Wedding Vows Exchanged by Debbie Reynolds and Doyle Hess

Mr. and Mrs. Doyle Edward Hess have returned from their wedding trip to Acapulco, Mexico, and are at home in Muenster. They were married in Sacred Heart Church in a late afternoon ceremony on Saturday, July 15. Father Stephen Eckart officiated for the exchange of vows and celebrated the Nuptial Mass.

The bride is the former Deborah Susan Reynolds, daughter of Mrs. Kate Hudson of Muenster and L. D. Reynolds of Nocona. The groom is a son of Mr. and Mrs. Gary Hess of Muenster.

In a setting of yellow gladioli on the altar, palms in the sanctuary and lighted candles and votive lights in candelabra marking the front pews, the bride was given in marriage by her brother, Walter Fette.

She wore a formal length gown, original in design, fashioned of diamond white organza with accents of Chantilly lace. The nostalgic gown featured a fitted bodice, with sheer yoke and square neckline with lace trim, and sheer shepherdess sleeves caught to lace-banded cuffs. The A-line skirt was of organza over taffeta. The front was unique in design, with its pleated center

front panel unfolding across the back to release a full chapel train.

The bridal veil of imported illusion fell from a contour bandeau and swept to chapel length. A banding of lace bordered the entire veil, extending over the hair line to create a mantilla effect.

The bridal bouquet was a cascade of gardenias, daisies, Lily of the Valley and gypsophila.

For sentiment and tradition she borrowed a cross-necklace from a friend, Kathy Wolf and had the traditional blue garter.

Attendants
 Lisa Mollenkopf of Muenster, a friend of the bride was maid of honor. Mrs. Larry Wimmer, the bride's sister, Pat, of Plano was matron of honor and Charlotte Johnson of Bryan, and Kathy Luke, Cheryl Mollenkopf, friends of Muenster and Doris Clark, niece of the bride were bridesmaids.

Dana Kay Wimmer, niece of the bride and daughter of Mr. and Mrs. Larry Wimmer of Plano, and Amy Jon Fette, niece of the bride and daughter of Major and Mrs. John Fette of Tacoma, Washington, were flower girls. All were identically dressed in floor length apricot chiffon and knit gowns with accents of Venise lace. Empire in silhouette, the bodice was banded with matching Venise lace, with spaghetti straps

over the shoulder. The skirt was gathered softly to the waistline. A capelet of chiffon tied at the shoulder line.

The bridal attendants carried bouquets of gardenias, daisies and gypsophila and wore gardenias and roses in their hair.

Shane Wimmer, the bride's nephew and god-child, son of Mr. and Mrs. Larry Wimmer, was ring bearer.

The best man was Chris Hess of Muenster, groom's brother and groomsmen were Gene Hess, another brother and John Monday, Neil Huehnton, Larry Grewing and Roy Klement, friends of the groom and all of Muenster.

Ushers were nephews of the groom, Mark Nasche, Angelo Nasche and Glenn Hess, all of Muenster.

Sandra Hess and Leslie Hess, daughters of Mr. and Mrs. Frankie Hess and Penni Hess and Laura Hess, daughters of Mr. and Mrs. Gerald Hess presented the Offertory gifts.

Wedding music was by Linda Flusche, organist and Diane Grewing, guitar accompanist and vocalists, Gayle Miller, Sherri Mathews, Vicky

with A-line skirt, angel sleeves and matching cape. Both had corsages of white daisies and white gypsophila.

When the couple left on their wedding trip, the bride was wearing a two-piece beige suit. They have returned and are at home in Muenster.

She is a 1975 graduate of Muenster Public High School and is office manager at Mathews Photographers. The groom attended Sacred Heart High School and is a self-employed farmer and oil field worker for Felderhoff Brothers Drilling Company.

Pre-nuptial Parties

The rehearsal dinner was hosted by the groom's parents, Mr. and Mrs. Gary Hess at their home for forty guests on July 14, when the couple presented gifts to their attendants. A brunch on July 2 was held at the James Mollenkopf home with hostesses, Mrs. Mollenkopf and daughters Lisa and Gay, for the bride, mothers of the couple and bridal attendants. A miscellaneous shower on July 7 in the W. J. Luke home was hosted by Kathy Luke, Patty Hess and Cheryl Mollenkopf.

Trio Visit 27 States and Canada on 10,000 Mile Tour

Theresa Sicking and Louise Morisak of Gainesville and Lena Zimmerer of Lindsay have returned from a 10,000-mile trip, during which they visited 27 states and St. Joseph, Montreal, New Brunswick, Nova Scotia and Quebec, Canada.

Their first stop was in Eureka Springs, Ark., to view the usual tourist sites, St. Elizabeth's Church and Bell Tower, the "Christ of the Ozarks" statue and attend the famous "Passion Play".

In Missouri they visited in Silver Dollar City, took a tour through a cave, saw the "Shepherd of the Hills" play in Branson, Mo., took the farm tour in jeeps, and enjoyed the Memorial Museum with

its 350 doll collection. Driving along later, the ladies noticed that crops were delayed because of too much rain earlier in the year.

In St. Joseph, Mo., they visited the Jim Sherman family and Mrs. Morisak spent the weekend with her sister, Mrs. Fred Spaeth.

In Manning, Iowa, they visited Mrs. Morisak's cousin, Isabella Bengfort, Virgil Seyler and the Henry Friedmans, in Berde, Iowa, with Mrs. Morisak's aunt, Cecelia Steube.

Their next stop was the Redemption Grotto. Next they went sightseeing in Wisconsin then in Illinois, toured the Friendship Gardens of Michigan City, with the vast fields of tulips in bloom also peach and apple trees and Azaleas. Two hundred and fifty acres are planted in flowers at Friendship Gardens.

They visited the University of Notre Dame in South Bend and then spent the Memorial Day weekend with the Robert Tibbit family in Armada, Michigan. In that area farmers were planting corn and beans. While there, Mrs. Morisak noted several big garage sales and Flea Markets.

In Monroeville, Ohio, the three visited Lena Zimmerer's cousin, Mrs. Alpha Bores; in Hudson, Ohio, with the Sherman families and visited the Rex Humbarb "Life of Christ" Exhibit in Cuyahoga Falls, Ohio.

Their next stop was at Niagara Falls. Their tour included the Canadian Horseshoe Falls, the American Falls, the "Maid of Mist" and Victoria Park.

In St. Jerome, Canada, they visited friends, the De Villers, Mrs. J. K. Ashton and Albert Jette. The De Villers took them sightseeing in Montreal

and Quebec, where they visited the shrine of St. Anne de Beaufort.

They crossed the St. Lawrence River to New Brunswick, into magnificent scenery, coastline, and mountain roads, where flowers abounded. In Nova Scotia, they marveled at the friendliness of the people. They crossed the Bay of Fundy by boat, a 3 hour ride of 45 miles, with water calm and glassy.

Landing in Maine, the scenery was dominated by tall pine trees, the Parks, the sea shore and magnificent scenic drives.

In Enfield, New Hampshire, they visited the Shrine of Our Lady of La Salette and the Shrine of Our Lady of Grace.

In Vermont they visited Santa Claus Land in 48 degree, cold, windy, rainy, biting weather. Then they turned through Massachusetts and Connecticut toward New York. They viewed the Empire State Building, Rockefeller Center, the United Nations and the Statue of Liberty, drove on Long Island and Staten Island.

In Baltimore, Maryland, they visited the St. Jude Shrine. In Arnold, Maryland, they visited the Charles Schaffer family who took them sightseeing to Annapolis and the Naval Academy and other places in the area including the Chesapeake Bay Bridge.

In Washington, D. C., rainy weather continued, as it had much of the time. There they took several tours, saw the Statuary Hall, the House & Senate buildings, the Rotunda and toured the city. They were greatly impressed with the Immaculate Conception National Shrine and also took a tour to Arlington National Cemetery, the Tomb of the Unknown Soldier, saw the changing of the Guard.

Scenery in the Virginias and Kentucky was wonderful. The three toured Ruby Falls in Tennessee and Plains, Georgia where they saw the school where President Jimmy Carter and Billy Carter went to school, the home of Lillian Carter, Billy's Service Station, the Plains Baptist Church and the Carter Warehouse.

They arrived in Atlanta, Georgia on June 23 to attend the wedding of Mrs. Zimmerer's grandson, Allen Zimmerer of Dallas to Brenda Brumfield on June 24.

In Cullum, Alabama, they visited the Ave Maria Grotto and in St. Joseph, Tennessee, they were guests of the A. G. Wilfords, friends of many years, who took them to see

the Helen Keller home and museum and to visit other friends, Mrs. Joe Evers and the Neal Henkels.

Returning to Atlanta to re-join Mrs. Zimmerer, the three drove to Warm Springs, Georgia, where they saw the Franklin Delano Roosevelt Museum and the Little White House.

They particularly enjoyed the Callaway Gardens of West Georgia. It consists of 2,500 acres of woodlands, water, wildflowers, nature trails, scenic drives, a greenhouse complex, flowers and plants of all kinds and colors.

In Elton, Louisiana, they visited the Dave Moores. Nearing home the weather got hotter and even more dry.

The three ladies added to their hobbies, their collections, and an ever increasing store of pictures, traveling 10,000 miles from May 16 to June 29.

"If passed, this amendment would not only result in substantial tax savings to our people but would also help reduce the inequities which exist because of the different taxing policies in the various counties of Texas."

"Insurance is GOING UP?" Yes, because of inflation. Building construction costs have been increasing 5% to 10% each year. To be insured to "full replacement value", the insurance must be increased a similar amount each year.

SAVING TIPS

on electric air conditioning

Air conditioning provides lots of comfort during the summer months, but for many thousands of homeowners it is also the biggest factor in the cost of electricity. On the average, air conditioning accounts for about half of summertime electric bills.

Here are ways you can hold down the cost of air conditioning and still enjoy its comfort.

Central Systems

1. Set thermostat on 78°, or higher, during the summer. Turn unit off if you'll be away from home several days.
2. Keep equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
3. Check filter every 30 days. Dirty filters cause equipment to use excessive electricity. If filter is permanent, clean by manufacturer's directions; if it's disposable, it should be replaced when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out direct sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps the heat out, cuts energy use. Insulation questions? Call TP&L.
8. Shade on roof and walls can reduce energy needed to cool. But trim trees, shrubs away from outside compressor unit. Keep it free of leaves, debris. If air flow is blocked, unit uses more energy.
9. Weatherstrip doors and windows; caulk cracks to prevent drafts and cool air loss.
10. Keep windows closed. Open outside doors as little as possible.

Window Units
Follow above suggestions, plus these:

11. Buy units with highest "energy efficiency ratio" (EER). Uses less electricity to cool. If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity. Both figures are on unit.
12. Place unit where it'll get as little direct sun as possible.
13. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doorway for recirculation.
14. Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

Forestburg News

By Myrt Denham

Still on the ailing list is Homer Shears. Homer is at home but not feeling well at all.

Had a call from Bess Orrell Sunday, July 16th. Bess was visiting her daughter and

family, Helen and Jimmy Steadham and children. She told me that her son Raymond Orrell of Monterrey, Mexico, had been up the previous week for a few days visit. One day Bess and Raymond were in the burg, then on to visit Mr. and Mrs. Hoke Medley there and on the way home they drove by Bess' old childhood home.

Once again the "grim reaper" has claimed three of Forestburg's residents here of late — so it does seem to come in "threes." First we lost Mrs. Hattie Moore, then Woodrow Sirman, and then Mrs. May Landers. All will really be missed hereabouts.

Rev. Rick Ricker of Dallas visited with Mr. and Mrs. Ray (Ted) Jackson recently.

Rev. Ricker was pastor of the Saint Jo and Forestburg United Methodist Church until the Jan. of this year when he was moved to Dallas.

Mr. and Mrs. A. G. Barclay spent Sunday, July 9th, visiting their son and family, Mr. and Mrs. Billy Barclay and Jennifer of Saint Jo.

Several folks in the area celebrated their birthdays this past week. They were Mrs. Marion Sackwell on Thurs., July 13th and Vera Mae McGee, Friday, July 14th. Willie Kuykekndall celebrated his 90th birthday on the 14th also and his family honored him with a dinner at his home on Sunday, July 14th.

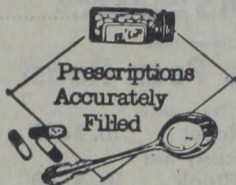

Perryman and I along with Betty Reynolds made a trip to Wichita Falls Friday, July 24th to do some shopping and take care of some business. We didn't notice the heat as we stayed in Sikes Senter all the time and that place was cool. In fact, some of the stores were on the COLD side — which is dangerous when people have to go from extreme temperature change suddenly to another. Sure hard on a feller.

Mr. and Mrs. Gene Lanier celebrated their 25th Wedding Anniversary Sunday, July 16th. Their children — Phyllis, Janice, Charles and Johnny along with Gene's mother, Cleo Lanier honored them with a celebration Party at the Forestburg Community Center that afternoon starting at 2:30 p.m. We all wish them well and hope that in another 25 years they will be celebrating their 50th Anniversary.

Mr. and Mrs. Ted Jackson attended the regular meeting of the OES chapter 1060 at Greenwood Friday night July 14th.

This column has not been in the paper the past few weeks due to the illness of a family member. If the heat or grasshoppers don't do us in we will try to have a few items of interest for you from time to time.

Mrs. Kay Schitoskey daughter of the Howard Sockwell's is seriously ill in the Lewisville Hospital to which she was admitted Friday, July 7th.

YOU CAN BANK ON IT!

A good credit rating is a valuable asset, if you know how to make it work for you. If you don't have a credit history, how do you establish one?

First, open both checking and savings accounts. Add to the savings account regularly, even if the amount is small. Then gradually apply for retail store charge cards and an oil company card. But use your new credit carefully. If you build a bad credit report, it's worse than none at all.

Next, take out a small loan. After establishing a good repayment pattern, at least six months, you could pay off the remainder of the loan before it is due. But don't pay it off too soon. Without a record of regular payments, the loan will not help your credit rating.

If you need help in setting up checking and savings accounts, see any of our officers. When they advise you on credit responsibility... you can BANK on it!

AFFILIATED

NO. 78-149-T
STATE OF TEXAS
v.
KARL JOSEPH KLEMENT
IN THE MUNICIPAL COURT
OF
MUESTER, COOKE COUNTY,
TEXAS

OPINION
MARSHALL, J.
On the 1st day of July, 1978, came on to be heard the above cause, its having been regularly called on the docket, and the Defendant, having been advised of his rights by the Court, entered a plea of not guilty to an alleged violation of Tex. Rev. Civ. Stat. Ann. art. 6701d Section 74, failure to yield right of way upon entering a highway from a private driveway, and a jury having been waived, the Court proceeded to trial.

The facts, as found by the Court and as agreed to by the parties, are as follows: the arresting officer was proceeding west on U. S. Highway 92 at a speed of 35 miles per hour that being the posted limit on that portion of the highway within the city, at about 1:30 p.m. on June 12, 1978, on a dry road surface, the Defendant's vehicle entered the highway travelling north from a privately owned driveway without stopping; the two vehicles were between 75 and 100 feet apart at the moment the Defendant entered the highway the stopping distance required for the arresting officer, as determined by Texas Department of Public Safety standards, was 97 feet and no collision resulted.

Tex. Rev. Civ. Stat. Ann. art. 6701d Section 74 states:
"The driver of a vehicle about to enter or cross a highway from an alley, building, private road or driveway SHALL yield the right-of-way to ALL vehicles approaching on the highway to be entered."
Emphasis added by the Court.
Section 143(a) of the act states

that a violation of this type is punishable as a misdemeanor within the jurisdictional limits of this Court. As such, the language of the statute which is the basis of a criminal, or at least penal, adjudicative proceeding, is subject to the rule of strict construction. On the basis of the facts as found, the Court found the conduct of the Defendant to be within the statute, found the Defendant guilty, and assessed a minimum fine.

The case thus presents the question of the clarity of the standard to which the Defendant may be held and, the notice that the statute must supply in order to meet the requirements of the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States. The decision of the Court has been reviewed, and the Court is of the opinion that a reversal is required in the interests of justice.

An examination of the statute reveals no standard other than the mandatory language that the Defendant "shall" yield right-of-way to all approaching vehicles. The civil courts have stated that this statutory duty is not absolute, but is conditional. *Kiebach v. Luker*, 56 S.W.2d 16 (Tex. Civ. App. — Houston (1st), 1972, no writ). One standard that has been employed is whether or not the approaching traffic constitutes "an immediate hazard." *Wilkinson v. Lindsay*, 321 S.W. 2nd 198 (Tex. Civ. App. — Amarillo, 1959). Such standards are clearly appropriate to the question of civil liability for negligence; however, the standard for criminal culpability, must be much stricter.

While the omission of an element of scienter in the definition of the offense does not necessarily violate due process, it may be an index of the absence of which renders the statute in issue suspect. See *People v. Colozzo*, 283

N.Y.S. 2d 409, 54 Misc. 2d 687, affirmed 303 N.Y.S. 2d 348, 32 A.D. 2d 827 (1967). The statute before the Court in this case sets forth no element of scienter, nor does it employ such language as "reasonable," "prudent," or "necessary," from which one of the states of mind of criminal culpability defined in Tex. Penal Code Section 6.02, could be extrapolated by the Court on the basis of the facts. As a result, application of Section 74 as a criminal statute in this case, as required by Section 143(a), is impossible within the bounds of due process, because of the vagueness of Section 74 and the absence of facts that could substantiate one of the culpable mental states necessary for the prosecution of a crime. The Court is of the opinion, therefore, that Section 74 is void for vagueness as repugnant to the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States insofar as it may serve as the basis for the exacting of a criminal penalty. No opinion is hereby expressed as to the validity of Section 74 as an index of the standard of care applicable to civil liability.

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED that this decision of the Court be and is hereby REVERSED and that the prosecution be and is hereby ORDERED DISMISSED, and that the Clerk of the Court be instructed to restore to the Defendant any monies paid by him in satisfaction of the former judgment.
Judgment reversed and prosecution ordered dismissed.
OPINION DELIVERED July 10, 1978.

Truth has only to change hands a few times to become fiction.

Sister Theresina On Swiss Vacation

The following note was received from Sister Theresina during the Enterprise vacation week, telling of her unexpected good fortune:

"I wish to bid a warm farewell to all my dear friends of Muenster and surrounding districts. On the 21st of July I shall fly to my native Switzerland for a six weeks' vacation.

"This turn of events was unexpected, since my visit home was due next year, but a fellow-Sister asked me to accompany her this year. In that way both of us had a partner. I felt that such a marvelous idea should be picked up with glee, and our Superior was kind enough to support it.

"Our return trip is scheduled for September 4. Sometime after that, I hope to return to my beloved Muenster.

"All the above is, of course, entitled 'God-willing.' When a person is old and not too well, the chances for such grandiose undertakings are a little risky."

Her traveling companion is Sister Irmina, who spent 4 or 5 years here in the 1930s.

Mullers Visit Kin in Amarillo

Mr. and Mrs. Matt Muller, Mrs. Josephine Gehrig of Muenster and Mrs. Eva Blanton of Mineral Wells spent a recent weekend in Amarillo as guests of their son and brother, and family, the Don Mullers.

Together they saw the famed 'Texas Pageant' in the Palo Duro Canyon and spent one day at Clyde, Texas, attending the 'Old Settler's Reunion'. They visited briefly with Mr. and Mrs. Joe Franks of Canyon (She's the former Ida Bengfort of Lindsay, niece of Mrs. Muller).

They were greatly impressed with the Museum in Canyon, where they also saw the John Fuhrbach Gem Display.

In the Canyon area and in the Palo Duro they viewed extensive damage and destruction caused by a flash flood there 5 weeks ago.

Family in Reunion

Children and grandchildren of Mrs. Alfons Walterscheid enjoyed a family reunion Sunday evening July 23 at the Pavilion of the Muenster Park.

There was a wiener roast, and everyone brought covered dishes.

Coming from a distance were Mr. and Mrs. Wilmer Walterscheid and Gina Dana and Scott of College Station, who were guests of his mother for the weekend, after attending the Summer State Track Meet in Mesquite. Scott Walterscheid was a member of the mile relay team taking second place.

Others attending the family reunion were Mr. and Mrs. Bonny Prescher of Justin, Mr. and Mrs. David Walterscheid and family, Mr. and Mrs. John Reiter and family, Mr. and Mrs. Jim Voth and family, Mr. and Mrs. James Fleitman and family, Mr. and Mrs. Giles Walterscheid and family, Mrs. Jenny Schilling of St. Richard's Villa and Leon Walterscheid and Mrs. Alfons Walterscheid.

Mrs. Wieler Has Colorado Vacation

Mrs. John Wieler returned home recently after a 17 day vacation trip with her daughter, Mrs. John Broome and John Paul, Douglas and Kathy of Fort Campbell, Kentucky.

They were enroute to Morley, Wyoming, where Kathy was to spend two weeks at a Girl Scout Camp.

They visited in Colorado Springs, where Mrs. Wieler phoned a friend, Mrs. Alex Knauf. They saw Pike's Peak, the Seven Falls and Garden of the Gods where a hail storm brought a quick halt to all sightseeing temporarily.

When they arrived at their motel, hail stones were 6 inches deep on their doorsteps. Trees were beaten against the walls of buildings.

Other places visited were the Hall of Presidents Wax Museum, the Chapel of the U. S. Air Force Academy, a water fight staged by a fire department in Ouray, Colo., the Million Dollar Highway from Durango to Ouray, the Mesa Verde Cliff Dwellings, the Pageant at Meeker on July 4, and the world's largest Hot Springs at Thermopolis, Wyoming.

They also visited Monument

Valley and the 4 corner area where New Mexico, Arizona, Colorado and Utah meet. The fourth of July was spent at the Grand Canyon, where they also attended Sunday Mass.

Other places visited were the Painted Desert, the Petrified Forest and Old Town at Albuquerque.

When Kathy Broome's Girl Scout camp was completed, she flew to Nashville, Tennessee, where she was met by her parents.

Young Homemakers Plan August 9 Membership Drive

The Muenster Chapter of Young Homemakers of Texas is currently planning a membership drive in preparation for the start of its second year in September.

The chapter will host a social on Wednesday, August 9 at 8 p.m. in the Cooke County Electric Co-op Meeting Room to acquaint more ladies of the community with the purposes and activities of the organization and to interest them in membership.

Invitations are being mailed. However, anyone interested in attending is very welcome. Those attending will be under no obligation to join, but are invited to consider membership in the Muenster Young Homemakers. Refreshments and door prizes will be a part of the evening social.

The Muenster Young Homemaker Chapter became affiliated with the State Association of Young Homemakers of Texas in November, 1977. The association functions under the direction of Home-making Education, Texas Education Agency, in cooperation with the local school and the homemaking teacher, who serves as chapter advisor. The organization is formed exclusively for educational purposes with particular reference to the area of homemaking. The over-all goal of Young Homemakers of Texas is to provide creative opportunities for young adults in maintaining effective personal, family and community life.

Active membership is open to young adults not enrolled in high school and who are not over 35 years of age. Eligible members may be single or married. Individuals over 35 years of age may become associate members upon payment of dues, with the rights

and privileges of active members, except that of holding office and voting.

More information may be obtained from Joni Sturm, chapter advisor, 759-2724 or Pam Dangelmayr 759-2794.

321,563 Aluminum Cans Collected for US Olympic Team

Cooke County Distributing Co., local Pearl beer distributor, collected 321,563 used aluminum cans in Aluminum Company of America's "Turn Aluminum Into Gold" Olympics recycling campaign which ended Saturday July 15. The distributor is one of 500 participating distributors in 22 states which helped Alcoa recycle cans to support U. S. athletes in training for the 1980 Olympic Games.

Urban J. Endres, owner of the firm, said the aluminum was collected for recycling during the June 1 through July 15 campaign period. For each pound collected, Aluminum Company of America will donate a penny to the U. S. Olympic committee. In addition, Cooke and Montague county collectors received \$2,378.00 for the cans. Distributors pay 17 cents a pound for the aluminum cans.

Alcoa expects to donate \$130,000 to the Olympic committee. Money raised from the cans recycling campaign will help support American athletes in Olympic training camps at Colorado Springs, Colorado and Squaw Valley, California.

Texas Votes Nov. 7 on Proposed Industrial Financing Amendment

An opportunity to make their state competitive with 46 other states in industrial financing will be available to Texas voters on the November 7 election ballot. Amendment No. 2 will allow political subdivisions, such as cities and counties, to issue revenue bonds for employment opportunity.

Efforts in behalf of this amendment were advanced in a meeting in October 1977 by a group of economic develop-

ment specialists and interested workers. Glen Biggs of the First National Bank of San Antonio heads the statewide movement. Gene Davenport is an area coordinator and Leo Kuehn is Cooke County coordinator.

Anticipating approval of the amendment by Texas voters, legislation has been passed to implement it. This legislation permits cities and counties of Texas to take advantage of federal laws allowing industrial bonds. It is believed that small cities will make more use of these bonds since they generally have less opportunity for other financing.

Federal law limits any one bond to a maximum of \$5 million. The law is written so tightly that high risk ventures would be discouraged. The constitutional amendment and the enabling legislation both specifically state that the company for whom the project is financed must pay ad valorem taxes just as if they owned the facility.

Neither cities nor counties can be held liable for bond repayment in case of default. This must be printed on the bonds. Three state agencies must approve the bond issue before it can be sold. The Attorney General reviews the issue to protect the city. The bonds must be registered with the State Securities Board to protect the bond buyer. The Texas Industrial Commission must review the issue for its financial stability.

The county or city must publish notice of intent to issue the bonds prior to their actual issuance and prior to approval of the three state agencies. The commissioner's court or city council may call a referendum on the issue if they so desire. Also, the electorate can petition the city or county to call a referendum. No bonds can be issued on behalf of a company which relocates a plant from one city in Texas to another.

This issue is extremely vital to the citizens of our area. Mr. Kuehn states that it needs widespread support and a program is available to any group interested in discussing its importance.
