## First Baptist Announces Revival - Sept. 8-15

The pastor, Bro. Van, of the First Baptist Church, Clarendon, announced today that the church has set the week of September 8-15 as Revival Week. Tom K. Simms, the Evangelist, is one of the leading independent evangelists among Southern Baptist in the State of Texas. He formerly taught in the department of Religious Education at the New Orleans Baptist Seminary. He left a promising and lucrative career as artist and sculptor to devote his unusual capabilities to the field of evangelism. His use of the canvas in portraying the gospel is most impressive as a part of his sermons. These pictures will be awarded to someone present at each service. Harry M. Skaggs, Minister of Education and Music, will be in charge of the music during this week. Bro. Skaggs is just beginning his work here in Clarendon.

The services will be at 10:00 A. M. each week day, Monday through Friday. The evening services will begin at 7:30 every night. The Sunday services will begin at 11:00 A. M. and 8:00 P. M. You will be happy that you made plans to attend each and every service, Bro. Van said, and that no one would go away without feeling good that they had accepted the invitation to attend.

The church will be in prayer during the week of Sept. 2-6. Each evening for these five days there will be two groups praying. One group will be located in a home on the east side of town, and another group will be in prayer on the west side of town. They will be praying for their own particular spiritual uplift, and for their friends. If you have a need for prayer, or also feel a need for a friend; you are invited to these services. The church office, phone 62, can inform you as to the places of prayer.

## Farmers Warned To Keep Close Watch For Cotton Insects

County Agent H. M. Breedlove is warning all cotton farmers to keep a close watch on their cotton for insects. Infestation of leaf worms are making their appearance and in some sections of the county there are some garden web worms. The boll worm infestation is spotted and cotton farmers where infestations of insects are in damaging numbers are now dusting or spraying. As a spray at this time of the year, Breedlove suggests Toxaphene and DDT in the 2-1 mix at the rate of 2 quarts per acre in the amount of water it takes the spray to cover one acre. Dusting at this time should be 20-40, at the rate of fifteen pounds per acre. The county agent warns not to spray or dust in a wind over ten miles per hour.

## BRONCHO MOTHERS TO MEET

There will be a meeting of the Broncho Mothers Tuesday morning, Sept. 3rd at 9 a. m. in the home of Mrs. Truett Behrens. All mothers who have sons coming out for football are urged to attend. Plans will be made for the annual Country Club picnic; also for the opening of the concession stand at the football park.

## Bronchos Begin Fall Workouts

Twenty-seven hopefuls reported to Head Football Coach Tom Jinks and his new assistant, Roy Young, Monday to begin workouts for the 1957 edition of the Clarendon High School Football Team. Among the boys reporting were six lettermen from last year's championship team. These boys include Jerry Behrens, 200 pound back who will be in his third year as a starter for the Bronchos; John Richerson, dependable 165 pound center; John Tom Morrow, skinny 150 pound back, who improved fast last season; Richard Vallance, 150 pound back who missed a big part of last season because of injuries; Keith Hudson and Milton Mann, a pair of light-weight, but scrappy guards. Around this half dozen experienced hands the coaches will have to build a team to face another man-killing schedule which includes Stinnett, last year's State Class A Champion; Perryton, winner of District 3 AA last year; Wellington, a favorite in District 3-AA this year, and White Deer, who returns almost their entire starting line-up from last year and is given a good chance by the experts to unseat powerful Stinnett this year.

The thin squad of Bronchos will work out twice each day this week, then cut down to one a day next week in preparation for their first game with Stinnett on Sept. 6.

Boys reporting who played on the Broncho B team last year are Dewey Wilson, Charles Parcial, Bob Schull, Melvin Housden, Wayne Mann, Butch Emmons, Ted Weatherly, Darrell Leffew, Jimmy Johnson, Dennis Bradshaw and Monty Mann.

One bright spot on the ledger is the return of Carl Evans, who lettered in 1955 as a sophomore, went to Arlington to school last year, and is back for his senior year this year. Other hopefuls are James McAnear, 210 pound sophomore, who did not play last year; Lynn Spier, sophomore transfer from Vernon Junior High, and Don Taylor, who served as manager for the team last year.

Freshmen out for the squad include Ronnie Tyra, Jerry Gray, Neel Carter, James Kay, Tommy Messer and Jerry Hicks.

Coach Tom Jinks announced yesterday that the Bronchos would scrimmage the Silvertown team this afternoon at 5 o'clock in Broncho stadium and will scrimmage the team from Ralls Saturday night here at 8 o'clock. Local fans will have an opportunity to see what the Bronchos can offer by taking in these two scrimmage games.

Coach Jinks stated that it was too early to speculate on a possible starting line-up at this time since most of the boys are young and inexperienced. The 1957 Broncho Schedule is as follows:

Sept. 6—Stinnett, here  
Sept. 13—White Deer, here  
Sept. 20—Shamrock, here  
Sept. 27—Perryton, here  
Oct. 4—Wellington, here  
Oct. 11—Panhandle, here  
Oct. 18—McLean, here\*  
Oct. 25—Lefors, here\*

## Lloyd McCord Buys Eddings Texaco

An advertisement in this issue of the Leader announces the sale of the Jack Eddings Texaco Service to Lloyd McCord effective last Friday, August 23rd.

Mr. McCord was scheduled to take over management of the business Tuesday but this was delayed until Wednesday due to an accident Monday which confined him to the local hospital until Tuesday evening. McCord was making his last run to Amarillo in the milk truck he has driven for G. W. Bradshaw the past 12 years and collided with the rear end of a pick-up and trailer 2 miles east of Claude. His injuries consisted of a skull fracture, a bad head laceration and numerous bruises. His companion and the new driver, George Wiggins of Memphis, received only minor injuries. This was McCord's first accident on this run and it came on his last day.

McCord will operate the business under the name of Lloyd's Texaco Service.

Mr. Eddings, who has operated the business the past several years, will operate a new Texaco Station in Canyon which was being completed this week.

## Gilvin-Terrill Awarded 287 Road Contract

It was announced this past week by the State Highway Department that Gilvin-Terrill, Inc. of Amarillo had been awarded the contract for 12 miles of grading, structures and paving from the Armstrong county line to Clarendon. The bid on the project was \$418,920.

We understand that this new paving will be of the same type road as the one between here and Hedley and has been designed whereby there will be no double stripe anywhere along the route with at least 1000 yards visibility on all hills. Work on the project is expected to begin within the near future.

## Project Supporters Urging Qualified Voters To Go To Polls And Vote

### Greenbelt Bankers Organize

Last Thursday evening thirty-six bankers and their employees from the surrounding area met in the American Legion Hall in Clarendon. The meeting was called by Emmett O. Simmons, Vice President of the Farmers State Bank for the purpose of organizing the Greenbelt Bankers Study Group, this group to be affiliated with the American Institute of Banking, the educational division of the American Bankers Association.

Emmett O. Simmons was elected Chairman; T. H. Deaver Jr., Asst. Cashier, First National Bank, Memphis, Vice Chairman; Miss Grace Powell, Cashier, First National Bank, Childress, Secretary; Mr. T. Elmo Whaley, Cashier, American National Bank, McLean, Treasurer.

The enthusiasm and interest in setting up the organization was so great that it was voted to not offer one banking course but two courses to run concurrently. Memphis was selected as the place of instruction with first classes to convene on Sept. 12th. The total enrollment in both courses is expected to exceed 40 bank employees. The Greenbelt Bankers Study Group comprises 21 banks in 15 towns in an area covered by a 55 mile radius from Memphis as a center point.

## Second Game Of Caprock League Series Here Next Sunday

The second game of the Caprock League Baseball series will be played here in Duster Park next Sunday, September 1st at 3 o'clock. This is a three game series and the Dusters must win this game to stay in the running as the Amarillo Coots team was the victor last Sunday.

In the first series game, the Dusters were defeated 8-7 in a 12 inning battle. It was a see-saw affair all the way. Fate Breedlove pitched good ball all the way and received strong support from his team mates.

The last two times these teams have met, the games have gone extra innings with only one run difference in the score. The game Sunday afternoon promises to be a good one, so all you fans be out at Duster Park and help the Dusters stay in the running for the series pennant.

## GRAVESIDE RITES HERE FOR L. V. WALLACE

# Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD  
Texas Press Association

**AUSTIN**—New faces, new jobs enter the Capitol scene as laws passed in the last Legislative session go into effect.

A consolidated Texas Securities Board swung into action with a statement by newly-appointed Chairman Maurice Bullock of Fort Stockton that "all doubts (about securities issues) will be resolved in favor of the buying public."

Also appointed to the board by Gov. Price Daniel were Jay A.

Phillips of Houston and Pete Rodas of Emory. An attorney, Bullock is former president of the State Bar of Texas. Phillips is a certified public accountant, former president of the Texas Society of CPAs and present chairman of the State Board of Public Accountancy. Rodas is president of the First National Bank in Emory.

Board members selected William King to be acting securities commissioner, a full-time, \$10,000 a-year job. He is a former assistant attorney general and had charge of securities in the secretary of state's office.

Approving or disapproving proposed issues of both general and insurance securities will constitute the prime duties of the new agency. Formerly, these functions were divided between the Insurance Department and Secretary of State's office. It also will supervise the licensing of securities dealers and salesmen.

Governor Daniel called the new law an "outstanding measure for protecting the public against fraud and swindling."

**YOUTH COUNCIL**  
Frank M. Wilson of Waco will be chairman of the new Texas Youth Council.

Other members named by Daniel are Louis Henna of Round Rock and Robert Kneebone of Houston.

New agency replaces the old Youth Development Council. It will have charge of the three state correctional schools for young people and the Corsicana State Home, the Waco State Home, the Blind, Deaf and Orphan School at Waco.

Wilson is a Waco attorney and instructor at Baylor University

School of Law, Henna, a member of the old Youth Council, was one of the founders of the Baptist Children's Home in Round Rock. A banker, Kneebone has been active in youth work in Houston.

**SCHOOL STUDY PANEL**  
Six legislators and two private citizens are early appointees to a new committee to study the growth problems of Texas public schools.

Named by Lt. Gov. Ben Ramsey were Sens. George Parkhouse of Dallas, A. M. Aikin Jr. of Paris and Floyd Bradshaw of Weatherford plus former Atty. Gen. John Ben Shepperd of Odessa and Laredo school superintendent J. W. Nixon.

House Speaker Waggoner Carr

named Reps. Scott McDonald of Fort Worth, L. Dewitt Hale of Corpus Christi and Malcolm McGregor of El Paso.

Full committee will number 24. Ramsey and Carr were directed by the law to pick three legislators and three laymen. Governor Daniel and the State Board of Education are to pick six more each.

One proposal made during the session was to have the state build school buildings and lease them to districts. Numerous Texas officials have opposed federal aid for school building.

**HOUSE COMMITTEES**  
A long list of groups has been set up by Speaker Carr to study basic state problems and report to the 56th Legislature. They include:

**Legislative Budget Board**  
Reps. Max Smith of San Marcos, Frates S. Seeligson of San Antonio, William S. Heatly of Paducah, J. T. Ellis Jr. of Waco.

**Legislative Council**  
Reps. Robert Hughes of Dallas, Wesley Roberts of Lamesa, A. R. Schwartz of Galveston, Tony Koriath of Sherman, James M. Cotten of Weatherford, R. H. Cory of Victoria, Menton J. Murray of Harlingen, Alonzo W.

drift was excessive.

In contrast, not a single report of damage has been received from counties where the Texas Department of Agriculture regulates the sale and use of herbicides.

Some 125 counties are regulated by the Texas Herbicide Law. Permits must be obtained for applying herbicide chemicals in these counties and a Department of Agriculture inspector must supervise spraying operations.

The remaining 129 counties are exempt from the law and it is in these counties where crop damage has occurred.

Inspectors make certain that spraying is not practiced within certain distances of susceptible crops—in relation to wind velocity. It is also important that clean equipment is maintained. Much damage has been done by poisoning cotton with equipment which has been used in making applications of herbicides.

Although the Texas Department of Agriculture does not have official jurisdiction in unregulated counties, farmers are urged to use extreme caution in applying weed and brush killing chemicals. Department Inspectors or county agents should be contacted for further information on proper safeguards during spraying operations.

Copies of the Herbicide Law, listing regulated counties and material relating to proper usage, may be obtained by writing: John C. White, Commissioner of Agriculture, Austin, Texas.

### Weed Killing Operations Threaten Crops

Hormone-type herbicides such as 2, 4-D and 2, 4, 5-T are among the most effective weed and brush killers available—but their very effectiveness calls for extreme caution.

These powerful and useful chemicals can damage crops through careless handling just as

easily as they can destroy plant pests. This fact is especially evident this year.

Damage to cotton by herbicides has increased alarmingly in unregulated areas of Texas this season. As many as 9,000 acres in four West Texas counties suffered slight to severe effects from herbicides sprayed in adjacent areas during periods when wind

"These days there are too many people in too many cars in too much of a hurry going too many directions to nowhere for nothing."

The above is the actual truth. Most of us have ourselves geared up about 20 miles faster than our bodies can stand and we take our cars on about the same tear trying to quiet our nerves. When we get there we can't rest until we are on the way back. It wor-

people, don't encourage the "Fizz Habit". Take our advice and say no to the gang a lot to the time. Get a good book and sit down with the family, or play games with your parents. Honestly, for your own good you ought to do this. We read this someplace the other day: "The thing that is most aggravating to the Juvenile Problem is getting the parents off of the street at night."

If we should give advice to anyone, we would want to beg families to devote more time together. Actually sometimes we think that many organizations that try and plan things for our young folks need to bring emphasis on the fact that they need to spend a lot of time at home. Just plain old getting acquainted with the whole family. Playing games with the children at night will usually be much more helpful to them later on than sending them off some place to be entertained and corralled. Of course we all need to have a proper balance in our social life, but let's don't forget and neglect to have lots of fun with our own family.

"He who watches the clock re-ries us to think about what we are doing to us older folks, but take a look at most teenagers and they have already caught the "Fizz Habit." Think what this will do to them by the time they are our age. Don't do it young mains one of the hands."

"Work is not punishment but a reward."

"Friendly criticism, which is meant to help us, is more valuable than false flattery."

Most of us like to be bragged on, so to speak, and we are a firm believer in telling folks about their good points even though we may forget to practice it near often enough. But, much as most of us hate to be criticised we are forced to admit that it is the sort of "Taking Downs" that we get that make us tougher and stronger and better equipped to face life. But, it is not false flattery to look for the good in people rather than the bad and to be always ready to encourage them with a truthful word of praise.

It is like a delicious dessert after a hearty meal to have some word of commendation for some job which we have done. To me it seems all the more important that we should commend those who serve in free places of service in a community or any other organization. Members of the school board, for instance, do a lot of work and planning. They take more criticism likely than any other elected official and yet they serve without pay and with no reward except for the hope of a job well done. Each and every timethat we can find it in our heart to agree with the action of a local board or group such as a school trustee we should tell them of our appreciation. Like the cowboy who gets bucked off during the rodeo, this is their only reward; the appreciation of the audience. What do you think?

**DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS**

Sometime ago the District Board of Supervisors voted to compile a list of irrigation wells within the District, and locate these wells on a map of the District. The following list has been compiled, but of course there are liely to be several wells overlooked. If there are any irrigation wells anyone reading this article knows about within the boundries of the Donley District (same boundries as Donley County) that are not included, it will be appreciated if you will let one of the District Supervisors, or one of the Soil Conservation Service technicians at Clarendon know. A post card addressed to SCS, Box 126, Clarendon, Texas with the information on it will do. The total wells listed to date is an over 100. This does not include several who water from creeks or lakes.

Folders Tell How To Catch Catfish, Carp

AUSTIN—Be you carp or catfisherman? The Texas Game and Fish Commission has some red hot information for you. In pamphlets just issued there is expert advice on how to catch both catfish and carp. The publications also tell how to cook them.

Carp fishing has become quite a fad on many Texas lakes and streams, where fishermen have found them to be plentiful and real battlers. Biologists of the Commission are doing everything they can to eradicate carp as "rough fish."

There are still thousands of fishermen who like to catch carp. Many private dock owners bait holes for carp fishing. They grow big and fight hard.

The folder on catfish describes the individual fish and tells how the fisherman can identify them. It also tells of methods of taking catfish, and the kinds of baits best suited to catfishing.

Copies of these pamphlets can be had by writing to the Game and Fish Commission, Walton Building, Austin, Texas.

## Garden Club Memorial Honors Mrs. Joe Goldston

At 8:30 Thursday morning, August 22, the members of the Clarendon Garden Club met at the City Park to plant a "Day Lilly" garden as a memorial to the life of Mrs. Pearl Goldston who was the founder of the Clarendon Garden Club. It was her leadership, her enthusiasm for the beautiful and her wonderful friendship and encouragement that made our Garden Club for several years.

The members thought a garden of living flowers would be the appropriate memorial, as her life reminds us of the thoughts of Edgar Guest in "The Death of The Flowers." A perfect specimen of flower, growing up in its season, at its maturity, bursting into a perfect, most beautiful, lovely flower. Then God plucked this perfect flower for purposes of His own.

After the meeting was called to order by the club president, Mrs. Howze gave an appropriate talk. Mrs. John Goldston gave in memory of Pearl, "Friendly Greeting," a poem by Edgar A. Guest, in her own words expressing a lovely and touching memorial to Pearl's life.

Mrs. Jim McMurtry and Mrs. Kunz served coffee and hot donuts from a table covered with a lovely flowered cloth and centered with an arrangement of one large red Hibiscus, to guests: Mrs. Harry Brumley and Mrs. Rolle Brumley, and members.

For this occasion, Mrs. Howze was program chairman, Mrs. Jim McMurtry, Mrs. Walter Taylor and Mrs. Howze the committee to select the spot for the garden; Mrs. O. C. Watson, telephoning

chairman; Mrs. John Goldston and Mrs. Walter Taylor, the committee to direct preparing of the ground. Mrs. Pete Kunz had charge of the selection of the bronze plaque.

This memorial is now only a bed of Day Lillies which was Pearl's favorite flower and growing them her hobby, but it is the hope and aim of the Garden Club members to add to it each year making a "Day Lilly Garden" that will be a thing of beauty and a joy forever.

The bronze plaque with Pearl's name and the date will mark this spot.

The Garden Club members wish to thank Mayor Burton and the City workmen who so kindly cooperated. —Reporter.

## Blackwell - Smith Vows Announced

Nuptial vows were solemnized recently for Shirley Glenna Blackwell, daughter of Mr. and Mrs. Roy Blackwell, J. A. Ranch, Clarendon, Texas and Jimmie Lee Smith, son of Mrs. C. A. Smith, and the late Mr. Smith of Amarillo, Texas.

The single-ring service was read in the First Baptist Church, Channing, Texas on Saturday, August 17, 1957, at seven O'clock in the evening.

Attending the couple were Mr. and Mrs. Roy Blackwell of Channing, Texas, aunt and uncle of the bride.

The bride was attired in a champagne colored dress of lace over cotton-satin. Her accessories were white, as were her wedding flowers.

The bride attended the Clarendon Public Schools and was a graduate of the Clarendon High School. The groom attended the Public Schools in Goodnight, Texas and was also graduated from Clarendon High School.

The couple is at home in Channing, Texas.

Mr. and Mrs. Joe C. Smith entertained with a party given in the couple's honor on Friday night, August 16, at their home in Amarillo, Texas.

### MIDWAY CLUB TO MEET

The Midway Club will meet September 3, in the home of Allie Quattlebaum. This will be the first meeting since disbanding for the summer. Members come and bring a covered dish. —Reporter.

### HUDGINS CLUB

Roxie Cosper, Martiel Webb, Ruth Hutson, Mary Lee Noble, Ruth Lindley, Agnes Allee, Floree Webb, Pearl Self and several children met at the clubhouse on last Thursday afternoon to quilt two quilts.

The hostesses, Mae Perdue and Pauline Koontz served delicious refreshments of pie, cake and cold drinks.

Next meeting will be on Sept. 5th Thursday afternoon. —Reporter.

### RETURN FROM VISIT

Mr. and Mrs. J. A. Warren and Mrs. Evalyn Pence returned home Sunday after several days visit with their daughter and sister, Mr. and Mrs. Normal Welborn. They report a very pleasant visit, and nice cool weather most of the time.

While there, they saw the Bottomless Lakes near Roswell. The Roswell paper published the fact that divers had just recently discovered two automobiles, some city parking meters and other items in one of these lakes, which had lodged on a ledge some distance below the surface. These items were scheduled to be removed from the lake sometime last Sunday.

Some half dozen of these lakes exist. The one that we remember best, was a not-so-large body of water, but with sheer steep banks and its name, The Devil's Ink Well. No, we did not go boating or swimming.

Mrs. Welborn, nee Letha Warren is a teacher in Roswell Public Schools. This will be fourth term there. Mr. Welborn is employed by the Soil Conservation Service, offices in that city.

### FAMILY REUNION

The children of Mrs. J. F. Brown of Plainview met in the home of Mr. and Mrs. C. R. Brown thru the week end for a family reunion. Here for the occasion were Mrs. J. F. Brown and Mr. and Mrs. C. P. Brown of Samnorwood; Mr. and Mrs. C. C. Brown, Munday, Texas; Mr. and Mrs. E. T. Brown and Benny of Shamrock; Mr. and Mrs. J. H. Phillips, Leon and Lynette, Plainview; Mr. and Mrs. S. S. Brown and Kenny, South Gate, Calif.; Mr. and Mrs. U. C. Brown and Sharon, Tahoka; Rev. and Mrs. O. T. Brown, Gaylia and Theo of Riverside, Calif., where Rev. Brown is dean of the California Baptist College; Mr. and Mrs. Cloyce Brown and Mellie of Colton, Calif.; and Mr. and Mrs. Joe Brown of Amarillo.

Also here for the reunion were Mrs. C. R. Brown's brothers and their families: Mr. and Mrs. H. R. Griswold of Olympia, Wash.; and Mr. and Mrs. Jack Griswold and Barbara of Amarillo.

### ATTEND WTSC GRADUATION EXERCISES

Mr. and Mrs. Johnnie Johnson, Clarendon, and Mr. and Mrs. Russell Clark and Bob Parker of Amarillo were among those to attend graduation exercises at West Texas State College Friday evening when Mrs. Johnnie Parker received her M. S. degree.

Mrs. Parker previously was a teacher in the Clarendon school system, having taught in the Lelia Lake school before coming to Clarendon. She has taught in the South Lawn school in Amarillo for the past three years.

Mr. and Mrs. Tom Corder of the irrigation belt near Hart visited in the home of Mr. and Mrs. J. C. Estlack here over the week end. Tom reports a fine crop prospect in his area.

Mrs. Edith Longan visited her grandsons, Henry and Billy Gaitther in Floydada over the week end.

Mrs. W. F. McDonald of Amarillo, Mrs. M. B. Hatfield and girls of Amarillo visited their parents, Mr. and Mrs. J. A. Ivey Thursday. Their sons Wesley and Johnny returned home with them.

Mr. and Mrs. Darrel Brogdon and children of Amarillo visited the week end in the home of her parents, Mr. and Mrs. J. H. Helton.

Mr. and Mrs. Coy Lee Brogdon and children of Amarillo visited Sunday evening in the J. H. Helton home.

Larry Don Phillips, son of Mr. and Mrs. Virgil Siddle, underwent an emergency operation in the Groom hospital Monday night. He was reported doing as well as could be expected at last report.

Mr. and Mrs. C. R. Brown will leave the last of the week for Friona where they will teach the coming year.

Mr. and Mrs. Marvin Hodges of Groom visited in the home of Mr. and Mrs. W. E. Hodges Friday.

Mrs. Glenda Rodgers and Carol of Amarillo are visiting a few days with her mother Mrs. Robert Davis.

Mr. and Mrs. Herman Cross and Annette spent Wednesday night in Memphis with her parents Mr. and Mrs. E. F. Lemons. Mrs. Cross and Annette remained until Friday.

The Olace Hicks family returned home August 22nd after a weeks vacation spent visiting points of interest near Colorado Springs.

Mr. and Mrs. E. P. Shelton left Monday for Lampasas where they will spend the winter with their daughter Edith and family.

Miss Helen Green of Dallas is spending the week with her parents, Mr. and Mrs. Geo. L. Green.

Mrs. Fred N. Bentley Mary and George of Amarillo spent the past week end with her parents, Mr. and Mrs. Geo. L. Green.

Mrs. Clyde Davis, Cynthia Ann and baby Lynvill Lee of Amarillo are visiting with Mr. and Mrs. L. L. McBrayer and Mrs. Robert Davis.

Visitors in the W. E. Hodges home Sunday afternoon and evening were Mrs. J. D. Wood, Mrs. Jiggs Mann, Mr. and Mrs. Jack Pritchard and Randy, Martha Nell Bain and Jo Nell Bain of Dumas.

Mr. and Mrs. Merl H. Holland and sons of Muskogee, Okla. visited Sunday in the home of Mr. and Mrs. C. W. Martin.

Our heartfelt thanks to all who extended comforting sympathy, prepared food and helped in our recent sorrow. For the beautiful service, floral offerings and other kindnesses, we are deeply grateful.

The family of Sid Endsley.

We wish to thank our many friends for the food, flowers, cards and many other kind acts during our stay in the hospital following our accident. May God bless each of you.

Mr. and Mrs. Pete Darnell and Barbara.

## Tip On Home Mortgages, Why Not Try VHMCP

Home seekers and builders in small communities around the nation have found mortgage loans accessible by using the facilities offered by the Voluntary Home Mortgage Credit Program. By using the VHMCP, more than 30,000 families throughout the nation who otherwise might not have been able to secure financing, have been successful in obtaining loans from private lenders. Established by Congress in 1954, VHMCP's job is to put prospective home buyers and builders in remote areas and small communities in touch with lenders who have funds available for Government-insured loans. In spite of the tight money market, the new 5 1/4% interest rate on FHA loans is sufficiently attractive to enable VHMCP to obtain private financing to meet the needs of all qualified borrowers.

VHMCP's services are available to all persons in small communities and to members of minority groups anywhere. All applicants for obtaining home loans with VHMCP's assistance must certify that they have been denied loans by two local or reasonably accessible lending institutions.

The organization of VHMCP consists of a National Committee headed by Housing Administrator, Albert Cole, and 15 Regional Committees. VHMCP's service in Texas and New Mexico is made possible through a Regional Committee headed by Mr. Donald McGregor, Executive Vice President, T. J. Bettes Company, Houston, Texas. As of June 30, this Committee has succeeded in obtaining loan commitments for 2,310 applicants, totaling approximately \$19,500,000.

Realtors have found the VHMCP a real boon. As one realtor commented, "Our only source of supply is through VHMCP; without their assistance mortgage money would be unavailable." Anyone wishing descriptive information and application forms may secure both by writing C. J. Hermann, Executive Secretary, Region XIII, Voluntary Home Mortgage Credit Program, 1114 Commerce Street, Dallas 2, Texas.

**Charge Stuck Anyway**  
**HOUSTON**—Traffic judge Wallace P. Kelly asked George Willis whether he had a driver's license, after Willis was charged with driving without one.

"Yes sir," Willis said. "Right here."  
 Taking the worn paper, Judge Kelly read, "This is to certify that the person herein named has passed all tests for nervousness and has been licensed to operate, annoy, criticize and otherwise disturb the operator of the car. Back seat drivers must carry this license on person or otherwise must keep quiet while vehicle is in motion."

Willis, who can't read, said he got his license in a barbershop. Judge Kelly fined him \$65.

In an average month last year, volunteers working in the nation's 176 Veterans Administration hospitals numbered over 18,000, from 450 American Red Cross chapters.

## WTU Maintains Over Two Thousand Miles Of High Voltage Lines

(Map on page 3)  
 From Twitty to Presidio it's a long, long line. Just how long the line is the folks at West Texas Utilities Company can best tell, for the maintain the 2,652 miles of high voltage transmission lines connecting the two towns.  
 WTU serves a long, narrow segment extending across Texas from Twitty, in Wheeler County near the Oklahoma border north of Shamrock, Texas, down through Abilene and San Angelo on out to Alpine, Marfa and to Presidio on the banks of the Rio Grande.  
 By highway this route is 628 miles long or just a little farther than from Chicago to Washington, D. C.

Actually the area WTU serves doesn't end at the Rio Grande. While the highline actually ends at a two pole structure on the banks of the Rio Grande, power from the WTU system is fed across the Rio Grande to the Compania de Luz y Fuerza de Ojinaga, S. A. The Mexican electric company serves the town of Ojinaga, population about 5,000.  
 While the area the company serves is larger than the aggregate area of seven eastern states, WTU officials point out that the company is a relatively small operating company.

On the basis of the number of customers served and electric sales, WTU is the fourth smallest of the twelve major privately-owned electric utility companies operating in Texas.

There are more electric customers in the city of Fort Worth than in the entire WTU service area.

Currently, the company is serving 104,000 customers in 166 towns and communities and rural areas in West Texas, or about 2 customers per square miles.

Commenting on the size of the company, Cal Young, WTU President, said, "Our is a growing land company serving a growing land. West Texas is a land of tremendous natural resources and the people of the area are its finest asset."

"We believe that the area we

serve 'The Center of the Great Southwest' is one of the modern industrial frontiers. Here flourishing communities with the enthusiastic and progressive spirit of the people who settled the land and built the towns and cities will continue to develop. It is our intention to grow with the area."

**LIBRARY NOTES**

By May L. Prewitt

"Heroes of the Alamo" by Adair and Crockett Jr. (cousin of David Crockett the Hero) is a recent edition the Junior readers will find fascinating. This is dedicated to the memory of Mr. George Ryan, as several other Jr. volumes have been given to the Jr. section in his memory. Our Junior department has several recent historical publications.

In memory of Mrs. Joe Goldston are three companion books of Grace Noll Crowell. They are "Songs of Faith", "Songs of Courage", and "Songs of Hope". These give us some very comforting brief poems.

This week the Library received a copy of a list of books—350 books—recently chosen by the Carnegie Corporation to send to libraries in the British Commonwealth as most descriptive of life in the U.S.A. The gift represents some half million dollars. We possess only twelve or fifteen of

this list on our shelves. Several of those selected rather surprised me, but I had not really considered their descriptive sections: "The Autobiography of William Allen White," and Willa Cather's "Death Comes to the Archbishop" and "My Antonia" were a few had not realized were valued in this way. But I knew the value of "Across the Wide Missouri" by De Voto was excellent in description. Some of these I noted that could purchase later.

We have reached our 10,000 mark in recording in the accessions list book, but I have not deducted the forty something that were too worn to mend or issue this year.

It is unfortunate that we have not help to acquire or space store some of the clippings from the magazines we take. Our periodicals give us some revealing articles that are worth filing.

Texas ranks first among the states with railroad track mile age—some 21,500,000 miles.

First automobile was driven over Texas roads by Col. E. H. F. Green of Terrell in 1899.

## Wardens Finish Panhandle Area Antelope Count

AUSTIN — The total count of antelope in the Panhandle area of Texas this year showed a decrease over a similar count last year, but more bucks are present, according to the Director of Law Enforcement of the Texas Game and Fish Commission.

The count was made by Pilot Warden Frank Hamer, Jr. and biologist Bob Van Cleave. They flew 57 hours in making the check, and counted 1564 antelope. On a similar count last year Hamer checked 1822.

This showed a decrease of 25% with 205 antelope killed on the Panhandle hunt in 1956.

"In 1956 there were 563 bucks counted in the area," Hamer said. "There were 205 taken on the hunt, leaving 358. This year there were 419 adult buck antelope counted, giving a gain of 61 bucks since October of 1956."

The count showed 838 does and 307 fawns, all in good condition. Hamer believed many of the Texas antelope might have been driven across the line into New Mexico by recent aerial spraying for grasshoppers just prior to the count.

Prospects for a limited hunt this fall are promising at this time.

**FARM NEWS**

from the County ASC Committee

**1958 WHEAT ACREAGE RESERVE**

August 26, 1957 is the opening date for signing 1958 Wheat Acreage Reserve Contracts and October 4th is the closing date. If you wish to place all, or a part of your wheat acreage in the Wheat Acreage Reserve for 1958, we ask that you please come to the office in order that a soil bank base can be established for your farm.

Farmers who sign agreements before October 4, 1957, may cancel or replace their agreements up to that date. After the winter wheat Acreage Reserve sign-up is completed, agreements cannot be cancelled by the wheat producers except in "new" commercial corn counties.

There is a limitation of \$3000.00 on Acreage Reserve payments. The wheat acreage which can be put into the reserve is limited to the farm wheat allotment. A farmer may put as many wheat allotment acres under the program as he wishes.

Land put into the Wheat Acreage Reserve will be counted as land devoted to the production of wheat. Wheat farmers won't lose production history by reason of placing their wheat acreage in the Wheat Acreage Reserve.

Farmers who participated in any 1957 Acreage Reserve Program, and who designated all or part of the identical acreage for the 1958 wheat Acreage Reserve will receive for such acreage payments which are 10 percent larger than the regular per acre payments for their farms in 1958.

**1958 COMMUNITY ASC ELECTION**

An election will be held September 9, 1957 for the purpose of electing community committeemen and alternate community committeemen for 1957. Any producer and wife who are of legal voting age and who have an interest in a farm either as owner, tenant or share-cropper, are eligible to vote in the election. Ballots will be mailed to all eligible voters in the community whose names appear on our County Office mailing list.

**COTTON MEASURING REPORT**

Our cotton performance progress report shows 99% of all fields in the county as being measured. We hope to be able to

report all performance complete with reference to 1957 cotton measuring and acreage computation in the very near future.

**Baptist Brotherhood Meets Tonight**

The Brotherhood of the First Baptist Church will meet tonight in the City Park for an evening of fellowship and games. There will be a FREE meal served to all who come. This is an occasion which has drawn large crowds in the years past, and this year many more are expected to attend. The Brotherhood invites everyone to come and play checkers, forty-two, dominoes, horse-shoes, and washers. There will be no speaking at this meeting. This is a meeting for fellowship among men of our community. Bro. Van said that all you had to bring was an appetite and a happy heart and a friend.

Friend of S/R Keith Pittman will be glad to know that he has been released from the Naval Hospital at San Diego where he was a patient for surgical observation two weeks. He has resumed boot training at the Naval base.

**Dove Season Opens Sunday, Sept. 1st**

It's time to draw the shotgun from the corner in the closet and wipe off the lint. The 1957 shooting season will begin Sunday noon, Sept. 1st, for mourning dove in the north zone, according to the director of law enforcement of the Game & Fish Commission. The season extends through October 17th.

The dove bag limit is 10 per day, with 10 in possession. Shooting is allowed from noon until sunset.

Under federal and state regulations all shotguns must be plugged to three-shell capacity. Shooting from vehicles or across the highways is prohibited.

The director issued warning to shooters to make arrangements with land owners for their hunts.

Mourning doves are plentiful now in every area. Unless there is a drastic change in weather conditions before Sept. 1st, they are expected to remain in the local areas. Cooler weather or rains could change this condition. Water hole shooting also can be affected greatly, especially if heavy rains fill new water holes, providing too much water in various areas where food is available.

"Every safety precaution should be used," the director said. "Hunting season usually brings on several accidental deaths, due entirely to carelessness."

He also warned that all persons between the ages of 17 and 65 need licenses when hunting outside their home counties. These licenses now are available from wardens and other authorized license dealers throughout the state.

**General Faculty Meeting Saturday 9:00 A. M.**

The first general faculty meeting of the Clarendon Public Schools and Junior College will be held on Saturday morning, August 31, at 9:00 o'clock. Supt. W. W. Pinkerton has announced that it is very important that all faculty members be present at this meeting. Immediately following the general meeting, the High School Faculty will meet with Principal Kenneth Vaughan and the Elementary and Junior High Faculty will meet with Principal Stina Cain.
