Six C. J. C. Comets Return For 1958-59 Basketball Season

A host of coaches usually drag out the crying towel about this time of year or a little later, lamenting their lack of material, lack of height, lack of depth on the bench or lack of experienced starters. Not so with Coach Travis who has been spending extra time and effort in building the fortunes of the Clarendon Junior College Girls National A.A.U. Basketball team, for next season.

For a nucleus to build to, and around, Coach Travis has contracts signed and returned from six girls who saw action throughout the last season and also participated in the National Tournament at St. Joseph, Missouri last spring. At least two of the remaining six girls who will be playing their first year with the Comets, also participated in the National Tournament with Dowells last spring.

The six experienced girls who are returning for their second season are: Linda Lindsay, one of the Comets most aggressive and effective guards during the last season. Linda is the daughter of Dr. Lindsay, Maud, Oklahoma, an enthusiastic fan of the comets; Martha Watson of Kress, another guard which has the speed and competitive spirit which means trouble for any of the opposing forwards; Janice Martin who comes to the Comets from Cleo Springs, Oklahoma, had been out of basketball competition for two seasons when she joined the Comets last fall, but had "all-out desire" plus the ruggedness of a male athlete and the ability to play both offensive and defensive ball equally well will make her one of our most valuable players and leaders during the coming season; Nancy Challenor, the mighty mite from Plano, Texas, near Dallas, playing both forward or guard positions during last years competition, can well be classified as the veteran that she is. On the forward end, returning for the next season is Myrlene Nichols of Bula, Texas, who in several of the late season games as well as in the National Tournament was the Comet's high scorer, edging out such veterans as Mary Mann of St. Jo, Texas and Kathryn Edwards of Martha, Oklahoma, both of whom graduated last spring after two full seasons with the Comets. To round out the full team of experienced players is Virginia Sellars of Hawley, Texas near Abilene. She has good size, good height, and an abundance of determination which no doubt will put her in the starting line up many times during the coming season.

New girls who have signed and returned their contracts to play with the Comets next year are: Jean Sanders of Hedley, who

Dusters To Play Pinkney Here Sunday

The Clarendon Dusters next opponent will be the Pinkney team of Amarillo. The game will be played here at 2:30 in Duster Park Sunday afternoon and should be a first class ball game all the way.

The Dusters lost a heartbreaker last Sunday to Umbarger 3-2. The Dusters were ahead 2-1 up until the ninth inning with 2 outs and the Umbarger team mustered their hits and drove in two runs,

played in two or three of the early games last year but returned to Hedley to finish High School. Jean has also participated in the National Tournament, two years ago, and her play with the Comets early last season gained a great deal of favor in the eyes of the fans and the coach. She has natural ability, well grounded in fundamentals and as sturdy as the "Rock of Gibraltar". The coach and the college officials are glad to list Jean on their college records.

Another new girl is Gay Ivey of Pettit, Texas, near Levelland, who also participated in the National A.A.U. Tournament last season after finishing her high school playing career. Gay is 5' 10" and can play either on the post or move out and drive or pass equally as effective. She averaged approximately 25 points per game the past three years of high school competition. Linda Cox, finished high school at Benjamin last spring and also finished her high school basketball by scoring 50 and 55 points each in her last two games, and averaging 30 points per game for the season. Traverne Gillham will come to Clarendon from Canyon, Texas. Traverne stands over six feet and plays post guard. She will be able to fill in one of the teams weak spots of last season, wherein they were a shade short defensively. Nell Couch, an all-district ball player from Estelline is coming to the Comets with an outstanding record in High School and highly favorable recommendations. Contracts have been mailed to two or three other girls, some of them having the much needed height the coach has been working overtime to obtain, and these contracts should be in the coaches hands soon.

Coach Travis has done a wonderful job of recruiting and has contracts with some top notch ball players as well as outstanding students as evidenced by their high school grade records. They could go all the way, and Coach Travis is due a lot of credit for the work he has done with the Comets and for the untiring efforts toward their success next season.

Methodist Vacation Church School Will Begin August 4th

The Methodist Vacation Church School will begin a five-day session on Monday, August 4th, under the direction of Mrs. Claude Moore. The studies, planned for children aged four through fourteen years, will last from 9 until 11 o'clock each morning.

The kindergarten group, under the supervision of Mrs. Bob Moss, will study "Stories About Jesus." Other helpers in this group include Mrs. Bill Cornelius, Mrs. Bill Cornell, and Mrs. Bill Mooring.

Teachers in the primary group, which will study "Jesus the Friend" will be Mrs. Frank Phelan, Jr., Director. Other helpers will be Mrs. Steve Fedric, Mrs. Dick Shelton, Dianne Moore and Beth Gillham in charge of games and music.

The Juniors will study, "We Would Follow Jesus", under the leadership of Mrs. Homer Bones. Helpers include Mrs. Frank White, Mrs. Steve Edens, and Mrs. Conrad Ryan.

Interesting and varied projects and activities have been planned by the workers to point up the Biblical studies in each age group, and a program by the church school children has been tentatively planned for the Friday evening of the closing session.

Attending from Clarendon were Mr. and Mrs. George Thompson and George.

Little Leaguers To Play At Phillips Saturday

The Clarendon Sox, Little League baseball team, will journey to Phillips for a game Saturday evening. In their meeting here last Thursday night the locals were defeated 21-6.

On Tuesday night of this week the Cubs went to Claude and defeated their hosts 11-3. The Cubs were ahead all the way. The winning pitcher was David McBrayer.

Guest Speaker

JAMES GLASSCOCK

Youth Activities Week Program In Progress At Methodist Church

James Glasscock of Wellington, Texas is the guest speaker at the Youth Activities Week Program of the Methodist Church which is now in progress, lasting thru the 20th of July.

Rev. Glasscock is 23 years old and a wonderful speaker. This summer he will hold or has held revivals in Tulia, Seminole, Pecos, Clarendon, Hereford, Lockney, Hamlin and Plainview.

Beginning in the middle of September he will return to Perkins School of Theology, SMU, to begin his second year there toward the B. D. degree. He holds a B.A. degree from McMurry College, having graduated with the class of 1957.

While in McMurry he was active in the college program with its many phases, especially that of student council. He was elected to Who's Who in 1955-56 and as president of his senior class.

Earlier this spring he was the evangelist for an Easter revival at Lelia Lake and returned later to be baccalaureate speaker for the graduating class.

Remember this program is now in progress and will continue thru Sunday at the Methodist Church. The time is from 6 p. m. until about 10 p. m. Everyone's invited.

Mrs. O. S. Greene Dies at Memphis

Funeral services were held Friday afternoon at the Memphis Methodist Church for Mrs. S. O. Greene, mother of William J. Greene of this city. Rev. David W. Binkley, pastor, officiated. Burial was in Fairview Cemetery with the Spicer Funeral Home in charge of arrangements.

Mrs. Greene, 92, had been a resident of Hall County for 57 years. She was a member of the Methodist Church.

Other survivors include two other sons, Rufus S. Greene, Memphis and Frank M. Greene of Palm Springs, Calif., one daughter, Mrs. Otta Greene Roper, Memphis; three half-sisters, a brother, Henry S. Rhoads, Decatur and one half brother; also six grandchildren and 13 great grandchildren.

Rites At Shamrock For Former Resident

Funeral services were held at Shamrock Monday for Mrs. P. T. Boston with Rev. J. E. Byers officiating. Mrs. Boston died Saturday in the recovery room at an Amarillo hospital.

Mrs. Boston 65, had been a resident of Shamrock since 1928 at which time the Boston family moved from Hedley. She was the widow of P. T. Boston, who before his death was a prominent business man in Shamrock.

Survivors include two sons, Paul Boston of Colorado City and Charles Boston of Houston; a sister, Mrs. L. Mobley of Rialto, Calif. and five grandchildren.

Services Held Monday For Mrs. Kirk Doshier

Funeral services were held Monday morning at the First Baptist Church for Mrs. Tennie Georgia Doshier with Rev. W. F. Vanderburg officiating.

Mrs. Doshier, 68, died early Sunday morning in Adair Hospital here. Her death was due to a heart condition. She had been a resident of Donley County for 48 years and was a member of the First Baptist Church.

She is survived by her husband, Kirk B. Doshier, and one sister, Mrs. Lucille Page of Portales, N. Mex.

Burial was in Llano Cemetery at Amarillo with the Murphy Funeral Home in charge of arrangements.

Red Check Time And Time To Ante Up

With this issue of the Leader some of you will notice a red check mark in the little box at the upper left hand corner of this page. It is our way of reminding you that it is time to renew your subscription to the Leader. Your promptness will be appreciated. If your subscription is past due, your name will be dropped from our list after this issue. You can tell the expiration date by looking at the figures to the right of your name stamped on the paper.

The first figure is the month and the last figure is the year. The subscription price is \$3.00 per year here in the county and \$3.50 per year beyond this trade area. Don't forget to mail or come in and renew so you will not miss an issue of the Leader.

SERVICES AT EPISCOPAL CHURCH SUNDAY

The Rev. Alfred Crader, new Episcopal clergyman in the Missionary District of North Texas, will conduct Communion service at St. John the Baptist Episcopal Church Sunday at 11 a. m.

The Rev. Crader is rector at Kermit. He came there recently from Hawaii. Luncheon will be served in the Mission Hall following the service.

Miss Mantie Graves left this week for a visit with a brother and wife, Mr. and Mrs. Albert Graves at Kansas City, also Mrs. W. H. Price and Shirley at Bellville, Ill. and with friends at St. Louis. She will be away three weeks.

Absentee Voting At Slow Pace

According to County Clerk P. C. Messer, Absentee voting in the First Primary Election slated for July 26th, is moving along at a slow pace with only 20 absentee votes cast thru Wednesday morning.

This is an indication that a lot of folks have already taken their vacation, are planning no vacation or planning to vacate at a later date as the usual number of absentee votes this short time before election numbers a hundred or more.

Politics are really beginning to warm up all over the state with lots of political propaganda, promises, etc., making the rounds. Voters can sum up all this data and be ready to vote for the candidates of their choice when Saturday, July 26th rolls around.

Through the courtesy of one of our local candidates, a sample ballot will appear in the Leader next week so most of you voters can familiarize yourself with all the state candidates and do a bit of checking before you go to the polls.

Jack Ballew Names Laura Hamner's Book

The following was taken from "Talks to Teens" written by Laura V. Hamner which appeared July 13th in the Amarillo News.

"Do you remember that I told you that a young man from Clarendon made the final decision on the name of my book, "Light'n Hitch", and gave as his reason that it had been my slogan for years, and that I told you I would reveal his name when I learned it?"

Jack Ballew, a young man, perhaps 28 years old, left Clarendon a couple of years ago, went to Dallas, learned the printing trade and is now credited with being one of the best printers in Dallas and is manager of the shop in which he is interested. He decided on the name of my book. He printed the dust jacket for "Rawhide Tree," the Panhandle book that was written by Cleo Tom Terry and Osie Wilson.

Jack is the son of Mr. and Mrs. E. S. Ballew of this city.

Group Interested In Water District Visits Okla. Project

A group of Donley and Hall County residents interested in the proposed Hall and Donley Counties Water Control and Improvement District No. One visited the Sandstone Creek project near Elk City, Oklahoma last Friday to get a first hand view of a project which was already in operation and similar to what they have in mind for Donley and Hall Counties.

The proposed district lies in the south edge of Donley County and embraces creeks which originate there and flow into the Brice-Lakeview area. If approved, the project will be financed by the Federal Government and constructed thru the Soil Conservation Service. It would consist of numerous check dams and other conservation practices.

The group which was taken on a tour of the Elk City project by Range Conservationist Fred Whitting, was greatly impressed with what they saw and the information available showing the great benefits of the Sandstone Creek project.

Those making the trip were C. L. Benson Jr. of Clarendon, David Hutchins of Lakeview, Secretary of the proposed district, Del E. Wells, Lakeview, president, Lyman and David Davenport, Lakeview, Bonnie Hoosier, Hershel Combs, Charlie Cape and Oren Jones of Memphis.

New Cable Installed To Fire Siren

The City completed a job this week that should help soothe the nerves of lots of residents during stormy weather which is really not of a severe nature.

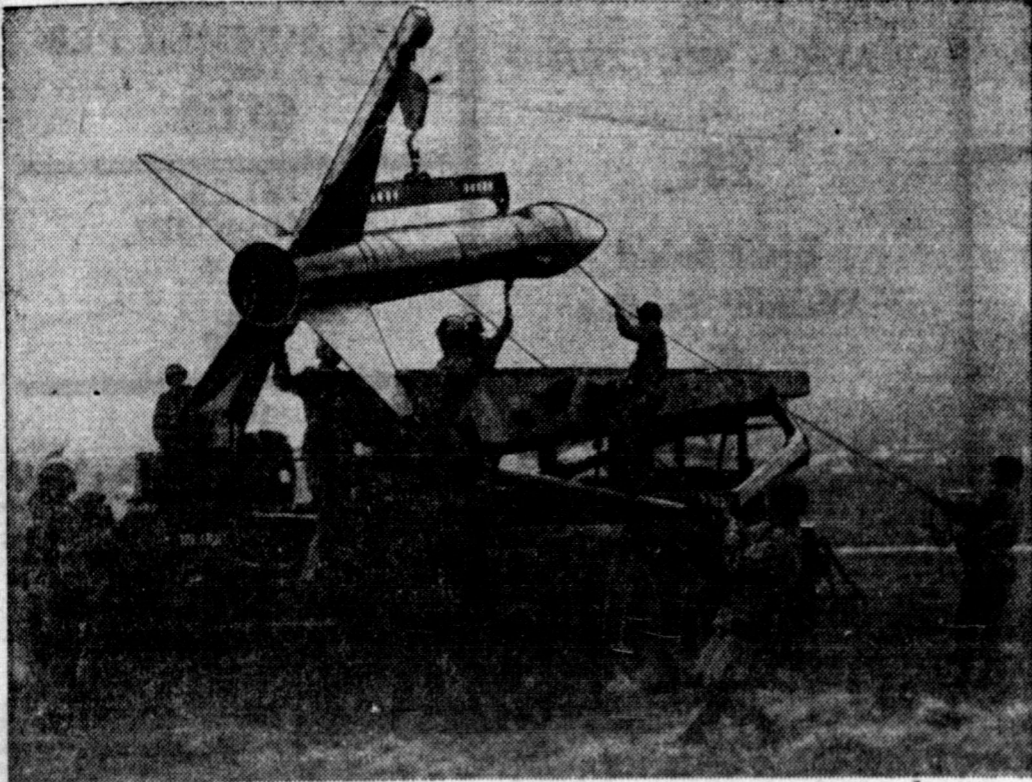

A new cable leading to the Fire Siren was installed this week which City officials believe will eliminate the shorting of the siren, causing it to sound off during a strong wind, etc., causing undue alarm. The Siren has shorted out several times during the past few months causing local residents to seek shelter.

When you hear the Fire Siren break loose now you will know something is actually taking place or a warning is being issued.

One siren blast is for grass fires, out of town fires, etc. Two blasts on a continuous basis at intervals is for storm warning.

Three blasts is for business or residential fire.

Four blasts is for high water or other danger warning.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

One of the girls who reads here some, gave us seven books this week. We possessed all of them except one—"Showboat Summer" by Rosamond Du Jardine. Apparently the girls will enjoy it. The others we will place with the Carolyn Keene editions as they will be useful as our copies become worn.

A book given in memory of Wayne Aten, Ben Prewitt and Mrs. Lumpkin is Hitchcock's Topical Bible, and Cruden's Concordance. There are two books in one. It will be useful to Bible students. This was first edited in 1956 and no doubt but it required almost unlimited study and preparation to compile it. A missionary friend showed me a copy she had, and I realized it would be an asset to our shelves, so ordered it.

We have some recent copies of fiction. Edna Ferber's "Ice Palace" has been completed as a serial in the Ladies' Home Journal. Since it is to be a movie soon several desired to read the book. I had not kept a file of the copies of the Journal, but the book is ready for you.

Another book that is to appear on the screen soon is "The Final Face of Eve," by Evelyn Lancaster. Several have asked if I had this book, so I ordered a copy.

It is a personal record of psychiatric treatment she underwent, and of her final rehabilitation. A friend gave us a copy of "Best In Books." The two complete stories are: "Shadows In the Mist" and "The Greenage Summer." They are each excellent, and muchly discussed. We are quite grateful for this gift. This past week we issued for reading more than 680 books. I have forgotten the exact amount of the editions issued. June and July are our busy months. We have received several gifts we will discuss next writing.

A Real Tennessee Volunteer

The Volunteer State of Tennessee never produced a more attractive volunteer than Mrs. Dorothy Severance of Nashville—the "Mrs. United States Savings Bonds of 1958." She won the title over a bevy of capable (and attractive) homemakers representing every state in the union at the "Mrs. America" finals in Fort Lauderdale, Florida. As an unpaid volunteer of the Treasury's Savings Bond Program, she will visit various cities during the year in the promotion of Savings Bonds and Stamps. Mrs. Severance needed no indoctrination following her coronation. She and her family have been regular buyers of Savings Bonds and Stamps over the years, and she's already one of the Treasury's best "salesmen." A graduate of Wake Forest College, she is author of two books. She is married to W. Murray Severance, a film producer for the Baptist Sunday School Board, and they have two small children.

Mrs. Geo. L. Green and grandson, Geo. Bentley of Amarillo will leave Saturday for Dallas to spend a week with her daughter Helen Green while Mr. Green is attending the firemen's training school in College Station.

Mr. and Mrs. Rex J. Jones of Dallas spent a week with her parents, Mr. and Mrs. John Blocker. Jonna Lee Blocker returned home with them for an extended vacation.

Mrs. Ethyl Crites is leaving for Dallas to visit her son after spending the winter with her brother and family, Mr. and Mrs. E. R. Myers at Lelia Lake.

JUST ARRIVED

Tracy Anne is the name given the little Miss who arrived July 9th to make her home with Mr. and Mrs. Arvis Davis. Tracy weighed 6 lbs. 2 oz. and is the granddaughter of Mr. and Mrs. T. C. Davis and Mr. and Mrs. Boy Blackwell.

Javan Tucker, son of Mr. and Mrs. Tom Tucker, is spending his vacation with homefolks after spending the last 18 months in the Amazon Valley of Brazil with Geophysical Service, Inc.

Mrs. M. B. Rhoads and her granddaughter Nancy and Karon Forbes of Vernon and Mrs. Bertha Murry of Grand Prairie have returned home after an extended visit in the homes of Mrs. C. M. Meyer, Mr. and Mrs. J. B. McDaniel and Mr. and Mrs. Cap Anderson.

Dewey Hendrix is at home now and we wish to express our appreciation and many thanks for the nice cards and letters received while in the hospital. May God bless each one of you.

The Hendrix family.

We are sincerely grateful to friends and neighbors for their many kind acts of sympathy during our sad bereavement. Our appreciation cannot be adequately expressed.

Texas Ranks High In Enforcement of Farm Legislation.

AUSTIN—A major advance for the Texas Department of Agriculture was claimed by Commissioner John C. White this week with the announcement that Texas now stands first among 12 southern states in the amount and enforcement of farm legislation.

"Since 1951, we have jumped from seventh to first position in modern farm laws," said White. "These legal provisions have enabled us to increase our services in Texas by as much as 300%. As a result, Texas can no longer be regarded as an agricultural dumping ground for inferior products from other areas."

The 33-year-old commissioner, who is seeking re-election to the top farm job in Texas, added that "ten years ago we were a convenient 'garbage pail' for the nation. Today, we can put more

trust in our own production and know that farm goods shipped into the state must meet certain quality standards."

Commissioner White cited his re-organization of the Department as a major factor in modernizing and increasing farm services. It marked the first big overhaul in its previous 47-year history and helped put many programs on a self-supporting basis.

"Our goal during my past seven years in office has been to increase state services without making constant demands for new tax money," White stated. "The clean-up of the state grain scandals, better seed laws, more effective insect controls and establishment of a market news service are just a part of the accomplishments under this system," he added.

White is actively campaigning to continue the programs he inaugurated after taking office in 1951. He defeated two opponents without the necessity of a run-off in 1952 and 1956 and was unopposed in 1954.

MASTER MECHANIC—M/Sgt. Jack P. Marshall of Quanah, Tex., shows his supervisor, Ara W. Thompson, a model of an Army Redstone missile he helped make in the Test Laboratory Shop of the Army Ballistic Missile Agency where he turns blueprints into test models.

Born and raised on tenant farms in North Texas, White said that "the challenge today is for even greater progress in our most vital industry — agriculture. It calls for devoted and experienced leadership in the future."

Before election to office, Commissioner White was head of the Department of Agriculture at Midwestern University, Wichita Falls. He and his wife and three sons now live in Austin.

Mr. and Mrs. Billy Scott of Amarillo spent the week end with his parents, Mr. and Mrs. W. C. Scott.

Mr. and Mrs. Forest Helton of Amarillo spent Sunday in the J. H. Helton home.

Mrs. Frank Helton and baby left Sunday for Lubbock to join her husband who is attending Texas Tech.

Mr. and Mrs. Doyle Payne and family of Denver visited thru the July 4th holidays with his parents, Mr. and Mrs. Wm. Payne.

Cities are only clearing-houses for products of the land and as soil goes, so go jobs and standards of living. The manner in which we manage our land resources in the future will be reflected in the moral, physical, and economic lives of every man, woman, and child in America.

Need a Warden? 204 Now Patrol 1,292 Miles Each

AUSTIN—Enforcement of Texas game and fish laws now is in the hands of 204 officers, the largest number on record, according to the Director of Law Enforcement of the Game and Fish Commission.

The number was jumped recently when 21 new men completed the Warden School at A&M College. They now have taken up their assignments, wearing new green uniforms with yellow shoulder patches.

There are 12 supervisors and 192 game wardens. This means that if every warden had an equal amount of Texas to patrol, he would be responsible for a 1,292 square mile area. Actually the wardens are assigned on smaller or larger areas in relation to law enforcement needs.

The addition of the salt water fishing license, effective this year for the first time, has increased the responsibilities of patrolling the state's coastal waters. At present there are 20 men employed as boatmates to assist in this coastal law enforcement.

"While we are recognized as the enforcement division, the men of this department are more interested in educational work than in making arrests," the Director said. "Wildlife is of no value when it is destroyed, even though violators are arrested. If we can prevent violations we've done a better job."

Blakley Story Is Typically Texan

The typical American story is of the poor boy who made good through his own efforts. This is the story of Bill Blakley, born in a covered wagon while his parents were on their way to homestead in Oklahoma territory. He has come a long way in 59 years. Said the Austin American-Statesman, when William A. Blakley announced for the Senate:

"... He was a top-hand cowboy; he was a crackerjack bank clerk; he was an exceptionally good accountant and lawyer. We have an idea that he is going to be a refreshing, able political candidate. He would make a great United States Senator."

Vote for Bill Blakley on July 26 — an able man whose only ambition is to serve all of Texas. (Pol. Adv. Paid for by Jim Blundell)

American people have been inspired by actions of the grasshopper which eats everything in sight until it faces starvation, rather than by the beaver which repairs every break in the dam to protect his food supply.

Plenty spawns waste—scarcity brings thoughts of conservation.

MORE ABOUT ADAMS AND GOLDFINE

The Adams-Goldfine case continues to occupy the spotlight in Washington. Rumors are going in every direction, and it is sometimes difficult to tell gossip from facts. However, Mr. Goldfine appeared before the Subcommittee and made a statement that could prove most interesting. He could turn out to be the spider that wove the web in which several flies, including Adams, might be caught. I believe it was Shakespeare who said: "What a tangled web we weave When we practice to deceive." The first story that came out of this escapade was that Mr. Goldfine had given Mr. Adams a

vicuna coat, a Persian rug and numerous stays in luxurious hotels as gifts. Mr. Adams was then quoted as saying that part of the loot was gifts, but that the Persian rug was only a loan. Mr. Goldfine apparently owns a number of corporations. The next chapter of the story was that these gifts or loans, as the case may be, had been charged to the corporations and not to the personal account of Mr. Goldfine. This led to the question of whether or not the expense incurred for the coat, the rug, and the hotel bills had been charged off as a business expense when the income tax return was filed. The Subcommittee decided to call Mr. Goldfine for the purpose of answering that and other questions. It must be remembered that, if these gifts were given to Mr. Adams by Mr. Goldfine, the value of them was not properly deductible as a business expense.

Mr. Goldfine came before the Subcommittee faced with this dilemma. Should he plead the 5th Amendment on the grounds that he might incriminate himself, or should he reveal the full facts concerning the situation. The answer to this question undoubtedly kept a number of lawyers up nights trying to figure out an answer. If Mr. Goldfine pleaded the 5th Amendment it wouldn't have helped him much, because the information was a matter of record and could be obtained. So the decision, undoubtedly, was to tell the truth, which should have been done sometime ago.

The result of Mr. Goldfine's own statement is this. If Mr. Goldfine considered the vicuna coat, the Persian rug, and the hotel bills as legitimate, corporate expenses as they were charged, then Mr. Adams was wrong in his statement that they were personal gifts from Mr. Goldfine. If they were personal gifts from Mr. Goldfine, as contended by Mr. Adams, then Mr. Goldfine is in a position of having to answer some most embarrassing questions as to why he charged them off as corporate expenses, which if done deliberately, could constitute a criminal act that could be punishable by a term in the penitentiary.

Give the American people the truth and the facts, and they will make an honest, fair and correct decision. Only by this method can a free nation persevere.

ALASKA

All of you are aware the Senate last week passed and sent to the President the Alaskan Statehood bill which had earlier passed the House. As many of you know, I have always been opposed to the admission of Alaska as a sovereign State of the United States. The reasons for my opposition were many, and, I believe, sound reasons. The Congress has acted otherwise, however, and it now appears that Alaska will become the 49th State of the Union. I hope, sincerely and earnestly, that the fears harbored by some of us concerning the admission of Alaska will never ripen. The people of this country have spoken through a majority of their elected Representatives, and our great system of the democratic processes has properly functioned. I shall do my best to help insure the success of this undertaking.

900 Attend Program And Tulia's Biggest Banquet

Citizens from a broad area of the High Plains produced what many termed an unprecedented show in Tulia, March 31st. The area -- the fifteen county Thirtieth Senatorial District of Texas. The "Show" -- an Appreciation Dinner-Program honoring State Senator Andy J. Rogers of Childress. 30 to 100 persons from each of the 15 agricultural coun-

ties turned out for the evening-long program in the cafeteria and auditorium of Tulia High School. 75 business and farm leaders from outside the district joined in the "Chorus Of Thank You's" to the Senator. A majority of the Panhandle-South Plains Representatives and Senators, also two major daily newspaper representatives were present.

INDEXING

By MORRIS HIGLEY
Andy Rogers may be defeated some day. He may not run for re-election. At least he has not announced. But win, lose or draw, Andy Rogers has something to remember that is fine and wonderful. His most memorable moment must be the Appreciation Dinner and program given Monday night at Tulia. I have never seen anything like it in my life. I do not think anyone who attended has ever seen anything like it. -Mr. and Mrs. N. D. Rogers, along with Georgia Ann and, of course, Andy must have felt wonderful Monday night. And still do. The idea for the Appreciation Dinner did not originate in Childress. In fact, as far as I know, Childress residents did not have anything to do with it. And when Andy heard about the proposal, he said that it could not be done. Andy was wrong. And I imagine right now he is happy that he was wrong. I would be.

WHAT THEY ARE SAYING:

A dozen leaders in the district were programmed to speak. They, typically, represented a cross-section of Plains life. One was the Senator's pastor. He lauded the honoree for his fight against liquor, narcotics, and lewd literature. "Senator Rogers is always on the right side of every moral issue," said the churchman. "He wants and works for a high moral atmosphere to prevail." A county teachers' association president called attention to Senator Rogers' work in behalf of public education. A Memphis druggist related that Rogers has always had an "open ear" for the small businessman. A district judge praised the quality of legislation introduced and supported by the Senator. A mayor and insurance man emphasized the value of Andy Rogers' fight against corruption in Austin, particularly in connection with the insurance investigations. Said an official of one of the veterans' organizations: "Andy told us for a long time there was serious trouble in the veteran's land program. He was right. And when this was cleaned up, Andy worked hard to see that this good program was not scrapped." A newspaper editor and publisher, a former president of the Panhandle Press Association, observed: "This is the first time I've ever heard of people traveling so far just for a state senator. But it's fitting," he added, "for Andy Rogers for a job well done." Spokesmen for the major farm organizations expressed approval of the Senator's record on farm-to-market roads, local ownership of underground water, rural electrification, and other legislation of concern to agriculture. Said the farm spokesman who rounded out the program: "In view of all Andy Rogers has done for agriculture, I'm amazed to hear from the other speakers here this evening that he's had time for such effective work for so many others, too." The farmer concluded: "Andy Rogers must use a six-row political tractor!" The Senator acknowledged the praise-filled evening with obvious humility. He spoke humbly, too, of his "close personal friend" - Lewis B. Taylor of Austin and Waco—who had been stricken with a fatal heart attack there a few minutes earlier. To the series of "thank you's" which had been expressed during the evening, Rogers responded: "What's been accomplished, you've done. The credit belongs to you, to my parents, and to my wife who have all supported me so strongly. I really feel like I owe you all an appreciation dinner."

ASC COMMITTEE ELECTION SET FOR SEPT. 8, 1958

Farmers throughout Donley County will vote by mail on or before Sept. 8, 1958 to elect ASC community committeemen, Mr. Springer, Chairman of the County Agricultural Stabilization and Conservation Committee, announced July 11.

The Chairman explained that the elections are being held to select ASC committeemen and two alternates for each community, who will help administer national farm programs during the coming year.

Nominees will be elected to the positions of chairman, vice chairman, regular member, and first and second alternate, respectively, according to the highest number of votes received. The elected chairman will serve also as a delegate to the county convention which will be held later to select the County ASC committee and two alternates; the vice chairman and regular member will serve as first and second alternates to the convention.

Elections of ASC community committeemen, Mr. Springer said, will be under the supervision of an election board established for each community, composed of three farmers living in the community who are not now acting as county or community committeemen.

This board will select a slate of 10 eligible persons as nominees for community committeemen. Until August 23, 1958, candidates may also be nominated upon petition by 10 or more farmers. At the election, farmers may vote for committeemen from among the nominees listed on the ballot or they may write in the names of candidates of their own choice.

1958 ACREAGE RESERVE PAYMENTS NOW BEING MADE

Acres Reserve payments to farmers in Donley County had reached a total of \$73,043 as of June 30, according to Mr. Springer of the Donley County Agricultural Stabilization and Conservation office.

Payments will continue during the summer as the compliance check is completed on farms participating in the Acreage Reserve. Farmers who signed Acreage Reserve agreements earn payments by reducing acreage of the basic crops below allotments acres. Payment is made in the form of a certificate, which may be cashed at a bank or redeemed in the form of grain.

Even though payments are made at this time, Mr. Springer said, the farmer's responsibility under his acreage reserve agreement continues to the end of the 1958 calendar year.

Wright Family Reunion Held

Members of the Wright family held a family reunion in the home of Mr. and Mrs. C. A. Wright and children the past week end. This was the first such gathering since the father's death. In addition to the reunion, Mr. and Mrs. Guy Wright of Memphis celebrated their 25th wedding anniversary, which was June 25, and Mr. and Mrs. Gene Leggett of Houston their 25th anniversary July 28.

A most enjoyable time was reported by everyone. The girls' names will be in parenthesis. Attending were Mrs. Henry Greene (Laverne) of Palestine; Mrs. George Roeder (Fannie) of Phoenix, Arizona; Mr. and Mrs. W. L. Scott (Gldays) of Rosebud, Montana; Mrs. Thompson Wright and Anella of Mexia; Mr. and Mrs. Guy Wright and family of Memphis; Mr. and Mrs. E. B. Leggett (Dorothy) and Paula of Houston; Mrs. Mike Thornberry (Isabell) of Irving; Mr. and Mrs. Bill Hodel (Lucille) and Mike of Lockney; and Mr. and Mrs. C. A. Wright and Susan of Clarendon.

ATTENDS LIONS CONVENTION

Jr. Spier returned home from Chicago where he spent the past week attending Lions International. He made a report of his trip to members at the regular luncheon Tuesday. Some seemed to think he must have left out some of the more interesting incidents but altogether he reported a most informative and enjoyable trip. He made the trip by train, leaving here Sunday July 6th and returning home the 13th.

PROCEDURES FOR SHORT PAID MAIL

Postmaster Ray Moore made the following statement this week in regard to mail with postage due: "Under authority of public law 85-371 approved April 9, 1958, the procedures for handling shortpaid mail are revised. All unpaid or insufficiently prepaid mail will be rated for the amount of the deficit postage plus a new short paid charge of 5 cents and dispatched for delivery."

BLOWIN' Out the CORNERS

Uncle Zeb

Heard on the radio: "As soon as the snow and ice melts in Alaska they won't be as big as Texas."

We have heard all the pro and con about the admission of Alaska as the 49th state. We don't know enough about the subject to agree or disagree in an intelligent manner, so we guess we better keep quiet. Anyway, we want to take a trip up that way sometime and then be able to write about their big and we

hope wonderful country.

We found the following little poem someplace and it sort of speaks our feelings as of this moment. It is called:

A GOOD RULE
Author unknown

'Tis well to walk with a cheerful heart
Wherever our fortunes call.
With a friendly glance and an open hand
And a gentleness for all.
Since life is a thorny and difficult path,
Where toil is the portion of man.
We all should endeavor while passing along,
To make it as smooth as we can.

"I have great wealth that can never be taken away from me; that I can never squander; that can never be lost by declining stocks and bad investments; I have the wealth of being happy

with my portion of life."

Be careful where you walk because someone is following in your footsteps.

It is so true. Perhaps your own son or your daughter. Would we want them to follow win our footsteps? They no doubt will, and if the trend of the past holds true with us here in America as it has in many countries, our children will not only venture as far off the beaten path as we do but in many cases will as you and I did take a short side trip of our very own.

If you are a scout leader, or a church worker it is almost certain that many young people are copying your life as an example that they will follow. Perhaps you have had some young boy or girl tell you so. It is a shocking thing and makes us take inventory of our lives as nothing else will do. This is doubly true with us as

parents even though there are years in which our offspring seem to be copying just about everyone but us. True as the Bible says they do come back to the training we give them.

Not long ago we heard of a young person who was on the welcoming committee to introduce an important public official who was to talk with and to teach their class that night. Thinking it would be nice to go to his hotel early and take this person out to eat he and another young man did just that. Arriving at the hotel some three hours ahead of his scheduled talk they found the speaker drunk. Their faith was shaken. They will never have the confidence in high officials that they once had. It makes us hang our heads to think about it.

We need to remember when we side-step that someone is walking by our side.

Richard Finch and Ed Dishman technicians of the Soil Conservation Service staked and made the final checks on the diversions.

Noted Dog To Highlight Top o' Texas Rodeo

Top o' Texas Rodeo officials announced this week that contracts have been signed for the appearance of KELLY, Hollywood's Wonder Dog who will be featured nightly at this year's show. Kelly made himself famous by starring in the motion picture, "Kelly and Me", a recent Cinemascope, Technicolor production by Universal-International Studios. Kelly's trainer, Ernie Smith will appear with him in his routine of canine, almost human tricks.

Something new has been added at the Top o' Texas Rodeo in that the calf roping and bull dogging events will originate from the

north end of the arena, thus giving spectators in the grand stand a better view of the action in these events.

At a meeting of all committee chairmen this week, the various divisions of the show were pronounced ready for action. The all new lighting system, which will increase the light in the arena by some five times, has been completed.

Five car loads of gaily bedecked cowgirls distributed one thousand and window placards in the Top o' Texas area Thursday of this week.

On July 28th Rodeo Headquarters will open in the lobby of the Pampa Hotel, at which time ad-

vance sale of reserve seats will begin and all entries will be taken.

The Rudy Nance Band of Oklahoma City will be on hand to cue the show each night and Leon McAuliffe and his Cimarron Boys of Tulsa, Oklahoma will be playing for dancing nightly.

Yes, big things are in store in Pampa during Rodeo Week. A full schedule of down town entertainment is being arranged by Pampa merchants, insuring that every day will be filled with outstanding features.

Contact Lenses Are Not a Toy

Many people consider contact lenses as a toy. Something for the vain man or woman who thinks he or she doesn't look good in glasses.

Now, vanity is a powerful influence. It will encourage people to do many things he or she might not otherwise do. Consider lip-

stick. The only reason women buy it is because it's red and women think (and maybe they're right) they look better with red lips. The manufacturer might advertise the lipstick as Fire Engine Red, Sunset Red, Longhandle Red, or just Red Red. The fact remains it sells because it's red and no matter how many chapped lips it heals, or how smooth and creamy it is, or how kiss-proof (or the reverse) it is, it still sells because it's red and improves appearance. And a very common reason for obtaining contact lenses is because the patient wants to "get rid of these glasses on my face" to improve appearance. Keratoconus cases, for instance. Keratoconus is not a too common condition caused by a painless, insidious thinning of the cells of the cornea, the clear window of the eye, to the point that the pressure of the liquid in the eye causes an irregular bulging of the weakened areas. This bulging is not visible to the naked eye in its early stages but can cause much discomfort in the way of poor vision, headaches, eyestrain, etc., all because of the optical problems it creates due to the distortion of the cornea, the main focusing surface of the eye. This thinning and bulging of the cornea can increase and continue for years sometimes and the eye never returns to normal having once started on this course. Ordinary glasses cannot be

New Senate Hand Aided Democrats

When William A. Blakley was appointed to the U. S. Senate in 1957, he was a political unknown in Texas. But Washington awaited his arrival with great interest. So close was the party balance in the Senate that Blakley's vote was the difference between Democratic and Republican control.

True to his Democratic tradition, Bill Blakley voted with his fellow Democrats. They have been in control ever since. Now Bill Blakley seeks his first elective term in the U. S. Senate. A vote for Blakley is a vote for sound, Democratic government.

(Pub. Adv. Paid for by Jim Shuddell)

made to focus light clearly for an eye with an irregular distortion such as this, and consequently do not give very satisfactory comfort or vision. However, contact lenses, because they rest on the distorted surface, have a smoothing effect on that surface somewhat like a cupcake mold has on a gob of dough—the irregular mass of dough conforms to the cupcake mold and is thus made smooth and regular. In the eye, this effect in turn improves vision greatly where ordinary glasses do not because they don't come in actual contact with the eye. Not only do the contact lenses smooth the surface but they usually prevent any increase in the bulging by acting somewhat as a pressure from the inside of the eye.

In spite of the fact that vanity probably is the major reason for the trend toward contact lenses, most authorities and textbook writers consider their use in controlling and correcting the effects of Keratoconus to be the most dramatic and important use of contact lenses.

Next week we will cover the many uses and advantages of contact lenses.

Notice of Election

Whereas the petition for the organization of the Hall and Donley Counties Water Control and Improvement District No. One, was on May 26, 1958 duly granted by the State Board of Water Engineers; and

Whereas the directors thereof have qualified by giving bond and taking the oath of office, as required by law and at its first regular meeting held on July 3, 1958 said board of directors duly passed and entered the following order, to-wit:

It is ordered by the board of directors of the Hall and Donley Counties Water Control and Improvement District No. One, that an election be held on the 2nd day of August, 1958 at the gin office in Lesley, Texas in said district for the purpose of voting upon whether or not said district shall be confirmed and for the election of five directors.

Said district is described by metes and bounds in an order recorded respectively in Volume 1, page 5, Water Control and Improvement Records of Hall County, Texas, and in Volume 109, page 561, of the Deed Records of Donley County, Texas, which records are here referred to for a metes and bounds description of said district.

That the polls shall be opened for such election at the Lesley, Texas, gin office, in said district, and **QUILLA CLARK, MERLE LEMONS, DOYLE HALL AND WORLEY HUGHES** being proper

persons therefor, they are hereby appointed presiding judge, assistant judge, and clerks, respectively, of said election.

No person shall vote at said election unless he is a qualified voter under the constitution and laws of Texas and unless he is a resident property tax paying voter in said district. All votes of such election shall be by ballot. Voters favoring the confirmation of the district shall place upon their ballots the words "For Confirmation of the District" and those opposed, the words "Against Confirmation of the District". Voters shall vote for five directors, voting for any of the five whose names are printed on the ballot, or crossing out any of the names printed thereon and writing in lieu of the name or names marked out, any other qualified person or persons.

Said election shall be conducted and held in accordance with the laws of Texas for the holding of general elections for State and County officers, except as herein otherwise provided.

On or before five days after such election the persons holding such election shall make in triplicate due returns of all the votes cast, one copy being retained by the presiding judge, one copy de-

livered to the president of the district and one copy delivered to the secretary of said district.

Public notice of this order shall be given by publication of a copy hereof, once a week, for three consecutive weeks in a newspaper of general circulation published in each of the counties in which said district is located, the first publication shall be, at least twenty-one days prior to the election and not more than thirty-five days prior thereto.

By order of the board of directors of the Hall and Donley Counties Water Control and Improvement District No. One.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN — Mid-way through the so-called "recession year" of 1958, Texas economic forecasters are turning their eyes upward again. Statistical reports show steady improvement in overall business activity since the bleak lows of February and March. If the hoped-for pick-up in oil demand develops during the latter half, analysts say, "1958 may be a good year after all."

Some of the bases for the current atmosphere of cautious optimism are these:
BANK DEPOSITS:

Folks have lots of money in the banks; in most areas, more than last year. Response to the Texas Banking Commission's mid-year call for condition of banks showed that most have higher deposits than last summer and some are at new record highs. Dallas County bank deposits increased by \$33,000,000; Harris County (Houston) by more than \$267,000,000 over a year ago. Towns with all-time high deposits were Amarillo, Corpus Christi, Tyler, Midland, Denton and Port Arthur.

RETAIL SALES:

Despite sags here and there, Texas retail sales are expected to run some 7 per cent ahead of '57, says the University of Texas Bureau of Business Research. Because of low months early in the year, sales volume for the first five months of '58 were 1 per cent below the same period for '57. But a late spring up-surge put May, 1958, sales ahead of those for May, 1957. Apparently Texans are concentrating on essentials. Compared to last year, farm implements sales were up 27 per cent, food up 11 per cent, autos down 8 per cent.

BUSINESS INDEX:

BBR's latest report shows the 1958 level of general business activity 4 per cent below May 1957. But May, 1957, was a dizzy pinnacle, the highest point ever reached by the Texas business index. Since the low in March the index has made encouraging progress, pulling up by 8 points. Fall will bring the tip-off, says BBR, as to whether recovery momentum is sufficient for a rise to a new crest.

EMPLOYMENT:

Although thousands more were out of work than a year ago, Texas Employment Commission's most recent over-all survey showed a substantial shortening of the jobless lines. Like the general business index, employment seemed to be making a steady recovery from the early spring "trough." Number of unemployed dropped 4,200 during May, TEC reported, and non-farm employ-

ment rose to almost three million. Insured unemployment in Texas was only 4.1 per cent of the working force compared with the national average of 7.2 per cent.

COMPANY CHALLENGED

A king-size clash is in prospect July 15 between the State Insurance Department and National Bankers Life Insurance Company of Dallas.

Commissioner William A. Harrison has ordered the company to prove fitness of its management or lose its license.

National Bankers, regarded as one of the largest and most prosperous companies in the Southwest, claims more than \$19,000,000 in assets. Some \$5,000,000 of these are discounted by the Department as unsound or unsuitable for an insurance company. Specifically questioned by the state are a number of mortgage loans made by the company to other firms in which the company's officers or directors have an interest.

Company President Lester F. Hall said the firm's financial footing is so sound it could raise \$5,000,000 in a matter of hours. He said the company had a premium income of \$10,000,000 last year and net earnings of \$1,000,000.

GLAD TO MOVE OVER

Despite the prospect of losing "biggest state" honors, Texas officials say they're happy to welcome Alaska as No. 49. Sample comments:

Gov. Price Daniel: "We will still have the biggest navy."
Sec'y of State Zollie Steakley:

PLEGGED—Private First Class George M. Satterstrum of Denver, Colo., like all parachute repairmen with the 101st Airborne Division, Fort Campbell, Ky., is professionally pledged "never to pass over any defect, nor neglect any repair, no matter how small... I will be sure—always."

western in style, the uniforms sport black trim, black shoes, wide-brimmed grey hats with western crease.

Only 380 patrolmen and other division members of the Department of Public Safety are outfitted at present. New uniforms for the rest of the force will have to wait for another appropriation from the Legislature.

LEADER CLASSIFIEDS GET RESULTS

Sure-footed Man Serves Texas

The colorful language of the ranch and trail seems to fit Bill Blakley, who made his start in life as a working cowhand. He still rides and ropes with the hands on his ranch at roundup time.

Speaking of Blakley's service as U. S. Senator in 1957, the Dallas News said: "... If he was as unassuming as an old boot, it was nevertheless a well polished boot that never wobbled or wavered from its purposeful path. For this man Blakley is a sure-footed man who knows exactly where he stands and what he believes."

Texas will vote to return William A. Blakley to the Senate on July 26 because he truly represents the spirit, traditions and views of all Texas.

These facts must surely be convincing proof to any reasonable man, that there is no more fruitful country on the broad face of the Globe than Texas, and there is land enough to give every body a farm.

urns of your paper, to call the attention of the traveling public to the manner in which passengers are treated by some of the officials of the Stage line, between Houston and this place. On Saturday night last, I took the stage at Bastrop, for Austin. When the stage stopped for me at the Nicholson House, (which by the way, is one of the best houses in the State,) there was, on the drivers seat with him, one of the officials of the line, as I was afterwards informed, and the driver very quietly remained in his seat while I unbuckled the boot, re-arranged the baggage, so as to make convenient room for mine, put mine in, and buckled up the boot again. Perhaps I ought to consider myself under great obligations to that driver, in return for his kindness in waiting for me to do that which he is, or ought to be paid for doing, and for waiting ever for me to wash my hands after the work was done, without a word of im-

patience on his part, but really, I did not appreciate such kindness very highly.

A gentleman just from Balknap, gives the editor very encouraging accounts of the crops in Parker, Palo Pinto, and Young counties. Wheat is selling there for 65 cents per bushel.

We don't know whether our publishers have sooner noticed the National Register, printed in the city of Washington, in the great county of Washington of the Brazos—a county which supports three newspapers, two or three colleges, and has the best crop this year of any county in the State, with a working community determined to bring the railroad to Brenham.

The paper is a neat sheet worthy of so rich a county.

The Seguin Journal gives the following statistics:

Prices start lowest...capacity goes highest in Chevy pickups!

You have your choice of the fast-stepping Stepsides, featuring America's lowest priced popular pickup, or the fleet new Fleetsides, offering more load space than any comparable popular models.

Look over Chevrolet's lineup of 12 different models—and pick the pickup that suits your job best. For cutting costs, there are the fast-

working Stepsides, which include America's lowest priced popular pickup. For hauling bigger loads, there are the handsome new Fleetsides—with pickup boxes a full 6 feet wide—offering more cargo space than any comparable low-priced models.

Your dealer's got all the facts on why no other pickup brings you such rock-ribbed dependability at Chevy's rock-bottom price.
