Broncs Defeat Memphis Cyclone 28-13 For Clean Sweep of District 2A

A spirited Broncho squad spearheaded by the running ability of Robert Mills and Jimmy Philley, cleared the way for district honors and a win over the Memphis Cyclone in Broncho stadium here last Friday night. The final score was 28-13 in favor of the Broncs.

The Bronchos were in control of the ball the majority of time throughout the game. At the beginning, the Cyclone put up a stubborn defense and the Broncho line didn't allow Memphis to make much yardage at all and this was the case all four quarters. Memphis' passing attack late in the game gave them their two touchdowns and the Bronco score would have been higher but convenient penalties kept them away from paydirt. One Bronco tally was cancelled due to a penalty. Behrens failed to make his usual gains in the game as the Memphis coaches had built up a defense against his powerful plunges; but on the other hand, this allowed Mills and Philley a better opportunity to find running room. Behrens and Payne were tackled on practically every play whether they had the ball or not.

The Broncs started the scoring off in the early moments of the second quarter. John Payne shot a bullet pass to Philley for the first score. The pass and run covered 39 yards. Mills kicked the extra point which was the first of four that he made good during the game, giving him 100 percent for the evening.

Mills took over the scoring department in the third period behind the good work of the Bronco line and raced 30 yards for his first tally and 22 yards for the second. He concluded the scoring for the Broncs in the fourth period when the Bronco line opened a hole in the left side of the line and Mills zipped thru and raced 49 yards for the counter. The Broncs racked up 16 first downs, good for 226 yards rushing and 69 yards passing for a total of 385 yards.

At this time we would like to make mention of the Volunteer Firemen who have been policing the football games. They have done an excellent job and certainly deserve a pat on the back, for in doing their job, they were not able to watch the game all the time as they would like to have otherwise.

Mr. and Mrs. Ray Hefner of Amarillo visited Sunday with her parents, Mr. and Mrs. W. C. Scott.

Two Infant Sisters Die In Blaze Here Sunday

Two infant sisters, Virginia 1½ years old, and Lile, 4 mos. old, were burned to death in their home on the Forest Sawyer farm 3½ miles north of Clarendon Sunday afternoon about 3:45.

It was reported that an older brother was warming a bottle of milk and a pan of water turned over on the burner of a kerosene stove and spread the blaze. Mr. and Mrs. John B. Hessey of Pampa, passing motorists, rescued a brother and two sisters from the fire but did not learn of the two other children until it was too late.

The children are the daughters of Mr. and Mrs. Simon Tagle, migrant cotton workers who occupied the house. The parents and five other children were pulling cotton on the Olace Hicks farm nearby.

The family of 12 had been living in the home which is owned by Forest Sawyer. The family came here from Colorado.

Graveside services for Virginia and Lile Tagle were held Monday afternoon in Citizens Cemetery with Rev. W. F. Vanderburg officiating. Arrangements were under the direction of Murphy Funeral Home.

JUNIOR CLASS TO SPONSOR TALENT SHOW NOV. 22

A Talent Show, sponsored by the Junior Class, will be presented at the College Auditorium November 22nd at 7 p. m. Prizes of \$15, \$10, and \$5 will be given to the first three winners. All entries are welcome, but must be in by November 16th. Those wishing to enter may contact Miss Sandra Barnhill. Tickets to the Show may be purchased from any Junior Class member.

VISITING HOMEFOLKS

Sgt. Roy Lee Gerner, a Military Police Traffic accident investigator, formerly stationed at Ft. Ord, Calif., is home on a 15 day leave prior to reporting to Fort Lewis, Washington for further assignment to an overseas station. Sgt. Gerner, a veteran of 3 years service in the Navy and 7 years service in the army, is the son of Mrs. E. H. Gerner of Clarendon.

Mr. and Mrs. Fred Bourland were in Lubbock Saturday where Mrs. Bourland attended a work shop for Homemaking instructors.

Hy-brid Grain Sorghums Great Yield Boosters In Donley County

Hy-brid grain sorghums proved to be a great yield booster in Donley County says county agent H. M. Breedlove. Number 611, was one of the best hy-brids planted this year. Yields on dry land came to as much as seven hundred pounds over other types of grain sorghums planted in the same fields and under the same conditions. Breedlove advises to use the very best of hybrid seed and to be sure that it has been tested grown and state certified.

Some farmers last year got some seed that had not been produced under the best of conditions and other types of feed appeared in the hybrids. This can be eliminated a great deal says the county agent if you get good state certified seed.

This coming spring many farmers are going to plant hybrids in grain sorghums because of the extra high yields and fast maturity. Be sure to get good seed and remember that seed from hybrids can not be saved and replanted but must be bred up each year. Check with your local seed dealer and get the best of seed and better do this early as indications are at this time that hybrid grain sorghums will be in great demand and there might develop a shortage in seed.

Sheriff's Dept. Nabs Car Thieves Here

Freedom in a stolen car was short lived Monday night for three Amarillo Airmen and two Wisconsin women when Sheriff Truett Behrens and deputy F. A. Fitzgerald intercepted the group west of town about an hour after the 1949 Ford was stolen in Amarillo.

The three airmen were Robert B. Martin, who has a past record, Delbert A. Ott and Donald J. Lester, all three from Amarillo AFB. The two women were Beverly Yanke and Mrs. Jo Ann Sigman, of Madison, Wisconsin. Sheriff Behrens stated that the group gave no trouble and they were released to the Potter County authorities who made formal charges.

BRONCHO MOTHERS TO MEET

Broncho Mothers are asked to meet Monday night at 7:00 p. m. in the home of Mrs. Truett Behrens. Purpose of the meeting is to discuss plans for the annual football banquet. Officers for the coming year will be elected.

Two Donley County SCD Supervisors To Be Elected

The recent deaths of J. R. Porter and J. A. Tollett left two vacancies on the Donley County Soil Conservation District Board of Supervisors. At a meeting last Thursday of the remaining members of the Board, it was decided to hold two special election meetings to fill these vacancies. The first one will be 7:30 P. M., Monday, Nov. 26, 1956 at the District Courtroom in Clarendon. Those eligible to vote in this election are resident landowners of the District and their wives whose land is in that part of the District north of highway 237 and west of highway 70. This area is zone 2 of the District, and Judge Porter was its elected Supervisor.

The second election will be 7:30 the following night, Nov. 27th at the Lelia Lake School. Those eligible to vote in this election are resident landowners of the District and their wives, and who own land in that part of the District south of highway 237 and east of highway 70. This area is zone 5 of the District and was represented by J. A. Tollett.

There will be a program at each of these election meetings, and it is hoped that they will be well attended.

Unique Picture To Be Shown Local Students

Students of Clarendon High School and Junior College have a real entertainment treat coming up. On November 20, they'll see one of the most unique motion pictures ever filmed. It's called "Production Fifty-one, Eighteen."

It's so unusual in every way that no ordinary conventional title seemed appropriate. So, the producers released it under their original production number, "5118." "Production Fifty-one, Eighteen" is the absorbing story of man's attempts to clearly communicate his ideas to others. It deals with a problem that confronts every one of us—how can we make others understand us—how can we understand others? "Production Fifty-one, Eighteen" is produced in new Eastman Color and stars screen veterans Nelson Leigh, Philip Terry and Frank Wilcox. Awarded five "out-standing" citations nationally since it was first shown less than a year ago, the film will be presented to students of Clarendon High School and Junior College on November 20th.

LEADER CLASSIFIEDS GET RESULTS Leader—Local rate, \$3.00 a year.

Robert Mills Is Top Class A Player Of The Week

The following is an article clipped from the Amarillo Daily News Wednesday morning bringing additional football honors to a member of the Broncho squad.

The Clarendon Bronchos won the District 2-A championship last Friday night by scoring three touchdowns in the last half to defeat Memphis 28-13. A little 150-pound halfback had a big hand in the victory by scoring all three last half TDs.

His name is Robert Mills and as a result of his fine running performance he is this week's Daily News' Class A Player of the Week. Aside from scoring three big touchdowns, Mills also kicked all four Clarendon extra points to give him a total of 22 points for the night.

Mills made his first scoring run in the third quarter with Clarendon holding a slim 7-0 lead. He took the hand-off from Broncho quarterback John Payne and raced 30 yards for the score. His extra point gave Clarendon a 14-0 lead.

Later in the same period Mills broke loose again, this time for 22 yards and a touchdown. His final tally came in the fourth quarter when he raced through and around the Memphis defense for 49 yards to paydirt.

For the night, Mills gained 136 yards in 11 carries for an average of better than 12 yards per carry.

Also outstanding in the game was John Payne, Broncho quarterback. Payne was masterful in engineering the Clarendon team to victory.

Simms PTA To Hold Regular Meeting November 15

The Simms P.T.A. will hold its regular meeting in the Junior High School auditorium on Thursday, November 15th at 3:00 o'clock.

The subject for the program this week will be "We, the Public, Give Thanks for Our Schools."

Mrs. John Bass will give the devotional and Mrs. Ray Moore will sing.

Miss Blankenship and Mr. Bill Todd will talk on "The Blessing of Free Public Education" and "Civic Responsibility to Schools."

There will also be a Student Safety Display.

If you are interested in our schools, make an effort to attend.

Bronchos Win First District Honors In Last Twenty-Five Years

Union Thanksgiving Service Nov. 21st

The regular Annual Union Thanksgiving Service sponsored by the Ministerial Alliance will be held at the First Presbyterian Church next Wednesday evening at 7:30.

Those who will appear on the program are: Rev. Paul Wright who will be in charge and will give the Invocation; Rev. Conrad Ryan who will lead in the Responsive Scripture reading and will give an explanation of the offering; Rev. J. I. Brimberry who will give the Thanksgiving Prayer; Rev. W. F. Vanderburg who will read the Scripture Lesson; Rev. Max Huff who will bring the Thanksgiving Message and Rev. John Stout who will give the Benediction. Mr. Bob Leathers will direct the Choir which will be made up of four singers selected from the First Baptist, the First Presbyterian and the First Methodist. The choir had to be limited because of a lack of space in the choir vault. The Organist will be Mrs. H. R. Beck. Mrs. Ray Moore and Mrs. T. M. Caldwell Jr. will sing in a duet.

The offering will be received and will be used as before for the needy who come to our community and who now live in our community. Fifty percent will be given to Mrs. A. T. Jefferies for her welfare work and fifty percent will be kept by the Alliance to help transients. There is a greater need for this kind of help than many are aware of; therefore we urge you to be liberal in your Thanksgiving offering.

We are anxious that we have a good attendance. Make your plans now to attend.

NEXT WEDNESDAY EVENING, November 21 at 7:30. THE MINISTERIAL ALLIANCE. Conrad M. Ryan, President

SERVICES AT EPISCOPAL CHURCH SUNDAY

At 11 a. m. on Sunday, November 18th, the Venerable Claude C. Canterbury, Archdeacon of the Missionary District of North Texas, will celebrate Holy Communion and preach in the Episcopal Church of St. John Baptist, Clarendon. This will be a United Thanks offering in gathering service. After service, buffet luncheon will be served in the Mission Hall.

SISTER DIES IN CALIFORNIA

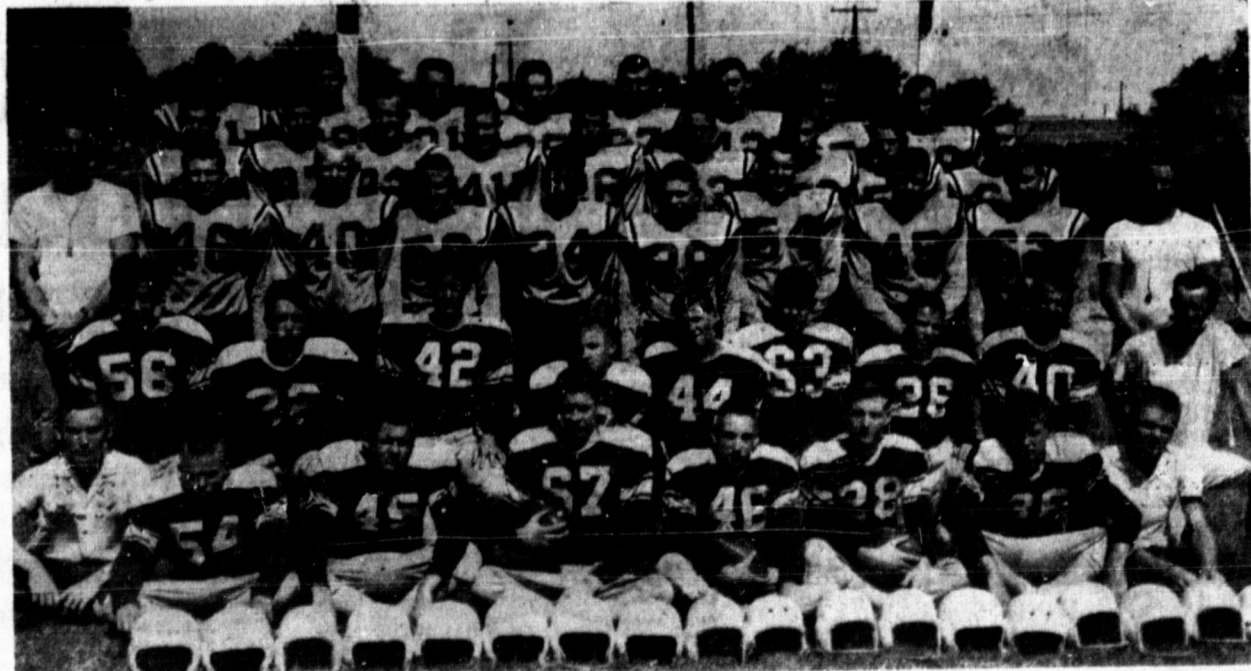

Mrs. George Benson received word Friday of the death of her sister, Mrs. Grace Davis Belden. Mrs. Belden, whose home was in San Bernardino, California, died that day. Services were held Sunday with burial at San Bernardino.

Survivors include two sons, W. F. and Walter Belden of California; two grandchildren; and three sisters, Mrs. E. F. Delaney of Laguna Beach, Calif., Mrs. W. H. Howland of Houston, Texas, and Mrs. George Benson of Clarendon.

Estlack - Patterson Vows Exchanged In Church Ceremony

In a candlelight service Sunday morning, November 11, at the First Methodist Church, Clarendon, Texas, Miss Jacqueline Estlack, daughter of Mr. and Mrs. George W. Estlack, became the bride of Mr. David N. Patterson, son of Mr. and Mrs. John Patterson of Groom, Texas. Rev. Conrad M. Ryan, pastor, read the double-ring ceremony.

Vows were exchanged before an altar decorated with white tapers in wrought iron candleabra, greenery, and baskets of white chrysanthemums. Pews were marked with white satin ribbon. Candles were lighted by Messrs. Larry Whitlock and Allen Homer Estlack, cousins of the bride.

Miss Mantie Graves, organist, played a nuptial prelude including "Indian Love Call," "Stardust," "September Song," "Melody of Love," "Traumerel," and "Rosary." She also accompanied Mrs. Ray Moore as she sang "Tenderly," "More," and a benediction, "The Lord's Prayer." The traditional wedding marches were used.

Miss Harlene Smith, attired in a dress of green taffeta, attended the bride as maid of honor. Miss Gloria Pope of Clarksville, Texas, and Miss Pat Vincent of Idalou, Texas, bridesmaids, wore dresses of brown taffeta. Their dresses were fashioned along princess lines with three-quarter length sleeves and large bows to the back of the full skirts. Their small hats were of matching taffeta and they carried nosegays of yellow chrysanthemums.

Attending the groom as best man was Mr. Bob Pool, Groom,

Texas, cousin of the groom. Grooms-men were Mr. Tommy Lane and Mr. Allen Homer Estlack. Ushers were Messrs. Larry Whitlock, Allen Homer Estlack, Tommy Lane, and Leon Schaeffer.

The bride, escorted to the altar and given in marriage by her father, wore a gown of pleated nylon tulle and Chantilly lace over satin. The fitted bodice was of lace with the long sleeves terminating in points over the hands and buttoning at the wrist. The neckline was outlined in sequins. The bouffant skirt of tiers of lace and tulle cascaded to a waltz length. Her finger-tip veil of imported illusion fell from a hat of matching lace showered with sequins and seed pearls. She carried a bouquet of stephanotis, a white orchid, and white satin streamers tied with love knots. She wore a pearl necklace and earrings, a gift from the bridegroom. All of the traditions of something old, new, borrowed, blue, and a penny in her shoe were carried out.

For her daughter's wedding, Mrs. Estlack chose a dress of pale green cotton satin with black velvet trim and black accessories. Mrs. Patterson, mother of the groom, wore a blue-grey silk suit complemented by pink accessories. Both wore corsages of pink carnations.

Immediately following the ceremony, a coffee honoring the bride and groom was held at Patching Club House. Guests were received by Mrs. George W. Estlack and were presented to Mr. and Mrs. John Patterson, Mr. Estlack, Mr. and Mrs. David N. Patterson, Miss Harlene Smith, Miss Pat Vincent, and Miss Gloria Pope. Mrs. T. C. Sustaire, of Amarillo, sister of the groom, presided at the registrar.

The refreshment table was laid with a linen cloth and a floral ar-

MR. AND MRS. DAVID N. PATTERSON

angement of white carnations and yellow roses. The tiered wedding cake, topped with a miniature bride and groom, was decorated with miniature yellow roses. Miss Mary Francis McCully presided at the silver service while Miss Paula Skelton served cake. Assisting in the dining room were Miss Vanetta McClellan and Miss Stella Tipton.

For traveling, Mrs. Patterson chose a silk suit in shades of toast accented by dark brown accessories. She wore the orchid from her wedding bouquet. After a week at Ft. Hood, Mr. Patterson will leave for Fort Gordon,

Augusta, Georgia and a school in electronics. Mrs. Patterson will join her husband there as soon as he is settled.

Mrs. Patterson is a graduate of Clarendon High School and is a sophomore student at Clarendon Junior College where she has been active in many school activities. Mr. Patterson is a graduate of Groom High School and prior to entering the service was employed by the Johnson Chevrolet at Groom, Texas.

Mr. and Mrs. Tommy Blasingame and children have moved to Amarillo.

Pathfinder Observes Guest Day

A large group of Pathfinder members and guests attended a guest day program, Friday afternoon, November 9, at Patching Club House. Mrs. Lee Holland opened the meeting, giving the Invocation. Club Collect was read and was followed by the Pledge of Allegiance led by Mrs. C. B. Morris.

Miss Ruth Richerson, president, presented the guest speaker for the afternoon, Mrs. L. E. Dudley of Abilene. Mrs. Dudley is past president of the State Federated Clubs. Her review of "Gift From the Sea" by Anne Morrow Lindbergh gave a concise interpretation of the book which was a best seller for eighty-seven consecutive weeks.

Mrs. Dudley explained the book's popularity by stating that Mrs. Lindbergh, in seeking to find the answer to many problems in her life, had included those which trouble women of all ages. The author wrote "Gift From the Sea" while she was alone on a visit to the seashore. As she collected the beautiful shells, she compared each shell and its occupant to certain phases of a woman's life. The book is inspirational in its subject matter and Mrs. Dudley lost none of it in her delightful review.

At the conclusion of the review, Miss Richerson expressed appreciation for Mrs. Dudley's coming and presented her with a beautiful desk set.

The entertaining rooms were lovely with bouquets of pyranthia and chrysanthemums.

Members and guests were invited to the dining room for tea. The table was attractive in its simplicity. Matching silver candleabra bearing pink tapers with English ivy artistically entwined around their base marked the center of the table. Silver appointments completed the setting. Mrs. J. L. McMurtry presided at the silver coffee service.

Hostesses were Mesdames Heckle Stark, J. T. Patman, A. T. Cole, Ed Dishman, Lee Holland, and J. L. McMurtry.

Shower Honors Miss Jacqueline Estlack

Miss Jacqueline Estlack, bride-elect of David N. Patterson, was honored with a miscellaneous shower Wednesday afternoon, November 7, at Patching Club House. Receiving hours were from 4:00 p. m. to 6:00 p. m. Hostesses for the courtesies were Mesdames George Thompson, John McClellan, C. E. Bairfield, John Goldston, Alvin Hicks, Bert Smith, Bill Lane, Lee Bell, Alfred Estlack, Homer Estlack, Mike McCully, Alvin Landers, Carroll Lewis, Seldon Bagby, L. L. Wallace, and Bill Cushing.

The entertaining rooms were decorated with bouquets of yellow chrysanthemums. The many lovely gifts were displayed on tables laid with white cloths.

Guests were greeted by Mrs. C. E. Bairfield and presented to Mrs. G. W. Estlack, Miss Jacqueline Estlack, and Mrs. John Patterson of Groom. Miss Stella Tipton presided at the guest book.

A soft musical background was provided throughout the afternoon by Miss Joyce Eddings and Miss Margaret Cushing, alternating at the piano.

Refreshments were served from a table laid with a white linen cloth. The centerpiece of green carnations and yellow roses interspersed with gold leaf fern was flanked to either side by a miniature bouquet of green carnations, meline and yellow streamers. Misses Vanetta McClellan and Harlene Smith alternated at the silver service while Misses Mary Francis McCully and Pat Vincent served the individual cake squares which were decorated with brown rosettes.

Approximately sixty guests registered and many who were unable to attend sent gifts.

GOOD NEIGHBORS CLUB

The Good Neighbors Club met Friday, Nov. 9th for an all day meeting in the home of Mrs. C. L. Mixon. One quilt was finished. Mrs. Jordon received a Pollyanna gift.

A good dinner was served at the noon hour to ten members.

The next meeting will be Nov. 23rd in the home of Mrs. T. A. Sullivan.

GAMMA KAPPA LUNCHEON

The Gamma Kappa Chapter of Delta Kappa Gamma Society met in Childress, Saturday, November 10th at Gary's Cafe for a luncheon. The Thanksgiving and fall motif were carried out in table decorations. Miss Lula Caudell gave the invocation. Mrs. Bob Henshaw sang "A Friend" and "Stars in My Eyes," and was accompanied at the piano by Mrs. Louise Bowers.

At the conclusion of the luncheon, the program leader, Mrs. Lillie Castleberry introduced Captain Allard of the Army Air Force who is stationed at Saglek, Labrador. Captain Allard gave a very interesting talk and showed colored slides of this far northern area. The main point of his talk was suggesting to teachers to teach individuals how to better adjust themselves to any situation in which they may be placed.

Members who were present from Clarendon were Mesdames Charlotte Word, Velma Weaver, Hazel Brandon, and Misses Edgar Mae Mongole, Inez Blankenship, Mary Howren, Lucile Polk, and Ruth Richerson.

M. Y. F. MEETS

The Lelia Lake M.Y.F. met at the church at 6:00. Jessie Lee White, vice president, called the meeting to order. Betsy Chamberlain gave the opening prayer.

We decided to go to the Hamilton Sub-District meeting at Hedley, Monday, Nov. 12, 1956.

We had our lesson from the "Upper Room" for Sunday, Nov. 11, 1956. Betsy Chamberlain read Psalms 34.

Members present were: Glynn Myers, Jessie Lee White, Evelyn Chamberlain, Neal White, Larry Thurman, Betsy Chamberlain, Jerry Don White, William Chamberlain and our two counselors, Mrs. Mace and Mrs. Thurman and the W.S.C.S. Youth Secretary, Mrs. Chamberlain.

We were dismissed by the M.Y.F. benediction.

BETA SIGMA PHI
Mu Gamma Chapter of Beta Sigma Phi met Thursday evening, November 8, at Patching Club House with seventeen members and two pledges present.

During the business meeting a Ways and Means project was chosen. It was decided to dress a doll and sell tickets. A new extension officer was elected and installed, Ruth Hudson.

A pledge initiation was held, Ritual of Jewels, initiating Ruth Hudson, Evelyn Yates, Marilyn Simpson, Annette Hardin, Mary Neal Risley and Beth Bennett.

The program, "Giving and Receiving Friendship," was given by Bert Garland, Jo Jinks, and Kay Bain.

Hostesses were Ruth Hudson and Ann Hommel.
Saturday night, November 10, a surprise stork shower was given in the home of Mr. and Mrs. L. D. Aten, Sr. honoring Jennie Aten, a member of Mu Gamma Chapter.

BIRTHDAY PARTY

Mrs. C. A. Wright entertained with a birthday party at the park Tuesday last honoring her son, John Charles Sommers, on his eighth birthday. The group met after school at 2:30 and were served refreshments of cake and ice cream. The birthday cake was decorated in brown and yellow and the same colors were carried out in napkins.

After John Charles opened his gifts, games were played until 4:00 p. m. Helping with the party were Mrs. Sid Stewart and Mrs. Loyd Johnson.

Present were the honoree, John Charles Sommers, Robert Bell, Melvin Florence, Ervin Mears, Gary Stewart, Mike Stewart, Mike Webb, Pete Campbell, Jimmy Riley, Judy McAnear, Belenda Wells, Wes Henson, Shirley Welch, Bobby Vinson, Jeanette Cosper, Jessie McCrary, Tim Caldwell, Jackie Tolbert, Pat Wood, Jimmy Hicks, Dana Estlack, Linda Palmer, and Maxie Osborn.

H. D. CLUB TO MEET

The senior H. D. Club will meet Friday, November 16, for an all day meeting in the home of Mrs. R. C. Bingham. Quilting will be the program of the day and a covered dish luncheon will be served at the noon hour.

ANNOUNCEMENT

Mr. R. R. Dingler of Clarendon announces the engagement and approaching marriage of his daughter, Jo Ellen, to Billy N. Cowan, son of Mr. and Mrs. P. A. Cowan of Littlefield, Texas.
The wedding date has been set for November 25, 1956.

KIL KARE KNEEDLE KLUB

Mrs. E. H. Noland will entertain the Kil Kare Klub November 15, meeting to open at 3:00 P. M. All members are urged to be present for a special business meeting.

Mr. and Mrs. Tommy Blasingame announce the arrival of a son November 1st. The young fellow weighed 6 lbs. and has been named Billy Don.

Mr. and Mrs. Montie Smith of Amarillo visited relatives here the week end.

LEADER CLASSIFIEDS GET RESULTS

U. S. Lumber Output Exceeds One Third Of World Production

United States lumber production is holding steady at around 37 billion board feet annually, more than a third of the world's output.

This fact is contained in the 1956 edition of "Facts About the Nation's Lumber Industry," just released by American Forest Products Industries, Inc., the National Tree Farm sponsor.

Nearly all of this lumber—about 90 per cent of it—is harvested from privately owned commercial forest land, the book states.

About 70 per cent of each tree harvested is utilized today, as compared to only 30 per cent in the early days of the industry. Slabs, sawdust and other left-overs formerly unused by saw-mills are now sold to pulp and paper mills.

More and more lumber companies, according to the fact book, are adopting forest management practices on their own lands—and are giving forestry aid to neighboring small landowners—to assure enough timber to meet the country's future needs. They employ more than 1,000 professional foresters.

Together with other wood-using industries, U. S. lumber companies sponsor and operate the American Tree Farm System of timberland management on some 40 million acres of private forest land. The program is now active in 44 states.

Products shipped by the lumber industry are valued at more than \$5 billion annually in latest estimates of the U. S. Department of Commerce. The industry gives full-time employment to over 750,000 persons.

Bobby D. Philley (USN) has been visiting his parents, Mr. and Mrs. S. O. Philley. He will return to his base at San Diego, Calif.

Horned Owls Eye See-See Partridges

AUSTIN—A graphic description of field men's efforts to protect a shipment of Pakistan reared See-See partridges from raiding horned owls was reported to the **Director of Wildlife Restoration for the Game and Fish Com-**

mission. The rare partridges, imported for experimental stocking in the Panhandle, were confined in outdoor pens preparatory to release. The predacious big owls apparently were attracted by housing the far eastern game birds "in unnatural numbers." The biologists—**A. S. Jackson and Richard DeArment**—said six of the attackers were taken, three by traps and three by gunfire. One of the six caught had previously been snagged in a ground-set trap and apparently had escaped with the trap, later losing both foot and the trap. Besides, two horned owls temporarily detained at the See-See cages escaped by twisting off the foot by which they were held. Citing the viciousness of the raiding owls, the field men related how one horned tiger-bird caused the death of three partridges, apparently in the dark of night.

FARM NEWS

from the County ASC Committee

Conservation Reserve for 1956

Those who are interested in Conservation Reserve for 1956 should come into the office and review the program as some changes have been made and new instructions have been received. Agreements should be signed by November 30th for the 1956 acreage that is eligible for participation.

ACP Payments

Transmittal No. 4 is being prepared for ACP payments on conservation practices that have been completed this year. Payments will be received by producers in a short time after this Transmittal is submitted to the State Office.

Cotton Listing Sheets

Work is progressing satisfactorily on the Cotton Listing Sheets and the allotment notices will be ready to mail out sometime the 1st of December.

ACP Funds Available

If you need to carry out any conservation practice on your farm for 1956, let us help you. We still have plenty of ACP funds on hand so Federal cost-share is available. Come in and talk it over.

1957 ACP Handbook

Our 1957 ACP Handbook is being worked up and before very long we hope to have it ready for the State Office approval.

Former Employee Visits

L. D. Aten, Jr. honored us with a brief visit Friday afternoon. He is now employed in Lamb County ASC Office as Office Manager, and he informs us that business is booming in his territory. We were glad to see him once again and hope him all the luck in his work.

Guests in the home of Mr. and Mrs. W. B. Ayers last week were her grandson, Mr. and Mrs. Jasper Howar and little daughter. They have just returned to the States after spending 18 months in Heidelberg, Germany. Their daughter was born in Germany. They left Friday for Greenville where they will be connected with his father, V. E. Howard, in the Jewelry business.

CARD OF THANKS

I want to thank each and everyone for the flowers, gifts, food and visits during my illness. May the Lord bless each of you. Mrs. Clara Hodge.

Clarendon High School Alumni Entertained Friday, Nov. 9th

The newly organized Student Council of Clarendon High School entertained Alumni of CHS Friday, November 9 and were well pleased with the number who registered. Fifty ex-students were on hand for the activities of the day.

Coffee and donuts were served throughout the day. A Science assembly was the program for the morning with a Pep Rally in the afternoon.

Highlight of the Homecoming activities was the football game starting the Bronchos and their traditional rivals, the Memphis Cyclone. Miss Phyllis Hill, daughter of Mr. and Mrs. Dale Hill was crowned Football Queen. She was escorted by Jimmy Philley and John Payne, co-captains. Her attendants were Miss Katherine Dingler, escorted by Charles Cosper, and Miss Elizabeth Smith, escorted by Jerry Behrens.

Of the fifty ex-students who registered, the oldest class represented was that of 1926. Others mentioned were those of the '30s and 1927. Several who registered failed to identify themselves with a graduating class. It is hoped that this Homecoming will become an annual affair, growing larger each year and that more entertainment can be added to the reunion.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

We have acquired some valuable Bible Reference books this week. "The Encyclopedia of Bible Life" by Madeline S. and J. Lane Miller was given in memory of Mrs. Eldridge. "All of the Women of the Bible" by Edith Deene was given in memory of Mr. J. R. Porter and Phillip's "Letters To Young Churches" was given by the same friends, the John Gillhams in memory of Mr. Porter. All three of these books, and the Abingdon Bible Commentary which was placed here last week are quite an asset to that section of the Library.

Two children's books were purchased from the memorial fund given in memory of Bobbie Smith. These are: "A Child's Book of Reptiles & Amphibians," and "A Child's Book of Ballet." They are beautifully illustrated and informative.

There was a second book donated this week in memory of Mrs. Eldridge, and it is: "Riches of the Kingdom" by Grace Noll Crowell. These devotional copies are read more than any we have. Historical facts and romances have not been as popular as formerly, but this may be due to the fact we seldom secure new editions of fictions just now. We found finances too meager to purchase books, and we receive few gifts of this type.

Mr. and Mrs. Kenneth Sams and children of Brownfield and Mrs. Benny Edens and children of Midland visited the weekend with their parents, Mr. and Mrs. A. D. Estlack and attended the Estlack-Patterson wedding Sunday morning.

Dinner guests in the home of Mr. and Mrs. F. E. Caraway Sunday were Mr. and Mrs. Eugene Thurmon and son of Amarillo, Mr. and Mrs. D. S. Smith, Mr. and Mrs. E. J. Chenault, and C. E. Lindsey. Afternoon visitors included G. D. Townsend of Fort Worth, Billy Townsend and daughter of Lubbock, Mrs. Leonard Dozier and Mrs. A. O. Hott.

AN APPRECIATION

On behalf of the Simon Tagle family, we would like to express appreciation to the many people who so generously donated money, food, clothing, etc., following the tragic fire Sunday.

Mr. and Mrs. Olace Hicks.

Mrs. Stella Jones of Amarillo, Mr. and Mrs. Billy Hall and sons of Memphis, and Mrs. Clyde Putman were guests in the home of Mr. and Mrs. C. A. Wright and children Sunday.

Mr. and Mrs. Roy Crutchfield and Jeanette and Kay Blasingame visited in the G. F. Crutchfield home at Canyon Sunday afternoon.

Little Miss Kay Blasingame is spending this week with her grandparents, Mr. and Mrs. Roy Crutchfield.

SCHOOL CAFETERIA MENU

November 19-23rd

MONDAY

Pigs in blanket, English peas, lettuce salad, chocolate pudding, bread, milk, butter.

TUESDAY

Roast, gravy, creamed potatoes, green beans, jello, cookies, corn bread muffins, milk, butter.

WEDNESDAY

Tuna salad, sweet potatoes, lima beans, pie cherries, milk, butter, bread.

THURSDAY

Meat loaf, corn, blackeyed peas, pickles, fruit, bread, milk, butter.

FRIDAY

Pork and potatoes, red beans, cabbage salad, hot rolls, milk, butter, cookies.

Mr. and Mrs. Lloyd Hefner and Holly and Mr. and Mrs. Ray Hefner, all of Amarillo visited Sunday afternoon with their parents, Mr. and Mrs. A. O. Hefner.

Mr. and Mrs. Eugene Thurmon and son of Amarillo were guests Saturday night in the home of Mr. and Mrs. F. E. Caraway.

73 Year Old Bible For Local Church

Father C. J. Corcoran acquired a 73-year old Holy Bible for the local Catholic Church. It will become a permanent exhibit at the Shrine. The old volume is a gift from the Quincy, Massachusetts Parish near Boston and is a most complete Catholic Bible translated from the Latin Vulgate according to the Decree of the Council of Trent. The old book contains a complete history of each book of the Bible together with a history of the Mother of Jesus. It is beautifully illustrated with numerous steel plates and other appropriate engravings and offers much research for biblical students. The huge volume is displayed on the Lectern opened at the Book of St. Luke.

CARD OF THANKS

Mrs. B. N. Head and Mrs. Allen Jefferies wish to express their appreciation to the fine people of this area who gave so readily and generously to the Tagle family in their time of need. The family now has all the items they need and can use.

Mr. and Mrs. O'Dell LaGrone and children of Amarillo were week end guests in the home of her parents, Mr. and Mrs. George Thompson. Other visitors Sunday were Mr. and Mrs. Chauncey Hommel and children.

Guests in the home of Mr. and Mrs. C. E. Bairfield Sunday were her parents, Mr. and Mrs. L. T. Alexander, also Mr. and Mrs. R. R. Crawley, Mr. and Mrs. Earl G. Alexander, and Mr. and Mrs. J. L. Alexander and children, all of Wellington. The occasion was in honor of Diane Alexander who was celebrating her eleventh birthday.

Father C. J. Corcoran announced at the Sunday Mass a Thanksgiving collection of clothing for the needy over seas. The clothing will be collected the week of November 18-24 for immediate shipment abroad.

Mr. and Mrs. Jerry Buck of Corpus Christi visited in the home of Mr. and Mrs. Jack Eddings Sunday. Jerry attended College here and is now in the service being stationed at Corpus Christi.

Various Postal Services To Speed Processing And Quicker Delivery Of Christmas Mail

Postal patrons this coming Christmas season can speed the processing and assure quicker delivery of their Christmas parcels and cards by availing themselves of various postal services and free postal information pamphlets. Postmaster General Arthur E. Summerfield announced today.

The services mentioned by the Postmaster General include:

1. This year, for the first time, sealed parcels may be mailed at the third- or fourth-class postage rates without labels, notations, endorsements, or hieroglyphics of any kind authorizing the opening of the parcels for postal inspection. Packages sealed with modern sealing materials or even with just plain Christmas seals should carry better in the mail than unsealed ones. Strong cord should also be used.

2. Combination Mail, which was used for the first time dur-

ing last Christmas season, and which permits a mailer to enclose a letter or message inside a gift parcel and pay the appropriate postage on it plus the postage for the package itself.

3. Certified Mail, also used for the first time in the 1955 season, which permits mailers to have proof of delivery of Christmas letters, cards or parcels having no intrinsic value for a postal fee of 15 cents plus first-class postage.

The free postal pamphlets—available at all post offices—are entitled "Packaging and Wrapping Parcels for Mailing" and "Domestic Postage Rates and Fees".

Mrs. Wilson Lane and Mark of Wichita, Kansas came Saturday to visit in the homes of Mr. and Mrs. C. W. Lane and Tommy and Mr. and Mrs. Quinn Aten at Lelia Lake. Mr. Lane will join them here Thanksgiving and return his family to their home.

Mr. and Mrs. Bill Baten and Joy and Mr. and Mrs. Kenneth Dale of Memphis were dinner guests in the home of Mr. and Mrs. Truett Behrens and family Friday night.

JUNIOR'S Phone 81 FOOD MARKET JUNIOR SPIER, Owner CLARENDON, TEXAS We Deliver

PLOWIN' Out the CORNERS

Mr. Norris Ewing of Amarillo, Texas sends us the following which was a prayer spoken by Ben Franklin. Today, so many years later, it reads as the thoughts of our heart.

"O Powerful Goodness, Bountiful Father, Merciful Guide. Increase in me that Wisdom which discovers my truest interests. Strengthen my Resolutions to perform what that Wisdom dic-

tates. Accept my kind offices to Thy other Children as the only return in my power for Thy continual favors to me." Thanks Norris for this gem of a thought.

Miss Dorothy Johnson of Oberlin, Kansas sends us the following little poem by Elinor K. Rose that tells us one reason why a tree is;

JUST LIKE A WOMAN
A maple tree will spend her all
For clothes she wears from
Spring to Fall,
Then finds when winter frosts
the air
She hasn't got a thing to wear."

Along with the above poem:
"Happiness is a way of doing
whatever you must do."

Sometimes we are inclined to
criticize children for being afraid

of the dark. The real tragedy
though is when we find grown-
ups who are afraid of the light.

A farmer from way out in the
back woods was visiting the big
city for the first time. Kicking on
the pavement he remarked;
"Don't blame 'em for building a
town here; this soil is too hard to
plow anyway."

Our old friend Holly Wood of
Donley County sends us the fol-
lowing statistics as prepared
some time back by one Ogdan
Smith of Hawaii on Who's Doing
the Work.

Population of the
United States 160,000,000
People too old to work 62,000,000

People left to do the
work 98,000,000
People too young to
work 75,000,000

Balance left to do the
work 23,000,000
People in the armed
forces 10,000,000

Balance left to do the
work 13,000,000
People in state, city, and
county offices 12,800,000

Balance left to do the
work 200,000
People in hospitals 126,000

Balance left to do the
work 74,000
Bums and others who
won't work 62,000

Balance left to do the
work 12,000
People in jails 11,998

Balance left to do the work 2
Two, that's you and I. Get to
work brother, cause I'm tired of
doing it all.

Oh me, anyway, somebody is
always thinking up some kind of
thinkin'.

According to George Gobel,
"Don't borrow trouble, just be
patient and you will soon have
some of your own."

We have heard that there are
two great tragedies in life; one is
getting what we want and the
other is in not getting it. If we
get what we want we become
spoiled and life often is very
monotonous. If we fail to get
what we want we may become
disappointed and discouraged. If
we get what we want, that very
thing often is our downfall. If we
fail to get it, we often fall by the
way and give up. Anyhow, these
crazy thoughts teach us the hope,
courage and faith, are the real
fruits of life.

Emergency Feed Grain and Roughage Program Helping Established Farmers and Ranchers

During the four months period
through October 31, 1956, Texas
farmers and ranchers eligible un-
der the emergency feed grain
and roughage programs, received
assistance in the purchase of
1,443,867,646 pounds of grain and
1,374,170 tons of roughage, Walter
T. McKay, Farmers Home Ad-
ministration State Director at
Dallas announced today. 91,787
applications for grain assistance
and 37,405 applications under the
roughage program were process-
ed during this period.

The emergency feed grain and
roughage programs are meant to
help established farmers and
ranchers, who are primarily en-
gaged in farming and ranching,
to maintain their basic herds of
cattle, sheep and goats, if their
circumstances are such that this
assistance is needed, McKay ad-
vised. The local Farmers Home
Administration committee have
the responsibility to determine
the eligibility of individual ap-
plicants and to approve the a-
mount of feed each applicant may
purchase under the program.

233 counties in Texas are desig-
nated under the emergency feed
grain and roughage programs. In
these counties, eligible applicants
are helped in buying corn, oats,
barley and grain sorghums, or
approved feed mixtures contain-
ing either 60 or 75 percent of
these grains through a Govern-
ment subsidy of \$1.50 per cwt.
The Federal Government bears
the full amount of this subsidy.
In addition to the emergency feed
grain assistance, eligible ap-
plicants are helped to buy hay or
other approved roughage to
maintain their basic herds. Un-
der this program applicants re-
ceive a Federal subsidy of \$7.50
per ton of roughage actually
bought.

Regulations that guide FHA
county committees in the review
of applications provide that ap-
plicants will not be certified if
they are financially able to ob-
tain the necessary feed for their

basic herds without difficulty and
can continue their normal farm-
ing and livestock operations. It is
not expected that applicants will
exhaust their total resources, in-
cluding credit, before they can be
certified for this assistance, Mc-
Kay advised.

"However," McKay added, "the
fact that the purchase of feed at
regular prices may not be profit-
able to the applicant is not suf-
ficient to qualify him for assist-
ance. It must be determined in
every instance that an applicant
is primarily engaged in farming
or ranching and that this is his
main source of income. A nomi-
nal portion of his income from
other sources would not neces-
sarily disqualify the applicant. The
overriding factor in determining
the eligibility of any applicant is
his financial ability to obtain the
feed necessary to maintain his
basic herds and continue his
normal operations. An applicant
whose financial circumstances are
such that he can provide neces-

sary feed for his basic herds
carry on his operations with-
out serious difficulty is not eligi-
ble for this assistance."

Under the present designation
applications may be filed through
December 3, 1956 for a supply of
feed grain and roughage to carry
basic livestock herds through
December 31, 1956.

More than 27,500,000 feet of
electrical wiring were installed in
the USS CANBERRA (CAG2), the
Navy's second guided missile
cruiser. This is roughly equiv-
alent to 5,200 miles which would be
sufficient for use in cities the size
of Santa Barbara, Calif., or Kala-
mazoo, Michigan.

New Task-Force 57 Chevrolet Trucks!

They "flattened" Yukon mountains with the most modern truck V8's of all!

Rated G.V.W. of these payload-carrying heavyweights goes all the way up to 32,000 pounds!

New V8-powered '57 Chevrolet trucks, heavily loaded, made one of the world's toughest roads look easy! In a straight-through test run, they rolled over the famous ALCAN Highway to Alaska—in less than 45 hours (normally a 72-hour run). Here's proof-in-action of power that'll handle your toughest jobs—and keep coming back for more!

Whatever your job, there's an Alcan-proved Chevrolet Task-Force truck ready right now to save you time and money!

Six new Task-Force huskies made the run. And six ultra-modern Chevy engines proved their power and performance—with gas mileage up to 18.17 miles per gallon! Two of the engines were not stopped once, and they hummed along at peak efficiency the entire 1,520 miles!

Chevy's big V8's—including the new 283-cu.-in. Super Taskmaster—turned in top performance jobs. They hauled typical loads up and down towering grades and through washouts that sucked wheels into hub-deep mud. They roared on through miles of heavy dust that narrowed visibility to a few hundred feet. And in spite of the varying altitudes and temperatures, not a single truck was forced to drop out or turn back! Stop by and see them soon!

Alcan run supervised, certified by the AAA.

Proved on the Alcan Highway
Champs of every weight class!

From where I sit... by Joe Marsh

There'll Always Be An "Expert"

Drove out to see how they're getting along with the new super-highway that's going to pass through town.

While I was there a fussy little guy—a spectator, like me—came up to the foreman on the job and started making all sorts of suggestions: "Shouldn't it go a little farther left there?... Why don't you bank the curves more?... Those ditches are awful close"... and so, on and on.

The foreman took it as long as he could, then asked politely, "How does she look for length?"

From where I sit, free advice is called "free" because it's usually not worth much. That little fellow was typical of the kind of "expert" who can't resist getting in digs—about how you work, what you wear, why you happen to prefer a glass of beer with your supper. People like that don't mean to be troublemakers... but the road to real intolerance is paved with their good intentions.

Joe Marsh

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers
It had not been my intention to devote this week's newsletter to the explosive situation in the Middle East. However, the many and varied views expressed in

Throughout the years there's always been, Some ideal traits in lives of men, Some traits that you and I admire, And hope some day to gain, acquire, So in our lives there ought to be, Good traits for other folk to see, The lives we've lived, when we are gone, Some one will live and carry on.

MURPHY FUNERAL HOME

this country with reference to that trouble spot prompt me to put in my two cents worth. The entire attention of the world is focused on the baby nation of the world, to wit, Israel — a nation created by the U. N. The U. N. was established for the objective and purpose of furthering world peace. Therefore, it seems strange that the first born of this union of nations should be the trigger that explodes the hopes for world peace in our time. In the minds of many, these facts standing alone are sufficient upon which to indict the U. N. as a failure. However, we must not act hastily but with the greatest precaution. As in most matters of conflicting views, alternative procedures are available for finally resolving the problem. One is by physical conflict where the weaker of the conflicting parties is forced by physical violence to submit to the doctrines of the more powerful party, right or wrong. On the other hand, we have the power of reasoning with which God endowed man and no other animal. It is upon the reasoning processes that democracy as a government must stand. The resort to physical violence without employing the reasoning processes is to do violence to the very basic fundamental principles of democracy.

It would, therefore, appear that the proper course for this country would be to utilize every element of the United Nations Organization to the fullest, before concluding that the U. N. has failed. It is only through discussion and negotiation that conflicting views can be reconciled and that the hopes of peace can be strengthened. A resort to physical conflict will not only fail to provide any solution to the proper difficulties

and problems, but will multiply them many times and, in fact, could be the forerunner to the destruction of our civilization for all practical purposes.

The widely divergent editorial views of the newspapers all over this country point up the fact that the American people should be quickly and thoroughly advised and briefed on the tensesness of the Middle East situation as it has obviously existed for some time. These facts should have been made known to the American people and to the Congress while they were developing, and certainly since the situation has now erupted there is no excuse for withholding the facts further. Few people in this nation knew that the seizure of the Suez Canal had been anticipated for more than four months before the actual seizure by Nasser. In fact, departments of this government discussed, prior to the actual seizure, plans as to how to transport the oil after the seizure had taken place. None of this was known outside of the executive branch of the government and the departments involved. Yet many feel that the Suez difficulties are the motivating force that caused the hostilities in the Middle East, rather than the reasons given by Israel for her advance into Egypt. The reasoning being that although Britain and France reluctantly acquiesced in the decision that force should not be used against Egypt at the time of the Canal seizure, they did not agree with such conclusion and immediately thereafter began efforts to induce Israel to act on the theory that such a move by Israel would provide an excuse for Britain and France to move troops into the Suez area, which they wanted to do in the first place and intended to do all the time.

It is my thought that if the American people had been kept abreast of the matters as they developed in the Middle East, the present situation would have been avoided.

It is true that Britain and France did not tell this government what they intended to do in connection with the Israel move, but it would appear that our Central Intelligence Agency which has been so widely advertised would

FALLOUT DETECTOR aboard a specially-equipped former Liberty ship was used to gather data on radioactive fallout from the Cherokee hydrogen-bomb shot of Operation Redwing. The collection platform atop the foremast, or "king post," is loaded with various recording instruments. The readings were especially important because fallout is now one of the principal nuclear dangers with which civil defense must contend. Civilians will be told to seek shelter in basements, "cyclone" shelters and the like if fallout from a nuclear explosion is heading their way. (U. S. Navy Photo from International)

have been able to get together some information as to what Britain and France intended to do, especially since they are listed as our allies. Perhaps we need an agonizing reappraisal of the manner in which our foreign affairs are being conducted, especially as to the coordination between the State Department and several other agencies such as the CIA that could be most helpful. Certainly we must have this reappraisal if the time has come that we must watch not only our enemies, but our allies.

I can well appreciate the position of Britain and France in

wanting to protect their own particular interests in so far as the Suez area is concerned. However, I cannot escape the obvious conclusion that their recent actions could serve only for temporary purposes rather than help in the permanent solution of the difficult problem. Such action could well commence a series of events that could result in a conflict to the death between those human beings who have white skin and those of color. A conflict that has been predicted many times in our past history.

Let us all hope that history will record our generation as having

contributed measurably to resolving the differences from which such a conflict could flow, rather than contributing to the physical violence that would sorely retard, if not completely destroy, the further advance of man.

Emergency Hay Benefits Absorbed By Higher Prices

John C. White, Commissioner Texas Department of Agriculture

Dissatisfaction with the new drought relief hay and feed concentrate program of the federal government is becoming evident from letters received by the Texas Department of Agriculture.

Farmers are complaining that the monetary aid received was immediately devoured by a corresponding increase in hay prices. A price study by the Department seems to bear out this criticism.

After four months of negotiations, the Texas Emergency Drought Committee succeeded in attempts to get the federal government to re-instate a drought aid program in the state. The plan went into effect in October. It called for \$7.50 per ton grants-in-aid for drought area farmers on hay or roughage purchases. In addition, a price reduction of \$1.50 for each hundred pounds of feed concentrate in government storage was granted needy stock farmers.

The state committee, composed of farmers and leading agriculturists, strongly recommended that the government also inaugurate some temporary form of

price controls on roughage and feeds. This phase of the program was neglected when the plan went into operation.

Here are the results of price studies since that time:

In June, when a new relief plan was suggested, grass hay was selling mostly at \$33.70 per ton. In July, when the federal government gave notice that it probably would start a program, grass hay went to \$38.20, and in September — when the program was a certainty — prices stood at \$42.90. This \$9.20 increase not only takes all of the \$7.50 aid allotted farmers, but makes it more expensive than when no program was in effect.

The same was true to legume hay. June prices went from \$34.80 to \$39.60 in July and then to \$48.10 per ton in September — an astounding increase of \$13.30 per ton. Hulls jumped from \$15.80 to \$24.20 and mixed hulls and meal from \$35.80 to \$42.80 in the same period.

Temporary controls would have gone a long way towards applying the relief money where it was intended.

Queen Elizabeth was known as the Tudor Wench.

Smart, Modern Pickup

On the road, you want all the performance, comfort, style and economy of this modern pickup.

Which of these trucks will do the most for you?

Light-duty Four-Wheel-Drive Truck

For the rough, tough off-the-highway hauling jobs, you want a truck with extra traction, extra power.

You get both with this "double-duty" INTERNATIONAL 4x4!

The INTERNATIONAL light-duty Model S-120 four-wheel-drive, pictured above in both illustrations, is a full-size pickup, with a full-size body, full-size cab. It's no cumbersome midget, or ungainly monster, but a modern pickup with comfort and good looks your wife will approve.

Yet with both axles engaged, it has power-plus and sure-footed traction to pull its 7,000 lbs. GVW effortlessly up

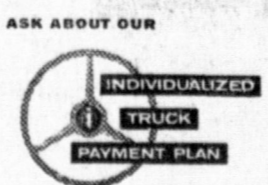

steep grades, through mud. It goes where roads can't go.

There's flexible auxiliary power, too. Power take-off gives extra power for most stationary or portable power jobs.

Why not come in today, and let us show you our wide choice of pickups, stakes, platforms. Convenient terms arranged through our Individualized Truck Payment Plan.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN — Good news from Gov. Allan Shivers, Texas' Governor reports that the State will begin the new biennium with a \$50,000,000 surplus. He also advised the Texas Research League, to whom he made the announcement, that under the same general budget now in use, a tax bill might be avoided by the upcoming legislature. Four future needs were listed

Chase Radio-TV Service

New location—
CLARENDON HOTEL
Authorized GE Sales
G. E. TELEVISION
For Service
Phone 24-M

by the retiring governor, for the Legislature's consideration.

1. Full-time paid parole supervisors.
2. Authority to back up responsibilities placed on the governor.
3. Abolition of earmarked special funds.
4. A building for housing state archives.

Austin's biggest spotlight will, of course, be turned on the Capitol building come January. Arrival of a new Legislature will quicken the tempo of the city. Large turnovers in the summer primaries mean a horde of newcomers to both houses.

CRUSADE FOR ARCHIVES

Legislators likely will hear many pleas for a "permanent and proper home" for Texas archives. Group after group has joined the crusade to protect the state's historical documents. Their theme: a remote quonset hut is no fitting place to house the original Texas Declaration of Inde-

pendence and William B. Travis' famous "victory or death" letter from the Alamo.

Besides being unhandy and unsuitable, say the crusaders, the hut is unsafe. It's the same building where Highway Department records burned two years ago. It's leaky, and some water already has seeped in and damaged some documents.

Texas State Historical Foundation is taking the lead in rallying its 1,400 members and other tradition-minded groups to seek legislative action.

WATER MONEY SOUGHT

Texas Water Resources Committee is working against time to have a statewide water conservation program ready for the next Legislature.

Already approved by the committee is a proposed \$10,000,000 appropriation to buy storage space in federal reservoirs.

Three other proposals are being re-written and will be taken up at a December meeting. They are (1) an anti-pollution bill to deal with contamination of underground water supplies, (2) a constitutional amendment to set up a \$100,000,000 bond fund to finance local conservation projects and (3) an enabling bill to finance the bond revenue.

Also still being considered is a three-cent property tax with proceeds marked for water conservation. Some observers have suggested that several plans operating all at once will be needed to finance the kind of water program Texas needs. Texas League

of Municipalities is backing a \$300,000,000 program.

SAM HOUSTON SHRINE

Another request of the Legislature, this one from Huntsville, will be laid before both houses in Austin, come January. Asked for will be \$82,000 to add three new wings to the Sam Houston Memorial Museum, plus a \$3,000 appropriation increase for maintenance.

GAS PRICING FORMULA

Atty. Gen. John Ben Shepperd has filed a "friend of the court" brief in the case of Panhandle Eastern Pipeline Co. vs The City of Detroit. He wants the U. S. Supreme Court to review a decision by the court of appeals for the District of Columbia.

Shepperd's complaint is that the appeals court decision compels the FPC to use a gas pricing formula that penalizes small producers. "The Federal Government should not have the power to fix Texas natural gas prices," Shepperd contended, "but if they assert that power, then the FPC should determine local prices on a local basis."

CHRISTMAS IS WHITE HOPE

Despite a steady four-months sales decline, Texas merchants still think Christmas will cure the year's average.

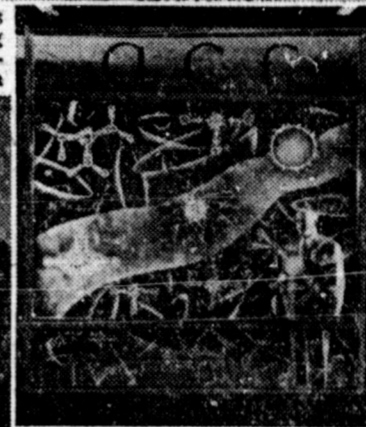

Opinion surveys by the University of Texas Bureau of Business Research show that "typical merchants are confident that holiday business will surpass 1955 and that satisfactory volume can be expected well into 1957." Latest figures pointed the other

DOLLY for Dutchie—Three-year-old dachshund in Wichita Falls, Tex. gets a lift via converted pull-toy to help her tote her third litter of puppies.

Small Mouth Bass To Be Tried

AUSTIN—Experimental introduction of small mouth bass into Texas has been tentatively approved as a Federal fisheries aid project, reports the Chief Aquatic Biologist for the Game and Fish Commission.

He said the site for the release next spring of "the fightingest fresh water fish" is the Llano River above Junction and between that area and the river's headwaters. This stretch is spring fed and has had water despite the worst drought in history.

The state experimented with small mouth bass propagation twenty years ago and did succeed in producing some spawn in hatcheries. But after the young small-mouths were planted in lakes and streams, they were never seen again. The advent of fishery biologists with their vast research programs revealed that small mouth bass thrive only in fresh water streams and lakes with solid rock or large gravel bottoms and that areas conducive to silt or mud, are deadly to them.

The only stream studies thus far that offers a possibility of the survival of small mouths is the Llano headwaters.

New Everywhere!

Newest Buick Yet

WE'VE introduced a lot of new Buicks to the local scene—but never before one as new as this.

Inside and outside, top to toe, end to end—this is the newest Buick yet.

And it's not just new for newness itself—but new in ways that make driving more comfortable, safer and more fun.

You'll see what we mean when you study these gorgeous new Buicks close up.

They're inches lower and stunningly styled from stem to stern—yet each is wondrously roomy inside.

They bring a wide-eyed new visibility of the road ahead with a rakish windshield that adds hundreds more square inches of glass area.

They're new in ride, with a new contour frame chassis that "nests" your going—giving new roadability with a lower center of gravity—yet road clearance is unchanged.

They're new in handling with a new Buick-developed ball-joint suspension that makes steering and cornering easier while it levelizes braking.

But above and beyond all else—these 1957 Buicks are brand new in performance:

—with a V8 engine that's new from the crankshaft up, to give you the highest power and compression in all Buick annals.

—with an advanced new Variable Pitch Dynaflo* that brings you such instant response, such smoothness, such a full range of fluid motion in "Drive" that the need for "Low" is all but eliminated.

All this covers only the big advances in the 1957 Buick.

There are other wonderful new things—the new safety instrument panel—the new color-mate interiors—the new counterbalanced brake pedals—well over a hundred and fifty new features in all.

As your Buick dealer, we're ready to show you these newest Buicks yet—and how easy you'll find it to call one your own. Stop in and see us this week.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Winter Brings Property Crimes

By Inspector Paul H. Ashenhusi
Police Department
Dallas, Texas

It is said by criminologists, police and newspaper reporters that heat breeds crimes of violence. The summer months always bring an increase of crimes against the person, notably murder and assault. Just as surely as this is true the approach of winter forewarns us of an increase of crimes against property. Thus we are now entering the season of thefts, burglaries and robberies.

Throughout November and December night time burglaries especially are more numerous. This is particularly true of the burglary of business houses at night time.

What can the business man, the store owner, the factory manager do to prevent the forcible entry of his business at night? Can he

personally do anything to lessen the possibility that one morning he will discover that during the hours of darkness a burglar or burglars entered his office or store, rifled the cash register, ransacked the building or even knocked the knob from the safe?

Yes, there are measures often overlooked which he can take. Of these the most important is to provide light, outside light and inside light, plenty of illumination. This is his one best remedy, to light up the premises.

A service station, a lumber yard, a drug store or other business house, where the lights are all switched off at closing time, is much more liable to entry than the well lighted business. In closing your place of business at night leave the lights on, inside and outside. Light up the rear of the building as well as the front. Leave the blinds open. Make it possible for the passer by to see anyone moving about inside. Make the burglar work in plain view. If he turns out the light a policeman or neighbor will observe the change and an investigation will be made. If he closes the blinds or pulls down the shades, which are normally open, that too will attract attention and an investigation will be made.

Many business men leave lights on as suggested, the same lights night after night. The police officer must be governed by chang-

es from the ordinary. If things are not as he is accustomed to see them he will stop and investigate. If you leave your blinds open for twenty nights and on the twenty-first night they are drawn he will notice and investigate. If the light has been burning over your safe every time he passes your business. If something is wrong he will notice it. Many burglars are caught every year in this manner, a neighbor notices the change and calls in or the officer on patrol notices it and investigates.

Install lights in the alley or at the rear of your store. Leave lights burning inside and outside, the same lights every night. Can you do something to avoid a property loss? Yes — use plenty of illumination.

Points to remember to prevent burglaries—

1. Plenty of light
2. Lock up securely
3. Burglars often cut through the roof. Do not leave a ladder handy for their use.
4. Keep large sums of money in the bank.
5. Put money on hand in the safe at night.
6. Heavy screen over rear and side doors is good protection.
7. Watches, guns and jewelry in window displays invite the window smasher.
8. Burglar alarms are excellent preventive measures.
9. If burglarized, call the police immediately. Do not clean up or move things until they arrive.
10. Get acquainted with your police department. See that it is provided with the men and equipment to protect your property.

Flying F2H-4 BANSHEES, the Navy's famous fighting air squadron, the "Red Rippers", set an aerial bombing record never before attained by an Atlantic Fleet unit. All 14 pilots won top honors in loft bombing during the Atlantic Fleet's annual competitive exercise. One of the oldest squadrons in the Navy, Air Fighter Squadron dates back to February, 1927, when it was commissioned as Fighting Squadron Five at Hampton Roads, Va.

FROM WARM SPRINGS FACT & FANCY

by W. H. Richter

(Wherein the director of public relations at the Gonzales Warm Springs Foundation tells of Texas' own physical rehab center and also throws in a little tongue-in-cheek palaver for which, incidentally, the management is not responsible.)

You probably won't be interested in knowing that I have been giving considerable thought to the Elvis Presley problem. But everybody has been getting in his two cents worth on Elvis, so why shouldn't I?

I maintain that Elvis Presley is a psychological phenomenon and would still be floundering in relative obscurity if the anti-Elvis set had kept their bile cool. When the pro-Presley cats saw how the squares were flipping, the Elvis snowball had it made. The jills have been jumping in the jungle ever since.

It's probably too late, but if anyone is interested in killing this thing off, I have a solution. It is the WCTIES. That stands for We-Choose-To-Ignore-Elvis Society, and is the only thing in my opinion that will bring back the gone chicks.

Those of us who lived through the Sinatra thing should have known better. That started when some uninhibited young female let out an audible sigh at an early Sinatra recital and some elderly character snorted in disgust. Between the sigh and the short the legend of Frankie-boy was born.

The youngsters seized the opportunity to flaunt parental dignity and authority. So they screamed. And the adults bellowed. And the more they bellowed, the more the cats screamed. What we needed was a We-Choose-To-Ignore-Frankie Society. It's that simple.

So it is that I say, if you're anti-Elvis, keep your trap shut. If the lad has any real stuff, he'll keep going—like Sinatra—sans screams. If not, he's had it. Me, I kinda like him. But then, I'm tone deaf.

Probably no type of organization is as susceptible to damaging rumor as a charitable one, and certainly the Gonzales Warm Springs Foundation has had its

share to contend with.

One of the choicest bits of gossip to reach our ears of late is the statement issued seriously by an individual recently to the effect that several members of the GWSF board of directors hold mortgages on the Foundation buildings and property. Further, that they can hardly wait for the place to "fold" so that they can take over.

This gives us a nice opportunity

to point out that all of the GWSF property — valued in excess of two million dollars—is completely paid for. Thanks for this go to many generous Texans and to some degree to the Federal Hill-Burton program.

A cat's whiskers are delicate sense organs.

"Schnapps" is a strong Holland gin.

Black Dog is a mascot that is unusual in more than one respect. He's a veteran of Navy flying, chalking up many hours of air time on Navy blimps at the Lakehurst, N. J., Naval A. S. At present, he is in honorable retirement at Glynco, but he won't be there long. Computed on a human basis, he is now more than 100 years old.

Leader—Local rate, \$3.00 a year.

Swept-Wing '57 Dodge Custom Royal 4-Door Sedan

Step into the wonderful world of AUTODYNAMICS

SWEPT-WING '57 Dodge

It unleashes a hurricane of power
It breaks through the vibration barrier
It is swept-wing mastery of motion

Your eyes immediately tell you that this new Swept-Wing Dodge is a thing of real beauty! Daring in concept, low in silhouette, sleek and rakish of line! And every promise of exhilarating performance you sense in its low-slung, racy lines is brilliantly fulfilled on the road. This Swept-Wing Dodge is a spitfire in action!

• It unleashes a hurricane of power from a mighty new aircraft-type V-8 engine, tamed by new TorqueFlite Push-Button Drive.

• It breaks through the vibration barrier with a new rubber-mounted suspension system—Dodge Torsion-Aire—that features race car torsion-bar springing.

• It is swept-wing mastery of motion in a sweet-heart of a car only 4½ feet high that has no equal in the way it corners, handles, and rides.

The wonderful world of Autodynamics is waiting for you at your nearby Dodge dealer's. See and drive the Swept-Wing Dodge today!
