## SANTA GETS ORDERS FIRST HAND AT HOSPITAL

When the little patients at the Texas Scottish Rite Hospital at Dallas sent word for Santa they got their greatest wish this week. Hospital President John McKee (above right) surprised them with Old Saint Nicholas in person who carefully took their individual orders and promised to be back with a full sack on Christmas Eve.

## Big Agriculture Day Set For February 14th

February 14th will be a big agriculture day in Donley County says County Agent H. M. Breedlove. The annual agriculture clinic will be held at the Mulkey Theatre in Clarendon, starting at 10:00 A. M. and lasting until 4:00 in the afternoon. Breedlove says that this program will be in cooperation with the Texas A&M College Extension Service and the Agriculture department of the Fort Worth and Denver Railroad. The sponsoring organization for the meeting is the Donley County Farm Bureau.

A committee will meet with Mr. Macyl Orman of the Fort Worth and Denver and Mr. Knox Parr of the Texas A&M College Extension Service and County agent Breedlove in the near future to work out the details of the meeting.

The program will give each speaker one hour and all speakers will be specialists in their respective fields of ranching and farming. The different programs or phases of farming and ranching to be covered will be feeding of beef cattle for fattening and wintering cattle; irrigation, in both phases of planning and watering crops, agriculture out look by economists; hybrid grain sorghums in this area and also the farming and ranching outlook by a prominent banker from Denver, Colorado.

The entire program will be released at a later date and will be sent to counties in the entire Panhandle area giving them an invitation to attend this big agriculture clinic in Clarendon.

Mr. and Mrs. Fontayne Elmore and Mrs. Alvis Bentley and Danny visited Sunday with the Montie Garrison family and Mrs. Frank Elmore at Quanah.

## Queens Edge Comets In Thrilling 54-48 Battle

The three-time National Champion Wayland Flying Queens had to fight to the finish to keep their long winning streak going here Saturday night as they edged by the fighting Clarendon Junior College Comets by a score of 54 to 48. The Queens have now won 78 consecutive games over a period of four years.

The Comets' failure at the free-throw line possibly cost them an upset victory over the Queens. The Queens cashed in on 26 out of 31 charity shots while the Comets could only count 16 out of 26. The Comets outscored the Queens from the floor by making 16 field goals while holding the Queens to 14.

The Queens took a quick lead early in the first quarter and held a 17 to 11 advantage at the end of the first quarter and extended their lead to 35 to 24 at halftime. The Comets came to life in the third quarter and closed the gap to 43 to 36 at the end of the third period and got to within four points of the Queens midway of the fourth quarter.

Joan Crawford and Mary Mann paced the Comets' scoring attack with 16 points each. Kathryn Edwards made 12 points, Susie Jones two and Marjorie Irbeck and Genell King contributed one each. King, Irbeck and Crawford were outstanding on defense.

The Queens were lead in the scoring department by their fine All-American forward Rita Alexander who made 15 points. Other Queens who scored and their point totals were: Kaye Williams, 9; Kay Garms, 9; Cookie Barron, 8; Carolyn Miller, 7; Mona Poff, 5; and Mary Cannon, 1.

Don Landers, a student at Texas Tech, spent the week end with homefolks.

## RED CROSS AIDING HUNGARIAN REFUGEES

A Hungarian refugee, one of thousands fleeing to the USA from strife-torn Hungary, is fitted with a coat by a Red Cross worker before leaving Camp Kilmer, N. J. She is Mrs. John Bausen, of Cleveland, Ohio, who with her husband, are sponsoring this young man. The Red Cross, serving sufferers since the beginnings of the uprising, in distribution of food, medicine, clothing and other necessities in Vienna and Budapest, is launching a campaign for \$5,000,000 in this country to meet costs of the mammoth humanitarian program. By the end of the year the Red Cross will be feeding over 200,000 victims daily in Hungary, besides supplying needed clothing, fuel and medical supplies.

## Finance Committee Getting Premium Money For Fat Stock Show

County Agent H. M. Breedlove says that the finance committee for the Donley County Fat Stock Show is now working and getting the premium money ready for the big show to be held in Clarendon on December 28th, and the Swine Show to be held January 18th. Mr. Geo. Weatherall is chairman of the finance committee.

Two big prizes have already been donated for the show and Mr. W. H. Cooke III, prominent Hereford breeder from Hedley is giving a Hereford calf to the best Hereford in the county show and Mr. Lowell Houston, registered Angus breeder of Giles is giving one hundred dollars or a registered Angus calf to the best Angus in the show.

FFA and 4-H Club boys from all over the county will gather at the big fair barn in Clarendon to compete for the big prizes and open the show season for other big shows which include, Odessa, Amarillo, Fort Worth, San Antonio and Houston. The steer show on the 28th will be judged by Mr. J. P. Smith, manager of Pantex Farms of Amarillo.

The classes in the county show will be light and heavy Herefords; light and heavy Angus; dry lot steers all in one class; group of two steers fed by one boy; breed champions and the grand and reserve champion of the entire show.

All stock will be in the barn by nine o'clock in the morning and judging will start at 10:00 A. M. W. H. Cooke III is weigher and he and E. S. Ballew, vice president of the show will separate the steers according to weight for the classes.

The Queens took a quick lead early in the first quarter and held a 17 to 11 advantage at the end of the first quarter and extended their lead to 35 to 24 at halftime. The Comets came to life in the third quarter and closed the gap to 43 to 36 at the end of the third period and got to within four points of the Queens midway of the fourth quarter.

## "Our Town" To Be Presented Dec. 19

The play "Our Town" is to be presented by Amarillo Junior College on Wednesday night, Dec. 19th at 8:15 in the College auditorium. It is directed by Mr. J. C. McDonough, head of the Speech Dept. of Amarillo College. Admission will be 50c for students and 75c for adults.

The local school is to receive all the proceeds except enough to pay royalty on the play. What is taken in on the play is to be divided between the high school seniors and the Speech Dept., and will be used for activities sponsored by the senior class and materials for the Speech Dept.

The seniors will make a house to house call selling tickets on Monday night. If you will leave your porch light on, they will know you are at home.

## Two Die In Accident West of Brice

Two Silverton residents died and a third received serious injuries early Monday morning when the car in which they were riding collided with heavy equipment that was protruding from a truck they were passing on highway 70 west of Brice early Monday morning. The top of the 1952 model car was sheared off when it hit the heavy machinery. The two who died were David McPherson, 21, and Mrs. O. L. Butcher, 55, both of Silverton. T. S. Butcher, 35, a son of the fatally injured woman, was admitted to St. Anthony's hospital in Amarillo where attendants said his condition was critical.

A fourth person in the car, Aubrey Deen Butcher, 16, was uninjured and stopped the car after the accident.

## College Bulldogs Beat Garden City 68-52

The Clarendon Junior College Bulldogs defeated the Garden City, Kansas, Junior College Blue Raiders 68 to 52 in a well played game here Saturday night. This was the first win for a Bulldog team over a Kansas Junior College. The Junior College teams from Kansas are annually among the strongest in the nation. The Garden City team defeated Amarillo Junior College by a score of 52 to 42 on Friday night.

Boyd White, dependable forward, paced the Bulldog scoring attack with 23 points. He was followed by Buzz Bailey with 11; Lane Cushingberry 10; Norman Killough nine, Billy Schneider six; Don Johnson four, Jay Wilton three, and James Lanier two. Terry Herman and Bobby Johnson each scored 12 points for the Blue Raiders.

The Bulldogs took the lead early in the game and were never seriously threatened. Halftime score was 43 to 33 in favor of the Bulldogs.

Next game for the Bulldogs is Saturday night, Dec. 15, against the strong Cameron State Aggies at Lawton, Oklahoma.

## Annual Legion Christmas Party December 18

The annual Legion Christmas party will be held on Tuesday night, Dec. 18th at the Legion Hall. This annual party is open to the public and everyone is urged to come and bring toys which will be distributed among the unfortunate at Christmas time. You can bring new toys or toys that need repair. If you can not attend the party, leave your toys at Gordon's Hardware or call Ernest Kent and the toys will be picked up. Your contribution of toys will make a more cheerful Christmas possible for some of our less fortunate children in this area. Remember the date, Dec. 18.

## Comets Blast Texarkana Junior College 66 to 32

The Comets of Clarendon Junior College easily defeated the Texarkana Junior College Bulldogettes here last Friday night by a score of 66 to 32. Coach Buddy Travis of the Comets substituted by teams as his first unit played the first quarter, the second unit the second quarter, the first unit again in the third quarter and the second coming in for the last quarter.

Mary Mann, freshman forward from Prairie Valley, demonstrated her uncanny shooting ability as she hit ten field goals, all from 20 to 25 feet out, to lead the scoring attack with 20 points. Her ten field goals came on only eleven attempts. Joan Crawford, aggressive Comet forward, accounted for 18 points. Other Comets and their point totals were: Harlene Smith, eight; Nancy Stephens, seven; Claudette Green and Kathryn Edwards, four each; Myrna Carney and Pat Vincent, two each, and Marjorie Irbeck, one. Genell King, Lola Duhan, Susie Jones, Vincent and Irbeck were outstanding on defense. Lu Hulsey, sharpshooting little forward, lead Texarkana with 14 points.

The Comets jumped into an early lead and were never threatened throughout the game. They lead 17 to 6 at the end of the first quarter, increased the margin to 32 to 13 at the half, and ran their advantage to 56 to 24 at the end of the third quarter.

## FIREWORKS WARNING!

It has BEEN called to our attention that fireworks are being exploded within the City limits of Clarendon. This is to remind everyone that there is a City Ordinance against exploding fireworks within the City limits of Clarendon. The ordinance is as follows:

"It shall be unlawful for any person to explode or cause to be exploded any fireworks within the City Limits of the City of Clarendon, and any one found guilty of a violation of this ordinance shall be fined in any sum not less than five, and not more than one hundred dollars."

We hope that this reminder will be sufficient. If not, anyone caught will be dealt with according to the above ordinance.

H. T. Burton, Mayor.

In 1841, Navy Captains had only buttons on the cuffs, while Navy doctors had 3 stripes of gold lace. This latter was a distinctive mark of a Spanish colonel, and in Spanish ports it frequently happened that the guard was turned out and full military honors were paid to the doctor while the Captain passed unnoticed. This was believed to have led to the introduction of distinctive bands of lace for officers.

## FHA NEWS

On Thursday, Dec. 6th, eighteen members of F.H.A. received their F.H.A. jackets and pins.

To earn a jacket and pin a girl must have been an active F.H.A. member for two years.

The girls selected the National F.H.A. jacket this year. They are red poplin with the red and white F.H.A. emblem on the left side.

The girls also received the national pin and guard. Ten of the girls received a key with their pin which symbolizes the completion of their Junior Degree. This degree is the first of three degrees which a girl works toward in F.H.A. This is the largest number of girls to receive this honor that our chapter has ever had. These girls are Robbie Johnson, Ona Moffett, Beth Lamberth, Vicki McAnear, Pat Spurgeon, Elaine Behrens, Barbara Koontz, Jean Welch, Georgia Bell Harmon and Sandra Barnhill.

## Chapel For The Children Austin State School

AUSTIN—Money for the Chapel for the Children is already coming in.

Plans to build a \$76,000 non-denominational chapel at the Austin State School for Mentally Retarded Children were announced Sunday. Three sponsoring volunteer groups—the Austin Council for Church Women, the Austin Jewish Council and the Volunteer Council for the School—were each receiving donations Monday. The fund drive is being conducted state-wide since the children come from all parts of Texas.

Word was quick to spread among the 1900 children at the school as to the Chapel's possibility. Many of the children have never been inside a church, yet the great majority are aware they have a Heavenly Father. The school's chaplain, Rev. Luther Holloway, who conducts church and Sunday School in their schoolroom, has explained to them about a "building just for the worship of God". So have visiting rabbis, priests and ministers. The children have seen churches from windows of the school bus when they have been

"Oh, boy! Cowboy boots for Christmas!" That's the hope of these two typical American youngsters, Deb and Jay Dawson, as they see this display of boots that can bring them the glamour and excitement of the old West! Santa seems to be listening. Who knows? Maybe dreams will come true!

taken for rides at Christmas.

Two Austin architects who volunteered their services in designing the Chapel, have estimated its cost, furnished, at \$76,000. There are no chapels or churches presently at any of the state institutions of this kind.

The Reverend Ruppert Schindler, who for several years was administrator of the Shrine of Our Lady of the Panhandle, the Catholic Church here in Clarendon, received his discharge from St. Anthony's Hospital, Amarillo, Nov. 4th. This was the second stay for Fr. Ruppert during the last two months. During this second stay Fr. Ruppert underwent surgery. The Clarendon people are hoping for a full recovery this time.

Mr. and Mrs. E. H. Monroe announce the arrival of Danny Lynn, December 2, weighing 7 lbs. Grandparents are Mr. and Mrs. R. E. Monroe and Mr. and Mrs. G. H. Hanegan of Hereford.

Mr. and Mrs. A. D. Estlack and Dana visited Friday and Friday night near Brownfield with their daughter, Mr. and Mrs. Kenneth Sams and children. Little Kay, age two, who had been scalded severely in a bath tub mishap, was doing nicely at that time. She received 1st, 2nd, 3rd and 4th degree burns from head to foot. Only time will tell whether she will be scarred.

Mr. and Mrs. R. S. Brumley of Miller, Mo. and Mrs. Raymond Welch and daughter of Tulsa, Okla. have visited the past ten days with relatives here.

## FROM WARM SPRINGS

# FACT & FANCY

by W. H. Ricketts

(Wherein the director of public relations at the Gonzales Warm Springs Foundation tells of Texas' own physical rehab center and also throws in a little tongue-in-cheek palaver for which, incidentally, the management is not responsible.)

I will have to confess that I have always been a little intrigued by the story of Lady Godiva and her much heralded bare-back (and I do mean bare-back) ride through the streets of Coventry in the interest of lower taxes. This, I have privately thought, is lobbying of the highest order.

(At this point I feel impelled to quote the wag who observed that Lady Godiva is the gal who put everything she had on a horse but she didn't win or place. She showed.)

But I digress. Now I see by

the papers that Great Britain's nudists, 50,000 strong (or weak, as remains to be seen), are planning to descend on some spot in jolly old England for a world nudist congress. As I understand it, these people, unlike Lady Godiva, have no economic or political axes to grind and simply practice nudism because it suits them.

Or unsuits them, if you wish.

I can see certain advantages to the whole thing. Imagine, for example, how easy it would be to get packed to go to a convention like that. A comb, a tooth brush, sun-tain oil, maybe a few aspirin and you've got it made. Milady, I presume, would want to take her nail polish.

There must be a small measure of relief, too, for the poor husband who is fed up with that old wifely refrain, "Oh dear, I haven't a thing to wear!"

And imagine not having to dress for dinner!

But this is Texas, USA, where right now a frolic in the altogether would simply produce goosebumps and a fast trip to the pokey with a police escort. Still, it is not out of order to think on the antics of our brethren over there.

And perhaps idly to contemplate an invasion followed by the mad dash of a modern Paul Revere shouting, "The British are coming! The British are coming! Wow!"

The entertainment of the patients at the Gonzales Warm Springs Foundation during those off hours when they are not receiving treatment is a matter which receives a large measure of attention.

Features of the program include movies twice weekly, game

nights, story-telling sessions with the Red Cross Gray Ladies, leather work, stone polishing, nightly disc-jockey programs "piped" to all wards, weiner roasts when weather permits, and many fine programs staged by visiting groups.

Director of the program is Ed Fuikerson who is not only trained in recreation management but is also a qualified physical therapist.

## Young Women of Today More Independent

FORT WORTH—Young women of today are more independent and use better judgment. They are more co-operative than those of 40 years ago.

And they need much more closet space—for petticoats.

Such are observations of Miss Elizabeth Shelburne who should know. She has been dean of women at Texas Christian University since 1937.

Actually, Dean Shelburne has been observing co-eds closely since 1916 when she entered TCU as a freshman.

"In those days," she recalls, "young ladies were not allowed to go to town without a chaperone. Dancing wasn't permitted and almost everything was done by rules."

"Today, young women are free to come and go as they wish within a few regulations. They must make most of their own decisions—about how to spend their time or their allowances. The result is that they're more independent and have much better judgment."

The dean speaks with authority. This fall she has general

charge of 1,861 women at TCU. Of these 497 are married. There are over 700 living in the campus dormitories.

## Scribe Cites Own Bungling

AUSTIN—Outdoor Editor Bob Brister of the Houston Chronicle got belated support for his bold decision to describe an incredible opening day deer hunting experience when another gunner after reading Brister's column disclosed he had seen Bob botch an easy chance.

Instead of his own trusted rifle, Brister "fell" for a fancy scope job that had not been shot in, and he exhausted his bullets with spectacular misses, including some while aiming with a fence post rest. He decided to confess his shameful exhibition despite a pre-season column stating only chumps trust a strange gun. The strange hunter, concealed in an adjoining pasture, read the "confession" and phoned Brister for being so frank.

Both agreed that in these hunter-happy times a fellow cannot even bungle a setup shot in privacy anymore.

## Donley County Has Real Swine Producer

County agent H. M. Breedlove says that Donley County has a real swine producer in Mr. E. S. Ballew of Naylor Route of Clarendon. Mr. Ballew has just returned from the International Stock show at Chicago, where he attended the business sessions of the American Swine Registry.

Mr. Ballew requested that he not be re-elected to serve on the registry for another term as he had already served for six years and is the only man from Texas to ever be elected to this high place among the swine breeders of the nation. Mr. Ballew also worked with and still is, Swift & Co., Armour and others on National type Hampshire judging. Mr. Ballew has served also as president of the Texas Swine Breeders Association and also for the all breed association. Dr. Miller of the Texas A&M College Animal Husbandry department appointed him on the advisory committee during the construction of the swine center at A&M College. Mr. Ballew now has his picture hanging in that building on the campus.

Among other things Mr. Ballew

is an honorary member of the Texas Tech Block and Bridle Club; he has been honored by FFA and 4-H clubs all over the state and in Oklahoma and New Mexico. He is vice president of the Donley County Fair and Stock Shows and was very instrumental in the building of the new fair building in Clarendon. Breedlove says that we are all proud of the many accomplishments of Mr. Ballew in the swine production field and the contributions he has made in the advancement of that industry.

## Big Cranes Stir Hassle On Two Fronts

AUSTIN — The international spotlight again is set to swing toward Texas' sprawling wintering areas as the annual southward migration nears for the tiny but tenacious family of whooping cranes.

Meanwhile, according to reports to the Texas Game and Fish Commission, naturalists are torn between concern over successful passage through hunter concentrations of the majestic symbols of conservation, and proposals for new long range flock preservation plans.

The harassed whoopers, straggling remnants of once mighty flocks that graced North American skies, have tottered on the edge of extinction for many years, mainly because of habitat losses and gunfire depredations. The 1956 fall count tentatively is twenty-eight.

The fall whooper show shifts southward toward Texas because the big birds traditionally concentrate for wintering security on and near Blackjack Peninsula along the Gulf Coast.

But the impact of this widely heralded routine would be curtailed under Canadian-conceived suggestions to capture some of the giant cranes for an elaborate pen-raised propagation program.

The far north authorities, noting the perilous whooper status, propose a full-blown captivity test. They indicate a possible show-down trial run with captive sand hill cranes, another large and more populous bird.

But reports to the Commission indicate that American authorities, who have managed the unsuccessful pen-reared experiments to date, believe a newly reinvigorated save-the-whooper program will get the job done.

In this direction, the United States Fish and Wildlife Service

with the cooperation of the Texas Game and Fish Commission, has banned waterfowl hunting on an additional 4,640 acres of land and water, adjoining the Whoopers' wintering habitat on and near the Aransas National Wildlife Refuge.

The greatest potential security force for the graceful whoopers, according to the Executive Secretary, is the massive combined Canadian and American public education program designed to help convey the migrating whoopers past the countless shotgun and rifle barrels lining the southward flight.

This is an elaboration of the first concentrated effort, initiated several years ago by the Texas Commission, to recruit all news media behind the whooper cause by dramatizing the huge cranes' plight as symbolizing wildlife's predicament generally.

Navy divers can now explore the briny deep on a submarine sled which can be controlled with one hand. The diver can dive, surface, turn and roll, and camera equipment can be lashed to the sled for underwater use by the diver.

## Annual Football Banquet Held Monday Evening

The annual Football banquet honoring the CHS Bronchos took place Monday evening, December 10, at Lions Club Hall with the Broncho Mothers as hostesses. The hall was gaily decorated to carry out the school colors of maroon and white. Tables were laid with white cloths. Centering the head table was the district trophy won by the Bronchos this season. Floral arrangements were of white chrysanthemums and maroon leaves, and white candles were used. Miniature pennants bearing the letters CHAMP, and footballs were placed on maroon streamers extending down the length of the tables.

Other decorations included maroon curtains at the windows, wall plaques, footballs, and bonbons. A screen to the back of the room was covered in a maroon background with CHAMP in large white letters.

Master of ceremonies was John Payne. Rev. C. M. Ryan gave the Invocation. The Welcome Address was given by Jimmy Phillely with Guy L. Mills giving the Response. Following the turkey dinner, Coach Tom Jinks showed several movies, parts of which were games played by the Bronchos this season.

Attending were members of the Broncho Squad; their fathers; the football queen, Miss Phyllis Hill, and her attendants, Misses Katherine Dangler and Elizabeth Smith; also Rev. C. M. Ryan; Mr. and Mrs. W. W. Pinkerton; Mr. and Mrs. Kenneth Vaughan; Mr. R. E. Drennan; Mr. and Mrs. Tom Jinks; Mr. and Mrs. Kenneth Clapp; and Mr. Billy Jack Land.

## FEAST OF THE IMMACULATE CONCEPTION CELEBRATED AT CATHOLIC CHURCH

Feast of the Immaculate Conception was celebrated at the local Catholic Church Saturday evening at 6:30 by Father C. J. Corcoran. Mass was followed by Benediction of the Holy Sacrament, The Rosary, Litany of Loretto and the Angelus. Mrs. John Semrad played the 67-year old foot-pump organ while Joanne Hermesmeier and Deanna Cooper sang the Benediction. Acolytes included Shelby Bell Jr., Richard Bell and Frank Hermesmeier Jr.

The National Legion of Decency pledge was made by parishioners.

Mass on Christmas Day will be celebrated at 9:00 A. M. by Rev. C. J. Corcoran. The public is cordially invited to attend.

# PLOWIN' Out the CORNERS

By Uncle Zeb

"Even Christmas can be called in question, if carried too far can cause indigestion."

Wouldn't it be wonderful if we could live in our heart just like every day was Christmas; except for the indigestion, etc.

## Chase Radio-TV Service

I never think of Christmas but what I think of the year that I wished for a nice quiet time at home. The day came and was it quiet; I was all laid up with the mumps and not even my favorite nieces would come anywhere close, and my own children talked to me from the other room. Was it quiet, except that I kept the radio going almost day and night for racket. No, No, please no more quiet Christmas times.

Wouldn't it be wonderful to have pocket books that would fit our hearts at this time of year? So, we could just give and give to our hearts content. Still and all perhaps folks appreciate our little cards and thoughts and small remembrances just as much.

As we approach the Christmas season we need always to make it a thankful time. A time when we are especially thankful for the One whose birthday it is. The One who gave us our all, even our life and our personality. Who gave us our loved ones and our friends. Our country and our community. Our Saviour and our Salvation. The one who brought us the Bible and our Church. If we think of all these things and kneel to give thanks to the Giver, it would seem hard to turn away

and again and go about celebrating Christmas, His Birthday, with drunkenness and selfishness and bitterness. Love, patience, soberness, and thankfulness seems so much more appropriate for the occasion.

"Some folks would rather blow their own horn than to listen to the best band in the country."

We have heard a lot about hard and easy money. According to our experience it is always hard to get and easy to get rid of.

Speaking of these fast motorists, we heard someplace that too many folks were in such a hurry to get into the next county until before they knew what had happened they wound up in the next world. This is so very true. So, let's all be more careful this year than ever before.

You know, we believe that the best way to be miserable is to spend our time thinking about ourselves; about the way folks treat us. Also, about the things that we think folks should do for us, and sometimes we can make ourselves a total wreck just by worrying about what folks think of us. Most of the time they aren't even thinking about us.

On the other hand about the best way to find yourself almost suddenly happy is to start thinking about others. About our loved ones and our friends. And about those about us who are less fortunate than we. Begin thinking about the little things that we might do to make the world better for someone else. Yes, just thinking about this we begin to feel better down deep inside.

"A rabbit's foot is a poor substitute for horse sense." Anyway, it didn't even bring good luck to

the rabbit.

## Don Johnston Reaping Great Harvest Out Of Two Music Lessons

FORT WORTH—Don William Johnston, 23-year-old Evening College student at Texas Christian University, is reaping perhaps the greatest harvest ever out of only two music lessons.

He is the author of two "rock-billy" songs that currently rate high in the list of such things in national magazines.

His "Born to Love One Woman" is given a 72 mark (out of 100) by "Billboard" and the other, "How Many?" stands at 70. They are on either side of a record release by Mercury.

Young Don, a 1950 graduate of Lake Worth high school near here, is both busy and versatile. He works days for the Bell Aircraft Corp. and is taking a heavy load of classes in Evening College.

But he still finds time for his avocation of song-writer, arranger, singer and guitar player. Fellow students who should know rate his style "along a thin strip between Elvis Presley and Ernest Tubbs".

Johnston started his song-writing a few years ago while in the Navy. He took only two music lessons but they were enough to start him on his way.

His first success was "Send This Wanderer Home" recorded by Darrel Glenn for Dot Records. He followed with "You Ain't Treating Me Right" which was plugged by a New York disc jockey and got the singer, Mac Curtis of Weatherford, a booking in the Paramount Theater.

For his latest hits, Don decided

to do the singing himself and things have gone very well. Released on Nov. 13, the recording sold out in some of the Fort Worth shops. Now Johnston has a contract with a New York agent.

It seems to be a year for TCU song-writers. Marvin Moore, a journalism graduate of 1942, is the author of the lyrics for the best-selling "Green Door". He now lives in Ridgewood, N. J.

## DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Clyde (Shine) Martin is one of the Cooperators with the Donley Soil Conservation District who is planning to plant a windbreak to protect his farm home from the high winds common in this area. Mr. Martin will plant the windbreak in the terrace channel west of his house and bring it around to the road north and south of the

farmstead. The run-off water caught by the terrace will make additional moisture available to the trees, and will increase their rate of growth.

Windbreaks around the farmstead have an esthetic and wild life value as well reducing wind velocities, and should be considered when the farm plan is developed with the District. Soil Conservation Service technicians will assist the farmers who are interested in windbreaks work out the kind of trees and shrubs to plant and the spacing they should be planted on.

## Postmaster Asks Help On His "Mail Early For Christmas" Program

Postmaster Ray Moore said today that the mounting volume of Christmas mail makes it vitally important for everyone to help on his "Mail Early For Christmas" program.

He reports that the flow of Christmas cards is running about the same as last year, but mailing of gifts by Parcel Post is definitely behind schedule, and he urged that all out-of-state parcels be sent by Air Parcel Post from now on.

"Most people realize that the early arrival of a Christmas card or gift is always welcomed", the Postmaster pointed out. "But there are still some who have the mistaken idea that a gift or card arriving on Christmas Eve has a special significance. Actually, it is the thought behind the gift or card and not the time of arrival that is the important consideration."

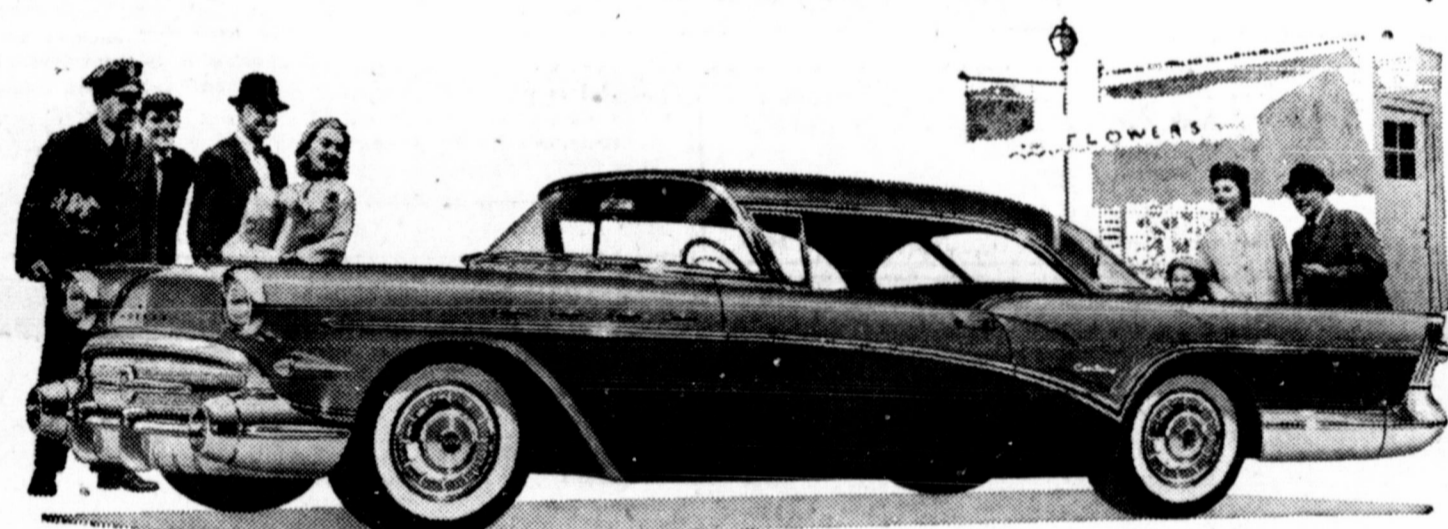

The Navy's new cruiser, USS CANBERRA, is an exception to the rule that all cruisers are named after American cities. It was named for the gallant Australian cruiser CANBERRA, which went down along with three American cruisers in the Battle of Savo Island during World War II.

## What's it Got that Everyone's After?

WE figured folks would go for the '57 Buick—and big.

But we sure didn't figure *this*—the most rousing reception we've ever seen in all our years of selling new Buicks.

We're getting more enthusiastic talk—along with the signed orders—than ever before. And, neighbor, if you want to know *why*—listen:

This '57 Buick has that sleek low-sweep styling that today's moderns want—and it's here in extra-long measure, in the *lowest* Buick yet.

It has the room they want—for Buick's new wide-frame chassis permits a sports-car silhouette with *more* interior roominess than even last year's spacious Buicks.

It has newness everywhere, and newness that's *wanted*...

A smart new panoramic windshield. The surety of a new "nested" ride. A brilliant new handling and leveled braking that come of an ingenious new ball-joint suspension. It even has a new Safety-Minder\* that watches your miles-per-hour for you.

But even more important, this rakish sweep of automobile has a new kind of *instant* response—and that's the biggest reason for the soaring popularity of the newest Buick yet.

For here is performance—smooth as spun silk—unleashed by a totally new V8 engine 364 cubic inches big, and with the highest compression, torque and horsepower in Buick annals.

And here, to deliver that might, is the power-pitch action of an advanced new Variable Pitch Dynaflo.\* A Dynaflo of such instantaneous obedience, such smooth and versatile control in "Drive"—the need for "Low" is virtually ended.

In all truth, you've never bossed a car so keenly alive, so smooth in motion, so solid in feel. It's ahead of its time, ahead of the industry—even ahead of your great expectations.

Come check up on all this. Come drive this shoulder-high sweetheart—*today*.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Minder standard on Roadmaster, optional other Series.

# Inquiries and Sidelights FROM Your State CAPITOL

By VERN SANFORD  
Texas Press Association  
AUSTIN—Texas' new leaders, who take over state government in January, face the holiday season with visions of tax dollars dancing through their heads. Gov-Elect Price Daniel of Liberty already has set up unof-

official headquarters in Austin. So has Rep. Waggoner Carr of Lubbock, unopposed candidate for Speaker of the House. They will be in almost continuous conference with incoming legislators the next few weeks, hoping to smooth the way for a fast start in January.

Their problem parallels the December dilemma of most parents—how to buy everything Santa promised without upsetting the budget. Campaign promises, constitutional amendments voted by the people and increased money requests from state departments threaten to do just that.

Earlier Gov. Allen Shivers had predicted a \$50,000,000 surplus for the next biennium with no need for new taxes. State Comptroller Robert S. Calvert said he could foresee only a \$25,000,000 to \$30,000,000 surplus.

But outgoing House Speaker Jim Lindsey took a flat "there ain't no Santa Claus" attitude. "Texas' growing population means spiraling expenditures, said Lindsey. Amendments giving increased

teacher retirement and aid to the disabled will add some \$12,000,000 to the state budget, he noted. Lindsey pegged estimated revenue for the next two years at \$274,000,000, appropriation requests at \$336,000,000. Result: some 25 per cent would have to be financed with new taxes.

### AUTO INSURANCE

Texans may enjoy lower automobile insurance rates and lower costs in other lines of casualty insurance if the Texas 1957 Legislature adopts a proposed flexible rate system. The state currently has a single rate plan—all companies charge the same on casualty insurance.

A Texas Casualty and Surety Legislative Study Committee, named by 40 Texas insurance companies, has recommended that the single rate plan be abolished and a flexible plan, such as used in other states, be adopted.

Says Bob Hilton, study committee chairman: "Many companies are willing and able to charge lower rates and would be permitted to do so under a flexible rating plan which throws insurance charges open to competition and allows a company to set its rates at the lowest level consistent with sound operations."

### INAUGURATION WORK BEGUN

James P. Nash heads the group of Austinites already at work on 1957 inauguration festivities.

Other leaders are E. R. L. Wroe Jr., vice chairman; E. C. Bartholomew, secretary; Robert M. Kinman, treasurer; Ed Clark, acting treasurer.

With \$1,241 left over from last inauguration, the committee needs to raise some \$14,000 more if Austin is to carry out in style its traditional role of "host to the state." Invitations by the thousands, a parade, receptions and several balls are part of the bi-annual splurge.

### COURTS BUILDING CONTRACTS LET

Contracts totaling \$2,097,651 have been awarded for construction of a new state Courts Building.

This figure includes everything but the architects' fees and interior finishing, according to the State Building Commission. These are expected to run the total cost up to \$2,895,943.

### WOMEN JURORS APPLAUDED

Use of women jurors may have a wholesome effect on our court procedures, says a Supreme Court Justice.

Judge W. St. John Garwood thinks presence of women "will probably result in more cleanliness, order, restraint and dignity."

Judge Garwood also noted "increasing criticism" of jury trials in civil cases. Mounting volume and complexity of civil litigation makes the system more and more

cumbersome, he said. This, he suggested, plus "declining popular fear of judges as arbitrary or corruptible" may pave the way for reform.

### HEALTH OUTLOOK BRIGHTER

An infant's chance of survival has increased many fold in Texas in the past two decades.

Infant death rates have dropped from 71 to 30 per thousand since 1936, according to the State Department of Health. In the same period maternal deaths and stillbirths have plummeted from 6.9 to 0.5 per thousand so far this year.

Even greater improvements are predicted by the department as higher health standards become commonplace.

### From where I sit... by Joe Marsh

Just Call Me Cupid  
The counter down at Pete's was full yesterday, except for three seats near the end, so I plunked myself down on the middle one. As I took my first sip of coffee a cute young couple came in—a girl in her early twenties followed by a fellow perhaps a year or two older. Without saying a word, they took the only two seats left on either side of me. Remembering my younger days, I insisted the young man take my seat so they could be together. He hesitated at first, then finally he shrugged, grinned and said to the girl, "Well, let's make him happy. My name's 'Ricky'. What's yours?" From where I sit, there was no harm done that time, but jumping to conclusions can be embarrassing. In fact, it's sometimes mean and intolerant—like the way some folks jump to the conclusion a man's "wrong" to prefer a glass of beer over another beverage. Lack of facts coupled with lack of judgment introduces trouble.

## TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

### CONGRESS UNDER PRESSURE

On the 3rd of January, 1956, the 85th Session of the Congress of the United States of America will convene. Political writers and experts in the East are predicting that, immediately after the Congress convenes, the pres-

sure will be on for the early passage of a legislative program that can be used as a base platform for the much advertised new Republicanism. It seems to be the opinion of the political experts that a speedy and all-out attack will be necessary to force the program through; that if the program is not passed in the first two years of the President's term, much of it will be doomed. The interesting and somewhat amusing feature is the nature of the program predicted by these political fortunetellers. It could eas-

ily be mistaken for the Roosevelt-Truman programs that were such hot issues for so many years. For instance, the political analysts say that the legislative "musts" program will include such items as (1) Civil Rights legislation. (2) A federal health insurance program. (3) Amendment of the Taft-Hartley Act. (4) Federal aid to education. (5) Expansion of Fair Labor Standards Act to include many more workers under minimum wage and maximum hour provisions. (6) Expansion of the social security system. (7) Foreign Aid. Expansion of economic aid to underdeveloped countries. (8) Channeling of government contracts to thickly populated areas to avoid unemployment. (This means the additional expense to the taxpayer, because the determining factor is not the cost of the goods to be purchased, but the economic situation in a particular area. This, of course, reduces the chance for industrial expansion of those sections of the country not presently industrialized.) (9) Liberalization of immigration laws. (There has long been a major effort to shift unused quotas from such countries as England, Sweden, etc., to other countries that have many people

wanting to migrate to this country). (10) Increased military spending. (11) Statehood for Alaska and Hawaii, and voting rights for the District of Columbia. (12) Increased aid for hospital construction.

The failure of Roosevelt and Truman to obtain passage of much of this legislation was due to strong opposition from those who were violently opposed to the centralization of our government and a concentration of power in the hands of a few individuals in Washington. If the predictions of these political prognosticators are even partially correct, it would appear that the sessions of the 85th Congress will be most interesting.

Two items that are noticeable because of their absence in the list of political predictions, are small business legislation and legislation concerning the farmer and rancher. When these two items are mentioned, they usually appear at the bottom of the list and seem to be somewhat of a second thought. The disregard of these two items by many of the writers causes me concern for two reasons. In the first place, these two segments of our economy are in deep trouble and must have some assistance. In the second place, Eisenhower has mentioned both of these items several times as being of concern to him. The failure of the writers to treat these two matters as serious makes me wonder if they know something that the rest of the country has not been told.

**AMERICA ON WHEELS**  
The hearings that have been held by the Committee on Traffic

Safety, of which I am a Member, have certainly proven that America is truly a "nation on wheels". Everyone in this country seems to be going some place or coming back. I guess all Americans have a certain amount of gypsy blood. Several years after World War I, I had occasion to visit with a German Army officer who had come to this country to live. He defined an American as "a person who, regardless of where he was, wanted to go some other place, and when he arrived there wished that he had stayed where he was in the beginning." In other words, he felt that Americans wanted to go some place just for the sake of going. This is certainly true in my household. Mrs. Rogers and I wanted to go to a football game the other day and our two youngest insisted they go too, although they had no idea where we were going. To save controversy, we took them. When the game was about one-fourth through, the little girl got my attention and asked the following question: "Is this baseball or football can I have another cup of hot chocolate?"

Sarah Bernhardt continued her career during her old age with only one leg.

## Do You Want 31 Years Of Schooling? - - Well, Here's Why & Where

PLAINVIEW—If a student attempted to take all the courses offered at Wayland Baptist College today, he would spend 31 years of his life on the campus, according to Bob Hilburn, feature writer for the Plainview Daily Herald.

Delving a bit further, he learned that "in view of a constantly changing curriculum, a conservative estimate is that by the end of the 31 years at least half the courses would be changed. Therefore, a student could spend an additional 15 years at the college without duplicating work.

"Each graduation time, Wayland students, just like at other schools, give a sigh of relief that the ordeal of getting an education is finally over," writes Hilburn. "Actually, the average of 40 courses they take for a degree only scratches the surface. "Wayland is currently offering 428 different courses in 26 var-

ious departments. This represents a total of 940 semester hours (120 usually required for a degree) which would take 62 semester or 31 regular school years to complete.

"The cost of tuition and books for the 31 years' work would be \$9,610, while room and board would add an additional \$15,500. "Besides the regular academic studies such as English, history, science and education, our energetic student would also be well trained in Christian recreation, home and family life and music.

"The 428 courses, which can be taken with or without credit, include Conversational Spanish, which currently has 42 persons enrolled, survey of the Bible, and Federal Income Tax figuring. Other courses will be added as the community demand justifies, running the total hours available even higher."

### SOCIAL SECURITY INFORMATION

According to a statement from John R. Sanderson, Manager of the Amarillo Social Security Office, most Panhandle farmers will have enough social security coverage at the end of 1956 to qualify for social security insurance. All such farmers who are 65 years of age and who reported as much as \$400 in profits for each of the years 1955 and 1956 will be eligible for social security monthly payments.

For these farmers to receive such payments they must either be 72 years of age or be retired to the extent that they do not expect 1957 profits to be more than \$12,000, Sanderson says. Even if profits for 1957 are expected to be more than \$1200, however, payments for some months in 1957 can be made if profits do not exceed \$2,080. Farmers who expect to file an-

plication for social security payments after the end of 1956 are advised by Sanderson:

1. Have an extra copy of your 1956 income tax return prepared for the Social Security Office.
2. Claim all allowable expenses on your income tax returns, including depreciation, insurance, and taxes.
3. Do NOT include crop or cash rentals as income unless as the land owner you were active in the farm operations.
4. Do NOT include income from sale of machinery or from sale of livestock which had been held primarily for dairy or breeding purposes rather than held primarily for sale.
5. When contacting the social security office, bring a copy of your 1956 tax return which the social security office can keep and bring your cancelled check or money order receipt showing taxes have been paid. Also bring oldest available written document showing your date of birth or age.

### Big Cranes Do Joy Jig

AUSTIN — A Whooping Crane dance of joy at surviving the long, hazardous flight from the far northland was described by Joshua J. Harman, assistant manager of the Aransas National Wildlife Refuge.

Harman was checking in the majestic birds down on their Texas coast wintering grounds. Not-

ing the arrival of Number 21 of the apparent 28 whoopers alive, Harman wrote: "One of the whoopers began to bow and pick up things to offer the other bird. It began to pivot and whirl and then to leap into the air (Mature whoopers are over four feet tall and have seven foot wing spread). In all, it made six to eight of these spectacular leaps. The other bird was not much interested and did very little bowing.

and leaped only once. After this exhibition, the birds walked across the pond to where twenty-three sandhill cranes were standing, whereupon one of the sandhills did a short dance."

Harman surmised that any migrating bird would ignore its exhaustion and dance after getting by the countless hunters guns lining the tortuous flyway.

Best thing about portable irrigation is that you get water where and when you want it. Hilly terrain is no problem. Sandy soil that sucks water out of ordinary irrigation ditches is no problem.

Portable irrigation is as precise as watering each plant by hand.

What does this freedom from dry spells and troublesome terrain cost? A lot less than you think. We know farmers, right in this county, who have paid for their systems in two years—three years. They did it with better crops. By getting to market first. By being independent of drought.

Call us or stop in today and let us show you how to engineer a portable irrigation system to your farm. We carry complete systems, parts and the very finest Alcoa Aluminum Pipe.

Step into the wonderful world of AUTODYNAMICS  
It tames a tornado of torque!

It unleashes a hurricane of power  
It breaks through the vibration barrier  
It is swept-wing mastery of motion

Ahead of you, the hushed purr of a muted engine throbs with power. And at your fingertips, the push-button magic of new TorqueFlite automatic transmission stands ready to convert this power to surging take-off. A touch of the "Drive" button triggers the newest, slickest, most responsive "get up and go" on the road. You sweep to cruising speed through an extra speed range that gives silk-smooth breakaway acceleration. Here is push-button driving that packs a thrilling new "1-2 punch" for complete and effortless command of

every driving situation. You break away from the pack when the light says "go." Romp through stop-and-go 5 o'clock rushes. Breeze past "highway crawlers." Push-button driving is just one of the exciting experiences that await you in the Swept-Wing Dodge. There's a mighty new aircraft-type 310 hp. Super D-500 V-8 Engine. New Total-Contact Brakes that match stopping power with horsepower. New Torston-Aire Ride that cushions you in a "Realm of Silence." All this is yours in a low-slung, swept-wing beauty only 4½ feet high. See and drive it today!
