HARRISON AND REEVES SHOW CHAMPION STEER & LAMB

Judging in the 20th annual Donley County Fat Stock Show was only partially completed at press time and only the winners in the steer and sheep divisions were available, with practically all the swine to be judged Wednesday afternoon. These results will be published next week.

Troy Harrison's light steer took the grand champion honors and Jim Waddell's heavy steer won reserve champion. Bill Reeves showed both the grand champion and reserve champion in the Lamb division.

Judging as to classes was as follows:

Heavy steers — Jim Waddell, Johnny Nash, Jim Waddell, Ted Shaller.

Light steers — Troy Harrison, Johnny Nash, V. C. Waddell.

Group of Three steers — Jim Waddell.

Fine wool sheep—Bill Reeves, John W. Stepp, L. B. Phelan, David Boliver.

Medium wool sheep — Bill Reeves 1st & 2nd; Blacky Johnson 3rd & 4th.

Mr. J. P. Smith of Pantex Farms of Amarillo was the judge for the show.

Only 678 Poll Tax Receipts Issued

According to Mrs. Hazel Guy, only 678 poll tax receipts had been issued thru Wednesday morning of this week. This means that the big rush will be on the next four days as the last day to pay your poll tax will be Monday, January 31st. Mrs. Guy stated that the tax office would remain open until midnight on the 31st to take care of the last minute rush.

This figure is approximately six hundred under what it should be for an off-year election. It was pointed out this week that in addition to the right to vote, the paying of your poll tax means more money for the schools as one dollar of the \$1.75 tax goes into the school fund.

If you are interested in your home community and its future, you should pay your poll tax and be ready to vote on anything that may come up. Remember Monday is the last day, so don't delay, go pay yours right now.

BAKE SALE TO BE HELD SATURDAY

Members of the senior H. D. Club will hold a Bake Sale Saturday, January 29, at Junior's Food Market. Foods will go on sale at 12 o'clock and continue thru the afternoon. Ladies are asked to have their cakes and pastries at the store by 10 A. M.

FATHER OF LOCAL MAN DIES AT ESTELLINE

Funeral services were held last Thursday afternoon in the Estelline Baptist Church for Benjamin Thomas Prewitt, 85, prominent Hall County farmer and rancher and father of Ben Tom Prewitt of this city.

Mr. Prewitt moved to Hall County in 1899 and had been a resident since that time. He served as county commissioner 18 years and was a charter member of the Estelline Masonic Lodge.

Mr. Prewitt is survived by two daughters, two sons, two sisters, five grandchildren and one great grandchild.

Burial was in the Estelline Cemetery.

Jr. High To Play Shamrock Here Tonight

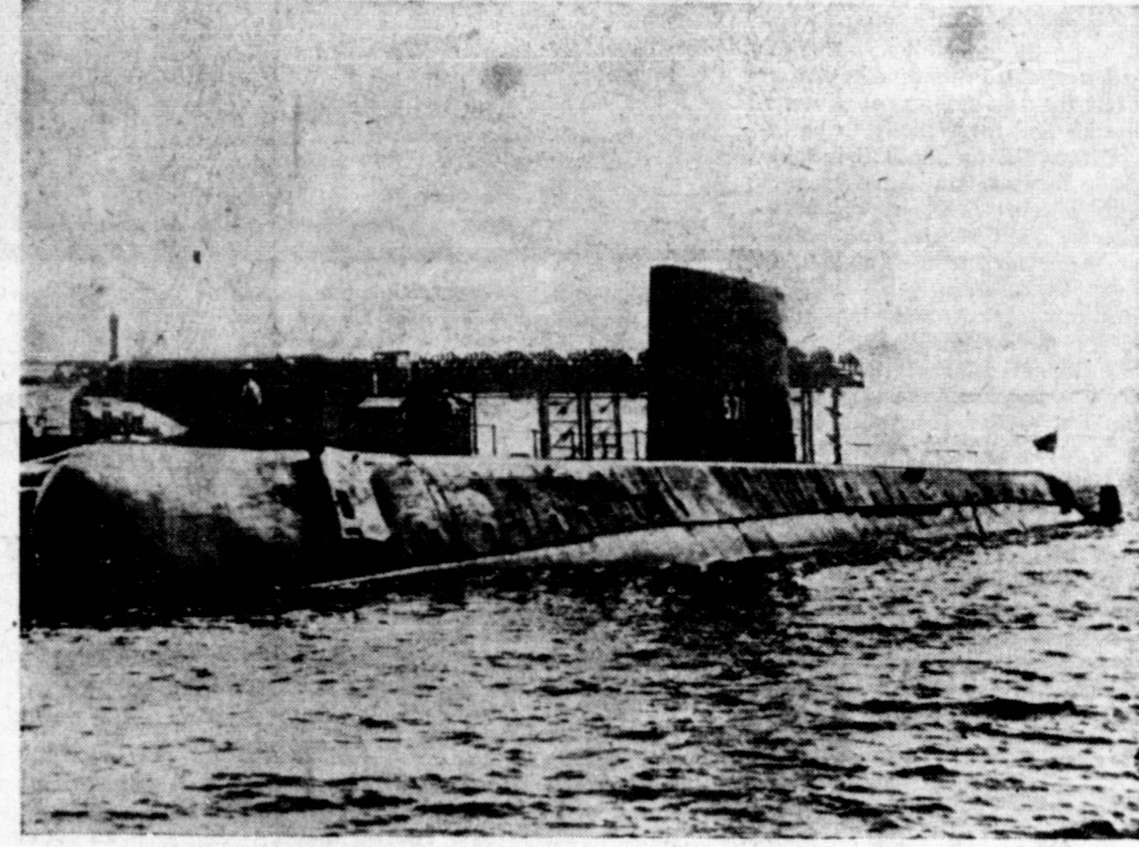

The Clarendon Jr. High boys and girls basketball teams will play the Shamrock Jr. High teams here tonight at the College gym at 6:30. Both local teams hold first place standing in the district and are undefeated. In their previous meeting, both teams won decisive victories over the Shamrock teams. This could prove to be a very good game as Shamrock is in second place in the district and will be doing their best to win. The Jr. High teams will appreciate your support, so plan to attend tonight if you can.

Childress Man Being Co-sponsored By Local Lions For Head Lion Post

The Clarendon Lions Club is co-sponsoring with the Childress Lions Club, W. T. (Dub) Nelson of Childress as a candidate for Governor of District 2T-1.

At present, Mr. Nelson is Deputy District Governor of 2T-1, and in 1952-53 served as zone chairman in Buff Morris' cabinet. He has over 10 years perfect attendance and has held every office in the Childress club except secretary-treasurer. He won the Lions achievement award in 1954 and was presented the Key of State (75 members) and now has about 90. He originated the present district queen's contest and has devoted much of his time to Lionism throughout the district.

Mr. Nelson enjoys a wide acquaintance here and will receive full support of the local club in his candidacy for Governor of District 2T-1.

High School Girls Lose To Memphis

The Clarendon Bronchoettes lost to the Memphis girls team January 18th, 51-59, in a close battle with the local girls never more than 10 points behind at any time of the game. The last time they played, Memphis won by 20 points.

Hariene Smith was high point girl with 30 points. Sue Talley was next with 17. Others scoring were Glenda Borden and Elizabeth Smith. Hickey was high for the Memphis team with 29, followed by Harrison with 20 points.

Other local girls playing a good game were Lugenia Hubbard, Carol Lane, Joyce Hall, Joyce Eddings and Lucy Richardson.

Local Business Firms Damaged By Fire

Two fires over the week end caused considerable damage to three business firms here, one occurring Saturday morning and the other shortly before midnight Sunday night.

A gasoline explosion in the wash & lubrication room at the rear of the Palmer Motor Co. Saturday morning caused smoke damage but overall damage was not extensive. An employee, Buster Campbell, received painful but not serious burns in the fire.

The fire causing the most damage occurred shortly before midnight Sunday at the Bill Allen Magnolia Service Station and the Dixie Cafe. Damage was estimated at around \$15,000 to both firms with the Dixie Cafe receiving the most damage.

This fire was believed to have started from faulty wiring in the ceiling of the building along the dividing wall between the storerooms of the service station and the Cafe. Firemen had the fire out in approximately two hours.

The safe store room and contents was a total loss, considerable damage was done to the kitchen and smoke and water damage was heavy throughout the remainder of the cafe. The heaviest damage, to the station was to the roof and store room.

F. J. Hommel, owner of the building, has released no definite plans at present but the building will be repaired or rebuilt. G. A. Lamberth, operator of the cafe, stated that he was rounding up everything to get back in business just as soon as possible.

Bill Allen, operator of the service station, stated that his wash & lubrication service was knocked out by the fire but that other services were going along as usual.

REV. L. R. GREEN

REVIVAL TO BEGIN JAN. 30 AT ASSEMBLY OF GOD CHURCH

Rev. T. E. Gibson, pastor of the Assembly of God Church here has announced a Revival to begin Sunday, January 30th with Rev. L. R. Green of McLean, Texas as the evangelist.

Services will be held at 7:15 each evening and Rev. Gibson is extending a cordial welcome to everyone to attend any or all services.

March of Dimes Drive Continues

According to Walter B. Knorpp, Donley County chairman of the March of Dimes drive, we are still quite a bit short of the expected goal in the local drive and he is urging everyone who hasn't already made their contribution to drop their money in one of the containers located in places of business or mail it to him at the Donley County State Bank.

Last week, the Clarendon High School Junior Class was picked to head the drive here in town as a member of their class, Johnny Satterwhite, was a victim of polio at the beginning of school this year. Members of the class made a house to house canvas of town last Thursday and Friday and handed Mr. Knorpp approximately \$300. We certainly appreciate the efforts of these young people and wish to thank them for a job well done along with those who contributed to this worthwhile cause.

We are continuing the drive so everyone will have an opportunity to contribute before it is concluded, Mr. Knorpp added.

MARCH OF DIMES DANCE AT GROOM SAT. NITE

The Groom American Legion Auxiliary has asked the Leader to announce that a big March of Dimes dance will be held at the Groom Legion Hall Saturday night, January 29th. Everyone is invited.

Last Reminder of School Census

Clarendon's school census ends February 1st, and Supt. H. W. Truitt this week urged that parents make sure that all children of school age are reported for the census.

All youngsters who will be 6 years old before September 1st should be on the census rolls, and parents are asked to call the schools and report these children if they have not done so.

FIRE DEPARTMENT OFFICERS ANNOUNCED

At a recent meeting of the Clarendon Fire Department, the following officers for 1955 were elected: Paul Schull, president; Carl Bennett, Chief; Lloyd McCord, Asst. Chief; Bill Gerner, secretary-treasurer; Noel Cudd, hose captain No. 1, and Mutt Graham, hose captain No. 2.

Donley Added To Drought Disaster Area

The Leader received a telegram from Congressman Walter Rogers Tuesday night stating that Donley County had been designated by the Department of Agriculture as a part of the Drought Disaster area.

As we understand it, approvals will be made through the local F.H.A. office and certificates, after approval, will be issued by the local ASC office.

Sophomore Class To Sponsor Talent Show

At a meeting of the Sophomore Class Monday morning, it was decided to sponsor a talent show to raise money for the class, the date of which will be announced within the near future. The publicity committee named to publicize the show is as follows: Catherine Dingler, Elizabeth Smith, Jimmy Carter and Lloyd Risley as chairman; the entry committee: Nedra Hodge, Glenda Borden, Jimmy Phille and John Payne as chairman.

PHILLIPS ATTENDS RED CROSS MEETING IN DALLAS

Billy R. Phillips attended a meeting of the 1955 Chapter Leaders Conference of the American Red Cross in Dallas Wednesday. Mr. Phillips is the 1955 fund raising chairman of the Red Cross in Donley County which begins in March.

BASKETBALL TREAT LOOMS FOR FRIDAY AFTERNOON & NIGHT

Series of Farm Bureau Meetings

Lee Shaller, secretary of the Donley County Farm Bureau, has announced meetings to be held at various localities over the county within the next few days at which time the Blue Cross and Blue Shield Insurance plan will be explained along with Social Security.

Residents living in the areas where these meetings will be held are invited to attend these meetings and ask any questions you have in mind, Shaller stated.

The first meeting of the series was held at Ashtola last night. The next will be held at the court house here in Clarendon at 7:30 p. m., January 28th; at Hedley at the Lions Club Hall, January 31st at 7:30 p. m. and at the Lelia Lake School House on February 3rd at 7 p. m. Austin Crowmover of Waco, representing Southern Farm Bureau Insurance Company and Bill Patterson Farm Bureau Fieldman, will be at this meeting, Shaller added.

For those of you who are ardent basketball fans, and also for the many that should be, Friday afternoon and night will be your opportunity to really enjoy a feast of the sport as four games will be played by separate teams beginning at 4 o'clock in the afternoon.

The high school girls will host the McLean girls team in the first game at 4 o'clock; the boys teams from McLean and Clarendon will follow immediately after the girls game.

Next on the docket, and one of the highlight games of the evening, will be the game between the Clarendon College girls and the Texarkana College girls from Texarkana, beginning at 7:30. For those of you who haven't witnessed our college girls in a game, you are really missing something. Some of the best players of the state are members of the local team and three new players from Cisco have joined the team since mid-term. If you like sports of any kind, you surely will enjoy watching these girls play.

Lions Sponsoring Game Night Next Tuesday Eve

The local Lions Club is sponsoring a game night at Lions Club Hall next Tuesday evening at 7:30. Games of 42, Canasta and Wahoo will be played and door prizes will be offered. The game night is open to the public and the charge will be \$1.49 per couple. Members of the Lions Club will be charged only 49 cents for their guest as the noon luncheon will not be held and the price of their meal will be applied on the admission. The proceeds from the game night will be used to finance Clarendon's Queen entry at the District convention which will be held April 24th. The public is invited and urged to come out and enjoy this night of fun and fellowship. Coffee and donuts will be served.

Supt. H. W. Truitt is chairman of the queen contest committee and he reported that announcements regarding the local queen contest would be announced within the near future.

Next on the docket, and one of the highlight games of the evening, will be the game between the Clarendon College girls and the Texarkana College girls from Texarkana, beginning at 7:30. For those of you who haven't witnessed our college girls in a game, you are really missing something. Some of the best players of the state are members of the local team and three new players from Cisco have joined the team since mid-term. If you like sports of any kind, you surely will enjoy watching these girls play.

The ability of the College girls team is pretty well verified by the fact that they have received an invitation and will take part in the National AAU Tournament in Kansas City. Next Monday night they will play a March of Dimes benefit game in Dallas with their opponent being Flying Queens of Plainview.

The dessert game on the menu will follow 30 minutes after the college girls game which will be around 9 o'clock. This will be the game between the College Bulldogs and Odessa which will be a conference affair. The Bulldogs are showing more promise and will be in there doing their best to rack up another conference win.

Plan now to see these games and let the college teams know you are behind them. They like to know their efforts are appreciated and they have more incentive to play just a little harder when the gym is filled with supporters.

REBEKAH POT LUCK SUPPER TUES. NITE

The Rebekah Lodge will hold another Pot Luck supper next Tuesday evening at the Odd Fellows lodge hall at 6:30. This will be open to the public at 50c per person.

THE 1955 MARCH OF DIMES nears a climax in Texas this week, and Maj. Gen. K. L. Berry, Texas state campaign chairman, is visited by one of the beneficiaries of the great humanitarian fight against polio. The lad is 4-year-old Bobby Grimes of Austin, who has recovered from a severe attack of polio, through the help of the March of Dimes, and now wears only a brace on his right leg. The drive will continue through Jan. 31.

Introduction To Income Tax Articles To Appear In Leader

Beginning with January 1st of this year, we enter another income tax filing season. It has been the policy of this paper to render all services possible, whenever needed, to the citizens of our community. In keeping with this policy, as has been done in the past, we are going to publish a series of articles, which, when used with the instructions forwarded with your blank income tax form, will assist you in filing your 1954 income tax return.

There have been many changes made in the 1954 law that are a distinct benefit to the individual taxpayers. You will not be in a

position to obtain many of the benefits you may be entitled to unless you make a careful study of the booklet which was mailed to you with your blank income tax form. You will find it both interesting and profitable to study these instructions. Most taxpayers will be able to answer all of their tax questions from the information contained in this booklet and the articles we will publish. However, if you do not find all the answers to your particular problems, you may write for the 25c book published by the U. S. Government Printing Office, entitled "Your Income Tax for 1954." Simply send your 25c to the U. S. Government Printing Office, Washington, D. C., and they will mail it to you. Be sure your name and address is complete and readable. It would be better if print-

ed. Your Internal Revenue Service is making every effort possible to place complete information in your hands in order that you may file your 1954 return promptly and accurately. This is being done in cooperation with your local paper, Radio Stations, and over a number of Television Stations.

Under the old law you were required to file your return by March 15, unless you filed on a fiscal year basis. Under the new law, you now have until April 15 to file. Let's not wait that additional month to get our returns filed. Why forget that tax headache until around April 1 or just before the deadline. Usually when a job of this kind is put off until the last minute, it is much harder and more likely to be inaccurate. Errors will inevitably creep in when you leave yourself only a short time in which to prepare your return and cause more headaches in straightening them out later.

Another good and important reason for not postponing the filing of your return is that if you are due a refund, the earlier you file the earlier you will receive your check. 650,000 taxpayers in the Dallas District received tax refunds last year. Because of the many beneficial changes in the new law, it is expected that even a greater number will receive refunds this year. The returns are processed in the order in which they are received. In other words, it is "first come, first served." So let us all start getting together our necessary records and start

watching for the articles as they appear in this paper. If we do this, it will not be such a chore and headache.

America's Traffic Tangle Described As "Masterpiece of Misunderstanding"

LOUISVILLE, Ky.—America's traffic tangle, which costs the nation thousands of dead, millions of maimed and billions of property damage, was described today as a "masterpiece of misunderstanding" by Paul H. Blaisdell, traffic safety director of the Association of Casualty and Surety Companies. Speaking at a meeting here of the Kentucky Petroleum Marketers Association, Mr. Blaisdell blamed the driving public, public officials, traffic administrators, automotive manufacturers and petroleum processors for a four-pointed misunderstanding of the traffic problem which "leads to daily highway disaster." "First," Mr. Blaisdell declared "the nation is wrong in its belief in the infallibility of technology. It is not surprising that we, as a people, are certain that technology can solve all of our problems. We have built a way of life on our mechanized ability and the labor-saving efficiency of the machine. It's easy to expect the same application of science to rid us of the menace of highway traffic, because it relieves us of all personal responsibility. Our most popular answer to the problem is that if we built enough good roads and enough good vehicles for those roads, our traffic woes would be over. So our technology has produced the 'superhighway'

and the automotive industry has inaugurated the 'horsepower sweepstakes.' "But into this technological paradise we inject the same old human being with the same old reactions, vision defects, emotional disturbances and intellectual capacity which were his when the first Macadam surface, two-wheel brakes and gas headlights represented the acme of our highway and automotive progress. We have built a superman complex into the modern driver, while God has yet to turn out a new model with a turbo-jet brain, corneal-powered eyesight or a superpergashiating nervous system. Through our own misunderstanding of our human weaknesses, the technology which could give us better highways and traffic has built us a booby trap." Mr. Blaisdell listed "an exaggerated sense of fair play" as the second element of misunderstanding leading to traffic trouble. "Many years ago," he said, "we created a police power to maintain the peace and dignity of the state. Then we started to handicap that police power with technical fetters which tended to give all the breaks to any alleged violator. No right thinking citizen of the United States could believe in an uncurbed police power, but it's ludicrous to complain about the traffic law violator while refusing to give the police the machinery of enforcement!" "All any driver needs to do to avoid entanglement with the law," the traffic expert continu-

ed, "is to live by the rules. When the rules of good driving are violated, the culprit is already outside any known pattern of fair play. Why must the police be greater perfectionists in their assigned task of public protection?" Mr. Blaisdell listed chemical tests for driver intoxication, radar speed control devices and driver license revocation among strong enforcement tools against which the false sense of fair play has been leveled. He called upon the courts to accept evidence gathered by the tests or by radar and to resort frequently to license revocation as a means of violation control.

Third element of traffic misunderstanding listed by the speaker was what he called "statistical stupefaction." He pointed to confusion which arises in the mind of the average person when he hears, on the one hand, that total numbers of persons killed or injured on the highways are growing every year and on the other hand, that the traffic death rate is getting lower. Mr. Blaisdell's fourth factor, "the supreme egotism of the individual," leads, he said, to the false belief that freedom to drive a car should be left to the other guy. "Hospital beds are filled with the victims and morgues piled high with the bodies of those whose highway egomania proved to be too thin a thread to sustain life. When the moment arrives that individuals accept the responsibility for their own performance as highway users, safety on the roads will be a reality instead of an objective."

In 1955, the American Junior Red Cross will send 100,000 gift boxes and 200 cases of school supplies to South Vietnam in Indo-China as part of the relief operation for refugees in that area.

Did you know, "It takes thirty four muscles to frown and only eighteen to smile. Wonder why we have more frowns in this old world than smiles."

If we should ask six people for their opinion as to about the worst trouble one could have we would probably get just about six different answers.

The man with poor health

would shout loud and long that his was the worst that could possibly happen to anyone. Then, those of us with a flat bank account would surely feel like this would cramp anyone's style.

The old boy that was in love with some pretty bit of femininity that didn't love him would sit around and moan and groan that this alone must be the most awful.

So I guess it just proves that we all are convinced that each of us in our own way are about the worst off of anyone, but still I'll bet if we could lay our own troubles down and take up the other fellow's for a few days we would be good and ready to trade back. Anyway, as for me I had just rather keep my old flat bank account and go on being thankful for those other things.

When a man sings his own praises he nearly always gets the tune too high.

We Sho' is Bug-ey. It is estimated that the weight of all the insects on the earth is greater than the weight of all the land animals. Not only that but these same estimators claim that on some one acre plots of land there are a sum total of over two million insects. It is supposed to take \$250 millions dollars worth of cotton, \$85 million bucks worth of corn, \$250 millions dollars of our clothing just to make up a part of their diet each year.

My brother-in-law would say: "The cooing usually stops when the wedding is over but the billing goes on forever."

The following is our Scrap Book suggestion; My heart rejoices in God's will, 'Tis ever best—I do not doubt; He may not give me what I ask, But he gives me grace to do without.

I blindly ask for what I crave, With haughty heart and will so stout; He oft denies me what I seek, But gives me grace to do without.

He makes me love the way He leads, And every fear is put to rout; But with my fondest wish denied, He gives me grace to do without.

O blessed hallowed will of God, To it I bow with heart devout; I will abide in all God's will, His way is best, I do not doubt; He may not give me what I ask, But he gives me grace to do without.

Film Ferreter

A tiny platinum wire, only one-thirtieth as thick as a human hair, is helping to solve a mystery. The mystery is why certain metal surfaces on wires and contacts fail at times to conduct electricity even though they are physically joined.

General Electric Research Laboratory scientists use the wire to ferret out films on highly buffed and machined surfaces. The wire is formed into a loop and compressed against the surface. The exerted pressure, measured with a micrometer, suggests the type of film present and its electrical strength. The wire can detect fingerprints and other films built up by oxidation or tarnishing.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

The books ready for our readers are "Tarzan Lord of the Jungle," "Tom Swift and His Jet Marine" by Vic Appleton II—nice to have these sons take up where father leaves off. "The Haunted Road" is a Judy Bolton series, and "Mystery at the Crossroads" is a Carolyn Keene series. "The Crisscross Shadow," "The Yellow Feather Mystery," "The Hardy Boys' series," "The Lone Ranger and the Code of the West," "The Lone Ranger and the Bitter Spring Fued" are by Fran Striker. For the little people is a new Bobsey Twin—"Big Bear Pond." A girls' book is "The Brown Satchel Mystery," and another is "Cherry Ames Rest Home Nurse." Only two more books for

boys, "Freshman Quarterback" by Clair Bee, and last "The Black Stallion's Sulky Colt" by Walter Falter.

I shall not list our "Thirteen" new "crime" books of the month, but they are written by our most popular writers of that type of novel.

The February issue of "Household" has some articles worth your reading time—"Your Kids are too much for me!" This is written by Ellen Bird a veteran grade-school teacher. "I'll teach Johnny the 3 R's if you just teach him how to behave." The other article is written by Miriam Zeller Gross, and is entitled, "Fellow Suffers, Unite."

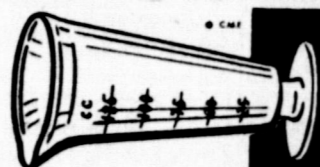

Our magazine shelf is viting looking again. We received 2 copies of "National Geographic" and one of "The can Home." These were subscriptions to the Lib year.

The 1926 Book Club Library a donation of \$8 past week. The patrons quite happy over this donation.

There's a new zip to Dynaflow* — and better gas mileage to boot!

This is something you really ought to try. Even though you may be familiar with earlier versions of Dynaflow Drive—either from personal experience or from hearsay—you owe it to yourself to press the pedal of a 1955 Buick with Variable Pitch Dynaflow. Just as simple as ever to operate—easier, in fact, with the new positioning of the lever. Just as smooth as ever, with nary a lag, halt or hesitation throughout the speed range. But brother!—hang on to your hat

when you call suddenly for action! Because that's what you get, *instantly*. Because twenty power blades inside the very heart of this wondrous automatic transmission switch their pitch for getaway performance—much like the airplane's propeller is angled for take-off. It's as simple as that—but far more thrilling than words can tell. And it's a big boon to your gasoline

money, too. For, just as the plane's propeller changes pitch aloft for greater fuel efficiency in cruising, so the Dynaflow "propellers" change pitch to deliver a lot more miles per gallon in normal driving and cruising. Come in and try it—this week. You'll find it harnessed to the highest V8 horsepower in Buick history—and housed in the bold new styling that says Buick and nothing but.

BRIDE HONORED WITH COURTESY

A lovely courtesy was given Saturday afternoon from 3 to 5 o'clock in the home of Mrs. Frank Hommel honoring Mrs. Floyd Henson.

In the receiving line were Mrs. Gracie Henson, Mrs. Frank Hommel, and Mrs. Floyd Henson. Guests were registered by Miss Geraldine Hommel.

Centering the refreshment table was an arrangement of baby iris with greenery entwining a China figurine of cupid, and a large heart of white meline edged in silver sparkle glass tied with companion ribbon. Mrs. Redell Henson presided at the silver service pouring coffee the first hour, while Mrs. Francis Hill served the white cake iced in the brides chosen colors of blue and white. The next hour Mrs. Syble Hafer and Mrs. Chauncey Hommel presided at the refreshment table.

Recordings of appropriate background organ music were furnished throughout the afternoon. The many useful and beautiful bridal gifts were on display in the spacious living room.

Hostesses for the shower were Mrs. J. R. Spier, Mrs. John White, Mrs. J. R. Brandon, Mrs. Bob Head, Mrs. Frank Hommel and Mrs. Chauncey Hommel.

Approximately 35 guests attended and many more sent gifts.

CLARENDON REBEKAH LODGE NO. 149

Clarendon Rebekah Lodge No. 149 met in regular session on January 18.

During the business session which was conducted by the Noble Grand, the Charter was draped in memory of Sister Jessie Ross who passed away recently. She was a member of an Amarillo lodge and Past President of the Rebekah Assembly of Texas.

Sister Wilma Spier was installed as the new Outside Guardian and sister Nora Smith as the new Chaplain for the new term.

There were 16 members present and 20 sick calls were reported as having been made the past week. Reporter

H. D. CLUB

The senior H. D. Club met Friday afternoon, January 21, in the home of Mrs. G. A. Anderson. Mrs. N. L. Jones was co-hostess. Club Collect was read by Mrs. Bertha Benson. A short business session was held following roll call. Plans for the new club year were discussed.

Sandwiches, caramel cake, pickles, and spiced tea were served to Mesdames Clyde Butler, O. C. Watson, Wm. Payne, Bertha Benson, M. C. Rappy, Ella McDowell, G. L. Green, Lena Antrobus, R. C. Bingham, W. L. Jordan, and Tom Crabtree by the hostesses Mrs. G. A. Anderson and Mrs. N. L. Jones. Reporter

Mr. and Mrs. Joe Spann announce the arrival of a daughter at Stewart Clinic Tuesday morning. She weighed 7 lbs., 7 oz., and was named Carla Jo.

Out of town guests to spend the week end in the home of Mr. and Mrs. R. E. (Bob) Baird were Mr. and Mrs. Mike Baird of Greeley, Colo., Mr. and Mrs. John D. Baird and family of Silverton, Mrs. Erma Piercy and Mrs. J. R. Nall, Turkey, Mrs. Marie Lyles, Quitaque and Mrs. Geneva Potts, Crowell, Texas.

SIMS P. T. A.

The Sims P.T.A. held their regular meeting in the Junior High School Auditorium on Thursday, January 20, 1955.

The Sixth Grade students started off the program with two songs and pantomimes also a play. These students had worked hard to make this an entertaining time for the P.T.A.

The business meeting was opened by the President, Mrs. T. M. Caldwell. The minutes were read and reports from the Committees were given. A motion was then brought before the body to take the money made from the Carnival and set it aside to be used on the new school if and when. This money is to be used in any way the P.T.A. should see fit to do so. The motion was seconded and the vote carried. The business was completed and the meeting was turned over to Mrs. Dorothy White, the Speech Teacher for the College and High School. She had a panel of eight students of both High School and College with the topic "Youths Part in Defending Our Democracy through Home and Community." The students on this panel were as follows:

Allen Homer Estlack—Through Trust in God.

Jackie Estlack—How the Government Plans to aid the Student.

George Thompson—Defend the Government through Preparedness and Civil Defense.

Walter Knorpp—Co-Ordinator. Bill Porter—Co-Ordinator. Lugenia Hubbard—The School Aids the Students in Defending Democracy.

Glenn Wallace — Making Democracy Work.

Pat Knox—Defense of Democracy through the Home.

The Panel then asked for questions to be answered by them and an interesting session was held.

We want these students to know that we really thank them for the time that they must have put into this program and we thank Mrs. White for taking the time to help them and to bring us a program to show us in a little way what the children in the higher grades are doing. We say thanks again and we enjoyed it so much. Reporter

CLARENDON vs PANHANDLE QUIZDOWN PROGRAM

Those of you who had your radio or TV turned on Sunday shortly after noon had the pleasure of hearing some of the young people of Clarendon as they appeared on the weekly Quizdown program over Radio Station KGNC-TV. The other contestants on the program were representatives from Panhandle.

The Panhandle team came out winner with a score of 775 points and received a Motorola radio. The Clarendon team with a score of 650 points was awarded a Rand McNally World Atlas.

The Clarendon team was composed of Billie Hutton and Dwight McAnear, fourth grade; Herman Vinson and Robert Rhode, fifth grade; Vickie Barker and Gatha Arrington, sixth grade; with Marie Blackburn, fourth; Judy Benson, fifth; and Bob Hutton, sixth serving as alternates.

We are proud of these youngsters and the opportunities that are available to them today.

Weeding Out Accidents

Texas Dept. of Agriculture

Ever stop to think how much time a farmer spends in weeding operations?

It's not just a question of getting rid of unwanted plant growths in the fields. It also involves weeding out inefficient farm methods, cutting down high production costs and eliminating unprofitable crops and livestock.

Right now, during the winter "slack season", another weeding job is in order. It is time to weed out accident hazards in the barnyard.

Many a farm barn is just one big Pandora's box full of accidents waiting to happen. When winter stops field work and the farmer spends most of his time attending to chores in the barn, these accidents begin to multiply. The newspapers report them every day.

The first job is to find these accident hazards. Some of them may have remained unnoticed for years. If so, then some housecleaning is necessary.

If alleyways or work areas are obstructed with feed, stools, carts or other obstacles, locate a safe place for them. A "barked" shin is painful, but misplaced implements can lead to more serious accidents. A storage rack should be constructed for pitchforks, scrapers and other barn cleaning tools.

Loft doors, feed chutes, ladders and stairways can be real booby traps for the unwary. Ladders or stairwells should never be used as hay chutes. A well constructed, clean stairway with strong handrails provide the safest and easiest passage to hay mows. When it is necessary to use a ladder, see that it extends well above the loft floor and that it is kept in good condition.

Another good rule is "never work in the dark". Fumbling around in dimly lighted work areas is really asking for trouble. Good lights properly placed not only help prevent accidents but also speed up the work.

Finally, observe a "no smoking" rule around the barn. And always be on guard for fires.

Mr. and Mrs. Sid Stewart and family visited in the Jesse Meacham home in Turkey and the Jack Home home at Parnell Tuesday evening.

Mrs. J. C. Estlack and Mrs. Edith Longan visited the family of their brother, Charley Corder, in Amarillo Saturday.

Pays Tribute To "Great Heart of West Texas"

AUSTIN — Mrs. Mary Alice Coombs, director of volunteer patient services in state-operated hospitals, today paid tribute to "the great heart of West Texas" in providing a memorable Christmas for patients of McKnight sanatorium near San Angelo.

Mrs. Coombs said a detailed report from the TB hospital listed 95 organizations and individuals contributing 4,150 gifts which patients received and shared with their families.

In addition, Mrs. Coombs said, a radio and television appeal sponsored by the Marine Corps Reserve at San Angelo brought 24 TV sets for use on the hospital wards.

She paid particular tribute to volunteer workers who established a "patient's gift shop" which allowed the patients to select gifts to send home to children, husbands and wives. This was

the first such gift shop in the history of the state hospitals, she said, and "the gratitude of those sick people at being able to share in Christmas at home, just can't be described."

Mr. and Mrs. J. L. McMurtry left Monday morning to spend several months at Tucson, Ariz.

Mr. and Mrs. E. A. Tipton and family spent last week end in Lockney where they visited with Mr. and Mrs. Mike Mooney and family. Stella Ann visited with Nelda Tims.

Mrs. Bettie Leisberg returned home last Friday from Tucumcari where she had been visiting her daughter, Mr. and Mrs. Houston Ballew the past month. They returned home with her for a short visit.

Mr. and Mrs. Calvin Naylor, Mike and Stanley of Amarillo visited thru the week end with their parents, Mr. and Mrs. Carl Naylor, and Mrs. A. L. Whitsell.

VISITORS IN HOME

Guests in the home of Mr. and Mrs. R. C. Hill and Billy Sunday afternoon were Mr. and Mrs. D. L. Conner of Amarillo; Mr. and Mrs. L. C. Robinson of Panhandle; and Mrs. Bill Robinson of Long Beach, Calif.

Mrs. Bill Robinson visited thru Sunday night in the Hill home. She is a sister-in-law of Mrs. Hill and came to Amarillo to attend funeral services for her nephew, B. W. Wood.

Mrs. Harley Longan and children visited Saturday with her brother and family in Canyon.

Mr. and Mrs. Geo. Schollenbarger attended the Dry Cleaners convention in Oklahoma City Friday thru Sunday.

Mr. and Mrs. Forest Helton of Amarillo spent Sunday in the J. H. Helton home.

SUBMARINE PREMIER... Wearing goggles and aqua lung, screen star Jane Russell attends premier of movie "Underwater," viewed by guests seated 20 feet beneath surface at Silver Springs, Florida.

WELL, King Arthur (Godfrey) has done it again... Fire people for personal reasons, we mean... Apparently he's made enough money so that he simply does not care whether he puts on a good show or not... There are many important television stars who are not even on speaking terms with their producers and/or directors, but the association is continued for the good of the program... It is the only sensible thing to do when the combination spells success... Oddly enough, Godfrey and his producer got along very well until the man had the audacity to act human and ask a member of the cast to marry him and what's more honorable than marriage, pray? Why he continues to take these romances as personal insults is beyond us... He acts like a soured old bachelor who begrudges happiness to others... If it's true that his illness causes this irritability, then he should retire on his laurels and just forget the whole thing... Frank Sinatra, who made the news lately as Gloria Vanderbilt's first escort following her separation from Leopold Stokowski, is planning a two-week concert-trip to Australia and will take his daughter, Nancy, now 14, with him.

PLATTER CHATTER CAPITOL—Connie Russell does a nice job with "Green Fire" from the movie of the same title... Flip side has a number called "Snow Dreams"... That old traditional, "When the Saints Go Marching In" is given a new rendition by The Jordanales and they do right by it... "All the Way" backs it... Les Paul and Mary Ford have a honey "Song in Blue" and on the reverse Les revives "Someday Sweetheart"... Typically fine Paul-Ford disc... Still on Capitol, Frank Sinatra and Ray Anthony combine talents on "Melody of Love" backed by "I'm Gonna Live Till I Die"...

FARM NEWS

from the County ASC Committee

1955 ACP:

Another 1955 ACP practice has been added to the handbook for Donley County. The additional practice is "SEEDING RYE TO ESTABLISH A COVER FOR THE CONTROL OF WIND EROSION." The specifications for the practice are as follows: This practice is applicable only to cropland which is susceptible to serious wind erosion. None of the growth may be harvested for hay or seed. Volunteer stands will not qualify.

No grazing will be allowed on rye seeded under this practice

prior to February 1, 1954. Grazing after that date will be permitted provided a good cover is maintained through the blow season or until the land is prepared for the spring crop.

Rye should be seeded at the rate of 60 pounds per acre, and must be seeded at not less than 48 pounds per acre. Maximum Federal Cost-Share: \$2.00 per acre.

1954 GRAIN CROP LOANS:

This is to remind Donley County producers that January 31, 1955 is the final date for making either Wheat or Grain Sorghum Loans on the 1954 grain crops. The maturity date for both of the above mentioned commodity loans is March 31, 1955.

"NEW FARM" COTTON ALLOTMENTS:

If a producer has not planted

cotton on his farm for the past three years, 1952, 1953, and 1954, the farm does not have any history and an allotment can not be established. If the producer wants to request that an allotment be given to his farm, he must come to this office before February 25, 1955 and make an application for a "New Growers Cotton Allotment."

Remember, the final date for making such an application is February 25, 1955.

THE LION'S TALE

By Carl Allmond

If there is such a thing as a red letter day, Tuesday was that day. The Clarendon Lion's Club was organized Oct. 17, 1922, with 27 charter members (according to the alert Judge Porter who unhesitatingly gave this information). So we have come a long way; Tuesday, thirty new members were inducted.

January is our International Membership Month, and if this record of thirty new members for any one month has been excelled, we fail to know it.

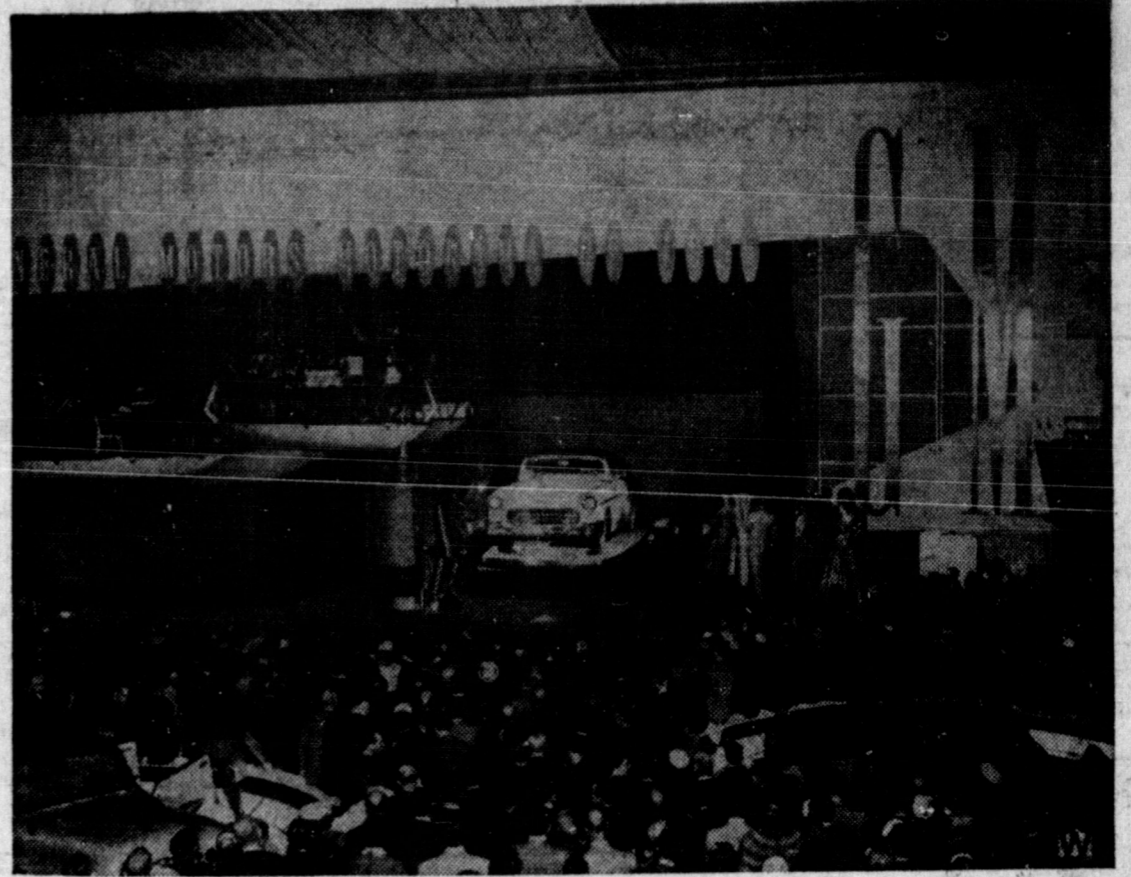

Dub Nelson of Childress was up to induct these new members. His remarks were concise and timely, regarding opportunities afforded a Lion in serving his community.

Due to McCully's justifiable excitement, he is able to furnish us the names of 27 out of the 30 members who came into the club this month. As soon as he returns to normal, we will inform the public as to whom the other three are. His list included the following:

Chester Vaughn, E. J. Chennault, W. M. Pickering, J. C. Dickey, J. N. Weaver, P. C. Messer, Bill Allen, Walter Alexander, Jake Lamberth, Clyde I. Price, Homer Thomas, Maurice Risley, Carl Naylor, Joe Goldston, Pat Slavin, S. A. (Jack) Eddings, Tommy Heatherly, Edd Mooring, Billy Jack Land, Ben Tom Prewitt, Oscar Thomas, V. W. Carpenter, Ray Moore, Joe Spann, L. L. Wallace, Billy R. Phillips, F. A. Fitzgerald.

The greatest satisfaction we received from this pace-setting meeting was observing the un-

GM'S BIG SHOW MAKES DEBUT

GM OPENS 1955 MOTORAMA—New cars are introduced to the accompaniment of a Broadway musical revue in the General Motors Motorama of 1955, shown here as it made its nationwide debut in New York's Waldorf-Astoria Hotel January 19. A specially-designed stage provides "flying turntables" for the 1955 GM cars and an elevated platform for a 26-piece orchestra—as well as a 900-square-foot pool of water and other features. The Motorama, which also highlights experimental dream cars, a "Kitchen of Tomorrow," a fashion show, and other attractions, will move from New York to Miami, Los Angeles, San Francisco, and Boston.

selfish pride shown on the faces

of our four charter members, J. R. Porter, H. T. Burton, Odos Caraway, and J. R. Bartlett. The expression on their faces—emphatically the knowledge of a job well done, and that the club was progressing, regardless of the fact, that they were more or less sitting on the side lines. To use a trite remark, "There's life in

the ole boys yet."

For the benefit of all new members and guests (prospective members), we offer this information. All our meals are good, but baked chicken and trimmings are "tops" to us, and to you, we believe—so thank you Mrs. Anderson and crew for giving that finishing touch to a wonderful meeting.

Guests were: Herbert Peoples of Amarillo, W. J. Hembree and Dub Nelson of Childress, T. W. Goar and Bert Wells of Clarendon.

As a final thought, let us remind you of the fact that there will be a Lion's Community Game night next Tuesday, instead of our usual luncheon. Everyone cordially invited!

CLARENDON, TEXAS

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

COMMITTEE ASSIGNMENTS

Committee assignments in Congress usually take up the first week or ten days. The reason is that the two political parties, the Republicans and the Democrats, assign their own members to the several committees. There are al-

ways a number of new members for whom room must be made on the committees. Seniority has quite a bit to do with a choice of committee, but is not always the determining factor in the final assignment. There are rules and regulations governing the membership on committees so that all of the members from one state will not end up on one committee while all of the members from another state end up on another. The end sought is to see that the people as a whole in this country are adequately represented on all

of the committees. There has always been talk about one committee being more important or less important than another. Frankly, I do not subscribe to this school of thought because I have found that the matters handled by each of the committees are of about equal importance to the people in this country. These matters require a complete and searching analysis by the committee members. Therefore, the opportunity to render splendid service is available to the member regardless of the committee to which he is assigned. A member is usually governed in his request for committee by the relationship of the committee work to his particular district, and of course the question of whether or not there is a place available on the committee. I was very fortunate in my assignments to the Committee on Interstate and Foreign Commerce and also the Committee on Interior and Insular Affairs. I will be Chairman of the Subcommittee on Mines and Mining and will hold membership on several other

subcommittees that have a direct bearing on the agriculture and other segments of the economy of the 18th District. The subcommittee of the Interstate and Foreign Commerce Committee have not yet been designated, but the committee as such will have jurisdiction of legislation daily affecting the lives of every individual in the Panhandle, regardless of the particular work in which he or she may be engaged. The assignment to this committee was welcomed by me also because it will afford me an opportunity of continuing and expanding the fight against federal control of our lives and for the slowing down of the trend toward centralization of government.

FEDERAL CONTROL

An inventory of the events of recent months will disclose that this country is drawing nearer and nearer to a centralized government and a federal control. In fact, it is my frank opinion that we are today nearer a centralized government than we have ever been in the history of this nation; that there has been no slowing

down of the trend toward centralization, but, on the contrary, there has been a speeding up thereof. The laws and rules by which we are governed are supposed to find their source in the Congress and in courts. As I pointed out in a previous newsletter, much of this has been changed because of certain powers vested in bureaus and boards in the executive branch of the government. The directives of these boards and bureaus have always been toward centralization, but the alarming thing is that the proposals for additional legislation are pointed toward centralization, and the decisions of our high courts are opening the door for such proposals to become law and to become constitutional.

If this trend continues, it will only be a short time before the states will be wholly void of any rights except to try law violators and send them to the state penitentiary. The reason that the states will be left with this right is because the federal government does not want to assume

that board bill.

It would be very easy for us to get rid of this problem if we followed the philosophy of a telephone man who was working in my office recently. He was holding a big wire that was made up of a great many smaller wires. All of the small wires were a different color. I casually remarked to the man, "What would you do if all of those small wires were the same color?" He replied, "I would quit and go home." That philosophy would get rid of the

problem, but it certainly wouldn't solve it. None of us can quit in the battle for the preservation of the dignity and the rights of the individual.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN—Cigarettes and gasoline are to be the prime tax targets of the 54th Legislature.

In his message to the Legislature, at a joint Senate and House Session, Governor Allan Shivers put his finger on those two items

as the answers to Texas' financial problem.

He suggested a two cent per gallon boost in gasoline taxes and a one cent per pack increase in the cigarette tax.

The former would add \$45 million to the highway fund and \$14.5 million to the school fund.

The latter would bring in an additional \$16.5 million to the general fund.

Gasoline now carries a state tax of 4c per gallon. Cigarettes are taxed 4c per pack.

Also recommended by the governor was an increase to \$50 in the tuition charge made by state colleges to Texas students. Present fee is \$25, for Texas residents. The \$150 charge assessed out-of-state students would not be changed.

Shivers also asked for better water laws, insurance laws, crime and juvenile delinquency measures, and congressional and judicial redistricting.

Opposes Increase
First signs of opposition to increased taxation have come from Rep. Waggoner Carr of Lubbock. Carr, who may be voicing the opinion of other conservative legislators, says that much of the needed money could come from trimming present state expenses.

General Fund Low
State Comptroller Robert S. Calvert estimates the state's general fund, now slightly more than \$9 million, may hit bottom temporarily in February, and put the state on a general fund deficit for a short time.

If the state goes in the red, it will be the first time in 12 years. Calvert estimates that there will be only \$10,344,000 in the fund by the close of the fiscal year, September 1.

New House Speaker
Rep. Jim T. Lindsey of Texarkana is the new Speaker of the House.

He was elected unanimously the first day of the 1955 session as lawmakers wasted no time getting down to business.

Veterans Land Board
First official act of the 54th Legislature was to order a complete look into the Veterans' Land Program.

Investigations were resumed a day later by the Senate General Investigating Committee.

A Feb. 15 completion deadline is set.

Dennis Wallace, a 20-year employee of the State Land Office, is now acting executive secretary of the Board. He took over temporarily upon resignation of Lawrence C. Jackson.

Col. J. Earl Rudder, land commissioner, has announced the resignation of two other key employees: U. S. McCutcheon, first assistant executive secretary, and H. Lee Richey of Austin, appraiser for the South Texas area.

Conservative Leaders
Two conservative head important House committees in the Texas Legislature. They will have a lot to say about finding and spending \$135 million for state operations.

Rep. Max C. Smith of San Marcos was re-appointed chairman of the House appropriations com-

mittee.

Rep. Stanton Stone heads the revenue and taxation committee.

Prison Board
Members of the Texas Prison Board will not ask the Legislature for more building funds although they admit construction is needed.

Chairman French Robertson said that prison population is at an all-time high, that facilities are needed, but that cost would be tremendous.

Women Jurors
A new law providing for women jurors will be presented the Legislature by Rep. DeWitt Hale of Corpus Christi.

Hale would eliminate the qualification that a juror must be a county householder or state freeholder.

He will also ask for exemptions for nurses, expectant mothers, and mothers of young children.

Fair Trade Bill
A "disguised" fair trade bill

may be introduced in the Legislature, says a former House member.

It will be asked as a curb to "discount houses" but will basically be a measure to keep merchants from cutting manufacturer prices.

No state fair-trade bill has ever been enacted in Texas. Unfair competition is barred by Texas' anti-trust law.

A DOLLAR SAVED, IS A DOLLAR MADE

So, let us grind and mix your home grown feed, adding Minerals and Proteins and save you money.

Why ship your grain out? and mixed feed in? and be stuck for the freight, both ways?

Now is the time to give your chickens all of the egg feed they can consume and get in on these higher egg prices, these next three or four months.

Don't forget, Chic-O-Line Egg Feed is the best buy, and will deliver the goods.

1954 CITY TAXES DUE

1954 Taxes for the City of Clarendon are due and payable on or before January 31, 1955.

Taxes which are not paid by that time will become past due on February 1, 1955, and will take a penalty, with interest to be added until paid.

Taxes become delinquent July 1, 1955—and a larger penalty is incurred.

All property owners in the city are urged to pay their taxes before the end of the payment time.

Styling that's stealing the thunder from the high-priced cars!

The styling spotlight blazes down on a low-cost car this year—for the Motoramic Chevrolet is stealing the show from the high-priced cars with its subtle sweep of line, the brilliant sophistication of its European-type grille, the bold rake of its deep-curved windshield.

And there's even more excitement in the way it drives—the velvety comfort of Glide-Ride front suspension and outrigger rear springs, the handling ease of Ball-Race steering, the flashing performance of the new 162-h.p. "Turbo-Fire V8" engine or the two new "Blue-Flame" 6's. All this—plus the extra-cost options of Powerglide or Overdrive and a full range of power assists. Try a 1955 Chevrolet—now—and you'll know why it is stealing the thunder from the high-priced cars.
