Interest High In Election Saturday; Run-off In Prec. 2 Commissioner Race

Taking into consideration the number of poll tax paid here, interest was high and voting heavy in the first Primary election Saturday. Drawing most attention was the commissioner race for precinct No. 2, Justice of the Peace precinct No. 2, commissioner of Precinct No. 4 and the State Senator race. P. C. Messer, County & District Clerk, unopposed, received the highest number of confidence votes with 1302; Judge R. E. Drennan, followed close behind with an even 1300.

In the race for Commissioner of Precinct No. 2 which saw six candidates campaigning at a fast pace the past week, each drew a very nice vote. This six-way split in the votes brought about a run-off in the second Democratic primary August 23rd between Edd Mooring, incumbent, and H. L. Riley, the two top men in the race.

The Justice of the Peace, Precinct 2 race drew lots of interest but J. H. Headrick led the field with a majority of votes eliminating a run-off. He polled a total of 439 votes to his opponents combined total of 436 which gave him a 3 vote margin. G. A. Anderson, seeking re-election, received 229 votes and Maurice A. Hart received 207 votes.

In the other contested race in the county, Jess Finley, Commissioner of Precinct 4, defeated his opponent, Bernard McClellan 69 to 15.

Another race drawing considerable interest here was the State Senator race between Andy Rogers, Karl L. Lovelady and Leroy Saul. Rogers was re-elected by an overwhelming vote and carried all but one of the 15 counties in the district. He even carried Saul's home county as well as Lovelady's home county. Here in Donley County, Rogers received 804 votes, Saul 328 and Lovelady 85. One of the latest unofficial reports for the entire district gave Rogers a total of 16,827, Saul 7,535 and Lovelady 3,127.

In the State races Price Daniel was returned as Governor. Here in Donley County he received 936 votes, Gonzales 71, Irwin 22 and W. Lee O'Daniel 227; Ben Ramsey was returned as Lt. Governor. His vote here was 857 to Nokes 330.

Other votes in various races were as follows:

State Representative — Will Ehrle 1265; County Treasurer, Mrs. A. G. Lane 1297.

Mrs. Dick Cooke was elected County Democratic Chairman with 43 votes. Mike McCully received 26 votes. These were all write-in votes.

Voting in the Precinct 2 Commissioner race was as follows listing votes at the Court House first, City Hall second and absentee

votes next and the grand total:
Mann, 79, 52, 6 137
Swinney 91, 52, 5 148
Hudson 61, 55, 7 123
Mooring 115, 91, 17 223
Adkins 36, 27, 14 77
Riley 59, 95, 6 160

In the run-off election other than Edd Mooring and H. L. Riley being listed on the ballot, only one other race will be listed. It will be a run-off between Robert W. Hamilton and J. Edwin Smith for Associate Justice of Supreme Court (Place 1).

Annual Farm Bureau Barbecue Set For August 15th

The Donley County Farm Bureau will hold its annual chicken barbecue on the evening of August 15th at the Lelia Lake school house at 7:00 o'clock. This is the same date the Old Settlers hold their picnic at Tates Grove near Hedley, however after eating all day at the Old Settlers Picnic, then every one is invited to eat supper at the Farm Bureau Barbecue at Lelia Lake.

Dane Perdue, president of the Donley County Farm Bureau says that the only requirement is that every one must bring a half chicken per person for all that is in their party. The chicken will be left at Moreman locker in Hedley and at the Consumer Locker in Clarendon. All chickens will be picked up by noon on the fifteenth. People are asked not to bring chickens to the barbecue pits at Lelia Lake unless they get them there not later than 1:00 P. M.

Perdue says that everyone is invited to this barbecue regardless of whether you are a farm Bureau member or not, just furnish a half chicken per person and the Farm Bureau will furnish the rest. The highlight of the evening will be a talk by Cotton John Smith, who has just returned from a tour of Europe. This should really be interesting, and be sure to make your plans to attend. Flip Breedlove will barbecue the chickens after he helps with the Old Settlers Picnic.

Dusters To Play Coors Here Sunday

The Clarendon Dusters will meet the strong Amarillo Coors team here in Duster Park Sunday afternoon at 2:30 for their next Caprock League game. Coors are undefeated in League play so far this season, so come out Sunday afternoon and watch the Dusters make a strong effort to knock them off.

Last Sunday the Dusters were defeated 8-2 at Hedley in a highly competitive game.

Farmers Should Submit Claims For Federal Gas Tax Refund

Farmers may submit claims for Federal gasoline tax refunds on full amount used for farming purposes. This tax of three cents per gallon is entirely separate from the State tax for which local distributors furnish exemption slips, says County Agent H. M. Breedlove.

Here are the main points to keep in mind:
1. Refund claims must be only for gasoline used in producing or harvesting farm or ranch products.

2. The amount used between July 1, 1957 and June 30, 1958 should be included.

3. Use Form 2240, obtainable at Breedlove's office for requesting the refund if you did not get one through the mail — only one claim per farm operator.

4. Refund claims must be submitted on or before September 30, 1958. Mail them to the District Director, Internal Revenue Service, either in Austin or Dallas.

5. Keep proper records for verifying the refund claim submitted.

If questions arise about this Federal gasoline tax refund, contact Breedlove for information.

Funeral Services Held Here Tuesday For Mrs. J. A. Pool

Funeral services were held Tuesday afternoon in the First Methodist Church for Mrs. Munsey Ella Pool with Rev. Howard Scott of Hereford and Rev. C. M. Ryan, pastor, officiating.

Mrs. Pool, 80, died in Deaf Smith County hospital at Hereford late Saturday following a lengthy illness. She had made her home with her children at various times the past few years and was a long time resident of Donley County. Her husband James A. Pool preceded her in death here in 1934. Mrs. Pool was a member of the Clarendon Methodist Church.

Survivors include two sons, Archie B. Pool of Amarillo and Rufus Pool of El Cajon, Calif.; three daughters, Mrs. Grady Parsons of Hereford and Mrs. Brady Mae Patterson of Lubbock; four brothers, Byron Owen of Clarendon, Lucian Owen of Gordon, Texas, Jim Owen of Leatia, Kan., and Beler Owen of Flagstaff, Ariz.; five grandchildren and 10 great-grandchildren.

Pallbearers were Buck Parsons, Charlie Hearn, C. E. Jackson, G. W. Bradshaw, George Bulman and Chester Talley.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Rise In Postal Rates Begins Friday

Letter writers have until midnight Thursday to get to the mail box if they want to post a letter bearing only a 3-cent stamp.

Starting Friday, Aug. 1st, first class letters must bear 4 cents worth of postage and air mail letters will require 7 cents worth of stamps. The former 2-cent post card will take a 3-cent stamp and air mail post cards will cost 5 cents apiece.

Any combination of stamps may be used to cover the new rates. But the switch will vastly popularize the present 4-cent lavender stamp carrying a likeness of Abraham Lincoln.

Postal officials warned that there would be no grace period (See POSTAL RATES, Page 8)

Methodist Vacation Church School August 4-8

Plans have been completed for the Methodist Vacation Church school to be held August 4th thru August 8th at the Methodist Church. All children from ages four thru twelve are cordially invited to attend.

Activities and projects have been carefully planned by each director and this should be one of the best schools we have ever had, stated Mrs. Claude Moore.

Interested parents have been asked to donate cookies to the cookie shower. These cookies will be served to the children during the week of the Vacation Church School.

Keep this date in mind and remind your children they will be most welcome, Mrs. Moore added.

Funeral Services For R. H. Sawyer Held Here Tuesday

Funeral services for Robert Henry Sawyer were held Tuesday morning in the Murphy Memorial Chapel with Rev. C. M. Ryan, pastor of the Methodist Church officiating.

Mr. Sawyer, 68, died Saturday in Dallas where he had been a resident 45 years. He was a lumberyard superintendent and a member of the First Methodist Church there. He was a resident of Clarendon prior to moving to Dallas.

Surviving are his wife, Agnes of Dallas; one daughter, Mrs. Mary Ellen Stinnett of Dallas; four sisters, Miss Josephine Sawyer of Long Beach, Calif., Mrs. Ellis Matlock of San Francisco, Calif., Mrs. Porter Graves of Los Angeles and Miss Ruth Sawyer of San Francisco, Calif.; two brothers, Henry of Los Angeles and Forest Sawyer of Clarendon and one grandson.

Pallbearers were Cap Morris, Bill Bromley, Walter Taylor, Floyd H. Lumpkin, Frank White Jr., and Odos Caraway. Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

LITTLE LEAGUE GAME HERE TONIGHT

The Sox will meet Claude here tonight (Thursday) at 7 o'clock at the Little League park near Jr. High. The Sox have won 2 and lost 1 so far this season with the loss coming from the strong Phillips team.

The Cubs defeated Groom Monday night 10-5. This was the Cubs fourth straight win without a loss.

AMERICAN LEGION NOTICE

Commander Ray Moore announced yesterday that the regular monthly meeting of the Legion Post would not be held at the regular time which is Tuesday, August 5th but would be held Tuesday, August 12th instead as so many members will be on vacation this next week.

Date Set For Annual Country Club Barbecue

The date for the annual Country Club Chicken Barbecue this year has been set for August 8th. Serving will begin at 7 p. m.

As in previous years, the Club will furnish all the chicken so they will be of uniform size, giving the barbecuing crew better opportunity to do their usual excellent job. The price for each half chicken will be 85c and you can leave your orders at any of the following places: Coca-Cola Bottling Co., Bob Moss Pharmacy, Household Supply or Mike McCully Insurance.

August 5th will be the last day that you can place your order for chickens so figure out your needs and get your order in early. All members are allowed to bring as many guests as you like. The Club will barbecue the chicken and you will bring all the trimmings you desire for your own group. Keep your receipt for your chickens and bring it along with you to turn in when you receive your barbecued chickens.

Flip Breedlove will do the barbecuing again this time and everyone knows what an excellent job he and his crew turns out.

There will be a Bingo game after the Barbecue, so everyone is reminded to come out and enjoy the entire evening, Friday, August 8th.

Services Pending For R. R. Dawkins

Funeral services are pending at this time with Murphy Funeral Home for Rufus Raymond Dawkins who passed away early Wednesday morning in Adair Hospital here.

Mr. Dawkins, 75, has been connected with and operated a Blacksmith and Welding Shop here for around 30 years. He was a World War I veteran.

Survivors include one sister, Mrs. Hattie Mathis of Norman, Okla.; three brothers, A. F. of El Paso, T. J. of Albuquerque, N. M. and B. D. Dawkins of Longview, Texas; also a sister-in-law, Mr. and Mrs. C. E. Green of Longview, Texas who were with him at the time of his death.

HOSPITAL NOTES

Patients as of Wednesday, July 30th:

J. C. Smith, James Ray Painter, John McClellan and John H. Brown.

Dismissals: Miss Mary Howren and Wynona Perdue.

REBEKAH POT LUCK SUPPER

The Rebekah's will have their usual Pot Luck Supper next Tuesday evening beginning at 6:30 in the lodge hall. Price per plate will be 75c.

Junior College's Adult Education Program Attracts Interest

According to reports from the office of the President, W. W. Pipkerton and the Dean of the College, Oliver J. Abel, the recent announcement of the plans of the College to offer a complete Adult Education Program in night school, running concurrent with the regular day term, a great deal of interest has been expressed both from adults of Clarendon and surrounding towns of the area. To the present writing, the Bible courses have received the most inquiries, with Business subjects, typing and accounting also being in demand. It is believed that Science, Art, Speech and Math will also be popular in the Adult program.

Inquiries have come from Estelline, Memphis, Hedley and Wellington, and all indications point to the possibility of the Adult Education Program becoming one of the most important services rendered in this area as well as most popular.

Old Settlers Picnic To Be Held Aug. 15

Bill Clay, president of the Donley County Old Settlers group, announced last week that the annual picnic would be held at Tate Grove on Friday, August 15th. This is the big affair of the year for all old timers in the county and also for former residents who once resided here. Master of Ceremonies for the event will be H. M. (Flip) Breedlove and Bob Ayers.

Committees named to get everything in readiness are: Entertainment, Kathryn Latimer, T. W. Bain, C. D. Messer and Mrs. T. J. Cherry; Water and ice, Bill Bain, Woodroe Farris and V. M. Patton; Seats, O. F. Messer, M. C. DeBord and Elmer Howell; Piano, L. D. Messer and Clifford Johnson; Roads, Frank Murray and County; Grounds, Vergil McPherson; Coffee and cups, Milt Mosley; Tea, Mrs. Paul Duncan, Mrs. John Dickson and Henry Nivens; Register, Mrs. Loyd Bailey and Mrs. John Tate; String music, J. H. DeBord.

COUNTRY CLUB POOL TO BE DRAINED MONDAY

It has been announced that the Country Club swimming pool will be drained next Monday for a good clean up job and will be filled late Wednesday. All you swimmers take notice, for a dry pool would be a bit hard to swim in.

Hail Damage Early Friday Is High

Damage from the hail that moved completely across Donley County around 3 a. m. Friday morning continues to mount as more reports come in from different portions of the county.

It was reported the severe hail storm began in the Washburn area and took a large swath across Armstrong, Donley and into Collingsworth County. The path of the storm followed either side of Salt Fork of Red River all the way thru. All crops along the route were completely wiped out and damage to farm homes, automobiles, stock and other items was heavy.

Hail stones were reported larger than baseballs and were jagged. Leo Wallace in the Ashtola area reported the hail beat off his screens, broke window lights and even beat the stucco off his house. The S. J. Ranch headquarters in the same area lost over 40 window panes and large chunks of ice were gathered off the floor. This same type of destruction went on down thru the area north of Hedley where it was reported some stock died from the beating.

Areas hardest hit were north and west of Ashtola, Goldston community, Midway-Naylor community, Spade Flat which is located south of Alanreed, Bray, McKnight and Quail communities. In fact it covered most of the area one to five miles each side of Red River.

Here in town we received .42 inch moisture and two gallons of lightning along with strong wind. We also received an additional .10 inch Sunday which brought our month total for July to 6.36 inches. The hot day for the month was 102 on the 24th.

Former Clarendon Man Featured In Picture Page

A recent picture page in the Denver Post featured a former Clarendon man, John Jay, and his aerial spraying operations in northeastern Colorado.

Jay, a bombardier in World War II, has been following the aerial spraying business practically all the time since he received his discharge. His home at present is Dalhart, Texas but most of his summer has been spent flying a B-18 twin engine plane in the central northern states.

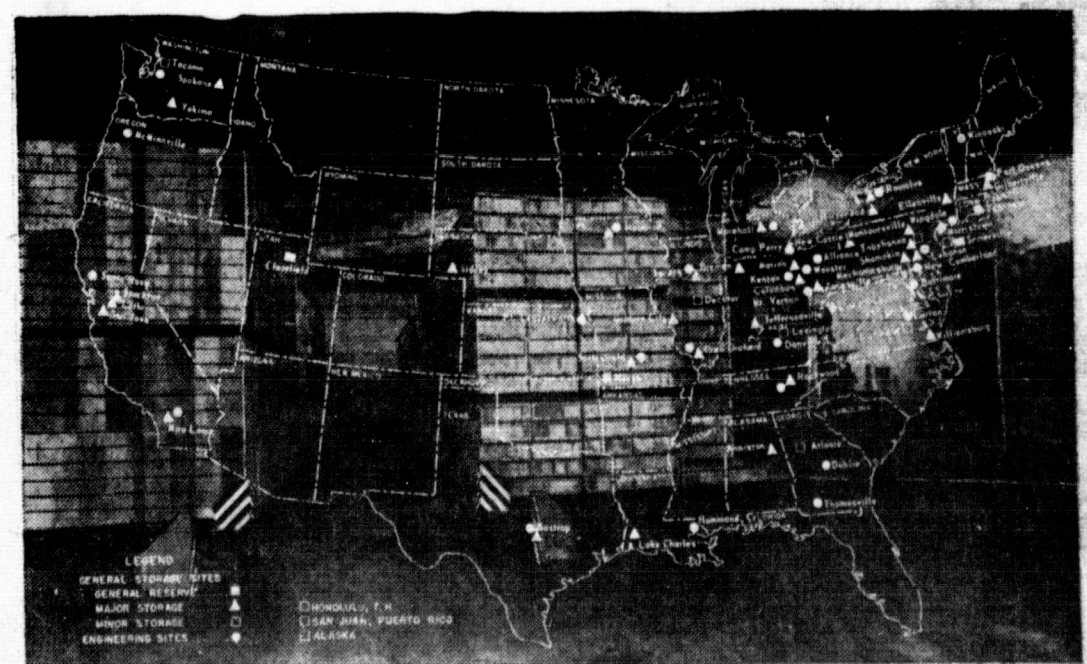

At the time the pictures for the feature page were made his aerial crew were spraying grasshoppers at Sedgwick, Colorado. The B-18 carries a load of 1,000 gallons of insecticide.

Jay is the son of Mr. and Mrs. Andrew Jay of this city.

HEDLEY NEWS

Mr. Paul Duncan

Our community north of Hedley was ruined by hail, wind and lightning Thursday morning. Crops were a complete loss. Jim Tidwell's house was left without a roof or a window. Other houses damaged were Ted Maddox, Medford Snelson, Bill Waddell, Billy Cooke and possibly others. Hail stones were large on Cooke ranch.

The cows and horses were bruised and skinned from hail. Mrs. Eva Parker lost her farm house from fire caused by a high line post blowing down.

Your reporter does not know how many farmers were ruined, but Tommy Bain not only lost his crop, but his peach crop was ready to market. It ruined his trees; blew some out by the roots.

Funeral Home Remodeled
 Spicer Funeral Home in Hedley has been remodeled inside and out. The outside has been treated to a new Oriental in light green with a new arranged front, windows and porch. The inside has been completely redecorated with a new wall paneling which is very attractive. Living quarters down stairs has been arranged and looks real nice. New floor coverings will complete the remodeling. Hedley people are very happy to have this work done. We each one wish to express our appreciation to Mr. Spicer for this improvement. The work is not completed; there may be some of the improving we have over looked.

Mr. and Mrs. C. Harris and daughter of Shreveport, La. are visiting the lady's parents, Mr. and Mrs. Oscar Moore.

Joe Crawford Passes Away
 Hedley was shocked Wednesday morning when word came that Joe Crawford of Amarillo had passed away suffering a heart attack.

Joe grew up around Hedley. He moved to Amarillo several years back. He had a wide circle of friends here. Funeral services were held in Amarillo Friday.

Burial was in Rowe Cemetery here. We extend sympathy to his wife and other relatives.

Mrs. Ray Moreman and David returned home first of week from Harrison, Ark. where they visited Dr. and Mrs. Whitmore and the new baby.

Mr. and Mrs. Marshall Stone are visiting in Amarillo with their children.

Mr. and Mrs. J. B. Masterson have returned home after several weeks in Ardmore, Okla., where Mrs. Masterson convalesced from a heart attack in the home of her sister. Mr. Masterson went to Hot Springs, Ark. for a few baths. Happy to say they are both feeling much better and are glad to be home and their Hedley friends are glad for them to come home. We sure missed them.

Rev. and Mrs. J. S. Tipton have returned home from a months vacation in Alaska. They visited their daughter and family, the Rev. Carl Elders. They have a granddaughter born in Alaska they got acquainted with.

YOUR EYES and VISION

By A. L. SPERRY, O.D.
Director Public Education
Texas Optometric Association

Contact Lenses Have Many Uses

Last week we stated that probably the most important and dramatic use of contact lenses was in the correction of Keratoconus—we also said that Keratoconus was a not too common condition—so maybe this week we get to your problem.

Probably the most common use of contact lenses at present is to replace heavy, thick, constantly worn specs with—nothing! Or what appears to be nothing, because contacts are completely in-

visible to the casual observer when in place on the eye.

There are many real advantages to replacing thick glasses with contact lenses. To name some: (1) The lens moves with the eye thus eliminating distortions produced when looking thru the edge of glasses. (2) The obstruction and weight of the frame and temples is removed. (3) The uncomfortable effects produced by the need of one eye for a much stronger lens than its mate are eliminated. (4) Highly nearsighted patients receive much better vision because, for them, contact lenses magnify whereas ordinary glasses make things smaller thus harder to see. Sometimes nearly 50% increase in image size is possible and the resultant improvement in vision is well worthwhile. (5) Monocular Aphakia, which simply means that a cataract has been removed from one eye of an individual and the other eye is normal creates an impossible situation for use of

ordinary glasses which cause double vision due to the excessive difference in power between the lens correcting the eye which has had the cataract removed and the lens required for the normal eye. A contact lens on the operated eye will provide clear vision for that eye while not causing the unwanted doubling. Satisfactory two eyed vision results. (6) The encumbering specs are removed for sports. (7) And, of course, the individual's appearance is improved in many cases.

Another use of contact lenses for which ordinary glasses are not satisfactory is on cases in which the cornea has been scarred as from burns, cuts, disease process and other causes. This situation is very similar to the Keratoconus described in a previous column. The ordinary optical lens in a pair of glasses cannot correct for an irregular lumpy surface such as scarring usually causes. However, the contact lens in its normal position directly on the eye surface where the tear fluid fills in between the lumps and the lens actually has the effect of acting as a new front surface for the eye—smooth and efficient—to replace the distorted useless surface underneath it. Good vision results.

It may some day happen that you are playing cards for high stakes with strangers and one

player appears to be having something more than just plain good luck. No aces up his sleeves or other slightly tained "irregularities" can be spotted. Don't give up the ship! He may be wearing a type of contact lens known as the Ruby Red Lens which acts somewhat like infrared light does in the dark. The Ruby Red Lens will permit the wearer to see markings on a deck of cards that are invisible in normal lighting to anyone else not wearing such lenses. Now I must add that if because of reading this column you decide to take this fellow down to see for sure if he is wearing Ruby Reds, I will not be held responsible for the results of what I fear will be rather strenuous activity—which ever way the ball bounces!

By the time you read this the election will be over and the people will have spoken again. We wonder if we appreciate this wonderful right as we should, and do we guard its keeping by always giving the thought and study which we should to those upon whom we cast our ballot. Sometimes we wish someone would write a textbook and get it adopted on the subject of Our Voting Privilege.

good fortune to visit again with our friends the Lewis Nordyke's of Amarillo. Mr. Nordyke has always been some one pretty special in our life, and I suspect that we have copied some of his style a bit in our column in that we use a lot of the same type material he used to have in his column Random Thoughts which for many years was in the Amarillo News. "Ole Tack" and Random Thoughts were our favorites and many times we will imitate the people and things we like; maybe even subconsciously, or perhaps we should say unconsciously. If we do, we mean it as a compliment.

Anyhow, Lewis still remembers the night we kept them during the bad snow storm. That night we had folks hanging from the ceiling; we even had an expectant mother staying near the main highway for fear the stork would weather the storm. It was some spell but it had its good side; it made our friendship with the

Nordykes family wide. He also remembers the story we tell sometimes about the book salesman who was scared out of his growth. Remind me to tell you this one. And he almost endorses my idea for a Department of Truth. I think he would if he thought we could keep politics off the board of directors. I wonder myself.

"Speak when you are angry, and you'll make the best speech you'll ever regret."

"If taxes are not cut pretty soon people may start marrying for love." This might be true in Hollywood.

A little boy was selling puppies on the street. They were all kinds and plain colors. When asked what kind of puppies they were he replied:

"They are police puppies."

"Oh, you can't mean that," said the customer.

"O' you bet they are," he replied, "these puppies are Plain Clothes puppies."

"Nothing can cook your goose quicker than a hot temper."

Speaking of politics, we want to commend the Baptist Standard on its recent poll of the lawmakers on the subject of gambling in Texas. This lets us know where each one stands and no one should mind taking a stand on this subject.

A little girl was visiting in a church of a different denomination and made real good friends with the pastor. That night she prayed as follows:

"Thank you God for all the blessing of this day. For letting me visit in Brother Jones' church. We liked him so very much. We believe that if you just could meet him Lord, that you would like him too, Amen."

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

OIL QUOTA UP AGAIN

Texas oil allowable for August will be 328,185 barrels a day more than for July—a hopeful sign for an industry that's been "in the dumps" for more than a year.

Railroad Commission set next month's allowable at 2,978,058 barrels daily. Number of producing days will be increased from 9 to 11. Last month production rose from its all time low of 8 days.

Reason for the increase was not so much the disturbance in the oil-producing Middle East, said one commissioner, as the fact that Texas had finally reduced its excess oil stocks to correct levels.

INSURANCE BOARD UPHELD

State Insurance Board finally scored a technical knock-out in its prolonged bout with an Austin district judge.

Texas Supreme Court ruled that Judge Charles O. Betts did not have authority to name V. F. Taylor receiver for insurance cases in his court. High court says the receiver must be the state liquidator appointed by the Insurance Board.

Board had appointed C. H. Langdeau as state liquidator. Judge Betts said he did not regard Langdeau as acceptable. He named Taylor receiver for cases in his court.

Supreme Court also ruled void Betts' action in raising salaries of liquidation attorneys working on cases in his court.

Division of authority between the courts and Insurance Department over insurance company liquidation has been a source of dissension for years.

50-50 PLAN

State Highway Department will reimburse cities and counties half the court costs of securing land for state and U. S. highway building.

Up until last year costs of obtaining right of way were borne solely by local governments. Last Legislature passed a law authorizing the state to share the cost 50-50 with cities and counties.

At first this was construed to mean the state would pay half the

cost of purchasing the land. Now it has been expanded to include half of court costs and appraisers' fees.

MORE PRISON COTTON

An increase of 10.88 per cent has been ordered in the Texas Prison System's cotton acreage allotment.

Officials of the Texas system had been actively dissatisfied, contending the prison farms had been dealt a bigger-than-average cut. Less production means less money for operating the prisons, they pointed out, and, hence, greater cost to Texas taxpayers.

On their behalf, the Texas Attorney General's Department appealed to the Agricultural Stabilization Committee and, finally, to federal court.

Adjustment obtained will mean 384 more acres of prison cotton

can be harvested. It'll save \$100,000 in tax money, prison officials estimate.

CITY TAX PROPOSALS

City officials are laying plans to ask the next Legislature to extend and adjust city taxing powers.

Legislative committee of the League of Texas Municipalities has drawn up a two-pronged proposal to:

1. Allow cities to broaden their tax base and lighten the burden on property owners.

2. Substitute another tax to be collected at time of auto registration for the present "unworkable" property tax on cars.

SCHOOL FUND FIGHT

A rough-and-tumble time can be expected next year when lawmakers consider just how perma-

nent the permanent school fund should be.

Rep. Louis Dugas of Orange has announced he will introduce a bill which would allow the state to ask the next Legislature to extend and adjust city taxing powers instead of putting it all into the permanent fund.

Dugas was author of a bill last session to divert 1 per cent of the permanent fund each year to the available fund.

State School Board and numerous other school officials have come out strongly against all moves to tap the schools' multi-million-dollar endowment. They compare it to "eating the seed corn."

STATE NEWS

A letter has been received in this city by one of our fields, from the Secretary of War, saying positively, that in consequence of there being no appropriation, the Texas Regiment of Volunteers will not be called into service.

While we regret this, of course the President cannot be blamed, for refusing to create a deficiency bill when the Representative of the western district of Texas felt it to be his duty to vote against the last one.

The refusal by Congress to make the appropriation, was equivalent to refusing authority to call out the Regiment, without an emergency. That emergency, we think, always exists upon this frontier; but the trouble is to make those at Washington believe it, and in that view a deficiency bill might prove very inconvenient.

"A large pasture has been enclosed a few miles from town, for the use of beef cattle sent from the interior for shipment to New Orleans, where they may rest their weary limbs and get fat prior to their departure for the New Orleans market.

The Robert Waterman, on her last trip, took a lot of beeves fresh from the pasture, shipped by W. Moses & Co, who are ready to pay cash or its equivalent for beef stock."

Northern papers say that at no time since the panic began, have times been so hard for men of moderate means as now.

We apprehend, that the census taken by our assessors and collectors will be very imperfect. Hurriedly running over 60 counties, condensed at the State Department, we found that the total footed up 228,538 souls. In these counties were included Harrison, Dallas, Fayette, and some other large counties. Bexar, Travis, Galveston, Rush and Cherokee were not included. There are only 114 organized counties. Judging from the hasty view, our total population would appear to be less than 400,000, or about that figure.

He chanced to be in Austin, holding Judge Terrill's court. He was known to be a man of influence in the west. A good democrat, a sound union man, a lover of the Germans and Mexicans, a Catholic in faith, a pure man, and an able lawyer. He was most politely treated. His constituents recommended him for Chief Justice. (THOMAS JEFFERSON DEVINE).

Schull - Lee Nuptials Solemnized

Miss Patsy Wren Schull, daughter of Mr. and Mrs. Paul Schull, 612 Gorst, Clarendon, Texas, became the bride of Mr. Ernest James Lee, Borger, Texas, son of Mrs. O. K. Lee, McLean, Texas, in a double-ring ceremony read at 8 p. m., July 26, in the home of the bride's parents. Rev. Bob Gorson, Arlington, Texas, an uncle of the bride, officiated.

Vows were exchanged before the fireplace accented by palms and draped with Plumose fern and wedding bells. White tapers in crystal candelabra and white gladioli marked the mantel. Kenny Schull, brother of the bride, lighted the candles.

Attending the bride as maid of honor was Miss Ann Weatherly and as bridesmaid Miss Barbara McBrayer. Each wore a ballerina length dress of frost-blue polished cotton with lace bodice and a corsage of white carnations.

Best man was Freddie Trout, Borger, Texas.

The bride, given in marriage by her father, Paul Schull, was lovely in a waltz length gown of white dacron fashioned with a fitted bodice and high neckline, long tapered sleeves and torso waistline. The bouffant skirt was enhanced with seed pearls. Her veil of illusion was attached to a headpiece of Brussels lace studded with seed pearls. She carried a bouquet of white baby rosebuds on a white Bible, the Bible having been presented her by the Y.W.A.'s of the First Baptist Church.

Carrying out all of the traditions, she wore a lapel watch that belonged to her great-grandmother, the late Mrs. W. B. Lemons; her wedding ensemble

was new; she borrowed a tear, pearl necklace belonging to the maid of honor; a crocheted blue garter was made for her by her grandmother, Mrs. B. L. Wren; and in her shoe was a penny for good luck.

A reception was held immediately following the ceremony. Guests were invited by Miss Janice Tabor to register their names in the guest book which was presided over by Mrs. Jack Leeper.

The refreshment table was laid with a white imported linen cloth. Baby white rosebuds were arranged around the three tiered wedding cake. Crystal candelabra with white tapers and the crystal service completed the decor. Assisting at the reception were Misses Janice Tabor and Brenda Putman and Mesdames Bob Gorson and Jack Leeper.

For the wedding trip to Estes Park, Colorado, the bride traveled in a light blue dress with white accessories. Her corsage was of white rosebuds.

After August 4, the couple will be at home at Borger, Texas. The bride is a graduate of Clarendon High School. The groom is a graduate of McLean High School and is employed by Phillips Petroleum Company, Borger.

The bride's bouquet was caught by Miss Barbara McBrayer.

Fifty-five guests attended the wedding and reception. Out-of-town guests were Mr. and Mrs. Jack Leeper, Raydeen Brown, of Amarillo; Mr. and Mrs. Lawrence V. Lee and children, Pampa; Mr. and Mrs. Edgar Lee, McLean; Freddie Trout, Borger; Reverend and Mrs. Bob Gorson and children, Arlington; Miss Janice Tabor, Wheaton, Md.; Bobby Stewart, and the bride's grandparents, Mr. and Mrs. B. L. Wren of Colorado City, Texas. —Reported.

Wedding Date Revealed at Tea

Announcing the engagement and approaching marriage of their sister, Miss Marjorie Bural of Groom, Texas to Mr. George Thompson III, Clarendon, Texas, Mrs. John Chauveaux of Claude and Mrs. Jimmy McCracken of Pampa entertained with a tea Sunday, July 27th at the ranch home of Mrs. Chauveaux.

Guests were greeted by Mrs. Chauveaux and introduced to Mrs. Burt Bural, the honoree, and Mrs. George Thompson, Jr.

Alternating at the guest register throughout the afternoon were Mrs. Chauncey Hommel, Clarendon, and Mrs. O'dell LaGrone, Amarillo, both sisters of the groom-elect.

Mrs. McCracken invited the guests into the dining room where the refreshment table was laid with an imported white organdy cloth over yellow. A beautiful arrangement of Hubbard roses backed by six tall white tapers in Fostoria candelabra centered the table. Blue satin streamers extended from the floral arrangement and bore the couple's names and revealed the wedding date, September 6.

Miss Judy Thompson, sister of the groom-elect, served individually dipped white cakes topped with blue wedding bells. Miss Nancy Helton of Groom dispensed punch. Blue and white mints, and nuts were served.

Approximately sixty guests from Groom, Clarendon, Pampa, Claude and Amarillo registered during the receiving hours from 2 p. m. to 5 p. m.

The bride-elect is the daughter of Mr. and Mrs. Burt Bural of Groom. Mr. Thompson is the son of Mr. and Mrs. George Thompson, Jr. of Clarendon.

The Methodist Church in Groom will be the scene of the wedding. —Reported.

Those from Clarendon attending the annual Pittman reunion in Elwood Park, Amarillo, Sunday were Mr. and Mrs. Carl Pittman and daughter Judy, and Miss Sandra Shultz and Mr. and Mrs. Jack Eddings and daughter Joyce. —Reported.

ENGAGEMENT ANNOUNCED

Miss Barbara Darnell, daughter of Mr. and Mrs. V. P. Darnell, will become the bride of Edward J. Orsak, son of Mr. and Mrs. Julius Orsak of San Antonio, Texas. The wedding will be solemnized August 16.

W. S. C. S. OF LELIA LAKE

Mrs. Earl Myers was hostess to the W.S.C.S. of Lelia Lake Tuesday, July 22 at 4 o'clock in her home. Mrs. Ida Mace opened the meeting with prayer. Peggy McDonald gave the devotional brought from 1 John 4:7-21. She also was in charge of the program and gave a declamation of "Bigger and Better Elephants" which was written by a college boy and was enjoyed by all.

In the business meeting Mary Lee Noble president, presided. Group voted to have a supper on family night the second Wednesday of each month instead of ice cream and cake. Also voted to buy a carpet and drapes for parsonage with parsonage committee in charge. Mrs. McDonald reminded us to have old but clean clothes ready to be sent to headquarters by the first of Sept. Group was dismissed with circle prayer.

Refreshments of punch and ice cream was served to Mrs. Anita Thurman, Mrs. Gladys Seago, Mary Lee Noble, Belle McDaniel, C. M. Meyer, Ida Mace, Peggy McDonald, Norma Chamberlain and the hostess Jewel Myers. —Reported.

Shower Honors Bride-Elect

Miss Patsy Schull, bride-elect of Jimmy Lee, Borger, Texas, was honored with a bridal shower Thursday afternoon, July 24, in the home of Mrs. Harmon Fricks.

The bride-elect's chosen colors of white and blue were featured in the floral and decorative motif. The refreshment table was covered with a lace cloth over blue and centered with an arrangement of dahlias with miniature archway and silver wedding bells.

Assisting in serving were Misses Elaine Behrens, Carol Spencer, Beth Johnson, and Alice Johnson.

Miss Barbara McBrayer registered guests in the bride's book. Forty-six guests attended and several who were unable to attend sent gifts.

Hostesses for the courtesies were Mesdames Dollie Bain, Truitt Behrens, Bill Weatherly, Orville Housden, Junior Johnson, Harmon Fricks, Bill Allen, L. P. Moore, Doss Finley, O. L. McBrayer, and Hollis Bannister.

Preceding the shower, the Y.W.A.'s of the First Baptist Church presented Pat with a beautiful white Bible. Mrs. L. P. Moore, counselor, presided at the impressive candlelight service.

THE LIONS DEN or The Roar of the Lions

By the Liontamer

Someone in years gone by said, "Everyone talks about the weather but no one does anything about it". Maybe Mark Twain made that statement, but at any rate the members of the Clarendon Lions Club and their guests enjoyed some down to earth weather talk at the Tuesday Luncheon meeting, when the program chairman showed up with the weatherman from KGNC WEATHER CENTRAL, Dan True. Dan limited his talk to the subject of tornadoes, and then further limited it to means of self protection in the event of tornadoes. He exhibited the Griffin tornado alarm gadget which he explained was excellent if the owner was on the mark, set and ready to go at the time the alarm was set off by the drop of the barometric pressure. Dan said, "there are no set patterns of hail or precipitation, preceding or following a tornado". Either could happen and usually does. Those present enjoyed Dan's program, as he injects good down to earth humor in his talk. Thanks to the Program Chairman for presenting us with Dan True.

Tuesday's meeting was another fine meeting, full of fellowship, and a few finicky eaters. Lion "Tunney" Kent and Lion "soft drink" distributor Allmond invariably turn down either food or drink at some stage of the meal. However it becomes difficult to understand their action when it involves a big glass of iced tea or a seasonal delectable dessert. It is probable that the "Taitwister" should institute a subcommittee investigation of such action on the part of prominent members of the Club.

tee investigation of such action on the part of prominent members of the Club.

The Club hosted guests of a number of its members as follows: Lion Phelan's son, Frank; Lion Edgett's guest, Dr. John Shulze; Lion Bill Lowe's guest, Jess Finley, County Commissioner of Precinct 4 of Donley County; Lion Pickering's guest, Richard Hall, formerly the counselor for the schools of Donley County, now located at Midland, Texas. Richard has been pursuing his educational aspirations by doing graduate work at Berkeley, California during the summer. He is a capable young man and appears destined to some great work in the field of guidance and counseling among the youth of the State.

To those who by reasons robbed their control were robbed of the pleasures of the Tuesday meeting, we hope it will be possible for you to be back in attendance at each weekly meeting during the remainder of the year and on and on.

Mrs. George Thompson, Jr. and George III visited her sister and family, Mr. and Mrs. Harold Thomas and family in Amarillo Thursday night and Friday.

Panhandle Lake Study Finished

AUSTIN—Recent investigation of Rita Blanca Lake near Dalhart has been completed by biologists of the Game and Fish Commission. The project was conducted to determine the species of fish present in the lake as well as their abundance, habits, and condition. The investigation yielded 2,664 specimens which were made up of 17 species. Included in the collection were fish of the minnow, catfish, bass, sunfish, crappie, and perch families. Condition of all fish taken was found to be excellent, but recommendations were made to improve spawning facilities to keep up with increasing sports fishing in the area.

In Canada a gallon measures almost five quarts.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

ATOMIC RESEARCH AND DEVELOPMENT

It looked for awhile as though many state universities and schools would not be permitted to participate in atomic energy research and development. This was due to some provisions contained in the Atomic Energy Act of 1954, as amended in 1957. The Act requires the proper licensing of those organizations desiring to operate a nuclear reactor. The Amendment of 1957 provided, in effect, that an organization could not get a license unless it met certain requirements with regard to waiving any immunity from liability it might have as a state, and to meet certain other requirements in the nature of indemnity agreements, and the purchase and maintaining of liability insurance. All of this was intended to protect the public, and interested parties and organizations were so advised. However, the states, state universities and other state schools probably did not realize the situation in which they would be placed. The University of the State of Texas would be barred from operating a nuclear reactor. This was because the Constitution of the State of Texas in Article 3, Section 50, provides as follows:

"The Legislature shall have no power to give or to lend, or to authorize the giving or lending, of the credit of the State in aid of, or to any person, association or corporation, whether municipal or other, or to pledge the credit of the State in any manner whatsoever, for the payment of the liabilities, present or prospective, of any individual, association of individuals, municipal or other corporations whatsoever."

This meant that if the University of Texas and other state schools in many other states in this country were to be able to operate nuclear reactors and engage in research and development in the atomic energy field, something had to be done. Either the state constitutions and statutory laws had to be changed or the federal law had to be changed. To change the state constitutions and laws, in order to meet these licensing requirements, could and probably would be open a virtual Pandora's Box of confusion and trouble in many other activities of the states. Such action would also add to further encroachment by the federal government toward tearing down state constitutions and laws, a practice to which I am violently opposed. Under the circumstances several of us, who realized the tremendous contributions that could be made in the research and development programs in the atomic energy field, proposed an amendment to the law which would exempt non-profit educational institutions under certain circumstances from these burdensome requirements. These bills were introduced by four Members of the House of Representatives—Congressman Melvin Price of Illinois, who is a Member of the Joint Committee on Atomic Energy, myself, and Congressmen Moulder of Missouri and Matthews of Florida. Although we are in the late days of this session, it is my feeling that these bills will pass both the House and Senate and be signed by the President.

THE UNSOLVED PROBLEM

The age-old, but never solved, problem is the old age problem. True, great strides have been made during recent years toward partial solution however, we are still a long way from the proper answer. It was thought that the Social Security program would be the perfect solution. It has been a solution in many cases, but it has not and cannot provide for the needs of so very many of our aged citizens who find themselves in extreme economic difficulties in the late years of their lives. Many of them are unwanted, have no loved ones, and no one to care for them. They are, in many instances, tragic figures of ill health susceptible, by reason of their frailties, to crippling diseases and maladies. Many of them have dependents, such as disabled children who are either mentally or physically crippled, and remain dependent upon their aged mother or father. It would be im-

possible to put into words the feeling of complete despair that must engulf these tragic figures when they discover that many of the basic laws, under which they have lived all of their lives, are discarded and cast aside in determining their eligibility for participation in the Social Security program. I have reference to several particular occasions in which the Social Security Administration has actually repealed the Community Property Laws of the State of Texas and replaced them by a bureaucratic directive in order to deny eligibility of a disabled child to participate in the Social Security program. In other words, they are wholly disregarding the basic property laws of many of the states and thereby resolving any doubt against a mentally or physically disabled child in order to deny contributions that were intended to go to the child. How crass can you get? I wish I had the space to tell you more about this situation. I can tell you that I intend to try to do something about it.

THE MIDEAST

The political explosion in the Mideast swept everything off the front pages and the foremost spots on television and radio broadcasts. This included the much publicized Adams-Goldfine hearings, which will probably be suspended for awhile until other legislative business can be taken care of before adjournment. However, it can be expected that the Adams-Goldfine hearings will continue as soon as time permits. The people of this country are entitled to know the full story as to what has or has not happened with relation to the conduct of the administrative agencies of this government. These agencies occupy a quasi-judicial status in our economy, and in many instances their powers exceed those of the courts. Under the circumstances, side door entries and influence peddling cannot be tolerated in the slightest.

The Mideast situation has unified this country as it should. The developments in that part of the world were probably anticipated but not expected. It was generally felt in Washington that anything could happen, but apparently few people expected it to happen when it did and where it did. This has caused deep concern in many parts of the Nation's Capital, and these questions are being asked repeatedly: "Where was our Intelligence?" "Was there a lack of knowledge or a lack of cooperation?" Apparently, it was one or the other. The intelligence agency of this government is under the jurisdiction of the Executive Branch and has been headed for several years by Mr. Allan

Dulles, the brother of Secretary of State John Foster Dulles.

Within the past few months two incidents have occurred about which the government of this country, if not all of the people, should have had ample advance warning. The first of these was the occurrence in the Latin American countries when the Vice-President of this country was spat upon by angry and demonstrating mobs who obviously were spurred into action by a long, smoldering feeling of hatred and ill-will as to some of the policies of this government. At that time I wrote a newsletter in which I posed the question as to whether or not the intelligence agency of this government was at fault. Subsequently, I was told in private that the intelligence agency knew of the ill feeling and unrest in those countries and had warned the Vice-President; further, that the intelligence agency of this country was second to none in the world.

Yet, only a few short months later the leaders of the American Congress are called to the White House unexpectedly and on an emergency basis and advised that developments have occurred in a Mideast country which could destroy the peace of the world.

The country in which these occurrences took place was a country which has received much of the foreign aid money of this country; a country which we had counted on as being friendly and a military ally, and a country which has as its capital the city that furnished the name for the Baghdad Pact. These and many other smaller incidents connected with the over-all development are causing many people in Washington, including myself, to wonder just what has happened to our Intelligence. The revolt in Iraq was not developed in a few minutes. It is undoubtedly the result of extended and detailed planning. Certainly if our intelligence departments did not know what was happening in this instance, how much more is going on that is not known. If the intelligence departments did know what was going on, then the question arises as to why the Executive Branch of this government did not keep in close touch and liaison with the Legislative Branch of the government—the branch that is most closely associated with the people, who, after all, are the government. Our country unite as it always has against any common foe, but in my opinion, it is high time that the White House took a long look at the intelligence agencies of this government and made some corrections. Otherwise, it can expect the Congress to do the job.

WHEN'S THE TIME TO BUY A CAR?

"WHEN I CAN AFFORD IT!"
Tsk, tsk! Too bad he hasn't checked up on car prices lately. He'd find that Ford is the lowest priced* of the best-selling three!

"WHEN THEY INVENT A CAR THAT DOESN'T NEED GAS!"
Gracious! The gentleman obviously hasn't heard about Ford's Mileage Maker Six—the modern short-stroke Six that delivered the most miles per gallon in Class A in the last two Mobilgas Economy Runs!

"WHEN THE OLD CAR'S HAD IT!"
But it has... and so has his budget. If he could only have back all the money he's been paying out (and is going to pay out) in repair bills... he could be the proud owner of a 58 Ford!

"WHEN MY PRESENT CAR IS WORTH MORE!"
Poor man. He's not only missing out on summer driving in a Thunderbird-inspired Ford... he's missing out on money! Doesn't he know that his present car will NEVER be worth more in trade than right NOW!

"WHEN FORD DEALERS ARE GIVING THE YEAR'S BEST DEALS DURING FORD'S SUMMER TRADING PICNIC!"

Every Ford has SAFETY GLASS in every window

Smart fellow! He's buying NOW while Ford Dealers are holding their Summer Trading Picnic and giving the longest deals and the highest trades ever... and while the selection of models and colors is best. What's more, he'll find that Ford is the lowest priced* of the best-selling three! Why not join him at your Ford Dealers?

Postal Rates-

(Continued from Front page) while the nation becomes accustomed to the new rates, despite some reports to that effect.

The post office has, however, put off until Oct. 31 collection of a 5-cent penalty for delivery of mail lacking the right amount of postage. Postmen have been ordered to see that all mail post-marked Friday bears sufficient postage or it will not be delivered. If a letter is short on postage, the mailman will try to collect from the addressee. If he refuses, the mail will go back to the sender if it bears a return address. Otherwise it will wind up in the dead letter office and be destroyed.

Remember, old stamps are good as they ever were. They can be used by simply adding a 1-cent stamp to the letter or card.

Since our local Post Office does not stay open all night, only pieces of mail that is left at the local office prior to 7 p. m. will go out at the old rate. The last employee of the local office on duty will cancel all mail at that time with the July 31st date. Any letter or other mail deposited after that time should carry the new stamp rate.

Visitors In Covered Wagon Stop Here Saturday

Three youths from Beaumont, Texas traveling in a covered wagon, stopped here Saturday to eat dinner and rest a bit on their journey to San Francisco. The wagon was being pulled by a team of mules, Cassius and Pandora.

The youths, Jerry McElroy of Port Neches; Bobby Williams of Groves; and Bill Hickman of Nederland, all 19, are pre-law students at South Lamar Tech in Beaumont. They are making around 25 to 30 miles a day and hope to see San Francisco around October first. They are being sponsored by Highway 287 Association and their route will take them up through Wyoming, Salt Lake City and on to California.

While here they were dinner guests of Ross Noles, local horse shoe expert. Ross tightened the shoes on the mules and also told the youths that they certainly would need a brake on their wagon before they reached the mountain area. None of the youths had had any experience with mules or wagons before starting on the trip but reported they had already learned plenty.

FARM NEWS

from the County ASC Committee

COTTON QUOTA PENALTY SET AT 19.3 CENTS

Farmers who grow "excess upland cotton this year will be subject to a marketing quota penalty of 19.3 cents per pound, according to word received by the Donley County Agricultural Stabilization and Conservation Office. As required by law, the Department of Agriculture has set the penalty at 50 per cent of the parity price effective as of June 15. The penalty rate on extra long staple cotton is 41.6 cents per pound.

Growers approved marketing quotas for the 1958 crops of upland and extra long staple cotton in referendums last December 10. When cotton marketing quotas are in effect, ASC Committee Chairman Springer explains, a farmer who does not comply with the cotton acreage allotment established for the kind of cotton grown on his farm is subject to penalty on his farm marketing excess. The cotton crop from such a farm is also ineligible for price support.

Each type of cotton is treated independently. Mr. Springer points out. Upland cotton cannot be substituted for extra long staple cotton or vice versa.

CONSERVATION RESERVE SIGNUP AVAILABLE SOON

Farmers of Donley County will have the opportunity within a few weeks to get full information about the Conservation Reserve program of the Soil Bank for 1959 and decide on participation, according to Mr. Springer, Chairman of the Donley County Agricultural Stabilization and Conservation Committee.

Chairman Springer explained that the Conservation Reserve is being opened early this year because the other part of the Soil Bank - the Acreage Reserve program - will not be in effect in 1959.

Under the Conservation Reserve program, farmers contract with the U. S. Department of Agriculture to reduce their acreage of harvested crops for a period of up to 10 years, and devote this acreage to conservation practices. In return for this contribution to production adjustment the Government makes an annual rental payment to the farmer based on the productivity of his land. The Government will also share in the cost of establishing the conservation practices.

Chairman Springer called attention to three major changes in the 1959 Conservation Reserve from the program in effect this year. They are:

1. A higher average level of rental payments with the individual rate depending upon the productivity, agricultural value, and rental rates for similar land in the locality.

2. A higher payment rate as an incentive for a farmer to place all eligible cropland in the Reserve.

3. A priority system for accepting contract applications which gives preference to those farmers offering land at the lowest cost per unit of productivity.

Farmers will be notified as soon as the county office is ready to receive Conservation Reserve applications, the Chairman said.

REDEMPTION OF SOIL BANK CERTIFICATES IN GRAIN

We would like to remind producers with acreage reserve agreements who will receive negotiable certificates that the certificates may be redeemed in grain through the delivery of warehouse or bin-site stored grains owned by Commodity Credit Corporation or by releasing to a producer grain which has been placed under price support loan by him.

If any producer is interested in redeeming his Soil Bank Certificate in grain please come to the ASC office for complete information.

HEADRICK THANKS VOTERS

I wish to express my thanks for the support given me during my campaign for Justice of Peace. I shall endeavor to perform the duties of the office to the best of my ability.

Sincerely,

Rebecca King To Study In Austria

Ninety-seven Oberlin College undergraduates of Oberlin, Ohio, comprising the entire third-year class of the Oberlin Conservatory of Music, will sail from New York on the Queen Elizabeth on September 24, to begin a unique experiment in music education. The class will be transplanted, for one academic year, from Oberlin's 125-year-old midwest American campus to the world-famous Salzburg, Austria, Academy of Music and Performing Arts—the Mozarteum.

Miss Rebecca King, daughter of R. Y. King, of this city is included in this class that will go to Austria. Her major is violin. At present Miss King is spending the summer here with her father.

Under the experimental program, adopted last year on a three-year trial basis, Oberlin students in residence at Salzburg will study required and elective courses in music theory, technique and history, together with German language, European history and fine arts, and will receive full credit toward their Oberlin music degrees.

In their senior year the students will return to Ohio to earn Bachelor of Music degrees with specified major courses. Freshmen and sophomores will continue to study at Oberlin, and it is expected that the absence of the junior class in Austria will enable the Conservatory to increase its overall enrollment, which now stands at about 400, by about 25 per cent.

The first Oberlin-in-Salzburg class will arrive in Cherbouurg, France on September 29, and will travel by chartered buses to Salzburg, where students will live at the Hotel Kasererhof and the Schloss Frohburg. During the year there will be trips to Munich, Vienna, and other cultural centers, as well as opportunities for holiday trips to Italy, France, West Germany, Switzerland, and other countries. The student's regular tuition and fees will continue to cover the cost of the year in Europe.

Individual Oberlin students, in the Conservatory and in the College of Arts and Sciences, have previously taken time during their college course for study abroad, but this marks the first time that a whole segment of the college has transferred its students and curriculum to another country.

JUDGE R. E. DRENNAN THANKS VOTERS

I wish to express to the people of Donley County my sincere thanks for the large vote of confidence you gave me in the first Primary Election Saturday which was my first bid for an elective office. I shall do all within my power to make you a good official. Thanks again.
