## Navy - Army Missiles Face Fights As Alleys Invade Populated Areas

Missiles are already being fired across thinly populated sections of the Southwest, as shown on the map, and the Army and Navy now propose to fire them over more heavily settled areas. To date, the armed forces have only fired aero-dynamic missiles (pilotless aircraft) such as the USAF Matador and Mace, and the Navy's Regulus, through these alleys. The Navy now proposes to fire its Polaris from offshore into the Mohave Desert and the Utah impact areas, and the Army plans to fire its new Pershing from Ft. Bliss, Texas, to Ft. Sill, Okla. Polaris and Pershing are ballistic rockets, and strong opposition has developed to both proposals. California aviation interests claim the Polaris firings would endanger all passenger flights between the Los Angeles and San Francisco areas, and cities and farm and ranch groups in Oklahoma and Texas say flatly they don't want meandering missiles overhead. At least one USAF missile strayed from its course enroute to Wendover, Utah, and was found eventually where it had crashed in Colorado. Guidance problems have plagued Army and Navy ballistic missile systems, and distant airport towers, taxi dispatchers, and ham radio operators are reported to have interfered with test operations at Cape Canaveral, Florida.

## First Baptist Brotherhood Meets Tonight

The Brotherhood of the First Baptist Church will meet tonight at 7:30. All men are invited to come and enjoy good food and fellowship. Rev. L. D. Regeon, pastor of the First Baptist Church of Turkey will be the speaker for the occasion. Brother Regeon is an able dramatic speaker. He centers his message around a picture which he draws during the message. The picture is drawn with fluorescent pastels, and there is many effects when various colored lights are then turned on the picture. Brother Van stated that this meeting will be of interest to all men and that much fellowship and food are in store for all who come.

## Red Pencil Mark Time Again

It is time for that Red pencil mark reminder again for a number of subscribers to the Leader. If this red mark appears at the upper left hand corner of this page, it is time for your renewal. The subscription price is \$3 per year for those in Donley and \$3.50 per year for those receiving the Leader beyond this area. Please let us have your renewal remittance promptly so your name will not be removed from the list.

## Estlack Re-elected Secretary Panhandle Press Association

The 49th annual Panhandle Press Association came to a close last Saturday afternoon in Amarillo with the election of officers to serve the organization for the coming year. S. B. Whittenburg, Amarillo Globe-News was elected president; Wayne Lanham, Borger News-Herald, vice-president and G. W. Estlack was re-elected secretary-treasurer. Plans are already getting underway for the largest annual session of the Panhandle Press Association when the organization observes its Golden Anniversary in April 1959. The official magazine for the organization will continue to be printed here in the Donley County Leader printing department on a quarterly frequency. Those attending the convention from the Leader office were Mr. and Mrs. G. W. Estlack, Herald Stogner, shop foreman, and James Mahaffey, apprentice.

## Clarendon Judging Teams Rank High In Contests

Members of the Clarendon F.F.A. Poultry judging teams placed second in competition with the other eleven teams of the Greenbelt F.F.A. District in the district contest at Quail Tuesday afternoon. Howard Talley was third high point man of the contest and Jerry Hicks was seventh high point individual. Other members of the team were Gary Longan and Larry King. Lynn Spier, Jades McAnear, Bobby Spencer, Victor Walker, Wayne McAnear, and Ronnie Hall participated in the event as alternates.

Quail was high team in the contest, Wellington, third; Lelia Lake fourth. Other schools participating were Turkey, Paducah, Childress, Memphis, Lakeview, Estelina, Samnorwood, and Hedley. Last week the same schools met at Memphis for the district dairy products contests. Clarendon ranked second in this contest behind Hedley, with Lelia Lake third. Howard Talley, Gus Havens, Jerry Allen, and Jerald Hill were team members with James Kay, Ronnie Tyra, Neel Carter, and Tommy Messer as alternates.

Members of these two judging teams along with the livestock judging group will participate in the Area I contests at Lubbock on April 26th. The livestock team composed of Sammy Wells, Carl Talley, Bobby Longan, Pat Robertson, and Milton Mann recently won the Top-o-Texas Livestock Judging Contest in competition with 46 schools from the Panhandle Region.

## Clarendon FFA Secure Top Feeder Calves

James McAnear, David Hudgins, and J. R. Gillham returned Tuesday from a five day trip into Iowa and Illinois where they secured a number of top Angus and Silvertip calves for members of the local chapter to feed for the 1959 stock shows. The group visited a number of the top Angus herds in that region as well as a number of top shorthorn herds. Arrangements were made with a group of breeders to pick up a group of 1958 spring and summer calves for the 1960 spring shows. Especially promising in this group are a number of shorthorn and shorthorn cross with Angus cows that are called silvertip calves.

The Eltonier, Kemp, Eiler, Seebeck, Wilton, and Carr Stock Farms each furnished one or more of the calves secured. The calves ranged from 300 to 550 pounds in size.

Members of the local chapter plan to feed approximately thirty steers for the spring shows. They have been featuring swine projects but hope to show a larger number of calves this year as a result of their top showings at the Amarillo, Fort Worth, El Paso, and Houston Shows this year.

## 4-H Club Meeting Tuesday Night

## Bishop W. C. Martin In Methodist Church

Bishop William C. Martin, his wife, the District Superintendent, Dr. E. E. White and his wife will be guests of the Methodist Church of Clarendon next Sunday, April 20. Bishop Martin will bring the morning message at the 11 o'clock hour.

Bishop Martin is bishop of the Dallas-Ft. Worth Area which includes the Central, North and Northwest Texas Conferences of the Methodist Church. He and Mrs. Martin have made many trips to Foreign Mission Fields and other points of World Service for the Methodist Church. "We feel very fortunate to have such a leader of our church to be our guest speaker," stated Rev. Conrad M. Ryan, local pastor.

The Commission on Christian Social Concerns with Mrs. Nathan Cox serving as chairman has planned a fellowship-dinner to follow the morning service.

"We want to extend a cordial invitation to any who might be interested to attend the service at eleven o'clock Sunday morning and worship with us and hear our Bishop, and stay for the fellowship-dinner," Rev. Ryan said.

## Bronchos Enter Regional Track Meet This Week End

Coach Tom Jinks and six of his track and field contestants will go to Lubbock Friday where they will enter the Region I Track and Field Meet. Making the trip with the coach will be Ted Westberry, George Mays, Jerry Behrens, Richard Vallance, John Morrow and Dewey Wilson.

The boys will enter the following events in the big Lubbock meet: Mays will enter the mile run; Weatherly the 440-yard dash; Morrow the pole vault and high jump and Behrens the shot put and discus throw. Also, the mile relay and 440-yard relay teams will compete. The mile relay team is composed of Behrens, Vallance, Weatherly and Morrow and the 440-yard relay team is composed of Wilson, Vallance, Weatherly and Behrens.

In the recent district meet at Lefors, Mays set a new mile record with a time of five minutes and twelve seconds. Other firsts were the mile relay team and Behrens in the shot put. Morrow tied for first in the high jump. Morrow also finished second in the high hurdles but will not enter this event in the Regional Meet. The 440-yard relay team finished second in the district meet; Weatherly came in second in the 440-yard dash; Morrow was second in the pole vault and Behrens second in the discus throw.

This is the largest group of boys who have qualified for the regional meet from Clarendon High School in several years.

## Services Held Saturday For Mrs. J. H. Adkins

Funeral services were held Saturday afternoon at the Murphy Memorial Chapel for Mrs. Mary Etta Adkins with Rev. W. F. Vandenberg officiating.

Mrs. Adkins 86, died at her home here Thursday evening. She had been a resident of Donley County 28 years and was a member of the First Baptist Church. Her husband, J. H. Adkins preceded her in death in 1950.

Survivors include four sons, E. G. Adkins of Vernon, H. L. Adkins of Levelland, A. P. and C. H. Adkins, both of Clarendon, six grandchildren, nine great-grandchildren and one great great grandchild.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

## Sweet Potato Meeting Set For Tonight

All farmers interested in the growing of sweet potatoes are urged to attend a meeting at the court house in Clarendon on the night of April 17th at 8 P. M. this Thursday night. County Agent H. M. Breedlove is especially urging all farmers who have signed intended acreage to be planted under this program to attend.

Breedlove says that a potato growers organization will be set up and that a treasurer will be elected to take checks for the ordering of the potato slips. This will be done this Thursday night, so be sure to be present so that you can help set the date of delivery of the potato slips and get your check to the treasurer for your slips.

## Bulldogs To Meet Panhandle Aggies Here Friday In Tennis Match

The Clarendon Junior College tennis team will meet the Goodwell A&M team from Goodwell, Oklahoma, in a tennis match here on the local courts Friday afternoon. Matches are scheduled to start at two o'clock.

The Bulldogs are undefeated thus far this season. They hold two wins over Amarillo College and one victory over Wayland College.

In Singles, Pete White, who went to the state finals in doubles last year, will play in the number one spot and Russ Bailey in the number two position. Either Owen Johnson or Teddy Bedwell will be in the number three position with the other in the number four spot. White will team with either Bailey, Johnson or Bedwell for the number one doubles team with the other two boys forming the number two team.

## May 6th Set For Cotton Meeting At Hedley

County Agent H. M. Breedlove, announced this morning that a cotton meeting will be held at the picture show in Hedley on the sixth of May at one thirty P. M. The purpose of the meeting is to discuss insect control in cotton and this will be handled by Mr. Freeman Fuller, Extension Entomologist from the Texas A&M College Extension Service. Mr. Fred Elliott, Cotton work specialist from the Extension Service at A&M College of Texas will discuss all phases of cotton production. He will also discuss spot oiling of Johnson grass in cotton. Every cotton farmer in Donley County is urged to attend this meeting. Breedlove says that the committees of the Hedley Cotton Festival are backing this meeting as a part of their regular plan of work and to assist cotton farmers to increase production of their farms. Remember the date and time and bring all your neighbors with you.

## Judging In Community Contest Monday

The district judging of communities entered in the Progressive Farmer Rural Neighborhood contest will be on the twenty first of April for the Chamberlain community, says county agent H. M. Breedlove. Mrs. John Heathington is president of the Chamberlain Community program and she and all her committees are getting ready to show the judges all the progress that the community has made in the 1957-58 contest. The judges for the occasion will be Cotton John Smith and Mrs. Doris Leggett and also assisting will be Mr. Knox Parr. The judging of the Chamberlain community will be from nine A. M. to eleven A. M.

**DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS**

The seeding of cropland to native grasses has been accelerated the last two weeks in the Donley County SCD. Numerous district cooperators have put all or portions of their cropland in the conservation reserve and have started seeding these areas to native grasses. Portions of the W. R. Altman, Troy Guy, and L. E. Tyler ranches were seeded to native grasses in March. Seedlings have been made in a dead cover of forage sorghums, Sudan grass, or millet which was planted prior to September 1, 1957. The dead cover was not grazed or harvested for grain or hay, leaving a heavy mulch on the ground. A growing cover saps the moisture and nutrients from the seedlings, greatly reducing

their chances for survival. Chances for survival of native grasses will also be enhanced if the grass is seeded early so that it can become well established before the spring and summer annuals begin competing with it for moisture during hot weather. Your local SCS technicians will be glad to assist you in determining the proper native grass mixture for your soil.

**GABIE BETTS BURTON LIBRARY NOTES**

By May L. Lewitt

We have several memorial books to announce: "The Island of Horses" by Dillon, "Career for Jennifer" by Adele De Leenev, "Son of Columbus" by Hans Baum, and "Your Wonderful World of Science" by Mae and Ira Freeman. These books with quite a few others will be arranged in a memorial shelf or case to themselves as there are several shelves of the same memorial gift. I have a set of four shelves I took home to paint and will have them brought to the Library next week.

This week's "Time" magazine features Mr. John Gunther. He has recently published his "Inside Russia Today" which has been ordered. Time states: "Inside Russia Today" is the profile of a nation — part guide book, part political primer, part intelligence report." "Time" also states that

"Gunther's Insides have improved almost steadily as he has kept turning them out. "Inside Russia Today" (952 pages covering 44 countries) in some ways his most challenging assignment, is probably his best book yet."

The subscription to "American Heritage" has been renewed by the donor for another year. This magazine comes in memory of Mr. Frank Phelan Sr. It is not only an asset to his memorial shelf, but to the Library also.

**TO THE PEOPLE OF THE 18TH DISTRICT**

By Congressman Walter Rogers

**FLAGS OVER THE CAPITAL**  
I have had several inquiries lately concerning flags that have flown over the Nation's Capital. It is possible to obtain these flags at a very reasonable cost. Two sizes can be had. The 3' x 5' is made available for the price of \$3.50. The 5' x 8' is available for \$6.50. Each flag is accompanied by a letter from the Architect of the Capital certifying that it has flown over the Nation's Capital.

**BOARDS, BUREAUS, COMMITTEES AND COMMISSIONS**

There used to be a saying that whenever the president of a club or organization ran into some controversial issue, the best thing to do was to appoint a committee to investigate the matter until it cooled off. From the number of boards, bureaus, commissions and committees in existence and being recommended on the government level, it looks like this same rule is being applied by Uncle Sam. You will recall that last year the Congress, on the recommendation of the President, created the highly controversial Civil Rights Commission. This Commission was handed 200 thousand dollars out of the President's Emergency Fund on which

to operate. As of March 25, 1958, the Commission had spent only \$26,004.92 of this amount. Nevertheless, when the Presidential Appropriation Bill came up on the Floor of Congress, an amendment was offered to add an additional 750 thousand dollars for the Civil Rights Commission. Needless to say, this caused quite a battle, but the money was appropriated anyway. It goes without saying that my vote, along with many others, was cast against it. It probably goes to prove further that the most permanent thing in Washington is a temporary commission or building. This was further proved by a request that is now before the Interior Committee of the House of Representatives. The Alaskan Railway Commission was created in 1956 to last for two years and was given an appropriation of 75 thousand dollars. The Commission was to investigate the economic feasibility of railway and highway transportation matters between this country and Alaska, as well as in Alaska proper. This is the year that the report on these studies should be filed; however, instead of a report we get a proposed amendment to the original bill which would extend the life of this Commission for another two years and increase the appropriation from 75 thousand dollars to 387 thousand 500 dollars. In other words—double the life of the Commission and more than quadruple the money to be spent. I thought this was going pretty far afield, but when Congress

convened that day we had a message from the President requesting the Congress to create a "National Aeronautics and Space Agency."

The President was prompted to make this request, according to his message, by the fact that his "Science Advisory Committee" had recommended that he do so. In other words, the government is carrying the practice one step further than the clubs and organizations were supposed to carry it. The committee that is appointed to look into the matter is now advising the formation of another committee or commission. If this is carried out to its logical conclusion, every man, woman and child in the United States will eventually end up on a committee. I would recommend that any committee recommending the creation of another committee, commission or board would immediately lose its own status. This would certainly put a stop to the matter in short order. We could also adopt the policy that for every new com-

mittee, commission, board or bureau that was established, at least two had to be abolished.

**FEDERAL AID HIGHWAY BILL**

The Conference Report on the Federal Aid Highway Bill of 1958 was adopted last week and included provisions against certain types of outdoor advertising along interstate highways. The bill would provide for regulation of outdoor advertising along interstate highways visible from the main portion of the highway and within a distance of 660 feet. Such regulation would be consistent with standards to be prepared by the Secretary of Commerce, and only four types of signs would be permitted: (1) Directional or other official signs and notices required or authorized by law; (2) Signs permitted by State-law advertising activities within 12 miles of the point at which the signs are located, which signs are consistent with the national policy and standards; (3) Signs advertising the sale or lease of property upon which

they are located; and (4) Signs designed to give information in the specific interest of the traveling public which are erected pursuant to State law and which are consistent with the national policy and standards.

I voted against these measures, because it is my opinion that the use of a man's land should be regulated only in accordance with the police powers of the state and by the state—not by the federal government.

**The Lady was Willing**

Recently a service station attendant changed the oil in a car with 23,000 miles on the speedometer. He noticed that a lubrication job was also badly needed, so he politely suggested it to the driver. She replied, willingly enough, "Go ahead if you want to... but I thought all that was done at the factory!"

Of course, this couldn't happen to you, but with cars getting more and more complicated every year, proper and frequent lubrication is more important than ever.

Phillips 66 Dealers specialize in lubrication. They have complete charts and specifications for all makes of cars, and what's more, they use them! Stop in next chance you get and watch how thorough Phillips 66 attendants are when they lubricate a car... it's a pleasant surprise for most motorists!

# BLOWIN' Out the CORNERS

If you think that it is wrong for the Radio Stations, Television Studios, and the newspapers to accept alcohol and beer ads and pass them along into your living room write a letter this week and mail it to Sen. Ralph Yarbrough, Senate Office Bldg., Washington, D. C. A hearing on a Bill by Senator Langer will take place in this committee within the next

few days. Think about it, pray about it, and do what you think is right and one way or another let our own Texas Senator know What You Think.

As for us, we do not think they should be allowed to advertise; not any more so than any other poison or narcotic. Because according to doctors and scientists alcohol is a poison. Even in small quantities we are poisoned in the same proportion. So, we say that no poison should be sold except as medicine and that in no case any worthwhile claims should be made for it.

If—and we do say—if—they have a right under the constitution to advertise, then they should be made to tell the truth. Emphasize merely one brand over another and brag only on

their products power to make a person drunk quicker and surer than a competitive brand. Certainly, they should not be allowed to make beneficial claims for a poison, a narcotic, and not only that but about an evil that is doing more than any other thing to ruin our country.

Anyway, which ever way you see it, write to Sen. Yarbrough as he is a member of the Interstate and foreign Commerce Committee in the Senate. Don't forget to do this real soon.

One thing about the good old days was the fact that when you got your horse and buggy paid for the models would stay the same for a few years. Now no sooner than you go head over heels in debt to the finance company to try and keep up with your neighbors; then before you can say, "I may own you someday", the neighbors have gone and out done you all over again.

Folks used to almost give up trying to "Keep up with the Joneses." Nowadays even the Joneses can't keep up. It is a fact, and what are we going to do about it? Nothing, I suspect. Our parents taught us to work hard, save a few shekles along, and in

some way try to "Get a start" and be above all else self-supporting in our old age. We wouldn't buy a thing on the credit except a cow or a pig or something that would make a profit. To buy what we called a luxury on the credit was the worst form of bad management. Sometimes we lived and died and never had these so-called luxuries. Nowadays it's all different, most of our young folks start out with most everything and pay for them as they can.

Actually, we don't know the answer. Somewhere inbetween perhaps the two extremes. The next depression, if we ever have one may prove which way is the best. One thing is for sure; if we all quit buying on credit; all started saving for a rainy day, we would almost suddenly have a real depression. Business would go on the bum. Uncle Sam would quit getting a big tax cut, and would have to quit paying out to just about everyone and everybody. Contracts to the factories would stop. Jobs to the workers would stop, and bingo we would have it. It is really something to think about. Send us your thoughts on the matter.

## 98-Year-Old Widow Named District 10 Texas Baptist Mother of Year

DALLAS—Mrs. Emily Minix, a 98-year-old McLean widow and mother of seven children has been named District 10 Texas Baptist Mother of the Year, leaders said here Saturday.

Mrs. Minix has read the Bible completely through more than once a year for her entire life. She has, in fact, read it through 126 times. Her favorite passage is the 23rd Psalm. Even though Mrs. Minix lacks only two years having lived a century, she still reads the Bible daily without the aid of glasses.

She is one of 17 district winners who will compete for statewide Baptist Mother of the Year honors. The award is made each year to honor Texas Baptist's mothers who have made outstanding contributions to Christianity. The statewide winner will be announced around May 1.

A member of the First Baptist Church of McLean, Mrs. Minix

has been active in Sunday school work, as well as WMU.

He late husband, C. E. Minix was a McLean rancher.

Four of Mrs. Minix's children are still living. They are W. C. Carpenter, a hardware store owner, Sundown; Mrs. Clara Colebank, a McLean housewife; James Carpenter, lineman, Opelousas, La.; and B. I. Carpenter, a Southern Baptist missionary to Alaska. She has flown to Alaska twice in the past eight years to see her missionary son.

Mrs. Minix has 24 grandchildren, 52 great grandchildren and 18 great, great grandchildren. Included among the grandchildren are a missionary, a pastor and two ministerial students.

Sponsors of the Mother of the Year project are the Standard and the Baptist Convention of Texas. The award extends from Hall County in the south to the north, west borders of the Territory to the east. The 19 county area contains 112 Baptist church missions.

The most precious gift you can give a son

From that first wonderful day when he drops your guiding hand to walk alone—unsteady, unsure, but on his own—his goal is independence.

And this is yours to give—even as he falters and clings, then manfully struggles on. You want so much to help him. And your heart nearly bursts with pride one day when you know he's now "his own man." How fervently you pray that no one—ever—will take away this hard-won freedom to be himself.

There's one way you may not have thought of to help him continue to enjoy the independence he's achieved.

Be on the watch for ideas that could deprive him of it—the idea, for example, that "government should run such and such—a business, a service, an institution." You have only to remember the people in socialist nations to know that when government controls more and more things, there is less and less freedom and independence for the individual!

You can use your woman-power to discourage this idea that "the government should run it." When you hear people talk that way, point out that the loss of anybody's independence is a threat to everybody's freedom.

Very much aware of this danger are the independent electric light and power companies, because government already runs part of the electric business, and powerful people are pressing it to take over more.

**Setting the style trend**

There's a lot of Thunderbird in every Ford Station Wagon. All six Ford wagons have Thunderbird-inspired style. You'll see it in the trim, sculptured lines and in the impressive front and rear treatment. It's style that sets the style.

**Reversing the price trend**

Ford made price news everywhere by being the only car in its field to reduce prices in '58. While prices of other cars went UP, Ford made big news by actually pricing some '58 models below comparable '57 models. What's more, Ford Station Wagons are the lowest priced of the low-price three.

With the world's newest V-8, Ford makes engine news, too, with a great new V-8, brim full of Thunderbird power, yet surprisingly economical to operate. Precision Fuel Induction gives you more power on less gas by delivering the fuel-air mixture directly to the cylinders through eight expressways. Result... you GO better, for less.

## 1926 BOOK CLUB

The 1926 Book Club met Thursday afternoon, April 15, with the president, Mrs. Otis Naylor, presiding.

Mrs. Clyde Hudson, Federation Counselor, was program chairman for the afternoon. She stated that the 1926 Book Club was organized in November 1926, and federated in 1933. The club has strived to stimulate interest in the best types of literature as well as to meet various other community, state, and National needs.

Since its beginning the 1926 Book Club has tried to supplement the county library by keeping the shelves filled with current, good reading material through cash donations and new book donations. Over the years the club has pushed such projects as collecting reading material for the Negro School Library, sponsoring of a Jr. High School reading contest and the giving of annual-book sale teas at which time books of different reading levels were displayed and offered for sale.

Mrs. W. C. Thornberry and Mrs. Frank White, Jr. gave an informal "chat-ehat" on what they enjoyed at the Seventh District Meeting in Childress recently. The club was delighted to have as its guest Mrs. J. H. Howze. Delicious refreshments were served by Mrs. C. B. Morris and Mrs. Elmer Bones. —Reporter.

## MYSTIC WEAVERS CLUB

The Mystic Weavers Club of Lelia Lake met April 9th with Mrs. N. R. Simmons with nine members present. Sack lunch with salad and cake by the hostess was enjoyed. Quilting was the work for the day.

The next meeting will be April 23rd with Mrs. Clarence Ayers. —Reporter.

## PHI THETA KAPPA INSTALLATION

"Times have changed. It is no longer acceptable just to get by." These were the words used by Mr. Pinkerton, President of Clarendon Junior College, as he installed the officers of Phi Theta Kappa, a national honor society for junior colleges, on Friday of last week.

Mr. Day, the sponsor of the organization, said that this is the first time a society of this nature has been organized in Clarendon Junior College. He said that he is proud to sponsor it in order to recognize the students maintaining a B average or above.

Officers installed in the Iota Phi Chapter of Phi Theta Kappa were: president, W. H. Brown; vice-president, Myrna Carné; secretary, Cheryl Seism; treasurer, Cheryl Seism; councilman, Don Pitts.

Clarendon Junior College as well as the community of Clarendon gained recognition by the installation of this society since it is an honor that the students rate a chapter of a national organization.

### Seven Clarendon FFA Members Apply For State FFA Degree

Seven members of the Clarendon Future Farmer Chapter are making application for the Lone Star Farmer Degree in their F.F.A. work this year. The seven include James Mahaffey, chapter president, Carl Talley, chapter president, John Morrow, chapter sentinel, Milton Mann, chapter treasurer, J. R. Graham, Sam Wells, and Pat Roberson. The state farmer degree which is called the Lone Star Farmer Degree in Texas is the highest honor the state association can bestow upon its members. Only two per cent of the state's members are entitled to receive the degree. Over thirty Clarendon youths have received the degree in past years. This is the largest number to ever qualify for the degree in any one year in the history of the Clarendon Chapter.

A future farmer must do outstanding work to qualify for the state degree, and each of the seven youths named above have been outstanding in the local chapter, district, and area work. Many champions at the nation's leading stock shows have been exhibited by this group; they have been members of some of the top judging teams in this area, and have otherwise been outstanding in future farmer work.

Bobby Longan has also completed all qualifications for the degree but will not apply for the honor this year in order to attempt to win the star lone star farmer award in the district and area in 1959. He has been named the most valuable member of the chapter each of the past two years.

### General Telephone Offers Wage Increase

"San Angelo, April 14—General Telephone Company of the Southwest has offered the union a wage increase. "Taking into consideration all economic factors," it was announced today, Monday, April 14, by Mark F. Cooper at the close of a meeting between the Company, the CWA-CIO and Walter C. White of Dallas, Commissioner of the Federal Mediator and Conciliation Service.

It was the first meeting attended by White who was called into negotiations by the Union after the Company and the Union reached a stalemate over the Union's vacation demands. The major point of difference concerns the Union demands for a three week paid vacation for employees after 10 years service with the company and a four week paid vacation for employees with 15 years or more of service. The present vacation program provides paid vacations of one week after one year service, two weeks after two years service and a three week vacation after 15 years service.

Negotiations between the Company and the Union began March 17. The second meeting between the Company, Union and White is scheduled Tuesday, April 22."

### J. R. Masterson's Observe Sixtieth Wedding Anniversary

Mr. and Mrs. J. B. Masterson held open house Sunday, April 13th at their home in Hedley in observance of their 60th wedding anniversary. Few couples have an opportunity of enjoying this pleasure. To make the occasion complete, their four daughters and their husbands were present. They are Mr. and Mrs. R. C. Strickland, Mr. and Mrs. Oscar Alexander, Albuquerque, N. M., Mr. and Mrs. Winton Benardin, Taos, N. M., and Mr. and Mrs. Donald Lindsey of Amarillo.

The Masterson family and relatives attended morning services at the Methodist Church where the Masterson family grew to young womanhood, each taking an active part in church work. Mrs. Masterson is a member of the choir and misses being present very few times. A bountiful noon meal prepared by Mrs. Masterson was served in fellowship hall of the church for the immediate family.

The Masterson home was beautiful with cut flowers and pot plants sent by friends.

The table was covered with a Quaker Lace Cloth. The centerpiece was pink rose buds and bridal wreath. A picture of Mr. and Mrs. Masterson, on their wedding day, centered the table. Silver candelabra held white tapers. Punch was served from a crystal punch bowl by a granddaughter, Miss Kay Alexander. Donna Lindsey and Marilyn Alexander, great granddaughters, presided at the guest register where 103 guests signed in spite of the inclement weather.

Grand children present for the occasion were J. B. and Kay Alexander, and Donna Lindsey of Amarillo; great grandchildren present were Marilyn Alexander and Danny Alexander of Amarillo.

### THE LIONS DEN OF The Roar of the Lions

By the Liontamer

Every member of the Lions Club who was not present at Tuesday's Luncheon meeting of the Club truly is loser by not hearing Judge Gribble's discussion of bills pending before congress which if passed is a definite threat to our rights and liberties before the judiciary, which we have elected by popular vote to hear our cases of law. Bills which are pending before congress at the present time, if passed will remove some types of civil cases which should be heard locally to the jurisdiction of federal courts; before federally appointed judges and in strange and unfamiliar surroundings. Judge Gribble urged communication with our congressmen and Senators to give them informative and moral support in protecting our liberties. Judge Gribble's sincerity becomes more impressive when viewed in the light of a virtual lifetime as an elected judicial officer in our immediate area.

Tuesday was also election day for next years officers of the local Club. If your choice for leadership was not selected, it may have been because of your vote of rather the absence if it. However the writer assumes that if you were not present to exercise your voting privilege that you had concluded in your mind that you would give your whole support to the officers which were elected.

Officers elected were as follows:  
President, J. H. Spier Jr.  
1st Vice President, Bill Todd  
2nd Vice President, Bob Moss  
3rd Vice President, C. A. Pitts  
Secretary, A. R. Henson  
Treasurer, Joe Bownds  
Lion Tamer, Oliver J. Abel  
Directors, Clyde I. Price, Jr., Billy Goodman.

Tail Twister, John R. Gillham.  
**Coming Tuesday, April 22—Larry Kelly, the "King of Pantomime."**  
The Lions Club has tentatively scheduled another one of Larry Kelly's famous shows for next Tuesday, April 22nd.

This show is equally good for all ages and the Lions Club will have tickets on sale for the show. If they don't contact you, you contact one of them. This is a show you should put on your "must list." Lions Club Benefit show.

Miss Evalyn Warren is in Amarillo this week visiting her sisters, and other relatives and friends.

**NORTH WARD SCHOOL NEWS**

The North Ward Elementary School will hold its annual basketball banquet Friday night, April 18, 1958.

There will be a great number of awards presented to members of the PTA and to the students of North Ward School.

The North Ward School is trying to help two boys further their education. They will finish from the Wellington High School at the end of the school term this year. They are Bobby G. Beasley and Haley L. Ingram. There never seems to be enough scholarships to go around to young people who wish to further their education.

We find these two boys in a depressive mood. Simply because they are not able to go to college. I am sure that it would be more than an asset to the community if these boys were given a chance to improve themselves under professional training. I need not mention that the world needs qualified professional people, in the field of Art as well as Science.

My heart goes out for these two boys because I once had to go through the same mood. Living through hope and blindness because I thought that I was too small for the world to see me; but through prayer I found that there was someone that had an interest in the education of young people.

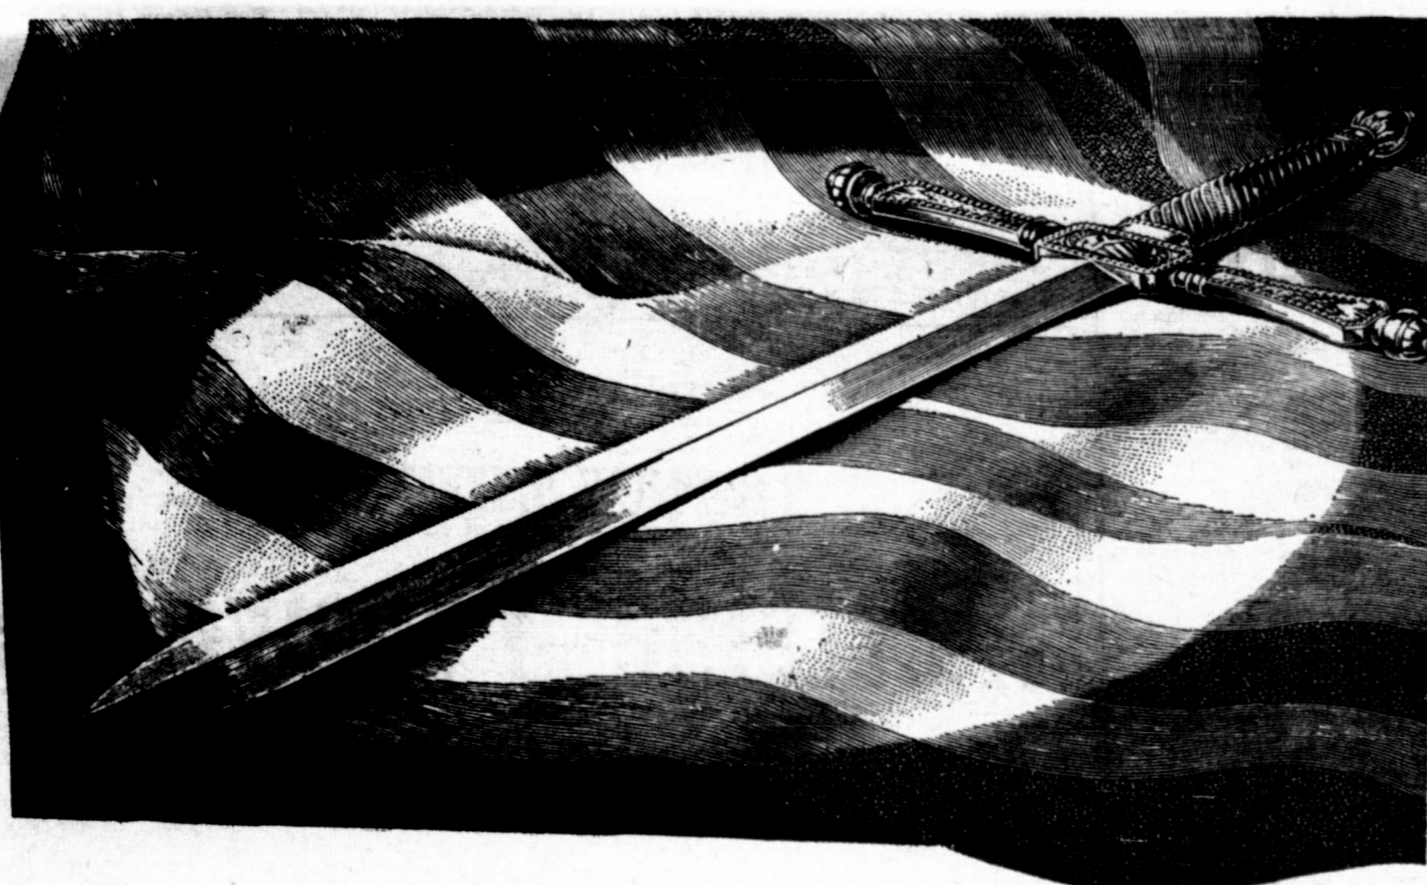

I believe that there is such a person that lives in this community that would like to see these two boys further their education. If there is an organization that would like to help these two boys I am sure that they would be overjoyed to know that their prayer has been answered.

We are trying to send these two boys to Prairie View A&M College or to Texas Southern University. Their tuition will run in the range of \$140 to \$160 per semester. We have received several small contributions but we find that we are far from what we need. If you would like to help these boys, send your contributions to North Ward School, R. P. Blanton, P. O. Box 922. Please do not forget to send your name and address so that we may know the source of our donors.

**FREEDOM IS A MIGHTY SWORD**

We Americans can rightly be proud of the fact that we are a peace-loving people. That our aim as a nation is to strive to improve human welfare, with freedom and justice for all. \*Such a people is always slow to anger, tolerant and patient. But when patience is exhausted, a peace-loving people can turn its peace-time skills into weapons of fierce and righteous wrath. There is only

one way such a nation could be enslaved. That would be through propaganda that misleads, through lack of knowledge, and of truth. America's greatest strength is...freedom of the printed word...to give the people truth, truth that builds freedom of thought, of word, and of vision. \*This great Freedom tempers the steel out of which a nation and a people can forge mighty swords.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN—It's a comparatively dull season at the State Capitol now. About the only noticeable "sound and fury" is generated by the workmen putting air conditioning in the legislative chambers and building new state structures nearby.

Last year at this time the Capitol was a turbulent arena. Lawmakers' pounding debates, electric disclosures and close votes kept galleries filled, committee rooms jam-packed.

Now the lawmakers are scattered. But state issues are being de-

cid—elsewhere. Next year's legislators are out "talking with the people to see how they feel."

They're at the church suppers, PTA carnivals, civic club luncheons, lodge nights and cemetery "workings." They're feeling out support, asking questions, making commitments—in your town.

Answers they get and commitments they make now will, in large measure, determine how the close votes go this time next year.

### SMALL TURNOVER POSSIBLE

Prospects now is mostly for

familiar faces at the legislative desks next January.

Barring a sudden rash of announcements, at least two-thirds of house members and nearly 90 per cent of senators will be old hands.

Latest statewide survey by the Texas Legislative Service shows only three senators—Otis Lock, Searcy Bracewell and Carlos Ashley—bowing out of politics. There'll be a scramble by House members for those seats.

Of the other 12 senators up for re-election only one, at last count, had an opponent. Remaining 16 in the upper house are having a "breather," since only half of the senate runs each two years.

House of Representatives generally has a large-scale assault on incumbents every election, and about a 30 per cent turnover.

Less upheaval seems likely this year. Only about 20 representatives are not seeking re-election, including those running for the senate. Of those running for the house again, or still undecided, only about 30 have announced opponents.

A question mark enters into race decisions this year. Whether or not legislators will have annual sessions and annual salaries will not be decided until the constitutional amendment is voted on next November — after the pri-

### NOTICE TO ALL DOG OWNERS

The City has announced their annual bargain Dog Tag-Vaccination deal again in connection with Dr. Chas. Deyhle. The date has been set for Friday afternoon, April 18, from 1 to 6 p. m. There will be only the one-half day this year, so all dog owners had better mark the date on their calendar in order to save money on the deal. The combined price of \$2.00 will be charged for both the City Dog tag and the Rabies vaccination; 50c for the tag and \$1.50 for the vaccination. Outside of this particular day, the tag will cost \$1.00 and the vaccination \$2.50, a total of \$3.50. You can save \$1.50 and possibly the life of your animal. All dogs must have a City Dog tag and proof of vaccination must be made in order to receive the current dog tag.

### Bulldogs Defeat Wayland In Tennis Match

Clarendon Junior College's tennis team defeated the Wayland College Pioneers here last Thursday by a score of 4 to 1 in a hard fought match. The Bulldogs won three singles and one doubles while the Pioneers won one singles.

In singles play, Pete White, the Bulldog No. 1 man, was defeated by Bobby Jack Fry, the Wayland ace, 6-4, 6-2. Buzz Bailey of the Bulldogs, playing in the No. 2 position, easily defeated Phillip Swart 6-3, 6-2; Owen Johnson defeated Danny Rivera 6-4, 9-7, and Steve Jarnigan, playing in the place of Teddy Bedwell, who was sick, defeated Brad Wilson 6-4, 2-6, 7-5.

### Richard (Doc) McCorty Receives Discharge

Sgt. Richard (Doc) McCorty, son of Mr. and Mrs. Paul McCorty of Hedley, received his honorable discharge from the Marine Corps on April 1st and is now employed on the RO Ranch.

Sgt. McCorty volunteered for 4 years service and spent 25 months overseas in Japan, Korea and Hawaii.

Another son, Pvt. Jerry L. McCorty started his military service in January when he volunteered for 3 years with the army. He is stationed at Fort Carson for his basic and will be home April 18 for a 14 day leave. He will report to Fort Knox, Kentucky where he will attend a Radio Communication school and in August he will be sent to Europe for two years. The McCorty brothers are grandsons of Mr. and Mrs. W. A. Guy of Hedley.

### FARM NEWS

from the County ASC Committee

#### EXCESS WHEAT ACREAGE

If you have planted acres in excess of your wheat allotment of 15 acres, this excess wheat must be reported by May 10th, 1958. Disposition may be made by plowing under, or if not on Acreage Reserve or Conservation Reserve (Soil Bank) it may be pastured to the extent that none of the wheat will mature as grain.

#### WHEAT MIXTURES

Acres of wheat and other small grains will be classified as wheat acreage if there is enough wheat in the mixture to cause the crop to be classified as mixed grain under the official grain standards of the United States, as follows:

1. Barley with more than 25% wheat.
2. Oats with more than 20% wheat.
3. Rye with more than 10% wheat.

#### CONSERVATION RESERVE

April 15th was the deadline for placing land in the Conservation Reserve Program of the Soil Bank. At this report 129 producers have signed acreages in this program for 1958 totaling 8,765 acres which is land retired from productivity.

#### STUBBLE MULCHING UNDER ACP

This practice is applicable only to land devoted to a crop of small grain. Mulching operations must be performed with sweeps or chisel type plows to assure that an adequate amount of straw is returned to the surface to protect

the area from wind and water erosion. Federal Cost share \$1.00 per acre.

#### IN CLOSING

You can't change the past, but you can ruin the present by worrying about the future.

### Rain And Sunshine Bring Smiles

Even if a person is looking forward to clear sunny weather, he can't help liking the type of moisture we received last week end. It came slow and soaked on into the ground giving us brighter prospects for a pay crop this fall. The chilly weather that accompanied the damp spell failed to do any noticeable damage to fruit trees or other growing vegetation. Trees are beginning to leaf out and it won't be long before the wild flowers will be blooming in profusion on our green prairies.

Our local weather observer registered .30 for the week end with a total of 1.20 for the month so far. This brings our yearly total to 5.76 which is an excellent start, especially when stacked on the moisture received last fall and winter. J. C. Ashcraft at Goldston reported 1.12 for the week end and a total of 7.24 for the year. Ben Lovell reported .82 for the week end and a total of 6.06 for the year at Ashtola. We were unable to get the Lelia Lake total.

The high temperature for the year was recorded Tuesday with a maximum of 81 degrees. The forecast is for more sunshine and warm days until Friday or Saturday when there may be more possibility of showers again.
