Dusters To Play Second Game of Play-off Series At Groom Sunday

The Clarendon Dusters will journey to Groom next Sunday afternoon for the second game of the Caprock League play-off series. This is expected to be one of the best games of the season as this game will tell the story of whether they are still in the running for League honors.

The Dusters lost a hard fought game to Groom here on the local diamond last Sunday by a close margin of 1 score with the total being 13 to 12. The Dusters were leading Groom 5 to 0 at the end of three innings but Groom caught up and went ahead in the sixth and were leading the Dusters 12 to 8 at the end of the top of the 8th inning and the Dusters banded in enough runs to even the score in the bottom of the 8th. Groom pushed over the winning run in the ninth and the game ended with the Dusters having a man left on second base. Skinny Putman swatted out the only home run of the game which was also the 3rd home run to be hit on the local diamond. Pilcher and Dorman pitched for the local team.

Roy Blackman, Duster manager, reported that the Dusters should be full strength next Sunday with Jimmy Jenkins back on second base and that the local team would put forth every effort to win so the third game will be played here Sunday week, September 14th.

682 Enroll In Local Schools

According to Superintendent H. T. Burton, 682 students have enrolled in the Clarendon public schools this week. Students enrolled Monday and regular class work was begun Wednesday. Dean R. E. Drennan reported that 65 students had enrolled in the Junior College and this number is expected to climb some yet before school is very far along. In the high school classes there were 39 freshmen, 54 sophomores, 22 juniors and 53 seniors, giving a total of 178 high school students.

N. J. Richardson, principal of Jr. High and Elizabeth Stevens Ward, reported a total of 172 students in Jr. High which is the 6th thru the 8th grades and 267 in the Ward School which comprises the 1st thru the 5th, giving a grand total of 439 for the lower grade schools.

PRESBYTERIAN CHURCH SERVICES

Church services will be held at the Presbyterian Church at the 11 o'clock hour Sunday morning with Rev. M. Boling Durway of Fort Worth preaching. Rev. Durway preached here some three weeks ago and is an interesting speaker. Sunday school will be held at the usual time. The public is invited.

HOMER PARSONS OBSERVES 31st YEAR IN DRY CLEANING BUSINESS

Homer Parsons is observing his 31st year in the Dry Cleaning business this week which is a long time to stay with any type of profession or trade. "I like it and have enjoyed keeping up with the fast changing methods of Dry Cleaning during that time," Mr. Parsons stated.

Mr. Parsons was associated in the business with others until 1927 when the name of Parsons Bros. was adopted. His entire 31 years in the business has been spent here in Clarendon.

Services Held Here Wed. Morning For Drowning Victims

A joint funeral service was held here at the First Methodist Church Wednesday morning for Sue Carrian Woodman and Johnnie Lee Woodman with Rev. Cecil G. Golf and Rev. L. E. Biggs officiating.

Sue Carrian, 7 years old and Johnnie Lee, age five, children of Mrs. Virgil Lee Fryer of Amarillo, drowned Friday afternoon near Durant, Okla., where they were spending the Labor Day holidays. The tragedy occurred in the Blue River, 5 miles north of Durant. The youngsters were wading in the river when the boy stepped in a hole and disappeared. Sue Carrian attempted to save him but was also vanished. Their step-father dived into the water and had the two children on the bank within 10 minutes but attempts to revive them were futile.

Survivors include their mother, Mrs. Fryer of Amarillo and their father A. R. Woodman, Dumas and one sister Mary Sherrin Woodman of Amarillo; their grandparents, Mr. and Mrs. S. W. Lamberson of Clarendon.

Fallbearers were J. D. Walls, R. V. Dabbs, Charles Mixon, M. B. Stephens, Leslie Baldwin, Lloyd Hornsby, C. N. Jameson and C. J. Tiner.

Burial was in the Dumas Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

SIMS P. T. A. LAUNCHES MEMBERSHIP DRIVE

The annual membership drive for the Sims P.T.A. automatically started with the opening of school. Membership costs thirty-five cents.

Mrs. Fontayne Elmore, chairman of the membership committee, has announced that a prize of \$5.00 will be given to each room obtaining one hundred per cent membership of mothers and fathers and a prize of \$2.50 to each room with one hundred per cent membership of mothers.

Shown above is the first bale of cotton produced and brought to Clarendon from the 1952 cotton crop. The finished bale weighed 420 pounds and was ginned from 1820 pounds of seed cotton. Standing to the left of the cotton is Ross Brown who brought the first bale in August 22nd and at the right, Basil Smith, local manager of the West Texas Gin here.

Cup Cake Program To Raise Money For School Lunchroom

Prices at the School Lunchroom have been advanced two cents per plate this year, making the lunches cost 27¢ for children in the first and second grades and 32¢ for the other grades. This small increase in prices was made necessary because of the reduction in government commodities furnished the lunchrooms and the reduction of two cents per plate in government financial aid.

To supplement lunchroom proceeds each Tuesday will be Cup Cake day. On Tuesdays the lunchroom will serve no dessert and cup cakes, furnished by the mothers in the succeeding rooms, may be purchased for a nickel. This cup cake program will replace the Queen contest which has raised money for the lunchroom in previous years.

The mothers of Mrs. L. C. Johnson's room are requested to send two dozen cup cakes on Tuesday, Sept. 9, for the first cup cake day. Mrs. A. D. Hendrix's room mothers will furnish cup cakes, Sept. 16; Mrs. D. G. Ballew's room mothers on Sept. 23; and Mrs. C. R. Brown's on Sept. 30th.

Since there are seventeen rooms to contribute to the cup cake program, each mother should not have to send cup cakes more than three times during the year, which should make it easier on the mothers than all the work entailed by the Queen contest.

Lunchroom meal tickets by the week and by the month are on sale now at the lunchroom, where Mrs. Truett Behrens is in charge.

Ross Brown Produces First 1952 Bale Of Cotton

Ross Brown, who lives 18 miles northeast of Clarendon, brought in the first 1952 bale of cotton to be ginned in Clarendon August 22nd. This is a repeat honor for Mr. Brown as he brought in the first bale in 1949 also. The finished bale this year weighed 420 lbs. and was ginned from 1820 pounds of seed cotton. There were 870 pounds of seed. The bale was gathered from 20 acres of cotton which Mr. Brown estimated would produce better than a fourth of a bale to the acre. The first bale was ginned by West Texas Gin Basil Smith, manager of the gin, reported that the first bale of cotton was ginned free of charge and also that a premium was now being raised to present to Mr. Brown. Smith also reported that his gin had ginned four bales to date and that quite a bit of cotton should start coming in by next week.

Mr. Edgar Seets of Memphis visited his daughter-in-law, Mrs. Chas. Seets over the weekend.

B Squad To Play Dumas B Team Here Friday Nite

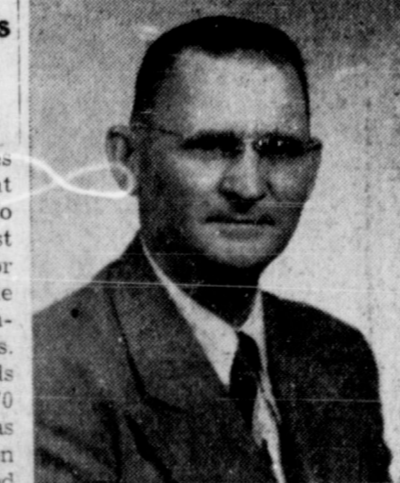

The Clarendon Bronchos will open the 1952 football season here Friday night at 8 o'clock with the B team popping leather with the B squad from Dumas. This will be a regular full length game with regular officials and should be a good starter for the season. The Bronchos have some good material in the B squad that only need experience and Dumas always has a good B squad. The Broncho players will be in there to make a good showing so they will have an opportunity to move some players off the Broncho first team.

Coach Tom Harrell reported that 43 boys were out for the Bronchos this year and that the prospects for a good season looks much brighter than in previous years. It will take some seasoning and lots of hard work but we should have a first rate team ready to throw against our first conference opponent, he added.

Come on out Friday night and watch this B squad perform and see what the Broncho reserve strength looks like. Admission to the game will be 50 and 25 cents.

Remember, too, that the Band Parents organization will have their stand open Friday night with those good hot dogs, cold drinks, hot coffee, candy, etc. Be sure to take along a good appetite as this group will be ready to serve you.

Mrs. Dwayne Hudson of Amarillo spent the week end with Mr. and Mrs. Neeley Hudson.

REV. ERNEST PHILLIPS

New Mission Started In Clarendon

Rev. Ernest Phillips, who has resigned his pastorate at Martin, has announced that he is starting a new Mission in Clarendon. "I feel there is a great need for this work here at home and if you do not have a church home, you have a warm welcome to meet with us Sunday morning at 10:30 at the Lions Club building," Rev. Phillips stated.

Magician Show To Be Presented At Annual Meeting

More than 200 farmers and stockmen from Donley County are expected to attend the annual members' meeting of the Donley County National Farm Loan Association in Clarendon next Wednesday. Starting at 6:00 o'clock, the meeting will be held in the Lions Club Hall. Mr. Alva T. Simmons of Hedley, President, will preside.

Two directors will be elected for three-year terms, and Mr. Rayburn L. Smith, Secretary-Treasurer, will present the Association's annual report.

The entertainment feature will be a magician show presented by "The Great Oscar." Oscar is a former Clarendon boy. He will be assisted by a prominent radio announcer and a pianist. Refreshments will be served after the show.

Angus Field Day Plans Completed

Practical management of purebred beef herds in West Texas will be the theme of the program of the Angus Field Day at the Caprock Angus Farm north of Memphis Friday, Sept. 5th.

Dr. Dan Roberts, manager of the 77 Ranch of Wichita Falls will discuss "Guarding Herd Health." Other speakers include Milt Miller of Brady, fieldman for the American Aberdeen Angus Association; Dr. Luther Watson of Austin, President of the Texas Angus Association and Tommie Stuart of Cleburne, Secretary of the State organization.

H. M. Breedlove, County Agent of Donley County and the county agent of Hall County will give a demonstration on fitting and grooming show cattle.

Starting at 10:30 there will be an Angus judging contest for the visitors, followed by an Angus barbecue at noon. The program will be held under a tent provided by the local association.

Jerrel Rapp, president of the Lower Panhandle Angus Association said that anyone interested in beef cattle improvement in this area would be welcome to attend.

SERVICES TO BE HELD AT MISSIONARY BAPTIST CHURCH SUNDAY

Church services will be held at the Missionary Baptist Church Saturday night, Sunday, and Sunday night. Bro. Elwin Lane of Fort Worth will preach. It has been announced that night services will begin at 8 o'clock, Bible Study at 10 o'clock Sunday morning and the regular church services at 11 o'clock Sunday morning.

The public is invited to attend and hear Bro. Lane as he preaches the gospel.

CLARENDON MYSTERY CORPSE POSITIVELY IDENTIFIED

INTEREST IN LOCAL STORE SOLD

The business firm of Skelton Brothers Clothing Co. will be under new management this month. Durwood Skelton has purchased the interest of Willard Murphy-Spicer Funeral Home to release the body to Cloyd's family.

Outstanding Artists Feature Season's Concert Series

The Dreamdusters, male quartet, whose appearance here last year under the auspices of the Donley County Mutual Concert Association was such an outstanding success, have been chosen as one of the group of artists featured in this season's concert series.

Tickets for the concerts will go on sale next week when Mrs. Leora Craig from Dallas arrives here from Dallas to work with local helpers in the drive for membership. There will be a kick-off dinner at the Lions Hall, Sept. 8, at 8 o'clock for the team captains and their workers.

Another of the proposed concerts will feature Leona Koehler, exciting young soprano, and Charles Roberts-Schulz, one of America's leading harpists, with guest star, Miles Nekolny, baritone, in a program ranging from Chopin to be-bop. The group's popularity hinges on its unusual ability to bring unexpected comedy, humor and variety into the program.

Cal Tinney, nationally known columnist and humorous commentator, who says he is "an ole country boy tryin' to make enough in town to get by in the country", is another of the stars to appear during the series.

Attendance at these concerts is limited to members only and tickets may not be purchased for any one performance. Membership costs \$4.80 for adults. Children of any age may attend the concerts free if both parents have purchased tickets.

SAILS FOR OVERSEA DUTY

Dwayne Hudson, son of Mr. and Mrs. Neeley Hudson sailed for Japan August 15. His wife who had been living in Coronado, California where they made their home has returned to Amarillo and is now living with her parents, Mr. and Mrs. J. L. Glasgow.

The body of a man found in a patch of weeds in Northwest Clarendon on August 22nd, has been positively identified as that of William S. Cloyd of Clarendon. Kelly Rogers, Texas Ranger from Amarillo and the local Sheriff's department have authorized the Murphy-Spicer Funeral Home to release the body to Cloyd's family.

The body was identified as that of Cloyd, Rogers announced Monday. Clothing, personal possessions found in the clothing, dental charts and hair samples were used in making the identification positive.

It was reported that Cloyd's death was caused by blows on the head. It was believed that he had been dead two weeks or more when found by Oscar and Olin Castleberry.

It has been understood that Mrs. Lola White of Plainview, Cloyd's first wife, had been contacted in regard to funeral arrangements but no definite information in this regard has been learned at press time. One of Cloyd's two sons, Loy Wayne, 19 years old, is in Korea and an attempt is being made to have him brought home. The other son, Dewey Edward, 15, lives with his mother at Plainview.

Officers report that several suspects have been questioned but no definite leads have developed at this time.

Blood Typing Program Extended

The Blood Typing Program, sponsored by Mu Gamma Chapter of Beta Sigma Phi has been extended so more of the residents of Donley County may take advantage of this free service. For the convenience of all school students and the businessmen the following schedule has been arranged:

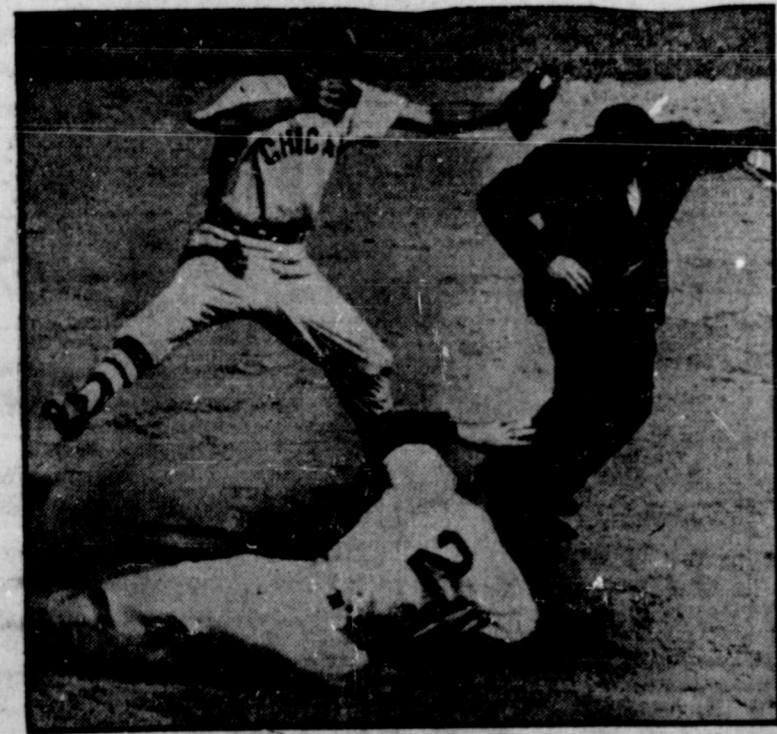

On Monday afternoon, Sept. 8, the unit will be at the Senior High School from 1:00 P. M. until 4:00 P. M.

On Tuesday, Sept. 9, the unit will be at the Jr. High School. This unit will type both Grade School Students and Jr. High Students.

The unit will be at the Legion Hall on Wednesday evening, Sept. 10th and on Thursday evening, Sept. 11th from 6:00 P. M. until 9:00 P. M. This will give the merchants and businessmen a chance to have their blood typed after business hours.

The members of Mu Gamma Chapter again say "thanks" to the splendid cooperation shown in the first drive, and all the people that did not get their blood typed are asked to do so these days.

Donley County Leader, \$2.50 year

THE UMP DUCKS—Umpire Scotty Robb pulls his almost bruised head in just in time. The ball thuds into White Sox Chico Carrasquel's glove too late to tag Boston's Faye Throneberry who stole second base in the game won by Boston, 4-3.

RED CLUNKER—Captured by United Nations forces in Korea, this Russian-made truck bogged down in a mud hole. When G.I.'s put it into service the Red clunker broke down under the strain of heavy duty. It just couldn't take the punishment that American trucks are built to endure.

BOOK CLUB DINNER

The members of the 1926 Book Club opened their Club year with a dinner in the Donley Hotel Tuesday evening. Mrs. C. W. Bennett, Mrs. C. E. Bairfield, and Mrs. W. J. Lewis formed the arrangement committee.

A floral arrangement of asters tied with ribbon of variegated colors in blue, orchid, yellow, and green formed the center piece. Favors consisted of tiny pots containing a single aster and a place card.

Following the meal a short business session was conducted by the president, Mrs. Sam Darden.

Members present were Mesdames B. C. Antrobus, Gordon Bain, E. S. Ballew, C. W. Bennett, Homer Bones, L. N. Cox, Sam Darden, Marguerite Goodner, Clyde Hudson, Lloyd Johnson, Chas. Lowry, C. B. Morris, Bob Moss, Frank Phelan, W. A. Riney, Rayburn Smith, W. C. Thornberry, Frank White, Bill Bromley, Joe Ritter, L. T. Shelton, and Miss Polk, Miss Loyd Richerson.

BETA SIGMA PHI

The Texas Mu Gamma Chapter of Beta Sigma Phi met in the home of Lois Schollenbarger on Thursday, August 28th with seven members present. During the business session, it was decided to continue the blood typing campaign. Betty Bell won the sorority surprise.

Refreshments were served to the following: Annie Reeves, Bert Garland, Betty Bell, Essie Putman, Jane Bownds, Frances McCully by the hostess, Lois Schollenbarger.

Mrs. J. M. Potter, Mrs. Ornie Harlan and Miss Marjorie Harlan attended the Clayton family reunion at Tolla Sunday.

KIL KARE KNEEDLE KLUB

Mrs. W. A. Land entertained members of the Kil Kare Klub in her home Thursday afternoon, August 28. The home was beautifully decorated with numerous bouquets of seasonal flowers. The group enjoyed the usual program of needle work and conversation.

The hostess, Mrs. Land, served a delicious ice course to specially invited guests, Mrs. Ford Martin and son, Randy Lee and members Mesdames Homer Mulkey, R. R. Dawkins, Buel Sanford, Eugene Noland, Frank Whitlock, Harry Brunley, S. W. Lowe, Ed Speed, and Misses Ida and Etta Harmed.

MYSTIC WEAVERS CLUB

The Mystic Weavers Club of LeLa Lake met Wednesday, August 27th with Mrs. Glenn Williams. Ten members were present. A lovely covered dish lunch was served at noon and watermelon was enjoyed that afternoon. One quilt was finished and other hand work done for the hostess. The next meeting will be Sept. 10th with Mrs. Will Mace in an all day meeting.

—Reporter.

W.S.C.S. CIRCLE 2

Circle 2 of the Womens Society of Christian Service met in the home of Mrs. C. M. Lowry Wednesday afternoon with Mrs. William Payne co-hostess. Mrs. Cal Merchant, president, presided over the business meeting.

Mrs. Lena Antrobus gave the devotional and Mrs. Ralph Porter led the Bible study.

Refreshments were served to 17 present.

Mrs. G. W. Bradshaw, Dennis and Douglas visited from Thursday to Sunday in the home of her parents, Mr. and Mrs. B. R. Flowers at Hereford.

NURSES RESPOND TO RED CROSS APPEAL TO SERVE IN CRITICAL POLIO AREAS

ST. LOUIS, MO.—Answering the Red Cross' urgent appeal for 100 graduate nurses for immediate assignment as polio soared to 2290 new cases last week, nurses Helen and Catherine Lukachick, sisters of Farmington, Mo., receive their plane tickets from Miss Adelle Brielmaier, (right), St. Louis Chapter nursing official, as they leave for Orange, Tex. They picked the polio ward there from six possible assignments when they learned one doctor and a nurse, the sole trained medical help, have been splitting 24 hour daily shifts to care for patients. The father of one iron lung patient comes in daily to relieve them so they can eat. "Let me have that tough one," Helen decided, and her younger sister Catherine agreed. All available registered nurses who can be spared are being asked to contact their local Red Cross chapters for assignment to critical polio areas.

REUNION HELD SUNDAY FOR HAY FAMILY

The Hay children with their mother, Mrs. J. E. Hay of Terrell, Texas, gathered in the Haskell Hay home in the Ashola community Sunday for a family reunion.

Those present were Mr. and Mrs. R. A. Hay of Clarendon, Mr. and Mrs. Oscar Hay and children of Willis Point; Mrs. J. W. Miller of Terrell; Mrs. J. E. Hay of Terrell and Mr. and Mrs. Tommy Vandiver and daughter of Amarillo and Mr. and Mrs. Haskell Hay and Haskell Earle.

Mr. and Mrs. Dwight Blair and children of Houston, Mr. and Mrs. Grady Tyler and Larry Dee and Mrs. Ermine Blair visited Sunday evening with Mrs. Blair's parents, Mr. and Mrs. Parks Mitcham at Memphis.

BAND PARENTS MEET

Members of the Band Parents organization met in a call meeting in the Band Hall Monday evening. Purpose of the meeting was to meet the new bandmaster, Mr. Graves, and to discuss what the organization might do to aid in the building of a band.

The business meeting was presided over by the vice-president, Bill Riney. The president, J. G. McAnear, adjourned the group. Twelve members were present.

The next regular meeting will be held Monday evening, Sept. 15 in the Band Hall.

Mr. and Mrs. Guy Wright, Perry and Guy Alden returned home Thursday after visiting the past week in northwest Arkansas. They visited her father Perry Alden at Rogers and with other relatives.

Joseph E. Nelson, First S. A. J. C. Director, Dies

SAN ANTONIO — Joseph Edward Nelson, 70, of 2027 Fresno Drive, first director of San Antonio Junior College, now known as San Antonio College, died in a hospital here Saturday.

Nelson was a native of Parker County and had been a San Antonio resident since 1925. At that time he was made director of the junior college, which post he held until Sept. 1941, when he retired.

Before coming to San Antonio, Nelson was principal of the Midland high school, superintendent of schools in Clarendon and still later director of physics at the summer normal school of the University of Texas.

During his directorship of the San Antonio college the enrollment grew from 130 to 400 students. He had received A.B. and M. A. degrees from the University of Texas.

Survivors include his wife, Mrs. Lillian Martin Nelson, San Antonio; a son, Gale H. Nelson, New Braunfels; brothers, H. A. Nelson, San Marcos; Dr. I. I. Nelson of the University of Texas; W. A. Nelson, Abilene and R. H. Nelson, Atherton, Calif.; sisters, Mrs. T. K. Wilton, Memphis, Texas, and Miss Agnes Nelson of the State Teachers College, Murfreesboro, Tenn., and four grandchildren.

FAMILY REUNION AT CHILDRESS

Mr. and Mrs. Otis Naylor and their son, Robert, attended the Clayton family reunion at Childress Park Sunday. This was the first gathering of the family for many years. There were 93 present representing descendants in to the fifth generation. Mr. and Mrs. Thomas Clayton and Elaine of Memphis joined the Otis Naylor for the trip to Childress.

Robert, who is teaching at LaCasa, Okla., returned to his home there Sunday after visiting Saturday with his parents here and attending the reunion at Childress Sunday.

Saturday, Oct. 4th Is Press Day At State Fair of Texas

HOUSTON — The traditional Press, Radio and Television Day at the State Fair of Texas again will be on opening day of the fair, Saturday, Oct. 4. The announcement was made here at the annual convention of the Texas Press Association.

For many decades newspaper men have gathered at the fair on opening day to see the sights and take home a report on the exposition for their readers. In recent years, Press Day has grown until it has embraced representatives of radio and, now, television.

More than 2,000 publishers and radio and TV executives and their families are expected for Press, Radio and TV Day this year. They will be guests of the fair at more major attractions than ever before—such top-flight features as:

- 1. The Dean Martin-Jerry Lewis show in the Auditorium, a lavish musical comedy revue starring the top song-and-laugh team in show business today.
- 2. "Ice Cycles of 1935," all-new version of the always popular skating extravaganza.
- 3. The Aut Swenson Thrillride, exciting carnival of daredevilry in front of the Grandstand.
- 4. The three-ring Variety Club International Circus.
- 5. All shows on the million-dollar Midway.
- 6. The Southern Methodist Georgia Tech football game in the Cotton Bowl at night.

An unusually outstanding array of exhibits and special shows will include the South's largest Automobile Show, an Electric Show twice as big as ever before, the half-million-dollar telephone exhibit, the Story Book of Texas Agriculture, the intriguing Science-Engineering Show, the King Ranch exhibit of famous Santa Gertrude cattle and quarter horses.

In the livestock barns on Press, Radio and TV Day, Hereford, Aberdeen-Angus, Shorthorn and Brahman beef cattle will be on display, along with swine, sheep, Angora goats and quarter horses. Roping and cutting classes in the quarter horse show will be judged in the Livestock Pavilion in the morning and afternoon.

Mrs. Vera Smith had as guests in her home Sunday her grandchildren, Mr. and Mrs. James Smith of Hale Center and Mr. and Mrs. Leslie Moore of Plainview.

Mrs. J. W. Toler, Betty and Jimmy of Amarillo visited Tuesday last with her mother, Mrs. N. S. Percival.

Wardens Seize Night Hunters

AUSTIN—The Director of Law Enforcement for the Texas Game & Fish Commission said 20 cases for hunting deer at night were included in the monthly arrest report.

He blamed the development to "a few trigger-happy folks who were trying to jump the season."

The Director said game wardens are using radio-equipped patrol cars to "discourage over-eager people."

The monthly report included 29 cases involving illegal taking of deer.

The approach of the regular season for harvesting game also was reflected in the seven cases for shooting mourning doves. The season on these birds opens in the North Zone September 1 and in the South Zone October 1st.

The predominance of cases on the July arrest roundup involved fishing law violations. Wardens charged 121 persons with lacking individual licenses. Eight were fined on for using an electrical device to take fish.

A Kountz man felt the law's sting after being caught with an electrical device. He paid a total of \$115 on three charges—\$50 for using an illegal device; \$50 for fishing without a license and \$15 for trespassing.

One of the highest fines for the month was the one for \$200 assessed a Channel View man for killing deer in a closed season.

Total cases for the month was 271 with fines and court costs of \$5,717.50. This compared with 252 cases and \$6,197.05 for July last year and 305 cases and \$6,571.45 for June of this year.

Jeff Potter of Amarillo is visiting in the Harlan home this week.

Mr. and Mrs. Marvin Jones vacationed last week in Colorado.

He who shows off least shows up best.

More Silage with less Power and Labor

An Allis-Chalmers Forage Harvester and your own farm tractor with power take-off handles your big-tonnage forage crops—green or dry.

Equipped with the row-crop attachment, the Allis-Chalmers Forage Harvester will harvest all silage crops grown in rows . . . from tall corn to sorghums. One man—the tractor operator—handles the machine. Labor costs are reduced to a minimum.

This year harvest your own forage crops with the one-man operated Allis-Chalmers Forage Harvester and your own tractor. Auxiliary motor is available for light tractor power or abnormal field conditions.

STATE SENATOR'S DAUGHTER DIES

CHILDRSS — Funeral services were conducted at the Newberry Funeral Chapel in Childress Tuesday morning, August 26, for Terry Susan Rogers, infant daughter of State Senator and Mrs. A. J. 'Andy' Rogers. Presiding minister was Rev. B. J. Martin. She died late Monday afternoon in the Childress General Hospital, and burial was conducted in the Childress Cemetery by Newberry Funeral Home. Survivors include her parents, a sister Paula Ann, and grandparents, Mr. and Mrs. Neal Rogers of Childress and Mr. and Mrs. Alfred M. Scott of Austin.

Provisional figures for 1951 reported by state departments of health reveal a tuberculosis death rate in Texas which is exceeded by that of only eight other states.

More than twice as many deaths from tuberculosis occur among white men as among white women, The Texas Tuberculosis Association reports.

News From The Office of Price Stabilization

DALLAS — A revision in its automobile ceiling price regulation which may bring increases in automobile prices for Texas purchasers has been announced by the Office of Price Stabilization in Dallas.

The revision was brought about by recent changes made by Congress in the Defense Production Act, which permits new car dealers to fix their retail selling prices on the basis of historical margin mark-ups rather than on the former basis of dollars-and-cents ceilings.

The change probably will result in an increase in the ceiling prices of many Texas new car dealers, according to R. G. Berle, regional OPS automotive chief in Dallas.

Under the revised regulation, each dealer may establish his own ceiling price based on his usual pricing practice in either of the two base periods—May 24 to June 25, 1950, or alternatively, January 26 to February 24, 1951.

Mr. Berle pointed out that dealers must continue to display posters listing the ceiling prices of each make and model, and an itemized breakdown of the charge.

es. They will also continue to give each customer an invoice stating the selling price and other details of the transaction.

Mrs. Sikes of Pueblo, Colo. and Sara Jane Charlene, Ruth Corder and boys visited Monday in the Edith Longan home.

Will Chamberlain who is sponsoring a group of Pioneers made up of the young boys, took them to Canyon Saturday where they were met by Floyd Studer of Amarillo who accompanied them thru the Museum, lecturing to them on the high points in the museum. The boys cooked a chuck wagon dinner at the river, went by way of the Hamless drive, returning home Saturday evening. Boys to make the trip were Jerry, Johnny, Bobby and Ronny Longan, James and Jerry Mahaffey, Gene Sanders, Wandel Luttrell, Teddy Shaller, Sammy Jacobs, and William Rhode Cham-

berlain. Leo Luttrell and Ed Mahaffey accompanied them.

Mr. and Mrs. Everett Stevenson visited in the Will Chamberlain home Sunday.

Mr. and Mrs. Albert Sanders of Spade Flat and Mr. and Mrs. Enloe Crisp of McLean were guests of the Chamberlains Saturday night.

Mr. and Mrs. Bill Mooring had as dinner guests Sunday, Mr. and Mrs. Ed Mooring, Arlis and Genella of Clarendon, Mr. and Mrs. Herman Mooring and Robert, Naoma Mooring and Jane Johnston of Amarillo, Mr. and Mrs. Jimmy Mooring and children of Wichita Falls, Cpl. Don Barker who was on week end leave from El Paso and Scharlean Pycatt of Clarendon.

Mrs. Loyd Moreland went to a Memphis hospital Monday to be with her sister, Mrs. George Bulman of Martin who underwent an operation.

Mr. and Mrs. Dick Noble of Lubbock visited Saturday evening with her sister, Mr. and Mrs. Bill Mooring and boys.

Patricia Ann Matney and Catherine Peden of Fort Worth visited over the week end with her grandparents, Mr. and Mrs. D. C. Peden and Frank of Good-

TEXAS GAME AND FISH COMMISSION

FARM NEWS

PMA COMMITTEE ELECTED FOR DONLEY COUNTY

Returns on the Donley County PMA committee election held on August 29, 1952, show that Ross Springer of Hedley was elected chairman, James B. Smith of Lelia Lake, vice chairman, and J. Sam Dale of Jericho Route, Clarendon, Texas, member. Ike H. Rains of Hedley and Wm. F. Maddox of Hedley were elected alternates.

All of the committeemen are farmers. Mr. Smith and Mr. Springer were re-elected. The others are new.

The committeemen will take office September 1, and will be responsible for the county administration of the Agricultural Conservation Program, price support activities, Federal Crop Insurance and other activities which may be assigned.

In the coming year, they will arrange for the training of community committeemen, direct the farm-by-farm contacts which community committeemen will make, and have responsibility for approval of conservation practices carried out on Donley County farms.

Mr. Springer, the chairman, owns and operates a farm at Hedley. On this farm he produces Cotton & Feed crops. He has been cooperating in the Agricultural Conservation Program since he has lived in Donley County some twelve (12) years. This year he is carrying out the following soil and water conservation practices:

- Deep Plowing
- Planting Legumes
- Rye Cover Crop

The vice-chairman's farm is located at Lelia Lake where he produces Cotton and Grain. He also is carrying out soil and water conservation practices on his farm.

Mr. Dale lives north from Clarendon on the Jericho road. He too raises cotton and grain sorghums with some wheat. He has been a PMA cooperator from the time the program started.

1953 ACP SIGN-UP SCHEDULE ANNOUNCED

During October and November farmers of Donley County will have an opportunity to sign up to cooperate in the 1953 Agricultural Conservation Program, Ross Springer, Chairman of the County PMA Committee, announced today.

This year the "Farm-by-Farm — First-things-First" procedure which was tried out in at least one county in each state this year is being made available to all farms in all counties for the 1953 program. The purpose is to center conservation efforts on the most needed practices on each individual farm.

Chairman Springer explains that just as farms differ so do conservation problems differ. In the farm-by-farm effort, the local PMA committeemen will visit each farm in the county to help the farmer determine the conservation needs on the farm. Farm plans prepared for the farm by the Soil Conservation Service or other agricultural agencies will be considered in setting up the conservation program for the farm for 1953.

To assure the most effective use of assistance provided under ACP, a field-by-field check will be made to determine the conservation needs and to select the most urgently needed practices. Practices selected will be submitted to the county PMA committee for approval. Before the committeemen visit the farms in his district, he will have thoroughly reviewed the conservation problems in his area and the conservation practices which will be most effective in meeting conservation needs. Representatives of the Soil Conservation Service, Extension Service, Forest Service and other agricultural agencies will cooperate in this review.

Chairman Springer explains that every farmer in Donley County is eligible to participate in the 1953 ACP. Assistance provided under the program covers only about half of the out of pocket cost of the approved conservation practices.

Mr. and Mrs. J. G. McAnear visited with friends at Snyder thru the week end.

Farm Bureau Leaders To Meet Sept. 8th In Wellington

County Farm Bureau leaders from this area will gather in Wellington on Monday, Sept. 8 for a sub-district meeting. This is one of 24 such sessions being conducted throughout the State by the Texas Farm Bureau Federa-

Dr. J. W. Evans

Dentist and Orthodontist
Phone 285 - Clarendon, Texas

tion, it has been announced by J. Walter Hammond of Tye, Texas, president of the organization. In attendance will be Marvin Carter, Federation organization director, and O. R. Long, Field Representative, American Farm Bureau Federation. Stanley Garnett of Spearman, state director for this district, will preside. The all-day meeting will be held in the Community Center at Wellington beginning at 10:00 a. m.

In announcing the sub-district meeting President Hammond emphasized the importance of county leaders meeting with state officers and staff members to discuss current issues and policies vital to farm and ranch people.

Mr. Long will discuss the organization's program of work this year and the responsibilities of local leaders. Mr. Carter will present the enrollment plan which has been developed by the State organization and recommended to counties for use in their annual membership enrollment drive scheduled for the week of October 10-17.

The sub-district meetings have been planned to discuss four major things, Hammond said. (1) State and National issues pertaining to agriculture; (2) to have expression from local leaders; (3) how to raise money to finance state government; (4) plans for enrolling 75,000 members in 1952.

"There've Been Some Changes Made" At Wayland College

PLAINVIEW — When the students return to Wayland College for registration, Sept. 8, they can parody a popular song by singing, "There've Been Some Changes Made," when they see all the new features and all the refurbishing and renovating that has gone on in their absence from the campus. Aside from the \$60,000 that has gone into the new residence hall for young women, some \$10,000 has been spent on renovations and landscaping.

Agnes Mays Dormitory, which will house 34 young women and their counselor, is nearing completion at a cost of approximately \$50,000 for the building and \$10,000 for the furnishings.

Since spring, Matador Hall, the oldest residence hall for young women, has had a face lifting, which began by the rebuilding of the stairways in the parlor, refinishing floors, painting the woodwork and hanging new draperies. This summer six rooms have been repainted, three floors and all showers refinished. Three rooms have been given new furniture.

The President's Home has been painted and repaired and three staff cottages have been repainted and repaired and sidewalks have been laid for two of the houses on West 8th.

SAFETY INSPECTION IS YOUR PROTECTION

The Science Building has been repainted, a new chemistry office has been built and the lobby textured and painted. Three new classrooms have been added on third floor of Administration Building, replacing dormitory space. Two tennis courts were poured in the spring and backstops have now been completed and ground around them leveled. Landscaping is underway around C. C. Slaughter Memorial Center and much work done on the campus in general. The lawn around Agnes Mays Dormitory has been seeded.

All single trailers have been sold and the grounds where they stood have been cleared. Two old storage sheds, landmarks on the back campus, will be moved before school opens. A central warehouse area is being created on Utica street, with board fence enclosing machinery and materials which will not fit into warehouses.

In Administration Building, a new central telephone system is being set up with the latest Western Electric switchboard equipment.

The 1952 Senior Class donated a directory for Administration Building and this will be hung in the front lobby. Visitors and staff will have no difficulty in locating all employees when this is in place.

31 Years of Service IN THE CLEANING BUSINESS

Thirty-one Years is quite a long time - - - especially when you have followed the same line of business during that length of time - - - but on the other hand, it has been comparatively short when you take into consideration the enjoyment received in serving others with your chosen trade.

It has been a pleasure doing the Dry Cleaning work for many Clarendon and Donley County folks during that time. It has been quite a chore keeping up with the various new methods of handling clothes properly and knowing exactly what to use in order not to harm the various new fabrics that have been introduced during the past 31 years. We have always felt that our customers clothes deserved the proper attention that would give them longer wear and the best of appearance.

At the present time we have a cleaning process that we know exceeds any process we have ever used in the past. It makes us feel even more proud that we can offer our customers a service that will satisfy the most particular person.

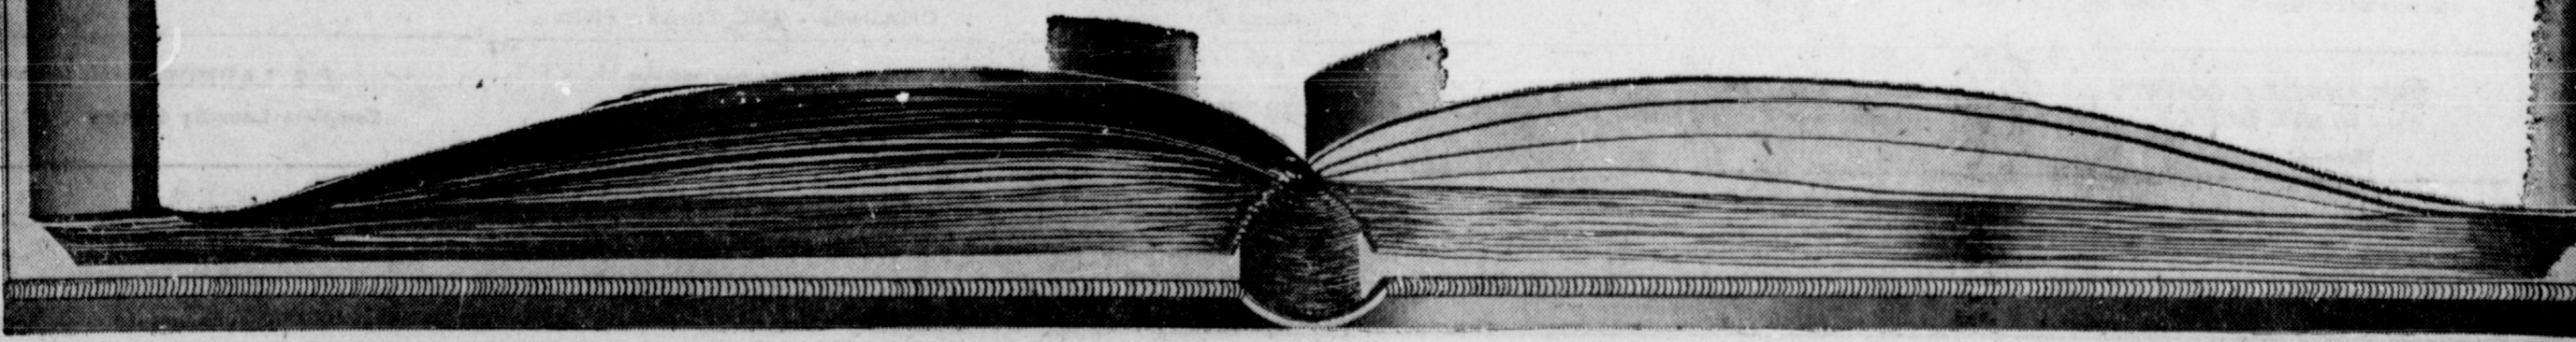

As we pass this milestone in business we wish to stop and thank our customers for the business that has made our modern plant what it is today - - - and pledge the continuance of a service that will always merit your consideration.

BLOWIN' Out the CORNERS

The Uncle Zeb

We wonder what has become of the flying saucers believers? It looks like they may have "Blow-ed".

According to Robert S. Allen, in his column Report From Washington, President Truman has

been offered one of those arm-chair positions when his job as president is ended next January. This one pays off to the tune of \$100,000.00 per year and carries no great responsibilities but is another one of those plays by big money for big names to carry on their advisory board. Anyway, this offer is reported to be from the Schenley Industries, Inc. If the name of this company is unfamiliar with you, try checking the ads of some of the magazines that are not particular what products they advertise. The President of this company is supposed to have been one of Mr. Truman's heaviest campaign contributors, giving the limit each time.

"Wine is a mocker, strong drink is raging; and whosoever is deceived thereby is not wise." Proverbs 20:1.

Read this somewhere: "Team-work is important; even a banana gets skinned when it leaves the bunch."

Had an interesting letter and some pictures this week from our Washburn friend. One of the pictures showed Uncle Bob as he appeared a few years ago before Judge Wilson's court in Amarillo. I sure hope that he was "On" the jury; not "Before" it. Another picture was taken in 1906; forty six years ago, as Uncle Bob was doing triangulation for

control of map work. "Triangulation", how if that ain't a four-bit word I'll pay for it. Anyhow, we were glad to get these interesting pictures and to hear from Uncle Bob again.

"A soft answer turneth away wrath; but grievous words stir up anger." Proverbs 15:1.

"How often we neglect a friend When living — but should death appear, The penitent heart is quick to send A wreath to lay upon his bier. —Bruner

The drunkard said in his heart: "I am a coward." He said, "I am

a weakling. I am self-conscious, I am afraid to meet my friends and the world as myself. I don't want my friends to know myself as the real me, so I will dope myself just a bit to fool them. I am a weakling and for that reason a little drink will give me courage for the moment. Afterwards in my loneliness I can suffer." Yes, under the influence of drink he may seem courageous; he may flev his muscles and act strong; he may speak loud and sound self confident. But, in his own heart the drunkard knows the truth; he is a coward, he is weak, he is afraid to face the present. Sometimes we can fool a few people, but we can not fool our own heart; nor the Power to which we

are responsible. Never despair of a child. The one you weep the most for at the mercy seat may fill your heart with the sweetest joys.—Cuyler

"All the ways of man are clean in his own eyes; but the Lord weigheth the spirits." Proverbs 16:2.

Support of a widely read newspaper, the Philadelphia North American, is credited with the successful inauguration of the Christmas Seal Sale in 1907 to finance the fight against tuberculosis.

Donley County Leader, \$2.50 year

Texas has only one state-operated tuberculosis hospital of permanent type construction, McKnight State Sanatorium near San Angelo. Two others were provided by conversion of surplus military installations following World War II.

STRONG HAND of the LAW

Society has placed in the hands of its honored judges and police officers the power on which we all must lean for protection and aid in the interest of security and peace and justice. Back of every man who represents law and order is the authority and the social idealism of the group as a whole. You and I and one hundred and forty million people speak in the voice of the Judge on the Bench; we walk with the Guardian of the Peace as he covers his beat along the city streets.

The Strong Hand of the Law is a symbol of justice, assuring every woman and every man that he has rights before the Law and that he will be heard; he cannot be deprived of property or freedom, or peace, without due process of law.

The Strong Hand of the Law assures society that it will be protected from vicious and lawless men, that our homes shall be our castles and that we may walk at large without fear of being molested. Life, liberty, and the pursuit of happiness are our heritage in a free country.

The Strong Hand of the Law comes to our aid when we have failed to live up to our American privileges. When we become a menace to others, the Law saves us from doing the harm for which we should always be sorry. When we have failed to correct and discipline our children and they have gotten out of control, the Law comes to assist us in checking their wrong-doing. Our Courts are increasingly concerned to help us make improvement, rather than to punish us when we go wrong. It was because of this that the Great Apostle insisted that the Powers That Be are ordained of God. The Strong Hand of the Law is assistant to the Divine Ruler in making a good world of men. Shall we not teach our children respect and honor for the Law? Shall we help them to revere rather than to be afraid of these helpers toward the common good?

YOU IN THE CHURCH
THE CHURCH IN YOU
Character is a by-product of the church. It is here that young and old alike are shepherded with benedictions that firmly and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statedman today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. There we with our children should go to the church of our choice on Sunday. You in the Church and the Church in you — form a combination for good.

To The People of The 18th District

By Cong. Walter Rogers

CANADIAN RIVER DAM:

The need of an ample water supply in the Panhandle of Texas has been established beyond any reasonable doubt. Any argument to the contrary would have little force in view of the drought from which we have suffered. This need has long been recognized by those who are familiar with all of the facts. It is good that some questioned the feasibility of such a project and required all necessary facts in justification of it. This procedure eliminates the possibility of a "pork barrel project." Certainly the Panhandle of

Texas is not interested in a "pork barrel project", and I do not believe the people of West Texas would even think of tolerating such. Although the progress has appeared slow on this project, it has been substantial. The bill as originally passed was an authorization for the construction of the project when funds were available. At the passage of this authorization commitments were made to the effect that appropriations would not be sought until the emergency was over. These commitments were made to senators who were objecting to the passage of the legislation and whose objections would have killed the measure and required the introduction of a new bill and the loss of all progress that had been made up to that date. Efforts are now being made to satisfy these senators that the project is necessary and seeking release from these commitments. All necessary legislation in addition to the

SITUATION:
The tragic disaster that has hit the cattle people is going to do great damage to our section. The Department of Agriculture advises me that there is no grain available for feed purposes for the reason that there is no oats, barley or sorghum stored in Texas by the Government. This certainly came as a surprise to me in view of the tremendous amount of feed raised in Texas. The Department advises that the facilities for storage are being used for wheat, which is of course too high for the farmer, rancher or feeders to use. The nearest available grain is corn stored in Kansas, which must be sold at 105 percent of the support price, plus a carrying charge. This means that the price would be several cents more than the same corn could be purchased on the open market. There is only one source of relief for the cattle people insofar as the Federal Government is concerned, and that is Public Law No. 375, having to do with the President's Emergency Fund. In order for these funds to be used a request must be made

of the President by the Governor of the state desiring such relief. If the request of the Governor is honored by the President and the particular area designated as a "disaster area", the funds from this source are earmarked for use in relief of such situation.

TAXES:

It is encouraging to note that many seeking public office or reelection are speaking favorably of the possibility of some tax relief. There was much ado in the last Congress about the various cuts in appropriations. The President now acknowledges that by reason of this economy wave, progress has been made toward a balanced budget. It is my considered opinion that a continuation of this economy wave, plus the closing of tax loopholes will result in a surplus in the 1953-54

fiscal year, and there is still a possibility that the 1952-53 fiscal year will not result in a deficit. If such is the case, we can of course get tax relief sooner than expected. I am glad to see the trend downward in government spending and hope that the speed of this trend will increase in the next Congress. The cuts made by the last Congress have proven that there are many services that the people can do without and not be missed. There are some services that can be abolished without undue interference to the public. If these can bring about early tax relief, certainly they should be abolished.

THE MEETING IN MOSCOW:

There has been much conjecture about the meeting between the Chinese Red high officials and the Kremlin. One observation

is that the tremendous build up of strength by the United States in Japan has convinced the world that further conduct of the war in Korea would be futile. Some feel that the meeting has brought to a head the suspected differences between the Red Chinese and the Russians as to the Russians' failure to carry out previous arms commitments. If such is the case, it could explain the Stalin called meeting of the party—the first since 1939—to set up a five-year plan to increase production.

Equipment to prevent and control fires is listed by the Board for Texas State Hospitals and Special Schools as a major need in state-operated hospitals.

For Sale, Bargain: Stainless Steel Teeth

Not many people know it, but Uncle Sam buys millions of dollars' worth of stainless steel teeth. Don't get upset. They're not the chewing kind. They're the jet plane kind.

You see, stainless steel teeth are blades that fit inside the engine walls of jet planes. The blades help to drive air into the firing chambers. There are more than 1,000 of these teeth in each engine, and up to a little while ago each one had to be forged—a slow, fussy, expensive method.

The problem was dumped in the lap of G-E specialists, and they solved it.

The result is that today we roll a continuous strip of stainless steel, cut the teeth to length, and weld them to a base. Works fine. The cash saving: 55%. Critical material saving: 39%.

There's an extra reason to be happy about this, since all of us taxpayers have to foot the bills. Millions of dollars will be saved by the military services in future blade production. And the how-to-do-it is being shared through the U.S. Air Force with other jet engine builders.

sister, Mrs. R. R. House. Mr. and Mrs. Bill Jordan came in from Colorado off their vacation Saturday night and visited with their parents, Mr. and Mrs. W. L. Jordan Sunday. Miss Della Wood visited Mrs. R. O. Reynolds Friday eve. Mr. and Mrs. Buck Roberts went to Stevenville Saturday morning to a family reunion of Mr. Roberts folks. Mrs. George Bulman Sr. was operated on Monday morning at Memphis. We hope for her a speedy recovery. Mrs. C. J. Talley visited in Amarillo last week with relatives. Mrs. Ray Robertson and family of Pampa visited with her parents, Mr. and Mrs. W. L. Jordan last week and attended the barbecue Friday night. There were 61 members of the Martin Baptist Church surprised Bro. Phillips Friday night with a birthday party. Various games were played until a late hour, then cake and ice cream were served. He received a beautiful plastic platform rocker and several other gifts. We wish him many more happy birthdays.

Mr. and Mrs. Earl Easterling and family visited Mr. and Mrs. W. H. Morrow Sunday eve. Mrs. J. H. Easterling met her daughter and husband, Mr. and Mrs. Roy Morrow and Linda Sue of Lubbock at Samnorwood Sunday. They were on a vacation. They were going to Ark. fishing and visiting her brothers Claud and Clyde Easterling. Miss Della Wood and Lonnie Wood went to Amarillo Saturday on business.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Water erosion has not been a problem so far this year for Donley County Soil Conservation District farmers. Many farmers no doubt wouldn't mind suffering a slight amount of water erosion if necessary to get some moisture. Wind erosion has been a different matter. In some parts of the District there was considerable damage by wind erosion last spring. Due to the prolonged drought of vegetative cover on our cultivated land has been greatly reduced. This will surely result in more severe wind erosion next spring unless precautionary measures are taken before then. Some of the things a farmer might do to help prevent his land from blowing next spring are as follows: 1. Seed winter cover crops on all land without sufficient resi-

dues to hold the soil next spring. 2. Leave ample residues on the land to protect the soil when feed crops are harvested. 3. Avoid grazing stalk fields to the extent that an adequate crop residue is not left on the land. 4. Deep plow sandy land provided a clod-forming subsoil can be brought to the surface to aid in preventing wind erosion. 5. Spread manure, cotton burrs, or other organic material on the land to hold the soil in place. 6. Chiselling is very effective on the heavier soils, but usually of little value on sandy land. It is the duty of each farmer for his own sake as well as for his neighbors and the countless generations to follow to make every effort to conserve the soil on his farm. A lie may not have legs to stand on, but it sure has wings to fly.

FOR ATHLETE'S FOOT USE A KERATOLYTIC BECAUSE— It SLOUGHS OFF the tainted outer skin to expose buried fungi and kills it on contact. Get this STRONG, keratolytic fungicide, T-4-L, at any drug store. If not pleased IN ONE HOUR, your 40c back. Now at Stocking's Drug Store Wilson's, Hedley

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

This week we have had some miscellaneous book donations, "Odds On Love," "Pathway to Paradise" by Maysie Greig, and "Dr. Parrish Resident". Also a copy of "Short Stories from the New Yorker" for 1940. "The Circus Baby" by Maud and Miska Petersham is a very delightful book for little people. We have made extensive search for simple books that are first grade level, but unfortunately have found very few. Mr. Alfred Estlack and Dana were desirous of pre primers at their recent visit to us, and gave us some cash to secure four or five if we can find them. Little people are always elated when they give a

DO THE JOB Right FROM THE BEGINNING with MOLINE-MONITOR FLUTED FEED DRILLS ... with single or double disc openers Progressive farmers in this area rely on Moline-Monitor drills with fluted feed and double disc or single disc openers to sow crops accurately, at uniform depth with uniform covering and careful handling. The deep-cut fluted feeds prevent bridging and grinding of seed. Even trashy seed flows through evenly. An exclusive MM feature permits the operator to actually see the seed being delivered to the spouts. No special gates of any kind are needed on the quality MM Monitor Drills. The regular feeds with two speed drive handle everything from soybeans to flax. Grain growers also prefer Moline-Monitor Drills because of their dependability and long-life, trouble-free operation. Typical of the better construction are the axle bearings which are extra large and completely enclosed in a self-aligning dustproof housing. Your friendly MM Dealer has complete information on MM Modern Machines, Visionlined Tractors, and Power Units. SEE US FOR COMPLETE FACTS ON MM MODERN MACHINES, VISIONLINED TRACTORS AND POWER UNITS

"Study needs Good Lighting!"

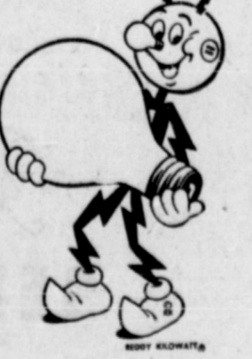

Good report cards start with a ... "Light Conditioned" Desk

Brighten your boy by brightening his books! Light Conditioning helps you do it—by giving him the kind of light that's proved best for studying.

A Light Conditioned study desk makes homework easier, less tiring, and students happier. With scientifically planned light, eyestrain is reduced to a minimum. And since it's easier to study, it's easier to learn. Homework is finished faster.

Now is the time to Light Condition your home. We will be glad to help you select the right kind of lamps and fixtures and the right size bulbs to use in them.

Better sight with better light! Protect young eyes with proper lighting. Always be ready with a spare.
