A COUNTY - WIDE PUBLICATION, SERVING DONLEY COUNTY and ITS TRADE TERRITORY

1958

New Series—Volume 29 Number 7

CLARENDON, DONLEY COUNTY, TEXAS, MARCH 20, 1958

A Common Paper for Common People

U. S. SENATOR RALPH YARBOROUGH (right) and Guy Jackson of Anahuac, president of the National Reclamation Association, turn the globe to Texas in discussing reclamation problems. Both attended a meeting of the Senate Interior and Insular Affairs Committee where Senator Yarborough called for action on an irrigation project for Cameron County.

## Comets Take First Game In National Tournament

The Clarendon Junior College Comets drew a bye in the first round of the National AAU Women's Basketball Tournament and defeated Bowling Green Athletic Supply of Defiance, Ohio, 42 to 34 in the second round Tuesday night. The tournament is being played at St. Joseph, Missouri, this week.

The Comets had a closer game than the other two Texas teams entered in the tournament but apparently drew stronger competition.

Myrlene Nichols recorded 13 points and Mary Mann added 12 to lead the scoring for the Comets in this first game. Kathryn Edwards hit 6, Janice Martin 6, Nancy Chaloner 3 and Virginia Sellers hit 2. Others seeing action were Myrna Carney and Linda Lindsay.

The Comets were scheduled to meet the strong Iowa Wesleyan team Wednesday night but due to our press time, the outcome was not available. The Comets defeated the Iowa team here in Clarendon during the season.

## Beth Gillham Selected Student of The Month

The Student Council of Clarendon High School has selected Miss Beth Gillham, daughter of Mr. and Mrs. John Gillham, as the Student of the Month.

Beth is a senior student and is currently ranked as the top student scholastically in the high school. She averaged 95.8 for the first semester and increased to an average of 97.4 the last six weeks period. She did this by recording a 98 in English IV, 100 in chemistry, 96 in Home-making III, 95 in typing, and 98 in shorthand.

In addition to her extremely high scholastic standing, Beth also takes part in extra-curricular activities. She is currently president of the F.H.A. Chapter and has served on both the Annual and newspaper staffs.

## New Directors For Country Club Announced

Bill Greene, President of the Clarendon Country Club announced today that A. R. Henson, Willard Skelton, and L. L. Wallace had been elected to the board of directors for a three-year term. Carry-over directors are C. A. Pitts, Ray Palmer, J. R. Spier, Forrest Sawyer, Carroll Knorpp, and Bill Greene. Shortly after the first board meeting, plans for the coming year will be announced.

The next board of directors' meeting will be held on Thursday, 27th of March at 7:30 p. m. in the office of the Coca-Cola Bottling Company. The directors elect will meet with the present board.

## Soil Conservation Service Gets New Range Specialist

Ronnie Gardner has recently been assigned to the local work unit of the Soil Conservation Service.

Mr. Gardner has had previous experience as a Range Specialist with the K. S. Adams Ranch in Foraker, Okla. He is a graduate of Texas A&M College with a Bachelor of Science and a Master's Degree in Range Management. His home town is Humble, near Houston, Texas.

The Soil Conservation Service is the technical agency whose primary purpose is to assist the Donley Soil Conservation District.

## RECEIVES 50 YEAR PIN

M. W. Hatley, caretaker at the Country Club, was awarded his fifty year pin with the Woodmen of the World lodge last week. Fifty years is a long time for any type of single membership and we wish to join Mr. Hatley's friends in congratulating him on this fine record.

## Local Banks Show Half Million Increase

Clarendon's two Banks show an increase of over one-half million dollars in deposits over figures released about the same time last year. They show an increase in money loaned also but the figure is offset by the substantial increase in deposits.

In checking over statements of the local banks published in this issue of the Leader we find that a total of \$5,816,206.73 is on deposit as of March 4th as compared with a total of \$5,289,301.08 on March 14, 1957. This shows an increase in deposits of \$526,905.65. In the loan column we find a total of \$2,610,831.91 for March 4th as compared with \$2,450,743.02 for March 14, 1957, an increase of only \$160,088.89.

## FFA Bus Project Successful

The Clarendon F.F.A. bus that was sponsored by seventeen Clarendon businessmen and twenty of the members' fathers proved to be a very successful venture. The bus was used by local youths as combination kitchen and sleeping unit at the Amarillo, Ft. Worth, El Paso, and Houston Stock Shows. Up to as high as forty boys were fed at times over a short period, but the average number fed was 10 to 15, and the average number sleeping in the bus ran 10 to 12.

West Texas Gin, Bob Moss Pharmacy, West Texas Utilities Co., Clarendon Hatchery, Mike McCully Insurance, Risley and Cook, Simpson Feed Mill and Feed Store, C. D. Shamburger Lumber Co., Donley County State Bank, Farmers State Bank, Kelly Chamberlain Insurance, and Paymaster Gin each made cash donations toward purchase and equipping the bus. Foxworth-Galbraith Lumber Company furnished the materials for building the cabinet and the bunk frames; Chamberlain Motor Co. agreed to paint the bus for the boys, and Homer Taylor has offered his services in painting the F.F.A. sign on the bus after it is painted. Household Supply furnished the stove and refrigerator, and Adviser Gillham furnished the steel sink and materials to install same.

David Huggins, J. A. McAnear, Fontayne Elmore, Gerald L. Noble, P. C. Messer, Bill Allen, J. E. Mahaffey, Luther Hall, W. H. Wilson, Vance Gray, P. C. Longan, Olace Hicks, A. J. Emmons, J. H. Spier, Jr., D. R. Lindley, and Paul Schull each contributed to the bus, and a major portion of these men worked at the bus shed from 7 to 12 o'clock three nights to install the equipment in the bus. Adviser J. R. Gillham reports the best cooperation he ever had on any project in the work on equipping the bus. D. R. Lindley and Gerald Noble served on the committee to secure materials and finance the bus.

The F.F.A. members are most grateful for the donations, work, and thorough cooperation that made the project possible. The youths through such help and cooperation were able to enjoy the most successful show season in the history of any club group in Texas.

## RECEIVES 50 YEAR PIN

M. W. Hatley, caretaker at the Country Club, was awarded his fifty year pin with the Woodmen of the World lodge last week. Fifty years is a long time for any type of single membership and we wish to join Mr. Hatley's friends in congratulating him on this fine record.

## Easter Sunrise Service Planned Here April 6

The Donley County Ministerial Alliance announces plans to hold an Easter Sunrise Service, Easter Sunday, April 6 in the High School stadium, weather permitting. The service will be held in the auditorium of First Baptist Church of Clarendon if there is inclement weather.

Royce E. Wood, minister of First Christian Church and President of the Ministerial Alliance, will bring the message. Mr. Harry Skaggs, Educational Director of First Baptist Church will be in charge of the music and special numbers.

More information will be published about this meeting at a future date as to exact time of the meeting.

All the Churches of Donley County are cordially invited to attend this service which the members of the alliance feel will greatly inspire all as we meet to celebrate the glorious resurrection of our precious Saviour, stated a spokesman for the Alliance.

## New Book Of Great Interest

How many of you are sleeping? A new book just off the press titled "Masters of Deceit" and written by J. Edgar Hoover might do much to answer this question and might point up the fact that many of you are sleeping though you are not aware of the fact.

"Masters of Deceit" is a simply presented handbook on Communism written after much research by Mr. Hoover. It takes into consideration the origin, spread, methods, and threats Communism poses to the world and to the U. S.

Of practical uses to the average citizen are sections devoted to the outward marks of a Communist front, the devices which trap prominent persons into lending their names to Communist-backed movements, and ways in which we as ordinary citizens can assist the FBI by reporting suspicious activities.

This book is recommended reading for every American Citizen.

## Sweet Potato Meeting Stimulates Interest

Sixty-five farmers attended the sweet potato meeting on the night of March 13th at the court house in Clarendon, says County Agent H. M. Breedlove. Jimmie Rosborough and Joe Cole of the Texas A&M College Extension Service explained all phases of growing sweet potatoes and marketing as well as the curing process. A great deal of interest was shown in growing sweet potatoes on a commercial basis in Donley County and fourteen farmers said they would give it a trial in 1958.

Breedlove says that a tentative acreage for this year is in excess of one hundred acres at this time and more is expected.

Breedlove urges that any one interested in growing sweet potatoes this year to contact him for more information. Contacts are being made at this time for purchasing of slips for planting and it is planned to order all slips at one time for those wanting to go into the program. You should see the county agent as soon as possible and get your name on the list for ordering slips if you have not already listed your acreage.

Another meeting will be called in the near future for final plans as soon as the details have been worked out as to the purchase of slips and the acreage of all interested has been listed. The best varieties for this area are Dark Skin Gold Rush and the All Gold.

Mr. and Mrs. Tommy Gattis and children of Earth visited the week end with their parents, Mr. and Mrs. Alvin Landers and Mr. and Mrs. T. H. Gattis.

## Teentime Review To Be Presented Here March 29th

Panhandle teenage talent will be seen and heard in Clarendon Saturday, March 29. Nick Reyes, popular radio and television personality will bring his Nick Reyes Teentime Review to the Clarendon High School Auditorium at 8:30 that evening. This show will be brought to Clarendon by the U. S. Army Recruiting Service, KFDA TV Channel 10, and the Clarendon Coca-Cola Bottling Company. Admission is FREE.

Clarendon's famous German Band directed by Mr. Willard Edgett, and the four-man band of Corvettes will be among the fourteen musical and variety acts made up of teenagers from the Panhandle area.

Nick Reyes, who will head up the sparkling review, is well known in the area for his radio and television shows, originating from Amarillo. Reyes has selected Clarendon as the first stop on the ten-week tour of Panhandle towns, beginning March 29.

Reyes has worked with teenagers most of his ten years in radio and television, and his interest and encouragement in many talented teenagers has resulted in their gaining recognition in the entertainment field. Recently, young Rick Tucker introduced a song on Reyes' show which resulted in a contract for Rick with Columbia Recording Company.

Buddy Knox's "Party Doll" started on the road to best seller on Reyes' show. "Sugar Time", Charlie Phillips current hit song was introduced on the Nick Reyes KFPA TV Teen Time Show.

This will be a full hour and a half show with comedy acts, rock-and-roll bands, popular solo numbers, and lively skits. Free Coca-Cola will be served at intermission. Kids of all ages from 6 to 60, are invited. Every one will enjoy this fine family show. Be sure and come.

## New Egg Law Explained Here March 11th

Forty-five egg producers and retail merchants gathered at the court house in Clarendon on the afternoon of March 11th to hear Mr. Wade and Mr. Kruger of the State Department of Agriculture explain the new egg law. H. M. Breedlove was in charge of the program and showed colored slides of different grades of eggs.

The men from the state department said that any producer and seller of eggs who wanted to claim a grade on his eggs must have a license. Any producer who sells eggs and does not want to claim a grade and sell his eggs as ungraded eggs, does not need any thing, but his egg cartons must be marked, Ungraded.

Applications for license for claiming a grade on eggs can be obtained from the State Department of Agriculture in Austin, Texas.

## NOTICE

It has been called to our attention that street lights are being shot out all over town. These lights are very expensive and cost the tax payers a great deal of money. Any one who is caught shooting out lights will be prosecuted to the fullest extent of the law.

H. T. Burton, Mayor

## HOSPITAL NOTES

Patients as of Wednesday, March 19th:

Mrs. Shelby Bell and son Jack Lynn who was born March 17 and weighed 6 lbs., 2 oz.; Mrs. Charlotte Adams.

Dismissals: R. C. Johnson, George Bulman, Effie Edwards and Ola Mae Boyd.

Leader—Local rate, \$3.00 a year

REV. JAMES GLASSCOCK

## Revival At Lelia Lake Methodist Church To Begin March 29th

Revival services will begin at the Lelia Lake Methodist Church Sunday morning, March 29th, and will continue through Easter Sunday, April 6th. Services will be held daily, through the week, at eight o'clock in the morning, and at seven-thirty at night. The public is cordially invited to attend these services, especially we urge young people to attend.

The Reverend James Glasscock will be the evangelist. Glasscock is a young man of twenty-three years; his home is at Wellington, where he graduated from high school. He is a graduate of McMurry College, at Abilene, and is now a student at Perkins School of Theology, Southern Methodist University, Dallas.

Reverend Glasscock is well known in Methodist churches throughout the Northwest Texas and New Mexico Conferences, where he has held several revivals, and has preached many times in churches in, and around the Childress District. He has also served as Youth Director at Memphis, and as Director of Religion Education at Childress during summer vacations from school.

While in college James was active in all religious activities, and was president of the senior class.

Again, the public is urged to attend all these services.

## PTA TO HEAR SGT. MEALY TODAY

Members of the Sims PTA and the public are invited to hear Sgt. Mealy of Fredrick, Okla., talk about the organization and duties of the Ground Observers Corps this afternoon, March 20th in the Jr. High gym.

The Cartoon Carnival will be held at the Mulkey Theatre and the price will be 10c each. All boys and girls are reminded to be sure and bring your money for the show.

Leader Advertisements Pay Dividends.

## BILLY GRAHAM VISITS LYNDON JOHNSON

United States Senate Majority Leader Lyndon Johnson takes time out from his duties in the Senate Chamber for a chat with Evangelist Billy Graham. Dr. Graham was a recent visitor in Washington, D. C.

## HEADS RED CROSS-DRIVE FOR LIFE SAVER

When a newspaper managing editor interviews one of his reporters - that's news! And so is the story Robert Bruegger (left), managing editor of the Burlington, Iowa, Hawk-Eye Gazette, got from his reporter, Dan Bied, a World War II veteran who heads up the March Red Cross campaign in Des Moines County, Iowa, to show his gratitude for Red Cross food parcels received when he was a prisoner of war in Germany. Bied said many POWs died of malnutrition and were stricken with tuberculosis and other ailments. "The only reason I was able to return home in good physical condition was because of the aid rendered by the Red Cross."

## 1926 BOOK CLUB

The 1926 Book Club met March 18th at Patching Club House, Mrs. Otis Naylor, president, presiding.

Miss Inez Blankenship presented a miscellaneous program consisting of a group of popular songs by Donna Estlack, Marcia McMurry, Jane Lowe, Judy Benson, Lynda Cook, Karen Knorrp, Andrea Pinkerton and Jeannette Crutchfield; declamations by Lynda Cook, Andrea Pinkerton and Shelby Bell; piano duet by Donna Estlack and Marcia McMurry and a piano solo by Marcia.

Informative as well as interesting scenes taken in Alaska in the vicinity of Anchorage were shown by Mrs. Emery Goodin of Amarillo assisted by her mother, Mrs. Cleo Hubbard of Goodnight. Slides were in color and were taken by Mrs. Goodin and her husband while stationed in Alaska and included scenes of snow capped mountains, colorful flowers, and many beautiful views.

Delicious refreshments were served to eleven guests and eighteen members by the hostesses, Mrs. Joe Pfeiffer and Mrs. Otis Naylor. —Reporter.

## M. Y. F. REPORT

Meeting was held March 16th. There were 11 present. John Bob Butler called the meeting to order. Lacy Lee Noble led in prayer.

We discussed our next party: We decided on a hamburger and french fry supper Wednesday, March 19th.

We discussed old and new business and gave out the program for next week.

The M.Y.F. bought a bed jacket for Mrs. Holland who has been ill. We hope she gets well soon.

We were dismissed by the M.Y.F. benediction. —Reporter.

## PATHFINDER CLUB

The Pathfinder Club met at Patching Club House Friday, March 14 with Mrs. C. B. Morris, vice-president, presiding in absence of Mrs. C. T. McMurry, president, who was attending the District meeting of Federated Women's Clubs at Childress. Minutes were read and approved, followed by roll call.

A very entertaining musical program was given and was enjoyed by all. Diane Moore played a piano selection "Claire De Lune" followed by Robert Moss, who played "Rhapsodie" by Maxwell Extain and then delighted the audience with his encores of "Boogie Woogie" and "Third Man Theme". Mrs. Frank Phelan Jr., then gave several selections from light opera scores which were enjoyed very much.

After refreshments, the club adjourned.

## BETA SIGMA PHI-MU GAMMA

Mu Gamma Chapter of Beta Sigma Phi met at Patching Club House Thursday evening, March 13. Hostesses were Ann Hommel and Frankie Henson.

The program was presented by Mrs. Lena Morris who gave a delightful and entertaining review of the book "It Was Not What I Expected" written by Val Teal. This review was the story of a mother and her children and the problems she encountered.

Those present were Annesse Bennett, Juanita Phelps, Francis Long, Pat Cornelius, Lena Morris, Annette Hardin, Melba Ruth Vaughan, Nancy Shelton, Joan Davis, Mary Neal Riskey, Lois Schollenbarger, Marilyn Simpson, Kay Bain, Ann Hommel, Frankie Henson, and Evelyn Yeates.

A surprise Stork Shower for Joan Davis and Marilyn Simpson followed the regular meeting. —Reporter.

TEXANS IN CAPITAL—Alice Lon, singing star of Lawrence Welk's Dodge Dancing Party TV show and a native of Kilgore, Texas, is flanked by House Speaker Sam Rayburn and Senate Majority Leader Lyndon Johnson at recent Texas State Society of Washington Award Dinner at Washington's Hotel Mayflower. Over 300 Texans and guests attended function.

## SOCIAL AT CHAMBERLAIN COMMUNITY CENTER HELD MARCH 7th

The "hot-dog" supper and "42" party at the Chamberlain Community Center, March 7, was enjoyed by everyone present. The next social will be March 21, with Mrs. Ira Self and Mrs. Harvey Shaw as hostesses. Bring pie and coffee, or cocoa, or cool-aid.

Everyone take a look at our community quilt which is on display in the Clarendon Furniture Store. This quilt will be given away Saturday, March 29 at 3:25, just before the afternoon drawing. —Reporter.

## HARMONY CLASS

The Harmony Class of the Methodist Church met in the home of Mrs. Wilson Gray with Mrs. Ed Hodges co-hostess. The house was called to order and a short business session held. The devotional was brought by Mrs. Bill Ray who used the Twenty-third Psalm as the basis for her discussion.

Refreshments of cake, mints, tea and coffee were served to one visitor, Mrs. John Blocker, and to members Mesdames O. C. Watson, L. N. Cox, Bill Ray, C. E. Bairfield, J. R. Porter, C. B. Morris, and H. T. Warner by the hostesses. —Reporter.

## STORK SHOWER

Mrs. Waylan Newman was the honoree at a stork shower Monday, March 17, from 3 to 5 p. m. in the home of Mrs. Eva Rhode.

The dining table was laid with a white, embroidered, linen cloth. The centerpiece was a beautiful arrangement of yellow Jonquills. A miniature, white tulle umbrella with a satin bow and streamers was placed in the center of the bouquet. Roseates of tulle and white satin centered with a Jonquil were placed on the table around the bouquet. Each Roseate held a tiny, doll baby.

Individual cakes, decorated with baby shoes, and coffee were served to about 15 guests. Mesdames Trout and Reid poured during the first hour and Mesdames Reid and Naylor the second hour.

Many useful and lovely gifts were opened by the honoree and displayed on the living room table. Hostesses for the occasion were Mesdames Eva Rhode, Vera Herd, B. G. Trout, Glen Reid, Otis Naylor, R. A. Williams, J. H. Spier, Chester Pass, and Fate Breedlove.

## MIDWAY CLUB

Club met March 18th with Loyd Hillis as hostess. One quilt was quilted and another pieced on.

There were sixteen members present and two visitors. Mrs. Lois Hight and Mrs. A. W. Harris. We enjoyed having them both.

There will be a 42 party and turkey supper at the Patching Club House Saturday night, March 22nd at 7 p. m.

Next meeting will be with Nell Land April 1st at Wellington. All members wanting to go are asked to meet at Josie Simmons' by 9 a. m. Nell's address is 1601 E. Ave.

The Club has a quilt finished for sale. If anyone is interested and want to see it, call at Mrs. Hill Wells in the Naylor community, Phone 947-K21. —Reporter.

## JR. H. D. CLUB

The Jr. Home Demonstration Club met Thursday afternoon, March 13, at Patching Club House with the president, Sadie Head, presiding. Nora Decker read the club prayer. Roll call was answered with "Where We Got Married." The program on "Tuberculosis" was given by Noma Lewis.

Refreshments of ginger bread, whipped cream, and coffee were served by the hostesses, Wilma Spier and Letha Smith, to members Nora Decker, Bernice Adams, Mary Belle DeBord, Leona Henson, Cula Jo Trout, Patsy Reid and Trena, Gladys Blackburn, Noma Lewis, Ona Tatum, and Sadie Head. —Reporter.

## GARDEN CLUB TO MEET

The Garden Club will meet Thursday afternoon, March 20, in the home of Misses Ida and Etta Harned. Meeting time has been set for 4 o'clock.

## MYSTIC WEAVERS CLUB

The Mystic Weavers Club will meet March 28th with Mrs. J. B. McDaniel. It is the regular time for the Pollyanna gift with each member bringing a gift. —Reporter.

## CHAMBERLAIN CLUB

The Chamberlain Club will meet April 3, at the Community Center, with Mrs. Gene Welch as hostess. —Reporter.

Mr. and Mrs. Douglas Lowe of Lubbock announce the arrival of a son, Carl Wayne, on March 16th. He weighed 7 pounds. The proud grandparents are Mr. and Mrs. Walter Lowe of Clarendon and Mr. and Mrs. Alfred Spaulding of Hedley.

## Fish Are There Biologist Says Of Texas Lakes

AUSTIN—With lazy spring weather just around the corner, everyone begins to wonder about 1958's fishing prospects. John Tilton, Aquatic Biologist for the Texas Game and Fish Commission, is ready with the answers most fishermen want to hear, in the March issue of TEXAS GAME AND FISH.

"The waters in most sections of the state teem with untold numbers of yearling white bass, black bass, crappie, channel catfish, and your favorite sunfish, all spawned and nourished in the flood waters of 1957," Tilton says. "This should be an unusual fishing year."

Tracing the game fish problems, Tilton starts with the 1956 drought, when streams and even stock tanks dried up. Fish which did not die were forced into unfamiliar habitat of rivers where food competition was keen among the crowded inhabitants.

Spawning met with many disasters. Eggs of sunfish and black bass were exposed to killing sun and air; white bass found very little moving water in which to spawn.

Then came the downpours of 1957. Although excess rain and silt was responsible for more fish deaths, fish populations responded rapidly to increases in food and plant life. This year we gather in the profits of 1957.

"Barring natural catastrophes, black bass should be 12 to 14 inches in length and weigh from 3/4 pound to over one pound by the spring of 1958," Tilton predicts on the basis of findings in Central Texas lakes. "The fish will be there. But as always, fishing success depends on the skill of the angler."

## White Corn Hybrid TRF 9 Shows High Yield

RENNER, Texas — Texas Research Foundation's new white corn hybrid, TRF 9, has come through extremes of drought and high rainfall to take spectacular first honors in the Foundation's corn-testing program at Renner and other Texas points.

"Yields as high as 82.4 bushels an acre by TRF 9 under dryland cultivation at Renner encourage recommendation of the hybrid for North Central Texas corn-growing areas," Dr. C. L. Lundell, Director of the Foundation, said.

"Ample seed supplies for the 1958 planting season are available to the region's farmers. The Foundation recommends stands of 8,000 to 12,000 to the acre for the new hybrid, the number depending upon the available moisture, the fertility of the soil and the fertilizer treatment used.

"With adequate moisture and heavy fertilization, the heavier rates of planting should be used to obtain maximum yields," Dr. Lundell added.

He said the Foundation's 82.4 bushel yield of TRF 9 was obtained from a 12,900-plant stand, properly fertilized, under dryland cultivation at Renner.

"The Foundation's yield tests during 1950-57, inclusive, have shown TRF 9 to be well adapted throughout all corn-growing areas in Texas," Dr. Lundell continued.

"The new hybrid has proved superior to the older hybrid, TRF 3, which it replaces."

Averages for the two hybrids from 11 tests conducted over a 6-year period show 41.9 bushels an acre for TRF 9 and 39.5 bushels for TRF 3.

"A comparison of yields obtained with six hybrids in 12 tests during the last three seasons showed TRF 9 first with an average of 32 bushels to the acre," Dr. Lundell said.

TRF 9 has met with widespread acceptance by Texas farmers since Texas Research Foundation released it in 1956 for commercial field production.

"The corn has a large, white grain which is superior for milling purposes," Dr. Lundell said. "Such white corn has always been in demand by the milling trade for use in making high quality products."

Mr. and Mrs. M. B. Hatfield and family of Masterson visited her parents, Mr. and Mrs. J. A. Ivey.

LaNel Hatfield of Masterson spent the last week with her grandparents, Mr. and Mrs. J. A. Ivey.

New glasses can make life brighter. This little girl got hers from New Eyes for the Needy, Short Hills 2, New Jersey.

Joe Dilli came the latter part of last week to return his wife home, Ladell having visited the past two weeks with her parents, Mr. and Mrs. L. N. Cox. The Dilli home is in Farmington, N. Mex.

Mrs. Hattie Palmer of Amarillo visited with Mr. and Mrs. Jim Palmer and Kent of Oklahoma City here the week end.

Mr. and Mrs. Bob Parker and Jane of Amarillo visited relatives here this week end.

Mr. and Mrs. Troy Wiley and boys of Amarillo visited Friday night with her mother, Mrs. C. E. Underdown and Lorna.

Mr. and Mrs. Leo Underdown and children of Abilene spent the week end with his mother, Mrs. C. E. Underdown.

Mr. and Mrs. Cliff Hartman of Amarillo were guests Sunday in the home of Mrs. C. E. Underdown.

Rickey Wester of Canyon visited from Thursday to Saturday in the home of Mr. and Mrs. C. W. Martin.

Misses Edgar Mae and Mable Mongole were week end guests in the home of Mrs. Marguerite Goodner in Amarillo.

Doyle Martin of Amarillo visited Monday in the C. W. Martin home.

Mr. and Mrs. C. R. Brown and Mrs. Joe Brown were week end visitors in Clarendon.

## SOCIAL SECURITY INFORMATION

Increases in Social Security benefits based on additional earnings after retirement are not automatic, John R. Sanderson, Manager of the Amarillo District Social Security Office, says. Such increases must be applied for to be received. Many people do not want to stop working as soon as they reach retirement age. Some of them work full time as long as they can, and some taper off their earnings by doing part-time work. Frequently, then, the question arises "Will the earnings I have had, since I filed my claim, enable me to draw higher benefits?" The answer is, "Yes, they possibly will."

If you are a beneficiary over age 72, still working, and have never inquired about having your benefits refigured, it might result in an increase in your payments if you contact your Social Security Office. This is particularly true if you have made over \$4200.00 in any two of the last three years, starting with 1955, and are not now receiving \$108.50 per month.

Mr. and Mrs. W. J. Lewis Jr. are in San Antonio attending the Texas and Southwestern Cattle Raisers Association.

Marines in Korea were the first to airlift a company, then battalions of assault troops by helicopter.

# COUNTRY NEWSPAPER..

I am a country newspaper.

I am the friend of the family, the bringer of tidings from other friends; I speak to the home in the evening of summer's vine-clad porch or the glow of the winter's lamp.

I help to make this evening hour: I record the great and the small, the varied acts of the days and the weeks that go to make up life.

I am for and of the home: I follow those who leave humble beginnings; whether they go to greatness or to the gutter, I take to them the thrill of old days, with wholesome messages.

I speak the language of the common man; my words are filled to his understanding. My congregation is larger than that of any church in my town, my readers are more than in the school. Young and old alike find in me stimulation, solace, comfort. I am the chronicler of man's existence.

I am the word of the week, the history of the year, the record of my community in the archives of state and nation.

I am the lives of my readers.

I am the country newspaper.

**WANTED**

**WANTED** — Ranch hand to do general ranch work. See Bill Cushing, Clarendon, Texas. (5tf)

**Largest Guided Missile Training Center Due to Double Enrollment**

**FORT BLISS, Tex.** — This largest guided missile training center in the United States is going to grow bigger—much bigger.

That's the word at the Army Air Defense School here where the enrollment figure is due to double to 10,000 by mid-1960.

These thousands of soldiers are training to serve with the missile system guarding the nation's air defense—the Nike family of Ajax and the bigger and improved Hercules.

The school schedules no slack time. Classes are conducted from 4:30 a.m. until midnight. Maintenance crews move in to "peak up" sensitive equipment during the night.

Technical instruction is thrown rapid-fire at students in solid eight-hour chunks, for almost a year in some courses. This tough material takes studying—every night for most students.

Radars, computers, guidance systems, propulsion and hydraulic systems are broken down to their smallest parts, examined, studied, committed to memory. These men are becoming missilemen, ready both to operate the system and perform some "on-the-spot" maintenance and repair.

The school also supplies literature and training aids to 50 Army Reserve schools, 200 Army Reserve units, and more than 150 Army ROTC college groups. It reaches 30,000 people annually through this correspondence program.

More salt is present in the Atlantic than in the Pacific.

**HELP WANTED**

**MALE & FEMALE**  
**MAN OR WOMAN**—to take over route of established customers in Clarendon. Weekly profits of \$50.00 or more at start possible. No car or other investment necessary. Will help you get started. Write C. R. Ruble, Dept. M-3, The J. R. Watkins Company, Memphis 2, Tenn. (7-p)

Mingling with the thousands of American soldiers are about 300 students from 22 allied nations, come to this area, sometimes referred to as the "cradle" of guided missiles and atomic energy.

The first atomic device was detonated at nearby Alamogordo, N.M. Adjacent to Bliss, at White Sands Proving Ground, N.M., missiles are tested for all services and it was there that Dr. Werner von Braun first worked for the Army after World War II.

**Two Missiles Act In Close Support**

**WASHINGTON** — When the Continental Army artillery was called upon to reduce an enemy fort, General Henry Knox wheeled up his muzzle-loaders and let fly point-blank with solid shot.

Today's Army uses a guided missile for a similar "close-support" purpose — but the strong point to be demolished may be as far away as 20 miles. It's the LaCrosse, an all-weather missile with a solid-propellant rocket motor, now in mass production.

Second of the smaller artillery weapons is the Dart, answer to the infantryman's need for a sure-fire tank-buster. The Dart has a warhead capable of defeating the heaviest known armor and, like the LaCrosse, delivers this warhead with pinpoint accuracy.

Both new missiles can be delivered from light-weight launchers mounted on standard Army trucks.

**Paratrooper Vet Leaps Into New Missile Field**

**FORT BRAGG, N.C.**—A veteran paratrooper always looks for a good field to jump into, a principle Master Sergeant Willis L. Martin of (1125 Jackson Ave.) Memphis, Tenn., knows well.

Master Parachutist Martin, who pioneered airborne 15 years ago, has now made his big jump into the promising new missile field. He recently left the 82nd Airborne Division here for a 47-week course at the Army's Air Defense School, Fort Bliss, Tex., to train for the Nike.

Before making the career switch, Martin made more than 200 jumps from planes, including two in combat in Europe during World War II.

### ASHTOLA NEWS

Mrs. Doyce Graham

Mr. and Mrs. Warren Hardin and Paula spent Sunday with relatives at Littlefield.

Mrs. Harold Graham and Mrs. J. M. Graham visited Friday with Mrs. Pete Land and Mrs. George Bulman at Martin.

Those on our sick list this week are Hubert Rhoades and April Sue Elkins.

Our teachers, Mrs. Sarah Shaller and Mrs. Mary Lou Adamson attended the Teachers Meeting in Amarillo Friday.

Mr. Nash of Dallas is visiting in the home of his daughter, Mr. and Mrs. Homer Hardin and Wayne.

Mr. and Mrs. Al Word and children visited Sunday afternoon with her parents, Mr. and Mrs. Lloyd Moreland.

Mr. and Mrs. Leland Lewis and children visited Sunday with Mr. and Mrs. Jack Lewis and children.

Mr. and Mrs. Pat Patterson, Larone and Dwayne of Amarillo visited Mr. and Mrs. Leland Lewis Friday.

Mr. and Mrs. Horace Green and children visited Sunday with relatives in Amarillo.

Patricia Green and Larry Green spent the week end in Amarillo with their Simpson cousins.

Eddie Reynolds of Amarillo spent Friday night with Mr. and Mrs. Kirk McAnear and family.

Terry Simpson of Amarillo spent the weekend with the Horace Green family.

Mrs. Mae Naylor and boys visited Sunday afternoon with the Horace Greens.

Mrs. A. S. McAnear and children visited the Webbs at Hudgins Sunday afternoon.

Claude Debord, Linda Hardin, Ann Word, Dewey and Glenda Wilson, Marion Garland and Jimmy Graham attended the St. Patrick Day Festivities at Shamrock Monday afternoon.

Mr. and Mrs. Ben Lovell and Joe Tom visited in Amarillo Sunday.

Mr. and Mrs. Dane Perdue and girls visited awhile Sunday evening with Mr. and Mrs. John Perdue.

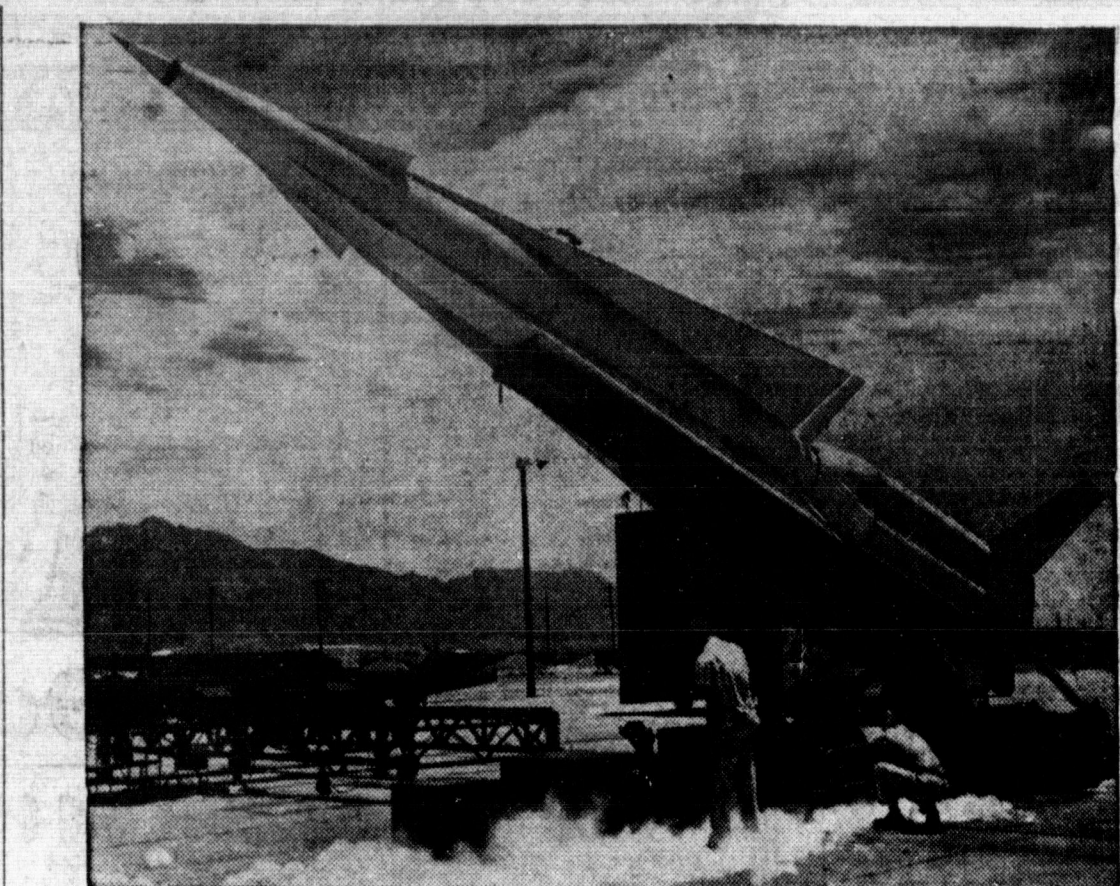

Bob Wilson of Lubbock spent the week end with homefolks.

Mr. and Mrs. Robert Elkin spent Sunday with Mr. and Mrs. A. B. Brow of Amarillo.

Mr. and Mrs. Floyd Henson spent the weekend with Mr. and Mrs. G. G. Henson.

Mr. and Mrs. Gene White of Amarillo visited Mr. and Mrs. John White Saturday.

Mr. and Mrs. Clarence A. White are the proud parents of a baby, named Deborah Marie. She arrived March 13, weighed 5 lbs. 15 oz. Maternal grandparents are Mr. and Mrs. Samuel James Tolbert, and paternal grandparents are Mr. and Mrs. John O. Childress of Sumter, South Carolina. Mrs. White will be remembered as the former Norma Tolbert of this community.

**HERCULES**—Technicians at White Sands Proving Ground, N.M., prepare to elevate the Army's surface-to-air missile into launching position. Nike-Hercules will join Nike-Ajax this summer as part of the U.S. air defense. It can wipe out a fleet of planes with one shot.

Mr. and Mrs. G. J. Hinders and Mr. and Mrs. Van Knox spent Sunday with Mr. and Mrs. Ross Springer in Hedley.

### LELIA LAKE NEWS

Mrs. J. R. Batson

Genoa Goad of Plainview spent last weekend with his parents.

Mr. and Mrs. Nelson Seago visited relatives in Shamrock Sunday.

Mr. and Mrs. Claude Thomas of Amarillo spent the weekend with her parents, Mr. and Mrs. Jim Rappy.

Take it from America's top teenage safety experts—accidents are just as vital a problem to the nation as satellites.

That's what the eight national winners of \$400 General Motors Scholarships for outstanding 4-H safety activities told newsmen recently in Chicago.

"Just because we are entering the space age, we can't take our eyes off the tremendous losses from highway and farm accidents suffered each year right here on earth," they declared.

The national winners and 34 other state winners received all expense trips to the 4-H Club Congress in Chicago from General Motors.

**Plan Special Safety "Moon"**  
They pledged to lead the nation's 4-H members in an all-out drive against accidents. "Young people have the greatest stake in promoting safety because our futures are so deeply affected," they said.

"We'll create our own special 'safety satellite' by stimulating nationwide attention in the needless deaths and injuries which carelessness is causing on highways and farms. Teenagers everywhere can make safety as important as satellites by inspiring everyone to eliminate accidents."

**Nears Million Member Mark**  
Typical of the group was Leonard Wertz of McClave, Colo., who began a local Teenage Safety Council. "If you get teenagers thinking and acting *safely* it will rub off on parents," he said.

Participation in safety activities by 4-H members has skyrocketed from 72,000 to 825,000 in the 13 years since General Motors became awards donor for the program. This participation is expected to reach the million member mark in 1958.

Mr. and Mrs. Nolie Simmons visited relatives in Amarillo Sunday. Mrs. Chenault remained to spend the week.

Mr. and Mrs. Newell Shields and daughters visited relatives in Quail Sunday afternoon.

Mr. and Mrs. Bob Parker and daughter Jane of Amarillo visited his parents, Mr. and Mrs. Henry Parker Sunday.

Mr. and Mrs. Ellis Chenault and

### Moisture Totals 3.49 To Date

According to our official weather observer, our moisture total here in town for the year so far measured 3.49 inches. This is an exceptionally good start toward equaling the total of nearly 30 inches last year. This 3.49 inches at this time of year is equal to approximately twice as much falling during the hot months, for every bit of this moisture went into the ground with no loss and there has been practically no evaporation. The weatherman has indicated warmer temperatures and fair weather for the next few days but whether he hits it, is to be seen.

Dinner guests in the home of Mr. and Mrs. A. H. Moore Sunday were Mr. and Mrs. James Moore and family of Amarillo, Mr. and Mrs. Dwight Blair and girls of Lubbock, and Mr. and Mrs. Gordon Moore and Pat. Mr. and Mrs. L. P. Moore and children were afternoon visitors.

## FARM NEWS

from the County ASC Committee

### IMPORTANT

In case you may wish to withdraw your Soil Bank Cotton Acreage Reserve Agreement you may do so not later than March 28, 1958, by signing a written statement at the ASC Office.

### CONSERVATION RESERVE

We are still taking applications for Conservation Reserve Contracts. These contracts run 3, 5 or 10 years. The final date for signing a Conservation Reserve Contract is April 15, 1958. If you are interested come by the ASC Office and we will be glad to give you any information available with reference to this program.

### GRAZING OF SOIL BANK ACREAGE

The following provisions are called to your attention with reference to grazing of land designated as Soil Bank acreage: (1) Land designated as 1958 Wheat Acreage Reserve MAY NOT be grazed after December 31, 1957; (2) Land designated as 1958 Cotton Acreage Reserve MAY NOT be grazed from the date the agreement is signed and prior to January 1, 1959; (3) Land designated as Conservation Reserve MAY NOT be grazed at any time during the Contract period.

### PERFORMANCE REPORT

Producers are reminded that they must file their performance report as soon as the practice is completed, but not later than the date shown on the approval. Practices not reported by the final date will be cancelled and no payment will be made.

### IN CLOSING

He only earns his freedom and existence who daily conquers them anew.

Mrs. Jim Palmer and Benjamin Kent of Oklahoma City are spending two weeks with her parents, Mr. and Mrs. Ben Williams. Mr. Palmer visits here thru the week ends.

Miss Gaynell Scott of Amarillo spent the week end with her parents, Mr. and Mrs. W. C. Scott.

### CARD OF THANKS

I wish to thank every one for the nice cards and beautiful flowers that I received during my stay in the Groom hospital.  
Mrs. Roy Brock.

## TOO LATE TO CLASSIFY

HELP WANTED - Experienced service station hand (married), top wages to right man. H. N. Price at Price's Truck Stop.

### SENTRY DUTY

In America every editor is on sentry duty, guarding constantly against all encroachments on the Freedom of the Press. It has always been like this. Ever since the press battled for and won freedom of expression, its guardians have had to be on the constant lookout for infiltration by the enemies of that freedom. Infiltration—pressure from powerful groups to tone down comment on a situation... pulling of strings to keep a story from being published... predigested propaganda releases.

But the press knows the importance of never giving up its freedom. For on freedom of the press depend all other freedoms that make up democracy. Therefore, the men of America's press refuse to recognize any check—except military security—on complete, unbridled and inviolate freedom to print the truth.

That is the challenge of today to the courage and the vigilance of these sentries of America's press.

## TEXAS PRESS ASSOCIATION

1716 SAN ANTONIO ST. AUSTIN, TEXAS

With planting time just around the corner, Mrs. J. J. Justiss sends us the following suggestions for a garden which all of us can have whether we have a plot of ground or not. It is called:

**A GARDEN WE ALL MIGHT PLANT**

Four rows of peas: Patience, Preparation, Promptness, Perseverance. Three rows of squash: Squash gossip, Squash indifference, and Squash Criticism.

Five rows of Lettuce: Let us obey rules; Let us be true to obligations, Let us be faithful to duty; Let us be loyal and unselfish; Let us love one another.

Three rows of turnips: Turn up at work; Turn up with a smile; Turn up with determination to make everything worthwhile.

We might add our two-bits worth in vegetable lingo, to wit:

Many times we would surely have been in a pickle if some one like as Mrs. J. didn't know her onions about the kind of rhubarb which we need for chow-chow to

put in this column. Isn't that awful?

Taxes could be a lot worse. Suppose that we had to pay taxes on what we think we are worth.

Agriculture is something like farming, only farming is the doing of it.

We mentioned that planting time is just around the corner. That means that fishing time is also not far away. We have just received an invitation from my wife's uncle who lives down on the banks of the Washita River, and he invites us down real soon for a try at the fish. Even if the fish are contrary, he tells us that he has a dog that can catch two rabbits at a time, so we won't go hungry. We are coming Uncle Q. P., so be on the lookout. He even offers to let me bring my hungry brother-in-law along and fill him up. It is doubtful if he knows what he is asking. This is the in-law that is minus on his appendix, but plus on his appetite.

In addition to the nice letter from the above uncle, we have just received a sweet letter from our good friend Mrs. R. E. Boone of Columbus, Ohio. She wants one of the first copies of our Scrap Book when published. Too, we had more material and a nice letter from Mrs. O. L. Brant of Sperry, Okla. One of her enclosed

**Accomplishments of City Under Present Officials**

In order that the people may know what has been accomplished during this administration, we are listing below what we have accomplished.

We have purchased and paid for in full the following:

- 1946 Ford Tractor
- 1942 Ford Truck with Tulsa Winch.
- 1954 Chevrolet two ton truck 1 dump bed
- Loader with bucket
- 1 Burroughs Adding-accounting machine.
- 1955 Ford Tractor
- 1 Air Compressor, Large
- 1 Allis-Chalmers Tractor HD56
- 1 Martin-Smith Fogging Machine.

clippings which we liked so much is the following:

Three young negroes were arguing rather heatedly about the merits of their respective denominations, while a much older white haired old-timer looked on. Finally they turned to him and asked, "What's your denomination, Uncle Sam?"

"Well boys," he answered slowly, "Somehow it seems to me sorter like this: there's three roads which goes from here to town — de long road, de short road, and de road through the swamps—but when I gits to town with my load of cotton de Gin Man don't say, "Uncle Sam, which one of dem roads did you come by?", but he just says, "Sam, how good is yo cotton."

Thanks Mrs. Brant, both for the material and for the invitation to come by for a visit.

**Registered Vehicles In Donley County Lag In 1958 Safety Inspection**

Out of 425,000 vehicles registered in Region No. 5, only forty-four percent have visited safety inspection stations and obtained their 1958 safety inspection stickers, it was announced today by Major R. A. Crowder, Regional Commander of the Texas Department of Public Safety.

- 1 1955 Chevrolet ½ ton pickup
- 1 two-way Radio System for Fire Station.
- 1 Royal Typewriter, long carriage.
- Little Bird Street Sweeper
- 1948 Chev. pickup with Lincoln Shield Arc Welder and Equipment.
- 1 Tandem Roller with Rasco Model RHU Bituminous Maint. Distributor Mounted.
- 1 1951 Chevrolet truck (now discarded).
- 1 1957 Chevrolet ½ ton pickup
- 1 Caterpillar No. 12 Motor-grader.
- 1 Pneumatic, 9 wheel, roller
- 1 1958 Chevrolet truck
- 1 Machinery Shed & Warehouse Office.

In addition to the above, we have done the following:

- Repaired the City Water Tank
- Paid for intersections & Cross streets on approx. 50 blocks of paving.

Acquired from the railroad (FW & DC) two wells with one 75,000 gall on steel storage tank and 2 Pamona motors, electrically operated together with 2300 feet of 6 inch water line in exchange for 2500 square yards of paving and \$500.

As we have had time, we have graveled what we considered the worst streets and those that would do the most good for all concerned.

We have paid during our administration \$76,207.50 which is principal and interest on the City of Clarendon's bonded indebtedness contracted between the years 1927 to 1952 inclusive.

All of the above is paid for and we have not contracted debts or loans that are not paid in full to this date.

What we consider the most important thing we have accomplished is State Approval of our water system.

Mayor & Commissioners of the City of Clarendon.

**Registered Vehicles In Donley County Lag In 1958 Safety Inspection**

Out of 425,000 vehicles registered in Region No. 5, only forty-four percent have visited safety inspection stations and obtained their 1958 safety inspection stickers, it was announced today by Major R. A. Crowder, Regional Commander of the Texas Department of Public Safety.

"All registered vehicles in Texas must be inspected by April 15 and have an inspection sticker on the windshield", Major Crowder said. He stated that there will be no extension for the April 15 deadline and advised motorists who have not had their cars inspected to do so now, before long lines start forming. "In the past, many people have waited until the last few days of the inspection period to have their vehicles inspected and have had to wait in long lines at inspection stations", Major Crowder said. An inspection of the motor number, brakes, head lights, tail lamps, stop lights, horn, windshield wipers, and mirror will be made as part of the inspection as required by law.

According to the records of Captain Alan Johnson, of the Motor Vehicle Inspection Service of the DPS there are 2,592 vehicles registered in Donley County and only 1,168 or 45% of the vehicles have been inspected to date. Captain Johnson had the same advice for motorists as did Major Crowder. He stated "By having your vehicle inspected today, you will be driving a safer vehicle". Johnson suggested that all motorists check their vehicle and see if they have a current in-

spection sticker on the windshield and if not to have their vehicle inspected today in order to avoid the last minute rush.

**DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS**

Rotation of crops is an important practice in the Donley Soil Conservation District. Ray Holland, a Cooperator, who lives in the Lelia Lake community is planning to plant some grass this spring in his rotation of crops. Some of his land was planted to rye last fall and will be followed by the grass. Other cover crops such as Austrian Winter Peas will be seeded this fall. Field crops will then follow in the rotation. Conservation crop rotation is the practice of growing different crops in a sequence that will allow the soil improving and high residue crops to offset the soil-depleting crops in their effect on the soil. High residue producing crops such as the legumes, grain sorghums, and small grains should be included often enough in the rotation to provide maximum cover during the seasons of the year when the erosion hazards from wind and water are greatest. A practical crop rotation will include crops for maintaining soil fertility as well as providing protection to the soil. Both cash and high residue producing crops used in the rotation should be

**TAX-MAN SAM SEZ:**

By this time of the year a lot of folks are wearing out the lid to their mail box looking for their tax refund check. Some folks start looking for the refund check a few days after they have filed their tax return. The tax folks in Dallas have to be pretty fast in figuring tax returns and getting out refund checks because it takes several months at the rate of 10,000 checks per day to get out over 700,000 refund checks. You have to remember that there are millions of taxpayers and there are a lot of steps required by law in checking your return before Internal Revenue can send you your refund check. If you move, tell Uncle Sam your new address and give him a little time and your check will probably be along within a couple of months. Don't write and ask for it before July 1.

Flower arrangement is a national art in Japan.

"WE HAVE GROWN BECAUSE WE HAVE HELPED OTHERS TO GROW"

# STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

AUSTIN — State's fiscal cupboard is bare at the moment. By the end of the month it'll probably be about \$20,000,000 short, says State Treasurer Jesse James.

Texas' treasury has been running in the red during spring months for several years. Situation corrects itself sometime after April when sizable state tax payments come in. For more than a decade the state has come out solidly in the black by the end of each fiscal period.

This year Treasurer James predicts incoming revenue will wipe out the deficit by May or June.

But there's a difference this year. Lagging oil revenues have choked off a sizable hunk of expected tax income. Comptroller Robert S. Calvert, the state's official income estimator, sees another — and worse — deficit by next fall. By the end of the present budget period in August, 1959, he estimates the state will have spent \$32,000,000 "on the cuff."

This estimate holds even if oil

production picks up within the next few months.

Meanwhile, state banks are still cashing the state's warrants and holding them until the state gets money in to pay them.

### A PENNY SAVED

With an eye on the state's depleted coffers, the Legislative Budget Board is asking state departments to look for ways to pare expenses.

Board's letter calls on department heads to "review — each activity in your organization to determine if there is anything that can be eliminated without detriment to the citizens of Texas."

### DEFENSE NEED CITED

It won't be just Texas that will suffer if oil importing continues, says Railroad Commission Chairman Olin Culberson.

In an Austin speech to members of Texas Service Stations Associated, Culberson took the usual swat at imports for drain-

JUPITER-C—Capped by the Army's Explorer, America's first earth satellite, the mighty Jupiter-C in its removable gantry crane at Cape Canaveral awaits the command to hurl its passenger into space. Initial impetus for the historic launching came from a modified Redstone missile power plant.

## Army Experts Track Satellite In Five Nations

WASHINGTON — Six teams of Army Signal Corpsmen are manning stations in the Western Hemisphere day and night, receiving a constant stream of outer space information from the Army's Explorer.

They are working in "mini-track" installations construct-

ed by Army Engineers in Georgia, Cuba, Peru, Ecuador and Chile as part of the Army's contribution to the International Geophysical Year.

As America's first earth satellite pours out data on outer space temperatures, micro-meteorite impact and cosmic ray count, the Signal Corps teams relay it to the Naval Research Laboratory and a digital computer center here where it is made available to the IQY scientists for their study of the universe.

Also furnishing data from the satellite are four U.S. Air Force and Navy teams at similar stations, and other IGY teams throughout the world.

Equipment used for processing the trackers' data also computed the orbits of Russia's Sputniks.

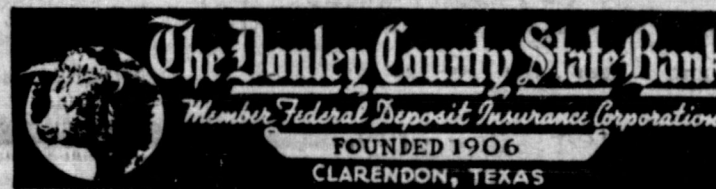

It takes from 50 to 100 years to produce a tree large enough for lumber.

Highest point in Texas is Guadalupe Peak, 8,651 feet.

## Like a Housewife Hates Dust on the Furniture

Phillips 66 Dealers take a lot of pride in being good housekeepers. They have a housewife's hatred of untidiness. They keep their stations clean, including those all-important rest rooms.

They'll go all out to keep your car clean, too. What's booming the interior of your car is one of those extra little services your Phillips 66 Dealer is glad to perform. And he'll clean the windows for you... all the way around.

This obsession with cleanliness is part and parcel of our policy of "Hospitality on the Highway." You benefit from it at any station which displays the famous orange and black Phillips 66 Shield.

ing some \$1,000,000 a day from Texas economy.

But above this, he said, is the danger to national security if the domestic oil industry is strangled and the country becomes dependent on oil fields "half a world away."

"It's suicidal," said Culberson. He doesn't see prospect of cheaper gasoline from imports, said the Railroad Commissioner. Europeans, who get all their oil from the Middle East, pay from 80 cents to \$1.10 per gallon, he said.

### NO TREND YET

Texas Employment Commission's latest report showed a slight drop in number of jobless—from 79,604 to 79,079.

But the change was not enough to indicate a "turning point," the hoped-for spring upswing in job activities.

TEC's figures include only those unemployed persons covered by unemployment insurance.

### DIFFERENCE IN VIEW

Texas Supreme Court is considering the arguments of rival groups of optometrists who don't see eye to eye on advertising.

One group, associated with Texas State Optical, contends a law passed by the last Legislature prohibits eye glass advertisements mentioning price. Opponents from Lee Optical declare the section of the law limiting advertising is unconstitutional because it wasn't mentioned in the caption of the bill.

Suit is part of a long history of legal maneuvering between competing optometry firms.

### LOAN STUDY SET

Small loan study group of the Legislative Council will hold a series of fact-finding hearings

over the state. First will be April 4th in Houston.

Numerous organizations and officials have, for some years, cloaked for an overhaul of loan laws, charging that small borrowers have been exploited. State Junior Bar of Texas set the "loan shark problem" as its principle target at its recent meeting in Austin.

Sen. Abraham Kazen, chairman of the study committee, said any interested person with information or recommendations is invited to appear before the committee.

First oil well in the U. S. was built in Titusville, Pa., in 1859.

## OCEAN TO OCEAN ACROSS SOUTH AMERICA—AND BACK—IN 41 HOURS! CHEVY'S NEW V8 LEVELS THE HIGHEST, HARDEST HIGHWAY OVER THE ANDES!

To prove the durability of Chevrolet's radical new Turbo-Thrust V8,\* the tremendous flexibility of the new Turboglide transmission,\* the incredible smoothness of Full Coil suspension, we tackled the most challenging transcontinental road in the world — the 1,000-mile General San Martin Highway. To make it harder, the Automobile Club of Argentina sealed the hood shut at Buenos Aires — no chance to add oil or water or adjust carburetors for high altitude.

So the run began — across the blazing Argentine pampas, into the ramparts of the forbidding Andes. Up and up the road climbed, almost 2½ miles in the sky! Drivers gasped for oxygen at 12,572 feet — but the Turbo-Thrust V8 never slackened its torrent of power, the Full Coil springs smothered every bump, the Turboglide transmission made play of grades up to 30 percent. Then a plunge to the Pacific at Valparaiso, Chile, a quick turn-around and back again. Time for the round trip: 41 hours 14 minutes — and the engine was never turned off!

\*Extra-cost option.

### 'Explorer' Improvement?

## Ordnance Miniturization Discovery Shows Great Electronic Promise

WASHINGTON — As eleven pounds of scientific instruments circle the earth in the Explorer satellite, Dr. William H. Pickering and staff at the California Institute of Technology's Jet Propulsion Laboratory which assembled it are giving some thought to micro-miniaturization.

"Micro - miniaturization" means the reduction of circuits to microscopic size. One of the most severe limitations to size reduction has been the simple mechanical problem of wiring sub - miniaturized transistors into the circuit.

A process of printing these transistor leads was discovered recently by two young Army scientists, Dr. J. W. Lathrop and James R. Nall, of the Army's Diamond Ordnance Fuze Laboratories here.

The prediction from the Laboratories is that application of the process will allow from 1000 to 1400 separate electronic components to be packed into a cubic inch, compared with about 100 under present techniques.

"Micro-miniaturization" can revolutionize the size, cost, upkeep and performance of many civilian items from household equipment and TV sets to automatic data processing machines. From the military hardware point of view, it can do the same with everything from ammunition to guided missiles and aircraft.

From the point of view of earth satelitists, the process—too new to have been used in the first Explorer—can give additional proof that smallness of size and weight does not signify a paucity of information being gathered.

When it is considered that it required 60,000 pounds of missile and fuel to put the 30-pound Explorer into orbit, the importance of reducing the satellite by even a fraction of a pound becomes obvious.

Printed circuit transistors require less power to operate. A satellite thus equipped could either use smaller batteries, or could transmit messages for a longer period of time than the Explorer will.

Printed circuit transistors are

A cubic foot of gold weighs about 1,200 pounds.

It is possible to seat five people at a table in 120 different combinations.

more rugged, refuting the usual observation that the smaller the package, the more fragile its contents. There are no wires to vibrate loose and perhaps thereby force the premature destruction of a costly missile.

When micro-miniaturization allows for the reduction in the size of military missiles, logistical problems, always the bug-a-bear of the Army, will be eased. Not only will less firing fuel have to be hauled to the missile, but the missile itself will require less bulky carriers with less expenditure of transport fuel.

And just as a cut-down factor of ten can be applied to the size and weight of the finished electronic component, so can approximately the same reduction factor be applied to its manufacturing time.

### Air Defense Costs Up In Conversion to Nikes

WASHINGTON — Cost of equipment for a conventional antiaircraft battalion is \$7.2 million. Cost of a Nike-Hercules missile battalion is about \$20 million.

The Nike-Ajax system contains about 1,500,000 parts. By basing replacement on packaged units of thousands of parts, only 11,000 line items have entered the Army's supply system.

Caution plus courtesy, plus common sense, equals safety—**DRIVE SAFELY**

SERGEANT—A veteran operating missileman meets a new artillery weapon as Master Sergeant Warren Wallis of Lexington, Miss., inspects the Army's Sergeant at White Sands Proving Ground, N.M. Using solid-propellants, the highly mobile Sergeant will replace the four-year-old Corporal.

### Sophisticated Foods And Food Value

Texas Department of Agriculture  
John C. White, Commissioner

When the American housewife reaches to the grocery shelf for two cans of food — one for her children and another for her dog — chances are the dog is getting the better end of the deal.

The reason? When the dog's food is packaged, the manufacturer has one primary selling point to consider—the nutritive content of the product. The dog's owner and the dog care for nothing except good taste and good health in the dog's diet. In contrast, the food for the family "sells itself" in several ways in to which food value is not too apt to enter.

The family food product attracts the housewife through its appearance and its advertised ease in preparation as often as through its palatability — and much more often than through its

nutrition-giving qualities.

As a result, America today is the land of plenty — plenty of sophisticated foods and, consequently, plenty of undernourished people. In fact, there are some 25 million Americans suffering from deficient diets. This in spite of the fact that food resources in our nation are unequalled in quality, available in abundance, and priced lower than in any other country in the world.

This false sense of values evidenced in family food selection is no one's personal fault. It is a reflection of the tension-packed, aspirin-eased world in which we live. We Americans are notorious among other nations for always being in a hurry. And this mania for getting things done in a hurry is reflected in our food habits.

We have become a nation of "the skipped breakfast," the "quick lunch," and the "pre-cooked supper," and the food industry has geared itself to the honor of the times: emphasis on ease in preparation, at all costs. And the cost is high, both in lost nutrition, and in cash money as well.

As the housewife comes to rely on special services in food preparation, it is inevitable that her food costs will rise. In many cases, the various steps taken to process a staple food item form its original form to the "instant" product adds up to a cost 500 percent in excess of the food's original cost.

This leaves us with a paradox of the times—paying much more for food that we are likely to get less out of. Think of it the next time you go grocery shopping.

Australia was formerly called New Holland.

Man... it's a workhorse!

And never—  
no never—  
priced lower!

### TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

H. R. 8002

These initials and numerals do not mean a great deal to many of you, but they represent probably the first hotly contested bill that has come before the present Congress. Although only two days were consumed in the debate and in the passage of the bill, every moment of this time was taken up with heated argument. The bill, in its original form, proposed to limit the power of the Congress to appropriate more money during one year than could be expended during that year. This sounds very good on its face and would certainly appeal to everyone if such practice could save money. If it were pos-

**JOE GOLDSTON**  
Optometrist

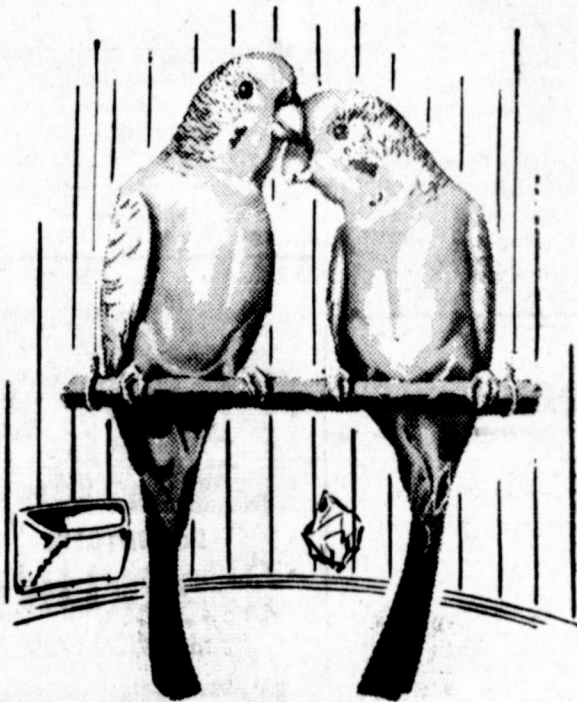

sible to conduct the government's business on that basis to the best interests of all, I do not think there would have been one vote against the measure when it came up in the House. However, there is a keen division of opinion on the subject. The proponents of the measure argue that by adopting this procedure, it would make it impossible for the several agencies of the government to carry over appropriated but unspent funds from year to year. They further contend that this would enable the Congress to channel unspent funds into other projects and require less demand upon the taxpayers for additional sums. Certainly we would all agree that the bill should be passed if this was the case.

On the other hand, it was argued that the adoption of this bill would measurably curtail the freedom of movement on the Department of Defense, so necessary in fighting the missile-developent-cold-war now in progress. It was argued that the adoption of the measure would void the contracting authority of the government in matters that could not be concluded within one year; that the development and production of many items in our armament program, such as

jet planes of all types, many types of guns and equipment, atomic items, and especially missiles and associated items, could not be manufactured and delivered within a twelve months' period and, therefore, these long-lead time items had to be the objects of firm contracts. In this connection it was contended that the only way such contracts could be firm would be for the appropriation of the money at the time the contract was made, so that the department having the responsibility of carrying out the contract would see to it that the cost would be held within the limits and would not be coming back to Congress for more money than was estimated but not appropriated.

Several amendments were offered and one was adopted which actually constituted a substitute for the bill. It placed in Congress certain powers of limiting the amount of expenditures of the several departments each year which is, of course, very good. Whether or not the amendment went far enough to effect measurable savings is difficult to determine. I felt that the bill should be returned to the Committee for some additional study on this phase, and then returned to the House for approval. However, the House did not choose to give further study to the measure in this particular and wanted to either pass or refuse the bill as amended. Under the circumstances I voted for the measure, because I think it will afford an opportunity to explore an area whereby some savings can be effected. However, very close vigilance should be maintained in the application of this law so that immediate corrective steps can be taken in the event the stepped up missile program is even slightly jeopardized.

Caesar, Alexander the Great and the Iron Duke of Wellington were never defeated in battle.

### Your Opinions, Please

This is No. 1 of a series of questions asked the citizens of Texas in the Hale-Aikin statewide study of the Texas public schools. If you cannot attend the county committee meetings in person, you are invited to write your own answers, clip out this questionnaire, and send it to the Study Chairman for your County, Mr. Homer Estlack, Clarendon, Texas.

● What subjects should be added or what courses should be strengthened in Texas public schools? What should be dropped or given less emphasis?

● Does an examination of the elementary school programs in your county show that the following areas are taught adequately?

- |           |                 |
|-----------|-----------------|
| Reading   | Writing         |
| Spelling  | Arithmetic      |
| Speaking  | Science         |
| Geography | Physical Ed.    |
| History   | Music           |
| Health    | Arts and Crafts |

● What should be done in your

county to insure that every child has adequate educational opportunities?

(This questionnaire is printed by the Leader as a public service to the Hale-Aikin Committee in Donley County).

### GABIE BETTS BURTON LIBRARY NOTES

By May L. Frewitt

Our bonus book from the Literary Guild is "The American Story." It seems to be very good reading.

A book you will enjoy is "Mr. Audubon's Lucy." We have all discussed Mr. Audubon and his gifts to us in pictures and his writings of birds. In this story we learn how "his Lucy" was a wonderful helpmate and inspiration. This book was given in memory of Mrs. Elmer Chenault.

"Homing" by Grace Livingston Hill has not been on our shelves previously, but it was published in 1938. There are several girls who are especially interested in every thing written by Grace Livingston Hill. At any rate, her books are clean thoughts and deeds, and not like the best sell-

ers of today. Have you read "Raintree County" which was a best seller several years ago? I see it is to be a screen production soon, so people are beginning to ask to read it. You recall that when the writer who was a teacher won his \$30,000 award he took his life. It is a book of several hundred pages.

There have been several calls for Christopher Marley's "Kitty Foyle" recently as it is a TV program.

This snowy, rainy weather has created interest for Library material all week. The "road boys" have not been doing highway construction so have read all the free

literature here and finally persuaded me to accept their library fee and are reading "hard backs." Some times these transients forget to return their books and I personally have to replace the copies, so am rather cautious as to membership. We have no reserve fund for purchasing.

Don't forget to observe Library Week. We have some good reading.

Members of the white race have more hair on their heads than any other race.

Members of the white race have an average of 50,000 hairs on their heads.
