First Baptist Church Announces Spring Revival, April 10-24

Every one is invited to attend our revival. We are looking forward to having large crowds. You will enjoy hearing Rev. Byron Bryant; he is a God fearing preacher.

We are making plans to have the best music program possible. During our revival there will be special music each night; also there will be nights where we will have special groups featured in our choir. If you love old time gospel singing, come and join us during these days. We will be using both the organ and piano in our evening services. The educational and music director, T. W. Goar, will be in charge of the music program.

We hope to set a new record in the Sunday School and Training Union attendance, April 17. Won't you come and be with us in this Evangelistic Crusade?

The entire church is urged to attend the Family Night Evangelistic Rally, April 8th—7:30 P. M. A splendid program has been planned and one of the best Soul Winning films that we know anything about will be shown at the close of the service. If you miss this meeting you will miss one of the most important meetings in preparation for our revival. Bring a covered dish (or dishes) and the entire family and let's eat dinner (supper) together.

The reports from our cottage prayer meetings are gratifying. If you have not been attending, you are invited. There is one in your neighborhood each night at 7:30, except Sunday and Wed. T. W. Goar, Edu. & Music Director.

Car Tag Business Rushing; Today Is Last Day

As usual, the last few days have been very rushing at the county tax office, and it looks like the big, mad rush will be in progress today as this is the last day to license vehicles before it becomes unlawful to drive on a public road without them.

Public officials reported the sale of over 1200 passenger tags thru Wednesday morning which is a way short of the number of tags sold last year. If you haven't bought your new tags yet, be sure and take all the necessary papers along with you today to help eliminate extra trouble and delay at the tax office. The tax office will close at the usual hour today.

Car owners are reminded also that April 15 is the deadline for your Auto Safety Inspection.

The board of directors of the Donley County fat stock show and fair held two meetings in the office of County Agent H. M. Breedlove on the 17th and 24th of March. Seventeen members of the board attended each meeting.

Building firms to appear before the board to submit their plans and prices for a fair building for Donley County to be constructed in Clarendon were as follows: The Butler Steel building firm of Amarillo; The Braden Steel company of Oklahoma City and Amarillo; Big Chief Steel Company of Amarillo and John Jones, local contractor of Clarendon. The board discussed the types of buildings and prices with all the above firms and finally decided to give the contract to Mr. John Jones, local contractor of Clarendon, Texas.

The fair building will be built with cinder blocks with a steel top. The building will be 140 feet long and 36 feet wide. The building committee appointed by Vice Chairman of the board E. S. Ballew were John Head, chairman, J. R. Brandon and Homer Estlack. The committee approved by the board for the selection of the location was Joe McMurtry, Chairman, J. D. Swift and F. E. Chamberlain.

The cost of the building complete will be \$8,679.00. The finance committee headed by E. S. Ballew is raising the money and will contact you as soon as possible if they have not already done so. This building will be a new addition for Donley County and will be used for county fair, livestock shows, registered breeder show and all types of activity for the county and surrounding territory.

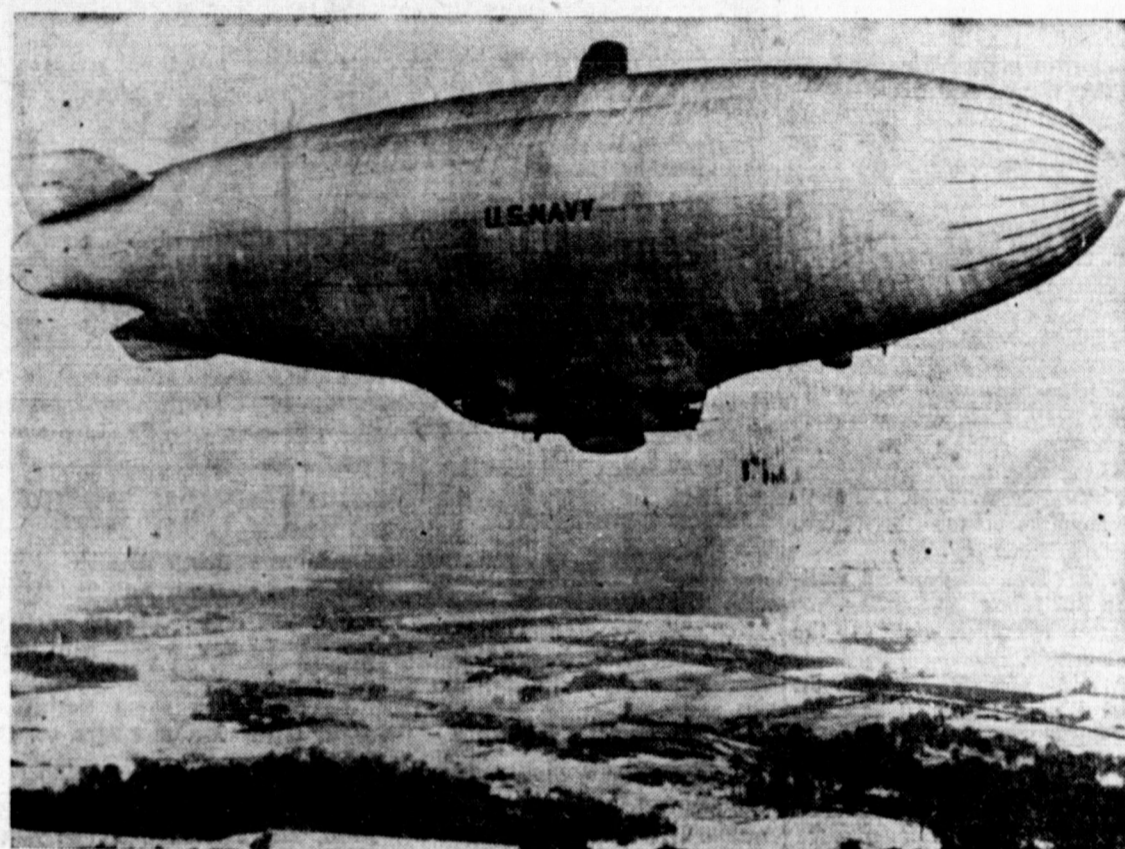

Those present at the meetings were C. L. Lewis, President; E. S. Ballew, vice chairman; Curtis Mears, treasurer; H. M. Breedlove, secretary and manager; Doyle Messer, Joe McMurtry, J. D. Swift, Quinn Aten, Homer Estlack, Lee Shaller, John Head, J. R. Brandon, Jack Ballew, Tom Seay, L. Walker.

Construction of the building is expected to get underway in the very near future, just as soon as the location committee can complete their work. Any one wishing to make a donation to help with the construction of this building can contact any of the above board members.

SUFFERS HEART ATTACK

Jack Eddings, operator of Jack's Texaco Service Station, is reported improving as well as can be expected in the Groom hospital, after suffering a heart attack Sunday evening. His many friends wish him a speedy recovery.

School Election This Saturday, April 2nd

This is a last reminder to urge everyone to go to the polls this Saturday and cast their vote in the school trustee election. The election will be held at the School Tax Office. Polls will be open from 8 o'clock A. M. to seven o'clock P. M.

Two trustees are to be elected to the Clarendon Consolidated Ind. School Board of Education. Three candidates are in the race for the two places. Dr. J. Gordon Stewart, local physician, is seeking re-election for his second term of office. Mr. Bob Moss, owner-operator of the Bob Moss Pharmacy and Mr. Bud Hermes-meyer, local farmer are the other candidates. They will be elected for a three year term. Mr. C. L. Benson, who has served as trustee for the past three years is not seeking re-election to the Board.

Held in conjunction with the Clarendon Board Election will be the County School Trustee Election. Mr. W. A. Poovey and Mr. Mike McCully are the two candidates in the race for County-Trustee-at-Large. Mr. John Head is seeking election as County Trustee from Precinct No. 2. Mr. R. E. Drennan is the retiring trustee from Precinct 2 and is not running for another term.

Mr. Curtis Mears, Mrs. C. C. Powell and Mrs. Ruth Kennedy will serve as clerks in Saturday's election. Remember to go to the polls and vote as these boards govern the local schools.

Seeing Red? It's Time To Pay Up Again!

It's red check time again. If you notice a red check in the box at the left hand top corner of this page it is our way of reminding you that your subscription has expired or will expire right away. The figures to the right of your name stamped on the paper gives the month and year. The first figures are the month and the last is the year.

Please let us have your renewal promptly. Due to the high cost of newsprint, we have to keep our list trimmed to paid-up subscriptions only, so come in or mail your check today so you will be sure your Leader will keep coming. Thanks.

Dusters To Play First Game April 24th

The Clarendon Dusters, according to a tentative schedule, will play their first home baseball game here on April 24th. Their opponent will be a new team in the Caprock League from Wheeler.

At a meeting in Amarillo Sunday, the following teams listed their desire to play in the league this year: Groom, Hedley, Clarendon, Wheeler, Amarillo Rath Packing Co. and Pampa. There is a possibility of two other teams joining the league.

All local ball players interested in playing with the Dusters this year are invited to be at Duster Park Sunday afternoon at 2:30.

Clarendon Voters To Elect Mayor Tuesday, April 5

Clarendon voters will have another chance to go to the polls and cast their ballot within a range of a few days. First, the school election Saturday and the City Mayor election Tuesday, April 5th.

The city election will be held at the city hall with voting commencing at 8 a. m. and the polls closing at 7:00. There are two candidates in the Mayor's race which should bring about a large vote. Major Hudson is seeking re-election for his third elective term and H. T. Burton is seeking the office for the first time.

If you are qualified to vote in the City Election, be sure and go vote next Tuesday. Your one vote may be the deciding factor in electing the candidate you think best qualified for the job. This is one privilege and obligation that no one else can do for you.

Track Meet To Be Held April 6th

Weather permitting, the invitation track meet which was scheduled to be held here last Friday, was postponed due to the cold, blowing weather, and will be held Wednesday of next week at Broncho stadium.

Coach Joe Spann reported that all teams, scheduled to enter the events last week, had been invited to take part again. The meet, as announced before, will be open to the public free of charge.

Easter Musical Program at Methodist Church Sunday, April 3rd

Postlude, The Hallelujah Chorus: Handel.

Ashtola & Lelia Lake School Elections Saturday

In the school elections to be held Saturday, April 2nd, Ashtola voters will elect one new school trustee and Lelia Lake will elect two trustees for their respective districts. Both will vote on the county board member at large and Lelia Lake will elect a county board member for precinct 3.

The Ashtola election will be held at the Ashtola school house with Doyce Graham, T. A. Nelson and L. M. Porter in charge of the election. The two candidates for the one place on the board are Burt DeBord and Dane Perdue. Vance Gray is the retiring board member. The names of the two candidates for county board member at large will be listed on the Ashtola ballot also. These candidates are: W. A. Poovey for re-election and Mike McCully.

The Lelia Lake election will be held at the Lelia Lake School house with D. M. Cook, J. R. Batson and R. D. Castner as election judges. There are two places to be filled with five candidates. The candidates are: D. F. Reed and O. L. Wilkinson for re-election, E. W. Chenault, W. O. Moor-ing and J. W. Helms. The two candidates for county board member Precinct 3, are Quinn Aten for re-election and W. W. Wiggins. Lelia Lake voters will also vote on the county board member at large.

Broom Corn Could Be Good Cash Crop For Donley County

Broom corn could be a good cash crop for Donley County farmers says county agent H. M. Breedlove. This past week the county agent and Sam Morgan, W. M. Snelson and Ted Maddox of Hedley went to Elk City, Okla. and met with one of the biggest broom corn growers in that section and studied all the angles of the crop for Donley County.

Mr. Tom Miller of Elk City has grown broom corn for forty-two years, both on a commercial basis and also as a certified seed grower. People in that section consider broom corn a good cash crop.

A group of farmers in the Hedley community plan to plant broom corn this year as a cash crop and will give them a much better chance for cash income due to the cotton acreage reduction. Broom corn in the Elk City vicinity has been grown with an average rain fall of about twenty-two inches and produces under about the same conditions as grain sorghums.

Any one interested in planting broom corn this year should talk to the county agent. The group at Hedley plan to get their seed in the very near future and with pooling the order the seed can be bought cheaper.

Services Held Sunday For D. M. Grimsley

Funeral services were held Sunday afternoon at the Hedley Church of Christ for Daniel McIntire Grimsley with Jere Via and J. C. Stepp officiating.

Mr. Grimsley, 86, retired farmer, died at his home in Hedley Saturday morning following a lengthy illness. He was born Dec. 18, 1868 in Missouri. He moved to Hedley from Turkey, Texas 48 years ago. His wife preceded him in death a short time ago.

Surviving are three daughters, Mrs. Dot Christian, Gordonville; Mrs. Ruth Boykin, Olddale, Calif.; and Mrs. Alice Crawford, Memphis; two sons, Clyde Grimsley, Hedley, and Homer Grimsley, Hawthorne, Calif.; two brothers, Frank Grimsley, Alvord and O. G. Grimsley, Mansfield, Texas; one sister, Mrs. Pearl Collins, Fort Worth; 10 grandchildren and 13 great-grandchildren.

Pallbearers were W. E. (Ned) Grimsley, Otis Owens, Hobart Moffitt, Bob Carlton, Bill Wiggins and Harrison Hall.

Burial was in Rowe Cemetery, Hedley, with the Murphy Funeral Home in charge of arrangement.

Hung Jury In Arson Case

A hung jury was the outcome of the case of the State of Texas vs. Murl (Shorty) Lynn who was charged "in connection with arson." The trial got underway last Wednesday afternoon and went to the jury late that night. Judge Luther Gribble declared a mistrial Thursday after the jury reported seven members for conviction and five for acquittal.

Lynn was charged in connection with arson when fire damaged his barber shop and the Charm Beauty Shop June 21, 1954. No date has been set for a retrial and Lynn is free on \$1,500 bond.

Veterans News

Veterans Administration today issued a checklist of deadline dates before which eligible veterans of the Korean conflict period must act if they wish to take advantage of certain benefits.

Most of the deadlines resulted from the President's proclamation setting January 31, 1955 as the end of the Korean conflict period governing eligibility for the benefits. The conflict period began June 27, 1950.

One of the most important deadlines not affected by the President's proclamation requires that eligible veterans who wish to go to school or train under the Korean GI Bill must start training within three years after they leave service or forfeit all further rights to the benefits.

This requirement is contained in the law itself and, therefore, was not affected by the President's proclamation.

Those who start their education or training within the required three-year period must complete their Korean GI Bill Training by January 31, 1963, or eight years after discharge, whichever is earlier. The Terminating date of January 31, 1963 resulted from

the President's proclamation. For GI loans on homes, farms or businesses, eligible veterans of the Korean conflict period now have until January 31, 1965 to receive a VA guaranty or insurance as a result of the President's proclamation. No further guaranties or insurance may be issued after that date on loans made to veterans under the present law.

For vocational rehabilitation under Public Law 894, eligible disabled veterans of the Korean conflict period must start in time to finish their rehabilitation by January 31, 1964, or nine years after separation, whichever is earlier.

These termination dates apply to all eligible veterans except those in certain "hardship" categories. For the latter, an additional four years is granted by law in which to complete their rehabilitation.

For a \$1,600 grant toward the purchase of an automobile or other conveyance, seriously disabled veterans of the Korean conflict who are eligible must apply for the grant within three years after they leave service or forfeit the benefit.

For this benefit, the President's proclamation merely set January 31, 1955 as the end of the Korean conflict period during which eligibility for the grant may be established. This means the injuries covered by the law must be sustained in active service on or before that date.

No application deadlines pre-

vail for the other VA-administered benefits affected by the President's proclamation. These benefits for eligible veterans of the Korean conflict period on a wartime basis are:

—Hospitalization and domiciliary care for non-service-connected disabilities.

—Compensation for service-connected disabilities or death at wartime rates.

—Pension for total and permanent non-service-connected disabilities or death.

—Reimbursement of burial expenses and a flag to drape the casket.

The President's proclamation did not change the deadlines previously established by Congressional action for certain benefits available to eligible World War II veterans.

These benefits and the applicable deadlines are:

World War II GI Bill education or training — For those now in training, no additional training may be afforded after July 25, 1956, except for veterans who may have additional training time under the Armed Forces Voluntary Recruitment Act of 1945.

Vocational Rehabilitation under Public Law 16— In general, no training based on World War II service may be afforded beyond July 25, 1956, except for certain hardship cases who are granted an additional four years in which to train.

World War II GI Bill loans,

farms or businesses—No guaranty or insurance will be available on loans made to eligible World War II veterans after July 25, 1957, except for those who have established a later terminal date under the Armed Forces Voluntary Recruitment Act of 1945.

Lelia Lake Receives School Yearbook

The 1955 Lelia Lake Bluebird, the school annual, was delivered to the school last week by the Taylor Publishing Company. This is the earliest the Lelia students have ever received their yearbook. The Taylor Publishing Company notified Mrs. Oscar Thomas and J. R. Gillham, annual sponsors, that they were selecting the Lelia Lake Annual as one of the ones for their salesmen to use as a sample of an outstanding annual from a small school.

Janiece Christal was editor of the annual; Dale Ayers, business manager; Boyd White, sports editor; Jessie Lee White, junior representative; Carolyn Monk, feature editor; Gerald Jones, typist; Christine Shields, associate editor, and Bobbie Mae Floyd, make up editor. This group and the entire student body of Lelia Lake Schools are grateful to the merchants and patrons that carried advertising in their annual and made the book possible.

Cynthia Ann Davis of Vernon has been visiting the O. L. McBrayers and Mrs. Robert Davis the past two weeks, returning home with her parents, Mr. and Mrs. Clyde Davis, Sunday.

11:30 A. M. — Morning Prayer and Sermon.

Sgt. Ralph A. Phillips, son of Mr. and Mrs. Ernest Phillips of Clarendon, Texas, is scheduled to arrive in San Diego, Calif. the latter part of March with the second group of the 1st Marine Division which has been ordered from Korea to Camp Pendleton, Calif.

Mr. and Mrs. James Stone and Randall of Waco and Mr. and Mrs. Wayne Tiller and children of Amarillo were visitors in the J. A. Warren home over the week end.

ATTEND ASSOCIATION MEETING

Mr. and Mrs. L. T. Shelton and Mr. and Mrs. Douglas Shelton returned home last Wednesday from Dallas where they attended the Texas and Southwestern Cattle Raisers Association. They left as did the week end guests of Miss Sandra Shelton. Guests returning to S.M.U. were Rondyn Self, Mary Armstrong, and Pat Perkins.

To The People Of Clarendon

Immediately after taking oath of office as Mayor, I began checking records as to the financial standing of the city. I learned the general fund account was very low; also was considerably indebted to the three local banks. Most of maintenance and rolling stock equipment was in need of repair. There has been a considerable sum invested in additional equipment which is being used to a good advantage. Also a considerable sum invested in the following: City new dump ground, remodeling and painting city hall, installing sprinkling system and sanitary rest rooms at city park. All the above mentioned including bank indebtedness was paid out of general fund account.

All bonds and interest have been paid on due dates out of funds set aside for this out of tax collection. Except bond indebtedness, the city is clear of indebtedness at present and has been operating on cash basis the past few months. The general fund account is more than triple now the amount it was four years ago. There has been no tax rate increase and I am still opposed to any.

Plans are to continue for an indefinite length of time with street improvements. There is a considerable sum available for this in the street bond improvement fund. Plans are for some sewer improvements and repairs, also water works improvements. The most need at present for water works improvement is an increase in water storage capacity. The new water well, additional water mains, pumps, etc., sewer disposal plant and line extension, highway street improvements were paid out of bond improvement funds.

The 1954 audit should be completed and ready for publication in May. Please read and check. It is published for your information.

May this partial report be of interest to you.
Major B. Hudson, Mayor.

It's Up to Us

Whether we get a program from the current session of the legislature to provide funds for an adequate highway system will depend upon the people themselves, Mayor Roy Hofheinz of Houston thinks.

The mayor spoke at the annual meeting of the Texas Good Roads Association in Austin last week. He pointed out the economic advantages of highways. He said Texas cannot continue to grow and expand either economically or culturally unless more funds are provided to build more multi-lane divided highways.

The mayor is right. All a person has to do to realize this is to get in his automobile and start out in any direction.

The mayor is right about another thing too. It is unfair to classify our user revenue as a tax and oppose its increase. When we buy a gallon of gasoline and pay our four cents state tax we are assured that three-fourths of it will go for better highways under our rubber. (One fourth of our present tax is dedicated to the available school fund.)

The mayor thinks the automobile owner who recognizes the need of highways should so advise his legislator. If not, he has no one to blame but himself if funds are not made available to carry today's transportation load.

Mayor Hofheinz represents the largest city in Texas and the largest city in the Southwest. He says Houston is facing economic strangulation unless it is able to more quickly solve its highway

transportation problem. He cites the need of some \$200,000,000 of highway work in Harris county alone.

The needs of our own county can be measured relatively. We must do something about it.

Quail Expert Sets Pattern

AUSTIN — Dan Lay, Wildlife Biologist specializing in quail for the Game and Fish Commission, marks the end of the bobwhite season with some straight forward suggestions for helping along the comeback of this prolific little game bird.

In observations sent to the Director of Wildlife Restoration from his Deep East Texas experiment headquarters, Lay stressed the responsibilities of hunters, game management technicians and land owners.

He made it particularly clear that the quail themselves are just awaiting the opportunity to restore normal population by being provided proper habitat.

In his latest contribution to the "Bobwhite Hot Stove League," Lay traced the decline of the once great quail populace and said with finality: "The basic concept that quail populations are controlled by food and cover can't be over emphasized. This may be old stuff to some, but there are many who have not fully accepted it. It can't be repeated too often. Troubles develop when it is ignored."

The East Texas technician described the magnitude of the challenge and wrote that only the mass response of the disillusioned hunters can get the job done. He went on:

"Responsibility for improving habitat needs to be defined. The quail belong to the public and public agencies regulate their harvest. Taxes on hunters also provide funds for research and management. But it does not follow that the quail crop depends entirely on the State. Little, if any, credit is offered the State when hunting is good. Yet when hunting is bad, there is a tendency to blame the State and demand more action.

"Since the bird crop depends on the productive capacity of the land, most of which is in private hands, the landowner is more directly responsible. The State's power to produce quail is limited to advice, encouragement and perhaps some materials, voluntarily accepted by landowners.

"For the individual hunter, the implication is clear. He should place part of his demand for action with the landowner. He should find himself a place to hunt and do whatever is necessary to get the landowner to maintain or improve the crop—Timing is the important factor. Usually, the technician is called in after the brush is removed. Waiting until it is gone makes the job of quail management slower and more difficult.

Mr. and Mrs. Clyde Davis of Vernon visited relatives here thru the week end.

YOUR BIGGEST BARGAIN

Years ago, practically all that a prescription could do was to alleviate the patient's pains and make him a little more comfortable . . . while nature did a slow job of curing the ailment. But today's prescription, containing wonder drugs completely unknown years ago, cures the ailment in hours, not weeks . . . keeps the patient out of the hospital or gets him out after only a few days and puts him back on his feet in a hurry. That's why we say:

Today's Prescription is the Biggest Bargain in history.

5 HOURS—NOT 3 MONTHS

Two decades ago, it took an average of 3 months' wages to pay hospital bills resulting from a case of pneumonia. Today, a case of pneumonia is cured at home . . . with drugs that cost an average of only 5 hours' wages. That's just one of the many facts which proves that . . .

Today's Prescription is the Biggest Bargain in history.

7,000 Deaths Then—310 Now

Two decades ago, 7,000 children died every year of whooping cough. Last year, only 310 children died of whooping cough. What explains the difference? It's the new wonder drugs . . . unknown two decades ago. Priceless drugs? Sure! Yet the price of the average prescription hasn't gone up any more in 20 years than has the price of a pound of coffee.

Today's Prescription is the Biggest Bargain in history.

NEW SERUM AVAILABLE FOR SWINE DISEASE

AUSTIN—A new serum is available to treat and immunize against swine erysipelas—a disease which costs hog growers an estimated \$10 million annually. Dr. William J. Sheffield of the University of Texas reports. The serum, to be obtained on approval of a veterinarian, has proved valuable in stopping progress of the disease in a herd and actually curing many of the sick animals. Dr. Sheffield says in the latest issue of The Texas Druggist. The serum produces a high degree of immunity, but under usual field conditions, the immunity lasts about two weeks, Dr. Sheffield declares.

The man who continually boasts about his principles usually means his prejudices.

Trouble lies ahead for the person who decides he is a little too good for his job.

FARM NEWS

from the County ASC Committee

WHEAT MEASURING

Donley County has almost completed the wheat measuring for 1955. If any farm that has wheat planted or was planted, and the farm has not been measured please come to the ASC office as soon as possible and let us know about this matter.

COMPLIANCE WITH '54 WHEAT PROGRAM HIGH

Farmers who did not comply with their 1954 wheat acreage allotments amounted to less than 1 per cent of the total farms having wheat acreage allotments according to the Commodity Stabilization Service.

Altogether, 1,516,000 farm wheat allotments were established for the 1954 wheat crop. Farmers with excess wheat totaled 14,709. Most of the cases of "excess wheat" have been handled on the spot by payment of the marketing quota penalty. As of December 31, 1954, it has been found necessary to forward only 142 of such cases to U. S. District Attorney for court action.

OVER MILLION DROUGHT FEED ORDERS ISSUED

Over 1,095,000 purchase orders for emergency feed grain were issued to farmers through March 2, 1955 in 18 States designated by Secretary Benson as drought disaster areas. Farmers obtained 53.2 million hundred weight of feed grains under the emergency feed grain program and over 115,277 dealers' certificates to the value of 32.7 million were issued. Leading States were Oklahoma, Texas, Arkansas, and Missouri.

Under the emergency feed grain program Commodity Credit Corporation feed grain stocks are made available to farmers in designated drought areas as a means of preventing the liquidation of foundation herds.

Junior High Teams Win District 1-A Volley Ball Tournament

The Junior High boys and girls teams won over Canadian in District Volley Ball Tournament at McLean Saturday afternoon. Volley ball, the first in the Spring events of the District 1-A Tournament was held in McLean Saturday, March 26. The Clarendon girls played McLean first, defeating them in two straight games to win the set. Playing Shamrock during the afternoon the girls defeated the Lassies two straight.

Finals were played at four between Canadian and Clarendon. Canadian won the first game of the set. The Clarendon girls came back to win the last two games of the set to take the first place win.

The Clarendon boys played

MOST REPRESENTATIVE HOBBS KNIGHT OF THE ROAD for 1954 is H. E. (Sonny) Box of Waco, oil company transport driver, who will be honored at an April 5 award banquet in Austin at which Governor Allan Shivers will be the principal speaker. Box was selected from 66 truck drivers cited for their highway courtesy by the program last year, and will receive the "1954 Shield" and an air-conditioner for his truck cab. The awards program is sponsored by Hobbs Manufacturing Company, Fort Worth trailer-building firm, the Texas Safety Association and the Texas Department of Public Safety, whose director, Colonel Homer Garrison, Jr., will make the official presentation to Box.

Shamrock in their first games of the tournament, defeating them 15-3, 15-6, to take the set. Drawing a bye in the semi-finals, the Colts met the Wildkittens of Canadian in the finals. Canadian won the first game of the set 15-8; Clarendon took the next two games 15-13, 15-8, to win the tournament.

Members of the team were Keith Schollenbarger, John Morrow, Carl Talley, Jimmy Swinney, Darrell Leffew, Bill Durham, and Richard Leggett.

Next event for the Colts will be April 16 - Track and Field

Meet at White Deer.

Mrs. Will Johnson was taken to Northwest Texas Hospital in Amarillo Monday where she underwent surgery on her throat Tuesday morning. She had been home only a week after undergoing gall bladder surgery there. She is reported doing as well as can be expected at this time. Her many friends wish her a speedy recovery.

Mr. and Mrs. Doss Finley had birthday dinner with Kenny Schull Sunday.

West Texas Utilities To Feature Cooking Demonstration

How would you like to cook your family's meals simply by turning a switch? Today the homemaker can accomplish just that - - cook a complete meal by just turning a switch. Mrs. Abbie Andrews, widely known Home Economist, will demonstrate the most recent and proved developments in modern cooking at the demonstration which will be held Thursday, April 7th in the Lions Club Hall at 2:30 p. m.

Mr. Lonnie Walker, West Texas Utilities Company Local Manager, has issued an invitation to all the housewives in Clarendon and the surrounding area to be his guests at the demonstration which is planned as one of the best ever conducted here.

The demonstration, sponsored by the West Texas Utilities Company, will be conducted by Mrs. Abbie Andrews, a senior Home Economist for Frigidaire Sales Corporation. Mrs. Andrews will be assisted by Mr. George A. Robinson.

Mrs. Andrews, who will pre-

Bouquets to the living department; beginning at Claude:

Our hats off to Mrs. Porter and to the guys and gals who put on the one act plays the other night. Next time we will take two handkerchiefs to cry into but we did so much enjoy ourselves. We think this type of our school competition does need encouraging and specially for that reason are we glad to say Thanks for a good evening.

Still in Claude with the Bouquets; To the Boss Lion and all

the others that had a part in the Annual Ladies Night affair we would say Hooray; not forgetting the ladies who fed us. I don't remember a better program or one that was any higher class. Even the jokes; not one of which touched on the vulgar side, were of the real side-splitting variety; which all goes to prove again that clean jokes can be funny. Then, we will go all out to recommend the feature of the program Miss Millie Bennett, who back in 1953 was an exchange student to Europe. In a future article we want to tell you the complete story of this Stratford farm girl and her very unusual experiences with the Student exchange program with other countries.

We keep on thinking of nice things and nice people; the other day we were visiting in Clarendon and dropped into the J. Lee Department Store to pick up a thing or two while they were having their quitting business

sale. We were impressed with their kindness and eagerness to be of helpful service to us as their customers. Somehow, it made us hate to see such a fine group of folks close out and move away from our own Panhandle. Maybe they ought to reconsider and stay on with the fine folks of Clarendon. Anyway, Best Wishes to them whether here or there. People who are nice to other folks will be treated swell where ever they move.

The man who brags about sitting on top of the world should remember that it turns over completely every twenty four hours.

Did you ever stop to think what makes the day seem bright. It isn't just the sunshine, but of course that helps alright. It isn't meeting folks you like, and exchanging news and jokes. No Sir, it's just the little helpful things you've done for other folks.

Wouldn't it be wonderful if we would spend a lot of effort trying to beat the other fellow by doing the thing for him that we would like for him to do for us.

Someone has said; "Use the talents that you possess, for the woods would be very silent, if no birds sang except the best."

Don't forget the mention we made about Boys Ranch and the effort being made to build them a new school house. If you wish to send a dollar or more to this cause send it to Judge Clarence Williams of Panhandle, Texas. If you wish send it in to this column and we will begin next week printing the roll of the honorary members in the United Peace Officers of America. The list that is of all those who send their dollar or more through us.

Mr. and Mrs. Haskel Phelps may pick up their free movie tickets this week at the Leader office.

Wildlife Conservation

Farm Fish Ponds

Farm fish ponds are constructed by farmers for protection from soil erosion and flood control; they also are used for water storage, fire protection, and most of all for fish production. In addition to these purposes, fish ponds can provide water and cover for animals, game birds, and songbirds. Ponds are usually built in small valleys with steep sides so as to hold an adequate amount of water. They should be placed in areas where different kinds of wildlife can benefit from the ponds. For excellent fish production, ponds should be built about three feet deep within ten feet of the shore line. This permits bass to reduce the number of small fish effectively, but it also controls water weeds and mosquitoes.

ried or unmarried. However, if she is married, she must file a joint return with her husband and the deduction is reduced by the amount which their combined adjusted gross incomes exceed \$4500.00. These last two limitations would not apply if her husband is incapable of self-support because of mental or physical incapacity.

A "widower," as used in this section of the law, is a man who is divorced or legally separated under a decree of divorce or of separate maintenance, as well as

one whose wife is deceased and who has not remarried by the end of the taxable year.

Dependent as used in this section is limited to a person for whom the taxpayer is entitled to a deduction for exemption who is (a) a child or stepchild of the taxpayer under the age of 12; or (b) a person who is mentally or physically incapable of caring for himself regardless of age.

The deduction is not allowable to the extent that payments are made to an individual whom the taxpayer claims as a dependent.

By PRICE DANIEL
U. S. Senator

Texas-grown rice and Rio Grande Valley ruby red grapefruit were served in the House and Senate dining rooms last week through the courtesy of representatives of these important Texas farm products.

On Monday a bountiful helping of rice and gravy was added to every plate served in the Capitol dining rooms. This was sponsored by Senator Johnson and the writer at the request of Marcus

Mauritz of Ganado, President, and Kern Tips of Houston, Public Relations Director, of the Texas Rice Promotion Association. They furnished the rice and a box of rice recipes for each member of Congress.

On Thursday Senator Johnson and I arranged for each person in the Senate dining room to receive a Texas grapefruit, and Congressman Joe Kilgore did the same in the House dining room. The grapefruit were shipped to us by Mr. Austin Anson, Executive Manager of the Texas Citrus and Vegetable Growers and Shippers Association of Harlingen.

Good Advertising
Sponsoring such special dishes in the Capitol dining rooms has become an accepted means of advertising foods of the various states to the leaders in government. Senator Leverett Saltonstall has treated us with Boston clam chowder. Both the Florida and California Senators have served grapefruit. Former Senator Guy Cordon of Oregon last year served an entire meal fea-

turing Columbia River salmon. We have also enjoyed Delaware strawberries, Idaho potatoes, Wisconsin cheese, and Michigan black cherries, on special occasions sponsored by senators and congressmen from these states. We are advised that the next Texas product which will be sent to us will be fresh Rio Grande Valley onions—a whole truckload.

National Rice Week
In addition to serving rice at the Capitol, the Texas rice growers joined the American Rice Growers Association in a luncheon at the Willard Hotel in celebration of National Rice Week. Secretary of Agriculture Benson, many members of Congress, and representatives from the State Department attended. A color film on the rice industry and an informative speech by Dr. J. Norman Efferson, Director of the Louisiana Agricultural Experiment Stations, convinced everyone present of the value of rice as a food and the importance of the industry to our country. The only trouble is that we are producing more rice than can be sold, and additional markets at home and abroad are being sought by the industry and government officials. Texas, Louisiana, Arkansas and California are our leading rice-producing states.

Excessive Oil Imports
Independent oil producers and state officials from most of the producing states are urging Congress to place a limitation or quota on foreign oil imports. I have joined Senator Neely of West Virginia and 15 other senators on an amendment to the reciprocal trade act which would direct the President to restrict excessive imports of any commodity when it is found that the imports are damaging domestic industries essential to national defense and

security. The amendment would limit foreign oil imports to 10% of domestic consumption.

Excessive foreign oil imports are today's greatest threat to the independent producers and to all others in the industry who do not own and produce foreign oil. Texas has had to shut down its wells to as low as 15 days production per month, partially because of excessive imports. Continued restricted production at only half of capacity eventually will ruin the independent operators and throw thousands of Texans out of work, to say nothing of the serious loss in tax revenues.

Some foreign oil importers have restricted their imports voluntarily, but others have failed to do so. Under present circumstances, it appears that legislation restricting oil imports to a percentage of domestic production is the only solution. We now have such import restrictions on many agricultural products. The

President's Committee on Energy and Fuels has found that serious damage will be done to the national security if future imports are allowed to exceed the levels of 1954.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

We have several books of interest to a nounce. "Down On the Farm"—a Picture of Country Life in America in the Good Old Days—is a unique edition. The commentary is by Stewart Holbrook. This is a pictorial edition that will "recall the distant past tense to mind." It is a story you will truly enjoy. The book was given in memory of Mr. Harry Brumley by Mr. and Mrs. C. B. Morris.

"Spunky" the story of a Shetland pony is written by Berta and Elmer Hader. It is a small book of

only ninety pages, but a \$3.00 edition. The Hader books are always very charming stories that even adults enjoy. "The Dancing Pig" by Elizabeth Coatsworth and Grace Haul is a pioneer story where the pig was on board as the family journeyed down the Mississippi seeking richer lands for a new home.

We received another book dedicated to the memory of Mr. Brumley and given by Margaret Cushing. This book is just off the press, and entitled "House of the Rancher"—written by May Neatherline. It is exceptionally interesting and typical of ranch hospitality.

Mrs. Jim McMurtry gave "The Indians of the Southwest" by Ed-

ward Everett Dale. This traces the history of the Indians of the Southwest. While the story contains elements of dishonor, it reveals in realistic detail the problems of the government, the tenacity of the tribes, their resistance to white settlement, and the efforts they have made to retain their own culture and way of life. We have quite a few adult readers who will greatly enjoy these non fiction editions.

We received a \$1.00 donation and some small change donations this week. These funds can be readily put to use.

A Mulkey Theatre movie ticket is at the Leader office for Mrs. E. W. Bromley.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers
A VERY BUSY WEEK

My office is on the third floor of the New House Office Building. On this same floor, there are five major committee rooms— Interstate and Foreign Commerce, Interior and Insular Affairs, Agriculture, Public Works, and Banking and Currency. During the past week, I have attend-

ed meetings in all of these committee chambers except the Public Works Committee. The matters considered varied from a discussion of drought matters and dust storms in the Southwest to anthracite coal in Pennsylvania, to Hawaiian-Alaska statehood, navigational aids for aircraft (which is highly secret), federal control of natural gas, a reclamation project costing in excess of one billion dollars, a discussion with the Director of the Budget concerning the administration's position on the reclamation program, a bill authorizing the granting of permanent certificates to local service airlines now operating under temporary certificates, and a discussion as to whether or not a compilation of

facts, figures and conclusions by the administration amounts to a proposal, a policy, a suggestion, or merely a conglomeration of ideas intended for no particular purpose. This last discussion was with the Director of the Bureau of the Budget concerning a circular compiled by that bureau. The director was before the Interior and Insular Affairs Committee and was flanked by two of his top aides. At the beginning of the hearing, it became obvious that party politics was going to be injected. A former Republican Chairman of the Committee pointed out that the original circular was prepared by the Truman administration. The present Democratic Chairman of the

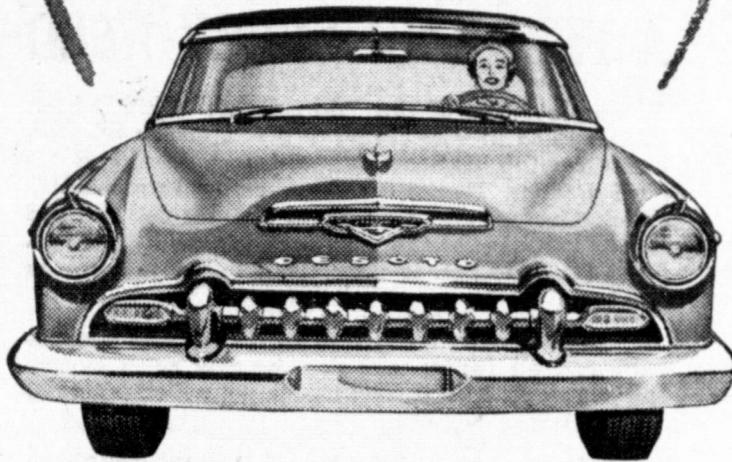

Committee immediately pointed out that the circular had been substantially revised by the present administration. The political aspects of the situation were kicked around for about 45 minutes before we finally got down to questioning Mr. Hughes, the Director. It turned out that they had wasted the 45 minutes concerning the politics, because I asked Mr. Hughes the point-blank question of whether or not any politics were involved and he answered "No". I then asked him if any politics were involved when the original circular was issued by the Truman administration. He declined to answer on the ground that he was not in the Bureau at that time. I was somewhat surprised, because he had not hesitated to give hearsay testimony on other matters. However, we quickly cleared the situation because his two aides had been with the Bureau for a number of years.

A hurried conference between the Director and his aides resulted in the testimony from the aides that there was no politics involved when the circular was originally issued. So, having been assured that neither the Truman administration nor the Eisenhower Administration had been interested in politics concerning this particular circular, the committee members proceeded to question the Director of the Budget. He testified that the circular, original and revised, did not represent the thinking of the administration, that it was not a proposal of the administration, and was not a declaration of policy. He testified that it was nothing more than a compilation of ideas, but was never able to tell me just whose ideas had been compiled. The result was that the committee found out that there was not only "no politics" involved in the circular, but according to the Director of the Budget, nothing else. As Shakespeare would put it, the Committee had spent the entire morning indulging in "Much Ado About Nothing." It found out that you can't

believe a thing you hear nor half of what you see. It brought to my mind the much told, but always appropriate, story about the man in Washington wearing the big button with the symbol "BAIK". A friend asked him what the letters stood for. He replied, "Boy, am I confused." The friend advised him that you did not spell confused with a "k". The wearer of the button said, "You don't know how confused I am."
Speaking of buttons, a novelty manufacturer has passed around a bunch of large yellow buttons with the word, "R e l a x", on them. I suggest a companion button with the following: "Don't you wish you could?"
IDOL CHATTER
COLUMBIA: — Cute Lu Ann Simms does a good job with a tailor-made song, "I Might Drop Around in Your Dreams". Reverse has "I Wanna Hug You, Kiss You, Squeeze You". "Tell it to Me Again" is a new song destined for big things and Don Cherry does well by it. "Clean Break" backs it. The latest disc for The Four Lads is "I've Been Thinking" with "Pledging My Love" on the flip side. Frankie Lane comes up with "The Tarrier Song," a traditional brought up to date for Frankie's particular talents. It's backed by "Bubbles."

AUSTIN—After prodding from the head coach, line coach and backfield, the Legislature got busy on both the put and the take phases of its money job. House and Senate committees reported the biggest biennial budget in history. The Senate

version calls for \$1.5 billion. The House bill ran slightly less.

In one day of debate, the House passed its bill, calling for \$212 million in two years from the general revenue fund, now currently in the red. It would require \$3,600,000 more than current spending, for general purposes, plus a proposed addition of \$27 million for highways.

Hearings by the revenue and taxation committee finally were held on Gov. Allan Shivers' tax recommendations — the Murphy 2-cent per gallon gasoline tax increase; and the Kirklind one-cent cigarette tax increase.

Although the current House is one of the "workingest" groups ever, Speaker Jim Lindsey, called on the members to work harder. He predicted that most of the urgent program — water, insurance laws, hospital, tax and spending — could be achieved. He estimated \$60 million new

taxes would be required. Governor Shivers renewed his urging for the gasoline tax hike, backed by the highway commission's estimate that Texas needs to spend \$2,200,000,000 on highways during the next 10 years. Rep. Jerry Sadler who said he was "authorized to speak for a majority of the House," told the revenue and taxation committee that the 2-cent gasoline tax hike won't pass.

Sadler prefers a one-cent per gallon gasoline and condensate processing tax. This, he contends, would bring in \$160 million a year and permit repeal of the present 4-cent gasoline sales tax. A processing tax would reach out-of-state as well as Texas buyers of gasoline.

Sadler also has proposed a \$3.30 per barrel hike in the tax on beer.

Heard by the oil, gas and mining committee was Rep. J. R. Walling's "anti-waste" bill to set minimum prices for natural gas. At present rates this bill would bring in an estimated \$20 million a year.

Under committee rules, the tax and gas-conservation bills automatically went to sub-committee for a week's study.

Veterans' Affairs

Veteran land deals and their investigation resulted in an ever-growing list of legal suits against Bascom Giles, former commissioner of the General Land Office.

Filed by Atty. Gen. John Ben Shepperd in 53rd District Court here was a civil suit against

Giles, seeking a lien on property purportedly owned by the former commissioner in Falls County.

Giles has been indicted by a Bexar County grand jury on a charge of accepting a bribe. He also faces a Travis County indictment accusing him of conspiring to take \$83,500 in veterans land program funds.

Issued by the Travis jury was a subpoena directing officials of the Capital National Bank of Austin, to produce Giles' bank records. Other civil suits for recovery were filed, making a total of over \$2 million that Shepperd is trying to recover for the state.

Shivers Testifies Again
Governor Shivers went back a second time to appear before the Senate investigation committee. This time under oath.

He said that neither he nor any of his aides brought "undue pres-

sure" on the veterans land board to expedite processing of applications for loans.

It is the policy of the governor's office, said Shivers, to refer questions about the program to the veterans land board.

Shivers testified further that he had never received any warning of any irregularities concerning the program, and that if he had, something would have been done about it.

Commending the investigators for their work, Shivers said, "There isn't anything as wholesome as bringing out the real facts and letting the public look at them."

Continuation in Doubt
Continuation of the Veterans' Land Program is in doubt. House investigators have recommended liquidation of the present set-up. Sen. George Moffett abandoned

"indefinitely" his plan to ask Texans to vote another \$100 million in veterans' land bonds. Only 15,000 of the 971,000 eligible veterans have applied for land today, under the eight-year-old veterans' land program. That is less than 1.6 per cent of those who are eligible.

We're Putting Our Best Cook Forward
Mrs. Abbie Andrews, a Senior Home Economist for Frigidaire Sales Corporation, will direct the demonstration. Mrs. Andrews, recognized as one of the outstanding economists in the Southwest, is well known for her practical approach to the problem of stretching the kitchen dollar and at the same time providing balanced, nourishing meals.
