SISTER OF LOCAL MAN BURNS TO DEATH

J. T. Mayo was called to Truce, Texas Saturday afternoon due to the tragic death of a sister, Mrs. Pearl Dechane who was burned to death in her home about 1 p. m. Saturday afternoon. Her body was found near the kitchen stove which apparently blew up, causing the fire. Funeral services were held at the home of Mr. Mayo's farm.

J. R. Martin Buried Here Tuesday

Funeral services were held at the Methodist Church here Tuesday afternoon for John Robert Martin with Rev. S. W. Hayne officiating.

Mr. Martin, 82 years old, died Monday morning in an Amarillo hospital following a long illness. He moved to Clarendon in 1924 and followed the carpentering business for a long number of years. After the death of his wife in 1935 Mr. Martin moved to Amarillo to make his home with a son, Don Martin. He was a member of the Methodist church and the Woodmen of the World. Survivors include three sons, Don and Verlin of Amarillo and Lloyd of Long Beach, Cal.; four daughters, Mrs. R. C. Allison and Mrs. C. B. Melton of Amarillo, Mrs. Robert Cook of Sweetwater, and Mrs. Roy Fletcher of Raymondville.

Pallbearers were Alvin Landers, W. O. Butler, Olin Bain, Bill Ray, C. C. Oakley and T. M. Shaver. Burial was in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

C of C Banquet Planned; Wichita Pastor To Speak

W. S. Whaley, manager of the local Chamber of Commerce, announced this week that plans had been completed for the Chamber of Commerce and Lions Club banquet which will be held January 14th at 7 p. m. at the Lions Club Hall. This had been an annual affair each year up until a few years ago and was discontinued at that time as there was no place to hold a large banquet of this type, but there is adequate space now in the Lions Club Hall to hold the large number that is expected to attend.

Former Pioneer Lady Buried Here Monday

Funeral services were held Monday afternoon in the Blackburn-Shaw Funeral Chapel in Amarillo for Mrs. Ella Ross. Dr. Neal Cannon, pastor of Polk Street Methodist church officiated. Mrs. Ross was brought to Clarendon where her body lay in state until 4 p. m. Rev. S. W. Hayne officiated at the graveside service at the cemetery.

Mrs. Ross, 85 years old, died early Saturday morning in an Amarillo hospital following a quite lengthy illness.

Mrs. Ross, widow of D. P. Ross who was a pioneer Clarendon merchant, saw the Panhandle develop from a wild frontier. Mr. and Mrs. Ross moved to Clarendon in 1901 at which time Mr. Ross opened a drygoods store here. After his retirement, they moved to Amarillo in 1930.

Mrs. Ross was a member of the Methodist church and was an active worker in the organization.

Survivors include two daughters, Mrs. Harwood Beville of Amarillo and Mrs. Wade Willis of Arkansas; also four grandchildren and four great grandchildren.

FARM UNION TO ELECT OFFICERS

The Martin local of the Texas Farm Union will hold its monthly meeting at the Martin School Wednesday night, January 12. All members are urged to attend and participate in election of officers and the selection of delegates to the State convention at Amarillo January 18-19, stated Frank Cannon.

County Officials Take Oath Of Office Saturday

The new year was started off right last Saturday when all county officials reported to the office of Judge Williams to take their oath of office.

Newly elected officials are Walker Lane, County and District Clerk; Richard Cannon, Commissioner Precinct No. 1; Frank Murray, Commissioner Precinct No. 4 and Colie Huffman, Constable Precinct No. 2. Judge W. J. Williams and County Attorney R. Y. King were both newly elected officials but both were appointed to fill unexpired terms of their respective offices last year.

Other re-elected officials were: Guy Wright, Sheriff, Tax Assessor-Collector; Mrs. Tom Crabtree, Treasurer; Miss Ruth Richerson, County School Supt.; G. A. Anderson, Justice of the Peace Precinct No. 2; J. R. Bulls, Commissioner Precinct No. 2 and George Preston, Commissioner Precinct No. 4.

All the above officials have pledged to fulfill the duties of the offices to the best of their abilities and will appreciate the cooperation of every citizen of the county.

County AAA Program Is Announced

The Donley County Agricultural Conservation Association Committee along with the County Agent and representatives from the other government agencies, and the local banks have agreed to accept the practices listed here as those for which payment assistance will be offered under the 1949 Agricultural Conservation Program. Payment will be made for:

1. Construction of Large Ridge Type, and small ridge type terraces for which necessary outlets and waterways are provided.
2. Construction of diversion terraces to control excess water.
3. Field strip cropping.
4. Subsoiling to permit the better penetration of water.
5. Bringing clod forming subsoil to the surface of sandy cropland to prevent wind erosion.
6. Leaving on the land as a protection against wind erosion the stalks or stubble of sorghums or millet.
7. Managing crop residues to protect soil from wind erosion.
8. Contour seeding drilled grasses, legumes, or small grains.
9. Constructing or enlarging drainage ditches.
10. Levelling land for irrigation where water is available.
11. Drilling or digging wells for livestock water.
12. Construction of earthen dams or reservoirs for livestock water or erosion control.
13. Elimination of destructive plants on noncrop pasture and range land.
14. Controlling competing weeds.
15. Establishing a satisfactory cover of winter legumes and ryegrass seeded in the fall of 1948.
16. Turning under or leaving on the land a satisfactory stand and growth of rye seeded in the fall of 1948.
17. Turning under a satisfactory growth of sweetclover.
18. Application of Superphosphate.
19. Control of sagebrush and other noxious weeds on noncrop pasture and range land.

A number of farmers have received approval on some of the practices and the 1949 program is well started. If you plan to carry out any practices be sure to get an approval before you start.

Handbooks for the county, showing all the practices approved for this county and giving complete specifications for each practice, will be ready the latter part of January. These handbooks are being prepared by the four banks in our County—The Donley County State Bank, The Farmers State Bank, The Security State Bank and The First National Bank.

Grandson Of Clarendonites Is New Years Winner

Mr. and Mrs. Ross Darby are the proud grandparents of a new grandson and you sure can't wipe that smile off Mr. Darby's face when he tells about the grand event which took place at Lawton, Okla.

Harold Craig was the name given to the 5 lb. and 3/4 oz. boy that was born to Mr. and Mrs. Harold Darby at 12:43 a. m. New Year's Day at a Lawton hospital. His was not an ordinary arrival either as he was the winner of the first baby of the year event being staged by Lawton merchants, and was showered by many gifts from the merchants. The attending doctor, said to be well along in years, was excited also as this was his first new year's baby during his many years of practice.

Mr. and Mrs. Darby went over to see their new grandson Friday afternoon.

Mr. and Mrs. B. L. Jenkins Jr. and son Britt of Amarillo spent New Year's day with his father, Dr. B. L. Jenkins.

Sisters Reunited After 43 Years Separation

Mrs. Lena Koen, Clarendon, has found her sister after having been separated from her for 43 long years. The sister, Mrs. Lee Crowsey of Gainsville, Texas corresponded with Mrs. Koen for some twenty or so years after they became separated, but they finally lost track of each other's whereabouts altogether. Twenty-three years each lived without any knowledge whatsoever of the other. Then a friend of Mrs. Koen's told her she had seen Mrs. Crowsey and learned that she was Mrs. Koen's sister. Mrs. Koen quickly wrote to her, received an answer, and the lost was found. They have not yet seen one another, but are looking forward to a family reunion in the near future.

Closing Hours Announced By County School Supt.

Miss Ruth Richerson, county school superintendent, announced this week that her office, located in the court house, would be closed on Saturday afternoons beginning January 8th. This schedule will be followed with the exception of the 1st Saturday of each month when the office will remain open all day, she added.

The first boxing event to be held in Clarendon during the current season will be held here Saturday night when the local boxing teams meet the leather slingers from McLean. The meet will be held in the College gym beginning at 8 p. m. and there will be 15 bouts.

This is expected to be a grand opener of the boxing season here as the McLean sluggers downed the locals at McLean on December 11th, 8 to 7 bouts and the Clarendon boys will be in there slugging to gain back their prestige.

The bouts will include weight classes ranging from 65 pounders up through the 155 pound division and enough heavier boys are ready to make the event plenty interesting.

Tickets for the event are on sale at the Clarendon Furniture Store and it will be advisable to get around early and pick you a good reserved seat. Sections BCD on the east side and IJK on the west side bleachers are reserved. Ringside seats will be reserved but a limited amount of seats will be available for those who get there first. Sections AEF on the east side and LGH on the west will be the general admission seats. General admission tickets are 35c for students and 75c for adults; ringside and bleacher reserved are \$1.00.

Donley County 4-H Club Boys Busy With Beef Calves

Donley County 4-H club boys are busy this winter getting their beef calves ready for the spring stock shows. County agent H. M. Breedlove thinks that the boys will offer a lot of competition in the shows. Calves will be shown at the Donley County fat stock show to be held in Clarendon in late February and then will be shown at San Angelo, Odessa and Amarillo. Breedlove said that the calves would be split up and sent to the three different shows.

Boys showing calves will be Arthur Shields, Don Thornberry, Ronald Thomas, Carolyn Faye Thomas, Robert Koen, Truett Koen, W. C. McDonald Jr., Tommy Hodnett. Bill Porter is feeding one of his fathers registered bulls for sale in Clarendon and also to be shown at Amarillo. Bill has a fine bull for sale and it will be sold at auction at the Donley County Fat Stock Show.

The cattle are in fine shape this year and the Donley County Fat Stock Show will prove to be one of much competition among the club boys. Carolyn Faye Thomas is the only girl showing a beef calf but she will sure offer plenty of competition for the boys.

The show board will meet in the office of county agent H. M. Breedlove in the next few days and set the date for the Donley County Fat Stock Show and work up the classes of beef calves and swine to be shown.

Masons Invited To Reception

Mr. J. F. Blocker, Aide to the Potentate of Khiva Temple in Donley County, said that all Master Masons and their ladies are invited to attend the reception and introduction of Honorable Galloway Calhoun, Imperial Potentate of the Ancient Arabic Order Nobles of the Mystic Shrine, when he makes his official visit to Khiva Temple on Thursday, January 13, 1949.

The program will be held in the City Auditorium, Amarillo, Texas, at 7:30 p. m. Honorable Galloway Calhoun is a past grand master of the Grand Lodge of Texas and will speak on 'The Present Day Mission of Free Masonry', said Mr. Blocker.

CITY-COUNTY LIBRARY NOTES
 By May L. Prewitt
 The usual list of Library patrons have reported for books this week with the exception of the pre-school and primary grades. Santa must have left some books for them, or toys that are more entertaining than our books.
 The ninth annual Young Reader's Choice Award was given to Walter Farley for his "Black Stallion Returns." The award is

the unrestricted choice of the boys and girls of Montana, Idaho, Washington, Oregon, and British Columbia, Canada. The books eligible for this choice were published in 1944 and 1945. Since this publication he has written "The Son of the Black Stallion." These books are on our shelves and are very popular with the junior group of readers. Walter Farley has a recent publication, "The Island Stallion." This book will be purchased as soon as convenient—Farley's books are \$2.00 editions.
 "Jeff Melton" by J. Evetts Haley and illustrated by Harold D. Bugbee is discussed by Hoffman Birney, book reviewer, novelist, and journalist in the New York Times Book Section, this week. His closing paragraph of the discussion states, "A biography of Jeff Milton is inevitably the history of the Southwest, and Mr. Haley combines the two with praise worthy skill. All important statements are documented and cross references are frequent. It is a book to stand with the best of Western biography." This book has been in the Library since the last of October, but we secured it immediately after publication.

boy series "Secret of the Armor Room." This is five of the set of this series we have recently added to the junior 'boy's' shelves. These gifts are greatly appreciated. Another reader gave us one of his new books last week. So many of the books are badly worn, but the readers never complain of the ragged appearance.

HEALTH NOTES

In a statement on controlling communicable diseases issued by the Texas State Department of Health, Dr. Geo. W. Cox, State Health Officer states that if every case of suspected communicable disease were seen promptly by the family physician and definitely diagnosed, thousands of susceptible persons would be protected from these disabling diseases.

Every child should be protected by immunization against all diseases where an immunity can be established.
 Prompt diagnosis, isolation and good medical care give the patient the best chance for a satisfactory recovery without the serious complications that sometimes accompany even the milder forms of communicable diseases. Dr. Cox emphasized that obeying the public health laws regarding isolation and quarantine protects not only the patient, but helps to prevent the spread of the disease to other persons.
 "The State Health Department," Dr. Cox said, "does everything within its power to protect the health of the people of Texas, but the cooperation of every individual in protecting his own health and that of his community will do more than anything else to successfully check the spread of communicable diseases among our people."
 Many a person's mind has been closed for years, but not for repairs or alterations.

"The theory that it is a good thing for children to have these catching childhood diseases and get them over with, has long since been proven an error which may actually endanger a child's life," says Dr. Cox. "The longer he can avoid having these dis-

WHEN you see the 1949 Chevrolets, a glance will be enough to tell you they're new—all new—in line and contour, in beauty and style. And when you look inside, and under the hood, and beneath the chassis, you'll see that their newness is not merely in outward appearance, but in design and engineering and construction as well.

But, to a lot of people, the 1949 Chevrolet is already old. They know what it will do, and how exceedingly well it will do it—they know all about its performance, its comfort, its power, safety, durability and

economy. They are the engineers and technicians of the General Motors Proving Ground—the largest, most completely equipped, outdoor testing laboratory in the automobile world.

Here, before a single new 1949 Chevro-

let went into production, experimental models were tested—made to show that they possess, in greater measure than ever, all those qualities on which Chevrolet has built its leadership.

In short, the General Motors Proving Ground tests are your assurance that your new-model Chevrolet has proved its worth through many months and many, many thousands of miles of rough handling.

Soon you will see the new Chevrolet—and when you do, you will see a car not only new, but tried and true.

Your car engine isn't a sissy, but it needs extra winter-time protection. That's why practical motorists change to winter-grade Conoco Nth Motor Oil and an OIL-PLATED engine for extra-protection.

They know Nth oil contains a special added ingredient that fastens extra lubricant so closely to cylinder walls it won't all drain down... even overnight. That's why OIL-PLATING means extra protection.

Christian Educator To Be Guest Speaker At Shamrock, Jan. 11

One of the outstanding Christian educators of the United States who has given more than thirty years to missionary-educational service in Japan, will be the guest-speaker at Shamrock Clarendon District on Tuesday, Janu-

ary 11, 1949. He is the Rev. Edwin T. Inglehart, S.T.D., missionary of the Methodist Church and long a professor on the staff of Aoyama Gakuin, noted Methodist college in Tokyo. The College has prepared most of the leaders of the Methodist Church in Japan, and many hundreds of its laymen in all professions and trades.

Dr. Inglehart was in Japan until a few weeks before the beginning of recent hostilities, when the Board of Missions recalled him to the United States.

When hostilities ceased, he returned to Japan and helped reorganize the College which was badly damaged in the war. He was again a member of its faculty in temporary buildings, and he rallied many of the alumni to the support of the institution. He is now on a furlough in the United States.

Dr. Inglehart first went to Japan in 1904 as an educational missionary of the Methodist Church. Practically all his years of service since were spent as a professor at Aoyama Gakuin, Tokyo. At various times, Dr. Inglehart taught in the secondary department of the institution, was vice-dean of the college department, and professor in the Theological Seminary of the college. Very few other Americans know as many of the younger leaders of Japan's professions and arts as does Dr. Inglehart.

In addition to educational work, Dr. Inglehart was associated also with the evangelistic work of the Methodist Church in Tokyo and in Hiroaki. He was for some years manager of the Methodist Publishing House in Tokyo and editor of "The Japan Evangelist" in addition to his

professorship. Dr. Inglehart was born in Greencastle, Indiana, the son of the late Dr. F. C. Inglehart, a prominent Methodist clergyman in Indiana and later in New York City. He was educated at Columbia University, and Drew Theological Seminary, Syracuse University gave him the degree of Doctor of Sacred Theology in 1919 in recognition of his work at Aoyama Gakuin.

of the country to cover my premiums. What can I do about this?
A—There have been a number of similar cases. You should contact the currency control office of the country in which you now reside, and if you cannot make a satisfactory arrangement, you should go to the nearest U. S. consulate and explain your problem.

Q—I am a World War II veteran and would like to know if my wife is entitled to VA hospitalization?

A—If she is an ex-service woman she will be entitled to hospitalization in her own right, but being the wife of a veteran will not of itself make her eligible for VA hospitalization.

Q—After my discharge from World War II, I surrendered my \$10,000 National Service Life Insurance converted policy for the cash value. I have re-enlisted and want insurance again. Am I eligible?
A—Yes. Application for a new

NSLI policy may be made while you are in active service.
Q—I have a service-connected disability rated at 20 percent. Am I entitled to an increase because of dependents?
A—No. Your disability must be rated 60 percent or more before additional compensation for dependents is payable.

Manufacture Of Dairy Products

AUSTIN—The manufacture of dairy products in Texas declined 20 percent from September to October, the University of Texas Bureau of Business Research reported.
Dairy manufacturing, measured in milk equivalent, totaled 43,969,000 pounds in October, a 33-per-cent decline from a year earlier.

Ice cream production fell 32 percent; and production of creamery butter declined 18 percent.

All products declined from a year earlier: ice cream, 39 percent; American cheese, 37 percent; and creamery butter, 33 percent.

The Bureau's seasonally-adjusted index of dairy manufactured products slid 14 percent from September to October to 59 percent of the prewar (1935-39) base period.

You don't have to be a fisherman to miss a good catch because of a weak line.

Texas farm flock hens laid 175 million eggs during October. This was seven percent more than the 163 million laid in October of 1947.

Join this army and see the World!

HERE'S one army you'll be tickled to death to sign up with—and for a good, long hitch at that.

It's the growing band of happy folks who are stepping out in tidy new 1949 Buicks—and they've got plenty to sound off about.

Mobility for instance. All the life and zing of big Fireball power plants, cradled to velvet smoothness on Hi-Poised engine mountings.

Silk-smooth operation on city street or open highway through the near-magic of Dynaflow Drive,† available now on the Buick SUPER as well as the ROADMASTER.

Easy-going ground coverage from soft coil springs and pillowy big tires on oversize rims.

And what a wonderful outlook you find

†Standard on ROADMASTER, optional at extra cost on SUPER models.

here! Through broad, high, full-curving windshields that really let you see.

Through deep, airy side windows that send the whole countryside passing in review—through wide, one-piece rear windows that make parking and backing much easier.

Statistically, the fact is that 4-door Sedans have 22% more glass area than before. Practically, the thing to do is sit in one of these beauties—and note how beautifully you can see the world.

Note, while you're at it, the figures on your dealer's price tags. Even they are part of a mighty happy picture that makes it advisable to get your order in without delay.

BUICK alone has all these features
Silk-smooth DYNAFLOW DRIVE®
FULL-VIEW VISION from enlarged glass area
SWING-EASY DOORS and easy access
"LIVING SPACE" INTERIORS with Deep Cradle cushions
Buoyant-riding QUADRIFLEX COIL SPRING
Lively FIREBALL STRAIGHT-EIGHT POWER on HI-POISED ENGINE MOUNTINGS

PRE-NUPTIAL ANNOUNCEMENT

Mr. and Mrs. C. E. Underdown of Clarendon announce the engagement and approaching marriage of their daughter Lois, to Floyd Lewis, son of Mr. and Mrs. C. L. Lewis of Lelia Lake.

The wedding date has been set for January 22, 1949.

TURKEY DINNER

A turkey dinner with all the trimmings was enjoyed in the home of Mr. and Mrs. Clyde Gilbert last Thursday.

Those attending were Mr. and Mrs. John Howard Gilbert from Phillips, South Dakota; Mrs. C. C. Gilbert from Amarillo; Mrs. A. L. Cobb and son Oscar, also three daughters, Misses Billie and Johnnie, Mrs. J. E. Johnson and daughter Jeanne, all of Claude; Mr. and Mrs. John N. Plaster and daughter Cynthia Ann from Canyon, Texas; Mr. and Mrs. L. L. Edlin from Amarillo. All reported an enjoyable day.

MRS. MONICA HARVEY HONORED ON BIRTHDAY

Mrs. Monica Harvey was honored on her 79th birthday at her home Wednesday with a lovely birthday dinner at the noon hour. A few of her close friends and neighbors joined her and enjoyed the dinner and visit. A few small gifts were given.

Those present were Mrs. W. D. Martin, Mrs. U. T. Fowler, Mrs. H. B. Hill, Mrs. J. C. Estlack, Joyce Smith and Mrs. Harvey.

Mrs. Harvey has been ill for over a year and confined to her home. She says she feels some better. Mrs. John Semrad made the lovely coconut cake but could not remain for the dinner.

Mrs. Dewie Hendrix began teaching school at Brice Monday.

1926 BOOK CLUB

The 1926 Book Club held its first meeting in the new year on Tuesday afternoon at the Club Room. Mrs. Bill Riney and Mrs. Ballew were hostesses and served a beautiful salad and sandwiches to the club members.

Three very clever short stories were told by these ladies: Mrs. Morris told one about "Wings of the Angels"; Mrs. Antroub dramatized "Perfect Sunday"; and Mrs. Ritter related a Texas story about "Uncle Deck."

TURKEY DINNER IN BURSON HOME

One of the occasions of the New Year was enjoyed when Mrs. J. H. Burson opened the door of hospitality to her children and friends at her ranch home for a turkey dinner and all the trimmings.

Those enjoying the occasion were Mr. and Mrs. J. W. Young, Lubbock; Rev. and Mrs. Elrod and son Lovell, Lubbock; Mr. and Mrs. W. C. Larimer, Clarendon; Mr. and Mrs. A. D. The Lion's Roar

By O. D. Lowry
The Lions Club held its regular meeting at the club hall Tuesday, January 4th. Attendance was good for this first meeting of the new year. There were three guests present for this meeting.

The Boss Lion announced that January was Founders Month and that all clubs would take part in a program commemorating the founder of Lionism.

There will be no regular meeting of the club Tuesday, January 11 as there is to be a Ladies Night Friday, January 14. This affair will be held in connection with the Chamber of Commerce banquet to be held in the club hall on that date.

On January 13 Ted Malone will devote his entire program to Lionism. This program may be heard over station KFDA or WBAP at 10:30 a. m.

There will be a Board of Directors meeting Monday night at seven in the club hall.

The program consisted of talks on Vocational Agriculture work as given by Bobby Whitaker and Ray Morris. Thanks to Lion Seay for this fine program.

Lions, the success of your club depends upon the attendance of its members.

A GOOD IDEA

COLLEGE STATION—Cotton planting time is still several months off. But Texas cotton farmers already have a good idea as to what they intend to do about cotton next year, says Fred Elliott, extension cotton work specialist of Texas A&M College.

This year's three and a quarter million bale crop that was grown on nearly nine million acres will probably be increased in 1949, says Elliott. This is especially true of the irrigated areas around El Paso, Pecos, Ft. Stockton, the Lower Rio Grande Valley and in the High Plains.

On August 1 of this year, the record shows a carryover of three

million bales. Spinning will use close to nine million bales, and four million will be shipped out. There goes 13 million bales. Take that from the 15 million bale crop this year, and you get two million bales to add to the carryover. And come August 1, 1949, the carryover will have built up to five million bales.

Price supports will run about the same—at not less than 90 per cent of parity. This parity price is the product of 12.4 cents (the 1910-1914 cotton price average) and the August 1949 index of prices paid. This includes the tax and interest.

If this index were to drop as much as 5 percent—which seems unlikely—the parity price of cotton would be 29.45 cents per pound, says Elliott. And the loan rate 26.50 cents per pound on middling seven-eighths inch cotton in the average location.

Mr. and Mrs. A. H. Moore went to Ft. Worth Wednesday on a business trip.

Are They Worth Less Now?

AUSTIN — It is becoming increasingly difficult to maintain efficiency in the state's government.

"That is because the best qualified applicants are no longer interested in state jobs," says, W. P. Watts, Executive Director of the Texas Public Employees Association.

"State salaries have lagged far behind both the rise in the cost of living and the rise in income of all other groups of wage earners," Watts pointed out.

"While the average employee of the state has received an increase in salary of 17.2 per cent since 1939, other wages," Watts declared, "have climbed as follows:

"Finance, insurance, and real estate, 49 per cent; transportation, communication, and public utilities, 95 per cent; services, 102 per cent; mining, 103 per cent; wholesale, 120 per cent; manu-

facturing, 121 per cent; construction, 186 per cent."

In a booklet entitled "Are They Worth Less Now?" Watts asserted:

"As a citizen of Texas you are one of the largest employers in our state.

"You employ 20,000 public servants who perform each day a great variety of essential services without which your life would be uncomfortable, inconvenient, and even dangerous.

"The jobs of these people on your payroll range from insuring the purity of our drinking water,

building our roads, and protecting our lives and property, to relieving the distress of the old and needy.

"Your state employees have felt the bitter lash of inflation more deeply than any other group of workers in Texas.

"They are fighting a losing battle to maintain the high standards of efficiency and capability which you, as a Texas citizen, have a right to demand.

"The quality of public service rendered depends upon the conditions under which your state employees work - - -

Teacher Problem Is Grave Concern

AUSTIN—Texas schools must have a minimum of 51,772 new teachers in the next ten years.

That is 5,000 more than the total of teachers now in the schools. They number 46,500.

Replacement of teachers is causing educators great concern, according to Miss Waurine Walker of Waco, first vice-president of the Texas State Teachers Association and a member of the National Education Association committee on teacher education and professional standards.

"There is already a tremendous shortage of teachers and the profession is not proving sufficiently attractive to induce enough people to enter it," Miss Walker said here today.

"Texas, itself, is now short several thousand qualified teachers. National and state surveys disclose that in the next decade 1,277,714 new teachers will be needed throughout the United States.

"Texas will have to find a bare minimum of 51,772 new instructors.

"Surveys of the National Committee show that 31,689 teachers will leave the Texas schools during the next ten years. They will die, retire or quit the classroom for other reasons."

The birth rate, rapidly accelerated during the war years, will soon be reflected in huge increases in attendance in schools throughout the Nation, Miss Walker pointed out.

"Texas, alone, will need nearly 16,000 to take care of the increas-

ed enrollment due alone to the advanced birth rate," the Teachers Association officer said.

"The state must find an additional 4,500 teachers to replace those teachers with emergency certificates who are on a temporary basis. During the war years all school systems were forced to lower their teaching standards due to the shortage of teachers."

That the estimated nearly 52,000 new teachers is a minimum figure was indicated by Miss Walker because of Texas' tremendous growth industrially.

"Texas is growing industrially far more rapidly than the average person realizes," she said.

"Should the state continue to attract industry as successfully as it has during the last seven or eight years, our schools will have thousands of more pupils than any of the surveys indicate."

Those factors made the future of great concern, especially in Texas, Miss Walker declared, because most schools in the state are now badly overcrowded.

"It is impossible for our schools to absorb additional pupils in any number," she said. "Another recent survey disclosed that nearly half of the schoolrooms are already overcrowded."

"Texans have every right to expect high standards in education, but we cannot improve it as long as our teachers are not fully qualified and they are required to teach oversized classes. It is not fair to the pupils."

"Finding tens of thousands of new teachers is a problem of concern to everyone and a problem to which our colleges are giving considerable thought. This year there were twelve teaching positions open to every student who

graduated from one of our colleges trained to teach school."

Visit In W. H. Cooke Home Mrs. Frances Forrest and Mrs. Helen Carr returned Saturday to El Paso after spending the Yuletide holidays in the W. H. Cooke home. Others present were: W. H. Cooke, Jr.; Mrs. Julia Smith of Amarillo; Mr. and Mrs. Dick Cooke of Dallas; Mr. and Mrs. Alex Cooke and their sons, Alex Jr., and Thomas Fielding of Lubbock; Mr. and Mrs. Allen Cooke and Mr. and Mrs. W. H. Cooke, III of the Cooke Ranch; Miss Joyce Earton of Hutchinson, Kansas and Mary S. Cooke.

Mr. and Mrs. Rufus White attended the S.M.U.-Oregon football game at the Cotton Bowl in Dallas New Year's Day. They also visited Mrs. White's parents, Mr. and Mrs. J. G. Parten, in Waxahachie during the week-end.

Mr. and Mrs. Oliver Elliott spent the holidays in New Orleans.

CARD OF THANKS

For all the encouraging messages, flowers, cards, and expressions of friendship sent me while I was hospitalized at Temple and since I have been at home, I wish to offer my sincere appreciation. Every kindness is more deeply appreciated than words can express and I thank each one of you for your remembrance.

Mr. Rayburn L. Smith, Secretary-Treasurer Donley County National Farm Loan Association Clarendon, Texas

Dear Mr. Smith:

In the December 6 issue of LIFE magazine an article came out on the Hoover Commission which, as you know, is studying Government organization with a view of making recommendations for consolidations, groupings, etc.

If you will look at the pictures of signs and the comments on page 76, you will notice the heading "All These Make U. S. Loans." National farm loan and production credit association signs are included in this group. At the bottom of the page is this comment: "Lending agencies are identified by above signs. All these plus 12 others make government loans. Hoover Commission hopes to end such overlapping."

Land Bank Commissioner Isleib immediately wired LIFE magazine to this effect:

"National farm loan associations and Federal land banks are farmer-owned cooperatives and neither makes Government loans. Your December six issue to contrary. Funds needed by Federal land banks for loans obtained by joint issuance farm loan bonds which are not guaranteed by Government but are collateralized by farm mortgages."

It may be fortunate that the article came out. At least it gives the opportunity to acquaint our own congressmen and senators with the fact that we do not lend Government funds but that we are wholly farmer-owned. National farm loan associations and the Federal land banks are no more Government institutions than the national banks. Both are chartered by the Federal Government and both have supervision by the Federal Government, and to that extent they are Government instrumentalities.

Very truly yours,

Sterling C. Evans President The Federal Land Bank of Houston

We try

to keep 5 years ahead of the babies!

THEY'RE being born in record numbers these days; 4 million babies last year—12 million since the war!

They make one very important reason for the gigantic expansion program of the business-managed electric companies. Another reason is that everybody's appetite for electric service is getting bigger—in towns and on farms, in homes and in industry.

Ordinarily, we work and plan about 5 years ahead to meet the anticipated demand for electric service. (It takes a long time to plan, build and equip power plants.)

Today, in addition, we're working hard to catch up with much needed construction we could not do during the war years!

The West Texas Utilities Company is now rushing the work on an \$18,000,000 construction program. This \$18,000,000 construction program is part of the company policy of anticipating future needs... of keeping ahead of the babies.

How is this \$18,000,000 being spent? It is paying for new generating facilities... for improving and enlarging existing equipment... for hundreds of miles of wire, cable and pole lines. It means new jobs... agricultural and industrial development... a more prosperous West Texas for all of us!

Church Extension Worker To Speak At Shamrock

The Rev. Harold Marcus Hilliard, for a number of years active in promoting the extension of church work among Spanish-speaking peoples in America's southwest, and later in Puerto Rico, and now a member of the staff of the Division of Home Missions and Church Extension of the Methodist Church, will be the guest-speaker at Shamrock, Clarendon District on Tuesday, January 11, 1949. Mr. Hilliard

will tell of his experiences as a builder of new churches in home missions territory, and of his methods and success in reestablishing churches in fields that have been abandoned or deserted.

A native of Greenville, Illinois, and now a resident of Lubbock, Texas, Mr. Hilliard has a unique career as a Methodist minister, church superintendent, college professor and builder of churches since his ordination as a minister at Monett, Missouri, in 1918. He was for eight years a professor of Spanish at Asbury College. Then for eleven years he was a missionary among the Mexicans in the Southwest. Part of that period he was superintendent of Spanish-speaking churches and missions in New Mexico, and part of the time among the Indian Communities of old Mexico. In 1944 he was sent by the Board of Missions and Church Extension as superintendent of the Puerto Rico Provisional Conference. In Puerto Rico he was engaged not only in Educational and evangelistic work, but in buying and building churches and parsonages, rehabilitating churches and congregations, and leading the people in financial programs for their own churches and communities. This type of service he now carries on throughout the Spanish-speaking area of Southwestern U.S.A. under Board of Missions and Church Extension.

Mr. Hilliard was educated at Baker University, the University of Denver, Asbury Theological Seminary, and Western Reserve University. He has long been active in the work of the Boy Scouts of America and is a holder of the Scoutmaster's Gold Key.

Mr. and Mrs. Bill Todd were guests of Mr. and Mrs. Enoch Darnell at Phillips Thursday.

Health Notes

AUSTIN — A Statement from Dr. Geo. W. Cox, State Health Officer, discloses the fact that 2,531 Texans died from pneumonia during the year 1947, and emphasizes his often repeated warning that this disease is a killer.

Pneumonia is caused by the pneumococcus germ which is present in the bodies of almost everyone, and ready to start trouble if the resistance becomes lowered for any reason. We can build up our resistance by avoiding undue fatigue and unnecessary exposure to extreme weather conditions. When we go outside in cold weather, sufficient clothing should be worn to keep the body warm. Keeping the temperature of our homes and offices as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we leave the house.

Another method of prevention in pneumonia is to never neglect a cold, for the common cold often opens the door for pneumonia if it is neglected. A person with a severe cold should stay at home and call his physician for advice, if temperature persists and the cold lingers on. He should follow

his physician's advice until the cold has entirely disappeared. Another advantage of consulting a physician when suffering from a cold is the fact that what the patient mistakes for a severe cold may be beginning pneumonia. If this is the case, the doctor will have an opportunity to begin treatment early, which adds materially to the patient's chances for recovery.

CARD OF THANKS
We wish to extend our thanks to the people of Donley County for the help and kindness shown us when our home burned. We want you to know that we are grateful for everything.

As we put aside old '48
And look with faith to '49;
We hope to keep a cleaner slate!
For this year I broke all 99.

One of my Readers says that I use the word "Anyway" entirely too much. Anyway, it is one of my favorite words and I would hate to quit using it, but we will leave it up to the readers. Send in your vote - - -

Wish you could all see the funny picture that I received from Perry Wolf. It was about a man that was trying to quit smoking. If I thought I reminded folks of such thoughts I would give up, even if it meant giving up the chairmanship of A.S.R.N. Society. Wonder how many of the faithful are still faithful. Send me the name of anyone that is eligible for membership.

Hear these, and wonder if there could be any truth in them; that a baby would become a thief if you trimmed its fingernails before it was a year old, and that a cat could steal a baby's breath. Some of you Mothers give me the low-down on this - - -

We have two eyes and two ears therefore, we should hear and see twice as much as we speak, for we have only one tongue - - -

Goodnight Water Tower Burns

A blaze ignited by an attempt to thaw out pipes was credited with starting a fire that burned the Ft. Worth & Denver water tower at Goodnight to the ground Tuesday morning.

Harless McMahan took the local fire truck up to help combat the flame but the needed water to fight the blaze was being heated by the blaze itself. After the supports burned in two, the large tank dropped straight to the ground. McMahan stated that he had fought all types of fires but this was his first try at a water tank.

Tigers Victorious Over Bronchos and Bronchoettes

By Crofford - Wilson

Both the Clarendon High School boys and girls journeyed to McLean last Tuesday night, January 4 to be sent home defeated by a narrow margin. The girls game began at 7:00 and was an exciting game to the finish even though the score shows a wide margin of defeat. The final score was 36 to 14. Grudgel was the high point girl for McLean with 26 points. Grudgel, being a Sophomore, shows that McLean will have an extremely good girls team for the next two years. June Selmon was high point girl for Clarendon with 7 points. The Clarendon girls played a very good game and deserve great praise for playing their hearts out only to be defeated.

The boys game was a fast exciting game with very little scoring done in the first half by either side. The score at the half was 19 to 8 in McLean's favor. With four fouls to his name Jimmy Jenkins began the third quarter and fouled off soon after the half. Gene Bulman fouled off in the

fourth quarter, but came out high point man with 16 points. The Bronchos could hardly miss from the field, but the free shots couldn't be hit. The final score was 32 to 27 in McLean's favor. Haynes from McLean was high point man with 14 points. Perhaps some of you remember him from his football background. This was a very good game and we are sure you will enjoy the next game with Lelia Lake Wednesday night, January 5 at Lelia Lake and also the College has one with Wellington Friday night, January 7, here.

Terracing of Farms Now In Full Swing

Terracing of farms is now in full swing in Donley County, and farmers have started early to get full advantage of the money from PMA to assist them pay for the conservation practices. The SCS and county agent are running terracing lines every day that the weather will permit. Breedlove, county agent for Donley county thinks that much more terracing will be done in 1949 than during the past year. One reason for this will be due to

the fact that PMA will have more money to spend in Donley county. In 1948 there were approximately 140 miles of terracing lines run in the county but 1949 is expected to exceed this figure to a great extent. Farmers in the county have become conservation minded in the past ten years and Breedlove stated that this one thing alone will put the farms in Donley county on the incline in production in the years to come.

"The soil is our living," Breedlove said. "Without soil we could not live any length of time, so in order to maintain life we must conserve our soil and try to build it up every year by following approved farming and soil building practices."

Any information that is needed in regard to any practices can be obtained from the office of the county agent. Last year the PMA in Donley county had \$35,000 to spend for conservation; this year there is available \$61,000 to be used for conservation practices. Breedlove stated that in late January he would hold community meetings all over Donley county to explain the 1949 conservation program to farmers and ranchers.

A Reader of the Farmer-Stockman writes them that one of her school teachers taught them this lesson: "A man takes a drink. Then drink takes the man. Almost this could be said about me and the cigarette - - - Also in the same paper we found this little poem about the liquor dealer; this is the last four lines: He may rob men of friends and of money - - - Send them down to perdition and woe - - - But so long as he pays for his license - - - The law must protect him, you know - - -"

Dr. John W. Holland has this to say about the author of the famous book "Jane Eyre", Charlotte Bronte; at a time when she was having an extra lot of heartache and trouble she made the following statement to a friend; "I avoid looking forward, or backward, and try to keep looking upward" - - -

It is said: that in a certain little cemetery are found the following words on the stone marking a little girls-grave: "A child of whom her play-mates said: 'It is easier to be good when she is with us' - - - If such could be said about us grown-ups - - -"

Hope all the non-smokers are getting along as well or better than I am. Was talking to Bland Alexander and we have just about decided to look into this gum-chewing next; O My Poor Teeth. I haven't received their application to join our club, but I understand that Harmon Harred and Hayden Bartlett are eligible to join; hope I get their application soon. Everybody, please send me the names of everyone that you know of that could qualify to join our club. Tell me how long you or they have been off the weed - - -

Coldest Weather Of Winter Registered Here Monday Nite

Six degrees above zero was the official weather reading at the airport Monday night after the worst frigid affair of the winter drove in from the north early Monday morning. Something was bound to happen after the summerlike day that was enjoyed Sunday. Snow accompanying the storm amounted to very little and farmers over the area are still looking forward to some appreciable moisture.

According to the weather forecast, the temperature is due to rise and be considerably warmer during the next three days.

Bert Barns from Albuquerque, New Mexico visited homefolks Thursday.

Miss Addie Fisher of Lakeview visited Mrs. Devie Hendrix Sun.
