IKE WINS BY LANDSLIDE

Student Council To Entertain C.H.S. Alumni Here Friday, Nov. 9th

A new Student Council has been created in Clarendon High School. It is a legislative body composed of two elected delegates from each class. The senior delegates are Linda Lamberth, President, and John Payne, Treasurer. Junior delegates are Phyllis Hill, Secretary and Jerry Behrens, Vice-President; the Sophomore delegates are Barbara Kooztz and Carl Talley; the Freshman delegates are Judy Johnson and Dewey Wilson, and the two college advisers are Claudette Green and Ronny Martin.

The student council of C.H.S. has planned and completed arrangements for registration, celebration and entertaining the alumni of Clarendon High School on Nov. 9th. The Clarendon-Memphis football game will highlight the occasion.

The student council appreciates the opportunity they have been given to sponsor this year's events. We hope that it is only the beginning of a long series of Homecomings that bring our students together. This annual celebration will give one a chance to show his loyalty for his Alma Mater, to renew old friendships and to enjoy moments of reminiscing.

We are planning to hold an open house at the high school with registration beginning at 9:00. Coffee and doughnuts will be served to all visiting exes. The climax of the homecoming activities will be the football game during which the football queen will be crowned. We would like to take this means to urge you to attend this 1956 Clarendon Homecoming. —The Student Council.

Bronchos Blank Canadian 20-0

Fielding a strong defense and a determined offense, the Bronchos came thru a none-too-easy battle last Friday night to blank out the Canadian Wildcats 20-0 in their third conference game of the season. This leaves only one opponent, the Memphis Cyclone, between them and district honors and this important game will be settled Friday night in Broncho stadium.

The Bronchos scored all three touchdowns in the 2nd and third periods. Their first scoring drive started on the Bronco 30 yard line and Payne concluded the drive by plunging over from the 1 yard line. Robert Mills put the pigskin thru the uprights for the extra. The second tally was on a 45 yard pass play. Payne tossed to Baten who turned on the speed and raced over for the six points. Mills, holding true to form, booted thru the uprights again for the extra. The final 6 points followed a few minutes later after Jimmy Philley raced 59 yards to the six yard line and then carried over on the next play.

Good blocking and good work by the Broncho line was evident throughout the game. The Wildcats had several drives underway but the Bronco line always came up with the needed strength to subdue them before they reached pay dirt.

Victory in the game was sweet but the bad breaks seem to find their way into a game too as was the case with Richard Vallance who received a kidney injury which has required a stay at Adair Hospital this week. He was reported feeling much better Wednesday morning outside of the thoughts of missing the opportunity of playing in the Memphis game Friday night.

"This Atomic World" To Be Featured On Assembly Program

Clarendon High School and Junior College students in Clarendon, Texas, will next Friday have the opportunity of getting acquainted with the wonders of our present age at a special assembly program. Featured on the program will be "This Atomic World," a traveling atomic energy exhibit of the US Atomic Energy Commission.

The exhibit will be sent to Clarendon from the Museum Division of the Oak Ridge Institute of Nuclear Studies, which manages the exhibit, as well as the American Museum of Atomic Energy in Oak Ridge, Tennessee, for the Commission.

"This Atomic World" is one of several traveling exhibits which the Commission has made available to towns and cities all over the United States. It is designed to meet the needs of principals, science teachers, and civic leaders in stimulating a deeper interest in the peacetime uses of atomic energy.

In Friday's program, a staff member of the Museum Division will take the audience on an educational and entertaining excursion into the atomic age. Utilizing exhibits and demonstration equipment, the demonstrator will explain in simple language the fundamentals of atomic energy and how it compares with other types of energy; how atomic energy is released through radiation and fission; and how atomic energy is used in agriculture, medicine, industry, and other fields.

Illustrative charts, panels, models, and equipment will play important roles in the demonstration. One of the outstanding attractions of "This Atomic World" will be a demonstration model of the Van de Graaff electrostatic generator. This device, which generates 250,000 volts of static electricity, will be used to explain how large models are used in physics laboratories to study atomic structure.

The above program has been set for 10 a. m. Friday morning in the college auditorium and will be free of charge to those of the public who wish to attend.

Lions To Sell Brooms, Door Mats, Etc. Tuesday Night

Members of the Clarendon Lions Club will make a door to door canvass of our little city next Tuesday evening at 6:30 P. M. to give everyone an opportunity to buy such items as ironing board covers and pad combinations, top quality corn brooms, attractive door mats, mops and other items.

These various items are manufactured by Texas Blind workers in Blind Shops or Light-houses, which are non-profit organizations with the money derived going back into the shops to help train other blind persons for useful occupation.

The local club has been divided into teams and will use pick-ups to haul the merchandise as they make the rounds. The Texas Blind Shops Caravan will be here all day Tuesday at the Court House and a truck with the various items will be parked at the old First National Bank building corner for those who wish to buy throughout the day.

Only Two Polling Places For Amendment Election

In a special meeting Monday, November 5th, the Donley County Commissioner's Court issued an order that only two polling places be open for the Special Constitutional Amendment Election which has been called for Tuesday, November 13. This order was issued due to the high cost of holding such an election.

The two voting places will be at the Court House in Clarendon and the City Hall in Hedley with qualified voters entitled to vote at either polling place.

Thanksgiving To Be Observed Here November 29

Since the local schools have set November 29th and 30th as Thanksgiving holidays, it is generally understood that Nov. 29th will be the date to enjoy that big Thanksgiving dinner in Clarendon. It is generally understood that all business firms will be closed here on that date also. The 29th is the traditional Thanksgiving Holiday, although there has been some modern day changes when 5 Thursdays occur during the month of November. Remember to make your plans for the 29th.

Local Lumber Yard Burglarized Sun. Nite

The Shanburger Lumber Co. was burglarized Sunday night and the firm lost around \$150 worth of tools to thugs who broke out a back door glass to gain entrance to the building. Oscar Thomas, manager, found the front door unlocked when he went down to open up Monday morning and immediately started a check to see what was missing. Two electric drills, some vises, wrenches and other miscellaneous items, valued at around \$150, were missing.

Sheriff Truett Behrens stated that he believed the robbery was connected with a ring operating in the Panhandle the past few weeks. Two men were picked up Tuesday in connection with a robbery at Claude and it is possible these two or other members of an organized ring had something to do with the local job.

1957 Buicks Go On Display Nov. 9th

A new line of Buick cars for 1957 packed with more engineering and styling changes than any previous model will go on display at Leon Davis Buick Friday of this week.

The new line features all-new roomier bodies, boldly designed in smart, new "dream car" styling, new and more powerful V-8 engines, and a completely new chassis with improved ride and handling. All of the new cars have been reduced in height.

FORMER RESIDENT DIES IN CALIF.

Word was received here last Thursday of the death of Mrs. Cleveland Hayter on October 31st at Compton, Calif. Funeral services were held at Compton last week and also at Archer City, Texas on Sunday. Interment was in the Archer City cemetery.

Mr. and Mrs. Hayter made their home here several years after the death of a brother, W. T. Hayter. They moved back to California several months ago.

PRESIDENT EISENHOWER

President Dwight D. Eisenhower was re-elected to the presidency of the United States by a larger landslide Tuesday than in 1952 and polled the largest popular vote to ever be cast for any candidate for this high office. Early Wednesday morning Ike had received 28,372,564 votes and Stevenson had received 20,773,426. The President had won 39 states with 435 electoral votes and led in two others with 22 for an indicated total of 457.

Adlai E. Stevenson conceded his defeat at 12:20 a. m. in a speech delivered in Chicago. A few minutes later, Mr. Eisenhower solemnly accepted the decision as a triumph for the principles for which he stood.

In addition to carrying the nation, Ike scored in Texas with a total popular vote exceeding 879,000 to Stevenson's 690,000. The voting took a slight reverse turn here in Donley County from the 1952 election at which time Ike received a majority. This time he received 826 to Stevenson's 903.

Dropping down to state politics, Price Daniel received an overwhelming vote for Governor and the eight amendments voted on all carried by a large majority. A ninth amendment will be voted on in a special election next Tuesday, November 13th.

North Ward School Reopens Nov. 12th

The North Ward School will open Monday, Nov. 12, following a seven-weeks recess for the cotton harvest.

The school will have a new principal in the person of Richard P. Blanton of Dallas who will succeed Robert H. McPherson. Mr. McPherson died recently at his home in Pampa after serving the North Ward School as principal for the past four years.

Mr. Blanton is a graduate of Texas College of Tyler where he received his Bachelor of Science Degree. He has also attended the Perkins School of Theology in Dallas and the Southwestern Theological Seminary in Ft. Worth. He has been employed with the Burns Detective Agency of Dallas as a Special Investigator for the past four years. Prior to that he taught school at the Sheppard Air Force Base, in Wichita Falls.

Mr. Blanton is married and has one child, a boy.

Bentley Grocery In New Location

Announcement is being made in this issue of the Leader that the Bentley Grocery, operated by Bill Bentley, has been moved to the old M-System location on main street in the same block with the Post Office. Mr. Bentley formerly operated his business in the building with Thomas Feed & Produce on west highway 287.

Bulldogs To Open Basketball Season Tuesday Night

The Clarendon Junior College Bulldogs, with only three returning lettermen from last season, only one of which was a starter, open the 1956-57 basketball season against the Wayland College Freshmen at Silverton next Tuesday night. The game will dedicate the new gymnasium at Silverton which has just been recently completed.

The Bulldogs have a new coach this year. D. E. "Buddy" Travis has taken over the coaching of the Bulldogs this year. Travis coached at Silverton High School the past four years where his girl's team won the district championship every year and his boys copped the district championship three of the four years. Travis made quite a record for himself while playing for the Amarillo College Badgers, gaining All-American honors his second year there. From Amarillo he went to Texas Western College at El Paso where he played one year, then transferred to Wayland College where he played one year and received his degree.

Coach Travis has his work cut out for him this year at Clarendon Junior College. He has only one starter back from last year's team and has the strongest schedule ever faced by a Bulldog team. Boyd White, 6'1" guard, is the lone veteran from last year's team. White is from Lelia Lake. Other returning lettermen are Jay Wilson, 6' forward from Fallett, and Kenneth Newman, 6'4" center from Mobeetie. Another squadman from last year is James Lanier, 6' forward from Kirkland. White and Wilson are Captains of this year's team.

Freshmen on the squad include: Steve Jarigan, 6'2", and William "Buzz" Bailey, 6'3", both for (See Bulldogs, back page, Sec. 1)

School Administrators Attend State College Meeting At Austin

Clarendon Junior College President W. W. Pinkerton, and Dean R. E. Drennan attended two state junior college meetings over the past week-end at Austin. The first meeting was a meeting of the Junior College Administrators Saturday afternoon and the second was a joint meeting of the administrators and the State Board of Education on Sunday.

The object of the meetings was to make a study of the proposed plan for junior college finance. The State Board of Education is preparing to submit a plan to the Legislature for the permanent financing of the Texas Public Junior Colleges. Heretofore, the Legislature has appropriated money each two years for the support of the junior colleges. However, under the proposed plan, the Legislature would set up a formula similar to the present public school financing program which was enacted in 1949 under the Gilmer-Aiken Laws.

The new plan under its present form, which is subject to revision before being submitted to the Legislature, would provide \$300 for each of the first 350 students, \$250 for the second 350 students, and \$200 for the remainder of the students in any individual junior college. Under the present set-up, last year and this year, the junior colleges have received approximately \$230 for the first 200 students and \$180 for the remainder.

Broncos To Play Memphis Cyclone In Traditional Game Here Friday Night

Rev. Clark Campbell M. Y. F. Speaker At Hedley, Nov. 12th

Main speaker for the Hamilton sub-district meeting of the Methodist Youth Fellowship at Hedley on Monday evening, Nov. 12, will be the Rev. Clark Campbell, pastor of Overton Methodist Church in Lubbock. He will be speaking in connection with the "Fall Action Project" on Alcohol. Rev. Campbell, while pastor at Ackerly, was temperance secretary of the Big Spring district, and in the Youth Assembly at Abilene this last spring was leader in the only workshop on alcohol that was offered.

Registration is at 7, the service beginning at 7:30.

Rev. Campbell will speak in a special assembly at the Hedley school, for grades 7-12, at 9 on Tuesday morning.

WTU Home Economist Speaks To High School Homemaking Classes

Mrs. Helen Hurst, Home Economist for West Texas Utilities Co. of District "J", met November 1st with the various homemaking classes of Clarendon High School and explained in detail the many new features of the Kelvinator Electric range. Mrs. Hurst's demonstration included care of the range, economical use of the surface units and the automatic oven. Special emphasis was given to the use of the thermizer showing how it could be used as a fryer, oven, surface unit, roaster, and broiler. She prepared and served ice box cookies, doughnuts and milk. Food for the demonstration was furnished by the local West Texas Utilities Co., Mr. C. A. Pitts, manager.

Kelvinator has a special school program which allows a new model electric range to be installed each year. Mr. W. J. Hembree, district sales manager, working out of Childress, is responsible for these educational demonstrations in the schools participating in this special school program.

First Baptist Church Discusses Budget

The First Baptist Church of Clarendon discussed their budget last evening for the 1957 year. According to their pastor, Bro. Van, it marks a mile stone in the progress of the church. The total budget, not counting special offerings, is almost \$26,000.00. With the special gifts paralleling last years, the total gifts of 1957 should exceed \$29,000.00. Bro. Van stated that the church budget includes over \$5,000.00 to causes outside the local church, and this figure will possibly be nearly \$9,000.00 as extra love offerings are taken.

The church will vote its approval of the budget this Sunday morning.

TO ATTEND SEMINAR

Dr. and Mrs. Joe Goldston will attend the Tri-State Seminar in Amarillo Friday and Saturday of this week. The principal speaker at this meeting will be Dr. M. E. Van Orden of New York City. Dr. Van Orden is noted as the most outstanding man in the United States on visual training.

Leader—Local rate, \$3.00 a year.

Bronchos To Play Memphis Cyclone In Traditional Game Here Friday Night

In addition to the old traditional battle, the Bronchos will be scrapping the Memphis Cyclone Friday night for District honors, for it they win it, they will have won district honors for the first time in a number of years.

The game, between these two teams has been a traditional fight as long as we can remember back and it isn't always that the stronger team wins, for they both play a super brand of football and the team that slacks up the least, is usually the winner.

Outside of Richard Vallance, the Bronchos are reported by Coach Jinks to be in pretty fair shape for the game. Vallance received a kidney injury in the Canadian game last Friday night and has been in the hospital since, but is reported improving nicely. If the Bronco defense performs as they should, the Cyclones shouldn't be able to run up a very big score. The Cyclones have a better record for the season than the Bronchos but they haven't had to play the opposition that the Bronchos have faced. They have won five, lost two and tied one. The Bronchos have a five won and four lost record to date.

Coach Jins released his probable starting line-up as follows, beginning at left end: Baten, C. Mann or Hudson, Leflew or DeBord, Richerson, M. Mann or Jitter Graham, Pittman and J. Mills. Backfield positions: Behrens at full; Philley, Th. Mills, rb. and Payne at quarter.

According to principal Kenneth Vaughan, a new parking policy will be in operation Friday. He stated that the field gate would be open at 2 o'clock for those wishing to park their car before game time and it would be a first come, first serve operation. The parking fee is 50c and this money is used to pay for the film that is used to take pictures of the game. The gates will be open at 6 p. m. for admittance to the game, he added. Game time will be 7:30.

New 1957 Oldsmobile On Display Friday

Oldsmobile for 1957 has completed the most sweeping model change in the past 20 years, with distinctive styling innovations and mechanical improvements in every one of the 17 body styles in three series of cars. The body is completely new, creating a fashion-new exterior appearance with deeper bumpers and a redesigned grille. Mechanical and structural advances include a new wider and heavier chassis, new "pivot-plate" front suspension of a design that resists dipping, improved rear suspension, a new 277-h.p. "Rocket" engine, known as the T-400 due to its high torque throughout the driving range, and new 14-inch wheels.

The 1957 Oldsmobiles will go on display at the Estlack Machinery Co. showroom Friday, November 9th.

Lions Pancake Supper Friday Night

The Clarendon Lions Club is featuring another of their famous Pancake Suppers Friday evening at the Lions Club Hall. This means that anyone can go to the Hall and eat all the pancakes they want for only 50c.

Serving hours will be from 5 p. m. until after the Clarendon-Memphis football game. Everyone is invited to come out and see what fine cooks and servers there are in the Lions membership.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

THE DISASTER FEED PROGRAM

The disaster feed program instituted by the Department of Agriculture, under authority delegated by the Congress, was intended to provide a protective cushion against the devastation of the drought. With cattle prices going down and feed prices going up, the rancher is caught in an economic vise that could easily squeeze him into bankruptcy. This situation is not a stranger

to the cattleman, because it has happened in the past. However, it is unusual for these two economic pressures to be accompanied by a prolonged and tragic drought. In the usual trend of events, the rancher could protect himself by permitting himself to grow out of such economic depression. His grazing land was his loophole by which to avoid bankruptcy from falling cattle prices and rising feed prices. However, the drought plugged up this loophole. The rancher found himself wholly without grazing lands. This simply meant that he had to feed his animals or sell them. The Congress, realizing the seriousness of the situation, authorized the Department of Agriculture to set up and administer the

program that would save the ranchers.

However, there has been much complaint about the manner in which this program has been administered. There have been charges that preference has been given to some while others have been discriminated against. Any and all evidence in support of such charges should be documented at once by those familiar with these situations, if they exist, and submitted to the Department of Agriculture with a copy to the Members of Congress. The hay and feed program was not intended to be used as a political football. If such practice has been engaged in, those responsible should be made to answer.

The recent complaints that have been coming into my office concern the price increases in feed and roughage, since the government program has gone into effect. One man writes me that before the government program started, he could buy hay at \$22 per ton. Since the program started, the price has increased to \$42 per ton. Cotton hulls that could be purchased at \$14 before the program now cost about \$24. Grain was increased from \$1.70 per cwt. to \$1.90 per cwt. just about the time the program went into effect. Those ranchers who were eligible to participate in the government program was issued certificates which had a value of \$7.50 per ton on hay and cotton

seed hulls. It is obvious that the increases in price exceeded the amount of help coming from the government. This simply meant that the eligible ranchers were not the recipients of the aid. The certificates on grain amounted to \$1 per cwt but have been increased to \$1.50 per cwt. Some of the ranchers anticipate that the price of grain will be increased accordingly.

It is well to point out that the Department of Agriculture undertook to carefully screen all applicants for this relief and issued certificates only to those who were found eligible under the Department of Agriculture's yardstick. Many who were not allowed to participate in this program, by reason of such screening process, complain vigorously that the administration of the program has not only failed to help those who were allowed to participate, but has measurably increased the burden on those who were not allowed to participate. In other words, the non-participants were able to buy hay prior to the government program at a price much less than they are now having to pay. Since they

are not allowed to participate in the government program, the entire amount of the increase must be paid out of their own pockets. It is their contention that everyone should be allowed to participate in this program if they are in a drought stricken area, or else there should be no program at all. One of the recent letters I received on the subject also points out that at the time the government started in on this program, cattle would bring about \$2 per hundred more than they will sell

for now. I can also point out that the tragedy that has befallen the cattlemen and has placed him on the verge of bankruptcy does not seem to have had any effect on the price of processed meats or the profits that seem to be made by the packing companies. Wash-

ington markets are today selling round steak for \$1.15 a pound, veal cutlets for \$1.39 a pound, with similar prices on other cuts.

A flush deck design of the Navy's new supercarrier will permit operation of planes with unlimited wingspread.

There are sermons found in every flower,
They entertain us hour by hour;
We watch the many colors glow,
And wonder how each one can grow.
An idea we cannot advance,
Is that a flower might come by chance;
The tint, the shade of every flower,
Is painted by a higher power.

Newest Buick Yet

YOU know all that talk you've been hearing about the 1957 new car models being really new?

Well, in the case of the 1957 Buicks it's true—gospel true.

We mean these 1957 Buicks are new in the precise and literal sense. We mean new from the ground up, and from gleaming grille to sassy taillights.

We mean new lowness, new styling, new bodies, new windshields, new controls, new safety-padded instrument panels, new safety steering wheels, new seating, new fabrics, new colors.

We mean new front end, new rear end, new frame, new braking, new steering, new handling, new riding, new roadability—a whole new chassis of greater solidity and safety.

We mean V8 engines new from the crankshaft up—engines that deliver an all-time high in horsepower and

* SEE "JACK AND THE BEANSTALK" ON NOV. 12th
—A new NBC-TV color spectacular brought to you by your Buick Dealer

compression from their 364-cubic-inch displacement.

And we mean, most of all, an advanced new Variable Pitch Dynaflo*—so instant in the starting range—so utterly smooth and so totally full-range in "Drive"—that your need for "Low" is practically eliminated.

So come take in these low-silhouette, these boldly beautiful, these instantly obedient Buicks for 1957.

Then you'll see why you can't blame us for being so fired up about it all—and how catching this excitement can be.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

BLOWIN' Out the CORNERS
Uncle Zeb

We liked the following definition of a cow which we copied from the Lion's Magazine. The cow is a female quadruped with an alto voice and a poker face. She collaborates with the pump in the production of a

liquid called milk. The cow has two stomachs. The one on the ground floor is used as a warehouse and has no other function. When this one is filled, the cow retires to a quiet place where her ill manners will occasion no comment and devotes herself to regurgitating. The raw material thus conveyed for the second time to the interior of her face is pulverized and delivered to the auxiliary stomach.

The young cow is called a calf and is used in the manufacture of chicken salad. The male cow is called a bull and is lassoed in Texas, fought in Mexico and shot almost everywhere.

A slice of cow is worth 8 cents on the cow, 14 cents in the hands of the packer, and \$2.40 in the

nearest restaurant. Mark Twain once said: "I am an old man and have known a great many troubles, but most of them never happened." Most of our troubles never happen, that is a fact. Most of our worries are about things that loom up ahead and cause us fear and anxiety, but as Mr. Twain said never really happen. But what can we do, one might ask. If we are not worried about the future will we then prepare for it. That's a good question. I guess we need to try and separate the real from the supposed. We need to be concerned with being upset. We need to plan without being a worry box about what may happen. We need to "Pray for a good crop but keep on hoeing." We need to save to be secure, and we need to spend to make our lives secure in the hearts of our loved ones. We need to give, we need to take. We need to just be middle of the road, I guess. Wouldn't it be wonderful if we could? Know the right way, that is.

Mrs. R. E. Boone sends us the following poem by Ralph Spalding Cushman which is sort of a companion to his other poem called THE SECRET which we used a few weeks ago. This one is called:

EVENING AND MORNING AND NOON WILL I PRAY
 I met Him at evening when work

was done,
 And I told Him the things I had lost and won:
 And there at the close of a hard Day's Race
 I met the Master face to face
 We talked of those things I had won and lost;
 And He stilled a soul that was tempest tossed.
 But in that hour I heard Him say:
 "My Son, you should find Me at break of day.
 So I met Him there in the morning's light,
 And gone were the shadows and burdens of night.
 And strongly He sent me out of that place,
 Where I met the Master face to face.
 But Lo, in the midst of the noon day heat,
 I stumbled and lost the Presence sweet,
 And ashamed in that hour I heard Him say:

My Son, you must seek Me at noon of day.
 "For evening and morning are not enough,
 The day is long and the road is rough,
 As the heat increases strong men grow weak,
 New strength from above your soul must seek.

And that's how I learned at the noon of the day
 To lift my eyes and steal away,
 At least in thought to some quiet place
 Where I sit with the Master face to face.
 Thanks Mrs. Boone for sending us a copy of this beautiful inspiring poem.

Its sculptured lines have the "Look of Tomorrow"

For '57... A new kind of Ford

gives you a new fine-car choice... at low Ford prices

It all starts here
 With new 14-inch wheels... a completely new Full-cradle Chassis... new suspension, front and rear... the new '57 Ford hugs the road as never before—and with full road clearance. It takes the turns more smoothly; gives you handling ease that is pure pleasure. And you can choose from two big-car sizes: Customs are over 16 feet long—Fairlanes are over 17 feet long.
New 245-hp Thunderbird power
 To celebrate its quarter century of V-8 leadership, Ford is building a new line of Silver Anniversary V-8's—with up to 245 hp in the terrific new Thunderbird V-8. These new engines have
 Ford's famous deep-block design and are even quieter and more responsive than ever. And if you prefer, you can have the world's most modern "six" in the new Mileage Maker Six.
An all-new "Inner Ford"
 The new kind of Ford for '57 is all new! The new contoured frame is a foot wider amidship and is 27% more rigid. New "sofa" seats bring you a lower, smoother ride and plenty of head room. Special insulation brings you snugger, quieter comfort. And the sculptured body has the look of tomorrow... a look that puts it out front in the beauty department!

Look! New hardtop styling in all Fairlanes

Mr. and Mrs. Roy Roberson visited while Monday eve with Mr. and Mrs. A. O. Hott.

Mr. and Mrs. J. C. Ashcraft and Fern visited while Monday eve with Mr. and Mrs. Tom Scoggins.

The Navy has been conducting tests on preservation of food by nuclear power with amazing results. Recently, meat slices that had been packed in cans in 1953, then "irradiated" with high-energy cathode rays and stored in ordinary refrigeration, were taken out and eaten. Other foods tested includes pork sausage links, which were still edible after 120 days of storage, and ground beef proved edible after 3 months.

Mr. and Mrs. J. C. Ashcraft and Fern visited awhile Monday eve with Mr. and Mrs. Tom Scoggins.
The Navy has been conducting tests on preservation of food by nuclear power with amazing results. Recently, meat slices that had been packed in cans in 1953, then "irradiated" with high-energy cathode rays and stored in ordinary refrigeration, were taken out and eaten. Other foods tested includes pork sausage links, which were still edible after 120 days of storage, and ground beef proved edible after 3 months.

Kill Kare Needle Klub Meets For Art Exhibit

Mrs. Harry Brumley and co-hostesses, Mrs. Leck Goldston, Mrs. Homer Mulkey, Mrs. John Bass and Mrs. Major Hudson entertained members of the Kill Kare Needle Klub and other guests with a lovely tea and art exhibit in the home of Mrs. Brumley Thursday afternoon, November 1st, from 3 until 5 p. m.

The entertaining and exhibit rooms were artistically decorated with arrangements of vari-colored chrysanthemums.

Refreshments of tea, coffee, salad, open face sandwiches and pumpkin mints were served from a table covered with a lovely lace cloth made by Mrs. Brumley. The table was centered with an arrangement of yellow chrysanthemums in a silver bowl. Plate favors were chrysanthemum corsages. Mrs. Homer Mulkey poured throughout the afternoon. She was assisted in the dining room by Mrs. Leck Goldston.

Mrs. John Bass rendered delightful piano music at intervals throughout the afternoon. Mrs. Buel Sanford presided at the register.

Mrs. Brumley had on exhibit about 88 of her oil paintings, varying from landscapes to portraits — with a number of bird and animal paintings. Mrs. Brumley states that she most enjoys painting landscapes. Her paintings on display dated from 1900 to 1956.

This artistic lady's talents are not confined to oils; she is also noted for her beautiful decorated wedding and anniversary cakes. Featured on the register table was an album of a few of the many cakes she has baked and decorated for local girls. Perhaps the most outstanding photo was of her very own Golden Wedding cake made in 1942.

1926 BOOK CLUB

Mrs. Frank Phelan, Sr. and Mrs. Rayburn Smith were hostesses to the 1926 Book Club Tuesday afternoon at Patching Club House.

The following new officers for the year 1957-58 were elected: President, Lucile Polk; Vice-President, Mrs. J. R. Gillham; Recording Secretary, Mrs. Frank White, Jr.; Treasurer, Mrs. C. A. Pitts; Corresponding Secretary, Ruby Bromley; Parliamentarian, Mrs. C. E. Bairfield; Federation Counselor, Mrs. Clyde Hudson.

Mrs. Regan Bryan gave a short talk on Federation using as her topic "Knowledge is Power" by Sarah E. Whitehurst.

Mrs. Clyde Hudson charmingly reviewed "Love Me, Love Vanilla" by Eunice Lee Caesar.

The Husband's Party will be November 20, at 7:00 p. m. at Patching Club House.

Refreshments were served to the following: Mesdames Loyd Johnson, Bill Thornberry, L. N. Cox, Clyde Hudson, Frank White, Jr., C. E. Bairfield, Regan Bryan, C. B. Morris, Glenn Hoggatt, E. S. Ballew, Ruby Bromley, C. A. Pitts, J. R. Brandon, Leon Davis, W. W. Sandifer, J. R. Gillham, Homer Bones, and Misses Naomi Allison and Lucile Polk by the hostesses, Mrs. Phelan and Mrs. Smith.

Leader—Local rate, \$5.00 a year.

CHAMBERLAIN H. D. CLUB

The Chamberlain H. D. Club met November 1st at the Community Center. Nelda Jones and Evone Holland were hostesses.

The business meeting was given by the president, Mrs. John Heathington. Old and new business was taken care of. Minutes were read by the secretary, Mrs. H. A. Harrison, Jr.

The draperies for the Community Center were made and put up by Mrs. John Heathington last week. One heater was installed by the Household Supply Co. Thanks to Mr. Bill Todd.

Nelda Jones, Evone Holland and H. A. Harrison Jr. put on a few minutes program, which was enjoyed by all. Also Clay Harrison celebrated his fourth birthday. He received several nice toys. His birthday cake was served to Mrs. J. C. Heathington, Mrs. H. A. Harrison Sr., Mrs. R. P. Wilson, Mrs. A. O. Holt, Mrs. Dock Mann, Mrs. Alfred Ivey, Mrs. H. A. Harrison, Mrs. J. D. Jones, Mrs. Theron Holland, Mrs. Dennis Harrison; visitors, Mrs. Ethel Mann and Mrs. Ralph Hill.

Next meeting will be December 6th. Mrs. H. A. Harrison Jr. will be hostess. It will be in the Community Center and an all day meeting. Bring a covered dish. Quilting will be the order of the day.

On Nov. 24th at 7:30 will be the next Community meeting. It was decided to have the Thanksgiving supper. All bring their supper and drinks, dishes and cups for their families. Ethel Mann and Willie Hott will be hostesses.

—Reporter.

HUGHINS CLUB

On Tuesday afternoon the Club met in the home of Mae Perdue to quilt one quilt for the hostess.

Delicious pie and the best of all drinks, hot coffee was served buffet style to the following members: Pauline Kooztz, Belle Smallwood, Sadie Wood, Martiel Webb, Pearl Self, Cora Elliott, Ruby Parker, Mary Lee Noble and Janie Sue and one guest, Grandma Perdue.

Next meeting will be with Pauline Kooztz on Tuesday afternoon, Nov. 13th. Plans will be made for a Christmas party. Members please attend.

—Reporter.

ENGAGED

Mr. and Mrs. H. O'Connell Hendy, Port of Spain Trinidad, British West Indies, are announcing the engagement and approaching marriage of their daughter, Nanette, to Lawrence Burton Taylor, son of Mrs. R. L. Womack of Claude. The wedding will take place December 1st, in Port of Spain.

REBECCA S. S. CLASS

This class of the Baptist Church held their installation service at a social and business meeting in the church parlor Monday evening, Nov. 5. The meeting was opened with prayer by Miss Jessie Cook and song, "Onward Christian Soldiers" by group.

After a brief business meeting Mrs. Joe Goldston had charge of the Installation Service. Mrs. Goldston charged each incoming officer with the importance of her office and its duties to her class. She then presented each with an appropriate token for her to keep and be reminded of her duties. She closed with prayer.

Lovely refreshments of pumpkin pie, nuts and coffee were served to guests, Mesdames Joe Goldston, Emma Ayers, and Miss Jessie Cook and members, Mesdames Geo. Thompson, Joe Bownds, Alfred Estlack, George Benson, Pete Darnell, co-hostesses, Mrs. Ralph Keys, Mrs. Bob Head and Tommy McNeil.

—Reporter.

ASHTOLA NEEDLE CLUB

Mrs. Viola Graham was hostess to the Needle Club Thursday, November 1st. Leader for the program, Mrs. Vena Hudson, brought a very informative demonstration on making over hats. She had ready to display several hats she had done over, and during the program showed every step in making three different types.

The hostess served a refreshment plate consisting of chicken salad sandwiches, pickles, cookies, and lemonade to the following 14 members present: Mesdames Charlotte Word, Johnnie Poovey, Elizabeth and Lena Mae Graham, Vena Hudson, Ruby Jewel Hardin, Naomi Green, Veda and Laura Mahaffey, Sue Rhoades, Ivan Tolleson, Modena Hill and Mary Belle DeBord, and 4 children.

At the next meeting Nov. 15 the Leader is Sue Rhoades and the hostess is Ruby White. Everyone come at 1:00 and we will work all afternoon on the hospital project. Anyone who wants to work is cordially invited to come help in this effort.

—Reporter.

MIDWAY CLUB

Club met with Leona Scott, Nov. 6th. A delicious dinner was enjoyed by Eula Butler, Josie Simmons, Eilan Moreland, Nell Land, Allie Quattlebaum, Louise Riley, Eddie Williams, Lucille Eanes, Lucille Luttrell, Delia King, Katie Bell Wells, Loyd Hillis, Ida Pickering, Marjuria Hensley, and two visitors, Misses Minnie and Ava Naylor which we enjoyed very much.

It was voted and passed that the members that haven't paid their dues would be automatically dropped until they pay their dues.

Next meeting will be with Josie Simmons, Nov. 20th.

—Reporter.

CHAMBERLAIN COMMUNITY CENTER

There was a Halloween party at the Center Saturday night. Velma Heathington won the prize for the best costume. Games of 42 and Canasta were the entertainment for the evening.

—Reporter.

M. Y. F. MEETS

On November 4, 1956 Rod Seago, President, called the meeting to order. Evelyn Chamberlain gave the opening prayer. We sang one song, "Work for the Night is Coming," led by Jessie Lee White and accompanied by Judy Castner.

Since Mrs. McDonald will not be able to be our counselor any more, Mrs. Thurman and Mrs. Mace were elected as our new counselors.

Rod Seago read "Aung Ming M.E.O.," from "Day After Tomorrow."

Mrs. McDonald served punch and cookies to Judy Castner, Jean Fox, Glynn Myers, Jeanie Castner, Carolyn Castner, Rod Seago, Betsy Chamberlain, Jessie Lee White, William Chamberlain, Larry Lynn Thurman, Evelyn Chamberlain, and one guest Leo Luttrell.

The meeting was closed by the M.Y.F. Benediction.

—Reporter.

LES BEAUX ARTS CLUB

Les Beaux Arts Club met Friday afternoon, November 2, at Patching Club House. Hostesses were Mrs. Lee Bell and Mrs. Royce McCluskey. Eighteen members were present.

An interesting program was presented by a guest speaker, Miss Eudora Hawkins. Miss Hawkins is with the West Texas Utilities Company and a representative of the Abilene office. Her subject was "DDT For Traffic Safety." She recommended a program of driver education in the school at the ninth grade level with a compulsory course of study. On questioning those present it was found that only one of the group had taken a drivers test. Others had received drivers licenses by payment of a fee when the program was first instigated. A film, "A Day in Court," was shown in connection with the program.

—Reporter.

ANNOUNCEMENT

Mr. and Mrs. J. W. Sullivan announce the engagement and approaching marriage of their daughter Dortha Bennett to Steve Reynolds, son of Mr. and Mrs. H. C. Reynolds of Clarendon. The wedding date has been set for November 23rd.

—Reporter.

F. H. A. NEWS

Forty-five F.H.A. girls enjoyed a "Safety" talk in the Homemaking Department Monday night, November 5th. Patrolman Cecil L. McNeil, District Safety Officer from Amarillo, spoke briefly on Collisions, their cause and possible prevention. Collisions are usually caused by driving too fast for conditions, driving while drinking, driving on the wrong side of the road, disregarding stop signs, misjudging passing time, not yielding right of way, following too closely, and improper parking.

Patrolman McNeil reminded us all that we could assist the Texas Safety Council in preventing accidents if we believed the traffic laws were reasonable and sensible; we drove as if we knew a patrol car were in two blocks of us; we believed in the certainty of police action; we believed that police tactics are intelligent; we believed that action of the police was fair and impartial; and we believed that court action would follow when we were apprehended. These beliefs could eliminate 84% of the collisions. A Walt Disney film was also shown in connection with the program.

In the business meeting we decided to sell Christmas cards, and that each girl would bring three Christmas cards with stamped envelopes to the next regular meeting. These cards will be sent to the Mental Hospital in Wichita Falls. This is a State F.H.A. project in which we can help the less fortunate send greetings to their friends.

Jo Ann Wood, Ann Slavin, Ann Word, Pat O'Neal, and Nancy Davis served doughnuts and punch at the close of the meeting.

—Reporter.

MARTIN QUILTING CLUB

Martin Club met Nov. 1st with Jonnie Stout. Nine members and four visitors enjoyed a day of fellowship and quilting.

The next meeting date is Nov. 15th with Eunice Land.

Members present were Lela Bulman, Veda Elliott, Willie Roberts, Lois Stevenson, Eunice Land, Linnie Cauthen, Margaret Waldrop, Jonnie Stout, Blanch Higgins; visitors Bro. John Stout, Linda Stout, Beth Waldrop, Minnie Cannon.

New Dream Car Styling for Buick

The classic design of Buick's new dream car styling for 1957 is exemplified in the Super four-door hardtop with its low silhouette and racy lines. Powered by a 300-horsepower V-8 engine, with 10-to-1 compression ratio, the Super is one of the most agile cars on the highway. Bigger panoramic windshields, roomier bodies and a completely new chassis are featured on all new Buicks. Buick's variable pitch Dynaflo transmission and power steering are standard on the Super.

The Navy is playing an important part in the launching of earth satellites in conjunction with the Department of Defense. The U. S. NAVY Vanguard satellite will be large enough to carry sensitive instruments which can be tracked from the ground by optical and radio devices. It will circle the earth approximately every 90 minutes for a period of several days when launched.

FRIDAY
 Fish sticks, lima beans, rice custard with raisins.

Mrs. Geo. Thompson, Judy and George made a business trip to Amarillo Monday.

Medina Lake Set For Record Fish 'Cure'

AUSTIN—A "one-two punch" designed to renovate Medina Lake, popular San Antonio area fishing spot, has been definitely set for the immediate future, said the Chief Aquatic Biologist for the Game and Fish Commission.

The first blow has been shaped to rid the big lake of rough fish which have virtually crowded out the game species, and the follow through will be timed to take care of the surfaced shad and carp.

The Chief Aquatic Biologist said the chemical treatment of the lake under the state's pioneering selective kill program, will be marked by a record concentration of aquatic biologists to handle the treatment. Likewise, the greatest amount of removal equipment will be brought to the scene to dispose of the unwanted fish to minimize obnoxious odors.

Aquatic Biologist E. M. Dietz, in direct charge of the Medina renovation program, said commercial firms, mainly those interested in fertilizers and poultry feeds, will provide boats, trucks and the crews to man them, in the all-out effort for a thorough mopping up routine.

Medina Lake, which is about thirty miles from downtown San Antonio, was the second artificial lake to be created in Texas. It dates back to 1913 when the Medina River was dammed.

Seven years ago rough fish first began to crowd the game fish population and a complete fish kill—one of the first in the state—was undertaken. Good angling was restored for a long period. Then gizzard shad, carp and other rough fish began taking over.

Dietz said the treatment will leave game fish in the lake to permit resumption of "pretty good fishing" within a few weeks after the treatment. Game fish, he pointed out, are not very sensitive to the chemicals which affect the undesirable species.

Of the Navy's contracts 69 percent are now being let to small business concerns of less than 500 employees.

RECENT VISITORS

Recent visitors in the home of Mr. and Mrs. Bill Patman have been Mr. and Mrs. Billy Patman of Maracaibo, Venezuela; Ardis Patman, and Charlie Murphy of Amarillo; Mr. and Mrs. Allen Patman and boys and Mr. and Mrs. Edgar Engle and baby, all of Borger; Mr. and Mrs. Bob Word and baby of Vernon, and Mrs. Phil Engle of Clarendon.

Billy Patman, who is a Geological Engineer in South America, has been sent to San Francisco to attend a four week school.

John Short, who underwent surgery at St. Anthony Hospital in Amarillo Saturday morning, was reported doing as well as could be expected at last report Wednesday morning.

Rev. and Mrs. W. F. Vanderburg left Sunday immediately after the morning services for Corpus Christi, where they will attend the Southern Baptist State Convention. They are expected home Friday.

Mr. and Mrs. Jack Matthews of Amarillo spent Saturday night and Sunday with her parents, Mr. and Mrs. J. G. McAnear.

ATTEND FOOTBALL GAME

Truett Behrens and son Jerry, G. W. Bradshaw, and Jake Lamberth attended the Cameron College football game at Lawton, Okla. Saturday evening. Jimmy Lamberth who is a student at the college was captain for the game and had the pleasure of crowning the football queen.

Miss Maurice Berry of Colorado Springs, Colo. was a guest of Mable and Edgar Mae Mongole the past week.

With employment at the highest point in history and at the highest wage rates ever, there is genuine truth in the statement that "labor never had it so good."

Mrs. S. G. Evans and Mrs. Doyce Graham visited Mr. and Mrs. W. F. Barker Tuesday.

Mrs. S. G. Evans had a niece of Sams and her husband from

Amarillo visit her Sunday afternoon.

Mr. and Mrs. Harold Graham spent last Sunday with Mr. and Mrs. H. O. Talley and Mary Gale at Dodson.

Mr. and Mrs. John White attended the funeral of a cousin, Miss Bonnie Black, in Memphis Sunday.

Mrs. Harold Graham is in Vernon this week with her mother who is ill.

THE STATE OF TEXAS COUNTY OF DONLEY

Monday, November 5, 1956
 Be it remembered, that the Honorable Commissioner's Court in and for Donley County, Texas, meeting in a Special Session on this the 5th day of November, 1956, at 10:00 o'clock A. M. in the Courthouse in Clarendon, Donley County, Texas, passed the following order to-wit:

In view of the fact that a Special Constitutional Amendment Election has been called for Tuesday, November 13, 1956 A. D. for the purpose of voting upon only one (1) Amendment; and in view of the fact of the costs of holding said election, it is hereby the order of the Commissioner's Court that only Two (2) polling places be open for said election. Said polling places to be at the Courthouse at Clarendon, Texas, and the City Hall at Hedley, Texas, with the qualified voters entitled to vote at either polling place.

THE STATE OF TEXAS COUNTY OF DONLEY

I, P. C. Messer, County Clerk, and Ex-Officio Clerk of the Commissioner's Court, in and for Donley County, Texas, do hereby certify that the above and foregoing is a true and correct copy of the record of The County Commissioner's Court Minutes, and is of record in this office.

Given under my hand and seal of office this the 5th day of November, 1956.

P. C. Messer, County Clerk, Donley County, Texas (40-c)

Flying high and shooting true, the crack shot fighter squadron team (VF-112) stationed at the Naval Air Station, Miramar, California, won the title of "The Navy's finest aerial gunners" in the first Navy Fleet Air Gunnery Meet. Miramar's VF-112 topped the five other teams at both 15,000 and 25,000 feet to win the Earle Trophy, which will be presented annually to the winner of the Fleet Gunnery Meet.

It's that new V8 in the '57 Chevrolet. It's as quiet as a contented cat and as smooth as cream . . . and it's cat-quick in response when you call for action!

No household tabby sitting in a sunny window ever purred more softly than Chevy's new V8 engine. You can scarcely tell when it's idling.

But when you nudge the accelerator, you know it's there, all right! Its right-now response keeps you out of highway emergencies. It overpowers steep hills with such ease they seem like level landscape.

This new Chevrolet V8 puts up to 245 high-compression horsepower* under your command! It's sassy, sure—but as tame to your touch as a purring pussycat. Come try the smoothest V8 you ever put a toe to.

*270-h.p. V8 also available at extra cost. Also Ramjet fuel injection engines with up to 263 h.p.

that purr you hear is no pussycat!

Sweet, smooth and sassy! The Bel Air Sport Coupe with Body by Fisher.

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. LET US DEMONSTRATE!

Top Science Students To Compete For Scholarships

The top science student in the senior class at Clarendon High School, to be chosen early in 1957, will become eligible to apply for one of a group of major Science Scholarships sponsored by the Bausch & Lomb Optical Co., at the University of Rochester.

The school's candidate for the scholarship competition will be the winner of the Bausch & Lomb Honorary Science Award, who will receive the medal at graduation. Initiated in 1932, and ap-

proved by the National Association of Secondary-School Principals, this Award is now given annually in more than 6000 schools throughout the United States to encourage the pursuit of scientific careers and to reward high scholastic achievement. Only winners of the Honorary Science Award are eligible to compete for the Bausch & Lomb Science Scholarships.

Bausch & Lomb provides for not less than three Science Scholarships, with a flexible stipend based on need, and with a total four-year value of \$9,600. In the 13 years that the program has been in effect, 53 young men and women have been enrolled at the University of Rochester under Bausch & Lomb Science Scholarships. In addition, because of the high caliber of the contestants, the University has awarded to 80 runners-up other scholarships of comparable value.

The Rochester Scholarship Committee studies all applications, and selects 30 of the most promising candidates as finalists. These students are notified of their selection late in March, and the finalists from all parts of the country are invited to Rochester

HOW A TRUCK DRIVER BECOMES A HOBBS KNIGHT OF THE ROAD—More than 200 Texas truck drivers have been honored in the past two years by a state-wide program designed to recognize doers of good deeds on Texas highways, whether it be heroic action during a crisis or simple acts of consideration and courtesy. Typical examples of these acts are giving first aid at highway accidents, clearing wreckage from the highway and directing congested traf-

for three days, with all expenses paid, for interviews and competitive tests to determine the scholarship winners.

In order to enter the nationwide scholarship competition, the Science Award winner should be selected and notified early in January. The Award recipient

may then immediately obtain scholarship application blanks from the Director of Admissions, University of Rochester, Rochester 20, New York. Applications must be filled out and returned on or before March 1.

All students who stand near the top of their class in science

studies are advised to check with the head of the Science Department early in 1957, to determine their eligibility for the Science Scholarship competition.

In Wall Street, a "lame duck" is a person unable to fulfill his contracts.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

FARMSTEAD WINDBREAKS USEFUL, ATTRACTIVE CONSERVATION PRACTICE

Farmstead windbreaks are a useful and an attractive conservation practice in the Donley County Soil Conservation District.

Of course, the species of trees or shrubs should be adapted to the particular soil unit on the desired location. Some shrubs that are adapted to our soils are Desert Willow, Russian Mulberry, Russian Olive, Tamarix, Apricot and Vitex.

Deciduous trees such as Chinese Elm, Cottonwood, Honey Locust, and Bois d'Arc are adaptable to our soils. Ever-green trees such as Red Cedar and Western Pine should do a good job.

From two to five rows of trees should be used, with probably three rows giving the best results. The windward row should be a dense shrub row. The middle row should be deciduous and ever-green trees. The leeward side should have shrubs or mid-height trees.

The space between rows should be from 10 to 16 feet. Best spacing between rows is from 8 to 20 feet, depending upon the kind of tree and spacing between shrubs in the rows should be 3 to 4 feet.

Seed bed preparation is important. Large amounts of straw or plant residue should be on the land to prevent sand blasting of young tree stock. The land should be listed and then re-listed before planting the crop for residue. If conifers are used, it is a good idea to plant a strip of sudan on the windward side and leave it undisturbed.

Additional information and assistance is planning and applying the shelter belts can be obtained from the District Supervisor or any of the Soil Conservation Service technicians.

Bastille Day in France is July 14.

W. W. Dodson Family Enjoy Reunion

The W. W. Dodson family enjoyed a reunion at the parent's home in Clarendon. All of the children were home over the weekend with the exception of one daughter, Mrs. C. L. Fletcher of Richmond, Calif.

Those enjoying the reunion were Mr. and Mrs. Cecil Dodson and boys, Wilburn Lee, Bobby, Billy and Douglas, all of Amarillo; Mr. and Mrs. Arub Dodson and boys, Michael and Milton of Texarkana, Texas; Mr. and Mrs. Herman Dodson and children, Alan and Linda of Amarillo; and Miss Athalee Dodson of Ralls, Texas.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

This week we have received "The Abingdon Bible Commentary" arranged by Eiselen Lewis Downey. This was given in memory of Mr. Ralph Porter by Mr. and Mrs. John Bass. It is an addition to our Bible or Devotional section that will be very helpful. We are receiving some expensive memorial editions that all our readers will appreciate.

Someone gave us "What Makes The Wheels Go Round." It is a simplified physics, that is readable for children.

We have also received some donations that were small but helpful, and we have collected a few new memberships. These were all the quarter memberships.

Tomorrow's the day... they go on display!

THE DONLEY COUNTY STATE BANK

Senior Students Offered Opportunity to Compete In Scholarship Plan

Donley County high school senior students are being offered an opportunity to compete in the General Motors National Scholarship Plan, according to Richard Hall, Counselor.

The plan, initiated early in 1955, provides for 100 four year scholarships, at least one in every state and 50 at large, at any college or university of the successful contestant's choice and in any field of study he may select. The 200 winners in the first two years are now enrolled in 69 colleges and universities. Their career objectives include engineering, medicine, law, the sciences, journalism, teaching, music and religion—almost every field of worthwhile endeavor. They will be joined by the 100 winners from this, the third year of the plan; registration for which is now under way.

Eligible to participate are high school seniors, both young men and young women, who are

United States citizens, and who plan to take the College Entrance Board examination for admission to a college of their choice or who arrange to take the examination in order to enter the competition for a General Motors scholarship award.

Selection of award winners in the General Motors plan will be the responsibility of a group of leading educators representing various parts of the country.

Full details about the General Motors plan, including registration dates for the examination are available to interested students from Mr. Hall's office.

Erring Hunters Fined Heavily

AUSTIN — For the benefit of itchy-fingered hunters eager for the major fall harvest seasons to get underway, the Director of Law Enforcement for the Game and Fish Commission called attention to some compromising and costly experiences of some careless gunners.

Seventy-six persons were listed in the monthly arrest report as having hunted out of season, or too early or too late. Thirty-five of these, including some who took more than the law allows, lost their hunting rights for one year, in addition to paying substantial fines.

The Director called particular attention to another common error—that of hunting from an automobile. Forty-six persons were charged with that offense in the combined report from field men. Exceeding the bag limit on doves brought cash penalties against twenty-four persons. The unlucky number was

"three" for two clusters of offenders. Three men from Three Rivers paid a total of \$300 in fines plus court costs for shooting wild turkey out of season. Three men from Willis paid \$300 in fines plus court costs for "telephoning" fish. Eight persons in all were fined for using this illegal shocking device to take fish.

The largest fine average was for pollution. Ten cases brought levies of \$800 plus court costs.

Looking ahead to the coming major harvests, the Director said his best advice to the "sportsmen" is to keep your shotgun plugged, shoot within the legal hours, watch the limits, beware shooting from cars and from public roads, always obtain landowners' permission to hunt and, above all, to contact the local game warden if in any doubt about any phase of the hunting periods.

Only Small Percentage Fence Posts Treated For Increased Life

COLLEGE STATION—"Of the estimated 20 million fence posts used annually on Texas farms, only a small percentage are treated for increased life and resistance to decay," reports Paul R. Kramer, head, Forest Products Department of the Texas Forest Service at Lufkin. "The application of a preservative treatment, either pentachlorophenol or creosote, will more than double the life of fence posts; furthermore, it costs just as much to place an untreated post in the ground as a treated post," he said.

Fencing, including posts and

wire, may amount to 10 per cent of the total farm or ranch value. Average annual cost of posts can be kept to a minimum by treating them for resistance to decay and termite attacks. In addition, average annual labor costs of resetting posts will be reduced if they are treated. This is particularly true if the life of the fence post will match the life of the galvanized wire.

Heartwood posts obtained from bois d'arc, eastern red cedar, mountain cedar, mulberry, mesquite, and cypress trees are naturally durable. However, supplies of these woods are scarce, and in many cases, difficult to obtain with a satisfactory amount of heartwood. Sapwood of all trees is non-durable.

Other plentiful trees are non-durable and must be treated. Loblolly and short-leaf pine may be obtained through improvement cuttings and are ideally suited as to straightness, size, and ease of working.

Pressure treatment with preservative solutions provides very effective resistance. A non-pressure application of the penta-fuel oil mixture by cold soaking also offers an inexpensive and simple means of increasing fence post life.

"Treating fence posts is not only beneficial to farmers or ranchers, put to the general public since it serves as a conservation measure of our forest resources," Kramer said.

Information on the treatment of fence posts is available upon request by writing to the Director, Texas Forest Service, College Station, Texas.

New DODGE PowerGiants

Come see and drive the only trucks with all-new V-8 power, advanced Forward Look styling, new comfort cabs, and exclusive push-button automatic transmission!

- Now, Dodge leads the low-priced three in all five measures of value!
- You get MORE POWER!** From 204-hp. pick-ups to 232-hp. tandems, Dodge V-8 Power Giants lead in haul-ability.
 - You haul BIGGER LOADS!** Dodge Power Giants lead in payload capacities. From 4,250 lbs. G.V.W. to 65,000 lbs. G.C.W., new Power Giants carry more profitable loads.
 - You enjoy BETTER PERFORMANCE!** No other truck can touch these big, new Dodge V-8 Power Giants for the step-out-front zip you need to cut trip time, keep up with car traffic.

- You get TOP ECONOMY!** Exclusive Chrysler-engineered, airliner-type V-8 engines give you a mileage bonus from every gallon, full power on regular gas.
- You enjoy EASIER DRIVING!** Only Dodge gives you push-button automatic shifting! And the industry's sharpest turning saves work in threading through city streets.

See 1957's most advanced trucks—V-8's and 6's—at your Dodge dealer's today!

*Available on all low-tonnage and forward-control models.

Exclusive Push-button Transmission—First in any truck! Shifting is entirely automatic. Just push a button, and go! Trouble-free. Saves time, makes driving easier.*

Exclusive Full-opening Hood—Two-position alligator hood opens to a full 90° for complete engine servicing, or half-way for routine oil and water checks.
