Comets Will Leave Saturday For AAU Tourney

The Clarendon Junior College Comets will leave Clarendon early Saturday morning for St. Joseph, Missouri, where they will compete in the National AAU Girl's Basketball Tournament. Brackets have not been drawn as yet so the girls will not know their first opponent until they reach St. Joseph. The tournament begins at 1:00 p. m. Sunday.

The girls eligible to take part in this tournament are Jo Ann Crawford, Lola Duhon, Vernie Ford, Claudette Green, Barbara Holub, Marjorie Irlbeck, Susie Jones, Rosilyn Range, Louise Short, Dorothea Starker, Dianne Templeton and Patsy Vincent. Other members of the squad making the trip will be Genell King, Virginia Wallek, Aleta Coleman and Martha Mullins. The last four girls named will not play since only 12 girls can qualify for the tournament.

The Comets have won ten games this season while losing only four. All four losses came at the hands of the Hutcherson Flying Queens of Wayland College. The Queens have won the tournament the past two years and are currently on a 71 game winning streak. They are strong favorites to win the National Championship again this year.

The Comets have one All-American player, Louise Short. Miss Short was selected on the honor team last year in addition to being named the Queen of the Tournament.

The group will be sponsored on the trip by Supt. W. W. Pinkerton and Mrs. Pinkerton. Mr. Pinkerton will be in charge of the coaching of the girls also.

Farm Bureau Chili Supper March 15

The Donley County Farm Bureau is sponsoring a chili supper for members and non-members at the Lelia Lake school at 7 p. m. on Thursday, March 15. This is a county-wide social to give the farmers and their families an opportunity to get together and have a good time. There will be some musical numbers and films to furnish entertainment.

This event was scheduled for February 2nd but was called off because of the snow. Each family planning to attend is asked to bring one pie.

LEADER CLASSIFIEDS GET RESULTS

1956 Red Cross Quota To Be Raised In One-Day Campaign—Mon., March 12

In a one-day campaign, Monday, March 12, beginning with a kickoff breakfast at the Dixie Cafe, citizens of Donley County will have the annual Red Cross fund drive for their 1956 quota of \$1200.

Leading the fund drive this year is Kelly Chamberlain, chairman; Mrs. Forrest Sawyer, vice-chairman; and Mrs. George Benson and Mrs. Pete Kunz, assistants. Ben Williams is county chairman of the Red Cross. Chairmen for the rural areas have been appointed to take care of their communities. Citizens representing all sections of the city will make a canvass of the residential sections Monday when the drive starts. Members of the Lions Club will contact persons in the business section.

During the years 1954-55, \$1,303,879 were sent by Texas to the National Fund; Texas received \$1,836,290 for expenditures.

The 1956 Red Cross fund drive goal is \$8 million more than last year. Increase was made necessary by a series of tornadoes, hurricanes, and floods, costing the Red Cross an all-time record of \$27 million for emergency relief and for recovery after the emergency. The second half of the current fiscal year has barely begun.

Bobby Longan, a Future Farmer from Clarendon, Texas showed the Grand Champion Pen of three barrows in the Houston Fat Stock Show in Houston last week. Showing the pigs are Bobby Longan, left and Jimmy Graham, right.

The animals were selected, fitted and shown under the direction of J. R. Gillham, Teacher of Vocational Agriculture in the Clarendon High School.

Womanless Wedding At Lelia Lake March 16th

The Lelia Lake P. T. A. is sponsoring a Womanless Wedding on Friday night, March 16th. The cast includes almost forty of the talented men in the Lelia Lake community. Music and singing will be included on the program. Sandwiches, hot dogs, pie, cake and drinks will be served in the lunch room at the school house before the program.

Undiscovered talent will be revealed in this program, so it will be a treat for everyone, miles around, to come and enjoy this entertainment.

Serving will start at 7 p. m. and the Womanless Wedding will begin at 8 p. m. Remember the date, Friday, March 16 and make your plans to be present.

BEN NAYLOR WINS FOUR YEAR SCHOLARSHIP

Ben Naylor of Panhandle, son of J. L. (Slick) Naylor and former student in the Clarendon schools, was named winner of a four year scholarship last Saturday. The scholarship was awarded to Naylor by the Texas State Teachers Association at the state Future Teachers of America convention in Denton Saturday.

Services Held Sunday For Geo. Heckman

Funeral services were held Sunday afternoon in the Murphy Memorial Chapel for George Edward Heckman with Herman Shields and Robert Chambers officiating.

Mr. Heckman, 64, died Friday in an Amarillo hospital following a very short illness. He was employed by the JA Ranch and had been a resident of Clarendon 63 years. He was born in Briscoe County.

Surviving are his wife, Mrs. Annie May Heckman; three sons, Cecil of Clarendon; Lowell of Andrews; and Daniel Ray of Amarillo; one daughter, Mrs. Leola Gilmore of Waco; two brothers, Dan of Clarendon, and Henry of Dawn; one sister, Mrs. Mary Cross of Silvertown, and 11 grandchildren.

Palbearers were Al Word, Bud Long, Jiggs Mann, Wess O'Neal, C. H. Long and Joe Ritter.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Mr. and Mrs. Noel Cudd and daughter of Corpus Christi visited in the Truett Behrens home and attended to business here thru the week end.

Bobby Longan, a Future Farmer from Clarendon, Texas showed the Grand Champion Barrow of the Houston Fat Stock Show in Houston last week. Roddy Seago of Lelia Lake is pictured with the champion.

The animal was selected, fitted and shown under the direction of J. R. Gillham, Teacher of Vocational Agriculture in the Clarendon High School.

Leader Showing Red Check Again

It's Red Check time again for a number of Leader subscribers, so if this red mark appears at the top left hand corner of this page, it is a reminder that your subscription has run out and it is time to pay up again. Some subscriptions are a bit in arrears, so it will be a good idea to check the date stamped to the right of your name as all subscriptions past due will be removed from our list. The first numeral designates the month and the last two numerals designates the year. Please let us have your renewal promptly as the cost of newsprint is high and must be paid for as it is shipped to us. In fact, the high cost of newsprint and other production costs may necessitate a raise in the subscription price in the near future. The subscription price at present is \$2.50 for those receiving their mail in Donley County and \$3.00 per year for those beyond Donley County.

FHA Students Attend Area Meeting

Approximately thirty FHA girls, their supervisor, Miss June Christian, Mrs. Van Knox, Mrs. John Gillham, and Mrs. J. G. McAnear attended the Area I Future Homemakers meeting held in Amarillo Saturday.

An interesting program was presented with Rev. W. C. Everhart of Amarillo speaker for the morning. He spoke on "American Homes — America's Future." Lunch was served the group in the beautiful new Palo Duro High School Cafeteria. Talent Shows were enjoyed at both the morning and afternoon sessions and the election of officers was held after lunch.

Twelve girls of the Clarendon Chapter received their Junior Homemaking Degree: Beth Lambirth, Dianne Moore, Vickie McAnear, Pat Spurgeon, Robbie Lou Johnson, Ona Mae Moffett, Elaine Behrens, Barbara Koontz, Jean Welch, Georgia Bell Harmon, Rose Leek and Oattie Leek.

Donley 4-H Club Boys Make Good Showing At Houston Show

Donley County 4-H Club boys made a good showing at the Houston Show says county agent H. M. Breedlove. There were close to eight hundred steers in the show from all over the country. Some of the classes of steers had over two hundred in the classes.

Troy Harrison of Hedley placed fifth in the heavy steers and third in the light steers. Chuck Cosper placed ninth in the Angus division and his steer was judged the second best angus steer in the scramble division and he was also judged sixth best scramble steer over all breeds. Chuck also won fourth on the best showmanship. Gene Floyd won seventeenth on his steer.

The steers that placed in the money brought from forty to forty-five cents per pound. Only those steers that placed in the money were eligible to sell as individuals.

Other boys taking steers were Ted Shaller, Jim Gattis, and Don Rampy.

Donley County 4-H Club members already have fourteen steers on feed for next year and any boys or girls who would like to feed and have not been contacted should contact the county agent at once.

Lelia Lake FFA Boys Take Part In Houston Fat Stock Show

The following members of the Lelia Lake FFA attended the Houston Stock Show the past week: Don Rampy, Ike Noble, Roddy Seago, James Morgan, Aven Hook, and Wayne Aten. The boys were sponsored on the trip by Bobby Lee, Vocational Agriculture teacher.

Don Rampy, exhibiting in the Beef Scramble division of the show, placed among the top fifty calves with his hereford steer. In the swine show the boys received the following places: L. B. Phelan sixth place light hampshire; Ike Noble second place middle weight hamp; Carrol Gilchrist first place heavy hamp and reserve of the breed; James Morgan seventh and ninth place light Poland; John Stevens third middle weight Poland; Roddy Seago first place heavy Poland; Bobby Cosper twelfth place light Duroc and eighth place middle weight Duroc; Paul White eleventh place light Duroc; Roddy Seago third place light Chester White.

Wayne Aten and Roddy Seago participated in the Beef Calf Scramble on Saturday night, March 3rd. Roddy will receive one hundred and twenty-five dollars to purchase a calf to be shown at Houston the coming year.

Hedley Youth Wins Spelling Bee

Donnie Cox, son of Dr. and Mrs. D. H. Cox of Hedley, won the Senior spelling bee and will represent Donley County in the Spelling Bee to be held in Amarillo March 24th.

Donnie is 14 years old and in the eighth grade in the Hedley schools. Wilma Mann, daughter of Mr. and Mrs. Chester Mann, Clarendon, was the runner up in the senior bee.

Connie Williams, daughter of Mr. and Mrs. Bill Williams, won the Junior spelling bee over Cieta Koontz and Marie Blackburn of Clarendon and Cathy McPherson and Tinsley Mullins of Hedley. Connie is a fifth grade student in the local schools.

The Amarillo Bee will be held March 24th beginning at 1:30 p. m. It will be televised over KGNC-TV and also will be broadcast.

Bobby Longan, son of Mr. and Mrs. Chuck Longan of the Sunnyview Community, and a first year Vocational Agriculture student at Clarendon High School, exhibited the grand champion barrow and pen of barrows at the 1956 Houston Fat Stock Show. Over 1,000 barrows were exhibited at the Houston Show; this is the largest number of barrows ever exhibited in one show in Texas and according to Willard Brittin, secretary of the American Berkshire Association, the Berkshire division of the show was the largest of any show held in the United States the past year. Bobby's middleweight Berkshire single and middleweight Berkshire pen of three were the grand champions. The Lone Star Brewing Company of Houston paid Bobby \$1,000 for the grand champion barrow. He received \$1.10 per pound for the other two barrows in the grand champion pen, a total of \$1,502 for the three barrows.

In addition to the splendid showing by Bobby, local chapter members also exhibited the 1st and 3rd place light Poland, 1st light Poland pen, Champion Poland and Champion Poland pen; 1st middleweight Poland, 1st and 8th light Duroc, 4th middle Duroc, reserve champion Duroc, 6th, 7th and 8th light Hampshire, 1st and 2nd light Hampshire pens, 2nd, 3rd, 4th, 5th, and 6th middleweight Hampshires, 1st middleweight Hampshire pen, champion and reserve champion Hampshire pens; 1st lightweight and reserve champion Berkshire; 7th light Yorkshire, 2nd light Yorkshire pen, 2nd middleweight Yorkshire pen of three, 2nd, 3rd, and 4th heavy Yorkshire, 1st heavy pen of Yorkshires, the champion Poland and reserve champion Berkshire sold for \$1.00 per pound, and the remainder of the pigs sold for 20 cents to 80 cents per pound.

Jimmy Gattis, John Payne, Jimmy Graham, Kenneth Evans, Jimmy Swinney, Loyd Risley, James Mahaffey, Carl Talley, Donald Adams, Harold Lindley, Bobby Longan, Loyd Risley, Donald Mills, Doyce Graham, Richard Vallance, Dannis Gibson, Claude DeBord, Jerry Hicks, and Jimmy Philleby participated in the show. The Clarendon F.F.A. Chapter also exhibited the grand champion Poland China Boar.

The Houston Show concluded the showing activities for the local chapter for the 1955-1956 year, and marked the first time in the history of the chapter when its members had won grand championships at three of the four major shows in Texas in one year. The local youths won at Texas State Fair, Fort Worth, and Houston and did not participate in the San Antonio Show.

Three more large nice trophies were presented to the local chapter at the Houston Show making a total of eight won at Amarillo, Fort Worth, and Houston.

Three F. F. A. Youths Win In Calf Scramble

Jimmy Philleby, James Mahaffey, and Bobby Longan, Clarendon F.F.A. members, each won a certificate worth \$125 from the Houston Fat Stock Show to be used in purchasing a registered beef heifer or beef steer to feed for the 1957 Houston Fat Stock Show. The three youths caught scramble calves in the morning show at Houston, Saturday, March 3rd, and received the certificates as awards for catching the calves.

The youths will purchase their calves as soon as they can be located and will start them on feed for the 1957 spring shows. The calves will be exhibited at the 1957 Donley County and Houston Fat Stock Shows. Two of the youths plan to purchase steer calves and the other will purchase either a heifer to start a breeding herd or a steer calf to feed for the spring shows.

MYSTERY FARM NO. 43—Can you identify this farm home? If you think you can and get your guess in to the Leader office by Monday morning you may win a free subscription or free movie ticket. Names of those correctly identifying the Leader Mystery Farm are placed in a box. The first name drawn wins a free subscription for one year to the Leader; the second will receive a movie pass to the Mulkey Theatre good for two people; the next three names will receive a movie ticket for one. Only one subscription will be given per family but you may guess each week and be eligible for the movie tickets. Everyone has an equal chance this way. You do not have to buy anything or be obligated in any manner to participate. Call or come by the Leader office only with your guess any time during office hours.

HEALTH NOTES

Texas State Dept. of Health

AUSTIN—Over 95 per cent of our population is afflicted with some sort of dental disorder. However, if parents took advantage of all the preventive measures available, their children would grow up relatively free from dental disorders, asserts Dr. Henry A. Holle, Commissioner of Health.

Since these dental disorders have their start in children, early attention to proper dental health procedures helps the child avoid the dental disease that plagues his parents, he said.

"Tooth decay," Dr. Holle said, "is probably the most widespread dental disorder among children and improper diet, can be blamed for the large incidence of the disease. Sugar, one of the main factors in decay, is consumed in 10 times larger quantities today than it was 100 years ago."

He urged parents to substitute fresh fruits such as apples and oranges and uncooked vegetables such as carrots and celery for sweets as between-meal snacks for their children.

The toothbrush, Dr. Holle pointed out, is one of the best weapons against decay. He stressed, however, that to achieve maximum benefits the timing and method of toothbrushing are vitally important.

He explained that since toothbrushing removes bits of food which have become lodged in the teeth, the teeth should be brushed immediately after eating. The brush, he said, should be firm and small enough to get to all surfaces of the teeth easily. For best results, he suggested that the

upper teeth be brushed down and the lower teeth brushed up.

Another weapon against decay, Dr. Holle said, is fluoridation of public water supplies.

"Scientific studies have shown that fluoridation has reduced tooth decay as much as 65 per cent," he said. "No ill effects have been discovered from the measure which is currently in effect in more than 1,100 communities in the United States."

In communities that have no public water supply it is suggested that children receive direct applications of a fluoride solution from their dentists. These treatments have been found to reduce decay up to 40 per cent.

Parents are urged not to neglect periodic dental visits for their children in order that small cavities and other irregularities can be detected before they become serious. He also advised that early visits tend to eliminate any fears in the child, since little or no discomfort is involved.

Association football, or soccer, occupies the same position in Argentine that baseball does in the United States.

Stationary engine delivers UP TO 60 HP...

POWER-CRATER

The same 226-cu. in. Allis-Chalmers POWER-CRATER engine that gives such outstanding performance in the WD-45 Tractor is now available as a stationary power unit.

With this engine you get up to 1,800 rpm; more than 50 hp at 1,400 rpm, the same speed of the WD-45 Tractor.

Concave cylinders, "center-fire" removable "wet" cylinder sleeves help develop power with less bulk in Allis-Chalmers engine design.

If you want an engine good for thousands of trouble-free hours... pumping, grinding, any work requiring stationary power... why not investigate the Allis-Chalmers W-226 POWER-CRATER engine?

LES BEAUX ARTS CLUB

Les Beaux Arts Club met at the home of Mrs. W. J. Lewis Jr. on Friday, March 2nd, with Mrs. John Bass as assistant hostess.

Delicious ice cream and cake were served, using a St. Patrick's Day motif on the plate.

Meeting was called to order by President Mrs. John Head. Club Collect was read. After the busi-

ness meeting, Mrs. W. K. Hardin talked on How to Paint with a Sewing Machine, showing several beautiful pictures. She then did a demonstration on Finger Painting. A number of pictures were displayed showing the art of Finger Painting.

Mrs. E. O. Simmons talked on "Shells", their use in art. She displayed a number of shells, giv-

ing their origin and some detailed information on each one. The countries represented included Florida, South Sea Islands, Mexico, California, Japan, Texas Gulf Coast, Hawaii, Panama, Philippines and Indian Ocean.

Present were Mesdames John Bass, W. K. Hardin, John Head, Pete Kunz, Frank White Jr., W. C. Thornberry, W. W. Taylor, W. J. Lewis, Jr., Emmett Simmons, J. D. Swift, Lee Bell, Lloyd Benson, J. H. Patrick, and Misses Katherine Ross, Anna Moores, Mary Howren. —Reporter.

GARDEN CLUB TO MEET

The Garden Club will meet Thursday afternoon, March 15, in the home of Mrs. Bill Greene, Sr. with Mrs. Potts co-hostess. Meeting will open at 4:00 p. m.

ASHTOLA NEEDLE CLUB

The Ashtola Needle Club met March 1st in the clubroom with Mrs. Isla Mae Marshall hostess. The vice-president, Johnnie Poovey, was in charge of the business session which opened with a prayer by Sue Rhoades. Roll call was answered with a fact about Texas or Texas history. The club donated to the Red Cross drive.

Mrs. Charlotte Word brought the program which was a patriotic one approaching Texas and Texas government from several angles. Everyone appreciated and enjoyed her paper, and resolved to better do their duty as Texas citizens.

Mrs. Marshall carried out the patriotic theme in her decoration of the clubroom. A large Texas flag was on display and the table

was covered with a red lace cloth centered by an arrangement of glass work and an antique fruit bowl and a planter with wandering jew. Plate favors were miniature Texas flags. The refreshment plate was very attractive and colorful with the flags, white angel food cake iced in blue and topped with a marachino cherry, cookies, and punch.

We were happy to have two new members, Patsy Robertson and Ima Wallace, and one visitor, Shirley Jones from Amarillo. Twenty were present.

At the next meeting March 15th, Mrs. Naomi Green will bring a religious program with the theme of Easter. Be prepared to answer roll call with your favorite Bible verse or story. Ruby Jewel Hardin will be hostess. —Reporter.

GAMMA KAPPA MEETING HELD

The Gamma Kappa Chapter of Delta Kappa Gamma Teachers Society met in the cafeteria of the Travis Elementary School in Memphis at 2:00 p. m. Saturday for the regular monthly meeting. The Memphis teachers were hostesses. Miss Mary Foreman served as president in the absence of Miss Zady Belle Walker who was ill.

During the business meeting a slate of new officers was presented by the nominating committee and was accepted: Mrs. Sarah Covey of Wellington, president; Mrs. Dora Diggs of Childress, first vice-president; Mrs. Olean Leggett of Clarendon, second vice-president; Mrs. Elizabeth Kennedy of Estelline, corresponding secretary; and Miss Ed-

gar Mongole of Clarendon, parliamentarian.

For the program the Memphis group did a very clever, thought-provoking playlet "At the Gate With Saint Peter." Each teacher was made more fully aware of her shortcomings, and left the meeting with a resolve to be a little more professional minded.

Refreshments of coffee and cherry tarts were served from a beautifully arranged table, centered with an epergne of spring flowers.

Clarendon members present were Mesdames Charlotte Word, Velma Weaver, Claudine Todd, Anna Ballew, Hazel Brandon, Marguerite Goodner, Olean Leggett, and Misses Mary Howren, Edgar Mae Mongole, and Lucile Polk.

Trappers Get Spare Antelope

AUSTIN—Approximately 350 head of far west Texas antelope NOT harvested during the recent open season are being trapped for restocking purposes, said the Assistant Director of Wildlife Restoration for the Game and Fish Commission.

Less than one thousand permits for antelope hunting were taken up and overpopulation had become so acute in some restricted areas that herd reduction had to be placed on an emergency basis.

The Assistant Director said the surplus antelope, comprising both bucks and does, are being released on ranches whose owners made formal application for the fleet game animals and whose lands fulfilled the requirements governing such releases.

He explained that antelope require vast areas of habitat in which to roam and that a minimum of ten thousand acres of open country is a basic requirement to receive the two-toned colored game for restocking.

The Assistant Director said such tracts are available generally in the western portions of the state beyond Fort Worth and the Hill Country.

Crews catch the antelope by driving the herds into large net traps by use of an airplane. They are loaded on trucks and taken to the release areas. Unlike deer that are trapped, antelope are not dehorned for transport.

The Assistant Director said the bulk of the animals for restocking will come from West of the Pecos but added that a few head may be trapped in the Panhandle where the herds have increased rapidly in recent years.

Bulldogs Lose Both Games In Amarillo Tournament

Monday afternoon the Bulldogs met the Arlington State College in Amarillo in the regional tournament and the Bulldogs came out on the short end of a 73-70 score and they also lost to Decatur Baptist in the consolation round Tuesday afternoon 92-77.

In the Arlington game the Bulldogs jumped out front early in the game and led at halftime 39-31. They were forced to play the second half without Billy White who fouled off late in the first half. The Bulldogs led most of the second half but the superior height of the Arlington team paid off late in the game.

In the Decatur game, Decatur jumped out front with a comfortable lead with the score at halftime 45-33. Boyd White scored 17 points to lead the Bulldogs; Sherman Cosper and Bob Garton had 14 points each; Carroll Stepp had 13, Billy White 7, Don Reeves and Bob Schneider 4 each; Gary Kunka and Gene Harris 2 each.

Duckett, in a hospital at Little Rock, Ark. Mrs. Duckett underwent facial surgery and is doing as well as could be expected at this time.

Mrs. Winnie Wester and Rickey, and sons, Cliff and Herald Stogner spent the week end with their daughter and sister, Miss Jeanette Stogner at Denton. Miss Stogner is a senior student at TSCW.

Rules For Home Lighting And Television

Television in an unlighted room violates a basic principle of good vision, the Panhandle Optometric Association said today in a statement issued for Save Your Vision Week, March 4 to 10.

"The Television screen is about ten times as bright as a motion picture screen," said Dr. P. A. Preslar, of Childress, president of the association. "This bright light tends to make the pupils of the eye contract. Darkness surrounding the set tends to make the pupils open. This conflict and constant readjustment causes fatigue."

Rules for home lighting and television recommended by the association are: Light the television room to about half the brightness needed for reading.

Light the room evenly, as if it were "bathed in light." Especially avoid sharp contrast between the television screen and the area surrounding it. Use opaque shades to prevent lamps from being brighter than the television screen. The lower edge of a shade should be at eye level.

Use indirect lamps with three-way switches so lighting can be adjusted to reading or conversation as well as television. One lamp is needed for every 50 square feet of floor space. Place the lamps where reflections of lights in the television screen can be avoided.

1956 Texas Farm Outlook

John C. White, Commissioner Texas Dept. of Agriculture. There was no "fat" in the Texas farm economy in 1955 and the cost-price squeeze may cut further into the muscle and bone during the coming year.

The hangover effects of drought, combined with falling farm prices, sliced production and reduced profits to a 15-year low. 1955 was an extremely poor year, agriculturally, in Texas.

The outlook, discounting unpredictable weather factors, is grim and probably will continue to be until some national farm issues are settled. Lower acreage allotments for wheat, cotton, peanuts, and threatened restrictions on grain sorghums may strike crushing blows at the already shaky economy in area where these are the main cash crops.

In addition, even national farm experts predict a continuation of high production costs and lower farm prices in 1956. This will call for a "tightening of the belt" by all farmers.

No Relief In Sight. No immediate relief is in sight on the present inequalities that exist between what it costs to produce crops and the price they bring on the market. Since 1948, production costs have continued to climb. Some minor downward fluctuations were seen in the past few months, only to have the graph jump even higher after these light surges. Market prices have maintained a generally downward trend.

Economists forecast a national farm income figure of slightly over 10 billion dollars in 1956. This compares with almost 18 billion a few years ago. Living costs of farmers have not decreased accordingly, however. All this means that the farmer

in 1956 must rely even more on his own skills to try and equalize his losses. He must:

- 1. Practice every known farming method that will produce "quality" crops that have a good market demand. 2. Wherever it is possible, he must take shortcuts to keep production costs to an absolute minimum. 3. Avoid any further debt burdens that are not positively necessary to stay in operation.

Tighter Cotton Regulations Due

John C. White, Commissioner Texas Dept. of Agriculture. Until the bacteria-carrying nematodes discussed last week can be "proven" and mass produced—or until a systematic poison is developed—then mandatory planting and plow-up dates will determine whether or not they will still be on the farm when 1957 rolls around.

The "pinkie" infestation of Texas fields was higher in 1955 than in several previous years. Two factors were responsible:

- 1. The insect is gaining firm footholds in fields farther north than previously, and. 2. Drought cut back production in many areas, causing a large pink bollworm population to concentrate in fewer cotton fields.

To combat the first factor, another control zone has been created in Central-East Texas where mandatory planting-plow up dates will be enforced. This means seven zones, incorporating 106 counties, will have deadline regulations in 1956.

Shortened Planting Dates. The increased population will be fought by decreasing the optimum planting periods in these zones and by strict enforcement of all regulations.

When the pink bollworm moth emerges from winter hibernation, it must lay eggs on cotton or okra plants. If these plants are not available, the moth dies without reproducing. Cotton in the infested areas should be planted as late as practical to deprive the early emerging moths of a breeding site. That is the "why" of setting planting dates by law.

This year, cotton in the extreme southern tip of Texas cannot be planted before Feb. 1, nor after March 31. The stalks then must be destroyed before Aug. 31, to rid fields of "pinkie" hibernation quarters.

The Feb. 1 date is 10 days later than previous years. It is hoped that a larger percentage of early moths will be starved out as a result. Cotton cannot be planted later than May 31 in any of the controlled area which covers all of South Texas, most of Central and East Texas as far north as Tyler.

Counties in the seven zones, along with their planting and plow-up dates will be announced in late January.

Mrs. Jess Sparks of Stinnett visited Mr. and Mrs. C. N. Dozier and Sayle the past week end.

Those to visit in the home of Mr. and Mrs. John Short Sunday were Mr. and Mrs. James Short and children of Amarillo, Mr. and Mrs. Johnny Short of Plainview, Mr. and Mrs. Murdock, two daughters and son of Memphis, Mo., and Mrs. Cecil Short of Amarillo, and Mrs. Noel Hewitt and Barbara of Clarendon.

Mr. and Mrs. Forest Helton of Amarillo visited Sunday with Mr. and Mrs. J. H. Helton.

Mr. and Mrs. Dick Vallance, and Mr. and Mrs. C. W. Lane took Mrs. Wilson Lane and son, Mark, to their home at Wichita, Kansas Saturday night.

Guests in the Dick Vallance home Tuesday were Mrs. Benny Dennis and boys of Berger, Mrs. L. O. Dennis and Mrs. Ed McCreary of Memphis.

Mrs. J. E. Hollingsworth of Turnersville is visiting a few days in the home of Mrs. Robert Davis.

Mrs. C. N. Dozier returned home with her daughter, Mr. and Mrs. Jay Bowles and Kay of Happy, Thursday for a week end visit.

C. H. Ellis, father of Mrs. Alma Landers, underwent surgery in a Pampa hospital Tuesday morning and is reported doing as well as could be expected at this time.

The heart diseases cause more deaths in the United States each year than all the other causes combined, according to U. S. Government statistics quoted by the Texas Heart Fund.

HEDLEY NEWS

Mrs. Clyde Bridges

Mr. and Mrs. Billy Hill of Amarillo visited Mr. and Mrs. Bernard Adamson of Hedley Saturday night.

Ross Adamson of Ropesville visited in Hedley over the week end.

Hedley Beauty Shop, owned by Mrs. Ansil Adamson, moved to a new location this week. It now occupies the north side of Beach Shoe Shop. Mrs. Adamson has added charm and beauty to her shop, also some new equipment with her efficient service. All women can be more attractive. Another improvement for Hedley.

Mr. Bill Scales went to Abilene Monday. Mrs. Scales returned home after several weeks in the home of her daughter, Mrs. Kenneth Whisenant caring for her new grandson.

Mrs. J. W. McPherson returned home Thursday from a visit in Amarillo with her children.

Mrs. Styles of Ft. Worth is visiting with her daughter and family, Rev. and Mrs. J. S. Tipton.

Emma Ayers of Clarendon visited in Hedley Saturday.

Stanley Tipton was home over week end from Brownwood.

Mrs. Elvia Davenport has moved back to Hedley. She has been ill. We hope she will soon be enjoying good health.

Another pioneer has been called home—Uncle Bob Farris. He was a true friend and good neighbor, always ready to help where help was needed in the community. Uncle Bob will be missed by every man, woman and child. He was always jolly and friendly to all. He was loved by all. Our deepest sympathy is extended to Mrs. Farris and family.

Mr. R. L. Leeper is seriously sick in a Memphis hospital suffering a heart attack. His children are at his bed side. He has three sons in service, one recently discharged, and a daughter from New York here.

Rev. and Mrs. Walter Patterson of Waureka, Okla. stopped in Hedley a short while Saturday on their way to Amarillo where he will engage in a Revival meeting. Bro. Patterson is a former pastor of the Nazarene Church here and has a host of friends. Always happy to see him and his good wife.

Mr. and Mrs. C. O. Nesswith of Lubbock, Mr. and Mrs. Clarence Young and son of Anson spent the week end in the James Evans home.

Mrs. W. I. Rains suffered a very painful fall Friday. No bones were broken and she is improving.

Mrs. Harve Wilson has been sick with a throat infection the past week.

Mrs. Dee Moore of Amarillo visited Mrs. M. W. Mosley Sunday. Other visitors in the Mosley home were Mr. and Mrs. Lawson Roberson of Quail, Jiggs Mosley and daughter Barbara of Amarillo.

Visitors in the J. B. Masterson home over the week end were Mrs. Jack Battle and daughter Tana of Marshall, Mrs. J. B. Lindsey and Donna, Mr. and Mrs. J. B. Alexander, Marilyn and Dewey of Amarillo, Mr. and Mrs. Gilbert Stogsdill and daughter Jennie of Duncan, Okla.

Clarendon Colts Are District Winners For Second Straight Year

Saturday night at Alanreed the Clarendon Colts repeated last year's feat of taking first in the Eastern Panhandle Grade School Basketball League by defeating Hedley 46 to 27.

Following the Hedley-Alanreed game Friday and the easy way which Hedley took the Alanreed team apart, Hedley took the favorite spot to win the District. Much of Hedley's hope rested on their star player Donnie Cox and his rebounding strength, and the shooting of Billy Wiggins, made the outlook for the Colts rather dim. With a slow start on offense the Colts were behind at the end of the first quarter 11-10. The second quarter saw the picture change with some unexpected backhand passes and double screening by the Colts which bewildered the Owls defense and made it easy for the guards to get the ball into scoring position. First to make the inroad into Hedley's lead was Kenneth Housden's long shot out in front of the double screen set by Elam and Head.

During the second quarter the Colts took the offensive game away from the Owls and went out in front 21 to 15. Hedley scored two field goals during the second quarter, due to the pressing defense by the determined Colts.

During the third quarter the Colts came back and scored 12 more points while Hedley scored 2. The Colts working together all the way once again were able to stall the Owls down on the offense, with help from the reserves on the bench. The Colts at the end of the third quarter knew that it was just a matter of time.

for their ten point lead gave the first five a rest and the reserves change of style and press, going all over the court, kept the field goals of the Owls down to one in the fourth quarter, while picking up 13 fore points for themselves.

Leading scorer for the Owls was Don Cox with 20 points, Morris 3 points and Wiggins 4. Heading the Colts attack with 20 was Elam, Housden 16 and Mann 10.

The Colts hit 4 of 6 free shots for a percentage of .667, while Hedley hit five of 12 for .455.

The Hedley girls nudged out the Lakeview girls in the first game of the evening in an over time play 21 to 20.

Thursday night the Colts defeated the Lakeview boys 27 to 10; while the Clarendon girls went down before the Lakeview girls by one point.

In Friday nights game the Hedley girls took an easy victory over the Shamrock Lassies, and the Owls took an easy victory over the Alanreed team 28 to 19.

The Colts finished out the season with 15 wins and 4 defeats, scoring 613 points while their opponents scored 409 points.

Public School Week Ends Today

Today will be the last day in the observance of Texas School Week as the local schools will turn out tomorrow (Friday) so local teachers may attend the annual District IX Texas State Teachers Association Conference in Amarillo.

Numerous visitors have visited the local schools this week and have enjoyed the various programs presented each day so far. The last special program will be presented at 1 o'clock this afternoon. It will be a Speech program consisting of declamations, dramatic readings, etc., sponsored by Miss Naomi Allison. The public is invited and urged to visit the schools.

COUNTY SINGING SUNDAY MARCH 12th

Rev. Ernest Phillips has announced that the Donley County Singing would be held Sunday, March 12th at the Pentecostal Church. The singing will begin at 2:30 p. m. and everyone is invited.

Miss Ruth Lowes Of West Texas State Will Speak To P.-T. A.

The Sims P.T.A. will meet in their regular business meeting Thursday, March 15 at 3 p. m. in the Jr. High auditorium. During the business session officers for the coming year will be elected. The Rev. Clarence Tilley, Church of Christ Minister, will bring the devotional, "The Family Does Homework." The program will be "The Family Develops Wholesome Personalities."

Miss Ruth Lowes of West Texas State College, Canyon, will be guest speaker for the afternoon. Miss Lowes will discuss such subjects as Aptitude, IQ, Achievement Tests, Curriculum, Grading Methods, Lesson Plans, Gilmer Aiken. Following Miss Lowes' talk will be a question period when she will answer any question pertaining to the Parent-Child-Teacher relationship and interests.

The P.-T. A. feels very fortunate in securing Miss Lowes to speak to them since she is much in demand as a speaker in this area. She will speak at the annual Teachers Meeting in Amarillo this week end.

"We hope that all of you who are interested in our schools, our teachers, our children, will come out and hear this very capable speaker, and also show your interest by helping elect P.-T. A. officers for the coming year," stated one of the officers.

MAHAFFEY WITHDRAWS FROM SHERIFF'S RACE

Ed Mahaffey has authorized the Leader to announce his withdrawal from the race for Sheriff, Tax Assessor-Collector of Donley County.

In making the statement, Mahaffey stated that his other business interests would require more of his time than anticipated. "I wish to thank everyone that extended encouragement and those who have been working in my behalf since my announcement," he added.

Mr. and Mrs. Lewis Simmons of Brownfield visited Saturday in the home of Mr. and Mrs. Dick Vallance and children.

Bulldogs Defeat Sayre 78-53

Last Thursday night the Clarendon Jr. College Bulldogs went to Sayre for a basketball game with Sayre Jr. College and rolled to an easy 78-53 victory.

The Bulldogs jumped to an early lead and led throughout the contest. At the end of the first 10 minutes the Bulldogs were out front by 23-13; at halftime they had increased their lead to 38-23 and during the last half they added 25 points more to their lead to win 78-53. Two regulars, Bob Garton and Billy White were calling a tournament at Alanreed and did not take part in the game.

Boyd White led the Bulldogs in scoring with 17; Sherman Cosper and Carrol Stepp each had 16; Gene Harris and Gary Kunka each had 10, Don Reeves 5, and Fate Breedlove had 4.

In the B game the Clarendon boys were defeated 53-43. Don Landers led the scoring in the game with 15, Bob Schneider had 9, Don Reeves and Kenneth Newman each had 6, Jack Williamson and Jay Wilson each had 3 and Don Ledbetter had 1 point.

Soil Judging Studied At Dist. Agriculture Teachers Meeting

Vocational Agriculture teachers from the thirteen schools making up the Greenbelt F.F.A. District met at the Vocational Agriculture Room in Clarendon Wednesday, February 29th, to study soil judging. William B. Brooks, of the Soil Conservation Service, conducted the meeting and instructed the teachers in the proper procedure in judging land and the score card to be used in placing various samples of soil.

The meeting was called at 4 P. M. and teachers from Paducah, Childress, Estelline, Turkey, Lakeview, Wellington, Memphis, Samnorwood, Quail, Carey, Hedley, Lelia Lake, and Clarendon were present at the meeting.

The next district teachers meeting will be held at the Pinkney Packing Plant at Amarillo on March 10th to study the commercial grading of market cattle and swine.

FARM NEWS

from the County ASC Committee

PREMEASUREMENT OF COTTON ACREAGE

Premeasurement of cotton acreage is offered this year. Premeasurement service is offered to the cotton producer so that he may know how much cotton he is planting before planting time. This measurement will not be changed if the producer plants within the premeasured stakes.

The rate of charge has not been approved by the State Committee as of yet and as soon as it is, applications can be taken for anyone who desires premeasurement service.

Farm operators who make application for premeasurement service will have to help the person who makes the measurement or have a representative to help him. The operator will have to have stakes available to be used in the staked out acreage for cotton. We will have more information on premeasurement service in the near future.

FARM PROGRAM

HIGHLIGHTS of President Eisenhower's message to Congress on proposed farm legislation:

In this Session no problem before the Congress demands more urgent attention than the paradox facing our farm families. For 5 years, their economy has declined.

Unless corrected, these economic reversals are a direct threat to the well-being of all our people.

Visitors in the home of Mrs. Robert Davis for the week end and Sunday were Mrs. Glenda Rogers and Carrol and Mr. and Mrs. Clyde Davis and Cynthia Ann of Amarillo; Mr. and Mrs. Vernon Davis and Johnny and Mr. and Mrs. Maurice Risley of Clarendon; also Mrs. J. E. Hollingsworth of Turnersville.

VOLLEY BALL TOURNEY NOW IN PROGRESS

The Senior Class sponsored Volley Ball tournament got underway last night and games are scheduled for tonight and the final games Friday night. Game time each evening has been announced for 6 o'clock. Fifteen teams have been entered in the tourney, one from Amarillo and one from Canyon and the remainder from the local area. We understand one of the strongest contenders will be Junior's Cabbage Heads sponsored by Junior's Food Market. A number of other business firms are sponsoring teams which will add plenty of amusement to the sport.

Price of admission is 15 and 35 cents, so take the entire family and support this Senior Class event.

PLOWIN' Out the CORNERS
Uncle Zeb

As we write this we are shaking in our boots—before you read this paragraph we will have taught a class in American History during Public Schools Week. That is, unless we die with our boots on between now and the set time. Actually, up until now we have been a booster for this somewhat new venture by our schools; that of having business men and others teach the subject to the students on a certain day during this special week. But now that we are involved we object. Why, Oh Why, did the Governor ever proclaim such a Week, and why did we in a moment of weakness say that we would teach??? Then, American History of all subjects. I scarcely passed that back when this history was being made. Oh Me,

Boys and Girls, be easy on me please. Just a tip, I think, but don't please ask me anything else. But I love Boys and Girls, reckon that will help?? Watch this column next week to see if we are still bale to kick. We'll let you know if the Governor continues the experiment after we have our try. American History, anyway.

Most of the so-called Wet counties in the Panhandle are going to call an election early in May to vote on the liquor question. Let's join in with our prayers and our help in any way that we can with these our neighbors. Actually, next to not having the stuff right at home, the next best thing is to have it just as far away as possible. The farther it is away the fewer of our people will drive after it. One of the black spots on the dry record of any county is when its people drive to the Wet county, sit there and souse themselves trying to hold enough to last them a week. If we can get it beyond a convenient driving distance we have won a great victory. Too, many folks had rather leave their home town and home people and drive a few miles to do their drinking. The

farthest distance is the safest.

Mrs. Mary Kennemer sends me the following little poem for a Scrap Book suggestion. We do not know the author but it gives us a wonderful thought. It is called:

LAUGH
 Build for yourself a strong box,
 Fasten each part with care.
 Fit it with hasp and padlock,
 Put all your troubles there.
 Hide therein all your failures,
 And each bitter cup you quaff.
 Lock all your heartaches within it,
 Then sit on the lid and laugh.

Tell no one of its contents,
 Never its secrets share.
 Drop in your cares and worries,
 Keep them forever there.
 Hide them from sight so completely,
 The world will never dream half.
 Fasten the top on securely,
 Then sit on the lid and laugh.

Our Motto collector from down Lubbock way, James Mullens, sends us the following. Thanks Jim, we think they are getting better all the time. We include just a few for this time.

"It is often wiser to go around trouble than to go through it."
 "You can't achieve success as fast by sitting up nights as you can by staying awake in the daytime."

"The most wonderful thing that man ever made is not the automobile, / the television set, the atomic bomb or any such thing—but the making of a living for his family."

"Pray for a good crop, but keep on hoeing."

Send us your favorite motto or saying. Let us share it with each other.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

One phase of grassland conservation in the Donley Soil Conservation District is controlling runoff water so as to prevent erosion. Probably the most important step in controlling this run-off is to leave more grass cover on the land. Sufficient cover will help prevent sealing of the surface, slow the water down as it moves toward the draws, decrease evaporation, and hold soil temperatures down. It will, in turn, help get more water into the ground and promote better use of available water.

In some instances, it may be necessary to construct erosion dams. Their main purpose is to control excessive amounts of run-

off water, and help to prevent further gullying. It is well to remember that an erosion dam is very expensive and is usually not the complete solution to the problem. It is like locking the barn after the horse has been stolen. An adequate grass cover with plenty of litter on the ground gives in effect thousands of tiny erosion dams which tend to put the water in the ground where it will do the most good.

One of the main factors of your District Program is to assist the rancher in working out a complete range management program which will provide optimum conditions for our native perennial plants. As a part of the assistance available to the rancher, a Soil Conservation Service range technician will help analyze the range management program and possibly point out some profitable changes that may have been overlooked.

You are the fellow who has to decide whether you'll do it or toss it aside.

Save Your Vision Week—March 4-10

Better vision care is needed to make it easier for Americans to read, according to the Panhandle Optometric Association. This statement was made in connection with the 29th annual Save Your Vision Week, being observed this week.

"In many European countries newspapers and books are read by a much higher proportion of the population than in America," Dr. P. A. Preslar, Childress, president of the association said. "In the United Kingdom 611 daily newspapers are sold every day per 1000 inhabitants, according to a UNESCO report. In Sweden the figure is 490. In the United States it is 353.

"American newspapers are larger, so each buyer gets more to read, and the significant fact is that relatively few Americans take full advantage of the newspapers and other printed matter available. Television, radio, and motion pictures divert American interests from reading.

"Better vision and more scientific study of typography and layout for reading ease could make reading more popular.

"Headaches or other symptoms after reading rank first among reasons why patients seek vision care. Think how many millions neglect their vision and taper off their reading or stop, probably without realizing it, because painless visual inefficiency is often unnoticed."

Dr. Preslar said that Americans get the best vision care in the world, but the printed word has greater competition in America and, therefore, all aspects of vision in relation to reading need more attention.

AUSTIN—Texans will hear a lot about "interposition" during the next few months.

Gov. Allan Shivers has asked the Democratic State Executive Committee to consider placing on the July ballot a referendum on "interposition."

"Interposition" as it is being used in this case means "to stand between." And the Federal Government's interference with States Rights is what Governor Shivers refers to. He seeks to place the Texas Legislature between the people of Texas and "the abnormal extension of power by the Federal Government in all its branches—Legislative, Executive and Judicial."

Shivers contends that certain rulings are beyond the power of the court. Therefore the referendum to be voted on in July would be a declaration by three people of Texas that US Supreme Court decisions on such matters as the Tidelands, integration and the Federal Power Commission's control over gas are inapplicable because they go beyond Federal jurisdiction.

If approved by the people, the referendum would be a mandate to the Legislature for them to vote for submission of a Federal constitutional amendment firm-

ing up and defining State Sovereignty.

While other states are using interposition in a negative fashion, Shivers plans to use it in a positive way to protect the state's rights. He is strongly opposed to the extension of power by the Federal Government at the expense of state and local governments.

"Interposition" will be an often used word during the coming months. People who do not like the idea say it is "nullification." Shivers contends he is opposed to nullification as being contrary to truly constitutional government. VETERANS' LAND SALES will be courthouse news again in Austin, come March 6th. That's when the trial scheduled for B. R. Sheffield, Brady land promoter and one-time business associate of former Land Commissioner Bascom Giles, will be held.

TEXAS POLITICS heated up ahead of season when Governor Shivers announced that he might run for a fourth term. It is the closest he has come to saying "yes." This news quickly eclipsed an earlier statement by Sen. Jimmy Phillips of Angleton that he was withdrawing from the race for governor for lack of campaign funds. A later announcement by Shivers was that he would reveal his political plans

for 1956 on March 1.

U. S. Sen. Price Daniel said that Shivers' decision, whichever way it went, would in no way affect his own decision about becoming a gubernatorial candidate. His announcement awaits disposal of farm legislation now pending in Congress, and is expected by mid-March.

MORRIS BROWNLEE of Houston is replacing Garland Smith on the insurance commission. Until a few weeks ago Brownlee was executive vice president of Continental American Life Insurance Co. of Houston.

J. Byron Saunders, chairman of the insurance commission, reports that one of the largest insurance firms, Lloyds of London, has agreed to pay the state an estimated \$1,500,000 in premium taxes. Although not admitted to do business directly in Texas, Lloyds writes surplus insurance where amounts involved are too big for any admitted company to handle alone. Bills to tax such surplus insurance have repeatedly failed to pass the legislature.

Two mutual companies were placed in receivership after their permits were revoked by the insurance commission. They were American Home Mutual and Trans-County Mutual, both of Dallas.

STATE AUDITOR C. H. CAVNESS reports errors and irregularities in the records of Texas Southern University at Houston. TSU is a state-supported college for negroes.

Cavness said there was a shortage of more than \$5,000 in the bookstore inventory which "may or may not" be connected with a \$2,976 overage in the general storeroom inventory.

"Texas Southern is among the most crowded of Texas' state-supported institutions of higher learning," according to the auditor's report. He said he did not believe the staff was adequate to keep proper records.

THE GOSPEL IN LOVE

Beginning Wednesday evening, March 21, special services begin at the Christian Church. Two young men (students) from Dallas Christian College will be in charge of the music, with the writer in the pulpit. Our prayerful aim in these special services will be to edify those in Christ and to exhort the individual of no church to be reconciled to God.

To accomplish these stated aims, our sole reliance shall be on Christ who knows the world's need and His gospel which is the power of God unto salvation. Songs and messages that exalt the Saviour (Jno. 12:32), plus hard work and knee action in prayer constitute our hope for victory. Consequently, the gospel in love, minus diatribe, claptrap, etc., etc., shall prevail from the opening song to the closing Amen. Finally, - to have a good meeting two things are necessary,

(1) Christ's presence and (2) the presence of people. And it does not take a great lot of people, but Jesus, the Saviour of mankind, **must be on the job.** And here is proof of the above statement: Jno. 15:5, "I am the vine, ye are the branches, He that abideth in me, and I in him, the same bringeth forth much fruit: **for without me ye can do nothing.**" Thank you and Come! "Bro. Brim." J. I. B.

U. S. TREASURY DEPARTMENT INTERNAL REVENUE SERVICE

Revenue folks rarely 'ake the trouble to raise an eyebrow over taxpayers' letters at this time of the year. Quite a few of the letters express a very personal dislike for paying taxes. Few taxpayers consider their tax payments a blessing. The District Director of Internal Revenue received a very unusual letter containing a contribution to the government. Contributions in the form of conscience payments are not especially unusual, but the Revenue folks felt this one was. The dates, names and places have been left out to comply with the taxpayer's wishes. The letter read:

"I am enclosing a check for \$25 as my sincere contribution and an expression of my deep gratitude before God to this big, great, free and blessed country. Please accept it and use it like you want. I know that I am free of income tax, because my incomes are so small and I am allowed so many deductions. I have been living here for several years as an immigrant Priest and I know the price of liberty, being in jail for several years and in two concentration camps under the Nazis. I was liberated from a German concentration camp by American troops. I know what suffering my countrymen and the people of all nations behind the iron curtain are undergoing. I appreciate the opportunity of living here and I feel the necessity to express in

fact my real gratitude and appreciation. This small contribution springing from gratitude is an expression of my appreciation of living here and to work without fear of being arrested at any time, like my countrymen in my native land.

"My widow's mite to the Treasury of the U.S.A. is so small that I am embarrassed I can not give more in my appreciation to this government, country, and free nation where refugees of all nations, tongues, beliefs, and countries can find freedom, liberty, honest life, and good care."

SOCIAL SECURITY INFORMATION

During the month of February approximately 8,700 persons in the Texas Panhandle received benefit checks under the Federal Old-Age and Survivors Insurance provisions of the Social Security Act, John R. Sanderson of the Amarillo Social Security Office reported today. These benefits were payable because these persons had protection under the social security law. This protection has now been extended to farm operators who may qualify for benefits as early as the middle of 1956, depending on their age and type of crop produced.

Thus the Panhandle's self-employed farm operators (including share-croppers) may find themselves qualifying for retirement benefits under this program when they reach 65. Should they die insured under the program, their survivors may also qualify for benefits. The year 1955 was the first time that earnings from operating a farm could be reported for this protection, Sanderson added.

Farmers who had net earnings of \$400 or more from their 1955 farming operations should write the District Director of Internal Revenue, Amarillo, for the proper tax return forms if they have not filed income tax returns in past years.

Requests for information regarding tax return forms and taxes due should be directed to the District Director of Internal Revenue, Amarillo. Questions concerning the benefits payable under social security should be directed to the social security office at Amarillo.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

All books ordered are quite slow in shipment. "A Candle for the Dark" by Arva Lee Ice is a devotional copy given in memory of Richard Bownds that was received this week. Several ordered in his memory and some in Mrs. Knorpp's memory have not been shipped from the book companies. This memorial received this week was given by Mr. and Mrs. Joe Goldston.

A friend assisted at the Library the past week. We filed book cards, wrote up new books, mended books, cleaned some of the shelves and did all necessary tasks that I had not had an opportunity to do.

Some are so slow returning books. Frequently call them four times. This surely requires time that could be profitably used. Cooperation is very much appreciated as there is no phone in the Library.

The current magazines are finding biographies popular. The Duchess of Windsor, and Margaret Truman are the most recent. I think I'll purchase "Doctor Kate" by Adele Commandini, as Dr. Kate has lived a very admirable and useful life.

These Literature magazines are certainly of interest to Librarians but so expensive. I have managed personally for "Saturday Review," and hope to later arrange for "Southwest Review," or "American Heritage" as the files of it could be useful permanently.

Choice of this big, rangy 4-Door Sedan or the dashing Lancer Hardtop

BIG... BRAWNY... BEAUTIFUL ...and built for Texas driving!

It's your kind of car... this handsome, rugged Texan by Dodge! At the very first glance, you'll know this is true. And when you take the wheel and "give the gun" to its mighty, aircraft-type, Super Red Ram V-8 engine, your enthusiasm will burst all bounds. For the Texan boasts a power-plant just like the sturdy Dodge that made automotive history on the celebrated Bonneville Salt Flats in Utah. Surely you've read or heard recently how a '56 Dodge stock car shattered 306 AAA records for endurance and speed in that sensational 14-day, non-stop run. In this officially witnessed performance, Dodge covered the first 10,000 miles at an average speed of 105.43 miles per hour... then went on to cover more than 31,000 miles of round-the-clock driving at a record-breaking clip. This is the greatest distance at the

fastest pace any car has ever travelled. Now this handsome, flair-fashioned, specially trimmed Texan offers you the same rugged endurance and the same eager power as the Dodge that established these records. What's more, your biggest surprise is still to come!

Most likely, you'd expect to pay a pretty price for a great car like this. Not so! The Texan is priced right down with the so-called "low-priced three." Yet it's big and powerful and luxurious... actually rivaling cars costing as much as a thousand dollars more!

Never will you find a better "buy" nor make a better deal than your nearby Dodge dealer will give you today. Come in today and see the Texan "close-up." Then judge for yourself.

BOB MOSS PHARMACY

PRESCRIPTION CHEMISTS

*Quotation from New Testament, Matthew Copyright 7W455

The Senate has commenced debate on the farm bill. It is generally thought that the Senate will adopt the 90 percent supports of basic agricultural commodities; that some soil bank features will be included in the Senate bill; that the soil bank provisions will meet with major opposition in the conference committee discussions between the House and the Senate; that if the final bill contains 90 per cent supports with the soil bank idea, the President will sign it; first, because it will be politically popular and second, because if anything goes wrong with the soil bank theory, which is anticipated, Benson can blame it on the 90 per cent supports; that if the bill goes to the White House without the soil bank provisions, there is a good chance that the President will veto it. I have introduced a bill in the House of Representatives that will provide supports for feed grains including grain sorghums under the "Plainview Plan." This same language will be submitted as an amendment to the Senate bill and we hope it passes in that Body.

VETO OF THE GAS BILL

On January 6th I predicted in a newsletter that if Eisenhower signed the gas bill, he would not be a candidate for re-election; if he vetoed the bill, he would be a candidate. It is very plain here in Washington that the veto of

the gas bill by the President is saturated with political implications. The small body of king makers who usually surround the President have not, as of this date, received a definite commitment from Eisenhower that he will run, but they engineered the veto of the gas bill anticipating and hoping that the President would yield to their pressure and become a candidate. My original statement on learning of the President's action was as follows: "The veto of the Natural Gas Bill by the President is one of the most effective blows that has been struck against States Rights in this generation. It is a great victory for the advocates of centralized government. If we are to believe the President's statement that the basic objectives of the bill are good, we can only conclude that the veto was prompted by advice from those whose interest in political matters exceeds their desire to preserve many of the fundamental principles and institutions of the democratic government founded by our forefathers."

"I sincerely regret that the President has again chosen to pursue a course that must result in a marked expansion of bureaucracy and bureaucratic controls with which we have so long been plagued."

History will record such veto as not in the best interest of this country.

COLLECTIVE FARM IN RUSSIA

There are three types of farms in Russia. The state farm, the machinery or tractor farm it is called, and the collective farm which is the type most widely employed.

The state farm is operated entirely by the state and everything goes to the state. The tractor farm is the farm from which the state farms and the collective farms get their machinery. They borrow this or rent it. One tractor farm may supply several collective or state farms. We were taken from Odessa to a collective

farm located about 15 miles out. After we left the city limits, the roads were gravel and reminded me very much of some of the farm-to-market roads some 15 to 20 years ago in this country. When we reached the collective farm, we found it to be a small village of separate housing units for each family. In outward appearance it closely resembled a small rural town in many sections of the United States. The main street was about four blocks long and was paved. It was the only paved street in the village. The offices, barns, meeting rooms and other installations of the collective farm were located just off this main street. We were taken into a meeting room and briefed on the manner in which the farm was operated. The assistant manager of the farm, who was in charge, was very cooperative in answering our questions. The farm consisted of approximately 1600 hectares or about 4000 acres. We were told that it supported 577 families. That out of these 577 families there were 300 workers. Each farmer was entitled to the use of a separate tract of some 300 meters to one hectare on which he could grow what he desired. We were told that the farmers on this particular operation were very prosperous, and that for the prior year, they had received about 12,000 rubles (\$3000) each as their share of the profits. In addition, they received their seed and several other things such as vegetables, an allotment of wine, silage for the cow and so forth. We were told, also, that the farmers mostly owned their own homes and cars. The farmer can own the house

but cannot own the land. He has certain user rights that can be inherited by his heirs, but the land always remains the property of the state. The manager told us that this particular farm showed a profit of the previous year of 9,000,000 rubles. According to the present rate of exchange, that would mean \$2,250,000. I questioned their figures, but their only answer was that I just did not understand exchange. I assured them that they were sure right about that if they thought that I thought they made \$2,250,000 off of 4000 acres of land in one year. The major part of the income of the farm was from wine that was made on the farm from grapes on the farm. There were tremendous vineyards of beautiful grapes. These were all mashed and made into wine. About 400 hectares was in grain. There were 340 cattle on the farm, of which 170 were used for milking. We were told that the farm netted 1,000,000 rubles (\$250,000) from cattle last year. The cattle looked very good, but not quite that profitable. They showed us some huge pumpkins and other melons that they had

grown on the farm. They were grinding up a small round watermelon type of melon to be made into cattle feed. There were only 44 Communist Party members among the people on the farm. There were about 50 of the younger people who were members of the Young Communist League. This will give you an

idea of the control of the many by the few.

The Navy's newest and lightest jet attack airplane, the Douglas A4D Skyhawk, has set a new world speed record for the 500-kilometer closed circuit course, eclipsing the old record by over 45 miles per hour.

Ford Wins at Stock Car Racing "Olympics"

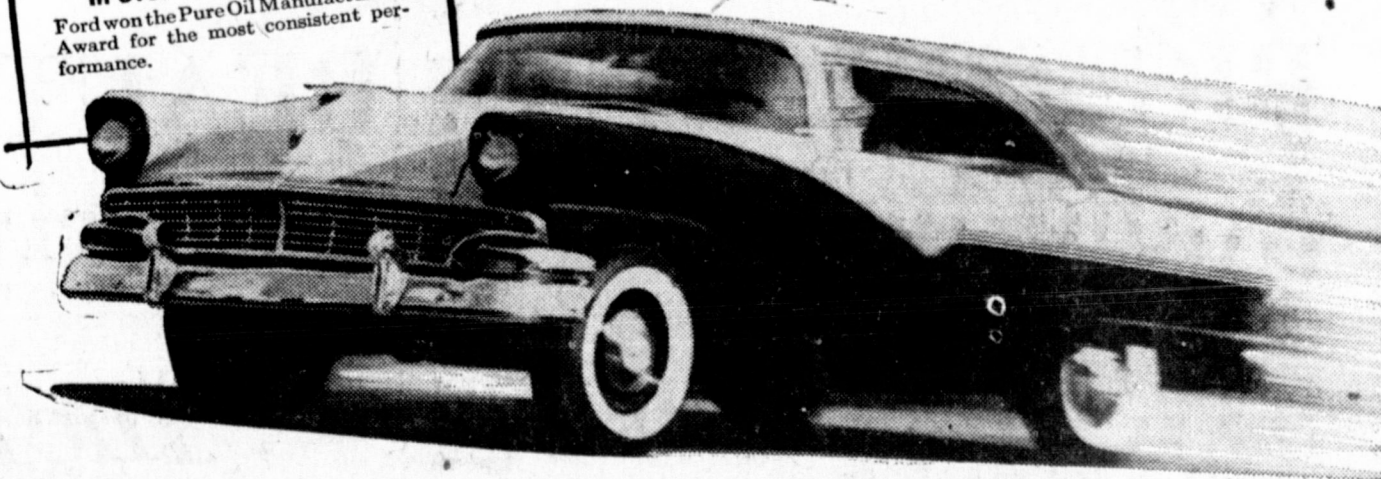

HERE'S FORD'S RECORD AT NASCAR'S DAYTONA BEACH NATIONAL SPEED WEEKS

FIRST
in Sports Car Acceleration
A Ford Thunderbird set a new record for American production sports cars.

FIRST
in top speed—class 4
A Ford "Six" took top honors in the Flying Mile for Class 4 American production passenger cars!

FIRST
160-mile Convertible race
Ford V-8's took 1st and 2nd place in the National Convertible Championship Race.

FIRST
in over-all performance
Ford won the Pure Oil Manufacturer's Award for the most consistent performance.

The Ford V-8 again showed its taillight to all competitors in the "Olympics" of stock car racing at Daytona Beach, Florida.

In blazing across the finish line Ford demonstrated once more the sizzling performance that keeps it the largest-selling V-8 in the world. No other car in the field could match Ford for getaway "git" . . . for straight-away acceleration . . . for all-around roadability. To see exactly how the other cars trailed behind Ford, see the chart at the top of this page.

One of the secrets of Ford's performance is the tremendous torque (wheel turning power) developed by Ford engines. For

example, Ford's new 225-h.p. Thunderbird engine develops more torque than any other engine in the low-price field. This means quicker response, smoother running in the kind of driving you do! Just nudge Ford's accelerator and *whoosh!* You pass in instants when instants count!

Ford now offers this mighty 225-h.p. engine with any Ford Fairlane or Station Wagon model with Fordomatic. What's more, these engines are coming off the assembly lines right now! So why wait? Come in today for a Test Drive. Find out for yourself about Ford performance. Find out why Ford is the V-8 with the biggest following!
