## Donley Fair Draws Large Crowd; Acclaimed One of The Best

The 1957 Donley County Fair and Horse Show was one of the best ever put on in Clarendon says H. M. Breedlove secretary and manager. The premium money paid in all the different departments was made possible by the buying of the ads in the catalog by the different merchants, businessmen and individuals whose names you see on the pages. A large crowd saw the county fair and every one visiting the fair thought it was the largest ever held in Donley County.

The judging started Friday morning of the thirteenth. The poultry results are not available for this issue of the Leader but will be in next week's paper. The community agriculture exhibits were judged by Mr. Kenneth Porter of the Amarillo Experiment Station and there were fourteen communities represented. First place went to Chamberlain, second to Lelia Lake, third to Windy Valley, fourth to Midway, and fifth to Hudgins. In the flower department, the results will be published by the Les Beaux Arts Club. The Home Economics department was judged by Miss Helen Dunlap of the Texas A&M College Extension Service. First place went to Clarendon and second to Hedley. Miss Dunlap also judged the Cake department. There were three first places on the plain cakes, going to Mrs. Jack Lewis, Mrs. Leroy Luttrell and Mrs. Eva Phelps; the special occasion cakes: 1st place went to Mrs. Jack Lewis and second to Mrs. Bobby Dishman.

The horse show was judged on Saturday morning by Judge John Stotts of Matador. All horses in the show were registered quarter horses and showed according to the rules of the American quarter horse association. Following will be the first three placing in each class: Stallions foaled in 1957, first Johnny Burson, Silverton, Texas; second, Ray Pittman, Amarillo, Texas; third L. A. Ford of Claude, Texas. Stallions foaled in 1956: first, Johnny Burson of Silverton; second V. N. Holland of Childress, Texas; third, Otto Thuler of New Brighton, Minn. Stallions foaled in 1955: first, Kenneth Welch of Amarillo; second to W. J. Adams of Clarendon. Stallions foaled in 1954: first, Lightning 7 Horse Co. of Quanah, Texas; second to Deck Bevers of Paducah, Texas. Stallions foaled in 1953: first, to Johnny Burson of Silverton. The grand champion stallion went to Johnny Burson of Silverton, with a stallion named French Fry, and the reserve champion to

Kenneth Welch of Amarillo, with the Great Bambino.

In the Mare class, mares foaled in 1957: first, M. C. Lewis of Vinson, Okla.; second, Ray Pittman of Amarillo, and third to Edmund Bremer of Eldorado, Okla. Mares foaled in 1956: first, Kenneth Welch of Amarillo. Mares foaled in 1955: first, E. R. Moon of Amarillo; second, V. N. Holland of Childress; third, R. E. Jones of Childress. Mares foaled in 1953: first, Jimmie Mitchell of Eldorado, Okla.

Grand champion mares went to E. R. Moon of Amarillo, showing Prissy M. Miss. The reserve champion mares of Kenneth Welch showing Sattalite.

In the reining class for children under sixteen years of age: first, Jimmy Burson of Silverton; second, Mac McClellan of Clarendon; third, Stevie Shelton of Clarendon and fourth, to Renny Moon of Amarillo. In the adult reining class, first went to Johnny Burson of Silverton.

C. L. Lewis, president of the Fair Board, and all the directors thank every one who worked on your fair making it one of the biggest ever held in Donley County, and we will look forward to 1958 when we will try to have one even better than this year, stated H. M. Breedlove.

## First Cotton In County Ginned At Hedley

Two bales of cotton were ginned Saturday, September 14th at Hedley, the first of the new 1957 crop.

The first bale was grown by Woodrow Farris and was ginned by West Texas Gin. He had 1700 pounds of cotton and the finished bale weighed 440 pounds. The bale was bought by the Hedley Booster Club and brought 40c per pound.

A second bale, ginned one hour later by the Paymaster Gin, was brought in by E. V. Driver. He had 1900 pounds of cotton and the bale weighed 438 pounds. It was purchased by the Paymaster Gin and brought 40 cents a pound also.

## West Texas Utilities Co. To Hold Open House September 24th

West Texas Utilities Company's remodeled office in Clarendon will be the scene of an Open House celebration Tuesday, September 24, when Local Manager, C. A. Pitts, and the Clarendon personnel will play host to citizens of Clarendon and surrounding territory.

Visitors will be received from 2:00 until 5:00 P. M. and special favors will be presented to all. Refreshments of coffee, cold drinks and cookies will be served. Door prizes will be awarded, and the winners do not have to be present to win. Registration for door prizes will start at 2:00.

Company personnel from the District Office in Childress and from the General Office in Abilene will be present to assist with the Open House.

The WTU office in Clarendon has been completely remodeled and redecorated by W. O. Wallace of Ballinger who purchased the building several months ago. The utilities company leases the building from Mr. Wallace. Complete new office equipment and furnishings have been installed throughout.

October marks the 30th year that West Texas Utilities Company has been serving the citizens and business institutions of Clarendon with electric lights and power.

Approximately 1,300 customers are served out of the Clarendon office by WTU.

The electric properties were purchased by the company in 1927 from Central Power and Light Company. M. R. Garrison was serving as Local Manager for C P & L at the time of purchase and remained with the new company as Local Manager until 1928 when he was transferred to Childress.

Garrison was succeeded by T. D. Norred who served as Manager in Clarendon until 1934. The third Local Manager was the late C. M. Lowry who had worked in Clarendon in the service department for several years prior to 1934. Lowry served as Manager until his death in March, 1952.

A. D. (Lonnie Walker), Chief Clerk in the Childress Office, succeeded Lowry as Manager and served as Local Manager until January, 1956 when he was transferred to Vernon.

Mr. Pitts has been serving as Manager in Clarendon since 1956. He is a veteran employee with more than 28 years of service with WTU. During that time, he has worked in the construction department, service department and as a Local Manager in Matador and Mason.

Assisting Mr. Pitts in the operation of the Clarendon office are Phebe Ann Buntin, cashier-bookkeeper, and V. L. Smith, L. M. Smith and Guy L. Mills in the service department.

## High School Classes Elect Officers

The Clarendon Senior High School classes have organized and elected their officers for this school year. The seniors elected Don Taylor as president and Phyllis Hill as vice-president. Beth Gillham was elected secretary of the class.

The juniors selected popular John Richerson as their president; John Tom Morrow, vice-president; Linda Self, secretary; Beth Lamberth, treasurer; Paula Vanderburg, reporter, and Douglas Allee, sergeant at arms. Sophomore officers elected are: Ann Slavin, president; Dennis Bradshaw, vice-president; Linda Hardin, secretary; Lynn Spier, treasurer, and James McAnear, sergeant at arms. The freshman class elected Philip Abel, president; Ronnie Tyra, vice-president; Ann Hubbard, secretary and treasurer, and Janie Smith, reporter.

## Flower Show Winners At Donley County Fair

The Hedley Garden Club won Sweepstake honors at the Flower Show that was held in connection with the Donley County Fair last Friday and Saturday. The beauty of the flowers themselves combined with the skill of arrangement of the members earned the award for the Hedley Garden Club. An exceptionally large number of arrangements were displayed at the show, which is sponsored by the Clarendon Garden Club and Les Beaux Arts Club.

Winners of First Place Ribbons were:

Mrs. Clyde Butler, Spider lilies; Mrs. Emmett Simmons, arrangement; Mrs. Spurgeon, dahlias; Mrs. Melvin Cook, hibiscus; Miss Sheffield, princess feathers; Mrs. Bill Greene Sr., African violets; Mrs. John Goldston, berries; Miss Anna Moore, fruit arrangement; Mrs. Forrest Sawyer, rose arrangement; Mr. T. T. Allred, arrangement; Mr. T. T. Allred, rose specimen; Mrs. Pete Kunz, caladiums; Mrs. Leathers, dahlias; Mrs. W. W. Taylor, asters; Mrs. W. W. Taylor, Shag asters; Mrs. L. Luttrell, marigolds.

Winners of second place ribbons were:

Mrs. Arrie May, fruit arrangement; Mrs. D. D. Swift, roses; Mrs. Spurgeon, verbenas; Mrs. Eva Phelps, berries; Miss Sheffield, asters.

The Hedley Garden Club, who donated the flowers and worked on the arrangements as a group, received first place ribbons for sweet peas, red dahlias, celasia, and red roses, and second place ribbons for dahlias, straw flowers, and an aster and daisy arrangement.

In the department for the Home Economics Girls the winners were: first place, Linda Lemmons, vegetable arrangement; second place, Elwanda Gresham's fall arrangement; third place, Barbara Koontz's fruit arrangement; fourth place, Jo Veta Ashcraft's fruit arrangement; fifth place, Elwanda Gresham's arrangement.

The ribbon winners of the children's department were: first place ribbons: Mary Jo Moss, Frank Phelan, Jr., and Anna Beth Simmons; second place ribbons: Judy Greene (2 ribbons), Cheryl Hardin, and Joel Greene; third place ribbon: Mike Mears.

The members of the Les Beaux Arts Club and the Garden Club wish to express their appreciation for the time, thought, and work of all the exhibitors and to thank them for making the flower show a success.

## Hal Upchurch To Speak For Baptist Brotherhood

Brother Hal Upchurch, pastor of the Temple Baptist Church of Amarillo, will be the speaker at the regular monthly Baptist Brotherhood meeting next week. Brother Upchurch was the pastor of the local First Baptist Church some years ago. Everyone respected him and he was accepted as a great pulpiteer during his pastorate in Clarendon.

This meeting will be a supper meeting. The meal will begin to be served at 7:00 p. m. The program will follow the meal. Brother Van said he expects this meeting to attract one of the capacity crowds.

Mr. and Mrs. Bill Allen have moved back to Clarendon from Amarillo.

## Bronchos To Meet Shamrock Irish Here Friday Night, 8 O'clock

The Clarendon Bronchos, smarting from the stings of two close defeats by Stinnett and White Deer, two highly rated Class A teams, will take on the Class AA Shamrock High School team at Broncho Stadium at eight o'clock Friday night.

Friday night's game will be the second meeting of these two teams in the past two football seasons. The Bronchos defeated the Irish by a score of 32 to 0 last year. However, Shamrock's team this year is rated considerably above last year's edition. Thus far, the Irish have lost two close games this year. They started off the season by outplaying McLean but losing to the Tigers, 7 to 6, and last week went down, 20 to 7, under the power of the Lefors Pirates. The meeting between the Bronchos and the Irish should give local fans some idea of how the Bronchos compare in strength with McLean and Lefors, both district foes of Clarendon.

Coach Tom Jinks of the Bronchos has announced the following probably starting line-up for this week's game: Jimmy Johnson and Don Taylor at ends; Ted Weatherly and either Milton or Monty Mann at tackles; Keith Hudson and Darrell Lefew at guards; John Richerson at center; Jerry Behrens at quarterback; Richard Vallance and either John Tom Morrow or Dewey Wilson at halfbacks and Carl Evans at fullback. The Bronchos, barring injuries in workouts this week, should be in better physical condition for this game than in either of their other two games. Darrell Lefew, scrapping little guard,

## Sister of Local Lady Dies Here Sunday

Mrs. Norma Skinner Wooten, 77, of Centerton, Ark., died Sunday morning in Adair hospital here. She had been here four weeks visiting a sister, Mrs. Crockett Taylor.

Funeral services were held at 10 a. m. Wednesday in the First Baptist Church of Centerton, Ark. Burial was in the Centerton Cemetery. Murphy Funeral Home was in charge of arrangements here.

Mrs. Wooten is survived by three sisters, Mrs. Laura Todd of Gustine, Texas; Mrs. Crockett Taylor, Clarendon, and Mrs. Effie Andrews of Rogers, Ark.; two brothers, Guyton Skinner of Brownwood and Mark Skinner of Comanche.

missed the Stinnett game and Keith Hudson, who carried the major load of the line in the Stinnett game, missed last week's game with White Deer. With both these boys in the lineup at the same time along with another standout, center John Richerson, the Bronchos can present a formidable line.

Coach Jinks also stated that a number of the other boys who have been working hard all season are coming along fine and may be seeing action before long. James McAnear, 210 pound sophomore tackle has been on hand for spot duty for both the games so far and is improving. Also, Wesley Webb and Wayne Mann should be pushing some of the other boys for starting berths in the near future. Other boys who are showing up well in workouts include: Ronnie Tyra, center; Charles Percival, Tommy Messer and Bob Schull, guards; John Neely, and Lynn Spier, tackles; Jerry Hicks, end; and Neel Carter, James Kay, and Don Hudgins, backs.

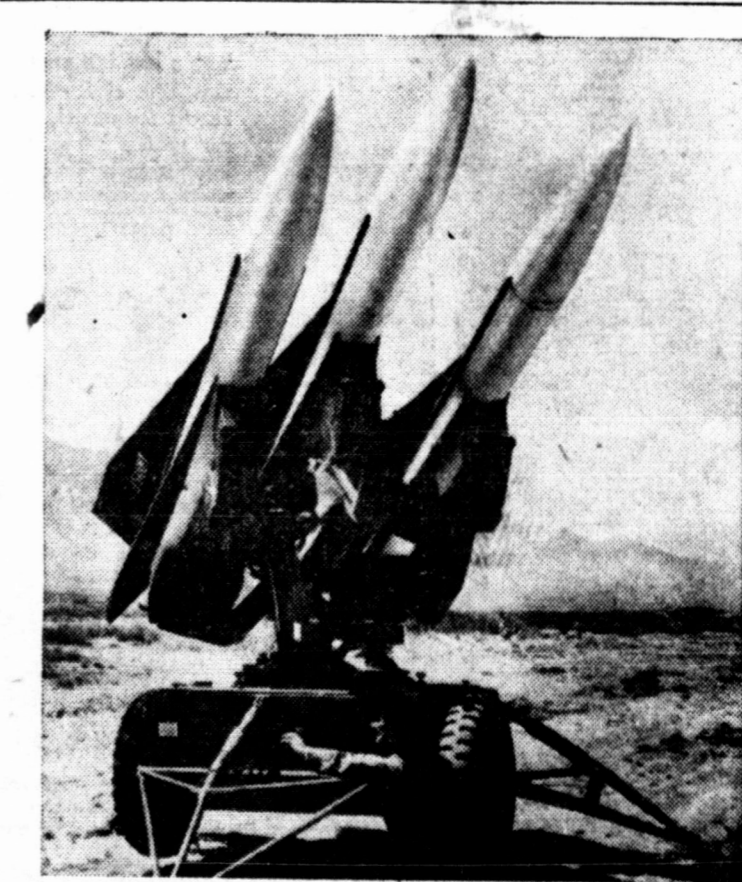

## Donley Exhibit Ranks High At Amarillo Fair

The Donley County agriculture exhibit at the Amarillo Fair was made up of commodities taken from the Donley County Fair. Top agriculture commodities were selected from each community in the county fair to take to Amarillo to make up the County exhibit at the Tri-State Fair.

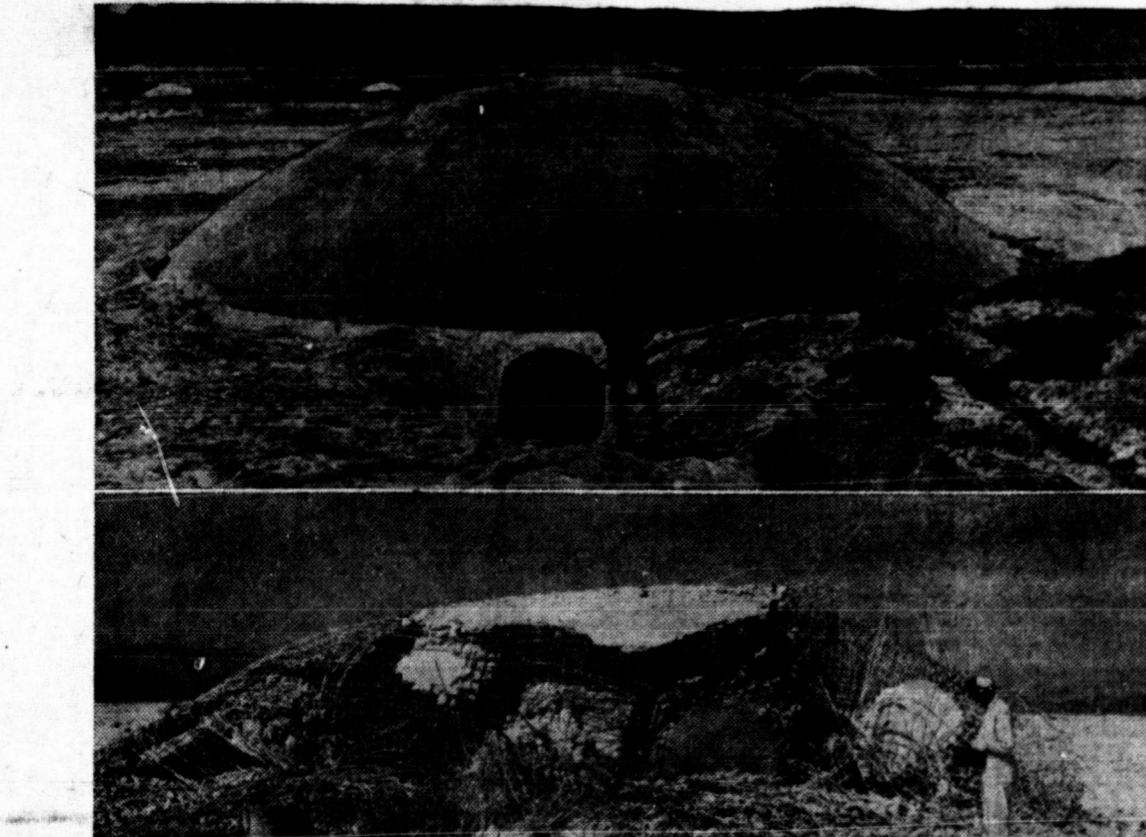

The judging at Amarillo was on the fifteenth and each commodity on the booth had to compete with the same commodity from all other counties. Counties setting up exhibits were from the high and south plains and all over the Panhandle.

Donley County finished in the judging with two more first places than any other county in the agriculture department in the Tri-State Fair. County Agent H. M. Breedlove, was in charge of the display at the Amarillo show and was assisted by Lloyd Reid and W. H. Cooke III.

Breedlove says that much interest was shown in the big watermelon on the Donley booth that won first place and weighed ninety-five pounds and was raised by E. E. Fox of Lelia Lake. The county agent also praised the good selection of grains and vegetables of those in charge of the community agriculture exhibits which made the good showing at the Amarillo show possible.

HOME SHELTERS, a new design whose low cost and easy construction would adapt it to mass production, were tested at the Operation Plumbbob atomic tests in Nevada at pressures from 20 to 70 times those which a house is normally built to withstand. The 50-foot-diameter shelters may be seen before the blast in the upper photo. The lower photo shows one of the domes which was deliberately tested at a pressure so great that it would fall, so its weaker points could be studied. (ATO Lookout Mountain Lab Photo)

**LIBRARY NOTES**

By May L. Prewitt

There are no new books to announce this week but we have recently received two \$5.00 donations and that with our fine money will clear our debts and probably buy one book. We can begin to enjoy reading the new book lists when we can purchase an edition occasionally. There are several recent magazines you can enjoy. Since the evenings are cool, reading will attract us more.

Slaughter and Yerby each have new books out. There are some Panhandle writers with recent publications, but most of them are of a historical nature.

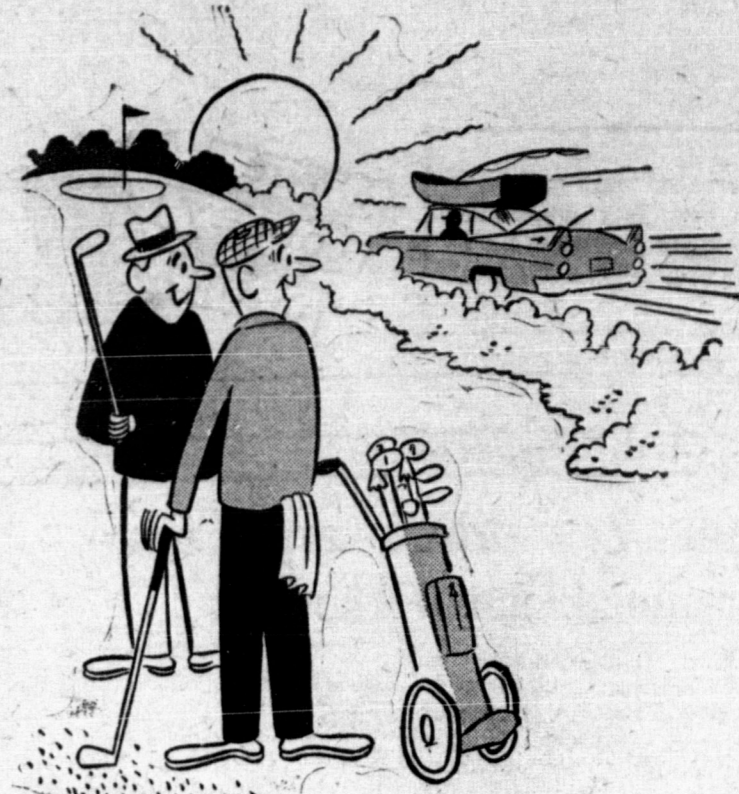

The little people are eager for something new, so I'll purchase a few Golden Books of the Walt Disney arrangements. They have to hear their nap and bed time stories.

We receive quite a few gifts, but they are usually not current editions. Don't forget that we have two sets of encyclopedias for reference now. The World Book can satisfy most of your inquiries.

**SOCIAL SECURITY INFORMATION**

Many women will have an important decision to make when they attain age 62. Under the 1956 Amendments to the Social Security Act women are now able to obtain social security monthly payments three years earlier than under the old law, according to John R. Sanderson, Manager of the Amarillo Social Security Office.

The amount of the monthly benefit, however, will be reduced

"Can you imagine anybody crazy enough to get up this early in the morning to go fishing?"

for women workers and for wives of retired workers. The amount of the reduction depends on the number of months between the time payments start and the time the applicant reaches age 65. For example a working woman retiring at age 62 would receive about 80 percent of the monthly benefit she would receive if she waited until age 65. Wives filing at age 62 receive about 75 percent of the amount they may be entitled to at age 65. The percentage goes up every month they wait after reaching age 62. This reduction is permanent even after age 65 is attained. Widows of deceased workers may receive un-

reduced benefits at age 62. Before making a decision to start getting benefits payments before age 65, a working woman or wife of a retired worker will naturally want to know how long she will be ahead in total benefits paid.

Sanderson said a working woman will be ahead for the first 15 years if she files at age 62, while a wife of a retired worker filing at age 62 would be ahead for the first 12 years.

Mr. Sanderson pointed out that the decision must be made by the woman. The Social Security Administration will furnish her with all the necessary information, but the actual decision must be made by the individual.

Behind the year's biggest sales success

**The year's biggest engineering success**

The '57 Ford was redesigned from the ground up... with a completely redesigned frame—new suspensions, front and rear—and a new built-for-keeps body. And at the heart of this new "Inner Ford," you can have the Thunderbird's own V-8 engine!

Long, lean and lovely! Not only does the '57 Ford act like a fine car... it looks the part, too—with over 17 feet of big-car beauty in all Fairlane models.

With a low, low price that's an old Ford custom! It's a new kind of Ford... for the old kind of money. Model for model, Ford's actually the lowest priced car of the low-price three.\* Any wonder the '57 Ford outsells 'em all?

# Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD  
Texas Press Association

AUSTIN — BenJack Cage has more invitations than a pretty girl with a rich papa.

Cage's "dates" are with some half-dozen groups who want to know what caused ICT Insurance Co. to go under with multi-million dollar losses. Cage was ICT manager until a year before its collapse.

After a grand jury session and lie detector test in Dallas, Cage moved to Austin. At the head of the line of questioners here is the Travis County grand jury. Other questioners include:

1. House general investigating committee.
2. Senate general investigating committee.
3. Renne Allred, attorney for the state liquidator, handling what remains of ICT.
4. Federal agents — from the postal inspection service and Securities Exchange Commission.

## GOVERNOR SOUNDS OUT SOLONS

Gov. Price Daniel has asked legislators for a "frank expression of their attitudes toward the proposed special session.

In an individual letter to each member, the governor outlined the session goals: (1) a lobby registration bill, (2) a bill requir-

ing registration of those who represent others before state agencies, (3) a bill setting up a study on how to prevent spread of crime and (4) legislation to develop a state master water plan.

No new taxes will be needed to finance any of these projects, or the session itself, the governor's letter contended.

Best guesses are that, barring stringent opposition from the lawmakers themselves, the session will be called for Oct. 15.

## NAMED TO TAX COMMISSION

Three business experts from over the state will join with lawmakers in making a thorough study of the state and local tax structure.

Named by Governor Daniel to the Texas Tax Study Commission are Dr. John R. Stockton, Austin, director of the University of Texas Bureau of Business Research; John McKee of Dallas, executive in the Ford Motor Co.'s Dallas plant; Hugh Loewenstern Sr., Amarillo real estate dealer.

Three senators and three representatives also will serve on the Commission.

## NEW MAP AVAILABLE

A new map, loaded with historical and geographic information about Texas, has just been published by the General Land Office.

Copies are available without charge. Schools are expected to find it particularly useful.

Markings include the lakes, mountains, rivers, dams, reservoirs, off-shore tidelands, state-owned lands, old cattle trails and stagecoach routes.

## RETAIL SALES UP

Retail sales in Texas during July increased two per cent over June, nine per cent over July of

last year.

Latest figures from the University of Texas Bureau of Business Research show Austin merchants out in front compared with other cities. Their increases: seven per cent over June, 12 per cent over a year ago.

Other leaders: San Antonio, up 10 per cent from '56; Dallas and Houston, each up nine per cent; El Paso, seven per cent; Fort Worth, two per cent.

## THERE'LL BE A WAIT

Owners of land in the path of new state highways face a delay before getting their money for it.

Under new law state pays half the cost of right of way buying for state roads. But since the money is to come from higher automobile license fees, the state won't have it until next year after people buy new plates.

In the most recent group of road building projects authorized by the State Highway Commission, it was expressly stated that money for land buying would not be available until after March, 1958.

## NO LENIENCY FOR DWIS

Motorists who lose their drivers licenses for drunken driving needn't expect to get them back before the suspension period is over.

State Board of Pardons and Paroles said it is no longer even making recommendations for early return for licenses. Governor Daniel, who must approve the recommendations, has made it clear, said the board, that he doesn't favor leniency for DWI cases.

Law takes away license for six months on first conviction, a year on second conviction.

## MORE MONEY FOR SCHOOLS

State aid to Texas public schools has been raised \$2 per pupil. It's now at a record-breaking \$80 per child.

State Board of Education upped the allocation after State Comptroller Robert S. Calvert reported a revenue estimate nearly \$4 million higher than his previous estimate.

Present outlook is that the state's bill for educating its 1,923,849 pupils will be a whopping \$336,116,108.

## Intentional Coincidence

MONAHANS — This one just leaked out about Rev. L. Peters, local Methodist preacher.

Hearing a strange noise one night, Rev. Peters investigated and found a burglar ransacking the kitchen. He took his shotgun and called in to the intruder:

"Behold friend, I would not harm you or any other of God's creatures—but you are standing where I am about to shoot."

ARMOR READY—Some of the nearly 250 armored and other vehicles of the 67th Tank Battalion, Second Armored Division, in Germany line up for inspection. Equipped with new tanks and armored personnel carriers, the unit is in a constant state of readiness.

## McCrary - Finch Wedding Vows Solemnized

On Saturday, September 7th, the wedding vows of Miss Alice McCrary and Ermit Leroy Finch were solemnized in the chapel of the First Baptist Church in Oak Park, Illinois.

The bride is the daughter of Mr. and Mrs. Forrest McCrary, 2910 Main, Vernon, Texas, formerly of Clarendon. Parents of the groom are Dr. and Mrs. Louis B. Snyder, Chicago, Illinois.

Wedding music was presented by Mrs. Stanley Borden. The single ring ceremony was read by the father of the groom, assisted by the Reverend Stanley Borden before an altar banked with white gladioli and accented by tapering candelabra.

The bride wore a ballerina length dress of blue imported lace over tulle fashioned with a portrait neckline and a bouffant skirt. Her waist length veil of double tiered blue silk tulle was attached to a crown of lace leaflets, and she carried an orchid corsage.

Honor attendants were Miss Judith Konneker of Oak Park, Illinois and Louis B. Snyder, Jr., brother of the groom.

Miss Konneker was attired in a dress of light blue polished cotton, designed with a tucked bodice and a tuck neckline. She carried a bouquet of pink carnations and mums.

Mrs. McCrary, mother of the bride, wore a gray silk crepe dress with black accessories. Her corsage was of pink carnations.

The mother of the groom, Mrs. Snyder, chose a dress of green chiffon and white accessories. She wore a white carnation corsage.

Following the ceremony the wedding supper was held in the home of the groom's parents. The bride's table was laid with a linen damask cloth and centered with an arrangement of snapdragons and roses with candles in crystal holders. Lovely arrangements of gladioli and roses were placed throughout the house.

The bride graduated from Clarendon High School and attended Clarendon Junior College. She is a graduate of Mary Hardin Baylor College. She is a member of Historical Phila Literary Society, was president of Pi Kappa Delta, and listed in "Who's Who Among Students in American Colleges and Universities". She also attended Southern Methodist University and is presently teaching English in Leyden Community High School, Franklin Park, Illinois.

The groom is a native of Little Rock, Arkansas and attended the University of Chicago. He is now attending Roosevelt College to complete a M.A. in Education. He is employed as a counsellor for Tampico Employment Agency. After a short wedding trip to Green Lake, Wisconsin, the newlyweds will be at home in Forest Park, Illinois at 415 South Harlem.

Mr. and Mrs. R. O. Thomas returned home Monday after spending the past ten days in Denver, Colo., where they visited in the home of their son and family, Mr. and Mrs. Homer Thomas and children.

**SCIENCE IN YOUR LIFE**

**On The Skin Side**

Maybe it's only skin deep, but an itchy rash can be pure torture. Ask the housewife with dishpan hands, the lad with poison ivy itch, the baby with prickly heat, the worker with occupational rash, or anyone with hives or an allergic rash from food, cosmetics, wool or other fabrics.

Most of these cases come under the medical heading of "contact dermatitis", which simply means an inflammation of the skin caused by contact with or over-exposure to an irritating agent.

Besides the notorious poison ivy, most common aggravators among plants are the sumac and the appropriately named cockleburr and sneezeweed. Of the foods, tomatoes, citrus fruit, onions and celery are worst offenders.

Maddening as they are, skin inflammations can be the easiest diseases to clear up with proper attention. Your doctor may suggest one of the new fast-acting ointments such as Magnacort which contains a relative of the hormone hydrocortisone. Dr. Ashton L. Welsh, Cincinnati dermatologist, recently reported that Magnacort proved successful in 40 out of 41 of his patients suffering from 15 different skin diseases.

Once the itchiness, the rash and inflammation are relieved, your doctor can get to the bottom of the trouble, the cause of the outbreak.

Meanwhile, an ounce of prevention: Before your family starts itching into the backyard autumn leaf-burning ceremonies, remind them of the classical poison ivy warning, "leaflets three, turn and flee."

**"Combination For Character"**

A boy and his dog—a real combination for character—examine this year's poster for National Dog Week September 22 through 28. Using the theme "Combination for Character," the 30th annual observance stresses the strong, healthy relationship between child and dog.

"Growing up with the companionship of a dog helps a child to develop the traits of kindness, love, trust and courage," says Walter Kendall, president of the National Dog Welfare Guild, the organization that sponsors the celebration.

Thousands of communities throughout the country will honor their canine population with special activities during National Dog Week. The Guild, a non-profit organization that works year-round for the general welfare of all dogs, sponsors National Dog Week to focus attention on the need for a better understanding of dogs, their place in civilization and their proper care.

"For all the loyalty, devotion and companionship dogs provide us, it seems little enough that we should set aside one week to honor them," commented Kendall.

**Bronchos Lose 28-26  
Thriller To Highly  
Rated White Deer**

The highly rated White Deer Bucks had all they could handle from a small band of never-say-die Bronchos here last Friday night before they walked off the field with a thrilling 28 to 26 victory. Carl Evans, 150 pound Broncho halfback, electrified a crowd of 800 howling fans with three touchdown runs and two extra point kicks. He barely missed the other two points after touchdown tries which would have earned the Bronchos a tie with their rivals from District 1-A. The passing of quarterback Jerry Behrens, who completed eight of ten attempts for 128 yards, the running of Richard Vallance and the stout defensive play of Evans, Behrens, John Tom Morrow, Vallance and a crippled line led by center John Richerson, also contributed to the near up-set.

The game started like the experts predicted with the Bucks drawing first blood early in the first quarter when Courtney White, their brilliant 185 pound halfback, shot a 20-yard pass to

end A. J. Alford. Alton Hill ran the extra point to give the Bucks a 7-0 lead. The visitors came back in the second quarter to extend their lead with Hill scoring from the one yard line climaxing a 63-yard drive. Hill again ran the extra point to make the score 14-0 at halftime.

Early in the third quarter the Bucks widened their lead to 21-0 when White went over from the seven yard line and Hill again ran the extra point. This score was set up when Hill raced 54 yards from the Broncho 30 yard line only to be caught from behind by Vallance on the Clarendon 16-yard line. It took the Bucks seven plays to score.

Midway of the third quarter, the Bronchos decided to make a game of it and came roaring back for two touchdowns. From their own 39-yard line, Behrens hit Evans with a pass which the hard running halfback caught on the White Deer 40 yard line and raced into the end one for the first Broncho score. Evans attempted the extra point but the ball hit the goal standard above the crossbar and bounced back onto the field. A few minutes later, Evans took a hand-off from Behrens, cut through left tackle and sped 20 yards for the second touch-

down for the Bronchos. This time the extra point try was high enough but was wide.

The Bucks came back with their fourth tally of the night with a 46 yard drive capped by halfback Don Essary's one yard plunge. Hill ran the extra point, making a total of 16 points scored for the slippery running little back.

The Bronchos added two touchdowns in the fourth quarter. Vallance took a pitch-out from Behrens and went nine yards for one score and a few minutes later Evans ripped the center of the White Deer line for nine yards and the last touchdown of the night. Evans kicked both extra points.

The scoreboard clock showed 57 seconds to play when the Bronchos scored their last touchdown. Behrens attempted an on-side kick but the ball failed to go the required 10 yards and White Deer took over.

Clarendon had 17 first downs to White Deer's 14, but had only 252 total yards rushing and passing as compared to 328 for the visitors.

**ATTEND TECH**

George Thompson, Allen Homer Estlack, and Charles Bates left Sunday for Lubbock where they will attend Texas Tech this fall and winter, living at Bledsoe Hall. The three are majoring in the field of Chemical Engineering.

**AT CAMP CARSON**

Jack Clifford, local groceryman, was inducted into the U. S. Army last Wednesday. He is receiving his basic training at Camp Carson, Colorado, Springs, Colo.

Guests in the home of Mr. and Mrs. Jess Wood Sunday were Mr. and Mrs. Earl Reed of Dumas, Mr. and Mrs. Calvin Reed of Bellville, Ark., Mr. and Mrs. Melvin Dart and girls and Mr. and Mrs. Bill Allen and Jerry.

Mrs. Harry Brumley returned home Saturday from Miller, Mo., where she visited her son and wife, Mr. and Mrs. R. S. Brumley, and grandson and family, Mr. and Mrs. Carroll Brumley and family.

Shaving was originally a protective measure since long beards were easy for opponents in combat to seize.

Mrs. Benny Edens and children are visiting her parents, Mr. and Mrs. A. D. Estlack and Dana. They will soon make their home in Pampa where Mr. Edens is employed in oil field work.

**Give Little Bass Chance  
To Grow Up**

AUSTIN—Give the little bass a chance to grow up. This was the advice of the Director of Law Enforcement of the Game & Fish Commission this week.

"Every lake and stream in Texas is filled with little bass six and eight inches long," the Director said. "They'll follow plugs into the boat in droves. Occasionally they'll get caught. Every care should be taken in releasing these little fellows again. They'll be keepers this time next year if we just give them a chance to grow."

The Director said reports of these little bass are coming in from all over the state.

The legal limit on bass is seven inches. "Most of the little bass now being caught are approaching that size," the Director said.

Theodore Roosevelt was the youngest president of the United States. He was 43.

**SEEDING RYE TO ESTABLISH  
A COVER FOR THE CONTROL  
OF WIND EROSION**

This practice is applicable only to cropland which is susceptible to serious wind erosion. None of the growth may be harvested for hay or seed. Volunteer stands will not qualify. Rye should be seeded at the rate of 60 pounds per acre, and must be seeded at not less than 48 pounds per acre. No grazing will be allowed on rye seeded under this practice prior to February 1, 1958. Grazing after that date will be permitted provided a good cover is maintained through the blow season or until the land is prepared for the spring crop.

**1958 WHEAT ACREAGE RESERVE**  
October 4, 1957 is THE FINAL DATE for signing an Acreage Reserve Agreement for 1958 Wheat. Farmers who are interested should come in as soon as possible and establish a Soil Bank Base for the farm. The County Committee must approve the Soil Bank Base for each farm before an Acreage Reserve Contract is approved. The Soil Bank Base for each farm is determined by the cropland use during 1956 and 1957, except for farms on which a Soil Bank Base is already established and a Conservation Reserve Contract is in effect.

*Uncle Zeb*  
 "Better to have our shoulder to the wheel than our back to the wall."

The thing that makes work labor is the fact that we had rather be doing something else. We can work ourselves dog tired on a hobby and never fret a bit. But just let us have to do something that we don't like and that's it. We're tuckered before we get started.

The following comment came from a Hindu:  
 "We can fly through the air like birds; we can swim upon and under the sea like the fish; but how to live upon the earth

like men, we know not."

We would agree that in every way we have made strides except in the matter of getting along with each other in the world. We have modern inventions that make Mr. Average Citizen enjoy luxuries that kings never dreamed of 200 years ago. We can at the flick of switch drop enough destruction on a city in a matter of seconds to equal the destruction of Napoleon and his armies during his entire life. We can lower the interest rate 1% and create a buying spree that will cause inflation almost. We can cut the acreage of our farmers in half and then increase the production three times over through the use of modern day additives to our soils. On and on we could go naming things that we are advancing in, but in realm of human behaviour we can offer little proof that we are progressing at all. Guess it just goes to show that the nature of man stays the same unless changed by a spiritual power from on high.

The following Sayings were

sent to us by Mrs. Ben Chamberlain. Some of them are brand new to us and we will keep them to use in our Scrap Book. We are always thankful to good and helpful friends without whom we could never have written this column the past 10 years. Because there are so many good ones in the group we will use several at one time. Cotton John can have a good selection for his thought for the day, we hope.  
 "The first two letters in Done is Do."  
 "Many people can't stand prosperity, but then few of us have to."  
 "A chip on the shoulder indicates there is wood higher up."  
 "Gratitude is the memory of the heart."  
 "Some people pay a compliment as if they expect a receipt."  
 "Believe in yourself, but don't be too easily convinced."  
 "Worry is the interest we pay when we borrow trouble."  
 "The dog that trots about finds a home."  
 "At a bargain, pause awhile."  
 "Don't you agree that the above is a good collection? Take for instance the last one. We have heard that a bargain is something we don't need at a price we can't afford to pass up. Anyway you put it bargains are something that we need to watch. Good staple merchandise, and a good fair every day price, bought when we need it is usually the best policy. If we have a pet peeve it is the usual run of sales that perhaps advertise a group of bargains and either never have enough of the item to justify our rushing down or that the quality is so poor that we would be better off to have missed the ad. I still say that the merchant that gives us good service and good reasonable prices every day in the week is our best friend in the long run.

**TO THE PEOPLE OF THE 18TH DISTRICT**  
 By Congressman Walter Rogers

**THE FIRST SESSION OF THE 85TH CONGRESS IN RETROSPECT**

On August 30, 1957, at 3 o'clock and 57 minutes p. m., pursuant to House Concurrent Resolution 229, the first session of the 85th Congress adjourned sine die. On the same day at 4 o'clock and 22 minutes p. m., in accordance with the terms of House Concurrent Resolution 229, the Senate of the United States adjourned sine die. Unless there is a special session called by the President of the United States, which is not anticipated, the Congress will not be in session again until January 7, 1958.

Needless to say, this has been a very busy session. The House was in session a total of 141 days; the Senate 133 days. However, the Senate was in session 860 hours and 44 minutes, while the House was only in session 585 hours and 19 minutes. You will recall that there was a slight filibuster in the Senate which gave them added hours. It is also recognized that the House of Representatives attends to business in a much speedier manner than the Senate. This is not intended as a reflection on the Senate. The fact is, under the House rules, debate is limited. No Member can talk more than 5 minutes on an amendment to a pending bill without unanimous consent of the entire House. The general debate is usually limited to a few hours; hence, the greater speed in disposing of business. Some argue these rules should be applied to the Senate, but that is, in my opinion, wrong. Extended debate in the Senate has, many times, brought about needed changes in legislation and has, on occasion, prevented the passage of legislation which was very dangerous. The Senate used 9,423 pages in the Congressional Record; the

House of Representatives used 5,869. The Senate passed 612 Senate bills and 346 House bills. The House passed 276 Senate bills and 610 House bills. Two Senate bills and three House bills were left in conference. These will be considered at the next session of Congress. A total of 1,210 measures, including Senate and House bills, joint resolutions, concurrent resolutions and simple resolutions were passed by the Senate. The House passed 1,198 such measures. A total of 1,319 measures were reported to the Senate. 1,179 measures were reported to the House. The Senate filed 26 special reports; the House 60. Conference reports of the House numbered 36.

In the Senate 3,297 measures were introduced. This figure includes bills, joint resolutions, concurrent resolutions and simple resolutions. The total in the House was much greater. It was 10,716 of which there were 9,609 bills, 461 joint resolutions, 230 concurrent resolutions and 416 simple resolutions. At the date of this writing, the President has vetoed one Senate bill and four House bills.

The House had 120 quorum calls and 100 yeas-and-nays votes. In other words, the roll was called 220 times. In the Senate there were 139 roll calls and 111 yeas-and-nays votes.

Much more could be said about many measures which came before the Congress; however, probably the most important was the tremendous peacetime budget submitted by the President. He had requested approximately 72 billions of dollars. This included approximately 65 billion for expenditures for operation of the government, plus interest payments on the national debt which amounted to some 7 billions of dollars annually. The Congress appropriated approximately 60 billions of dollars for the operation of the government, as against the 65 billion requested by the

President. In other words, the budget request was reduced by approximately 5 billions of dollars. This means the sharp economy ax of the Congress resulted in saving every man, woman and child in this country approximately \$300 each in the operational expense of the federal government for this fiscal year. The same kind of action in the next session of the Congress should result in a tax cut for those people in the middle and lower income brackets who most need relief. Our efforts will continue in that direction.

One of the most encouraging things to me in this past session of Congress was the general reaction of the public on so many of the highly controversial measures. It was very obvious that all Members of the Congress were hearing from the grass roots. This was pointed up in much of the debate and many times on the votes.

Ours is a government by the people. Their response or reaction to proposals and measures which affect their daily lives should be the guiding light of the Members of the legislative bodies, whether local, state or national. I was indeed fortunate to have such a great number of fine letters from the many good people who reside in the 18th Congressional District. These letters gave me unbiased and unprejudiced views. I wish all districts in the United States were made up of such fine, understanding and helpful citizens as we have in the Panhandle of Texas.

The "flying fox" is actually a bat.

**CHEVROLET PICKUP CLIMBS PIKES PEAK THE HARD WAY ...OFF THE ROAD!**

An off-the-road run up Pikes Peak was called impossible by people who know the mountain well. But a production Chevrolet pickup actually did it ... to prove its pulling power and ruggedness!

All the way to the top without using the road! Here the truck scales high boulder pile near the 14,110-foot summit.

Steep grade near timberline—a rugged test of power. The power and torque of Chevrolet's famous Thriftmaster 6 proved more than a match for the most difficult grades.

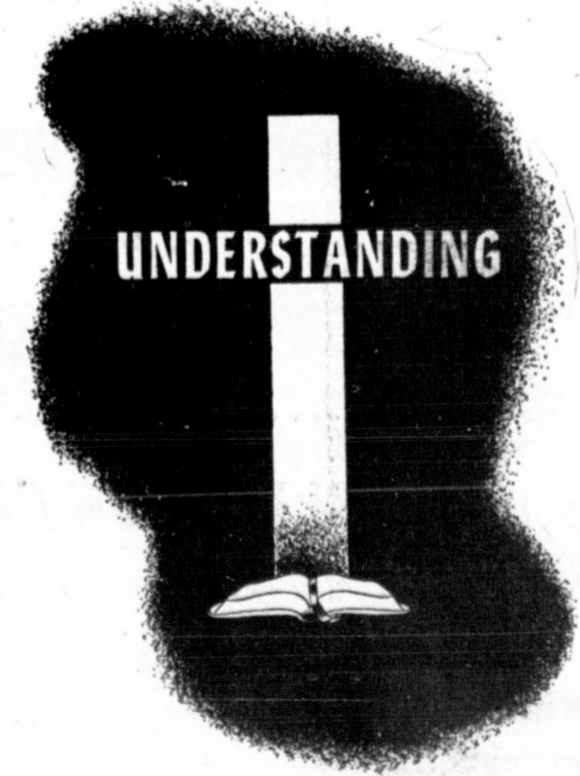

Miles of loose boulders and thinning air offer extreme challenge. Yet the big Chevy engine never faltered; it performed flawlessly mile after mile, all the way up the mountain!

Final effort achieves summit! Pickup conquers Pikes Peak ... shows why Chevrolet trucks are famous for staying and saving on tough jobs! Talk trucks with your Chevrolet dealer.

### DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

A. B. Bynum, who has a farm three miles south of Lelia Lake, is convinced that guar does something for the soil. Mr. Bynum planted a few acres of guar last year, and he says that when plowing from land where guar had not been planted into land where the guar grew was just like running out of heavy tight soil into a sandy soil. To quote him "The tractor would just jump forward." He has more guar planted this year, and plans to rotate guar with his cotton crop

as a regular practice. Besides planting guar, Mr. Bynum has planted some native grass and weeping lovegrass, and reports a very good stand. However, the sorghum alnum he planted did not do so well.

Steve Fedric says that he has an idea now, after thrashing two acres of oats and barley how

much organic matter he put into his soil this year. The straw stack from the two acres is about 50 feet long, 15 feet wide and 10 feet high. Fedric uses a sweep type plow to farm the land from which he harvested the oats and barley so as to maintain as much of the stubble on the surface of the soil as possible. According to

Amarillo Experiment Station trials, better yields and much better moisture intake results from maintaining the stubble on or near the soil surface. Of course, maintaining the stubble on the surface also gives much better protection from wind erosion.

By planning a sound conservation cropping system on his

farm, a farmer will not only protect his investment in the land, but can also increase its productive value and increase his net dollar returns. The main purpose of the Soil Conservation Service office in Clarendon is to help your soil conservation district help you protect and improve your land.

Jai-alai is the swiftest game in the world of sports.
