John Tom Morrow Receives Award

Mr. Walter B. Knorpp, President of the Clarendon School Board, is shown presenting the Fighting Heart Award to one of Clarendon's star athletes, John Tom Morrow. Morrow was outstanding in football and basketball and won fourth place in the state meet in the pole vault. Morrow is a junior student in Clarendon High School.

Local Business Firms To Close Friday

In accordance with the merchants' agreement, all Clarendon business firms will be closed Friday, May 30th in observance of Memorial Day. Memorial Day is one of the four legal holidays of the year which are observed here by all merchants with the exception of eating places and service stations. Some of these may take all or part of the day. Residents of this area should keep this closing date in mind and do your shopping for necessary items today, or have an ample supply to last until Saturday at which time all firms will be open for their usual run of business.

Red Cross Drive Finally Concluded Here

J. H. Spier Jr. announced yesterday that the final curtain had been drawn on the Red Cross Fund Drive which had been extended indefinitely in an effort to raise the quota of \$1187.00 set for this county. Spier stated that \$1142.50 was raised during the drive which was \$44.50 short of the anticipated amount. He expressed his desire to thank all workers and all donors who made the success of the drive possible. We especially want to thank the F.H.A. girls and the F.F.A. boys who made the last rounds for contributions to bring the drive to a close, he concluded.

Dusters To Play Hedley Here Sunday

The Clarendon Dusters will take on the Hedley Lions at their next Caprock League foe here in Duster Park Sunday afternoon at 4:30. When these two teams get together you can always be assured of lots of excitement and a good game of baseball. Don't miss it. Last Sunday, the Dusters took Pinkney Packing Co. of Amarillo 6 to 4 at Amarillo. Don Newman went all the way on the mound and only one of Amarillo's runs was earned.

LEGION TO ELECT OFFICERS TUESDAY NIGHT

The local American Legion Post will elect new officers at their meeting set for Tuesday night, June 3rd. Commander Cap Morris is urging all members to be present for this all-important meeting.

POT LUCK SUPPER TUESDAY, JUNE 3

The Rebekah's will have another of their famous Pot Luck Suppers at the lodge hall Tuesday evening, June 3rd. Serving will begin at 6:30. All you can eat for 75c.

LEADER CLASSIFIEDS GET RESULTS.

First Baptist To Begin Vacation Bible School Monday - June 2nd

The First Baptist Church will begin its summer Vacation Bible School Monday, June 2nd through Friday, June 13th, from 8:30 to 11:30 A. M.

To start things off, there will be a parade on Saturday, May 31 with the Firetrucks and Sheriff officiating. The parade will begin at 2:30 p. m. from the church. All young people are welcome to participate.

Rev. Vanderburg will be the school principal with Bro. Harry Skaggs in charge of school music department. The faculty for the school departments will be:

Nursery—Mrs. Rosie Harper
Beginners—Mrs. Carolyn Davis
Primary—Mrs. Pauline Heath
Juniors—Mrs. Lee Welch
Intermediates—Mrs. Bill Allen
Refreshments will be served each day. Plan now to come and enjoy a good time of fellowship and learning.

Leader—Local rate, \$3.00 a year

Open House Sunday For New Episcopal Conference Center

The new Episcopal Conference Center near Amarillo will have open house Sunday, June 1st at 4 p. m.

The center, a project of Episcopal churches in the Panhandle and West Texas area, is available to other church, school and community service groups for conferences.

The area is on land donated for the purpose by the Bivins family of Amarillo. It is located just off Highway 80, about seven minutes drive from the city. It is one mile east of the highway. Signs will direct visitors.

The center accommodates sixty-four in its dormitories, has a swimming pool, a chapel and provides good meals.

Mrs. W. J. Adams of Clarendon serves as a director of the church center.

Mr. and Mrs. Clifford Allison and Mrs. J. L. Allison of McLean visited here Saturday.

Grady E. Wilkinson Accepted for Admission David Lipscomb College

Grady Eugene Wilkinson, son of Mr. and Mrs. O. L. Wilkinson, Naylor Route, Clarendon, has been accepted for admission to David Lipscomb College, Nashville, Tennessee.

Dean Mack Wayne Craig of Lipscomb has notified Wilkinson that Mr. Fred E. Friend will be his personal counselor during his freshman year.

Wilkinson expects to graduate from Lelia Lake High School this spring and plans to enter Lipscomb in the fall.

Dean Craig has announced that applications for admission to Lipscomb's freshman class for 1958-1959 are double what they were for 1957-1958 at this same time.

Lipscomb is a fully accredited Liberal Arts College, supported and operated by members of churches of Christ. In addition to a regular academic program, it offers daily Bible study for every member.

Clarendon Consolidated Ind. School District And Ashtola Common School District No. 17 To Vote On Consolidation - June 14th

Giles Picnic Plans Nearing Completion

The 'working committee' met Monday of last week to enlarge the platform and make ready the grounds on the bank of Buck Creek for The Giles Picnic slated for May 30th. The celebration will begin promptly at ten o'clock and continue on into the night with entertainment for young and old throughout the day.

At noon a super delicious barbecue dinner will be served with the goodies augmented by the pies, cakes, and sundries brought by the picnickers. The barbecue will be furnished by Marcus Gist of Willow Springs, Missouri and prepared by the Donley County Barbecue King, Flip Breedlove of Clarendon.

Before the noonday meal, there will be speeches, gospel singing, and fiddle to beguile the spectators. Following dinner in the shade of the big old cottonwood trees, Tomie Saye of Clarendon will be on hand to take pictures of the group for his story to the Amarillo News Globe. The Fiddlers' Contest will follow the 'picture-taking' and there'll be visiting a-plenty until supper is served at seven.

After supper The Beasley Square Dancers from Memphis will do exhibition dancing. Movies and slides of the previous Giles picnics will bring to a close the day's festivities. You'll miss the time of your life if you don't come to The Giles Picnic. So... Put on your old gray bonnet And hitch old Dobbin to the shay. Bring a good appetite and the family And head yourselves Buck Creek way. There'll be red beans and barbecue. We'll be there looking for you. May the 30th's the date, by heck! Y'all come to THE GILES PICNIC!

Petitions have been presented to Mr. R. E. Drennan, County Judge of Donley County, asking that elections be ordered to vote on the consolidation of Ashtola Common School District No. 17 with the Clarendon Consolidated Ind. School District.

The members of the Ashtola School Board expressed the desire to consolidate earlier this month when they held a joint meeting with the Clarendon Board of Education.

The elections will be held on the 14th day of June, 1958 in both the Clarendon Cons. Ind. School District and the Ashtola District. All qualified voters residing in the Clarendon Cons. Ind. School District will vote at the School Tax Office, Clarendon, Texas. Qualified voters residing in the Ashtola Common School District will cast their vote at the Ashtola School House. Polls at both voting places will be open from 8:00 A. M. until 7:00 P. M. The date again is Saturday, June 14th.

Grasshoppers Showing Up In Parts of County Says County Agent

Grasshoppers in large number have been found in some hatching areas in parts of the county says County Agent H. M. Breedlove. The time to kill grasshoppers is when they are young and still bunched up in the hatching areas. When the hoppers become larger and start to scatter and move around they are a great deal harder to kill and you have to cover more area.

Breedlove says to check fence rows, low places where water has stood and places where there is waste land close to fields. The best poison to use is toxaphene at the rate of three pints per acre in what ever amount of water it takes to cover the acre. Some sprayers put out more water to the acre than others; this should be figured at about forty pounds of pressure on the sprayer. Aldrin is one of the best killers for grasshoppers of any known poison and is applied at the rate of one half to one pint of the emulsible concentrate per acre when used in oil or water—this about two to four ounces of the actual aldrin.

Breedlove is urging every one to check around the farm now and head off any hopper infestation before it gets started.

Services Held Friday For Chuck Davis

Funeral services were held Friday afternoon in the First Baptist Church in Hedley for A. G. (Chuck) Davis with Rev. J. S. Tipton, pastor, and Rev. H. O. Walker officiating.

Mr. Davis, 61, died of a heart attack Thursday morning in his home 2 miles south of Hedley. He had been a resident of Donley County for 48 years. He was a World War I Veteran and a member of the American Legion and First Baptist Church of Hedley. He is survived by his wife, Mrs. Lillie Davis; one daughter, Mrs. James Reid, Amarillo; one son, Gene E. Davis, Amarillo; one step-son, Bill Bingham, Williston, North Dakota; three sisters, Mrs. Ruth Hollingsworth and Mrs. Thana Crawford, Amarillo, and Mrs. Minnie Hollingsworth, Turnersville, Texas; three brothers, Ralph Davis, Amarillo, Vernon Davis, Clarendon and Joe Davis, Denver, Colorado; and seven grandchildren.

Pallbearers were C. C. Caven-der, Malcolm Glass, Wayne Lattimer, Booker Shaw, John Tate and Herman Kirkpatrick. Members of the Hedley American Legion served as honorary pallbearers.

Burial was in Rowe Cemetery, Hedley with the Spicer Funeral Home of Memphis in charge of arrangements.

Pioneer Lady Buried Here May 19th

Funeral services for Mrs. Nora Eleanor Morrison, 87, were held Monday, May 19th at the Duengel-Carmichael Funeral Chapel in Pampa with Rev. J. V. Patterson, pastor of the Miami Methodist Church, officiating. Burial was in Citizens Cemetery here.

Mrs. Morrison, who lived with her son, W. R. Morrison at Pampa, died May 17 at Thurman Convalescent Home in Amarillo.

She married James W. Morrison, August 19, 1888 and the couple moved to Hall County in 1893. In 1902 they moved to Clarendon and Mrs. Morrison made her home here until 1954 when she moved to Pampa. Mr. Morrison died April 8, 1947.

Survivors are two sons, J. G. and W. R. Morrison, both of Pampa; six daughters, Mrs. R. D. Brass of San Angelo, Mrs. Fay Montgomery of Shamrock, Mrs. Jessie Close of San Diego, Calif., Mrs. Stanley Leafgreen of Greeley, Colo., Mrs. Dale Low of Amarillo and Mrs. Sam Bowers of Miami; two brothers, H. H. Gracey of Dallas and Ross Gracey of Redland, Calif.; 21 grandchildren and 35 great-grandchildren.

Country Club Pool Ready For Swimmers

The Clarendon Country Club swimming pool is now full and ready for members who like to cool off these hot days as well as the sport. Prior to filling with water, the pool was repainted and put in tip top shape for club members enjoyment.

The stranger who is my brother

The unknown soldier who died to protect our freedom ... his grave has become the symbol of all the many many others who also gave their lives in exchange for our peace. Let us not forget these brave men for even a moment. And especially this Memorial Day let us pay them proper tribute.

Local Activity In Farm Housing

More farm construction—with better homes for farm families, better shelter for livestock and improved storage facilities for machinery and grain. That's the prospect in coming years says James Gouddy, county supervisor for the Farmers Home Administration.

Recently, as an anti-recession measure, his agency expanded its farm housing loan program to the fullest extent possible under

existing laws set up by Congress. To be eligible now, an applicant must own a farm that is in agricultural production and must plan to produce at least \$400 worth of commodities for sale and home use, based on 1944 prices. Many part-time farmers who previously were ineligible can qualify for loans under the expanded program.

The loan bears 4 percent interest on the unpaid balance and may be repaid over a period up to 33 years.

Mr. Gouddy said that one reason for renewed interest in farm construction is the need for more

grain storage facilities. In addition to financing major construction, the loan funds can help a farm owner repair and up-date buildings. For example, he may wish to add a bathroom including a waste disposal system, modernize the kitchen, add an extra bedroom, improve the heating, insulation and electric wiring, put a basement under the house, and cement floors in service buildings, or paint the house and service buildings.

Mr. Gouddy reports that the agency has \$400 million available nationally which can be used over the next three years for farm housing loans.

As for the new Russian sputnik, let it be said that this was quite an achievement, but it does not mean the end of the world any more than the launching of the first sputnik did. The crowing of Khrushchev is nothing new and comes with no great surprise to anyone in this country. The satellite and missile programs of this nation continue on schedule.

As to the bombardment proceedings between the French and Algerians, this has been going on for some time, and probably everything from words to bombs have been employed. The matter that is causing the deep concern in the picture is the internal difficulty that seems to be plaguing France.

The bombardment between the Lebanese and Syrians does not represent a parting of the ways of old friends. It will be remembered that there have been strained relations in this section of the world for many years in the past, and from all indications, this strain will continue in the future.

As for the bombardment received by Vice President Nixon in South America, it can be said that this was a deplorable display of stupidity and bad taste on the part of those engaging in these activities. However, the big question in my mind that overshadowed all the others is, "Why did not the Intelligence Service of the

United States know enough about the situations in these countries to have avoided subjecting the welfare of the second ranking man in the United States government to such danger?" Whether you like or dislike Nixon is not the question. The fact is that he is the second ranking man in our government.

The taxpayers of this country pay out thousands upon thousands of dollars each year to provide and maintain an effective intelligence service to keep our government officials advised as to what is going on in other countries with regard to their attitude toward us and as to the possibility of overt acts. Activities such as those that occurred in South America were not spur of the moment activities, and it should take a lot of explaining on the part of our intelligence forces. It would seem to me that the President should call upon the CIA for a full report and explanation of somebody's failure in this particular instance. Perhaps we are spending entirely too much time trying to bombard some of these foreign nations with American taxpayers' dollars and not enough time trying to find out what they think of us and what they are going to do to injure or harm us the first time they get the chance.

The return of Mr. Nixon to this country brought forth what ap-

peared to be an attempt on the part of this government, acting through the President, to soften the propaganda value of the South American incidents, by having all of the government employees leave their jobs and go to the airport to welcome Mr. Nixon. In fact, telephone calls were made to government offices, including my own, on the subject. The caller would state that the President was urging all to go to the airport to welcome the return of the Vice President. The man hours that were lost would add up to a stupendous sum.

The present Attorney General, who is a Cabinet Officer in Mr. Eisenhower's Cabinet, is now try-

ing to upset the Tidelands matter and to take away from Texas that which has always rightfully been hers and which the Congress, in recent years by a law, said was hers. It will also be remembered that the President of the United States has said that he believed that Texas owned its Tidelands for 10 1/2 miles offshore. Under the circumstances, it comes with some surprise to me that the Attorney General of a President, who made such a statement, would be allowed to proceed in direct conflict with the words of the President and the action of the Congress. The question seems to be, "Just who is running this country?"

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

Trouble, Trouble, Trouble

It seems that the world has more than its share of troubles. The Russians are bombarding outer space with sputniks, the Algerians are bombarding the French, the French are bombarding the Algerians, and it looks as though the French will soon be bombarding the French. The Lebanese are bombarding the Syrians with bombs and charging that the Syrians are bombarding the Lebanese with massive interference. Some of the South Americans are bombarding Nixon with eggs, etc. The President is bombarding the Vice President with the smiles of himself and government employees, and it seems that everybody seems to be bombarding everybody else with propaganda, and to top it all off, the Attorney General of the United States has now started bombarding the Supreme Court with argument that Texas does not own its Tidelands, even tho Congress passed a bill saying just the opposite.

Texas Tech Will Build Two New Structures

LUBBOCK — Texas Tech will build a large classroom and office building and a new textile engineering building, the institution's officials announced here.

The two structures, scheduled to be ready in September, 1959, are to be financed from Tech's new allotment of \$3,710,000 from the state college building fund amendment program.

The first-mentioned building will contain 81 faculty offices and 27 classrooms. It will cost approximately \$1 million. The new textile engineering building, costing about \$269,000, will include a pilot spinning plant and laboratories with precise temperature and humidity control for fiber studies.

The present textile engineering building will be converted to general classrooms for the Engineering School, except for a dye laboratory.

Plans involving the remaining money in Tech's new building fund allotment will be announced later, Tech officials said.

Currently under construction on Tech's 2,008-acre main campus are two men's dormitory units to house a total of 1,436. Financing is through Housing and Home Finance Agency loans. The units, costing approximately \$6 million, are scheduled to be ready in September. They should make campus dormitory housing possible for all students who request it for next fall, according to Hubert Burgess, in charge of dormitory reservations.

Already the second largest State supported college or university in Texas, Tech is planning to accommodate 9,000 students next fall.

Receives Top United Way Award

The 1958 national award for outstanding volunteer service to the nation's 2,100 United Funds, Community Chests and Community Welfare Councils has been presented to James A. Linen, (right) of Greenwich, Conn., publisher of TIME, The Weekly Newsmagazine.

The presentation of the medal was made by Albert J. Nesbitt, (left) president, John J. Nesbitt, Inc., Philadelphia, Pa., a former president of UCFC and a prior recipient of the national award.

In presenting this highest honor bestowed by the national organization, Mr. Nesbitt cited Mr. Linen for his leadership in guiding the growth and expansion of federation and spreading the acceptance of the United Way for giving in support of health and welfare services.

President of United Community Funds and Councils for the past two years, Mr. Linen was formerly a vice president and chairman of the Public Relations Advisory Committee. During his presidency Mr. Linen saw the number of United Fund and Community Chest campaigns increase from 1,900 to 2,100, with the financial support of voluntary services supported through these united campaigns increasing from \$340 million in 1955 to an estimated \$412 million contributed last fall.

During his term of office the number of United Funds grew from about 850 to pass the 1,000 mark last summer, with more than 1,100 Red Cross chapters included in last fall's campaigns compared to slightly more than 700 when Mr. Linen first took office.

In his speech before the national conference of UCFC, attended by the citizen leader representatives of the 2,100 United Funds, Community Chests and Community Welfare Councils, Mr. Linen said, "United giving's biggest problem today is the arbitrary refusal of outside groups to recognize and respect local decisions. Pressure from outside forces runs head on into the basic principle of local autonomy which underlies the whole United Fund-Community Chest-Council movement."

"Any policy of an outside group which attacks the right of local option attacks the democratic and cooperative approach to the basis of planning and financing health and welfare services," said Mr. Linen.

The late Gerard Swope received the first national volunteer service award in 1947. In addition to Mr. Nesbitt, other recipients have been Robert Cutler, Boston, Mass.; Mrs. Victor Shaw, Fairmont, W. Va.; E. A. Roberts, Philadelphia, Pa.; Philip Morgan, Worcester, Mass.; H. J. Heinz II, Pittsburgh, Pa.; Stanley C. Allyn, Dayton, Ohio; Alex Osborn, Buffalo, N. Y.; and Edward L. Ryerson, Chicago, Ill.

Mrs. Ruby Bromley, Mrs. A. T. Cole, Mrs. E. C. Herd, and Mrs. Harry Brumley drove to Lake Marvin Sunday afternoon. The many wild flowers blooming along the route is truly a wonderful sight.

Mrs. W. B. Mayfield returned to her home at Gunter, Texas last Wednesday after a visit with friends here. Mrs. F. E. Caraway accompanied her home and visited in the home of a niece, Mrs. David Bibb, at Ft. Worth.

Hatchery Fish Not Necessary In Many Lakes

AUSTIN — Stocking of many Texas lakes an streams from fish hatcheries is a waste of time and money, according to the Director of Inland Fisheries of the Game and Fish Commission.

"They just simply do not need hatchery restocking," the Director said. "We have known this for a long time. It was brought out again early this month when we did a complete kill on Lake Fort Brown near Brownsville."

This is a lake that had been restocked from hatcheries for the past three years. More than 7,000 bass had been released in the lake during that period. When the lake was treated a couple weeks ago only 38 large bass were brought out, and about 10 bass which might have been from the 2,000 fingerlings released into the lake last year.

"Hatcheries can't hope to duplicate natural breeding," the Director said. "Where new lakes or rehabilitated lakes are in need of stocking, hatcheries serve a wonderful purpose. We must have them. On the other hand, one pair of 3 pound brood bass to the acre of water in a lake will produce some 25,000 offspring in comparison to 200 per acre under restocking."

"When we restock impoundments that contain other fish, all we are doing is to pour in rather high-priced fish food for the rough fish already in the lakes."

The Director pointed out that biologists long have been accumulating data showing the fallacy of random restocking. Public demands, however, have been so insistent that many times hatchery fish were placed in lakes against the best interests of the lake.

The Director said that almost every major lake in Texas had an excessive and successful natural spawn last year, which means plenty of catchable fish for the next several years.

Mr. and Mrs. W. C. Scott spent the week end with their children in Amarillo and Mrs. Scott attended a bridal shower for her daughter Gaynell.

ACTIVE ARMY DUTY—2nd Lt. Margaret E. Titus of Dumont, N.J., makes the rounds at Fort Carson, Colo., hospital with Capt. Earl Dean of Oxford, Neb., charting the record of Pvt. Donald P. Butcher of Oakland City, Okla. She is the first nurse in her state to go on active duty through the Army Student Nurse program, which provided her with WAC enlisted pay during her last year at Englewood Hospital School of Nursing in return for two years in the Army Nurse Corps. Her Carson duty includes a year of rotating "internship."

Mr. and Mrs. Leo Underdown and children of Abilene spent the week end with Mrs. C. E. Underdown.

Mrs. Harry Brumley returned home Thursday of last week after a three week visit with her son and wife, Mr. and Mrs. R. S. Brumley at Miller, Mo. She reports the country beautiful at this season of the year.

L. T. Whitlock of Amarillo spent Saturday night and Sunday with his mother, Mrs. Frank Whitlock.

Rodney Joe Sullivan of Amarillo spent last week with his grandparents, Mr. and Mrs. T. A. Sullivan.

Mr. and Mrs. W. T. Sullivan and baby of Claude spent the week end in the T. A. Sullivan home.

The R. K. Sams children, Dan, Kay, Gary and Kenda are here spending the week with their grandparents, Mr. and Mrs. A. D. Estlack while Mr. and Mrs. Sams are on a senior class trip up in Colorado. Mr. Sams teaches at Union School near Brownfield.

Mr. and Mrs. Woodley Richerson of Phillips are visiting their parents, Mr. and Mrs. D. S. Smith and Mrs. S. C. Richerson and other relatives and friends here this week.

Mr. and Mrs. H. W. Howland of Houston were guests in the home of her sister and husband, Mr. and Mrs. George Benson, through the week end. The Howlands were enroute to California for a visit with another sister.

Mr. and Mrs. Doyle Brazille and Dan of Amarillo visited Saturday in the home of her parents, Mr. and Mrs. T. A. Sullivan.

Mr. and Mrs. Bennie Darnell of Amarillo attended graduation exercises here Thursday evening.

Lanell Hatfield of Dumas is visiting her grandparents, Mr. and Mrs. J. A. Ivey.

Mr. and Mrs. Jack Eddings visited in the home of Mr. and Mrs. T. W. Goar and family at Muelshoe Sunday.

Mr. and Mrs. W. F. McDonald and Wesley of Amarillo visited her parents, Mr. and Mrs. J. A. Ivey over the week end.

10 CLUES TO CANCER

Clue No. 2. Spontaneous Regression
Every now and then a patient dreadfully ill with cancer suddenly will improve for no reason known to Medicine or Science. On rare occasions — one estimate is one in 80,000 cancer cases — a patient will be restored to complete health, his cancer disappeared for all time.
These awesome events are known as spontaneous regressions.
Science is skeptical of miracles. Researchers believe there is nothing spontaneous about these cures — many feel that some unknown mechanism of natural resistance comes into play. In far-flung laboratories they are seeking to identify this mechanism and to adapt it to clinical use against cancer.
Help science help you! Send your contribution to the American Cancer Society!

CONSERVATION RESERVE PRACTICE PAYMENTS

To date there has been around \$12,000.00 paid to producers for the completion of practices on their Conservation Reserve Land. All of the practices on which payments have been made are for establishing a permanent cover grass.

We want to remind all Conservation Reserve Producers that this is the time to destroy sunflowers and cockle burs. You will not be allowed to have these weeds in an excessive amount and receive your payment.

ACP EMERGENCY PRACTICES

All producers who asked for assistance in repairing and restoring practices destroyed or damaged in 1957 by flood waters must report the practice completed by June 30, 1958. This program ends at this time and there can be no extension.

WHEAT REFERENDUM - JUNE 20, 1958

Farmers will make the marketing quota decision in the referendum on June 20, 1958. Here is your choice in the wheat Quota vote:

If growers approve 1959 wheat quotas, a farmer who exceeds his allotment will be subject to a quota penalty on his "excess" wheat (farmers with 15 acres or less are exempted) and price support for growers who comply with allotments will be available at a national average of not less than \$1.81 per bushel (75% of parity).

If growers do not approve wheat quotas, there will be no marketing quota penalties for 1959 crop. Acreage allotments will remain in effect for 1959 wheat crop and those who comply will be eligible for price support at an average of about \$1.20 a bushel (50% of estimated parity).

Farmers eligible to cast ballots in the referendum are those who would be subject to the wheat quotas if they go into effect. At least two-thirds of those voting must approve quotas before they will be in effect for the 1959 wheat crop.

Mr. and Mrs. T. E. Steinbock of Amarillo, accompanied by her parents, Mr. and Mrs. C. L. McCrary of Clarendon have been vacationing in California. They visited a son, Mr. and Mrs. C. J. McCrary of El Monte, and friends in Santa Barbara and Los Angeles. The Steinbocks returned home last week, but Mr. and Mrs. McCrary remained in Fresno, Calif. for an extended visit with their other daughter, Mr. and Mrs. Lewis Underdown and son, Mike.

22 Students Make Year's Honor Roll

According to information released from High School Principal Kenneth Vaughan's office, twenty-two students made the honor roll for the school year just closed. This honor roll is for the entire year which means that these students compiled an average of 90 or above for both semesters.

These students, listed in the order of their average, are: Beth Gilham, senior, 96.8; Sharon Smith, sophomore, 96.0; Oveta Garman, freshman, 95.8; Phillip Abel, freshman, 95.2; Carole Wood, junior, 95.0; Judy Thompson, freshman, 95.0; Sherry Montgomery, freshman, 93.8; Connie McMurtry, sophomore, 93.4; Drubette Cook, freshman, 93.0; Martha Jo Risley, freshman, 93.0; Janie Smith, freshman, 91.6; Howard Talley, freshman, 91.6; Shirley Wiedman, sophomore, 91.6; Sandra Pinkerton, sophomore, 91.6; Keith Hudson, senior, 91.4; Maggie Morrow, sophomore, 91.2; Linda Lemons, senior, 91.0; Georgia Bell Harmon, junior, 90.8; Barbara Koontz, junior, 90.6; Wanda Ryan, freshman, 90.6; Barbara Gambill, freshman, 90.4; and Charles Percival, sophomore, 90.0.

Students making the honor roll the last six-weeks period of school were, seniors: Beth Gilham, Barbara Darnell, Jimmy Graham, Keith Hudson, Linda Lemons and Elbert Swearingen. Juniors on the list were Jo Ann Bennett, Robbie Johnson, Keith Schollenbarger, Pat Spurgeon, Carl Talley, Carole Wood, and Barbara Koontz. Sophomores listed were Maggie Morrow, Connie McMurtry, Charles Percival, Sandra Pinkerton, Sharon Smith and Shirley Wiedman. Freshman making the honor roll were Phillip Abel, Drubette Cook, Barbara Gambill, Oveta Garman, Martha Jo Risley, Wanda Ryan, Janie Smith, Howard Talley, Judy Thompson and Sherry Montgomery.

Guests for the week end in the home of Mr. and Mrs. C. B. Harp and Lucky were Mr. and Mrs. Kermit Evans and Carol Ann of Ft. Worth, Kenneth Evans who is in the Navy and based at San Diego, and Carl Evans. Carl accompanied them home for the summer.

NOTICE

This is to remind everyone that there is a City Ordinance against dumping trash within the City Limits and the penalty is a \$25.00 fine. Anyone caught dumping trash within the City Limits will be dealt with according to the ordinance.

Someone dumped a large tree above the dam in the south part of town and when we had our big rain, it washed into one of the spillways and stopped it up. It took a winch truck to get it out. Should both of these spillways be blocked when we have a big rain the town would most certainly be flooded.

Another thing, the ordinance, with reference to picking up trash, says that if you want grass and stuff picked up by the trash truck it must be put in containers so it can be put in the truck. The men on the truck do not have time to use pitch-forks and pick up the trash.

H. T. Burton, Mayor

HOSPITAL NOTES

Patients as of Wednesday, May 28th:

Mrs. C. I. Price, Bob Williamson, Mrs. W. J. Richardson, Mrs. Charles Blackburn and daughter, Tammy Diane born May 23rd, Geo. B. Bagby, and Mrs. John Blocker.
