Bronchos To Meet Perryton Rangers Here Friday Night—8:00 O'clock

The Clarendon Bronchos will be hosts to the Perryton Rangers here Friday night with game time set for 8 p. m.

The Rangers are a AAA team and from all reports pack plenty of wallop. Last week they battled the Canyon Eagles but lost by a score of 20-12. Canyon had to come from behind to get the job done and the game was much closer than the score indicated. On the other hand, the Bronchos have been on the winning side of the ledger since the Stinnett game and are expected to give the Rangers some of the best competition they have run up against so far this season. The Bronchos dropped an unpredictable Shamrock team 31-0 last Friday night which can be an indication of the Bronchos power or a weak Irish squad. At any rate, this game Friday night will probably give local fans a better idea of what to expect from the Bronchos the remainder of their schedule.

The Rangers boast a pretty hefty line with a lighter, faster backfield. It will be interesting to see if the Bronchos line plays in their backfield as much as they did with Shamrock last week.

The probable starting lineup for the Bronchos as reported by Coach Jinks will be as follows, starting with left end: Baten, Mann, DeBord, Richerson, Graham, Pittman and Cosper. In the backfield will be Payne at Quarterback, Behrens at full, Vallance at right half and Philley at left half. The probable starters for the Rangers, beginning with left end: Hargrove, Wright, Fishers, Meyers, Jines, Burton, Beck; Johnson at quarter, Gyger at full, Pearson at left half and Epp in the right half position.

Give the Bronchos your support by being out Friday night. They will appreciate your backing in every way and it will give them more incentive to turn in a better game.

Whizzer Monday Night Drops .33 Inch Rain

An unexpected squall line moved through about 8:15 Monday night and deposited a total of .33 inch of moisture here in town and varying amounts over the county. The light rain was accompanied by a high velocity wind and electrical display. Some phone and electrical lines were put out of commission by the storm. The high wind damaged some feed crops by blowing it down but the damage was not believed extensive.

This amount of moisture brings our total for the month here in town to .64 as compared with 1.26 last year. Hedley seemed to receive the most moisture Monday with a half inch; Willard Knox reported .30 at Lelia Lake; Ben Lovell .16 at Ashtola and Mrs. Hatley reported .15 at the Country Club.

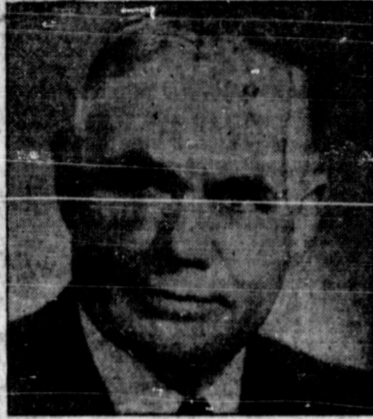

The high temperature for the last half of September was 103 on the 16th and the low high was 82 on the 23rd. The low was 53 on the nights of the 23rd and 24th.

Former Resident Wins National Race

Keith Bain, Boxwell Bros. employee at Dumas and formerly of Clarendon, won the National Annual Olympics Drag Racing, Class B Open Gas Division, recently at Kansas City, Mo., with Ray Fisher's chassis and his own 1956 Plymouth engine.

During the three day race, Keith set new records three times (every official run he made) with the top speed registering 115.38 MPH on a quarter mile stretch. Top awards, engines worth over \$1,000 each, were presented to those making the most impressive times at the meet. Keith was the only winner of an engine who used pure gasoline in his racer.

Evangelist

DR. C. B. JACKSON

Baptist Anticipate Series of Meetings To Be a Revival

The First Baptist Church announced through their pastor, Bro. Van, that they are expecting the coming series of meetings to be a Revival in the church and community. The guest speaker, Dr. C. B. Jackson, is a man of renown ability. He is the associate chairman of evangelism for the State of Texas among Southern Baptist. He has served in this capacity for many years. Dr. Jackson's record as an evangelist is outstanding because of the large numbers who have been saved and enlisted during the campaigns he has directed. Coming with the evangelist will be one of Clarendon's own sons, Sam Patterson. Bro. Van said that of all the young men who are working as music directors, Sam would be his first choice in making people want to sing praises.

The pastor stated that services on Sunday, Sept. 30 and Sunday, Oct. 7 would be at the regular hours. The services for the week day mornings would be at 10:00, Monday through Friday. The services for the week day evenings would be at 7:30, Monday through Saturday. The nursery will be open at all services to take care of your needs, and the whole church staff with its members are prepared to make everyone welcome.

Services Held At Groom For Mrs. Helton

Funeral services were held Saturday afternoon in the Groom Methodist Church for Mrs. Bonnie Harrell Helton with Rev. Walter Davis and Rev. O. D. Smith officiating.

Mrs. Helton, 78, passed away suddenly last Thursday. She was a long time resident of Clarendon prior to moving to Groom a few years ago. She was a member of the Methodist Church.

Survivors are nine sons, William A. of Hereford, J. T. of Fort Collins, Colo., E. P. and N. E., both of O'Keene, Okla., N. B. of Groom, Allen A. of Mountain Home, Idaho, C. D. of Borger, Joe A. of Texico, N. M. and C. G. of Bealmont; one daughter, Mrs. Charlie Fields of Groom; two sisters, Mrs. W. C. Jones of Bryan and Mrs. Maude Davis of Garfield, Kan.; 19 grandchildren and three great grandchildren.

Pallbearers were Crim Goodlette, Marion Husted, Henry Fields, Glyn Smith, P. B. Farley and Truitt Fields.

Burial was in the Groom Cemetery with the Murphy Funeral Home in charge of arrangements.

SELECTED TO PLAY IN CIVIC SYMPHONY

Miss Janiece Christal, daughter of Mr. and Mrs. W. R. Christal, Lelia Lake, has been selected to play in the Nevada (Mo.) Civic Symphony this season. Miss Christal is a second-year student at Cottey College, Nevada, Mo.

Song Leader

SAM PATTERSON

John Payne Is Named Player of The Week

John Payne, Broncho Quarterback, was named last week as the first Amarillo Daily News Class A Player of the Week for the 1956 season. He earned the distinction with his standout performance during the Bronchos' 31-7 win over White Deer September 14th. In that contest, Payne scored twice on runs of 37 and 20 yards that helped his mates to a comfortable 18-0 advantage at half-time. Later, in the fourth period, he hit end Eddie Joe Baten with a 13 yard pass good for a fourth Broncho score.

COLTS TO PLAY McLEAN TONIGHT

The Jr. High Colts will journey to McLean tonight in quest of their first win of the season against the McLean Kittens. The Colts entertained the Lefors squad here last Thursday night and were very congenial hosts by letting the visitors beat them 40-0. They hope to treat Lefors the same way by bringing home a nice win when they go to Lefors October 11th.

The Colts invite local fans to go along tonight and give them all the support you can.

You Can Save By Paying For Leader Subscription Now

As was previously announced, the subscription rate for the Donley County Leader will take an increase Monday, October 1st. No renewals will be accepted at the old rate after that date unless sent in by mail which has been post marked no later than Sept. 30th. The old rate is \$2.50 for those receiving the Leader inside Donley County and \$3.00 per year for those receiving it at a point beyond Donley County. The rate after October 1st will be \$3.00 for county subscriptions and \$3.50 for those beyond.

We have made this announcement whereby everyone will have the same opportunity to renew at the old rate, regardless of when your subscription expires. Your renewal date will be extended from your regular expiration date. If it is due to expire in January 1957, it will be extended to January 1958, etc. Dusk copies of the Leader will be 10c per copy also beginning with the Oct. 4th edition.

Boy Scouts - - - Juvenile Decency

Only 2% of our nation's youth are classified as juvenile delinquents.

The other 98% are decent, law-abiding, earnest youngsters who deserve our respect and our support. October 9th citizens of Clarendon will have an opportunity to pay special recognition to this larger group of young people.

That is the day when we will be asked to give to the 1957 local Scout fund drive. It is a vital program. It deserves our heartfelt support.

So give generously to Scouting. Show your appreciation for juvenile decency.

Mrs. G. W. Estlack and Jackie visited in Canyon Saturday. They also visited her sister, Mrs. L. T. Whitlock and Larry Saturday afternoon.

City Clean-Up Drive In Progress

We were unable to get a very thorough report on the City Clean-up drive sponsored by the local Lions Club, which is in progress this week, but understand that quite a bit of cleaning is taking place.

Mayor H. T. Burton reported that the city had hauled 12 big loads of rubbish Monday and Tuesday and were progressing toward the west part of town. It has been noted though that numerous vacant lots, etc., have not been touched to date and it is hoped that those living nearby or owning these lots, will get the job done before the end of the week. With our high winds and everything being so dry, it is good protection against fire to clear away all rubbish that might cause a flash fire which could destroy valuable property. If you have rubbish that has been missed, call the City Hall and they will see that it is picked up. Let's have a clean little city when this week goes into history.

George Benson Is New Chairman Of Red Cross

George Benson has accepted chairmanship of the Donley County chapter of the American Red Cross for the coming year, to succeed Ben H. Williams. He will assume the duties of the office immediately.

Mr. Benson is well known throughout the county as he and other members of his family have been engaged in farming in this area over a long period. He was educated in the Clarendon schools and the Junior College. He and Mrs. Benson returned to Clarendon a few years ago, after living for several years near Hereford, where they still own a farm. Officers of the local Red Cross chapter feel most fortunate in acquiring the leadership of Mr. Benson.

Clarendon Grain Company Elevator To Hold Opening This Week

REV. FRANCIS X. MUTTOO

Revival Meeting At Church of The Nazarene

Rev. Max Huff, pastor of the Church of The Nazarene has announced a Revival meeting beginning Sept. 28th thru the 30th with services at 7:30 p. m. each evening. Rev. Francis X. Muttoo will be the visiting evangelist. Muttoo is an East Indian from British Guiana. He is in this country studying toward his masters degree. "All will want to hear this native preacher, so plan now to attend each evening," stated Rev. Huff.

Services Held Friday For Pioneer Lady

A requiem Mass for Mrs. Monica Harvey 86 years old, who died in Amarillo Thursday, was offered at the Shrine of Our Lady of the Panhandle Friday morning at 10 o'clock. A Rosary service was offered at the Murphy Memorial chapel Thursday night.

Father Andrew Quante of Groom offered the Mass. Burial was in the Clarendon Catholic Cemetery with the Murphy Funeral Home in charge of arrangements.

Mrs. Monica Harvey was the oldest parishioner in St. Mary's Parish where she had been active in the church for more than 50 years. For the past two years she had made her home with her son, Bob Harvey in Amarillo.

Mrs. Harvey settled with her husband the late J. K. Harvey, ranchman, boot and saddle maker, who located here in 1898. He died March 24, 1901.

Survivors include three sons, J. J. of Phillips, Texas; B. W. of Gentry, Arkansas and Bob Harvey of Amarillo; two sisters, Mrs. Mary Dollarhide, Dallas; Mrs. Anne Bennett, Canyon; also 15 grandchildren and 27 great grandchildren.

Pallbearers were Phillip Hermsmeyer, Odos Caraway, Shelby Bell, John Semrad, Mike McCully and Jerome Stocking.

Services Held For Hedley Resident

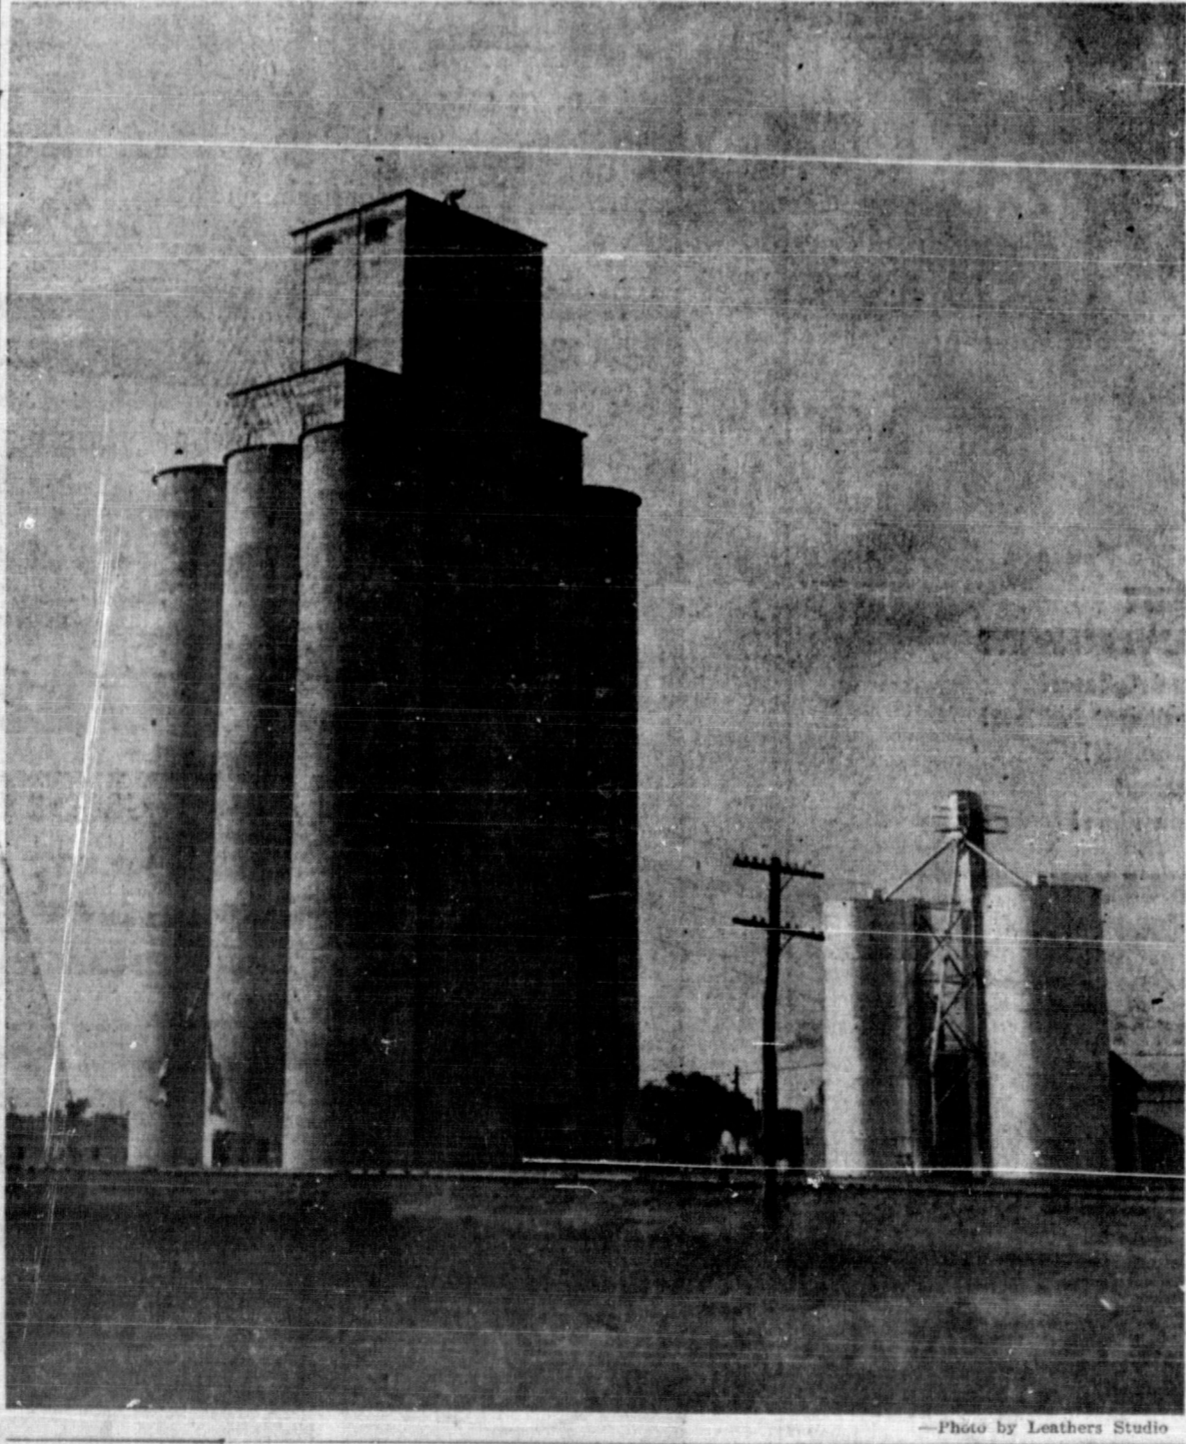

Funeral services for Luther Morrison were held Saturday afternoon in the Hedley Baptist Church with Rev. J. S. Tipton officiating.

Mrs. Morrison, 78, a retired farmer, died Friday morning at the home of a son in Dumas where he had been making his home the past four weeks. He was a resident of Hedley for 27 years and was a member of the Baptist Church.

He is survived by three daughters, Mrs. Helen Adcock, Miss Mary Morrison, both of Childress; Mrs. Gene Stevens of Ault Ste. Marie, Michigan; two sons, Morris of Dumas and Howard of Salinas, Calif.; eight grandchildren and one great-grandchild.

Burial was in Rowe Cemetery at Hedley.

Clarendon Grain Company's New 300,000 Bu. Elevator

—Photo by Leathers Studio

Frank White Jr., owner and manager of the Clarendon Grain Co., is extending an invitation to the public to visit and inspect the new 300,000 bushel concrete elevator which was completed this past week end and is now handling grain from the 1956 harvest. The contractors, Chalmers and Borton of Hutchinson, Kansas, completed the elevator five days before the contract date.

This new concrete structure measures 173 feet and 6 inches from the foundation to the top, plus a 12 ft. pole on top of that to hold the red light which is left burning at night. In addition to this, the elevator extends 39 feet below the surface.

The elevator is the most modern being constructed today. Everything is push button operated and it has 17 of the bins with gravity flow which requires no motor operation to drain. All of these 17 bins flow into the drive-through unloading area above the two pits which hold 6,000 bushels, and grain from all can be circulated for drying or blending purposes. There are 23 bins in all and the grain from the two pits can be directed to any of the bins by just moving a lever. The grain travels to the top of the elevator and the rotating chute delivers the grain to the bin selected on the ground floor. A nylon belt 400 ft. long with buckets attached move the grain to the top of the elevator and the belt is self tightening. This mechanism can move 7,500 bushels an hour. The designers say that after a bin is filled to an 18 foot level, all the weight above that point is against the walls which are designed to withstand tremendous pressure. Over 70 tons of steel rod went into the structure and 1 beam was used for the top of the bins.

Every electrical switch or otherwise is explosion proof and numerous safety devices are used throughout the elevator. The structure will be painted sometime within the next month or so and Mr. White stated that a radar system would be installed within the near future in all the bins which will show the temperature at all points in the bins on a master board in the office. If a spot in any of the bins begins to heat, the master board will show the exact location and then the grain can be taken care of by circulating or whatever is necessary.

At the peak of construction sixty-two men were working on the structure at one time. With this new elevator we can now offer our customers Government Bonded storage right here at home, Mr. White stated.

Editors Note: In addition to all of the above, this structure affords a wonderful view of Clarendon and surrounding area if the height fobia don't get the best of you. I thoroughly enjoyed giving the ground floor a thorough once-over and I would have enjoyed my trip to the top in the two man elevator if my fobia hadn't taken over. That little square building up on top which is 47 feet above the bins, is a very interesting place where all the machinery is located, including an automatic scales that can weigh all the grain in the elevator. The view was wonderful as long as you could stay inside and look out the windows instead of venturing out on the roof with Mr. White who casually looked over the edge and said, "It's sure a long ways down there." That's when my fobia got the best of me again even though I was inside and hanging on to the window frame. I think after three or four trips up I could really enjoy myself. I spent almost two hours looking the entire elevator over and it certainly was worth the time. It's a wonderful piece of construction and gives Clarendon a skyline that is pleasing to the eye.—G. W. E.

GABIE BETTS BURTON
LIBRARY NOTES

By May L. Prewitt

The book issues for May, June, July and August were 9161 and not 916 as the paper stated, for we issue more than 916 in each month. In printing, the last "1" was omitted. We were elated over the summer's work as it topped all past records by 300 copies and I have been here nine summers.

Some of our gift editions that are ready for you are Erle Stanley Gardner's "The Case of the Sunbather's Diary," "The Case of the Restless Redhead," "The Case of the Nervous Accomplice" and another detective by Simeon entitled "Inspector Maigret and the Dead Girl."

The Book Club edition is "Hannah Fowler" by Janice Holt Giles.

Whether having a foot hung up in a stirrup or being thrown under the trampling hooves of outlaw horses or rampaging Brahma bulls, convict cowboys and outlaw range stock keep spectators on the edge of their seats at the annual Prison Rodeo. This year, the big show's 25th season, four big every-Sunday-in-October performances promise to be better and wilder than ever before. October 7, 14, 21, and 28 at the million-dollar Prison Stadium at Huntsville, Texas.

It is a Kentucky pioneer wilderness story.

The catalogues of Children's books for fall are the most fascinating announcements I have ever seen. We have some remarkable writers for children from five to eight and nine. There are such few stories for teen age boys and very few magazines that attract them. Some replacement copies were given us this week. Sherlock Holmes by A. Conan Doyle and one of the Mercer Boy Series. A friend from the J. A. Ranch is the only magazine contributor we have had for the past two months. She gives us "Living" homes for young couples, the Saturday Evening Post

and some miscellaneous editions; one other friend contributed two men's magazines. These helps are needed and we are quite grateful.

The total coast line of the United States is 4,883 statute miles.

Although the USS CONSTALATION is now drydocked, almost 138 years after her launching, she can still lay claim to a few "firsts." She was the first man O'War built and commissioned by the Navy, the first Navy ship to have a specially trained crew, and the first ship on which Marines served.

PLOWIN' OUT THE CORNERS

EDITORS NOTE—This bit of information arrived too late for Uncle Zeb's regular column. Please no more Puppies. But from the bottom of our heart we thank you all for the offers. We mean the little Cocker puppy for Buddy; our little friend at Boys Ranch. The first offer and the one Buddy wants came from Mrs. Joe McMurtry of Clarendon who called us long distance to offer the puppy. After that Mrs. Cleve Bennett offered her little dog. To both of these gracious ladies we say a big Thank You from Buddy and from myself. May God Bless you for your kind hearts. By the way, Mrs. McMurtry offered a case of dog food along with the puppy if there was any need of it. Thanks a Million to you both. A modern submarine can fully submerge in less than 1 minute. Once submerged, it can travel faster than on the surface. The world's non-stop distance flying record is held by Navy planes.

McCord - Price Wedding Solemnized

Miss Mary Louise McCord, daughter of Mr. and Mrs. Lloyd McCord, became the bride of Jerry B. Price, son of Mr. and Mrs. Clyde I. Price, in a double-ring ceremony at the First Baptist Church in Clarendon, Friday evening, September 21st. The Rev. L. A. Sartain of Sundown, Texas read the service.

The church was decorated with baskets of pink asters and white gladioli, greenery, and candelabra holding white tapers. Traditional wedding selections were played by Mrs. Dee Williams, organist, who also accompanied Mrs. Faye Pinkerton, Sandra, and Andra in singing "Walk Hand in Hand," and Mrs. Faye Pinkerton in singing "With This Ring I Thee Wed."

The bride was given in marriage by her father. She wore a floor-length gown featuring an Empire waist and bouffant skirt fashioned of Chantilly lace over satin. The dress had a portrait neckline, long fitted sleeves extending to points over the hands and the point design repeated at the waistline where the bodice joined the skirt. Her tiara securing her finger-tip veil of illusion was made of pearls, iridescent sequins and lace. She carried a cascade arrangement of white orchids, fleur d' amour and stephanotis tied with meline frills.

Matron-of-honor was Mrs. Thad Carroll, aunt of the bride. She wore a pale pink transparent

organdy with white accessories and carried a colonial bouquet of white carnations. Miss Margaret Sue McCord, sister of the bride, was junior bridesmaid. She wore a dress styled identically to that worn by the matron-of-honor and carried a similar bouquet.

Best man was Clyde Price, brother of the bridegroom. Tommy Messer was junior groomsmen. James Watts and Delbert Robertson were ushers.

For her daughter's wedding, Mrs. McCord chose a powder blue rayon linen dress with beige accessories. Mother of the bridegroom, Mrs. Price, wore a mauve crepe dress with gray accessories. Both wore corsages of pink carnations.

A reception was held in the Church Fellowship Hall. Following the reception the couple left on a wedding trip to Colorado and other northwestern states, the bride traveling in a black nylon and wool sheath suit-dress worn with winter white and black accessories. Her corsage was a white orchid.

Mrs. Price was a student of Clarendon High School. Mr. Price, who graduated from Clarendon High School and Junior College, is now serving in the United States Navy in San Diego. The couple will live in San Diego and Long Beach, California.

HUGHINS CLUB

Martiel Webb, Pauline Kooztz, Cora Elliott, Belle Smallwood, Roxie Cosper, and Agnes Allee met on Tuesday afternoon in the home of Mamie Mills. One quilt was almost finished for the hostess.

Next meeting will be with Agnes Allee on Tuesday afternoon, Oct. 2nd. —Reporter.

LEADER CLASSIFIEDS GET RESULTS

Williams - Palmer

Miss Ann Williams, daughter of Mr. and Mrs. Ben H. Williams of Clarendon, and James Wesley Palmer were married September fifteenth in Oklahoma City. Mr. Palmer is the son of Mrs. Elmer Palmer of Amarillo, and the late Mr. Palmer.

The wedding was held in St. Paul's Episcopal Cathedral, with a small group of relatives and friends present. The Rev. Mr. Blake Hammond, Dean of the Cathedral, read the service. Miss Roberta Peoples of Fort Worth and Oklahoma City acted as bride's maid, and Ned Toomey of Amarillo was best man.

The bride is a graduate of the University of Texas, in which school she was a member of Alpha Alpha Gamma, an honorary society for women students in architecture and associated arts. Her social sorority is Alpha Chi Omega. She lived in Clarendon less than two years before moving to Oklahoma City last June, having come here with her parents from Houston. She is engaged as an interior decorator with an architectural and construction firm.

Mr. Palmer has lived most of his life in Clarendon, and attended both the public schools and Clarendon College. He also studied at the Lowell Textile Institute in Boston and completed his college education at West Texas State College, Canyon. In the latter school he was a member of Kappa Pi, honorary art fraternity. After completing his army service and his college work, he was employed at various times here and in Amarillo. He is now engaged as a salesman in a business machine firm.

Those who attended the wedding were as follows: Mrs. Palmer of Amarillo, the bridegroom's mother; Mrs. Doss Palmer of Clarendon, his aunt; Mrs. A. T. Cole, grandmother of the bride; Mr. and Mrs. Williams; and Mr. and Mrs. Ernest Kent, uncle and aunt of the bride, together with a few business associates and friends of the young couple. —Reporter.

Mr. and Mrs. John Short spent the week end visiting in Amarillo and Plainview.

GARDEN CLUB

Garden Club met Thursday afternoon at Patching Club House for their last meeting of the year, meetings to be held again in January. Hostesses were Mrs. J. H. Howze assisted by Mrs. John Goldston.

Meeting opened with Club Collect read by Mrs. Pete Kunz. Mrs. M. C. Rumpy, president, presided over the business session. Mrs. John Goldston gave the secretary's report and called roll. Roll was answered with each member giving her favorite tree.

The program was given by Mrs. J. L. McMurtry and Miss Etta Harned. Mrs. McMurtry's subject was "The Culture and Care of Trees." She discussed the planting and the transplanting of trees, when they are dormant and stressing that trees need care. She pointed out that many trees are dying for lack of water and fertilization. Our trees mean much to us; it takes years for trees to grow. Miss Harned discussed "Trees and Gardens in the Yard." She suggested that when landscaping a home, trees should be selected that are adapted to our climate. Trees soften and mellow a home. The Dogwood tree was chosen as the symbol of the Cross. Hardy Magnolias do well in some of our near-by cities. Members decided to put out something new and different in each of their yards trying to choose something suitable to the climate and landscape.

Officers for next year are: President, Mrs. John Goldston; Vice-President, Mrs. Walter Taylor; Treasurer, Mrs. Bill Greene; Secretary, Miss Etta Harned; Reporter, Mrs. O. C. Watson.

Refreshments of a salad plate, individual cakes, pickles, tea and coffee were served by the hostesses, Mrs. Howze and Mrs. Goldston to one visitor, Mrs. R. Y. King, and to members Mesdames Bill Greene, Walter Taylor, Joe Goldston, Lena Antrobus, O. C. Watson, Pete Kunz, J. L. McMurtry, and Misses Ida and Etta Harned. —Reporter.

Mr. and Mrs. Lloyd McCord and family spent Sunday with her parents, Mr. and Mrs. O. D. Hearn at Groom and also visited a friend, Harry McGinnis, who is a patient in Groom Hospital.

H. D. CLUB

The senior H. D. Club met in the home of Mrs. Virgil Poole Friday afternoon, September 20, with Mrs. G. L. Green co-hostess. Meeting was opened with Club Collect read by Mrs. Poole.

Mrs. Clyde Butler, president, had charge of the business session. Secretary's report was heard. Roll call was answered with each member giving her favorite quotation. It was decided that the next program be on the Halloween theme.

Officers for the coming year will be President—Mrs. Bertha Benson; Vice-President—Mrs. R. C. Bingham; Secretary—Mrs. Virgil Poole; and Reporter—Mrs. O. C. Watson.

Refreshments of iced grape juice and cake were served to Members Mesdames W. L. Jordan, Bertha Benson, Clyde Butler, Tom Crabtree, R. C. Bingham, M. C. Rumpy, William Payne, Lena Antrobus, and O. C. Watson, by the hostesses, Mrs. Poole and Mrs. Green. —Reporter.

JR. H. D. CLUB

Members of the Jr. H. D. Club held their first regular meeting of the year at Patching Club House, opening with a luncheon. New officers acted as hostesses. After the delicious lunch, the business meeting was opened by the president, Leona Henson. She asked all members present to repeat the club pledge and prayer in unison.

During the business meeting, Edith Spivey resigned as secretary-treasurer. Lucille Swinney was elected to fill this office. There was a discussion on the program for the year. As there was no other business, meeting was closed.

Hostesses were Leona Henson, Edith Spivey, Helen Land, Polly Schull. Members present were Thelma Behrens, Oma Bentley, Mary Belle DeBord, Clara Finley, Ruby Fitzgerald, Gladys Hommel, Noma Lewis, Lucille Swinney, Cula Jo Trout, Sadie Head, and Stella Spurgeon. —Reporter.

Mr. and Mrs. E. H. Estlack and children, Rochelle and David, visited with relatives and attended funeral services for her grandmother, Mrs. Monica Harvey, Friday morning.

GIRLS AUXILIARY

The Girls Auxiliary of the Baptist Church met in the home of W. F. Vanderburg. The meeting was called to order by Pauline Vanderburg. We sang one song, "Near The Cross," and Pauline Vanderburg read the 19th Psalm, Verses 1-4.

We elected new officers. They are: President, Paula Vanderburg; Vice-President, Joyce Salmon; Secretary-Treasurer, Pat Spurgeon; Mission Program, Elaine Behrens; Community Missions, Betty Parker; Stewardship, Sharon Smith; Parliamentarian, Martha Jo Risley; Reporter, Gay Putman; Social Chairman, Judy Thompson; Song Leader, Wanda Fricks; Pianist, Sandra Pinkerton; Historian, Pauline Mills.

Our new leaders are Beth Bennett and Lila Vick. We closed with a prayer by Beth Bennett. Refreshments were served.

BRONCHO BOOKWORMS

The Broncho Bookworms, Library Club, met in the Library of Clarendon High School, September 21. Miss Stogner called the meeting to order. Election of officers for the year was held. Those elected were Barbara Kooztz, President; Sandra Barnhill, Vice-President; Sandra Pinkerton, Secretary-Treasurer; Elaine Hopkins, Historian; Robbie Lou Johnson, Parliamentarian; Sgt.-at-arms, Georgia Bell Harmon; Reporter, Pat Schull.

There being no further business, the meeting was adjourned. —Reporter.

MOTHERS STUDY CLUB

The Mothers Study Club held their first meeting of the year Tuesday afternoon, September 25, at Patching Club House. The Parents Prayer was read by Cherry Shadle. Roll was called by the Secretary, Patsy Robertson who was elected new vice-president. Janie David was elected reporter, and Marjorie Holland was elected Parliamentarian. Old and new business was discussed.

The Constitution and By-Laws were read by Anness Bennett. The program was given by Patsy Huff. Hostesses were Gladys Turner and Melba Edwards. —Reporter.

LELIA LAKE M. Y. F.

The Lelia Lake M.Y.F. met Sunday night, Sept. 23 at 6:45. Rod Seago called the meeting to order.

Judy Castner gave the program, "The Christian Decision on Alcohol," from the "Roundtable." Mrs. Will Chamberlain gave the prayer.

The members present were: Isaac Nobles, Paul White, John Bob Butler, Judy Castner, William Chamberlain, Carolyn Castner, Betsy Chamberlain, Jessie Lee White, Evelyn Chamberlain, Rod Seago, Jerry Don White, Jean Fox, and Glenn Myers.

Those going to Childress Monday night, Sept. 17th were Carolyn Castner, Judy Castner, Jean Fox, Rod Seago, and Bro. and Mrs. McDonald.

Jean Fox reported that the temperance film, "Farther Along" was very good and those that did not make the trip missed a lot. —Reporter.

CHAMBERLAIN COMMUNITY CENTER

On Sept. 18th there were several who met to get the floor ready to put the rug down. On Sept. 19th the Household Supply Co. put the rug on the floor. Then on Sept. 22nd the first community meeting was held. There were several present. Mrs. Shields and Mrs. Ivey acted as hostess.

It was decided that every first and third Saturday night would be the meeting dates. Every one try and come out. You will enjoy it.

It was decided to have a rummage sale on Saturday, Sept. 29th. Every one bring what you have to donate to Mrs. John Heathington or Mrs. A. O. Hott, before or by Saturday noon.

Remember the club date on October 4th. Mrs. Dennis Harrison will be hostess. The meeting place is the community center. —Reporter.

ASHTOLA NEEDLE CLUB
The Ashtola Needle Club met Thursday in the club room at the school house. Mrs. Muri Rattan was hostess. Mrs. H. E. Tolleson conducted a lengthy business meeting, and heard reports from her fair committee chairman, Mrs. John White.

At the next meeting, Oct. 4th, work exchange is scheduled, and Mrs. Dane Perdue will be hostess. We are happy to have a new member, Mrs. Frank Mahaffey. Sewing and visiting were the program for the afternoon. Mrs. Rattan served a lovely refreshment plate to the following members: Mesdames Mary Belle DeBord, Elizabeth and Viola Graham, Jo Harp, Laura and Veda Mahaffey, Isla Mae Marshall, Edna Perdue, Johnny Poovey, Anna Porter, Sue Rhoades, Ivan Tolleson, Ruby White, and Patsy Robertson.

MIDWAY CLUB

Members present at Club Sept. 18th in the home of Ida Pickering were Loyd Hillis, Ellen Moreland, Leona Scott, Nell Land, Eula Butler, Katie Bell Wells, Eddie Williams, Eva Algreen, Marjorie Hensley, Louise Riley, Allie Quattlebaum. We were especially glad to have Misses Ava and Minnie Naylor and Mesdames Velma Hodges, Conrad Ryan and daughter, Hefner.

One quilt was quilted and a wonderful dinner enjoyed by all present.

Our next meeting will be Oct. 2nd in the home of Allie Quattlebaum. Election of officers will be held.

Ralph Percival of Wichita Falls visited Wednesday night with his father, Herman Percival.

Herman Percival has made several trips to Wellington where he is having dental work done.

New Policies Govern Operation Of Youth Canteen

An entirely new set of policies and regulations have been set up for the operation of the youth canteen this year according to J. R. Gillham, chairman of the boys and girls committee of the Lions Club. The operation of the canteen this year is one of the duties of this committee which is composed of Gillham, Oliver J. Abel, C. A. Pitts, Ray Moore, and Tom Jinks. The following rules were set up by the committee to enable the group to operate the youth center on a satisfactory basis.

1. The canteen will be open on Tuesday and after home games during football season; Tuesday and Thursday remainder of year.
2. Membership cards will be sold at 50¢ per semester. Separate cards for College, high school and Jr. High. Card must be presented at door for entrance and card will be taken up if drinking is indicated or if behaviour is undesirable and student will be barred from canteen for remainder of school year.
3. Each student attending the canteen will register as he arrives and will not be readmitted if he leaves the building.
4. At least two of approved sponsors must be present before canteen may be opened.
5. One student group will be the sponsor each time canteen is open. No Jr. College or junior high students may attend on the nights the canteen is sponsored by the high school groups except as guest of one of the high school members. This same rule applies to other groups when either the college or Jr. High is sponsoring.
6. Each member will register

his guests at such time as he registers and he shall be responsible for such guest. Each member shall register only one guest except with special permission of sponsors.

7. Permission to use the canteen for special occasions must be secured from the chairman of the committee in charge of the canteen. A reasonable charge will be made for private use or special parties.

8. Four from each class using the canteen shall be chosen and shall be responsible for the program and for cleaning up the building after its use.

9. There will be no smoking allowed in the canteen.

10. Girls shall not wear blue jeans or similar types of wearing apparel.

A calendar for the Canteen has been prepared showing dates, host class, faculty sponsors, student committee sponsors and adult sponsors and are available either from Gillham or Abel.

A list of approved adult chaperones for the canteen (Lions club youth project) is as follows: Mr. and Mrs. Homer Estlack, Mr. and Mrs. Bill Todd, Mr. and Mrs. C. A. Pitts, Mr. and Mrs. G. A. Lamberth, Mr. and Mrs. Oscar Thomas, Mr. and Mrs. W. H. Skelton, Mr. and Mrs. Flip Breedlove, Mr. and Mrs. A. R. Henson, Mr. and Mrs. Hubert Heatherly, Mr. and Mrs. Mike McCully, Mrs. Knox and Mrs. Crain.

The canteen committee would welcome any additional help in sponsoring the programs. If you are willing to help with the sponsoring of the canteen please contact either Gillham or Abel so your name may be added to the schedule.

Mr. and Mrs. Woodley Richerson of Phillips spent Friday night with her parents, Mr. and Mrs. D. S. Smith.

More Entertainment In Prospect For Hedley Cotton Festival

Events are lining up fast for the Fifth Annual Cotton Festival to be held at Hedley October 12th and 13th. The Festival Entertainment committee stated this week that they already have more entertainment promised than they had last year. They expect to have some major free attractions each 30 minutes from opening at 10 A. M. each day until the late hours at night.

Congressman Walter Rogers will attend the Festival and will talk at 11:30 A. M., Saturday, October 13th. Other speakers include State Senator Andy Rogers, Representative elect Will Ehrle, District Attorney elect John Forbis and Paul Spillman of Wellington, immediate past division Commander of the American Legion, Don Stark of Amarillo, Lions District Governor will crown the Festival Queen at the Friday night Coronation ceremonies.

Mr. H. B. Dickson, Manager of Dicksons United Shows was in Hedley last week and staked out a location for his Carnival. The Midway will open a few days before the Festival proper.

Bronchos Defeat Irish 31-0

The Bronchos handed the Shamrock Irish a first class defeat last Friday night by a tune of 31-0. The score could have possibly been more if Coach Jinks had preferred to keep the first string in but he chose to give all the boys a chance to play and the subs did a fine job considering their experience.

A strong southwest wind prevented much progress in the first quarter with the Bronchos facing the wind but when they got the wind to their backs, they really started moving. The Bronchos first tally came swiftly, moving from their own 27 yard line to pay dirt in about five plays. Payne hit Cosper with a 30 yard pass to get it started; Vallance skirted end for 30 more and then plunged over from the five yard line for the 6 points. The next tally was on a 13 yard keeper by Payne and the third score came a short time later with Behrens driving over from the 13. Mills' kick for the extra was good on this one bringing the score to 19-0 at half time.

Again the wind slowed the Bronchos down some in the third period but they managed to push over another counter with Philley driving over from the 1 yard line. This one was set up again with a 16 yard run by Vallance who carried to the 1 yard stripe. The final tally came in the fourth period with Vallance romping over from the 12 yard line. The closest the Irish ever came to the Bronchos goal line was in the first quarter when they recovered a fumble on the Bronco 20 but the Bronchos recovered the ball again two plays later.

The Broncho line did a fine job throughout the game and played in the Irish backfield almost as much as the Irish backs when they were on the offense.

F. F. A. Youths To Exhibit At McKinney And Waco Fairs

Two groups of top barrows will be exhibited by Clarendon F.F.A. members this weekend at two of Texas' top barrow shows. Twelve head of Poland China and Hampshire barrows will be exhibited at the Texas State Barrow Show at McKinney Friday and Saturday. Approximately the same number will be exhibited at the Heart of Texas Fair at Waco on the same days.

Carl Talley, Sammy Wells, Bobby Longan and Adviser J. R. Gillham will make the trip to McKinney and James Mahaffey will accompany Bobby Lee, Lelia Lake Voc. Ag. Instructor and a group of his boys to Waco. The McKinney Show is the top barrow show in Texas this fall, and the competition is expected to be very keen, but the show will be judged by Jim Hillier of Oklahoma A&M, one of the top barrow judges in the entire nation, and the local youths hope to make a creditable showing. Lelia Lake will exhibit their top barrows at Waco along with those of the Clarendon Chapter.

Mrs. Albright and son of Herington, Kansas visited the latter part of last week in the home of Mrs. Albright's uncle, Mr. and Mrs. D. S. Smith.

TWO LOCAL YOUTHS JOIN NAVY

Kenneth Dale Evans, son of Mr. and Mrs. Kermit Evans, and Gerald Wayne Anderson, son of William Hice Anderson, were sworn into the Navy at Albuquerque Thursday, September 13th. They will train at the San Diego U. S. Naval Training Center for 9 weeks and then be given a leave to come home before going to their new assignments.

P. T. A. REPORT

The first regular meeting of the Sims Parent-Teachers Association was held in the Junior High auditorium Thursday afternoon at 3:00 o'clock.

The meeting was called to order by Mrs. Bray Cook, President, who introduced Mr. Weldon Goar, as devotional leader. Mr. Goar led the group in several song selections.

Mrs. Dick Shelton, program chairman, introduced Mr. Homer Estlack, President of the School Board, who spoke on the improvements accomplished at the schools during the summer months.

Mrs. Mears' first grade room had the most mothers present. A social hour followed the meeting.

Mr. and Mrs. Walter M. Warner of Iowa Park attended the wedding of Elba Jean Ballew and returned their son Haverde home after a weeks visit with his grandmother Abby Warner.

Dewilla Mae is the name given the baby girl who arrived at the home of Mr. and Mrs. Johnny Wayne Short of Plainview, September 11. The little miss weighed 8 1/2 lbs. and is the granddaughter of Mr. and Mrs. John Short of Clarendon and Mr. and Mrs. D. Murdock of Memphis.

Mr. and Mrs. Noel Hewitt and Barbara and Mr. and Mrs. Cecil Short of Amarillo returned home Sunday after a week vacationing in New Mexico, Arizona, and California.

Mr. and Mrs. I. K. Morrow, Jr. and sons of Wichita Falls spent the week end with their parents, Mr. and Mrs. I. K. Morrow, Sr. and Mr. and Mrs. Herman Percival.

Mr. and Mrs. D. S. Smith visited the first part of last week in the home of his sister and husband, Mr. and Mrs. G. G. Miller, at Petersburg, Texas.

Mr. and Mrs. Laurence Muncy of Frankel City, Texas attended funeral services for her grandmother, Mrs. Monica Harvey here Friday.

The minimum age for retirement from the Navy is 37 1/2 years and one day.

Donley County Wins Top Honors In Tri-State Fair Poultry Show

The Donley County Poultry exhibit sponsored by the Clarendon F.F.A. won the top blue rosette for first place county display at the Tri-State Fair last week. Competition was the closest it had been in years with Lubbock County placing second in the county awards.

Wesley Webb was presented a special prize of a pen of young barred plymouth rock bantams by the fair officials. Webb exhibited Silver Speckled Hamburgs and New Hampshire reds at the fair. Other exhibitors winning awards were Willard Webb on Blue Andalusian hens; Douglas Allee on Barred Plymouth Rock pullets; Jimmy and Doyce Graham on White Plymouth Rock cockerels and hens; Carson Bowling on Silver Duck Wing Bantams; Paul White on White Plymouth Rock pullets; Allen Homer Estlack on Rhode Island Red Bantams, on Golden Seabright Bantams, and on Black Rose Comb Bantams; Mrs. E. V. Quattlebaum on New Hampshire Red cocks, hens, and pullets, and E. V. Quattlebaum on White and Dark Cornish bantams.

The F.F.A. group is especially grateful to Mr. and Mrs. Quattlebaum and Allen Homer for helping make it possible to win the county award again.

Herman Percival went to Bryson, Texas Thursday to return Mrs. Herman Percival home. After visiting the night in the Perry Rundell home they visited in the Ples Crane home at Wellington reaching Clarendon Friday afternoon.

Mr. and Mrs. W. M. Pickering have as guests in their home, Mr. and Mrs. Ross Jacobs of Berthoud, Colo. Sunday they and their house guests spent the day in Elk City, Okla.

WES KNORPP RETURNS TO ARIZONA SCHOOL

Wesley Parr Knorpp, son of Mr. and Mrs. W. Carroll Knorpp of Clarendon, has returned to Tucson to resume his studies at the Southern Arizona School for Boys.

Wes will be a senior this year at this unique prep school which features polo and other riding activities, holds classes out-of-doors, and trains its students as scholars and gentlemen in a spectacular Wild West setting. Classes start with the sixth grade and graduates go on to the country's finest colleges. Eighty boys are entered in the seven grades.

Mrs. Herman Percival returned home Friday after visiting her sister and family, Mr. and Mrs. Clarence Starnes and children, a daughter and family, Mr. and Mrs. I. K. Morrow and children, and a son, Ralph Percival, all at Wichita Falls. She also visited in the home of Mr. and Mrs. Perry Rundell, near Bryson, Texas.

Reappraisal Of Roughage Program To Be Made In Texas

The volume of approved applications for assistance under the Texas Emergency Roughage program has exceeded the estimates of demand made when this program was negotiated so it is necessary to reappraise the actual cash requirements. The agreement between Secretary **Ezra Taft Benson** and Governor **Allan Shivers** provides for an allocation of One Million Dollars of Federal funds for the roughage program. Funds available to the U. S. Department of Agriculture to finance roughage programs must be allocated among all disaster designated states where such a program is needed. **Mr. Walter T. McKay**, Texas State Director of Farmers Home Administration, has been instructed by **K. L. Scott**, Director

of Credit Services, U. S. Department of Agriculture, to immediately instruct all FHA County Offices in the designated areas to withhold further approvals of roughage purchase certificates. The County Offices are authorized to continue to accept and hold on file applications for assistance under this roughage program, but are instructed to take no action on these applications and to make daily reports on the tonnage requirements covered by such applications to **Mr. McKay's** office. **Mr. McKay** has been asked to solicit the assistance of the Texas USDA Drought Committee and the Office of the Governor in making a careful reappraisal of the demand for assistance under this Emergency Roughage program including financial requirements.

Mr. Scott stated that in keeping with the policies and the desires of Secretary **Benson**, the Department will continue to work closely with Governor **Shivers** and leaders in the State and give all assistance possible within the authority and funds available to the Department in providing assistance to drought stricken farmers and ranchers in Texas.

LELIA LAKE NEWS
Mrs. H. R. King

Mr. and Mrs. Oscar Roberts left Wednesday to visit their daughter and family in Paris. **Mr. and Mrs. Ralph Ayers** of Hale Center visited his parents, **Mr. and Mrs. C. C. Ayers** Sunday. **Don Tomlinson** arrived Tuesday from Detroit to make his home here. **Jake Rose** of Clarksville accompanied him here and visited until Thursday. **Mr. and Mrs. Ford Martin** and boys of Borger spent the weekend with **Mr. and Mrs. Jess White**. **Mr. and Mrs. Gene Moore** of Fort Worth spent the weekend with her parents, **Mr. and Mrs. Nelson Seago**. **J. C. Smith** and **Marilee Smith** went to Dallas last Sunday to attend the funeral of **Mr. Smith's** brother-in-law. **Mr. and Mrs. Roland Jenkins** and children visited relatives in Wellington Wednesday.

Mr. and Mrs. J. C. Stepp and children visited relatives in Childress Wednesday afternoon. **Mr. and Mrs. C. C. Carter**, Paul Duncan and **Mrs. Clyde Bridges**, both of Hedley had business in Amarillo Wednesday. **Mr. and Mrs. D. M. Cook** went to Plainview Sunday to visit relatives. **Miss Jessie Cook**, who has been with relatives in Lubbock, met them there and accompanied them home. **Mr. and Mrs. Billy Floyd** and children of Borger and **Mr. and Mrs. Morris Morrison** of Dumas attended the Morrison funeral in Hedley Saturday and also visited **Mr. and Mrs. W. W. Jones**. **Mr. and Mrs. L. B. SOIL BANK
Since Donley County has been included in the 1956 Emergency Feed Program, the 1956 Acreage Reserve (cotton and wheat) acreage can be grazed until December 31, 1956. You can only graze this acreage with livestock that you own.

1957 Wheat Acreage Reserve agreements can be made through October 5, 1956.

Conservation Reserve agreements cannot be made as yet. Conservation Reserve is the long

term program whereby you agree to take a designated number of acres out of production and establish a permanent cover thereon.

Some Provisions Relating to Tenants and Sharecroppers:

(a) No agreement with respect to any commodity shall be entered into with a producer if it shall appear—

(1) That the landlord or operator has not afforded his tenants and sharecroppers an opportunity to participate under the agreement in proportion to the number of acres in the respective producer units of such commodity farmed by such tenants or sharecroppers.

(2) That the landlord or operator has, as a result of participation in the Soil Bank Program, reduced the number of tenants and sharecroppers on the farm, or the size of their producer units; or

(3) That there exists between the operator or landlord and any tenant or sharecropper any lease, contract, agreement, or understanding, unfairly exacted or required by the operator or landlord and entered into in contemplation of the signing of any

agreement hereunder, the effect or purpose of which is:

(i) to cause the tenant or sharecropper to pay over to the landlord or operator any compensation to be paid to him under the agreement; or

(ii) to change the status of any tenant or sharecropper in order to deprive him of any part of the compensation or any other right or privilege of his under the agreement to which his actual status with respect to the land prior thereto would have entitled him; or

(iii) to reduce the size of the tenant's or sharecropper's producer unit in contemplation of the signing of the agreement; or

(iv) to increase the rent to be paid by the tenant or decrease the share of the crop or its proceeds to be received by the sharecropper.

(4) That the operator or landlord has adopted any device or scheme of any sort whatever for the purpose of depriving any tenant or any sharecropper of his compensation or any other right under the agreement. The agreement shall be deemed to have been violated if any of the conditions set forth in subsection (a)

of this section are discovered after the signing of the agreement, or, if, after the signing of the agreement, the producer enters into any lease, contract, agreement, or understanding with any tenant or sharecropper of the nature prohibited by (a) (3) above of this section or adopts any scheme or device prohibited by (a) (4) above of this section.

Cub Scout Pack Organized Here Monday Night

Cub Scout Pack No. 37 was organized at a meeting here Monday night with Sidney S. Stewart as Cubmaster; Rev. C. N. Ryan, sponsoring institutional representative and chairman of pack committee; Barney Horton, Sec. Treas.; Curtis Mears, Advancement Committeeman; Maurice Hart, Property, Publicity and Training.

Den Mothers and Assistants are: Den 1—Mrs. Bob Moss; Den 2—Mrs. Paul D. Wright, Mrs. Claude Spivey, Asst.; Den 3—Mrs. Sid Stewart, Mrs. Bud Her-

mesmeyer, Asst.; Den 4—Mrs. Dewey Hendricks, Mrs. J. G. McAnear, Asst.

A Den Mothers Work Shop will be held at 7 p. m. October 2nd at Wellington. All boys who did not register Monday night and wish to become Cub Scouts are urged to see one of the above Den Mothers.

Local Golf Tournament To Begin Friday

Good golfers, fair to middling golfers, and some who class themselves as "dubs"; in fact, all golf players in Donley County who wish to participate, are shooting their qualifying rounds in preparation for the handicap tournament which will open Friday morning, and run through Sunday at the course West of Clarendon. Not only members of the newly formed golf club, but prospective players have been invited to participate.

Maurice Hart, club chairman of tournaments, is receiving the qualifying scores and posting handicaps at his place of business, the Whitlock and Hart Barber

Shop. He is also receiving the tournament fee of three dollars, which will cover all costs of the tournament, including prizes and the "Dutch Lunch" to be served to all players and their wives.

The "Dutch Lunch" will be given tonight at the City Park, with the tournament committee, Mr. Hart, Dink Miller of Lelia Lake, and W. H. Cooke III, of Hedley, in charge of the event. Mr. Hart said the supper would consist of cold cuts and the usual relishes and soft drinks. Serving will start at seven o'clock.

Twenty or more players had registered for the tournament by Wednesday night. Mr. Hart said he expected others to qualify today, in time to bring the total number of participants to at least thirty.

Mr. and Mrs. B. L. Wren of Colorado City visited last week in the home of their daughter and family, Mr. and Mrs. Paul Schull and children.

Mr. and Mrs. W. E. Hodges visited Sunday with Mr. and Mrs. Marvin Hodges at Groom. Mr. Hodges is recovering from surgery.

CLARENDON, DONLEY COUNTY, TEXAS, SEPTEMBER 27, 1956

A Common Paper for Common People

There is an old proverb that says something like this: "One picture is worth a thousand words." It is true that the eyes seem to transmit more lasting impulses to the brain than does the

ears. Anyway, this put me to thinking about something somewhat closely related to this same line of thought. I was thinking about the impression that our life has on those about us and how little the many words that we speak.

What was the other thought or poem which says in effect that we cannot hear what you say because of what your life speaks? Think with me for a moment about some person in your past; a pastor, a teacher, or even just a neighbor or a class mate. Try to remember something that they said; we will say ten or twenty years ago. Try

if you will to remember your pastor's text even a month ago. Try to remember the title of any talk that you have heard in the years past. Unless you are the unusual, we believe that right off you will have real trouble remembering anything that you heard someone say several years past.

Then just think about some person. Right off we remember whether we liked them or not. Instantly we remember whether they were kind to us or not. We remember their personality. We have never a doubt as to whether the influence of their life was for the good or for the bad. Right now I remember travelling quite a distance to hear a supposedly famous preacher. This was some fifteen years ago, perhaps even twenty. He was speaking on Sunday afternoon in a large auditorium and you had to get there an hour or so early to get a seat. The weather was hot and after an hour waiting he emerged on the stage. I don't remember his text. I couldn't tell you one word that he had to say. Not one story or one illustration or anything. Do you know what I remember? You would never guess. It was the fact that after all this wait, all of the babies were ready to be taken out; maybe even some of the grown-ups had to leave also. He griped and fussed at them for the disturbance. Several times asked that no one move unless absolutely necessary. He stopped a time or two and just waited until some lady was down the aisle. He was very disgusted and disgruntled and fussy about it. That is all that I remember him for. Think back for yourself. We remember folks for the picture that their life made on our heart. Seldom will we remember anything they ever

said. We love our pastor and remember him for that reason.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

A meeting will be held in the Alanreed School Gym at 7:30 p.m. Tuesday, Oct. 2, 1956 for the purpose of electing a member to the Donley County Soil Conservation District Board of Supervisors. Refreshments will be served and movies shown. These films, entitled "A Roadrunner Battles a Rattlesnake" and "The Bulldog and the Baby" will be interesting to children as well as adults. All resident land owners of zone 3 of the Donley County Soil Conservation District and their wives are urged to attend this meeting. Don't let the children keep you home. Bring them with you.

Because some people may not be familiar with Soil Conservation Districts, following is a brief explanation of their purpose and organization.

Soil Conservation Districts are local Organizations set up at the request and by a majority vote of the resident landowners of the District. They are organized under state law, and for the sole purpose of promoting and assisting in the establishment of soil conservation on the land. In Texas each District is divided into five parts, or zones, and each zone elects a supervisor once each five years (for a 5 year term) to represent it on the Board of Supervisors. The Board of Supervisors is the governing body of the District the same as the Commissioner's Court is the governing

body of the County. Like the County, a District is a political subdivision of the state, but with different and more limited powers. It is through the District that the assistance of the Soil Conservation Service and various other agencies is made available to the farmers and ranchers of the District. Zone 3 of the Donley District is that part of Donley County East of Highway 70 and North of the Salt Fork of Red River.

Remember, residents of Zone 3, you only have the opportunity to express your choice of a supervisor once each five years, so come out and vote.

Radio advertising is not allowed in the United States short wave radio stations.

TOP SEED SAVERS

When the sacks fill up faster than usual, you know you're saving more seed. It's a simple gauge that tells Allis-Chalmers combine owners they have superior seed-harvesting equipment—for a money-making crop.

With Allis-Chalmers, you're ready and able to tackle any seed harvest problem—from light, fluffy orchard grass all the way to lima beans. Come to your seed-saving headquarters—here.

**You get more
for your money
at home**

**Dependable
Quality**

**Better
Service**

Strong Claims backed by facts

Our local business firms are in good shape to back up strong claims of giving you **MORE VALUE FOR YOUR MONEY.**

Because . . . it's a simple fact of economic life that home merchants have about a 30% head start on their out-of-town competitors in the run for our money.

This is true because near 30% of every dollar spent at retail goes to support and to build up the prosperity of the community in which it is spent . . . and you benefit from the work done by that part of your money **ONLY** when you live and do business in that community.

Where goods, service and price offered by home stores and by the out-of-town stores are otherwise equal . . . the **HOME DEAL** is still close to one-third better . . . and may be many times better for you . . . as bigger trade volume at home prospers the area where **YOU** live . . . and make your living.

**It Pays to Buy
where you Live**

YOU get Everything that Your Money Pays for --- Merchandise and a trade-invigorated community to live in --- when you buy from your home town merchants ---

Annual Prison Rodeo Set For October
SPECIAL BOX SEATS ADDED TO STADIUM FOR '56 SHOW

HUNTSVILLE — The justly famous Annual Texas Prison Rodeo, "The Biggest Show of its Kind on Earth", will start a four-day Sunday season when it gets underway at 2 p. m. on October 7.

This year, the Silver Anniversary of this big fall event, management has provided special feature attractions by way of commemorating this birthday.

"Only the best performers—animate and animal—will be put into the arena this year," says Albert Moore, who has served as Rodeo Director for the past 24 years. "Riders will be culled from the more than 135 volunteers for this year's show. Only the best of these cowpokes will be in the arena for the four performances in October. 'Would-be' waddies and second rate riders who do not meet our high standards will be eliminated in a special 'try-out' rodeo, which is no practice session."

An outstanding series of acts, professional rodeo entertainers, have been booked for between event entertainment. Mr. Moore has stated that this year's specialty acts look like the best ever. Especially featured will be the HENDRICKS FAMILY, doing trick rides, jumps, and featuring the zany antics of "Crazy Quilt" and "Patchwork"—a trained charger and his canine friend. The Angelina County Mounted Quadrille will appear in the arena at the first two shows, October 7 and 14. This spot on the program will be taken over by the Long-

view Mounted Quadrille for the last two Sunday shows, October 21 and 28.

An invitation has been extended on behalf of the Prison Board to the State's Chief Executive, Governor Allan Shivers, and to Governor-Elect Price Daniel to attend the first rodeo and to officially open the show at 2 p. m. on Sunday, October 7.

Contingent upon acceptance of these invitations, the Prison Board's Rodeo Committee Chairman H. H. Coffield advised prison management that October 7 would officially be "Governor's Day" at the rodeo.

Mr. Coffield announced that special box seats would be added to the million-dollar stadium for this year's performances of "The Biggest Show of its Kind on Earth." Additional seating capacity will be provided by the 100 boxes, ranging from 6 to 12 seats in each box. These box seats will be made available on a season basis if the purchasers desire.

"We expect that many members of the State Legislature and ranking state officials will accept our invitations and attend the opening day ceremonies as guests of the Prison Board," stated Mr. Coffield.

Out-of-state requests for reserved seats were received during

the early part of August according to Mr. L. W. Wright, in charge of ticket sales. More reservations have been coming in with every mail. It is hoped that the rodeo will play to capacity stands each and every Sunday during the four-show season.

How To Redeem Soil Bank Certificates

John C. White, Commissioner Texas Department of Agriculture

Redemption of soil bank certificates, an important item to many Texas farmers, has been explained by the United States Department of Agriculture.

Under certain circumstances, the certificates will be worth a little more than face value. But mostly, they are on par.

The soil bank chits earned by farmers for reducing acreages of wheat, corn and rice will be valued at 105 percent of their cash value when exchanged for grains in the Commodity Credit Corporation inventory or when used to redeem grain they have put under price support loans. This is a minor "give-away" to farmers, themselves, in order to reduce politically hot surpluses.

For exchange purposes, the value of the CCC-owned grain will be set at the current support price for the grade, class and location of the grain. The certificates may also be redeemed for cash at 100 percent of face value.

CCC-owned grain will be available through warehouses operating under the Uniform Grain Storage Agreement. The grain will be delivered at local warehouses or terminal elevators but CCC will not supply grain at locations other than where it has stocks. In other words, no cross-country movement of grain into an area where it is not grown.

Wheat certificates may be exchanged for wheat, barley, rye, oats or grain sorghums—but not

for the other two basic grains, corn and rice. This limitation applies to corn or rice acreage reduction certificates. Rice chits cannot be swapped for corn or wheat, and corn chits will not get rice or wheat.

Grains will not be available during harvest periods, CCC officials point out. CCC will not exchange a particular grain for certificates during the harvest season for that grain in the area. This harvesting limitation will also apply to redemption of grain under loan by use of certificates.

between Decatur and Dallas for the State Fair of Texas, October 6-21 was announced today by Robert L. Hoyt, General Passenger Agent for FW&D.

Round-trip tickets good in air-conditioned chair cars on all FW&D trains including Texas Zephyrs will go on sale daily commencing October 5th and will be sold to and including Oct. 21st. Final limit of tickets will be midnight October 22nd, said Hoyt.

The reduced fares may be purchased by individuals or parties, such as FHA groups, grade school and high school classes, etc., it was also announced.

According to D. F. Wadsworth, Agent for FW&D at Clarendon, the special excursion fare to Dallas will be \$9.85, as compared with the regular fare of \$14.50. The usual federal transportation tax of 10% is in addition to the fare, added Mr. Wadsworth.

It's Bonanza time at Buick Dealers!

-And Smart Folks are buying Now

Buick Century 6-Passenger 4-Door Riviera

(You get a triple Bonanza in today's Buick)

THERE NEVER was a better time to start enjoying a gorgeous new Buick.

Take today's low Buick prices. Frankly, who can tell if they'll ever be as low again?

Take trade-in allowances. Buick is more strongly than ever in America's top three best sellers, so we can afford to give you the benefit of any doubt.

Take the season. Isn't it time to trade your present car before its value goes down?

Above all, consider all you get in a '56 Buick. Advanced styling, power, ride. And wonderful new advanced Variable Pitch Dynaflo®—with a double helping of take-off and a sweet new kind of control.

So doesn't it all add up to a real bonanza of value? Drop in and we'll prove that it does. And hurry—the sooner, the smarter!

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

It's a great time to buy a **Buick**

Bonanza Trade-in Allowance

—because your present car is at its peak value right now. And because—with Buick so solidly set as America's No. 3 Best Seller—our bigger sales volume permits us to make you an even better trade-in allowance.

Bonanza Buy

Buick prices start right next to those of the smaller cars. But those Buick dollars buy you a whole of a lot more automobile—more room, more power thrill, more styling freshness, more ride stability, more solidity of structure—the Best Buick Yet.

Bonanza Resale

A Buick always resells high. But the '56 Buick will bring you even more money when you trade it because it carries today's new Variable Pitch Dynaflo. It's the most advanced transmission yet developed—and the only one that breaks with the past to bring you the switch-pitch performance and gas savings of the modern plane's variable pitch propellers.

P.S. We have some especially good buys right now on the high-powered CENTURY and the extra-spacious SUPER. Better see 'em real soon!

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association
AUSTIN—Atty Gen. John Ben Shepperd has asked the press of Texas to sponsor 12 bills in the 1957 Legislature. They pertain largely to publication laws. In Shepperd's opinion, such laws would have prevented the land, insurance and Duval County scandals.

Shepperd, whose term expires in January, addressed the 6th Annual Fall Meeting of the Texas

Press Association, in Austin. He recommended passage of Legislation that would require the land office to publish an official notice in a newspaper in the home county of each veteran applying for a loan under the Veterans' Land Program. This, so that hometown people will know that such an application has been filed.

Also suggested was publication of a financial statement by insurance companies, such as is required of banks and building and loan companies handling the people's money.

A strict law, making it "an absolute, mandatory requirement" that all elected public officials handling the public's money make a public accounting of same at regular intervals was cited by Shepperd as a necessity "to protect the honest public official as well as to protect the public from the dishonest public official."

THOUGHT
MEDITATION

Off in the darkness
the shadows are deep
Hovering the path that
is rugged and steep,
Yet from the gloom
the sun will appear,
Bringing a gladness,
a comfort, a cheer.

Back of all darkness,
of grief and dismay,
Back of the clouds
that hover our way,
Back of the sorrow we
all must endure,
Back of it all, there
is something secure.

Much deception is being fostered upon the people by failure of some officials to publish the full text of ordinances, said Shepperd. He referred to the publication of descriptive captions only, or mere titles, which do not give sufficient notice to the public.

He cited the imperative need for publication of annual financial statements by each school district—before another scandal rocks the state. Ditto for publication of the proceedings of county commissioners' courts, and meetings of all boards, commissions and other agencies of the State, City, County or other political subdivision—and opening these meetings to the public.

Other needed laws dealt with means of recovering money unlawfully expended or misappropriated; the hiding of public records; requiring special audits; fixing penalties for filing false reports; establishing venue for the prosecution of any state official who refuses to testify on the grounds of self-incrimination. Shepperd emphasized his remarks with this statement: "It is the duty of the press to keep the door of the public office open—to see that public officials remain public in every sense of the word. For this purpose, this country has created and maintained a free press."

FUND REGULATION URGED
 A bill to regulate labor union welfare funds is to be introduced in the next Legislature.

Rep. Tom Joseph of Waco said in a recent Austin statement he will back such a law. Supervision would be either by the Insurance Commission or State Banking Department, he said.

Joseph said he believed an excessive portion of welfare payments goes to union fund man-

gers, and too little to workers.

ROADS OF THE FUTURE
 Highway construction under the new multi-million-dollar federal-state building program is designed to meet anticipated traffic conditions of 20 years from now.

State Highway Engineer D. C. Greer said crossroads and railroad crossings will be either separated or eliminated. Hills will be graded down to allow for speeds of 70, 60 and 50 miles per hour, depending on location. Roads will be either four-lane or two-lane with right-of-way for two more.

Texas' share of the projected nation-wide highway network will be 2,900 miles.

ROUGHAGE PROGRAM UNDER WAY

After numerous delays, drought hit Texas farmers now are getting federal aid to buy roughage for cattle.

Certificates good for \$7.50 per ton are being issued through nearly 200 county offices of the Farmers Home Administration. Hay, cottonseed hulls, corn shucks and corn cobs are classed as roughage. Already a price rise in hay has been unofficially reported.

One million dollars was allocated for the program. Some farm leaders have predicted this will not be enough, but FHA officials say more money would be forthcoming if needed.

CROP FORECASTS DOWN

Dwindling prospects in dryland areas have caused the U. S. Dept. of Agriculture to revise down-

ward its estimate of Texas' 1956 cotton crop.

Forecast now is 3,460,000 bales. This is 140,000 bales less than originally predicted, 579,000 less than the 1955 crop.

Other forecasts: sorghum, 88,428,000 bushels; corn, 25,528,000

bushels; wheat, 28,275,000 bushels; pecans, 25,000,000 pounds. Texas' 1955 pecan crop was 38,000,000 pounds.

When the USS New ORLEANS first put into the city for which she was named, the officers and

crew were feted in grand style. She was presented with a magnificent silver service, a piano, and the ship's bell from the previous NEW ORLEANS. And into the metal of the bell was melted thousands of dimes donated by the people of New Orleans.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

FEDERAL REGULATION OF GAS AT THE WELLHEAD

Most of you will recall the fight that was had last session on the gas bill. The bill finally passed both Houses of the Congress and was sent to the White House. President Eisenhower vetoed the bill, even though he had previously expressed his opinion that federal regulation of the producers of gas at the wellhead was not in keeping with the best interests of this country or our form of government. Although he stated in his veto message that

there was some indication of undue lobbying activities and based his veto on that reason, he did not impress me or others—who were thoroughly familiar with the situation. I suspected at the time, and so pointed out in a newsletter, that there was more politics in the veto than there was reasoning. The bill was either a good bill or a bad bill. If it was a good bill it should not have been vetoed, because somebody tried to pay somebody else some money in some lobbying activities. If the bill was a bad bill, it should never have passed the Congress, lobbying activities or no lobbying activities. The truth is that it was a good bill, although I did not feel that it went far enough in freeing the producers from federal control. Very few bills in our legislative history have been the sub-

ject of more extensive hearings than were had on this gas bill. It was thoroughly debated in the House of Representatives and passed the House by a vote of 209 to 203. It then passed the Senate and went to the White House where it was vetoed. I thought the veto was wrong then, and I still think the same way.

The odd situation that has developed concerning the gas bill is simply this.

Rumors around Washington are that some ardent supporters of the President are seeking the active and financial support of the oil and gas people for the fall campaign. The O and G people are supposed to have been told that if such support is forthcoming, the President will sign the gas bill as soon as it gets to the White House next year. I would advise the O and G people to be sure to read and understand exactly what is going on. In the first place, it should be pointed out that the phrase "as soon as it gets to the White House" is the tricky part of the language. In the second place, it must be remembered that the bill passed the House by a final vote of 209 to 203—a margin of only 6 votes. In the third place, it would not be difficult for several of the Members who voted for the bill to change their votes in the next session and vote against the bill.

It would only require a change of 4 votes to defeat the bill in the House. This would mean that the bill would never reach the White House. Therefore, the promise of the ardent supporters of the President that the bill would be signed "as soon as it reaches the White House" would not be broken, simply because the bill had not reached the White House.

The truth is there is a propaganda campaign going on today against the oil and gas industry. The present Senate lobbying hearings are furnishing a good stage from which to criticize the oil and gas people at the producer level. If this propaganda campaign is successful, it will hurt the economy of the Panhandle of Texas. The big utility companies in the East want to firm up their gas sources and fix it so that the producers and royalty owners must sell their gas into the pipelines for use in the East and Middle West.

They realize the possibility that many new discoveries for gas usage are highly probable, and that the value of gas as a natural resource will be measurably increased.

These utility companies are willing to subject gas producers to federal control in order to protect their own source of supply. These utility companies had better wake up. Because federal control

of the gas at one end will simply open the door to federal control of rates to be fixed at the consumer level, and these utility companies will find that such a policy as they now support, could easily result in nationalization of the fuel industry. Certainly no freethinking American would subscribe to that policy.

The propaganda campaign against the oil and gas people will not only hurt the economy of the oil and gas people themselves and the people who work at that particular field in the Panhandle of Texas, but it will hurt every business in our section of the country including the farmers and the ranchers.

What this country needs, and especially the Panhandle of Texas, is a restabilization of the segments of the economy that have been throttled in the last few years. I refer especially to the farmers and ranchers. Certainly we do not need any attacks on other segments of the economy in our District.

Safety On Highways Depends Greatly On Even Flow of Traffic

"Don't be a traffic misfit—the fellow who's out of step is out of luck!"

That warning was given to motorists today by E. C. McFadden of Dallas, Vice President of Employers Casualty Company and President of the Texas Safety Association, as he discussed the Share the Road program of the Texas Safety Association, the Department of Public Safety and the National Safety Council. This program is being conducted in cooperation with the Slow Down and Live program of the National Conference of State Safety Coordinators.

"Safety on the highway depends to a great extent on the smooth, even flow of traffic," McFadden said. "Whenever you interrupt this flow, you're in trouble—and so are the drivers around you. Here are a few examples of stunts that will foul up traffic in a hurry.

"Stopping suddenly can cause an aggravating pile-up of the cars behind you. Making a turn from the wrong lane is sure to jam things up in the lane you barge into. Hugging the bumper of the car ahead makes you a sitting

duck for a serious accident if the fellow in front stops suddenly.

"Speed is another thing that must be adjusted to the traffic flow," he said.

"If you go barreling down the road faster than the drivers around you, you're likely to tangle with them," he said. "But it's not safe to drive too slow, either. You can throw a monkey wrench into the traffic pattern if you force every other car on the road to take chances getting around you."

He advised motorists to drive at a rate of speed that fits in smoothly with the speed of the cars around them. He said this is especially important when driving on superhighways, where higher speed gives the driver less time to think in an emergency situation, and increases the severity of any accident he may have.

"Remember, you're not alone on the highway," McFadden said. "Share the road if you want to stay safe."

From where I sit... by Joe Marsh

Changed Her Whole "Point of View"

Some local high school teachers spent the summer taking courses at the State University. They learned a lot, but one of them—Miss Williams—got homesick.

"To save expenses," she reports, "we chose a hotel that was clean but grim. When I found my window looked out on a coal yard—my heart just sank!"

But, when Miss Williams noticed a pot of geraniums on the window sill—and a note saying "Look at these instead," (signed) "Last Occupant"—she decided to stick it out. She kept those flowers

watered and tended to make things that much easier on the next occupant.

From where I sit, it's often hard to adapt to new surroundings—just as new customs often seem strange to us at first. For instance, if you've always had tea with your meals you might find it odd that I prefer a glass of beer. It's OK to prefer what's familiar to you... but also keep an open mind on what's not.

Joe Marsh

Copyright, 1956, United States Brewers Foundation

THIS IS WHERE TOMORROW STARTS

A new "inner car" gives you a NEW KIND of FORD for 1957! Coming October 3rd.

On Wednesday, October 3rd, Ford Dealers throughout the United States will unveil a new kind of automobile!

Cars are involved in every American's life. News of a new kind of car is the biggest kind of news to millions of Americans.

The Big New Kind of Ford is that kind of news... a car totally new in design from crest to trunk lock.

This completely new automotive package will sell at the traditionally low Ford prices.

This makes possible a new high standard of such honest-to-goodness value that it actually increases the purchasing power of your automobile dollar.

When you see it, other cars will look out of date, because...

This is Where Tomorrow Starts... with a Big New Kind of Ford!

The New Kind of Ford is the fullest, most eloquent expression of Ford's special personality—the youthful grace, the whiplash action—and the reputation for durability known wherever there's a road.

To all this we have added true elegance—a kind of elegance never before seen in the low-price field. To make a car truly elegant, you must start deep down inside.

The New Inner Ford

The Inner Ford—the car you cannot see—is a very remarkable structure. Its frame is actually a cradle. Side members extend almost the full body width; they serve not only as supporting members but as concealed side bumpers of immense strength.

The New Ford Body

The new Ford body is a triumph of engineering in steel. The doors close with the solid finality of a bank vault. Even the door-lock button has been moved up front—easier for you to reach, but out of the children's reach.

All these features were engineered to give you a solid new kind of comfort.

The New Ford Ride

The New Kind of Ford sits six people as no other low-priced car has ever sat them

—six elbows wide in each seat, with deep space around each one of six knees. And above all that space, there's hat room to spare for all six passengers.

The 1957 Ford rides low, solid, with a firm, deep road-holding feel. Yet it's a light-hearted, flight-hearted ride—this car is responsive, nimble, agile, with a proud easy movement.

The New Ford Choice

Ford offers not only one, but two sizes of cars... each on its own extended wheelbase... each with its own body shell... each with its own styling.

First, the two Fairlane Series on a 118-inch wheelbase. The Fairlane 500's come in 5 body types, a four-door sedan, a two-door sedan, a two- and four-door Victoria with no center pillars, and a convertible coupe. The same body types (except for the convertible) are available in the Fairlane Series.

Second, two Custom Series mounted on the 116-inch wheelbase chassis. In the Custom 300 Series, a four-door and a two-door sedan are distinguished from the Custom models by more luxurious inter-

iors and elaborate trim. The Custom Series also includes a Business Sedan.

Beyond all these, you also have your choice of five Station Wagons—the famous glamour cruisers that are the champions in this field!

The New Ford Look

That low, low cradle-span frame means a low, low car. The Fairlane 500 is only four feet eight inches from road to roof! The Custom is just over four feet nine inches!

The new Ford is not only low—but long. Ford gives you more than 17 feet of elegant length in the Fairlane Series, a shade less in the Custom. It's a nice kind of fun just to look at it. It's high-priced in every way except price.

The New Ford Performance

You can have up to 245 wonderful Thunderbird horsepower in any Ford model. There's a moderate—and really moderate—extra charge for this engine of 312 cubic inches with its 4-barrel carburetor.

For "Six" lovers, we've got the 144-hp Mileage Maker Six. Whether you choose Six or V-8, the going is great!

Here is where your own tomorrow starts

It starts at your Ford Dealer's showroom!

The cars will be there on Wednesday, October 3.

These are the best Fords of our lives.

They are the first symbols out of Detroit of the new automotive age that is beginning for you.

This is where tomorrow starts—at your Ford Dealer's.

This is when your tomorrow starts—October 3rd.

Come in and see us for the Big New Kind of Ford!

You'll Save-Save-Save

with the new Frigidaire Automatic Washer

Model WI-57

All-New Sheer Look fits in—builds in everywhere.

AS LITTLE AS \$335 A WEEK after small down payment

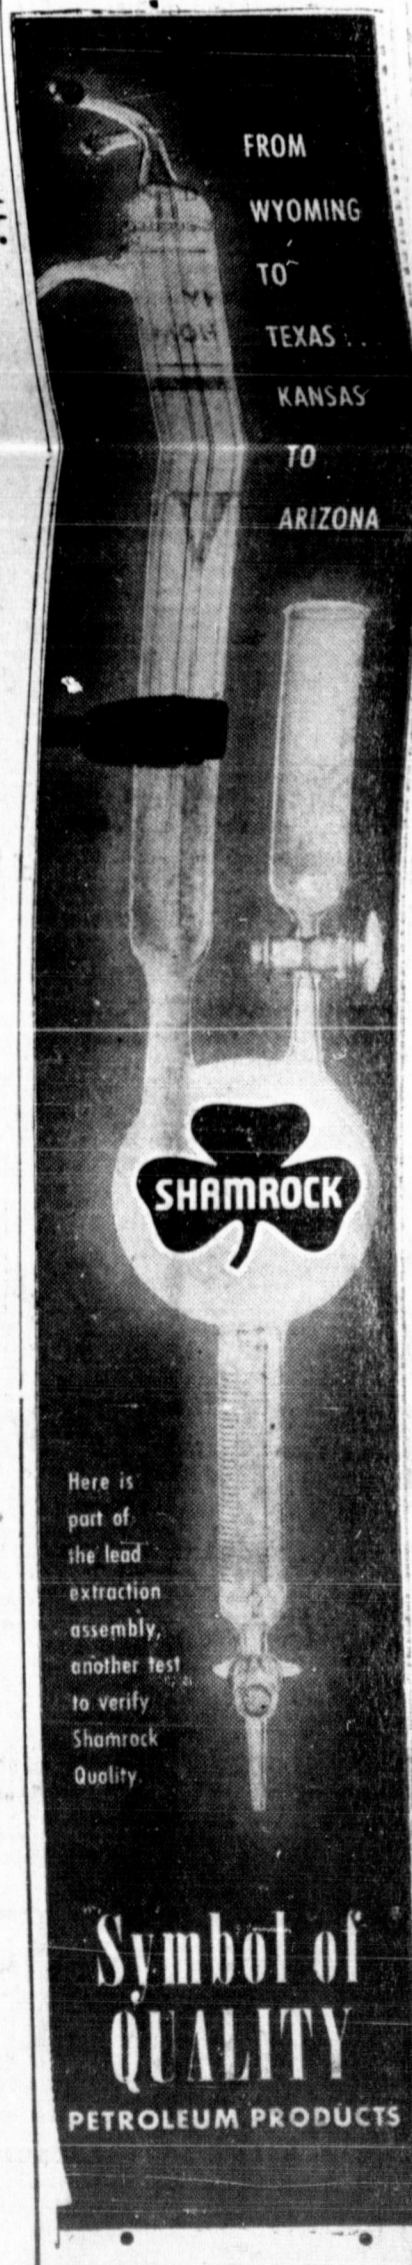

- Saves up to 1800 gallons of hot water a year.
- The cleanest wash you've ever seen—without rubbing. So your clothes wear longer.
- The driest load that ever left a washer.
- Gets rid of lint, dirt and soap-scum, too, that filter traps miss.
- Washes everything that's washable—even delicate, man-made fabrics—automatically!
- Cuts detergent costs almost in half.
- A complete wash in as little as 12 minutes.
- Lifetime Porcelain inside and out.

"We Have Grown - - - Because We Have Helped Others To Grow"

The Navy's first nuclear powered radar picket submarine, the USS TRITON, is under construction. Its principle mission will be to scout on the far fringes of the carrier task force to give warning of danger approaching by air, on the surface, or under the sea.

FROM WARM SPRINGS FACT & FANCY by W. H. Reiter

(Wherein the director of public relations at the Gonzales Warm Springs Foundation tells of Texas' own physical rehab center and also throws in a little tongue-in-cheek palaver for which, incidentally, the management is not responsible.)

No patient is admitted to the Gonzales Warm Springs Foundation without a referral from his local physician or a doctor who has been consulted on the case.

And no patient is admitted as an in-patient until the staff physicians (doctors of physical medicine) have carefully examined him and determined that the treatment program at Warm Springs will be helpful. After admission, the medical director continues to send periodic medical reports to the referring doctor outlining the progress of the case.

Full details on admissions can be obtained by writing the Registrar, GWSF, P. O. Box 58, Gonzales, Texas.

It behooves me at this time to sound a note of disdain and indifference to the furor that has been and is being made on the subject of whooping cranes. Of course, I may incur the wrath of whooping crane lovers, but if you are one of those, maybe I just don't care.

As I see it, the only reason that whooping cranes are considered so newsworthy is because there are so few of them. This I regard as a lame excuse. If we were down to 31 frying size chickens, I would be alarmed. But whooping cranes? Never.

Take the whooping crane's cousin, the sandhill crane, which was also almost extinct a few years ago. Great efforts were expended to protect, pamper, and propagate the sandhill crane. Now we are up to here in sandhill cranes and I, for the life of me, can't see that we're any better off.

As I understand it, the whooping crane is largely to blame for his own dilemma, having only a superficial interest in cranes of the opposite sex except for a very

brief period during each year when the female lays a couple of eggs. This attitude in itself causes me to be entirely unsympathetic with the whooping crane, and I feel that extinction, after all, is no more or less than it has coming.

On the other hand, if I were a whooping crane (heaven forbid!) I'm satisfied I'd have considerable difficulty working up more than a platonic interest in a female creature that looks like THAT.

But we human beings insist on, if you'll pardon the expression, "egging" them on and break out our big headline type whenever the whooping cranes produce an egg, hatch a cranelet, get themselves captured, or set sail for Saskatchewan to spend the summer.

But I guess that's all okay. If you want to get all worked up over the whooping crane situation, it's certainly your prerogative.

Me—I just don't give a whoop.

Conference To Be Held For The Benefit Of Small Businesses

The Small Business Administration advises that a conference will be held in San Antonio, Texas, September 27, 1956, from 9:00 a. m. to 5:00 p. m. The meeting will be held at the Hilton Hotel.

Top officials of the Small Business Administration and of the military and civilian procuring agencies of the government will be present to explain opportunities and procedures for participating in government contracts.

Current bid invitations, specifications and drawings will be available for examination. There will also be exhibits of actual items being procured by these government departments.

Procurement officers from various federal government departments will describe how small business can obtain a fair share of government purchases.

In 1955 the Eisenhower Administration made over \$7 billion in VA-insured home loans, nearly three times the \$2.7 billion 1952 level.

It's **EGG-gineered!**
... new
EVERGREEN
FORMULA 40

For Consistently High Egg-Laying Production!

Formula 40 was designed to stimulate peak production. This new feed, made by a formula which exceeds National Research Council recommendations, is a complete laying ration, ideal for self-feeders or automatic systems. Formula 40 contains every ingredient necessary to keep your flock at top production.

COMPLETE EGG FEED FOR YOUR FLOCK

Tests Prove—
25 DOZEN EGGS ON 100 POUNDS OF FEED!

Formula 40 has been extensively tested on Evergreen's experimental farms. In latest tests, flocks consistently produced a dozen eggs for every 3.2 pounds of Formula 40—a startling new record! Take advantage of the research and new developments at Evergreen. Feed your flocks new Formula 40 and watch egg production soar!
