VOLUME XL

MUENSTER, COOKE COUNTY, TEXAS 76252

JULY 29, 1977

NUMBER 35 & 36

A welcome development in the Panama Canal give-away proposal is a joint statement of opposition from four former Chiefs of Naval Operations. Those men are Admirals Robert Carney, Arleigh Burke, George Anderson and Thomas Moorer, who held the nation's top Naval position from 1953 to 1969 and are highly qualified to judge the canal's value to the country.

It is hard to imagine how the issue ever reached its present prominence. In spite of detente and a long time national policy of going to extreme in appeasing the global communist conspiracy, the average citizen is stunned by the thought of this loss and the possible consequences.

Any school child knows that US bought and paid for the big ditch, and it's ours "in perpetuity" by terms of the 1903 treaty. Considering problems as deficit operation and frequent flare ups by revolutionaries, one can understand that certain liberals regard it as a liability... an item that we can well afford to give away in order to improve relations with Panama.

But there are other considerations on the other side of the issue. First of all one has to wonder why Panama wants to take over a big project that operates in the red. The only possible answer is its intention to accommodate the enemies of this country. In case of an emergency the canal would be closed to us and open to the communist countries.

Some promoters of the giveaway say US has outgrown the canal and ought to be planning a bigger one. Maybe so, but we'd better hold on to it until the other is built. Also some say it's better to be rid of it so we can quit worrying about it being destroyed by revolutionaries. That seems to miss the point. The important thing is who has control. Will we or the USSR determine what ships will pass through? If ours are denied passage the country will be very severely handicapped.

As stated by the four admirals, "Contrary to what we read about the declining strategic and economic value of the canal, the truth is that this interoceanic waterway is as important, if not more so, to the US than ever."

During World War II, the Korean War, the Cuban missile crisis and the Vietnam War "the value of the canal was forcefully emphasized by emergency transits of our naval units and massive logistic support of our armed forces."

In their opinion the canal is vital to our welfare and essential to free world security. Turning it over to the red dictator of Panama is equivalent to surrendering it to the USSR, and that is only a step in the eventual red conquest of the globe. Instead of cooperating in this horrible trend we ought to be going all out to stop it.

"The night of the animals" was one of several depressing descriptions given to the blackout and paralysis of New York City following its great power failure on July 12. The savage orgy of arson, looting and rioting was referred to as a reverse evolution in which criminals overthrew thousands of years of civilization and reverted to the lower level of creation.

It was an apt description, reminding us of the most primitive aspect of nature, in which predators pounce upon the victim that suddenly becomes defenseless.

Ravage is not prompted by need but rather by a wild urge to steal and destroy. They take what they want and leave the rest in shambles, or set fire to it. As pointed out by observers, it was raw violence completely devoid of common sense. Looters took things they could not use and which under the circumstance had little resale value. Rather it was a liability in that it was possible evidence to incriminate them. Still they stole and stole, referring to their opportunity as Christmas in July.

The consequence of all this is the great tragedy. There are endless cases of heart-break as store owners sud-

Final Rite Held for Sister Lutgardis, 81

Funeral service for Sister Mary Lutgardis Felderhoff, O.S.B., 81, of Holy Angels Convent, Jonesboro, Ark., was held Monday at 9 a.m. in the convent chapel with Father Paul, convent chaplain, celebrating the funeral mass and delivering the homily.

Con-celebrant was Father Robert Dienert, chaplain of St. Bernard's Hospital and acolytes were Bobby Hartman and Danny Walterscheid, great-nephews of the deceased. Sister Celestine was organist and Jonesboro Knights of Columbus were pallbearers. Burial was in Mount Olivet Cemetery on the convent grounds.

An earlier service was a rosary recited Sunday at 7:30 p.m. in the convent chapel. Sister Georgia Felderhoff, a niece, who prepared the special liturgy for the service, led in prayers of the faithful and narrated at the offertory procession.

Scriptural readings were by Sister Patricia, who made the profession of vows with Sister Lutgardis and Sister Cabrini, sub-prioress of the community.

Participants in the offertory procession were Vincent

City Gets \$1,122 Sales Tax Check

The city of Muenster during the past week received a check of \$1,122.08 from the office of State Comptroller Bob Bullock as rebate for city sales taxes collected here for the period ending July 1, 1977. The local check was one of 868 sent to Texas cities in the amount of \$23.6 million for city sales tax collections in July.

A summary sheet on the rebates shows that Muenster has received \$28,103.31 to date in the current fiscal year in sales tax payments for a 16 per cent increase over the corresponding period last year. Statewide the July checks raises the sales tax of all cities to \$190.7 million for the fiscal year. This he describes as a healthy 20.3 per cent increase for the entire state, a bigger percentage of increase than any other state.

"These rebates are just another sign of the strength of the Texas economy." A statement with the city's remittance check shows gross collection of \$1168.35. Deducting the 2 per cent collection fee of \$23.37 and amount retained of \$22.90 accounts for the net payment of \$1122.08.

Rebate checks to a number of other area cities were reported as follows. Gainesville \$29,170.49; Lindsay \$2,654.49; Nocona \$6,204.56; Pilot Point \$1,372.18; Sanger \$369.99; Whitesboro \$6,277.48.

More Entries Are Welcome in SH Golf Tournament

A special accommodation was announced this week by Coach Ed Stock for persons who wish to compete in the Lettermen's Club golf tournament but can't play on Sunday. They can play instead on Saturday the 13th and turn in their scores for the tourney. However, they will have to contact Coach Stock in advance and he will make up the foursome.

Also women are welcome. There will not be a division for them but they can enter their qualifying scores for assignment to their respective flights.

Swim-A-Thon for Child Center Will Be Held Monday

Monday, August 1, is the date set for the Beta Kappa Swim-A-Thon, a swimming meet sponsored by Muenster's ESA Chapter as a benefit for the Cooke County Child Development Center. Its slogan is "Have fun swimming for the handicapped."

The competition, which will start at 4 p.m. in the Muenster Swim Pool, will be for contestants from the fourth grade up in boys and girls divisions, which are further divided into four classes each.

Contestants will swim freestyle and first place winner in each of the eight categories will receive a \$25 savings bond. Also ribbons will be awarded to the first three places of each category and certificates to all contestants.

A special prize will be a \$50 savings bond to the participant collecting the most entry fee money.

The minimum fee for entry is \$2.00, which may be the total of contributions by more than one sponsor. However contestants are encouraged to ask for more and larger donations in order to raise the biggest possible fund for the Child Development Center. Donors are reminded that their contributions are tax deductible.

Entry forms, if mailed, must be sent early enough for delivery no later than July 29, or they can be delivered in person at the park pavilion at 5 p.m., July 29. Forms must be accompanied by entry money and, in case of minors, must be signed by a parent or guardian.

Council to Have Hearing on Budget

Members of the Muenster City Council in their regular meeting next Monday night will conduct a hearing on their budget for the next fiscal year, which begins on October 1.

Citizens who are interested in hearing about the source of funds for the city's operation as well as the manner of using taxpayer money are invited to attend the meeting.

CCC Receives Grant for Library

Congressman Omar Burelson has advised that an Office of Education library resources grant has been awarded to Cooke County College.

The grant is in the amount of \$3,855 and is to be used to acquire academic library material such as books, periodicals, magnetic tapes, phonograph records, audio visual materials and other related library material.

Mercury Tops 100

Moisture at Muenster has improved slightly during the past week, but not the temperature. Two showers added to 1.89 inch and the official thermometer reading topped a hundred three times.

The rain on July 21 was the first of the month and measured 1.10 inch. And on July 26 the measure was .79 inch. Those figures added to the previous total of 20.10 accounts for the reading of 21.99, which is near normal for the year to date.

Temperature, which was confined to the high nineties for most of the month finally broke through the 100 mark on Sunday and repeated the next two days. Steve Moster's high-low thermometer showed 104 and 76 on July 24, 102 and 79 on the 25th, and 104 and 74 on the 26th.

Convention Awards 9 Merit Citations To VFW Auxiliary

The Muenster VFW Auxiliary added laurels to its record of accomplishments during '76 and '77 when the organization received nine citations at the state convention in Houston. The handsome citations were shown to members during the July 10 meeting Monday night.

Statewide recognition was given for participation in the Americanism program, Loyalty Day, the annual Voice of Democracy program, in appreciation for assistance given to the Veterans of Foreign Wars National Home, for membership, for 100% participation in the programs of the Department of Texas requirements and in recognition and praise of outstanding contributions to public safety through sponsorship and promotion of two CFW Safety programs.

During the business meeting newly elected officers assumed their duties. Mrs. Linda Knabe presided. She announced the District I convention in Denton on August 6 and 7.

An added highlight was presentation of trophies to coaches and sponsors of girls' baseball. The five trophies for champs and sportsmanship were provided by the Auxiliary.

A social hour followed adjournment. Refreshments were served to 19 members present. Mrs. Marie Walter won the door prize.

Creighton Gets High YAF Rating

Senator Tom Creighton of Mineral Wells, who represents the local senatorial district in the state legislature, has been named by the Texas organization of Young Americans for Freedom to head the list of the four best senators of the state.

The selection has special significance because of the contrast with a recent item in Texas Monthly listing Creighton among the worst senators.

YAF officials said its ratings were based on how well the legislators promoted limited government and individual freedom.

Progress Seen in Building Program at Public School

The extensive improvement program at Muenster Public School is in full swing with activity under way in several phases of the comprehensive program.

Superintendent L. B. Bruns said this week that inside remodeling of the elementary building should be finished Friday making it ready for use when students report for their first classes on August 25.

Remaining work there is outside brick work, which is not regarded as urgent because it can be done with students inside, if necessary. The brick will match the original school building as well as the kindergarten building.

Next job on schedule is the kindergarten building with Christmas as the target date. Until it is finished the kindergarten classes will continue on half day schedules and in their former classroom. After that the two divisions of kindergarten will have separate classrooms and follow a full day schedule.

Contractor for both the remodeling job and the new construction is Jack Owens of Gainesville, and his superintendent is Henry Kuhn of Lindsay.

Meanwhile paper work is in progress preparing specifications on which to invite bids for the renovation of roof and exterior of the original building. Other specifications are in the making for enclosing a patio next to the home-making department to enlarge that area.

Still more specifications apply to a comprehensive program of playground improvement. Expansion of the ground has already been accomplished by purchase of 9.9 acres of land north of the eastern part of the school ground. The enlarged area is to undergo an

extensive earth moving program to provide drainage and shape up for a number of athletic facilities and adjoining parking space. Surveying work now in progress will provide specifications on which to invite bids for shaping the ground.

Included in the plans is relocation of the football field to the east end of the school ground and encircling it with an all weather track, then moving the two present grandstands to one side of the field and building new stands at the other. Related facilities will be a parking lot and rest rooms between the football field and Seventh Street.

With that finished the present football field will become a playground and/or practice field. Plans also call for a baseball field and additional tennis courts, and possibly also a soccer field. Considering the growing popularity of soccer, trustees decided to have the space available, just in case.

All of these improvements are included in the school's \$490,000 expansion program, and the aim is to have enough money left for construction of an administration building.

Meanwhile the board is preparing for eventual construction of a new gymnasium and field house near the football field. Though it cannot be included in the present program the ground plan will provide a place for it.

On Space Shuttle Job

Joseph Bright a son of Mr. and Mrs. David Bright and a graduate of Virginia Military Institute has been employed by Martin-Marietta Industries in New Orleans, La. His assignment is in stress analysis on parts used on the space shuttle which Martin-Marietta is building. Bright began work there on July 13.

Lawrence Moster, 58 Dies, Funeral Friday

Lawrence H. Moster, 58, died Tuesday, July 26, at 4 p.m. in Muenster Memorial Hospital after an extended illness.

Rosary for him will be recited at 4 and 8 p.m. Thursday in the chapel of Nick Miller Funeral Home, and funeral service will be held at 9 a.m. Friday in Sacred Heart Church. Burial in Sacred Heart Cemetery will be directed by the Miller Funeral Home and military service will be conducted by the Muenster VFW Post.

Lawrence Moster was a native of Lindsay, born August 16, 1918, a son of Mr. and Mrs. Ed Moster. He was married on August 12, 1946, in Lind-

say, to Violet Faye Paine of Saint Jo, who died on July 28, 1970.

Moster was a veteran of World War II assigned to General George Patton's Fourth Armored Division and serving in France, Czechoslovakia, Luxembourg, Belgium and Germany. He was awarded five battle stars. Back at home he was engaged mostly in farming and oil field work.

Survivors are three daughters: Rhonda Moster, Mrs. David Reiter and Mrs. Gary Gieb, all of Muenster; five sons: Michael, Mark and Robert of Muenster, Wayne of Saint Jo and Ronnie of Bridge City; seven grandchildren; his mother, Mrs. Ed Moster of Lindsay, and four sisters: Hilda Moster of Gainesville, Mrs. Agatha Hellinger and Mrs. Bob Brewer of Lindsay, and Mrs. Dorothy Wiesman of Kermit.

Football Physicals Set for Saturday

Required physical examinations to determine whether boys are in adequate condition for football will be given Saturday, July 30 at 7 a.m. for the Muenster, Sacred Heart and Saint Jo teams.

Arrangements have been made to meet with local doctors in the Muenster High School gym. Boys of all three schools are expected to report there.

Hospital Notes

The following patients were dismissed during the past two weeks at Muenster Memorial Hospital.

Tuesday, July 12: Don Fleitman, Muenster; Jones baby boy and Mrs. Ralph Sidener, Gainesville.

Wednesday, July 13: Mrs. Jerry Jones and Mrs. Tollie Lovell, Gainesville; Mrs. David Ortega, Valley View.

Thursday, July 14: Mrs. John R. Hoberer and baby girl, Lindsay; Mrs. Josafat Rico and baby boy, Valley View; Blake Scott, Forestburg.

Friday, July 15: John Schneider, Mrs. John Otto and Lynda Klement, Muenster; Tamar Boggs (Exp.), Myra; Mrs. Mike Blake and baby boy, Gainesville; Edsel McLaughlin, Saint Jo.

Sunday, July 17: Kevin Fanning, Muenster; Mrs. David Ortega and baby girl and Joe W. Barthold, Valley View.

Monday, July 18: R. N. Fette, Muenster; John Zimmerman, Gainesville; Mrs. Gideon Prather and Mrs. Norbert Flusche, Saint Jo; Mrs. John Hudgins and baby boy, Nocona.

Wednesday, July 20: Mrs. James Bruce and baby boy, Gainesville.

Thursday, July 21: Mrs. Willie Fisher, Mrs. Chris Cain and baby boy and Mrs. Roy Ponder, Muenster; Greg Peters, Los Gatos, Calif.; Abel Joe, Baltimore, Md.; Rithie Evans and Marvin Yoakum, Saint Jo; Mrs. Mattie Russell, Mrs. David Scott and Mrs. Walter Lee, Gainesville.

Friday, July 22: Deano Bayer, Donald Smith and Bobby Hartman, Muenster; Micky Landers, Forestburg.

Saturday, July 23: Charlotte Fleitman, Muenster, George Maughan, Forestburg; Mrs. Robert Rohmer and baby girl, Gainesville.

Sunday, July 24: Mrs. Ed Schneider, Muenster.

Monday, July 25: Mrs. Floyd Young, Muenster; Mrs. Wayne Pinkston, Thackerville, Okla.; Mrs. Velma Wenken, Gainesville; Mrs. Mark Tompkins, Keller; Mrs. John Henson, Gainesville.

City Gets \$4592 Revenue Sharing

The City of Muenster this week received another Revenue Sharing check from the Federal Treasury in the amount of \$4592. This is the second payment and another is expected in the current fiscal period, which ends on September 30.

Payments are scheduled in three quarters this year to harmonize with the city's fiscal year. However total receipt is about the same because the last payment of '76 was counted with the city's present fiscal year.

County Increases Valuations 50%

Ad valorem taxpayers of Cooke County received official notice last week from the county clerk's office that the Commissioners Court has voted to raise assessments of property from 20 to 30 per cent of actual value.

This amounts to a 50 per cent increase. For instance property worth \$10,000, formerly assessed at \$2,000 is now assessed at \$3,000. However the tax rate, now \$1.05, has not been set, so the actual tax on the property still is not determined.

County Clerk Scoggin also advises that the county commissioners sitting as a board of equalization will conduct hearings on August 3, 4 and 5, 9 a.m. to 4 p.m. to consider a jury evidence relative to equalization of values for 1977. Especially concerned are people who have rendered property at different values than established in 1976 or owners of new property as of Jan. 1, 1977.

Schedule for the hearings has been set up as follows. Last names beginning A to I on Aug. 3, beginning with J to R on Aug. 4, and beginning with S to Z on Aug. 5.

Energy Efficient Booklet Offered By Electric Co-op

The Member Service Department of Cooke County Electric Cooperative has a 16 page illustrated booklet of energy saving ideas and instructions on how to save energy and money with an energy efficient home.

The booklet will be of significant benefit to the person who is planning to weatherize, remodel or build a new home. It should be used in the initial planning in order to receive maximum benefits from its contents.

In addition to the basic information on wall and ceiling insulation, energy saving methods are discussed and illustrated on floors, windows, fireplace, hot water heaters, shower heads, cooling and heating systems, ductwork, landscaping, color shading, ventilation, lighting, humidifiers, doors and appliances.

The booklet is available to members without charge and may be obtained at the Cooperative's office in Muenster, Texas.

The following conservation books are also available: 1. "How to Conserve Energy at Home" 2. "Energy Conservation Tips" 3. "How to Cut the Cost of Cooling Your Home" 4. "How to Cut the Cost of Heating Your Home" 5. A checklist that can cut the cost of electric bills.

This material is offered in the hope that it will reduce energy consumption with a corresponding reduction in heating and cooling bills. As the cost of energy fuel continues to rise, it behooves all to make homes as energy efficient as possible... for energy conservation is a family affair.

A veteran plumber was trying to convince some vocational education students that plumbing in the old days was a lot tougher than it is today. "You boys think you work hard?" he jeered. "When I first started in this business they let us lay two lengths of pipe, and then they turned on the water. We had to keep ahead of it."

Nearly everybody thinks of sin in terms of what other people are doing.

Forestburg News

By Myrt Denham

How many times have you heard someone say (especially us youngsters that were

born before 1900 thru the early 1930's) that they wished for the good "ole" days or that "things" just aren't like they were in the good "ole days". None of us really want to return to coal oil lamps, wood, cook stoves, a wash tub and rub boards, nor would we want to give up our TV's or any of other modern day conveniences either. What we are really talking about is the fellowship of those days and the love, interest, concern and the truly caring for our fellowman and neighbors. People then had time for each other — or took time. Somewhere thru the past years this all got lost in the shuffle and it will never return again and it leaves our age group with the knowledge we have let something very precious get away from us, our children and grandchildren.

Mr. and Mrs. T. W. Smith attended the Denver Community reunion activities in Bowie Sunday, July 3. They report that next year the reunion is to be held in the Denver Community.

Fess Reynolds, son of Oscar Reynolds, and Fess' grandson stopped by to visit with Mr. and Mrs. Jimmy Jo Reynolds Sunday July 3. Fess and his grandson reside in California — he is an animal trainer there and trained all the animals used in the movie "Swiss Family Robinson". Fess has been in several movies himself.

Mr. and Mrs. Larry Carter and family of Bowie and Mr. and Mrs. Gary Carter of San Antonio were visitors in the Howard Sledge home Sat. July 2. Larry and Gary are sons of Mrs. Howard Sledge.

Mr. and Mrs. Kenneth Rich and family of San Antonio

20% Gain Reported By First Savings During Past Year

J. A. Falsona, chief executive officer of First Savings and Loan Association of Bowie, with branches in Gainesville, Azle and Weatherford, announces that the association showed a 20% growth for the twelve month period ending June 30, 1977.

According to a comparative report released by First Savings and Loan on June 30, the total assets as of June 30 last year were \$33,944,167.18 as compared with an increase to \$40,604,609.48.

On June 30, 1976 deposits and certificates amounted to \$30,533,639.52 while First Savings and Loan had \$31,717,452.91 outstanding in mortgages and other loans. As of June 30 of this year, \$36,792,604.06 in savings and certificates were on deposit with First Savings whereas at this time the institution has \$35,700,238.28 invested in mortgages and other loans.

It takes hundreds of nuts to hold an automobile together, but only one to jolt it apart.

were visitors in the Willie Kirkendall home the weekend of July 3. Kenneth is their grandson and the son of Lois Kuykendall Rick.

Mr. and Mrs. Donald Magee of Anniston, Alabama, visited the V. G. and Buford Greenwood families Wed. p.m., July 6. Donald is the son of Mrs. Wanda Greenwood Magee of Lawton, Okla.

Mrs. Millie Moler — who resides in Arkansas — visited with her father Jim Landers the week of July 4.

Mr. and Mrs. David Brewer and girls of Sanger visited with his mother Frances Brewer, Thurs., July 7.

Mr. and Mrs. Gene Lanier and family spent the week of July 4 vacationing at their place in Colorado. Janice didn't go — said she doesn't like Colorado and all its mountains.

Mr. and Mrs. Charlie Meyer have really been busy this far this spring and summer with all their rabbit raising and berry picking. They must have had an abundant supply for all the folks they seemed to have kept happy with both.

There sure is a lot of free fish bait available all over the Forestburg area if you are agile and fast enough to catch it. Grasshoppers have invaded us in swarms. I hear they are eating the bark from the trees. Gladys Barclay reports they ate all their peaches — just left the naked seed hanging on the trees. She says it is a funny sight to behold.

On Fri., July 1, Perryman and I visited with Mr. and Mrs. Roy Goodman of Bowie. She is the former Mabel Slade Sills. Mabel says that son Don lives and works in Dumas, Texas and is still single. Daughter Janet is married, has three children and lives in Irving. This will interest many of you folks in the burg.

**Choking on Food Is Fatal to
39,000 Americans Yearly**

Choking on food causes more accidental deaths in the United States each year than are caused by airplane crashes or firearms. In fact, according to the Texas Department of Health Resources, choking is the sixth most common cause of accidental death.

Health officials say that at least 3,900 Americans die each year because food gets stuck in their throats. The actual number may be considerably higher, however, since the cause of death may be incorrectly identified. It was just been in recent years that health authorities discovered that many so-called heart attack victims actually were victims of choking. Incorrect identification of choking victims is especially tragic since the proper treatment must be given immediately.

There are three things you need to know about choking: what causes it, how to recognize it, and what to do about it. In spite of the high death toll in the past, choking can be easily prevented, and treatment for choking victims can be administered by almost anyone — including the victim, if he just knows what to do.

Choking occurs when a piece of food lodges in the windpipe, blocking off a small valve at the base of the throat. The valve controls the flow of air to and from the lungs; ordinarily, the valve opens only when a person inhales or exhales, and it closes when food is being swallowed. If a piece of food lodges against the valve, the victim can't breathe.

Obviously, the best way to prevent choking is to chew all food so thoroughly that no large pieces of solid matter are swallowed. As might be expected, the most frequent victims of choking are children; elderly people, especially those with poor-fitting dentures; and people who are drinking, laughing or talking while they are eating.

It is particularly important not to confuse a choking victim. In both cases, the victim may gasp with apparent pain and double over; also, many heart attack victims do experience difficulty in breathing. The most important difference is that the choking victim can't breathe at all, and therefore cannot speak. Heart attack victims ordinarily remain conscious and can speak, although with some difficulty. Choking victims can't speak and often lose consciousness in as little as two or three minutes. Death is almost certain to follow in as little as four minutes unless prompt appropriate treatment is given.

There is one technique for treating victims of choking that has been shown to be almost fool-proof. It's called the "Heimlich Maneuver," after its inventor, Dr. Henry J. Heimlich of Cincinnati. Dr. Heimlich found that there is ordinarily a reserve of air in the lungs that can be used to expel the dislodged food particle from the throat.

Using the Heimlich Maneuver is relatively simple. If the victim is standing or sitting, stand behind the vic-

tim and put your arms around his or her waist, a couple of inches above the belt line. Grasp your hands, just below the victim's rib cage. Squeeze sharply with an upward motion. This compresses the victim's diaphragm, forcing air out of the lungs. The maneuver can be repeated, if necessary, until the piece of food pops out of the victim's mouth. Recovery is almost immediately, although medical attention is recommended in case there are complications.

If the victim has fallen to the floor, or if for some other reason the standard maneuver can't be performed, anything that provides a sharp blow just below the diaphragm, will force residual air from the lungs. It's important to understand that a great deal of force is not necessary, and could result in unnecessary internal damage.

Does this technique work? According to health authorities, the Heimlich Maneuver has saved hundreds of choking victims from almost certain death, and has never resulted in serious injury. The technique has been endorsed by the American Medical Association and is being taught to emergency medical personnel, and in first aid courses, all over the country.

The Texas Department of Health Resources also endorses the Heimlich Maneuver as a life-saving technique, and encourages you to learn and to practice this technique. You never know when it could mean the difference between life and death for someone in your family.

**Surprise Observes
Leonard Yostens'
35th Anniversary**

A surprise party hosted by their children honored Mr. and Mrs. Leonard Yosten Saturday evening in observance of their 35th wedding anniversary.

The Yostens were married on July 25, 1942. She is the former Frances Wiesman, daughter of Henry Wiesman and the late Mrs. Wiesman. His parents are Mrs. Aggie Yosten and the late Bob Yosten.

Their children are David Yosten of Plano, John K. Yosten of Muenster, Mrs. Susie Bullion of Austin, Diane Yosten of Dallas and Debbie Yosten of Austin.

The anniversary party was held in the home of Mr. and Mrs. Tony Koessler on Saturday, the 23rd to enable most of the family to attend. Included were Mr. and Mrs. David Yosten and family, Mrs. Susie Bullion, Diane Yosten and Mr. and Mrs. John Yosten. Debbie Yosten was unable to attend but visited her parents a week earlier.

Other guests were Henry Wiesman, Mrs. Aggie Yosten, Mr. and Mrs. Henry Yosten, Mr. and Mrs. Buddy Yosten, and Mr. and Mrs. Rick Stewart.

The party included dinner, gifts and an anniversary cake specially decorated to include miniatures of children and grandchildren.

Vacation in Arkansas

Mr. and Mrs. Joe Bedolla of McKinney, accompanied by her mother and sister Mrs. George Gehrig and Monica Gehrig, spent a six day vacation in Arkansas recently. They went sightseeing in the Ozarks for several days, spent three days at Bella Vista, a beautiful tourist area, took scenic drives, went canoeing, hiking and swimming, and one evening joined a big cook-out at the mountain base at Bella Vista. In Rogers, Arkansas they toured the Daisy Manufacturing Co., in its only location in the U. S. During the guided tour they were told that the company employed 600 people and that the plant is in operation around the clock. The guide said that ten thousand air-ribs and 55 million BBs are constructed each day. Also of interest in the area was the large crop of ripening apples. The group returned to Texas on July 20.

Frank Kathman of Gainesville accompanied Mr. and Mrs. Paul Fisher Tuesday to attend the funeral of their cousin, Pat Ellis in Nocona.

The engagement and wedding plans of Miss Kenya Hale and Bobby Endres have been announced by her parents, Mr. and Mrs. Kenneth Hale of Muenster. Parents of the prospective groom are Mr. and Mrs. Donald Endres, also of Muenster.

The couple will be married in Sacred Heart Church on Saturday, August 27 at 5 p.m.

Both are graduates of Muenster High School. The bride-elect is a dental assistant in Dr. Gerald Graham's office and the future groom is employed by Felderhoff Brothers.

The couple will reside in Muenster.

— Photo by Mathews Photography

Saturday July 23 Vera Mae McGee's family met at Huds-peth Beach in Bowie for a family outing — picnicking, swimming, boating, riding and visiting was enjoyed by all there. Chris McGee's children of Midway are spending the week of July 25 with their grandmother Vera Mae.

Forestburg News

By Myrt Denham

These extremely hot dry days we have been having might sorta put alot of us to thinking about our future days. They could just be a taste of what is in store for the majority of us when we pass "over the river" into eternity.

Mr. and Mrs. Tony Vann and Toby have moved to the Dewey community from Montague. They are living in the Buddy Boyd house on the Sunset Highway. Mrs. Vann is the former Dawna Boyd — daughter of Mrs. Eula Belle Boyd. Might add that Lisa Boyd and her mother Marge have moved to Bowie.

Mr. and Mrs. Wayne Pomykall and sons and Mrs. Kay Schitoskey of Lewisville spent the weekend of July 8-10 visiting the Howard Sockwells.

The Forestburg community center was the scene of the late Columbus and Janie Perryman family re-union on Sunday, July 10th. Six out of the seven surviving children were present. Four generations were represented — amongst the 71 folks present. All of Grant Perryman's children were there — Conner, Dolly and Fred. Others present were Ola Faye Thurman, Valley Buck and Bailey and Edna Orrell. These four folks are cousins to some of the Perrymans. Many came from various points in Texas to enjoy the day with their relatives and a wonderful day was enjoyed by all.

Mr. and Mrs. Tolbert Fanning of Abilene spent some time recently at their place out at Stoney Point.

Marion Sockwell and Vera Mae McGee celebrated their

birthdays this month. Marion on the 13th and Vera Mae on the 14th. Think that Marion is beginning to want to forget these birthdays — especially the years they are adding up too. Seems her birthday cakes are getting so they can't hold the candles anymore. Perhaps the cakes are just getting smaller every year.

Mr. and Mrs. A. F. Dodson of Fort Worth spent the day of Wednesday July 13th with us Denhams. The Dodsons are friends of ours from our Air Force Days. We first met them in Biloxi, Miss., in 1950.

Mr. and Mrs. Clifford Hudspeth honored their daughter-in-law Linda with a birthday dinner in their home on Sunday, July 17. Other guests were Linda's husband Dale and her parents Mr. and Mrs. "Cotton" White of Bowie.

Vatoni Dill returned recently from a 18 day vacation in Las Angeles, Calif. She was the guest of her aunt Mrs. Guy Gates. We asked Vatoni if she would like to live out there — her reply was NO — too many people and too many cars.

Mr. and Mrs. Tipton Reynolds of Arlington have been spending alot of time recently on their "spread" over in Dewey and Jones Valley. They would like to move up here — if they can locate a house to move into.

ReX Anderson's mother Addie of Burkburnett and his sister from Loving, New Mexico, spent several days visiting him last week.

Mrs. Margaret O'Brien and sons of Wichita Falls and Kip Woods visited in the Clifford Hudspeth home from July 17 to the 21st.

Mrs. Betty Reynolds and yours truly spent Thursday, July 21 in Gainesville. When we returned home that p.m. Perryman's and Bennetts monetary value was considerably less to say the least. However, Betty and I are certainly better "shod" also.

Mrs. Dama Crump of Ponca City, Okla., visited with her grandparents Mr. and Mrs. Odus Cook Fri., July 22. We assume she also visited her father Casey Jones. Speaking of Casey — he and brother Ben had themselves a nice vacation up around Pagosa Springs, Colorado, recently.

Matt Hill of Bowie and Darryn McGee of Midway spent the week of July 18 visiting their grandmother Vera Mae McGee.

Oscar Reynolds of Crain, Texas, visited with his brothers J. J. Reynolds and Bennett Sat., July 23. Oscar was accompanied to Forestburg by his niece and family — Mr. and Mrs. Jerry Roberts and girls of Fort Worth.

Mr. and Mrs. Ted Jackson had themselves a nice vacation the first part of July. They visited Mr. and Mrs. O. E. Ryan of Higdon, Arkansas from July 5 to July 8. While there they took in the Blanchard Caverns in the Ozarks. On Sat., July 9, they headed for Lake Bridgeport where they were met by Mr. and Mrs. J. T. McCandless and Todd of Matador. Also joining in on the weekend were Mr. and Mrs. J.C. Dill and Mr. and Mrs. Charles Dill and son of Forestburg. Ted and Laura Belle made it home Monday, July 11.

Arthur G. Barclay — or Charlie as we all know him — will celebrate his three-score birthday Sat. July 30. Last Sunday July 24 Charlie and wife Gladys along with granddaughter Jennifer Barclay of Saint Jo attended the Kuykendall family reunion at Meyers Park in Bowie.

On Friday, July 22, Perryman and I visited our friends Mabel and Ray Goodman of Bowie and we accompanied them to Wichita Falls for the evening.

Mrs. Raymold Volkman of Fort Worth visited Mrs. May DeGraffenreid Sunday, July 24. On Monday the 25th, Wynona Montgomery of Greenwood was May's visitor and the two spent part of the day in Gainesville.

In some arid regions of the west, the chipmunk has learned to do without water for months at a time. It extracts moisture from succulent green plants and from the starch of seeds.

THANKS

To Whom It May Concern:
 I am no longer affiliated with Hillcrest Manor Nursing Home in Muenster. After thirteen beautiful fulfilling years, I bring to a close another chapter of my life. However, when God closes one door He opens another. The association with our senior citizens has enriched my life and brought many, many blessings. Thank you, one and all for your courteous help and cooperation during the years.

Sincerely,
 Eula Cain
 Administratrix No. 424

I would like to thank everyone for flowers, gifts, cards and visits while I was in the hospital. A special "thank you" to the nurses, Dr. Kralieck, Father Placidus and Father Stephen for their care and attention.

YOU CAN BANK ON IT!

Sometimes it only takes a little to stir up a major controversy. Right now one such controversy concerns about as little as possible since the center of attention is worth only one cent. In fact, the center of attention is one cent . . . more exactly a penny. Copper pennies.

The US Mint puts about 10 billion new pennies in circulation each year. Therein lies the problem. Primarily for two reasons; one, they cost as much to make as they're worth and at the present rate they'll cost twice as much within 15 years and two, they seem to keep disappearing. Fifteen years ago only about five out of every one hundred pennies disappeared . . . now 65 out of every 100 vanish.

Researchers speculate the penny is becoming invisible simply because it is no longer worth keeping up with. Therefore, the tops of dressers, bottoms of drawers and children's piggy banks are gathering some 650-million dollars a year in copper dust.

Dyann Vogel Is Birthday Honoree

Dyann Vogel's 5th birthday was observed Sunday evening, July 24 when her parents, Mr. and Mrs. David Vogel entertained at their home with a hamburger cook-out.

Guests were her grandparents, Mr. and Mrs. Lawrence Vogel of Muenster and Mr. and Mrs. Bill Lubbers of Southmayd. Also Mr. and Mrs. Marvin Tischler and Carolyn and Joyce, Larry Lubbers and Pat Lubbers all of Southmayd and Ken Cardwell of Garland, also Lu Vogel, Al Vogel, Mr. and Mrs. Ivan Koelzer, Karla Vogel and Gene Vogel and the honoree's sister, Laura.

There was a shower of gifts for Dyann, and a cake decorated in the clown theme was served with ice cream for dessert.

Dynamite was invented by Alfred Nobel, the man who established the Nobel Peace Prize.

Grass Management Pays

"With continued increases in cost to the farmer and rancher the proper use of our grass becomes increasingly necessary," says Ronnie Herring of the Soil Conservation Service.

"In defining proper use we say it is the grazing at such a rate that will maintain enough

cover to protect the soil and maintain or improve the quality and quantity of desired plants on rangeland, grazable woodland and grazed wildlife land," said Herring.

"To achieve this proper grazing use of our land the number of livestock should be adjusted to the amount of grass produced. Then the grass should be grazed so that continued maximum plant growth is permitted. Range plants make maximum growth only when sufficient height is left to maintain plant vigor, hold rainfall, prevent runoff and erosion.

A simple guide to determine how much to graze is "Take Half and Leave Half." By this we mean take approximately one-half or less by weight of the annual growth of the most desired plants in the area preferred by livestock or wildlife that may become overgrazed before other areas in the pasture do. This will insure continued maximum growth of

Now Congress is considering bills to create a new consumer agency, designed to watchdog the watch dogs, and preliminary estimates are that it will cost \$60 million for the first three years. This idea may be one of the most wasteful that has been proposed in years!

Bass Baptism

Dana Marie Bass, infant daughter of Mr. and Mrs. Paul R. Bass of Garland was baptized in Sacred Heart Church Sunday, July 17, at 2 p.m. Father Placidus Eckart officiated.

Her godparents were an aunt, Mrs. Karl Browning of Carrollton and Cary Weiert of Denver, Colorado. Joe Hoenig, who was the baptismal sponsor of the baby's mother, acted as proxy.

Dana carries the name Marie as do all members of the last three maternal generations. She wore the same christening gown and slip as her mother wore at her baptism. It was handmade and embroidered by her maternal grandmother, Mrs. Theo Vogel. The baby was wrapped in a white lace blanket used by her cousin Michael Adair.

An afternoon christening party was held in the home of Mr. and Mrs. Theo Vogel and also was a belated birthday observance for the baby's father, Paul Bass. Others attending were an aunt, Mrs. Dale Adair (Patsy) and a cousin Mike Adair and Karl Browning of Carrollton, who joined the family for cake and home made ice cream.

Attend Birthday Event in Dallas

Paul Phillips, son of Mr. and Mrs. Dan Phillips of Dallas and grandson of Mr. and Mrs. Al Yosten was honored on his 6th birthday when his parents entertained with an all day event at their home Sunday.

Attending were the Al Yostens of Muenster, Mr. and Mrs. Homer Savage of Garland, Mr. and Mrs. Justin Jezek, accompanied by Wendy Huneycutt all of Celina, Mr. and Mrs. Bobby Yosten and children Codi and Terri of Euless and Paul's brother, Terry.

A noon dinner was followed by an afternoon birthday party for the children. The birthday cake was decorated in a baseball theme.

Even a rich nation like the U.S.A. has a limit to the amount it can spend.

Jerome Pagel and Rody Klement, Muenster

In view of the tremendous number of opportunities for making mistakes, even the worst of us do well.

Four-fifths of Greenland, the world's largest island, lies buried under an icecap that averages 1,000 feet in depth.

When a boy starts sowing his wild oats, it may be too late to start the thrashing machine.

Sign on an out-of-town church bulletin board: "seven days without prayer makes one weak."

Business prophets attempt to tell us what will happen. Business profits tell us what did happen.

Note to the college graduate: The world is all wet; don't burn up all your energy trying to set it on fire.

Robert Gremminger Named 2nd Year Who's Who Student

Robert Gremminger, a son of Mr. and Mrs. Ted H. Gremminger of Denver, and grandson of Mr. and Mrs. Victor Hartman and Ted Gremminger, Sr. of Muenster, has compiled an outstanding list of accomplishments and record of work during his high school years.

He graduated from John F. Kennedy High School of Denver, Colorado, in June, ranking 32nd in a class of 468 and was on the Honor Roll throughout four years with a grade point average of 3.75. He has recently been notified that for the second consecutive year he was selected for the "Who's Who Among High School Students" award. Chosen by his classmates to be a member of the Prom Royalty, Robert Gremminger was also named as "best personality" in his class.

In addition to maintaining an excellent scholastic record, he was captain of the John F. Kennedy baseball team. Among many honors he received for exceptional ability and performance were: All American selection, All City selection, and membership on the Denver All Star Team which played in the Denver Bears Stadium. He received an engraved plaque for being leading pitcher in the Denver Public School League.

The Denver Post printed a feature story on him recently and he will be featured in the 1977 edition of "America's Names and Faces", a biographical publication listing attainments of outstanding high school and college athletes of 1977, and other noteworthy personalities.

Robert Gremminger will attend Mesa College in Grand Junction, Colorado this fall, majoring in business.

YOU CAN BANK ON IT!

There are a lot of free services available to bank customers that no one ever realizes. One of those is called "float". Although float is hardly ever publicized as a free service, that is exactly what it amounts to for the customer.

Here's how it works: If you receive a check from someone out of town and you deposit the check in your account here, float becomes effective. When you deposit the check here you have the "immediate" use of the money . . . you can pay the grocer, utility bills, rent or whatever without having to wait. Meanwhile the bank is waiting for the money to be transferred from the other bank (sometimes three days or longer).

Proper economic definition of float is, "two credit balances represented by the same funds". That's for the record. For you, it's another service your bank is happy to provide.

We keep working to make our service the best you can find . . . you can BANK on it!

H D Members See 2 Demonstrations

A double program featured the July meeting of Muenster Home Demonstration Club on Wednesday, the 13th, held in the home of Mrs. Oscar Detten.

Mrs. Arnold Knabe demonstrated construction of various permanent flowers and Mrs. Alois Rohmer spoke on Consumer Buying and Knowing Consumer Rights. She encouraged members to return damaged or faulty goods, to write to the manufacturer, to contact the consumer Protection Agency or to call the Better Business Bureau.

The business meeting was opened with the club prayer, inspiration and pledge to the Flag, followed by the county council report given by Mrs. Rudy Hellman.

County delegates selected for the state convention in Galveston in September were announced follows: Mmes. Hellman, Sandra Westfall and Lucille Harrison.

A card of thanks was received from Mrs. Effie Robinson and was read to the group.

It was also announced that the next meeting will be held in the home of Mrs. Paul Fisher on Wednesday evening, August 10 at 7:30 p.m. Dr. Les Schacher of Gainesville will present a program on Eye Care.

The hostess, Mrs. Detten served refreshments of shrimp chips, peach pie, lemonade or coffee to 13 members and 3 guests, Mrs. Clara Wilde, Mrs. Al Felderhoff and Mrs. Arnold Knabe.

Former Residents Visit In Maine

Former resident, Margaret Bergman Flens has returned to her San Antonio home after a 6 week vacation in Westbrook and Forest Lake, Maine. In Maine she visited her two daughters and sons-in-law, Mr. and Mrs. Danny Brachu (Wanda) and Mr. and Mrs. Nel Brachu (Shelia) and her grandson Billy. Mrs. Flens arrived in Gorham, Maine, to attend the 25th wedding anniversary party of Danny and Nel's mother and stepfather, Mr. and Mrs. Ralph Henry. There were several parties in her honor and long drives through the country and into the mountains. The group also attended the Harness Races at Scarborough Downs. The plane flight both ways was through thunderstorms and the weather was rainy and hot.

Carnival Raises \$36 for Dystrophy

The "Carnival Against Muscular Dystrophy" held on Saturday, July 23 was a delightful success. It raised \$30.92 and with donations totaled \$36.00. Proceeds are added to a national fund used for seeking a cure for Muscular Dystrophy.

The carnival, beginning at 1 p.m., was held on the location just behind the Myrick Play Center. It was planned and directed by Rene Stelzer, Lyle Huchton, Jill Walterscheid, Sara "Puppet" Stoffels, Missy Stoffels, Mark Grewing, Laura Grewing, Meredith McDaniel and Karen Douglas who contributed their time for conducting the party.

Mrs. J. A. Fisher donated home made cookies and lemonade to the carnival and Fischer Market gave several boxes of candy.

The door prize was won by Tonya Fisher. The treasure hunt was won by Mark Grewing. Games, refreshments and prizes provided fun for the many who attended the event.

Local News BRIEFS

Steve Farrar of Fort Worth visited his grandmother, Mrs. Oscar Detten, this past week. Accompanying him when he returned home Sunday and visiting briefly were Mrs. Detten, Marie Lutkenhaus and Dale Wilde.

Friends in Muenster have received announcement of the marriage of Edward Morrison, son of Mr. and Mrs. Marvin Morrison, formerly of Muenster and now of Commerce, and Miss Cynthia Ann Pulley, daughter of Mr. and Mrs. Frank E. Pulley in Greenville, on July 15.

Phil Schwartz of Fort Worth top winner in his division (under 18) in a city golf tournament held last week. A year ago he competed and won second place. He is a son of Mr. and Mrs. Jim Schwartz of Fort Worth and a grandson of Mrs. Bertha Pick.

Carl Ellisons Visit Local Relatives

Mr. and Mrs. Carl Ellison of El Paso have returned home following a week's vacation visiting her brothers and sisters and their families. They were joined twice for visits during the week by their son Danny Ellison who is employed as a draftsman in Dallas since June 1.

Several family gatherings honored them including a covered dish supper in the home of Mr. and Mrs. Martin Bayer when guests were Mrs. Gertrude Bayer, Mr. and Mrs. Joe Henry Walterscheid and Gary, Mr. and Mrs. John H. Wimmer, Mr. and Mrs. Herman Dangelmayr, Mr. and Mrs. Adolph Walterscheid, Mr. and Mrs. Johnny Bayer, Carl and Katie Mae Ellison and Danny Ellison.

Card parties for brothers and sisters and their spouses were held in the Herman Dangelmayr and John Wimmer homes. The six sisters viewed the new Arthur Bayer home Monday morning and spent the day in Sherman window shopping, eating out and seeing the new home of the Ted Millers in Sherman.

The evening before they returned to El Paso, a group gathered at the Joe Henry Walterscheid home and Mrs. Ellison entertained with her accordion and was joined by Joe Henry on the saxophone and Johnny Wimmer on the harp. Several neighbors came to enjoy the serenade.

To hold this down...

(your electric bill)

turn this up...

(your thermostat)

Many thousands of Texas Power & Light customers enjoy the comfort of air conditioning in their homes and for most it is the biggest factor in their electric bills during the summer months.

If your home is air-conditioned, you can hold down your electric bill by turning up your thermostat. On whole-house systems, set the thermostat on 78° or higher. On window units, adjust the cooling control to maintain a room temperature in the upper seventies. Turn the air conditioner off if you're going to be away from home for several days or longer.

Check filters every 30 days. Replace dirty disposable-type filters; clean permanent-type by manufacturer's directions. Keep furniture and draperies away from air outlets and returns; clean grills often. Close draperies and blinds to keep out direct sunlight. Keep fireplace damper closed.

Replace worn or missing weatherstripping and caulking around windows and doors. Ask an insulation dealer or a TP&L Service Representative to help you make certain your home is adequately insulated.

Mary Hess Honored At Bridal Shower

Mary Hess, bride elect of Gary Endres, was the honoree Sunday, afternoon, July 17, when a miscellaneous shower was hosted by bridesmaids Kathy Luke, Gloria Hess and Debbie Reynolds in the home of Mr. and Mrs. W. J. Luke.

Twenty four friends attended and also mothers of the couple Mrs. Gary Hess and Mrs. Ed Endres and grandmothers of the future groom, Mrs. R. R. Endres and Mrs. Albert Henschel. Gifts were opened and displayed. Several games entertained guests, who also created a memory candle for the bride-elect by each heating a new penny in the candle flame and attaching it to the side with advice and good wishes.

Dainty tea refreshments were served from a table centered with an arrangement of daisies in the bride-elect's chosen colors, blue and yellow.

From the Motor and Equipment Manufacturers Association and the Tire Industry Safety Council comes this tip on tires: ". . . Keep your best tires on the rear — not the front. Loss of rear wheel traction on curves, and rear wheel lock-up on panic stops,

are major contributors to accidents. . . ."

The northernmost point of the U.S. is located in Minnesota.

Bystanders are those who can do the job better.

Move to Fort Worth
Mr. and Mrs. Doug Stoffels and baby son Dolan Meinrad have moved to Fort Worth to make their home. Helping them get settled were Mr. and Mrs. Dolan Carroll and three daughters Jolene, Shirlene and Kaylene of Tehran, Iran, who are on a two-month vacation in the States. Doug Stoffels is employed by Ted Macon Remodeling Company in Fort Worth.

NOTES FROM THE LIBRARY

The quilt, designed and constructed by the Choral Group of Sacred Heart Parish for the 1977 Germanfest, is on display at the library. Its thirty squares depict scenes of Muenster from its founding to the present time. Librarians urge everyone to see this beautiful piece of handwork.

Beginning August 1, book fines will be 5 cents a day. Books are dated for a two week loan with renewal privilege. There is a drop box for convenient return. Everyone can avoid book fines.

The summer reading program closes August 10. Readers are asked to bring in their reading logs with the titles and authors of books read, to receive their certificates. All who have read their quota, at least 10 on their grade level, may pick up their certificates before August 10. Library hours remain: Tuesdays and Thursdays 8:30-5:00 and Wednesdays 3:00-6:00

The color of the snowshoe rabbit changes in late fall from brown to snowy white regardless of whether there is any snow on the ground.

Natural gas does far more than heat your home!

GAS FIRES THE BRICK THAT OUR CONSTRUCTION INDUSTRY WILL NEED TO BUILD A STRONGER ECONOMY.

As the building industry goes, so goes much of our economy. And the benefits of construction starts are all the greater when locally manufactured materials are used. Because more of the money stays at home to create more jobs.

Brick manufacturers in the Lone Star service area employ more than 10,000 people in making, distributing and selling brick. Many of these jobs depend directly on natural gas as the most efficient and economical source of heat for firing the brick.

Temperatures in the kilns run as high as 2,600 degrees F. the year around,

and this takes a lot of gas. Brick plants served by Lone Star require more than 1.6 billion cubic feet annually. Now, with so many jobs at stake in this one industry alone, future gas supplies must be considered.

It's time to build job security.

Vast basins of natural gas, yet untapped, are crossed by Lone Star's pipeline system. A fact that puts Lone Star in one of the most favorable buying positions of any gas company. But, with steadily rising prices, the new gas will be expensive.

The risk is that companies in energy-short areas of the nation could wind up with the lion's share of these reserves as they are developed.

Buying enough gas to last this area far into the 21st century adds up to one inescapable fact. Both you and Lone Star will have bigger gas bills, because Lone Star cannot make the purchases without a fair return on the necessary investment.

But we're ready to invest in this area's future. If you are.

Lone Star Gas Company
Working energetically for your area's future.

Over 200 Attend Sunday Reunion Of Hess Families

Over 200 attended the reunion Sunday of descendants of the late Mr. and Mrs. Frank Hess. They gathered on the pavilion of Muenster City Park for a covered dish dinner at noon.

Mr. and Mrs. Angelo Nasche compiled a family tree and gave copies to each of the nine children, or their families, of Mr. and Mrs. Hess. They were parents of Mrs. Frank Evans of Pilot Point and Albert, Arthur, Ed, Gary, Ray, John J. Hess and the late Arnold and Henry Hess.

There are 259 descendants of Frank and Mary Hess, including 74 first cousins and 3 sets of twins.

Attending the reunion were Mr. and Mrs. John J. Hess and the following families: John Louis Hess, Wilfred Hess, Julius Metzler, Alfred Hess, Clem B. Hermes, Leroy Neu, Julius Hess, Winston Fangman, Paul Hess, David Huchton, and James Hellingner families and Henry Hess, Jr., all of Lindsay.

Also Mr. and Mrs. Frank Evans, the Alvin Evans and Edwin Evans families and Carol Ann Coffey and family, all of Pilot Point.

Also Mr. and Mrs. Richard Gross of Howe, the Cyril Yosten family of Greenville, Dale Hess and family of Lewisville, the Dennis Hess family of Fort Worth, the David Hess family of Lewisville and Larry Hess of Dallas.

Relatives from Muenster joined the out-of-town guests for dinner and reunioning.

I REALLY PREFER RELAXING TO PAINTING

THAT'S WHY I LIKE SATINTONE . . . the easy paints

First, they are easy. They brush or roll like a dream, dry in minutes, and the tools wash up in water. More important still, they really last, and I do enjoy the longer time between repaints.

If you'd rather take it easy than paint, next time try SatinTone, the latex paint by Colony Paints. We have SatinTone for all surfaces; indoors or out.

. . . you'll like the difference!

Mrs. Kate Stelzer has returned from a month spent in Fort Worth, visiting her sister, Mrs. Anna Stelzer, also the Henry Luebbers, the Don Christians and the J. C. Wrights and other friends.

Local News BRIEFS

Sister Helen Swirczynski of Jonesboro, Arkansas, and her sister, Mrs. Rita Miller of Austin are visiting relatives here for several weeks and are houseguests of their bro-

ther and sister-in-law, Mr. and Mrs. Ray Swirczynski. Weekend guests of Mrs. Jake Wolf were her son and family, Mr. and Mrs. Jim Wolf and their daughters Mary Lynn and Laura, and another daughter and son-in-law Mr. and Mrs. Bruce Bush and infant daughter all of Borger. They left Monday to visit another daughter and family, Mr. and Mrs. Andre Villareal and Krista of Argyle.

Guests from last Thursday through Monday with Mr. and Mrs. Ray Owens were their daughter Betty Jo and family, Mr. and Mrs. Thomas Hollis and sons Wiley and Jeffrey of Memphis, Tennessee. They were joined for Sunday dinner by Mr. and Mrs. Jim Hermes and family of Hood.

Dr. and Mrs. Gene Luke and children Robert and Donna of Holbrook, Arizona, have completed a vacation in Texas with his mother, Mrs. Ben Luke of Muenster and her parents, Mr. and Mrs. J. O. Jackson of Port Arthur.

Mr. and Mrs. Alfons Reiter were in Jonesboro, Arkansas, recently to visit their daughter, Sister Lillian Marie at Holy Angels Convent. Together they also visited at Benedictine Manor in Hot Springs. Sister Lillian Marie, and Sister Helen Swirczynski accompanied the Reiters on the drive back to Texas. Sister Helen will vacation with relatives before returning to Jonesboro and Sister Lillian Marie will teach at Sacred Heart the coming school term.

derwent bone graft surgery on the 21st. Cards and flowers may be sent to Room 315, Westgate, Denton, Texas 76201.

Mrs. Angie Wiesman of Gainesville spent July 11 through July 14 assisting her mother, Mrs. Bob Yosten who was ill. She is improving steadily now, since the sick spell.

Charlotte Fleitman, 8th grader at Muenster Public School, was dismissed Saturday from Muenster Memorial Hospital after four days of medical care for treatment of a staph infection in her left ear.

Mrs. Ed Schneider was dismissed from Muenster Memorial Hospital Sunday after hospitalization for surgery performed the previous Monday.

Mrs. Harry Scoggins was released from Richardson Hospital on Wednesday, July 20 after medical treatment since July 13.

Steven Griggs of Spring, Texas, near Houston, is spending a three week vacation with his grandparents, Mr. and Mrs. Rube Griggs of Roston.

Confetti - - -

denly find a lifetime of work turn to ruin, and many others find themselves out of a job. Still others lost their homes or cars or find their offspring involved in the orgy of crime.

More shocking than this horrible reality is the thought of our nation's vulnerability in a deliberately created crisis. Out of all the stories on spying, intrigue and sabotage we can easily imagine massive sabotage plunging several big cities in darkness and setting off as many "nights of the animal." It's a depressing thought but we can't ignore it as a possible factor in a war. Imagine the sudden loss of a service which has become a part of our life, plus the instant creation of mobs of savage enemies in our own midst.

It pays to advertise with the Muenster Enterprise.
