THANKSGIVING PROCLAMATION

The American People in this year of 1957 have abundant reason to give thanks for the blessings that a Divine Providence has bestowed on this favored land.

Thanksgiving is one of the most revered of our national and state holidays, and its observance is traditional among our people.

For almost a century Thanksgiving has been a national holiday, set aside to express our humble gratitude to God for the bounty of the harvest and for the heritage of freedom that is ours.

Now, therefore, I, as mayor of the City of Clarendon, do hereby designate Thursday, November 28, 1957 as Thanksgiving Day in Clarendon, and call upon all our people to join in giving thanks to God for the many blessings that we enjoy.

H. T. BURTON, Mayor.

Snow Blankets Area Last Thursday

The first snow of the season to cover the ground was recorded here last Thursday as the white fluff flakes swirled most of the day netting a total of 20 moisture. Ordinarily a falling snow is considered right pretty but it drew a different attitude from local farmers as it meant further delay and possible greater loss to crops that have hardly been touched.

The snow was overshadowed by beautiful sunshine and warming temperature over the week end and the grain harvest rolled over into high gear as did the cotton gathering. With continued fair weather, the majority of the grain crop should be out this week.

The snow Thursday added another 20 inch to our monthly total which gives us 1.66 for the month of November and brings our years total to 29.30.

Leader A Day Early This Week

Your Leader is being published a day early this week due to the Thanksgiving holiday and no rural mail delivery on that date. We at the Leader office, wish to express our appreciation for the fine cooperation we have received from advertisers and those turning in news copy early, to make this early publication possible.

If you have had visitors or visited away from home over the holiday, please call your news items on in. We appreciate all items but due to the heavy load created by a holiday, we will need news early as possible in order to allow space for the items.

Mrs. Chester Pass To Serve Schools As Public Relations Person

Mrs. Chester Pass has been approved by the County Board of Education as a Public Relations person to serve all the schools of Donley County. She will work in Ashtola, Clarendon, Lelia Lake and Hedley, helping the teachers, students and parents with attendance problems.

Mrs. Pass will be very happy to help all concerned in problems dealing with school attendance. School attendance is a very important matter in that, the more students attend school the more teachers can be hired to teach our children. Let us all stand behind our schools. Good schools make good citizens and good citizens make good communities in which we live.

Schools To Observe Thanksgiving Holidays

Superintendent of Schools W. W. Pinkerton has announced that the Clarendon Public Schools and Junior College will dismiss classes at three o'clock on Wednesday afternoon for the Thanksgiving Holidays. Classes will resume at nine o'clock on Monday, December 2nd.

Bulldogs To Open Basketball Season With Midwestern Here Friday Nite

Services Held Sunday For George Weatherall

Funeral services for George Russell Weatherall were held Sunday afternoon at the First Baptist Church with Rev. W. F. Vanderburg officiating.

Mr. Weatherall's body was found in his home Friday by neighbors and the time of death was set at sometime Wednesday. Death was attributed to a heart condition.

Mr. Weatherall, 68, a prominent cotton buyer of this area, moved to Clarendon eight years ago from Vernon.

He enjoyed a wide acquaintance of friends from near and far and never knew a stranger. He was always among the first to greet a newcomer to town, leaving a warm feeling of hospitality. His main thought was to help cheer up and make life more worthwhile among those he visited and came in contact with. He was active in civic, church and community affairs and was always ready to do his job when called upon. With his passing, Clarendon has lost one of its most beloved citizens.

Survivors include one daughter, Helen Virginia Weatherall of Southport, England; two sisters, Mrs. W. T. Brown, Slaton; Mrs. R. H. Collier, Dallas; one brother, B. M. Weatherall, Dallas; one step-sister, Mrs. E. N. Bell, Bontoc, Miss.

Funeral services were held at the residence of Mrs. H. H. Heath, P. C. Messer, Basil Smith, A. R. Henson and O. C. Watson.

Interment was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Sharon Smith Selected Student of The Month

Miss Sharon Smith, daughter of Dr. and Mrs. George W. Smith, has been selected by the Clarendon High School Student Council as Student of the Month. This is the second such honor awarded by the student council this year. Their first selection went to Keith Hudson.

Sharon is a sophomore student at Clarendon High School. She transferred here from Dallas last year. She is taking five subjects this year which include biology, plane geometry, homemaking, English and second year Spanish. She has maintained an average of 95 during the first two six weeks periods and has had no grade below 90. She had a 98 average in English the first six weeks.

In addition to maintaining a high scholastic standard, Sharon is on the staff of the annual and the paper. She was also one of the cheer leaders during the football season.

Quail Season Opens December 1st

AUSTIN — Quail hunters will find the best crop of birds in years when the season opens in Texas Dec. 1, according to the Director of Law Enforcement of the Game and Fish Commission. He says reports from wardens throughout the state indicate not only a heavy hatch, but an unusually large survival.

This applies to practically every section of the state. There was an ample food crop during the summer and fall months, affording plenty of seed for the birds.

More than 28,000 bobwhites and 8,500 cottontail quail were released by the State Hatchery at Tyler this year, through clubs in different parts of the state. These, with the heavy hatch of native birds, are responsible for the big crop.

The bag limit is 12 in one day or not more than 36 in one week or in possession.

The Clarendon Junior College Bulldogs will open their 1957-58 basketball season here Friday night with the strong Midwestern University B team from Wichita Falls. The Midwestern team has already played two games this year, defeating Weatherford Junior College 96 to 76 and Decatur Baptist College, 88 to 71. Decatur was the State Junior College champion last year.

Coach Buddy Travis of the Bulldogs feels that he has picked a tough opponent for the opener. Midwestern, who dropped football last year, is now concentrating on basketball and has several outstanding players on their squad. They have only four freshmen on their squad so the Bulldogs will be playing against a number of sophomores and possibly some juniors.

The Bulldogs, who have looked good in some of their workouts, have been scrimmaging against some of the outstanding high school teams of the area. They have had two sessions each with Pampa, Amarillo and Palo Duro, and one each with Plainview and Tula.

Coach Travis will probably start Dennis Love, 6-4 freshman from Tula, at center; Steve Jarnigan, 6-2 sophomore from Silvertown and Bub Eldridge, 6-1 freshman from McAdoo, at forwards, and Loyd Stephens, 6-1 freshman from Ron, Oklahoma, and Billy Schneider, 5-8 sophomore from Darrouzett, at guards.

Jimmy Adams, 5-7 sophomore speedster from Estelline, may get the call ahead of Schneider.

Adams and Schneider are co-captains for this year's team. Other boys due to see plenty of action include Tom McGee, 6-2 freshman from Darrouzett; Don Johnson, 6-1 sophomore from Quail; Bennie Leslie, 6-0 freshman from Borger and Layne Cushmanberry, 5-10 sophomore from Quitaque. Jarnigan, Schneider, Adams, Johnson and Cushmanberry all returning lettermen from last year's team that compiled 20 victories against nine defeats and tied Frank Phillips College of Borger for the West Zone Junior College Championship.

World Clothing Week Starts Monday December 2nd

Monday, December 2, will signal the beginning of a concentrated effort by school children of Clarendon to collect good used clothing for under-privileged children and adults. The project, called World Clothing Week, is part of a nation-wide campaign to raise used clothing, shoes, and bedding for needy children, and adults, in the United States and 33 countries overseas. Gifts also aid more than 22,000 orphans in 250 orphanages operated or assisted by the Christian Children's Fund.

World Clothing Week will continue here through Friday, December 6, and Superintendent of Schools W. W. Pinkerton has asked that every family in Clarendon gather up all their outgrown, unneeded clothing and send it to school. If there are no school age children in a family, a neighbor's child will be glad to bring the gift along with his own.

The clothing drive here in Clarendon is being sponsored by Mrs. Velma Bourland and the F.H.A. girls. Clothing brought in by high school students should be carried directly to the home-making department. Junior High and Elementary students should take their clothing to Principal Stina Cain's office where it will be picked up by the F.H.A. girls.

Leaflets explaining the drive will be handed to students on Monday to take to their parents.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

Our first announcement is a child's story—"Uncle Mistletoe." These are several Santa Stories here for children. This was a gift.

Two fiction science are Appleton II's "Tom Swift and His Ultrasonic Cycloplane" and John Blaine's "The Electronic Mind Reader." These are 1957 editions, so the boys will read them for pleasure and information.

We have Dale Carnegie's "Public Speaking & Influencing Men In Business," also his other books if you are interested in them.

The recent issue of "American Heritage" that was presented to us in memory of Mr. Frank Phelan Sr. is ready for your use. The Library has recently subscribed to "A Texas Heritage Publication." The first few issues will likely contain articles in regard to the illustrious heroes who are buried in our state cemetery at Austin. Steven F. Austin, The Father of Texas was buried at Peach Point, Brazoria County for many years, and Gen. Albert Sid-

ney Johnston, our Confederate Veteran who was killed at Shiloh has an attractive memorial in our Texas Cemetery.

Our Library is rather progressive as we had two of the books reviewed in the book section of the Star Telegram already in circulation.

We have received two "tips" this week and they were gratefully accepted as it is time to renew so many of our useful magazines and we can't renew. Especially useful is the Geographic, but with our Library discount it costs \$6.75.

ANTI-TROOP BILL

WHAT IS IT?

What does the proposed anti-troop bill do? This was the predominant question that witnesses appearing before the House State Affairs Committee were asking. Is it necessary? Is it constitutional?

DOES NOT PROHIBIT USE OF TROOPS

The anti-troop bill does not prohibit the use of federal troops to

enforce federal court orders. The State government, of course, cannot prohibit the federal government from using troops. A bill such as that would definitely be an unconstitutional measure, because state law cannot supersede federal law. The Supreme Court has on several occasions rather strongly pointed this out.

ALLOWS SCHOOLS CLOSE IF TROOPS USED

The anti-troop bill does, however, give the local school board the power to close the schools IF and WHEN federal troops might be used to force integration orders of a court.

FEDERAL MARSHALS COULD BE USED

Federal marshals could be used to enforce the court orders. A situation like that would not come under the terms of the proposed bill. Thus, in effect, this anti-troop measure could not be used unless federal troops were ordered stationed at a particular school, like Central High in Little Rock.

THEORY OF BILL

The theory behind the bill seems to be that if troops were used, the school board could close the school. Thus, the troops would be left guarding an empty building and would soon be re-called. Then the local school board could re-open the school when the troops leave.

TEACHERS WILL RECEIVE PAY

Under the terms of this bill the teachers would still receive their pay and the local school would still receive state aid during the time the school was closed.

I have read and studied this bill very carefully and I believe that it is constitutional. Is it necessary? If federal troops are

never used again, it will not be necessary. BUT if the President once again sent bayonets to a school, it could be very necessary. Court orders will, I am sure, still be enforced, but there are better ways to enforce them than with the use of troops and bayonets.

LOBBY LEGISLATION BEATS THE CLOCK

A bill entitled "Representation Before the Legislature Act" (the lobby bill in disguise) barely beat the time limit for final passage. Because of the Constitution limit of 30 days for each special session, the session was over at the stroke of midnight.

Tension mounted as the clock ticked away the seconds and the minutes. At 11:38, the Conference Committee brought in their report. Only 22 minutes remained before the final stroke. But with a scant eight minutes left the previous question was moved and a last ditch stand to defeat the lobby bill was killed.

UNFRUITFUL ACT

VICTORIA — A San Antonio fruit peddler was being held in county jail for investigation after his "partner" tried to steal money from the cash register at the Tango Club.

Spotted as he tried to grab the money from the register, the would-be holdup man was attacked by the club's employees. He threw the money to the floor and made his get-a-way in a pick-up truck, leaving his friend behind.

Spectators agreed it was a first-class way to dissolve a partnership.

Thanksgiving

So Much To Be Truly Thankful For!

... In bountiful America, the land of plenty, where freedom and opportunity waits for everyone. Let us pause to count our blessings on this Thanksgiving Day and give our heartfelt thanks for our great democracy.

Many years ago a group of pioneers came to America. Overjoyed with the abundance they found and the wonderful feeling of freedom, they set aside a day for giving thanks --- Thanksgiving Day. In keeping with this fine tradition, we add our sincere thanks for the many opportunities you have given us to be of service.

Double-Ring Service

First Baptist Church, Clarendon, Texas was the scene Friday evening, November 15, of the marriage of Miss Nedra Sue Hodge, daughter of Mr. and Mrs. F. O. Hodge, to Mr. Charles Floyd Cosper, son of Mr. and Mrs. V. S. Cosper.

Rev. Clifford Jester, pastor of the First Baptist Church, Springlake, read the double-ring service before an altar decorated with emerald palms and floor baskets of white gladioli. Centering the altar was an archway of huckleberry topped with wedding bells and flanking the archway were wrought iron candelabra bearing cathedral tapers. Family pews were marked with white satin bows. Candles were lighted by Lloyd Lynn McCord and Jerry Cosper, Estelline, cousin of the groom.

Mrs. Bill Williams, organist, played traditional wedding selections and accompanied Billy Ray Johnson who sang "Because" and "The Lord's Prayer."

Mrs. Bob Parker of Borger, sister of the bride, was matron of honor. Bridesmaids were Mrs. Robert Mills of Borger and Mrs. Bobby Cosper of Lubbock. They wore identically styled waltz length dresses of ice pink embossed taffeta. Mrs. Parker carried a bouquet of cerise pink carnations while the bridesmaids' bouquets were of white carnations.

Best man was Dick Cosper, Estelline, cousin of the groom who is serving in the U. S. Navy

based at San Diego. Groomsmen were Robert Mills of Borger and David Stout of Clarendon. Ushers were Claude DeBord, Donald Ray Mills and Chester Mann.

Mrs. Robert Cash presided at the guest book at the church door.

Escorted to the altar and given in marriage by her father, the bride was attired in a waltz length gown of Chantilly lace and tulle over satin, designed with a sweetheart neckline edged with iridescent sequins and long sleeves tapering over the hands. Her finger-tip veil of French illusion was attached to a tiara of iridescent sequins and pearls. She carried a white Bible topped with a bouquet of white carnations.

Mrs. Hodge, mother of the bride, wore a dress of blue accented by rose and gray accessories. The bridegroom's mother wore a gray suit complemented by black accessories. Both wore a corsage of pink carnations.

Following the ceremony, the bridal party was honored at a reception in Fellowship Hall of the church. Laid with a lace cloth over dusty pink, the serving table was centered with the bride's bouquet. The tiered wedding cake was served by Miss Glenda Borden. Miss Phyllis Hill poured punch from the crystal service. Mrs. Bill Williams, pianist, played background music.

For the wedding trip, the bride wore a soft pink dress of orlon, and white accessories. Her corsage was taken from her wedding bouquet.

Mrs. Cosper graduated from Clarendon High School and is employed by the Telephone Company. Mr. Cosper is also a graduate of Clarendon High School and is now attending Clarendon Junior College while employed by Thompson Bros. Hardware. The

MR. AND MRS. CHARLES FLOYD COSPER

couple is at home at the Blocker Apartments.

Out-of-town guests attending the wedding included Rev. and Mrs. Clifford Jester of Springlake; Mr. and Mrs. Louis Richards, Mrs. Ted Barnes and Jo Beth, and Mrs. John L. Burnett, all of Memphis; Mrs. Dale Hill, Mr. and Mrs. L. M. Woodard, Clarice and Jeanie of Amarillo; also Mr. and Mrs. Jack Cosper and Jacqueline of Estelline.

THANKSGIVING SUPPER AT CHAMBERLAIN COMMUNITY CENTER

The Thanksgiving supper at the Chamberlain Community Center Friday night was a huge success. Seventy-five friends and neighbors gathered for the bountiful supper.

Although the film "Seven Lean Years that Waxed Fat", failed to arrive in time for showing, friendly visiting and games of "42" were enjoyed during the evening.

The Chamberlain Community is very thankful for all the good things that have been ours to enjoy this year, and, if it is the will of God, we are looking forward to another prosperous year during 1958.

At some future date we hope to have Cotton John and his film shown in our community. We are inviting everyone to come and enjoy our socials which are the first and third Friday nights of each month.

District 2-A Announces All-District Team

Football coaches of District 2-A have selected and announced their all-district team for the 1957 season. No attempt was made to select a first and second team; the coaches decided to select two teams. More than twenty-two boys were named since some of the positions had two or more boys tied for the nomination.

Clarendon placed five boys on the squad; they were Jimmy Johnson, Milton Mann, Keith Hudson, Jerry Behrens and Richard Vallance. Another Broncho back, Carl Evans, rated high in the voting.

The squad is as follows: Ends, Roy Sessions, Canadian; Bobby Scott, Memphis; Stanley Coleman, Lefors, and Jimmy Johnson, Clarendon. Tackles, Calvin Stracener, Lefors; Milton Mann, Clarendon; John Wheeler, Canadian; and a tie between George Hartsel and Don Townsend of Memphis. Guards were Larry Schaefer, Canadian; Jimmy Gotcher, Lefors; Dudley Gillespie, Memphis; and Chubby Waddill, Memphis. At center, Keith Hudson, Clarendon, and Steve Watts, Memphis. Backs selected were Jerry Behrens and Richard Vallance, Clarendon; Tommy Johnson and Bill Fulton, Lefors and David Davis, Memphis. The other three backfield positions resulted in ties between Johnny Grist and Kenneth Abraham, Canadian, for one position; Daryl Long and Butch Adcock, Memphis, for one position and a four way tie between David Woods, Jimmy Rice, Bill and David Crockett, all of McLean, for the other position.

Robt. F. Crawford Jr., son of Mr. and Mrs. R. F. Crawford, finished the MP school at Fort Gordon, Ga. the 19th and flew to Germany for his next assignment.

Youngsters Push Adults For Top Livestock Wins

CHICAGO—Vying for top honors in competition with grown-ups, farm boys and girls will again play an important part in events of the International Live Stock Exposition, set for November 29th through December 7th in the International Amphitheatre at the Chicago Stock Yards.
 Youngsters have many times gone on from winning top places in junior competitions to such major show awards as the grand champion steer and the grand champion barrow. Grand champion steers have been shown by youngsters 13 times in the 57 years of the Exposition.
 The first two days of the 1957 show will be largely devoted to youth activities. On Friday, November 29, state champion judging teams from 30 states will match their skill in judging cattle, sheep and swine in the National 4-H Livestock Judging Contest. Next day students from agricultural colleges of over 40 states will take part in a similar contest.
Junior Showmen Compete
 Big feature of the opening Saturday is the Junior Livestock Feeding Contest in which more than 300 farm boys and girls will exhibit some 500 head of cattle and hogs of their own raising. Top winners go on to compete in the open classes against adult showmen the following week.
 This year a large number of entries by youngsters is reported in the Carcass Contest. The carcass classes determine yield and quality of meat in animals that are pre-judged on hoof, slaughtered and judged again. Increased interest in this contest and a spectacular auction sale of the champion carcasses are bringing out a record entry this year, the management informs.
 The International Grain and Hay Show will be housed in spacious new Donovan Hall—most recent addition to the International Amphitheatre. It includes competition for corn raised and exhibited by farm youths. Winner is named "Corn Prince" or "Princess".

4-H Youths Parade
 Amoving climax to youth activity at the International show is the 4-H Club parade in the Amphitheatre arena at the Wednesday evening horse show. More than 1,500 outstanding 4-H Club

youngsters from all the states and a number of foreign countries will jam the arena and fill the air with songs of their home states. The 4-H Congress is held in conjunction with the Exposition.
 Arthur Godfrey, star of TV and radio, will appear with his trained Arabian horse at all evening horse shows during the 9-day event. The International Horse Show, considered the country's greatest, is scheduled every evening and five afternoons from November 29 to Dec. 7.

Wedding rings are placed on the third finger of the left hand because of an old Egyptian belief that a nerve ran from that finger to the heart.
 Shaving was originally a protective measure since long beards were easy for opponents in combat to seize.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Trees for farmstead and field windbreak plantings can be obtained from the Texas Forest Service, College Station, Texas. Order forms can be picked up at the Soil Conservation Service Office, or Flip Breedlove's office. Trees that are available are Austrian pine, Chinese elm, Ponderosa pine, and Red cedar. The cost per 100 trees is \$3.00. Trees should be ordered at this time to be assured of receiving them by planting time which is mid January through February for fare-rooted stock. Three rows of trees usually give the desired protection against wind and snow. The windward row should be a dense shrub row and the next two rows the medium height and tall trees. Not only will trees give protection against the weather, but they can be arranged to help increase the beauty of your farmstead. For additional information concerning the ordering and planting of trees, contact personnel in the Soil Conservation Service Office.

Comets Lose Opener To Cisco Jr. College

The Clarendon Junior College Comets lost a heart-breaker in their opening game of the basketball season last Friday night to Cisco Junior College by a score of 48 to 46. The game was played at Lorenzo as part of the dedication program for their new gymnasium.

The score was tied at 46-all with but two seconds showing on the clock when Genell King fouled forward Betty Fielding. Miss Fielding calmly stepped to the free throw line and dropped in two shots that spelled the difference.

The Comets got off to a good start and led at the end of the first quarter, 10 to 9. They were ahead 25 to 20 at the half and were still leading 38 to 37 at the three quarter mark. Mary Mann was high scorer for the Comets with 12 points followed by Dovie Smithson, Kathryn Edwards and Janice Martin with 9 each. Other Comets cracking the score column were Nancy Chalener and Virginia Sellers with three points each and Myrna Carney with one. For Cisco, Fielding and Belva Ramsey each made 17 points.

The Comets outscored Cisco from the field with 20 field goals to 12 for Cisco, but Cisco made 24 free throws as compared to six for the Comets. The Comets committed 33 fouls to 16 for Cisco.

High School Boys And Girls Take Two Of Three From Quitaque

The Clarendon High School Bronchos, Bronchoettes, and Broncho "B" team took two out of three decisions from Quitaque here last Friday night. The "B" teams opened the nights program with Quitaque taking a thrilling 52 to 49 game from the Broncho B's. The Clarendon girls had little trouble with the Quitaque girls, winning 54 to 25, and the boys defeated the visitors by a score of 56 to 48.

With Jerry Behrens leading the way, the Bronchos jumped off to a 19 to 9 first quarter lead and were never in any apparent danger. They led 28 to 24 at the half and 37 to 29 at the three quarter mark. Behrens paced the scoring attack for the Bronchos with 23 points followed by Keith Schollenberger with 15, Jimmy Johnson 7, John Tom Morrow 5, and Wayne Mann, Melvin Housden and Richard Vallance, 2 each. W. N. Elam and Kenneth Housden also saw service in the game. Hubert Price scored 23 points for Quitaque.

In the girls game, Virginia Taylor scored 17 points, Barbara Darnell 15, Joan Bennett 12, Wilma Moore 6, and Maggie Morrow 2. Other girls seeing service in the game were Ann Slavin, Alice Johnson, Pat Spurgeon, Joanna Lane, Beth Lambeth, Pat Owens and Barbara McBrayer. Most of the girls played both forward and guard during the game as coach Young is still trying to find his best offensive and defensive combinations.

In the B game, Gerald Hill scored 17 points to lead the scoring and Don Huggins made 12. Other boys participating in the game were Dennis Bradshaw, Jerry Allen, Larry Hopkins, Lowell Hall, Philip Abel, Lynn Spier, Sandy Skelton, and Howard Talley. Jim Foster scored 17 points for Quitaque. The Clarendon boys led practically all through the game and were finally overtaken late in the fourth quarter.

Mr. and Mrs. M. W. Mosley of Hedley visited in the R. Y. King home Sunday afternoon and with other friends in Clarendon.

As Old Brother Jones used to say: "We are having a mountain-top experience" with our mail. So many of you have written us during the last few weeks that it most keeps the editor busy sending us our mail. He enjoys it, and we are thrilled to pieces. So very

many have included little things for us to use. We are thankful, we are healed for the next few times, but just keep the letters coming. Send them in care of the editor of this paper, please. This helps me and the editor a whole lot.

Mrs. J. E. Anderson of Lovington, New Mexico comments on our statement last month about which kept a secret best men or women. She thinks we men are just as bad, or just as good at keeping secrets; depending on which way you look at it. I'll admit, we are. We liked one other quote from this parent and ex-teacher. She says: "I believe that the first step toward good teacher-pupil relationship comes from the parent." And she is so right. Thank you Mrs. Anderson.

Mrs. Harold Beck of Rt. 1, Vera, Texas writes us a wonderful letter and includes the following saying and little poem among others:

DR. H. R. BECK
DENTIST
Goldston Bldg.
Clarendon, Texas Phone 46

"Everything is funny just as long as it happens to someone else."

With holidays coming up this one is timely:

"After holidays so sunny, am I back at work content? Am I sweeter now than honey? Peppier than when I went? No indeed, I'm like my money - - SPENT."

Thanks for the warning, Mrs. Beck.

Our good friend C. C. Kelley of White Deer, Texas says that he knows of a fellow who has his:

"Land in the Soil Bank;
Blood in the Blood Bank;
Chair down on the Creek Bank."

Chair down on the creek bank fishing. That brings back memories.

This one from John Luther's collection of sayings:

"Always strive to do the right thing and the honest thing. You will please some people and astonish the rest." Now ain't that just the truth. Thanks Mr. Luther for sharing this thought with us.

Mrs. Joe Hamilton of Rt. 2, Cushing, Texas comments on the fact that in many communities we have to be born there almost

before we can really belong. She tells about the old fellow who having lived in a little community for 60 years was finally laid to rest. It happened that he came there at the age of 20. Folks were talking about his fine traits, finally one fellow summed it up this way: "He was a good man and a good neighbor, even if he was a foreigner." Many times this is true of our failure to open our hearts to new friends and new-couper neighbors. Also this little poem by Mrs. Hamilton which was true about her poppies; true that is before the drouth ended.

Out on the desert in the bright red sun,
I planted some poppies one by one.

Scarlet and gold, smiling and gay,
They played, in the wind, lived but a day.

Out in the desert in the bright red sun,
My poppies were burning one by one.

So in the violet light of the dying sun
I buried my poppies one by one.

From way up in Urbana, Illinois Mr. Franklin J. Reiss writes and wants a copy of our Scrap Book, if and when we get it published.

A like request comes from V. N. Townsen of Box 393 in Hale Center, Texas. We will put your names high on the list and we are still hoping to do this soon. Other requests for copies have been received from W. E. Cantrell of Tulia, Texas; Ben Chamberlain of Claude, Texas, and Mrs. Julia Wright of Amarillo.

Mrs. Ray Smith of Plainview wants one of the Scrap Books when we publish it, and also sends us some fine little clippings for our column. Like the following:

"When your life on earth is ended,
And you are deep beneath the sod;
May your name in gold be written
In the autograph of God."

"If you're a blow-hard, you'll find that life is seldom calm."
"To forgive one's self is the hardest, forgiving of all."

Mrs. Smith tells us the incident of a Sunday School teacher asking her very young pupils to tell who certain Bible characters were:

About Mathew, no comment:

Mark, likewise no response. Then who was Peter, asked the teacher. From Johnny came this answer: "I fink he was a wabbit."

Sometimes I almost believe that thoughts are transmitted. The other morning at the breakfast table I most sneezed my head off just as Cotton John gave this thought to think about until tomorrow:

"Even a dictator cannot control a sneeze." Leastwise I sure couldn't.

HIGHER LEARNING
GEORGETOWN, Tex.— Yelled an upperclassman on the campus of Southwestern University: "Freshman, where's your green beanie?" (All freshmen are required by upperclassmen to wear the skull-type cap.)

Replied freshman Ray Allen Holubec: "I'm a graduate student."

"Oh yeah?" sneered the upperclassman.

Hurriedly replied Holubec, I'm a graduate of Granger High School."

His cap went on right soon.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association
AUSTIN — Texas' lawmakers are striving hard to forge a new tool for dealing with police powers, insofar as school segregation-integration problems are concerned. Proposed is a "last-resort" law

to be used, presumably, in situations where threat of federally-enforced integration is met by strong local opposition. It would allow the school board to shut down the school until "the earliest possible time when peace and order can be maintained without the use or occupation by military

forces." Gov. Price Daniel's call also asked that the law provide (1) that state aid, accreditation, salaries, etc., not be affected by the closing, (2) that school boards may transfer local pupils and (3) that the attorney general be authorized to assist local school districts in contesting integration suits in federal court.

Though Legislative operating funds ran out over the weekend, both House and Senate decided against a "crash" program to enact the bill overnight. Strong opposition was not foreseen, however.

FISCAL HANGOVER

Lawmakers who return for the next regular session in January, 1959, face a "morning after" atmosphere, with a \$12,000,000 headache.

Last summer State Comptroller Robert S. Calvert predicted the state would end this two-year period with a \$6,000,000 deficit. His latest estimate doubles that figure.

Calvert revised his figures after voters this month approved a constitutional amendment upping state pension payments.

Legislators already are skating on the edge of financial embarrassment in their day-to-day operation. Fund for their salaries, expenses, etc., was down to about \$45,000 when the first session ended. With costs running about \$11,000 a day, they were due to start drawing this week on the governor's deficiency fund, earmarked for "calamities."

But the real calamity, as many legislators see it, comes year after next when they will have to find a way to glue the "busted" budget together again. Most agree, gloomily, that it means new taxes.

NO "THRILL," BUT

Legislators' comments on the laws passed during the first special session ranged from "monstrosity" to a shoulder-shrugging "better than nothing."

But they did pass—all five that the governor asked. Spokesman for the governor admitted he wasn't exactly "thrilled" with the watered-down water bill, but that he would accept it. In a public statement Governor Daniel commended the lawmakers for their accomplishments.

Briefly, the new laws do this:

1. Set up a water planning division to do research on Texas

water resources and report to each regular session. No authority to draw up a statewide plan was conferred, and the appropriation was cut from a recommended \$1,200,000 to \$900,000. Water Board was given authority to negotiate for state water storage in federal reservoirs—with legislative approval.

2. Require registration of those who seek to influence legislation "by direct communication" and reporting of expenditures over \$50.

3. Require registration of those who, for pay, represent others before state agencies.

4. Set up a commission to study Texas law enforcement and report to the next regular session.

5. Appropriate money for a building for the State Insurance Department.

WHAT NOW?

Senate rejection of the appointment of William A. Harrison as insurance commissioner put that department in a quandary.

Without an administrative head, the department cannot conduct even routine business; nor can it pay its employees. Members of the Insurance Board asked Atty. Gen. Will Wilson for guidance.

Under the Constitution the Senate has the authority to pass on all appointments made by the governor to constitutional offices. It does not, however, pass on the appointments of various state boards within their departments.

When the Insurance Department was re-organized last spring, the new law authorized the governor to appoint Insurance Board members and the board to appoint a commissioner.

But it was specifically written into the law that the Senate would have confirmation power on the board's appointment of a commissioner.

Senate approved the governor's appointments to the board, but turned thumbs down on Harrison. A former assistant state auditor, Harrison had been serving in the 20,000-a-year post since early last summer.

Board members asked Wilson's opinion on (1) Does the Senate have the constitutional authority to pass on a board appointment and (2) if so, what'll we do until we can find a new commissioner?

Postmaster Announces His "Mail Early For Christmas" Campaign

Predicting that the Christmas mail this year will set an all-time record, even exceeding the record set in 1956, Postmaster Ray Moore announced his 1957 "Mail Early For Christmas" Campaign today.

With Christmas only a little more than a month away, the Postmaster reminds us, "It's later than you think!" Most folks have a tendency to wait until December rolls around before they give their Christmas mailing plans a

thought! The Postmaster further suggested that right now is the time to take the following steps: Check your Christmas card lists very carefully—make sure that each address includes the full name, street and number, city, zone and state.

He said, also, that it is a good idea to stock up on heavy wrapping paper, sturdy corrugated cartons, strong cord, and paper adhesive tape for use in securely packing and wrapping your Christmas gifts. If you'd like to include your Christmas card or letter inside your gift package, just add the appropriate First Class mail postage to the postage for the package itself; thus, insuring simultaneous arrival of your gift and greeting.

Why use two when one will do?

You'll do better to protect your motor with this one all-weather oil than to change from heavy oil to light oil according to the season.

Users of Trop-Artic All-Weather Motor Oil never have to worry about using different grades of oil at different seasons of the year. TROP-ARTIC is a light oil and heavy oil in one (grades 10W through 30). Furthermore, it lubricates and protects your motor far better than any of the old-fashioned "single grade" oils.

The reason is that TROP-ARTIC never gets too thick or too thin. In a cold engine it flows quickly for easy starting. In a hot engine it retains the "body" necessary to prevent wear. It reduces friction to save you gasoline. It keeps your engine clean. Compared to old-fashioned oils it can even double engine life. TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

THE NATIONAL DEBT

Even B. S. (Before Sputnik), it was the general consensus of opinion in Washington that the Administration would request the Congress to increase the statutory limitations on the national debt. This debt ceiling presently stands at 275 billions of dollars. A few years back, Secretary of the Treasury Humphrey undertook to get this ceiling lifted to 290 billions. This move by the Administration did not meet with success. The Congress did authorize a much smaller increase on the debt ceiling, but on a temporary basis. This was done in order for the government to meet its obligations which were falling due at a time when tax collections were at a low ebb. However, it was provided that this increase was to meet a temporary crisis. The crisis was met, and the high point in tax collections during the spring of the year solved the problem and brought the debt

under control below the 275 billion statutory ceiling.

It has been anticipated for some time that the government could not meet its obligations after the first of the year without borrowing more money. Some people felt this had quite a bit to do with the resignation of Secretary Humphrey and his replacement by Texan R. B. Anderson. It was generally accepted that such a request would be highly unpopular under the circumstances and that it should be avoided if at all possible. It was my personal feeling that, if anyone could work us out of the dilemma, it would be R. B. Anderson, a very astute and able gentleman. He took on a tremendous job—probably one of the toughest in the history of this country. He was making good headway, I am told. However, the advent of the Russian sputnik relieved the pressure. It seems to be generally conceded now that Congress will raise the debt ceiling, when and if asked to do so. Such action will be due to the votes of many who will be voting for the increase solely on the basis of national security.

If it were not for the national security reasons, the Administration would have tough going. Many of us, including yours truly, do not believe it is right to increase the national debt simply for the purpose of using the money to pay such items as higher interest rates on the present debt. On November 7, 1957, the daily statement of the United States Treasury reflected that interest on the public debt, since July 1, 1957, amounted to 1 billion 805 million 476 thousand 235 dollars and 98 cents. During the same period in 1956, the interest on the national debt was 1 billion

402 million 354 thousand 261 dollars and 28 cents. This was an increase of 403 million dollars in less than 5 months, while the amount of the public debt, itself, was approximately the same. In other words, the American taxpayers were required to pay almost 3 million dollars additional each day during the fiscal year of 1958, which began on July 1, 1957, than they were required to pay for the same amount of money during the fiscal year of 1957, which began on July 1, 1956. At this rate, increased interest alone will consume approximately 1 billion dollars for 1958.

Most interesting when compared with the amount that we have been spending on research and development of long-range ballistic missiles. According to recent reports from high officials, the expenditures for this program have been approximately 1 billion dollars per year. In other words, the INCREASE in the interest rate alone on the national debt may amount to more than has been spent on research and development of the long-range missiles program.

This caused one fellow to observe that, if high government officials in this country had been as concerned about raising a sputnik as they were about raising interest rates, we would still be ahead of Russia.

Thirteen pieces in a "baker's dozen" originated when King Louis of France warned all bakers who gave under measure that they would be beheaded.

The word "spud" for potatoes comes from an old organization called "Society for the Prevention of Unwholesome Diet."

FROM WARM SPRINGS FACT & FANCY

by W. H. Richter

(Wherein the director of public relations at the Gonzales Warm Springs Foundation tells of Texas' own physical rehab center and also throws in a little tongue-in-cheek palaver for which, incidentally, the management is not responsible.)

You can't tell by looking at a turkey that he has a brain, but I'm here to tell you he has, even if he is likely to lose his head about this time of year.

I'm sure not many people are particularly interested in the intellect of a turkey, just like they don't care if Marilyn Monroe ever got past the third grade. Some things when you have them you don't need others.

But since this is the season when the succulence of the Noble Bird is a matter of considerable moment to us, I feel impelled to pay him some small homage.

My respect for the turkey's brainpower dates back to the days of my boyhood in the hills and sticks of Burnet County when, for some reason or other, our family raised a few turkeys. I express uncertainty about our objective because I am reasonably sure we never made any money at it.

The variety of turkey we raised had on ya token attachment for our farm establishment and asserted his independence by roaming and roosting far afield. It was my lot to locate the nests of the hens during the proper season—once a year—and then make daily trips to pick up the

eggs. The procedure was to lock the hens up until they indicated their anxiousness to produce an egg by madly pacing up and down. There is a knack to knowing when a turkey hen can't hardly wait no longer.

Even so, only if you have ever tried to follow a turkey hen to her nest can you know how shrewd and clever this critter is. She ducks and dodges, feints and fakes like an All-American quarterback. A favorite trick is to sit down in a suitable spot and con you into the notion that this is the place. As soon as you leave, up she hops and away she goes, and you have it all to do over again.

Yes sir, say what you will, the turkey is a pretty bright bird. And frankly, it sort of chokes me up each Thanksgiving when I think that I'm eating someone who is probably smarter than I am.

Here at the Gonzales Warm Springs Rehabilitation Foundation there will be turkey and dressing, cranberries and all the fixin's on Thanksgiving Day. Most of the patients partaking will not have as much to be thankful for as you or I, but I'll wager there will be prayers of thankfulness said at Warm Springs that day.

We hope that you, too, will remember these patients on this day of Thanksgiving.

Dear Editor:

Recently in a newspaper clipping in a Texas newspaper, we saw a reference to the Gonzales Polio Clinic. Rather frequently we have noted the use of the name: the Gonzales Warm

Springs Polio Foundation. This points up a common misconception among Texans, one which we earnestly hope you will help us correct by publishing this letter. The hospital's name is the Gonzales Warm Springs Rehabilitation Foundation; it was formerly the Gonzales Warm Springs Foundation for Crippled Children.

While our patient load has been predominantly polio, the Foundation for many years has treated other crippling conditions. Today, as the Salk vaccine is proving its effectiveness, the emphasis is definitely shifting to non-polio cases—auto and other accident victims and those handicapped by other crippling diseases.

Of course, there is much yet to be done for polio victims. And while Warm Springs has no official connection with the March of Dimes, we can wholeheartedly substantiate their campaign appeal for funds to continue this vital work.

However, the point we at the Warm Springs Foundation wish to make is simply that the NON-POLIO cases treated—and there are more all the time—do NOT

have a source of financial assistance such as the March of Dimes. This means that Warm Springs' own welfare program needs more and more voluntary contributions so that it may continue to provide this service.

No crippled child who can be helped is ever denied admission for financial reasons at the Foundation. Now crippled adults, too, can receive treatment on a welfare basis—another phase of the operation which calls for more funds.

We will be pleased to provide more details to anyone sending an inquiry to Warm Springs, P. O. Box 58, Gonzales, Texas.

Sincerely,
Walter H. Richter
Director of Public Relations

We thank Thee, Father, for Thy love
That gathers us in sweet accord
To count our blessings and enjoy
The bounty of our gracious Lord.

We see our harvest-mellow land
Round out another peaceful year,
Assuring all men, everywhere,
Those joys of life that are more dear

To sharing with our fellowmen
All these Thy boundless gifts. And last,
