the American way of life is our Public School System, which enables our youngsters to become familiar with the magnificent history of men and events which has made our Republic the most powerful, respected and favored country the world has ever known.

The public schools provide the tools of knowledge which will equip our young men and women to become constructive and responsible citizens in this land of freedom.

We have a great responsibility to maintain and advance the ideals and standards which our people have come to expect of

their public schools. We must keep pace with the growing needs of our schools by providing new classrooms, improved methods, and by encouraging loyal, able, qualified men and women to adopt teaching as a lifetime career.

THEREFORE I, as Governor of Texas, do hereby designate the week of March 7-12, 1955, as

PUBLIC SCHOOLS WEEK in Texas and urge every citizen to visit at least one public school during this period and to become personally acquainted with the programs and accomplishments of our educational system.

In official recognition whereof, I hereby affix my signature this 10th day of January, 1955.

From where I sit... by Joe Marsh

A Winner Every Time!

Last Friday at our big basketball game with Centerville I sat next to a fine-looking old man. Centerville had things their way the first half — and he cheered every score they made.

But our boys began to catch up. Then Stretch Brown put us in the lead with a long set shot, —and I noticed that the old fellow was now rooting for our side. "What team are you for, anyway?" I demanded.

"Neither," he replied. "I've got my own team. I figure any kid that does a good job out there

is on my team. Root for the individual like I do — and you'll always back a winner!"

From where I sit, maybe it is a good idea to keep our eye on the individual, instead of automatically grouping him on teams you're "for" or "against." We're all individuals at heart, with our likes and dislikes — our right to prefer tea to coffee or beer to buttermilk...our right to "blow the whistle" when anyone tries to regiment us.

Regardless of make or year, your car will benefit from Conoco Super Gasoline, the fuel that combines a controlled higher-octane rating with all power benefits of TCP!

Whether you're the proud owner of one of these 1955 beauties . . . or are still getting dependable service from your present car . . . isn't it time you benefited from Conoco Super Gasoline with TCP? Make no mistake about it! Here is no ordinary fuel, but an astonishing new kind of gasoline that sets free every ounce of power packed into today's wonderful high-compression engines . . . a gasoline that virtually tunes up any engine by the time you've finished your second tankful!

Feel that powerful difference today! This week, start using Conoco Super Gasoline with TCP . . . after two tankfuls, you'll see why the greatest gasoline development in 31 years became the greatest success in gasoline history!

Conoco Super Gasoline with TCP

...makes a powerful difference in your car's engine!

THE BENEFITS OF TCP

PROVED BY OVER 8 MILLION USERS:

1. TCP boosts your car's power as much as 15% (because it neutralizes power-robbing lead deposits in your car's engine).
2. TCP gives you extra gas mileage (motorists report up to 3 miles more per gallon).
3. TCP is just like an engine tune-up (because you enjoy all your car's built-in power).
4. TCP increases spark-plug life up to 150% (because it actually fireproofs your spark plugs).
5. TCP is your guarantee of Top Car Performance (because it brings out all the extra performance of Conoco Super's higher-octane rating).

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN — Texas is growing and one of the consequences is that the cost of government is going up.

Introduced in both houses of the Legislature were appropriation bills calling for the expenditure of \$1,560,000,000 during the next two years.

That would be the biggest outlay in Texas history.

How much more money it would mean for the next two years as compared to the last two depends on revised budgets for the various state agencies.

But appropriations measures designated \$198,580,000 from the general fund, whereas, according to the comptroller, present taxes will produce only \$148,869,000.

That indicated the necessity of

taxing the people to the tune of an additional \$50 million.

Governor Shivers' budget office had previously estimated that additional taxes in the amount of \$65 million would be required.

Budget Board

Legislative Budget Board members have presented their recommended general fund appropriations for the next two years.

University of Texas appropriations were set at \$15,358,946. The amount is \$5.7 million less than the University asked. It is \$2 million more than was appropriated in 1953-54.

Other recommendations called for a \$7,515,000 boost over present expenditures for the state hospital board; a \$345,000 increase for Youth Development schools; \$2.2 million more for the State Health Department; and

\$440,000 more for the Texas Prison System.

Senate Chairmen

Senate chairmanships announced by Lt. Gov. Ben Ramsey include Sen. Crawford Martin of Hillsboro for Finance; Sen. Dorsey B. Hardeman of San Angelo for State Affairs; Sen. Johnie B. Rogers of Austin for Insurance; and Sen. George Parkhouse of Dallas for Labor.

Smith Makes History

Rep. Max Smith, of San Marcos made history when House Speaker Jim Lindsey appointed him chairman of the House Appropriations Committee.

Representative Smith is the second man in Texas history to be twice-named head of this all-important committee and the only man to serve consecutive terms as a chairman.

Rep. Travis Henderson from Lamar County served as Finance Committee chairman (now called the Appropriations Committee) in 1893 and again in 1899.

State Jobs

More than 60 appointments to state positions by Gov. Shivers, will soon be due.

Included is the naming of a new secretary of state, a highway commission member, two members to the State Board of Public Welfare, one member to the State Board of Control, three new University of Texas regents and three A&M College directors.

Shivers is expected to reappoint Major General W. L. Berry as adjutant general and Mark Wentz as State Fire Insurance Commissioner.

pouring into the House and Senate. Primarily, they are asking for higher capital requirements for new companies, stricter examinations and licensing laws, and placement of insurance stock sales under state regulation.

Labor Control Bills

Three labor control bills, all by Sen. Parkhouse of Dallas, have been introduced in the senate. One house labor bill has been sponsored.

Parkhouse would:

1. Stop unemployment compensation payments to persons on strike or idle from a strike by a union that they belong to.
2. Ban picketing of an establishment if the union does not represent a majority of the firm's employees.
3. Assess fines from \$25 to \$500

and a six-month jail sentence for violation of the law.

The House bill would set up state supervised elections to determine whether employees want union representation. It would also create a state Industrial Commission as a dispute mediator.

Whooping Cranes

A permanent Texas winter home for rare whooping cranes would be provided by a House bill.

Sponsored by Rep. Charles L. Sandahl Jr. of Austin, the bill would provide islands and marshland areas on the Gulf Coast for the Audubon Society, which looks after the birds.

It would appear that the family tree of some confidence men must be a slippery elm.

HOTTEST BUICK IN HISTORY
No wonder you see so many 1955 Buicks on the highways—they're rolling up bigger sales than ever in history—topping the popularity that has already made Buick one of the "Big Three."

In Price, too, it is one of the "Big Three"

THE 1955 BUICK SPECIAL delivers locally for less than some models of the 2-Door, 6-Passenger Sedan, Model 48 (illustrated), so-called "low-price three." COME IN AND CHECK!

MOST PEOPLE still don't believe it. But it is true.

And when you look into the facts, you'll find these two solid truths:

Buick is one of the "Big Three" in sales volume—and hotter this year than ever before. And Buick is one of the "Big Three" when it comes to prices which make such popularity possible. The price tag we'll show you proves it.

So why not get what a Buick has to offer, if you are in the market for a new car?

You find that the dollars you pay for Buick buy you a lot more automobile—and the sheer satisfaction that comes with bossing a brawny traveler of this caliber.

You find it in the record-high V8 power that

gives life to this spirited performer. You find it in the soft and level and cruiser-steady ride that comes of all-coil springing and torque-tube stability. You find it in the extra roominess, the extra frame strength, the extra tread width, the extra silencing—all part and parcel of every Buick.

We could tell you about the little things, too. Things usually charged for as "extras" in other cars, but yours as standard equipment at no extra cost in every Buick. Things like direction signals, oil-bath air cleaner, full-flow oil filter, automatic lighting in glove and trunk compartments—and so on.

But—you get the idea. This is a buy, this '55 Buick—a great buy—and a thriller from the instant you press its gas pedal. Come in this week and check things for yourself, won't you?

Thrill of the year is Buick

YOUR 1954 Income Tax

How to File Your 1954 Return

Who Must File

Every citizen or resident of the United States, whether an adult or minor, who had \$600.00 (\$1,200.00 if 65 years of age or over) or more of gross income in 1954 must file an income tax return on Form 1040 or 1040A.

Most of your tax is withheld from your wages every payday or paid on Declaration of Estimated tax every quarter. However, the law requires you to file an annual return to determine whether you owe more or you should get a refund.

When to File

Your income tax return should be filed between January 1 and April 15, 1955, and not later than April 15, 1955. Try to avoid the last-minute rush. Those few individuals who keep books on a fiscal-year basis, must file by the fifteenth day of the fourth month after the close of their taxable years.

How to Pay

Any balance of tax shown to be due in Item 13, Page 1, of your

return on Form 1040 must be paid in full with your return. You may pay cash or by check or money order. Checks or money orders should be made payable to "District Director, Internal Revenue Service."

How to Sign

You have not filed a legal return unless you sign it. If you and your wife are filing a joint return, both of you must sign the return. You do not need to have your return notarized since your signature has the same legal effect as swearing to the truthfulness of your return.

Where to Get Forms and Help

As far as practical, the District Director mails forms directly to taxpayers. If you need additional forms, you can get them from your District Director's office, and also at most banks and post offices. Many employers also keep forms for the convenience of employees. The address of your District Director of Internal Revenue is 2101 Pacific Avenue, Dallas, Texas. The address of the Childress office is Room 3, Library Bldg. The telephone number is WE-7-3572. After reading the instructions, you should be able to prepare your own return, unless you have complicated problems. If you do need help, you

can get it at your District Director's office. A more detailed publication entitled, "Your Federal Income Tax" may be obtained for 25 cents from the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

THE PRESIDENT'S ECONOMIC REPORT

The President's Economic Report was, as usual, optimistic. There is no reason why it should not be as realistic as it was optimistic. This civilization has the know-how to prevent a depression, or even a serious recession. The responsibility of applying this know-how lies with whatever administration might be in power. It is my opinion that the failure of any administration to act effectively to ward off an economic depression would immediately bring forth mandatory legislation from the Congress setting the proper wheels in motion. For those reasons, I do not believe that this country will have a depression. Government spending is still in the all-time

high brackets even though we are not engaged in a hot war. Contrary to the arguments of some, there has been no transition from a wartime to a peace-time economy. A war-time economy means that there is a tremendous amount of government spending. A peace-time economy is one in which the government is spending a minimum amount. Our present economy is based upon vast expenditures being made by the government. The only difference between our present economy and our wartime economy is that there is no actual shooting war going on at the present time. The preparedness program continues and the cold war continues. As long as this is so, there will be heavy government spending.

Much has been said about the expansion of our economy. Unless our economy does expand, we will dry up. The reason is simple. Our population continues to expand at a rapid pace. Unless our economy expands with it, we would not be holding our own but slipping backward. Unless it expands with the population, there would be much unemployment and much hardship; the standard of living would be measurably reduced and great damage could come to the entire country. If our population continues to increase

as it has in the past, and there is no reason to think that it should not, the present national production of 360 billion dollars must be expanded within the next ten years to a point somewhere between 450 and 500 billion. That is, if we are to maintain the same standard of living that we are now enjoying.

Several proposals in the President's Economic Report were most interesting. One, to permit national banks to make amortized real estate mortgage loans with maturities up to twenty years and construction loans of perhaps nine months, would be to permit banks to do directly what they are now doing indirectly. The proposal to give the President discretionary authority to adjust interest rates of government backed mortgages will no doubt meet with strong opposition, because it would not be to the best interests of the economy of this country. The request was refused last year, and should be refused again this year. The truth is that interest rates are being fluctuated by discount practices on these mortgages. If Congress gives up the right to fix the interest rates

themselves, the people can expect to pay more for borrowed money.

SOCIAL SECURITY BENEFITS FOR WIDOWS

My good friend, Honorable Peter Rodino, Jr., of New Jersey, has introduced a bill that merits early consideration and passage. Under the present law, a widow can get social security benefits only if she is 65 years of age or if she has a minor child in her care. Many women who have been house wives all of their lives are

widowed several years before they are 65. They have no way of making a living and no outside income. Provision must be made for these women, and I shall certainly assist Mr. Rodino in pushing his bill for passage.

WILLYS 4-Wheel Drive TRUCK

NOW 53% MORE POWER

The Truck that goes through sand, mud, snow, ice, over rough open country or up 60% grades

Performance under severe difficulties -- performance when you *have* to get through -- that is the known performance the Willys 4-Wheel-Drive Truck can deliver.

On smooth roads, under normal weather conditions this Truck operates economically on 2-Wheel-Drive, just as does any ordinary truck.

When heavy snow blocks highways, or you have to take off over rough open country or mud-heavy roads that bog down other trucks, you can shift instantly into 4-Wheel-Drive -- and get through. Yes, a Willys 4-Wheel-Drive will get you through when others fail.

The 4-Wheel-Drive principle, made world famous by the 'Jeep', with power delivered equally to each one of the four wheels, distinguishes this truck from any vehicle in its weight class.

Powered by the great 6 cylinder 115 H.P. Super-Hurricane engine, this sturdy truck climbs up to 60% grades with full payload.

If your business demands getting your payloads through without fail, see the Willys truck at Willys dealers today. **WILLYS MOTORS, INC., Toledo 1, Ohio.**

Hunter-Killer
 The new Grumman S2F-1 Sub-Killer is the first carried-based aircraft to combine the elements of submarine search and attack in one airplane. Its equipment includes the most modern detection gear to hunt out enemy under-seas craft. In addition, it carries the latest submarine destruction devices developed through years of naval experience in operation against enemy submarines.
 The "hunter-killer" will be able to operate under the severest weather conditions in all parts of the world. The plane is equipped with a de-icing system using a tubing developed from General Electric's SE-100 silicone rubber compound. The strong, light weight tubing can withstand wide temperature and pressure ranges, remaining flexible in arctic and high altitude cold as well as in tropical heat.
